Razgovori na Cipru

Odnosi med Grki in Turki so se komaj kaj spremenili, ko bi Združeni narodi radi umaknili svoje čete z otoka.

NIKOZIA, Ciper. — Sredi tedna je priletel sem vodnik grške vojaške diktature Papadopoulos na razgovore s predsednikom ciprske republike nadškofof Makarijem, generalom Grivasom, poveljnikom ciprskih oboroženih sil in nekdanjim vodnikom grškega upora na Cipru proti Angležem.

Gen. Grivas je vnet zagovornik združitve Cipra z Grčijo, za to je tudi vlada v Atenah in javno tudi sam predsednik Ciprske republike Makarij. Toda tako gen. Grivas kot Atene sumijo, da Makariju dejansko ni do združitve, ker bi v tem slučaju izgubil dober del svojega ugleda in moči.

Za združitve pa vendar ni glavna ovira nadškofof Makarij, ampak ciprski Turki, ki predstavljajo okoli eno četrtino prebivalstva otoka. Ti zahtevajo v slučaju priključitve grškega dela otoka k Grčiji, priključitev turškega k Turčiji. Spor med Grki in Turki na otoku se vleče že več let. Ko je prišlo do odprtega boja med Grki in Turki na otoku, so prišle na otok delat mir čete ZN. Ti bi sedaj radi te čete z otoka umaknili. Predno do tega pride, mora priti do neke rešitve odnosov med otoškimi Grki in Turki, pa tudi do dogovora o tem med Atenami in Ankarom.

Razmere na Cipru so hudo zategnile odnose med Grčijo in Turčijo, ki sta sicer obe članici NATO. Vodniki NATO se resno boje, da so odnosi med obema postali taki, da utegne postati vojaško sodelovanje v okviru NATO med obema nemogoče.

Biafri uspel udar proti Nigeriji?

LAGOS, Nig. — Radio v Beninu, glavnem mestu Srednjega zahoda, ene od štirih glavnih delov Nigerije, je objavil, da je ta pokrajina v oblasti čet republike Biafre in zveznega vojaštva, ki se je uprlo vladi v Lagosu. Uporniki naj bi bili tudi gospodariji središča oljnih vrelcev Warri.

Vlada v Lagosu priznava, da ima težave v Beninu, ni pa priznala, da bi bila pokrajina Srednji zahod v rokah upornikov in Biafranov.

Senat utegne zakonski predlog proti izgredu še poostri

WASHINGTON, D.C. — Vodnik republikanske manjšine v Senatu E. Dirksen je na tiskovni konferenci napovedoval, da bo Senat zakonski predlog, ki ga je izglasoval Predstavniški dom za preprečevanje izgredu, kot so jih v zadnjih mesecih doživela naša mesta, še poostri. Kraljevina in državna policija bosta dobili nove možnosti strogega in trdega nastopa proti izgredu.

Tudi novi urugvajski režim ima svoje težave

MONTEVIDEO, Urug. — Prejšnja urugvajska vlada je bila podobna švicarski, pa se ni obnesla, ker ni nikoli pravočasno odločala ravno o važnih stvareh. Zato je prišel sistem kolektivnega odločanja ob kredit. Danes pa vlada predsednik Gestido sam, to se pravi s svojo stranko Colorado. Stranka bi lahko imela solidno večino, ako ne bi razpadla na struje. Zato mora Gestido sedaj iskati pri malih strankah zavezanost, da zakonodajno delo čisto ne omaga.

Glavne težave Gestidovega režima so na gospodarskem polju. Dežela ima preveč uradnikov, delovna storilnost v gospodarstvu je pa zelo nizka. Zato zastaja izvoz, primanjkljaj v plačilni bilanci pa raste. Največja mora je seveda inflacija, ki je že rodila nekaj hudih draginskih valov. Samo letos se bo življenje kmalu podražilo za 100%. Mednarodni monetarni fond je zato predlagal močno devalvacijo narodne valute, morda za 30% ali celo več, toda vlada se za tak korak ne more odločiti. Pri vsem tem pa deželi ne grozi politična kriza, akoravno bi nikogar ne presenetilo, ako bi kmalu prišlo do nje.

Državna loterija ne daje obetanege dobička

ALBANY, N.Y. — V juniju so začeli tu državno loterijo, katere čisti dohodek, — njeni zagovorniki so napovedovali velikega, — naj bi pomagal vzdrževati državne šole. Že prvi mesec niso prodali toliko srečk, kot so upali, dobili so za nje le \$6.4 milijona. Pretekli mesec je prodaja na splošno padla in skupno so prodali le za 4.5 milijona dolarjev srečk, komaj 15% tega, kar so zagovorniki loterije napovedovali.

Državni zakladni oddelek, ki je upal na dohodke od loterije, je razočaran, vednar pa se še ni odpovedal vsakemu upanju na uspeh. Avgust menda kaže nekaj boljše, še boljše pa bi utegnili biti jesenski in zimski meseci, ko se ljudje drže bolj doma. Guverner N. Rockefeller je med tem že kar javno opisal loterijo kot vir državnega dohodka in napovedal nove davke.

Amerika in Egipt se le nista sprla do dna

Redni diplomatski odnosi med Washingtonom in Kairoom so sicer prekinjeni, toda med obema so stiki kljub temu živi.

WASHINGTON, D.C. — Med Ameriko in Egiptom so sicer diplomatski stiki pretrgani, na našem poslanstvu v Kairu vira španska zastava, indijska pa na egiptovskem v Washingtonu. Manjka tudi našega poslanika v Kairu in egiptovskega v Washingtonu, toda drugače so pa razmere ustvarile kar simpatično sožitje med našo in egiptovsko diplomacijo v ključu vsemu političnemu hujskanju v Kairu.

Dočim manjka v Washingtonu in Kairu političnih naših in egiptovskih diplomatov, je pa uradniški še celo več kot pred izbruhom zadnje izraelsko-arabske vojne. Narastlo je tako število našega diplomatskega uradništva v Kairu in egiptovskega v naši prestolici. Naše diplomatsko osebje se je zopet naselilo v našem poslanstvu v Kairu, akoravno vira na njem španska zastava. V egiptovsko poslanstvo so se pa vrnili na delo vsi egiptovski diplomati, seveda pod indijsko zastavo. Indijski in španski diplomati so postali uradniki za zveze, kajti uradno se oboji (naši in egiptovski) diplomati ne smejo poznati. Torej kar zanimivo in veselo sožitje!

Naša diplomacija se trudi, da bi tudi v stike z ostalimi arabskimi diplomacijami vpeljala podobne vrste sožitje. Morda se bo to posrečilo pri iraškem poslanstvu. Ostalim arabskim diplomatom se pa nikamor ne mudi. Vsak sporazum z državnim tajnistvom bi jim namreč zopet odrl priliko za delo, te si pa očitno ne želijo.

Bivši jugoslovanski kralj Peter II. nevarno bolan

CLEVELAND, O. — Pisarna Srpskega narodnega odbora v Chicagu je objavila, da je bivši jugoslovanski kralj Peter II. v Nici na Francoskem nevarno bolan. V bolnici sme k njemu le njegova žena Aleksandra. Zbolel je 12. julija in je sedaj že dalj časa v nezvesti.

VEČ ČRNCEV V GARDI!

Predsedniška komisija, ki proučuje okoliščine črnskih izgreduv v naših mestih, je v pismu predsedniku opozorila na izredno majhno število črncev v Narodni gardi in priporočila, da naj se to število poveča.

WASHINGTON, D.C. — V Narodni gardi je po podatkih, ki jih je predložila predsedniku L. B. Johnsonu predsedniška komisija za raziskavo vzrokov in poteka črnskih izgreduv v preteklih mesecih v naših mestih ter za njihovo preprečitev v bodočnosti, komaj 1.15 odstotkov črncev, čeprav je teh v vsej deželi preko 11 odstotkov celega prebivalstva. V Letalski narodni gardi je ta odstotek še manjši. Komisija je predsedniku predložila naglo povečanje števila črncev v Narodni gardi in Letalski narodni gardi, njeno posebno vežbanje za nastope proti izgreduv in v mestih in novo ureditev napredovanja njenih častnikov in podčastnikov. Kot znano se Narodna garda pri krotitvi teh izgreduv ni posebno dobro izkazala.

Predsednik L. B. Johnson je priporočila 11-članske komisije, ki ji načeluje guv. države Illinois Otto Kerner, takoj izročil obrambnemu tajniku in mu naročil, naj poskrbi, da bodo naglo izvedena. "Kot se gotovo zavedate, je to stvar skrajne nujnosti in jaz sem prepričan, da ji boste takoj posvetili svojo pozornost," je sporočil predsednik obrambnemu tajniku McNamari.

Izvršni direktor komisije David Ginsburg je dejal, da je komisija sklenila poslati priporočila predsedniku soglasno, ko je slišalo dolgo poročilo Cyrusa Vance o poteku izgreduv v Detroitu. Vance je bil tam kot poseben predsednikov pooblaščenec v zvezi z oddelki redne armade, ki so prišli v Detroit pomagat vzpostaviti mir, ko je policija in Narodna garda tega nista zmogli.

Komisija bo prvo, vmesno poročilo o svojem delu in zaključkih poslala predsedniku ZDA 1. marca 1968, končno pa 29. julija 1968. O vseh važnih zaključkih nujnega značaja bo predsednika obveščala sproti.

V Iranu zmagala pri parlamentarnih volitvah vladna stranka

TEHERAN, Iran. — Pri letošnjih volitvah za parlament, ki šteje 219 poslancev, je vladna stranka dobila 180 mandatov, ostanek so dobile tri opozicijske stranke. Volitve so potekale mirno brez večjih nemirov, seveda pa še dolgo ne tako, kot smo navajeni v Evropi ali severni Ameriki.

Jugoslavija bo dala Sudanu nekaj vojnih ladij?

KARTUM, Sud. — Do zadnje vojne med Arabci in Judi je dobival Sudan vse svoje orožje iz Zahoda, večinoma iz Velike Britanije, pod katere soupravo je nekdanji bil. Sedaj je bilo tu objavljeno, da je zastopnik vlade sklenil dogovore o dobavi orožja s Sovjetsko zvezo, Češkoslovaško in Jugoslavijo. Ta naj bi preskrbela Sudanu nekaj manjših vojnih ladij.

