

Posledice italijanskih občinskih volitev

Krščanski demokrati so izgubili nekaj malega glasov, prav tako tudi Nennijevi socialisti. Komunisti so pridobili, pa ostali politično osamljeni.

CLEVELAND, O. — Rezultati italijanskih občinskih in deželnih volitev ne pomenijo nobene senzacije, ne bodo pa ostali brez političnih posledic. Na prvi pogled se ni nič spremenilo. Nekatere stranke so pridobile na glasovih, druge zgubile, toda ravnovesje političnih sil se ni bistveno spremenilo, čeprav so komunisti zopet povečali število glasov, oddanih za njihove kandidate.

Nennijevci v glavnem obdržali svoje pristase

Kar ima nekaj pomena, je dejstvo, da so se proti pričakovanju dobro odrezali Nennijevci socialisti, ki so za krščanskimi demokrati prvi stebel sedanje vladne koalicije. Do sedaj so se pri volitvah morali boriti samo proti desničarskim strankam, s komunisti so imeli volivne spoznanje, ki so jim varovali hrbet. Letos je bilo drugače. Nennijevci pristasi so se morali boriti ne samo proti komunističnemu tekmovanju, ampak tudi proti tistim lastnim pristajem, ki so se od njih odcepili in postavili kandidate pod okriljem lastne novoustanovljene stranke. Napadali so jih torej ne samo nekdanji zavezniki (komunisti), ampak tudi razkolniki v lastnih vrstah. Da so vkljub temu ohranili posestno stanje, jim je treba šteti v uspeh.

V bodoče bodo hodili skupaj s krščanskimi demokrati tudi v deželah in občinah

Sedanje občinske in deželne volitve ne pomenijo samo konca volivne koalicije med Nennijevimi socialisti in komunisti, ampak tudi začetek sodelovanja med Nennijevimi socialisti in krščanskimi demokrati v občinskih in deželnih odborih. V Italiji je okoli 8.000 občinskih odborov in 94 deželnih odborov. Komunisti sicer niso že dolga leta bili nikoli v rimski vladi, zato so se pa dobro držali v mnogih občinah in deželah. Kjer niso imeli absolutne večine, so se povezali z Nennijevimi socialisti in z njimi vred upravljal občine. Ker igrajo v Italiji občine veliko vlogo v lokalni javni upravi, ni bilo komunistom težko, da so zmagovali v občinah, kjer so gospodarili njihovi župani.

Sedaj bo to drugače. Ne bo malo občin, in to ravno večjih in velikih, kjer bo sedanja koalicija Nennijevih socialistov in komunistov razpadla na njegovo mesto pa stopila koalicija krščanskih demokratov in Nennijevih socialistov. Naj bo v teh občinah župan kdorkoli, komunist ne bo.

Posledica takega premika političnih sil v občinah in deželah se bo seveda dala ugotoviti šele pri prihodnjih parlamentarnih volitvah. Nanje bo treba še čakati, ako se bo sedanja vladna koalicija v Rimu znala držati nad vodo.

Rdeča Kitajska svari

Predsednik vlade rdeče Kitajske Ču-En-laj je izjavil, da Kitajska ne bo ostala brezdelna, če bo kdo napadel Sev. Vietnam.

TOKIO, Jap. — Poročevalska služba rdeče Kitajske je objavila sporočilo predsednika vlade rdeče Kitajske Ču-En-laja "Mednarodni konferenci za solidarnost z vietnamskim ljudstvom proti ameriški imperialistični napadalnosti in za obrambo miru" v Hanoju pretekli tork, v katerem ta zagotavlja, da rdeča Kitajska "ne bo nikdar sedela brez dela ob strani, če bi bil izvršen napad na njenega brat-skega sosedu".

Predsednik vlade Severnega Vietnama je na isti konferenci govoril po poročilu radia Hanoj, da Washington znova grozi z razširitvijo vojne na Severni Vietnam, da bi tako dobil nadomestilo za svoj sedanji poraz v Južnem Vietnamu. Poslušalce je zagotovil, da bo vsak tak ameriški poskus naletel na strnjen odpor "vietnamskega ljudstva" pa tudi vseh socialističnih držav in "milijonov miroljubnih ljudi". Med zastopniki je bil tudi eden iz Sovjetske zveze, ki je po poročilu Tassa prinesel iz Moskve v Hanoj poslanico "s polno podporo sovjetskega ljudstva boju ljudstva Južnega Vietnama proti ameriški imperialistični napadalnosti".

Komunistična svariila iz Peipinga, Hanoja in Moskve bodo vsekakor vzeli v ZDA v pretes, predno bo predsednik L. B. Johnson po posvetu s poslanikom M. Taylorjem, vojaškimi in političnimi vodniki dežele ter

WASHINGTON, D.C. — Državni tajnik Rusk in zahodnonemški zunanji minister Schroeder sta po daljših razgovorih izdala včeraj tu skupno poročilo, v katerem izjavljata, da bo Večnarodna atomska mornarica NATO v bližini bodočnosti uresničena. Kaj jima daje to upanje, ništa povedala. Belgija se je včeraj izjavila proti taki mornarici, Francija se odločno bori proti njej, pa tudi Anglija svari, da utegne ta NATO več škoditi kot koristiti.

VATIKAN. — Sv. oče Pavel VI. je dobil včeraj injekcijo proti koleri, ko se pripravlja na svojo pot v Bombay in Indijo na mednarodni evharistični kongres. Nevarni oglasi na cerkveni oglašni deski

PLYMOUTH, Ang. — V nekaterih angleških krajih je navada, da člani cerkvenih občin uporabljajo cerkvene oglašne deske za letake, ki dajejo obidržavnim tajnikom odločil te dni, kaj naj Združene države v Južnem Vietnamu store.

BELGIJCI BODO ODŠLI IZ KONGA ŽE TO NEDELJO

Belgija je obvestila glavnega tajnika Združenih narodov U Tanta, da bodo njene čete, ki so prišle reševati bele talce, v nedeljo deželo zapustile. — Včeraj so belgijski padalci osvobodili v Paulusu preko 200 belcev, pred tem so jih po komunistih vodeni uporniki preko 20 pobili. — Odmev po svetu in posledice.

ZDRUŽENI NARODI, N.Y. — Belgijska vlada je včeraj sporočila glavnemu tajniku Združenih narodov, da so njene čete v Kongu v glavnem končale svojo nalogo ter se bodo tekom današnjega in jutrišnjega dne zbrale na vojaškem oporišču Kamina v Katangi, nato pa v nedeljo odletele iz Konga. Tja so priletele v ameriških letalih pretekli tork, da rešijo belce, ki so jih po komunistih vodeni in podpirani uporniki proglasili za talce in jim grozili s pomorom, če ne bodo Združene države in Belgija ustavile podpiranje vlade predsednika Čombeja in njenih vojaških operacij proti Stanleyvillu. Belgijski padalci so v tork jutraj odskočili na Stanleyville in rešili tam preko tisoč belcev, včeraj pa so odskočili nad mestom Paulis 225 milj severno od Stanleyville ter tam rešili iz rok upornikov preko 200 belcev.

Stiri ameriška vojaška letala so včeraj jutraj pripeljala nad Paulis okoli 250 belgijskih padalcev, ko sta vladi Združenih držav in Belgije ugotovili, da je tamkaj preko 200 belcev v skrajni smrtni nevarnosti. Padalci so naglo zasedli mesto in rešili preko 200 belcev, medtem ko so jih uporniški divjaki preko 20 pomorili s počasnim pobijanjem. Med umorjenimi je tudi ameriški misijonar Tucker iz Arkansasa. Njegova žena in trije otroci so ostali živi in so jih včeraj prepeljali v Leopoldville.

Strahotna nasilja uporniških vojakov

Uporniški vojski so, kot smo že poročali, streljali v belce, ki so jih nagnali v Stanleyville pred prihodom Belgijcev na cesto, ter skovalcem cerkvenih slovesnosti vse mogoče dobre nasvete in nauke. Tako se je v Plymouthu pojavil na oglašni deski sledeči letak: "Alkoholne pijače so vaš največji sovražnik."

Kmalu nato je bil pribit na desko drug letak z besedilom: "Preobrazite vašega največjega sovražnika v vašega najboljšega prijatelja!" Bralcev in pripomb pred oglasno desko seveda tisto nedeljo ni manjkalo. jih preko 30 pobili, preko 40 pa

ranili, med njimi več težko. Včeraj so uporniki pobili preko 20 belcev v Paulusu, večje število pa včeraj in v prejšnjih dneh še v raznih drugih krajih Konga pod oblastjo upornikov.

S. Anne-Marie Merckens, 45 let stara redovnica iz Holandije, je po svojem prihodu v Bruxelles včeraj razkrila, na kak način so uporniki mučili njo, njene sestre in druge belce. Med drugim so jih gonili nage po cestah, jih zasramovali in pretepali, ko je divja mladina okoli njih plešala in pela.

