NAŠA MLADINA

Naša republika, imenovana Zedinjene države Amerike, meri s prištetem Alasko 3,611,833 kvadratnih milij, torej samo nekoliko manj kot vsa Evropa, ki meri 3,750,000 kvadratnih milij. Po svoji velikosti, bogastvu in vsestranskem razvoju spada ta republika med najvplivnejše države sveta.

Ljudstvo Zedinjenih držav ali, kakor navadno pravimo, ameriško ljudstvo, je zlitina skoro vseh narodov sveta. Tu žive pomešani naseljenci in potomci naseljecev vseh evropskih narodov, poleg domačinov Indijancev in priseljencev oziroma potomcev naselnikov iz drugih delov sveta. Vsi se smatrajo in čutijo za Američane, dasi korenine vseh, razen Indijancev, segajo v druge dele sveta; vsem je prva Amerika.

To je logično in pravilno, kajti brez tega bi ta republika ne mogla nikdar biti to, kar je. Pri tem pa se pošteni Američani nikdar ne sramujejo svojega porekla, to je naroda, iz katerega so izšli. Tako se na primer predsednik Roosevelt nikoli ne sramuje priznati, da je hollandskega rodu, senator La Follette se ne sramuje, da je potomec francoskih hugenotov, itd. Skoro vsak narod je že dan teželi odlične može.

Pri potomcih starejših naseljencev stopa seveda zavest izvora vedno bolj v ozadje. Pri potomcih novejših priseljencev pa je ta zavest nekoliko bolj živa, posebno pri tistih, pri katerih je še kolikor toliko v rabi prvotni jezik. Med te primeroma mlade priseljence spadamo tudi Slovenci oziroma Jugoslaviani. Prva generacija naših rojenih mladih se pričenja v tej deželi še uveljavljati. In uveljavlja se na vseh poljih: v umetnosti, v znanosti, v trgovini in industriji, v politiki itd. Proporčno z našim številom smo častno zastopani povsod. In z zadoščenjem lahko poudarimo, da se nam v splošnem ni treba sramovati te naše mladine.

Naša tu rojena mladina je vredna svojih očetov in mater in nam v splošnem ne dela sramote. V resnicu je mnogo boljša, kakor so včasih prerokovali nekateri črnogledi. Dandanes tudi vsa ta mladina ve, odkod prihaja njeni starši, da so Slovenci ali Jugoslaviani, in se ne sramuje tega priznati. Pred tridesetimi leti je bilo drugače. Takrat tej mladini niso mogli s prstom na zemljevidu pokazati Jugoslavije ali Slovenije, ker Slovenija je bila takrat v okviru stare Avstrije, ki se je na zunaj predstavljala kot nemška država, v svojih mejah pa je imela kak ducat različnih narodnosti. Avstrijskega jezika in avstrijske narodnosti torej ni bilo in ni moglo biti.

Zanimivo je razmišljati in primerjati, koliko bliže nam je danes naša tu rojena mladina kot nam je bila pred 30 leti, koliko bolj naša je. Seveda ne moremo pričakovati od nje, da bi se šovinistično navduševala za Jugoslavijo, ker ta mladina je v prvi vrsti v stoprocentno ameriška. Kljub temu pa spoznaje naš jezik in simpatično omenja domovino svojih staršev, Jugoslavijo. Morada ne obvlada slovenskega jezika ali ga obvlada le za silo, toda rada je v naši družbi in spoštljivo gleda na razne naše ustanove. Posebno naše najvažnejše gospodarske ustanove, slovenske podporne organizacije, ji postajajo vedno bližje. Polagoma spoznava, da so te podporne organizacije dobre in poštene in da so dragocena dediščina, ki bo v doglednem času pripadla njej v vodstvo in upravo.

Iz navedenega sledi, da je dandanes za nas največje važnosti, da našo tu rojeno mladino seznamimo z našimi podpornimi organizacijami in da jo vpišemo vanje. In začetek tega je pri mladinskem oddelku. Z močnim mladinskim oddelkom zagotovimo dobro rezervo za oddrasli oddelek organizacije, poleg tega pa mladino najbolj gotovo navežemo našo na vse, kar je našega v tej deželi. Mladinska kampanja, katero je nedavno vodila J. S. K. Jednota, je bila dober korak v tej smeri. In posudariti je treba, da to ni bila nikaka konkurenca drugim našim organizacijam. Še je mnogo mladine, katere mesto je v naših organizacijah, če nečemo, da jo poberejo tuge zavarovalne družbe. Dokler bo pri kateri koli naši organizaciji, bo kolikor toliko naša. In mi hočemo, da ostane naša vsaj po duhu, da prevzame vodstvo in upravo tega, kar smo mi zgradili, ko se mi starejši umaknemo s pozorišča. Saj smo te organizacije gradili ne samo za nas, ampak tudi za našo mladino.

Elske in drugi člani JSKJ, ki bodo želeli slediti poteku in aktivnostim mladinske konvencije, naj izvolijo gori objavljeni program upoštevati.

Ameriški časopisi poročajo, da se v Jugoslaviji pričenja ali da se je pričela verska vojna. Iz zgodovine je znano, da so bile verske vojne vedno najbolj srditne in krvave, in, če je to namejeno Jugoslaviji, zasluži dežela naše odkritosrčne simpatije.

Oni dan mi je prišel v roke dnevnika, ki je nosil datum 16. junija 1937, namesto 16. julija 1937. Novice pa so bile datirane pravilno, namreč točno en mesec naprej. To kaže, da je bila tisti dan v gotovem mestu res huda vročina. Obenem pa kaže, koliko razlike včasih napravi ena sama črka.

