Črnci krote Arabce v Čadski republiki

Čadska republika v Afriškem Sudanu je po prebivalstvu mešanica Arabcev in Bantu črncev. Arabci se upirajo črncem, ki imajo v rokah oblast.

FORT-LAMY, Čad. — Čadska republika zavzema osrednji del Sudana, obsežnega pasu, ki se vleče preko vse Afrike tik južno od Sahare pa tja v področje tropskega gozda v osrednjem delu Afrike. Po površini je tako velika kot Teksa, Kalifornija in Oklahoma skupaj, saj ima 485,750 kv. milj, ima pa le okoli 3,3 milijone prebivalcev. Ti so nekako na pol razdeljeni na Arabce in na Bantu črnce.

Ko je Francija leta 1950 dala ozemlju, svoji nekdani koloniji, neodvisnost, je postal predsednik republike Francois Tombalbaye, uprava pa je prišla v roke stalno naseljenih črncev, ki so preje sodelovali v francosko-kolonialni upravi. Črnci naseljujejo v glavnem južni predel republike, so stalno naseljeni in se bavijo s poljedelstvom in živinorejo. Arabci žive v glavnem v severnem in severovzhodnem delu republike ter se pretežno ukvarjajo z živinorejo in so še nomadi.

Nekaj so ta arabska nomadska plemena gospodarila nad črnci, jih ropala in prodajala v sužnost. Sedaj so postali črnci dejansko njihovi gospodarji kot vodniki državne uprave. To Arabce jezi, se čutijo zapostavljeni in so začeli upor. Domača vojna sila je majhna, šteje le okoli 5,000 mož, zato je predsednik republike pozval na pomoč Francoze, ki imajo že od vsega začetka svojo vojsko postojano v Fort Lamy.

Arabski upor ne bo tako lahko stregi, je dejansko del spora in bojev, ki se vrše v Afriki med Arabci in njihovimi črnimi sosedji na jugu od Sudana, kjer imajo premoč Arabci, pa preko Čada, kjer so črnci močnejši, vse tja do Atlantika.

Fulbright dobil svojo resolucijo o "narodnih obvezah"

WASHINGTON, D.C. — Senator Fulbright je lahko zadovoljen, je po dolgih mesecih srečno pilotiral svojo senatno resolucijo o "narodnih obvezah" skozi svoj odbor za zunanjosti politiko in skozi celo senatno zborunico. Za resolucijo je glasovalo 70, proti pa 16 senatorjev. Senator Dirkson je torej prepozno začel boj proti njej; za njegovo stališče he je odločilo le 16 senatorjev, v glavnem republikanci.

Resolucija zahteva od predsednika, da mora dobiti "priridilno akcijo" za tak svoj korak v zunanjosti politiki, ki pomeni obvezo za našo deželo. Resolucija nima značaja zakona, je pa zelo priznavanje orožja za vsakega senatorja, ki hoče kritizirati zunanjost politiko Bele hiše.

Rdeči pritisajo na važno mesto v Laosu

VIENTIANE, Laos. — V začetku tedna je pet bataljonov sevenovietnamskih čet pritisnilo proti vladnemu oporišču Muong Soui ob Planoti vrčev. Osvojile so zunanji pas obrambe in prisnile že proti samemu mestu in letališču ob njem. Tu so jih vladne čete po dveh dneh bojev zadržale ob precejsnjih izgubah.

V sredo so rdeči napadli znotra z dvema bataljonoma in tanki. Kljub vsemu je bil tudi napad ustavljen. Vladne čete so uspele uničiti pal ducata rdečih tankov.

Nihče prav ne ve, kaj je privedlo rdeče do napada na vladno postojanko, ko so še nedavno kazali resno voljo za nekako potovanje v vlado princa Suvane Fume. Tedaj so zahtevali, da ta prisne na Združene države, da ustavijo letalske napade na rdeče vzdušno Hočinminhove poti. Ta je odklonil, dokler se v smislu dogovora v Ženevi iz leta 1962 ne umaknje iz Laosa čete Severnega Vietnam.

ZDA izročile 64 patrulnih čolnov Južnemu Vietnamu

SAIGON, J. Viet. — Vrhovni poveljnik ameriških vojaških sil v Južnem Vietnamu gen. C. Abrams je v sredo izročil južnovenetnamskim oboroženim silam 64 oboroženih patrulnih čolnov in ladje za boj proti rdečim na področju delta Mekonga. Ti čolni so zdaj služili enotam 9. ameriške pehotne divizije, ki so se v tem predelu borile proti rdečim, pa pojede v bližnji bodočnosti domov.

Sovjetski načrt za Srednji vzhod brez izgledov na sprejem

Po razgovorih Gromika z Naserjem v Kairu je Moskva predložila ZDA svoj načrt ureditve Srednjega vzhoda. Ni izgledov, da bi Izrael nanj pristal.

WASHINGTON, D.C. — Zadnji sovjetski načrt za pomiritev Srednjega vzhoda, ki ga je sovjetski zastopnik izročil pretekli teden državnemu tajniku W. R. Rogersu, ni stališč obeh glavnih sil približal rešitvi. Washington in Moskva sta dejansko v glavnem tam, kjer sta bila pred temi meseci, ko sta se o tem vprašanju začela razgovarjati.

V državnem tajništvu izjavljajo, da "je že dolga pot" do predloga, ki bo sprejemljiv obem stranem. Združene države so pred časom izročile svoj predlog Sovjetski zvezni. Z njim je šel zunanj minister A. Gromik k Naserju v Kairo, da vidi, kaj se da doseči. Arabski viri trdijo, da je Naser trdo odklonil vsako misel na "popravo meja v korist Izraela". Arabci nočejo nobenih neposrednih razgovorov z Izraelem in nočejo pustiti temu niti pedi v zadnji vojni zasedene arabske zemlje.

Združene države so v svojem predlogu pred vse vreditev neposredne razgovore z arabskimi državami in "varne in priznane meje". Sovjetska zveza se v svojem načrtu, ki ga je izročila ZDA, drži arabskih zahtev in tako se celotno vprašanje v bistvu ni nikam premaknilo. Srednji vzhod se med tem zaradi povečane dejavnosti arabskih gverilcev saboterjev ter naraščajoče bojevitosti Naserja bliža novi napetosti, ki utegne proti volji odgovornih privesti do večjega vojnega popada.

