Tiranska vrata varuje 'medarabsko' vojašvo

Morska vrata med otokom Tiran in Sinajskim polotokom stražijo vojaški oddelki Egipta, Iraka, Alžirije, Kuvajta in Sudana.

KAIRO, ZAR. — Ko se Varnostni svet pripravlja na novo razpravo in odločilno glasovanje o položaju na Srednjem vzhodu, so arabske države sklenile, naj Tiranska morska vrata na ustju Akabskega zaliva čuvajo vojaški oddelki ne le Egipta, ampak tudi ostalih arabskih držav. Tako se bo Izrael ali kdor koli drugi, ki bi skušal proti volji te straže skozi Tiranska morska vrata, znašel takoj v spopadu z vsemi temi državami in ne le z Egiptom. To povsi na južnem robu Sinajskega polotoka pri Sharm el Sheik obvladujejo z luhkoto celotno morsko ozino.

Izrael je izjavil, da ne bo blokade Tiranskih morskih vrat trpel preko določene dobe, tem ko katere naj bi pomorske sile pripravile Arabce do tega, da bi blokado prostovoljno končali. Če dotlej pomorske sile blokade ne bodo uspele končati, potem bo Izrael vzel vso reč v svoje roke. Vsako izraelsko rabo sile v tej zvezi bodo arabske države proglašile za vojni napad in odgovorile nanj skupno. Amerika in Anglia sta označili blokado Akabskega zaliva za "vojno dejanje", torej za nekak napad na Izrael, da arabsko namero o obtožbi Izraela za napad že v naprej onemogočita.

Trdijo, da se pomorske sile povarajo o skupnem nastopu za prosto plovbo skozi Tiranska morska vrata. Za to so se sedaj poleg Združenih držav izjavile Anglia, Nizozemska in Portugalska. Francija se še ni izjavila, prav tako ne Kanada in druge zavezniške države. Trgovske ladje teh držav naj bi zaplule proti Tiranskim morskim vratom. Če bi jih tam arabska posadka na Sinaju skušala ustaviti, naj bi jim prisikočila na pomoc eskadra vojnih ladij, ki bi trgovske ladje spremljala.

Vojakova sodba

WASHINGTON, D.C. — Ko je neki senator vprašal visokega uradnika obrambnega tajništva iz Pentagona, kaj misli, kako dolgo bi mogla naša dežela izdajati letno \$30 bilijonov za vojskovanje v Vietnamu, je ta odgovoril: Vedno!

Naša dežela je res "najbogatejša" na svetu, toda ima tudi doma veliko, veliko potreb; je v marsičem daleč za zahodno Evropo in v nekatemer celo za komunistično. Predsednik bi te pomagjal rad odstranil v okviru vojne proti revščini in gradnji "velike družbe". Dokler je vojna v Vietnamu, tudi naša bogata dežela ne zmore obsežne "vojne proti revščini" — doma. Pentagonec je na to dejstvo nemara pozabil!

Na rimskem sestanku EGS so odločili načelno

RIM, It. — Pretekli terek so vodilni politiki držav EGS povsileni ves čas poslovnim razgovorom, niso pa dosegli nobenega praktičnega sporazuma, ker je De Gaulle sabotiral vsak tak poskus. Zato so samo načelno sklenili, da je treba najti novega predsednika za izvršno komisijo EGS, ker je dozdanji dr. Hallstein odstopil. Glede pristopa Anglia k EGS so hodili kot maček okoli vrele kaše. Končno so se dogovorili, da naj prihodnji terek v belgijski prestolici zunanjih ministri EGS obravnavajo tudi sprejem "Irske, Danske in Anglie" v EGS. Tako je De Gaulle dosegel, da naj EGS obravnavava angleški problem samo v zvezi z malimi državami, kot sta Irska in Danska.

Pa tudi prihodnji terek se v Bruxellesu ne bo svet podrl, kajti zunanjih ministri ne bodo imeli pooblastil za sklepanje o važnih zadevah. Zato je verjetno, da bo vprašanje odnosov med EGS in Anglio prišlo na dnevni red šele 18. junija v Parizu. Takrat bo namreč angleški ministrski predsednik H. Wilson obiskal De Gaulla.

Originalni komunike o rimskih razgovorih je prava diplomatska mojstrovina, veliko govoril in ničesar ne pove.

Bo Medicare prevzel stroške za zdravila?

Posebni odbor proučuje vprašanje in bo v teku 6 mesecev stavlje svoje predloge.

WASHINGTON, D.C. — Zvezno tajništvo za zdravstvo, pravstvo in socialno skrbstvo je imenoval posebno komisijo za proučevanje stroškov za zdravila zavarovancev MEDICARE. Komisija ima nalogo svoje delo končati najkasneje v 6 mesecih, nato pa poročati tajništvu ali je potrebno, da prevzame zavarovalcev tudi kritje stroškov za zdravila zavarovancev MEDICARE.

"Z pretekater starejše Amerikance so stroški za zdravila, ki jih predpišejo zdravniki, težko breme. Predstavljajo od 15 do 20 odstotkov vseh stroškov za zdravstvo," je dejal zvezni tajnik za zdravstvo, pravstvo in socialno skrbstvo John W. Gardner, ko je objavil imenovanje zgoraj omenjene komisije. Priporočil je, da člani komisije nimajo nobenega navodila, iskati utemeljitev za prevzem kritja stroškov za zdravila od strani MEDICARE, imajo le nalogo, da celotno vprašanje preidejo in poročajo po svoji vesti.

Po sedanjih določilih MEDICARE so kriti le stroški za zdravila zavarovancev tekem zdravljenja v bolnici.

