

## Koliko mladinskih delegatov?

Koliko delegatov in delegatinj bo na prihodnji mladinski konvenciji JSKJ, je vse odvisno od aktivnosti naših društva in posameznih članov. Ali bo poslalo delegata vsako društvo? Ali bodo posamezna društva poslala po več delegatov? Vse je odvisno od tega, koliko zanimanja in aktivnosti bo.

Petnajsta redna konvencija, ki se je vršila preteklo jesen, je določila, da se mladinske konvencije, s predhodno kampanjo za mladinske člane, vrše na vsaki dve leti. Predlanskim se je vršila prva mladinska konvencija naše Jednote. Žid po rodu, naročil na svoje domove in kateri želijo dobiti informacije z ozirom na financiranje istih na podlagi zavarovanih vknjiž, da se obrnejo na omenjeno administracijo. Mr. Blair poudarja, da takih posojil ne daje vlada, ampak lokalne finančne institucije, ki operirajo po FHA načrtu. Po tem načrtu je mogoče dobiti večja posojila na vrednost ne-premičnin in tudi za dalje časa, kar bi bilo sicer mogoče na podlagi sedanjih bančnih postav države Ohio.

Naša organizacija je bila prva med prvimi, ki na zadnji in predzadnji konvenciji prilila veliko mladostnega soka v poslovjanje naših smrtninskih skladov. Naša Jednota je bila prva med jugoslovanskih organizacijami v Ameriki, ki je na priporočilo glavnega tajnika, brata Antona Zbašnika, zasnovala prvo mladinsko konvencijo.

Poslovjanje naše bratske skupine je prvovrstno, odgovarjačo sodobnemu mišljenju in nizvajanju človeške samopomoči in obrambe. Na trgu smo, da prodamo, kar prodajamo naši sovrstniki, samo treba je povediti, kaj prodajamo in kakšna je naša cena.

Komu naj povemo, kdo smo, kaj imamo in kaj lahko damo? Pred ltri smo to pripovedovali našim naseljem. Danes ni več telega obširnega polja, danes se moramo obračati do naše mladine.

Naša bratska dolžnost nas spominja, da naša dedovina spašala našim otrokom. Kar so naši ustanovili, kar ustvarjamo v sedanjosti, vse je bilo ustvarjeno in dograjeno za našo mlajšo kri. Oni se danes še veda. Kaj taki so imeli prav dobro plačo. Njih pomagači pa so bili povečini naši ljudje, neznači angleščine in slabo plačani. Radi bi bili tudi ti stopili v unijo, da se je na seji sklenilo, da se jih ne sprejme. Argument je bil, da će se jih sprejme, bodo dobili i oni boljšo plačo. V prodajah v mestu bodo to takoj znali in cena živilom in drugim potrebščinam bo potem takoj poskočila. To bi bilo slabo za mojstre. Sprejelo se jih ni v uniju seveda tudi zato, ker so bili le same inozemci, in neljubljivi jim bilo se z njimi shajati ne sejah. Fizično in vse težko delo so opravljali po večini le pomagači, mojstri pa le bolj lahko in nadzorniško delo. Pa je prišlo nekaj vmes in mojstri kot unija so šli na štrajk, zahtevajoči, da se jim pridružijo tudi pomagači. Ti zadnjini pa niso pozabili zapostavljenja od strani mojstrovin so delali naprej vključno s pretepotom pred tovarno. Štrajk je bil izgubljen. Pomagači se je potem še dolgo zmerjalo s skembi, toda ali po pravici? Kdo je bil v tem slučaju večji skeb, mojstri ali pomagači? Takega mišljenja med izurjenimi in dobra plačanjimi delavec je še danes vse preveč in ker ga je še preveč, je sedaj razkol. Izuchen delavec se bolj obotavljače peča ali se sploh noče pečati bolj od blizu z navadnim delavcem, common laborer.

Torej, pričakujemo, da zo pet govorimo z našo mladino. Druga mladinska konvencija nam daje dovolj prilike in građiva, da govorimo našim mlajšim o naši dobrni in zdravi organizaciji. Domača organizacija je to, bratska zavarovalnica, kjer smo bratje in sestre z istimi pravili in istimi dolžnostmi.

Nekaj so zahteva se od vas preveč. Rekel bi, da je težko prilobi novega člana v našo organizacijo, če se človek ne zrima: pa bi rekel, da je lahko, da človek dobi saj enega novega člana, če mu je naša organizacija kolikor pri srcu. Samo enega člana naj pridobi vsak član, pa bo razveseljiv napredek pri naši Jednote. Torej, pričakujemo, da zo pet govorimo z našo mladino. Ti in jaz, oba stopiva na pola srca v vprašavanju prijatelja, da naj pristopi v našo organizacijo. V dveh mesecih bo morda ja došila enega člana ča onih, ki so izvrševali najbolj v mladinski ali odrasli oddelki.

## DOPISI

(Nadaljevanje s 2. strani)

**White Valley, Pa.** — Več kot mesec dni se nisem oglasil in vzrok tega je, da sem 25. februarja prenehal delati, in 1. marca sem začel ležečo stavko proti revmatizmu. Ležeča stavka še zdaj traja, pa upam, da bom kmalu zmagal.

Kampanja za mladinski oddelek se je pričela. Pri nekaterih društvih bo dober uspeh, pri drugih manjši. Nekateri pišejo tako, drugi drugače. Seveda rabimo mladino pri naši organizaciji. To ve vsaki član, ki se je kaj zanimal. Ko bi bila zadnja konvencija spredela tisto resučijo penzionavske Zvezde zaradi mladinskega oddelka, sem skoraj prepričan, da bi se člani mladinskega oddelka bolj zanimali kot se. V tisti resučiji je bilo, da naj bi naša JSKJ ustavnila mladinske krožke, oziroma da bi mladinski oddelek imel svoje številke in da bi mladina sama imela svoje seje in odbore. Tako imajo pri drugih organizacijah. Ker imajo pri drugih, zakaj bi tudi pri naši JSKJ ne imeli? Ko bi naš mladinski oddelek danes imel svoje številke, odbore in seje, bi gotovo imeli večji uspeh. Mladi bi se skušali za delegate za njihovo konvencijo. Nihče pa naj ne misli, da hčem s tem dopisom koga kritizirati oziroma komu kaj diktirati. Povedal sem le svoje mnenje, kaj bi bilo bolj v korist JSKJ, in vsak član ima tozadne pravico povedati svoje mnenje. — Ko ozdravim od revmatizma, se bom še kaj oglasil. Do takrat pa pozdrav vsem članom in članicam!

