ZVEZNA VLADA bo skušala v Baline, Phillips in Valley countyjih v Montani pokupiti od farmerjev vso nerodovitno zemljo, ki naj bi se izpremenila v regulirane pašnike. Obdelan svet bi plačala po \$3.00 do \$7.00 aker, oguljene pašnike pa po \$0.50 do \$2.00 aker. Farmerji naj bi z izkuščkom za prodani svet kupili zemljo v Milk River dolini, ki je umetno namakana. Vlada namerava na ta način 600,000 akrov izčrpanega in nerodovitnega sveta polagoma izpremeniti v dobre pašnike.

SENATNI ODBOR, ki se bavi s preiskavo firm, katere izdelujejo municio in orožje, je prišel do prepričanja, da je zvezna kontrola izvoza orožja in municije neobhodno potrebna, toda ta kontrola se mora vrstiti v tovarnah samih. Za kontrolo takega izvoza v samem New Yorku bi ne zadostovala niti vsa zvezna armada.

POPULARNOST predsednika Roosevelta in njegovega New Dealu se je baje tekom zadnjih šestih mesecov zmanjšala za več kot 18 uročenov. Ko je revija Literary Digest pred šestimi meseci izvedla tozadovno poskusno glasovanje, se je za Roosevelt in njegove reforme izjavilo 69.03% volilcev, pripravkar završenim glasovanju pa je padla ta večina na 50.97%. To lahko kaj pomeni ali pa ne, kajti poskusne glasovnice so bile v obeh slučajih poslane le 65,000 volilcem.

BRUNO HAUPTMANN, ki je obdolžen ugrabljenja Lindberghovega sinčka, je bil izročen oblastim v New Jerseyu, kjer se je ugrabljenje izvršil. Hauptmann je apeliral na prizivno sodišče v New Yorku, da ne dovoli izročitve Hauptmannu sosedni državi, pa ni imel uspeha.

UGRABLJENA žena milijonarja B. V. Stolla v Louisville, Ky., se je po šestih dneh vrnila nepoškodovana domov, ko je bila odkupljena v znesku \$50,000 plačana. Zaprtja je bila v nekem apartmantu v Indianapolisu. Ugrabljevalec je baje neki Thomas H. Robinson, star 27 let, ki je bil že nekoč v umobolnicu. Policia je aretirala v zaprta Robinsonova ženo. Zlončina dosedaj še niso dobili.

PRVI ČLAN glasovite Dillingerjeve zločinske tolpe, ki je bil legalno poslan na oni svet, je bil Harry Pierpont, morilec serifa v mestu Lima, Ohio. Na električni stol je moral sesti dne 17. oktobra v Columbussu, Ohio.

OD MESECA JUNIJA 1932, ko je bila v kongresu sprejet začnana Lindberghova postava, tikojoča se ugrabljen, do sedaj, je bilo izvršenih 31 takih zločinov. Od teh je nerešenih ali je delno rešenih le pet, v 26 slučajih pa so bili zločinci arretirani in obojeni. Dva zločinka sta bila obojena na smrt, 16 jih je dobito dosmrtno ječo, 56 pa jih je bilo obojenih na zaporne kazni, ki znašajo skupno 1236 let. Tri ugrabljenja osumljene osebe so izvršile samomore.

Vprašanje: Dobim drugi državljanški papir prihodnji mesec. Nekateri mi pravijo, da je bil naturalizacijski zakon izpremenjen in da moji otroci ne postanejo ameriški državljanvi vsled moje naturalizacije. Kje naj vprašam, da li je res tako?

Odgovor: Ako pišete na Foreign Language Information Service, 222 Fourth Avenue, New York City, vam ta organizacija drage volje razloži precej komplikirane spremembe naturalizacijskega zakona. Ako vam je težko pisati angleški, lahko pišete v svoji materinski.

Vprašanje: Kako naj izvem, da li je bila prošnja za neki patent izvložena? Koliko časa mine, predno patentni urad reši tako prošnjo?

Odgovor: Pišite na Commissioner of Patents, Washington, D. C., o taki zadevi. Pismo naj navede vaše ime, naslov in naslov iznajdbe. Ako znate za tekočo številko (serial number) svoje prošnje in datum, ko je bila prošnja izvložena, navedite to.

IME indijansko poletje je tipično ameriško, pravi izvor imena pa je neznan. V Angliji imajo nekaj podobnega. Dalje časa trajajoči sončni in gorki vložiti to prošnjo za vas in veste, kdaj je bila vposljana, navedite ime in naslov odvetnika, ki vas zastopa. Po patentnem zakonu se mora vsak patent izdati tekmo treh mesecov, od kar je bila plačana končna pristojbina.

Vprašanje: Ako kdo resno zbol, predno je minulo pet let od prihoda v Ameriko, ali ne prosi za brezplačno bolnišnično oskrbo takoj, marvec še potem, ko je že pet let tukaj, je tak človek podvržen deportaciji, ker je padel na breme javnega dobrdelstva?

Odgovor: Tak inozemec ni podvržen deportaciji. Le ako bi postal "public charge," predno je minilo pet let od (zadnjega) prihoda v Združene države, tedaj bi bil v nevarnosti deportacije.

Vprašanje: Moja ovdovela sestra je umrla v starem kraju in zapustila sina, 16 let starega. Ako adoptiram tega mojega nečaka, bom ga li mogel privesti v Ameriko kot izvenkovnega priseljence? Jaz sem naturaliziran državljan.

Odgovor: Žalibog to ni mogoče po zakonu. Adoptiran otrok ameriškega državljanina ima pravico do izvenkovne vize le tedaj, ako se je adoptacija izvršila pred dnem 1. januarja 1924. Vaš nečak bi mogel iti le kot običajen priseljence v kvoti.

Vprašanje: Imam prvi državljanški papir. Morem li voliti meseca novembra? Neki moji prijatelji, ki je živel v državi Texas, pravi, da v tej državi volijo tudi ljudje, ki imajo le prvi državljanški papir.

Odgovor: Kdor ni ameriški državljan, ne more voliti v nobeni državi. Nekaj malo držav, izmed teh Texas, je poprej dovoljevalo volilno pravico tudi inozemcem, ki so imeli prvi pač, ali tega ni več.

Vprašanje: Bil sem zakonito pripuščen v Združene države 1. 1919 ali prišel sem s potnim listom nekega drugega. Sedaj nosim svoje pravo ime in sem poznan pod istim. Ali morem postati ameriški državljan pod tem imenom?

Odgovor: V takih slučajih zakon razlikuje med onimi, ki so prišli pred dnem 22. maja 1918, in onimi, ki so prišli kasneje. Oni, ki so prej prišli, morejo razložiti razliko imena, identificirati se in rešiti to težave.

Indijansko poletje nima točno določenega časa, ker nima koledarske avtoritete, ampak le ljudsko označbo. Del jeseni z milo temperaturom in jasnim vremenom je ameriško ljudstvo razvalo indijansko poletje. Naravna se indijansko poletje začne že v oktobru in se raztegne v november, včasi pa se začne šele v novembra in seže celo v december. Včasi takozvanega indijanskega poletja sploh ni, včasi je zelo kratko, včasi pa trača več tednov.