Imenovanje nove komisije je v soglasju z navodilom predsednika L. B. Johnsona v preteklem januarju, naj se celotno vprašanje stroškov za zdravila zavarovancev Medicare prouči in dožene ali ne bi kazalo raztegniti zavarovanje tudi na te. Načelnik komisije dr. P. R. Lee, pomožni tajnik za zdravstvo in znanstvena vprašanja, je dejal, da bo komisija v teku 6 mesecev podala zveznemu tajništu svoje poročilo in predloge, četudi je pričakan, da na nekatera vprašanja v tako kratkem času ne bo mogoče dobiti popolnih odgovorov.

Lagos objavil blokado obale Vzhodne Nigerije

LAGOS, Nig. — Zvezna vlada je objavila blokado obale Vzhodne Nigerije, ki se je pretekli terek proglašila za neodvisno državo Biafra. Telefonske in telegrafske zveze med Lagosom in Enugu, glavnim mestom Biafre, so bile pretrgane. Vlada v Lagosu je objavila mobilizacijo rezervistov, da bi zbrala potrebne oborožene sile za "strje upora" v Vzhodni Nigeriji. Ukaz o mobilizaciji so objavile radio postaje v Kaduni, Ibadanu in Beninu, glavnih mestih ostalih treh samoupornih pokrajjin Nigrije.

V Vzhodni Nigeriji, novi državi Biafra so domačini polni veselja plesali po cestah in trghih glavnega mesta Enugu, četudi je radio objavil sporočilo polk. Ojukwu, predsednika nove republike, da zbirka Lagos vojaške sile za nastop proti novi državi. Prebivalstvo te sestavlja izključno pripadniki plemena Ibo. Nova država Biafra obsega okoli 30,000 kvadratnih milij in imenakaj nad 12 milijonov prebivalcev. Spada terek med nekako srednje afriške države, v kulturnem in gospodarskem oziru pa je ena naprednejših med njimi.

Naser izsiljuje Ameriko

CLEVELAND, O. — U.S. News & World Report prinaša v svoji prvi junijski številki poročilo, da morda skuta Naser z zaporom Akabskega zaliva izsiljili iz Združenih držav obnovno podprtjanja z živežem, ki mu ga očito primanjkuje, pa ga mu komunistični svet ne more dati, ker ga samemu primanjkuje.

Amerika je prenehala pošljati Naserjevemu Egiptu živež, ko se je ta zapletel v državljanško vojno v Jemenu in se klub obljubil način na moral od tam učinkniti, ampak je začel ščuvati k izgredom in uporu še v Adenu.

Ponesrečena izbira

WASHINGTON, D.C. — L. B. Johnson je nedavno imenoval za državnega podstajnika za Latinsko Ameriko svojega teksaškega rojaka Coveyja Oliverja. Njemu so Teksanci najbližji in najbolj pri srcu, žal ni tako z Latinsko Ameriko. Tam od vseh Severnih Amerikancev one iz Tekssasa najbolj pisano gledajo.

PREDSEDNIK BRITANSKE VLADE HAROLD WILSON PRILETEL NA POSVETE

Kriza na Srednjem vzhodu je spravila včeraj na pot v Ottawo in Washington predsednika britanske vlade Harolda Wilsona. Včeraj se je posvetoval s predsednikom kanadske vlade L. Pearsonom, danes in jutri pa se bo razgovarjal s predsednikom ZDA L. B. Johnsonom. — Nascer grozi z zaporom Sueškega prekopa.

LONDON, Vel. Brit. — Velika Britanija je odločena braniti svobodo morij in tudi svobodno plovbo skozi Akabski zaliv, nad katerim je Nascer pretekli mesec proglašil blokado za izraelske ladje in za ladje, ki vozijo v Izrael "strategični material". Predsednik vlade Wilson in zunanjim minister G. Brown sta to v parlamentu jasno povedala. Wilson se je včeraj podal na pot v Kanado in Združene države, da se z vodniki teh pogovori o skupnem nastopu na Srednjem vzhodu, pa reče tudi kako besedo o angleškem naporu za sprejem v Evropsko gospodarsko skupnost, o čemer se bodo v terek razgovarjali na svoji konferenci v Bruxellesu zunanjih ministri držav-članic Evropske gospodarske skupnosti. Kriza na Srednjem vzhodu je za Veliko Britanijo izredne važnosti, ker je to ozemlje bilo dolgo dobo pod skoro izključno njenim vplivom in delno tudi oblastjo. Čeprav je njen vpliv tam v zadnjih dveh desetletjih močno splahnel, ima Velika Britanija tam še vedno velike gospodarske interese.

Velika Britanija je bila tista, ki je leta 1917 obljubila Judom, da jih bo pomagala ustvariti v Kairu zagrozili, da bo Egipt Palestini lastno državo, ona in Združene države so to obljubo pomagale izpolniti s sklepom Združenih narodov maja 1948. Tedaj so Anglia, Amerika in Francija izjavile, da bodo branile novo stanje na Srednjem vzhodu. Ko je Nascer segel leta 1956 po sueškem prekopu, sta Anglia in Francija nastopili proti njemu skupaj z Izraelom, pa moral popustiti, ko se je Amerika postavila proti temu nastopu. Sedaj je prišel Wilson najprej na posvet v Ottawa, da se pomeni s kanadsko vlado o britanskih načrtih, danes pa pride v Washington, da se pogovori s predsednikom L. B. Johnsonom o načrtih in korakih za skupni nastop proti Nascerjevi blokadi Akabskega zaliva. Dosej se je 8 pomorskih držav izjavilo, da so pripravljene sodelovati s svojimi ladjami pri prekušku blokade, če bo imel ta na razpolago potrebno pomorsko silo, da bo zlomila vsak Nascerjev poskus rabe sile.

