ŽIVALSKI VRT IN AKVARIJI, SLOVENIJA, 1996, 1999 IN 2002

ZOO AND AQUARIA, SLOVENIA, 1996, 1999 AND 2002

Ponovno objavljamo informacijo, ker v nekaterih tabelah pomotoma niso bili prikazani podatki v vseh stolpcih

Herewith we are publishing the data again because some columns have erroneously been omitted.

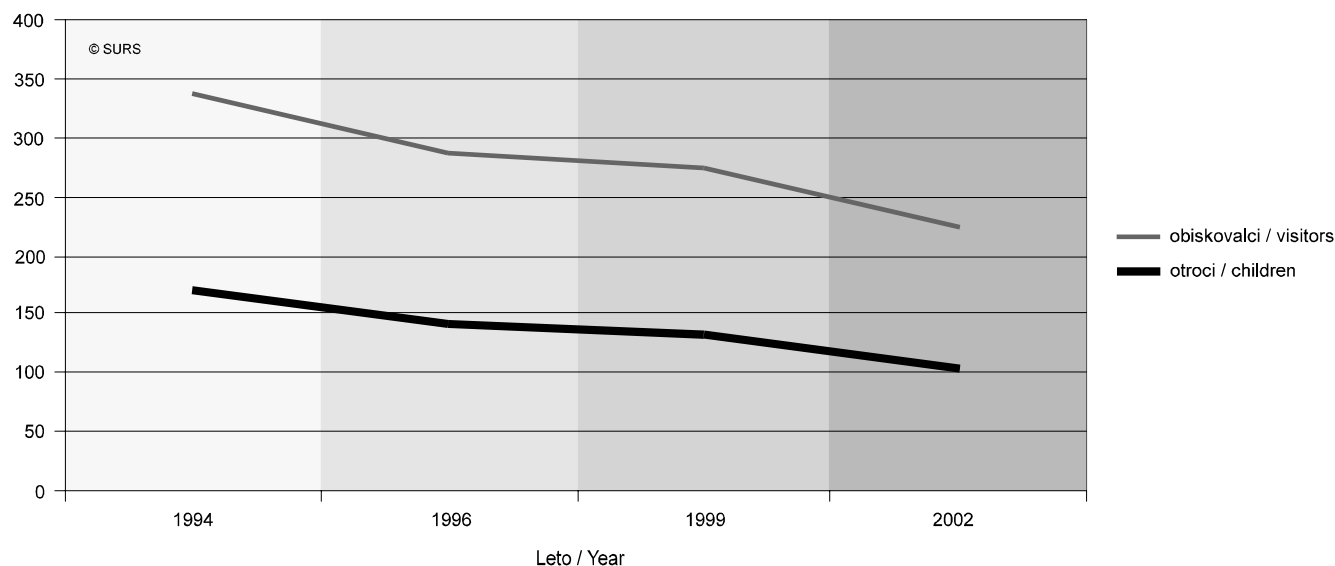

POPRAVEK
CORRECTION

- ▶ V letu 1996 so v Sloveniji delovali en živalski vrt in trije akvariji. Vsi skupaj so imeli 195 652 m² zaščitene in ograjene površine, to je za 1,8 % manj kot pri prejšnjem popisu leta 1994. Omenjeni živalski vrt in akvariji so imeli skupaj 10 590 živali. Ogledalo si jih je 287 748 obiskovalcev. Za živali je skrbelo 26 zaposlenih s polnim delovnim časom.
- ▶ Leta 1999 je v Sloveniji deloval en živalski vrt, akvarija pa sta bila dva. V lasti so imeli 199 193 m² površine, živali je bilo 2 766. Ogledalo si jih je 272 527 obiskovalcev. V živalskem vrtu in obeh akvarijah je bilo 23 zaposlenih s polnim delovnim časom, to je za tri manj kot prejšnjo popisno sezono; deloval pa je en akvarij manj kot v letu 1996.
- ▶ Leta 2002 smo imeli prav tako en živalski vrt in dva akvarija, kot v popisnem letu 1999, imeli pa so 195 151 m² zaščitene in ograjene površine. Število živali, za katere so skrbeli v tem letu, se je v primerjavi z letom 1999 povečalo za 31 %, obiskovalcev pa je bilo 17,3 % manj. Število zaposlenih s polnim delovnim časom je bilo 24.
- ▶ In 1996, one zoo and three aquaria were operating in Slovenia. They had 195,652 m² of protected and enclosed area, which is 1,8% less than at the previous census in 1994. The zoo and aquaria had 10,590 animals, which were seen by 287,748 visitors. There were 26 persons in full-time employment taking care of the animals.
- ▶ In 1999, one zoo and two aquaria were operating in Slovenia. They had 199,193 m² of area and 2,766 animals. Animals were visited by 272,527 people. There were 23 persons in full-time employment in the zoo and aquaria, which is three less than at the previous census, even though there was one aquarium less than in 1996.
- ▶ In 2002, there were still one zoo and two aquaria operating in Slovenia. The protected and enclosed area was 195,151 m². The number of animals increased by 31% compared to the previous census in 1999, while the number of visitors decreased by 17.3%. There were 24 persons in full-time employment.

METODOLOŠKA POJASNILA

Namen statističnega raziskovanja

živalskega vrta in akvarijev (KU-ZV) je dobiti podatke o zaščiteni in ograjeni površini, živalih, obiskovalcih, zaposlenih osebah ter poslovnih prihodkih in stroških živalskega vrta in akvarijev.