Ako je jesen dolga in gorka, se narava tako počasi odpravlja k zimskemu spanju, kot otrok, ki ga je treba vsak večer nagnjati v posteljo. Otrok hoče pred spanjem še vse izvedeti in povedati, narava pa se zdi, da hoče vse svoje zanimivosti pokazati. Svojim občudovalcem posuje pota z zlatom in škratom, to je z odpadlim listjem, ki opono diši. Mestoma leže po tleh orehi in želod, dobrodelni prigrizek vevericam. Po grmovju so nanizane različne jagode; z njimi se bodo hraniše včasi dočakali lepo starost 86 let. Pokojnik je bil med ustavovitelji moravske posojilnice, mlekarne zadruge, kmetijske podružnice in gasilnega društva.

V Medlogu pri Celju se je prevrnil gasilski avtomobil in je bil pri tej nesreči na mestu ubit višji poštni kontrolor Jernej Vengust, podstarešina Gasilske zajednice dravške banovine. Triglavski gasilci so bili težko, trije pa lahko poškodovani.

V Moravčah je umrl spoštovani in daleč okrog znani goštilničar in posestnik Franc Orehek, nazvan "Kaukov oče," ki je dočakal lepo starost 86 let. Pokojnik je bil med ustavovitelji moravske posojilnice, mlekarne zadruge, kmetijske podružnice in gasilnega društva.

Zanimivo je opazovati, kako je narava preskrbela za razširitev nekaterih rastlinskih vrst.

Nekatera semena, kot na primer semena divjega mlečka in regata, so opremljena z nekakinimi parašutami, da jih veter dvigne in odnese daleč proč od maternih rastline, in si v daljnih krajih najde novo domovino. Če bi vsa semena ostala okoli materne rastline in tam vzlilka, bi nastala prevelika gnezda. Semena javorov in nekaterih drugega so tako prikrovjena s nekakinimi smrekami, ki jih spomladi vzlilko in se razvije v nove rastline. Kjer je nekaj semena ostalo v semenskih glavicah, bo dobrodošlo pticam za pozimsko zobanje.

Nedavno se je pripetila na zasilnem prehodu na Teznom pri Mariboru nesreča, ki jih malo takih pozna vsakdanja kronika. Le čudežno naključje je rešilo 32-letno posestnico Ivana Lončaričevu iz Prepolja na Dravskem polju grozne smrti.

Ljudje, ki so bili priča grozne nesreče, niso mogli verjeti, da je Lončaričeva res ostala živa. Nezgoda se je pripetila takole:

Lončaričeva se je pripeljala po Tržaški cesti proti domu na enovprežnem vozu. Ker so bile železniške zapornice odprtne, je nič hudega sluteč poginala končno.

Marsik je po močvirjih rastele, ki je v tej deželi znano pod imenom mačji rep (cat-tail) ali tudi konjski rep (horse-tail), ki ima vrhu stebla res malemu konjskemu repu podoben klas ali lat. Malokdo ve, da so ti mačji repi služili nekdajim Indijancem za hrano. Mladi poganki, potrgani spomladi, dajejo hrano, ki je po okusu podobna špargeljem. Stebla, potrgana v zgodnjem poletju, so Indijanci kuhalni in si iz istih napravljali nekak redek sok. Ko je klasje tega ločja cvetelo, so Indijanci iztrzali iz istega obilni cvetni prah, iz katerega so si kuhalni nekak močnik. V jeseni pa so Indijanci izkopali gomoljike tega ločja, ki so nekak krompirju podobne in vsebujejo precej škroba. Te gomoljike so uživali pečene kot krompir, ali pa so jih semelji v močnik, ki je zelo sladki in dobrodošen.

Holtze je 52 let oskrboval sredstva avstraliske celine dvojni kabel hrzojavne proge, ki veže avstralski jug in sever, od Adelaidu do Darwinu. Njegova samotnost je bila neredko večja nego Robinsonova. Brzojavna proga je dolga 3200 km in ob njej so v velikanskih presledkih postavljeni čuvaji, ki pazijo, da se proga ne pokvari. Le redko se čuvaji srečajo. Vsak ima svojo hišico, vrt in svoje živali, mnogi tudi svoje družine, Holtze je živel vedno sam. Ta služba ob progah je bila določena sicer le na tri leta, marsikateri med čuvaji pa je ne spremjamajo radi. Rekord med vsemi je odnesel Holtze, ki je v tem samotni službi zdržal več nego pol stoletja.

V kraljestvu narave morda ni nobene rastline, ki bi bila čisto brez koristi. Ako ni v direktno korist človeka, služi za hrano in skrivališče živalim in drugega ne, zadržuje v zemljavi vlago in s koreninami branii, da naliivi ne odnašajo rodovitne

Narava je najbolj zanimiva spomladni, ko na milijone načinov začne kazati novo življenje, toda na svoj način je zanimiva tudi v jeseni. Pogled na s sadjem obloženo drevesa in na z grozdom obteženo vinsko trto ugaja vsakemu. Marsikom, četudi ni poseben ljubitelj in študent narave, se dopade tudi izpreminjanja se barva drevesnega listja; zelenilo, zlato in skrlat se tu mešajo v neštethnih niansah.

Ako je jesen dolga in gorka, se narava tako počasi odpravlja k zimskemu spanju, kot otrok, ki ga je treba vsak večer nagnjati v posteljo. Otrok hoče pred spanjem še vse izvedeti in povedati, narava pa se zdi, da hoče vse svoje zanimivosti pokazati. Svoj

Poštenost napram vsem

Poštenost spada med najlepše lastnosti značajnega človeka in se končno navadno tudi najbolje izplača. Človek, ki si je s svojim poštenjem napram vsem pridobil dobro ime, uživa kredit in spoštovanje med vsemi, ki ga poznajo. Kredit pa je dostikrat več vreden kot gotov denar. Denar lahko ukradejo tatoi ali odnesejo roparji, lahko ga zapravijo nezmožni ali nepošteni bankirji, lahko se izgubi v enem ali drugem podjetju, kredita pa ne more človeku nihče vzeti, če ga sam ne zapravi.

Moška beseda poštenjaka v resnih zadevah prav toliko drži, kot pred notarjem in pričami podpisana in zaprisečena pogodba. Poštenjaku je prav tako odvratno, da bi bil kakorkoli oškodovan njegov bližnji, kot da bi bil oškodovan on sam.

Lastniki trgovin, gostiln in raznih obrti morajo seveda delati za dobiček, kateri pokriva stroške in jim pri tem zasigura pošten zaslужek. Zastonj ne more nihče delati. Če je ta dobiček primeren ali pretirano visok, navadno odjemalci kmalu pronajdejo. Trgovci in obrtniki, pri katerih odjemalci dobijo pošteno postrežbo in pošteno blago za primerno ceno, navadno najboljše izhajajo. Vsi zadovoljni odjemalci postanejo prostovoljni agitatorji za podjetje. Oderuško podjetje morda nekaj časa uspeva, potem pa skoro v vseh slučajih sledi polom...

Pošten delavec, ki za pošteno dnevno, tedensko ali mesечно plača izvrši dobro in pošteno delo, si zgradi kredit, ki se v normalnih gospodarskih razmerah skoro vselej upošteva.

Slovenci uživamo v splošnem sloves poštenega naroda. V starokrajskih listih dostikrat čitamo, da so Slovenci v vsej Jugoslaviji in preko mej iste kot uradniki in služabniki splošno priljubljeni zaradi njihove poštenosti in snažnosti. Pa tudi v tej deželi imajo Slovenci med drugorodci v splošnem prav dober kredit kot poštenjaki.

