

DELAVSKE VESTI Z INDUSTRIJSKE FRONTE

Pogajanja železostavbinskih delavcev v Chicagu ponesrečila. Pomožni policiji v New Orleansu piškavo plačani. Tudi tipografski delavci v tem mestu prejemajo nizko mezzo. Krusne vrste v San Franciscu postajajo dolge.

Chicago, Ill. — Pogajanja železostavbinskih delavcev s podjetniki za povišanje mezde od ure do dvanajst centov in pol so se razbila. Sedanja pogodba poteka v mesecu maju. Železostavbinski delavci se pripravljajo za stavko. Nekateri pa se vedno upajo, da se pogajanja obnowe in da se mezdno vprašanje izvrnava brez stavke.

Montreal, Kanada. — Ako vojni veterani ponesreči na delu, ko dela, tedaj plača dominijski penzijski sklad zanj odškodnino mesto podjetnika. To naznani bo pomagalo toliko, da bodo odslej podjetniki zaposlili tudi vojne veterane, katerih so se včasih branili sprejeti v delo.

New Orleans, La. — Tukaj je bilo odslovljenih petdeset policaev, da se znižajo občinski stroški. Pomožni policiji, ki jih najemajo mesto teh, prejemajo le sto dolarjev plače na mesec. Nič bi ne škodilo, aki bi občinski očetje poizkusili izhajati s sto dolari na mesec.

V tem mestu je prav malo organiziranih tipografskih delavcev. Tiskarne, v katerih tiskajo liste, so odprte delavnice. Sedanja mezo je \$84 na čedem. Lokalna organizacija tipografskih delavcev št. 17 uvažuje zdaj novo mezdno lestvico.

San Francisco, Cal. — Misijonske postaje in druge blagostanske in milotičanske agencije, ki dele kruh siromakom, so prenapolnjene. Krušne vrste postajajo dalje. To pomeni, da brezpolnost v tem mestu, ki je kročna vsako leto, ker ne delajo oni, ki se prehranjujejo z delom na morju ali ribjim lovom, postaja večja, kolikor bolj se bliža spomlad.

Washington, D. C. — Bombažne zadruge v Združenih državah so razpečale okoli osem odstotkov bombažnega pridelka v letu 1928. V zadnjih letih so zadruge veliko bolj delale na to, da izboljšajo svoje tržne ugodnosti kot da monopolizirajo trž. Upredava zadrug se je zelo izboljšala.

Nesreča na slovenski svatbi v Detroitu

Pod se je podri in svatje so padli v spodnje prostore. Dvajset ranjenih, med njimi je tudi nekaj članov SNPJ.

Detroit, Mich. — (Izvirno Prosveti.) — Velika nesreča se je pripetila v soboto 9. februarja pri F. Travniku na 11 Mile in Dequnder. Travnikarjev hči se je omožila in bilo je veliko svatanje. Povabljenih je bilo mnogo Slovencev, tako da je bilo okrog 300 svatov, največ družin: očetov, mater in otrok.

Svatje so se dobro imeli in nihče ni stutil kake nesreče. O polnoči so po običaju sneli nevesti venec z glave. Vsi svatje so se zbrali okoli mize, na kateri je bil veliki kolač. V tem higu so se udriči tla pod njimi in vsi so padli iz drugega nadstropja na ljudi v spodnjem stanovanju. Bila je grozna panika. Luči so ugasile in v temi je vsevprek vplivo, stokalo in klicalo na pot. Konec je bil, da so odpreljali v bošnjanico okoli dvajset oseb, ki so v kritičnem stanju. Med prizadetimi je mnogo članov SNPJ. Nadaljnja poročila sledi.

Stršna zima stiska
Evropo; ljudje umirajo

50 oseb zmrlzalo v Jugoslaviji in na Balkanu. Živina crka in volkovi kolijo ljudi. 40 pod ničlo na Češkem.

Dunaj, 12. feb. — Prava arktična zima, kakor da je oživila ledena doba, drži Evropo že 10 dni in noče odnehati. Od Skandinavije do Carigrada je kakor na severnem tečaju. Najbolj trpi Balkan, kjer se cele vase zakopane v zemeljih in 50 oseb je že umrlo vsled silnega mraza do 30 pod ničlo. O strašnem trpljenju poročajo iz Jugoslavije, Albanije, Bolgarije, Grške, Ogrske in Čehoslovaki. Na Dunaju ni bilo že od leta 1775 takega mraza. Na tisoče oseb je v bošnjanicah z zmrlzimi udi. Avstrijski volkovi vlada je odredila, da se postavijo vojaške kuhinje na ulicah za nasičevanje ljudi. Prejoma v živil primanjkuje.

