Arabska kriza ulegne roditi dobre posledice vsaj v — državi Jemen

Naserjev poraz v vojni z Izraelom je morda le odprl vrata končanju državljanske vojne.

SANA, Jemen. — Arabska kriza bo morda rodila dobre posledice v Jemenu. Tako vsaj mislijo politični opazovalci v jemenski prestolici Sana. Pri tem vpoštevajo sledeče okoliščine:

Naser je zgubil ugled v Jemenu, niti njegovi pristaši, ki tvorijo hrbtenico republikanskega režima, ne dajo dosti na spoštnosti egiptovskega diktatorja. Pri tem je Naser še "zgubil obraz", ker je dovolil, da se njegove čete umikajo iz Jemena na ne ravno slaven način.

V Jemenu so vsi siti državljanske vojne: republikanska vlada in kraljevi uporniki. Ne prvi ne drugi nimajo pred seboj lepe bodočnosti. Republikanci se ne morejo več zanašati na obilico podpor iz Kaira, kraljevi uporniki pa tudi vedo, da je njihov glavni varuh savdski kralj zmeraj pripravljen na kompromis med kraljevimi uporniki in republikansko vlado.

Končno je prišel čas, da bodo na obeh straneh prišle do veljave zmerne politične struje, ki bodo skušale najti kompromis na vse strani. Zmerne struje se morajo seveda najprej uveljaviti v lastnih vrstah. Med republikanci se to že čuti. Tako je na primer republikanski ministri podpredsednik Abdullah Guilan že odletel v Kairo, da stopi v stik s tistimi jemenskimi republikanci, ki jih Naser ne mara in jih je zato pridržal v Kairu "na oddihu". Menda uživajo zmerni republikanci tudi simpatije savdskega kralja Fejsala.

Pa tudi tuji diplomatje ne počižajo. Iščajo stalno prilike, da bi svetovali čim prejšnji sporazum. Ker je bil do sedaj glavna ovira za sporazum Naser, upajo, da bodo lahko obšli njegov vpliv.

Že bližnja bodočnost bo pokazala, ali ni ves ta optimizem pretiran.

Rusko vojno brodovje obiskalo luko Herceg Novi

HERCEG NOVI, Jug. — Del ruskega vojnega brodovja, ki se trenutno nahaja v Sredozemlju, je nenapovedano prišel na obisk v dalmatinsko luko Herceg Novi, ki se drži vojnega pristanišča v Trivu. Čeprav ni bil obisk najavljen, ni sprožil nobenega posebnega zanimanja in posebnih komentarjev. Titova "aktivna nevtralnost" je namreč vpleljala navado, da vsako leto po enkrat obiščeta Jugoslavijo tako ameriško kot rusko vojno brodovje. Seveda obstaja ameriško brodovje iz večjega števila vojnih ladij, toda to ni do sedaj še rodilo nobenih diplomatskih sporov. Če jih je, pa niso prišli v javnost. Javnost smatra sedanji obisk za akt vljudnosti.

Predsednik Zambije v Kini slovesno sprejet

PEIPING, Kit. — Predsednik Zambije je priletel sem iz Pakistana na uradni obisk. Predsednik vlade Ču-En-laj in zunanji minister Čen Yi sta ga sprejela in pozdravila na letališču. V slovesnem sprevedu so nato predsednika Kennetha D. Kaunda vodili v mesto po okrašenih cestah in ulicah, kjer so povsod visele velike slike Mao-Tsetunga.

Včeraj je bil za afriškega gosta prirejen slavnostni državni banket. Ko je Ču-En-laj v svojem govoru na tem banketu napadel Sovjetsko zvezo in njeno stališče v krizi na Srednjem vzhodu, kjer da na tihem sodeluje z Združenimi državami in Veliko Britanijo, so sovjetski zastopniki in zastopniki držav vzhodne Evrope banket zapustili.