Jurij Prević,  
tajnik društva št. 116 JSKJ.

**Pueblo, Colo.** — Tem potom naj bo naši javnosti sporočeno, da se bo v soboto 24. aprila vršila v dvorani društva Orel na Northern Ave. velika veselica, katere priredita skupno dve tukajšnji društvi, namreč društvo sv. Petra in Pavla, št. 15 JSKJ in društvo Marije Pomagaj, št. 42 JSKJ. Veselica se bo pričela ob 8. uri zvečer.

Ves čisti dobiček veselice je namenjen blagajni Federacije JSKJ društva v državi Colorado. Drugi dan, to je v nedeljo 25. aprila, se bo pa vršila federacijska seja, to je seja zastopnikov društva J. S. K. Jednote v državi Colorado. Tudi v bližini bivajoči glavni in porotni odborniki so vabljeni, da posesti omenjeno veselico in sejo.

Člani obeh društev in vsi druži rojaki in rojakinje v tem mestu in okolici so prav prijazno vabljeni, da posetijo našo veselico na večer 24. aprila. Bratski in narodni pozdrav!

Za društvo št. 15 JSKJ:

Joseph Merhar, tajnik;

za društvo št. 42 JSKJ:

**Chicago, Ill.** — Danes, ko to pismem, je velika sobota, pa je vidi del bolj kot božič, kajti sneg naletava in ledena burja brije po cestah, tako, da je res najlepše pri peči sedeti.

Na zadnji seji društva Zvezda, št. 170 JSKJ, se je naša društvena tajnica nekaj jezila, češ, da mora vedno samo ona pisati in poročati o naših društvenih aktivnostih. Zato sem se to pot jaz namenila napisati nekaj vrtstic glede naše bližnje pomladne veselice, ki se bo vršila 8. maja, to je v soboto zvečer. To je sedaj vabim vse prijatelje "zvezd", da si večer 8. maja rezervirajo za poset naše veselice; zabave bo dovolj za vse. Na veselico vabim tudi našega sobrata urednika, ker on ima srečo, da vedno kaj zadene, kakšno kozo, mačiko itd. Pri nas ga čaka nekaj posebnega, na dveh nogah, ako mu bo sreča mila. (Kaj bi neki bilo? Čevljarski stolec ni, ker isti je na treh nogah! Mogoče je tista koklja, spiklja špokljka, ali tista goska krivonoska! Ugibanje ured.)

Vstopnice za na veselico so samo po 15 centov. S postrežbo se bodo "zvezde" potrudile, da je bilo na naši trimesečni seji jak.

bo ista kar najboljša. Poleg te sklenjeno, da v bodoče vodi tajga ima vsak priliko, da bo delegen nekega izrednega darila, če bo imel srečo. Kakšno je tisto darilo, je pa za enkrat še tajnost "zvezd".

Pri tej priliki vabim članice društva Zvezda, da se kar močce polnoštevilno udeležijo naše prihodnje seje, ki bo zadnja seja pred veselico. Na omenjeni seji se bo treba marsikaj pogovoriti glede veselice in o drugem. Jaz ne vem, zakaj se nekatere članice ne morejo navaditi, da bi posečale seje, ki se vršijo le po enkrat na mesec. S p a d a m k trem društrom, pa se v e d n o vseh sej udeležim. Pri našem društvu sem ustanoviteljica in nisem v vseh enajstih letih več ko dve seji zamudila, kar je vsekakor lep rekord. Saj to ni tako težko, samo privaditi se je treba v nekoliko dobre volje je treba. Več članov ali članic je na seji navzočih, več koristnega se lahko ukrene za društvo in Jednoto.

Pri naši Jednoti se bo te dni pričela kampanja za mladinski oddelek, in jaz mislim, da tudi naše društvo lahko pošlje eno delegatinjo na mladinsko konvencijo, ako se vse članice vzamemo, da pridobimo vsaka vsaj enega novega člana ali članico v mladinski oddelku. Povzdruž vsem! — Za društva Zvezda, št. 170 JSKJ.

**Hastings, Colo.** — Na znanjam vsem društvetu JSKJ v državi Colorado in vsemu članstu v tej državi, da se vrši prva redna seja coloradske federacije društva JSKJ v nedeljo 25. aprila v mestu Pueblo, Colo. Seja se bo pričela ob 9. uri dopoldne.

Seja, ki se je vršila 24. januarja, je bila ustanovna, seja 25. aprila pa bo redna. Vsa društva v državi Colorado so vabljeni, da na to sejo pošljejo svoje zastopnike. Člani pri različnih društvh pa so prošeni, da glasujejo za pristop njihovih društav k federaciji. Nihče ne more ugovarjati, da bi ne bile federacije naših društav koristne za jednoto in tudi za pridružena društva sama. Stroški, ki so tem v zvezi, pa niso tako veliki.

Tem potom sporočam t u d i , da se bo dan pred sejo, to je v soboto 24. aprila, vršila veselica v korist blagajni naše federacije. Veselica se bo vršila v Orlovi dvorani na Northern Ave. in se bo pričela ob 8. uri zvečer. Vabljeni so na to veselico ne samo Markoti in Juriji, ki se bo do takrat godovali, ampak vsi člani in članice JSKJ in sploh vsi rojaki in rojakinje v mestu Pueblo ter bližnji in daljni okolici. Druga društva v mestu Pueblo pa so prošena, da ne bi na isti dan prirejala svojih veselic.