Komunisti in njihovi sopotniki protestirajo

Sovjetska zveza je včeraj protestirala proti nastopu belgijskih padalcev v Paulusu, medtem ko so Kitajska, Alžirija, Kuba in še nekatere druge "socialistične" države napovedale, da bodo kongoškimi upornikom nudile vso možno pomoč. V Najrobiju v Keniji so se zbrali predstavniki 9 držav, ki sestavljajo posebni kongoški odbor organizacije afriške enotnosti, da se posvetujejo o položaju v Kongu.

V Sofiji, v Budimpešti, Pragi, v Kairu in Najrobiju je prišlo v sredo in včeraj do demonstracij in protestov pred poslasti Združenih držav, Belgije in Velike Britanije zaradi nastopa v Kongu. Demonstranti so napravili več škode na poslopju ameriškega poslastištva v Sofiji, v Kairu pa so skoraj uničili urad ameriške informativne službe z njegovo knjižnico vred. Vdrli so celo v poslopje poslastištva.

Nevarnost gverilske vojne

Z udarom na Stanleyville je "Ljudska republika Kongo" bila v glavnem zlomljena, s tem pa levičarski upor še ni zadušen. V Leopoldvillu, pa tudi v Washingtonu računajo, da bo v zelo veliko časa, predno bo mogoče v vsem Kongu vzpostaviti zopet red in mir. Boje se, da bodo uporniki s podporo rdeče Kitajske, ki upor ves čas podpira, Alžirije, Kube in drugih komunističnih držav prešli v gverilsko vojno. V takem slučaju se utegnejo Združene države zaplesti globlje v Kongo, ker ta sam ne bo sposoben voditi uspešno boja proti upornikom, ki bodo dobivali pomoč od komunističnih držav in nemara še nekaterih afriških sosedov Konga.

Uporniki so očitno pokazali, da še niso uničeni, ko so včeraj zasedli letališče pri Puniji, ki je služilo vladnim četam in belim najemnikom za oporišče na pohodu proti Stanleyvillu.

Nakup božičnih daril

Čas za nakupovanje božičnih daril je tu. Mnogi slovenski trgovci in podjetniki, ki oglašajo v Ameriški Domovini so vpeljali takozvani "Gift certificate" — darilno izkaznico. V trgovini vplačate željeni znesek, dobite potrdilo in to darilo darujete za božič. Obdarovana oseba gre nato z darilno izkaznico v zadevno trgovino in sama izbere, kar želi. Posebno pripraven je Gift certificate, če želite darovati kako oblačilo ali obutev. Ta postopek je vpeljala tudi slovenska trgovina s čevlji Stan's Shoe Store, 6107 St. Clair Ave.

Za Adžubeja so tovariši vendarle našli delo

MOSKVA, ZSSR. — Zet tovariša Hruščeva Adžubej se ni protivil, ko so ga kar čez noč postavili pred vrata v uredništvu glavnega uradnega glasila Izvestija, zato se je pa uprl, da bi šel na neko službo zunaj Moskve.

S svojim nastopom je spravil kolektivno vodstvo v zadrego, ker se je balo javnega škandala. Zato se je pobotalo z Adžubejem. Mož je ostal v Moskvi in je nastavljen pri ilustriranem mesečniku Soviet Union, ki izhaja v 17 jezikih in je posvečen komunistični propagandi v tujini. Kaj bo pa tam delal, o tem molče on in njegovi novi gospodarji.

"Zakaj je padel Hruščev?" - Stališče rdeče Kitajske

CLEVELAND, O. — Ta nedolžen naslov ima uvodnik glavnega kitajskega tednika "Rdeča zastava". Kar je napisano v tem tedniku, velja za uradno stališče kitajskih komunistov. Gornjemu članku so pa kitajski komunisti dali še poseben pomen in ga tudi podčrtali s tem, da so ga razglasili ne samo po radiju, ampak ga ponatisnili tudi v vseh važnejših pokrajinskih časopisih. Zato pripisujejo vsi komentatorji temu članku tudi poseben namen. V njem vidijo bojno napoved kitajskega komunizma ruskemu. Napoved je izjemoma zelo jasno napisana in lepo razčlenjena. Glavne obtožbe v njej so sledeče:

Hruščev je napadel Stalina in njegov režim, s tem pa je napadel tudi vse nauke leninizma-stalinizma.

Hruščev je kršil vse sporazume med komunisti in se odločil za sodelovanje na celi črti z ameriški imperijalisti, da bi tako skupaj z njimi odločil o usodi človeštva in o miru.

Hruščev je poslal rakete na Kubo, potem pa jih skupaj z bombnimi odpoklical na povelje ameriških "piratov".

Hruščev je skupaj z ameriški imperijalisti oviral Kitajsko, ko se je trudila, da ustvari lastno atomsko obrambo.

Hruščev se je sporazumel z Ameriko in Anglijo o prepovedi preskušanja atomskega streliva in s tem oškodoval rusko narodno obrambo.

Hruščev je zagovarjal načelo "mirnega prehoda v komunizem" (torej brez socialne revolucije), kar je seveda umrtвило čilno revolucionarno voljo mednarodnega proletarijata.

S svojo vero v "mirno sožitje" je Hruščev zavrl vsa osvobodilna gibanja v Aziji, Afriki in Latinski Ameriki.

Hruščev se je dalje zopet sprijateljil z "revizionistično Titovo kliko".

Hruščev je dalje vodil načrtno najograbnejšo propagando proti tovarišu Mao-Tsetungu in povsod sejal sovraštvo do kitajske komunistične stranke.

Hruščev je končno prisilil vse satelitske komunistične režime, da so se dali ukleniti v Varšavski vojni pakt in v Komekon in po tej poti prišli v politično in gospodarsko suženjstvo ruskega revizionizma.

Kdor zna brati komunistične obtožbe med vrsticami, bo hitro ugotovil, da vsi ti očitki ne letijo toliko na Hruščeva kot na njegove naslednike. Hruščev je političen mrlič in res ne zasluži, da bi kitajsko časopisje posvečalo njegovim napakam toliko pozornosti. Vse puščice letijo na novo komunistično kolektivno vodstvo v Kremlju in tvorijo obenem temelj in tvarino za politično bojevanje med Moskvjo in Peipingom v prihodnjih mesecih in letih do nove spremembe režima v Moskvi ali Peipingu. Zato smo jih tudi tako obširno navedli. Vsa debata med ruskimi in kitajskimi komunisti se bo namreč vrtela okoli njih. Kaj novega in bistvenega jim skoraj ne bodo mogli dodati na kitajski strani ne na ruski ruske obrambe.

Ruska obramba pa ne bo lahka. Kolektivno vodstvo je namreč v svojih prvih načelnih izjavah, ki jih je dalo ob praznovanju oktobrske revolucije, potrdilo, da zanj velja še zmeraj mnogo načel o komunizmu in komunistični politiki, ki jih kitajski tovariši sedaj tako silovito napadajo. Moralo bo torej braniti marsikaj, kar je branil tudi Hruščev. S tem bo političen mrlič in res ne zasluži, da bi kitajsko časopisje posvečalo njegovim napakam toliko pozornosti. Vse puščice letijo na novo komunistično kolektivno vodstvo v Kremlju in tvorijo obenem temelj in tvarino za politično bojevanje med Moskvjo in Peipingom v prihodnjih mesecih in letih do nove spremembe režima v Moskvi ali Peipingu. Kaj novega in bistvenega jim skoraj ne bodo mogli dodati na kitajski strani ne na ruski ruske obrambe.

Kdor bi hotel biti hudoben, bi gornjemu naslovu dodal še podnaslov: Proletarci vseh dežel, združite se! Bog ve, ali bo to geslo sploh še kdaj zopet priplavalo na površje komunističnega gibanja.

SENKLERSKE NOVICE IN GOVORICE

Cleveland, O. — V zadnjem času je bilo ob naši široki cesti in po njenih stranskih potih in ulicah nekaj prijetno tiho, nasilja, napadi in ropi iz mesecev pretekle zime in pomladi so prešli v pozabo. Upali smo, da bo ostalo vse to na jugu naše naselbine, da nas bosta sv. Frančišek in sv. Jurij vsega tega obvarovala s pomočjo budne mestne policije. Ta ima žal to nesrečo, da jo ni na mestu, kadar bi bila potrebna, da pa jo je mogoče videti ob časih in na krajih, kjer bi jo prav lahko pogrešili. Mestni očetje bi storili zelo prav, če bi se za varnost v mestu, podnevi in ponoči, malo bolj zanimali.

Mar ni hudo, da pridejo roparji ob pol enajstih dopoldne v trgovino, kot se je zgodilo preteklo soboto pri Brofmanu, tam zvežejo lastnika in mu poberejo denar, nato še vsem kupcem, ki pridejo v trgovino! Mirno nakladajo blago v škatle in pobegnejo, ne da bi se pojavila policija od koder koli. Roparjem se ni niti preveč mudilo, saj so bili v trgovini preko pol ure.

Teden preje so imeli ob pol šestih zvečer podoben obisk v Anžlovarjevi trgovini.

Kdo bi se čudil, če se trgovci bojijo? Lani so se roparji oglašili dvakrat v trgovini Jožeta Melaherja in odnesli precej blaga. Policaja, ki sta prišla po ropu pogledat, sta dejala: "Veste, so prazniki blizu, pa se hočejo ljudje oskrbeti!" Čeprav je bilo za roparji nekaj sledi, se policija za nje ni menila in roparjev seveda tudi ni izsledila.

