Dirksenovo dopolnilo o molitvi je propadlo

Sen. E. Dirksen je predložil v Senatu dopolnilo k zvezi ustavi o molitvi v javnih šolah. Predlog ni dobil dvotretjinske večine.

WASHINGTON, D.C. — Republikanskega senatorja Everetta M. Dirksena iz Illinoisa je odločitev Vrhovnega sodnega sodišča o prepovedi molitve v javnih šolah tako v letih 1962 in 1963 vznemirila, da je že lani skušal doseči v Kongresu dopolnilo ustavi, ki bi molitev dovoljevalo. Letos je prišel predlog v Senatu preteklo sredo na glasovanje. Za predlog je glasovalo 49 senatorjev, proti pa 37, ostal je torej brez dvotretjinske večine, ki je potrebna za predloge o dopolnitvi k zvezi ustavi.

Senat je zavrnil resolucijo, ki naj bi bila Dirksenov predlog nadomestila. V njej je bilo le priporočilo za prostovoljno molitev v šolah. Ta predlog je propadel in ni dobil niti absolutne večine.

Sen. Dirksen je mnenja, da je Vrhovno sodišče "zaprla vrata molitvi in šolah". Dejal je, da bo on "ta vrata odprl" in napovedal za prihodnje leto odločnejšo in širše organizirano akcijo za svoje ustavno določilo. Sen. Ervin, demokrat iz Južne Karoline, ki običajno glasuje z republikanci, je glasoval proti Dirksenovu predlogu, češ da odločitev Vrhovnega sodišča dejansko molitve v šolah sploh ne prepoveduje, le prepoveduje, da bi se javna oblast v to vmešavala. Dirksenu je svetloval, naj rajše predloži dopolnilo ustavi, ki bo jamčilo "enakost verske svobode vsem ljudem v Združenih državah neoziraje se na to, kateri veri pripadajo". Od južnih demokratov je glasoval proti Dirksenovu predlogu le še Fulbright, načelnik zunanjepolitičnega odbora Senata.

Od ohajskih senatorjev je F. J. Lausche glasoval za dopolnilo, S. Young pa proti.

Armada ustvarja lahko pehoto za vojskovanje v Vietnamu

WASHINGTON, D.C. — V Pentagonu so sklenili, da bodo ustvarili za poskus nekaj enot lahke pehote v obsegu brigad. Vsaka brigada bo imela okoli 4.000 mož. Razdeljena bo na bataljone, med njimi bodo trije infanterijski, en artilerijski, en rezervni itd. Brigada bo imela svoj štab, svoj helikopterski oddelek, svojo sanitetno službo, svojo policijo, svojo obveščevalno službo, svojo intendanco itd.

Imela bo le lahke orožje, torej nobenih tankov in velikih topov. Za premikanje ji ne bodo služili avtomobili in oklopni vozovi, ampak helikopteri. Prvih par brigad je že formiranih in so se začele vježbati. Mislijo, da bo do začetka prihodnjega leta že usposobljene za vojskovanje.

Vremenski prerok pravi:

Ruski in bolgarski cirkus tekmuje v Izraelu

TEL AVIV, Izrael. — V izraelsko prestolico je prišel koncem avgusta največji moskovski cirkus na gostovanje. Pripeljal je s seboj vse, tudi šotor za 5.000 gledalcev. Ravno takrat je pa iz Tel Aviva odšel v Haifo bolgarski cirkus, ki se je odlikoval od ruskega po tem, da so bile bolgarske vstopnice za polovico cenejšje od ruskih.

Ko so Rusi zvedeli za to, so zahtevali, da mora bolgarski cirkus takoj zapustiti deželo. Bolgari so pa rekli, da se jim ne mudi in morajo počakati prvo ladjo, ko bi jih lahko peljala domov. Izraelci se seveda zabavajo nad tem sporom, še bolj jim je pa všeč, ker so morali Rusi začeti prodajati vstopnice po nižjih cenah.

Ameriško prebivalstvo se hitro množi

WASHINGTON, D.C. — Federalni statistični urad poroča, da je imela Amerika 1. julija 198.874.000 prebivalcev. Največja je država Kalifornija, ki ima 18.918.000 prebivalcev, za njo pride njunorška država z 12.238.000. Imata torej prebivalstva povprečno toliko kot Jugoslavija.

Najhitreje se je pomnožilo prebivalstvo v Nevadi. Tam ga je že 450.000, torej še enkrat toliko kot l. 1960. Za njo pride Arizona z 1.619.000 prebivalci, kar je za 24% več kot l. 1960. Arizona je po prebivalstvu približno tako velika kot Slovenija. Manj prebivalcev kot l. 1960 imajo pa države W. Virginia, Iowa in Wyoming. Te države spadajo že same po sebi med male države.

Zarota proti tovarišu Mao?

WASHINGTON, D.C. — Domišljija kitajskih komunistov res ne pozna nobene meje. Sedaj je na primer glasilo osvobodilne armade prineslo uvodnik, ki v njem razlaga, kako imajo "revizionisti in kulturniki" v načrtu, da skujejo proti tovarišu Mao zaroto! Uvodnik se je rdečim urednikom in politikom zdel tako imeniten, da so ga prebrali celo na radijskih postajah. Podatkov o zaroti ni seveda navedenih nobenih.

CLEVELAND, O. — Doba oridobivanja elektrike v atomskih elektrarnah je že tu, pa je niti opaziti nismo. Še zmeraj so nam namreč v spominu trenja med ameriškim strokovnjaki in politiki, čemu naj bo namenjena atomska sila: ali samo vojnim ciljem ali tudi civilni rabi. Kaj naj ima prednost?

V drugi svetovni vojni in prva leta po njej so seveda postavljali vojaško rabo na prvo mesto. V takem ozračju je naš Kongres izglasoval zakon o proizvodnji in rabi atomske sile. Postavil je na prvo mesto vojaško rabo, obenem pa skušal doseči monopol v proizvodnji atomskega materiala za čim dalj časa.

V tem so se naši strokovnjaki in politiki motili. Znanost je mednarodna, napreduje tudi takrat, kadar jo ta ali ona država hoče zavreti. Tako smo kmalu morali ugotoviti, da so tudi Rusi odkrili vse atomske tajnosti in da danes ve za nje še cela vrsta drugih držav. Zakaj teh tajnosti ne izrabijo, ni vprašanje politike

Javnost nima enotnih pogledov na Vietnam

PRINCETON, N.Y. — Vključno temu, da že cela leta debatiramo o vietnamski vojni, nima naša javnost jasnih pojmov o njej. To je dognalo Gallupovo poizvedovanje. Pokazalo je, da samo 43% odobrava sedanj način vojskovanja, 40% jih je proti, celih 17% se pa ne more odločiti. Kdo je za in kdo je proti?

Če pogledamo na raso, vidimo, da je za vojskovanje 42% belih, dočim jih je 41% proti, 48% črnec je za, 32% pa proti. To je precej nepričakovan rezultat.

Zanimivo je, da tudi izobrazba vpliva na stališče za ali proti. Za vojskovanje jih je 50% z visokošolsko izobrazbo, 45% s srednješolsko in 36% z ljudskošolsko. Poizvedovanje tudi potrjuje resnico, da je človek tem manj vnet za borbo, čim starejši je. Za vietnamsko vojno je namreč 46-47% starih do 50 let, kar je starejših, je zanj samo 39%. Čuden je pa verski vpliv: za vojno je 39% vseh protestantov, 54% vseh katoličanov in le 39% vseh Judov, kar jih je namreč bilo vprašanih.

Po političnem prepričanju se je za vojno izjavilo le 35% republikancev, 53% demokratov in 36% nevtrancev. Nevtralcev, ki so za vojno, je torej več kot protestantov.

Poizvedovanja na podlagi premoženja pa je dalo sledeče odstotke: z dohodka čez \$7.000 jih je za vojno 48%, z dohodka 5.000 do 8.000 42-43%, med revnejšimi je za vojno le 36%. Pri tako pisani sliki o sodbi o vietnamski vojni je politikom res nemogoče, da bi vsem in povsod ustregli.

Indonezijski študentje zahtevajo odstop Sukarna

DŽAKARTA, Indonez. — Indonezijski študentje zahtevajo zmeraj bolj odločno, da naj Sukarno izgine iz politike in gre kamor hoče. So začeli tako vneto demonstrirati, da jih vojske čete ne morejo zmeraj krotiti. Na drugi strani so se že pokazali prvni na novo organizirani komunisti v srednji Javi. Vladne čete so jih po kratkem streljanju razkropile. Vse to lahko pomeni, da 1. oktober kot obletnica revolucije res ne bo mirno potekel.

Doba atomskih elektrarn se je že začela

ali takega ali drugačnega načela, ampak vprašanje stroškov. Proizvodnja atomske surovine za elektrarne je pač še predraga stvar.

Vse te spremembe niso mogle vplivati na ameriško politiko. Še zmeraj živi v veri, da je atomsko orožje privilegij, ki ga je treba trenutno deliti samo z Rusijo.

Med tem je atomsko gorivo postalo surovina za celo vrsto drugih proizvodnih procesov. Najbolj važno je za atomske elektrarne.

Visoka cena za atomsko gorivo in za opremo atomskih elektrarn je zapeljala razne proroke, da so pomen atomske elektrike pomaknili daleč v bodočnost. Življenje jih je postavilo na laž. L. 1962 so na primer napovedovali, da bo Amerika rabila leta 1970 atomske elektrarne le za zmogljivost 5 milijonov kilowatov, deset let pozneje za 40 milijonov kilowatov in da bo šele l. 2000 poznalo samo nove atomske elektrarne. Danes napovedujejo za ista leta 1970 11 mili-

ZDA VOLJNE UMAKNITI SVOJE SILE IZ VIETNAMA, CE STORI TO TUDI HANOI

Ameriški poslanik pri Združenih narodih je včeraj v govoru pred glavno skupščino ZN izjavil, da so Združene države pripravljene ustaviti bombardiranje Severnega Vietnama in umakniti postopno svoje oborožene sile iz Južnega Vietnama, če bo umaknil svoje tudi Severni Vietnam.

