Washington v skrbih radi stališča Hanoia

V Beli hiši in državnem tajništvu opozarjajo na možnost, da bo Hanoi vztrajal na svojih znanih štirih točkah.

WASHINGTON, D.C. — Za predhodne razgovore, ki naj končajo neposredno sovražnost Združenih držav proti Severnemu Vietnamu in pripravijo tla za razgovore o končanju vojskovjanja v Južnem Vietnamu, še ni določen niti kraj, paže dvomijo, ali ni morda Hanoi napačno sodil razpoloženje in namere Združenih držav. Opozarjajo na možnost, da bo Hanoi vztrajal trdo na svojem načrtu štirih točk, ki jih smatrajo tu za zahtevo po predaji.

Predsednik L. B. Johnson je med tem zadnjo nedeljo v svoji izjavi povedal jasno in odločno, da ni voljan končati vojno za vsako ceno pod kakršnokoli pretezo navideznega miru, ki bo le uvod za novo vojskovjanje. Ameriški predsednik je poudaril, da ne bo dovolil, da bi bile vse dosedanje žrtve zastonj, hoče doseči in zavarovati Južnemu Vietnamu možnost lastne odločitve o svoji bodočnosti. Pri tem je pripravljen vsaj načelno dovoliti sodelovanje "obema stranema" to se pravi tudi pristašem Narodne Osvobodilne fronte. Zdržitev obeh Vietnamov naj bi bila predvidena nekam za bodočnost, pa prepričena prosti odločitvi večine prebivalstva obeh polovic pri tajnih, svobodnih volitvah, kot je bilo to določeno še v Ženevi julija 1954.

Hanoi vztraja na popolnem ujmu Združenih držav iz Vietnamu in priznanju Narodne Osvobodilne fronte kot edine priznane vlade Južnega Vietnamu ter seve še na sprejemu njenega programa. Privatne vesti iz komunističnega tabora trdijo, da bo nemara po trdem pogajanju Hanoi, če bo le videl, da Amerika ni voljna popuščati preko svojih minimalnih zahtev — ohranitev neodvisnosti Južnega Vietnamu izven komunističnega bloka — na te le pristal, hotel pa bo doseči za Narodno Osvobodilno fronto kot celoto zastopstvo v vladi. Temu se upira sainška vlada. Podpredsednik Ky je izjavil, da bi to pomenilo konec svobode in neodvisnosti Južnega Vietnamu in da se bo ta zato rajše "boril do konca", kot pa mirno sprejel smrt.

Pijača in televizija ne bosta več brezplačni na letalih UA

WASHINGTON, D.C. — Unite Airlines so oklicale, da bodo s 1. majem zaračunale vsakemu gostu dolar za kozarec pijače in dva dolara za rabo televizije. Oglas trdi, da temelji ta sklep letalske družbe na navodilu federalnega odbora za civilno letalstvo. Do sedaj so bile te dobrote brezplačne.

Sredi Afrike nastala konfederacija

FORT LAMY, Čad. — V čadskem glavnem mestu Fort Lamy so sestali predsednik Kongoleške republike Mobutu, Bocassa, predsednik Centralno-afrške republike in Tombabaye, predsednik Čadske republike, da podpišejo pogodbo o konfederaciji, ki naj obsegata vse tri republike.

Nova konfederacija ima površino, ki odgovarja polovici naših dežel, seveda pa nima več kot 21.4 milijone prebivalcev. Ideja o konfederaciji je stara, ali bo dobila praktično podobo po podpisu, to bo treba šele ugotoviti.

Podobna senegalska konfederacija pa že obstaja. Vanjo so včlanjene Mali, Mavretanija, Gvineja in Senegal. Kakih posebnih življenjskih znakov pa še ni pokazala.

Načrt o novih davkih prešel v novo dobo

Senatovi zastopniki na konferenci o teh domov pritiščajo k odobritvi povtiških dogodnine.

WASHINGTON, D.C. — Kot je znano, sabotira načelnik Domovga odbora za pota in načine kongresnik Mills že 8 mesecev Johnsonov predlog za poviranje davkov. To se je zdelo senatu vendarle preveč brezobjektivo, zato je v tej zadevi šel po svoji poti. Izglasoval je predlog, da se podljišajo takse na telefone in avtomobile; obenem je pa dodal določilo o 10-odstotni nadalni na dohodnino in znižanju federalnih izdatkov za prihodnje proračunske leto za \$6 milijonov. Poleg teh dveh dodatkov je obesil na zakonski predlog še velo vrsto drugih, ki pa niso tako pomembni.

Borba med kandidati je odprt, cdkar se je predsednik L. B. Johnson odpovedal ponovni kandidaturi. Trenutno je najmočnejši kandidat sen. R. F. Kennedy, ki ima organizirano v demokratki stranki lastno skupino še od tega, ko je bil njegov brat predsednik ZDA in priznani vodnik stranke. Ker se preveč nagiblje na levo tako v domaći politiki kot v vprašanju Vietnamita, ga viraši L.B. Johnsona nič ne naroča. Ti bodo podprtli Humphreya, če se bo ta odločil za kandidaturo.

Borba med kandidati bo odprta vso do konca in nihče si ne bo mogel zagotoviti večine. Odločitev utegne biti v rokah predsednika L. B. Johnsona, ki pa sedaj izjavlja, da bo ostal v tem poju nevtralen.

Nekateri Johnsona ne morejo pogrešati

WASHINGTON, D.C. — V poslednjih krogih se opaža, da se narsikateremu politiku ne da ijeti brez Johnsona. Se kar ne morejo prividati, da Johnson ne je kandidirati. Zato vsi ti Johnsonovi prijatelji stikajo glave in misijo, kaj bi bilo, ako bi na demokratični konvenciji nastala tako zamešnjava, da bi bil iz nje enini pametni izhod ponovna kandidatura sedanjega predsednika. Tako misel so izrazili tudi nekateri kongresniki in senatorji, med njimi tudi F. J. Lausche.

Nima pa ta skupina nobene veze z gibanjem, da je treba razmah Kennedyjeve kandidate zareziti. Take stvari so v ameriški politiki reden pojav, ki je pa navadno ne posreči. Kennedy je gotovo računa s to nevarnostjo in ima gotovo tudi načrt, kako jo bo odstranil.

Vendar pa se politični krogi bolj brigajo za vprašanje, kdo se bi utegnil še kandidirati na demokratični strani.

Komunisti zoper šarijo v Tajski in Laosu

CLEVELAND, O. — Zadnje čase se zmeraj bolj pogosto povajajo tožbe iz Tajske in Laosu, da so rdeči gverilci postali ob kitajski meji zmeraj bolj aktivni.