Sudan je precej obsežna država ob srednjem in gornjem Nilu, zavzema ozemlje severovzhodne Afrike med Egiptom in Abesinijo, med Rdečim morjem in nekdanjo francosko Ekvatorialno Afriko.

Skupno ima nekaj nad 10 milijonov prebivalcev, od tega nekako eno tretjino črncev.

Washington dcbi nekaj samouprave

WASHINGTON, D.C. — Predstavniški dom je izglasoval za 244:160 nov način uprave za glavno mesto dežele. To je prva taka sprememba v 93 letih.

Namesto sedanjih treh komisij bo imenoval predsednik L. B. Johnson župana, podžupana in 9 svetovalcev v mestni svet. V svetu bodo imeli brez dvoma večino črnci, ker ti predstavljajo dve tretjini vsega prebivalstva mesta. Trije od 9 članov sveta morajo biti republikanci.

V večdnevni boj jih so vladne čete pokončale 181 rdečih, ostale pa pognale preko meje nazaj v Laos.

Vojskovanje v Vietnamu zopet v ospredju zanimanja

Nemiri, izgredi, požiganje, plenjenje in streljanje v črnih predelih naših mest je v preteklih tednih odtegnilo dober del pozornosti naše javnosti od vojskovanja v Vietnamu. Čeprav razprava o teh izgrelih še traja tako v javnosti kot v Kongresu, se je vendar pozornost dežele znova obrnila v Vietnam. K temu je pripomogel požar na letalonosilki Forrestal, ki je zahteval preko 130 smrtnih žrtev poleg večjega števila ranjenih in velikanske materialne škode, še več pa predsednikova napoved, da bo do srede prihodnjega leta poslano v Južni Vietnam preko dosedanjih načrtov še 45,000 do 50,000 mož.

Pospešeni letalski napadi na Severni Vietnam v zadnjem tednu so vzbudili v delu Kongresa in javnosti strah, da smo pred novim razširjenjem vojskovanja. S sedanjim vodenjem vojne v Vietnamu ameriška javnost ni nič kaj zadovoljna. Gallup je sredi preteklega meseca ugotovil, da je proti sedanjemu načinu vojskovanja prvič, odkar se je vojna začela, večina ameriške javnosti (52%). Povpraševanje je pokazalo, da je sedaj 41% ameriške javnosti prepričane, da bi Združene države sploh ne smele poseči s svojimi oboroženimi silami v Južni Vietnam. V avgustu leta 1965 jih je tako mislilo le 24%. Gallup trdi, da je 56% Amerikancev mnenja, da je v vojskovanju v Vietnamu prišlo do zastoj ali da vojna poteka v korist rdečih. Pri tem imamo v Južnem Vietnamu trenutno okoli 450,000 vojakov, več, kot smo jih imeli kdajkoli v korejski vojni v Koreji.

Rdeči so spretni in vztrajni nasprotniki, naše čete jim ne morejo do živga kljub vsemu modernemu orožju in možnosti naglih premikov. Še vedno so rdeči sposobni zbrati večje sile za napad na nasprotnika in prizadeti temu hude izgube, nato pa se izgubiti v džungle. V bojih ob demilitarizirani coni so severnovietnamski bataljoni pokazali, da se znajo upreti našim marinom in armadi tudi v neposrednem odprtem boju. Zaradi premoči našega topništva in posebno s podporo letal, ki jih rdeči nimajo, se je našim oboroženim silam v vseh večjih spopadih posrečilo sovražnika tistiniti in ga prisiliti k umiku, če se ni hotel izpostaviti nevarnosti uničenja. V tem pogledu smo torej ostali zmagoviti.

Rdeči se sedaj ameriškim silom le izjemno izpostavijo v odprtem boju, drže se pretežno gverilske taktike in osredotočajo svoje napore na obvladovanje čim večjega področja in prebivalstva na njem. V tem pogledu so ameriške in južnovietnamske ter ostale zavezniške čete doslej dosegle še malo. Odprte so glavne ceste, toda promet na njih ni popolnoma varen. Še vedno pride do rdečih zased in nastavljenih min. Rdeči se drže še vedno v neposredni okolici glavnega mesta dežele in tudi večine drugih večjih mest in naselij. Terenske mreže rdečih so se protikomunistične sile komaj dotaknile, ta še vedno trdno obvladuje vsaj polovico dežele. Tudi števila komunističnih udarnih bataljonov se ni posrečilo zmanjšati. Rdeči so kljub velikim izgubam, o katerih govore uradna poročila, bili sposobni število svojih bataljonov ne le vzdržati, ampak jih celo povečati. Resnica je, da je v njih vedno več Severnih Vietnamcev.

Dokler se ne posreči uničiti vsaj večine rdečih udarnih bataljonov ali pa jih potisniti v odročne predele, daleč proč od naselij, ni mogoče v teh vzpostaviti zaupanja prebivalcev do vlade v Saigonu in njenih predstavnikov. Prebivalstvo vasi in tudi večjih naselij hoče imeti najprej za jamčeno varnost življenja in premoženja, potem se bo šele izpostavilo nevarnosti zamere pri rdečih. To je osnovno dejstvo, mimo katerega ne more nihče, ki hoče stvarno presojati položaj. V tem pogledu tudi volitve prihodnji mesec ne morejo nič spremeniti.

Predsednik ZDA je napovedal povečanje števila ameriškega vojaštva v Južnem Vietnamu, da bo mogoče uspešnejše nastopiti proti rdečim stalnim vojaškim oddelkom, tem v Južnem Vietnamu in onim, ki silijo vanj od časa do časa iz Laosa, Kambodže in skozi demilitarizirano cono, pa tudi boljše varovati naselja pred rdečimi napadi.

Ameriška javnost je začela v dosedanji način vojskovanja v Vietnamu izgubljati vero; vedno več je takih, ki pritrjujejo misli, da z vojaškimi sredstvi ne bo mogoče priti do cilja, da je možno neodvisnost Južnega Vietnama doseči le s pogodbo s Hanoiem, Peipingom in Moskvom.

Da bi prišlo do razgovorov z rdečimi o tem, je vedno več takih, ki se zavzemajo za končanje letalskih napadov na Severni Vietnam in celo za ustavitve vseh ofenzivnih akcij tudi v samem Južnem Vietnamu. Tak predlog sta stavila zadnje dni sen. Mansfield in sen. Cooper. Celo sen. Frank J. Lausche iz Ohia, ki je skozi vso vojno podpiral trdno vladno stališče v vojni v Vietnamu, se je sedaj zavzel za končanje letalskih napadov na Severni Vietnam. Če že

to ne bo privedlo do pogajanj z rdečimi, bo vsaj pomagalo doseči edinost javnega mnenja doma, je utemeljeval F. J. Lausche svoj poziv.

Škof Fulton J. Sheen iz Rochestra v New Yorku, ki ga pozna vsa dežela zaradi njegovih govorov na televiziji, je predsednika Johnsona naravnost pozval, naj "v imenu Boga, ki nam je ukazal ljubiti svojega bližnjega z vsem svojim srcem ... takoj umakne vse naše oborožene sile iz Južnega Vietnama."

Glavni tajnik ZN Tant je zadnjič izjavil kvekerjem v Greensboro, N.C., da vojna v Vietnamu ni boj proti rdeči napadalnosti, ampak je to boj Vietnamcev za neodvisnost proti tujcem, predvsem sedaj proti Amerikancem ...

Predsednik L. B. Johnson in njegova vlada sta prepričana, da je vojskovanje v Južnem Vietnamu boj s komunistično osvajalnostjo, ki se ji je treba ustaviti, če naj bo varen svet in naša lastna dežela. To stališče odločno podpirajo tudi Tajska, Južna Koreja, Malaja, Velika Britanija in zlasti Avstralija in Nova Zelandija, toda vso težo bojevanja prepuščajo le Ameriki.

Vsi bi radi vojno končali z razgovori, posebno sami Južni Vietnamci, zato tudi vsi predsedniški kandidati razgovore z rdečimi obljublajo, če bodo zmagali. O razgovorih po volitvah v Južnem Vietnamu govore tudi v Washingtonu, toda nihče ne ve, kaj imajo rdeči trenutno v mislih. Morda so prišli do spoznanja, da svojega cilja s silo ne morejo doseči in se bodo odločili za njegovo odložitve. Če tega Hanoi ne bo storil, ne preostane naši deželi nič drugega, kot boj nadaljevati. Zdi se, da tako v Pentagonu kot v Beli hiši s tem računajo. Konec vojskovanja v Vietnamu še ni tik za oglom kljub vsemu govorjenju o razgovorih zanj.

BESEDA IZ NARODA

Zveza slovenskih duhovnikov za Slovenik

NASHWAUK, Minn. — Zveza slovenskih duhovnikov v Ameriki in Kanadi je imela svoj redni občni zbor v Lemontu 11. in 12. julija. Zbralo se je 21 slovenskih duhovnikov iz vseh delov Amerike. Za to priliko je prišel v Lemont tudi vrhovni direktor slovenskih dušnih pastirjev msgr. I. Kunstelj iz Londona. Sestanka se je udeležil tudi častni član Zveze msgr. Lojze Baznik, župnik cerkve sv. Vida v Clevelandu, ki je zastopnik vseh treh slovenskih škofov v Ameriki za Slovenski zavod v Rimu.

Poleg drugih perečih problemov smo obravnavali tudi vprašanje Slovenskega zavoda v Rimu. Zveza se je soglasno odločila, da to akcijo slovenskih škofov z vso silo podpre moralno in finančno. Do zdaj je bilo še veliko negotovosti in pomislekov, ki so nam narekovali opreznost. Po vseh informacijah, ki jih imamo na razpolago, pa vidimo, da je zamisel realna, da so delni uspehi že doseženi in je izpeljava načrta dosegljiva.

Akcija za Slovenik je zavzela tako široke dimenzije med našim narodom, da jo je nemogoče ubiti; lahko bi se dobili tu in tam posamezniki ali manjše skupine, ki bi zamislili nasprotovale. S svojim ozkim in negativnim stališčem bi mogli stvari škoditi in akcijo zavleči, otežkočiti delo večini, toda akcije same ne bodo mogli zatreti.