Imam nekaj rojakov s Štajerskega. Ti so me v soboto, 14. novembra, spravili na praznovanje sv. Martina v Slovenski dom na Holmes Avenue. Lepo število se nas je zbralo, Štajerjev in Kranjcev, pa tudi Primorcev in Prekmurcev. Tudi nekaj Medžimurcev in celo enega Dalmatinca sem videl. Štajerski klub mora imeti res velike prijatelje, ko je bila na njegovi zabavi taka gneča. So pa to veseli ljudje. Jedli, pili in peli so ter se vrteli, da jih je bilo res prijetno gledati. Kar potegnili so me za seboj, da sem celo jaz zvrnil nekaj kozarcev dobre slovenske kapljice, čeprav me dohtar svari, da to ni dobro za moja jetra... Le kdo bi ob taki priložnosti mislil na jetra?

Rojaki Kužnik, Modic, Rigler in Kolarič so zapeli par okroglih, med njimi tudi tisto od "ranega Martina Kebra". Bilo je res prav lušno! Je pa tudi vse teklo kot po žnori, trdijo, da tudi — Martinova gos, ki je kar pečena padla v roke Toplakovega Frančka. Tudi pri tem ni manjkalo smeha!

Naš senklerski zastopnik v mestnem svetu Edmund Turk si je pridobil tam kar lep glas in ime. S spretno roko in s potrpežljivostjo vodi svoj zakonodajni odbor v splošno zadovoljstvo njegovih članov in tudi velike večine vsega mestnega sveta. Oni dan si ga je hotel privoščiti A. Pecyk, ki v mestnem svetu zastopa Newburg, kot ga je nekdanj naš rojak Joseph Kovac. Pecyk je našega mestnega odbornika dolžil, da ni držal besede. Edmund Turk ga je odločno zavrnil in namignil, da taka trditev ni posebno olikana med izbrano družbo v mestnem svetu. Pecyk je seveda zagotavljal, da je on olikan človek, ki ve, kaj se spodobi. Edmund je v smislu stare ljudske modrosti, da "ta pameten odneha", to razpravo zaključil. Vzbudila je kljub vsemu precej pozornosti in govorjenja.

Duhovi, ki so jih volitve razburile, so se pomirili. O dveh skupinah brezarjev, ki sta "strogo pazili", kako se ljudje obnašajo, — če so dovolj protikomunistično "udarni" ali ne — ni

več slišati. Nemara sta se umaknili v podzemlje in od tam svoje delo nadaljujeta v popolni tišini. Poraz je bil prehud, udarec tolik, da je nekaterim zagncem, naveduševalcem za Goldwaterja kar sapo vzelo.

Nek star znanec me je oni dan vprašal: Le kaj so v "Clevelandski Ameriki" toliko pisali o Goldwaterju? Prejšnja leta so bili vedno za demokrate, vse, kar pomnim!

I, kaj so bili za Goldwaterja? Mar nisi videl, da so zanj pisali le v oglasih! Poročali so pa o volivnem boju, kot je ta potekal, da so bralci lahko dobili kolikor toliko jasno sliko o tem, kaj eden in kaj drugi kandidat hočeta, sem skušal zagovarjati "Ameriško Domovino", kot se zdaj že dolgo imenuje nekdanja "Clevelandska Amerika".

Pa vendar je bilo toliko pisane o Goldwaterju, je vztrajal rojak.

Seveda, sem mu skušal razložiti, republikanci so imeli dosti denarja, pa so lahko plačali oglase. List jih je objavljal v prepričanju, da smo toliko pametni, da se od njih ne bomo dali zapeljati. Sicer pa je izrecno priporočil, da volimo demokrate z L. B. Johnsonom na čelu. Denar pa tudi mora od nekod dobiti! Takale reč je draga in vsak se jezi, kadar naročnino zvišajo. Zastojni nam slovenskega lista ne bo nihče pisal, urejal, tiskal in izdaljal! Če ga hočemo imeti, ga moramo podpirati, podpirati z dobro besedo, pa tudi z dejanji. To se pravi, da ga naročimo, plačamo, da v njem oglašamo in da naročimo tiskovine v njegovi tiskarni.

Tako sem skoraj trdo povedal rojaku, ki ima dosti pod palcem, pa nima natočenega nobenega slovenskega lista, ker mu je škoda odriniti tistih par dolarjev. Kadar pride v narodni hram, pa seže prvo po slovenskem listu!

— Če ne bi bil tak umazanec, bi ga lahko bral v miru doma, med prijatelji pa kako moško povedal.

Hvala Bogu, da je še vedno večji del takih, ki za slovensko stvar čutijo tudi pri žepu, ne samo na jeziku! Tem se imamo zahvaliti, da slovenstvo med nami še živi, da tiskana slovenska beseda še ni izgnila v naši deželi.

Ko take stvari premišlujem, me vedno pograbijo nejevolja, zato je boljše, da neham. Pa še drugič kaj, če bo vetra kaj...

Snežni kristali

Cleveland, O. — Po Pristavi je zapadel prvi sneg. Odpadlo listje, drevesa in ovene le ročice, vse to je pokrila snežna odeja. Vseposod, kjerkoli se oko ozre, se vidi neizmerna lepota, še posebno takrat, ko izza oblakov posije sonce, da kar zablešči po Pristavi.

Ta prvi sneg je dal tej zamrli zemlji prekrasen kinč. Ze to nedeljo je bilo nekaj smučarjev na Pristavi. Preizkušali so svoje sposobnosti tam po cesti od spominke kapelice navzdol. Veseli so bili, saj je bil prvi sneg. Bilo je tudi nekaj otrok, ki so se kepali — kak vrisk je bil. Pri tem pa se je najbolj veselila Metka, ki je neprestano kepala svojega brata.

Novo veselje je prišlo na Pristavo. Mladi ljudje se zbuja jo in preizkušajo svoje vrline v zimskem času. Prav posebno se bo pokazalo takrat, ko bo otvoritev smučarske skakalnice. Tudi to sem ogledal, stopal sem po stopnicah navzgor, ogledoval in videl, da je delo izredno dobro izvršeno. Pri tem je res treba pohvaliti te mlade vztrajne fante. Na vrhu pa se mi je odprl prekrasen pogled po vsej Pristavi. Občudoval sem košček slovenske zemlje, na katero smo Slo-

venci že od nekdaj iz roda v rod tako navezani.

Pridi, prijatelj, tudi v tem času je na Pristavi mnogo naravnih lepote, zgrabi snežne kristale, napravi kepo in zalučaj — spomni se boš svojih detinskih let. Odbor pa bo v doglednem času tudi za te sončne nedelje in obiskovalce pripravil hišico, da se bo lahko vsakdo ogrel in okrepčal od vsekega kepanja. Prijatelj, pa ne pozabi na sobotni večer, 5. decembra!

Zahvala Štajerskega kluba

Cleveland, O. — Minulo soboto, 14. novembra, smo odbor in člani Štajerskega kluba želi lepo priznanje za svoj trud, ki smo ga vložili v priprave za martinovanje v Slov. domu na Holmes Ave. To je v Clevelandu zelo priljubljeno in skoraj že tradicionalno.

Ob tako lepem obisku je članom in prijateljem Štajerskega kluba ostal v spominu spet en lep večer v dobri volji ob tej čudoviti vinski kapljici, ki je vse, odkar jo ločijo od vinske trte le mošt in jo sv. Martin še le na dan njegovega godu o polnoči skrivnostno spremenil v vino. Mnogo se govori o martinovanju in Štajerskem klubu in malo tega bi se dalo omeniti tukaj.

V naši Sloveniji je toliko lepih običajev, ali malo ali skoraj nobenih nismo prinesli s seboj v novo domovino. Štajerski klub je bil zamisel naših rojakov, za katere ti običaji nekaj pomenijo, in njih zamisel je bila naše rojake s tem običaji povezati in razvedriti. Namen Štajerskega kluba je ohraniti te običaje, v kolikor je to tukaj mogoče, in jih tako, kakor smo jih mi prejeli od naših predncev, predati našim zanamcem. Če bo Štajerskemu klubu uspelo to — bo dovolj plačan za trud, in vsem, ki so k ustanovitvi Štajerskega kluba kaj doprinesli, ne bo treba biti žal časa, truda, zamisli in lepih idej. Mi vsi vemo, da bo ostal klub v lepi povezavi, dokler bo stal na teh načelih in to delo bodo blagoslavljali naši predniki in se ga veselili naši potomci. Začetek te naloge je v martinovanjih in izletih. Lepo prikazana mlatav in čas za tem žetev ob priliki izleta na Slovensko pristavo gotovo ne bo nikdar pozabljeno. Tudi prihodnje leto bomo skušali ob isti priliki prikazati motiv iz domačega podeželskega življenja ali običajev. Vse to je seveda še pred nami.