ZDRUŽENI NARODI, N.Y. — Poslanik Združenih držav pri Združenih narodih Arthur J. Goldberg je včeraj v govoru glavni skupščini Združenih narodov predložil, naj bi Združene države in Severni Vietnam istočasno in postopno umaknili svoje vojskovanje iz Južnega Vietnama. Združene države so pripravljene tudi takoj ustaviti bombardiranje Severnega Vietnama, če le ta da zagotovilo, da bo zmanjšal vojskovanje v Južnem Vietnamu. Britanski in kanadski zastopnik v ZN sta ameriški predlog pohvalila kot važen in pozitiven, med tem ko je sovjetski zastopnik pri ZN Fedorenko pripomnil le, da ni bilo v njem "nič novega".

Goldberg je v svojem govoru stavil Severnemu Vietnamu dve vprašanji:

"Ali bi v interesu miru in v odgovor na prejšnje končanje ameriških bombnih napadov na Severni Vietnam podvzel odgovarjajoče korake in ob času zmanjšal ali končal svojo lastno vojaško dejavnost v Južnem Vietnamu?"

Ali bi bil Severni Vietnam pripravljen pristati na časovno določen načrt za nadziran umik vseh tujih sil iz Južnega Vietnama, teh Severnega Vietnama prav tako kot onih Združenih držav in ostalih držav, ki podpirajo Južni Vietnam?"

Ameriški poslanik je dejal, da njegova dežela stavi ta predlog v interesu miru in jugovzhodni Aziji.

Britanski zastopnik pri ZN lord Caradon in kanadski zunanji minister Paul Martin sta ameriški predlog pohvalila kot važen poskus na poti k miru, sovjetski zastopnik Nikolaj T. Fedorenko pa je pripomnil, da v njem ni nič novega. Kaj več utegne o ameriškem predlogu reči danes popoldne sovjetski zunanji minister A. Gromiko, ko bo govoril pred glavno skupščino ZN.

Avtomobili so dražji

DETROIT Mich. — Nekateri so na timem upali, da Chrysler in General Motors ne bosta sledila Fordu in tega tako pripravila do tega, da bi preklical znižanje cen za svoje avtomobile. Ti upi so šli po vodi, ko je v sredo objavil višje cene, včeraj pa General Motors. Vsi trdijo, da je bilo povišanje cen posledica uvedbe novih varnostnih naprav.

Ford je izjavil, da je zvišanje malenkostno, "komaj 1%". Dejansko je to zvišanje bližje 4% kot l. Chryslerjeve cene so povprečno višje za \$95, General Motors pa za \$56.

Fordovo zvišanje cen je "obžaloval" predsednik L. B. Johnson, predsednik Unije avtomobilskega delavstva W. Reuther ga je pa označil za "zaprepaščujoče in sramotno". Po njegovem bi Ford lahko znižal ceno vsakega avtomobila za \$100, pa bi mu še vedno ostal precejšen dobiček.

Nihče jih ni štel

MANILA, Fil. — Filipinsko otočje sestavlja skupaj okoli 7.100 otokov razne velikosti. Največja sta Luzon in Mindanao. Točnega števila otokov in otočkov ne vedo, ker se ni nikomur zdelo potrebno, da bi izdelal natančni zemljevid celotnega področja in vse otočke ugotovil.

ske gorivo pa more v večjem obsegu dobavljati le Amerika. To je še zmeraj njen monopol. Kako dolgo? To je odvisno od Rusije. Lahko se čez noč pojavi s svojim gorivom na svetovnem trgu, kot se je s svojimi atomskimi bombami in svojimi spetniki. Ni pa izključeno, da se bo na to področje spustila tudi rdeča Kitajska. Gotovo bo delala z zgubo, toda njej ni za dobiček, njej je za "podiranje kapitalizma" in seveda tudi svobode.

Vprašanje atomskih elektrarn postaja pereče tudi za severno Jugoslavijo, posebno za Slovenijo, kjer ni več na razpolago ne dosti premoga ne dosti vode ne nafte in plina. Kar je teh naravnih virov za elektrarne še neizrabljenih, ne zadostujejo niti za običajno 20% rezervno električnega toka. Ko bo v Sloveniji dovršenih ali povečanih zadnjih pet večjih elektrarn v Ljubljani, Trbovljah, Šoštanj in na Dravi, bo proizvodnja električnega toka dosegla naravno mejo. Kaj pa potem?

Iz Clevelanda in okolice

Vinska trgatev—

V nedeljo popoldne bo na Slovenski pristavi "Vinska trgatev" in otvoritev "Skrbčevega" mostu. Pri tem bo kratek program. Za ples bo igral orkester "Sonet". Vsi vabljeni!

Na kosilo vabi—

Pogreb nadškofa Hobana—

Pogreb včeraj umrlega clevelandskega škofa, nadškofa E. Hobana bo v torek s slovesno pogrebno sv. mašo odpoldne v stolnici sv. Janeza. Truplo pokojnega nadškofa bo položeno v kripti stolnice. Popolna obnovitev stolnice je bilo prvo veliko gradbeno delo pokojnega nadškofa v clevelandskih škofiji. Sledila mu je cela vrsta drugih.

Električni avtomobil

DETROIT, Mich. — Električni avtomobil je že stara stvar, že davno je bil na ameriških cestah, pa se doslej ni izkazal v taki meri, da bi prodril v splošno rabo. Sedaj je predsednik Fordove družbe Miller objavil, da je njegova družba izdelala načrte za nov električni avtomobil, ki bo nemara popolnoma odgovarjal potrebam vozila za mestni promet.

Električni avtomobil bi ne smradil in onesnaževal mestnega zraka, bi tekel veliko tišje od sedanega plinskega in bi bil tudi cenejši v obratovanju. Žalostno je le to, da takega vozila še ne bo na trgu vsaj 5, če ne celo 10 let.

Suša v južni Kini

HONG KONG. — Področje južne Kitajske je po poročilih radia Kanton prizadela huda suša. Dežja niso imeli že dva meseca.

Le kako bi jo naj imela?

Jezna voznica policaju, ki jo je ustavil zaradi kršenja prometnih predpisov: "Kako bi naj imela vozno dovoljenje? Saj ste mi ga vendar vi vzeli preteklo jesen!"

Zadnje vesti

WASHINGTON, D.C. — Pretekli mesec so življenjski stroški po podatkih delavskega tajništva porasli za 4 desetinke odstotka, več kot kdajkoli v zadnjih 10 letih. Dosegli so 113.8 povprečja cen v letih 1957-1959. Posebno so se dvignile cene hrani in razne vrste uslug.

SEOUL, J. Kor. — Vlada je užaljena odstopila, ko je neki poslanec opozicije vrgel na ministre tekot zasедanje parlamenta kanglo človeških izločkov.

ZADER, SFRJ. — Prof. Mihajlo Mihajlov je včeraj pred malim senatom tukajšnjega sodišča odklonil vsako krivdo v zvezi z obtožnico državnega tožilstva, da je "širil neresnične vesti z namenom povzročiti med ljudstvom nezadovoljstvo". Mihajlov je izjavil, da je globoko prepričan, da je to, kar je pisal, resnica. Razprava je trajala 6 ur in pol. Kakih 100 komunističnih priganjačev se je drlo, ko je govoril Mihajlov in glasno podpiralo državnega tožilca, ne da bi jih sodišče pognalo iz sodne dvorane. So pač predstavljali "ljudsko voljo", ki jo pred "ljudskim sodiščem" ne sme manjkati. Sodišče je ob zaključku razprave izjavilo, da bo razsodbo objavilo danes dopoldne. Mihajlov je lahko obsojen največ v smislu obtožnice na dve leti zapora. V tem slučaju bo moral odsedeti še 5 mesecev pogojnega zapora od lanske obsodbe.

CLEVELAND, O. — Kot smo že pretekli teden objavili, je bila prvič podeljena Stoufferjeva zdravstvena nagrada \$50,000 75 let staremu dr. Harryju Goldblattu iz Clevelanda in dr. Ernestu Klenku, 70 let staremu zdravniku iz Koelna na Nemškem. Nagrado je ustanovil Vernon Stouffer v začetku letošnjega leta in bo podeljena vsako leto najuspešnejšemu raziskovalcu na zdravstvenem polju.

VESTI IZ SLOVENIJE

Prešernova koča na Stolu

Pred kratkim so na Stolu ob prisotnosti okrog 2,000 planincev odprli novo Prešernovo kočo. Na slovesnosti ob otvoritvi nove Prešernove koče so govorili člani jugoslovanskih oblasti in organizacij, kakor Boris Zihnerl, dr. Marijan Breclj, dr. Miha Potočnik in pa tudi predsednik Slovenskega planinskega društva iz Celovca Danilo Kuper. Prejšnja Prešernova koča je bila med vojno požgana. Po budo za gradnjo so dali nekdanji borci, ki so se zbrali na Stolu leta 1962, da proslave 20-letnico bojev v teh krajih. Kočo na Stolu je gradilo pet gorenjskih društev.

Mesečne plače v Sloveniji

Po podatkih republiškega zavoda za statistiko so znašale povprečne mesečne plače v Sloveniji junija 81,400 starih dinarjev. V gospodarstvu je povprečje doseglo 79,400 dinarjev in v negospodarskih sektorjih 93,700 dinarjev.

Švicarska revija o slovenskih tkaninah

Na štiridesetih straneh švicarske revije "Rundschau", ki jo izdaja Ciba, tovarna barvil in zdravil, obravnavajo kratki in pregledni članki slovenski tekstil. Posamezni prispevki govorijo o zgodovini slovenske tekstilne industrije, o starih stenskih slikarjih, o tekstilih na srednjeveških freskah, o najtežji ročni tkalni tehniki in o slovenskem čipkarstvu. Zelo lepe so barvne reprodukcije fresk iz Hrastovlj in prekmurskih Martjancev, iz Crngroba, Sv. Primoža nad Kamnikom in iz Suhe pri Škofji Loki. Tem slikam sta dodani še celostanski primer belokranjskega, ročno tkanega vzorca na šibe, in pa ljudska noša iz okolice Kamnika, reprodukcija Wernerjeve velike oljnate slike, ki jo hrani ljubljanski etnografski muzej.