Tajska vlada se pritožuje, da sta plemeni Meo in Mooso postali izredno nemirni. Vsa poročila govorijo o tem, da se v njihovih vrstah močno udejstvujejo rdeči terenci in skušajo pridobiti domačine za gverilsko vojskovjanje. Nemiri so že tako obsežni, da na meji med Tajske in Vietnamom na eni strani in Tajske ter Laosom na drugi ni več pravega miru. Gverilci napadajo utrjene postojanke varnostnih organov in jih skušajo uničevati.

Tajski milicijski se pa morajo spopadati z gverilci tudi po vseh. Pleme Meo živi deloma tudi na južnem Kitajskem, kar seveda dela tajski policiji velike težave, ker nikoli ne ve, od koder prihajajo navodila za upore. Obenem je laoški ministrski predsednik Suvana Fuma izjavil v Vientianu, da Severni Vietnam ne rabiti Laosa samo za prevoz in dovoz moštva in vojnega materijala iz severnega dela dežele na jug, ampak da hoče spraviti pod svojo kontrolo ves Laos in mu vsliti komunistično diktaturo. Vso to hoče Severni Vietnam doseči s pomočjo laoške komunistične stranke Pathet Lao.

Tako očitno in naravno ni ministerki predsednik Suvana Fuma, da se še napisal opis in so prepričane, da ga bodo imeli kmalu v rokah.

Dr. M. L. King v Memphisu umorjen

Zambija se trudi za gospodarsko neodvisnosť

LUSAKA. Zambija ma dosti prirodnih bogastev, toda večinoma so še pod zemljivo, le bakreni rudniki držijo njenogospodarstvo na nogah. To pa še niso vse; dežela rabi več gospodarske neodvisnosti. Je namreč od treh strani obdana z "belimi" sosedji, ki jim pa nič ne zaupa. So Rodezija in obe portugalski koloniji Angola in Mozambik.

Zambija je posebno odvisna od Rodezije, te se pa najbolj boji. Ves njen uvoz in izvoz gre še danes pretežno preko rodezijskih prometnih žil. Tudi glavni viri električnega toka ležijo v Rodeziji. Rodezija zato lahko vsak dan zavre razvoj in celo obstoj zambijskega gospodarstva. Razumljivo je, da se zambijska vlada tega boji, kajti bela manjšinska diktatura v Rodeziji ne pozna nobenih ozirov do črnskih afriških režimov.

Rodezija se zato napenja, da bi čim prej postavila lastne elektrarne in dobila dobro prometno zvezo z Tanzanijo, to je pravzaprav cesto do Dar-Es-Salam, pa tudi cevovod za nafto do tega mesta. S Kitajsko se pa tudi pogaja za kapital, ki bi ga raziskovala, kaj bi vse zabilo. Dr. M. L. King je pričel boja za črnske pravice z mirnimi sredstvi. Novi pohod naj bi bil organiziran tako, da bi ne moglo priti do nobenih izgrevov, in posebno ne do nasilij in plenjenja. V zvezi s temi pripravami je bila smrtna. Ob 7.05 je skupina zdravnikov, ki ga je skušala z operacijami rešiti, ugotovila njegovo smrt. Po izjavi policije je dr. M. L. King ustreljen nekogaber, star okoli 30 let, skozi okno kopalnice iz hiše nasproti motelu iz daljave 200 čevljev. Morilcu se je posrečilo pravčasno pobegniti.

Dr. M. L. King je prišel v Memphis, da bi organiziral nov pohod v podporo strajkujočim odvajalcem smeti in odpadkov. Zadnji pohod pretekli teden se je spremenil v nasilje, razbijanje in plenjenje, kar je dr. M. L. King hudo grizlo, saj je on vodnik boja za črnske pravice z mirnimi sredstvi. Novi pohod naj bi bil organiziran tako, da bi ne moglo priti do nobenih izgrevov, in posebno ne do nasilij in plenjenja. V zvezi s temi pripravami je bila smrtna. Sen. T. Morton še vedno upa na Rockefellerja

WASHINGTON, D.C. — Republikanski senator Thruston B. Morton je dejal tu, da je "precej gotov", da bo guv. N. Rockefeller spremenil svoje stališče in postal aktiven predsedniški kandidat, ko je predsednik L. B. Johnson stopil iz borbe in kot izgleda, da bo prišlo do resnih razgovorov o končanju vojne v Vietnamu.

Sen. T. B. Morton je napovedal, da bo Rockefeller svoje nove stališče objavil že v "par dnih" ali pa vsaj v doberem tednu. Iz okolice guvernerja samega je prišla na to izjavo vest, da tam so kaki "spremembi stališča" ne vedo nič.

Vodnik črnske borbe za enakopravnost dr. Martin L. King je bil sinoc v Memphisu, kamor je šel pripravljati nov pohod v podporo strajkujočim obiralcem smeti in odpadkov, večinoma samih črncov, na balkenu motela, kjer je stanoval, ustreljen. Predsednik L. B. Johnson je zaračunal, tega umora cdložil svojo pot na Havaje od sinci na danes in izrazil družini umorjenega svoje in svoje družine sožalje. Umor je globoko pretresel vso deželo.

MEMPHIS, Tenn. — Dr. Martin L. King, ki je pred dobrim desetletjem začel boj za črnsko enakopravnost v Montgomeryju v A'abami, dosegel na tem področju velike uspehe, saj je segregacija pravno odstranjena po vsej deželi, je mrtev. Ko se je sinoc razgovanjal z balkona Loraine motela, kjer je stanoval, s svojimi sodelavci, ga je nekdo ustrelil. Čeprav so ga naglo odpeljali v bližnjo bolnišnico sv. Jožefa, ga ni bilo mogoče rešiti. Njegova rana na desni strani tlinnika je bila smrtna. Ob 7.05 je skupina zdravnikov, ki ga je skušala z operacijami rešiti, ugotovila njegovo smrt. Po izjavi policije je dr. M. L. King ustreljen nekogaber, star okoli 30 let, skozi okno kopalnice iz hiše nasproti motelu iz daljave 200 čevljev. Morilcu se je posrečilo pravčasno pobegniti.

Dr. M. L. King nasprotnik nasilja

Dr. M. L. King je bil star 39 let, poročen in oče dveh živih otrok. Kot vodnik boja za črnsko enakost si je pridobil veliko spoštovanje ne le med črnimi in belimi v domači deželi, ampak tudi preko njenih mej. Tako je leta 1964 dobil Noblovo nagrado za mir. Boj za enakopravnost črncov je odločno in vstrajno nadaljeval, pa veden poudarjal, da se je treba pri tem posluževati samo mirnih sredstev, nikdar nasilja. Zato je prav posebno žalostno, da je on, ki je odklanjal nasilje, nasilno končal. Vodnik CORE F. Kissick je sicer dejal, da je s Kingovo smrto verjetno tudi konec njegove "nenasilne" borbe za črnsko enakost. Vodstvo te borbe je prešlo v roke bojevitih propagatorjev "črne sile".