Za nami je martinovanje na Holmes Ave. Tem potom se upravičeno od zahvaljuje za složno sodelovanje nadzornega in razsodnega odbora, predvsem g. Jožeta Melaherju, ki je vodil ceremonije, ter g. Miodragu Saverniku, g. Karlu Fajsu, ki sta zraven drugih odgovornosti pomagala tudi ceremonije izvesti. Za dober izid v kuhinji gre za hvala g. Lojzki Feguži in dobrim pomagačem, med drugimi tudi g. Francu Rantašu in g. Ivanu Novaku in njegovi ženi ge. Marici.

Za vse ostale usluge, katerih ni bilo malo, se pa celotni odbor pristočno zahvaljuje svojim boljšim polovicam in tudi ge. K-

Za mrzla topla oblačila

Ali ste že kdaj opazili, kako neprijetno učinkuje na nas človek, ki je videti že na prvi pogled ves premražen? Prav isti občutek imajo ljudje o nas, če v toplem prostoru trepečemo od mraza, ker smo premalo oblečeni in nas je zunaj pošteno prezeblo.

K sreči je sedanja zimska moda, moda toplote, moda volnenih oblačil. V modo so prišle debelejšje, vzorčasto tkane nylon-ske in volnene nogavice, ki so toplejše od prejšnjih. V modi so topli volneni jumperji, pod katerimi lahko nosimo namesto tanke bluže prijetno tople volnene pulover. Pa tudi brezrokavne večerne obleke so sprejele tople, razkošno tkano — volno.

Kljub sloviti vitki liniji nosimo pozimi raje kak kos perila več, da ne bomo videti, kakor ledene sveče, ki ustvarjajo okrog sebe hlad že s svojim videzom!

Tudi otroci naj bodo zadostno in primerno oblečeni za mrz, posebno ušesa, roke in noge. Če je otrok posebno občutljiv za prehlad, naj nosi pri drsanju, smučanju ali sankanju posebno obrabno masko za mrz. Navadno otroke, da bodo prišli natri, kadar jih bo neprijetno zeblo, da bodo preoblekli vlažna oblačila in preobuli mokre čevlje in nogavice.

Upokojenčeva žena

Zakonski mož naj napravi podoben načrt za svojo upokojevo vsaj pet do šest let vnaprej, svetu je znani zdravnik dr. Briggs iz St. Paula, Minnesota. Zakonca naj skupno odločita, kje bosta živel, ko bosta v pokoj, koliko denarja jima bo na razpolago in kako si bosta urejala življenje, da bo obema prijetno.

Če upokojeni mož vidi neprestano okoli doma, pride tako lahko do težav in motenj. Upokojeva žena mora, da ima njegova žena tudi sedaj, ko je on v pokoj, pravico do svojega lastnega življenja, da si ne more privoščati vsega njenega časa, ali se zanašati samo na njo. Ob sta lahko od časa do časa potrta, toda če se ona počuti zapostavljeno in razočarano, se bo vedno bolj pritoževala nad svojim zdravjem.

Kot sta složno in vdano prenašala vse težave skupnega življenja, tako složno in vdano uživajta tudi zasluženi si pokoj.

Visoke pete nezaželjene

V svetovnoznanim, slovitem pariškem muzeju Louvru in po nekaterih drugih evropskih muzejih je zabranjen vstop damam, ki nosijo čevlje z visokimi, šibdrinov, ge. Turjanski in gšč. Fujs. Vsem gospem, ki ste počastile Martinov večer z darovanimi poticami, za ta sladki dar najlepša hvala.

Vsem obiskovalcem martinovanja v Collinwoodu pa prav pristočna hvala za tako lep obisk. Upamo, da se bomo še skupaj zabavali.

Vsi skupaj se zahvalujemo kvartetu in g. ing. Gorenšku Francetu za lepe pesmi in "Veselim mornarjem" za živahno godbo.

Ameriški Domovini prav lepa hvala za objavljene članke. G. Menartu pa hvala za vabila po slovenski radio uri.

lastimi petami. Te pete bi napravile vtise na dragocenem parketnem podu in bi ga sčasoma uničile. Obiskovalke s takimi petami se morajo sezuti ali obuti kaj drugega.

To pravilo bi prav lahko veljalo tudi za drugod, za koncertne dvorane, razstavišča in tudi za privatne domove. Koliko odvisov puste take visoke, kovinske pete na mehkem, občutljivem linoleju in lesu. Bodimo zato pozorne, kadar gremo na obisk in ne poškočujemo s šilastimi petami tal v domu naše dobre prijateljice ali znanke.

Največji diamant

LONDON, Ang. — Največji diamant so našli doslej v Južni Afriki. Imenuje se Cullinan in tehta 3,108 karatov.

Dr. L. Ukmar:

Nekaj zanimivosti

Se li da uresničiti pobožna želja, da bi človek postal vsaj za nekaj ur nadčlovek (superman)? Danes ravno še ne, ker se vršijo taki poskusi šele na miših in mačkah. Ne bo pa več dolgo, da bo človek zaužil eno samo pilulo (kroglico) in bo s tem postal skoro trikrat močnejši (180%), ne za vedno, pač pa za nekaj ur. Boksarjem teh pilul seveda ne bodo smeli dati, ker se jih že brez pilul vsako leto nekaj pobije ali pa po habi za vse življenje. Prav pa bi prišle na primer mornarju, katerega zaloti vihar na odprtem morju in se mora z vso močjo boriti proti valovom, da mu ne razbijajo ladje. Pa tudi vojaštvu bi take pilule prišle prav, če ga sovražnik zasuje s strupenim plinom, ki omrtviči mišičevje. Te pilule bi bile nekaj protistrup.

Kako pa delujejo te pilule?

Pri opisu bolezni myasthenia gravis sem povedal, da se vsaki živci, namenjen mišici, konča v mali ploščici, ki je prilepljena na mišično vlakno. Prevodnik med ploščico in mišičnim vlaknom je acetylcholin, katerega pri omenjeni bolezni primanjkuje in ga dajemo bolniku kot zdravilo. Našli so novo snov, ki to prevodnost zviša za 180%, in mišica je za 180% močnejša. Snov je aryl ester atropina. Če vzdigneš z eno roko 70 funtov, boš po zaužitju ene take pilule zmogel dvigniti 196 funtov. Če boš pa vzel dve piluli namesto ene, boš pa še šibkejši kot si sedaj, boš vzdignil morda le 30 funtov.

Imajo še eno takih pod kapo. Telo izločuje dve snovi, ki sta v ravnotežju, da vzdržujeta telesno toplino vedno na isti ravni. To sta epinephrine in serotonin. Termostat je hypothalamus, del možgan pod velikima polutama. Epinephrine niža temperaturo, serotonin jo viša. Produkcija epinephrina se zniža pri živilih, ki zimo prespijo. Sedaj študirajo, če bi mogli mi umetno narediti nekaj sličnega, da se nam toplina zniža in bi mrzlo prespali (na primer, če bi se letalec ponesrečil ob zemeljskem polu, bi si morda dal injekcijo in bi spal, dokler ga ne bi rešili, ali pa lenuh, ki bi zimo morda rad prespal). Študirajo tudi Indijance na skrajnem jugu (Alacaluf), ki hodijo na pol goli in bosi po ledu in snegu, pa jih nič ne zebe. Se ni morda s treniranjem iz roda v rod pri njih zvišala produkcija serotomina? Kako prav bi prišlo nekaj sličnega vojaštvu, ki leze dneve in dneve po zasneženih planjavah. Ne bi občutili mraza, tudi če bi hodili bosi.

Slovenski škofje nam govore

Dragi rojaki!

Na misijonsko nedeljo se spominjamo vseh tistih številnih narodov in plemen po širnem svetu, ki jim še ni zasvetila luč prave vere in ki še niso sprejeli osrečujoče Kristusove blagovesti. Mi se pa spominjamo tudi vseh tistih, ki so nam po veri in krvi blizu, a so zapustili svojo domovino ter iščejo dela med drugimi narodi ali pa si pri njih spolnjujejo svoje znanje.

Zalostne skušnje prejšnjih desetletij so vzrok, dragi rojaki, da nas včasih resnično skrbi, ali boste toliko stanoviti, da na tujem ohranite največji dar božji: katoliško vero, v kateri ste bili poučeni in vzgojeni, pa tudi ohranite drugo neizmerno dobro: zvestobo svoji materini besedi, z njo pa zvestobo vsemu bogastvu, ki ste ga z materino govorico sprejeli.

Sveta vera, ki ste jo sprejeli, je vesoljna, je za vse kraje in vse čase, za vse narode in vse dežele ter vse celine. Sveti Pavel pravi: "En Bog, ena vera, en krst." Velika milost božja je bila za vas, da vas je že mati, ko ste ji majhni sedeli na kolenih, učila spoznavati enega Boga v treh osebah, ki nas je ustvaril in odrešil ter nas posvečuje, učila o Jezusu, ki nas je s svojo smrtjo na križu odrešil, učila tudi o Materi Mariji, ki jo moramo pristočno častiti in se ji priporočati in tudi o angelu varuhu, ki vas tudi med tujimi ljudmi zvesto varuje. Mati vas je prva učila, v molitvi se z Bogom pogovarjati.