Odpravniku poslov Velike Britanije v Peipingu Donaldu Hopsonu niso kitajske oblasti dovolile, da bi šel na letališče pozdravit predsednika Zambije K. D. Kaunda, ko je ta priletel tja s svojega obiska v Pakistano. Pri tem je Zambija član britske Skupnosti narodov.

V Hong Kongu zopet mir

HONG KONG. — Komaj en mesec potem, ko je bilo mesto skoraj v revoluciji in ko so Kitajci grozili, da bo skoro konec tamkajšnje britanske oblasti, je to zopet čisto mirno in normalno.

Moskva je to pomiritev vrgla Peipingu pod nos kot "popuščanje imperializmu" zaradi materialnih koristi. Očitno je, da je Peiping ustavil gonjo, ker mu je Hong Kong trenutno še vedno koristnejši kot britanska kolonija kot pa del kitajskega državnega ozemlja.

Kambodža bo sprejela zastopnika Viet Konga

PHNOM PENH, Kamb. — Vlada je objavila, da bo sprejela v glavnem mestu stalnega diplomatskega zastopnika Južnovietnamske osvobodilne fronte (Viet Kong) kot uradnega predstavnika Južnega Vietnamu.

Podgornji naj Naserja pridobiva za prožnosti?

V Beogradu, kjer se je Podgorni ustavil na poti v Egipt, trdijo, da bo predsednik ZSSR obljubil Naserju pomoč, pa ga tudi skušal dobiti za razgovore o ureditvi Srednjega vzhoda.

BEograd, SFRJ. — Predsednik Sovjetske zveze Nikolaj V. Podgorni je odšel v Egipt, da poda posebni poudarek zanimanju, ki ga kaže Sovjetska zveza za Egipt in ves arabski svet prav v času, ko je ta bil od Izraelcev v kratki vojni hudo tepen. Tja je šel obljubit Naserju nadaljevanje vojaške pomoči, ki naj obnovi ravnotežje sil na Srednjem vzhodu, pa Naserja tudi svari, naj se odpove vsakemu bližnjemu poskusu maščevanja nad Izraelom. Podgorni prepričuje Naserja, kot trdijo v tukajšnjih poučenih krogih, da je najboljšje, da pristane na razgovore, ki naj uredijo sporna vprašanja Srednjega vzhoda.

Naser je baje zahteval od Moske obsežno in takojšnjo vojaško pomoč, da bi se mogel pripraviti na nadaljevanje vojne. Podgorni je kot pripovedujoče to, povedal Titu tekom njunega razgovora na Brionih, da bo Sovjetska zveza Egiptu še dalje dajala vojaško pomoč, toda ne v tolikšnem obsegu, da bi mogel Naser vojno proti Izraelu skoro obnoviti.

Podgorni skuša v Kairu tudi na lastne oči doznati, kako trden je položaj predsednika Naserja v njegovi lastni deželi. Čim trd-

Ameriki manjka zdravnikov

ATLANTIC CITY, N.J. — Naša javnost je to vedela že dolga leta, le znano Društvo ameriških zdravnikov je to ugotovilo po svojem upravnem odboru šele letos na odborovi seji v Atlantic City. Odborovo poročilo trdi, da ima dežela nekaj manj kot 300,000 aktivnih zdravnikov, potrebovala bi jih pa še kakih 50,000-60,000. Zato predlaga, naj se sedanje zdravniške šole povečajo in ustanovijo nove. Kandidatov ne bo manjkalo, kajti zadnja tri leta se je oglasilo okoli 20,000 kandidatov za medicinski študij, sprejetih je pa bila le polovica. Ker pa zdravnike moramo imeti, mora federacija vsako leto dovoliti vselitev povprečno 1,600 tujim zdravnikom. Na naših šolah pa konča letno približno 7,500 medicincev svoje študije.

Poročilo ne navaja, kdo naj ustanavlja in financira povečanje sedanjih in ustanavljanje novih medicinskih šol in kdo naj omogoča dijakom študij.