Omenjena publikacija je pravo in zelo prijetno presenečenje za ljubitelje lepote in za strokovnjake.

Največje zasluge za izdajo te revije ima švicarski inženir W. F. Schweizer, ki je bil pred časom v Kranju kot strokovnjak zveznega centra za inštruktorje tekstilne stroke. Ves prosti čas je porabljal za obisk slovenskih tekstilnih tovarn in slovenskih zgodovinsko turističnih predmetov, o čemer pričajo njegovi lepi barvni posnetki, ki so tudi objavljeni v reviji.

Rekordna trgovina med Jugoslavijo in Avstrijo
Razvoj blagovnega prometa med Avstrijo in Jugoslavijo od 1950 do 1965 je tema poizvedovanja avstrijske zvezne zbornice. Kot kaže študija, se ni povečal le avstrijski izvoz, ampak je tudi prodaja jugoslovanskega blaga v Avstriji, ki je od leta 1961 dalje nazadovala, po večji sprostivni v Avstriji po letu 1964 in v letu 1965 dosegla rekordno

vrednost 725 milijonov šilingov. Avstrijske dobave, ki so od 1960 nazadovale, so lani dosegle milijardo šilingov in so s tem nekoliko presegle uspeh leta 1960.

Med tržišči Avstrije je bila Jugoslavija še v letih 1958 do 1960 z okoli 3,5 odstotka avstrijskega izvoznega obsega na šestem mestu, 1962 na osmem mestu. V letih 1963 do 1964 je Jugoslavija nazadovala na deseto mesto in ohranila to mesto tudi še leta 1965.

Avstrijski izvoz v Jugoslavijo je 1965 obsegal okoli 36 odstotkov strojev in prometnih sredstev, okoli 24 odstotkov polizdelkov in končnih izdelkov, 23 odstotkov surovin in 15 odstotkov proizvodov kemične industrije. Te štiri blagovne skupine tvorijo skupno 98 odstotkov avstrijskega izvoza v letu 1965. Od leta 1960 kažejo avstrijske dobave jasno spremembo ustroja: tako so zamenjale dobave surovin in električne energije v veliki meri prej zelo velike dobave avstrijskega potrošnega blaga.

Jugoslovanski tovariši perejo umazano perilo

Najglasnejši so v Beogradu in Zagrebu, najostrejši v Kosmetu.

BEOGRAD, SFRJ. — Tito je sklical za 4. oktober sejo glavnega odbora komunistične stranke. Na dnevnem redu bo poročilo posebne komisije "za reorganizacijo in razvoj stranke". Seveda bodo tovariši govorili tudi o političnem stanju na deželi. Debata utegne biti zelo živahna, ako bo posnemala razprave na sejah glavnih republiških odborov. Po tradiciji imajo namreč republiški odbori še svoje posebne seje pred tisto, ki jo ima federalni odbor v Beogradu. Tovarishi bodo zato imeli seje v Ljubljani, Zagrebu, Sarajevu, Podgorici in Skopju. Seje bodo javne, vsaj tako so napovedali.

Srbski tovariši brez pravega vodnika

V Beogradu so jo voditelji srbskih komunistov že imeli pretekli teden. Seja je bila kolikor toliko javna, to se pravi, poročila o njej so bila dosti obširna, pa se javnost ni dosti brigala zanje, čeprav so tovariši na seji prali umazano perilo. Porabili so sejo, da so drug drugega obtoževali, drug drugemu očitali, kaj vse je pregrešil itd.

Največ polen je seveda letelo na Rankovića in tiste štiri tovariše, ki jih je srbska komunistična stranka že vrgla iz svojih vrst. Debata je pa tudi pokazala, da med srbskimi Titovimi pristaši ni nobenega pravega voditelja. Preje so ga videli vsaj v Rankoviću, akoravno morda niso odobraval vseh njegovih akcij, danes pa nimajo nikogar, ki bi ga pustili na prvo mesto. To pa tisti Srbi, ki niso komunisti,

najbolj zamerijo stranki. Medsebojni očitki na seji so namreč pokazali, da ima skoraj vsak tovariš nekaj masla za ušesi in da zato ni za rabo na vodilnih mestih.

Hrvaški kažejo na razkošno življenje tovarišev v drugih republikah

Prepiri med komunisti preskakujejo tudi republiške meje. V Zagrebu so prav posebno zagihani v iskanje brun v očeh tovarišev iz drugih republik. Kar z veseljem berejo na primer novice, kako malo proletarsko živijo taki ugledni komunisti, kot je Vukmanović-Tempo v Beogradu, Crvenkovski v Skopju, Stane Kavčič v Ljubljani, seveda le takrat, kadar so na oddihu v svojih vilah na dalmatinskih letoviščih. Razume se, da bodo sedaj poiskali tovariši zunaj Hrvaške svoje žrtve v Zagrebu in odkrili njihovo udobno življenje.

Albanci razbili srbske spomenike v Kosmetu

Kar je pa bolj značilno: spori so se pojavili tudi zunaj komunističnih organizacij. Odkritja o zločinih Rankovićeve UDBe na Kosovem in Metohiji so razburila vse Albance znotraj in zunaj stranke. V Peči in Prizrenu so bili na primer porušeni spomeniki srbskim junakom iz preteklosti, posamezni Srbi so pa bili predmet ogorčenih protestov od strani domačih Albancev.

Dočim so prepri med tovariši lahko zabavni, so pa dogodki kot na Kosovem nevarna zadeva. Lahko se Srbi razburijo in takrat navadno ne poznajo meje v izražanju svojih čustev in v svojih dejanjih.

Laosu grozi politična kriza

VIENTIANE, Laos. — Laosu grozi politična kriza. Parlament ni namreč odobril vladnega proračuna, akoravno je ministrski predsednik Suvana Fuma vezal nanj zaupnico vladni politiki. Proti proračunu je glasovalo 27 poslancev, za pa samo 19. Komunistični poslanci načeloma bojkotirajo parlament. Suvana Fuma je izjavil, da bo šel h kralju Sanvangu Wathani na posvet. Ima namreč dve poti odprti. Ali naj poda demisijo, kar je tudi rekel, da bo storil, ali pa na podlagi pooblastila kralja in njegovega kronskega sveta razpusti parlament in razpiše nove volitve. Naj se odloči za en ali drugi izhod, vsak bo pomenil laosko politično krizo.

Ta bo pa prišla prav v času, ko jo ameriška zunanja politika najmanj rabi. Zato pritiska naša diplomacija na ministrskega predsednika, naj ne odstopi. Krizo baje želijo desničarji,

ki bi radi dobili vladno v roke. Sedaj je vlada v rokah nevtralnih politikov. Za desničarsko akcijo se najbrže skriva želja po gospodarskem razvoju države. Tam se stekajo ne samo laoski davki, ampak tudi ameriški dolarji in ravno nanje je apetit izredno velik.

Kriza bi seveda prišla prav laoskim komunistom in njihovim sopotnikom. Sicer odbijajo vsako sodelovanje v vladi in javni upravi, toda kriza jim vendarle nudi priliko, da delajo zmedo v laoski politiki.

Politični opazovalci upajo, da se bo Suvani Fumi posrečilo, da se obdrži na vladi.

V Indiji zopet manjka riža za redno prehrano

NEW DELHI, Ind. — Pomanjkanje žita, prav posebno riža, je v Indiji še vedno občutno. Doslej je bilo prepovedano postreči s kakršnimi koli žitnimi izdelki v restavracijah in podobnih javnih lokalih le ob ponedeljkih, sedaj je prepovedano postreči z rižem tudi v četrtek in soboto.

Ob ponedeljkih je prepovedano postreči v javnih jedilnicah ne le z vsemi močnatimi jedmi in drugimi jedmi iz žita in žitnih izdelkov, ampak tudi s kruhom.

Vietnamska vojna za republikance "Johnsonova vojna"

WASHINGTON, D.C. — Voditelji republikanskih kongresnikov Ford, Laird in Godell so dali posebno izjavo, ki naj služi republikanskim kandidatom kot smernica za agitacijo. Take izjave imajo svojo relativno vrednost, ki sejenja z volivnim dnem. Zato ni treba smatrati vsega za resnico, kar je v njih napisano, saj mora biti bolj udarno, kot resnično. Tako je gotovo trditev gornjih treh republikanov veljavna, da je vietnamska vojna v resnici "Johnsonova vojna".

Podpisniki izjave skušajo to po svoje dokazati, čemur bo verjelo nekaj republikancev, pa noben demokrat. Vse skupaj je močno podobno znani republikanski obtožbi proti Trumanu, ki so mu tudi naprtili "Trumanovo vojno" v Koreji. Da bi bila udarnost te izjave tem večja, trdijo podpisniki, da utegne "Johnsonova vojna" trajati kar pet let in da bo v njej zgubilo življenje kakih 125,000 ameriških vojakov. Seveda se bojijo tudi, da se bo vojna raztegnila po vsej vzhodni Aziji.

Ohio 10.3 milijone

WASHINGTON, D.C. — Država Ohio je imela 1. julija letos po zveznih podatkih 10,305,000 prebivalcev, 305,000 več kot leta 1960 ob ljudskem štetju.

Praški in spomin

Spalni praški neugodno vplivajo na spomin, je ugotovila skupina nemških medicinskih raziskovalcev. Uspavalne tablete in praški — tudi v majhnih količinah — delujejo nekako osemnajst ur, to pa pomeni, da človek naslednji dan ne more v celoti razviti vseh svojih umskih sposobnosti.

TRYGVE GULBRANSEN

DEDIŠČINA GOZDA

Bil je odgovoren za mnoge ljudi, za svojo kmetijo in svojo rodbino. Ze tako je bilo težko vse to obdržati skupaj. V zadnjih letih so morali mnogi veliki posestniki vrat na nos zapustiti svojo lastno. Ni pa se mogel sprijazniti z mislijo, da bi prišlo Holderjevo posestvo na dražbo.