V afriški Gani bodo volili narodno skupščino

AKRA, Gan. — Vlada je objavila, da bodo 29. avgusta letos volitve v narodno skupščino in k vrnitvi vzpostavitve ustavne vlade. Od februarja 1966, ko je vojaštvo odstavilo predsednika Kwame Nkrumaha v času, ko je bil ta na obisku v rdeči Kitajski, je imela država vojaško vlado.

Črnski "voditelji" bi radi od katoličanov \$3 bilijone

CLEVELAND, O. — Med našo črnsko manjšino je že davno dozorela ideja, da je bila večina dolžna, da poravnajo škodo, ki jo je delala črnska tekmec preteklih stoletij, z zneski, ki gredo v biljone. Od katoličanov so nekateri taki "voditelji" zahtevali najprej pol bilijona dolarjev, sedaj pa kar \$3 bilijone.

Postavimo na stran vprašanje, ali so tisti, ki stavijo v imenu črnske manjšine, res prav njeni zastopniki. Med katoličani jih je mnogo, ki jim tako legitimacijo gladko odrekajo. Ne bi se hoteli vtakniti tudi v vprašanje, kako so bile vsote med pol bilijona in tremi bilijoni naračunate. Tudi najbolj utemeljen obračun bi gotovo naletel na hudo kritiko, kritika bi rodila prepire, prepire bi pa uničili vsako pametno akcijo.

Zanimati nas mora načelo odškodnine same. Pojav načela je za sedanji katoliški rod nenavadan, saj o njem do sedaj ni še nikoli slišal. Na dru-

gi strani je takoj sprožil debato, ki se pa še ni razboto.

Že med debato so se pojavile misli, da naj ameriški katoličani vsako leto naberejo za črnsko manjšino v srednjem \$400 milijonov. Ta predlog bo poživil debato. Zato postaja vprašanje, kje naj bo prava pot in prava mera, zmeraj bolj pereča.

Najprvo je treba podprtati, da tisti, ki hočejo imeti od katoličanov denar, apelirajo na njihovo skupnost. Ta verska skupnost ima svojo vidno obliko v katoliški cerkvi, "pravila" za odnose med ljudmi, če smemo rabiti ta izraz, pa v moralnih naukih, pisanih in napisanih, v naravnem in cerkvenem pravu.

Drži, da so katoličani obvezani po katoliški morali, da pomagajo svojemu bližnjemu in sosedu, oblike za podpore si pa določajo po svoji vesti. V tem se katoliška morala razlikuje od, recimo, posvetne socijalne zakonodaje, ki predpisuje postopek podpiranja,

VEČBOMBNE GLAVE V DELU

Obrambno tajništvo je sklenilo dogovor o nabavi 68 večbombskih glav za Minuteman III. medcelinske rakete prav na dan pretekli teden, ko je predsednik Nixon dejal na tiskovni konferenci, da naj bi njihova vključitev v oborožene sile bila del dogovora s Sovjetijo.

WASHINGTON, D.C. — Brez vsake objave je letalstvo naročilo pri General Electric Company pretekli četrtek 68 novih glav za medcelinske rakete Minuteman III., ki bodo sposobne ponesti več vodikovih bomb na razne, več sto milij oddaljene cilje. Nove glave so znane kot MIRV po svojem angleškem imenu "Multiple Independently targetable Reentry Vehicle".

To omenjeno prvo naročilo bo bilo 87 milijonov. Dober del novih glav bodo nemara uporabili za preskušanje, nekatere od njih pa že tudi utegnejo biti namenčene na medcelinske rakete z vodikovimi bombami vred kot

je, da bo imela Kitajska že

sredi prihodnjega desetletja dovolj bomb in raket za omejen,

pa vendar uničujejo atomski na-

pad.

JEAN GONO:

ŽETEV

Kot rečeno, nastopila je velika tišina. Nad našimi glavami se je širil jasno in ostro omejen obok žareče modrega neba. Okoli obzora pa je stala že nekaj dñi debela, težka pregraja oblakov vijolične barve, ki je mračno in nepremično ležala na hrbitih gora.

"To bo zadele drugo," je reklo nekdo.

"No, kjer se bo to spustilo!"

"Za okolico Droma bo to huda stvar!"

Tako ali podobno so govorili ter gledali navzgor v oblo modrino, da bi se dokončno rešili zadnjih ostankov strahu, ki je ležal nad vasjo kakor slammata streha nad senikom.

Danes, ko človek pozna potek stvari, ve, da je služil ta ostri, modri krog le kot znak in opomin; da smo bili z njim "zaznamovani"; da naj ta ostro padača luč pokaže na našo vas, da bi jo z vso jasnostjo spoznali vsi nesrečo noseči duhovi. Toda naj bo, kakor hoče, mislili smo, da smemo plavati v miru.

"Nebo se je zjasnilo; boste videli: za praznik bomo imeli najlepše vreme!"

"No, tega bi bilo tudi treba!"

Kolarjev sin je hodil po vseh hišah s seznamom in ta je dal pet frankov, drugi tri, da bi bil naš praznik lep praznik, katerega bi se nam ne bi bilo treba sramovati. Pri šoli so že postavili leseno stojnico, iz katere se je vlival sladek vonj sladkarji.

Ponoči so nekajkrat slišali v daljavi kakor lahno grmenje.

"No, ja... hm, hm..."

Toda ne: dnevi so se kar svetili od belkaste trave, veter je dal po detelji in nad nami se je bočila obla, z lučjo prepojena modrina, ki nas je kar omamljala. Zemlja pod nogami je bila topila in prožna kot kak sad.

Približal se je četrtek septembra in, ko so v zgodnjem jutru tega dne odprli naoknice, je bilo vreme v resnici čudovito lepo. Pred vrati kavarne "du Peuple" so vsadili mlaj, mledo bleščeč smreko, in v njenih vejah je viseala ruta za zmagovalca v kegljanju, modra ruta, ki je bila nagrada pri dekliski tekmi, in volneni pas kot trofeja pri moškem teku; vse to je zapeljivo frfotalo v jasnom, dišečem, otroškopriliznjem vetru.

Lastnik kavarne "du Centre" je zbil s svojimi ljudmi iz deset vrsto dolgih miz, ki so zavzemale skoraj ves vaški trg tja do "drevesa svobode". Velika jerina v pralnici je bila napolnjena s steklenicami, da bi piča ostala hladna v tečoki, mrtzli vodi iz vodnjaka. Kramar je naročil pri svojem ujcu v Champcaur zaboju tort; pričakoval jih je, stoječ na pragu svoje hiše, in pravil vsem mimoidom:

"Veste, danes bom dobil torte!"