Zveza duhovnikov uvideva potrebo, da si Slovenci v Rimu postavimo svojo ustanovo, ki bo služila naši Cerkvi doma in v zamejstvu skozi dolga desetletja. Tu se bodo izobraževali slovenski duhovniki v nadaljnjih študijah iz vseh treh slovenskih škofij in iz vrst emigrantov. Uspesabljali se bodo, da bodo učitelji in vzgojitelji duhovskega naraščaja. S svojim vplivom in izobrazbo in zvezami bodo držali narod trden v veri in zvest Cerkvi.

V Rimu si hočemo postaviti Slovenci svoj osrednji dom, kjer se bo naš človek res lahko počutil doma, ko se bo mudil v večnem mestu. S to ustanovo bomo kot enakopravni vrstniki stopili ob druge narode, ki so si že zgradili v Rimu svoje duhovne centre.

Jasno nam je, da bomo večji del finančnega bremena morali prevzeti Slovenci, ki živimo v Ameriki, čeprav je to vse-slovenska akcija in skromni darovi prihajajo tudi iz drugih kontinentov, kjer žive naši ljudje. Slovenski škofje so se odrekli za tri leta vsaki drugi nabirki

v Ameriki. Vsi naši darovi naj se osredotočijo v akcijo za Slovenik — skozi prihodnja tri leta. Leta 1970, tako trdno upamo, bo Slovenski zavod v Rimu dograjen. Stroški so preračunani na okrog 200,000 dolarjev. Številka se zdi dokaj realistična in res dosegljiva če pokažemo vsaj malo dobre volje in požrtvovalnosti.

Zveza slovenskih duhovnikov bo pri akciji pomagala z vso silo moralno, organizatorno in finančno. V ta namen je bil na sestanku v Lemontu izvoljen poseben odbor: poleg odbornikov Zveze (Fr. J. Dolšina - preds., Fr. J. Vovk - podpreds., Fr. J. Suštaršič - tajnik, Fr. J. Vogrčin - blagajnik) so bili izvoljeni še: Fr. Ivan Lavrih, Fr. Emil Hodnik, Fr. France Gaber. Vsi ti bodo pod vodstvom zastopnika slovenskih škofov msgr. Baznika načrtno delali, da se naš cilj uresniči.

Podrobni načrt za zbiranje in organizacijo dela bo moral izdelati centralni odbor, ki naj potem organizira podobore po posameznih slovenskih naselbinah. Vse delo bo koordiniral in vodil zastopnik škofov msgr. L. Baznik.

Zavod naj bi bil po zamisli naših škofov s pomenik naše hvaležnosti za dar vere, ki smo jo Slovenci sprejeli pred 1200 leti. Naj bi bil tudi spomenik naše trdne vere in zvestobe Kristusovi Cerkvi. Končno bo to tudi spomenik naše narodne zavednosti.

predsed. Zveze SDAK

Vabilo na belokranjski piknik

CLEVELAND, O. — Dragi prijatelji in znanci Belokranjcev! Spet je leto naokrog, odkar smo lani priredili prvi belokranjski piknik s pestro kmečko belokranjsko semiško ohceto. Se še spominjate pozornost vzbujajoče tete iz Amerike, lepe neveste in ženina, svatov, starešine in mešetarjev na šrangji? Bilo je lepo, ali ne? Tudi letos pripravljamo, ampak čisto nekaj drugega. Veseli bomo in vas prisrčno vabimo, da nas pridete pogledat tudi letos na Slov. pristavo 20. avgusta. Sam program se bo pričel ob 4. uri popoldan. Skupaj z nami se boste zabavali in veselili ter preživeli lep dan v naravi.

Prikazali vam bomo v vsej lepoti in pestrosti nekaj zgodovine naše, nam tako drage Bele Krajine. V pripravo piknika in posebno še programa, ki ga boste videli, je bilo vloženo veliko dela, ogromno požrtvovalnosti in potrpljenja. Ali z veliko dobre volje, razumevanja med nami in z veliko ljubeznijo do naših krajev smo naredili in se naučili, kar boste videli. Upamo, da boste zadovoljni z našim izvajanjem slik in plesa iz zgodovine naših pradedov. Če bo sreča in zdravje, vam bomo prikazovali iz leta v leto ples in običaje, ki so jih delali in plesali iz stoletja v stoletje naši predniki.

Mnogi od vas, dragi prijatelji, niste vedeli za delček slovenske zemljice, ki se ji pravi Bela Krajina. Leži na jugu Slovenije, je obkrožena od 3 strani od sosedih Hrvaške. Samo en del meji na ostalo Slovenijo. Temu je tudi vzrok, da je toliko mešanica hrvaških besed s slovenskimi. Poglejmo si jo po prirodnosti in sliki. Ko se pripeljete od Novega mesta skozi semiški tunel, se vam odpre zelena dolina pred očmi. Najprej vas v Semiču po-

zdravijo lepe vinske gorice in bele zidanice. Ko vas vlak vozi naprej, vas spremljajo lepi zeleni travniki, prostorni stelnjiki s ponosnimi belimi brezami, katere so belokranjsko narodno drevo. Pozdravljajo vas lepa polja, z rastočo koruzo ali po naše debelačo, ponekod je še opaziti krasno cvetoči plavi lan, iz katerega so delali vsa oblčila in iz katerega so napravljene naše lepe bele narodne noše. V soncu valove krasna pšenična polja, na samem obronku Bele Krajine se pa vije reka Kolpa, katere je tudi meja s Hrvaško.

Belokranjsko ljudstvo je po naravi mehko in po srcu dobro. Imamo svoja narečja, katerih se ne sramujemo. Naša majhna deželica je dala tudi nekaj velikih mož, ki bodo svojim krajem vedno v ponos. Na primer veliki poet Oton Župančič, kateri je izmed mnogih poezij spesnil znano, posebno za nas izseljenca tako pomembno "Dumo", potem Engelbert Gangel, ki je bil doma iz Metlike. Pisal je povesti in črtice, med njimi je znana povest "Veliki trgovec". Malizic je spisal knjigo "Bela roža na zelenem polju". Imamo tudi nekaj velikih dušnih pastirjev. Dva znana škofa, ki sta že med pokojnimi v Ameriki, sta Vrtin in Janez Stariha. Tudi veliki škof Baraga je preživel nekaj svojih let kot kaplan v Metliki, od koder je odšel v Ameriko, tudi on je v svojem srcu odnesel med ameriške Indijance košček naše lepe dežele. Tudi po končani vojni se je lepo število Belokranjcev predstavilo in ponosilo v svet veliko ljubezen v besedi, črki in pesmi, našo Belo Krajino. Ena od teh je znana Metličanka, radijska pevska Ivanka Kraševac. Saj bi jih še lahko naštevale, ker jih še je, toda priamkuje papirja in prostora v časopisu. To je samo v kratki obliki opis naših krajev in velikih ljudi, ki smo in bomo vedno ponosni na nje. Slika teh krajev je vedno z nami.

Naj se povrnem k našemu pikniku. Letos vam bomo prikazali to, kar je malokdo videl. To že veste, da so naše narodne noše povsem bele. Blago za izdelavo teh oblek so naši predniki delali sami doma. Prvo stopnjo dela in iz česa je delano blago, vam bomo letos prikazali na našem pikniku 20. avgusta na Slov. pristavi v Zenevi. Zraven tega boste slišali in videli eno kolo iz davnih časov belokranjskega ljudstva in njihovih obredov.

Zato, dragi naši prijatelji, pripeljite svoje prijatelje in njih prijatelje. Ne bo vam žal, užili boste lep dan med Belokranjci. Za lačne je vse poskrbljeno, za žejne še vprašati ni treba, tudi na naše ta male ne smemo pozabiti, da si ohladijo tople jezičke v mrzlem sladoledu. Torej pridite vsi, ki hočete videti in slišati lepo zgodovino naše, nadvse ljubljene BELE KRAJINE.

Glas iz Loraina

LORAIN, O. — Čas beži, čim starejši smo, tem hitrejši se nam zdi njegov tek. Naša pot gre h kraju, ko so se drugi nanjo šele podali. Tako smo 1. avgusta zvedeli, da se je rodil Mr. in Mrs. Louis Bajuku, ki sta preje živela na 1871 E. 32 St., pa se kasneje preselila na 947 Middle Ridge, Amherst, kjer sta kupila hišo, sinko. Zakonca imata tudi že 13 let staro hčerko, ki je svojega bratca izredno vesela. Ponosna sta tudi stari oče in stara mati John in Mary Grm. Iskrene čestitke vsem!

Iz Kanade sta prišla na obisk Mr. in Mrs. Michael Rutar k svojima ožjima rojakoma iz starega kraja Mr. in Mrs. John Grm. Obiskala sta ob tej priložnosti tudi druge prijatelje in znance. Ob takihle obiskih se imamo vedno veliko pomeniti. Pred nas prihajajo spomini iz mladih let, ki smo jih preživeli

v starem kraju in kasneje v tej deželi.

Vsem prisrčne pozdrave!

Črpanje petroleja

GULFPORT, Miss. — Petrolejski vrelci v državi Mississippi dajejo dnevno okoli 100,000 sodov olja.

Nekaj o smehu

Pravilo je: med resnimi ljudmi bodimo resni, med veselimi veseli.

Pravila lepega vedenja ne dovoljujejo glasnega smeha. Marsikdo bo oporekal: "Če je pa tako smešno, le kako naj se smeha držim?" Res je težko, smeh je nalezljiv kakor zehanje.

Moškemu glasnega smeha ne zamerimo, vsaj tako ne kakor ženski. Po pravilih lepega vedenja bi se ženska ne smela glasno smejati. Vendar ji pa kdaj pa kdaj še tako malenkostna družba ne bo štetla v zlo, če bo v prijetni sproščenosti nekoliko glasneje in svojim letom primerno dala duška svojemu veselju. Če je značaj smeha res prijeten in lep, bo veliko pripomogel k še prijetnejšemu razpoloženju v družbi.

Kakor je značaj govorice pri različnih ljudeh različen, tako tudi smeh. V nasmehu in v smehu je več duše kakor v besedi. Zato umetniki, slikarji iščejo modele z naravnim, sproščenim nasmehom, ki naj bi dal resničen, poglobljen izraz, dušo njihovi umetni. Otrokov nasme, materin nasme! Ni treba besed, pa se s smehljajem sporazumeta. Odpuščenja ni treba prositi. Prisrčen, zaupen nasme prosi.