Poštenost spada, poleg pridnosti, varčnosti in gostoljubnosti, med najlepše slovenske lastnosti, in menda ni treba poudarjati, kako zaželjivo je, da si to lepo lastnost ohranimo tudi za v bodoče in jo skušamo vcepriti tudi naši mladini.

Naše slovenske podporne organizacije v tej deželi imajo med svojimi člani primeroma zelo malo simulantov in izkoriščevalcev. Slabi, nepošteni posamezniki se sicer dobijo povsod, toda to ne izpremeni splošnega pravila.

Kot pošteni člani J. S. K. Jednote bi si moral šteti v resno dolžnost, da vsako nepoštenost in izkoriščanje Jednote iztrebimo ali preprečimo. Vedno bi morali pominiti, da je jednotina blagajna last vseh, in da kdor to blagajno izkoristi, izkorišča nas vse.

Iz tega izhaja načadljiva dolžnost, glede katere je važno, da si jo poklicemo v spomin posebno zdaj v kampanji za nove člane. Novi člani, ki pridejo v Jednoto z zastarelimi boleznjimi ali s slabotnim zdravjem, niso Jednoti v korist, ampak v škodo; to se pravi, da so v škodo vsem dobrim in poštemim članom. Tudi novi člani, ki so nagnjeni k izkoriščanju, niso v korist Jednoti. Ako bo treba zaradi takih nezaželenih članov plačevati izredne asesmente, plačevali jih bomo vse.

Mi vsi želimo, da bi Jednotá v tej kampanji pridobila veliko število novih članov. Toda število ni vse. Mnogo bolj važno je, da so ti novi člani zdravi in značajni. Boljše je pridobiti pet novih članov, o katerih vemo, da so zdravi in značajni, kot petdeset članov, med katerimi jih je morda deset, ki so slabega zdravja ali nagnjeni k izkoriščanju.

Glavni urad ne more soditi o kakovosti novih članov. Tudi zdravniki ne vedo in ne pronađejo vsega. Poznajo pa jih stari člani pri krajevnih društvenih članih, ki jih nagovorijo in priporočajo za pristop.

Pri tej priliki je umestno tudi poudariti, da z novimi člani mladinskega oddelka prevzame Jednota najmanj rizike. Mladina je v splošnem zdrava, kar najlepše dokazuje visoka nadsolventnost mladinskega oddelka. Poleg tega je naš mladinski oddelki tista rezerva, iz katere zadnje čase dobivamo največ članov v odrasli oddelki. In ti člani so mladi in zdravi ter kot taki pomlajajo našo organizacijo in dvigajo njen solventnost. Vseh članov iz mladinskega oddelka sicer ne dobimo v odrasli oddelki, ko dosežejo predpisano starost, toda dobimo jih toliko, da smemo po pravici šteti naš mladinski oddelki za našo najbolj dragoceno rezervo.

Izrabimo zadnje mesece tega leta za kar najbolj intenzivno kampanjo za pridobivanje novih članov v oba oddelka. Pri tem pa upoštevajmo gori navedena dejstva in skrbimo, da bomo dvignili nele število članstva, ampak tudi solventnost J. S. K. Jednote. Tako bo pošteno na vse strani in končno za nas vse.

ja, ki ga je zgrabil in potegnil v notranjost, čez par trenutkov pa ga je lepo v snop pšenice povezanega vrgel na tla. K sreči se dečki ni nč zgodilo, le prestrail se je toliko, da istega popoldne ni zaspal kot snop.

Show me, I am from Missouri, je popularno geslo prebivalcev omenjene države. Po oblikah, ki so jih naše dražestne flaperice nosile v preteklem letu, bi se dalo sklepati, da so vse imele domovinsko pravico v državi Missouri.

Ugrabljenja milijonarjev ali njihovih otrok so v tej deželi skoraj vsakdanje, veliki večini povprečnih Američanov, katere tare skrb za eksistenco, pa se ugrabljenja ni treba bati. Tudi njihovi otroci se brez skrbi igrajo, kjerkoli jim je draga. V tem oziru smo nemanič na boljšem kot milijonarji.

Nekateri pritlikav reformatorji so tako prepričani o svoji nezmotljivosti, da bodo kar naprej vplili, da je sonce črno, če se jim je enkrat v zmedenosti tako zareklo. Prerekati se z ujimi bi bila samo izguba časa.

Californijska klima mora biti se vedno božanska. Od pet milijonov prebivalcev v Californiji se jih je samo deset tisoč izjavilo, da so voljni iti v nebesa. Tako vsaj poroča nek tamozni evangelist.

V Clevelandu so pričeli preurejati močno zanemarjeni zoologični park. Najprej so se lotili jerperja za opice. Prijatelj Cahej je mnenja, da se jim z zgradbo opicje palače tako mudi vsled tega, ker hočejo, da bodo vse afne na varnem predvolitvami.

V NEMČIJI je umrl Alexander von Kluck, bivši poveljnik nemških čet, ki so v letu 1914 pregazile Belgijo in ogrožale sam Pariz. Sledila je francoska ofenziva, znana kot bitka ob Marni, kjer so bili Nemci vrženi daleč nazaj. Nemška ofenziva je bila s tem ustavljena in Francija je bila rešena. Von Kluck je bil kmalu potem upokojen. Umrl je star 88 let.

ZDRAVNIKOMU kolegiju v Bostonu je bila nedavno predstavljena angleška pisateljica Mrs. Daphne Muir, ki je bila 10 let slepa in ki je zopet zadobila vid s pomočjo operacije. Slovenski londonski specialist Sir Harold Gillies je presadel roženico z oči neke druge ženske, pri kateri je bila slepota iz drugih vzrokov neizogibna, na oči Mrs. Muir. Roženica na očeh Mrs. Muir je bila pokvarjena, ko je bila na operaciji za slepičja in je neki zdravnik razlil razkužljeno tekočino po njenih očeh. Zdravniki smatrajo to nenavadno operacijo na očeh za izredno velik uspeh moderne znanosti.

Inozemci pa, ki niso prišli pod svojim pravim imenom po dnevu 22. maja 1918, se ne smatrajo, kot da bi bili zakonito pripuščeni in morajo vložiti prošnjo za registracijo, to je, morajo legalizirati svoje bivanje tu, predno morejo dobiti državljanstvo.

ZVEZNA VLADA namerava izdati strožje regulacije za protekcijo potnikov na ameriških parnih. Lastniki parnih bodo v večji meri odgovorni za varnost potnikov, parniki bodo drugače zgrajeni glede materiala in potranje ureditve in zahtevala se bo stroga izkušnja glede sposobnosti mornarjev.

Strožje odredbe bodo posledica požara na potniškem parniku Moro Castle, v katerem je izgubilo življenje 134 oseb.

ZAKLADNIŠKI department v Washingtonu je zadnji čas obvestil okrog 100 korporacij, da dolgujejo vladi številne milijone na davkih. Samo avtomobilsko firma Fisher & Co. v Detroitu dolguje na davkih nad 17 milijonov dolarjev. Vlada je odločena te davke iztrirjati.