Predsednik ZDA L. B. Johnson je sinoc izrazil v govoru preko televizije javno zaprešenje in žalost nad sramotnim umorom in objavil, da je zaradi tragedije odložil svojo pot na Havaje od sinoc na danes. Globoko žalost nad nesrečnim umorom je izrazil tudi podpredsednik II. H. Humphrey. Predsednik L. B. Johnson je

Ob obletnici Hitlerjevega napada na Jugoslavijo

Ko so 1. septembra 1941 počili strelji in so poljski vojaki prvi nastavili prsa Hitlerjevim vojakom, nikdo na svetu ni mogel takrat niti slutiti posledic svetovnega spopada narodnih in ideoloških sil. Klub propagandnemu prikrivanju resničnih namenov vojaških zavojevanj so že prvi dnevi po začetku druge svetovne vojske nedvoumno nakazali opredelitev nasprotnočih sil: nasilne diktature proti svobodnim demokracijam. Ne čas, ne skupna slika in taktika menjavanja zaveznitva niso mogli prekriti nepopustljivega sovraštva totalitarnih sil proti svobodnemu razmahu ljudskega duha v politiki, kulturni in gospodarstvu, ker le ta more ogrožati absolutno in ustrohalno oblast manjšine nad svobodno narodno voljo. Demokracija je svobodni glas naroda in se v različnih državah v začetki ljudskih pravic v bistvu ne spreminja. V nasprotнем smislu velja isto za nasilne diktature, ki vse enako zatirajo ljudske pravice, zato nikogar ne bi smela več motiti različna imena: fašizem ali komunizem, iz te izkušnje vemo, da sta oba oblastnika enako težka.

Poljska je takrat bila zavezница demokratičnih sil in prav v tem moremo najti razlog, da sta v začetku druge svetovne vojske istočasno po njej planili dve totalitarni sil: nemški nacizem in komunizem v slovenski Rusiji. Branitelji demokracije so istočasno končevali v nacističnih plinskih pečeh in komunističnem masovnem morišču v Katunu.

6. aprila 1941 — torej leto in pol po začetku poljske tragedije — so nemški nacisti in italijanski fašisti s podtalno podporo in odobravanjem domačega v svetovnega komunizma napadli Jugoslavijo. Komunistična partija Jugoslavije je takrat po vsej državi z letaki in z vsem propagandnim aparatom pozivala jugoslovanske vojake, da naj odvržejo puške in se ne borijo proti nemškim nacističnim osvajačem. Domači komunisti so tudi v svoj prid takoj izkoristili okupatorjevo brezobzirno nasilje za uničenje vsega demokratičnega prepričanja med narodi Jugoslavije in za premišljeno slabljenje odpornih narodnih sil. Tragedija Poljske se je v vsej grozoti ponovila v Jugoslaviji, le še v veliko grši praksi in obliki, ker so v Jugoslaviji izvrševanje nasilja sovjetskega komunizma prevzeli domači komunisti.

Izgleda, da smo si Slovenci zapomnili le konec vojske. Ob vetrinjski tragediji se začenjajo in zaključujejo skoraj vse razmišljanja o vzrokih vseh nesrečnih posledic vojske in komunistične revolucije in le v tem nesrečnem koncu naletimo na osredotočeno iskanje krivcev. Tudi Grčarice in Turjak sta ohranila pomembnost v protikomunistični borbi v Sloveniji. Zgodovinar pa vendar ne more iskati vzrokov porazov ob koncu razvojnih obdobij vojske in komunistične revolucije, ker ničesar ne more tolmačiti, ugotoviti in na pravo mesto postaviti brez upoštevanja predhodnih vplivov.

Zgodovinsko dejstvo ostane, da so aprila 1941 sosedni sovražniki napadli in razbili državo Jugoslavijo. Ali je začasno razbitje Jugoslavije za razvoj in uveljavljanje jugoslovenskih narodov v daljši bodočnosti dobro ali slabo, prepričimo sodbo času v prihodnosti. Za sedaj pa nikdo ne more zanikati, da je bilo razbitje takratne Jugoslavije začetek nesreče, ki je desettisoč pognala iz rodne zemlje v tujino, čez poldrug milijon v grob in narode v Jugoslaviji vsaj za dobo ene generacije podvrgla komunistični tiraniji.

Sedaj radi slišimo in se izgovarjam, da so vsega krvivo sami komunisti in demokratični zaveznički, ki so se v svoji stiski zvezali s komunisti, sovražne okupatorje sicer premagali, demokratične sile pri narodih Jugoslavije pa pustili na cedilu. Bodočim interesom slovenskega naroda in samim sebi bomo več koristili, če objektivno precenimo tudi naše lastno ravnanje. Mučno spoznanje, da komunisti dejansko niso zmagali samo z nasičjem, ampak ker so bili tudi spremenjeni v domači in mednarodni politiki kot vsi njihovi nasprotники, bi naj poučno vplivalo na usmerjenost naše sedanje dejavnosti.

Po razbitju Jugoslavije aprila 1941 zunanjji politični opozvalci niso mogli spregledati razvoja med narodi razkosane Jugoslavije. Hrvatski ustaši so takoj oklicali svojo "nezavisno državo", se priključili sovražnikom Jugoslavije in celo napovedali vojno zapadnim zaveznikom. S tem je bila Slovenija odrezana od ostalega jugoslovenskega ozemlja in v prvi zmedni tudi prepričena, da si Slovenci sami pomagajo, kakor vedo in znajo. Tudi v Sloveniji je vidno splavalno površje upoštevanje možnosti, da je država Jugoslavija za vedno razpadla in se je v to smer nagnilo pravljanje za negotovo bodočnost slovenskega naroda.

Taka situacija je morda vzpodbudila nekatere slovenske idealiste, da je to najprimernejši čas za uresničenje slovenskih teženj po lastni državi. V cilju narodnega politič-

nega delovanja v to smer se je odpor proti nezaslišanemu komunističnemu terorju oslonil samo na slovenske sile. Slovenska odcepitev ob skupnega nastopa vseh jugoslovenskih narodov proti komunizmu je najprej v Sloveniji nagnila razmerje sil v prid enotnih jugoslovenskih komunistov, ki jih Slovenci sami niso mogli več obvladati. Nastala je tako brezupna situacija, da so le ti Slovenci v samobrambi proti naraščajočemu komunističnemu terorju morali iskati nekje zaslombe in končno bili prisiljeni jo sprejeti od — sovražnika. S tem trenutkom je bila vsa res veličastna borba Slovencev proti komunističnemu nasilju speljana na tako enostranski tir, da je zašla v nasprotje z interesi zapadnih zaveznikov Jugoslavije. Komunisti niso potrebovali več vojaških zmag, ker so že zmagali politično!