Smeh pa tudi lahko žali in globlje useka kakor beseda. Skodoželjen smeh in krohot! Sovražen, maščevalen smeh! Bolj nas ga je strah kakor besede. Za njim čutimo več hudobne duše, kakor za grozečimi besedami, ki so več ali manj sad grdih ust.

Imamo tudi brezdušen smeh, smeh bolnega, razočaranega človeka, smeh beččka, smeh duševno bolnih ljudi. O, v smehu je zares veliko naše duše, smeh nas izdaja bolj kakor beseda, in smeh kaže srčno kulturo bolj kakor si moremo misliti.

Gospodinjske olajšave

Če veliko hodite v trgovine ali na trg, vam bo priročni kovinski voziček olajšal breme, ki ga često nosite v rokah ali nakupovalnih vrečah.

Pri pomivanju posode vam bo prišel prav plastični očejanik za porcelan in pribor, zlasti pa vam bodo olajšale to neljubo delo trde ščetke, ki vam bodo tudi obvarovale roke in nohte.

In končno boste z jedilne mize lahko pometle z majhno metlico in smetišnico vse krušne drobtine, ki so se nabrale na njej med obedom.

Fina juha — pol kosila

V slani vodi skuhamo narezan korenček, peteršiljevo korenino, malo cvetače in malo zelene. Na masti, maslu ali olju prepražimo sesekljano čebulo in na majhne koščke narezano teletino, svinjino ali kurjo drobovino in pest gob.

Ko je meso mehko, zapražimo z moko, dodamo kuhano zelenjavo in zalijemo z vodo, v kateri se je kuhala zelenjava. Juho po okusu osolimo in popopravimo.

Zgodovinski dan v Milwaukeeju

MILWAUKEE, Wis. — V nedeljo, 20. avgusta, bo v Milwaukeeju za Slovence važen in pomemben dan, kajti to nedeljo bo društvo Triglav v svojem Parku blagoslovilo skromno spominsko kapelico v spomin vsem žrtvam komunistične revolucije v Sloveniji med drugo svetovno vojno. Kapelica je dograjena po načrtu arhitekta g. Dušana Svetliča. Poleg drugih so se zelo trudili pri gradnji člani: Jože Ornik, Franc Rozina, Karol Dovnik in Jože Smolič.

Slovesnost se bo začela s kratkim programom ob 11.30, nakar bo sledila sv. maša. Tisti, ki imajo narodne noše, so prošeni, da jih oblečejo, kar bo slovesnost še bolj povzdignilo.

Takoj po kosilu se bodo začele tekme v odbojki, namiznem tenisu in obročkanju. Po zaslugi g. inž. Jožeta Rusa so se organizirali v Chicagu fantje in dekleta in se prvič pomerili s Triglavom že leta 1965. Torej letos bo že tretje tako srečanje in če bo le mogoče, bomo nadaljevali s temi srečanji vsako leto. Tekmuje se za predhodni pokal. Prvo leto so zmagali fantje in dekleta Triglava nad Chicagom. Lansko leto so pa fantje Chicaga pokazali velik napredek in odnesli pokal s seboj z zmago nad Triglavom. Pokal, ki so si ga priborila dekleta Triglava prvo leto, pa je ostal v Milwaukeeju tudi lansko leto. Za letos se vsi pridno pripravljajo in eni kot drugi obljublajo zmago. Kdo bo boljši, bo pa odločil še iz Ljubljane poznani zvezni sodnik g. Rajko Safosnik iz Waukegana, ki bo sodil tekme. Torej vsem tistim, ki se zanimajo za šport, se obeta lep užitek.

Po tekmah se bodo mladina in stari zavrteli ob zvokih orkestra "Tivoli" iz Chicaga in nam vsem bo ob prijetni družbi in hladni pijači minil popoldan.

Ne pozabite na nedeljo, 20. avgusta! Park Triglav vas pričakuje v velikem številu.

Sokolstvo

NEW YORK, N.Y. — V dveh obsežnih člankih je neki udeleženec sokolskih dni v Montrealu pod imenom "Goričan" opisal v AD prireditve v Montrealu, potem pa razpravljal o sokolstvu na splošno. Govori o ustanovitvi lju Tyršu, o češkem, poljskem, slovaškem in jugoslovanskem Sokolu, pa se dotakne tudi svetovno-nazorne smeri Tyrševega sokolstva in trdi, da sokolstvo ni protiverska organizacija, pač pa se drži načela "brat je mio, koje vere bio". Pravi tudi, da Sokol izbral pot demokracije in je sovražnik vsakemu totalitarističnemu pokretu.

Najprej je treba jasno povedati, da Tyrševo sokolstvo ni samo telovadna, ampak tudi duhovno-vzgojna organizacija, češar g. Goričan ne taji, a očitvidno pripisuje temu le bolj obrobno važnost. Vendar je prav svetovno-nazorni vzgojni sistem Tyrševega pokreta sporna točka, ker vsebuje življenjsko filozofijo, ki je v nasprotju z nekaterimi nauki vere in Cerkve. Do kolike mere Tyrševa protiverska filozofija pride do veljave, je odvisno od aplikacije in poudarka Tyrševih nauk pri sokolskih pokreth pri posameznih narodih. Ni objektivno in pravilno zmetati v en koš češkega in jugoslovanskega Sokola na eni strani s slovaškim in poljskim Sokolom na drugi. Slednji dve sokolski gibanji nosita sicer ime Tyrševe izvirne in v telesnovzgojnem oziru visokovredne ideje ter se poslužujeta njegovega organizacijskega in telesno-kulturnega sistema v polnem obsegu, ne pa njegove filozofije na duhovno-umskem formiranju mladega človeka. Na ta način, recimo, slovaški Sokol ni v nobenem oziru v opreki z na-

ukom vere in ne očituje nika-kega antagonizma do Cerkve.

Kaj takega ni mogoče reči o jugoslovanskem Sokolu, kakor se je udeleževal v predvojni Sloveniji. Dosledno in s poudarkom je uveljavljal poleg fizičnega treniranja tudi ideološke in svetovno-nazorne nauke ustanovitelja Tyrša, ki se ne sklada-jo z verskim mišljenjem slovenskega človeka, kateri hoče o-stati zvest svojemu verskemu prepričanju. Posledica je bila, če ne kaj več, vsaj verski indiferentizem in mlačnost, ki se ra-da sprevržeta v veri zelo škodljivo neprijateljsko razpoloženje do Cerkve in njenih življenjskih norm. Večkrat se je dogajalo, da so bila sokolska zborovanja in telovadni nastopi postavljeni v tak čas, da je bilo udeležencem onemogočeno udeležiti se nedeljske službe božje, kar je gotovo akt protiverskega značaja. Razmerje Sokola v Sloveniji do Cerkve in njenega udeležanja idejnih nasprotnikov je ta in oni med nami trdo občutil na lastni koži.

Glede demokracije in sovražnosti jugoslovanskega Sokola vsakemu totalitarističnemu pokretu bi bilo ugotoviti, da je Sokol od Aleksandrove diktature l. 1929 dalje na tem polju klaverno odpovedal. Ko je politično nasilje v Jugoslaviji razpuščalo telovadne in športne organizacije, ki mu niso bile po volji; ko je diktatorski režim uničeval kulturna in prosvetna društva, se mu je jugoslovanski Sokol udinjal kot edina dovoljena in državno podpirana telovadna in vzgojna organizacija ter tako aktivno sodeloval pri zatiranju demokracije, vzdrževanju totalitarne diktature, in oreganjanju njenih nasprotnikov.

Jedro teh dogodkov ni bilo na površju, marveč v globini. Sokol se je aktivno angažiral pri nasilnem uvajanju nacionalne integracije, kar bi pomenilo pod policijskim pritiskom u to piti slovenski narod in njegovo stoletno kulturo v neko namišljeno jugoslovanstvo. Ogromna večina slovenskega naroda se je takemu procesu uprla tačas in ga vidno odklanja tudi v novi, komunistični verziji sedanjega časa. Sodelovanje Sokola v Sloveniji pri uvajanju nasilnega jugoslovanskega narodnega edinstva ga je spravilo v nasprotje s slovenskimi narodnimi koristmi in ni znano, da bi bil Sokol v Sloveniji to svoje stališče iz tiste dobe kdaj javno korigiral.

Poslanec G. Voinovich poroča iz Columbusa

COLUMBUS, O. — Senatni odbor je odobril zakonski predlog o odstranjevanju zapuščenih starih avtomobilov, vrednih izpod \$200, in ga poslal v odobritev plenumu. Zakonski predlog je izdelal poslanec G. V. Voinovich in ga predložil v poslanski zbornici. Sen. W. Taft je isti predlog stavil kot sopredlagatelj v senatu.

Zakonski predlog je podoben mestni odredbi Clevelanda o odstranjevanju zapuščenih avtomobilov. Če bo odobren, bo mogoče stare zapuščene avtomobile ocenjene izpod \$200, prodati že v 30, namesto v 60 dneh.

Kongoški Čombe postal najdražje politično blago

LONDON, Ang. — Londonski diplomatski krogi mislijo, da je Čombe postal trenutno najdražje politično blago na diplomatskih borzoh. Baje je sam diktator Mobutu iz Konga sodeloval pri ugrabljenju, toda načrt so zadnji trenutek pokvarili udeleženci iz Alžirije. Tako je bil Čombejet jet v Alžirju in ne v Kongu.

Boumedienne je pa postavil

izredno visoko politično ceno za Čombeja. Da izroči Čombeja Mobutuju, mora Kongo pristati:

1.) na popoln diplomatski prelom med Kongom in Izraelom. Kongo mora pretrgati diplomatske stike z izraelsko vlado, mora poslati domov izraelske strokovnjake, ki vežbajo kongoške padalce.

2.) Kongo mora svojo zunanjo politiko preusmeriti na splošno linijo ostalih afriških levčarskih republik, odpovedati se mora torej prijateljstvu z Ameriko, Anglijo itd.

3.) Kongoška vlada mora pomilostiti vse levčarje, ki so bili obsojeni radi udeležbe pri znanem krvavem uporu v Stanleyvillu l. 1964. Dovoliti mora tudi svobodno vrnitev vseh gverilcev, ki so se svoj čas borili proti centralnim vladam v Kinshashi.

V Londonu mislijo, da Mobutu ne bo pristal na Boumediennove zahteve, ker bi s tem pripravljali samemu sebi političen samomor.