EDSEL B. FORD, sin avtomobilskoga magnata Henryja Forda, je dne 8. oktobra dobil izsiljevalno pismo, da mora na določenem prostoru pustiti za \$5.000 bankovce, sicer, da se mu bo slabo godilo. Pismo je bilo oddano policiji, ki je dne 16. oktobra arretirala dvajsetletnega Edwarda Lickwala, ki je vprvi dokaza po njegovem pisanju priznal, da je pisal omjenjeno grozilno pismo. Fant ni dobil zahtevanih pet tisoč dolarjev, pač pa je bil že drugi dan na prevzela v svoje varstvo.

Vpsi učencev in južno-srbske osnovne šole izkazujejo, da se je število šolarjev v zadnjih treh letih pomnožilo za 53.178. Še več povede statistični podatki: V južno-srbskih krajih je nepisomenost do konca vojne znašala 95 odstotkov. Do 1. leta 1932, je padla na 69, sedaj pa je že znižana na 65 odstotkov. Ker je vsa Južna Srbija glede na šolstvo predstavljalna po osvojenju najstrožjo leđino, so tudi uspehi srednjih šol razmeroma prav dobr. Srednjih šol je 15 s 178 razredni in 359 učnimi močmi, v 14 mesčanskih solah pa je 54 razredov, v katerih poučuje 107 učnih moči. Od 1. leta 1918 do leta 1932, je šolstvo v Južni Srbiji doseglo 100% uspeha.

SPANSKA republika se baje nagiblje nazaj k monarhistični formi. V bližnji bodočnosti morda nastopi vojaška diktatura, nakar bo morda poklican bivalski kralj Alfonz nazaj na prestol, ki ga je izgubil 14. aprila 1931.

IZ JUGOSLAVIJE prihajajo različna, v mnogih ozirih naproti, sprostoči se poročila. CURRENT THOUGHT

A True Story

Once upon a time a young man, 25 years of age, joined a lodge to please his friend who happened to be the vice president of the local branch.

"I know all about the sick, death, operation and disability benefits," said the newly enrolled. "However, I don't think ever make use of any benefits for some time to come. I want you to know that I am joining your lodge because you've persuaded me."

"This may be your only reason for the present," answered his friend, "but I am sure that you will be sold on the lodge idea the future; although you say you will not realize any benefits in the present, there is the future to consider. Besides the lodge offers social contact not easily accessible by any other means."

So the new member attended five meetings of the lodge. He acquired new friends and exchanged greetings with the old ones. He was having as good a time with the lodge's activities with any other similar type of entertainment.

For the life of him he could not appreciate the idea of paying monthly assessments. Not carrying any other insurance, he considered the monthly dues as so much money wasted. Never a day in his life, he came to the foolish conclusion that he never would get sick enough to stay home from work and stay bed.

When the next meeting rolled around this member decided to be an absentee. Not wishing to displease his officer-friend, he came around the following month to pay for two months' assessment. What a good time he could have had with this money, he thought to himself, instead of wasting on needless insurance.

About two weeks later this individual reported to work as usual, but with a heavy cold that sent chills through his body accompanied by a sharp pain on the right side. The first two days he paid little attention to it, but on the third day he was looking like a leaf. The unexpected had happened. He, the eat outdoor man, had to ask for a day off in order to go home and sweat out his cold.

But sweat as he might, the chills persisted, and the cold had strange way of clinging to his system. After two days of this pleasantness his family called a doctor, much to his chagrin. The doctor made the customary examination. In doing so he passed his hand down on the right side of the lower part of the patient's abdomen. Up jumped the patient with the exclamation, "Ouch!"

"Feel a pain?" asked the doctor.
"Yes, a sharp pain," answered the patient.

After a careful diagnosis the doctor discovered a case of appendicitis necessitating an immediate operation.

"You're going to the hospital, my boy, and the sooner the better," the doctor told the perplexed patient.

* * *

One week later and we find the disbeliever of fraternal insurance laid up in a hospital recuperating from an operation for removal of his appendix.

His officer-friend came to visit him. Out of courtesy he did say, "I told you so," for he realized the necessity of saying something cheerful to the victim laid up in bed. But in the course of the conversation he did ask him if he needed any money.

"No, thanks, I borrowed \$200 from my folks to see me through this," said the convalescent. And he continued by saying how glad he was to know that his lodge insurance would cover the cost of the operation and the hospital bill.

"I don't know what to say, and how to thank you for keeping me to join the lodge."

"Forget it," replied his visitor, "sickness, operations and the like come upon us like a hawk upon its prey. We never know what tomorrow holds in store for us."

Lodge No. 166 to Give Play, Dance

Indianapolis, Ind.—Any three Slovene fraternal benefit organizations which were held in the past two years.

It is understood that to this play are also invited all Slovanes and Slavs in this locality. To extend a special invitation to the members of Lodge No. 166, SSCU, is not necessary, as each member realizes his duty to attend this affair. Each member who does not attend this play and dance will have to pay 50 cents into the lodge treasury. Admission for adults is 25 cents, for children 10 cents. A prize will also be awarded.

We hope to see a member of the SSCU Supreme Board attend our play; we would be particularly glad to see our Brother Editor-Manager of Nova Doba. He can take along with him that Pennsylvania goat.

Vesna Club

Lorain, O.—The charter members of the Vesna Club are proud of its organization. All will agree that it is a much needed thing for the Slovene youth of Lorain. The Vesna Club is giving them an opportunity to stick together and cooperate with Slovenes. It is getting Slovenes better acquainted with its own nationality. Consequently, we expect to enjoy ourselves and at the same time educate ourselves and prepare for the future.

At the club's last meeting 14 new members were accepted ten of whom were initiated. The new members are: Josephine, Mildred and William Eisenhardt, Joe Hlebear, Frank Jacopine, Matilda Majak, Joe Mitock, Frank and John Rzanc, Mary Tomsic, Andrew and Vincent Udovic, Mayme Virant and Joe Zgong.

The club has a Hallowe'en party Oct. 30 for its members.

At the Nov. 5 meeting plans will be made to attend the opera "Il Trovatore" in Cleveland Nov. 11 and the semi-formal ball on Dec. 26 at the Slovene National Home.

Tickets for the opera "Il Trovatore" presented by the Zarja of Cleveland Nov. 11 can be obtained from the writer for 50 cents or 75 cents. Plans are being made to hire at least one bus.

Until then, Au revoir.

Vida A. Kumse,
Vice President.

Lorain, O.—Membership drive of Vesna Club closed Oct. 1 and is not to be reopened until the following January. At the last meeting a number of new members were initiated.

We are going to have a Hallowe'en party the 30th of October. Attorney Joseph A. Svet appointed a committee to take care of the entertainment and refreshments for the party. The committee consists of Frank Ambrozic, Mildred Eisenhardt, Frank Jacopine, Matilda Majak and Vida Kumse.

Plans were also discussed for the semi-formal dance which is to be held at the Slovene National Home on Dec. 27.

After the last meeting followed dancing, with the Dickinson Hill Billy Band furnishing the music. Refreshments were served. Our next meeting will be held Nov. 5.

Matilda Strukely.

HANDSHAKING

In ancient times the right hand was the weapon hand. It was extended empty to signify friendliness and show absence of weapons. This developed into the handshake, the supposition being that while the right (the weapon) hands were clasped, a treacherous blow could not be struck. An interesting exception to this is found in the Bible, Judges 3:15-21, while the handclasp as a covenant of friendship is shown in 2 Kings 10:15. Both the Greeks and Romans practiced shaking hands.