Jugoslavija je še vedno ostala međunarodno priznana in upoštevana država s svojo vladom v eksilu in vojaško organizacijo na terenu. Nesmiselno je bilo torej računati, da bo do zavezničkih pristal na razbitje zavezniške države. Očitno je tudi bilo, da zaveznički nikjer niso podprli separatnega vojaškega odpora. V začetku so vsi zaveznički — vključno Sovjetska zveza — formalno priznali jugoslovensko vladivo in vrhovnega poveljnika jugoslovenske vojske v domovini gen. Dražo Mihajlovića in pozneje so preselili zopet na jugoslovensko vojsko Titovih partizanov. In v tej spremembi odnosov zapadnih zaveznikov moremo izvrtati sodne ukrepe, ki so porinili tudi jugoslovenske komuniste med zmagovalce in končno na oblast.

Pennsylvania prepihi (Poročila Majka)

Pittsburgh, Pa. — V januarju se je vrnilo v Harrisburgu zborovanje izvoljenih zastopnikov "Pennsylvania Constitutional Convention", ki jo omenjajo in nazivajo z okrajšanim imenom "ConCon". Gre se za to, kakor sem že lani enkrat omenil, da bi se znižalo število zastopstva v državni zakonodajni zbornici naše države. Število zastopstva v našem mestu navaja, da stavbniški delavci dobivajo zdaj od \$3.75 do \$5.50 in nekateri še več nauro. Povprečno drug k drugemu zaslužijo \$200 na teden. To je

draginjo in industriji, zlasti pa še dviga cene v stavbinstvu. Tačko omenjajo raziskovalci razgovor in vzrokov, zakaj gredo zadnje leta cene navzgor domovom in vsemu stavbinstvu. Strokovno izurjenih delavcev zlasti primanjkuje pri stavbinskih delih. "Home Builders Association" v našem mestu navaja, da stavbniški delavci dobivajo zdaj od \$3.75 do \$5.50 in nekateri še več nauro. Povprečno drug k drugemu zaslužijo \$200 na teden. To je zelo lepa plača. Pravijo pa, da mladci sedanjih dni se ne zanimajo za poklicna stavbinska dela, to da bi se jih učili. Rajščiki za bodočnostjo drugod, kakor tam, kjer bi bili najbolj potrebeni.

Kako se čuje, pripravlja zvezna vlada nove načine, s katerimi naj bi se zainteresirali mladci za razn strokovna dela. Financirali jim bodo dnevne in večerne tečaje, kjer jih bodo učili stavbinska dela. Po prvem splošnem tečaju jih bodo pošiljali po nekaj dni na teden na dela, govoriti dnevi na večere pa bodo moralni obiskavati tečaje. Po nekaterih velemestih to že vodijo na ravni lokalnih razmer in možnosti. Ideja je dobra, če jo bodo znali in mogli izvesti. Najtežje bo seveda nekateri mladci prepričati, da brez znanja in priznavanja niso mogče voziti v boljši in srečnejši bodočnosti.

* JOHNSON V SVOJEM GOVORU na kongres ob januarskem zasedanju, s katerim je predložil proračun za to leto, je dolgo govoril, povedal pa bolj malo. Navedel je mnogo potreb, katere države odprta žrela za vedno več in višje in višje in višje davke. Razumljivo je seveda, da razmer, skozi katere vozimo in skozi katere on nas vodi, niso rožnate. Zdi se pa, da bi morda lahko izbral boljša pota, kakor jih je izbral. Ampak meni se zdi, da naših demokratov in republikancev se trdovratno država navada in prepričanje, da kar reče in pove demokrat, pravi trd republikanec, da ni za nič. Kar pa reče in svetuje trd republikanec, pa pravijo demokrati, to še za vrabce in dobro, kaj še za nas. Tako gre od zore do mračka in še dalj dan za dnem, pa smo vedno pri muhastem demokratskem "sivcu" in pa pri težkem republikanskem slonu. Slednji nam z dolgim repom maha, drugi pa z dolgimi ušesi, zraven pa nas lepo troščajo, da potrppimo, jutri bo drugi dan in bo drugače.

Počakajmo, saj drugega ne moremo, kakor to, prvi torek v novembru, to bo 5. novembra, bomo videli, kako bo in kaj bo našo vselej v tem. Anton Jeglič, ki je vse slike tudi sam posnel.

* DVE ZA DOBRO VOLJO:
— Ujela ga je. — Zgovorni Gašper je rad večkrat kaj pravil svoji boljši polovici, navadno

vedno kaj takega, kar ni bilo nikdar res. Nekega večera ji je zopet pravil, kako bi ga bila razveda za moža neka Metka, tam iz sosedne fare. Tedaj mu žena zadele nazaj:

"Gašper, zdaj si se pa spet debelo lagal!"

Gašper pa ji je hitel zatrjevali, da nikdar ne laže in da se je le dvakrat v življenju malo zlagal. Tedaj mu žena zabrusi:

"Zdaj si se pa tretji!"

— Stava. — Profesorja Izgubo je nekoč nagovoril na cesti gospod, ki se je hotel za vsako ceno seznaniti z njim:

"Dober dan, gospod profesor! Stavim, da me več ne pozname!"

"Stavo ste dobili," reče profesor in gre dalje.

— Pa še drugič kaj, do tedaj pa vse lepo pozdravlja

Quo vadis, Domine?

CHICAGO, Ill. — Toliko zna vsak latinskega, da razume to vprašanje. Po našem se to pove: "Kam greš, Gospod?" Besede so iz Siekičevega romana: "Quo vadis, kaj je izsel že v več izdajah v slovenskem jeziku. Preveden je roman skoraj v vse jezikov sveta. Naravnost veličasten, grandiozen, bi rekli, pa je zelo film "Quo vadis"? In ta film bo predvajan na cvetno nedeljo, 7. aprila, zvečer ob 7.30 v dvorani sv. Štefana v Chicagu. Se razume, da bo film predvajan v angleščini, toda radi znane vsebine romana bo vsakemu jašen in razumljiv, četudi kdo ne obvlada popolnoma angleškega jezika.

Na Apajski cesti (Via Appia) v Rimu stoji mala cerkvica, ki jo imenujejo vedno "Quo vadis". Tu naj bi se prikazal Kristus apostolu Petru, ki je bežal iz Rima, da bi se ognil grozovitega mušenja. Na nem mestu je Peter srečal Kristusa, obloženega s težkim križem. Peter je Kristusa vprašal: "Quo vadis, Domine? - Kam greš, Gospod?"

Jezus pa mu je odgovoril: "Namenito tebe grem v Rim in se bom dal novo križati." Peter je tako vrnil v Rim, kjer je pretrpel grozno mučenstvo in je dal življenje za svojega Zvezličarja.