Med evropskimi diplomati so na dnevnem redu govor o miru in o večnem prijateljstvu. Istočasno pa mučnijske tovarne vseh evropskih dežel obratujejo s polno paro. Menda mislijo streljati v počast miru in prijateljstvu!

tev. Morda se je Roosevelt na tihem smerjal hudi ihti in napadnju zaradi njegove zahteve, ker je videl, da je indirektno dosegel priljubo tisto, kar je zahvaloval direktno. Mož je star maček v politiki in ve, kako je mogoče izvabiti mišjake iz luknenj.

HUDA ŽEJA

V preteklem fiskalnem letu, ki je bilo zaključeno 30. junija, so Američani popili skor 88 milijonov galon žganih pijač in nad 205 milijonov galon piva. To so številke federalnih davčnih oblasti. Vsekakor pa je verjetno, da so Američani tekmo prohibicije popili več in slabših pijač, katerih dobiček so spravili butlegerji. Dandanes so davki na opojne pijače ogromen vir dohodkov za federalno in državne vlade in za uprave raznih mest.

MARCONI UMRL

V Rimu je dne 20. julija umrl Guglielmo Marconi, iznaditelj brezžičnega brzojava. Seveda so za izpopolnitve brezžičnega brzojava in radio oddajanja prispevali tudi drugi znanstveniki, toda Marconi je prvo mesto pri tej važni iznajdbi. Umrl je za srčno hibo, star 63 let. Zanimivo je, da je bil Marconi po očetu italijanskega, po materi pa angleško-irskega pokolenja. Tudi njegova prva žena, od katere je bil cerkveno ločen, je bila Irka.

ZLATA NAJDVA

Kakor je bilo že poročano so nedavno trije prospektorji našli v provinci Chiriqui v republiki Panami opuščen rov in v istem več velikih komadov očiščenega zlata, ki so ga tam pustili španski zavojevalci pred približno 200 leti. Kos iz zlata so opremili s španskimi znaki. Nadaljnja poročilajavajo, da je najdenega zlata približno 6000 funtov, kar predstavlja vrednost treh milijonov dolarjev. Vlada je najdbo zastražila in jo bo pod stražo odpremila v glavno mesto. Srečni najditelj bodo po postavki republike Paname deležni polovice vrednosti najdenega zlata. Glasom najnovejših poročil pa je najdeno zlato izginilo!

PROTESTNO ZBOROVANJE

V četrtek 29. julija ob 7. uri zvezcer se bo na Public Square v Clevelandu, O., vršilo veliko protestno zborovanje proti vsem silam, ki so se strnile, da zlomijo stavke jezarjev, pletilnicarjev in delavcev v drugih industrijah. Zborovanje je bilo sklicano od vrste unij. Glavni govorniki na zborovanju bodo: Homer Martin iz Detroit, predsednik United Automobile Workers of America; Heywood Broun, znanji novinar iz New Yorka in predsednik American Newspaper Guilda; Leo Krzycki, podpredsednik unije oblačilnih delavcev, in en uradnik od Steel Workers Organizing Committee.

VERSKA VOJNA V JUGOSLAVIJI

Zadnje dni so ameriški listi prinašali zelo vznemirljive vesti iz Jugoslavije. Vlada je zahtevala od Narodne skupščine, da potrdi konkordat, ki je bil sklenjen med Jugoslavijo in Vatikanom.

Pravoslavne cerkvene oblasti temu na vso moč nasprotujejo, češ, da konkordat daje preveč pravic katoličanom, na škodo drugih veroizpovedi. Ko so se v skupščini vrstile tozadne debate, so pravoslavni verniki aranžirali demonstracije in javne procesije. Zvonovi v pravoslavnih cerkvah so zvonili noč in dan. Sledili so pretepi s policijo in številne aretacije. Nekti pravoslavni škofi je bil pri tem tako pretepen, da so ga morali odpeljati v bolnišnico. Tudi v skupščini je nastal pretep. Vlada je končno izsiliла sprejem konkordata v poslanski zborovni skup-

Current Thought

That Train Ride

With the record breaking juvenile convention now a matter of history our thoughts turn to the coming juvenile convention proper.

Needless to say, our junior representatives are eagerly waiting for the appointed day when they shall start the long awaited journey to Ely, Minnesota, in the company of their guardians, members of the supreme board and supreme judiciary committees.

What happy thoughts go through the minds of our junior elected delegates — the happy hour of awakening of the day on which they shall leave on the train, the train ride, watching sights en route, passing through other cities, towns and villages — small wonder then that they are very excited over the entire venture.

Do you remember the first train ride? The writer does. And he shall never forget the thrills, excitement, anticipation, and the entire gamut of conglomeration of what to expect and the unexpected, passing by in rapid fire procession. And to this day the memory lingers over association of the train whistle beckoning the passengers to come aboard, the shrill steam escaping from the locomotives, and the sight of the massive locomotive wheels, spreading pleasant terror and unadulterated happiness of anticipation.

And during the four-hour trip, not for one minute did the writer, still in his young teens, even think of sitting down to watch the scenery go by. No sir! Every car on the train had to be examined, every cooler of ice was sampled, and every door opened much to the chagrin and annoyance of the passenger crew.

Those juvenile delegates who shall take a train ride for the first time may be of a philosophical mind and conclude that by looking through the windows they shall learn just as much as by continually annoying the passenger crew, much as the writer did. But it was fun and never to be forgotten.

Small wonder then that the underlying juvenile convention campaign idea — a trip by rail through several states — received such an unprecedented spirited response in the annals of the SSCU.

