

## Iz urada tajništva SANS

Zadnji teden smo v tej koloni objavili pismo, ki je bilo odobreno na seji glavnega odbora SANSA 10. marca in v katerem je bilo izraženo naše zadovoljstvo o zaključkih kimske konference. Dne 16. marca pa je bil prejet iz Washingtona sledeči odgovor:

The White House  
Washington  
March 16 1945.

Mr. Etbis Kristan, President,  
Slovenian American  
National Council,  
Chicago 23, Illinois.

Dear Mr. Kristan:

The President wishes me to tell you how much he appreciates your letter of March thirteenth. Your word of confidence is most pleasing to him and he is indeed glad to know that you and your associates approve his report to the Congress on the Crimea Conference.

Very sincerely yours,

William D. Hassett  
Secretary to the President

Pošiljka relifnih potrebčin prejeta

Ameriški rdeči križ je obvestil urad WRFASSD v New Yorku, da je dobil obvestilo od Jugoslovanskega rdečega križa iz Barja, Italija, da je prva pošiljka relifnega materiala od Vojnega relifnega fonda Američanov južnoslovanskega porekla dospela v jugoslovanske roke.

Skoraj istočasno pa smo prejeli izpis belgradske "Politike", v kateri je pribičen daljši članek o prejetih zalogah in citat iz pisma WRFASSD, v katerem je bilo pojasnjeno delo tega skupnega jugoslovanskega relifnega fonda in seznam poslanega materiala. V članku je omjeneno, da je 80% poslanih potrebčin od WRFASSD, ostali del pa od JPO, slovenska sekcija, od Hrvaške bratske zajednice in organizacije kanadskih Rusov.

Zverinsko postopanje sovražnikov v Sloveniji

Iz lista "Slobodna Dalmacija" od 11. februarja 1945 povzema:

Narodne oblasti v Sloveniji so točno ugotovile vse zločine in imena nekaterih zločincov, ki so decembra meseca lanskoga leta v okrožju Kozje v južni Stajerski tri tedne ropali, ubijali in požigali pod komando majorja Bergena. V tej dobi so domobranci, ustaši in Nemci odpeljali iz kožanskih vasi 28 tovornih in 8 privarnih avtomobilov napolnjenih s hrano in živežem in okrog 40 glav goveje živine. V Zagorju in Planini so zločinci popolnoma oropali cerkev, odnesli zvon in vrv iz zvonika, pokradli zlato cerkveno posodo, na cerkvena okna pa zapisali: "Živijo Hitler!" in "Živijo Pavelić!". V vasi Planini so Rupnikovi belogradisti, ustaši in Nemci oskrnili 30 žena, izmed katerih je ena umrla. Enemu vaščunu so presekali vrat in odčipnili jezik. Ubili so tudi eno vaščanko, mater peterih otrok, ker so pri njej našli otroško kapo s partizansko zvezdo. Fašisti so nameravali narod do kraja uničiti, a je namero preprečila narodna vojska, katero je narod zgradil v borbi proti okupatorjem.

Prispevki za pomožno akcijo WRFASSD

Med 15. in 23. marcem so poslali prispevke za pomožno akcijo Vojnega relifnega fonda Američanov južnoslovanskega porekla sledeči: Podružnica štev. 25, Chicago, \$5. Darovala je sestra Mary Andreas, štev. 94, Hostetter, Pa., \$15.00; štev. 98 (darovalo društvo sv. Alojzija štev. 57 ABZ), Export, Pa., \$20.00. Vsoto je postal Andrej Drinjević. Za podružnico štev. 79, Girard, Ohio, je postal blagajnik Math Kogovsek lepo vsočto \$200.00. Od te podružnici smo nekaj tednov prej sprejeli že \$300.00. Društvo štev. 104 SNPJ, West Allis, Wis., je po tajniku Josipu Tureku poslalo \$76.00; darovalo so večinoma slovenski gostilničarji in trgovci. Seznam darovalcev je bil izročen Prosveti.

SANSA je daroval za pomožno akcijo \$20. SANSA za upravo pa \$20.00. To pomeni, da je brat Zupan daroval vso plačo, ki jo je prejel za ureditev kongresne zapisnika, v kotori slovenskega naroda. Sestra Pepeja Juratović, Hammond, Ind., je prispevala za pomožno akcijo \$10.00.

Iz Detroita poroča tajnika Jacob Bregant.

## PRIREDBA V KORIST STARE DOMOVINE

Chicago, Ill. — Pisma za oglaševanje programskih knjižic v vstopnicah so bile poslane na vse slovenske čikaške in okolišne društva, za katere smo imeli našleve, v korist prireditve, katera se bo vršila v pomoč našim ljudem v stari domovini. Ta velevarna priredba se bo vršila v nedeljo, 29. aprila, v Češki dvorani na 1838 W. 18th St. Pričetek programa ob treh popoldne. Celokupni odbor je mnenja, da to pot se bo točnost tudi upoštevala. Na javnот apelirajo, da pride v dvorano pred tretjo uro in sledi celotnemu programu.

Kot je že dosedaj razvidno od priglašenih, ki bodo sodelovali pri programu, lahko trdimo, da bo bogat in skoz v zanimiv. Imena skupin v posameznikov, ki bodo sodelovali pri programu, bomo objavili kakor hitro bomo imeli vse program skupaj. Ker na takih priredbah ne sme biti brez govornika, smo povabili in se je odzval starosta vseh govornikov Etbin Kristan, predsednik SANSA.

Na program bo tudi za te ēase in za to priredbo najbolj primerna igra "Mati", ki jo je spisal nam ameriškim Slovenscem poznani, v stari domovini živeči pesnik in pisatelj Mile Klopčič. Igra je enodejanka in je skozi skozi napeta, ker je povzeta iz partizanskih bojev proti okupatorjem in domaćimi kvizlingerji. Odbor je mnenja, da popoldanski program ne sme trajati več kot dve uri in pol. Po programu so pa takoj prične domača zabava in ples. Seveda, piščača in jeduča bo tudi na razpolago.

V pismih smo poučarjali, da mora biti ta priredba solidarna demonstracija vseh čikaških in okolišnih Slovencev v korist naših ljudi v stari domovini. Ce ne bo, bomo po prireditvi tudi tako zabeležili, koga bō zadelo, na to se bomo ozirali. Kdor nasprotuje direktno ali indirektno taki humanitarni akciji, ki gre za tem, da se pomaga tistim, ki si sami ne morajo pomagati in so najbolj pomoči potreben, tak ni drugega vreden.

Ponovno apeliramo na vse čikaške društva in posameznike, da sodelujete z odborom do vključivši 29. aprila, da bo ta priredba velik moralen in finančen uspeh. — Za združeni odbor čikaških podružnic SANS in JPO-SS.

Louis Zorko, tajnik.

Izboljšana skoro v vseh oziroh, tako da so danes priljivo izpopolnjena in ni potreba kakšnih posebnih sprememb.

Kar pa se tiče delegacije, naj ostane tako kot je zaključila zadnja konvencija v Pittsburghu. Članstvo po naj samo sodi, koliko delegatov si izvoli za prihodnjo konvencijo. Ako društva izvolijo dobre in razsodne delegate, potem jih je potreba polovico manj in bodo bolje izvršili delo in hitreje zaključili konvencijo.

Znano mi je, ko se delegati vrnejo domov in poročajo konvenčne sklepe članstvu svojih društev, da mnogi niso zadovoljni s sklepi. Temu pa se ni čuditi, kajti vsak član je ustvarjen po svojem kopitu. Sam sem že slišal govoriti, da je SNPJ jako dobra podpora organizacija, samo njena ustava je od muh, češ, da se nič ne sliši od cerkve in Boga. Nekaterim to dela velika preglavice, jaz pa sem za to, da obdržimo naša čela, katerega s trudem začrtali naši pionirji. Mi jim moramo biti hvaležni za njih trud in delo, katerega so izvršili vzlje nasprotovanju od vseh strani. Vse te stvari so meni dobro znane. Kljub temu, da so naši pionirji začrtali napredne, delavskie smernice, je naša jednota lepo napredovala v članstvu in prav tako premoženju. Naši nasprotniki gotovo niso pričakovani tegevka in zavade v začetku pomagali podpore vrednim hrabrim Jugoslovanom.

WHOO! BE SURE YOU TAKE YOUR USED FAT TO THE BUTCHER

bom glede blagajne, pa tudi Tineti Jereba bo treba navdušiti, da bo imela mrs. Jelovšek dovolj opravila dol v kuhinji s svojimi pomočnicami. Ženske pravijo, da moramo imeti potico za veliko noč in piruhov tudi, če pa bi nam jih zmanjkal, jih bo pa mr. Godina pobarval. Gledaj plesa pa bo treba govoriti s predsednikom Narodnega doma Mahnichem. Posta bo konec in treba se "bo malo zavrteti."

K zgornjemu razgovoru naman ničesar drugega dodati, kadar da se vsi, ki čutimo z našimi rojaki onkrat morja, priredebiti gotovo udeležimo. S tem bomo sami imeli nekaj ur duševnega užitka in zabave in začetna pomagali podpore vrednim hrabrim Jugoslovanom.

Albina L. Furlan.

### SKUPNA SEJA ČIKAŠKIH PODRUŽNIC SANS IN JPO-SS

Chicago. — Prihodnja seja vseh čikaških zastopnikov in zastopnic SANS in JPO-SS se bo vršila v ponedeljek, 2. aprila, pri Tomažinu na 1900 W. Čermak Rd. Pričetek ob 8. uri zvečer. Vsak posameznik, ki je pripravljen sodelovati v enem ali v drugem oziru za uspeh priredebiti, ki se vrši v nedeljo 29. aprila, bo na seji dobrodošel. Ker ne bodo poslana posebna vabila, prosim upoštevajte to naznanilo. Louis Zorko, tajnik.