Dag je privezal konja, mu obesil okoli vratu vrečo z ovsom, in velik in širokopleč je motril staro trgovsko hišo z mnogimi stopnišči in mostovži. Že mnog njegov prednik je stal na tem dvorišču, ali tako težke ure kakor on pač ni doživljal še nihče.

Daga so iz pisarne odvedli navzgor. Ena izmed deklet ga je peljala v dnevno sobo. Dag je vedel, da je njegova mati nekoč živela tu gori; ni pa vedel — da sta se njegova starša pred skoraj pol stoletja našla prav v tej sobi.

Vrata so se odprla in Holder je stopil z rdečo glavo. Ni bil prav trden v nogah in s širokimi kretnjami je pozdravil svojega bratranca. Obsirno je govoril o novih zlomih v Londonu in se na vse mogoče načine skušal opravičiti. Ena izmed deklet je prinesla vina in kozarce, Holder je natočil in zvrnil kozarec. Dag se ga ni dotaknil.

Holder je svoj kozarec znova natočil in ga takoj spet zvrnil. "Torej prinašaš denar?" je vprašal lahko.

Dag je mračno strmel predse in ga zdaj pa zdaj postrani pogledal. "Koliko pa potrebuješ?"

Kot začasen predujem je imenoval tako visoko vsoto, da je Dag, ki se je v trenutku stremel, pozabil na vsa svoja čustva. Holder je nekam malomarno nadaljeval, da bi prav zdaj lahko napravil izvrstno kupčijo in tako spet vse na en mah spravil v red. Pozneje pa naj bi mu Dag posodil še enkrat toliko in Holderjeva hiša bo spet vstala z vsem svojim starim sijajem. Prav on je poklican, da to uresniči. Njegov oče je bil premlenkosten, zato se je vse izjavilo. Kadar se ti ponudi velika priložnost, moraš zagrabiti — in sicer velikopotezno.

Dag se je dvignil. "Prišel sem, da bi denar zahteval," je odvrnil hladno. "Kaj praviš k temu?"

Holder se je zganil in dolgo obsedel na stolu, ne da bi prišel k sebi. Potem pa se je naslonil daleč nazaj, mlahaje položil roke na stolovo naslonjalo in iztegnil noge: "Tu nima nihče kaj zahtevati, kajti tu ni ničesar več."

V zadnjih letih je imel Holder kredit le še pri Dag, tako da je zdaj Dag lahko razpolagal s tem, kar je še ostalo. Dag je dal svojemu odvetniku navodila. Izgotovil je listino, po kateri naj zdaj komaj dvajsetletni sin "mladega Holderja" prevzame poizkušo voditi trgovino, vsaka veletrgovina pa je dokončno izključena. Vse prostore, razen nekaj sob nad trgovino za očeta in sina, morajo oddati v najem. Odvetnik se je smehljaj, ko je bil s to pisarijo gotov. "To bi se moralo zgoditi že, ko je še vaš oče živel!"

Tako se je spet večji del bogastva, ki je nekoč iz Holderjeve hiše prišlo na Bjornal, vrnilo na svoj stari kraj.

7

Nekega septemberskega dne leta 1830, je sedel Dag v pisarni. Ko je vstopila Adelajda, je naglo odložil listino, ki jih je imel v roki, in odprl knjigo, da bi jih z njo pokril.

Adelajda se je v zadnjih letih vidno postrala. Postala je nekam redkobesedna, tako da so se je ljudje zogibali.

Stopila je tesno k pisalni mizi in sedla v poleg stoječi stol ter oprla roke na mizo. Že precej časa je poteklo, odkar ji je bil Dag vzel knjige. Odkar sta se bila spravila, je večkrat, kadar je bil Dag odsoten, sprejela denar od voznikov in ljudi, ki so prinašali iz doline obresti, vse to je zabeležila in uredila, in z leti je prišlo tako daleč, da sta izmenoma vodila knjige, kakor je pač naneslo.

Način, kako je Adelajda zabeleževala vsote, kako je vpraševala in iz listkov s številkami,

ki jih je pustila v knjigah, je dobil Dag počasi o njej vtis, ki mu ni ugajal. Vse je kazalo na malenkosten pohlep po denarju.

Vse to je zvrčal na njeno dolgoletno revščino, ki jo je trpela v mladih letih, pa tudi na neko podobnost z njeno staro materjo, ki je zaradi težkega položaja, v katerem je živela, morala po večkrat obrniti vsak šiling, predno ga je izdala. Toda od takrat je poteklo dovolj časa in Adelajda bi se bila že lahko odvadila biti malenkostna. Ni mu pa prišlo na misel, da je bila

sprichi njegovih ponovnih posojil Holderju zelo osupla.

Pa tudi sicer se je obračala do njega z raznimi malenkostmi: da so ljudje z gozdnih pristav odnesli s seboj, kar so pač mogli dobiti v kuhinji, in da si drugi, ki imajo opravka v shrambah, radi vzamejo kak grizljaj.

Zdaj je spet govorila o teh stvareh.

"Naše oči marsikaj odkrijejo v svetu, Adelajda; toda vsega si ne smemo jemati k srcu. Na kmetiji se pač zgodi marsikaj, česar pa ne smemo jemati pre-

strogo." Toda ona ni prišla samo radi teh malenkosti v pisarno.

NAZNANILO IN ZAHVALA

Nam, preostalih je zmeraj naložena težka dolžnost: zahvaliti se vsem, ki so nam bili ob strani v tisti tegobi življenja, ki nastopi ob trenutku — nam, tako skrivnostnega ukaza Večnega.

Tako je tudi mene izbrala kruta, nam vsem nerazumljiva Usoda, da moram vsem prijateljem in znancem naznaniti, da je moj ljubljeni soprog

John Lenarčič

5. septembra 1966, na nenadni pokle Gospodarja našega bitja, odšel v dvore Skrivnosti našega verovanja. Poklic je bil tako nenaden, da mi je njegov odhod — še večjo bolečino v srce in dušo nali. Le v veri v zopetno videnje se mi bo morda oblažila. In vprav zato je moja zahvala vsem, ki so mi ob trenutku tolikšne bolečine šepetali besede utehe in tolažbe, še bolj srčna in iskrena.

Pokojni John se je rodil 25. junija 1892. v Dragomlju pri Domžalah. V Združene države je prišel leta 1922., koder nima nobega ožjega sorodnika, razen — nečakinje Josefne Guardia, Ozona Park, L.L., N.Y. V starem kraju pa je zapustil sestre: Lucija Grčar, Dragomelj in Franciška Kopitar v Istriji.

Pokojnega smo pokopali 9. septembra 1966.

Moja posebno srčna zahvala gre njujorskemu slovenskemu župniku, Fathru Richardu Roganu za vse molitve, ki jih je z nami za pokojnega opravil v pogrebni žali, ob darovanju pogrebne mase v slovenski cerkvi sv. Cirila ter ob grobu na pokopališču Sv. Trojice v Brooklynu.

Preveč je najinih skupnih prijateljev, ki so mi mrtvega Johna obdali s cvetjem, da bi imena vseh navajala; zato vsem najiskrenejša hvala za lepoto ublažitev tragičnega trenutka.

Ravno tako najiskrenejša hvala vsem: za že plačane sv. mase in onim, ki so mi dali denar v ta namen.

Zdaj pa še zahvala vsem številnim prijateljem, znancem in njujorskim Slovincem, ki so pokojnega v tolikšnem številu obiskali v pogrebni žali, se udeležili pogrebne mase in ga zatem pospremili na kraj njegovega zemeljskega počivališča.

In končno gre zahvala še našemu slovenskemu pogrebniemu zavodu Avenius Bus, Forest Ave. Ridgewood, za vso skrbnost pri ureditvi žale, kjer smo se od pokojnega poslavljali in za vodenje pokopa.

Ta moja zahvala gre še enkrat: vsem za vse! Zapisana je v bolečini, zato je iskrena! Za zmeraj bo ostala iskrena do poslednjega mojega diha, ker šele takrat se bo moja bolečina v srcu razlila, ko bom prestopila skrivnostni prag našega Večnega — skupnega Domovanja.

Flames in the Snow

- | | |
|--|--|
| 1 package (1/2 oz.) dietetic raspberry gelatin | 1/2 cup water |
| 1 package (1/2 oz.) dietetic lemon gelatin | 1 tablespoon lemon juice |
| 4 cups boiling low calorie gingerale | 1 teaspoon liquid sweetener |
| 1/2 cup non-fat dry milk crystals | 1 can (16 oz.) Diet Delight low calorie cling peach halves |
| | Dot sugar cubes with lemon or rum extract |

Dissolve raspberry and lemon gelatin in gingerale. Cool and then chill until slightly thickened. Beat milk crystals, water and lemon juice until fluffy. Add sweetener and whip until mixture is stiff. Fold whipped mixture into slightly thickened gelatin. Pour mixture into an 8 inch spring form pan.

Drain peach halves and reserve syrup. Chill until mold is almost firm. Put peach halves hollow side up on top of gelatin. Chill until firm. Remove sides of pan and put a small sugar cube in the center of each peach. Spoon lemon or rum extract over sugar cube and set aside. Cut into wedges to serve. Spoon reserved fruit syrup over each serving.

Makes 8 servings: 75 calories each.

CONDENSED NEWS FROM OUR HOME FRONT

★ Mrs. Frances Lozier of Gary, Ind., was in Cleveland last week, visiting Mrs. Theresa Jeric of 3583 E. 81 St.

★ Miss Genevieve T. Bohinc, daughter of Mr. and Mrs. Jerry Bohinc, 19990 Edgely Dr., Euclid, left last week to teach in the Philippines as a Peace Corps volunteer. She will join about 630 others working at various projects in the Pacific Islands.

★ Victor Skok of Kildeer Avenue has safely undergone an operation at Mt. Sinai Hospital, 1800 E. 105 St. We wish him a speedy recovery!