We must keep in mind that our SSCU employed the technique in its efforts to expand, and results in the form of 2908 new members are the best illustration of the proof of the pudding is in the eating."

Can you picture yourself years back, when a trip varying between 50 and 1000 miles, or even more, each way, was yours for the taking? Our junior delegates face such a pleasant undertaking.

In looking over the list of elected delegates, the reader will find that a mixture of nationalities comprise the qualified representatives. Not only are there Slovaks, Croats and Serbs, but Italian and Irish as well. The results are not nearly as strange as one would suppose. Although our Union consists of principally Slovaks, the SSCU by-laws and constitution specifically state that any individual of the caucasian race is eligible for candidacy and ultimate membership.

Calumet's Delegate

Expresses Thanks

Joliet, Ill. — I am writing a few lines of thanks and appreciation to all those who have helped me so whole-heartedly to reach my goal and the opportunity to travel to Ely, Minnesota. My first thanks go to the two very good friends of my mother and father. They are Mr. John Jevitz, Sr., and Mr. Adamich, both of whom have worked hard to help me. Also, my mother and father for their aid. I am very proud to be a delegate from lodge No. 66, SSCU of Joliet. I know that I will remember this trip a long time and for many years to come. Again I say, thanks to all, from the bottom of my heart.

No Loss To Mandy

"Mandy," said the dusky woman's mistress, "I've heard about your hard luck. And I'm terribly sorry."

"Deed, ma'am, Ah ain't had no hahd luck."

"But your husband — wasn't he killed in an accident yesterday?"

"Oh, yas'm; but dat's his hahd luck, not mine." — Typing Tips.

Peter Strucel

Representing lodge No. 9 of Calumet, Mich., will be delegate Peter Strucel who qualified for the second juvenile convention. Peter is very grateful to his secretary Matt Strauss for his assistance in reaching the goal. The delegation is still very much in evidence in Michigan, according to Peter Strucel, a factor that made it somewhat hard to secure new members. Peter is the brother of Mary, delegate, and both will be in attendance at the juvenile convention.

Three Lodges To Hold Joint Picnic

Trinidad, Colo. — Three lodges, namely No. 84 of Trinidad, No. 118 of Cokedale and No. 140 of Morley, all SSCU branches, will hold a joint dance on Saturday, July 31st. The dance will be held in the new hall situated in Starkville, Colo., and will begin at 7 p. m. Admission will be 50 cents a person. Members of all neighboring lodges and friends are cordially invited to attend this dance.

A New Idea

The clerk at the office for registry of births, marriages, and deaths was new to his job and not very well acquainted with the customary procedure. He was also slightly deaf.

"I want a certificate—" began the caller.

"What name?" asked the clerk.

"New—Thomas New."

Pardon me, I didn't quite catch it."

"I'm New. New to you! New to everybody! New to the world!"

"What you want is a birth certificate," said the clerk, absentmindedly.

Kablegram.

"Now," said the amateur magician, "if any gentleman in the audience has an egg I'll show a really marvelous trick." And the reply came back: "Don't be silly, if there was an egg in the house you would have had it long ago."

The Proper Procedure

In a certain western town a beautiful chorus girl sued a rich banker for breach of promise and was awarded ten thousand dollars. Shortly after leaving the court she was hit by a street car and had eight ribs broken. The same judge awarded her eight dollars.

Moral: Never play with a woman's heart—kick her in the ribs.

From Meadowlands

Mary A. Milavec

Representing the SSCU's newest branch will be delegate Mary A. Milavec, member of lodge No. 232 of Meadowlands, Pa. This lodge is an English-conducted group and was organized during the juvenile convention campaign. Andrew Milavec, supreme trustee, was instrumental in organizing the latest SSCU branch. He is the brother of Mary, delegate, and both will be in attendance at the juvenile convention.

BRIEFS

DUE TO A DELAY IN MAILED, Robert Watt was omitted from the list of juvenile delegates who qualified for representation at the second juvenile convention. Robert is the son of Eugene Watts, member of lodge No. 40, of Claridge, Pa., and he will travel in the company of the Pennsylvania delegation under the guidance of Frank Mikec, supreme judiciary. The list of total delegates thus has been increased to 86, with the addition of Robert Watts.

Inter-Lodge Olympiad, sponsored by SDZ of Cleveland, will be held Labor Day, September 6, at Pintar's Grove. All members of Jugoslav fraternal organizations are invited to enter the various track events. There will be two divisions: Men's and women's. All SSCU members interested in the Olympiad as participants are requested to write to the Nova Doba, 6233 St. Clair Ave.

The regular semi-annual meeting of our SSCU supreme board will begin August 2, at the home office in Ely, Minnesota. Revision and audit of books and records shall have been completed by the time the first session is scheduled to commence. The final session is expected to be concluded by the time the 86 juvenile delegates arrive in Ely on Thursday, August 6, to attend the second biennial juvenile convention.

A Mammoth picnic, sponsored by SSCU lodges of Ely, Minnesota, will be held Sunday, August 9th, at Sandy Point. This picnic will wind up the entertainment arranged for the juvenile delegates in session at the second juvenile convention. Members of Ely lodges, supreme officers, delegates, Ely drum and bugle corps, and others, will form the parade which will start in front of the home office building and continue to Sandy Point.

All contributing articles intended to appear in the August 11th issue should be forwarded to the Nova Doba office in time to be included in the August 4th edition. The regular August 11th edition will be suspended in order to allow the editorial staff a one week's vacation, the arrangement being in line with the permission granted by the 15th quadrennial SSCU convention.

