A hand-drawn sketch of a landscape, oriented vertically on the page. The drawing is composed of dark, expressive lines on a light-colored, textured paper. In the upper portion, there are several tall, slender trees with sparse foliage, some with more detailed branching. Below the trees, a small, simple building or structure is visible, characterized by a few rectangular outlines. The lower part of the sketch shows more horizontal lines, possibly representing a ground plane or a body of water. The overall style is gestural and sketchy, capturing the essence of a scene rather than providing a detailed rendering.

A large, stylized, handwritten letter, possibly a 'V' or 'W', is drawn in dark ink on a piece of aged, textured paper. The letter is formed by two main strokes: a downward diagonal stroke on the left and an upward diagonal stroke on the right that meets the first at the top. The paper has a visible vertical crease and a mottled, aged appearance.

A pencil sketch of a traditional Chinese building, possibly a temple or a residence. The main structure features a steeply pitched, tiled roof with a prominent ridge. The walls are rendered with vertical lines, suggesting a wooden or stone construction. To the left, there is a smaller, more ornate structure with a curved roof, possibly a pavilion or a gate. The entire drawing is executed in a simple, expressive line style on a textured, light-colored paper.

Ndi se mi, da človek,
ki ne preišljuje,
sploh ne živi.

Zato je naše delo v arhitekturi tako težko.
Povem vam, da se jaz pri svojem delu strašno mučim,
je pa hkrati to tudi nekaj lepega,
ker se človek pri tem očisti.