Iz Beograda poročajo, da vlažna razpošilja v letalih živila, kocce in druge potrebštine v vasi, ki so zakovane v sneg in led. Vsi volkovi počivajo. Mesto Gradske pri Sarajevu je bilo devet dni zakopano v snegu in izolirano. Prišle so vojaške čete in naredile pot do mesta.

V Čehoslovaki so vse šole zaprte in v Pragi nimajo več premoga. V Budovicah je bilo včeraj 40 pod ničlo in zaprli so vse pivovarne. V Pavici so volkovi počrtili stiri osebe. Boj z volkovi traja po vseh deželah.

Cela Poljska je paralizirana, ker je bilo sto let take zime. Ves promet počiva. Berlin, 12. feb. — Nemčija že ni imela 200 let takega mraza. V Berlinu je stalno 25 pod ničlo, na severu pa 30 do 40. Vse reke, jezer in morje je zamrznilo. Vsa plovba v Skandinavijo je prenehala in ljudje se lahko dresajo po morju na Švedsko.

V Berlinu je 17 oseb zmrlznilo in na tisoče je v bolnicah. Zemlja je zmrlznila dva metra globoko. Nemogoče je kopati grobove in mrljici leže nepokopani. Na nekaterih pokopališčih so skušali razstreliti tla z dinamitem. Najslabše je na kmetih, kjer v aplošnem zmrlzuje živila in na stotine oseb je umrlo. Policija v Berlinu pobira vsako jutro mrljice po cestah.

Važno za vsakega,
ki namenava letos obiskati staro domovino.

Kakor vsako leto, bo tudi letos mnogo ameriških Slovencev pohitelo v stari kraj, da vidijo zopet po dolgem času svojo rojstno vas, da se enkrat pozdravijo svoje priletnje roditelje, svoje ljubljene sorodnike in druge znance in prijatelje iz mladih let.

Ako ste tudi vi med temi, ki bodo šli na daljno pot, se boste kajdaj poslužili IZLETNEGA URADA S. N. P. J., ki je bil ustanovljen z edinim namenom, da služi članom največje slovenske podporne jednote, kadar mu kateri manjka, ali če ne morejo z delom naprej, akoravno je delavec komaj prišel truden domov od deseturnega dela. In če odrečete, da ne greste delat, Vas odslove, je zaključil delavec.

Zamoraki delavec je na to pripravoval, da vsak delavec raje stanuje kje drugje, akoravno je stvarna nujna v kompanijskih hišah kot v privatnih. Mnogi delavci se raje vozijo v bus eno ali dve uri daleč, kot da bi stanovali v kompanijskih hišah in bili primorani kupovati v kompanijskih prodajalnah.

Jugoslavija naloži davek na samec

Davek na luksus in drugo posnemanje Mussolinija.

Belgrad, 12. feb. — Pripravljen je davek na samec. Vsak moški, ki je izpolnil trideseto leto, bo plačeval davek toliko časa, dokler se ne ozeni. Vsi oni, ki ne spadajo v kakemu kulturnemu društvu, plačajo kazenski davek.

DELAVCI SOVRAŽIJO KOMPANIJSKE HIŠE

Kompanije nimajo srca za delavev v nesreči.

Birmingham, Ala. — (F. P.) — "Nikdar več na bom stanoval v kompanijski hiši," je rekel zavrsni delavec, ki je pripovedoval svoje doživljaje v kompanijski hiši poročevalcu Federaliziranega tiska. Zaposten je bil v podjetju Sloss Sheffield Steel in Iron kompanije, ki se nahaja nekaj milij od mesta. Delal je v njihih rudnikih.

"Ko je moja soprona znorela, ker je obolela na pelagri, so mi povedali in me posvarili, da kompanija ne bo trpeča, da stanujem v hiši," je pripovedoval zavrsni delavec. "Čakal sem, kajti v kompanijski hiši so bili tudi drugi samci. Superintendent je postal od kompanije najstega konstabler trikrat, da se moram izseliti. Zadnjekrat mi je povedal, da moram do večera ostaviti hišo."

Hiša je bila navadna šupa, ki so jo navadno deske delle v stiri sobe. V hiši ni bilo nobenih modernih sanitarnih naprav. Ampak drugih privavnih hiš ni bilo okoli, pa tudi bus ni vozil od kompanijskih hiš. In zamorec si ni mogel pomagati.