In vsak si je mislil:

"Lepo, bomo pa imeli sladek oblike!"

Apolonija je pričakovala svoje nečake iz okolice Trievesa. Antonijin brat bi moral priti iz Les Coriardov z vso svojo družino. Kegljaci iz Trabuecha so se navorčili pri svojem ujcu v Champcaur zaboju tort; pričakoval jih je, stoječ na pragu svoje hiše, in pravil vsem mimoidom:

"Veste, danes bom dobil torte!"

In vsak si je mislil:

"Lepo, bomo pa imeli sladek oblike!"

Castro ne mara črnskih beguncev-skrajnežev iz Združenih držav

HAVANA, Kuba. — Bivši 22-letni črn študent Raymond Johnson mora imeti nekaj masla za ušesi, kajti lani se je umaknil iz naše dežele na tuje na takrat običajen način. Skupaj z nekaterimi svojimi prištaši, ki so vse žlani znane levičarske črnske organizacije Črni panterji, je 7. novembra 1968 prisilil letalo National Airlines, da je moralno prišla na Kubo.

Johnson in njegovi tovarši so mislili, da jih bo Castrov režim prijetnemu dopoldanskemu dremanju. Le proti Montami je nebo še grozilo: tam se je nagrmaila gmota oblakov in se še kakor poprej svetila v maščobno temni vijolični barvi.

Kavarna "du Centre", je bila nabito polna. Iz kuhinje je odmevalo ropotanje in klopotanje krožnikov in pljuskanje vode, kakor bi se tam prelival slap v dolino. Gostinska soba je bila že vsa preplavljena s polito pijačo in, kdor je le malo premaknil noge pod svojo klopjo, mu je okoli njih brizgalna in klokotala žluna vina in spenjeno pivo. Tudi zunaj so bile vse klopi zasedene vse tja do "drevesa svobode". Marija je hodila v pralnico in si obložila obe roki z odcejajočimi se steklenicami ter jih vse trese se vlačila v pivnico.

"... Kako je vendar vročet?" je rekla.

Nekateri so bili zaradi pijače že čisto pri kraju pa so začeli pesmijo o "ubogem kmetu". Nekateri so nenašoma planili s klopi ter se opotekli v kak kot, kjer so se krepko izbruhalo. Drugi spet so se smejal kot norci in se sede pomocičili ter v trenutku postali mrtvaško resni, ker so začutili mokroto na svojih nogah, toda takoj nato, so spet začeli pitи in se smejeti. V kavarni "du Peuple" je bilo prav tako, z izjemo majhne mize prav zadaj v kotu, ob kateri so sedeli trije iz okolice Trievesa. Ti so ob zori prekorali prelaz. To ni v mesecu septembra prav nič težkega, toda rekli so:

"Pot je bilo čudno... in prav nič tako, kot bi moral biti... in kdo ve?..." Držali so pipe v ustih ter imeli pred seboj velike kozarce pa se s kajenjem in pitjem skušali otrestiti svojega nemira. To je bilo opoldne hrušča, ko so prišle žene po svoje može, da bi šli kosit! Bili so ravno pri tem da bi razjasnili presentljiv Polytov poraz pri kegljanju—z mračnim, brke grizočim Polytom sredi razpravljalcev. No, morete si misliti, kako so se zadrla na čuvance domačih ognjišč... Kar se tiče mladih zakonskih mož, je še šlo; toda pri drugih — tam ni šlo tako gladko!

"Tak, pojdi že, stara pijandura!" — "Ti si se pa lepo naredil že doldpone!" — "Možak v tvojih letih!" — "Oh, ti si mi pravi!" — in celo bunke in klofute so se radodarno menjavale med možem in ženo. No, saj je končno ostalo vse v družini.

Nekateri sivobradci so celo odgovorili:

"Lezi raje v korito, ti krota stupena!"

Nato pa so se vendarle dvignili in odklobuštrali s svojimi ženami domov. In tako je na cesti in v obeh gostilnah zavala spet velika, prostorna praznina in opoldne je na nebu spet težil gost molk, težek in samoten kakor v zraku viseča ptica roparica. Nobena sapica in noben človeški korak ni prekinil tišine, noben vzdih trave in nobeno osje brezbarvanje: nepregroma je vladala nad vasjo tišino, razbeljena in obla kakor ognje na krogla.

Pred spremembom zveznih predpisov za integracijo

WASHINGTON, D.C. — Predsednik Johnson je lani dal predpise, kako je treba izvajati integracijo v prostveti. Tam je tudi rečeno, da mora vsak šolski o-

koliš končati segregacijo naj-

kasnejše v šolskem letu 1969-70. Tak rok je šel južnim konservativcem na živce. Zato je moral Nixon v volivni kampanji napoljubit, da bo ta rok spremenil. Z ozirom na njegove obljube ni debata o spremembni predpisov nikoli popolnoma prenehala. Zato je tajnik za prosvetu Finch moral sredi aprila uradno izjaviti, da Johnsonovi predpisi ne bodo spremenjeni.

To debate ni ubilo. Morala je biti zmeraj bolj vroča, kajti ravno sedaj je Finch izjavil, da bo nekaj sprememb, ki se bodo po tipikale le rokov za končanje segregacije. Politični opozovalci misijo, da je predsednik Nixon sedaj pristal na male spremembne, da izpolni svoje volivne obljube. Nasprotniki segregacije gotovo s tem ne bodo zadovoljni; debata o njej ni torej končana.

Heyerdal na Rah plove srečno proti Ameriki

GENOVA, It. — Norveški raziskovalec Thor Heyerdahl in njegovi tovarši na ladji Rah, imenovan po starem egipčanskem bogu Sonca Rah, plovejo preko Atlantika proti Ameriki, kamor jih nosi morski tok. Ladja ali boljše brod se je neprizakovano dobro izkazala, je bolj odporna in trdnješa, kot so pričakovali.

Heyerdal je preko radija sporočil, da so vsi zdravi, da pa so kokoši, ki so jih imeli s seboj, pojedli in da sedaj v glavnem hranijo z ribami, ki jih ulove. Ladja Rah so zgradili po zgledu starodavnih egipčanskih ladij, kot so jih našli v piramidah in na relijefih. Heyerdal misli, da so vetrovi več tisočletij pred Kristusom zanesli tako egipčansko ladjo preko morja v Srednjem Ameriku, kjer pozna staru kulturo piramide, tako zelo podobne egipčanskim.