Na federacijsko sejo so vabljeni vsi društveni zastopniki in glavni oziroma porotni odborniki, pa tudi drugi člani in članice JSKJ, katerim je mogoče se udeležiti. Na veselico pa so vabljeni vsi, ki si želijo privoščiti dobro zabavo, člani ali nečlani. Bratski pozdrav! — Za Federacijo JSKJ društva v državi Colorado:

John Lipek (tajnik),  
P. O. Box 153, Hastings, Colo.

**Windber, Pa.** — Članstvo društva Radnik, št. 204 JSKJ, sporočam, da smo dne 27. marca izgubili mladega in dobrega člena našega društva, namreč Alberta Kinkela, ki je omenjenega dne umrl v bolnišnici v Windberu. Naj mu bo ohranjen blag spomin, staršem, bratom in sestram pokojnika pa naj bo izraženo iskreno sožalje! — Za društvo št. 204 JSKJ:  
John Stipanich, tajnik.

**Herminie, Pa.** — Člane društva "Veseli slavček," št. 154 JSKJ prosim, da se polnoštevilno udeležijo prihodnje seje, ki se bo vršila 18. aprila. Nadzorni odbor pa prosim, da pride omenjenega dne v zborovalno dvorno že ob eni uri popoldne, da pregleda knjige tajnika in blagajnika. To je potrebno zato, ker se bodo "zvezde" potrudile, da je bilo na naši trimesečni seji jak.

## HUDI ŠTUDENTI

Incidenti pri razglasitvi šolskih ocen. Na srednji tehnični šoli v Beogradu so se pripravili pri razglasitvi šolskih ocen v enem dnevu trije hudi izgredi. V geodetskem oddelku je profesor Muhamedagić dijaku Gjorgiju Mrkiću, ki je doma iz Boke, naznani, da je zaradi dveh slabih ocen za eno leto izključen iz šole. Dijak je zatrjeval, da je iz nekaterih predmetov dobro odgovarjal in ko je profesor pregledal katalog, da bi mu točno navedel, kako je prišlo do slabih ocen, je dijak skočil pred njega, ga najprej s pestjo udaril tako močno, da je profesor padel na tla, potem pa je potegnil iz žepa nož in profesorja petkrat zabodal. V učilnici je nastala panika, katero je Mrkić izkoristil in zbežal. Ranjenega profesorja so takoj odpremili v bolnišnico, kjer so ga operirali. V električnem oddelku iste šole pa je dijak Mile Stojanović, ko so mu bile razglašene slabe ocene, proti svojemu profesorju Kiršnerju zagnal steklenico solne kislinske. K sreči ga ni zadal. Med zmedo, ki je nastala v razredu, je tudi atentator pobegnil. V tretjem oddelku iste šole pa je neka dijakinja padla v nezavest, ko so ji razglasili slabe ocene. Odpremili so jo morali v bolnišnico.

## PREVEČ BLAGOSLOVA

V okolici Travnika je 35letna kmetica Fata, žena 40letnega Hamida Hadulovića, v 17 letih rodila 17 otrok. Zadnji je rođila kar trojčke. Vsakokrat je rodila brez babice, brez zdravnika, sploh brez vsake pomoči. Nekaj otrok je že umrlo. Hadulovićeva družina živi v veliki revščini.

## V KONFINACIJO

Na goriški prefekturi se je vršil te dni pred konfinacijsko komisijo proces, na katerem sta bila 24letni kmečki posestnik Gabrijel Peternelj in okrog 30letni kmečki posestnik Janez Kumar, oba iz Cerknega obsojeni na 5 odnosno 3 leta konfinacije.

O procesih pred konfinacijskimi komisijami se običajno ne izdajajo nikakvi komunikati, ki zato podrobnosti o poteku procesa niso znani. Enako tudi niso znani razlogi, zakaj ju je doletela ta kazens. Peternelj in Kumar sta bila že odvedena v konfinacijo.

## POCENI ŽENSKE

Dinari Veličko Vušič je v neki pirotski kavarni napravil čudo kupčijo. Nekemu kmetu je prodal svojo ženo za 100 Din. Pri sklepjanju kupčije je bila žena prisotna in zadovoljna je bila s svojo prodajo. Kupčijo sta sklenila možakarja tudi pismeno in je kupec v čeno vrem prejel tudi pobotnico plačila.

## TRAGEDIJA IZSELJENCA

V Budaku pri Gospicu si je vzel življenje ugledni kmet Joso Vuković. Kruta je tragedija tega človeka. Dolga leta je delal v ameriških rudnikih in ko se je pred leti vrnil domov, je imel dosti prihranjenega denarja. Uredil si je lepo kmetijo, oženil pa se je z vdovo svojega brata, v katero je bil že v mladosti zaljubljen. Ko je dobil otroka, je bil ves srečen. V svoji sreči je bil preko vse mere dobrotniv in okrog 200 tisoč din gotovine je razposodil svojim sorodnikom in sosedom v trdneh prepicanjih, da mu bodo denar vrnil, kadar ga bo potreboval. Ob likvidaciji kmečkih dolgov pa so postalni njegovi dolžniki oholi. Rekli so: Polovico dolga ti bomo vrnila kadar bomo mogli. Da bo nešreca in razočaranje še večje, je Joso dobil nalog, da mora plačati 6,000 Din rent, davka za denar, katerega je bil posoddil. Zaman je dokazoval, da ni od glavnice dobil niti pare, kajše kake obresti. Ker ni imel s čim plačati, so mu zaplenili kravo. Nesrečne je obupal in hlevu se je obesil.

"Elkhart," I told him.

"Then I saw that he was staring beyond me, and there was Agnes with my hat in one hand and my overcoat over her arm together with a porter with her luggage. Also there was a big fellow with a gray mustache. She jammed my hat on my head and said, 'You looked so utterly silly chasing that train that I sorry you didn't catch it.'