His Bravery

Chief: You're late again, Thomson. Do you never use your alarm clock?

Thomson: Yes, sir, but I no longer find it alarming.

All Stirred Up

Why is a game of ball like buckwheat cakes?

Answer: Because its success depends upon the batter.

BRIEFS

Yugoslav Federation of Fraternal Organizations concluded its annual conference last Saturday, Oct. 20, at the Slovene National Home, Cleveland, O. Six fraternals were represented with Vincent Cainkar, president of SNPJ, acting as chairman. Our SSCU sent a representative to this conference for the second time since the Yugoslav federation was organized. Bro. Anton Zbasnik, our supreme secretary, was our Union's representative. While in Cleveland Bro. Zbasnik attended the meeting of Lodge No. 37, SSCU, and called together a meeting of all local SSCU lodge officers, which was held Tuesday evening, Oct. 23.

Lodge No. 116, SSCU, of Delmont, Pa., will observe its 20th anniversary next Saturday, Oct. 27. Exercises will be held in the Slovene Hall in White Valley, Pa., and will commence at 4 p. m. Present at the celebration shall be several supreme officers of our SSCU, among them Bro. J. N. Rogelj, first supreme trustee, who will give the principal address. Lodge No. 116 anticipates a large attendance from the local settlement and outlying districts.

Dramatic Society Ivan Cankar of Cleveland, O., will offer a presentation of the Slovene comedy, "Four Weeks in Heaven," which is to be given next Sunday, Oct. 28, in the auditorium of the Slovene National Home on St. Clair Ave.

Included on the program is an exhibition by Sokols and rendition of songs by Singing Society Zarja. Program will begin at 3 p. m. Dancing in the lower hall will take place in the evening. The net proceeds of the entire program will be turned over to the treasury of the Slovene National Library, situated in the Slovene National Home on St. Clair Ave.

Louis Adamic's "The Native's Return" will be among the 200 books presented to President Roosevelt at Washington. The 200 books comprise a list of contemporary literature selected by a special committee for presentation to the President. According to reports, President Roosevelt has a copy of Adamic's "Dynamite," which makes it two of the works by the Slovene author that will be at the President's disposal.

Two members of Lodge No. 6, SSCU, of Lorain, O., have joined the U. S. Navy, namely John Zgong and John Strukely. The former left last week for the U. S. Naval Training Station at Norfolk, Va., and the latter is to leave the latter part of this month.

Frank Doljack of the Detroit Tigers of American League played with the Rosenblums, national A baseball champions, in an exhibition game last Sunday that featured the famous Dean brothers, Jerome and Paul, pitchers for St. Louis Cardinals of National League. The game was played at League Park in Cleveland, with the Pittsburgh Crawford, world colored champion, forming the opposition. Satchel Paige, hurling for the Crawfords, fanned 13 out of the 18 batters to face him.

Center Ramblers

Center, Pa.—No, indeed, we won't let you forget that we're holding a masquerade dance at the Slovene Hall in Center. Come on, members, bring your friends along and enjoy an evening of entertainment that has not been equalled by our group for some time.

Come one, come all, for the Center Ramblers sincerely extend their wholehearted invitation to all.

Na svidenje!

Mary Anne Peterrel,

Secretary, No. 221, SSCU.

Most of us don't care about all the blarney, but what we are interested in is finding out just what we are going to do this winter.

The Gophers are all set. The big opening dance was held on Friday the 19th, I am writing this on the 17th, and will tell you all about the big dance, so everybody hope that we all won't go south again. I admit, though, that the Gophers going south was poor generalship on the part of Little Stan, and we will do our darndest to place the Gophers on a cash basis again. But Stan cannot do all this alone. We must have co-operation, boosting our dances and the Gophers. You know that you can't skin a banana while it is on the bunch, but as soon as you leave the bunch you get skinned, so what say, Gophers, let's get going and don't leave everything to Little Stan, who is trying so hard to get things going. Eddie Dvorak and his Orioles are scheduled to furnish the music Friday. And when the reporting on the dance is done, I can only hope that I can have some swell things to say about the wonderful co-operation of the Gophers . . . So, come on, Gophers, let's go!

Two weeks following the Gopher dance, the Arrowheads and Rangers are co-operating in staging a gigantic dance at the Washington Auditorium, with Ty Tyson and his orchestra at the musical helm. Admittance will be 75 cents per couple, or \$1 at the gate. The 75-cent ticket being sold in advance.

You can all see that the SSCU lodges are all working hand in hand to start the ball rolling. Then the Rangers are having a meeting tonight, and soon the Gophers will have their meetings going in full blast . . . so here we are all working together and we'll certainly have things humming this winter!

And now for bits of local news. Again Dan Cupid has spurted and the result . . . shower was held on Mary Koschak and John McNeal at the National Home, which was a swell affair . . . Then another shower on the week after . . . the Janesich gal from Milwaukee . . .

SSCU Bowling League Meets Next Sunday at St. Clair-Eddy Alleys

PROCEEDINGS TO BEGIN AT 2 P. M.

All SSCU members of Cleveland, Collinwood and Euclid interested in joining the SCCU Bowling League are invited to be present at the league's first gathering next Sunday afternoon, Oct. 28, at St. Clair-Eddy Bowling Alleys, 12320 St. Clair Ave. A preliminary arrangement of teams will start at 2 p. m.

The first meeting of the SCCU Bowling League was held last Sunday, Oct. 21, and those present decided to set a nominal fee of 75 cents for each person to cover the cost of three games of bowling and 15 cents to be set aside for prizes.

Regular lineup of teams has not been drawn up as yet, as the exact number of participants will not be known until next Sunday, when the men and ladies meet for the first time on the alleys.

Members of senior SCCU lodges in Cleveland interested in joining the league are requested to be present at the alleys not later than 2 p. m., as are members of English-speaking units.

Officers elected to take charge of the SCCU Bowling League are: John P. Lunka, president; Mary Arko, vice president; Frank Jaklich, secretary, and Charles Kikel, treasurer.

Official opening of the league will also be decided next Sunday. In all probability it will commence Sunday, Nov. 4.

Other details, such as the number of games to be played during the season, foul line man, schedule of teams, etc., will be thrashed out after the tentative lineup of teams have bowled a game or two.

Officials of the league wish to stress the point that the principal purpose of organizing the SCCU circuit is to create a better understanding between the senior and junior members in Cleveland. It is not their aim only to bring out bowlers of exceptional skill together; rather a get-together of those members whose interest lies in bowling even though they may be beginners.

A large lineup is anticipated.

Autumn Dance to Be Given by Two Ely Lodges

Ely, Minn.—Friday, Nov. 2, the Arrowhead Lodge, No. 184, and the C. and M. Rangers, No. 1, SSCU, shall endeavor to stage the greatest and most colorful dance ever attempted by any one or more lodges in the state of Minnesota.

As it is the first time in the history of these two lodges that a joint enterprise is being sponsored, it is all the more reason why we should make this dance eternally outstanding. The vigor with which the members of the respective lodges have embarked in this venture is amazing. The prevailing spirit and co-operation assures unrivaled heights of success.