Norvežan, ki se mu je pridružil pol ducata navdušenih pristašev iz raznih držav, skuša s to plovbo na ladji Rah dokazati, da je bilo možno priti starim Egipčanskemu preko Atlantika in da svoje ladje niso rabili le za plovbo po Nilu.

Zadnje vezi med Rodezijo in Britanijo se trgojo

LONDON, Vel. Brit. — Vlada se je odločilo sprejeti oodstop Humphreya Gibbsa kot guvernerja v Rodeziji. Britanska misija v Salisburiju bo odšla domov, rodezijsko zastopstvo v Londonu pa bo zaprto.

Tako bodo pretrgane zadnje uradne vezi med Veliko Britanijo in njenim nekdanjim kolonijo v Afriki, ki se je proglašila 11. novembra 1965 za neodvisno državo, sedaj pa se hoče proglašiti za republiko.

Vpliv družbenih občil na družino

Družbeni občili povzročajo s svojim velikim vplivom spremembe v današnji družbi, posebno še v družini, ki je prva celica družbe. Tega dejstva danes nihče ne osporava, vendar pa do danes nimamo bogatih znanstvenih študij o dejanskem načinu tega vpliva na družino. Te študije so seomejale povčeni le na televiziji.

Nekaj dejstev pa je očitnih. Tako je preprosta prisotnost modernih slišno-vidnih sredstev, kakor so kino, radio, televizija in ilustriran tisk, danes nov dejavnik, ki spreminja živiljenjski ritem in način živiljenja v družbi in družini. Zato je važno, da pokažemo vpliv, ki ga imajo družbeni občili na družino že samo s tem, da obstajajo in tako spreminjačjo način mišljenja in živiljenja modernega človeka.

Kino, televizija, radio, gramofon, magnetofon in tisk imajo v sebi silo, da spreminja družinsko živiljenje, počenši z zunanjimi vidiki, kot so živiljenjski ritem, razdelitev časa, živiljenjske navade, možnost medsebojnega razgovora in skupnega bivanja.

Cleveland, O. 27. junija 1969.

Ker pa so to le sredstva, je njihova sposobnost druženja ravno znotraj družine odvisna od zrele in uvidevne uporabe sprejemajočih. Vsaka možnost družbenih občil lahko v družini vodi do dialoga in do srečanja, bodisi da je pozitivna bodisi negativna. Sposobnost družine, da se prilagodi družbenim navadam, ki jih vsaki dobi narekuje živiljenjski ritem je nekaj pozitivnega. Pomaže ohraniti enotnost in intimnost družine.

Nekaj dejstev pa je očitnih. Tako je preprosta prisotnost modernih slišno-vidnih sredstev, kakor so kino, radio, televizija in ilustriran tisk, danes nov dejavnik, ki spreminja živiljenjski ritem in način živiljenja v družbi in družini. Zato je važno, da pokažemo vpliv, ki ga imajo družbeni občili na družino že samo s tem, da obstajajo in tako spreminjačjo način mišljenja in živiljenja modernega človeka.

Kino, televizija, radio, gramofon, magnetofon in tisk imajo v sebi silo, da spreminja družinsko živiljenje, počenši z zunanjimi vidiki, kot so živiljenjski ritem, razdelitev časa, živiljenjske navade, možnost medsebojnega razgovora in skupnega bivanja.

ne prejšnje izobrazbe novih generacij zaradi načina govorjenja družbenih občil. Čeprav sta bila film in tisk izumljena že prej, vendarle ni dvoma, da sta šele po zadnjem svetovni vojni in po uvedbi televizije dosegla tisti slišno-vidni način govora, ki je svojki posameznemu občilu in ima izrazito družbeni pomen. Lahko rečemo, da otroci, dorasčajoči in mladina danes predstavljajo v tem smislu prvo "slišno-vidno" generacijo. Zanje je jezikovna stvarnost družbenega občila trajno izkustvo že od rojstva, skoraj tako kakor materni jezik.

Tako pride do tega, da se morebito starši pogosto mučiti, da bi si znali posebno poročila vidno drugi ljudi in za druge skupnosti, ki je odprt za razumevanje. Tudi če razumemo družbeni občili, so ne omejijo le na negativno stališče grajanja, obsojanja ali sklicevanja na "dobre stare ča-

tin" in televiziji tako daljnosežna, da spreminja celo strukturo psiholoških procesov in dojemanja, kritičnega presojanja in spomina, je očitno, da se starši ne morejo odtegniti dolžnosti takojšnje in primerne prilagoditve, ki jim omogoča, da se aktivno vključijo v vzgojni proces, da zahtevajo sodelovanje šole in se ne omejijo le na negativno stališče grajanja, obsojanja ali sklicevanja na "dobre stare ča-

dovlj živo, je to zaradi pomanjkanja strokovno izobraženih, v veri in popolnosti trdnih kristjanov. Naloga družine je, da pripravi takšne nove bistre in značajne kristjane. Nobenega človeškega poklica ni, ki se ne bi skladal tudi s krščanskim pričevanjem, karščnega mora dajati vsak krščen človek.

Zato so starši dolžni, da morebitna poklicna nagnjenja k družbenim občilom v otrocih negujejo in to tako, da predvsem ustvarjajo poročstva, ki izvirajo iz veliki meri sreča družine same, vsega prebivalstva dežele.

V SPOMIN IN ZAHVALO

V globoki žalosti naznajamo, da je dne 4. junija 1969 v Gospodu preminula naša prijateljica, blaga gospa

Fannie Istenich

rojena IVANČIČ.

Pokojna je bila rojena dne 5. marca v vasi Pivka, poprej Št. Peter na Krasu, Slovenija, Jugoslavija. V Sloveniji žalujeta za njo nečaka Ivan Frank in Dr. Stojan Frank ter več drugih sorodnikov.

Pokopali smo jo dne 6. junija na pokopališču Kalvarija. Pod vodstvom Mrs. Mary Svetek se je pogrebni sprevod razvil iz Grdinovega pogrebnega zavoda na Lakeshore Blvd. v cerkev sv. Kristine na 222. cesti, kjer je č. g. Francis Cerk zanj daroval slovensko pogrebno sv. maso in opravil sv. pogrebne obrede. Iz cerkve smo jo v pogrebnu sprevodu prepeljali na pokopališče. Pri grobu je č. g. Cerk vodil molitve za večno srečo pokojnici.