O vsem tem ste bili pozneje pri verouku in pri pridigah podrobneje poučeni. Brž ko ste prišli k pameti, ste svojega Očeta v nebesih tudi vzljubili, se z njim radi v redni jutranji in večerni molitvi pogovarjali. Radi ste se ravnali po njegovih zapovedih, ker ste ga ljubili in verovali, da nas tudi on neizmerno ljubi. Prepričani ste bili in to ste še danes, da živa vera v Boga in življenje po njegovi volji, posvečevanje Gospodovih dni s sveto mašo in prejetjem zakramentov, človeka naredi v srcu zares srečnega in zadovoljnega, čeprav mu življenje s križi in preskušnjami ne prizanaša.

Tej veri in temu življenju po njej se tudi na tujem ne smete izveniti. Nikakor se ne sme zgoditi, da bi postali kakor ovce, ki so se med tujimi ljudmi zgubile in razkropile.

Zato novodošli starejši radi pomagajte, da najdejo tudi na tujem takoj cerkev, kamor bodo hodili k nedeljski maši, in duhovnika, ki jim bo znal v domačem jeziku oznanjati Kristusov nauk in njegove zapovedi in pri katerem bodo mogli v domačem jeziku prejemati svete zakramente. Potrebno je, da se med seboj obiskujete v krščanski ljubezni ter v stiski radi drug drugemu pomagate. Tako boste vsi lažje stanoviti v veri, ki ste jo sprejeli. Tako bodite tudi na tujem ena družina, ki jo veže ista prava vera, ki jo po milosti božji slišite oznanjati v domačem jeziku.

Prav tako vas pristočno prosimo, da ne pozabite svoje materine govorice. V tem jeziku ste se učili spoznavati Boga in svet, spoznavati na svetu najprej bogastvo in lepote naše domovine in šele potem to, kar ima veliki svet. Kakor ne morete pozabiti svojega domačega kraja in domačih ljudi, tako ohranite tudi zvesto ljubezen do svojega rodne jezika in s tem ljubezen do domače kulture. Domači jezik in domača kultura pomenita za vas dragoceno dediščino, ki ste jo podedovali od svojih očetov in ki jo morate ohraniti ter izročiti svojim otrokom. Zakaj kdor se narodno zgubi, je v veliki nevarnosti, da se zgubi tudi versko. Kdor pozabi svojo zemeljsko domovino, je v nevarnosti, da zamari tudi svojo večno domovino, kamor nas kliče Bog.

Dragi rojaki! Čeprav ste daleč, smo si v duhu kot bratje v isti veri, vendar vedno blizu. V svojih molitvah ne pozabite tudi svoje domovine in prosite Očeta v nebesih, da bi vsi, ki smo doma, ostali v veri stanoviti. Prav tako bomo pa tudi mi vas vse vklepali v svoje molitve, da bi tudi vi na tujem ohranili sveto vero in ne nehali po njej živeti. Če bomo zvesti, se bomo srečni videli v skupni nebeški domovini, kamor je šel naš Gospod Kristus pred nami, da nam pripravi bivališča.

Pozdrav in blagoslov vam pošiljajo

Minutes of the 17th Regular Convention of The Holy Family Society, D.S.D. of U.S.A.

Third Session
Tuesday 18th of August, 1964

Društvo sv. Družine št. 11

Pittsburgh, Pa. — Vsemu članstvu društva sporočam tem potom, da bo glavna letna seja in volitev novega odbora v nedeljo, 6. decembra, v dvorani na 57. cesti ob devetih dopoldne. Seja je premeščena z druge na prvo nedeljo, da bomo imeli več časa pri volitvi odbora, kar je za naše društvo največjega pomena.

Sedanji odbor želi iti v pokoj. Tega ne misli storiti zato, ker bi bilo delo prenaporno, ampak leta ga silijo, da prepusti vodstvo mlajšim članom. Ko citamo naše glasilo AD, vidimo, da več družtev naše organizacije posluje z mlajšimi močmi. To bi bilo brez dvoma koristno tudi za nas.

Vse člane in članice, prav posebnost maljš, vabim, naj se prav gotovo glavne letne seje udeležijo in sprejmejo ponudene jim urade. Naj vodijo naše društvo k novi moči in cvetju po potih, po katerih smo ga vodili od ustanovitve pred 48 leti.

Na svidenje na glavni letni seji v nedeljo, 6. decembra!

This is RESOLUTION 1:

Be it resolved that in accordance with the correspondence received from the Director of Insurance, State of Illinois, pertaining to the Home Office building, 20% of the admitted assets of the Holy Family Society may be used for the purchase of property at I North Fairlane and the construction of the Home Office building. The Board authorizes the Secretary to pay for this property and building directly from our assets rather than obtain a mortgage. Kitajska bo preobrazila milico v pravo armado

HONG KONG. — Političnim opazovalcem je padlo v oči, da je prišel sam tovariš Mao-Tse-tung na konferenco političnih komisarjev kitajske milice in jim dal navodila, kako morajo začeti s pripravami, da preobrazijo kakih 20 milijonov članov ljudske milice v pravo redno armado. Dosedaj je bila ljudska milica nekako sredi med poklicno policijo in redno armado. Režim jo je vklepal v razne nepredvidene akcije, obenem pa pošiljal v pokrajine, kjer se je bal nemirov.

Kaj naj počne z armado, ki naj bi štela kar 20 milijonov mož, dočim je sedaj samo kakih 2.5 milijona stalno pod orožjem. Vsako leto zapusti vojaška služba, ki traja praviloma 3 leta, 500,000 - 750,000 mož, ki jih režim takoj nato vključi v ljudsko milico. Milica je torej že sedaj na pol vojaška formacija, čeprav jo režim navadno uporablja za posle, ki nimajo zveze z narodno obrambo. Čemu ji dati značaj redne vojske, se sprašujejo v Hong Kongu. Za vojskovanje proti Ameriki tako veliko število vojakov ne pride v poštev. Ali misli Peiping tudi na akcije proti Rusiji in Indiji?

DESETI BRAT

ROMAN

Veš, da imam tudi jaz kmeta rad, ker sem bil sam iz prvotne kmet, ker sem kot deček že za brazdo plužne držal. Med preprostimi kmetiškimi možaki čuješ včasih izvirno in tako modro misel, da se je ne bi smel sramovati noben modrijan; čuješ primere in govorne podobe, ki reče tako do dna in tako živo postavljajo pred oči, kakor zna malokateri poet izraziti izleže svoje domišljije in glave. Kmet je po tej moji misli šola tudi mislečemu človeku. In zavoljo tega svojega načela rad zahajam med ljudstvo. Imam tudi že lepo krdo znanih originalnih mož, ki jih opazujem in včasih od njih kako pobere. Rad bi ti popisal nakratko tudi te in take, ali ti si premalo demokrat, meščanska kri ti vre po žilah, meščanstvo pa je prelaz na boljarstvo. Utegnil bi se malo nasmehnil moji preprostosti, kakor bi to ti imenoval.

Razvidno ti je iz vsega tega, da bi bil na mojem mestu vsak pošten in zmeren človek srečen in tako zadovoljen kot mačka na peči, če dovoliš, da ti robato povem. Tudi jaz se včasih trudim, prevariti samega sebe, da mi je dobro, a vselej ne gre. Kakor sem ti od kraja pisma povedal, manjka mi tebe, Nande, manjka mi zavesti, da sem sam svoj gospodar, na pravem mestu in pravem potu do namena, ki bi mi bil po volji. Zakaj mi je Bog naklonil, da moram v najboljši dobi svojega življenja sedati za tujo mizo, to mi ne gre v glavo. In vendar se moram takoj pri tej priliki izpovedati, da ne bi rad popustil tega mesta, ko bi se mi ponujala prilika, celo ne tako brž, ko bi mi kdo odprl pot na univerzo, ki sem je še pred malim časom tolikanj želel. Kaj ne, da se me je poprijel deseti naglavni greh "confusio", ter se me drži kakor lašček. Odpiši mi kmalu. Zelen sem videti, kako me boš obral in oštel. Za zdaj te Bog poživi! Podajam ti roko čez hribe in doline.

Tvoj Lovre.

Pripis: Ravno sem zgibal to kroniko svojih sreč in težav, ko mi pride stara naša hišna

povedat, da je gospod Vencelj (okrajni zdravnik, poštena duša, eden izmed prvih mojih znancev v tem času babilonske sužnosti — Bog me ne kaznuj, da tako neumno govorim —) s svojo hčerjo prišel v grad in da po meni vprašuje. Preden torej zapečatim te vrste, ki bodo tebe videle, menim, da ti moram povedati še to imenitno novost. Omenjeni otec gospod Vencelj kaj radi govore o svoji hčerici, večkrat so mi jo obljubili pripeljati. Radoveden sem, kakšna je, zato grem precej dol. Ko bi bila taka, kakor — — pa zdrav!

