**AREA ORDER No. 7**

Pursuant to an Order made by Nelson W. Monfort, Colonel, U.S.A. Senior Civil Affairs Officer, Headquarters Allied Military Government, 13 Corps, dated 4 July 1945, it is hereby ordered as follows:

1. The Courts which are specified in the second paragraph of this Order, in the Area of Gorizia (by Area of Gorizia is meant that portion of the Province of Gorizia under Allied Military Government Control), shall immediately resume their functioning.

2. The Courts referred to are as follows: Tribunale of Gorizia; and the Pretura Courts of Gorizia, Gradisca d' Isonzo, Cormons, Comeno, Tolmino and Canale d' Isonzo.

a. The name of the Pretura of Comeno is hereby changed to the Pretura of San Daniele del Carso and such Court shall have its seat at San Daniele del Carso.

b. The name of the Pretura of Tolmino is hereby changed to the Pretura of Caporetto and such Court shall have its seat at Caporetto.

3. The territorial jurisdiction of such Courts will remain as before with certain exceptions, however, whose purpose it is to limit such jurisdiction to the territory under Allied Military Government control, namely:

a. The territorial jurisdiction of the Tribunale of Gorizia will comprise all that portion of the Province of Gorizia under Allied Military Government Control.

b. There will be excluded from the Mandamento of Gorizia (Pretura of Gorizia), certain Communes and/or parts of Communes as beyond the line of demarcation, which will be indicated to the proper authority by the Area Legal Officer.

c. There will be added to the Mandamento of Gorizia (Pretura of Gorizia), for jurisdictional purposes, that portion of the Commune of Rifemberg, formerly part of the Mandamento of Aidussina (Pretura of Aidussina), which is under Allied Military Government Control, such portion to be indicated to the proper authority by the Area Legal Officer.

d. There will be excluded from the Mandamento of Comeno (Pretura of Comeno, to be changed to the Mandamento and Pretura of San Daniele del Carso), a portion of the Commune of San Daniele del Carso as beyond the line of demarcation, such portion to be indicated to the proper authority by the Area Legal Officer.

e. There will be added to the Mandamento of Comeno (Pretura of Comeno, to be changed to the Mandamento and Pretura of San Daniele del Carso), for jurisdictional purposes, that portion of the Commune of Cernizza Goriziana formerly part of the Mandamento of Aidussina, (Pretura of Aidussina), which is under Allied Military Government Control, such portion to be indicated to the proper authority by the Area Legal Officer.

f. There will be excluded from the Mandamento of Tolmino (Pretura of Tolmino), to be changed to Mandamento and Pretura of Caporetto, certain Communes and/or parts of Communes as beyond the line of demarcation, which will be indicated to the proper authority by the Area Legal Officer.

g. There will be added to the Mandamento of Tolmino, (to be changed to Mandamento and Pretura of Caporetto), for jurisdictional purposes, that portion of the Commune of Plezzo, formerly part of Mandamento of Plezzo (Pretura of Plezzo), which is under Allied Military Government Control, such portion to be indicated to the proper authority by the Area Legal Officer.

- h. There will be excluded from the Mandamento of Canale d' Isonzo (Pretura of Canale d' Isonzo), certain Communes and/or parts of Communes as beyond the line of demarcation, which will be indicated to the proper authority by the Area Legal Officer.

4. All Judges and personnel of the Courts above specified will commence to perform their duties at the earliest possible date.

5. To carry out the declared policy of the Allied Military Government to maintain strict impartiality in the administration of the territory under control and to avoid all possibility of discrimination in the administration of justice, it is provided as follows:

- a. There shall be created a special section of the Tribunale of Gorizia containing at least one Judge, ordinarily resident in the territory under Military Allied Government Control, of Slovene origin, and such Judge shall always sit when a Slovene is a party to the proceedings before the Court, the intent being that such Slovene Judge shall be one of the members of the Collegio of Judges for such case. In the event that such Judge dissents from the decision of the majority of the Collegio on a particular case regarding a point other than a purely technical point of law, the Slovene party to the proceeding, if dissatisfied with the decision, may file an appeal in the customary way either to the Court of appeal of Trieste or to the Area Commissioner of the Area of Gorizia. When such Slovene party has made his election to file his appeal either to the Court of Appeal of Trieste or the Area Commissioner; no further appeal will be permitted except that when the appeal has been made to the Area Commissioner and decided by him, the Senior Civil Affairs Officer may, upon proper application, permit a further appeal to himself from the decision of the Area Commissioner.
- b. The Pretura Courts of Tolmino (to be changed to Pretura of Caporetto), Canale d' Isonzo, and Comeno (to be changed to the Pretura of San Daniele del Carso), shall, if possible, be staffed by Judges who, being persons ordinarily resident in the territory under Allied Military Government Control; are of Slovene origin. Such Judge will receive recommendations in that regard from any responsible person or authority.

6. When an appeal has been taken to the Court of Appeal of Trieste, the decision of that Court upon such appeal shall be final and there shall be no further right of appeal, as formerly, to the Court of Cassation at Rome, or to any other Court in Italy.

7. The following provisions shall apply to all Courts as above enumerated in the Area of Gorizia:

- a. Penal cases must receive priority in comparison with civil cases.
- b. These penal cases in which the accused is under arrest or in custody must be disposed of as far as possible in preference to those in which the accused has not yet been arrested or is in custody.
- c. No civil case shall be disposed of when one of the two parties cannot appear before the judge for reason of war events.
- d. If civil cases can be disposed of, those having a character of urgency shall take precedence, as for instance the following cases:
  - (1) Appointment of administrators pendente lite (for dead persons and creditor).
  - (2) Declarations of absence and presumed death.
  - (3) Legal separation of Consorts.
  - (4) Provisions intended to protect the interests of minors.
  - (5) Rights of wives.
  - (6) Detention or release of persons of weak mind.
  - (7) Provisions concerning destroyed or lost titles.
- e. The Senior Civil Affairs Officer is empowered to repeal or modify any sentence passed by an Italian judge.
- f. Everybody has the right to file an appeal to the Senior Civil Affairs Officer, in order to have a review of any sentence imposed by an Italian Judge, when it is stated to the Allied Military Government or to some of the Government of the United Nations.

g. Any Officer of the A. M. G. is entitled to assist at any stage in the hearing of an Italian Judge.

h. Every Italian Judge shall forward weekly to the Area Legal Officer a list of all penal cases tried by him during the previous week showing the following data :

- (1) Name of the accused.
- (2) Address of the accused.
- (3) Description of the accused including racial origin.
- (4) Sex of the accused.
- (5) Age of the accused.
- (6) Charge.

8. This Order shall take effect immediately and shall be operative until further order.

**AREA NOTICE No. 3**

1. General Order No. 11 providing for the government of Gorizia Area is being implemented. Appointments made by A.M.G. under this Order are being announced, and from time to time will be published in the Press.

2. Those appointments are being made by A.M.G. after wide consultations, so that they will be as widely representative of all classes of the people as is possible in present circumstances. The fact that they are not fully representative, is due to the fact that a large element of the population has, through its leaders, refused to play its part in the government.

3. These leaders claimed that they were elected by the people; that only persons elected by the people could serve in any government; and they stated that they would not be appointed by A.M.G.

4. It has been repeatedly pointed out to these leaders :

- (a) That the elections they referred to could not have been fair or democratic, since only they were elected, and no other section of the community.
- (b) That fair elections are not possible in time of war, or in the present circumstances of Military Government.
- (c) That it is possible to choose representatives of the people by means other than elections, and that A.M.G. was choosing them by this means.

5. Despite those repeated statements to those leaders and despite repeated requests to them to submit the names of persons desired by the people as their representatives, they have continued to refuse to take their share in the government.

6. In these circumstances A.M.G. has been forced to make appointments without giving representation to this section of the community, and in some areas to carry on the government without any representatives of the people at all.

7. It continues to be the hope of A.M.G. that this section of the people will reconsider the decisions of its leaders. It is the hope of A.M.G. that this group, which was for many years denied representation by Fascism, will not continue to be denied it by their own leaders.

8. A.M.G. will remain ready and willing to welcome this large element of the people to take their just part in the government of this Area.