Film "Quo vadis" je najlepša postava pobožnosti, kar si jih moremo misliti, je najvječastnejši pasijon, najnazornejši križev pot, kar jih je bilo kdaj pri Sv. Štefanu v Chicagu. Otroci naj ga vidijo, starci ljudje naj se potopote v trpljenje Gospodovo.

Očetje, matere, može in zene naj se te "pobožnosti" udeleži. Predvsem pa mladina naj vidi, koliko je Kristus žrtvoval za nas in česa vsega je krov nesrečni greh. Pri predvajjanju tega filma so se že izvršila velika spreobrnjenja.

Hvaležni smo našemu mlademu dr. Andreju Fischingerju, ki je vzel celo zadevo v roke in nam po preskribel tako primeren užitek v začetku velikega tedna trpljenja Gospodovega.

Na Cvetno nedeljo zvečer je televizija cele fare in široke slovenske okolice v dvorani sv. Štefana.

Slomškove krožek vabi

CLEVELAND, O. — Slomškove krožek za Collinwood in Euclid priredi v nedeljo, 7. aprila 1968, ob 3.30 popoldne, po Križevem potu, v Šolski dvorani pri cerkvi Marijinega Vnebovzetja v Collinwoodu predvajanje skiptičnih slik (slides) o Slomškovem izletu v Lemont, v drugem delu pa slike iz Baragove dežele ob prilik obisku ljubljanskega nadškofa dr. J. Pogačnika v Ameriki, zlasti njegov obisk v Marquette. Slike bo predvajal g.

Anton Jeglič, ki je vse slike tudi sam posnel.

Vedno priliko videti te slike. Verjetno bodo te slike zanimali vse, ki so se udeležili Slomškove proslave v Lemontu in romana v Marquette ob prilik obisku ljubljanskega nadškofa. Tisti pa, ki se takrat niso mogli udeležiti na enega ne drugega romana, pa imajo sedaj lepo lepo priliko.

spretno taktirko Rudija Kneza nam bodo zaigrali na Belo nedeljo, to je v osmini velikonočne nedelje.

Zaznamujte ta dan na Vašem koledarju, da ne zamudite prilike poslušati vriska mladine in harmonik, kitar, klavirja, piščali, bobna...

Po naših otrocih bo vriskala naša pesem. Dajmo mladini krajajo, da bo učenje nadaljevalo in se še bolj poglobila.

Naši mladi Vam žele veselo Veliko noč in kličejo: Na svetje 21. aprila pri Sv. Vidu!

OTROŠKI KOTIČEK

Tako brž teče čas in zdajje mali, da bi moral v Črepinjek po bršljan, na nit navezati jabolka in napraviti beganico za cvetno nedeljo. Moj Bog, kako drugač je bilo nekoč, ko sem bil majhen. Kako čudoviti so bili ti zadnji dnevi pred veliko nočjo.

Prve zorane njive pri zvirski gmajni, sonec nad Taborsko cerkvijo, pred katero so stali trije veliki križi. Cel svet je otrpljil pred veliko skrivnostjo božjega odrešenja, ki se je pričenjalo. V podbreški cerkvi ni bilo palmo-vih vej, jaz še vedel nisem, da kje rasto. Beganicie in oljene vejice, ki smo jim nesli nato domov, da smo jih ob hudi uri zazigali in odganjali hudo uro s polj in zelenčega drevja.

Poskusite, dragi otroci, lepo preživeti te-dni. Morda ste bili kdaj pri misijonski pridigi. Lepo je bilo, kajne? Morda ste videli pasijonsko igro in videli kako čuden je človek v svojem pehanju. Danes vpije hozana tem, ki jih ljubi, čez teden dni križaj ga. Svet je ogromno morje, malo-kdaj mirno. Nekoč se bo vendar umiril. Goreče zvezde, zdobjljene svetovi ga bodo zmeli in te-daj bomo šli v dolgih vrstah pred svojega Boga. Tedaj bomo videli vse od prvega do zadnjega človeka, vse misli človeških src, vse tipe in nevidne naklepe in skele. Marsikdaj v svoji šendici mislim na tisto uro. Mislite še vi kdaj, dragi otroci.

Kakor sem že zadnjič rekel, danes gredo na papir zadnja pismeca. Tu so.

Dragi Kotičkov stric!

Zelo si želim imeti lepo novo kolo. Sedaj moram vedno prosiš brata ali sestro, da mi ga za kratek čas posodita. Pa kaj, ko se me vedno drži smola. Ce se posdim in polomim kolo, me krega brat, ce raztrgam obleko, me krega mama. Včasih še koleno razbijem, da težko hodim. To so otroške težave. Lepo Te pozdravlja.

Marjetka Kristanc

Draga Marjetka!

Vem za eno zdravilo, ki bo ozdravilo brata, mater in Tebe. Pusti kolo. Celo bo, obleka ne bo raztrgana in koleno Te ne bo bolelo. Lepo paš hodi kakor jaz. Samo pomisi, da ga v vseh dolgih letih nisem imel in še živim. Vsaka stvar, če je še tako lepa, ima nekaj, kar boli. Kolo je lepare, prijetne reče, toda ne todle. Kje na farmi. Tisto bi bilo. Ne ženi se torej, če kolesa nimaš. Ce Ti bo kdaj dolgčas, do moje šendice stopi in kakšno rečeva. Lepo Te pozdravljam.

IVAN TAVČAR:

V ZALI

"Tako budi! Lahko je to rečeno!" se vtakne v razgovor Paulus Secundus, "ali vprašam: čiga je odgovornost? S to rano," je izpregovoril latinski, "s tako rano, reverende amice, ne bodeš lažil po hribovju kakor mezeg, ki prenaša tovore čez Apenine! In premilostivi knez in škof, ki mi bogato poplača današnjo pot, o tem sem prepričan, kaj poreče le-ta? Kaj drugega nego to, da je bil deželnih stanov fizik Paulus Secundus nevednik in neumnik, ki je znal o medicini — Bog blagoslovi to vednost — prav toliko kakor Bileamov osel o svetem pismu, v katerem se pripoveduje o njem! Ha, amice, mi vemo, kako so modro živi, in zato govorimo tako, da boste pod to streho ostali še nekaj tednov in morda še dalje. To pa je tudi moja zadnja beseda! Ba-sta!"

"Moja zadnja beseda pa je," odgovori kanonik, "da odrinem še danes. In če mi dodela milost vsemi svetniki, budem počival še danes na mehki postelji, kakršnih je obilo na loškem gradu."

izpustiš pse v zeleno grmovje, zdajci se ti oglase in, kakor bi trenil, že je divjad na nogah in gonja v najlepšem tiru, da se ti lovsko veselo širi srce.