### VABILO NA KARTNO ZABAVO

West Aliquippa, Pa. — Ker se zavedamo, da je nadaljnja pomoč našemu trpečemu jugoslovenskemu narodu potrebna, smo sklenili na zadnji seji podružnice SANSA, da priredimo v soboto zvečer, 31. marca, kartno igro "66" v prid pomočne akcije.

Pridite vse! Kdor ne igra kart bo pa kibical. Vabimo tudi rojake iz Ambridgeja, da pridejo po nagrade, saj so jih do sedaj še vedno odnesli. Menda mi Aliquippčani ne prakticiramo zadosti.

Naznanjam tudi, da bomo še nadalje pobirali obleko in gospodarsko za stari domovino. Torej kdor želi še kaj dati, naj prinese v Sokolski dom.

Theresa Gerzel.

### Federacije SNPJ

#### ZAPISNIK CLEVELANDSKE FEDERACIJE

Cleveland, Ohio. — Sejo odpre predsednik Matt Petrovich ob 8:15 zvečer, dne 27. februarja v običajnem prostoru v Slovenskem narodnem domu. Zapisnik seje z dne 27. januarja sprejet kot čitan. Sestra tajnica Josephine Tratinic prečita račune za november, december in januar in so sprejeti kot čitani.

Zato je mnogo razlogov: prvič, konvenčni sklad ima primanjkljaj, drugič, ako pomislimo, kje se bo vršila konvencija in koliko bo stala vožnja, moramo priti do zaključka, da bodo samo železniške družbe na dobičku, docim bodo morali članji in članice pokriti stroške, a stroškov pa je že tako in tako preveč na vseh straneh.

Bratje in sestre, apeliram, da pritisnemo na glavni odbor, da povzame korake in preloži konvencijo za nedoločen čas, to je, dokler traja vojna. Glavni odbor na vso žadevo pojasni zavarovalniški komisariat države Illinois (to se je že zgodilo —ured.) in gotovo bo proučjuje uslušana.

"Ves, Martin," pravi Mathias, "tvoja hčerka Dorothy mora poleg ameriške himne zapeti tudi kakšno slovensko narodno pesem, tako da bo program v vseh oziroh popolen."

Kdo pa bo vršil vse potrebljeno delo?" je vprašal Joe Zorc. "Vrata dvorane morajo biti odprta ob eni uri!" Frank Bruce pa je odgovoril: "Mi vse, ki smo tu kaj, moramo biti na mestu ob pravem času. Ako pa nas ni zadost, bomo pa našli še nekaj drugih moči. Ti, Furlan, ne pomeži govoriti z Mathom Jere-

50. Liabilities of mortuary or benefit funds determined as follows: Total Liabilities, except reserve, page 5 of annual statement \$325,038.77 less sum of liabilities of general or expense funds, page 5 of annual statement, not in excess of balance in corresponding funds (item 37, above) \$6,861.55; liabilities of sick and accident funds when not valued, page 5 of annual statement, not in excess of balance in corresponding funds (item 37, above); and liabilities of special funds (funds other than general or expense funds not available for payment of benefits), page 5 of annual statement, not in excess of balance in corresponding funds (item 37, above) \$145,787.29
51. Liabilities—Actual and Contingent—sum of items 49 and 50, above \$8,173,299.93

#### Form of Explanation for Publication:

- (N. B. The following is to be used only where the ratio of assets to liabilities is equal to or in excess of 100%.)
53. The above valuation indicates that, on the basis of the (See Schedule A) table of mortality with interest at 3%, 3½, 4 per cent., the future assessments of the society, at the net rates now being collected, together with the now invested assets, are sufficient to meet all certificates as they mature by their terms, with a margin of safety of \$2,142,105.02 (or 26.21%) over and above the statutory standards.

#### Form of Explanation for Publication:

77. This valuation is made on the Accumulation basis and covers outstanding certificates originally issued at contribution rates which were not computed upon standard tables of mortality and rates of interest and which therefore were not designed to provide tabular reserves. The law requires that the Valuation on the Accumulation Basis must show the results of past operation to the date of the Valuation, but it does not indicate whether or not the accumulated surplus, or credits, together with future contributions, will provide for future claims. This method of Valuation credits each member with his net contribution and interest and charges him with his share of the losses each year and carries the balance, if any, to his credit, and the law provides that this Valuation shall not be construed as giving to the individual member any right or claim to any such reserve or credit other than in manner expressed in the contract and the laws of the society, nor as making any such reserve or credit a liability in determining the legal solvency of the society. If the member's share of losses for any year exceeds his credit, including the contribution for the year, his contribution is to be increased by the difference between his share of the losses and his current contribution in order to provide for his share of current claims. This increase in contribution to meet the excess share of losses may be paid from funds or contributions especially created or required for that purpose, or must be provided for by direct assessment of the member, or by liens established against his certificate, as provided in the laws of the Society enacted when accepting this method of Valuation. Under the provisions of the laws of the Society any excess share of losses is provided for by (State how provided for).

inel sejo 16. februarja. Izvoljen je bil nov odbor, in sicer: Krist Štokel, predsednik, Leo Poljak, podpredsednik, Josephine Tratinic, tajnica, Louis Kafeler, Walter Lazar, mojstričar, Rudy Lisch, svetovalec. Ostali člani tega odbora so: Marie Stefanic, John Zaman, Joseph Fipolt in Frank Česen. Trije člani tega odbora so se sestali z učiteljem Malečkarjem, kateri želi več sodelovanja od strani staršev. Obljubil je, da bo koncert uspešen, ki bo sestojal iz 16 točk, deklamacij itd. Trajal bo približno dve uri.

Ker se bo vršil 8. aprila koncert mladinskega pevskega zborja iz Collinwooda, se soglasno sklene, da se preloži prvič v Ambridgeju, da pridejo po nagrade, saj so jih do sedaj še vedno odnesli. Menda mi Aliquippčani ne prakticiramo zadosti.

Naznanjam tudi, da bomo še nadalje pobirali obleko in gospodarsko za stari domovino. Torej kdor želi še kaj dati, naj prinese v Sokolski dom.

Theresa Gerzel.

#### LISTNICA UREDNIŠTVA

##### Vpraševalci iz Pensylvanije:

Površina Texasa je 262,398 kvadratnih milij, prebivalstvo pa ima državskem šest milijonov (po ljudskem štetju leta 1930 5,824,000). Površina predvojne Nemčije je znašala 208,830 kvadratnih milij (po enciklopediji Britanic), prebivalstvo pa je šteje 65 milijonov. Država Texas je torej po površini dokaj večja, toda po prebivalstvu več kot desetkrat manjša od Nemčije.

Seja je zikaljena ob 9:40 zvečer. (Prišlo prepozno za objavo v zadnjem glasilu.—Ured.)

### Društvene vesti

St. Louis, Mo. — Opominjam članstvo društva št. 107 SNPJ, da pravočasno poravnava svoj društveni asesment, to je pred prvim aprilom, ker bom 1. aprila zaključil račune. Od sedaj naprej ne bom za nikogar zalagal asesmenta. Čitalci ste opomin v Prosveti, v katerem gl. urad sporoča o situnosti, ki jih ima s suspendiranimi člani. Z njimi je veliko nepotrebna dela za tajnika in prav tako za gl. urad. Prosim, da vpoštevate ta opomin ali pa si posledice pripisate samemu sebi.

Joe, ivojo zadeva morda pride na vrsto meseca aprila, kajti stvar se je nekaj zamotala v Danvillu, Ill., zato nisem mogel ničesar poročati. Ako odbor ne bo hotel tedaj vpoštevati prošnje, potem bo treba čakati na drugi termin. Ker ni denarja, gre zadeva vse bolj počasni naprej. Treba je delati, korespondirati in telefonirati.

## Tako ne govori diktator

Nekatere dobre duše med nam se še vedno boje diktature, seveda—"komunistične diktature" v starem kraju. Te diktature se posebno boje oni "krščanski" ljudje iz klerikalnega tabora, ki so v avstrijski in španski civilni vojni pridno lomili kopja za klerofašistične pučiste pod vodstvom krvnega Dolfusa in mesara Franka. Kér sta imela oba mesarja "božji" in papežev žegen na svoji strani, so obema aplavdirali, ko sta morila po svobodi hrepeče delavce.

Ako je javno, so ti "krščanski" može vsaj v svojem srcu vzhlikati: "Živel naša (klerofašistična) diktatura!" Zdaj pa ni pod solnec bolj vnetih "demokratov" kot so ti ljudje. In ker je velik "demokrat" tudi neki škof, ki sliši na ime Rožman, so seveda njegovi verni pristaši in branitelji, kakor tudi vseh onih slovenskih "demokratov," ki so iz tega ali drugega razloga zbežali v Rim pred partizani.

Ti ljudje se zdaj strašno boje, da se bo Jugoslavija znašla po tej vojni, ako se še ni, v strašni—"komunistični diktaturi." O tem so tako trdo uverjeni kot da je Bog v nebesih, čeprav nimajo dokazov ne za prvo ne za drugo. V nekem "svetovnem" listu svojim zaslepljenim ljudem pojočo po pesem dan za dnevom. Posebno je mojster v tej pesmi neki "dušni pastir," ki zadnje čase tako od strani ali mimo grede "pase duše" okrog kotla ali korita sv. Vida, po dva šinta na dan pa izganja komunističnega Belcebuba iz Slovenskega Jugoslavije. Naj še omenimo, da je ta pastir prej pridno poleg duše okrog—Mihajlovića, seveda za srbsko čaršijo in za interes političnega klerikalizma v Sloveniji.