★ In the company of author Karl Mauser, Rev. Dr. Joseph Gole of Hales Corners, Wis., visited our office last week. Rev. Gole is a former schoolmate of Mr. Mauser. Thanks for the visit.

★ The well known Frank Rupert of 18901 Kildeer Ave., celebrated his 84th birthday on September 15. Congratulations and wishes for more happy and healthy birthdays!

★ Our subscriber of many years, Frank Legan of 5120 Stanley Ave., Maple Heights, O., celebrated his 80th birthday on September 13th. Despite his advanced age, he is still quite active. Congratulations and wishes for many more happy and healthy birthdays!

★ Frank Homar of 826 E. 140 St., has returned home from the hospital and wishes to thank all who visited him at the hospital or who sent him gifts or cards.

★ Ludington, Mich. — Irene Albrecht is glad Randy Seidy played high school football. He tackled her — and saved her life. Irene, 17, was camping with a group of friends in Ludington, Mich., state park when she went into a house trailer from wet ground. An electric shock passed thru her body. "I couldn't let go," she said afterward. "At first he tried to kick my feet loose — then he took a run at me and tackled me off the trailer. I started to have convulsions." Seidy later administered first aid until the girl could be taken to a hospital, where she was pronounced in good condition.

★ Hendersonville, Tenn. — A 16-year-old funeral home attendant answered an accident call and found his mother dead in her wrecked car. "It numbed him," Albert Isenberg, ambulance driver, said after Gary Watts saw his mother, Mrs. Embury Watts, lying on the floor of her car. Isenberg said he approached the car first and recognized Mrs. Watts. He was unable to conceal her face and Watts recognized his mother as he helped place her body into the ambulance.

★ Richmond, Va. — A burglar with plenty of nerve borrowed a ladder, climbed thru a window, took \$21, and a revolver, and escaped. The home was that of Maj. Philip P. Woodson, Richmond police inspector.

★ New York, N.Y. — Land fever

seized Martin Silber, an unemployed Brooklyn butcher, and he decided to buy four pieces of property at \$25 each at a city auction. He said he had a new home in mind. Now he has asked the board of estimate to bail him out. Here's why: One property measures 2 inches by 60 feet, another 2 inches by 60 feet, a third 2 inches by 120 feet, and the fourth 2 feet by 7 feet.

★ Kootenay Plains, Alta. — Maj. Fleur Booth unveiled a marker recently dedicating a 9,500-foot mountain in the Canadian Rockies to the memory of her grandfather, William Booth, founder of the Salvation Army.

★ Tremonton, Utah — Nonsmokers in this northern Utah community may soon have recourse to persons who blow smoke in their face. City Atty. Mervin E. Holt, a smoker himself, has drafted an ordinance that would make exhaling smoke in the presence of nonsmokers a misdemeanor with fines up to \$299 or 3 months imprisonment. He said the constitutionality of the proposed ordinance is being studied by the National League of Cities in Washington. The ordinance was prepared to "protect the civil rights of nonsmokers," Holt said. He hopes his proposed ordinance will result in a United States Supreme court test and a nonprofit organization to protect the rights of nonsmokers.

★ Washington, D.C. — Yau Tak Cheung of Chicago was granted a patent for a machine to make fortune cookies. Heretofore, the inventor asserts, it has been necessary to manufacture fortune cookies by hand. The machine measures the dough for each cookie into a circular opening in a belt, which passes thru an oven. The printed fortune slip is placed mechanically on the still plastic blank and the cookie is wrapped around it in a hyperboloid.

★ Munster, Ind. — Three officers were in police headquarters recently when a man in blue pajamas walked in with the police lawn hose. Saying he wanted to water the grass, the man sprayed the room and two patrolmen, then ran out the door. The officers say they lost him in an alley.

★ San Francisco, Calif. — Cross country bicycle trips are not uncommon, but now Howard Muir and his wife have accomplished it on a tandem. The Simsbury, Conn., couple arrived here recently on the bicycle built for two after 75 days and 4,000 miles. They are returning home by jet liner.

★ Bakersfield, Calif. — A golfer, angered over a bad tee shot, hurled his club into the air and it struck a 12,000-volt power line. The club caught fire and shattered, fell into dry grass, and touched off a fire, which was extinguished by firemen. A witness said, "There was a big boom and the club shot out into the grass. The foursome took off in all directions." The angry golfer didn't identify himself.

Euclid Slovenian Home United Culture Groups

Euclid, O. — On behalf of Nasa Zvezda, Circle No. 2 Junior Chorus, Zarja, Slovan, and Euclid Barber-shop, we wish to thank all of you who came and enjoyed the United Culture Program on September 18. To those of you who did not attend, we can only say that you missed a wonderful program, and suggest that you do attend the concerts and plays that these groups will present in the coming months.

On their behalf also we wish to thank the Women's Auxiliary (Gospodinjstvo), the Progressive Women, the check room attendant, all those of the participating groups and friends that volunteered to help sell tickets, wait on tables, wash dishes, serve refreshments, etc. Also all of the Directors and their wives who worked many hours to help these groups on that day. Also Martin Antonic, Tony Petkovsek, Rudy Menart for the fine announcements on the radio, and Ameriška Domovina for the articles printed to publicize the affair. The spirit of cooperation was just like it was years ago when the Home was building up, and when everyone worked free and willingly; it was just wonderful. For your information, following are the Fall events to be presented by the Culture groups at our Home:

October 30th — Zarja 56th Anniversary and Concert

November 13th — Circle No. 2 Junior Chorus Concert

December 4th — Slovan Men's Chorus

January 22nd — Naša Zvezda (Our Star) Dramatic Society.

You are invited to attend the above, and to plan on eating the dinner which each group will offer, and then stay for the evening social.

Zip Code Week In October

Postmaster Nelson E. Sundermeier announced today that October 10-15 has been designated as Zip Code Week for Cleveland.

Mr. Sundermeier said that Cleveland is one of 302 major cities selected by Postmaster General Lawrence F. O'Brien to participate simultaneously in National Zip Code Week.

The project will dramatize the need for greater public cooperation in and acceptance of zip code, thus giving the post office department the help it needs to cope with today's record mail volume.

Zip Code Week will be tied in with as many local community events as possible, including parades, state and county fairs, concerts, sports activities, school programs and meetings sponsored by civic, social and service organizations.

"We hope to get our zip code message across to every facet of our community life," Postmaster Sundermeier said. "This means the home, the schools, the churches and the business and social activities in the community."

"I cannot overemphasize the importance of using zip code in our city," Mr. Sundermeier said. "It will mean better, more efficient mail service for everyone. During our planned week, we hope to make our mailers more aware of this and give them a better understanding of how zip code can help them in speeding their mail."

Postmaster Sundermeier said he had been informed by Postmaster General O'Brien that individual use of zip code increased markedly in 12 cities where Zip Code Week has already been conducted on an experimental basis. "I anticipate similar results from Zip Code Week here," he said.

"I hope all the citizens of Greater Cleveland will join me in showing the rest of the country that we can do a better job than any other community," he commented.

SHORTS on SPORTS

TRIBE TRADE PLANS
It has been another long summer in Cleveland, which means the off-season — or trading season — ought to be a busy one this fall and winter.

Gabe Paul and his lieutenants already are sorting names — of players as well as potential managerial candidates — and while the Tribal chief has proclaimed he'll not engage in any massive rebuilding, it's obvious there'll be some changes made.

The first order of business will be to hire a skipper to take over for George Strickland, for it now appears the popular ex-coach won't be invited to continue as Birdie Tebbetts' replacement next year.

That probably will take place during the World Series, or immediately thereafter, and then will begin the "tinkering" designed to restore the interest that faded when the Indians died in mid-June.

Felipe's Bonus Paid

Atlanta, Ga. — Felipe Alou, the Braves' first baseman who is battling brother Matty of the Pirates for the National League batting title, had good reason for signing a professional baseball contract in 1956.

"My family was poor, and we had a \$400 grocery debt," said Alou. "The Giants gave me \$200 for signing, and I put it all on the grocery bill."

Gate Total Soars as Mets Shoot for Magic 2 Million

New York, N.Y. — The Mets may not be the winningest National League team that New York has ever had, but it is official that they are the most popular — attendance-wise.

It happened on September 6 when 14,879 saw Wes Westrum's heroes play the Reds at Shea Stadium. That put their season's home total at 1,815,059, topping the former record of 1,807,526 for a New York N.L. club set by the Brooklyn Dodgers in 1947.

Before they left for an extended trip several days later, the Mets were approaching the 1,900,000 figure. With five home dates left in the final week of the season, they are sure to surpass that goal, but it is doubtful whether they can hit the magic 2,000,000.

They have two Shea games to go with the Cubs and three (on the closing weekend) with their expansion rivals, the Astros.

Los Angeles, Calif. — Tom Harmon was on a plane flying to Minneapolis for the World Series last fall. Beside him sat Vin Scully, the Los Angeles Dodger announcer. A stewardess approached Tom. "Aren't you on television?" she asked.

"No, but he is," said Tom, pointing to Scully.

"Incredible," replied Scully. "You mean you don't know who this fellow is? Go ahead — tell her."

"I," said Tom proudly, "am Rick Nelson's father-in-law."

He wasn't kidding, either.

National Youth Conference On Atom

The search is on for Cleveland-Northeast Ohio's top teen scientists, 24 of whom will be the Cleveland Electric Illuminating Company's guests at the 1966 National Youth Conference on the Atom this fall.

This unusual science-education meeting, now in its eighth consecutive year, will be held in Chicago on Thursday through Saturday, October 27-29.

Ralph M. Besse, president of the Illuminating Company, today invited the principals of all Cleveland-Northeast Ohio high schools to nominate two of their top 11th or 12th grade science students for consideration as delegates.

The nominating period closes Wednesday, Sept. 28. A panel of science faculty members from the six major Greater Cleveland colleges and universities will review the nominations and select the 24 boys and girls who will be the Illuminating Company's delegates.