To cap this gala affair, the combined executive committee has secured the services of Ty Tyson and his famous Recorders through the untiring efforts of our good friend and loyal SSCU member, Stephen Rom.

All Ready—Let's Go
She: Darling, I have had a question I have been wanting to ask you for weeks.

He: Go ahead, I have had an answer ready for months.

Dry Cleaning Next Time

The barber had used his electric clippers in cutting small Betty's hair.

"I guess my neck wasn't clean," she told her mother on coming home, "cause that man used his vacuum cleaner on it."

kee and Muhvich from Ely . . . I don't know their first names . . . but that is where Little Stan slipped and forgot the names. . . . Anyway chalk up two more for Danny. . . . Ely's streets very busy with local shoppers, all believing the old adage of buy at home. . . . Young people scurrying to dances and other points of interest . . . and Little Stan leaving the press lanes until next week. . . . So long!

And now for bits of local news. Again Dan Cupid has spurted and the result . . . shower was held on Mary Koschak and John McNeal at the National Home, which was a swell affair. . . . Then another shower on the week after . . . the Janesich gal from Milwaukee . . .

Point of View
"Too bad that Jim and his girl aren't good enough for each other."

"What makes you say that?"

"I've been talking to both families."

Insuperable Handicap
"Will we ever have a woman president?"

"Of course not. A president has to be over thirty-five years of age."

HARD-HEADED

"Billy broke my doll," sobbed little Emily.

"How did he break it, dear?" asked her mother.

"I hit him on the head with it."

Fun and Frolic With the Pathfinders

Gowanda, N. Y.—On Tuesday evening, Oct. 16, the Pathfinders held one of the most gala social affairs of the year in the form of a Hallowe'en party.

Our president, Louis Andolsek, was a clown wearing a pair of shoes ten sizes too large for him, at least that's what Louis said. Ernest Palic was dressed as a Turk. He had a goatee on his chin and every time he talked he reminded us of a billy-goat chewing a tin can. Philip Palic, disguised as a bashful Mary, was the laugh of the entire lodge. He was too

Be a Good Mother

Editorial Note: This is the third of a series of articles prepared by the Cleveland Child Health Association, Room 506, 1800 Euclid Ave. The association will be glad to answer questions of a general nature regarding the health of mothers and babies.

Iron is an important factor in the diet of a prospective mother. It is a mineral that is found in the red blood cells and enables them to carry oxygen to all parts of the body. Food cannot be digested properly without oxygen. Oxygen is in the air we breathe.

The addition to the diet of foods containing iron is necessary because there is little reserve store of the mineral in the body. Pregnancy makes special drains on the mother's iron supply. She needs considerably more than her ordinary requirement of iron.

The baby at birth has a supply of iron stored in his body. This iron is stored in his body before birth. The mother should have a diet rich in iron, especially during the last two months of pregnancy.

Liver, egg yolk, green leafy vegetables, fruits and meats are rich in iron. It is well to remember that iron dissolves in water when cooked. In fact, one-half of the iron in cooked spinach is in the liquid. The best way to cook vegetables is with little or no water. When water is used, be sure to serve the liquid with the vegetable.

Calcium and phosphorus are other minerals important to the diet of a prospective mother. They are used in building bones and teeth and help to control the regular beating of the heart.

The mother's storehouse of calcium is her bones and teeth. If her food does not have enough calcium to meet the needs of the baby for building its bones and teeth, the calcium is taken from her storehouse. It is not necessary to "give a tooth—a child!"

There is daily need for calcium during pregnancy. The need is greatest during the last ten weeks when bones of the child are growing rapidly.

Meat does not contain much calcium. Bread has a very small amount. Potatoes are poor in calcium. Most vegetables are relatively poor in calcium.

The only food that supplies calcium in an adequate amount and proper proportions of phosphorus is milk. Skim milk is just as rich in calcium as whole milk. Because of the small amount of calcium in other foods, the mother needs at least a pint of milk daily to meet her own needs and the needs of her baby.

A mother should remember that her diet should be regulated by her doctor, and she should see him as early as possible in pregnancy.

funny for words. His wife, Louise, was dressed as a man, and it took some time to guess just who was in the outfit. Helena Strauss came as Farmer Brown with the cow-bell dingling and husks of corn in her pockets. She said it was Southern corn, and someone wanted to know what it was doing up North. The funny part of it was that the corn wasn't even ripe. Henry Zuzek and Pete Turk, cowboys, came galloping to the party on their speedy broncos. I wonder if the horses got tired waiting for them?

Mary Zuzek looked very charming dressed in a beautiful old gown belonging to her mother.

After looking over the masqueraders, and talking and laughing, refreshments were served by Anna Strout, Inez Crozier, Doris Sternisha and Victor Crozier. These consisted of pop corn, doughnuts and sweet cider. Then we danced the rest of the evening. I am sure all who were present had a good time. Next month there will be penny bingo after the regular meeting. So don't miss it. In the meantime don't forget to scout around for new members, so they, too, can make merry and share in the benefit of our organization.

The teacher asked her class in what part of the world the most ignorant people were to be found. A small boy volunteered quickly, "In London, England."

The teacher was amazed and questioned the lad as to where he had obtained such information.

"Well," he replied, "the geography says that's where the population is most dense."

Local Contests

Are you interested in contests?

Do you like to work hand in hand with a group competing with another group to see which one will accomplish the most?

Of course you do. The spirit of competition is inherent with most of us and spurs us to gain that extra point even though all efforts appear to have been exhausted.

Are you interested in a contest that will compensate both sides for the efforts exerted? A contest that offers every participant a prize?

Perhaps you are skeptical as to how such a contest can materialize. You may say to yourself that only one side can win a prize.

This is true enough for the one prize offered by the local lodge for example in a contest to see which group enrolls the most new members during a stated interval of time.

Let us assume that your lodge draws up a contest between the male or female members in a concerted drive for new members. The time limit is three months. The prize is in the form of a party to be prepared by the losers at their expense. In this case either the ladies or the men as a separate group can be declared winners.

Let us assume further that the men end up with the short end of the contest. It is up to them to provide the means for a party.

Nevertheless, they are not losers in every sense of the word, for, while they have suffered the humiliation of being beaten by the ladies, they have the comforting thought of receiving cash awards offered by our SSCU for each new member enrolled.

Thus, each participant, whether belonging to the winning or losing group, is certain to receive a cash award provided he or she has enrolled at least one new member.

Moreover, the lodge as a separate group, may share in the cash awards of fifty cents for each new member enrolled provided five or more are secured during the national campaign now conducted by our Union.

Prizes for all—individual, competing groups, and the lodge.

The present time offers a golden opportunity for all of our members to conduct local contests for membership drives.

The lodge will be richer by the addition of new members; the SSCU will have progressed by the collective additions of several local branches.

Why not share in the cash awards offered by our Organization.

Look over the attractive cash awards still in effect:

\$4.00 for each new member enrolled for \$2,000 death benefit.

\$3.50 " " " " \$1,500 " "

\$3.00 " " " " \$1,000 " "

\$1.50 " " " " \$500 " "

\$1.00 " " " " \$250 " "

\$0.50 for each new juvenile member enrolled.

A bonus of fifty cents for each new member enrolled payable to the lodge provided five or more new members are secured during this campaign.