Poleg teh, kot znano, so še nekatere druge dobre duše med nam, ki tudi vidijo velikega komunističnega bavbava v starem kraju. Tudi v njih očeh je Tito nič drugega kot boljeviški Belcebub, ki le prede mrčče za svojo diktaturo. Ker ne mislimo spremočati klerofašistov, pa bili v talarju ali samo v fraku, bodo naslednje vrstice veljale predvsem dobrim dušem iz teh "bolj naših" krogov.

★ ★ ★

Kdor hoče v kakšni deželi ustvariti levicaško diktaturo, jo mora odprto propagirati. Zgraditi mora politično gibanje, ki sloni in tudi odprto iznoveduje boljeviška načela diktature proletariata. Lenin in sploh vse njegovi pristaši so to delali odprto, v vseh svojih govorih in spisih in konspiratornih načrtih. To so delali že pod carizmom, že bolj ognjevit in direktno pa po strmoglavljenju carizma. S to naročo so tudi gradili sovjete, s katerimi so strmoglavili Kerenskijev vlado.

Če bi Tito hotel zgraditi komunistično diktaturo v Jugoslaviji, bi moral tudi odprto propagirati in graditi svoje politično gibanje—Osvobodilno fronto—na boljeviških teorijah proletarske diktature. Če bi ne gradil takega gibanja, čim bolj treniranega v dialektiki proletarske diktature, bi sploh ne imel nobenega orozja, s katerim bi mogel izvesti svoj načrt—upostavitev boljeviške diktature.

Ampak Tito in sploh vse osvobodilno gibanje širom Jugoslavije govorovi povsem drugačen jezik, orientira ljudske mase v povsem drugačen smer kot so jih usmerjali ruski boljeviški pod Leniničkim vodstvom. Vse osvobodilno gibanje je zgrajeno, ne na teorijah in naukah proletarske diktature, marveč na konceptih najširše ljudske demokracije in svobode. Še več! Ustanavljajo slično novo državo, kakršno je v zadnjem vojni propagiralo v Ameriki Jugoslovansko republičansko združenje—demokratično federalistovo Jugoslovijo brez kronskega parazitov.

Kdo bo mogoče rekel: "Bedak, slepec! To je le komunistična prevara! Tito ima s svojimi komunisti vred demokratično federalistovo Jugoslovijo le na jeziku, v načrtu ima pa komunistično diktaturo, katero bo upeljal kakor hitro bo okupator izgnan iz dežele."

K temu rečemo le to: Če bi Tito res skušal napraviti takoj takoj, bi vrgel deželo v eno najstrašnejših civilnih vojn in tudi sam bi bil že vnaprej obsojen temeljitemu porazu. Tudi brez vsake zunanje pomoči bi vsak komunističen puč zadušile v krvi iste sile, ki tvorijo hrbitenco osvobodilnega gibanja—preproste, toda demokratično usmerjene ljudske mase, ki že štiri leta umirajo za svoje svobodo in obenem polagajo temelj novi, demokratični državi.

Ljudje, ki toliko pretrpe za svojo svobodo, ki so pokazali v najtejših časih svoje zgodovine toliko svoje ustvarjalne sile in toliko borbenega duha, ne bodo nasedli nobeni prevari in nobenemu prevarantu, ki bi jih hotel "osrečiti" s kakršno koli diktaturo. In misimo prepicani, da bi se danes sam Tito postavil tudi proti vsaki komunistični diktaturi v Jugoslaviji, čeprav bi bila dekretrirana iz Moskve.

★ ★ ★

Zadnji je Tito imel značilen govor, v katerem je orisal program nove provizorne vlade. In ta govor je značilen predvsem v tem, ker je vseskozi preniten z debelo nito demokratične usmerjenosti. Nikjer ni duha o kakšni diktaturi, ampak le o demokratičnih težnjah in željah in otrebah širokih ljudskih mas. Na teh demokratičnih težnjah in željah, pravi Tito, bo slonela tudi vlad in vsa država. "Vse demokratične pravice, katere so si izvojevale široke mase našega ljudstva in na katerih temelji struktura ljudske administracije, se morajo zaščititi in razširiti kolikor je to mogoče v obstoječih vojnih razmerah," pravi Tito. "In to se predvsem tiči takih svobod, kot je osebna svoboda, svoboda vere, govorja, tiska in zborovanja..."

Clovek, ki tako govor, ne kaže diktatorskih ambicij in tudi ne—komunistične diktature." Njegov govor bo priobčen v dnevniku.

## O VESELICI IN DRUGE VESTI

Še, je "Voice of Youth" z veseljem sprejet. Ni jim zameriti: rojeni so tukaj in skušajo biti pri delu in isti vrsti z Američani, a o naši domovini ne znajo ničesar kot nekaj ustnih izročil svojih staršev. In kako moremo zahtevati, da naj naša naraščaj ljubi našo Slovenijo, katero nikoli ne ve, kaj pride in kdaj pride smrt in ker ne vemo, moramo biti pripravljeni na zadnjo misel: storili smo svoje delo, dokler smo živeli. Torej dokler smo tu, moramo iti z našim delom naprej in pomagajmo pomoziti članstvo SNPJ.

Pravilno je, da se spomnimo pokojnih in izražamo priznanje za njih delo. Ne smemo pa pozabiti, da mi še živimo in delujemo za izboljšavo našega življenja. Za žalost naj nastopi veselje. Zatorej vabim vse one, ki so še živi, da se udeležijo veselice društva Svobode št. 748 SNPJ, ki se bo vršila v nedeljo, 1. aprila, v Slovenskem delavnem domu na Waterloo rd. Priprite in se malo razveselite. Za ples bo igrala Vadnalova godba. Pričetek ob osmih zvečer, koliko stane po vstopnina, vam bodo povedale članice pri blagajni.

Moj nečak se nahaja na italijanski fronti. Nisem nikdar viden Italije, zato ne vem prav ničesar o njej. Po njegovem pismu sodeč, je njegovo mnenje, da Jugoslavija zgleda kot Italija. Med drugim piše: "Ta raztrgana, toliko od turistov oprena Italija! Nič čudno, da ste prišli vsi v Ameriko, ker ste živeli v tako grdi 'kontri'." Njave Eddie v Italiji pogreša naše coloradske pustinje, katere se mu vidijo lepe, posebno od dela.

Nečak mojega moža je prišel na obisk iz severne Dakote. Ko sem mu razkazovala paravne lepotne našega Ryea, se je izrazil: "Veš, Rose, California je nekako tako kot je vaše Colorado, samo da California ne zgleda tako zelo slabko kot Colorado." On je vajen brezkončne ravnine, vznemirjale so ga naše modrozelenje sinje gore, ki so krasota Colorada; zapiral so mu pogled in se počutili dobro. Torej ni prav nič gotovega, če bi naša mladina videla naše kraje, da bi se navduševala zanje.

Kako naj-spoznamo lepoto slovenskego govorice? Kako se naj navdušujejo zanje? Dva sosedna nima enakega narečja, zato je ne razumejo in se raže trdn držijo svojega rojstnega ameriškega jezika. Naš ubogi jezik mrvarimo v vlečemo na vse štiri vetrove, mešamo z angleščino, da že ni več podoben slovenski, katero so nam zabivali v glavo po naših šolah. Spomnimo se na "Flisa", ki je pisal članek v Prosveti, v katerih je večkrat razmotril, zakaj se naša mladina sramuje staršev. Po menjem je bilo to popolnoma krivično. Le spomnimo se, kako je naša mladina hodila po koncu kot petelin, ko je prišlo po radiu sporočilo, da se je Jugoslavija uprla nacistom; vsak Američan, ki je prišel z njo v dotiko, je moral na dolgo in široko poslušati, da je to dežela, kjer sta bila rojena "moj oče in mati". Dobila je vzrok, da je bila ponosna na nekaj kar je bilo v zvezi z roditelji in kar je bilo popolnoma jasno, drugo pa je za njo vse v megli.

"Voice of Youth" je glasilo mladine SNPJ. Starši naj zainteresirajo mladino, da piše v ta list. Z dopisi se jim bo bistrial um, dobili bodo zanimanje za jednoto, h kateri spadajo, zraven bodo pa tudi priporočili, da bo krožek "Pueblo Youth" aktiven, se širil in rastel.

Končno naj se omenim, da so člani društva Orel nekako pozabili na mesec, da je društvena seja vsakega meseca ob 8. urici v Narodnem domu.

Rose Radovich.

Naše članstvo že nekoliko nestrpno vprašuje, kdaj bo dobilo navodila glede redne konvencije, ki se v smislu naših pravil in zaključkov zadnje redne konvencije ima vršiti to leto. Zato bo spet danes nekaj vrst te kolone posvečenih vprašanj konvencije, vendar pa morajo naša pojasnila iz znanih razlogov biti tudi še sedaj več ali manj kratka in omejena.

Kot je naše članstvo bilo že večkrat obveščeno potom zapisnikov izvršnega v glavnem odboru, smo se ves čas dobro zavedali, da naša trinajsta redna konvencija pade na to leto in podvzeli smo vse potrebne korake za konvenčne priprave že davno. Določeno je mesto in čas, kdaj prične konvencija, najeti so primerni prostori za zborovanje, poskrbljeno je za stanovanja in prehrano delegatov in drugih članov konvencije, pripravljena so tudi priporočila za spremembu in izpopolnitve pravil in tako dalje. Sploh je podvzeto in poskrbljeno že tako rekoč vse potrebno, da se bo konvencija lahko vršila, kakor je bilo prvotno zasnovano in določeno.