Selection criteria include scholastic achievement; interest and ability in science; evidence of intent to pursue a career in science, mathematics or teaching of science; leadership, and school citizenship.

Names of the Illuminating Company's 24 students, plus 5 area teachers who will accompany them, will be announced in mid-October.

The National Youth Conference on the Atom is sponsored by more than 60 of America's investor-owned electric utility companies, including the Illuminating Company, to provide outstanding students and teachers an authoritative, inspiring picture of the promise of the peaceful atom in its various applications, and to help advance interest in the study of science.

Theme of the 1966 Youth Conference is "The New Instruments of Science," and the program will concentrate on those new and experimental tools and techniques which are being developed and used today.

The students and teachers will hear talks by, and participate in group discussions with, some of the nation's leading figures in atomic research, mathematics, physics, chemistry, and space research.

Also, the students and teachers will tour Argonne National Laboratory near Chicago, one of the Atomic Energy Commission's principal research centers, where they will see in operation many of the experimental processes and tools which they have heard described in lectures.

More than 700 students and teachers from throughout the nation are expected at this year's Youth Conference on the Atom.

Silver Wedding Anniversary

Joe (Joker) and Albina Arko, 6220 St. Clair Ave., who were married September 27, 1941 at Saint Lawrence Church by Msgr. Louis Baznik, will celebrate their Silver Wedding Anniversary with a Mass on Monday, September 26th at 6:30 a.m. in St. Vitus Church. Msgr. Baznik, who is now pastor at St. Vitus, will be the celebrant. Congratulations and wishes for many more years of health and happiness!

G.T.S. Tour To Ohio Swiss Festival

The Cleveland Transit System will operate a tour to the Ohio Swiss Festival in Sugar Creek, Ohio, on Saturday, October 1st, E. C. Krueger, CTS General Manager has announced.

Buses will leave the Public Square for the 88-mile trip to Ohio's "Little Switzerland" between 8:30 and 9:00 a.m. and the last bus will leave Sugar Creek for the return trip to Cleveland at 5 p.m. (Cleveland time).

The huge Swiss Festival Parade is held on Saturday afternoon and is preceded by the Queen's Parade and the Antique Auto Parade. Swiss cheese exhibits, Schwingfest (wrestling), Stintossen (stone tossing), polka bands and street dancing are just a few of the activities planned. All entertainment is free.

Tour tickets are \$4.25 for adults and \$3.25 for children under 13 years of age and are available at the CTS Information Booth on the Public Square or by sending a check or money order to CTS Fun Tours, 1022 Carnegie Avenue, Cleveland, Ohio 44115.

Rummage Sale

The Mom and Dad's Club of St. John Cantius High School will hold a Rummage Sale at 4907 Detroit Ave., Thursday, Sept. 29 from 1:30 p.m. to 9 p.m. and Friday, Sept. 30 from 9 a.m. to 1 p.m. The proceeds will go to St. John Cantius High School.

GUARANTEED DESTRUCTION

Supporters of the idea that the federal government should provide a guaranteed annual personal income are no longer just talkers but full-fledged promoters. A Guaranteed Annual Income Newsletter is now being put out by a group at the University of Chicago. So far, the advocates of a government allowance are campaigning on the premise that it would do away with poverty. They reason that since poverty is essentially caused by the lack of money, giving everyone an income on which to live will help cause poverty to go away.

It is one thing to say poverty will go away when everyone is guaranteed a specific income. But, it is quite another thing to overcome the economic reality that it would not work. Those who advance the theories of giving something for nothing overlook one simple fact: the government can only give to the people what it first takes away from the people. And the amount of additional taxes necessary to sustain a guaranteed dole for everyone and the accompanying inflation that would result would be enough to bankrupt the United States. A great many more citizens classed as "poverty stricken" would be the unfortunate by-product of a guaranteed dole as dependency replaced self-reliance in the United States.

History supplies ample proof that no theory has ever provided more moral and material rewards for the poor than is available through U.S. freedom of opportunity.

Cleveland Opera Assoc. Presents New Season

Twenty-seven attractions have been set for the 1966-1967 Season of the Cleveland Opera Association. The season begins with MANTOVANI AND HIS ORCHESTRA on October 7th, and concludes with the appearance of the ROYAL BALLET from London June 15th and 16th. The Royal Ballet along with the UKRAINIAN DANCE COMPANY on January 8th, will be the only attractions which will take place in the Public Hall. The ROYAL HIGHLAND FUSILIERS will appear at the Cleveland Arena on October 9th. All other attractions will take place at the Music Hall.

During the season, nine attractions will be making their first Cleveland appearances: the ROYAL HIGHLAND FUSILIERS with its highland dancers, massed pipes and drums on October 9; TERESA BERGANZA, mezzo-soprano soprano in full recital on October 22; the ROBERT JOFFREY BALLET, on October 23; MANITAS DE PLATA, flamenco guitarist assisted by cantor Jose Reyes, November 4; VIENNA JOHANN STRAUSS ORCHESTRA, conducted by Eduard Strauss II, with soprano and tenor soloists on December 4; ROYAL WINNIEPEG BALLET, February 5; NATIONAL BALLET OF WASHINGTON, March 12; BRISTOL OLD VIC THEATRE, May 5 and 6; and the CONCERTGEBOUW ORCHESTRA of Amsterdam, conducted by Bernard Haitink in a program of works by Beethoven, Henckemans, and Bruckner on May 7th.

The BRISTOL OLD VIC THEATRE and the D'OYLY CARTE OPERA COMPANY from the Savoy Theatre, London, will each give three performances in Cleveland. The Bristol Old Vic has produced or nurtured a number of the most talented modern British actors and actresses, including Peter O'Toole, John Neville and Rosemary Harris. "Hamlet" will be performed Friday, May 5th, and "Romeo and Juliet" Saturday, May 6, both matinee and evening. The D'Oyly Carte will present two of its famed Gilbert and Sullivan productions — the "Mikado", Friday, February 17, and "H.M.S. Pinafore" both Saturday matinee and evening, February 18.

Folk dance groups which are returning include JOSE GRECO AND HIS SPANISH DANCERS, Sunday, March 5; SERGE JAROFF'S DON COSSACKS, March 31; and the BALLET FOLKLORICO OF MEXICO; April 9.

VAN CLIBURN is returning Jan. 27, after missing last season's recital.

The VIENNA CHOIR BOYS are slated for Saturday, January 21, and the NORMAN LUBOFF CHORUS for Saturday, March 4th.

In a lighter vein, the Association is sponsoring ARTHUR FIEDLER in a "POPS" CONCERT with the ST. LOUIS SYMPHONY on October 15; ROGER WILLIAMS, Nov. 5; PETER NERO AND COMPANY, February 11; VICTOR BORGE, February 25; FRED WARING AND HIS PENNSYLVANIANS March 11; and FERRANTE AND TEICHER March 18.

A complete brochure with further details and prices is available on request from the Cleveland Opera Association, 2816 Euclid Ave. or phone 621-8826.

ON THE HOT ISSUE, INFLATION 10, 11, 12

INFLATION — THE CONSEQUENCES OF EXPANDED GOVERNMENT SPENDING. When the President delivered his State of the Union Message at the opening of this second session of the 89th Congress last January, he promised full prosecution of the Vietnam war and increased expansion of Great Society programs simultaneously. At that time many of us warned that this would fan the fires of inflation, eventually leading to further tax increases, economic controls, or both. Now, nine months later, it is abundantly clear that our predictions were correct — we are faced with run-away inflation.

The cost of living is increasing about 4% per year, making this the most inflationary year since 1957. In only six months, the cost of food has risen 2.5% with bread and milk, bacon, and potatoes leading the way. Housewives are today's experts on inflation and the high cost of living — ask any of them! The cost of living increases have wiped out the social security increases voted last year. Thus, the real victims of inflation — forty million Americans, most of them elderly — are those living on pensions and other fixed incomes. They have no protection to lessen inflation's impact on their lives. In an effort to prevent this, I have introduced H. R. 15599 to amend the Social Security Act to provide for cost of living increases in the benefits payable thereunder.

Other consequences of trying to conduct "business as usual" at home while meeting escalating costs of the Vietnam war, are high interest rates and "tight money". The competition for money has raised the price of credit to new heights. The Federal Government is in the money market seeking to borrow funds to finance the war and pay for Great Society spending programs, too. The Government is now paying interest at the rate of \$13 Billion a year on the national debt, more than 10% of its total administrative budget. Some recent offerings by the Treasury were made

at nearly 6% interest. This runaway spending has brought on a crisis in the money market, threatening industries, such as home-building.

Meanwhile, still in the legislative pipeline are administration proposals to increase present Great Society spending programs, and create new ones. Until just recently, the Administration refused to recognize the problem. Now, the President has proposed the suspension of the 7% business tax credit, enacted in 1962, to encourage expansion and modernization of plants and equipment. According to theory, the suspension will cause business to spend less on expansion, then demand for credit will decline, and hopefully, so will interest rates and prices. Needless to say, there is a lot of room for error, and such a proposal raises some serious questions. Will suspension of the credit hurt American industry's attempt to compete with foreign industry? Would it really work quickly enough to help? Also, when the tax credit was put into effect, business was assured by the Administration that it would not be withdrawn or granted periodically in an attempt to influence business conditions. Will the Administration break its word?

In addition to proposing the business tax credit suspension, there is more and more talk that the Administration will ask for tax increases on individuals and corporations immediately after the November elections. In view of this, I might repeat the questions which I have asked for more than two years: Why don't we cut non-essential spending first? Why can't we postpone or defer some of the Administration programs until the Vietnam war has ended? We cannot have both guns and butter! We cannot fight a war in Asia and win the war on inflation at home, unless this government of ours, this administration, is equally willing to do without and to stop its willful, reckless spending of the people's money on non-essential things.

"Experiment," A Series of Eight Half-Hour Science Specials for Adults To Be Telecast on Education TV

Eight half-hour science specials for adults, filmed by Prism Productions, will be aired on National Educational Television during 1966-1967, it was announced by Don Herbert, President of Prism Productions, and for fourteen years famed as television's "Mr. Wizard." WVIZ will carry the program in Cleveland.