Chaser: "Give me your telephone number, Gretchen dear." German Girl: "9999."

Chaser: "All right. Then don't."

TO ELY DELEGATES

Ely, Minn. — Two years ago, during the first juvenile convention, many felt that they were not allowed to attend the convention sessions. This year we want to make this clear. We want as many as possible to attend the sessions to be held on Friday and Saturday mornings. More color will be added to the convention if the hall is filled to the brim. So please attend!

Also, all juvenile members in Ely are requested to turn out for the parade on Sunday, August 8. Little Stan asks you all to please be there!

Little Stan

Introducing the SSCU Juvenile Convention Program

By LITTLE STAN, Juvenile Convention Campaign Director

Ely, Minn. — While 86 anxious young juvenile delegates to the Second National Juvenile convention could scarcely wait until the last week rolls by, Little Stan stopped in the Home Office. There he conversed with Supreme Secretary Anton Zbasnik for several minutes. When all was finished, Little Stan's little blue book was filled with interesting notes—combined into a story, introduces plan of procedure for the convention, and all the entertainment.

Friday, August 6

Delegates will awake bright and early, wash that sleep from their eyes, have breakfast, and scurry to the Washington auditorium, where they will be on time for the opening of the first session of the Second Juvenile Convention at 9 a. m.

Paul Bartel, supreme president, will officially open the convention. Following President Bartel's opening address, a selection, "The Star Spangled Banner," will be sung by the entire assemblage. Next will be introduction of temporary chairman, Anton Zbasnik. Mayor Jack Pelesh will give a welcoming address. Response will be given by Supreme Trustee, Frank E. Vrachichar.

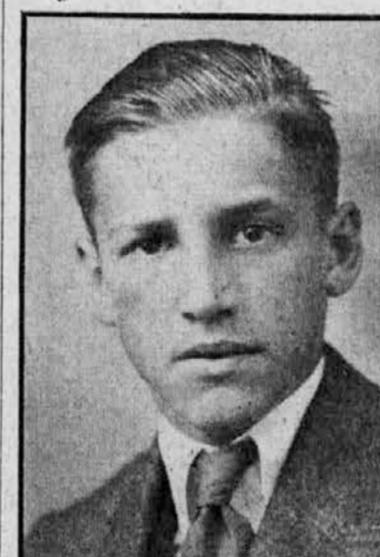

Introducing of Stanley Pechaver (Little Stan, to you) national campaign director will follow. Next, introduction of Supreme Officers. Telegrams will be read also.

Then we all get down to business. Election of a convention chairman and four vice-chairmen will be held. This is followed by the inauguration of a permanent convention chairman.

Election of convention secretary, and four convention recording secretaries is next on the program. This will be followed by appointment of a committee on credentials. After this is done, appointment of resolutions, publicity, social functions, and other convention committees will follow. Next in line is appointment of a sergeant-at-arms.

After the delegates are refreshed, they will all assemble at the Home Office for the purpose of registration. The time: 3 p. m. Immediately after registration, pictures of all delegates will be taken, weather permitting. Following the "picture-taking," all delegates will meet in the Washington school auditorium.

Chisholm's Delegate

Frank Ambrozich

"I am very glad to have become a delegate to the second national juvenile convention," writes Frank Ambrozich who winds up his comment with "do it like Little Stan does, keep plugging." Frank is the third delegate to qualify from lodge No. 30 of Chisholm, Minnesota and he gives full credit for enrollment of new members to his father who secured enough new members to qualify three delegates.

Arriving at the Forest Hotel, supper will be served and delegates can relax, only momentarily however. Because at 7 p. m., they must be at the Washington school auditorium where they can relax and watch the antics of Troop 174, Boy Scout Minstrels, who will portray the delegates and supreme officers of the Union. The show will be different, with humorous jokes, interspersed with song and dance numbers. In the show are featured Slovene boys, who will slay you with their joyful capers and fun.

Saturday, August 7

After a refreshing breakfast, delegates will again assemble at the Washington auditorium for the final convention session. The program will open with the entire group singing the ever-patriotic, "Star Spangled Banner." At 9 a. m., the convention will formally open with the permanent chairman calling the second convention session to order. Roll call will follow. Then reading of the minutes of the first session.

Reports of committee on credentials; committee reports on resolutions, publicity, social functions, and other committees will follow. Discussions and remarks will be next on the program, for the benefit of the juvenile order. Election of an eventful permanent committee will be next in line.

More music. Selections will be played by the convention orchestra. Singing of the Slovene hymn, "Hej Slovensci," by the entire assembly will be next. Then, remarks, and your Little Stanley will deliver the closing address. Adjournment will follow at noon.

After a hearty meal, delegates will again assemble at the Home Office and prepare for a sight-

From Joliet

Joseph Pirc

Among the six Joliet, Ill., delegates will be Joseph Pirc, member of lodge No. 66, who will have plenty of company on his trip to Ely, Minn., next month. Joseph is the son of former lodge 66 secretary who held this post for some five years. Delegate Pirc hopes to meet a lot of new friends at the Convention. He attends Joliet Township high school and is entered in the junior year.

From Lodge No. 1

Members of lodge No. 1 are hereby notified that the next regular meeting shall be held Tuesday, August 10, 1937 instead of Sunday, August 8, due to the mammoth activities planned by the Juvenile convention committee, on that date. The meeting shall be held at 7:30 in the evening and a large attendance is expected.