O poročilu bo gotovo obširnejša debata na letni konvenciji Društva ameriških zdravnikov, ki se bo vršila letos poleti. To je prvič, da je zdravniška organizacija javno priznala, da obstaja pomanjkanje zdravnikov.

Skromne številke

WASHINGTON, D.C. — Združene države imajo le 7% prebivalstva sveta in okoli 6% njegove kopne površine.

nejši je, tem lažje bo Naser "prožen" v razgovorih o novi ureditvi Srednjega vzhoda.

Ameriška Domovina v prvem tednu julija zaradi počitnic osebja ne bo izšla

Kot v preteklih letih tudi letos v prvem tednu julija Ameriška Domovina ne bo izšla, ker bo celotno osebje v uredništvu, upravi in tiskarni na počitnicah. Naročnike in čitatelje lista prosimo za razumevanje, ker uslužbenstvo drugače ne more do nujno potrebnih počitnic. Število osebja je premajhno, da bi moglo postopno na počitnice, nadomestila za tako delo pa žal ni mogoče dobiti.

Vse tajnike in poročevalce društev prosimo, naj svoje objave za čas, ko list ne bo izšel, pošljejo preje, da jih bo mogoče še o pravem času objaviti. Lista ne bo v tednu od 3. do 10. julija.

Republikanski politiki nočejo na počitnice

CLEVELAND, O. — Poletne počitnice so že pred vrati, toda republikanski politiki ne mislijo nanje, vsaj tisti, ki sedijo v predstavniškem domu. Optimizem, ki se je rodil v njihovih srcih lanskega novembra, ko so tako lepo in nepričakovano zmagači nad demokrati pri kongresnih volitvah, jim ne da miru. Kar naprej preiščujejo, kako bi k 187 kongresnikom, ki jih imajo sedaj v predstavniškem domu, dodali še 31, da bi dobili večino, ki je niso imeli že od 1. 1954.

Najbolj delaven med njimi je michiganski republikanski kongresnik Ford, ki je obenem tudi predsednik republikanskega kluba v predstavniškem domu. Je že do sedaj imel 55 govorov v 20 državah in pravi, da tudi v poletni vročini ne bo odnehal. Seveda niso republikanci pozabili tudi na nabiranje volivnih fondov. Denar jim doteka kar dobro, boljše, kot so pričakovali. Znani Booster klub bo kmalu nabral svoj prvi milijon, po-

tem bo takoj začel nabirati drugega. Dotok denarja je pa še boljši dokaz, da republikanci pridobivajo na simpatijah, kot je število shodov oli obisk na njih.

Republikanci seveda niso pozabili, da bodo nekateri med kongresniki, ki so bili lani prvič izvoljeni, imeli težave pri agitaciji; njim bodo strankini politiki šli prav posebno na roko.

Republikanski kandidati so lansko jesen odnesli zmago, ali največ sredi dežele in v južnih državah. Tudi prihodnje leto mislijo tam ohraniti vse postojanke in pridobiti nekaj novih. Temu cilju bodo celo žrtvovali tupatam znano konservativno koalicijo z južnimi demokrati. Pravijo, da jim bolj kaže, da zgubijo v Kongresu par bitk, kot pa da doživijo poraze pri volitvah v 1. 1968. Prihodnje leto mislijo namreč postaviti svoje kandidate v vseh južnih državah, kar bo prvič v naši politični zgodovini. Še pri lanskih vo-

litvah niso demokrati v 36 južnih državah imeli tekmecev. Svoje zaveznike med demokrati bodo pa skušali obehati Johnsonu na vrat pri glasovanjih o vseh tistih zakonih, ki niso ravno popularni v naši politični javnosti. Seveda moramo pričakovati, da se demokrati pri glasovanjih ne bodo kar tako dali ugnati v kožji rog.