Tako se je tudi kanoniku Amandu širilo srce, ko je tisto jutro ležal na nosilnici pred Mrakovo hišo. Odpravljal se je na dolgo pot, ali skrbi mu ni povzročilo. Globoko je zasopel in srkal čisti zrak, ki ga je takoj nerad pogrešal v tesni in zadehli sobi.

"Zdravnik je vtem izpral in očistil rano ter jo pričel iznova obvezoval.

"Pa pojrite torej!" je dejal,

"ma jaz si umijem roke, jaz sem nedolžen in, Conrade, vi ste mi priča, kako sem modro učil kanonika, nai s takšno rano — ta rana, ta rana, Conrade, mi ni všeč! — ne hodi na dolgo pot. Priča mi boste, če se na dolgi poti kaj prijeti, ali moja krivda ne boste! Tako, sedaj je zopet dobro za nekaj časa! Če bi hoteli mirno tu ležati in bi vas jaz nekaj dni zaporedoma prevezoval, pa bi se skoraj pokazali dobri uspehi moje učenosti. Prisad, Conrade, prisad, vi smrtni ljudje še ne veste, kaj je prisad!"

"Pripravite nosilnico!" ukaže kanonik.

"Torej je res, da odrinete?" vpraša Paulus Secundus.

"Kar najhitrej!"

"Vsi so enaki," se obrne deželni fizik k slugi, "veliki gospodje kakor berači. Ce jih kaj boli, vdihujejo, kakor šibke ženske, žgati se ne dade in trmoljavi so kakor vol na paš! Na pot tedaj, dobro, dobro! Jaz pa ti pravim, Conrade: ruit in perničem! Spravi moje reči in skrbi, da se mi kaj skuha! Vrag naj vam s tem praznim želodcem lazi po tem gorovju!"

Nejevoljno odide iz sobice.

Ko se je pripravilo nekaj jedila, da so se nasitili lačni hlapci, in ko je utolažil svoj glad tudi fizik Paulus Secundus, je ukazal kanonik iznova, da se mu pripravi nosilnica. Obložili so jo z mehkim mahom in storili vse, da bi imel bolnik mehko ležišče. Neprestano je ugovarjal zdravnik, toda brezuspešno.

Po jedi prineso hlapci svojega gospodarja iz sobe in ga rahlo posade na nosilnico. Bilo je najkrasnejše jutro. Na nebuh ga ni bilo oblaka in na severu so se Triglav in drugi snežniki ostro črtali zadaj v temnozeleni krajini. Rosa se je lesketala po listju in travi in globoko po dolinah je ležala gosta megla, da se je videlo, kakor bi jih polnila jezera samega belega mleka.

"Meni je prav," odgovori deželni fizik; "prav pa ni, da moram, toliko da sem iztežka prisopil tu gor, zopet nizdol, ne Conrade, morda sproži kanonik sam enkrat ali dvakrat svoje smrtronosno orožje, če mu pride zival na strel! Tako budi!"

"Hodili bodemo počasi," deželni fizik, "v krasno jutro! In lovski pse imamo v lovskih rogove, pa naj bi lazili po gozdih in svoje pse na lancih vlačili za sabo! Nikdar ne, amice; danes bode zvonilo po vsej Zali in nekaj strelov bode odmevalo med hribovjem in pla-ha zverjad bode puščala krvav

sled po mokri travi za sabo! Tako budi! In morda, tu se zanašam nekoliko na twojo pomoč, mi Conrade, morda sproži kanonik sam enkrat ali dvakrat svoje smrtronosno orožje, če mu pride zival na strel! Tako budi!"

Deželni fizik pozove slugo k sebi. "Ali ničesar ne čutiš, Conrade?" ga ogovori važno. "Ali ti nisem pripovedoval precej od prvega trenutka, da bode tako in nič drugače? He! Ali ti nisem govoril o prisadu? Videl bodes, da poseže tu vrag vmes, preden bom v Loki! Govori li pameten

človek tako — in ali se vede govorim ničesar več! Vi, ki sta tako, če nosi smrtno rano na telo? Veruj mi, stara duša, prisad je v njem, kri vre po njem in drob se kuha v njem! In v takih časih se odpravlja na lov! Kri vre po njem in drob se kuha v njem! To je moja zadnja beseda, Conrade, in odslej ne izprekar vam dragi!"

**"Think Slim" Desserts . . .
CRANBERRY GOES LOW CAL**

"No dessert for me, thanks." "I'll have to bypass the refreshments." Do these sound all too familiar to you? Why not turn the tables on the "calorie counters" in your family and treat them to a low calorie dessert that tastes as good as it looks. Recipes from Ocean Spray's Cranberry Kitchen.

Cranberry Fluff Dessert: Prepare 2 envelopes dietetic strawberry flavored gelatine using 2 cups low calorie cranberry juice

cocktail instead of water. Chill until very thick, then beat until light and fluffy. Fold in 1 cup frozen whipped topping; sprinkle with 1 cup sliced fresh strawberries. Serves 6.

Cranberry Jewel Dessert: Prepare Cranberry Fluff Dessert above; omit strawberries. Pile into sherbet glasses, alternating fluff mixture with 1 cup low calorie jellied cranberry sauce cut in 1/2-inch cubes. Serves 6.

Performance of National Dances by Kres

The Slovenian Folkdancing Group "KRES" will present another well-prepared and selected Program of National Dances on Saturday, May 11, at 7:30 p.m., at the Slovenian National Home at 6417 St. Clair Ave. In many hearts the program of two years ago is still alive for it thrilled and overcame over 900 spectators.

During the past twelve years the members of Kres have achieved fame not only among the Slovenians in Cleveland, but throughout America and Canada. Kres is most welcomed to the Annual Folk Festival at Music Hall for it is among the most outstanding and successful groups displaying with grandeur their ancestral dances in beautiful costumes. Upon invitation Kres has graced the "Polka Varieties" on Channel 5 many times. Many of you have seen the Kres dancers at the 26th KSKJ Convention Banquet at the Sheraton Cleveland Hotel.

For this May's performance over 50 dedicated dancers have sacrificed many tedious hours of rehearsing. Of the program let us say only this for today; multi-colored costumes, many Slovenian favorite tunes, and a program of infinite variety promise to assure a delightful evening for all on May 11.

Harlem Globetrotters Entertain At Arena

Ray Lotherry
Harlem Globetrotters

The need for pure, unadulterated unrestrained laughter in the world was never more acute than it is today. One of the greatest groups for dispensing fun and side-splitting situations—the fabulous Harlem Globetrotters—is headed for Cleveland!

The zany ambassadors of goodwill who have delighted millions of fans in 87 countries on six continents will soon return to the Arena 3717 Euclid Avenue, for one of their big shows.

The Globetrotters will headline a special Easter holiday treat—a one night stand, Saturday, April 13th at 8 p.m.—meeting the New York Nationals in what promises to be "a bedlam of basketball buffoonery."