A Matter of Opinion

By Frank J. Progar
No. 203, SSCU

Springdale, Pa.—We all, in our daily perusal of the morning and evening newspapers, are too prone to hastily scan the pages and read thoroughly only that which appeals to us; for the other stories the "lead" or opening will suffice. Headlines, and their size, play an important role in giving appeal. These then materially aid in forming and shaping your opinion.

But do we ever meditate just a moment on the headlines and their relationship to the story? Scrutinize these and the stories more closely and see what effect they have on you. Is the main news item worthy of the eight-column headline? Or do you find a nearby story that more rightfully deserves the conspicuous "streamer"?

Mass Suicide

For a recent example, of what we might term "misconstrued news value," I refer you to the dispatch of the threatened mass suicide of one thousand miners in far of Hungary. Working for some 33 cents a day, the miners saw death in the form of slow starvation. Their final ultimatum was a do or die attitude; refusing to evacuate the mine until their demands were met. Lying in the coal dust, 1,300 feet underground, refusing food or water, the men stared at death for more than four days... But to this ace story the papers attached little importance.

A Streamer

Here was a headline attraction of the day! Miners ask death in preference to existing conditions. A unique strike that aroused the public to the true facts.

But, however, the editors of the many daily newspapers couldn't see a story in the news. At least not to warrant glaring headlines. Only Heywood Broun, writing for the Scripps-Howard chain, visualized its journalistic valuation. To his mind the account is "the finest news story of a generation!" Human beings just don't ask death, particularly in such a horrible fashion, to overtake them without valid reasons.

It is amazing and interesting that not one of the leading papers featured this story—a story that with proper dressing would augment considerably the circulation of that paper.

The statistics cover the period immediately following the launching of the property modernization and repair program of the Federal Housing Administration, which today is in full swing in more than 2,500 communities, with private lending agencies advancing funds at the rate of \$1,000,000 daily under the administration's insured loan plan. This latter figure does not include cash that is going into repairs from private sources, the volume of which reached \$2 to each \$1 of insured loans in the case of at least one city.

The extraordinary increase in repair work as reported in the Bureau of Labor Statistics of the Department of Labor from 525 cities in every state, the Housing Administration reported that permits for

property improvements costing \$9,904,692 were issued during last month. The September, 1933, total for similar work was \$6,495,495, while the August, 1934, figure for the same type of work was \$8,960,276.

The figures for this field of building activity were: September, 1933, \$6,721,510; August, 1934, \$5,391,642, and September, 1934, \$5,245,942.

Non-residential construction, the figures show, gained slightly over 1933, but the September figure for this year was a decrease as compared with the preceding month. The totals for this type of work were: September, 1933, \$8,075,445; August, 1934, \$11,648,015, and September, 1934, \$10,547,280.

A comparison of the figures reveals that alterations, additions and repairs represented an investment nearly twice as much in dollar cost as in new residential construction, and slightly more than a million dollars less than the total spent for non-residential new building.

In this connection, the Federal Housing Administration points out that its new building

Springdale, Pa.—A nother world series has written the final chapter in the "34" baseball season and another Slovens has risen in our ball-crazed world. From Cleveland sandlots to the American League champions we the jump made Frank Doljack, hustling young Slovens Cleveland. His name was in the world series box score for two games. When considering his competitors, chiefly Joe White, the Red Oak terror, must admit this is swell.

Who will be the next Slovens to crash the world series? Come on, you Pathfinders, Arrowheads and what have you. Hustle. For after all isn't this worth fighting for? Just ask me.

Detroit's Hero

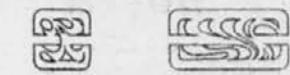

Twenty-five years is a long time in anybody's world. Even in Detroit. This explains why the Detroit fans hail Mickey Cochrane as a builder of champions and a god of baseball. They are not wrong by a long shot. His baseball strategy throughout the season and during the series proved he was responsible for the Tigers success. I hoped and thought he would come out on top in the series, and believe you me, deserved to. Detroit not only possesses the best catcher in either circuit, but also has in its manager a smart, courageous and hard fighting leader men. We hail thee, Gordon Stanley Mickey Cochrane, true leader of champions.

Cophers—Another Victim

Minnesota, please stand by. Calling all Gophers. Dr. John Sutherland, famous Pitt coach announced late last night the ferocious Panther has broken loose and is on the loose out for Gophers. He has taste and is very dangerous. Last September the 29th, W. and J. succumbed under the Panther's treatment and following Saturday West Virginia was reported clawed bits. Exactly seven days later the horse of Troy was annihilated by the vicious jaws of the Panther. He is now beyond human control and all Gophers are warned to steer clear of Pittsburgh.

This was the news flash received by the Gophers immediately after the Pitt-Southern California game, but it is doubtful as to whether the Gophers will heed the warning. By the time this goes to press the Panther may be licking his chops over another victim, the G

Vsem državljanom in držankam v našem mestu in okolici se naznanja, da bo naš Ameriško - slovenski državljanški klub imel svojo sejo dne 28. t. m. ob sedmih zvečer v dvorani društva Domovina. Na to sejo bodo prišli tudi kandidati. Pri-

dite v velikem številu, da se od-

bliže spoznate s kandidati, katerih imena boste imeli na va-

sem volilnem listku dne 6. no-

vembra. Letošnje volitve so zelo važne posebno za nas delave. Ni vseeno, kakšni ljudje pridejo v urade in nas za-

stopajo tam. Naša sveta dol-

žnost kot volilcev je, da gledamo,

da pomagamo do mest lju-

dem, kateri so pošteni in kate-

ri imajo poleg tega tudi simpatije do delavca in ne samo do po-

rešnih bogatašev. Zelo do-

stikrat je odvisen izid stavke

delavcev od vrste ljudi, ki imajo

v rokah izpolnjevanje postave.

Naj navedem samo en slučaj,

ki se je dogodil tukaj pred nekaj dnevi. V neki tovarni je

stavka delavcev že sedem ted-

nov. V tej tovarni je nekaj ve-

likih vzorcev (molds), katere

lastuje tvrdka v Chicagu, in ka-

tere je zahtevala vsled neaktiv-

nosti tovarne vsled stavke na-

zaj. Stavkarji niso pustili pre-

voz istih iz tovarne. Tvrda se

je obrnila na sodnijo in ta je

izdala nalog šerifu, da gleda, da

da se prevoz nemoteno izvrši. Ko

so hoteli vzorce vzetи ven, so

stavkarji zgradili dohod do to-

varne. Šerif jim je mirno pri-

govarjal, ali stavkarji se niso

hotel podat. Ker Šerif ni ho-

tel rabiti sile, je odšel praznih

rok. Takoj je vstal velik krik

proti Šerifu, češ, da ne izpolnuje

svojih dolžnosti. Šerif pa je

podal izjavu, da ni hotel rabiti

sile, ker je videl med stavkarji

veliko očetov, kateri imajo po-

leg žena tudi male otroke in da

ni hotel napravljati še več sirot

kot jih je, s tem da bi rabil si-

lo, pri kateri bi bil lahko mnogi

izmed njih ranjeni ali pa ubit.

Ako hoče sodnija, da naj rabim

silo, naj mi da izrecno povelje rabiti orožje in streljati ljudi. In glej čudo! ... Sodnija ni še dosedaj izdala takega povelja.