The programs, under the overall title of "Experiment," have been underwritten by matching grants from the National Science Foundation and the Alfred P. Sloan Foundation.

"Experiment" is designed to contribute to the public understanding of science and scientific research. Each program will tell the story of a scientific experiment, showing the work of an individual scientist and his search for knowledge. Facts, and the visual material supplementing them, will be presented simply, clearly and visually. Prism Productions has filmed four of the eight specials in color.

Each N.E.T. station will receive eight "Experiment" programs for one week. After their initial telecast, the films will be repeated one or more times during the week, depending on the individual stations.

"Attack Patterns of Sharks," first in the "Experiment" series to be telecast by the National Educational Television, and filmed in color, traces the work of Dr. Perry Gilbert of Cornell University with man-eating sharks.

Prism Productions' second program on N.E.T. will be "The Secret of The White Germ Cells." Its theme — how white germ cells kill germs in the human body, the discovery of Dr. James G. Hirsch of Rockefeller University.

A "Close-Up of Mars," third in the series, highlights the invention of the camera mounted in Mariner IV to take photographs of Mars. The film examines the mysteries of Mars and the planning of the television camera system for Mariner IV that helped solve some of them.

The fourth program in the Prism Production series to be televised on N.E.T. will be "The Invisible Planet." The special traces Dr. Peter van de Kamp's thirty-year study of the only known planet outside our solar system.

"Weather by Number," filmed in color, will be the fifth "Experiment" program filmed by Prism Productions to be shown on N.E.T. Dr. Joseph Smagorinsky, of the Environmental Sciences Administration in Washington, will explain his mathematical interpretation of the physical laws that govern atmospheric behavior, and show its possible application to possible long-range, accurate weather forecasting.

"Childhood of the Chimpanzee," produced in color, will document

the investigations of physical, intellectual and emotional responses of young chimpanzees, and how they lead to better understanding of the similar behavior and activity of human children.

The subject of "Laser—The Light of the Future" will be Dr. Arthur Schawlow of Stanford University, and his contribution to the ruby laser. The program will be the seventh "Experiment" produced by Prism Productions for N.E.T.

The last Prism Production presentation to be telecast by the National Educational Television Company will be "Case History of a Volcano," filmed in color in Hawaii. The program will follow the development by Dr. Jerry Eaton, U.S. Geodetic Survey, of the instruments that made possible the prediction of the eruption of the Hawaiian volcano.

These eight half-hour original presentations will be narrated by Don Herbert, though in each case the scientist involved will tell his own story. Mr. Herbert will appear in all of the programs.

RICHES FOR THE POOR WEIGHT WATCHER

New York, N.Y. (ED) — The most difficult thing about dieting is that nobody else wants you to do it. Oh, they say they do, but they can't enjoy eating while you sit there munching on your martyrdom. So they tempt you with guilt-laden goodies and tell you how slim you look now. The riches soon prove irresistible, and even if you don't fall from grace right away, the dessert will finally tempt you.

What can you do about this sad shape of affairs? Why not try the

Tom Sawyer ploy and make dieting look like fun? Actually it is fun with the delectable desserts you can create with low calorie canned fruits and nectars.

Delicious delicacies, such as Lime Meringue Fruit Pie, made from low calorie canned fruit cocktail, will make dieting a delight and turn you from tempted to temptress. Your whole family may start weight watching when you concoct a dessert like this:

A DIETER'S CLOUD NINE is this delicious LIME MERINGUE FRUIT PIE. Created from low calorie canned fruit, it makes dieting a breeze.

LOW CALORIE LIME MERINGUE FRUIT PIE

Crust:
1 cup sifted flour
1/2 teaspoon salt
4 tablespoons (1/2 stick) butter or margarine
2 1/2 tablespoons ice water
Preheat oven to 450°F. Sift 1/2 cup flour and salt into medium-sized bowl; cut in butter with pastry blender or 2 knives until mixture is crumbly; blend in remaining flour until smooth. Sprinkle ice water over, a little at a time, mixing lightly with fork just until pastry holds together and leaves sides of bowl clear. Roll out between 2 sheets of waxed paper, do not add extra flour. Fit into 9-inch pie plate; flute edge, prick with fork. Bake 15 minutes or until golden. Cool.

Filling:
1/4 cup sugar
1/4 cup cornstarch
1/4 teaspoon salt
1 1/4 cups water
1/4 cup lime juice
3 egg yolks, slightly beaten
1 tablespoon butter
1 tablespoon artificial sweetener
1 teaspoon vanilla extract
few drops green food coloring
1, 16 oz. can Diet Delight fruit cocktail, well drained
In top of double boiler, combine sugar, cornstarch and salt. Slowly stir in water, lemon juice and egg yolks. Add butter. Cook, stirring over simmering water, until thick. Remove from heat and let cool. Stir in sweetener, vanilla, and food coloring. Spoon into cooled pie shell. Top with drained fruit cocktail.

Meringue:
3 egg whites
1/4 teaspoon cream of tartar
2 teaspoons Diet Delight Sweetener (or other artificial sweetener)
2 tablespoons sugar
Place egg whites at room temperature in medium bowl. Add cream of tartar and sweetener and beat until frothy. Gradually beat in sugar until stiff peaks are formed. Spread over low calorie fruit cocktail, carefully sealing to edge of pie shell. Bake in preheated moderate oven (350°F.) 12 to 15 minutes.

Serves 8: (208 calories per serving. With regular ingredients, this pie would contain 384 calories per serving.)
For an extra fancy touch, add 1/4

cup shredded coconut (88 calories) sprinkled on top of the meringue before baking. This will add approximately 11 calories per serving.

Feather light and delicious, Peach Mousse is easy on the calories. It is made from low calorie peaches, gelatin, sweetener and flavoring. You serve it with colorful fruit sauce that's also kind to the waistline. Here's how:

PEACH MOUSSE WITH FRUIT SAUCE

1 16 oz. can Diet Delight sliced cling peaches
1 envelope unflavored gelatin
1/2 teaspoon artificial sweetener
1 teaspoon vanilla extract
1 cup orange juice
1/2 cup non fat dry milk
2 tablespoons lemon juice
1/2 cup ice water

FRUIT SAUCE
1, 8 oz. can Diet Delight fruit cocktail
1 tablespoon cornstarch
1 tablespoon low calorie strawberry jam

To make mousse: Drain peaches; measure liquid and add enough water to measure 1/2 cup. In small saucepan, sprinkle gelatin over liquid mixture to soften. Stir over low heat until gelatin is dissolved. Remove from heat. Add sweetener, vanilla and orange juice. Mix well and refrigerate until consistency of unbeaten egg white. Dice drained peaches and stir into gelatin. With electric mixer or rotary beater beat dry milk powder with ice water until soft peaks form. Add lemon juice and beat until stiff. Fold into gelatin mixture. Turn into 1 quart mold and chill until firm. Unmold and serve with Fruit Sauce.

To make fruit sauce: Drain fruit cocktail; measure liquid and add enough water to measure 1 cup. In a small saucepan blend cornstarch with liquid mixture. Heat to boiling point, stirring constantly. Remove from heat and stir in strawberry jam. Add drained fruits and chill thoroughly. Serve over Peach Mousse.

Makes 6 servings: 106 calories per portion. (If made with regular ingredients, this dessert would contain 274 calories per portion.)

The nectar contained in Pineapple Orange Mold contains less than half the calories of ordinary apricot nectar. Topped with low calorie whipped cream, it makes a marvelous dessert, or with Apricot

Whipped Dressing, it's ideal as a slenderizing salad.

PINEAPPLE ORANGE MOLD
1, 16 oz. can Diet Delight pineapple slices
2 envelopes unflavored gelatin
2 tablespoons lemon juice
1, 10 1/2 oz. can Diet Delight mandarin oranges
1, 12 oz. can Diet Delight apricot nectar

*Apricot Whipped Dressing
Drain liquid from pineapple slices into saucepan. Sprinkle gelatin on liquid to soften. Place over low heat and stir until gelatin is dissolved. Stir in lemon juice. Drain mandarin oranges; reserve liquid. Reserve any remaining orange sections for garnish. Cover bottom of 1 quart mold with orange sections. Add 1/2 cup gelatin mixture to liquid from mandarin oranges and pour over oranges in mold. Chill until set.

Cut pineapple slices in halves; arrange 6 halves around outside of mold over set gelatin. Reserve 2 tablespoons apricot nectar for dressing; add remaining nectar to remaining gelatin mixture. Pour nectar mixture over set gelatin. Chill until set. Unmold; garnish with watercress, remaining pineapple rings and orange sections. Serve with Apricot Whipped Dressing.

Makes 6 servings: 99.3 calories each.

APRICOT WHIPPED DRESSING

Blend reserved 2 tablespoons Diet Delight apricot nectar with 1/2 cup Diet Delight Whipped Dressing.

"Let them eat cake," said Marie Antoinette. Now she could add: "And pies, meringues and mousses." With recipes using low calorie canned fruits, nectars and jams, the dieter easily can keep on the straight and narrow.

New

Social Security Benefit

November 3 is the date that many senior citizens will begin to receive a brand new social security benefit. J. R. Pederson, District Manager of the Cleveland-East Social Security Office, said that people age 72 or over who could not qualify for benefits under the old law may file now for this special payment. Checks first payable for October will be put in the mail beginning November 3.

Single persons who qualify will receive \$35 per month; a married couple's monthly check will amount to \$52.50, providing both husband and wife qualify.

The new provision, known as the Prouty Amendment, covers anyone born before 1896 despite absence of any prior work under social security, Mr. Pederson said. Persons born after 1895 will need some work credited to their social security accounts.

In addition, each "Prouty beneficiary" must be a U.S. citizen, or an alien who has lived in this country continuously for five years after being admitted for permanent residence.