"Of course I was relieved to see her, but I didn't like her words or the tone, nor the sarcastic superior look on the guy with the gray mustache who turned out to be her uncle. I said, 'Just why, if I may ask?'

"She looked at me and then laughed, saying, 'Oh, you didn't happen to notice the name of this station, I suppose?'

"I hadn't to tell the truth. I looked out the window at the station sign. It read Elkhart."

"So that is the whole story," Harry Bentley wound up, "but I guess everything happens for the best. I couldn't have liked her uncle any-

how."

## PODIVJAN PES

V okolici Zagorja so bile zadnje čase v več primerih v hlevih pomorjene koze, katere služijo revnim rudarjem in bajtarem mestu krav. Ubijalca niso mogli izslediti in ubogiljudje so domnevali, da koze pobija kak abnormalen zločinec. Sele zadnje čase so ugotovili, da te zločine počenja podivjan pes vol-

picnic at Drenik's Park, which is situated near our home. I will ask Little Stan and Anton J. Terbovec to come on that day. The last time Anton J. Terbovec was here he won a goat. Come on Cleveland, let's have a big crowd from Cleveland.

I would like to be one of the juveniles to attend the convention in Ely this year. I will try to go but somehow I don't think I can get all the members. What is the matter with Strabane, and why don't more of the boys and girls write for the Nova Doba?

Spring will be here soon. Flowers, trees, and grass are growing again. Only a few robins are here. School will soon be out for us. We just have to go two more months. April and May. We are going to have a spelling contest on the last day of school.

Veronica Barbich.

## DENVER, COLO.

DEAR EDITOR:

Spring is with us again. The sun is out early in the morning. The birds are beginning to work and build nests. The grass is turning green, flowers are beginning to grow. Everything is coming to life. Even I am beginning to realize that I want to attend the juvenile convention in August, which will be held in Ely, Minnesota. I must settle down and get thirty members or more to join our lodge. I have already registered to run as delegate, which was a very easy task. But now I have the job of getting thirty new juvenile members, which in my estimation is quite a hard task. However, just as soon as I explain to the prospective members what a great lodge and Union they are joining, I have every confidence that they too will join our grand South Slavonic Catholic Union.

There are many reasons why I like to take this trip to Ely, Minn. The principal reason being perhaps that I never was out of the state of Colorado. I would like to see the place where our Union was established. I would like to meet my brothers and sisters from various states who will be present as delegates. I want to understand my lodge better, so that when our present generation grows up, we may be able to carry on the work of our parents.

As I understand, my father is to be the guide from all western states. The rest of you boys and girls in the western states wake up and find thirty members so we may be eligible for delegates. Furthermore, we want to see a large crowd from the western part of the country representing our Union.

BUT, don't anyone of you give up. Remember, where there's a will, there's a way.

In conclusion, I want to say this: If there is anyone in Denver who knows of someone that is interested in joining our lodge, please let me know as I am trying very hard to get all prospective members who care to join.

## EVELETH, MINN.

DEAR EDITOR:

I have been a member of lodge No. 25, SSCU since I was two years old. About two or three years ago I started to contribute stories to the Nova Doba. Now I'll have to make up for lost time. Here is a story I am contributing which I hope the readers will enjoy.

MOTHER'S HAPPIEST DAY

The story opens in the tenement district on a June morning. Rose Marie, the oldest girl in the family, is 14, Dolly, the youngest is 9. Mrs. Jenson, the mother, is a small thin woman who always was sick but could not get any aid from the doctor for lack of funds.

It was the morning that Mrs. Jenson had taken ill and it looked like the last day on earth for her. She was worrying about her children since there was no one to look after them, their father being dead. So she talked to her children telling them that she soon would have to go, that they should not be afraid. The children became very sad, but brave nevertheless. Rose Marie went to look for work that same morning. She found employment from a neighboring lady who gave Rose Marie a dollar for cleaning three rooms and minding the baby. Rose Marie bought red roses for her mother with the dollar, and when she brought them to her mother she was overjoyed to see how pleased she was. "Rose Marie," the mother said, "this is the happiest day in my life. Dolly also brought me flowers which she planted in a tomato can. They are violets. I'm so happy you make my dying day so much easier. Good-bye girls. I am going to heaven where I shall be sick no more." With this she closed her eyes and went to sleep forever.

A simple funeral was held for their mother. A few days later the authorities came to take the children of the orphanage. The two girls did not mind the orphanage, since it was better than living in the slums. Adopting day came a month later. A little old lady, with white hair just like their mother, said she wanted to adopt Dolly. But Dolly refused, saying that she would not be separated from her sister. After Dolly told Mrs. Jackson the whole story, both the girls were adopted. They were very happy in their new home, and they took care of their mother's grave every day,

## Opening of Juvenile Campaign and Contest for Delegates to the 2nd Juvenile Convention of the SSCU

### REGULATIONS AND SUGGESTIONS FROM THE OFFICE OF SUPREME SECRETARY, SSCU

Pursuant to the edict of the 15th regular convention, the supreme board of SSCU during its annual session under date of February 3, 1937 proclaimed the mammoth juvenile campaign, which will commence April 1 and terminate on June 30. Purpose of the campaign is to increase the juvenile department and to hold the second national SSCU juvenile convention.

Each member of the juvenile department, from 12 years, and up to 18 years of age, (in Minnesota from 10 years, and up to 18 years of age), may become a candidate for delegate, and all those who between April 1 and June 30 secure 30 or more new juvenile members for the Union will be recognized as delegates.

Juvenile convention will be held in Ely, Minnesota on August 6 and 7, and all delegates will receive free transportation, the expense to be defrayed by the organization. Furthermore, each delegate will be given an allowance of \$2.00 a day for expenses while traveling; food and living quarters during their stay in Ely to attend the convention will be provided and also paid for by the Union. A special committee from Ely lodges will arrange trips and programs of entertainment during the convention.

In each lodge there may be several candidates, and each candidate is permitted to receive unlimited assistance from other lodge members. The lodge secretary should forward names of candidates to the home office as soon as the candidates have announced their entries. The lodge secretary must designate the candidate to whom shall be credited each application for membership. All applications for acceptance must be in the home office not later than July 5.