OSMO POGLAVJE

Oho! za enkrat si se še zmotil, predragi moj! Sicer izkazuje vso čast tvoji modrosti in razumnosti, ali tako ti jaz vendar nisem rekel med vrstami brati, kakor vidim iz tvojega odgovora, da si presodil mene in moje "pomanjkanje". Da sem jaz zaljubljen! Da samo zavoljo tega tako enostransko opisujem svojega tovariša Marijana, ker vidim, da mi je na poti! Moj Bog! Ne vem, če se norca delaš iz mene in iz mojih okoliščin, ali pa se je tebi samemu kaj takega pripetilo, česar v svoji porednosti mene dolžiš.

"Po vseh besedah je videti, da tako o nji govoriš, kakor cigan o žametovih hlačah, to je zmerom in najrajši." To so tvoje besede in nadalje imaš skozi in skozi neko veselje, nagajati mi in mi podtikati reči, ki mi še na misel niso prišle, dokler nisem imel tvojega pisma v roki. Kar se omenjenega pregovora tiče, te moram opomniti, da nikakor ni na pravem mestu, čeravno je naroden. Kako se ti, hudo ba, predrznem mene ciganu primerjati in vrhutega lepo deklico tisti reči, ki se v poštenu družbi celo ne imenuje. In ti, ki si meščan, ki bi moral vedeti, kaj je prav, kaj ne! Ko bi bil že jaz to rekel, meni bi ne bilo tolikanj zameriti.

Premislil sem tvoje besede. Polagoma se zlagam s teboj, da se mi zbuja čut, ali bolj prav potreba v srcu, ki je poprej nisem imel. Ali s tem, da trdiš, kakor bi bil tvoj prijatelj drugi del svojega srca tebi

vzel in oddal deklici, kažeš samo, da me premalo poznaš, da premalo zaupaš mojemu razumu in značaju. Toliko bi me pa vendar imel poznati moj prijatelj, da bi vedel, da ne bo Lovre Kvas nikdar ravnal samo tako, kakor mu bo velelo srce, ampak da bo poslednje vedno podlagal oblasti zdravega uma in premisla. Nikakor ne morem tajiti, da me srce ne vleče do hčere mojega gospodarja — da, tega se moram izpovedati tebi, predragi moj — če je eno bitje na božjem, daljnem svetu, za katero bi si jaz vnel z vsem mladostnim ognjem, za katero bi norel in gorel, kakor je kdaj kak človek mogel: bila bi to enaka deklica, kakor je ta, ki sem je v zadnjem pismu omenil. Jaz sem si v nekdanih in zadnjih sanjarijah svoj ideal precej visoko zastavil, čeravno nisem preziral pri tem, da se od človeka ne sme zahtevati kaj božjega. Reči moram, da ves ta čas, kar sem tukaj, nisem na nji zapazil ni najmanjšega madeža; vedno je tista krotka, dobra duša, vesela in resna, domiselna in razumna.

Ali da bi si upal misliti z vso resnobo drugače na njo kakor s spoštovanjem, tega ne smem, zakaj razum mi veli: kaj je ona, kaj si ti?

Svet sodi človeka po tem, kar ima, kar je in kakršen je.

Ona je edina hči imovitega, lahko rečem bogatega graščaka, imela bo lepo doto, in dasi njen oče ni plemenitnik, ima

vendar češčeno, poznano ime. In jaz! Nimam nič, ne vjam nič, nisem nič! Žalibog! Ali bi ne bilo potemtakem več ko nespametno, ko bi se jaz vdal srcu in njegovim nagonom? Ali bi ne bilo naravno, da bi padel, ako bi tako visoko letal?

CONDENSED NEWS FROM OUR HOME FRONT

★ Joseph Perusek of 14406 Westropp Ave., was taken to Huron Rd. Hospital last week. We wish him a speedy recovery!

★ Mr. and Mrs. Cyril Jevic of Euclid left recently for California to visit their son and his family. They send greetings to all their friends and write that they are enjoying the visit.

★ Home from the hospital is Dr. Valentine Benedik of 1049 E. 69 St. He wishes to thank all who visited him at the hospital or who sent him gifts or cards.

★ After a two-month stay in the hospital, Mrs. Caroline Basa of 9202 Plymouth Ave., has returned home. She expressed her thanks to all who visited her at the hospital or sent her gifts or get well wishes.

★ Home from the hospital is Judge August Pryatel and has returned to work this week.

★ Miami, Fla. — The sonic boom from jet planes breaking the sound barrier gets an enthusiastic response from the bull alligators in the Everglades swamps. The alligators roar back, in a chain reaction chorus. Naturalists speculate that the boom from the plane is on the same frequency as the alligators' mating roar; the 'gators mistake the boom for a challenging male; boom back, causing others to get into the act, and so on till the swamp is all in an uproar.

★ Windber, Pa. — Pansy, a 7-year-old Holstein, gave birth to three female calves on a farm near here. A veterinarian said odds against a cow having triplets are 100,000 to 1. Last year Pansy had twins.

★ Key West, Fla. — A coffeehouse has been opened at the point where U.S. Highway No. 1 deadends at the Gulf of Mexico. The highway stretches from Fort Kent, Maine, to Key West. The coffeehouse is called "The Ultimate End."

★ Detroit, Mich. — Troy Rutman, youngest driver ever to win the Indianapolis 500-mile classic, is retiring from racing because "I want to walk out of it alive with my head up." Rutman, who won in 1952 at the age of 22, said "Every time I sit down in a race car death is sitting right beside me." Rutman narrowly escaped death in this year's 500, in which one of his closest friends, Detroit Eddie Sachs, was killed.

★ Miami, Fla. — Cuban refugees employed at a Miami tile plant enjoy a chuckle at the expense of Fidel Castro. Reject tile, cracked and defective, is thrown in a corner under a sign "Castros."

★ Brookline, Mass. — The last golfer to win the U.S. Open and the P.G.A. championships in the same year was Ben Hogan in 1948.

★ Fort Worth, Texas. — A plumber who says he prides himself on a wellkept yard has asked the city for two weeks to collect debris piled in front of his house. He got no action. So, he loaded up his pickup truck with the debris, mostly limbs and branches trimmed from his trees, and dumped it on the steps

of city hall. Police told the street department to clean up the mess — and they told the 58-year old plumber to pay a fine for littering the sidewalk.

★ Louisville, Ky. — The traditional wedding marches were missing when Miss Frances Burke and William Earley were married. Before the ceremony, guests were treated to a 45-minute full scale concert, then the couple marched down the aisle to the strains of a suite for trumpet, strings and organ. The unusual event was arranged by the bride's father, Robert Burke, Jr., a music critic.

★ Milledgeville, Ill. — A local grandfather has started a new career at an age when most begin planning retirement. He's ready to begin teaching. Clair Heyer, 54, received his bachelor's degree last fall from Shimer college at Mount Carroll, Ill., and is working toward a master's degree in history at Northern Illinois university, De Kalb. "We always regretted that I had not finished school," he said. "Many of my friends are teachers. When my two daughters left home for college, my wife returned to teaching and this stimulated my interest." Heyer said his age proved to be both an advantage and a disadvantage. Study was easier, but co-eds called him "Sir."

★ Atlantic City. — The Miss America pageant, which began in 1921, had its origin in the Floral parade held in 1902. The Floral parade was made up of rolling chairs decorated with flowers, with a girl in each chair. However, only the beauty of the decorated chairs, and not that of the girls, was judged.

★ Louisville, Ky. — After purchasing 100 practice golf balls, Paul drove to the front of his office, where a man would hand them to him. Just as the man stepped out the door, the paper sack split and the 100 balls dribbled into heavy rush-hour traffic. Grubbs' secretary, Mrs. Martha Toombs, dashed out and retrieved every one of them.

★ Atlantic City. — The Dennis is the oldest hotel name on the beachfront today. Prof. and Mrs. William Dennis erected a two-room cottage in Atlantic City in 1860. The cottage was later expanded into a rooming house.

★ Louisville, Ky. — Carl C. Kramel retired recently for the second time, but without the fanfare he received 3 years ago. In 1956, he became the 8,000,000th American to draw social security when he went into partial retirement after 28 years with a candy firm. Kramel, now 74, says his main interest now will be in growing roses.

Everything's O.K.

The cook was unwell and the mistress brought her to the doctor, who ordered a milk diet. Next day the mistress went to the kitchen and found the cook sitting down to a dinner of roast beef with plenty of vegetables.

"Mary," she said, "what about your diet?"
"That's all right, ma'am," the cook replied. "I took my diet and now I'm having my dinner."

"Green Monster" Sets World Land Speed Mark

This is Art Arfons' Timken bearing-equipped "Green Monster" jet streamliner which holds the world land speed record.

Akron, Ohio's Art Arfons recently set a new world land speed mark of 536.71 miles per hour in his Green Monster jet-powered racer. At one point during the second half of his two-way run over the half-mile salt track, his car reached a speed of more than 600 miles per hour.

Engineers from The Timken Roller Bearing Company's Automotive Division worked with Arfons on installing Timken tapered roller bearings in the inner and outer positions on the four wheels. They also suggested the proper type of grease

to use and advised on modifications to the wheel seals.

R. L. Williams, Chief Engineer - Automotive Division of The Timken Roller Bearing Company, said the outside diameter of the tires on the big racer was 30 inches. Traveling at 536.71 miles per hour, the wheels were making 5,800 revolutions per minute.