Zamorec je šel zopet k superintendentu in mu rekel s solzami v očeh: "Moja soprona še dzaj ni mrtva. Ne morem iz hiše kar na cesto, kot vi želite, da naj storim."

Zena je umrla kasneje zaradi slabe prehrane. Superintendent se je obrgli proč od revnega delavca in mu hladnokrvno rekel, da se morajo ukazi kompanije spojievati.

Po kratkem molku je zamorec zopet nadaljeval: "Ko sem ostavljal hišo, so stali vsi ljudje pri vratihi. Neradi se videli, da grem. Bil sem zaupnik šole. Ljudje so razumeli, da se z menoj ni stopalo pravično. In takrat sem prisegel sam pri sebi, da ne bom nikdar več stanoval v kompaniji.

Najslabše je na kmetih, kjer v aplošnem zmrlzuje živila in na stotine oseb je umrlo. Policija v Berlinu pobira vsako jutro mrljice po cestah.

"Kampanija ve preveč o človeku. Vrhstega pošljite preddelavca vedno po delavcu, kadar mu kateri manjka, ali če ne morejo z delom naprej, akoravno je delavec komaj prišel truden domov od deseturnega dela. In če odrečete, da ne greste delat, Vas odslove, je zaključil delavec.

Vehovec še vedno čaka na mehiški moji

Jugoslovanski uradnik v naselniškem uradu dela bedaste ovire predgovorniku. Zadevo rešijo v Washingtonu.

Mr. Mirko Vehovec, naš rojak, ki potuje peš iz Argentine v New York, je po njegovem zadnjem poročilu z dne 6. t. m. še vedno zadržan v Laredo, Tex. Ameriški naselniški urad na meji mu ne pusti dalje klub vizuma, ki mu ga je dal ameriški konzul v Mehiki. Vehovec je postal še dve dnevi okolični takozvanega "red tapa" in morebitne denunciacije, češ, da je politično sumljiva oseba.

Najprej so od njega zahtevali, da mora pokazati \$50 gotovine. Ko je dobil te vsoto (poslalo mu jo je osojje v gl. uradu S. N. P. J.), so mu pa začeli stavitvi druge ovire. O tem poroča Vehovec sledi:

"Ko so uredniki na U. S. Immigration Office videli, da ne znam angliččino, so me vprašali, kaj je moja soprona, da ne bom morala odgovarjati. Vehovec je rekel, da je sestreljena, ker je obolela na pelagri, so mi povedali in me posvarili, da kompanija ne bo trpeča, da stanujem v hiši." zvani kapitalistički org., koje isto plačaju bol podporu. Prema mom iskustvu sam obširije poznati sa sistemom bratske i kapitalističke org. Meni izgleda, da mi više proizvadimo bratski sistem več, smo uveli, ili barem prakticiramo taj kap. sistem, kojeg toliko preziramo. Točka naših pravil glasi, da novi član prve dve godine dobije bol podporu samo toliko (vidi pravila), i onda čekaj brate na milost, moli, prosis da ne pogine od gladi. To je br. pod. org. Želim reći, kako da kap. org. može za prve godine čovjeka uzdrži 6 meseci i god., i slučajno ozide nekoje jamčiju doživotnu podporu. Na primjer uzimo — nijedan čovjek se ne osigura za smrt ili bolest 10 ili 20 god. unapred već za sustra (tomorrow) slučajno bolesti ili smrti, da se bi ili drugome dōnele finansijsno pomogně. Pratio sam u Prosveti, da imaju ljudi, koji su, čim su postali člani jednote, odmah oboleli in da su pristupili bolestni k društvo. Čudno kao bračno liječnik takove je preporučio "first class risk" i kod kap. org. za "sick and acc'd." insurance, niti zdravnika nema in se tolika kritika ne čuje. A simulantov je bilo i biti će. Kod bi ja bio toliko pamestan, da moja kuća neće za pet ali deset godina pogoreti, naravski, da bi ja čekao do tog momenta in onda kuću poslednji dan osigurao za moju protekciju. Vrio je smješno o tom diskuzirati. Ako članstvo SNPJ želi i nadalje porast članstva, onda stoji do 9 konv., da ovaj bolestnički problem, koji odbija novo članstvo od nas, po svojoj najboljoj znanosti rieši. U nam da sam, da će odbor za pravila sa br. gl. tajnikom nešto korisnog u pogledu novi članova konvenciji sugestirati! Jer, ako mi visoko pišemo, kakove pogodnosti imaju članovi SNPJ, dokazimo to nečlanom jugoslovenskog naroda u Ameriki, da oni postanu člani naše ponosne SNPJ.

The Young S.N.P.J.