Talking of the juvenile convention which shall formally start August 6th, one can hardly find words to express the great undertaking to the satisfaction of the imagination, for it really and truly shall be the greatest juvenile convention on record. Never in the history of our beloved SSCU has any drive by our organization received such wonderful results. Almost 3,000 new members added to our rolls in the short space of only 3 months. To those that have struggled to attain the required number of members to have their lodges represented at the greatest juvenile convention on record, goes the honor of doing their share in this drive and they shall not be unrewarded, for they shall have the time of their lives at this great outing, in this big little city of Ely, the tourist ground of millions. 86 young and eager juveniles will remember this convention as long as they will live. I am sure that all the juveniles will not only talk of what they have seen at this outing given by their SSCU, but shall try to get as many others to join our organization as they possibly can, in the future, for they shall feel grateful to the organization that has made it possible to see the great vacation center of these United States. No other organization has ever done as much for their own members. We must bear in mind that this involves a great expense, and only by striving all we possibly can to not only keep those that have been enrolled, but to try to get as many additional members whenever we can, for this is the only way that future juvenile conventions can be assured. The result is good, let us keep it so.

The convention committees are working very hard to make this the outstanding event in the annals of the city of Ely, and the SSCU. They are doing everything that can possibly be done to make this event the greatest in the minds of the juveniles that they have had occasion to participate in or perhaps ever

Robert Watt

The eighty-sixth delegate to the second juvenile convention, in the person of Robert Watt, experienced some hesitating excitement when the necessary credentials qualifying him as delegate were delayed in the mails and did not reach the Home Office until late in the campaign. Robert is the son of Eugene Watt, advisor to the miners of the United Mine Workers situated in and around the section of Claridge, Pa. Both are members of lodge No. 40, of Claridge.

Life-Giving Substance For the Young Babies

By Dr. J. J. Folin
Member No. 44, SSCU

Barberton, O. — The first known vitamin is a fat soluble or vitamin A. It is found in cod liver oil, in certain internal organs, in the fat of milk (butter fat) and the yolk of egg. Other animal fats contain little, if any.

It is not present in vegetable fats but is contained in certain leafy vegetables, yeast, orange juice and other fruits. A lack of this vitamin in the baby has a tendency to reduce the appetite, the weight and to produce inflammation of the nerves causing the child to be helpless in attempting to walk. Later this same lack of vitamin produces diarrhea and hemorrhage, the skin becomes dry, soft and the hair fall out. There is certain evidence which proves that hemorrhages of woman during childbirth are probably due to a deficiency of vitamins B, F and G in the diet.

Dairy products are rich in vitamins B, F and G, as are many of the vegetables, fruits and the wheat germ found in whole wheat flour.

Vitamin C is present in all citrus fruits, but most abundantly and conveniently in the orange. Tomatoes contain it in sufficient quantities to be of use as a substitute, while a considerable amount is found in the yellow turnip and cabbage, all green vegetables, and potatoes as for older children. Milk contains a

small quantity but this is dependent on the food of the mother or cow. A lack of this vitamin C in the diet produces scurvy, now rare, but occurs if one goes on a long sea voyage of several months on which the supply of fruit and vegetables is exhausted, or completely abstains from fruits and vegetables for several months. Unless scurvy is treated immediately by fruits and vegetables many of them will die. Scurvy was common up to a few years ago among certain class of infants and was caused by the mother boiling its milk and only feeding this type of milk. The disease produced terrific pains on the movements of any or all joints, with a tendency to hemorrhages along bones and margins of the teeth. Today there is considerable evidence proving that some tooth decay and so-called rheumatism or growing pains in children is caused by a deficiency of this vitamin C. Just a few teaspoons daily of orange juice or tomato juice, well diluted with boiled and cooled water may be safely given in the food, between feedings in place of plain water.

Vitamin D has been known for a long time that cod-liver oil was effective in the prevention and cure of rickets. Vitamin D promotes the deposition of calcium and probably also the retention of phosphorus in the bones. Among the natural foods, liver and egg yolk are probably the richest sources of vitamin D. Cod liver oil is one of the best known sources of combined vitamin A and D. Children from birth to 2 years of age should have some cod liver oil daily, except when taking sun baths, and children under one year of age should have it then also.

It has long been known that absence of direct sun-light was intimately associated with development of rickets, and that certain rays of the sun spectrum are capable, to a certain extent, of preventing and curing the acute manifestations of the disease. The sun's rays act on a certain substance in the skin, called ergosterol, producing vitamin D which is absorbed into the blood stream. Vitamin D is said now to be produced artificially by the action of ultra-violet rays in this substance called ergosterol and may be substituted for cod liver oil in certain cases but I feel that it can replace the best quality of cod-liver oil.

That these vitamins are of vast importance in relation to metabolism and body economy, there can be no doubt. That they influence growth in the young is generally accepted, though in this respect some are more potent than others.

From what has been said of all food elements it will be apparent that a well balanced diet, not only for the young but for the grownups consists of milk, eggs, leafy vegetables and fruits.

seeing trip through Ely, around various lakes, ending at White Iron Beach. There, delegates will frolic throughout the afternoon. Refreshments will be served, plus a little luncheon. Back in town after supper, delegates will have the evening to themselves.

Sunday, August 8

Sunday morning will be pleasant for the juveniles. They can do what they wish until 1 p. m., when they must be at the Home Office in preparation for the final lap of the convention—the Convention picnic.

Members of the juvenile department residing in Ely are all urged to be on hand for the big parade. The Ely Junior Band will lead, with the flashy Ely Drum and Bugle corps bringing up the rear. In between, we will have delegates, members of Ely's juvenile membership, and supreme officers, and other lodges. The parade begins from the Home Office, concludes at the depot, from where buses will transport the group to Sandy Point—the picnic grounds.