The Globetrotters cast will include some of their finest veterans, including ace dribbler Leon Hillard; Hubert Ausbie, who has now come into his own as a top comic; and J. C. Gipson, the 6-8, 245-pound marvel from Los Angeles. The Trotters also will introduce several newcomers, including sensational Willie Campbell of Seattle and the Univ. of Nebraska; Ray Lotherry, Toledo, O. product from Tri-State College, at Angola, Indiana; and little Pablo Robertson, from Loyola University, where his brother, Walter, starred this season. Pablo, who can make a basketball do everything but talk, is the smallest Globetrotter in 40 yrs., just 5 feet, 6 inches—a delight!

A great lineup of variety acts—artists recruited from all over the world—will perform as an added attraction before the game and at halftime intermission.

All seats are reserved—at \$4.00, \$3.50, \$3.00 and \$2.00—on sale at the Arena, and Richman's downtown store, 736 Euclid Avenue.

For information, the Arena telephone number is 361-3700.

(These Globetrotter stars—and many more—just returned from a record-breaking tour of New Zealand, Australia and Hawaii!)

L. Leskovar Joins Chi Advisory Committee

Ludwig A. Leskovar, president of the Heart of Chicago Community Council, has been appointed by Mayor Richard J. Daley to the city-wide Community Improvement Advisory Committee which is charged with advising the Dept. of Development and Planning of the city of Chicago and the Mayor's office, on matters concerning the physical improvement and renewal programs for the city.

At the committee's first meeting in February, the Mayor outlined the important facets of the city's plan for the future, and at subsequent meetings. Sub-committees were appointed to carry out the plans. Leskovar will serve on the sub-committee for comprehensive community planning and housing, to function as translators of the basic city policies and goals into specific improvement actions.

The process ranges from city-wide comprehensive physical and policy planning to the formulation of plans for individual areas, including detailing, programming and scheduling of specific projects.

Leskovar, active in civic affairs for the past 15 years, is founder and president of the HCCC and serves in various capacities within the community. He is trustee of the Board of Directors of Gads Hill Center settlement house and a director of the Heart of Chicago Chamber of Commerce and Industry. He has served for a number of years on the Mayor's Advisory Board of Urban Renewal and was recently named to the Chicago Committee for the Illinois Sesquicentennial.

Spring Checkups May Save Hearts

The arrival of Spring brings with it the temptation to rush into traditional seasonal activities. These are the days that try men's hearts, the Heart Association notes.

Whether it is cleaning up the garden, taking down the storm windows or slapping a coat of paint on the shingles, the Heart Association of Northeastern Ohio has a word of advice for the man of the house. If you've been sedentary during the winter, or if you have a history of heart illness, don't do it—until you get a medical checkup. The advice can serve the housewife, too, before she starts the annual chuck-out binge.

Sprucing up for Spring is at least as important to an individual's health as it is to his property, the Heart Association says. A physical examination should precede taking on strenuous chores after a long winter by the fireside. It is vitally important for anyone with heart disease or who is suspected of a developing heart condition.

Inactive individuals may find that an interval of recommended conditioning—a regimen of regular physical activity—is all that is needed to get them in shape to do the job safely and with greater efficiency.

The heart patient, also may get a go-ahead, after an examination by his physician, who can determine how often and to what lengths the patient's condition will permit him to participate in the Spring round-up.

Even the healthy individual is warned not to overdo things. He should stop when he tires, the Heart Association stresses. Home, to twist an old phrase, doesn't have to be rebuilt or cleaned in a day.

A final warning concerns dress—neither too much to bring on overheating, nor too little to bring on a chill. The spring cleaner may find himself frequently shifting from indoors to outdoors. Unusual exertion at extreme temperatures can precipitate a heart attack in susceptible individuals.

The above advice can leave homeowners in as good shape as their bettered homes and gardens when Spring turns that corner.

A GO-GO GROWTH INDUSTRY

When a money-losing passenger train is taken out of service, many people have a tendency to jump to two conclusions—that the railroads are indifferent to public transportation needs and that such action indicates a "dying industry." The truth is that the railroads have shown the greatest reluctance to discontinue the running of money-losing passenger trains.

After a long investigation, the Interstate Commerce Commission concluded in 1959 that railroads "have conscientiously endeavored to improve their standards of service" and "generally prolonged—to make them pay and only after sympathetic consideration of public convenience." The conclusion that the railroads are a dying industry is so obviously unfounded that it hardly merits consideration. However, for the record, it should be pointed out that the freight end of railroad business is moving in the opposite direction from the passenger decline.

As a rail official has pointed out, railroads are "... a go-go growth segment" of the transport industry. Rail freight volume rose 5 per cent annually from 1961 to 1967. While 1967 brought a slump, freight growth should certainly resume once the economy gets rolling again. And, as the rail official declares, "America is looking to its railroads to carry the great production loads of our future." He also emphasizes that the rail passenger business isn't all black by a long shot with increasing cooperation from government agencies. High-speed, ultra-comfortable trains in commuter service and over intermediate distances may well prove to be the answer to our worsening people transportation problem.

Standings March 2

Reporting from Washington

CONGRESSIONAL REVIEW OF VIETNAM POLICY. Along with more than 140 of my colleagues I have joined in sponsoring a House Concurrent Resolution relative to the situation in Vietnam. The resolution (H. Con. Res. 704) provides: "That upon the adoption of this concurrent resolution, the appropriate committees of the Congress shall immediately consider and report to their respective bodies their determination as to whether further Congressional action is desirable, in respect to policies in Southeast Asia."

The debate we are calling for is not for divisive reasons, but to resolve the doubts in our own minds and in the public's mind, so that we can pursue our national objectives with a more common purpose. I have no quick, cheap and easy solution to this most critical problem of our time. There is too much at stake — in terms of American blood and American security — to speak rashly, or without sufficient evidence, on a problem which so deeply concerns our people. Moreover, I believe that those Americans who, based on the insufficient evidence available to them, claim they do have a solution — such self-appointed "experts" are simply compounding rather than helping to solve this problem.

Secretary Rusk has acknowledged that our policy is under review "from A to Z" by the Administration. The Congress should likewise undertake such a review, and should contribute its independent assessment of our direction in Vietnam. Our fighting men in Vietnam and our people at home are entitled to the most effective policy we can devise. We hope that the response to this resolution will help to restore the rightful role of the Congress — the body of government closest to the people — and will lead the way to a clarification of our national objectives in Vietnam.