This year the supreme board modified the conditions required of each delegate to the extent that each candidate who secures 30 new members qualifies as delegate. This means that if there are four candidates in one lodge and if each one secures 30 members, then all four will go to the convention. Two years ago, only the one who secured the largest number could go to the convention. The supreme board further made it easier for candidates in that they can be credited with enrollments of new adult members. For instance, if a candidate secures 10 new members in the adult department, he or she shall be credited with the equivalent of securing 20 juvenile members; which means that the candidate need only 10 more juvenile members in order to reach his quota and the right to be a delegate.

Candidates also are entitled to cash awards which are published weekly in the Nova Doba, except when a new member has been secured by a non-candidate who reserves the right to receive the cash award.

Lodges who shall have only one candidate may decide to credit all new members enrolled to the lone candidate. However, if a lodge has two or more candidates, the decision as to which one shall be credited with a new enrollment rests entirely with that member who secured the new member.

If there is only one lodge in a settlement, and if during the month of April no one has declared himself or herself a candidate, then the candidate of the nearest neighboring lodge has the right to enter the settlement and work towards securing new members. The candidate may either enroll the new member in the lodge located in the neighboring settlement or in his own lodge, but in his branch he may enroll only members in the juvenile department.

Applications for membership of children who are to be accepted into the Union during this campaign need not be brought before the lodge meetings, and it shall suffice if the applications are signed by the lodge president and secretary.

Applications for acceptance into the juvenile department must be forwarded direct to the home office; while applications for acceptance into the adult department are to be forwarded to the supreme medical examiner.

The Union shall defray the cost of medical examination for each child up to fifty cents, and up to two dollars for medical examination of candidates for membership into the adult department.

Each lodge member of the adult or juvenile departments may help one or the other candidate to secure the required number of new members. However, candidates themselves cannot transfer their members to another candidate until they themselves have reached the required quota. This means that each candidate will be able to help out his co-candidate only after he has secured the required 30 new members.

Next week the home office will report in detail on the two new certificates which the supreme board approved at the last annual meeting. One of these certificates will be known as "Juvenile Modified Term to Age 18 Certificate." This certificate will be issued for a maximum insurance of \$1000.00 and at the end of 16, 17 or 18 years can be exchanged for any one of the three plans of the adult department. This type of certificate, if issued to a child at the age of one year, will have at the age of 18 years a cash value of about \$200.00. The second certificate, to be known as "Juvenile 20-Year Payment Certificate" will be issued in amounts of \$500.00 and \$1000.00. These types of certificates for \$1000.00 and \$500.00 will be fully paid at the end of 20 years, and each member will have the right to accept either the paid-up certificate or its equivalent cash value which for \$1000.00 will amount to between \$250.00 and \$325.00. If during this time the parents are thinking of taking out one of the two foregoing mentioned certificates for their child, they are requested to postpone action for one more week, when more complete information from the home office will be available.

The success of this juvenile campaign and second national juvenile convention is dependent upon us all. Whoever has any regard for our Union will go to work and help to his best ability.

## Two Lodges Hold Dance on April 24

Pueblo, Colo. — Two SSCU lodges in this community will combine their efforts on Saturday, April 24, when they shall hold a dance at Orel Lodge hall on Northern Ave. The two lodges to hold this joint affair are Nos. 15 and 43. Dance will begin at 8 p. m.

The entire proceeds shall go into the treasury of the Colorado Federation of SSCU lodges. On the following day, that is Sunday, April 25, will be held the federation meeting of representatives of SSCU lodges within the state of Colorado. Officers of the supreme and judiciary committees in the neighboring vicinity also are invited to attend this meeting.

### HISTORY OF MOVIES

After the invention and development of photography, many investigators worked on the problem of picturing motion. Edward Muybridge is often called the "father of motion pictures" because of his studies, in 1872, of the movements of horses and other animals by means of a row of 24 cameras, exposed in order as the animal passed before them. He and other experimenters were handicapped by the fact that glass plates had to be used instead of a long continuous film. The latter was invented by Hannibal Goodwin and produced by Eastman. In 1893 Thomas A. Edison produced his kinetoscope, the first machine of the kind using film. Other pioneers were Sellers, Lincoln, Marey, Jenkins, etc. The first public showing of moving pictures was made in June, 1894.

### Yeh, Why Not?

"Hands up!" Why not? A gentleman in Kansas obeyed cheerfully. He had \$27 in his mitten and only 17 cents in his pockets.

*Thus contributing his share towards averting a disappointment at the conclusion of the campaign. We were not disappointed at the results two years ago; let us make sure that success again greets us this year. Two years ago when the depression was a great deal more acute, the efforts of the campaign brought us around 1600 new members. Today conditions are better and times more favorable. Hence, I see no reason why we cannot secure at least THREE THOUSAND during this campaign. Two years only about half of the lodges were active in the campaign, but this year I hope to see the lodges 100 percent active. Two years ago the active lodges averaged 17 members each, and if this year each lodge is active and secures at an average of 17 members each, we shall secure over three thousand.*

*As already mentioned the success of this campaign rests with all of us, the lodges and individual members. Lodges as a unit can help their candidates a great deal. Lodge 37 of Cleveland, O., in the 1935 campaign set a fine example when it secured the largest number of members for any one lodge, namely 111. This lodge secretary writes that during the present campaign the lodge itself will pay 6 assessments for each new member accepted into the juvenile department. Moreover, the agitators have expressed themselves that they will forego the cash awards in favor of the new members, which means that each new member in the juvenile department will be free of assessments for the first 9 months. Such excellent and favorable concessions are not at the disposal of all our lodges, but those who are not in a position to assist their candidates financially, can help them out in other ways. Let everyone of us take advantage of every opportunity when it presents itself, and let us attempt to help our candidate to the extent of securing at least one new member. Opportunities present themselves at work, at social activities, in the neighborhood and elsewhere. Therefore, let all of us go to work, for our motto is: All for one, and one for all, and if each individual member will follow this motto, then the success of this year's campaign and second juvenile convention is assured.*

ANTON ZBASNIK, Supreme Secretary

## BRIEFS

## Gowanda Enjoys Cleveland Stay

Gowanda, N. Y. — On March 20 and 21 some twenty members from the local SSCU and SNPJ lodges motored to Cleveland for a return bowling match with the SSCU Betsy Ross and the SNPJ Loyalties.