Slabo so se republikanci lani odrezali v vzhodnem delu naše dežele, tam niso mogli priti demokratskim kandidatom do živega. Zato bodo začeli že letos agitacijo na celi črti. Vedo namreč, da brez zmage na vzhodu ne bo tudi zmage v predstavniškem domu. V akcijo bodo seveda vpregli tudi republikanke in društva mladih republikancev, ki jih je Bliss že toliko navadil na disciplino, da bodo ubogali.

Kaj pa demokrati? Ali bodo spali? Ali se bodo samo prepirali? Seveda ima pa republikanski načrt tudi ranljive

JOHNSON IN KOSYGIN SE BOSTA DANES SESTALA

Sinoči je bilo objavljeno, da se bosta danes dopoldne ob enajstih sestala v Glassboro v državi New Jersey predsednik ZDA L. B. Johnson in predsednik vlade ZSSR Aleksej N. Kosygin. Razgovarjala se bosta o Vietnamu, Srednjem vzhodu in omejitvi oboroževanja.

WASHINGTON, D.C. — Razgovori med ruskimi in ameriški zastopniki tu in v New Yorku v Združenih narodih so končno privedli včeraj do sporazuma, da naj se predsednik L. B. Johnson in predsednik vlade A. N. Kosygin sestane nekako v sredi med New Yorkom, kjer je Kosygin na zasedanju Združenih narodov, in med Washingtonom, kamor je Johnson povabil Kosygina na obisk. Za sestanek je bil izbran Glassboro State College, 15 milj južno od Philadelphie. Tja se bosta danes ob enajstih dopoldne pripeljala Kosygin in Johnson ter se pogovorila o Vietnamu, Srednjem vzhodu, omejitvi oboroževanja in nemara še o kakem vprašanju, ki ga smatrata oba za perečega. Trdnega dnevnega reda za razgovore, pravijo, da ni.

Predsednikov tiskovni tajnik George Christian je včeraj objavil, da je predsednik L. B. Johnson povabil predsednika vlade ZSSR Aleksija N. Kosygina, da se sestane na domu Thomasa Robinsona, predsednika Glassboro State Collegea, v mestecu Glassboro 15 milj južno od Philadelphie. Četudi točke razgovora niso določene in ima vsaka stran pravico, da stavi na dnevni red vprašanja, ki se ji zde važna, je vendar precej gotovo, da bodo glavne točke razgovora le vojna v Vietnamu, Srednji vzhod, razorožitev, posebno dogovor o omejitvi širjenja atomskega orožja in o gradnji obrambe proti medcelinskim raketam.

Sestanek tako ne bo čisto vljudnosten, ampak bo imel tudi praktičen namen in pomen. Nihče ne pričakuje od njega kakih velikih uspehov, vendar pa lahko doprinese svoj del k zmanjšanju mednarodne napetosti, oziroma to zadrži pred novim povečanjem.

Podrobnosti za sestanek sta pripravila državni tajnik Rusk in zunanji minister Gromiko v sredo in včeraj. Sestanek bo sorazmerno kratek, trajal bo le nekaj ur, ker bo predsednik L. B. Johnson še noč v Los Angelesu, kjer ima napovedan govor na demokratskem banketu. To je po letu 1961, ko sta se sestala na Dunaju v Avstriji po-

je prišla sem sovjetska vojna misija, ki se razgovarja z jugoslovanskimi vojaškimi vodniki o sodelovanju med obema državama, menda predvsem v zvezi s položajem na Srednjem vzhodu. To je od leta 1948, ko je Stalin pognal Tita iz Kominforme, prvi rusko-jugoslovanski razgovor o vojaškem sodelovanju. Ruska letala na poti v Egipt in od tam pristajajo na jugoslovanskih letališčih.

SAIGON, J. Viet. — V preteklem tednu so imele ameriške oborožene sile v Vietnamu 143 mrtvih, 953 ranjenih in 16 pogrešanih, oziroma ujetih. Zavezniške sile so v istem času imele 213 mrtvih in 566 ranjenih. Rdeči naj bi imeli pretekli teden skupno 1,852 mrtvih v bojih. Včeraj in danes na tleh ni bilo večjih spopadov, pač pa so ameriške letalske sile znova izvedle vrsto napadov na vojaške cilje v Severnem Vietnamu.