Iskreno se zahvalimo vsem, ki so pokojno za časa njene bolezni obiskovali in ji dobrotno skušali lajšati trpljenje, vsem, ki so jo ob slovesu počastili in zanj molili, vsem, ki so osebno ali pisorno izrazil svoje sožalje ter vsem, ki so kakorkoli prispevali, da so bile pogrebne slovesnosti tako ganljivo lepe.

Posebno zahvalo naj prejme Rev. Francis Cerk za daritev sv. mase, za molitve in sv. obrede v cerkvi in ob grobu.

Castiti gospod župnik Joseph Celesnik je pokojni podelil sv. zakrament in jo pripravil za srečno zadnjo uro. Vodil je tudi molitve sv. rožnega venca ob krsti. Prisrčno se mu zahvaljujemo za vso naklonjenost.

Članice Slovenske Ženske Zveze, podružnica št. 32 so se od pokojne kot svoje preminule sočlanice skupno poslovile z molitvo sv. rožnega venca. V njem spomin so poslale darilo za slovensko spominsko kapelo v katedrali Brezmadežne v Washington, D.C. Iskreno se jim zahvaljujemo.

Krst so nosili: Edward Miller, John Gerl, Joseph Legat, Frank Lubich, Anton Tekavec, in Mathew Tekavec. Prisrčna jim hvala za dobroto.

Bog povrni vsem, ki ste darovali za sv. maše in druge dobre namene, vsem, ki ste poklonili cvetje in vence, ter vsem, ki ste dali na razpolago avtomobile za pogrebni sprevod.

Prisrčno se zahvaljujemo vsem, ki ste prisli pokojno kropiti v pogrebni zavod, vsem, ki ste zanj molili, prisli k sv. maši in zlasti tistim, ki ste jo spreminali in z nami zanj molili ob grobu.

Razposlali smo zahvalne kartice vsem, kolikor smo imeli naslove. Če bi kdo radi kake pomote naše posebne zahvale ne bil dobil, lepo prosimo naj oprosti. Vsi, prosimo, spremite tole skupno javno zahvalo, posebno pa tisti, ki jih naša posebna zahvala ni dosegla.

Mrs. Mary Svetek naj prejme našo toplo zahvalo za odlično ureditev pogrebnih priprav in vodstvo sprevoda, upravi Grdinovega zavoda smo pa hvaležni, da je tako uredila spremjanje gostov, ki so prisli kropiti.

Ti, o Jezus naš premili, zljil na dušo Rešnjo Kri, Ti dobrotno se je usmili, raj nebeski ji odprti.

JANEZ JALEN:

VOZARJI

"Naa, ne bo treba," mu je šinila misel v glavo. Prav gotovo jo izpelje v gospod Salezij bo bolj vesel, kakor če bi mu vse skodlje za vso streho zvozil iz Tamarja na Breznicu. Saj voznikov ne bo zmanjkalo, denarja mu pa že manjka.

Pa je v ponedeljek zapregel in se peljal kakor na semenj v Kranj. Morebiti tudi res kaj kupi. Namen pa je imel povsem drug.

Ze doli grede se je ustavil, kakor na ogledi, pri Brodarju na Bistrici. Stari Rok je polegal za pečjo, kjer je tudi noč prespal. Z bličem v roki je vstopil Petelin, udaril z njim trdo ob tla, da bi koga priklical.

"Hej! Kaj ni žive duše več pri hiši?"

"Seveda je. Kaj bi rad?" se je dvignil gospodar.

"Požirek žganja bi se mi pritegel."

"K peči sedi in se pogrej, če ti je hladno."

Stari Rok se je s težavo skobacal izza peči:

"Sem bil učkal zakuriti. Stara kri je hladna, mlaada pa prevečkrat prevroča. Sem sam to zagrešil. In sedaj premisljujem, kako bi popravil."

"Oh, ne bodite no. Kar je bilo, je bilo. Kdo bi nazaj misli," je zamahnil Petelin z roko.

"Veš, Janez, čeprav si trden gospodar in imaš že za možilo zrela dekleta, jih pa kljub precejšnji doti, ki se jim obeja, ne boš lahko oddal. Vedo povedati, da niso nič kaj prikupne. Kdor bo katero vzel, bo vzel le bolj doto kakov ženo." Janez je malo zardel in ni vedel kaj reči. Iz zadrege ga je rešila Lenka, ki je prihitala iz kuhinje.

"Oča. Ne vstajte. Mašo še poležite. Ze jaz postrežem uglednemu gospodarju Petelinu z Rodin."

"Od kod me pa poznaš?"

"Izpod Brosca."

"Tok, ti si tista—?"

"Katera?"

"Ki se je zavoljo nje izgubil Markov Klemen na Ruskem."

"Tudi meni bi bolj prav hodilo, če bi se ne bil."

"Tako—" je široko zazijal šečtinastih las Janez Petelin. Zvrnil je v naglici požirek brinjev-

prijazno nadaljeval:

"Cerkev na sredo fare. Že prav precej denarja sem dal zanj in upam, da boste tudi vi, ki nikogar nimate, da bi mu zapustili, vsaj nekaj stotakov primaknil. Kār mexi jih dajte. Ne bom nikomur povedal. Še nočoj jih izročim gospodu Saleziju. In Krničani in Rodinci se bodo še ustavljal pred vašo krčmo."

Poštenemu Roku je začelo kar sape zmanjkovati. Zabonal je s prsti po mizi in se začudil:

"Ti, ti, ti Petelin tako govorиш, ti, ki veljaš za glavnega puntarja. Sedaj mi je šele jasno. Že več let te nikoli ni bilo k nam. Prej sem še razumel, ko je krčma pešala. Odkar je pa Lenka pri hiši — veš, pri našem zmerom odkrito govoril. S puntarji in fajmoštovimi. Oboji so nam enako dobrodošli gostje. So se sprekli med sabo, stepli pa ne nikoli, čeprav so večkrat postalci od poštenega vina precej vroči."

Petelin ni vedel kaj odgovoriti. Zato je pa pičil kakor najbolj razjezen sršen. In se je začel posmehovati:

"Odkar je Lenka pri hiši — brhka Ljubenčanka?"

"Kaj misliš s tem reči?" se je nagnil na mizo opešani Rok.

"Da si star prasec," je zasikal Petelin.