We arrived in Cleveland Sunday morning, and as we were looking for Patsy Krall's home on Holmes Ave., who do you suppose we ran into? None other than Frankie Yankovich who was standing in front of the Slovene National Home. He showed us inside and introduced us to many of his friends. All of them received us with open arms and made us feel at home. To warm us up we danced to the music furnished by Frankie and his saxophone player. Shortly after arrived some twenty members from the Wolverines and the Young Americans lodges of Detroit. They are a very sociable group.

A capacity crowd of spectators filled the St. Clair Bath House gymnasium to see the KSKJ St. Joes outplay the SDZ Clairwoods in the first game of a series of three to decide the championship of the Cleveland Inter-Lodge Basketball League for the 1936-37 season. Final score was 26 to 15. The second game will be played Wednesday, March 31st, and the entertainment to be provided will feature the local Kay Jay band. Admission to each game is ten cents a person.

**Lodge No. 40, SSCU of Clarendon, Pa.** will hold a dance on Saturday, April 3, at the local Slovene National Home. Bud

### The Juvenile Convention

East Palestine, O. — The juvenile convention affords fine training for the future leaders of the SSCU. Those boys and girls who win the right to be delegates must be enthusiastic and ambitious members. It is they who have the stuff of which leaders are made. The convention is a stepping stone and a primary education for them in leadership. The convention gives to the youth of the organization an opportunity to release their pent-up energies and enthusiasm for a purpose which will be of immense value to the fraternity and from which it will long derive benefits.

Joe J. Golicic,  
No. 41, SSCU

The hour of parting came all too soon. After a few thousand handshakes and good-byes we started for home. All visitors to Cleveland expressed themselves as having a wonderful time, and all are looking forward to the national SSCU bowling tournament on April 25th, when we shall meet again.

Cleveland! we wish to thank you all for the grand time you showed us.

Joseph Zelnik

## Center Ramblers

Center, Pa. — Meeting date of Center Ramblers, No. 221, SSCU has been changed to April 4th on account of the bowling tournament. Let's try to have as many attend the April meeting as were on hand for the March assembly.

All is in readiness for the dance on April 10th. Tickets are rapidly being sold for the contest. So, come one and all to Center that evening for one grand time.

Several teams are planning to travel to Cleveland to compete in the tenpin tournament. To all the boys and girls: May you be among the topnotchers.

Josephine Oblock, Sec'y

### Plenty of Help

It costs three cents ordinarily to mail a letter, but it cost a man in Denver \$75 to mail his. He had 7 fire trucks, 3 fire chiefs, 40 firemen, 3 police emergency cars and 6 patrolmen to aid him.

He mistook a fire alarm box for a mail box.

## The Latest on the Duckpin Tournament

Pittsburgh, Pa. — When most of you will have read this, the deadline for entry blanks to be sent in will have passed, and I'm sorry to report that so far they are very tardy in reaching me. But I believe this was due to the fact that most bowlers were busy preparing for Easter. With this great feast now in the past I expect returns to come in much better.

The "Electrons" No. 228 was the first lodge to send in an entry. I promised to publish the name of the lodge most distant from Pittsburgh, that sends in an entry so far; this honor, if such it can be called, also goes to the Electrons.

These same Electrons were on the short end of the score in two match games with the Pittsburgher lodge; but I believe they were just toying with the Pittsburghers and will give them a good race in the tourney.

I want to thank the editorial staff and others who have assisted in giving this tourney the great publicity it so rightly deserves in the Nova Doba. Keep it up please! Next week the final news, then the Tourney.

Tournament Chairman

## George Washingtons Celebrate Tenth Anniversary On April 24th

### Stress Juvenile Convention and Campaign Drive at Meeting

Let's all get together and use our salesmanship to make the second juvenile convention and membership drive one of the outstanding and most successful events in the history of our SSCU.

To get back to the meeting, in April the G. W.'s will hold their regular assembly on the third Tuesday, April 20th, instead of the regular fourth Tuesday. This change was made because of the tenpin tournament which will take place on April 25th, and the tenth anniversary dance of the G. W.'s which will be held on Saturday, April 24th. Subsequent meetings shall be held on the regular fourth Tuesday of the month.

A cash prize is awarded each month to one member in attendance. Entertainment follows adjournment, where among the attractive features is serving of free refreshments. Hence, mark in your little book with red letters the date of the G. W. meetings. For April it is on the third Tuesday, April 20th, thereafter on the fourth Tuesday.

And by all means keep in mind the juvenile campaign.

John F. Kardell, Pres.  
No. 180, SSCU

April 11 is the deadline for entries in the national SSCU tenpin bowling tournament which will be held April 25th at Cleveland. Athletic supervisors are requested to line up their teams at once and forward the filled out blanks and entries to Louis M. Kolar, 6233 St. Clair Ave.

For the third year in succession our Union sponsors tenpin and duckpin tournaments. Attractive cash prizes and medals are to be awarded the championship teams, doubles and women's divisions.