WASHINGTON, D.C. — Senat je včeraj nadaljeval razpravo o predlogu obsodbe sen. T. Doda. Zavrnil je poskus sen. Towerja iz Teksasa obsodbo omiliti. Vse kaže, da bo danes prišlo do glasovanja in da bo Dodd obsojen v smislu in ob-

Volitve ali ne, rastoči izdatki za vojno v Vietnamu zahtevajo nujno več dohodkov, če naj bo dežela varna pred novim, hudim valom inflacije.

Amerikanci razna mešanica?

Ko je zvezno vrhovno sodišče odločilo 12. junija letos, da ima v okviru naše ustave vsaka oseba pravico, da se poroči z osebo druge rase in da ji te pravice državni zakoni ne morejo vzeti, so se začeli sociologi, pa tudi javnost spraševati, kak vpliv bo imela ta odločitev sodišča na bodočnost ameriškega naroda v pogledu rase. Mar ne obstoji možnost, da postanejo Amerikanci rasna mešanica?

Z gornjo odločitvijo vrhovnega sodišča so postali rasno mešani zakoni dovoljeni in zakoniti v vseh državah Unije, med tem ko so bili doslej v 16 državah na jugu dežele taki zakoni prepovedani. Pred leti so bili taki zakoni prepovedani v večini vseh držav Unije. S spreminjajočim se gledanjem na raso in odnose med rasami je 25 držav prepoved rasno mešanih zakonov ukinilo.

Po uradnih statistikah je letno v vsej deželi sklenjenih okoli 1.8 milijona zakonov, od tega je mešanih le okoli 8,000 in od tega le okoli 2,400 zakonov med črnici in belci.

Sociologi in drugi poznavalci razmer v deželi trdijo, da ni pričakovati v pogledu sklepanja mešanih rasnih zakonov nobene nagle večje spremembe. Opozarjajo na dejstvo, da so bili rasno mešani zakoni prepovedani doslej le v južnih državah, kjer odnosi med črno in belo raso temelje še vedno jasno in odločno na trdi ločitvi. Ukinitev prepovedi mešanih zakonov teh odnosov ne bo spremenila in število mešanih zakonov v tem delu dežele ne bo narastlo.

Večina proučevalcev rasnih razmer v deželi je prepričana, da bo število rasno mešanih zakonov rastle počasi, kot je bilo to v zadnjih letih. Glavni vzrok temu je naraščajoče mešanje črncev in belcev tako na službenih mestih, kot v šolah in tudi v vsakdanjem družabnem življenju. Ta proces se bo nadaljeval v bodoče preje v povečanem obsegu, kot pa da bi se manjšal.

Tako trdi na primer prof. E. Ginzberg s Columbia univerze, strokovnjak za rasno ekonomijo, da pričakuje porast mešanih zakonov, toda le zelo "skromen". Po njegovem se bo v naslednjem roku od vseh črncev, ki se bodo poročili, poročilo z belci kvečjemu 1 odstotek. Črnici sami bodo na takih mešanih porokah manj zainteresirani, ko bodo dosegli polno enakopravnost na vseh področjih, ker se s poroko z belim drugom dejansko sami izločijo iz črne sredine, bela pa jih med tem ne sprejme. Tako so izločeni iz obeh skupnosti, povsod sicer tolerirani, pa nikjer "doma".

Po statistikah zveznega tajništva za zdravstvo, vzgojo in socialno skrbstvo je v vsej deželi le 0.4 odstotke rasno mešanih zakonov, od tega pa le 0.13 zakonov med črnici in belci. Po uradnem štetju iz leta 1960 je bilo v vsej deželi 141.576 rasno mešanih zakonov, od tega 51.409 med črnimi in belimi. Urad za ljudsko štetje opozarja, da te številke verjetno ne dajejo točne slike, ker nekateri pri izpolnjevanju podatkov ljudskega štetja niso navedli rase.