Pri tem pa seveda nismo pozabili, da smo v vojni in na razne potrebe v zvezi z vojno. Zavedamo se, da je vojna točačno najbolj važna stvar, ter da to zahteva žrtve in iziskuje potrebne doprinošči tudi od nas. Kot znano, je vsled ogromnega prevoza vojakov in vojnih potrebskih nastalo splošno pomanjkanje železniških vozov in busov ter drugih prevoznih sredstev že precej časa nazaj. Zvezni urad za kontrolo prevoza pa je zadnje čase bil prisiljen poseči po drastičnih sredstvih in poskuša omejititi predvsem nepotrebitno potovanje civilnega prebivalstva. Vsled omenjene dejavnosti so prizadete predvsem organizacije, ki so namenjale imeti svoje konvencije to leto, in med temi je tudi naša jednota.

Mi smo seveda pripravljeni na kooperacijo z oblastmi v vseh ozirih, a v tem slučaju, ko moremo nekaj doprinositi za pospešitev vojne zmage in olajšanje trpljenja naših vrlih vojščakov, pa seveda še toliko bolj. Ampak naše konvencije niso za spas ne za šport, temveč so važen faktor našega upravnega sistema in obdržujajo jih iz potrebe. Poleg tega nas veže državni zakon, da imamo svojo konvencijo enkrat na vsaka štiri leta.

Vse to in še več drugih potrebnih reči smo točno sporočili in poslali zveznim in državnim oblastem. Kljub vsemu temu pa se še danes ne vemo, dali bomo mogli imeti svojo konvencijo še to leto ali ne. To je gotovo, da nam je zvezne oblasti ne bodo dovolile, dokler bodo take potekloče s prevozom. V zakonodajni zbornici države Illinois je tudi predlog, ki predvideva moratorij ali podaljšanje konvenčnega termina, oziroma da se mora konvencija vršiti v teku enega leta po preklicu omejitvenega odloka po zveznih oblastih. Medtem pa se splošno domneva, da odredba, ki omejuje potovanja, ne bo ostala dolgo, da olajšava kmalu pride itd.

Kot že povedano, smo mi pripravljeni kooperirati z oblastmi in odložiti svojo konvencijo na poznejši čas ali dokler je potrebno, pripravljeni pa moramo biti tudi na možnost, da se bodo rezmerje v doglednem času izboljšale in da nam zvezne oblasti čez nekaj mesecov znajo sporočiti, da jo lahko obdržujemo še to leto.

Vprito vsega tega bo torej najbolj pametno, da se držimo prejšnjih zaključkov in pripravljamo na konvencijo, kakor bi se, če bi teh izrednih razmer ne bilo. Društva, ki nimajo zadostnega števila članov za lastnega delegata, lahko medtem podvzamejo potrebne korake za združenje, in sploh se pripravljajmo na volitve delegatov v običajnem času kot določajo pravila. To je najboljši način in navdihno gleda konvencije, ki ga za sedaj moremo dati.—

### Medical Science Marches On

Modern science is making rapid progress especially in technology as well as in medical research and chemistry. While the former is now used chiefly for destructive purposes in the war, medical science is used solely in combating diseases and healing of wounds.

It is said that the past decade has been among the most outstanding periods in all medical history.

First, there came the wonder-working sulfa drugs.

Then a new magic word edged its way into everyday conversation—penicillin. Penicillin came into prominence only within the past two years and its healing properties proved its value in thousands of cases.

Now comes the third wonder-working drug—tyrothricin. While tyrothricin will not supplant either the sulfa drugs or penicillin, it fills certain vital gaps on the medical front. It gives man one more weapon with which to fight his eternal enemy—killer microbes.

Eventually, this new medical word “tyrothricin,” just as the jaw-breaking name of the sulfamilamide family that became known as the “sulfa” drugs, will very likely be shortened to plain “tyro.”

★ ★ ★

The new drug, which is now undergoing wide clinical trials, is an unparalleled weapon against certain types of infection.

Tyrothricin, as already mentioned, will never supplant the sulfa drugs or penicillin, but will do many jobs which they cannot do. For instance, it cleans up a variety of dangerous soldier wounds, and rids empymia, the horrid infection of the chest cavity. It also heals carbuncles and boils and ulcers, according to medical reports. In addition, it fights many other ailments that cause untold suffering. This new drug, like penicillin, is now gradually finding its way into hospitals and into the hands of physicians.

The story of “tyro” to a large extent is the story of Rene J. Dubos, research man who was working at a medical research institute in New York. He was seeking to find how the soil destroys the microbes that kill men. In other words, he was trying to solve the problem of why, when a victim of tuberculosis is buried, the microbes which killed him were within a short time destroyed.

★ ★ ★

The fact that there are microbes in the soil which destroy all organic matter—all living matter—has been known for a long time. Since bacteria which cause disease are organic matter, the conclusion was that they, too, are attacked by soil bacteria.

Dubos solved the problem by painstaking and persistent work in the laboratory. He filled three tumblers with soil, watered them every day with cultures of violent microbe death. Into one tumbler he put the pneumonia bacteria, in another the streptococci which inflame throats and poison wounds, and in the third the pus-forming bacteria. After several months of this procedure, Dubos dropped bits of soil into tubes containing cultures of the bacteria and found that something was destroying the microbes . . . it was a common soil bacterium which he named tyrothricin.

More laboratory work followed and it was found that the drug could be used by spraying it on wounds and sores and applied to dressings. It is also proving to be effective against mastitis, an inflammation of cow udders.

At any rate, there is no limit to the possibilities of medical and chemical research. There are still many deadly diseases which must be conquered, and the only hope is in medical science which must be made to serve all humanity.

### NOTATIONS

By Frances L. Rak

CHICAGO VIA JOHNSTOWN, PA.—This Sunday, April 1, the dramatic section of Branch 1 JSF, Chicago, will travel to Waukegan to present the three-act drama “Norec” at the Slovene Nat'l Home in Waukegan. All proceeds go for the benefit of Jugoslav War Relief. It's a worthwhile cause and the performance deserves a packed hall. Joseph Oven will be one of the principal speakers.

Furloughing.—Recently we received word from S/Sgt. Lawrence Langerholz (this writer's brother) informing us that he and his wife are going home to Johnstown on a short furlough. Not knowing when the Langerholz clan would be all together again, we decided to make the trip also. It was nice seeing the family and friends again, among them Stan and Rose Klucik, the Glavachs, Cekadas, Podboys, Lubshiks, Tereeks, Steve Smear, Jancks, Josephine Bizjak, Agnes Bomback and her parents and many others. Like all “home-fronters” they are busy in war industries and hoping for an early end of the war.

Servicemen (Flood City)—The Glavach family of Highland Park have the distinction of having the largest number of Flood City boys in the service. Rudolph is at present home on furlough; Frank is recuperating at the Walter Reed Hospital, Washington, D. C., from wounds received while on maneuvers at Fort Mead, Md.; Victor Glavach is serving overseas in France while Dominic Glavach, the youngest, is somewhere in Italy. All of these boys are members of Flood City lodge. The past week the family received word that Dominic was wounded the second time but not seriously. Recently he received the Bronze Star for heroism.

Frank Mavri, serving somewhere in the Pacific, has been promoted to 1st Lt. Frank is a pilot on a

### Veronian News

VERONA, PA.—Starting this column with Easter greetings to all SNPJ members, and a reminder that the Veronians are going to celebrate Easter day with a dance at our Club. On April 1st, Frankie Porovne's musical stylists will again swing into action with tunes that our Veronians will like. Just two weeks ago Frankie made his debut with his new band at our club. The result? A large crowd is expected on Easter Sunday. Remember the music will start at 8 p. m. till 11:30. Come early.

Some time ago Rudy Stanik's relatives and Veronian members were hoping that he, Rudy, who had been listed as missing in action, would somewhere, some day turn up alive. Word has been received that Rudy is alive and a prisoner of war in Germany. “Wounded in action,” that's what the telegram read about Walter Gostkowski, our former financial sec'y. We hope that you, Walter, Rudy Hodnik, Joe Cestnik, Elmer Melicic, Andy Lipesky and Joe Plese get better at the earliest possible time. Will Kaus was home on a short leave. Soon to be discharged from the Mason General hospital in Long Island, New York, is my other brother, George. Coming home soon by the rotation plan is Charles Latin. Chuck was one of the first Veronian boys to be inducted.

For the third time since the latter part of February our Allegheny river has gone on a rampage. At this moment there is about a foot of water in our basement and still rising. A few weeks back many Veronians were forced to leave their homes. Our lower floors in our Veronian Club were covered with water, but thanks to the Veronian members headed by our Board of Directors that damage was slight.

Congratulations in behalf of our Veronian Lodge to Tony Bergovich and Frances Mestak on their recent engagement. A swell couple these two, shouldn't take them long to say, “We do.”

A pool table at our club, a preview of what's to come to entertain our older and juvenile members. Now that our club will soon be paid for, our next move will be to make it (our club) one of the finest recreational spots in Penna, a place where our fighting soldiers will enjoy themselves.

Veronian blood donors who have given plenty are Mr. and Mrs. Eiffier, Mr. and Mrs. John Lesar, and Larry Cassol.

Under the guidance of Matt Kern and Mary Krulic, our Veronian juveniles have been going at a fast pace. Meetings, the use of our club once a week, dances that saw Les Faulk's orchestra, a brand new band, playing for these affairs.