# Juvenile Campaign Drive Begins April First!

## EVERYONE ELIGIBLE TO COMPETE!

Quota set at 30; All to Culminate with Gala Convention at Ely, Minn., August 5th to 8th

By LITTLE STAN, Juvenile Convention Campaign Director

*Ely, Minn.—Like a thunderbolt out of the sky comes the announcement flashing throughout the 22 states of the Union in which our SSCU operates, news that the campaign for new members which will result in selection of candidates for the second Biennial Juvenile Convention to be staged in Ely, Minn., August 5 to 8, will begin on April 1!*

*Rules have been set, and are included in this article, giving you complete information regarding the campaign. Like the starter at the race track, his gun poised in the air, all set to pull the trigger which will flash, "GO!"—as the runners toe the mark and are off with the wind to establish new records—so must we all! When April 1, rolls around next Thursday we must start. This is the beginning! Start now! By April 1, you may have four or five new members!*

*But Little Stan appears all excited. He must pause for a moment to get his breath then to resume to give you a complete line-up so that you all will know just where you are before you begin!*

*When the Supreme Board met in Ely, Minn., last January, they listed the following rules which must be followed in order that YOU may become a delegate:*

**1. All juveniles in the SSCU between the ages of 12 to 18 years are eligible. In Minnesota, where juveniles do not travel so far, the age limit has been set between 10 and 18 years.**

**2. The campaign officially opens April 1, 1937, and closes June 30, 1937.**

**3. Your quota is 30 new juvenile members! If you enroll 30 new juvenile members you automatically become a delegate.**

**4. You can enroll adult members also—and the beauty part of it—one adult member will count as two juveniles. You can, for instance, enroll 10 adult and 10 juvenile members, and you will become a delegate; or, 5 adults and 20 juveniles. Each adult counts as two!**

**5. Adult members can enroll new members, but must credit them to the juvenile candidate he or she is helping.**

**6. Any number of candidates from any lodge are eligible to compete. For instance, if three or four juveniles each enroll 30 juvenile members they will become delegates. BUT YOU MUST HAVE ENROLLED THIRTY MEMBERS!**

**7. Applications for new members secured in the membership drive must be in the Supreme Office at Ely by July 5th, 1937.**

**8. If there is no candidate from any lodge by the first of May, a candidate from a neighboring lodge can go into that territory to solicit new members. They can enroll them in the lodge of the same city in which they are soliciting, but must be credited to the candidate who enrolled the new member.**

**9. New members can be accepted in the lodge and don't have to be voted on, but must be approved by the president and secretary of that lodge.**

**And there you have them, all the rules for the contest! Just think of it! Enroll thirty new members, and you can become a delegate to the Second Juvenile Convention at Ely, Minn. During summer vacation time! Before school re-opens! A splendid vacation! Fun, thrills and mystery with Little Stan—and listen, he means every word of it! Plenty of entertainment...coupled with exciting travel...education...and you will see the home office of our Union! See the heart of our organization! In the heart of the Northwest vacation land. Seriously, you can't pass up this chance in a lifetime!**

**It will mean work, work from April first, until you have enrolled your quota. You can then be a delegate. If you are among the faster go-getters, and attain your quota earlier, you can help your pal reach his quota. You can then come here together.**

**Great plans are being made for you! From week to week Little Stan will tell you of various things which will be arranged. Entire northern Minnesota will see to it that your trip here will be the most enjoyable you have ever had.**

**The first Convention held in August 1935 was a success in every respect. But it was the first one! Other improvements will come as a result, and you can all be assured it will be bigger and better!**

**Meantime, Little Stan will take out that Magic carpet, dust it off, and really begin riding! To take you places!**

### DON'T FORGET TO REPORT

**Each month you can help in this gigantic enterprise by "Writing With Little Stan" in the Juvenile section of our paper! We'll have fun! By mixing in play with work, we'll reach that quota just like that! Let's just fill the juvenile page chuck full of articles—what you would like to do after you have become a delegate! We can embody that in our entertainment plans for you! If you have secured a new member in some unusual manner tell us in the paper how you did it. Perhaps you will help someone else secure his quota. Exchange ideas, and most of all have fun while you're doing it. Don't quit. Once you get started, don't stop until you have enrolled that new member! Are you with Little Stan? THEN, LET'S GO!**

STAN PECHAVER

## Worth Going After

**As an added incentive for our members to secure successful candidates for membership, our Union offers the following cash awards:**

\$1.25 for each \$250.00 death benefit enrollment  
\$2.00 for each \$500.00 death benefit enrollment  
\$4.00 for each \$1000.00 death benefit enrollment  
\$5.00 for each \$1500.00 death benefit enrollment  
\$6.00 for each \$2000.00 death benefit enrollment

## Feeding the Young Babies

By Dr. J. J. Folin  
Member No. 44, SSCU

Various disorders of the digestive tract are responsible for more deaths in infants during the first year of life than any other cause. Among those that live, a large number suffer from various digestive disorders and interfering with growth and nourishment. The reason for this is simply that babies are not fed properly. Nature in her wisdom has provided every newborn infant with a peculiar food of its own kind, which can be digested till its digestive organs become sufficiently developed so that it can digest other foods. This peculiar food is none other than mother's milk.

Many think that milk is milk and that it is six of one or half dozen of another whether a baby gets cow's milk, goat's milk or human milk. This, of course, is a serious mistake and is responsible for a large number of serious digestive disorders from which the infants suffer and it is a known fact that six times as many infants die who are artificially fed than those who are breast fed. Since this is true why then should so many babies be bottle fed and their lives jeopardized; in other words, why are not all babies breast fed? As a matter of fact, there are many reasons and I shall give only a few of the most important ones.

It seems to me that mothers do not realize the importance of nursing their babies. They lack the proper technique and have no one to advise them who knows any more than they do. There is always someone around who seems to assure the mother that if the baby has a colic the milk is bad, that it is poor in quality and quantity, and that it would be much better if placed on the bottle. Also, many mothers claim they are too busy and are unable to find it convenient to give up their time and conserve their energy sufficiently to successfully nurse their babies. A mother, to nurse her baby successfully, must be a mother like a contented cow in a quiet pasture.

Records show that 90 per cent of the mothers can nurse their babies, either wholly or in part, for at least the first few months.

Nursing a baby successfully requires that the mother be in good health. In order to be in good health the mother must eat nutritious food, drink plenty of water and have sufficient rest and sleep. This will maintain good health and provide sufficient milk. This does not mean that the mother should stuff herself with food with the result that digestion becomes deranged, the milk too rich. As a result the baby has colic, cries constantly and is soon weaned.