VARNOSTNI SVET BO ZASEDAL JUTRI

NEW YORK, N.Y. — Varnostni svet Združenih narodov bo moral danes nadaljevati v sredo prekinjeno razpravo o položaju na Srednjem vzhodu. Ker v času odmora ni uspelo diplomatom najti nobenega kompromisa, so se do odločili še za en dan. Tako se Varnostni svet sestal še jutri dopoldne.

Pred njim sta dve resoluciji, ameriška in egiptovska. Ameriška podpira poziv glavnega tajnika ZN U. Tanta sprima stranemo k miru in zadržanosti. Ta naj privedeta do mirnješega ozračja, ki bo omogočilo uspešne diplomatske razgovore za rešitev krize. Egiptovska resolucija zahteva vrnitev k pogojom premirja iz leta 1949, med katerimi je postavitev mešane komisije ZN na izraelsko-egiptovski meji, pa nobenega izrečnega določila za Akabski zaliv in prostoplovbo po njem.

OTROŠKI KOTIČEK

Zadnje moje pismo, dragi otroci. Slovensko šolo ste končali in vem, da komaj čakate, da se tudi angleška šola konča. Zjutraj boste dlje spali, ne bo treba gledati na urnik, prosti boste in uživali počinice po mili volji. Reči moram, da ste to leto bili pridni s pisanjem v ta kotiček in prav tak moram reči, da mi bo dolgčas po vaših pisemcih. Prepričan sem, da so tudi starejši ljudje radi pogledali v naš Kotiček in bili veseli, da mladi rod slovenske besede še ni zavrgel. Ne pozabite nanjo v počitnicah, govorite jo doma, govorite jo pri igrah. Tako strašno rado se zgoditi, da se mnogi v počitnicah ne zmenijo zanjo. Vaja dela mojstra. Če boste v počitnicah govorili samo po anglešku, bo drugo leto slovenska beseda že zelo trda in nekoč za vas vse, ko bo ste zrasli, samo še spomin.

Dve prijazni pisemci sta me še čakali na Ameriški Domovini, od dveh deklet, ki sta slovensko šolo končali že pred leti, pa sta še ohranili spomin nanjo.

Dragi Kotičkov stric!

Ko berem Otroški kotiček, se spominjam, ko sem tudi jaz hodila v Slovensko šolo in tudi Vam pisala. Takrat nisem dobro vedela, koliko sem se naučila svojega materinskog jezika. Zdaj sem vesela, da sem imela priliko hoditi v Slovensko šolo, ker govorim ne samo angleško, ampak tudi slovensko. Otroci, ki hodijo v šolo, naj se dobro učijo, da bodo tudi oni govorili slovensko in da bo materinski jezik ostal v vsakem slovenskem domu. Zahvalim se vam za trud, ki ste ga celo leto imeli s svojim kotičkom in dati priliko otrokom, da so svoja pisma videli in brali v Ameriški Domovini. Lepo Vas pozdravljam.

Meta Mauser

Draga Meta!

Na salamsko sem bil vesel Tvojega pisanja. Si kaj v žlahti s tistim pisacem, ki bukve piše? Poznam tistega grivarja. Nekoč si hodila v slovensko šolo in nemara včasih tudi nerada šla. Zdaj vidiš, da je bilo vendar lepo. Načruli si se materinske besede in lahko govoril z vsakim, ki po slovensko govoril. Če pojdeš kdaj pogledat koroške Slovence ali Slovence tja v Primorje, z vsakim boš lahko po domačem govoril. Drži se, dekle! Hudo sem Te vesel in ni rečeno, da nekega dne ne primahнем k Tebi na kakšen pogovorček. Bog s Teboj, punčka! Lepo Te pozdravljam.

Dragi Kotičkov stric!

Ko sem danes prebirala Tvoj kotiček, sem si rekla: Hej, Rotija, še ti nekaj napiši. Minilo je že petnajst let, kar sem prvič stopila v slovensko šolo, ki je bila takrat še v Slovenski pisarni. Učila nas je gospodinja Slavica, ki se jo še velikokrat spomnim. Deset let sem hodila v slovensko šolo, ker sem zelo rada nastopala pri šolskih prireditvah. Sedaj je že pet let, kar sem končala šolo, a to pismo naj bo v dokaz, da še znam slovensko pisati in brati, kar je težje, kar sam govoriti. Pri nas doma govorimo samo slovensko, ker drugače mama in ata nič ne slišita. Zdaj sem stara dvajset let in sem v službi v pisarni. Šolska leta so minila, pa so bila lepa in so me pripravili za samostojno življenje. Radovedna sem, kaj počno moje sošolke in sošolci iz slovenske šole. Morda se še kdaj oglasi. Dragi stric, že zdaj si zaznamenuj na koledarju, da se septembra spet prične slovensko šola in bomo vsi, majhni in veliki težko čakali na Tvoj ko-

tiček. Lepo Te pozdravlja Rotija Mauser

Draga Rotija!