ACTION AGAINST OBSCENE ADVERTISEMENTS. On April 15, Title III of Public Law 90-206 (Postal Revenue and Federal Salary Act) will go into effect. This will allow the householder to decide for himself whether or not he wishes to receive advertisements from smut peddlers through the mail. If it is decided that the material received

is undesirable, here are the steps which may be taken:

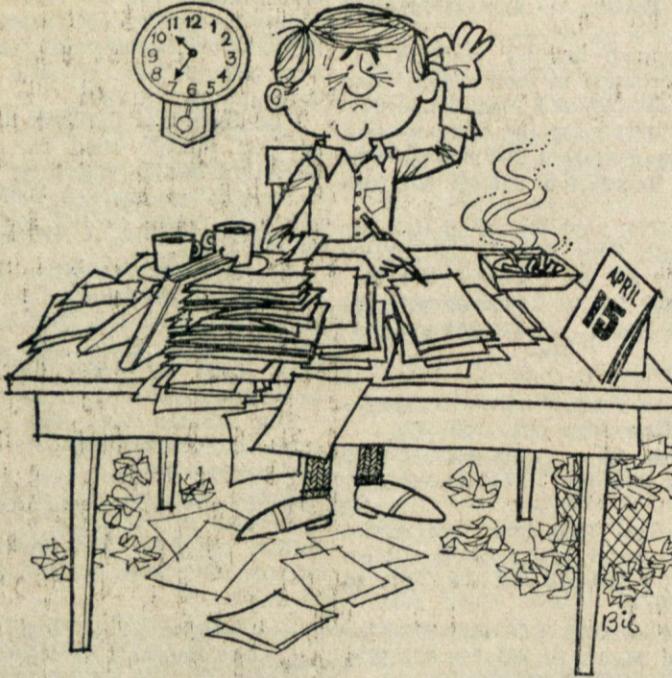

1: If you receive an advertisement which you judge to be obscene, write a letter to the Postmaster General in Washington, D.C., or to your local Postal Inspector. Demand that he send an order to the mailer directing him to remove your name and address immediately from all of his mailing lists. You may also request that the Postmaster General's order include the names of any minor children and other family members at your address.

2: If you continue to receive questionable mail in violation of the order, you may then request the Attorney General to seek a court order against the smut mail advertiser.

3: If you then get a court order and still receive the smut mail, the sender will be subject to contempt of court citations and a possible jail sentence. The cooperation of everyone is needed to rid our mails of pornography.

THE GOLD CRISIS. The Republican Coordinating Committee has pointed out that the necessity of revising our international gold system came about entirely from mismanagement of our domestic financial and economic affairs by the Johnson Administration. The Committee stated: "If the new two-price structure for gold is to become the means of transition to a durable international monetary system... the President must proceed at once to restore credibility and confidence in the fiscal practices of our government. People around the world... must again be persuaded that it is better to hold dollars than gold." The Committee went on to say: "The Administration must put into effect at once the sizeable cuts in spending for which the Congress and the Republican Party have been calling. It is urgently necessary for the President to come forth with meaningful specific proposals for major reductions in non-essential government spending. Until he does, there can be no expectation that the Congress and the American people will accept a tax increase. The budget must be brought close to balance and the deficit in our international payments must be sharply reduced if we are to restore faith in the dollar and avoid another crisis".

THE TEN MOST COSTLY INCOME TAX ERRORS

NEW YORK, N.Y. (ED) — If nothing is sure but death and taxes, it's almost as certain that far too many taxpayers cut their own throats when making out their own income tax returns.

The annual bout with the Internal Revenue Service is mined with potential traps for unwary taxpayers — particularly unsophisticated citizens, who attempt to do battle with complex tax forms on the kitchen table, without a clue as to loopholes to look for.

Corporations rely on professionals to take advantage of every benefit built into the tax structure. Individuals can get the same break on their own income taxes — if they know what to look for, and when and where to turn to expert advice.

According to H & R Block — the largest of the nation's fast-growing income tax preparation services — everyday errors in the battle of the budget begin as early as the choice of form, with most people having their biggest problems with the complex language that's an Internal Revenue Service specialty.

"Actually," says President Henry W. Bloch, founder with his brother, Richard, of the firm that bears their name (changed to end with the letter "k" because "that's how most people would spell it, anyway"), "eighty per cent of all tax problems aren't complex at all. It's just that the individual taxpayer, who tackles the job only once a year, isn't familiar with the forms involved."

When Mr. Bloch talks percentages he's talking big numbers. At least half of the nation's 67 million individual taxpayers get help in tackling Form 1040, with Block alone

available, especially on retirement income.

6: Failure to claim expenses relating to medical expenses; overlooked, but legitimate, deductions often include auto mileage at five cents a mile for visits to the doctor's office or hospital, parking fees, taxi/cab costs and ambulance charges.

7: Use of the wrong tax table, or tax rates; there are three different tables, each with three sets of rates, and it's easy for an individual to miss the one that will give him the best break on dollars.

8: Failure to claim sick pay and child care deductions.

9: Over-reporting, or improper reporting, of income; many people have fully or partially tax-exempt income, but report it in their returns in full.

10: Failure to properly set up a basis of depreciation for business property and equipment; many taxpayers particularly overlook the legal opportunities in depreciating real property for tax purposes.

If you continue to receive questionable mail in violation of the order, you may then request the Attorney General to seek a court order against the smut mail advertiser.

3: If you then get a court order and still receive the smut mail, the sender will be subject to contempt of court citations and a possible jail sentence. The cooperation of everyone is needed to rid our mails of pornography.

"You'll be making the Internal Revenue Service happy, too, if you take it," says Henry Bloch. "Recomputing forms for taxpayers who make errors costs money — that comes from your taxes."

Sign of Spring - Zoo's Children's Farm Opens

On Saturday, April 6, 1968, when its gates open at 10:00 a.m., the Children's Farm of the Cleveland Zoo will begin its 10th consecutive season of operation. Increasing its annual attendance from 47,000 visitors in 1959 to over 200,000 visitors in 1967, the Children's Farm has become one of the outstanding attractions at the Cleveland Zoo.

Its popularity stems from the personal contact between visitors and animals. Baby domestic farm animals such as lambs, goat kids, piglets, rabbits, guinea pigs, chicks, ducklings, and goslings are brought to the "Pat-A-Pet" Ring where children, and adults too, may pet, hold, feed, and talk to their furry and feathered cuddly little animal friends.

In addition to the domestic farm animals, the Children's Farm also features a number of native Ohio wild animals such as raccoons, skunks, opossums, cottontail rabbits, and small hawks or owls.

Food to feed the farm animals is available at the milkmaid's counter built into the base of the farm's old-fashioned windmill.

Bottles of milk and cones of grain may be purchased there for 10 cents each.

The Children's Farm was donated to the Zoo by the Rotary Club of Cleveland. In recent years additional Rotary Club gifts to enhance the Farm have included a fruit or-

chard and the windmill.

Cleveland Zoo and Children's Farm hours are 10 a.m. to 5 p.m., daily; Sundays and holidays from April to mid-October, weather permitting, hours are 10 a.m. to 7 p.m.