It is the experience of every physician to find more babies overfed than underfed. It is better to nurse babies at longer intervals, say every two or four hours, so that its stomach will have time to become empty and have a short period of rest before the next meal. It is rarely necessary to nurse the baby more than five or six times in twenty-four hours.

## With the Pathfinders

Gowanda, N. Y.—A special meeting of Pathfinders lodge, No. 222, SSCU was called on Tuesday, March 23 to discuss committees for the coming dance. All you members who failed to come to the meeting need not be slighted as all of you are scheduled to serve on one of the various committees. The most willing member to offer his services was Frank Pallicie who volunteered to work in the cloak room. Maybe he knew the weather would be warm and very few would wear coats.

There is to be a baseball meeting at the Slovene Hall on Friday, April 7th, starting at 7:30 p.m. All the boys interested are requested to attend this meeting.

Pathfinders are conducting a contest to see who will sell the most tickets to the dance in May. It's a case of boys vs. girls, the losing side to give a supper for the winning side. Gee, Phillip, I can taste that chicken now. Tickets sold before the dance are 25 cents, and at the door will sell for 35 cents. (Buy all your tickets from the girls).

An amateur contest in charge of Bernard Veloski will be an added attraction at the dance. Another feature will be group singing in charge of Helene Strause.

This dance is bound to receive a tremendous ovation, with music to be furnished by Leo French and his Collegians.

Committees will be published in a later issue of Nova Doba. Look for your name to see where you are expected to contribute your efforts.

### Makes A Difference

Visitor—"If your mother gave you a large apple and a small one and told you to divide with your brother, which apple would you give him?

Johnny—"D'y mean my big brother or my little one?"

Harold—I'll bet you would marry the biggest fool in the world if he only asked you.

Elsie—Just ask me and see.

Specifications for the ideal chorus girl do not mention anything about her tendencies to my break at promise suits

### Editor's Note

Contributing articles by juvenile members to date are included in this week's issue of Nova Doba.

Ordinarily, such contributions would be included in the regular juvenile section, which is scheduled for April 14th. But inasmuch as the editorial staff anticipates a large number of contributing articles from juveniles during the month of April and for the duration of the membership drive and contest for delegates to the second national juvenile convention, it was deemed advisable to publish in this issue those submitted in advance, and the others which will follow on April 14th.

This exception to the rule for publication of juvenile articles will hold good during the months of May and June, if necessary, in addition to the month of April. Which means that juveniles for the next three months will be allotted more than the regular monthly space provided in the past.

## Ladies of SSCU

Joliet, Ill.—Miss Jule Adamich was hostess to the Ladies of the SSCU when they met in her home on Thursday evening, March 18.

The forepart of the evening was confined to a business meeting. The main topic of discussion was bowling. Whether or not it will be possible for us to enter the National SSCU Tournament which is scheduled to take place in April, still remains indefinite, and frantic efforts are being made whereby some scheme might be planned which would enable us to be represented. So, from now until the deadline date for entries, we will hopefully pray that fate will enlighten us in this direction.

After the adjournment of our meeting, we all participated in a program which our hostess had very discriminately planned and prepared for us. The fun consisted chiefly of games—not the usual and ordinary types of games, but, instead, some truly novelty games. Of course, prizes add tremendously to the enjoyment of any game. Our hostess, being aware of this, had on hand numerous lovely prizes, from which assortment the winners had their choice. The lucky winners were Helen Wozlica, Lucille Kosick, and Lucille J. Jevitz. Incidentally, the latter winner was the recipient at two different instances this particular evening, and due to this, the girls have decided to make it impossible thru some of their secret and skillful tactics, for a recurrence of such "luck" (she really is not ingenuous!). They are wise!

And Lucille is slightly worried about what is probable to materialize.

After we were all played out, our very smart hostess seated us at an ultra-attractive table. The attractiveness was enhanced by a bouquet of various colored sweet-peas which featured the centerpiece. Another attraction was place cards which were made up in Easter fashion—Bunnies, Bright Flowers, Easter Eggs, Easter Finery, etc. When we partook of the luscious looking and delicious refreshments, we could not resist the statement: "If there is an ounce of truth in 'the way to a man's heart is through his stomach,' Julie certainly will not be left unmarried!" Lucille Kosick is next to entertain. This meeting will be on April 22.

### ALBINISM

Albinism is the condition in which the black pigment of the body is absent and the yellow is present only in small amounts. Pigmentation or color is dependent upon the presence of certain chromogens and enzymes (ferments) which act upon the color-bases to produce color. If either of these color ingredients is absent then the animal or individual is colorless with white hair and usually pink eyes and is known as an albino. Sunlight does not create color but merely stimulates production of pigment in the body tissues when the proper ingredients are present. There are two or three known races in which there exists an albinotic frequency.

### Experienced

Lady in car (to man she has just bowled over)—"it was your own fault entirely. I have been driving a car for ten years, and I am thoroughly experienced."

Pedestrian—"I am not a beginner, either, I've been walking for fifty years."

**Minnesota State Supreme Court** in nullifying the incorporation of mineral valuations of the towns of Stuntz and Balkan to the city of Chisholm places the latter city in a predicament since it loses some \$200,000 a year in tax levies. According to reports, the city of Chisholm may be forced to close all public buildings, discontinue the fire and police departments and halt WPA projects on which some 300 men are employed.

Further, the Supreme Court reversed itself on former decisions, holding that the incorporation of Fraser was legal taking in mineral lands, while that of Chisholm was not, in spite of the fact that the people approved such annexation by a huge majority at the polls. Incidentally, the city of Fraser is owned by the Oliver Iron Mining Co. and so governed. At the time of incorporation only two residents of Fraser paid any personal property tax and such aggregate tax paid was \$1.56 while the mineral valuations were millions. Some Minnesota state legislators contend on the other hand that the iron industry and the employment it affords come first, and that the iron mining companies should not be taxed to the point where they cannot bear the load.