Mr. Pederson listed certain situations which would reduce the benefits payable under this Amendment. 1. A person eligible for a government pension, other than workmen's compensation and compensation for service-connected disability or death paid by the Veterans Administration will have this social security benefit reduced by the amount of that pension.

2. A beneficiary may not receive this payment for any month in which he receives a state welfare cash payment. Local welfare offices are identifying persons who may be affected by this provision.

Social Security is sending a special questionnaire to persons who are already age 72, or will be in October, and who have already applied for hospital insurance (Medicare). Mr. Pederson points out, however, that anyone age 72 or older who did not file for Medicare should get in touch with his social security office now. The local office is at 10613 Euclid Avenue, Cleveland, Ohio 44106 and it has pamphlet OASI-1966-1 available which gives the details on the Prouty Amendment.

Waist-Line Watchers—You Can Eat Pie!

Nearly everyone likes pie, and now calorie counters can enjoy it too. This new recipe is especially for you.

Low Calorie Lemon Meringue Fruit Pie
1 cup sifted flour
1/2 teaspoon salt
4 tablespoons (1/2 stick) butter or margarine
2 1/2 tablespoons ice water

Sift 1/2 cup flour and salt into medium-sized bowl; cut in butter with pastry blender or 2 knives until mixture is crumbly, then blend in remaining flour until smooth. Sprinkle ice water over, a little at a time, mixing lightly with fork just until pastry holds together and leaves sides of bowl clean. Roll out between 2 sheets of waxed paper so no extra flour has to be added. Fit into 9-inch pie plate; flute edge, prick well all over with fork. Bake in preheated very hot oven (450°F.) 15 minutes or until golden. Cool.

Filling:
1/4 cup sugar
1/4 cup cornstarch
1/4 teaspoon salt
1 1/4 cups water
1/4 cup lemon juice
3 egg yolks, slightly beaten
1 tablespoon butter
1 teaspoon artificial sweetener
1 teaspoon vanilla extract
1 can (16 oz.) 2 cans (8 oz. each) Diet Delight fruit cocktail, well drained

In top of double boiler, combine sugar, cornstarch and salt. Slowly stir in water, lemon juice and egg yolks. Add butter. Cook, stirring over simmering water, until thick. Remove from heat and let cool. Stir in sweetener and vanilla. Spoon into cooled pie shell. Spoon on drained fruit cocktail.

Meringue:
3 egg whites
1/4 teaspoon cream of tartar
2 tablespoons sugar
2 teaspoons artificial sweetener

Have egg whites at room temperature in medium bowl. Add cream of tartar and sweetener and beat until frothy. Gradually beat in sugar and beat until stiff peaks are formed. Spread over fruit cocktail, carefully sealing to edge of pie shell. Bake in preheated moderate oven (350°F.) 12 to 15 minutes. Serves 8. (each serving, 208 calories.)

DON'T BE A CLUCK ABOUT YOUR CLICKER

New York, N.Y. (ED) — Do you know the difference between a toy and a fine precision instrument? Don't answer "yes" until you think about the way you treat your camera. Having a camera is a lot of fun, especially during the summer, but it's not a plaything. Yet, thousands of cameras every year go to an early grave because their owners treat them like toys.

Nobody would think of tossing a good wristwatch onto a sandy beach blanket, or shoving it into the roaring oven of their car glove compartment. Yet too often, this is the kind of treatment too many cameras receive.

Not only does such treatment often "gum up the works" of a camera, but it can ruin your pictorial record of a wonderful vacation. You may find your camera jamming, or when you develop your film, find it fogged from heat.

How to avoid such catastrophes? Yashica's camera expert Bob Leeson, has the following suggestions for you:

FIRST: Keep your camera clean. Get one of those little sable brushes and whisk the dust off the lens and interior of the camera. Professional photographers advise against over-cleaning of the lens even with lens tissues. Keep the lens cap on when you're not using the camera, and keep your fingers off the lens at all times. Never use a handkerchief, facial tissue or your finger to clean a lens. You could permanently scratch the surface. When you must use a lens tissue, use it gently.

Keep your leather camera case clean with a good leather polish, wax, or preservative. It will lengthen the life of the case.

SECOND: Advise Bob, guard against summer's camera hazards—sun, sand, salt and sea! Keep your camera in its case with lens cap on when not in use. If by mischance it is dropped into the water or sand, take it to your camera repair shop as soon as possible and have it professionally cleaned.

Never be the dumb cluck who stows his camera in the car's glove compartment or trunk during a trip. The heat and humidity that builds up in these "ovens" can fog your film, melt the lubricant on your camera shutter, loosen the lens, and dry out the leather of the camera case. So keep your camera with you on the car seat, except, of course, when you leave the car. Then take it along — that is what the shoulder strap is for! Leaving it in sight on the car seat, even when the car is locked, invites trouble. You may come back into a broken window, and no camera!

THIRD: Keep the serial numbers of your camera handy, so if it is stolen, you can report it to the police. Naturally, it's a good idea to insure your camera too.

FOURTH: When filming in the summer sun, you'll get better pictures with a glare filter. You can use a filter for color film that will not charge exposure and a pale yellow filter for black and white. Filters are inexpensive, and are a small price to pay for better pictures, and incidentally, added protection for that precious lens!

The way to click with your camera is to use it to the limit of its ability. Even an inexpensive camera can do more than most amateur shutterbugs ask.

For instance, we've all seen an amusing, spontaneous event that prompted us to say, "Oh, I wish I had a picture of that." Well, if you keep your camera ready at all times, you can get those unforgettable shots — the candid that will make you smile time and time again.

In fact, you'll find that your best shots all have a "candid look" about them. Even when the picture is posed, it should look natural. If Jurior's playing basketball, for instance, pose him dribbling, or shooting for the basket — not standing still, holding the ball, and grinning determinedly at the birdie.

It's a clever idea, too, to make your pictures tell a story. Yashica's expert suggests a series of snapshots starting at the beginning of an event and carrying through to the logical conclusion. As an example, suppose you and your family are going on a picnic. You might want to start with a shot of one of your children helping you prepare the lurch. Maybe the next would be a picture of your family in procession to the car, each one carrying a picnic goodie. To continue with your vignette, take candid shots of the public activities, and finish off with Dad carrying a sleepy child back to the car. Making your pictures tell a story will not only result in a more satisfying album for you, but will really interest your friends, too.

The kind of camera you have determines to a great extent what you can do with it. Take time to really get acquainted; learn how it will perform; and then take full advantage of it. Most Yashica still cameras, for instance, have depth-of-field scales built into them. This means you can throw a distracting background out of focus and concentrate on the foreground subject. Your local camera dealer can help you select the best camera for you and your budget.

Other suggestions from Yashica's Bob Leeson include these do's and don'ts:

DO keep your camera loaded and ready for action. — No telling when a good picture will present itself!

DO avoid cluttered backgrounds.

DO hold the camera steady by bracing it against your body, or by bracing your elbows against your body and holding your breath as you click the shutter.

DO take your shots quickly, youngsters, especially, get bored waiting for you to snap.

DO take lots of pictures of your vacation trip for pleasant album browsing later.

DON'T take innumerable shots of the same setting or scene.

DON'T be afraid to experiment.

DON'T forget to have your camera checked periodically so that it gives you the best service.

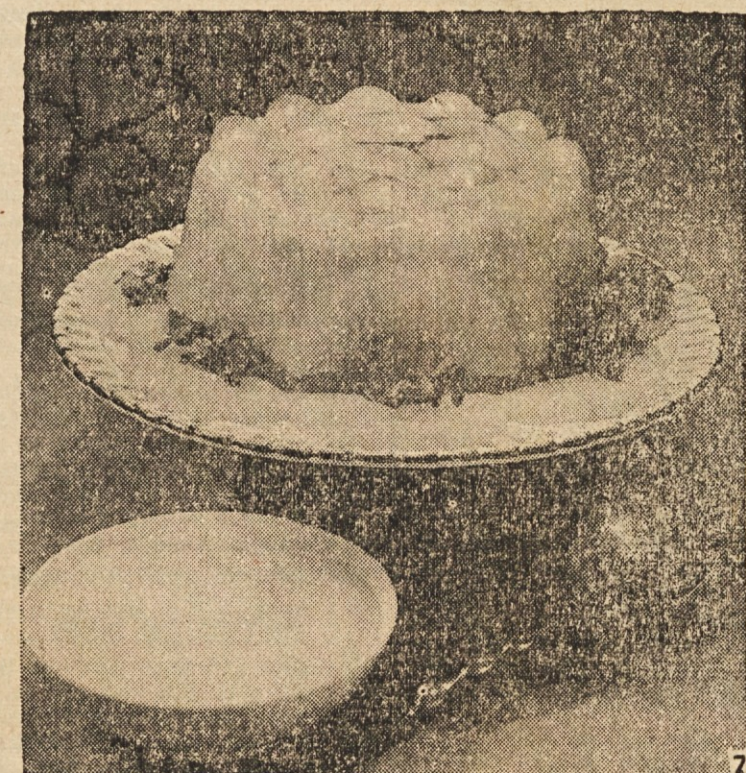

And probably the most important advice is to handle your camera with respect — it will reward you with years of enjoyment... So don't be a cluck about your clicker.

Boating Tips...

LOADING

Never step on the gunwale of a small boat (it's pronounced "gun-nel" and refers to the top edge of the boat's side). Step as nearly in the center of the craft as possible. Step aboard, don't jump, and use your hands to steady yourself. Never let your fingers come between the gunwale and dock. Don't carry your Mercury outboard or other gear aboard. Place it on the edge of the dock, get aboard, then lift the equipment in after you. If the dock is high and you are alone, consider lowering the motor into the boat with a line while standing on the dock. If the boat is pulled to shore for loading, one person should steady the boat while others climb in over the bow. Those who go aboard first should sit near the stern to raise the bow so that can be easily shoved off by the last person to climb in.

TOO GOOD TO BE TRUE — but it is true. This luscious PINEAPPLE ORANGE MOLD won't add an ounce or an inch to the trim, slim You-To-Be. With low calorie whipped cream it's a divine dessert; Topped with dressing it's a salad,