At the grounds, a short opening address will be made by Anton Zbasnik, supreme secretary. Short talks will be given by Supreme Officers, and your Little Stanley. Next will be the introduction and remarks by the delegates over the "mike." At various intervals, the Ely Municipal band will play several selections. Following the program, the picnic will dissolve into a free-for-all affair for everyone. Dancing will be in the pavilion to music furnished by Frankie Kronar's toe-teasers.

Monday, August 9

Delegates will assemble in the Home Office for the purpose of receiving expense checks. They will scurry hither, thither and yon, seeking those last minute souvenirs, saying farewell to all their new acquaintances, packing up, and making ready for the return trip back home!

At 2 p. m.—the whistle of the train will apparently be the saddest part of the convention. It will herald the final farewell to everyone... until next time.

Remarks by Little Stan

Delegates! follow directions closely, and you will have no trouble at all in making connections. Little Stan will be in Duluth, and will ride all the way to Ely with you. Puzzle: Will you recognize him? Heh! Heh! and so until Thursday morning, Little Stan will say "toot-atoot!"—real railroad-minded, you know!

Frank Mikec

When the train leaves Finleyville, Pa. for Pittsburgh, where the Pennsylvania juvenile delegation will assemble for the trip to Ely, it will have on board Frank Mikec pictured above.

Delegate Frank takes this opportunity to thank all the members of lodge No. 148 who helped him reach his goal, especially Frank Pernishek, lodge president. Frank is the son of Anton Mikec, secretary of lodge 148.

Continuation

The podpolkovnik returns with his staff and is happy to find us maintaining our ground so staunchly. He praises us warmly for all we have done and especially for our foresight in changing posts. At this point he recollects himself of his flagons and instructs an ordinance to retrieve them. "It's no use your sending the man," I hastily interpose, "we three were the last to leave the kaverna and just as we got out it caved in." The loss is a severe blow to him and he rages at the Italians.

He is a curious fellow, this eccentric old French graf, and a miser too. But he has good qualities and these offset the bad. He is honest and just and his humility rises from a nature genuinely humble. He carries his own knapsack, mends his own clothes and brews his own tea. He has two servants at his disposal but he leaves them behind in the rear with the baggage train, for as he says it would be a pity if they too were killed since they have a family at home. He exchanges his Memfisovs for our Ogrske remarking that they suit him better and that he does not feel justified in smoking expensive cigarettes. He is loquacious with his men and observes us through small childish eyes. His conversation I have found frivolous and irrelevant and charged with such giddy twaddle at times that it was difficult to keep a straight face. In his quiet solemn manner he persists in telling us that he understands and speaks French better than German.

We wonder if he thinks to surprise us with the information that he speaks his own language better than any other. He talks a great deal to himself and most of it we cannot follow just as we cannot follow the enigmatic game of solitaire he amuses himself with. Often he may be found kneeling beside his cot praying in loud whispers and interspersing his prayers with fervent kissing of his scapular. He is up with the first sign of dawn and if he falls in with anyone, be that person what he may, he is first to make overtures of conversation. He is as pleasant as one possibly can be and makes heroic efforts to speak Slovene. His vocabulary is a conglomeration of everything... Polish, German, French and Slovene. If he sees a misunderstanding between officers and men he invariably takes the part of the latter. During heavy bombardment his soul turns to water and he dares not venture even to the latrine.

Later this night the Italians attack for the third time, concentrating on our central line of defense which is made up of the 2nd, 4th, 9th and 11th companies. The night is lit up with the green baleful glow of Bengal fire and into this sea of color and rockets spill a stream of red corrosive flame. Some time before a shell blew a great hole at the foot of the almost perpendicular mountain wall.

The results of the juvenile convention campaign indicate that the SSCU has possibilities among the called American class. Too many of us are obsessed with the idea that the SSCU, or any other Jugoslav fraternal organization can, and will lead the procession among the American leaders in the matter of service, protection and response.

Ob pričetku poslovanja se ga je gledalo, kakor malo šibko de te, nad katerim se je dvomilo, da li bo ostalo pri življenju ali ne. Ko se je pa postavilo na no ge, da je pričelo črsto hoditi, tedaj je tudi yes dvom odpadel na kakšen prerni pogreb. Društvo je nepričakovano lepo rast-

Ravno sedaj imamo precejšnjo vsoto denarja na razpolago. Ako kateri želi dobiti posilo pri nas, ga lahko dobi, ako nam da zadostne pogoje. Ravno takoj zamorejo dobiti svoj denar tudi oni, ki ga imajo shranjeno pri nas.

Kateremu se pa nikakor ni mogoče seje udeležiti, je pa prošen, da podpiše poslano mu povabilstvo, ter ga izroči kateremu odborniku ali pa kakšnemu drugemu delničarju, kì se bode seje udeležil.

Potrebno je, da se delničarji seje udeležijo, pa bodisi osebno, ali potom pooblastila, da se zmore seja vršiti. Pooblastila so bila vsem po pošti poslana na naši vabili, toda pričakujemo, da se bosta omenjena odzvala. Na programu bodo tudi pevske in glasbene točke, tako da bo isti zanimiv za stare in mlade.

Po omenjenem programu se bo vršil športni program pod vodstvom L. Mihelčiča. Na tem programu bo več tekem in kontestov. Ponovljen bo tudi "Hammer & Drill" kontest med rudarji iz Calumeta in med rudarji iz South Range. Take vrste konteste smo pred leti večkrat vodili ob priljaku proslav 4. julija. Zadnje čase so bile take tekme močno opuščene, dasi so jih ljudje vedno radi gledali.