Editorial Notes

We presume it is necessary for all SNPJ lodges to presently dwell and discuss our future by-laws into which the ninth regular convention may incorporate certain changes. So far as the members of The Young SNPJ are concerned it would be well indeed if they take a little different course from the customary in presenting their views and needs. They should not follow the beaten path of discussion that is in vogue with some of the senior members where they very readily indulge in personal matters. On the other hand, members of the Young SNPJ should present their views of immediate and vital importance to them in concrete and constructive form, views that concern them directly.

In presenting our viewpoints it is advisable to stress only those phases and aspects of importance that will show some constructive thinking. Our suggestions for the future by-laws must be devoid of all unnecessary phrases which would tend only to promote the existing confusion in the minds of some of the members who are too willing to lend their ears to demagogues.

The Young SNPJ is but three years in existence. During that short but fruitful period many new needs came to light which were not visible before, simply because there was no ground for them. But now that we are aware of them we must present them in such a way that our demands will produce evidence for their permanent incorporation in the by-laws. Our senior branches of the years gone by had different needs from the needs that are now before us, the members of The Young SNPJ. With these we must count, present and support them intelligently in order that they may not be rejected when presented for acceptance.

The pioneers of this organization had indeed a hard road to travel in building the SNPJ; they had to over-

come many an obstacle before this organization was able to attain its present position in the world of fraternalism. That was achieved and accomplished by and through the hard work on the part of certain hard and diligent workers who plucked constantly for the upholding of the principles upon which the Slovenc national benefit society gained ground and prospered so remarkably well.

Are we, then, The Young SNPJ members, to allow ourselves to become stagnant and inactive? Is it not our duty to do our share of work in upbuilding the SNPJ, to see it prosper and grow even to a more useful organization for our people than it has been in the past? All evidences on hand show that we, the younger generation of Slovens parading in America, are quite willing to give our support, energy and time to the worthy cause of this organization's noble enterprise. Therefore, it is consistent and logical that we present our propositions which we think the ninth regular convention should enact, convincingly and sanely, but we should not demand the impossible.

To make the editorial notes varied, we may conclude with mentioning last Sunday's Lovše-Subelj opera presentations at Waukegan Slovene National Home, where an audience of at least seven hundred gathered to listen to a rare and very rich program. The musically inclined were actually amazed and spellbound at the able rendering of opera presentations, while others who never had the opportunity of hearing an opera and didn't have the slightest idea of its elements, responded most enthusiastically to the finale—the National folk songs. More similar presentations in at least every large Slovene community would instill much of the needed national spirit and feeling among the young as well as among the old.

Now that I've told you practically all about it we earnestly request everybody to come to this affair and that they enjoy themselves to the utmost. How about it? Come on, everybody!

I'm practically all worn out now that I got the above subject all typed out, but can manage to get a little more of the typewriter.

What has become of the Club that used to meet every Thursday at Parme's? It seems to have thinned out considerably and even the girls have lost some of their enthusiasm. Come on, gang, get together again and let's have some more fun like we used to have. I wish the girls would come and show the boys what they can do. Some of us came quite regularly but before the bowling season is over we'll get some more together and turn out en masse. Is that O. K. with you, Pooh?

"Windy" ought to bring the candy department from her Dad's store to Tame's when we have our meetings. Then everybody could have a sucker and she could cash in on them? Try it, "Windy."

Some of the Badger boys and girls are going to be very busy for some weeks to come, owing to the fact that I'm going to call a number of rehearsals for the Minstrel Show. You know, folks, we're going to have a real show with old papies and mammas and pickannies (if we can get them) and everything that the words "Minstrel Show" mean. Some real talent is going to be shown in this production and I hope that the cast puts their entire efforts in it and make it what I sincerely hope it will be: A Success! I'm telling everybody, way ahead of time to reserve Sunday, March 26th for this show and I'll guarantee you that you won't be disappointed. Take my word for it.

Perhaps the Editor doesn't want such long write-ups but when I get started my inner literary being doesn't permit me to stop until I pour forth my vocabulary on paper.

As a final word I wish to say: Don't forget Saturday, February 16th—don't forget we have with us that evening two young people called "Frostus" and "Waffles"—and don't forget we promise you a hot time or money back. (Try and get it.)

BADGERS A. C. DANCE.