Pohvaliti se nimamo s čim drugim kot z lepim vremenom, ki ga imamo zdaj v Minnesota. Je res pravo indijansko poletje, ko ta čas tu nazivajo. Koliko časa bomo imeli tako lepe in tople dneve, se ne ve, ker mati narava hiti s svojim delom in se pripravlja za zimo.

Listje se je že osulo s dreves. In kakor list za listom pada, tako gredo tudi člani drug za drugim tja, odkoder ni več vrnitve. Naše društvo je dne 18. septembra izgubilo dolgoletnega člana Franka Mišiča.

Bolehal je le osem dni; pobrala ga je pljučnica.

Pokojnik je bil rojen leta 1870 v Ambrusu na Dolenjskem. Tu zapušča šest sinov in tri hčere. Društvo št. 85 JSKJ je pokojniku poklonilo lep venec v zadnjem pozdrav. K zadnjemu počitku ga je spremilo mnogo sobratov in sester ter drugega občinstva. V imenu društva izražam sinovom in hčeram pokojnika iskreno sožalje.

Bratje in sestre, zavarujte svoje sinove in hčere pri JSKJ, ker nihče ne ve niti ure niti dneva, kdaj ga pokliče bela žena. Danes je človek močan in zdrav, jutri lahko zbol in se preseli v kraje, odkoder ni vrnitve. — Za društvo sv. Jožefa, št. 85 JSKJ:

Na omenjeni seji bomo imeli za rešiti več važnih reči. Seja se prične ob polu (1.30) popoldne. — Brat-ski pozdrav in na svidenje! — Za društvo št. 25 JSKJ:

V soboto 27. oktobra priredi Gospodinjski klub tukajnjega Slovenskega doma veliko maskaradno veselico v korist domove blagajne oziroma za naše lastne ali osebne časti, ampak da tudi pomagamo vrlji organizaciji Zvezi slovenskih društev k moralnemu in finančnemu uspehu. Čestitamo aktivnemu odboru ter zastopnikom in zastopnicam Zveze na takovzornem vodstvu njihove organizacije ter jim klicemo: le tako naprej!

Ne vem, moji dragi prijatelji, kako bi vam bolj jasno dokazala ali opisala moje občutke hvaljnosti do vas. Druzega ne morem, kot prosim vas, da sprejemete moje zaključne besede kot zlate: Tisočkratna pri-sršna hvala! Ostajam v am hvaljena.

piknika, ki ga je bila priredila Zveza slovenskih društev v Jolietu. V pevskih tekma na "Chicagoland Music Festivals" je odnesel enkrat prvo, enkrat pa drugo nagrado.

Slovenci v Chicagu pozajmata veliki moški zbor, ker je že večkrat nastopal na koncertih slovenskih pevskih društev. Za naprej bo brez dvoma še raje sodeloval z nami. Ta zbor nastopi vedno v velikem številu in vedno brez not; note rabijo samo pri vajah dokler se ne na-ue pesmi na pamet. Zbor ima same zavedne in resne pevce. Mnogo izmed njih je zelo vplivnih na raznih drugih poljih; veden, da je n. pr. sedanji župan mesta Cicero vedno vel pri tem zboru; če še sedaj pojde, sem pa pozabil vprašati.

Predsednik češke "Lire" Mr. Anton Vanek — morda nam bo mogoče o priliku priobčiti njegovo sliko — je pravi organizatorski vleum. On je započel idejo vseslovenskega pevskega nastopa, in kakor vse kaže, bo ta nastop sijajan. Mr. Vanek je tudi predsednik zveze "United Slavonic Choral Societies." Pevovodja češke "Lire" pa je Mr. Frank Kubina. — Za publiko zveze U. S. C. S. Ivan Račič.

Kaj je novega v Indianapolisu? Čakajte, da vam povem: društvo "Sloga," št. 166 JSKJ bo na večer 10. novembra, to je na Martinovo soboto, vprizorilo zanimivo igro "Trije ženini." Ne morem v podrobnostih navajati, kakšna bo igra, le to naj omenim, da mi je rešiser Frank Velikan rekel, da je lepa in igralci so dobri. Torej se lahko zanesemo, da nam bo igra dala mnogo duševnega užitka.

Po igri bo seveda vesela zabava in na razpolago nam bo okusen prigrizek in dobra pijaca. Posebnost bo ohijsko vinje, ki ga nam je obljudilo brat-sko društvo sv. Jožefa, št. 45 JSKJ.

Z nam je tudi angleško poslujočo društvo Samartians, št. 194 JSKJ. Gotovo je lepo, da je med društvima taka složnost. Naša tiba slovenska naselbina v Indianapolisu je majhna po številu, toda velika po vzhodu. To bodo gotovo potrdili tudi delegatje treh slovenskih konvencij, ki so se zadnja leta tu vrstile.

Nekoliko sem se oddalil od veselice 10. novembra. Razume se, da so na to prireditve pri-

iazno vabili vsi tukajšnji Slo-venci in Slovani. Članov društva "Sloga," št. 166 JSKJ pa menda ni treba posebej vabiti, ker vsakega člana že sama dolžnost veže, da pride na veselico. Član tega društva, ki ne pride na veselico, plača 50 centov v društveno blagajno. Vstopnice za odrašle so po 25 centov, za mladino pa po 10 centov. Kdo bo srečen, bo deležen za stopnišča lepe nagrade.

Upamo, da se te veselice udeleži tudi kak glavni odbornik JSKJ; posebno bi nas veselilo, če bi nas posetil naš sobrat urednik. Lahko pripelje s seboj tudi pennsylvansko kozico; pri nas ji lahko skomandirajo tovariša. Sicer ima že bradicu, toda je še mlad, ker še ne šteje 16 let. Torej, na svidenje 10. novembra! — Za veselčni odbor društva "Sloga," št. 166 JSKJ:

Frank Žonta.

Chicago, Ill. VSESLOVANSKI KONCERT. — Kakor Ukraince, tako bo tudi Čehe zastopal samo en zbor, ki je bil iz društvene blagajne plačan ase-

mment. Tiste člane, kateri imajo navado plačevati svoje ase-mmente po seji, prosim, da ta mesec plačajo na seji ali najkaj ne do 29. oktobra. Tiste, ki kaj dolgujejo društvu, pozivjam, da pridejo na sejo in po-ravnajo. Ako tega ne store in bodo vsled tega suspendirani, naj ne krivijo mene, ampak naj krivido sami sebi pripišajo. Kdo asesmenta ne more poravnati, naj vsaj pride na sejo in pove svoje razmere. Bratski po-zdrav! — Za društvo št. 25 J. S. K. Jednote:

Dragi mi prijatelji! Kot zma-govalka v kontekstu z kraljico ob priliki zadnjega "Harvest"

v Ameriki. V pevskih tekma na "Chicagoland Music Festivals" je odnesel enkrat prvo, enkrat pa drugo nagrado.

Člani na pokopalisce sv. Jožefa v Jolietu. Pokojni je bil član mladinskega oddelka pri JSKJ in KSKJ.

Društvo Slovenske Narodne

dramskega društva "Ivan Can-

kar," da vprizori enkrat to jesen lepo igro v korist Cítalnice.

Ta igra bo vprizorjena v nedeljo 28. oktobra. Imenuje se

"Stiri tedne v nebesih" in je

stojnega pevskega zboru "Zarja."

Tako bo v nedeljo 28. oktobra lep dan Slovenske Narodne