Kdo naj financira graditev letališč?

NEW YORK, N.Y. — Skozi naša letališča bo šlo letos kmalu nad 100 milijonov potnikov, do l. 1970 jih bo šlo še enkrat toliko, pa že sedaj so letališča prenatrpana s prometom. Zato federalna vlada misli na vprašanje, odkod vzeti denar za nova letališča. Obstojata v glavnem dva načrta:

Federalni tajnik za promet Boyd zagovarja davek na letalske vozovnice, morda dolar ali dva na vsako vozovnico. Tako bi federacija dobila do \$250 milijonov na leto, to je pa kar čedna vsota denarja, ki se z njo da marsikaj ustvariti, kar bo tudi potrebno. Računi namreč kažejo da bo treba v letališča investirati do l. 1970 nad \$3 bilijone do l. 1975 pa \$6 bilijonov.

Drugi načrt pa misli na federalno agencijo, ki bi imela pravico, da prodaja obveznice s federalnim jamstvom, izkupiček pa investira v letališča, torej isti postopek, ki ga poznamo pri narodnih avtomobilskih cestah.

Letališča so za prvi načrt, no-

čejo namreč, da bi federacija kar naravnost investirala po svoji agenciji v letališča.

Zadeva je ravno sedaj predmet živahnih raziskav v federalni administraciji, kmalu se bo pa z njo pečal tudi Kongres.

Clevelandski demokratje razklani na bele in črne

CLEVELAND, O. — Okrajni demokratski voditelj Porter je odredil, da črnski županski kandidat Stokes ne sme govoriti na uradnih demokratskih shodih in sestankih. Porter se med drugim sklicuje na to, da Stokes ni redno plačeval svojih prispevkov v demokratsko blagajno. Formalno ima Porter prav, politično pa najbrže ne. Je namreč izredno veliko demokratskih veljakov, ki so v tem pogledu iste vrste grešniki kot Stokes. To pa ni važno; važno je, da se je radi Porterjevega stališča cleveland-ska demokratska stranka razbila na belo in črno strujo. Ako namreč Stokes ne sme govoriti na uradnih belih demokratskih shodih, jih gotovo ne bodo obiskovali črni clevelandski demokratje, še manj bodo pa pri primarnih volitvah glasovali za Locherja.

Da še bolj razjezi črne demokratje, je Porter dovolil belemu županskemu kandidatu Celesteju udeležbo na uradnih shodih, akoravno ni uradni županski kandidat. Tudi to bodo črni volivci smatrali za politično klofuto. Radovedni smo, kako se bo Locher počutil v tej nenavadni politični situaciji v demokratski stranki.

Drugače je pa med demokrati kar dosti politične živahnosti. Stokes in Celeste ne varčujeta z napadi na Locherjev režim na magistratu. V tem pogledu jih ne dohiteva niti republikanski županski kandidat Taft.

Napačna številka

Ko je odrasčajoča hčerka po pol ure odložila slušalko družinskega telefona, jo je nejevoljni oče vprašal:

Običajno govoriš po dve uri, kaj je krivo, da si bila tokrat tako kratka?

"Napačna številka," je odgovorila hčerka.

ČEZ STENO

SPISAL IVAN BUCER

No, pa to so tako splošne lastnosti njenega spola."

"Ali ti ugaja?"

Vzkliknil je in v očeh mu je zasijalo: "Če mi ugaja? Janez, saj vendar... vendar..." Umolknil je. Blesk je ugasnil v očeh, zresnil se je. Janez je napeto čakal. Tedaj je brat mirno končal z drugim stavkom: "No, seveda mi ugaja. Tebi ni ugajala?"

Obrnil se je vstran: "O, precej."

Umolknila sta za trenotek. Nato je Janez pospravil nahrbtnik.

"Vpiši se. Morava oditi, ker do Erjavčeve koče je še daleč."

Potegnili je knjigo iz skrinjice ter se vpisal. Nato jo je dal bratu...

Navzdol sta se hitro spuščala. Janez je hitel spredaj. Ni dosti gledal na pot. Mozgal je bratove besede. Sicer so bile brezpomembne, toda naglas, pogled, izraz — to ga je izdalo.

Bil si je na jasnem, da jo Pavle ljubi.

Bil si je na jasnem, da jo ljubi tudi sam...

Prišla sta do Vrat. Tu se je Janez ustavil in se obrnil k Pavletu:

"Vzemi iz nahrbtnika vrvi!"

"Zakaj?"

"Boš že videl. Naveževa se, da bova hitreje v dolini."

Pavle je odvezal nahrbtnik, izvlekel vrv in jo podal Janezu. Ta jo je razmotal in vrgel konec bratu:

"Naveži se!"

Napravila sta vsak na svojem koncu zanko in zlezla vanjo. Ozebnik je bil kakor sovražnik in grožnja, temno je izginjal v globino. Med steno in snegom, ki se je motno bleščal, je zevala široka in globoka razpoka.

Janez je stopil nekaj korakov navzdol in zabil cepin globoko v sneg. Nato je ovil vrv okoli ročaja.

"Tako. Zdaj se boš lepo za-

peljal navzdol za vso dolžino vrvi. Ko se ustaviš, zabij cepin in ovij vrv prav tako, kot zdaj jaz, da se pripeljem za teboj. Jaz bom seveda zdrsnil za dva raztežaja vrvi. Torej le junaško naprej!"

Pavleta je malo streslo, ko je pogledal v globino. Vendar je stisnil zobe, naslonil se je s cepinom nazaj in zdrsnil. Svignil je mimo Janeza in sprva se mu je zdelo prijetno. Toda brzina je na gladki strmini naraščala, da je pričel na vse kriplje zavirati. Izpod pet je frčal sneg visoko čez njegovo glavo. Med vožnjo je obrnil cepin in zaril oklo v led. Malo da ga ni vrglo iz ravnotežja. Sneg se je zaprašil in mu padel za vrat. Tedaj ga je okoli prsi nemilo stisnilo, spodneslo ga je in na mestu je obsedel.

Vrv je potekla in ga obdržala. Komaj se je skobacal pokonci in začel zabijati cepin v led. Zgoraj se je ledena strmina ostro končavala na nebu. Janeza ni bilo videti.

Tedaj je zaklical od zgoraj: "Nared?"

Delal je z mrzlično naglico. Bil je razburjen od vožnje. Dopršil je:

"Storjeno! Naprej!"

Dozdaj skoraj napeta vrv se je zrahljala, skrotovila se, zvižala. Zgoraj se je pokazal siv oblak snega, iz katerega se je razločila temna Janezova postava. Bliskovito se je bližal v sredi pažnji, že je razločil ojeklenele poteze na njegovem obrazu. Ko je švignil mimo, je kratko zavriskal. Pavle se je urno uprl s hrbtom ob cepin, z rokami je trdno poprijel za vrv in se zaskal s petama v led. A vrv mu je zletela iz rok, udarila ga v ramo in cepin se je nagnil. Janez je bil spodaj in obstal. Zaklical je navzgor:

"Sijajno! Takoj pripravim zate!"

Tedaj je v steni Jalovca zaropotalo. Ozrl se je kvišku. Kamenje! Pavle je videl Janeza, kako se je kot mačka poganjal k steni, da bi se kril. Toda kamenje je že sredi med bratoma udarilo ob led, zasikalo je navzdol, Janez je kriknil in omahnil z glavo naprej. Mirno je obvisel na vrvi, ki se je togo napela. Ni se genil.

Pavletu se je zameglilo. Moral se je oprijeti cepina in sesti na mrzli led. Obraz je skril v roke.

Misli so se mu pod temno grozo razblinile. Ničesar ni mogel. Ni vedel, koliko časa je nepremično sedel. V glavi mu je šumelo. Pred očmi so mu plesale iskre. S silno voljo duha se je skušal zbrati. Misel mu je začela delovati. Tresel se je. Planilo mu je v glavo: "Morda pa že stoji in se mi smeji?"

Pogledal je.

Janez leži negibno na obrazu, roka, na kateri visi ozankani cepin, mu tišči naprej.

Mrtev? O Bog, ne, ne!

"Janez! Janez!"

Krik reže po mračnem in tesnem Ozebniku ter zažre v okameneli tišini.

"Janez! Janez!"

Grozen je molk gora.

Pavle zbere vse svoje sile. Cepin uravna in ga trdneje pričvrsti. Ob vrvi se polagoma spušča navzdol. Vid mu jemljejo solze, ki silijo v oči; noge mu drhtijo, srce mu reže ostra bolečina.

Pritaval je do brata. Ležal je na obrazu, z glavo navzdol. Lisa krvi je topila led.

Obrnil ga je in naravnal v boljše lego. Z roko mu je snel cepin in ga započil poleg sebe.

Pokleknil je kraj njega. Levi rokav srajce je bil raztrgan. Pod njim je zevala rana. Lase je močila kri, ki je tekla s čela.

Pavle je prisluhnul. Rahlo di-

hanje! Srce bije!

"Živi! Janez, živiš?"

Nora radost ga je prevzela, da bi ga objel in prižel nase. Vilo mu je moči in poguma.

Vzel je njegov cepin in si izsekal trdne stopnice k steni, kjer je bil v razpoki med ledom in pečjo suh prostor. Vrnil se je in nežno dvignil Janeza v naročje. Snel mu je zanko. Nato ga je z muko, a varno nesel k steni. Ko ga je polagal na tla, se je ranjencu izvil težek vzdih. Odprl je oči.

"Janez!" Pavle bi ponorel od veselja. "Samo da si živ! Ali boli?"

Rahlo je odkimal in zaprl oči.

Pavle je pograbil cepin, nako-pal čistega snega in hitel z njim k bratu. Z rokami in z dihom je topil sneg ter izpiral kri.

Mraz je ugodno vplival. Ranjenec je pogledal in se nas-

mehnil:

"Saj ni hudega! Majhne praskke, nič več. Saj lahko vstanem."

Hotel se je dvigniti, pa ga je Pavle potisnil nazaj.

"Ne! Počakaj, da izmijem kri."

Brisal je le kri, rane same se ni upal dotekniti. Izkazalo se je, da na srečo ni tako hudo, kot se je zdelo. Kljub temu je Pavle skrbel in izpiral in v duši mu je pelo.

Janez je sedel in se naslonil s hrbtom ob steno.

"Vidiš, samo malo mi še zveni po glavi, nič več."