Na strašno rad zapišem ime Rotija, zakaj to je ime čez vsa imena. Da bi Ti videla Mrkovičevi Rotijo iz Podbrezij v tistih letih, ko je bila mlada. O kako smo brenčali podbreški potrknji okoli nje. Zavberna je bila, da Ti ne morem povedati. In beseida Ti teče, tristo judov. Kar ne morem verjeti, da je že petnajst let, kar si prvič bila v slovenski šoli. Se mi vse tako zdi, da sta si z Meto v žlahti. Dvajset lepih let imaš. Ti rečem, da sem kar zbral svoje kosti in jih postrojil. Če Ti mlado dekle piše, moraš brati pismo zravnati in nasmejan. Vesel sem, da si še brala Otroški kotiček, čeprav vem, da tu in tam kaže brenčur pride na vrata kakor mi včasih k Mrkovičevi Rotiji. Ostani pri starem, ponca. Stara vera, star denar, stará beseda — to ima pravzven. Drugo je od danes do jutri. Slovenska beseda je hudo lepa in hudo stara. Če jo bomo vsi ljubili in vsi spoštovali, jo bomo tudi v Ameriki še dolgo govorili. Želim, da bi bila srečna v službi in v življenju. Kako bo pa s Kotičkom drugo leto, Bog ve. Stric se stara, noge se puntajo, križ je zvit, kuka slaba in zemlja mi diši vsak dan bolj. Oba z muckom sva na psu. Če me pa ljubi Bog še kaj pusti v štebalih moštacati po tem svetu, pa morda spet. Imel Te bom v lepem spominu, dekle. Ohrani Bog Te v cvetju. In lepo Te pozdravljam.

Ste videli, otroci? Tudi kakšna pri zrelih letih še vrže oči po meni. Take volje sem, da bi kar poskočil, ko bi si upal.

Zahvalim se vam, dragi otroci, da ste poskušali napraviti kotiček za svoj kotiček, zahvalim se tudi učiteljem na slovenskih šolah, da so vam dajali naloge, ki ste mi jih pošljali, zahvalim tudi staršem, ki so gledali na vas, da ste naloge napravili. Bog vas ohrani zdrave med počitnicami in naj blagoslovi vse vaše delo in vse vaše korake. Bodite v veselje svojim staršem in v ponos slovenskih srečnih. In spomnite se včasih tudi na kotičkovega strica, ki vas je rad imel in vam skušal slovensko besedo približati. Bog z vami vsemi, dragi otroci.

Lepo vas pozdravlja in se vseh spominja Vaš

Kotičkov stric

Guvernerju Rhodesu ne da politična žilica miru

COLUMBUS, O. — Guverner Rhodes je sicer dobil pri majskih volitvah hud udarec — volvici so pokopali njegovo idejo o Ohajski komisiji za bonde, — toda to ni ohromilo njegove dejavnosti. Takoj po izidu volitev je začel misliti, kako bi privabil Ameriško ligo za nogomet v našo državo. Bil je radi tega v New Yorku in tam dosegel svoj cilj. Namerava dalje zopet potovati po svetu, da bi pridobil poslovne kroge za posle z našo o-hajsko državo.

Med temi pa njegovi finančni strokovnjaki premisljejo, kako zacetili rane v državnem proračunu. Novi proračun znaša sicer kar \$4.9 milijone za dve leti, toda ne bo zadostoval. Varuh naše o-hajsko prosvetne in socijalne politike pritisajo zmeraj bolj na guvernerja, naj misli na nove dohodki. Nekaj jih je že odkril: povisil je na primer cene za alkoholne pihače, ki bodo dale državi \$20-25 milijonov novih dohodkov. Povišane bodo parkov s skupno površino 18,500 akrov.

toda vse to ne bo zadostovalo. Država potrebuje močnejših davčnih virov, Rhodes jih išče med indirektnimi davki, vendar mislijo, da mu končno ne bo preostalo drugega kot državna dohodnina. Če je Rhodes ne bo hotel vpeljati, jo bo moral njegov naslednik, kajti več kot dvakrat ne more biti izvoljen za guvernerja.

Sinijavski in Daniel bosta deležna amnestije

MOSKVA, ZSSR. — V Kremlju so bili seveda zadovoljni z uradnim potekom pisateljskega kongresa, hudo so se pa namrdnili, ko so morali ugotoviti, da med ruskimi pisatelji ni nobene volje, da bi bili partiji samo za priprego. Zabolelo jih je tudi, da se par znanih komunističnih pisateljev iz tujine in hotelo udeležiti Kongresa v znak protesta proti odsodbi pisateljev Daniela in Sinijavskega. Francoska pisatelja Aragon in Jean Paul Sarre sta to tudi javno povedala. Na kongresu so tudi zvedeli, da oba zaprti pisatelji stalno bolehati.

V Kremlju so baje sklenili, da je treba to "vprašanje" spraviti z dnevnega reda. Zato so namrnili, da bosta oba pisatelja deležna amnestije, ki jo bo režim proglašil ob priliku oktobraškega jubileja. Morda jih bo kar na tihem spustil še preje iz ječe.

Zgodilo se je namešč še nekaj drugega, kar hudo je tovarše v Kremlju. Neko angleško filmsko podjetje pripravlja film o procesu Daniel-Sinijevski. V Kremlju bi radi to preprečili, kar naredijo najlažje, če posijojo oba pisatelja domov.

Plačevanje računov po Medicare mora biti enostavnejše

WASHINGTON, D.C. — Senatorji in kongresnički dobivajo zmeraj več pritožb od starih bolnikov, da jim agencije Medicare, v glavnem Blue Shield, prepocasni plačujejo račune. Dogaja se, da morajo zavarovanci čakati do šest mesecev na tisti del zdravniških stroškov, ki jih plačuje Medicare. To zavarovanje hudo jezi, ker imajo dosti sitnosti, ker morajo najpreje zdravnikom plačati račune, potem pa plačane račune predložiti Medicare agencijam, ki pa ne plačajo računov v celoti, ampak samo tisti del, ki je predviden po zakonu o bolniškem zavarovanju.

Predsednik Johnson je zato že naročil federalni administraciji, naj poišče pot za plačevanje računov, ki bo preprostejša in hitrejša.

V Ohiu ima s tem največ posla organizacija Blue Shield, ki trdi, da plačuje vse priznane zdravniške stroške v povprečno 30 dneh.