Before closing, I wish to remind you again about the dance Easter Sunday, and about the coming Sixth War Loan. Do your part, won't you? Thanks to Fritz and Kay Miller for the use of their car in helping to try and locate the barrels that were stolen from our club. Unless these 34 barrels are found, other means will have to be had to keep our float up as barrels are hard to get.

MICHAEL LIPESKY.

### Sharon Keystoners

SHARON, PA.—Keystoners' April meeting will take place on Easter Sunday at 7:30 p. m. Come up to the Club real early to enjoy yourselves, then stay for the meeting. Be present and help us pick out a date for our seventh anniversary.

Anyone, male or female, who wants to take a part in the national SNPJ telegraphic bowling tournament should report either to Bill Maccek or Frances Novak who are in charge. Let's show them that we, too, can roll the tenpins!

All-A-Round. Congratulations to Frances (Walters) Semenac on the arrival of a son! Another member for the SNPJ—John Jernjevic celebrated his birthday last week. The bowlers after a match game joined Johnnie on this occasion and enjoyed a good time. More such birthday parties are in order.—Frank Groser's article in last week's issue was interesting reading. Hope we hear from him more regularly.—Stan Klucik and John Rak's bowling teams were engaged in a match game. Stan is now looking for the score sheets to see if he really lost the match game.

Congratulations to Mr. and Mrs. Joseph Godina on the arrival of a baby boy. Another juvenile for the Keystoners.

FRANCES NOVAK, 755.

### Struggler Lodge

CLEVELAND, OHIO.—Attention, members of SNPJ Lodge Strugglers No. 614! In the future the monthly lodge assessment collections at the Slovene Workmen's Home, will be collected on the 26th of the month, if the 24th falls on a Saturday, Sunday or holiday.

For the benefit of the members who wish to pay by mail, the address of the Sec'y of the Strugglers Lodge 614 SNPJ is:

Theodore F. Lauric,  
13416 Eaglemeade Ave.  
Cleveland 10, Ohio.  
Phone Potomac 6188.

### J. Z. Jr. Bright Spots

LIBRARY, PA.—The J. Z. Jrs. are sponsoring their Spring dance on Sunday, April 22, at the Library Slovene Hall. Dancing to the music of Jackie Martincic's orchestra will begin at 8 p. m. and will end a few minutes before midnight in order to abide by the curfew. See you on the 22nd.

COMMITTEE, Lodge 652.

### COMRADES' NOTE BOOK

By J. J. Fifolt

CLEVELAND, O.—Our last meeting: As usual many were expected but only a few showed up. Fran “hard luck” Presern, recording secretary, was not there due to spraining her ankle. Pauline Spik presided in place of Joe Zorman, who was troubled with his vocal chords. The ballot sent us by the Norwood Community Council was voted on as submitted. Ten tickets for SANC were purchased and distributed among those present. Usual donation was made towards the Easter Seal campaign.

In memory of John Prudish, serviceman, killed in action, members stood at attention. It was voted that the secretary arrange for the purchase of a \$25 war bond to be presented to his wife Helen for daughter Diane. Sick and operation reports for Bertha Erste who is well on her way to recovery were passed for payment. It was voted that theft insurance for the funds handled by the secretary be secured.

Entry fees for the team events in the City Tournament for the girls' teams to be paid for by the lodge. Joe Zorman won the \$1 award. Rose Smole was not present for the \$3 prize. Maybe we can prevail on John and Rose to drive in to Cleveland from Huntington every third Tuesday of the month for the meeting.

Some of those not present to participate in the birthday cake that the group presented to the writer after the meeting were Mary Krizmancic, Mary Zak, Alibina Vehar, Antoinette Skok, Agnes Flanders, Tony Kerze, Heine Martin, Frances Tomsic, Mary Stefanic, to mention just a few. Many thanks to those who were so thoughtful.

#### Servicemen

Max Spik, out in California, was seriously stricken with stomach attack. Operation developed a rupture of the spleen. Prompt action on the part of the Navy medics, together with the aid of blood transfusions and plasma and penicillin has enabled him to show speedy recovery. His wife Kay who is with him, was quite worried. We trust Max will be on his feet soon.

Julius Purnat Jr., who was recently commissioned an ensign, stopped over at the house during his recent furlough. He regretted his inability to attend the meeting and asked to express a hello to all of his friends.

Julius presented a striking figure in his uniform and was very happy.

His next assignment will be in Florida after which he hopes to see action in the Pacific.

Christmas card sent to Bill Azman, after traveling to five different points finally arrived back. It will be sent to Bill, home on furlough.

There has been considerable agitation regarding inability of mail to reach the boys. My experience has been that Uncle Sam does try to locate them, judging from some of the cards and letters that come back.

Finally getting around to mention the last letter received from our good friend and Pioneer, Frank Groser.

It was addressed from somewhere in Germany.

With the coming of spring, after the cold and deep snow, they'll be wallowing around in rain and mud. His health was good at the time he wrote the note and asked to say hello to the gang.

#### Bowling

Preparations for the national SNPJ telegraphic bowling tournament in the hands of Johnny Spillar and Whitey Mathews are progressing nicely. Additional prize money donated by the Cleveland Athletic League, outside of the national funds, should make the tournament enticing. The girls' teams are all set. How about a boys' team? What say, Alden, Kushian, Shuber, Teakautz, Grum and others. The deadline for entry blanks is April 14.

Cooperation of the various lodges during the last Athletic League dance brought about very good results. Financially the dance was one of the most successful. Marie Stefanic, Spillar, Mathews, Jeric, Alibina Vehar, and the others are to be congratulated for the efforts expended.

#### General

Don't look for Ed and Helen Grum on Addison, they've moved to E. 74th st. A note from our far away friend, Frank Truden, enclosing his check for dues. He and the family plan to be in Cleveland this summer if transportation problems ease up. He adds, “Sorry to hear about John Prudish and I would like to add my sympathies to those of the rest of the Comrade members and hope that the rest of the boys return safe and sound.”

That happy look on Mrs. Azman these days is explained by the fact that three out of the four boys were home on furlough together.

### Strabane Pioneers

STRABANE, PENNSYLVANIA.—

With deepest regret was the news received that two of our members, Major James Bell and Robert Tershel, previously listed as missing, are now officially listed as killed in the service of our country. The Pioneers extend deepest and sincere sympathy to both families.

Major James R. Bell, well known Canonsburg physician, served as a flight surgeon and made many trips between England and France removing soldiers from the front to hospitals in England. It is reported he was killed when his plane crashed into the mountain in southern Scotland during a heavy snow storm. Major Bell served first at an Army camp in the State of Washington, later in Utah, then Randolph Field, Texas, and was stationed for a short time at Sioux City, Iowa, from which base he left for overseas duty exactly one year after enlisting. Based in England, he received his promotion to the rank of major one year after he left the States.

Fireman First Class Robert Tershel was serving on a mine sweeper in the area of Lingayen Gulf in the Philippine Islands at the time of the mishap. Entering the service just one year ago, Fireman Tershel received his boot training at Great Lakes, Ill., and left for service overseas last July. Four other members of the Tershel family are in the service: Lt. Mary L. Tershel and Lt. Frances, with the Women's Army Corps in France. Seaman First Class John Tershel Jr. in the Philippines and Pfc. Tony Tershel at Camp Beale, Calif.

Cpl. Joseph P. Kern, who is stationed at the Marine base in Quantico, Va., spent a furlough at home. A/S Guy Cornell has completed his recruit training at the Sampson Naval Training Station, N. Y., and is spending a furlough with his father and sisters. A/S Edward Klobucher arrived home after completing his boot training at the Sampson Naval Training Station, N. Y., for a 5-day leave. M.O.M.M. 2/c Sylvester Chesnic, a member of the United States Coast Guard, arrived home from the European war area to spend a 24-day furlough. He will report for duty at Brooklyn, N. Y. Cpl. Joe Sterle of Carlisle Barracks, Pa., and Charles Kominski of U.S. Navy also spent a few days leave at home.

Sgt. Joseph Vercek and S/Sgt. John Cadez, both of whom are attached to the Signal Battalion, are reported to have arrived safely in France. Sgt. Jacob Tomsic is also located in France.

Somewhere in the European war theatre, two local soldiers met. They are Cpl. Joseph Delost Jr., a member of the Field Artillery Battalion, and Cpl. Joseph Krulic Jr., attached to the 13th Corps Artillery.

Here in the States Pvt. Frank Barbish and Pvt. Martin Vehar have met at Camp Wheeler, Ga.

In our mailbox this week are letters from John Progar who is in France and L. Germovsek from Germany. Both say it's “plenty hot” out there and they don't mean the weather; the Germans are keeping them busy. Lots of luck, boys!

The honors of the week go to the parents of Mirko Tomsic, stationed in England and John Tomsic serving in Germany somewhere.

ATTENTION, PIONEER MEMBERS: The regular monthly meeting will be held Sunday, April 1, at 6:30 p. m. at the SNPJ Hall. All members are urged to attend.

HELEN TERSEL, 589.

members are busy preparing themselves for presentation of “The Gypsy Baron,” in April. Their previous performance of this operetta was very successful.

The article by Secretary F. A. Vider relative to delays encountered in the preparation of monthly reports due to lodge secretaries not sending in their statements on time, brought out by members not paying their dues when they should, ought to be read and reread by those concerned. Just a nasty habit that should be corrected. Some day it might hurt.