"Ali boli?"

"Kaj bo bolelo! Preglej še roko nad komolcem!" Krčil je prste in zgibal v komolcu. Kosti so cele!

"Samo oplazilo me je. Kmalu bo dobro."

Brat mu je izpral še kri na

rokah in ga za silo obvezal.

"Tako, zdaj se pa skoraj bolje počutim kot pred to smolo," se je smejal.

Pavle ga je samo po strani pogledal:

"Imenuješ to reč smolo?"

"Kaj pa! Ali res ne verjameš, da mi nič ni?" Vstal je, pa se je malo zazibal. Precej se mu je še motalo po glavi. "Poglej, Pavle!" Poskusil je zavriskati, a se mu ni posrečilo.

NAZNANILO IN ZAHVALA

V globoki žalosti naznanjamo, da je dne 12. julija 1967 v Gospodu preminul naš ljubljani soprog predobri oče in stari oče

Martin Mencin

Pokojni je bil rojen dne 16. avgusta 1880 v Škocjanu na Dolenjskem, Slovenija, Jugoslavija. V Ameriko je prišel leta 1913 in je od tedaj živel stalno v Cleveland, Ohio.

Pokopali smo ga dne 15. julija 1967 na pokopališču Kalvarija. Pogrebno priprave je oskrbel Zakraskov pogrebni zavod na St. Clair Ave. Tam je blagoslovil truplo in molil začetne pogrebne molitve častiti gospod Štefan Falež. Potem smo preneli pokojnika v pogrebni sprevedu v cerkev sv. Vida, kjer je prečastiti gospod prelat Louis B. Baznik daroval slovesno pogrebno sv. maso. Iz cerkve je spreved odšel na pokopališče, kjer smo po molitvi položili zemске ostanke k poslednjemu počitku.

Naj prejmejo našo iskreno zahvalo prečastiti gospod prelat Baznik za daritev sv. mase, spremstvo na pokopališče in za molitve ob grobu, častiti gospod Štefan Falež za molitve v pogrebni zavodu, posebno pa častiti gospod Viktor Cimperman za obiske pri pokojnem v času boleznih in oslabelosti. Ob prvih petkih mu je podeljeval sv. zakramente in prinašal Najsvetejše, dan pred smrtjo pa mu je še podelil sveto poslednje maziljenje.

Prav lepo se zahvalimo Zakraskovemu pogrebni zavodu, da nam je izvrstno uredil pogrebne priprave in vodil spreved. Enako smo hvaležni lastnikom restavracije Al & George na St. Clair Ave., kjer so udeleženci dobili okrepčilo po pogrebu. Hvala jim za prav dobro postrežbo.

Prisrčno hvaležni smo članom Marijine Legije pri Sv. Vidu, ki so ob krsti molili skupni sv. rožni venec za pokojnega in članom društva Slovencev ADZ št. 1. za vse, kar so storili, da so počastili pokojnega kot preminulega sočlana. Posebej izrekamo najlepšo zahvalo za ganljiv poslovljeni govor, ki ga je v imenu sočlanov izrekel John Tavcar.

Uslužbenec podjetja Fischer Body se prav lepo zahvalimo za krasen skupni venec, ki so ga poklonili.

Bog plačaj vsem, ki ste darovali za sv. mase, vsem, ki ste poklonili cvetje in vence ter vsem, ki ste dali na razpolago avtomobile za pogrebni spreved.

Prav lepa hvala vsem, ki ste prišli kropiti, vsem, ki ste bili pri sv. masi in zlasti vsem, ki ste spremljali pokojnega do groba. Razposlali smo zahvalne kartice kolikor smo imeli naslove. Če bi pomoloma kdo naše posebne zahvale ne bil dobil, lepo prosimo oprostjenja. Sprejmite, prosimo, tole našo skupno zahvalo, ki jo želimo izreči prav vsem, ki so pokojnemu v zadnjih dneh življenja storili kako dobroto, vsem, ki so zanj molili in ga ob slovesu počastili, vsem, ki so nam ob žalostni ločitvi bili v pomoč in nam izrazili svoje sočutje in sploh vsem, ki ste kakorkoli pripomogli, da so bile pogrebne slovesnosti tako ganljivo lepe.

Ti, o Jezus naš premili,
zlij na dušo Rešajo Kri,
Ti dobrotno se ga usmili,
raj nebeški mu odpri.

Gospod daruj mu mir,
naj večna luč mu sveti,
ker si dobronč vir,
uživa raj naj sveti.

MORNING NEWSPAPER

Summer Dessert Time Is Here

Blushing Top Bavarian owes its creamy-rich taste and texture to double-rich Pet Evaporated Milk. One portion is used to make a gelatin custard base; another portion is whipped and added just before the mold is set. Flaked coconut adds subtle flavor and a "bite" of pleasure, while frozen raspberries "blush" the topping.

Blushing Top Bavarian

1 envelope unflavored gelatin
1/4 cup cold water
3/4 cup sugar
1-2/3 cup Pet Evaporated Milk (1 tall can)
1/2 tsp. salt
3-1/3-oz. can flaked coconut (about 1-1/3 cups)

Soften gelatin in water in a 2-quart saucepan. Add sugar, 1 cup evaporated milk and salt. Cook and stir over medium heat until gelatin is dissolved. Chill. Chill 2/3 cup evaporated milk in ice tray until almost frozen at edges. Put ice-cold milk into cold small bowl of electric mixer (or 1-1/2-quart bowl). Using cold beaters, whip with electric mixer at high speed or with rotary beater until stiff. Beat in coconut and gelatin mixture at low speed, scraping sides of bowl often. Put into six 1/2-cup molds. Chill until firm. Unmold. Top with Blushing Sauce.

Blushing Sauce

two 10-oz. pkgs. frozen raspberries, thawed
1/2 cup sugar
3 Tbsp. corn starch
2 tsp. lemon juice

Drain raspberries, saving syrup. Mix sugar and corn starch in a 2-quart saucepan. Stir in gradually reserved syrup and lemon juice. Cook and stir over medium heat until mixture bubbles. Boil and stir until thick and clear, about 1 minute. Take off heat. Stir in raspberries. Cool. Makes about 2 cups.

Area Scouts Attended World Jamboree

Thirty-three Boy Scouts and Explorers were selected and approved to attend the XII World Jamboree as representatives of the Greater Cleveland Council, Boy Scouts of America, Dexter E. Robinson, Chairman of the Council World Jamboree Committee announced.

The World Jamboree was held at Farragut State Park, Idaho from August 1st to 9th, 1967 — the first time that the Boy Scouts of America has served as host to this type of world wide incampment.

The World Jamboree Scouts were interviewed by the World Jamboree Committee headed by Dexter E. Robinson, President of the World Publishing Company. Serving on the committee were: Earl P. Schneider, Samuel H. Elliott, Ralph Findley, Harry L. Jackson, Alex Miller, Dr. John D. Osmond Jr., and Reuben Hitchcock, Jr.

Three Scouts from the Cleveland Council will hold unique positions at the World Jamboree. Eagle Scout H. W. Birket Givson will serve on the official "Host Corp" which was responsible for making international Scouts and guests feel at home. Each member of the host corps must be able to speak a foreign language and meet people easily, in addition to being familiar with world affairs and customs. Scouts Rick J. Santich and Robert A. Merring participated in a re-enactment of the Boy Scouts first camp held on Brownsea Island, off the English Coast, exactly sixty years ago.

Eight men from the Cleveland Council have also been selected to participate in the World Jamboree as Leaders and Staff Members. Robert L. Untch recently appointed as Regional Deputy Scout Executive of Region IV served on the staff working with arena shows and special events. Serving as leaders of Scouts were: Vito F. Jokubaitis, Allan C. Kukral and Kenneth J. Zielinski, Robert Mike and Frank M. Klaus served in the "Service Corps", while Bruce R. Ente worked in the "Trading Post", and Donald L. Davidson worked at the Waterfront as a swimming and Lifesaving instructor.

Robinson explained in addition to meeting Scout age and rank requirements, the World Jamboree Scouts are proficient in campercraft, have a general knowledge of world conditions and the history of the United States and are able to state clearly the fundamental principles on which the United States was founded.

"Funny Girl" Is Free Play At League Park

The hit Broadway musical "Funny Girl," story of the Ziegfeld star Fanny Brice, will be presented free at League Park, 6601 Lexington Ave., Cleveland, on Sunday, August 13th at 8:00 p.m.

The Production, which opened Wednesday evening at Wiley Jr. High School, is part of the summer fare of the Sunshine Summer Theater. The show is being loaned to the Cleveland Summer Arts Festival for the single performance at League Park, and the production costs are being underwritten by The East Ohio Gas Co.

The Sunshine Summer Playhouse (which formerly convened at Cain Park) has been developing excellent young talent and theater for more than 30 years. During the 1967 season, there are 285 students enrolled in the eight weeks of classes in drama, music, dance and art. There will be six children's plays produced, playing a total of 41 afternoon performances, and four teen-theater musicals playing a total of 32 evening performances.

The Cleveland Summer Arts Festival, which began its 10-week schedule on June 19th, has received national recognition for its program of presenting bands, orchestras, jazz ensembles, light opera, dramatic productions, puppet shows, ballet and modern dance productions in Cleveland parks and playfields.

"Funny Girl" is produced and directed by Jerry Leonard, with choreography by John Beggs and scenic design by Carl Wick. Sharon Beale is musical director and Joan Sennick directs the chorus. Costumer is James R. Essen.

Ronnie Barrett, of WERE's "Grin and Barrett," is a special guest star in the role of Nick Arnstein.

Newsman Baseball Game

A date to remember in August is Sunday, the 13th. That's when the Cleveland area newspaper, radio and TV people take on the press corps of the New York Yankees in a 1 p.m. game preceding the Indian-Yankee clash at 2:15 p.m. The Yankees press lineup includes their announcers Joe Garagiola, Jerry Coleman and Phil Rizzuto — all former big leaguers.

Some of the Cleveland players are: Tom Bruening (AP), Walter Johns (CP) Frank Gliber (WJW-TV), Ted Hallaman (WGAR), Bill Collins (WGAR), Dick Svočoka (UP) and Hank Kozłowski (Lorain Journal).

It will mark the first meeting between the press corps of the two cities. Last year the Cleveland newspapermen played the area radio-TV people.