S pota. — Mesto Ely v Minnesota je danes čedno in priljeno veliko mesto, leta 1893 pa je bilo le nekaj raztrganih bajt in le par hiš, ki so deloma sličile sedanjim. Te vrstice pšem v lepem mestnem parku v senci cvetecih lip, ki me spominjajo one Vilharjeve: "Lipa zelenela je tam v dišečem gaju, s cvetjem me posipala, djal sem, da sem v raju." Kjer je zdaj lepi park, je bilo videti pred leti le skalovje, ki se je menjaval z mlakužami. Pred 44 leti je bila tam divjina, v kateri so se skrivali srne, musi in druga zverjad. Indijanci in Indijanke so nam prisnali ribe in srnje ter musovo meso. Indijanci sicer še vedno živijo tu v severni Minnesota, toda umaknjeni so daleč od Elyja. Ko hodim okoli jezer, še vidim tu in tam kraje, kjer so pred leti bivali Indijanci. Pred leti sem viden tam sveže indijanske grobove, ker Indijanci so imeli na vado pokopavati svoje umrle kar poleg svojih bivališč. Na grobovih je bilo tu in tam opaziti pipe za kadite, tobak ali razne druge indijanske izdelke in pridelke. Verjeli so, da mrtvi včasih pridejo nazaj in jim takrat prav pridejo reči, katere so imeli radi v življenju. Pri tem se z obžalovanjem domislim, kaj vse bi se bilo lahko ohranilo v spomin na nekdanje čase, pa se ni. Med prvimi naseljeniki v tem kraju je bil zdaj že pokojni Frank Lozar, ki je pred par leti v visoki starosti umrl. O njem imam nekaj zapiskov, katere ob priliku objavim.

Kakšna izpremembra od leta 1893 naprej! Vendar je Minnesota tudi zdaj lepa, morda lepša kot je bila nekdaj. To bodo najbrž opazili tudi mladinski dele-

Zadnje čase so bile take tekme močno opuščene, dasi so jih ljudje vedno radi gledali. Kako je tukajšnjim rojakom znano, smo skušali kupiti in napraviti slovenski narodni park, ki bi odgovarjal vsem rojakom v tej okolici za razne prireditve, toda za enkrat stvar ni izvedljiva. Našli smo prostor, ki bi odgovarjal našim zahtevam, in našlo se je okrog sto rojakov, ki so bili pripravljeni pomagati, s tem, da bi kupili delnice, vendar od drugih ni bilo zadostnega zanimanja, torej je stvar propadla vsaj za sedaj. Razočaran pa kljub temu nismo bili dosti, saj skor vsak ve, kako težko je pridobiti naše ljudi za kakšno skupno delo ali podjetje.

Vsekakor pa bomo skušali napraviti nekaj skupnega v nedeljo 1. avgusta. Ker je ženin prišel iz sosedne države Oregon na ženino imenitno zvezdino zborovanje, ki je bil z malim popravkom sprejet.

Nedaleč od Elyja je najti mnogo lepih poletnih bivališč ali vil, kamor prihajajo na oddih letoviščarji iz vse Amerike. Zakaj bi pa pač potili v razbeljenih mestih, če imajo čas in finance,

da si lahko vzamejo počitnice ob hladnih minnesotskih jezerih v senci temnih smrek in belih brez!

Pred kratkim se je v Enumclawu, Wash., poročila rojakinja Polajnar z rojakom Seknetom iz Oregon City-a, Oregon.

Slavic Farmers and Citizen Club of King County jima je pridobil fino surprise party. Bilo je zelo veselo in celo ples z blazino je prišel na vrsto in podpisani poročevalec je bil toliko srečen, da je dobil metlo. Naj bo; saj je tudi metla potrebnar.

KAM NA POČITNICE

(Nadaljevanje s 1. strani)

kljub temu lepa, zanimiva in poučna. Za malo splošno vstopnino je mogoče tam mnogo videti. Sama razstava raznih departmentov zvezne vlade (U. S. Government Exhibits) je vredna tiste vstopnine. Nešteto knjig bi moral človek pregledati, pa še ne bi dobil tolikega splošnega pojma o poslovjanju raznih delov federalne vlade, kot tu vidi tako rekoč igraje.

Slovenci, ki to poletje prihajajo na obisk v Cleveland, naj ne bi zamudili si ogledati Velikozemeljski razstav. Pa tudi clevelandskim rojakom ne bo žal, če vsaj en dan svojih počitnic potražijo na tej razstavi.

Ta dežela ima tudi mnogo narodnih parkov skoro v vseh svojih delih. V teh parkih preživljaja svoje počitnice vsako leto milijone ljudi. Potem so taka naravna čuda kot Niagarski slapovi, podzemeljske jame s kapnikami v New Mexico in drugod, Yellowstone park itd. Severna Minnesota je poleti izredno prijazna in država Wisconsin z lepim in čistem mestom Milwaukee je tudi prikupljiva. Mnoge pennsylvanske soteske so izredno mikavne. Pa kdo bi mogel vse našteti!

Potem je naš zapad s slikoviti gorami in kenjoni, bistrimi rekami, vodopadi, puščavami, gozdi, snežniki, krasnimi sadnimi vrtovi itd. Lepih mest, kot so Denver, Colorado Springs, Manitou, Salt Lake City, Portland, Seattle, Sacramento, San Francisco, Los Angeles, Dallas, New Orleans, človek nikoli ne pozabi, če jih je enkrat videl. In koliko je drugih, nič manj zanimivih!