#### Norwood Community Council

A very successful meeting was held last Thursday of the council. Director John Howard of the City Planning Commission was present with various plans and sketches they had prepared on planning of the Norwood Area for the future. They have made the plans, it is up to the people to evidence interest and execute them. Our Councilman Ed Kovacic, former member of Comrades, was there and outlined some of the steps already taken. A number of the younger set were present.

Up to date developments of the Wellman case, the American Heat Treating problem, the fire devastated area were presented. Make plans to join the council.

Belated congratulations to Hank Spolar and his wife on the arrival of a lovely girl named Sarah Jane.

### CONCERNING THE VALUATION REPORT

Our Society's Valuation Report for 1944 is published in this issue of Prosleta, and the attention of members is called to certain important statistics contained therein.

The Society's solvency rate has increased by over one-half percent, not a large increase, to be sure, but important for these times. There have been remarks on the part of certain members in connection with the business administration to the effect that greater caution is necessary in these times to guard against difficulties of the mortuary fund. The actuary's report is proof that there is at present no danger to the mortuary fund, and that there should be no fear of special assessments for this fund.

As can be seen from the Mortality Table in the Report, our Society's mortality rate is not much higher, in spite of war casualties. This means that the organization is strong and financially sound, a fundamental requirement for every enterprise such as ours.

Our main problem is the rate of interest earned on our investments, but in this respect all financial institutions and life insurance companies are affected in the same manner. However, if the need should arise, we can increase the assessment on new business, which would solve also this problem provided that the situation does not become extreme.

**SNPJ SPORTS****Telegraphic Turney News and Reviews**

By Michael Vrhovnik

Last week, according to reports from Belgrade, the Jugoslav government and UNRRA signed an agreement which will facilitate relief supplies to that nation.

M. W. Fodor, correspondent of the Chicago Sun, writes from Belgrade that the agreement is the third UNRRA pact signed with a Central European country. The other two nations are Czechoslovakia and Greece.

This means that the sending of food and other supplies by UNRRA to Jugoslavia will start soon. "Many ships loaded with UNRRA and M. L. (Military Liaison) supplies are already in the harbor of Split on the Dalmatian coast awaiting improvement in overland transportation facilities," writes Fodor.

He adds that UNRRA will start functioning in Jugoslavia April 15. "Until then M. L. will supply most of the urgently needed medical supplies, agricultural requirements, clothing, etc."

It can be assumed that from now on shipments of relief supplies to Jugoslavia will flow regularly.

The question arises, however,

whether UNRRA will be able to fill the immediate needs in Jugoslavia.

There is no question that a very large amount of needed supplies will be sent through this agency.

But this does not mean that our own relief work here can cease.

On the contrary, we must continue our relief work to supplement UNRRA work.

Slovenia and a large part of Croatia are still in the enemy clutches;

only isolated parts of these two countries are liberated. It is likely that the enemy will soon be driven out and the need there will be great.

That's why we must not relax now when the time is at hand to give help to our long suffering people.

Our relief action must continue unabated. We must not let our people down in the hour of their greatest need.

Turkey is once again making the headlines. This time in connection with Jugoslavia and Russia.

The Turks, who have only recently jumped on the band-wagon, are now trying to stir trouble in the Balkans by attempting to drive a wedge between Jugoslavia and Greece. I am confident that the Jugoslavs will handle the situation well and tell the Turks where to get off.

As for Russia, now is the time

for her to assert herself in the Black Sea by getting what belongs to her in the Dardanelles, namely, a free passage and control of the famous straits even as England controls the Straits of Gibraltar.

It is of vital importance to Russia

that she realizes her 100-year old ambition in the Dardanelles. She

must not be locked up behind this gate that leads to the Mediterranean.

Seeks Position

SPRINGFIELD, ILL.—Next Tuesday, April 3, the citizens of this town will elect a new school board. Among the candidates is also Gerry Allard, a member of the SNPJ Lincolns Lodge and well known specially among the Illinois coal miners for his indomitable spirit and devotion to the cause of Labor. For a number of years he was editor of the Progressive Miner and later of the Socialist Call. If elected to the Board of Education, the school board, as well as the progressive cause in education, would get a real send on this important position. Gerry's candidacy is being sponsored by the miners of this town.

Perfect Circle Busy Planning New Activities

CHICAGO.—Perfect Circle No. 26 had one of their "busy bee" sessions last Saturday morning, preparing for the Easter social. Members had taught the hard-cooked eggs as instructed, and they had much fun decorating them. After the eggs were ready, several of the older members helped set up the table and will display the handwork of the children. Part of the wall was decorated and the result is very colorful. We are all looking forward to the party, as we usually have a good time.

A short business meeting was held, and more members are reported back. The past month had quite a few Circle members on the sick list. These members are missed by many, and we wish them a speedy recovery.

Mrs. Frances L. Rak, one of the Circle's willing and able helpers, is visiting relatives with her family out Johnstown way. Circle members and myself hope they have a very nice stay.

Circle members are requested to keep two dates in mind: Wednesday, April 4, first rehearsal for our spring program, and Saturday, April 7, the trip to the Chicago Museum of Natural History.

ANN SANNEMAN, Mgr.

Perfect Circle No. 26.

Possibilities are growing exceedingly bright for an entry of more than one hundred teams in the first "telegraphic," and it might surprise many of us by going as high as 125 teams or better. How many doubles and singles entries there will be, we cannot predict at this time, but it is

almost certain that all previous marks will be shattered.

The prize list promises to be the most attractive yet offered in any SNPJ bowling tournament. The top prizes in the last national tournament, held at Milwaukee, Wis., in 1942, were as follows: Men's division: Team \$45, Doubles \$20 and Singles \$10, and for the corresponding events in the women's division, \$30, \$12 and \$8. There were, besides these, high game and all-events prizes, and trophies for the champions. This year the top prizes, based on a 100 team entry, will start at a point at least 25% higher, with a high of \$60 or better for the men's team event, and \$45 to \$50 for the women. Corresponding increases will also be arranged for each of the other events. Consolation awards of \$5.00 each will be given to every third team finishing out of the regular prizes. In 1942 there were a total of 52 regular and consolation awards in the team events alone. This year we expect to duplicate or better this number, and in addition to cash prizes, the Athletic Director, having contacted several trophy manufacturing concerns, is now able to report that suitable trophies for champions in all classes will be purchased and distributed when winners are known.

The Chicago tournament is rapidly taking shape and at this writing points to a minimum entry of 25 teams on the basis of 10 teams from the Pioneers (559), 7 teams from Integrity (631), 3 teams from the Victorians (632), 2 teams from the Trailblazers (100), and one team each from Lodges 86, 102, 131 and Circle 26. We have not yet given up on Slavia (1), Delavec (8), Roznik (18), Calumet Sentinels (610), or any of the remaining four lodges in the Chicago area. Each of these lodges have bowlers and with a little encouragement, we're almost sure that a team or, at least, a doubles combination can be organized to represent them. Chicago lodges have a good opportunity to set the record in number of entries in the first "telegraphic" tournament. Show them YOU CAN, Chicago SNPJ!... Mail your entry blanks and entry fees to Michael Vrhovnik, 2857 So. Lawndale Ave., Chicago 23, Illinois. This tournament will be conducted at Arbanas' Southwest Bowling Alleys, 1659 S. Blue Island Ave., on Sunday, April 29 and, if necessary, on the preceding Saturday evening, the 28th. The bowling fee of 85¢ per event is to be paid at the alleys. Integrity Lodge (631) will be in full charge of this tournament.

Jugoslav Relief Rally . . . Let us not forget that the Jugoslav Relief program and dance will also be held on Sunday, April 29 at the American Bohemian Hall, located at 1430 W. 18th Street (only a stone's throw from the Southwest Bowling Alleys), starting at 3 o'clock in the afternoon. Because there will be no social affair held with the tournament, we suggest that all bowlers attend the relief rally for entertainment, refreshments and to help a worthy cause. Be a good SNPJ'er by participating in both events . . . Don't forget! The deadline for entries is April 18!

SNPJ Ladies' League

CLEVELAND, OHIO.—Strugglers No. 1 belted the Concordians in three games to retain the position by a gap of seven games. Lilian Kenikma, a first year bowler, sparked with a new high of 477, pursued by Hermine Zupanic and Frances Perusek with 469 and 465, respectively. Agnes Jeric topped Concordians with 457.

Comrades No. 2 slid into a second place tie with Strugglers No. 2 by defeating the Utopians No. 2 in three rounds. Mollie Koren highlighted the way for Comrades with 537 which was high for the evening. Mrs. Mary Rupnik lead the Utopians No. 2 with 396.

Cavaliers nosed out Comrades No.

1 in two games. Chris Kebe crimped the high single game of 215-497 for Cavaliers. Frances Tomasic's 448 capped the Comrades.

Strugglers No. 2 gained a two game victory over the Utopians No. 1, as they struggled to hold on to second rung in the league. Theresa Clements lead the way with 486, a close second came Anne Karlinger with 473. Fannie Svetina scored high for Utopians being very consistent with her games of 167-167-165-499.

Attention, girls! It has been suggested that we double up on our games if possible to avoid the oncoming warm weather. What do you say, girls?

Spehek's 642 Series Sets Season Mark

CLEVELAND, OHIO.—After being completely checked in the first two skirmishes, the Utopian Lions with Frankie Spehek leading the drive, buried the Utopian Tigers in the last encounter under a torrid deluge of strikes. Spehek limbered up with 194 and 183 tallys, then started slamming strikes all over the place to register a hefty 265 game that inspired his teammates to a 1015 game which bettered their own league record of 1010. Incidentally these two 1000 scorers

are the only ones rolled in the league this season. Got a priority, fellow! Frank Zupon co-starred in that feature fury with a 233 thrasher even after getting a bad fill and missing in the ninth frame. Joe Zupan with a 561 series shone for the Tigers.

