Many a difficult problem faces the world today after the ravages of war and one of the most difficult is that of the rebuilding of America's most devastated possession, the Philippine Islands. March of Time's latest release, "18 Million Orphans," headlining the new program at the Telenews this week, pictures the serious problem of assuming independence which must be worked out by the Filipinos.

Now at last revealed for the first time, the sensational proximity fuse which ranks with radar and the atomic bomb as a major weapon of victory. Animated diagrams show how the fuse works on bombs, rockets and artillery shells. During the battle of Britain, 79 per cent of all robot bombs over London were shot down in this way. In the Pacific, anti-aircraft shells equipped with the V-T fuse knocked Kamikaze planes out of the sky, playing its most vital role in the war. In actual experiments, V-T bombs are dropped from planes and explode 30 feet above water. Rocket installations are demonstrated in exciting air scenes.

Newsreel films picture the majestic spectacle of America's sea and sky power on parade, as President Truman leads the nation in hailing the Victory Fleet at New York Navy Yard.

Marshal Tito on Jugoslav Elections

(Continued from last week)

"And now a few words about the opposition. In speaking of the National Front, of the part it played in our successes, I did not mention certain failings which, in comparison with what has been accomplished, are insignificant. I said nothing either about the various mistakes made by our authorities from top to bottom—mistakes which in any way we never tried to hush up, but did all we could to correct, accepting criticism. I think I am expressing the view of all the leaders of the National Front if I say that it will be our greatest desire to see the minimum of such mistakes, for that is in the interests of the main cause for which we are fighting."

"Now the question arises as to the nature of the opposition to the National Front; of what does it consist—we have just seen what the National Front consists of. Is this opposition directed against the mistakes which are made or is it an opposition to the National Front program? The leaders of that opposition say that they do not agree with the way certain laws are put into effect, that is to say are against those mistakes in the name of an alleged 'democracy.' But I know this is not right, for the opposition is not fighting those mistakes. It is we within the Front who are fighting the mistakes with more or less success, while the opposition welcomes such mistakes, to use them for its own dark aims, that is to say, to combat the program of the National Front, to combat broad popular democracy, to combat demanding accounts from the enemies of the people and from traitors in a word, against the economic and political work of construction carried on by the National Front."

Burgess Meredith, noted actor of stage and screen, has accepted the national chairmanship of the Winter Clothing Drive of the American Committee for Yugoslav Relief to begin October 22, it was announced today at the Committee's national office, 235 East 11th Street.

Mr. Meredith stated that he was taking time from his professional activities to lead the emergency drive because "like most Americans, I believe that the Yugoslav people, most of them undernourished and ill after four years of war against our common enemy, must be provided with warm clothing and shoes if they are to survive the winter. We know from official reports that thousands of victims will be added to the nation's long casualty list when winter invades Yugoslavia if we do not help them now."

Mr. Meredith pointed out that the desperate clothing shortage is made even more critical by the fact that coal production this year is less than half the pre-war level and that transportation difficulties have delayed the shelter program so that hundreds of thousands will be homeless by the time the winter sets in.

Calling on the American people for gifts of new and used clothing and shoes for shipment to Yugoslavia, Mr. Meredith announced that it will be possible for cargo to reach the Yugoslav people by midwinter and urged that contributions be made immediately so that clothing can be cleaned, patched, sorted and ready for shipment at the earliest possible date.

In connection with the clothing campaign, the Committee is making a special appeal to discharged servicemen to turn in their discarded army clothing to the drive.

UREDNIKOVA POŠTA

Ko sem bil leta 1933 izvoljen, da zastopam 32. vardo v mestni zboru, je bila v teku najhujša depresija. Vsakdo je hotel delo, a dela ni bilo za dobiti. Potem se je vpeljalo WPA. Skoro vsak brezposelnih je hotel priti na WPA. Delo ni bilo porazdeljeno tako, da bi bilo v kakšno korist davkopalčevalem. Tedaj sem se zavzel za to, da sem sestavil program, po katerem se je pričelo tlakovati ceste, saditi drevje, postavljanje vodovodne kanale, čistiti javne parke in igrišča ter napravilo nešteto drugih izboljšav, ki so povzdignile vrednosti posestev v 32. vardi.

