

## Navodila avtorjem prispevkov

*Mostovi* so strokovna revija Društva znanstvenih in tehniških prevajalcev Slovenije ter obenem periodična znanstvena publikacija za prevajalska področja uporabnega jezikoslovja. Izšlo je že štirideset letnikov revije, odslej pa bo vsako leto izšla dvojna številka v letniku.

V *Mostovih* objavljamo strokovne članke in znanstvene razprave, predstavitve članov DZTPS in informativne prispevke o prevajanju ter recenzije in kritike strokovne literature, koristne pri prevajanju. Članke objavljamo večinoma v slovenskem in angleškem jeziku ter v vseh drugih modernih jezikih, ki zadevajo slovensko-tujejezično prevajanje strokovnih, znanstvenih in tehniških besedil.

Preden se odločite za pisanje članka, se posvetujte s člani uredniškega odbora o ustreznosti vsebine in prispevka. V *Mostovih* objavljeni članki morajo biti izvirni in še ne objavljeni ter ne smejo biti ponovno natisnjeni v drugih publikacijah in medijih brez dovoljenja uredniškega odbora revije.

Člani uredniškega odbora prispevke preberejo ter njihovo objavo bodisi odobrijo ali zavrnejo, sprejete članke pa recenzirajo, pri čemer sodelujejo tudi zunanji recenzenti. Uredništvo poskrbi, da so prispevki pred objavo lektorirani in redigirani, avtorji pa so pred natisom dolžni opraviti avtorsko korekturo in odobriti svoje avtorsko delo za objavo.

## Instructions for Contributors

*Mostovi* is the professional journal of *Društvo znanstvenih in tehniških prevajalcev Slovenije* (The Association of Scientific and Technical Translators of Slovenia), and is also a periodical scholarly publication for translation fields related to applied linguistics. Forty volumes of the journal have already been published, and from now on the journal will be published as a double issue in a volume per year.

The contents of *Mostovi* include: professional articles and scientific discussions, presentations of members of DZTPS, informational contributions on translation, and also assessments and critical reviews of professional materials as aids in translating. The articles are published mainly in Slovene and/or English: they also cover other modern languages relevant to the translation of professional, scientific and technical texts from or into Slovene and foreign languages.

Before deciding to write an article, you are advised to consult members of the editorial board on the suitability of the contents and chosen approach. Articles published in *Mostovi* must be original, not previously published, and may not be reproduced in other publications or via the media without the prior consent of the editorial board.

Articles submitted are read by the editorial board, and their publication is either approved or rejected; articles accepted for publication are, furthermore, submitted to review, in which external readers are engaged. The editorial board undertakes to ensure that articles are edited and proof-read before publication: prior to printing, however, authors are required to undertake final proof-reading and to approve the work for publication.

## SPLOŠNI NAPOTKI

Uredništvo sprejema besedila, napisana v urejevalniku Microsoft Word for Windows, in sicer v pisavi Times New Roman velikosti 12. Velikost pisave naj se v člankih ne spreminja, kadar to ni potrebno. Besedilo naj bo levo poravnano ter brez slogov in oblikovanja za grafično postavitvev in prelom. Strani naj bodo oštevilčene.

**Naslovi** avtorskih prispevkov naj bodo navedeni v slovenskem in angleškem jeziku. Zapisani naj bodo z malimi črkami, razen v primerih, ko pravopis zaradi rabe velike začetnice ali kratic zahteva drugače.

Na začetku znanstvenih in strokovnih člankov mora biti **izvleček** v jeziku prispevka (*do največ 500 znakov brez presledkov*) in angleškem enako dolgem prevodu. Če je prispevek napisan v angleščini ali drugih jezikih, mora biti angleški izvleček preveden v slovenshino.

Skupaj s člankom morajo avtorji oddati tudi kratko osebno **predstavitev** (*300 do največ 500 znakov brez presledkov*) za rubriko O avtorjih prispevkov. Na koncu predstavitve naj bo pripisano še avtorjevo ime z nazivom/nazivi in e-naslovom ter naziv in naslov ustanove oziroma organizacije, kateri pripada. Če avtor svojega naslova ne želi objaviti, naj to pisno sporoči.

Slikovno gradivo naj bo skenirano z gostoto 300 točk na palec.