Phone Jam Results in Sox

Playing for Only 21,000 Boston, Mass. — Telephone communications in and out of Fenway Park came close to a breakdown as the red-hot Red Sox came home for a 12-game stand and ticket orders besieged the club.

Fans tried for hours at a time to get a call through the busy switchboard, and even inter-office calls ran into a log jam.

Oddly, the confusion resulted in a disappointing crowd the first night of the home stand. Only 21,000 showed up after fans were led to believe that the game was a sellout.

Quickly, the Red Sox passed the word that tickets were available. The next game drew 32,403 and a day game on Thursday drew 34,193. A crowd of 33,075 turned out for a Friday night game and then a Saturday two-night double-header attracted 35,469, top Red Sox crowd in 11 years.

F. Robinson Back on Duty;

Baltimore, Md. — In a move that caught everyone by surprise, Frank Robinson returned to the Oriole lineup on July 29 in Cleveland after missing 28 games with an injury.

The 1966 Triple Crown winner singled in four official trips and handled eight chances in left field without mishap.

Ever since he crashed into Chicago's Al Weis and broke up a double play on June 27, Robinson has had fuzzy or double vision when he holds his head in certain positions.

His vision still has not cleared up completely, but he feels it has reached the point where he can play. He admitted after the July 29 game, a 5-3 Oriole win, that he felt "shaky."

While Robinson was out, the Orioles lost 17 of 28 games.

St. Christine's Parishioners Picnic

An annual event sponsored primarily for the parishioners of St. Christine's parish in Euclid, O., and their families is an outdoor picnic with a varied program of entertainment for the young and old.

This year's event will be held on Sunday, August 13, starting at 1:00 p.m. at the American Legion Grounds on Arbor Avenue.

There will be games and contests for all ages, a special feature will be the steer roast, and delicious refreshments of all kinds will be available.

Mindful of the dire need to alleviate some of the suffering of the innocent children, victims of the war in South Viet Nam, the committee in charge of this affair requests that in lieu of an admission to the picnic, each family donate an item of foodstuff. This may be canned foods, bars of soap, coloring books or unused crayons. A "PROJECT HELP" program was recently undertaken by St. Christine's Holy Name Society in conjunction with this charitable endeavor. It will be concluded with this picnic.

It's going to be a day of fun for St. Christine's parishioners and their families on Sunday, August 13, at their annual picnic, but it will also determine the bigness and generosity of their hearts as they deposit their "admission fee", consisting of a donated item for needy victims of South Viet Nam War. A good turnout is expected at this "family" gathering, where friendship ties are made and strengthened for mutual benefit.

All About All Nations Fair

A sparkling, annual community event in a brand new setting will attract Greater Clevelanders on September 7, 8, and 9, when close to 35 nationalities will participate in the All Nations Fair to be held in the Main Mall at Severance Center, Mayfield and Taylor Roads, Cleveland Heights. The fair is put together by The Citizenship Celebration Committee, under auspices of the Nationalities Services Center, 1001 Huron Road.

As in the past, the Fair will present entertainment and fascinating displays of folklore, arts, crafts and delicacies for which the nationality groups participating are world famous. Already signed up are groups representing Sweden, Hungary, Romania, the Pan-American Nations, Greece, Armenia, Ukraine, Syria, Lebanon, and more are entering every day.

The official opening of the Fair will be at 7:30 p.m. Thursday, September 7, and booths will remain open until 9:30 p.m. The hours for Friday, September 8, will be from 10:00 a.m. to 9:30 p.m., and on Saturday, September 9, from 10:00 a.m. to 6:00 p.m.

One of the most interesting events will be the nationality fashion show, featuring the colorful costumes of the various countries taking part—but like all fashion shows, nobody will talk about it in advance. It's a deep, dark, wonderful secret!

In addition to fun, the Fair has a serious purpose, namely, to promote better understanding, by offering to the public — to whom admission is free — an opportunity to discover the many contributions which have been made to this nation's culture, by people of different nationalities.

Recent fairs have been held at the Statler-Hilton Hotel, later at the Parade of Progress in Public Hall. The move to Severance Center, by invitation, will afford a beautiful new setting, complete with fountain, for the most colorful event of its kind in this area — and with ample free parking space.

Fair attendance has grown every year; this year it is expected to break the record. Proceeds from all sales will go to the various nationality groups participating.

Officers of the 1967 Fair are: General Chairman, Mrs. Norbert K. Hibshman; Assistant to the Chairman, Mrs. Jerry Nowinski; Vice-Chairman, Mrs. George Dobrea; Secretary, Mrs. George Dobrea; Recording Secretary, Miss Mary Popovic; Corresponding Secretary, Miss Pat Lindsley; Treasurer, Mrs. Wendell Falsgraff; Opening Day Ceremony Chairman, Anthony J. Suster; Exhibits and Sales Coordinators, Mrs. Glenn White, Mrs. Wallace Adler and Mrs. Theodore (Bina) Miclau, Jr.; Program Coordinator, Bill Raitt; Hostess Coordinator, Mrs. Ingrid Bulyis; TV Coordinator, Herman Spero; Congular Corps Coordinator, Mrs. Victor G. Patk; N.S.C. Information Booth, Mrs. Alice Gellin and Mrs. Kiyoe Semanco; Member-at-large, Harry Kerkheide.

SCHOOL BELLS AGAIN

With the coming of August, the hottest days of summer are upon the land. With this climax of the seasons will come the month of September — the time for millions of young people to return once again to tens of thousands of schoolrooms across the land.

In today's world, the sum total of man's knowledge is exploding upward at an accelerating pace. It takes many more years of schooling to become well trained in any field and further to become a well educated human being with the established, permanent desire and ability to continue the learning process throughout life.

The cost of education today is a major tax burden. With this in mind, many of the "older generation" sometimes voice the doubt that "all this schooling is really worth it." They wonder what kind of a crop of young people we are raising. Protesters, sit-inners, rioters and school dropouts get a great deal of publicity, but they are a tiny proportion of our school population and would probably be in trouble wherever they were and whether they had any education or not.

The real promise of the future lies in the vast majority of hardworking young people who look forward to school days, opening again this fall — not only for the social companionship, excitement and fun of activities, but also, because they feel the stimulation of learning about their heritage and opportunities and exploring the vast fields of knowledge now being unfolded to man's mind. As the school bells ring again, we all should wish them well.

Reporting from Washington

WILLIAM F. MCCHESNEY, JR., Chairman, Federal Reserve Board

DEFICIT SPENDING—INFLATION. It was announced officially that the Federal government plunged into a \$9.9 billion deficit for the fiscal year which ended June 30, 1967. This is the second largest deficit since World War II and the 31st deficit in the last 37 years. The last balanced budget was in the last year of the Eisenhower Administration.

William McChesney Martin, chairman of the Federal Reserve Board, has called for an immediate tax raise. He said it was the only way to stop another wave of inflation. He predicted a very sharp rise in prices if taxes remained at their present level. I will not even try to contradict so eminent an economic expert as Mr. Martin, except in this one respect. I do not believe that a tax raise is the only way to bring an end to spiraling prices.

Another way would be a big cut in government spending. So far the Administration has not given this suggestion any serious consideration. They have given the idea of a reduction in spending a kind of lip-service, but that is all. For example, last year the Administration ordered a freeze on hiring in the interests of frugality. The freeze, however, turned into a thaw. Instead of reducing government employment, some 273,000 new workers were hired during 1966 at an additional payroll cost of \$1.7 billion.

Since 1960 the government's deficit spending has totaled \$50 billion and with the recent increase in the debt limit to \$250 billion there is no foreseeable end in sight. That is why inflation keeps rolling along. Just the other day the cost of living went up another three-tenths of one percent. Prices are now 2.7 percent above a year ago. Why should the taxpayer, already overburdened with heavy taxes and the high cost of living, be expected to make up the Administration's red-ink spending?

THE STRIKE DILEMMA. A few summers ago (1961), American shipping came to a complete halt, hit by a major strike. In 1963, a nationwide railroad strike was barely averted. During 1965, 3,963 work stoppages occurred, involving over 1.5 million workers and costing the Nation 23.3 million man-days of labor. At the end of that year, New York City was confronted with a strike that closed down its major transportation arteries, the subway system. On January 12, 1966, President Johnson, in his State of the Union Message, said: "I also intend to ask the Congress to consider measures which without improperly invading State and local authority will enable us effectively

to deal with strikes which threaten irreparable damage to the national interest."

Since that message, the Nation's airlines ground to a halt; a strike last summer crippled this vital transportation arm. This summer, the Nation avoided, by the narrowest margins, a lengthy railroad strike which, had it continued beyond the brief work stoppage, would have significantly impaired our war effort and severely damaged our economic structure. But the legislator mentioned January 12, 1966 has not yet been recommended by the White House!

THE M-16 RIFLE. Recently I wrote the Chairman of the House Armed Services Committee, Honorable L. Mendel Rivers, about the M-16 rifle which has been reported to be less than adequate in Vietnam. Following is his reply:

"On May 3, I appointed a special subcommittee to investigate the M-16 rifle program. That subcommittee, chaired by the Honorable Richard Ichord, has made an inspection trip to Vietnam, where all Army and Marine divisions were visited. An interim report of the subcommittee findings has been filed but not yet released by the Armed Services Committee. The broad review of this program is continuing and is expected to be concluded early in August. Please be assured that I completely support your views on our responsibility to provide our military forces with the very best weapons possible to accomplish their mission and protect themselves."

COOKIES FIT FOR A FIRST LADY — Girl Scouts have traditionally been associated with the culinary arts. These girls are making cookies — fit for the first lady of that time, Mrs. Taft, who stayed to tea.

Thank Heaven For Little Girls

Fifty-five years ago an enthusiastic young woman invited 18 girls to meet her at home in Savannah, Ga. The young woman was Juliette Gordon Low and the 18 girls became the first troop of Girl Scouts of the U.S.A. Today the original group has grown into an organization of more than three and one half million members.

Since Girl Scouts were "born" in 1912 their name has been synonymous with timely and forward-looking projects that have anticipated and met the needs of the communities in which they live and serve. For example, Girl Scouts were actively involved in beautifying America years before the First Lady's current program was launched.

In 1930 each Girl Scout in Orange, New Jersey planted a narcissus bulb in a decorated container and cared for it at home. When Christmas came the girls gave their plants to shut-ins and to hospitals. Three years later, Ohio Girl Scouts landscaped the grounds around their new Community Chest building.