Arfons' record represented the fourth time in one month that the record was broken, and the second time by Art Arfons. Earlier in the month he set a record of 434.02 miles per hour.

Schlitz Paying \$5.3 Million For 3-Year Colt Air Rights

Houston, Tex. — Houston's radio and television rights for the next three years have been purchased for \$5,310,000 by the Joseph Schlitz Brewing Company, it was announced, November 16, by the Houston Sports Association, operators of the Colts, and the Milwaukee brewing firm.

Contract terms with the new sponsors are equal to the \$1,700,000 a year which previous sponsors paid. Robert A. Uihlein, Jr., president of Schlitz, called the Colts "a young and promising team which has attracted hundreds of thousands of fans and generated immense interest throughout the Southwest."

"It's a team Schlitz is proud to be associated with," he added. Schlitz said it would seek co-sponsors to go along with the company on the radio and TV broadcasts, but that plans on this were not complete. Efforts will be made to expand the network of 26 radio and eight TV stations which carry the games in Texas, Louisiana, Oklahoma, Arkansas and New Mexico.

Hutch Fined Players, Gave Himself Extra Heavy Plaster
Seattle, Wash. — When Fred Hutchinson was managing at Seattle in 1955, he inaugurated a system of small fines for players who missed signs or pulled bonehead plays.

But Hutch also included himself on the penalty list. Once while coaching at third, he forgot the count on the batter. He promptly plastered himself with a \$5 fine, three bucks more than the standard assessment. Another time, he fined himself \$20, but refused to disclose the reason.

"When you were fined," Bill Kennedy, a pitcher with the club, recalled, "you had the right to appeal. Usually Alar Strange, a coach, was the final judge. Not one player ever won an appeal. Hutch was always right."

Attendance at the Devine affair will be by invitation only. It will be a separate function from the annual St. Louis Baseball Writers' dinner, which will be held in January and will be open to the public.

Anticipating a heavy increase in Christmas mail this year, Mr. Sundermeier urges Clevelanders to make wider use of ZIP Code, not only in their return address on all outgoing mail, but also in the destination address. In this manner patrons can be assured of faster dispatch and delivery of their correspondence, establishing a more direct route and fewer handlings.

PROFIT LEVELS DANGEROUSLY LOW

We read and hear of record dollar profits made by numbers of businesses. And, to many of us, this means that the owners of these businesses are saturated with wealth and are eating high on the hog indeed.

But there is more — a great deal more — to the profit story.

The fact is that profits just haven't kept pace with other segments of the economy. From 1950 to 1963, the gross national product rose 105 per cent, the national income 97 per cent, compensation of employees 120 per cent, and personal income 102 per cent.

But profits, after taxes, rose only 19 per cent. And, remember, the profit dollar, like all other dollars, suffered severely from the erosion of inflation during those years.

This is why top economists are now concerned with the profit situation. Overall, in their view, profits are not sufficient to provide the degree of economic expansion this country — with its swelling population and its hope for ever-improving living and working conditions — wants and needs. The profit picture, in other words, is not so pretty as it looks at first glance.

Reporting from Washington

FRANCIS P. BOLTON • Congressman, 22nd District, Ohio
405 WOOD STREET, WASHINGTON 25, D. C.

WE IN AMERICA have so much to be thankful for that I am taking this opportunity to remind all of us of a few facts about the holiday itself — as well as some of the benefits and privileges we Americans enjoy and for which we should be most thankful. In 1621 — three hundred and forty-three years ago, to be exact — Governor William Bradford of the Plymouth Colony, proclaimed the first "Thanksgiving Day". The Pilgrims gave thanks to God for a bountiful harvest after a period of suffering and starvation.

There was, of course, no suggestion then that the holiday become an annual one. It was simply an act of faith by a people who were deeply thankful that their grain bins were full and that they had food to last through the rigors of the coming winter. One hundred and sixty-eight years were to pass before a "national" day of Thanksgiving was proclaimed by George Washington — thanksgiving for the freedom this country had at last achieved — Thanksgiving for the liberty to pursue happiness, each in his own way.

Still, Thanksgiving Day did not become a yearly event celebrated by the whole Nation. Another seventy-four years were to pass before Abraham Lincoln in 1863 proclaimed that the fourth Thursday in November be celebrated as a day of national thanksgiving. That, briefly, is the background of America's great national holiday!

Today, we as a nation have so much to be thankful for that it is difficult to know where to start. We have an abundance of food and other resources, but above all else we are rich in our rights and our freedoms — the spiritual possessions with a value beyond any price.

There is no question that America is the wonder and envy of the world. That the world envies us our material wealth is natural enough. A hungry man is hypnotized by the sight of a full dinner plate. But the peoples of some of the less fortunate nations are more deeply envious of our spiritual possessions — our freedom of speech, freedom of religion, freedom of the press. They seem to sense that it is upon these spiritual possessions that our material abundance is based. How right they are! I sometimes wonder if Americans truly realize how completely these two are interlaced — how much the one depends on the other; how much, in fact, the one is the outgrowth of the other. Our present pre-eminence in the world was reached under a system of free and untrammelled individual liberty. This we must never forget!

The United States grew in less than 180 years from 13 poor struggling colonies to a strong and respected nation of 50 states because of its people and the priceless kind of government given us by our forefathers at Constitution Hall in Philadelphia. We did not grow from a country of magnificent open spaces, marvelous forests and vast inland seas into a country whose cities with "topless towers" awe the world because a Federal Government decreed that it should be so. The inventive genius of the individual, his dogged determination, his capacity for labor when he knew that the fruits of his labor would remain his — this is what gave us our present greatness.

As we "give thanks" let us count our blessings and resolve to preserve for our children and our children's children the great heritage of America.

THE CASE OF THE DISAPPEARING COFFEE CANS

KANSAS CITY, Missouri. — Sanitation Departments across the country have been puzzled recently by a strange phenomenon — a dearth of coffee cans in the nation's trash baskets. No, Americans aren't consuming less coffee — they're throwing away FEWER coffee cans.

Despite the rage for disposable packages, the new, tall, slim coffee cans with soft plastic overrids are fast becoming collectors' items — and items for collectors!

Coffee manufacturers have been aware for years that housewives are unhappy with the key strip can. But there was no satisfactory substitute until plastic overrids came along. Today 80% of packaged coffee comes in cans with plastic overrids. In fact, the new overlid can is a lower cost package, a savings which is passed along to the consumer.

Now, instead of fumbling with the old-fashioned key method, all the housewife has to do is open her new coffee can like any other can, throw away the metal lid and put on the plastic overlid. This overlid provides an airtight seal, and keeps coffee fresh to the last grain. But here's the best part of the coffee can story: when the can is empty, it takes on a new life.

Canister Sets:

For instance, covered by adhesive-backed decorative paper, the coffee cans become attractive and useful canister sets. One housewife designed a set to match her kitchen color scheme by covering four different-sized coffee cans with the same paper she used on her kitchen walls. Ideal as they are for holding flour, sugar, coffee and tea, these pretty little money-savers are equally serviceable for gracing the pantry shelf with split peas, beans, raisins, spaghetti, macaroni, rice, breakfast cereal and nuts stored in them. Foods such as raisins and cereal stay fresh in the cans, and the clear plastic overrids allow instant recognition of what's inside.

Here's another trick for the kitchen: the large three-pound coffee cans with plastic overrids make great cookie "jars" — or contain-

ers for potato chips, corn chips or popcorn.

Salad Mold:

For an ingenious reusable salad mold, remove both ends from a two-pound coffee can. Snap lid into place on one end, fill the can with your favorite salad and let the mold harden six hours or overnight. Just before serving, hold the coffee can salad mold under hot water for a few minutes and snap off the plastic overlid for easy removal. Serve whole on a bed of lettuce or as individual helpings sliced with a cake knife. Garnish with orange slices and cherries (stems on).

Although coffee cans were the pioneer cans with secondary uses, manufacturers of other products are beginning to jump on the bandwagon. Shortening now comes in cans with soft plastic overrids. And there are many other canned food and non-food items that may lend themselves to overlid-packaging — dog food, peanuts, peanut butter, fruits, vegetables, baby food, paint... to name a few possibilities.

Grease Storage:

With snap-on overrids, coffee cans are perfect containers for storing grease. They take little space in your refrigerator, and the lids keep any odors from the grease in the can. If you want to dispose of the grease, when you've filled the can to within one inch of the top, simply throw the can away — making sure the grease has sufficiently hardened in the refrigerator. The plastic overlid keeps the grease in the can.

Softening Sugar Turned to "Stone":

Brown sugar has a tendency to turn into "stone" when stored in the original box. Here's a way to solve the problem: put the brown sugar in one of the new slim coffee cans. Dampen a paper towel, and fold in half twice. Place the folded paper towel over the top of the can and snap the plastic lid over the towel. Let stand four to six hours. The sugar will be soft and ready for use in your favorite re-

cipe.

Workshop Storage:

For years, women have confiscated men's empty cigar boxes. Now the tables have turned and the men of the house are sneaking out of the kitchen, coffee cans under coats, heading for their workshops. The new coffee cans are an asset in organizing men's workshops — they're perfect for storing nails, screws and small tools. The cans are also helpful in soaking wet paint brushes. The plastic overrids keep turpentine from evaporating and because they are "see-through" allow Dad to know at a glance what's in the can.