Kdor si zamore vzeti počitnice pozimi, bo našel dovolj lepo pod palmami Floride in Californije ali med magnolijami Arkansas in Louisiane ali med južnimi, agavami in kaktejami Arizona itd. Pacifična obala, vse od skrajnega severnega konca države Washington, preko Oregonia, do San Diego ob južnem koncu Californije, je izredno lepa in zanimiva. Kdor je ni videl vsaj en del, ni videl Amerike.

Kdor ima čas in denar za obisk Evrope, naj le gre tja, če ga veseli. Za nas vse pa bi bilo prav, da si ogledamo toliko Zedinjenih držav, kolikor nam je mogoče. Tu je najti toliko in več lepot in mikavnosti kot v vsej Evropi. In doma smo, v deželi, katero smo si prostovoljno izbrali za svojo pogajanja morali nadaljevati še precej časa pod starim občinskim odborom.

UŽITKI DIKTATORJEV

(Nadaljevanje s 1. strani)

Ruski diktator Stalin vlada 171 milijonom ljudi, ki govore 149 različnih jezikov. On ne pokuši nobene jedi ali pijače, dokler nini bila preiskana zaradi morebitnega zastrupljenja. Njegova hrana je preprosta, toda ne zametuje mesa. Najrajsi ima ribile in jagnjetino, napravljeno po načinu njegove rodne Georgije. Redno tudi piše georgijsko vino, toda ne preveč. Ljubi tudi tobak, in najrajsi vleče pipo.

Mustafa Kemal Ataturk, ki vlada nad 15,200,000 Turkov, je dober jedec in dober pivec. Za jedi ima posebnega poskuševalca, kateremu plačuje po \$15,000 letno; ako pokuševalc eno uro po pokušeni jedi ne kaže znakov zastrupljenja, je diktator prepričan, da je hrana varna tudi zanj. Mesa uživa obilno, in sicer največ jagnjetino, pripravljeno na različne načine. In kakor bi se norčeval iz zavrnjenih določ mohamedanske veri, ki so prepoovedavale uživanje opojnih pičja, si jih mož do mile volje priyšči v različnih oblikah. Pravili

jo, da izmed vseh vladarjev na svetu more Kemal "nesti" največ pijače. Po cele noči prekročiti je njemu igrača. Posebno zabavo ima s tujezemskimi diplomati, katere vabi na večerje, pri katerih se vrsti zdravica za zdravico, toliko časa, da so vsi pod mizo ali kjerkoli, samo njege se ne prime. V glavnih mestih inozemstva to vedo, zato pošiljajo v turško glavno mesto Angoro diplomate, ki zamorejo prenesti mnogo pijače, in še tiste morajo večkrat premeniti. Narodna čast se mora vzdržati, kjer je treba tudi s ptitjem. Poleg tega da turški diktator obilno je in zelo mnogo pije, tudi puši neprestano. Ima torej vse lepe turške lastnosti.

INOZEMCI ZGUBE DELO

(Nadaljevanje s 1. strani)

Znano je namreč, da mora inozemec, ki je vložil prošnjo za prvi papir, čakati precej časa, včasih pet ali šest mesecev, preden se mu izda prvi papir. Takih inozemcev naj bi se ne odpustilo od dela, ampak naj se jim da došti časa, da federalna vlada najde njihov rekord in jim izda prvi papir. Poudarjalo se je, da bo odpustitev inozemcev najbolj prizadel na njihove družine, v katerih so včasih tudi ameriški državljanji. Kongres morda čez čas ta zakon kaj izpremeni, toda za sedaj ga mora WPA oblast upoštevati takega, kakor je bil sprejet. — FLIS.

KAJ VSE SE POZABI

Že pred tedni je bila razpisana volitev občinskega odbora v Dugi Resi pri Karlovcu. Volitebi morala biti nedavno nedeljo, a ni bila izvedena iz, menda v Jugoslaviji edinega in nepričakovane razloga, ker ni bila v dolčenem roku vložena nobena kandidatna lista. Duga Resa po volilni agitaciji sicer ni zaostajala za drugimi občinami. Agitacija je bilo celo tako burna in zamotana, da so tekmeči za odborniška mesta pozabili na rok prijave kandidatne liste. Sicer pa morda roka niso zamudili iz pozabljivosti, temveč zaradi tega, ker se niso mogli pogoditi in bodo zdaj svoje prepire in svoja pogajanja morali nadaljevati še precej časa pod starim občinskim odborom.

privočim ta izlet, saj so ga oni ter njihovi starši in prijatelji pošteno zaslužili. Želim jim srečno, veselo in udobno potovanje v daljni Ely, v državo Minnesota, poleg tega pa želim, da bi se mladi delegati in delegatinje natančno spoznali z našo J. S. K. Jednoto, ki je ena najboljših med slovenskimi podpornimi organizacijami, da bi vedeli ceniti njeno vrednost, vrednost nje, ki je že marsikateri vdovi in mnogim zauščenim otročičem obrisala grena solze s točno izplačanimi smrtninami in drugimi podporami.

Naj mi bo dovoljeno na tem mestu spregovoriti še par resničnih besed, ki so velikega pomena za našo organizacijo. Namreč to, da bo prišel čas, ko ne bo več nas starih članov in sedanjih društvenih uradnikov. Prišel bo tudi čas, ko ne bo več sedanjih glavnih uradnikov, in takrat bo nastalo vprašanje, kdo naj vzame v roke vajeti naše J. S. K. Jednote. Kdo? Neoprečna resnica je, da jih bo morala vzeti v roke naša mladinka, in zdaj je čas, da se pripravljajo na to.

Bratski pozdrav vsem mladim delegatom in delegatinjam