Peklena svoboda

Saj tudi jaz ne ostanem za vrat, kadar pridem k vam v Ljubljano. Bog se usmil! Ni tako napen kakor je neroden. Pa saj ga pozname!"

Odmeknila je stol in ju povabila k mizi.

"Gledat sva prišla, kako se je svoboda razčerperila v Škriljah. V Ljubljani jo že imamo, da je kar prijazno. Na Igu smo jo pa tudi že pripravljali. Da bi bil ti videl!"

"Svoboda?"

"Da! Svoboda! V Ljubljani ni nobenega lebljtarja več. Strange so dol. Turjaški grof jo je pa danes pobiral, da je bilo kar veselo. Povsod mora biti svoboda. Konstitucjon pa še pride. Da! Konstitucjon. Potlej boste gledali Škriljan!"

"Hm! Svoboda! Vrag, pa ne svoboda! O, smo že slišali! Vse je šlo v drobno! Bog nas varuj take svobode!"

"Ti ne razumeš!"

"To vsakdo razume. Tako zabit nisem. Mir! To je svoboda! Izpolnjuj zapovedi! To je svoboda! Tako smo slišali davi v cerkvi. In to je res! Potlej smo še slišali: Bogu, kar je božjega, cesarju pa, kar je cesarjevega. To tudi lahko vsakdo razume. Fronke odrajajo in desetino daj, pa si svoboden!"

Ogrej se je bil Jože, da je govoril glasno in živahnno, da je žena prestrašena prišla v hišo in se jezila:

"Kaj se jeziš! Rajši ju vprašaj, ali sta lačna, in kaj bi rada jedla."

Obrnila se je k očetu in ponudila:

"Naredi, kar hočeš, če misliš, da je treba. Pa nisva zato prišla."

"Jajc bom razvrkljala in cvrta naredila, da se bosta otešala. Nobena reč se tako brž ne napravi. Kajne, oče, da boste jedli? Ti, burovž godrnjav, pa že pijačo skribi, ako ju bo že jalo!"

"Naredi, kar hočeš, če misliš, da je treba. Pa nisva zato prišla."

"Vem, da vama kava bolj diši, ki jo imata v Ljubljani vsak dan, pa v Škriljah še ni zrastla. Ne morem tako postreči, kakor bi rada."

"Ona je šla, toda može so bili še vedno navpik in so se živahnoprerekali, kakor so se bili prej. Jože, Škriljan, je imel svojo trmo in si je bil svobodo po svoje naslikal in mu tista svoboda, ki se je koštala po Ljubljani in te tudi Izancem prisnela svoj obraz pokazat, ni bila kar nič všeč."

"Ti praviš, da to ni vse nič?" je povzel Janez in da bi ga prepričal o koristi svobode, mu je podrobil tisto, ki je bilo uteha slehernega srca podložnikovega: "Ko je vse dol, tlaka in desetina. Ali slišiš? Tlaka in desetina! Nič več ne boš delal graščaku. Nič več ti ne bo stal za hrbotom valpet in te priganjal. Nihče več ne bo desetinil po tvjem kozelcu: Graščak in gospod se bosta obrisala posehnal za tvoje snopje in ženska bo imela kokoši, kolikor jih bo hotela, in ti drobnice v hlevu. Ne prva ne deseta ne bo graščakova. Vse bo twoje! Ali slišiš?"

"Ali misliš, da sem tako neuimen, da bi ti to verjel?" je poskočil Jože hud. "Ali sta me prišla napenjat? Poiščita si bolj neumnega!"

"Kaj vprije, če je pa res tako!" ga je oče miril. "Vsi pravijo takto!"

"Saj smo brali zapisano. Sam cesar je pisal!" je potrdil Janez.

"Ti si pa bral, kajne! Sedaj pa celo ne verjamem! Ali nisi hodil v tisto šolo kakor jaz?" Janez je zardel. "Če nisem jaz bral, sem bil pa zraven, ko je bral Tone, tisti Krivanoga, ki zna brati vsakršno pisanje. Ta jo bral in tolmačil. In je le res. Nobene tlake in desetine ne bo več."

"Veš, pa me le ne boš. Kako pa bo grof drugače živel? Ali pojde gospod sam sejat? Pojd! Pojd! Ceprav sta prišla iz Ljubljane, pa me ne bosta."

"Pa če sam cesar pravi in piše?"

"Cesar naj bi grofu skledo izpred ust potegnil? Nikoli! Pa

gospodo naj bi na cedilu pustil? To ne gre! Vidva sta bila res v Ljubljani, kjer hočejo ljudje več vedeti kakor pri nas v Škriljah, pa jaz sem bil na grajskem manrof. Jaz tudi toliko vem kakor kakšen Ljubljancan. Nisem zastonj grajskem volov krmil in oral po grajskih njivah. Valpet je bil moj priatelj. Vsako nedeljo sem mu čevlje tako zlikal, da se je lahko vanje pogledal. Kaj? Ali to ni nič? In jaz vem in te vere mi nihče vzeti ne more: cesar drži na grofa in grof na cesarja in če po vsem svetu ne bo več tlake in desetine, pri nas bo še vedno tako, še dolgo potlej, ko mene in vaju več ne bo in ko bo tisto svobodo, ki sedaj šari okrog, že zdavnaj pes vzel."

Dejal je:

"Tako, ti misliš, da je prav, da ostane desetina in tlaka na večne čase? Ali si pozabil, koliko krvic in žalosti nam je napravila graščina? In to bodi večno?"

"In tisti s Preseke," je udaril vmes Janez, ki se je že komaj premagoval ob bratovem govorjenju. "Tisto svinje! Naj zmerom še skruni neoviran in nekazovan?"

Toda Jožeta nista mogla oma-

jati.