Študije zadnjih let dokazujejo, da število mešanih zakonov v nekaterih državah precej narašča. Tako naj bi se število rasno mešanih zakonov med črnici in belci v državi Michigan v desetletju 1953-1963 podvojilo. V Baltimoru se je število rasno mešanih otrok v zadnjem desetletju potrojilo. Nobene uradne statistike ne jemljejo v poštev mešancev, potomcev belih in črnih, ki so že toliko beli, da se sami in jih okolica smatra že za belce. Vsako leto preide po neki študiji A. D. Weinbergerja iz New Yorka 23,000 oseb iz "rasno mešane skupine" v belo. Če upoštevamo te rasne mešance, je po podatkih, ki jih je zbral Weinberger, v vsej deželi preko 600,000 črno-belih rasno mešanih zakonov.

Sociologi in drugi strokovnjaki za rasna vprašanja v naši deželi zavračajo vsako misel na vsako večjo rasno mešanje ameriškega naroda. Ni nobenih izgledov, da bi se črna desetina prebivalstva dežele enostavno "utopila" v beli večini, kot bi nekateri radi videli, da bi se končal sedanji rasni spor. Črna rasa bo ohranila svoj delež v ameriškem narodu, število mešancev bo postopno še nekaj časa rastle, potem pa se bo nemara ustabilo, kajti je najbolj prirodno, da se ljudje seznanjajo, družijo in poročajo na temelju skupnosti prepričanja, nazorov, narodnega izročila in družinskih navad.

Ko bodo črnici napredovali in se v vseh pogledih in na vseh področjih bolj približali ravni belcev, bo nemara manj odpora tudi proti integraciji naselij. To bo seveda povečalo družabno mešanje obeh ras in ustvarjalo možnosti novih tesnejših vezi med njunimi pripadniki.

Ameriška kultura, ki nastaja s spajanjem in mešanjem stare evropske kulturne tradicije s to, nastalo v tej deželi in s prilivi kultur Azije in Afrike, ki so jih prinesli v to deželo naseljenci od tam in jih še vedno prinašajo, bo prej ali slej ustvarila tudi neko skupno ameriško izročilo, družinske nazore in navade. Skupni "American Way of Life" bo

nudil neštete možnosti druženja črnega in belega dela ameriškega naroda, toda po sodbi sociologov in psihologov le ne bo prevladal prirodni gona, da vsaka vrsta in vsako pleme išče ohranitev in podaljšanje svoje lastne vrste, svojega lastnega rodu.

• V NAŠEM VELIKEM "ČIKAGU" in njegovi okolici smo v tem letu že marsikaj doživeli. Veliko nezgod in nesreč, dosti slabega, a tudi precej dobrega. Le to slabo navado ima naš ameriški tisk, da z večjim in debelejšim tiskom in na bolj vidnih mestih objavlja vesti o slabih dogodkih, kakor pa o dobrih. A kaj hočemo, tisti, ki se s tem ne strinjamo, smo v manjšini, za manjšino so pa le koti, — glavni sedeži pa za tiste, ki so v večini. Tako je pri vseh zadevah, posebno pa še v političnih. Nekaj neke politike pa je pri vsaki zadevi, pa naj bo taka ali taka.

Zelo čudna in težko razumljiva je v sedanjih časih za preprosta človeka naša sedanja gospodarska politika. Zgleda, da ni nad njo kake odločujoče oblasti, ki bi ji nakazovala pota. Naša valuta vozi danes tako od dneva do dneva, kakor kaže. Zlate valute podlage že dolgo nimamo. Uničila jo je Hooverjeva depresija. Od tedaj naprej vpoštevamo le številke na papirju, ki služijo razumevanju pri zamenjavah. Odkar smo presedli z voza zlate valute na voz zamenjevalne papirne "valute", nas "trošta" vsaka administracija s svojimi gesli, takimi ali takimi. Sedanja je nas doslej "troštala", da vozimo v "veliko srečno družbo". Zadnje čase o tem bolj malo govori in naglasuje. Ima menda vžroke za to.