Rok se je kakor za minuto pomladil. Vstal je, se vzravnal, prikel bokal, ga treščil Petelinu v glavo, da se je razletel in se mu je pri priči pocedila kri čez obraz. Pokazal je s prstom proti vratoru in začiral: "Ven! Svišnja-hinavška, puntarska!"

Ne, to je pa bilo za potuhnjenega Petelina le preveč. Zakadil se je v Roka, ga zgrabil za shujšani goltanec in zasikal: "Ti že počakali punatarskega hinavca, prekleti hudič stari."

Roku se je zatemnilo pred očmi. Trdno je bil uverjen, da je prišla zanj zadnjá ura. Pa je kar naenkrat Petelinova roka odnehalo, za njegovo glavo je pa začarel Lenkin obraz. — Kako je bila lepa v svoji togoti, se je kasneje moral. Rok večkrat spomniti. Zasikala je kakor razgotovena kuna, prijela Petelinu, gá potisnila iz hiše v vežo in ga sunila čez hišni prag.

"Hudič! Baba in pol," se je oglasilo s ceste. Zirovničani, ki so se pravkar pripeljali s sejma v Kranju, so kaj sprevidele, za kaj gre. Petelinu, puntarju, so privočili, kar so mu mogli, češar niti skriti niso skušali. Glasno so zahrumeli v krčmo pri Brodarju in naročili kar dva bokala vina. Lenka je šla v klet po pijačo. Medtem so se pa gostje čudili.

Kdo bi si mislil da so brhkota, pogum in moč vse tri kot prijateljice lahko tudi v istem krilu doma. In kakor bi bili tega veseli, so si natočili in zapeli:

Furmani po cest peljajo, konjči v štalci rezgetajo. Čas je konjče futrati, ti pa kramlja pri ljubci.

NA ZAČETKU — Princesa Ana, hčerka angleške kraljice Elizabete II., bo v avgustu dopolnila 19 let. Nasliki jo vidimo v veži v London Palladium, ko čaka na začetek predstave. Njeni nastopi v javnosti postajajo vse češči.

In bi peli in pili pri lepi in korajni Ljubenčanki ne samo do belega dne, še dlje, če bi jih ne bil torek zgodaj klical na delo.

Luna je pa prej zašla, preden so pognali vsak svoj par konj. So se lahko malo dlje zadržali, ko še pri Žabarju pod Broscem niso namerjali nič ustaniti. Ni bilo več tam brhke točajke Lenke. Koj drugi dan, v torek, so pa Zirovničani daleč na okrog hiteli raznašati, kako je pri Brodarju na Bistrici lepa točajka Lenka vrgla velikega puntarja Petelina z Rodin kakor mačka čez prag. Vsa fara, predvsem vse zgornje vasi, so mu privoščile in se smejele. Se izmed puntarjev kar skoraj vsemi. Tudi gospod Salezij se je naskrivaj hajjal. Prijet je za ponujeno mu priložnost in Janeza pregovoril, da je šel očitno po skodelje v Dolino. Za Petelinom jih je izmed puntarjev še nekaj zapreglo. Največ jih je pripeljal na svojem težkem parizarju, s katerim niti v Tamar ni mogel — drugi so mu jih moralni pripeljati do cesarske ceste — Marka iz Krnic, gospočar Boščjan.

In nova cerkev je rastla in do svetega Avguština do vrha zrasla, s stoplom vred. Dvaindvajseto poglavje STARČEK RAZMIŠLJA

Stari Brodar Rok je od dne do dne bolj pešal. Največ je polegal pri peči. Za peč je že težko zlezal. Okrog hiše je mogel pogledati samo še s palico, pa še takrat se je pominikal počasi kakor megla brez vetra. In vedno je bil zamišlen. Nekako zadovoljno je pa pogledoval za Lenko, ki je kar naprej hitela za delom. Bila je pravzaprav za vse sama. Stari hlapec Joža in opešana dekla Miča sta bila večkrat bolj v napotje pri delu kakor pa k pridu. Pa kdo bi ju postavljal na stare dni na cesto, če sta skoraj vse življenje pregarala pri hiši.

Lenka je vse to izprevidela in zka tako podobna Lenki, da nobena hči materi ne more biti bolj. In so res dva, trije, ki niso razmer poznavali, vprašali, če je veseli žvrgolevček točajkin otrok.

"Res, res," je Joželjnu, ki bi

moral vedeti, kako je pri hiši, pritrdir stolec: "Res. Lenkin in moj."

Firecracker Red Patriotic Pie

How about doing it up "red" one holiday weekend by serving this Patriotic Cranberry Pie? It's an appropriate choice, for cranberries are a native American fruit. And the tangy flavor of cranberries makes it a perfect ending for a summer luncheon, dinner or late night snack. Recipe from Ocean Spray's Cranberry Kitchens.

PATRIOTIC CRANBERRY PIE

(Makes 1 9-inch pie)

1 package pie crust mix	1/4 cup quick-cooking tapioca
2 cups pitted prunes, chopped	1 jar (14 ounces) cranberry-orange relish
1 cup cranberry juice cocktail	1/2 teaspoon nutmeg
1/2 cup sugar	2 tablespoons butter or margarine

Prepare pie crust mix according to package directions. Roll out $\frac{1}{2}$ the pastry on a lightly floured surface. Fit into a 9-inch pie pan. Flute edge of pastry.

Combine prunes and cranberry juice in a saucepan. Cook until mixture comes to a boil. Stir in remaining ingredients and continue cooking, stirring frequently, for 5 minutes. Cool and pour mixture into pastry-lined pie pan.

Preheat oven to 400°F. Roll out remaining pastry on floured surface and cut into small stars with a cookie cutter and into 1-inch strips. Arrange stars in one corner and strips over the remainder of the pie to resemble a flag. Bake in hot oven (400°F.) for 45 minutes, or until crust is golden brown. Cool.

Peter Nero Stars In Last Pops Concerts

The Cleveland Orchestra Pops concerts for the holiday weekend will feature pianist Peter Nero and his Trio on Saturday night, July 5 at Public Auditorium and Sunday night, July 6 at Blossom Music Center. The Saturday evening concert starts at 8:30, and the Sunday performance at 7.

Louis Lane will conduct this final pair of pops concerts. The program will consist of the Rhapsody "España" of Chabrier; the Suite from the Ballet, "Swan Lake" by Tchaikovsky; Waltzes, "On the Beautiful Blue Danube" by Johann Strauss; and the Sousa march, "The Stars and Stripes Forever".