Enote opazovanja

so živalski vrt in akvariji, ki so poročali o svojem delovanju v opazovanih letih.

Vir podatkov

Podatke so nam sporočili živalski vrt in akvariji na osnovi svojih evidenc.

Zajetje

Obrazce KU-ZV smo poslali živalskemu vrtu in akvarijem po adresarju SRS (Statistični register Slovenije). Vse poročevalske enote so tudi prikazale svojo dejavnost.

Živalski vrt in akvariji so odprti za javnost.

Pokrta površina je lahko:

- terarij – steklena ali omrežena omara s peskom, rastlinjem in vodo za umetno gojenje plazilcev, dvoživk ipd.,
- akvarij – je steklena posoda z vodo (ali tudi večje priprave) za umetno gojenje vodnih rastlin ali živali,
- teren – sem spadajo hlevi, ograde, nastanitve, kletke, bazeni.

Objavljanje rezultatov

Statistične informacije. Kultura in šport. Živalski vrt in akvariji.

METHODOLOGICAL EXPLANATIONS

Purpose of the statistical survey

of the zoo and aquaria (KU-ZV) is to obtain data on protected and enclosed area, animals, visitors, persons in paid employment, and operating income and costs of the zoo and aquaria.

Observation units

are the zoo and aquaria that reported in the observed years.

Data source

Data were sent by the zoo and aquaria from their records.

Coverage

KU-ZV forms were sent to the zoo and aquaria according to the directory of the Statistical Register of Slovenia. All reporting units reported on their activity.

Zoo and aquaria are open for the public.

Enclosed area can be:

- terrarium – a glass or barred enclosure with sand, vegetables and water for breeding reptiles, amphibians, etc.,
- aquarium – a glass tank with water (or a larger facility) for artificial breeding of water plants or animals,
- terrain – stables, enclosures, cages, pools.

Publishing

Rapid Reports. Culture and sport. Zoo and aquaria.

KOMENTAR

V Sloveniji so v letu 1996 v enem živalskem vrtu in treh akvarijih vzgajali 10 590 živali, ki so bile na voljo za javni ogled. Živali so v tem letu prebivale na 778 m² terarijev in akvarijev, 1 341 m² hlevov, ograd in nastanitev, 52 m² kletk, 38 m² bazenov in na ostalih površinah

V letu 1996 je živalski vrt in akvarije obiskalo skupaj 287 748 obiskovalcev, od tega je bilo 49,6 % otrok. To jim je omogočilo 26 zaposlenih ljudi s polnim delovnim časom, 4 zunanji sodelavci, 2 zaposlena s skrajšanim delovnim časom ter 4 zaposleni po pogodbi o delu.

V letu 1999 se je število akvarijev zmanjšalo za enega; v živalskem vrtu in preostalih akvarijih je živelo manj živali, in sicer 2 766 živali, ki so prebivale na 650 m² pokrite površine, površina hlevov, ograd, nastanitev in kletk je ostala enaka, površine bazenov pa je bilo manj – 65,8 % površine iz prejšnjega popisa.

Leta 1999 si je živali ogledalo za 15 000 manj obiskovalcev kot predhodno popisno leto 1996; bilo jih je namreč 272 527, od tega 48,1 % otrok. V tem letu je bilo 23 zaposlenih s polnim delovnim časom, 5 zunanjih sodelavcev, ena oseba pa je bila zaposlena s krajšim delovnim časom.

V letu 2002 smo imeli v Sloveniji en živalski vrt in dva akvarija; število živali se je povečalo za 31 % v primerjavi s predhodnim popisnim letom 1999. V tem letu je bilo za tretjino manj pokritih površin v m² (terarijev in akvarijev), hlevov, ograd in nastanitev je bilo v m² za 6 % več, površine kletk in bazenov pa so ostale enake.

Število obiskovalcev se je tudi v popisni sezoni 2002 zmanjšalo - za 17,3 % (225 284 obiskovalcev, od tega 103 063 otrok). V tej popisni sezoni je bilo zaposlenih 24 ljudi s polnim delovnim časom, 2 s krajšim delovnim časom ter 3 zaposleni po pogodbi o delu.

COMMENT

In 1996, one zoo and three aquaria were operating in Slovenia. They had 10,590 animals for public display. Animals lived on 778 m² of terraria and aquaria, 1,341 m² of stables and enclosures, 52 m² of cages, 38 m² of pools and on other areas.

In 1996, the zoo and aquaria were visited by 287,748 visitors, of that 49.6% children. There were 26 persons in full-time employment, 4 external collaborators, 2 persons in part-time employment and 4 external collaborators under work contract working in the zoo and aquaria.

In 1999, when the number of aquaria decreased by one, only 2,766 animals lived in the zoo and aquaria on 650 m² of covered area, while the area of stables, enclosures and cages remained the same and the area of pools decreased to 65.8% of the area at the previous census in 1996.

In 1999, 272,527 visitors saw the animals, which is 15,000 less than in 1996. This time around, 48.1% of visitors were children. In 1999, there were 23 persons in full-time employment, 5 external collaborators and 1 person in part-time employment working in the zoo and aquaria.

In 2002, one zoo and two aquaria were operating in Slovenia. The number of animals increased by 31% compared to the previous census in 1999. The enclosed area (terraria and aquaria) decreased by a third, while the area of stables and enclosures increased by 6%, and the area of cages and pools remained the same.

The number of visitors decreased by 17.3% to 225,284 (of that 103,063 children). There were 24 person in full-time employment, 2 persons in part-time employment and 3 external collaborators under work contract working in the zoo and aquaria.