"Graščino bi bili v miru puštili, pa bi ne imeli nobenih težav in sitnosti. To ste si vse sami nakopali na glavo. Ti si šel pa po sili v lunknjo. Kaj ti je pa bil Menat na poti? Pustil bi ga bil! Tudi on ima svoje pravice! Če si pa bil s Cecmanovo zmelen, bi bil pa z njo porajtal. Kaj si se pa zaganjal v logarja, da si jo izkupil!"

"Nevesto mi je požrl, pa naj bi bil potpel?" je vzikel Janez ves razjarjen zaradi bratove neobčutljivosti.

"Saj ti je še ni snel. In še danes jo dobiš!"

"Pa kakšno?" je zatulil Janez in iskal besedi, s katerimi bi bil utrl debelo lobanje bratovo.

Tedaj je pa prinesla Glavanka v hišo polno skledo cvrtja, da je prijetno zadišalo. In ta vojnjava, ki je objela živce, je zbulila želodce, da so preglašali druge strani.

"Jeje rajši! Kaj se pričkate? Saj te niso prišli terjati. Ti, volk, koko golčiš!"

Tako jih je pomirjevala gospodinja in pogrinjala mizo. In še nekam nejevoljna zagrozila možu:

"Veš, oče bodo nocoj spali na postelji in pa Janez, ti boš pa na tleh."

"Kjer boš ti, tam bom jaz."

"Bomo videli! Pa glej, da boš

dovolj slame nanesel! Saj jo imam! Bog vam požegnjaj!"

Tedaj je razgrnila krhko cvrteč na leseni krožnik in ga razdrobila z nožem.

"Pa kruha si odrežita!"

"Se ti vzemi," je silil oče sina gospodarja, ki se je pomicjal, a je naposled le stegnil roko, ko mu je žena rekla, da je tudi zanj.

Ob cvrtju in kruhu je pogovor mirnejše tekel, zlasti ker Janez ni bil kar nič gostobeseden in mu tudi jed ni dišala; imel je glavo polno drugih reči: Njo je videl, ki ji je bil vdvan z vso dušo in z vsem srcem. Videl je tudi njenega otroka, kateri je imel drugega očeta. In kaj mu je rekel brat? Še danes jo lahko dobiš?

Kje je to mogoče? Med njim in med njo je vedno Lah, Lah, Lah. Ne more misliti nanjo, da bi ne videl njega, vsiljivca, roparja.

"S poti mora!" je ponavljal sam pri sebi in mu je bilo žal, da ga ni kje zaločil, da bi mu plačal.

Cereal Cheese Topping Gilds Asparagus Casserole

Asparagus Puff with Corn Flake Cheese Topping is a delicious bake-and-serve dish dear to the heart of cooks. It can be prepared with dispatch since you're working with convenience foods.

Fragile, toasty corn flakes piquantly seasoned with Cheddar cheese add needed crispness to the custard-like asparagus mixture. Because they are inexpensive, convenient, add flavor and texture, cereals are excellent for ingredient use.

|--|--|
| 2 packages (10 ounces each) frozen asparagus spears | 1 tablespoon prepared mustard |
| 2 eggs, separated | 2 tablespoons diced pimento |

Living With Your Heart

HEART ASSOCIATION OF NORTHEASTERN OHIO, INC.
(A weekly educational service of your Heart Association)

THOSE WHO KNOW DISEASES BEST SHUN CIGARETTES, 3 to 1

To paraphrase an old slogan: among those who know diseases best, only 22.5 per cent smoke cigarettes.

This is the key figure in a recent poll taken by "Modern Medicine," a professional medical journal. More than 60,000 physicians, nearly a third of those actively practicing in the United States, responded to the questionnaire.

Equally significant, the Heart Association notes, is the fact that 95 per cent said they were certain that cigarette smoking constitutes a major health hazard. Even among that 22.5 per cent who said they were still smoking cigarettes, 89 per cent admitted it was against their better judgment.

More than half (52 per cent) do not smoke at all; the remainder have switched to pipes or cigars.

Growing evidence that cigarettes are strongly implicated in heart diseases, lung cancer and other causes of illness and death is reflected in the fact that more and more doctors are changing their smoking habits every day.

For instance, a poll taken among physicians in 1954 showed that 51 per cent of those questioned smoked cigarettes. By 1959 the figure had dropped to 38.5 per cent. Now, less than one in four doctors smokes cigarettes.

Obviously, the Heart Association notes, there is a lesson here for the layman. Just as one would hesitate to buy a brand of automobile shunned by expert mechanics, one should give at least equal weight to the consensus of the medical profession on a practice affecting health.

Largely on the basis of medical advice, Heart Associations have joined actively in the campaign against cigarettes. In many areas they are members of Interagency Councils on Smoking and Health; other members include the American Cancer Society, Medical Associations, State Departments of Education, State Departments of Public Health, and Tuberculosis and Health Associations.

It would be difficult to find a more impressive lineup of knowledgeable people.

For more information, contact the Heart Association of Northeastern Ohio, Inc., 1689 East 115th Street, Cleveland, Ohio 44106, telephone 791-7500 — or your county Heart Branch.

Chicago, Ill. — Thieves broke into the visiting clubhouse at Kansas City and carried away a lot of White Sox equipment. And they must have been baseball fans aware of the White Sox' light-hitting tendencies. They didn't steal any bats.

Included in their haul, however, were 13 gloves, three dozen baseballs of which two dozen were autographed, two jackets, outer stockings, Hoyt Wilhelm's toilet kit and some other personal gear.

Biggest loser was Don Buford, who had his two best gloves and a jacket stolen. J. C. Martin and Wilhelm also were two-glove victims.

Bumper Crop, Says Devine

The free-agent crop this year is an extremely good one, according to Mets' President Big Devine.