After intermission Peter Nero and his Trio will join Mr. Lane and the Orchestra for a performance of Mr. Nero's "Fantasy and Improvisations" for Piano, Jazz Bass and Drums, and Orchestra. The program will close with selections by Peter Nero and his Trio to be announced from the stage. In addition to Mr. Nero at the Keyboard, Trio members are Gene Chenso, bass, and Joe Cusatis, drums.

Peter Nero is a classically trained musician and a product of the Juilliard School of Music. This fact plus his love for the jazz medium accounts for his very personal style of playing — a deft blending of the two — which has produced many successful recordings and keeps the artist busy filling dates in concert halls, college campuses and music festivals.

She was born July 12, 1751, in Cuvilly, France. While a girl she became a cripple and was unable to walk for 22 years. During her illness she harbored priests outlawed by leaders of the French revolution. She fled France and founded the Notre Dame of Namur Sisters. She died on April 8, 1816.

Tickets for the July 5 and 6 Pops Finale are \$2 to \$5.50 and are on sale at Blossom Music Center, Severance Hall, all Burrows Stores and the Mayflower Ticket Bureau in Akron. Gates at Blossom for the July 6 performance (7 p.m.) open at 4:30 for family picnics. The Blossom Restaurant and Gift Shop will also open at 4:30 Sunday afternoon.

Dean Of Cleveland Magicians

Cleveland, O.—John Grdina has been referred to as 'Society Magician', 'The Wizard', and 'The Old Smoother'... but whatever he is called, it is always with affection. In 1965 the Cleveland magicians held a testimonial banquet to honor him on his 80th birthday and to bestow upon him the title of Dean of Cleveland Magicians.

John Grdina

He was born on May 26, 1885, in a part of Austria which today is Yugoslavia. At the age of five his family came to America. John's father would receive free tickets for various theatricals when he would place show cards in the window of his tailoring shop. On one occasion the poster was for the Kellar Illusion Show. Both John and his father were confused as neither had even seen a magician, and thus, at the age of seventeen he witnessed his first magical show. He was completely baffled by Kellar's magic and from that point on he was determined to become a magician. However, he could not find anyone who taught or sold magic.

Finally he heard about Karl Germain, a popular Cleveland magician who was on the road. When Germain returned to Cleveland, John met him, and through Germain he met Dr. Friend (stage name for Freund). The Doctor sold him a two-hour stage show which contained many of Kellar's tricks. John took lessons twice a week from Karl Germain for two years before he presented his first show. Just a few days before this show, on February 12, 1907, he married a young lady by the name of Minnie, who was to become his life companion and assistant. His sister and brother-in-law assisted him on the first show which was a success. I believe Mr. Grauman is one of the

sion, through a mix-up of schedule, Blackstone failed to appear for a performance at the Miles Theatre in Cleveland. As a last minute replacement, John Grdina carried on the show, introducing what was to become Blackstone's famous Dancing Handkerchief. From then on, Blackstone publicly announced he owed much to Grdina.

During World War II he entertained with the American Theater Wing's 'Stage Door Canteen' and received a certificate from Bob Hope. On October 20, 1944, John and his wife were almost killed when an East Ohio Gas tank exploded, blowing out both the front and rear of their store. This total disaster claimed 132 lives. As flames still burned at the site, Grdina went ahead and performed a benefit nearby which had been booked some time before.

Among the many great names in magic whom he had personal friendships with were Thurston, Houdini, Blackstone, Okito, Adele Herrmann, Eugene Powell, and Dr. Herlan Tarbell. Mr. Grdina has now retired but still likes to do a show now and then. He enjoys the magic conventions and is still up on all new in magic. He resides at 38025 Lake Shore Blvd., Willoughby, Ohio 44094.

Leather Separates Do Extra Duty in Travel Wardrobes

Understated elegance in silhouette, design and detailing highlight new leather accessories and apparel for vacation and travel wear.

All leather or leather-trimmed fashions range from sports and casual wear to formal evening attire for both men and women. Leather is adaptable to fashion's newest fluid lines. Loose-fitting comfortable costumes take advantage of leather's natural ability to "breathe" and air condition sports and evening wear.

Add-on leather separates such as jerkins, vests, bandstand skirts, culottes and clamdiggers—in both smooth and suede leathers pack easily and tightly.

Neutral tones and clear colors make these new add-on leathers good wardrobe builders because they blend with many different costumes' colors. Red, pink, and blue among the favorite leather colors, white and lilac are popular, too.

Bolero jackets appear as casual and dressy costume aids. Casual versions show a bolero jacket teamed with matching black suede pants, while another features richly jeweled smooth leather for wear over evening dresses.

Gum Chewers

Chicago—An average American chews 130 or more sticks of gum per year.

The woman in the kitchen is in a key spot to help reduce her family's risk of heart disease by adopting a fat-controlled, low cholesterol diet, says the Heart Association of Northeastern Ohio.

TOO EARLY — Workers were still applying the finishing touches on this new drive-in facility for Society National Bank's Memphis-Fulton office, when 8-year-old Gary Henry pulled in. When he drives in now, instead of painters, he will find two tellers ready to handle his transaction, while he remains behind the wheel.

SEE IT NEW

What's Your Sign? Whatever it is, this is your year, because zodiac signs are everywhere! Wear them as jewelry, or have them in your home on glassware, decorative fabrics, a kit for stitching up an astrological wall-hanging. There's even a love indicator to measure compatibility based on astrological signs.

Unisex, the fashion-favored way of his-and-hers look alike dressing, comes to leisurewear. Soft, fleecy sweater-shirts of Creslan acrylic fiber are smashing in wide stripes or narrow; solids or heathers; all in a range of uninhibited colors, and in sizes for men and women.

Lady Fingers that like the feel of garden soil between them will like the idea of the new lightweight shovel and other garden tools, scaled down to size for feminine gardeners.

The Blend that Beats the Blahs—Cranberry juice and apple juice are a great combination and you can get them in your local store already mixed (Cranapple) or you can mix up a batch yourself. Either way, it's a duet that's here to stay.

Poster Prints are now to wear, with sleek fashions boasting one giant motif; animal, floral, or even human, and done with photographic fidelity. The fashions themselves are sleek and simple in line, to allow the poster prints their full impact.

Cool it—with a wedding-gift set of sterling silver iced-beverage spoons in the bride's flatware pattern. The cool beauty of sterling makes sum-

mer's heat-beating drinks seem even cooler; spoons add elegance to parfaits, too.