For Fishermen:

The new coffee cans have solved a problem of fishermen, too. One angler removed both ends of a coffee can, snapped a clear plastic lid on one end, filled the can with soil and fishing worms, and snapped another lid on the other end. Why go to all this trouble? In his experience with worms he found that they always managed to dig deep into the dirt and stay at the bottom of his old container. Now he can remove either end of the coffee can and always be assured of coming up with a worm.

For Children:

In the children's room, the safe-edge cans help maintain order and neatness. They hold everything from clay, crayons and rock collections, to marbles, checkers, pencils and erasers. The children will love using the cans especially if THEY decorated them — an activity which keeps little hands busy for hours.

The small one-half pound cans make ideal "piggy" banks. Although not quite the same shape, coffee can banks hold just as many pennies. The plastic overlid snaps on tightly to keep coins in, yet comes off easily enough for youngsters to have fun adding up their wealth.

It's easy to avoid being a litterbug in your car when there's a plastic-capped coffee can handy. One mother of five spray-painted her car coffee can and labeled it "Litter Keeper." Children love to snap off the lid, so they naturally cooperate.

Seems as if there's no end in sight for ingenious secondary uses for the new coffee cans. In fact, women now compete to have "the girls" in for coffee. What better way to empty the can quickly — and put the imagination to work!

From the Indian Teepee

Leon "Daddy Wags" Wagner, the first Cleveland Indian to hit 31 home runs and knock in 100 runs since Rocky Colavito did it in 1959, will be sporting the "new look" that can't be seen in 1965 — contact lenses. This announcement was made by President Gabe Paul after receiving Wagner's signed contract recently.

After a great spring and early summer at the plate, Wags tailed off noticeably during the second half of the season, and at Manager Birdie Tebbetts's suggestion, Leon consented to an eye examination by a local optometrist. Glasses were prescribed and Leon is now in the process of getting used to them.

"Man, these things sure make your eyes water," Wags chuckled over the phone, "but the doc told me it takes time to get used to them. If feels like I got a lump of coal in each eye."

Dr. Vic Ippolito, Indian team physician, stated that the lenses are extremely uncomfortable in the beginning because of the sensitivity of the eyelids.

An off-season resident of Los Angeles where he is proprietor of a clothing store, Wags led the Indians in no less than four departments; games with 162, times at bat with 641, home runs with 31, and runs batted in with 100. He also led in strikeouts, but Wags would rather not talk about that. He's hoping these new specs will cut them down considerably.

"I've always struck out a lot because I swing from my heels," Leon said, "but if I'm seen' that ball a little better, I should cut it down some. I'd like to raise my average without losing any HR's and RBI's."

At 30 years of age, Leon should have several good years of baseball left him, and if they are as productive as his last four seasons, Wags, the Cleveland management, and the fans will certainly be satisfied. The big leftfielder has hit 112 home runs and knocked in 376 runs since becoming a regular with the Los Angeles Angels in 1961. He gained All-Star status in both 1962 and 1963.

A native of Chattanooga, Tenn., Wagner is married and the father of a four year old daughter.

When asked about the "new look," Wags said he selected the contacts rather than ordinary glasses, because some of the other players that wore them advised him to do so. The contacts won't fog on cold nights like the framed ones.

Leon, who up until this year was a notoriously tardy contract signer, explained the change like this, "This is part of the new look, too, along with those new specs."

There's no rest for baseball's winningest pitcher of 1964.

Louis Tiant, ace righthander of the Cleveland Indians, is plying his trade for the Ponce club of the Puerto Rican Winter League, according to President-General Manager Gabe Paul, who received Luis' signed 1965 contract recently.

Counting his winter league, minor league and major league activity this year, Tiant posted 36 victories against only eight defeats. "Work don't bother me," said Luis in broken English, "I'm a better pitcher when manager use me mucho. I like relieve as well as start. This keep me — how you say? — sharp!"

Although possessing great minor league credentials (15-1 at Portland), there was still some question that the Cuban fastballer was ready for the Big Show. Looie, as his teammates call him, dispelled all doubts by shutting out the Yankees on four hits. He struck out 11, only one short of the record for a first-time starter. He went on to win 10 while losing only four in just half a season. His earned run average was a glittering 2.04.

The popular Tiant, married and the father of one child, makes his home in Mexico City, the team from whom Cleveland purchased his contract in 1961. After joining the Indians in spring training the following year, Luis suffered some arm and back trouble, which seriously threatened his baseball aspirations. "My arm — she sore — so I go to Burlington," said Luis, "hot weather in Carolina make all right. Next year I pitch O.K."

And O.K. it was! Tiant was 14 and eight in the Carolina League and well on his way.

Johnny Lipon, former major league infielder and Tiant's manager at Portland this year, calls Luis a "fierce competitor who knows how to pitch." "This guy has all the equipment to be great," Lipon stated. "He's fast, has good breaking stuff and excellent control. Tight situations just make him that much better. And work? He'll pitch every day if you want him to."

Next spring, Tiant at 23, will join Sam McDowell, Jack Kralick

and Sonny Siebert to form the youngest starters on a major league pitching staff. Their average age is only 25.

"We work hard next year," Looie concluded. "We try bring pennant to Cleveland."

Knowing Luis Tiant, he may help to do just that.

Boy Scout Good Turn Day

On Saturday, December 5th, the Greater Cleveland Council of Boy Scouts of America will sponsor its 32nd annual GOOD TURN for the physically and mentally handicapped men and women at Goodwill Industries of Cleveland. Thousands of uniformed Scouts will converge upon neighborhoods throughout Greater Cleveland, gathering and transporting loads of clothing and toys to over 100 collection centers in churches, fire stations, and other community buildings.

If you wish a Scout to call at your home for your contribution, simply tie a scarf or handkerchief to your door knob Saturday, Dec. 5th. Furniture pick-ups should be telephoned to Henderson 1-8300.

Boy Scout OGD TURN DAY for Goodwill started in 1932, and has annually provided thousands of hours of remunerative work for Goodwill's handicapped clients during the slack winter months when useable donations decrease with diminished truck pick-ups.

Goodwill Industries is a certified vocational rehabilitation workshop providing on-the-job training to persons with substantial physical or mental disabilities, who are unable to work in outside competitive industry. At Goodwill, these handicapped persons have an opportunity to regain self-confidence, develop work tolerance, good working habits, and learn specific skills. A professional rehabilitation staff includes a medical specialist, social workers, and vocational counselors. Clients are assisted toward finding outside employment, and allowed ample time for job interviews at local business and industrial companies. Last year, 56 clients left Goodwill for outside employment.

There are more than 200 handicapped clients working daily in the Goodwill rehabilitation workshop. Last year, 498 persons were employed at Goodwill who also received specific vocational evaluation, on-the-job training, work adjustment counseling, and were paid \$322,512 in service wages, averaging 95c hourly. In addition, these clients paid almost \$40,000 in Federal income taxes.

Visitors are invited to tour Goodwill — Greater Cleveland's Workshop for the handicapped, at 930 East 70th St., Cleveland, to see, "Not Charity, but a Chance," at work.

Your cooperation in the December 5th Scout Drive will help create needed jobs for the handicapped persons of our community.

Animal Welfare

Washington, D.C. — "10 Easy Ways To Be Kind" is the title of a new educational folder published by The National Catholic Society for Animal Welfare to call attention to the major causes of animal suffering and the ways in which they can be prevented.

The folder suggests the spaying of female dogs and cats to prevent the breeding of more surplus animals while 40 million are homeless; the use of synthetic furs instead of animal furs produced through trapping; the avoidance of entertainment based on cruelty and other means by which kindness can be advanced and cruelty or suffering prevented.

|------------------------------------|---------------------------|
| Meatballs: | 2 tablespoons milk |
| 1 lb. ground beef | 1 teaspoon Worcestershire |
| 1 clove garlic, crushed | sauce |
| 1/4 cup finely-chopped onion | Dash liquid red pepper |
| 1/2 teaspoon oregano | seasoning |
| 1/4 teaspoon savory | 1 egg, beaten |
| 3/4 teaspoon salt | Pastry: |
| 1/2 teaspoon paprika | One 10-oz. pkg. Flako |
| 1/2 cup rolled oats | Pie Crust Mix |
| (quick or old fashioned, uncooked) | 4 tablespoons cold water |

Combine all ingredients for meatballs thoroughly. Shape to form 32 one-inch meatballs. Chill.

For pastry, empty pie crust mix into bowl. Sprinkle cold water by tablespoonfuls over mix; stir lightly with fork until just dampened. (If necessary, add another one-half tablespoon cold water to make dough hold together.) Form into ball.

Divide dough in half; roll out each half to form a 12-inch square. Cut each into sixteen 3-inch squares. Place uncooked meatball in center of each square; bring two opposite corners together; pinch to seal. Brush pastry with beaten egg. Bake on ungreased cookie sheets in preheated moderate oven (375°F.) 15 minutes or until pastry is golden brown. Serve hot.