Milwaukee, Wis.—At last our athletes got started. They got right down to business this time and are giving a dance at the S. S. Turner Hall, Sat., Feb. 16, the music, they say, will be furnished by our own "Badger Revelers." No need explaining as to how they can play, for they are all live-wires. Tell your friends and neighbors if they are out for a good time to stop at the Badgers Athletic Club dance where a good time could almost be guaranteed. Come, girls, let's plug for them; they need our help. We girls don't participate in athletics, but we are always ready to give helping hands, so let's plug for all we're worth. To help make it a big success, sell as many tickets as possible and then some more. After all, don't forget to attend the dance yourself on Feb. 16 at S. S. Turn Hall.

Yours fair and square until the 16th. *Hotay and Totay.*

CARDINALS!

Bridgeport, Ohio.—The "feed" we had at our last meeting was certainly a success. Am sure every one enjoyed himself and had a good time.

I am sure all Cardinals will join me in thanking Mr. Blattnick for giving us some good music. As the saying goes, "he certainly knows his cebula" when it comes to playing good music.

Music will be furnished by the 8-piece Badger Revelers; they surely are hot. See you at the dance.

When—Saturday, February 16.

Where—South Side Turn Hall.

What—Annual Athletic Fund Dance.

Who—Badger Athletic Club.

Admission will be 50¢ for men and 35¢ for ladies.

ATTLETIC DANCE.

Milwaukee.—Don't forget the big affair Saturday night at South Side Turn Hall. The Badger A. C. are holding their First Annual Dance for the athletic fund to sponsor the various activities which we hope to participate in.

Because the committee had very little time to make arrangements for the dance, we ask every Badger to boost as much as possible. We can't sponsor athletic teams without funds and we simply must push this dance over.

Music will be furnished by the 8-piece Badger Revelers; they surely are hot. See you at the dance.

EDITOR'S NOTE.

Chicago.—R. J. Zaverinik.—Advertising other fraternal organization's affairs is, according to the decision of the supreme board, prohibited in this paper.

SUNFLOWERS' ANNIVERSARY

Milwaukee.—This is my first attempt at something quite different from the ivories, but if any of these folks can't read English, we'll have to try Slovenian and that, we know, everybody can read. (If not, why not?)

First of all, I wish to announce that the Badger Athletic Club is giving a real, honest-to-goodness hop Saturday evening, February 16th.

You know the kind of an affair that Badgers usually give and what a good time everybody has. Well, this is going to be a real CHUMMY affair. We want everybody to know everybody else and if you see somebody you don't know just walk up to him or her and say:

"I'm So and So. Who are you, and why?"

Now, isn't that an easy way to get acquainted? There's nothing to it. Ask those who have tried it. Something (I don't mean wearing apparel by any means). There is a surprise in store for everyone who comes and sees for themselves. "Waffles" are going to spring to this grand surprise. (Bubbles: Here are a couple of new names for you. See me if you want to find out who they are.) These two young people have something up their sleeves and they wouldn't even tell me what it was! Imagine that! It must be good. As for music, need there be any more said than that the Badgers' own orchestra, Frank Perko and his Badger Revelers, are going to do their stuff? Everybody knows what that means.

Now that I've told you practically all about it we earnestly request everybody to come to this affair and that they enjoy themselves to the utmost. How about it? Come on, everybody!

I'm practically all worn out now that I got the above subject all typed out, but can manage to get a little more of the typewriter.

I'm practically all worn out now that I got the above subject all typed out, but can manage to get a little more of the typewriter.

What has become of the Club that used to meet every Thursday at Parme's? It seems to have thinned out considerably and even the girls have lost some of their enthusiasm. Come on, gang, get together again and let's have some more fun like we used to have. I wish the girls would come and show the boys what they can do. Some of us came quite regularly but before the bowling season is over we'll get some more together and turn out en masse. Is that O. K. with you, Pooh?

Now that I've told you practically all about it we earnestly request everybody to come to this affair and that they enjoy themselves to the utmost. How about it? Come on, everybody!

development of this movement in stable and socially minded group young builders and idealists, this may not be considered as important. Having in mind the almost complete absence of any genuine youth movement in the country at the present time, it is evident that an isolated movement, must rely much for guidance and inspiration on its own resources. We have a wide awake, more intelligent, more inspiring labor movement in America the story in respect might be entirely different.

And if the country is to be freed from the absolute control of relatively small but powerful capitalist class such a labor movement have to be created; and this not the older generation, which is too ignorant spiritually and intellectually for this task, but by the younger generation of workers.

It is essential, therefore, for our

aspects of the present day life as well

The lodges should heed this sug-

spirit of life. Within their ranks they

convinced that the S.N.P.J. would

encourage and assist such or

it remains for our younger genera-

whether they have any desires for

activities and sufficient inclina-

tion for further self-development in

to serve itself and the mankind

effectively.