The Lunder-Adamic Sharpshooters stepped in first place undisputed after shellacking the Utopian Panthers thrice. Mike Poklar slung out a nifty 609 set for the former. J. Atwood's 479 series was tops for the latter.

With Mike (Fireball) Krall and Johnny Lunka setting the pace, the Betsy Ross quintet took the V Boj's over the hurdles in two sessions. Mike rammed consistent scores of 207, 203 and 200 to notch a 610 series. Johnny's 585 package contained a sparkling 251 surprise. For the V Boj's Frank Iskra did his new ball proud in lashing a 210 game in a 546 series.

Well, hear the good news, bowlers!

The gala bowlers' dance held under the auspices of the Cleveland Athletic league turned out to be a financial success. The eight ladies' and six men's teams will benefit to the tune of 20 teams' 200 per team per person.

But that isn't all that is in store for you. The league also has announced that a donation of a \$100.00 will be given for a local prize list in the coming SNPJ National Telegraphic tournament. Here's your chance for a two day crack at that pay-off column. Get your entries in now! The deadline is Saturday, April 14th. Positively no entries will be taken after that date!

Ath. Rep. Dist. No. 3.**A Statement and an Answer**

CHICAGO.—The undersigned members of Pioneer Lodge 559 SNPJ who have had most to do with handling the Pioneer Invitational Handicap Bowling tournament and the payment of prize money for same wish to state:

1. That the Pioneers have held six annual handicap bowling tournaments in six successive years beginning with 1940.

2. That a list of the winners and prizes was drawn up each year, immediately after the completion of the tournament.

3. That Pioneer checks were drawn and delivered to the winners at the social which followed each tournament. If the winners didn't attend the social, checks were mailed to the lodge secretary.

4. That any statement to the contrary is 100% untrue.

5. That the only reason the 1945 prize list was not drawn up as in previous years was the dissatisfaction with the 50% cut in the appropriation from the SNPJ Athletic Fund by the Athletic Board, at the instigation of the Athletic Director.

6. That the tone and color of the "Explanation for Nat'l Athletic Board" by Michael Vrhovnik which appeared in the Prosvesha of March 21, 1945, is neither complimentary to his position as athletic director nor proper as an official. We would expect national officers to determine right from wrong before accusing others of wrongdoing.

Creating animosity and ill will among the members and lodges is an offense against the whole Society and should not be permitted. We would expect our Supreme Athletic Director to know better. Certainly, accusing an active group of loyal SNPJ workers falsely deserves a reprimand.

Why the Athletic Director takes such an antagonistic attitude toward the Pioneers, we can't say. We can say that the explanation in the Pioneer Bulletin was genuinely friendly and that nowhere in the whole transaction were we insolent so as to deserve this attack.

For his information let it be firmly stated that the additional check of \$50 was received Wednesday, March 14, 1945, AFTER 5 P. M. The Bulletin was printed several hours earlier. Here again, he is all wrong.

No responsible officer writes that way.

Europe is not alone in suffering from the economic dislocations incident to World War II. Worldover Press, in its latest news release, offers some figures on price advances in Latin America and Asia. In Brazil, the cost of living was 188 for 1943 and 213 for July, 1944; in Mexico, 247 for 1943 and 325 in September, 1944. Advances in Chile, Colombia, Costa Rica and Peru were less sharp. Japan's cost of living index was 158 in 1943 and 185 in September, 1944. China, with runaway inflation, reported an index, based on 1937 as 100, of 11,498 as an average for 1943 and 44,431 for May, 1944.

## Report of Supreme President

The duties of the supreme president are to supervise the work and activities of the Society, and his report must deal primarily with related problems. I have tried to prepare this report so that it would cover all phases of our administration and present a clear picture of our activities, and especially to give you a true picture of our achievements.

### Our Activities

The vitality of every organization is shown best in its activities. As always in the past, we have also tried to keep up our activities last year, such as celebrations and other affairs, membership campaign, athletics, etc. Of course, we were conscious of the fact that wartime conditions prevent full participation, but we went ahead in spite of this in order to achieve as much as possible, and our efforts have not been in vain.

### Fortieth Anniversary

As you know, last year we celebrated the 40th anniversary of our Society, which was an outstanding milestone. The great work accomplished by our organization during its long existence called for a fitting observance. As already mentioned, we had to consider wartime conditions and inescapable difficulties, yet, the response was favorable from lodges and federations and we celebrated the occasion successfully. However, we did not send as many speakers to local and sectional celebrations as in normal times, and our anniversary affairs were correspondingly smaller but nevertheless numerous and morally successful.

### Various Affairs

In addition to anniversary affairs of our Society, there was a number of lodge anniversaries as well as other events in 1944. Many lodges also sponsored benefit affairs for Jugoslav relief. Some lodges even canceled their own affairs in favor of Jugoslav relief, convinced that this, at this time, is more urgent. Several important affairs were also sponsored by our juvenile circles, and there were a few bowling tournaments. There would have been more of these events if it hadn't been for transportation and other difficulties. In spite of all this, we have shown enough activity and vitality.

### Solicitation of New Members

In connection with the anniversary we also conducted a membership campaign. The motive power behind each campaign is always an important factor, and the securing of new members is of vital importance to the organization. It was altogether fitting that the campaign was held in celebration of such an important jubilee. There is perhaps nothing as effective to observe an anniversary as is a membership campaign that is well planned and well carried out. The campaign manager will give you a more detailed report on the campaign. I wish to mention here that the drive was a great success in spite of adverse conditions. Other organizations had their campaigns also, but we enrolled more new members than many another larger organization, as well as more than those that have a much more favorable field.

### Conditions of Main Office

As you know, a request had been made at the semi-annual meeting to grant a leave of absence to the supreme treasurer in connection with his work for SANC, of which he was assistant secretary. After a lengthy debate on this problem, it was decided that this question concerns primarily the executive committee which should grant him a leave of absence, if sufficient help can be obtained and if the duties of the treasurer can be discharged without harming the Society. Soon thereafter the SANC convention took place and Bro. Kuhel was elected SANC secretary; events developed rapidly and it became necessary that he devote his full time to that organization. The executive committee, seeing that for the most effective action in behalf of our people in the old country it would be necessary to grant Kuhel a short leave of absence, decided to give him a three-months leave, effective in mid-September; after the expiration of that period, another three-months leave was granted. In the meantime, the work of the treasurer must go on, and this is being done by the supreme secretary as well as others.

However, besides this, there is more than enough other work in the main office. Our administrative work is becoming each day more precise and complicated, that's why we must have more and experienced help, which is hard to get. High wages in war plants attract many workers and because of this we have already had considerable difficulty. In spite of this, we are carrying on, executing our duties and the administrative work as promptly as possible.

### The Convention Problem

In accordance with a previous decision, I am corresponding with the Minnesota federation concerning preparations for our 13th regular convention scheduled to take place at Evelyth this fall. I wish to report that the federation decided that all preparations will be in charge of the Evelyth lodges, which have already rented a hall and other quarters as well as taken care of lodgings and board, and everything in that connection is in readiness.

A short time ago, as you know, the Office of Defense Transportation issued an order banning all conventions and similar gatherings because of transportation. Every organization which intends

to hold a convention this year must, in accordance with this order, obtain a special permit from the said office, but for which it must apply not earlier than six months before the convention and no later than 30 days before the opening of the convention. This places us in an uncertain and unpleasant position.

Knowing that State laws demand that fraternal organizations must hold their conventions every four years and that our convention is therefore scheduled to take place almost at the end of the four-year-period, we immediately asked the proper authorities for necessary information and advice. Thus far our attorneys and state authorities were unable to give us the right answer and we will have to wait before we find out definitely what is what. It is understood that we are ready to cooperate with the federal authorities and postpone our convention if this is demanded and if it is legally granted. Since this problem will very likely be taken up later, I will explain at that time.

### Our Relief Action

I wish to report briefly about our cooperation with the relief and political actions for the old country. As I have already mentioned, the SNPJ loyalty supports both because it considers this as temporally very important and necessary. We are cooperating with Jugoslav relief and in order to bring about the best results possible, several supreme board officers assumed responsible offices in this work. For that same reason I took the position as president of JPO some time ago and for the same reason the position of treasurer of SANC. Last fall, when a united relief committee was organized on the initiative of the United Committee of South-Slavic Americans, I was trying to merge JPO with this group. As you have seen in the minutes, there was a strong opposition and we succeeded only partially. From the JPO fund it was granted to give only \$25,000; concerning a merger, voting is now in progress and the outcome will be given at the next meeting which is to take place soon.

### Administration

Concerning bond purchases and investments of our Society's assets in general, a detailed report will be submitted by the finance committee. Let me mention only this, that in these times there are difficulties in regard to investments; there are relatively fewer bids and there are few selections; for this reason we are investing mostly in federal securities. The rest of the financial work is in the hands of the executive committee; economy is practiced in every respect as much as possible.

### Publications

There have been no important changes in this department since the last meeting, except the new name for the juvenile monthly, as decided at the semi-annual meeting. The manager and editor will report about the printing and publications.

### Status of Society

As I have mentioned at the outset, the potential strength and vitality of an organization can best be seen in its activities. We have been quite active throughout the past year and we have reaped praiseworthy successes. From detailed reports that will follow mine, you will see that in spite of adverse conditions we have again registered considerable progress in membership and resources and the general condition of the organization is very favorable.

VINCENT CAINKAR.

Report accepted.