Animal Fair. Latest and greatest look for a tot's or a teen's room involves stuffed animals that coordinate with decorative fabrics. The fabrics (and animals) may be plushy and wild-colored, or fake fur with a real jungle look. Most effective when the animals are giant-sized; the fabrics used in generous doses.

Ready for Summer, sleek and elegant, is a completely coordinated fragrance and makeup ensemble—the new Patterns Collection from Avon. Packaged in sophisticated black and white swirling paisley designs, the collection includes shimmery lipsticks in three translucent shades, cologne mist, perfume rolette and cream sachet. A unique home-fashion accessory—a chic, circular black tray, designed to display the set attractively on vanity tables—is also available. And keep an eye out for Patterns Eye Shadows, due to join the collection soon.

Watch for . . .

Plaid fashions—real fur, dyed and worked in colorful plaid patterns.

Custom-fitted chairs, made to order for one's individual body contours.

Plastic refrigerators—lightweight, sturdy, and very handsome.

Frozen ingredients for a gourmet dish, such as a tricky sauce; a hard-to-find seafood, replacing frozen fully-prepared dishes.

Medicine chests with combination locks, virtually childproof.

HERE'S WHAT IS INVOLVED IN CHANGING EATING HABITS

In the series on heart-helping diets that concludes today, readers have been advised by the Heart Association of Northeastern Ohio to control their intake of foods rich in cholesterol and saturated fats. To do this, some change in eating habits is necessary. But many favorite dishes can be retained. Here is what is involved.

To control your intake of cholesterol-rich foods: Eat no more than three egg yolks a week, including eggs used in cooking.

Limit your use of shellfish and organ meats.

To control the amount and type of fat you eat: In most of your meat meals for the week, use fish, chicken, turkey, and veal; and limit beef, lamb, pork, and ham to five moderate-sized portions per week.

Choose lean cuts of meat, trim visible fat, and discard the fat that cooks out of the meat.

AVOID deep fat frying; use cooking methods that help to remove fat—baking, boiling, broiling, roasting, stewing.

Restrict your use of fatty "lunchmeat" and "variety" meats like sausages and salami.

Instead of butter and other cooking fats that are solid or completely hydrogenated, use liquid vegetable oils and margarines that are rich in polyunsaturated fats.

Instead of whole milk and cheeses made from whole milk and cream, use skimmed milk and skimmed milk cheeses.

For complete information, write to the Heart Association of Northeastern Ohio for your free copies of the leaflet "The Way to a Man's Heart" and its companion booklet on "Recipes for Fat-Controlled, Low Cholesterol Meals." The address is 1689 East 115th St., Cleveland, O. 44102.

16-WHIFF PERFORMANCE? JUST ROUTINE FOR LOLICH

Detroit, Mich.—Unflappable is the word for Mickey Lolich. He always seems to react in the right way to circumstances as Detroit's three-game World Series winner.

Lolich said he didn't know about any record the night he broke the Detroit mark with 16 strikeouts against the Angels.

Less than three weeks later, he came back with 16 more strikeouts against the Pilots in Detroit.

"I knew all about it this time," Mickey confessed, "because I kept counting them."

Lolich racked up the 16 in seven innings and missed his chance for Bob Feller's American League record of 18.

"The Pilots just wouldn't cooperate," said Mickey.

Lolich accomplished the feat in his first night back from a two-week layoff because of a bruised left arm sustained when Darny Cater struck him with a line drive. Mickey pitched a four-hitter and left the game after nine innings before Detroit lost in the tenth.

One of the hits was a single up the middle by Seattle pitcher Marty Pattin. Lolich ducked it artfully.

"My mommy didn't raise no fool," said Mickey. "I get out of the way of every line drive I see. I didn't see Cater's."

ELEVATED SHOES SUGGESTED FOR LOWER HURLER MOUND

New York, N.Y.—Managers are

constantly getting letters from well-meaning fans with suggestions on how to improve their club. One of the more novel ideas was received recently by Gil Hodges of the Mets, who received the following telegram from a Long Island fan.

The wire read:

"Since they lowered the mound, some of your good pitchers have not been doing so good. Do you know that secretly you can bring the mound back?"

"Just have elevated shoes made for one of your pitchers. He will be two inches off the mound. It will give him the same feeling the old mound used to."

Fortunately, the Mets' pitching came around before Hodges was forced to resort to elevated shoes.

ALLEN REFUSES INTERVIEW; 'NOT FOR TRADING STAMPS'

San Diego, Calif.—Phillies' slugger Richie Allen, no disciple of Dale Carnegie's course about how to win friends and influence people, walked off Padre sportscaster Jerry Gross' post-game radio interview show after hitting a home run to help beat the Padres June 13.

Allen agreed to go on the show but, after being introduced by Gross, walked off when he discovered what the fee was.

At the end of a commercial break, Gross started to interview Allen, who said, "I'm not doing any interview for trading stamps," and walked away.

Patients Warned Against Fake Cancer Cures

Many millions of dollars are spent annually by Americans on unproven or worthless medical remedies and "cures," Dr. Albert Zippert, member of the Medical Advisory Committee of the Cuyahoga Unit, American Cancer Society, stated.

"A considerable part of this money is wasted by individuals," he continued, "on alleged cancer cures which have no effect on the cancer."

"WORSE than the money squandered," Dr. Zippert pointed out, "is time lost in seeking proper treatment which could truly save the patient's life." Because cancer begins as a cell which grows wildly and eventually spreads via the lymph glands and blood stream to other parts of the body, he explained, it is of paramount importance that once it is detected, the patient begin proper treatment at the earliest opportunity.

Asked how the public can be alerted to a worthless method of cancer treatment, the doctor offered six signs and characteristics which are shared by many of the proponents of such methods, from the least educated to the apparently brilliant.

These were: 1) he offers a cancer treatment available only from himself; 2) the treatment bears his own name, or is offered in the name of his private research organization whose other members are not lis-

ted; 3) he claims he is being persecuted by the "medical trust" or sabotaged by the medical profession; 4) he uses testimonials or letters from patients in support of his treatment; 5) his "cured" patients and greatest supporters have only his word for it that they had cancer when they came to him; 6) he refuses or discourages consultations with specialists in the medical profession.

"One or more of these traits," Dr. Zippert states, "should put one immediately on the alert. The Cuyahoga Unit of the American Cancer Society or the county medical society can provide helpful guidance in such cases."