Mesto Cleveland je kupilo White City park leta 1913 in v 20 letih, to je do leta 1933, ko sem bil jaz izvoljen v zbornico, ni smel nihče prestopiti v to ozemlje. Sedaj je to eden najlepših parkov v okraju. V njem se nahaja pristanišče, do katerega ni imel nihče vstopa. Pred tremi leti sem izposloval, da je mesto potrošilo \$20,000 za izboljšave na tem pristanišču, da je odprt javnosti.

Sporazum je bil narejen med bivšim županom Lauschetom in mestnim direktorjem utilitet, Emil Crown-om, da bo to pristanišče samo za majhne čolne, ter da v prvi vrsti služi navadnemu ljudstvu. A kaj je bilo letos narejeno? Vaš councilman je potom ordinanco št. 1526-45 izročil to pristanišče predsedniku Marquette Metal Products Co. in potom njegove laži-organizacije je ta mož prisilil fante, da so pla-

čali, delali ali zapustili pristanišče.

V zadnjih primarnih volitvah je ta mož poslal slehernega delavca v delavko, živec v 32. vardi ter zaposlen v njegovi tovarni, domov, da naj delajo in volijo za Princa, za kar so dobili polno-dnevno plačo, kar je sedela Stric Sam plačal. Zelo lepo je to, ali ne? Jaz mislim, da naši ljudje ne marajo tako zastopstvo.

Poleg tega sem se potrudil, da je mesto prevzelo Wildwood park, ki je dotedaj bilo privatna lastnina. Delal sem za zboljšano javno transportacijo, in če bom sedaj ponovno izvoljen, bom zopet delal, da se bo ista še bolj uredila. Jaz sem si osvojil program, s katerim bom, ako bom izvoljen, skušal napraviti 32. vardo eno izmed najboljših in v zgled vsem v mestu Clevelandu.

Jaz sem aktiven pri društvinah in narodnih domovih, civičnih organizacijah kot tudi pri delavskih organizacijah. Izhajam iz delavca in se zavedam potreb delavca, zato mislim, da sem upravičen do izvolitve v mestno zbornico.

DIREKTORIJ THE N. A. BANK

STEPHEN GOBOZY

Povest o življenju Mr. Stephen Goboz, ki pri letošnjih volitvah kandidira za sodnika mestnega sodišča, se bere kot o možu, ki se je sam po svojih zaslugah povzpel do vrha.

Kandidat Goboz je v svojem sedmem letu starosti pričel karijero s prodajanjem časopisov, in vsako leto, ko je postal večji in starejši, je z delom napredoval in si zasluzil za solino. Njegova dela so bila različna, Ko mu je bilo 12 let, je opravljal vrtinarska dela in v počitnicah je služil denar pri

The Stearns Motor Car Co. ter po drugih strojnih tovarnah.

Po vztrajnemu in neutrudljivemu delu, ko je podnevi delal in zvečer pohajal šolo, je izdelal izpit za odvetnika. V odvetniško zvezo je bil sprejet leta 1924.

Policjskim prosektorjem je bil Goboz imenovan v letu 1929 po sedanjem članu vrhovnega sodišča, Harold H. Burton. V tej službi je ostal devet let in pridobil si je lepo spričevalo vestnega dela. Poleg te službe je kandidat Goboz vršil tudi razna druga važna dela. Tekom vojne je bil tajnik racijskega odbora št. 15.

Stephen Goboz je 46 let star, oženjen in ima sinčka, starega 9 let. Njegova žena je aktivna v cícičnih organizacijah, posebno pa pri Rdečemu križu. On ne kandidira proti kateremu drugemu sedanemu sodniku, pač pa za mesto, ki je bilo izpraznjeno s smrtnjo drugega sodnika.