Today the Girl Scouts' conservation and natural beauty projects are more wide-ranging and impressive in scope. Starting with activities in their local meeting places, expanding to the communities in which they live, and continuing to a national involvement, Girl Scouts never seem to stop when there is a job to be done.

The living history of Augusta, Georgia, bears witness to Girl Scout efforts to be leaders in conservation. One troop there started an archeological dig in the town and found enough memorabilia to add another wing to the museum.

In New York City Girl Scouts have started a sweepstakes; the girls choose a piece of land in front of their homes or apartment buildings and each week they sweep it clean. In Buffalo, one troop created a wildlife sanctuary in their busy city. The sanctuary was so popular with the residents that when community officials planned a highway in the path of the Girl Scouts' sanctuary, the citizens rose up in arms and had the highway rerouted.

MOTHER'S HELPERS — These young Girl Scouts help working mothers by devoting time to child care. Besides child care, Girl Scouts are also trained in home and camping skills.

Last year, National Youth Conference on Natural Beauty and Conservation was spearheaded by the Girl Scouts when the president of the organization, Mrs. Holton R. Price, Jr., sent a telegram to President Johnson which pointed up the importance of youth involvement in Natural Beauty and Conservation.

And conservation is only one of the timely projects in which Girl Scouts have a history of involvement. Since their founding, Girl Scouts have held out a helping hand to the underprivileged. In 1931, Mrs. Herbert Hoover, the First Lady and Honorary President of Girl Scouts, asked all members to take part in the activities of the President's Relief Committee for Unemployment. Girl Scouts collected clothing for the needy by holding benefits where a garment was the admission ticket.

And today, in line with the War on Poverty, Girl Scouts have adopted a new program to offer membership to all girls who need and want Girl Scouting.

Girl Scout leaders are as forward-looking as the girls. A new approach to training Girl Scout leaders — the Design for Learning — has been devised to stimulate and modernize leadership training all over the United States. The training design, which involves a three-step process; self-knowledge, learning and sharing, caters to the individual. A troop leader decides what she knows already and what she needs to learn for her job. Then, working alone or with others, the leader draws on such sources as books, magazines, slides and educational TV. Finally, the leader shares her experiences with other Girl Scout and community leaders — reinforcing

ing her own knowledge while giving others a chance to learn from her.

Another opportunity for Girl Scouts and their leaders to foster mutual understanding is in their international programs. Girl Scouts shared their knowledge unintentionally when recently, with professional help, they made a film strip on ways adults and teenagers could help the mentally retarded. The film was eventually sent to Tehran, Iran, to show how adults can aid in community activities.

Girl Scouts have gained very much from visiting other countries. Recently, seven Senior Girl Scouts and one adult traveled to the tiny mountain village of Agios Antonios in Greece to participate in a service camp conducted by the Greek Girl Guides. This group volunteered to help the small village which had suffered from Communist guerrilla raids. They babysat for the children, instructed the mothers on child care and swept roads and paths.

All these accomplishments prove the worth of part of the Girl Scout motto — "to help other people at all times." Thank heaven for Girl Scouts and their 55 years of good deeds.

Researchers Named To Immigration Project

The University of Minnesota Center for Immigration Studies announced the appointment of four research specialists who will join Professor Timothy L. Smith in his three-year study of emigration, education, and social change among migrating villagers from Central Europe. Professor Smith began the study a year ago.

The researchers will study comparatively what happened to families from the same regions in cities in the United States and Canada, and in cities in their homelands.

Senior research specialist will be Yeshayahu Jelinek, a native of Slovakia and a citizen of Israel. Jelinek graduated in sociology and history from Hebrew University in Israel, received his Ph.D. in Central European history at Indiana University in 1966, and taught Central European and Russian history at the University of Denver during the past academic year. His previous research has been in minority problems in Slovakia. He has fluent command of Slovak, Magyar, German, and Russian, and reads Polish and Serbo-Croatian. He will teach one course each quarter in the humanities program at the University.

The other new research specialists are Rudolph Susel, of Cleveland, a candidate for the Ph.D. in Central European history at Indiana University; Miss Oksana Dragan, a native of the Ukraine and a graduate of Douglass College, Rutgers University; and Mark Stolarik, an honors graduate in history from the University of Ottawa, and a native of Slovakia.

Susel will study intensively emigrants from villages in Slovenia, the native land of his parents. He is spending this summer in Ljubljana, Yugoslavia, perfecting his command of the language and doing exploratory research.

Miss Dragan will work in Ukrainian materials. She spent one year after her graduation from college on a Fulbright scholarship in Vienna, then completed a master's degree in Russian history at Columbia University. Stolarik is currently completing his master's thesis at Ottawa, based upon a year's research in the history of the part which Slovak emigrants to the United States and Canada played in shaping American foreign policy toward Czechoslovakia during and immediately following World War I.

Two other research specialists were previously appointed to the project, under financial support from the Fund for the Advancement of Education. They are John Briggs, who is studying the role of education among migrating Italians, and Josef Barton, a Texan of Czech extraction, who will study the Americanization movement among all ethnic groups during the 1920's.

Briggs is a graduate of Hobart College, New York, and holds a master of arts degree in teaching from Johns Hopkins University. Barton is a candidate for the doctorate at the University of Michigan. His research will be directed jointly by Professor John Higham, of the University of Michigan, and Professor Smith.

The major financial support for the project is from the University of Minnesota and the United States Office of Education. Each member of the research group will spend two or three months in Europe, working under cooperative arrangements with European scholarly and archival institutions in materials which have been located across the past few years by various members of the Center for Immigration Studies. Their major work in America will be in the Immigrant Archives, at the University of Minnesota Library, and in Cleveland, Ohio, the city which has been selected for the major concentration of study in the United States.

Among faculty associates who are advising Professor Smith and the research team are Professor Higham, Professor Rudolph Vecoli, re-

cently of the University of Illinois, but after September 1 to be director of the Center for Immigration Studies at Minnesota; and Minnesota Professors Clarke Chambers, whose special field is the history of American social welfare; Theofanis Stavrou, a specialist in the history of Eastern Orthodox culture; Albert W. Tezla of the Duluth campus, a noted student of Hungarian language and literature; Arnold Rose, a specialist in the social psychology of group relations; Assistant Vice President Fred Lukermann, a geographer and demographer; and the curator of the Immigrant Archives, Mary Molek, whose research interest is the educational history of the South Slavs.

Sneeze Day

August 15th is "sneeze" day for hay fever victims and the start of a busy season for the switchboard operator at the Cleveland Health Museum. Last year, 4223 calls were received from people inquiring about the daily pollen count. When the Museum closes at 5:00, the pollen count taken at that time is referred to the answering service which handles the calls until 8:30 the next morning.

An average 100 calls a day came in over a six-week period and the heaviest concentration of those calls was 367 two days following the heaviest pollen count of 640.

"According to our statistics," said Dr. Beeston, Director of the Cleveland Health Museum, "hay fever victims called a day or so after they felt their worst. Interestingly enough," continued Dr. Beeston, "the only thing the pollen count can do for a victim is tell him how miserable he has been and, if the count remains high, to seek relief in air conditioning or rush to the Adirondack Mountain area which is an excellent hideaway for hay fever sufferers. The upper peninsula of northwest Michigan has a zero count of pollen while Copper Harbor has a count of 5 and Sault Ste. Marie maintains a count of 4 in the same state."

"In nearly all cases, mountain and seashore areas afford the greatest relief," assured Dr. Beeston, "but, again, there must be a high percentage of people who remain in Cleveland according to our telephone statistics."

Dr. Beeston reported that in 1966, the latter part of August and first few days of September showed a consistently high pollen count, and in comparison with the 1965 report, there were more miserable days for hay fever victims in 1966.

"Many people minimize hay fever," said Dr. Beeston, "and are not aware that it annually affects 7% of the population. One out of 120, or at least 100,000 Greater Clevelanders, suffer from hay fever each summer. Hay fever never causes death but it does bring great discomfort and very little sympathy. "We continue this pollen count service at the Cleveland Health Museum again this year with the excellent cooperation of Theodore J. Castele, M.D., head of the Department of Radiology at Lutheran Hospital, who will be in charge of the testing."

"The term 'hay fever' is a medical misnomer. This period of the year is more appropriately a period of summer colds as the symptoms are much more those of a cold than of a fever, especially in the beginning of the season. And 'hay' has very little to do with the allergy during August and September; the cause is really ragweed," Dr. Beeston said.

There has been a decrease of ragweed pollen in the Cleveland area due to the fact that much open land is now built up with homes, highways, factories, etc. Rain also washes pollen from the air and wind off the lake or from the east brings little pollen, though similar breezes from the west or south bring great amounts.

A dry summer indicates heavier pollen counts since ragweed flourishes without rain.

"When it comes to the treatment of symptoms," said Dr. Beeston, "a physician should be consulted. There is a variety of drugs he can prescribe that may relieve congestion and permit sleep."

Imported Shoes Problem To U.S. Feet, Says Doctor

Podiatrists report an increasing number of women patients with ailments stemming from foreign-made footwear, according to the director of the American Foot Care Institute. "American feet, accustomed to the precise fit and superior construction and leather of American shoes, do not fare well in European made footwear," says Dr. Benjamin Kauth, well known podiatrist.

Reporting on the experiences of their patients, many foot specialists note that women are finding that imported shoes do not come up to our standards of wear and comfort. Wearers of these imports discover that the construction is flimsy, the workmanship mediocre. This makes it almost impossible to obtain proper fit, warns the AFICI director. In addition, the leather used is generally inferior in tanning and dyeing techniques to U.S. leather. For many women, the unfortunate result has been discomfort, redness, blistering and chronic foot disability.

To keep feet in a sound condition, Dr. Kauth recommends American-made leather shoes. Leather, he says, is the ideal footwear material — the only one that combines porosity, suppleness, and a unique "molding" action. This moldability assures a gentle but firm shaping to the foot, providing life-of-the-shoe comfort. With top-notch American tanning know-how to enhance its natural attributes, U.S. leather is the world's finest.

"Do not be taken in by a fancy foreign label," is Dr. Kauth's advice. Shy away from imported shoes that may do you damage. And of course, for any foot troubles that persist despite the proper footwear, be sure to see your family podiatrist.