## Report of Supreme Vice President

It is a happy occasion for me to be back among you after an absence of numerous months. And I am pleased to report that within a shade more than a week I shall again enjoy a status equal to that of July 1942 when I was inducted into the Army of the United States.

A review of the time from then until the present would not reveal a real contribution to our Society by the office of your First Vice-President. This is indeed regrettable, and I can only state that I contributed all the effort possible under the circumstances. The future will, I hope, find this office far more active for the welfare of the Society.

During this period of more than two and one half years temporary leave, it is interesting to observe that the Society has made steady and real progress. This is all the more encouraging for the future welfare of our Society when we consider that this continued success has been made even though hundreds if not thousands of our members, both in and out of the armed services, have been burdened with duties previously unknown in our history. It would appear to be, therefore, our immediate task to begin preparations for activities previously unknown when our boys return to civilian life and our civilians are free to make a greater contribution to Society interests. The measure of effort will depend largely on how well we will organize and plan future activities.

It has also been of great interest to witness the close cooperation between our Society and the organizations of JPO and SANC. I believe it appropriate to say that in these times there is no more important expression of the character of our Society than the very closest cooperation between these two groups and ourselves.

Since my return home I have attempted to create interest in our Society, in JPO and SANC. I shall continue to do so in the future. Meanwhile, I wish to express my appreciation to individual Executive Committee Members, and to all members of the Supreme Board for the cooperation shown me during my absence. My office was extremely doubtful to me numerous times, and it was only your patience, tolerance, and cooperation that enabled me to successfully carry on.

MICHAEL R. KUMER.

## Report of First District Vice President

Excuse me for not attending this February session of the supreme board, as it is impossible for me to get away from my work at this time.

Since the last meeting, I attended anniversary celebrations and the Pennsylvania Fraternal Council held in Philadelphia, Pa., Nov. 14-15, to which I was appointed a delegate to represent the SNPJ. This Pennsylvania Fraternal Congress consists of 71 fraternal organizations operating in Pennsylvania. 41 of these organizations were represented by 86 delegates and 28 visitors—mostly prominent

business men and officials of financial institutions. A very instructive program was offered, featuring such prominent men as Arthur H. Williams, President of the Federal Reserve Bank of Philadelphia, stressing the difficulties of fraternal organizations finding suitable investments, also the effects of war finance and peace time conditions; Hon. Gregg L. Neel, speaking on the future of fraternalism; Dr. R. L. Johnson, president of Temple University of Philadelphia, an address on the educational problems facing the country in the postwar period; Homer W. Teamer, Sec'y-Mgr. of the Insurance Federation of Pennsylvania, whose subject was "The Great Uncertainty" telling us how certain bills have been proposed to congress which would seriously affect, if passed, our fraternal organizations, and that we must be constantly on guard against the passage of such bills. S. H. Hadley, past President of the National and Pennsylvania Fraternal Congress, subject: "Reminiscences of the Pennsylvania Fraternal Congress", beginning with the organizing of the various state Fraternal Congresses and their importance, and gradually working up to a most important congress for protection and bettering of the fraternal organizations. Greetings were extended by the following Presidents of Fraternal Congresses of their states: John Lang, New York, R. C. Kester, Ohio, J. M. Weber, Maryland and the District of Columbia, Wm. Grogan Jr., New Jersey, J. D. Butkovich, Canada.

is more appropriate. I am sure that with travel and labor conditions being so critical, both State and Federal permission could easily be obtained. I am sure that the SNPJ members and lodges would be heartily in favor of this proposal.

As to any other suggestions and recommendations, I will have made them at the meeting of the district vice-presidents.

RAY TRAVNIK.

## Report of Fourth District Vice President

At this session we will be confronted with many serious problems which we should face with confidence, since our members are aggressive in activity, and always willing to do their share in building a bigger and better SNPJ. The great response to the Society's 40th anniversary celebrations and successful campaigns throughout the states has proved their loyalty to the SNPJ.

Locally, the 40th anniversary celebration and membership campaign held by Lodges 107, 879 and 659 were quite successful, due to the fine cooperation received from the members of the three lodges in spite of present day conditions. The tri-lodge net gain of 20% in membership being the greatest progress in many a year.

The session was very educational in the line of fraternalism. I am very pleased to have had the privilege of attending and representing the SNPJ. It is my sincere belief that we should continue membership and representation to the future Pennsylvania Fraternal Congress sessions.

Due to the limited number of activities in my district there isn't much more I can report.

I am sure that the combined reports and recommendations of the District Vice Presidents will be favorable in regard to the past membership campaigns and future activities.

I extend wishes for good results in your deliberations for the good of the SNPJ.

JOSEPH L. CULKAR.

Report accepted.

## Report of Second District Vice President

My report for the six months period ending December 31, 1944, is as follows:

I attended various lodge and federation functions, and in spite of conditions all of them were fairly well attended and fraternal success attained.

The outstanding event being the 9th Annual Pennsylvania SNPJ held in Sygan, Pa., on August 27.

In my contacts with members of our Society I found the outstanding topic is the coming convention.

Most of them think that the convention ought to be postponed, if possible. Reasons are many, and most of them are sound. Another question asked is: What disposition was made of the Dr. Arch case? Since the case is pending no definite answer can be given.

The sick and disability benefits of our members in the armed forces is something that only a very few understand.

It might be well to have an explanation on this more frequently in Prosveta so our members may become acquainted with the decision of the Supreme Board as of August, 1942.

During the period of this report an explanation was published in Prosveta English section on Nov. 29, 1944, by the supreme secretary. It would be helpful if this article was reprinted from time to time.

From my experience as well as conversations with other lodge secretaries I find that the 60 day grace period for discharged members pertaining to reinsurance for sick and disability benefits is not working out as well as anticipated. I recommend that a grace period up to six months be made, if possible. Perhaps a committee might make a further study of this problem and present their findings to this supreme board for consideration.

Since it is apparent that the coming convention will be more or less streamlined, the supreme board ought to set the example by conducting its business in a more efficient manner. Recommendations are: Reports of members and their recommendations should be acted on in order; that is from the president on down the line; in discussions on various items members ought to confine their talk to the problem before the body only, and refrain from longwinded orations which in most cases have no meaning. More attention ought to be paid to carrying a motion. At the last supreme board meeting a motion was carried by a vote of seven to four in presence of twenty-four members. A motion must receive a majority vote of the members present to be carried. Likewise, the chairman ought to maintain better order, and the members can assist him by being more cooperative. These recommendations offer a more business-like meeting and more can be accomplished in less time.

The success of the last membership campaign again proves that campaign after campaign can be successful if properly conducted and responsible persons are placed in charge.

My report on other items will be submitted to the meeting of the district vice-presidents; their combined recommendations will be presented to this board for consideration.

JAMES MAGLICH.

Report accepted.

## Report of Third District Vice President

It is with extreme pleasure that I submit my report personally rather than by mail as I had anticipated.

Being a member of the Armed Forces for the past 31 months has prevented my being active to any great extent. I have however, watched with interest the results of our membership campaign, the various sports functions and the work of the Juvenile circles and I have been delighted with the results. Our Brothers and Sisters who have worked so diligently under such trying conditions, are to be commended on the wonderful achievements they have produced.

With results as encouraging as these, the outlook of the SNPJ in the postwar era is very bright, indeed.

Our executive board, SNPJ employees and our editorial staff are also to be congratulated upon the fine work they have done during these months and years of extreme hardships. Their work has been commendable and recognition is due them.

Our athletic board and juvenile circles under the able leadership of Bro. Vrhovnik have also been splendid. A decided improvement has been noted in these programs since our last convention.

With the war still being fought in Europe, and a great deal of fighting still to be done in the Pacific, the future holds many question marks for us. We have lost and will continue losing many of our younger members and since we do not know what to expect in the postwar era, and since no permanent plans can be made until completion of hostilities, I recommend that if possible, the convention of the SNPJ be postponed until the time

is more appropriate. I am sure that with travel and labor conditions being so critical, both State and Federal permission could easily be obtained. I am sure that the SNPJ members and lodges would be heartily in favor of this proposal.

As to any other suggestions and recommendations, I will have made them at the meeting of the district vice-presidents.

## Report of

## Fourth District Vice President

There haven't been any great changes within our Society since the last meeting of the supreme board. The war is still raging and has put off our lodge activities which have been of great importance to our Society before the war. Besides this, we have lost many young lives, many of whom were loyal workers for the SNPJ. Due to existing conditions it is very difficult for lodges to plan promotional work in advance.

**Campaign:** The 1944 jubilee membership campaign, conducted in celebration of the 40th anniversary of SNPJ, was well planned and brought the organization good results. Records show that, with the exception of a small number of lodges, most lodges were active in the campaign. Thus we see that the campaign brought a considerable number of new members for both departments and especially for the juvenile department.

**Juvenile Circles:** Since the establishment of juvenile circles, considerable progress has been made not only with these units among the children but also among the older members who are proud of their young generation. This has been so in every community where there has been sufficient cooperation and support.

In the period since the inception of juvenile circles we notice that wherever good will prevails among the older members who are willing to cooperate, their juvenile circles are showing good progress.

My recommendation regarding juvenile circles is that this meeting of the supreme board instructs the juvenile director to officially ask all lodges that as yet have not organized juvenile circles, as to the reason for not having done so; that is, what is the reason for not organizing their circles.

At the same time he should ask what is the reason for abandoning activities where circles were already in existence.

In this connection, I am glad to report that a new juvenile circle was organized in Pueblo, Colorado in January under the sponsorship of Lodge 21. I am convinced that the establishment of this circle will give the Pueblo community new life.