"The pitchers in particular are outstanding this year," said Bing. "There seems to be an abundance of good ones. Of course, you never know how a pitcher is going to develop, but talent-wise I'd say there are a lot of good pitchers available this year."

Sheriff Pleads For Water Safety

Sheriff James J. McGetrick issued an appeal to the residents of Cuyahoga County to observe good water safety procedures. The Sheriff said with the coming of summer, many people will be looking for relaxation and will either be swimming or boating, and with the large number of recreation spots available in our County or close by, play it safe, observe basic water safety rules.

The Sheriff urged the following:

Swimming

1) All swimmers should swim in pools and parks where there are lifeguards.

2) Do not swim in private lakes, dams, streams and gravel pits where there are no lifeguards.

3) Remember many lakes and gravel pits are spring fed which causes variations in water temperatures and can induce cramps or muscle spasms.

4) Never, never swim alone.

5) Do not swim when tired or ill. Sheriff McGetrick recognizing that boating is becoming a great hobby urged all new boaters as well as experienced boaters to observe certain water safety rules. He stated "there is much more to operating a boat than starting a motor or maneuvering a tiller." He recommended the following:

Boating

1) Enroll for training in small craft operation in the U.S. Coast Guard Auxiliary or U.S. Power Squadron Courses.

2) Always be alert when operating your boat.

3) Know the difference between the right of way rules on rivers and open waters.

4) Be sure your watercraft is properly lighted.

5) Watch constantly for storm warnings, storms or rising winds.

6) Be ever watchful for floating objects in the path of your watercraft.

7) Always keep your boat seaworthy.

8) Limit the load in your boat. This is most important.

9) Always have life preservers for all persons aboard your watercraft.

10) Do not stand up in or rock small boats.

11) Distribute your load of passengers.

12) Do not change seats in small boats.

13) Do not throw refuse from your boat.

14) Carry a fire extinguisher at all times.

15) Don't try to swamp other boats with your wakes. Remember be courteous.

16) Don't harass fishermen, have an anchor.

17) Help other boats in distress.

18) Last but not least: Water Skiing is a great sport — provides much enjoyment. Let us not destroy this enjoyment by injuring someone.

Remember — It isn't smart to water ski unless there is an observer besides the operator in the boat. (Against the law, too.)

If we will but observe just a few rules based on good common sense, all of us will enjoy many, many pleasant hours, boating. Let's enjoy the coming summer by practicing water safety."

AMERICAN AS APPLE PIE

Invariably, visitors to Iron Curtain countries notably Russia come home to the U.S. with tales of the utter drabness of life under communism. Yet, strangely enough, comparatively few people reach the point of asking why there is such a contrast between Main Street, U.S.A. and Main Street, U.S.S.R. Here we have color, variety, vitality and freedom of choice among thousands and thousands of products, goods and services. Judging by all reports, nothing of the kind exists in Russia. This contrast is the direct result of different economic and political philosophies. Those who would straitjacket the American economic system in a maze of controls and restrictions would end by bringing down on this country the very drabness that oppresses an American visitor behind the Iron Curtain.

Consider just one facet of the American marketplace — the trading stamp. Not long ago, when a hunt was on to find a scapegoat for inflationary price increases, there were efforts made to pin the blame on

Reporting from Washington

FRANCIS P. DOLTON • Washington, D.C.

WHERE ARE THE SPENDING PRIORITIES? Judging from the recent request by the Secretary of the Treasury to boost the national debt ceiling by \$29 billion and make the new ceiling permanent at \$365 billion, the Administration has no intention of holding down spending or even of setting professed priorities on spending. Apparently the \$6 billion increase voted in the debt limit just 3 months ago was but a ripple compared to the avalanche now plummeting toward us.

Both the Treasury Secretary and the Director of the Budget blame the Vietnam war costs for the new request to boost the debt ceiling by \$29 billion, but that is only part of the story. The war is costly, and we must equip our fighting men with the best. But where are those priorities in spending so heralded by the Administration earlier this year? This latest request is a complete admission that no such priorities exist and that there is no intention to cut domestic spending.

Unless Congress, through authorizing legislation and appropriations, holds the line, the situation will worsen at a great rate. Already the Administration has revised the estimated deficit for the current

fiscal year from \$9.7 billion to \$11 billion, and for the 1968 fiscal year from \$8.1 billion to \$11 billion—and holding it down to this level would require passage of the President's 6 percent tax surcharge.

Many Members had these facts in mind last week when the House voted to disallow funds for rent subsidies and to cut the model cities program. Both of these programs are part of a \$10 billion appropriation bill to finance projects of the Department of Housing and Urban Development and some sixteen independent agencies.

The requests for funds for both programs had been trimmed sharply by the Appropriations Committee before debate on the House Floor. The Administration had asked for \$662 million for model cities and \$40 million for rent subsidies; the Committee cut these requests to \$237 million and \$10 million respectively. The House then approved an amendment to cut the \$10 million for rent subsidies, but an amendment to reduce the model cities program to \$12 million in planning funds was defeated. I voted in favor of the reduction in both programs, and for the reduced bill on final passage.

While there is general agreement that solutions must be found to the many problems which plague our large cities, the over-riding question is how to organize effectively to cope with these problems. In many cases, unfortunately, Federal participation today creates expectations which, in fact, cannot be satisfied. There is duplication and overlapping with different Federal agencies involved in an uncoordinated basis. To add more programs without adequate coordination and planning, and with little or no consideration of the financial demands upon the Federal Treasury, is simply asking for trouble. Last week's vote would seem to be a recognition in Congress that Federal programs, to be justified, hereafter must be more effectively organized.

COMPETITIVE EXAMINATION FOR SERVICE ACADEMIES. A preliminary Civil Service examination for the Academies—Annapolis, West Point and the Air Force—will be held in Cleveland on Tuesday, July 11, 1967. Twenty-second District boys who wish to take the examination should make application by writing to me at 2373 Rayburn House Office Building, Washington, D.C., as soon as possible. It is on the basis of this examination that I will make the appointments to the Academies of those who will enter in June, 1968. Any young men who are residents of the 22nd District are eligible if they will complete their high school work in June, 1968, or before, and will have reached their 17th but not their 22nd birthday by July 1, 1968.

THE HOTTEST SOUND AROUND

THE GEATOR WITH THE HEATER.... Jerry Blavat of Triangle Stations hosts TV's hot new teen show in 125 cities across the country. He took 'Geator' from alligator or 'gator,' coupling it with 'heater' to describe how, like a car heater, his record turntable warmed things up.

The teen scene is a groove, it's a blast. Teen talk is the hottest sound around and all a teen needs is some wheels, bread, a coyote or a fox; if he doesn't lose his cool, he's got it made. Of course, all teens have their hang-ups and hitting the jackpot with the fuzz is one of them, not to mention trying to get along with the Oldies but Goodies. But in every city there's a man who acts as go-between for the generations. The man who really knows where it's at is the top local disc jockey, player of the Golden Oldies and the new soul sounds as well as dispensing advice to troubled teens. Every town has one and in Philadelphia it's the Geator with the Heater, the boss with the red hot sauce.

If all this teen talk is Greek to you, here's a handy translation straight from the Geator, teen idol Jerry Blavat:

groove, blast — great wheels; — a car
bread — money
coyote — boy friend
fox — girl friend
cool — temper
hang-ups — problems
jackpot — trouble
fuzz — police
Oldies but Goodies — parents
Golden Oldies — old rock 'n' roll songs
soul — rhythm and blues
horn — telephone
the Joyce — psychiatrist (from Dr. Joyce Brothers)

Not only does Jerry easily decipher this language, he coins his own phrases. Like Geator with the Heater — the name by which he's known in Philadelphia. Adopting the geator from alligator or 'gator,' he coupled it with heater — to describe the records he plays as being as hot as a car heater. He describes his loyal fans as "Kings and queens, yon royal teens" — telling adults to get with it and that "yon is from Shakespeare."

Jerry's a virtuoso as well at communicating with the teens. In Philadelphia, if a teen-ager has problems he knows he can either call the Geator or listen to advice given on his TV show, syndicated nationally by Triangle Stations. Besides answering questions on clothes, government and behavior, the Geator devotes a special section of his show to romance problems, and this has been so successful that Jerry has recorded an album "For Young Lovers Only."

"Today's teen-agers are the adults of future America. I always have time to listen to their problems, because many of them complain that the adult world doesn't listen to them, that it's too hung up with its own problems and does not find the teen problems important."

Jerry says that he even gets letters from parents asking for hints

on how to handle their own teens. Beside having the ability to empathize with teen problems, Jerry's other remarkable abilities as a disc jockey and emcee have made him the latest craze. His talent for spotting hit records before they happen, for instance. In more than one case, the Geator has played discs by new and untried groups that later made the top ten in the country. Every Saturday night, he listens to 200 new records and chooses the ones he thinks will be hits. He is unique in the fact that he's probably the only disc jockey in the country who doesn't play the Beatles. He says, "It's not my groove, not for my kids. The Stones, yes, the Beatles, no."

The Geator seems to be in a position to know. Only 24 years old, he looks like a hip teen-ager himself. He was once refused entry into the WFIL studio by a guard who thought he was just another kid — and couldn't get in to do his show until station manager George Koehler identified him.

As a 15-year-old high school boy, he started his TV career by working as an audience handler at the old Bob Horn Bandstand television show, which later became Dick Clark's American Bandstand. He led the applause and kept the teens quiet during commercials. Five years later, he was an interview disc jockey with a weekly radio show broadcast from a South Philadelphia night club. One night, when no one showed up because of a snow storm, Jerry took a pile of his own rock 'n' roll records, went over to the radio studio and broadcast his own show. The response was enthusiastic and soon the Geator appeared on WFIL, much to his fans' delight.

Today, Jerry holds sway over fans who are fascinated by his talk — "This is your Geator with the Heater coming to you on Big-Time Tuesday where we rock the big tick-tock, where we got the class to beat the blast from the past" — and his swinging show filled with the hottest sounds around in live talent and previews of upcoming fads.

But the real secret of his success is this philosophy: "Teens know deep down inside I'm just like one of them. I feel like a teen and I hope I never change!" And in the words of another generation — "You can say that again."

Gas Poisoning
Chicago — Accidental gas poisoning claims about 1,400 victims in the U.S. each year.

In many American cities a Chinese merchant cannot rent a store that has been previously occupied by another Chinese unless he pays the former tenant for the privilege.

THAT'S SOUL.... as Jerry Blavat sings and swings, with advice to teens and guest celebs from the Now Generation. His nationally syndicated Triangle series will catapult Jerry to TV stardom this year.

rent, the equipment would become the property of the beneficiary.

The answer is yes. If a beneficiary rents durable medical equipment, the rental charges will be covered for as long as the equipment is medically necessary. If this period is long enough, and the supplier of the equipment credits the rental payments toward the cost of purchase, then it is possible that the beneficiary may acquire ownership of the equipment even though it has been paid for with rental charges.

It should be emphasized, however, that the medical insurance program will make payments only on the basis of reasonable rental charges and only for the period during which the equipment is medically necessary. It will not, for example, pay for both the rental charges and any additional purchase price that may be due because only part of the rental charges counted toward the purchase price, or for any amounts that may still be due when there is no longer medical necessity for the equipment.