Doma vozimo z vsemi vozili, kakor nekdanj Elija s svojo kočijo nad oblaki. Če komu zmanjka tobaka za pipo, drugo jutro že stavka in zahteva višje plače. Neprijetna opazka je to, ampak tako je. Družbe in delodajalci so nekaj časa ugovarjali, a vlada jih ni dosti upoštevala, so po vsem začeli voziti po svojih poteh. Damo, da za blago zahtevamo več. Tako farmar, tako trgovec, tako vsak obrtnik, še brivec je nam povedal, kaj bo stalo za naprej strženje las in sukanje naših mustač, kdor jih ima. Evo, kje smo? Dolar dobim, jutri mi ga že drugi vzamejo iz rok, ko grem kupovat kako kapo ali srajco v trgovino, ali pa kako štruco kruha v pekarno. Vzemim, kdo to za šalo ali kakor hočeš, ampak tako se vozimo z našim gospodarskim cirkusom naprej. Ali res ni nikogar, ki bi določil nekeke meje temu?

• "INSTANT SENATOR" — s tem imenom so novinarji krstili zadnjo jesen izvoljenega senatorja Charlesa Percyja, ki zastopa našo državo v zveznem senatu. Vsaka zvezna država ima dva zastopnika v senatu. Nista izvoljena oba naenkrat. Vedno tako, eden v predsedniških narodnih volitvah, drugi vmes. Eden je vedno "starejši" po službi v senatu. To je, eden uživa dano politično starost in je zato prvi (senior). Nekaka politična navada je, da se na novo izvoljeni senator ob starem uči, pa četudi ima bolj brihtno glavo kakor "starejši". Novi mladi senatorji so navadno v prvem terminu bolj tihi, glasnejši pa so "starejši".

Zadnja leta se pa tudi te navade počasi spreminjajo. Začelo se je s prihodi novih, mlajših izvoljenih senatorjev, katere nekateri nazivajo tudi za neke vrste domišljavce. Nestrpnost in za nje prepočas vozijske sedanje "jet" vozila do večje politične slave. Ta domišljavost, pravi-

jo, da se je začela pojavljati s prihodi mladih Kennedyjev v politične arene. Zgovorni so, polne žepe nasvetov imajo. Stari senatorji so z njimi malo razočarani. N. pr. naš stari "dobri stric" senator Dirksen, ki zna biti resen, sarkastičen, kadar treba, na drugi strani pa, kadar treba pa zabaven, da ves senat zabava in vso deželo s svojimi pripombami in se zna prikupiti starim in mladim, je z novim "instant" senatorjem malo razočaran. Vsaj tako govore izrazi na njegovem obrazu.

Novi senator Percy je sicer sposoben in resen politik. To se mu mora pustiti. Vsakemu priznanje, za kar mu gre priznanje. Da se mu pa mudi voziti hitreje po političnih velecehastih navzgor, k višjim položajem, se je pa menda nabral tega duha od demokratov mladih Kennedyjev in si misli, kar je dobro za Kennedyjeve Bobe in Teddyje, bo dobro tudi zame. Čas hiti, predsedniške volitve bodo že drugo leto. Demokrati, kakor kaže, bodo svoj politični ugled zaigrali — republikanci bomo imeli priložnost in priliko, kakor že dolgo ne. Zakaj se ne bi malo v ospredje pomaknil in pokazal, kdo je in če hočejo kakega "zauber fanta" za predsedniškega kandidata, jim je na razpolago. V tem duhu se zdi, da vozi Percy. Seveda, če bo sprejet, tako, je drugo, vprašanje. Ampak pomika se pa hitro naprej...

• KAKO GLEDA IN OPAZUJE VSE gažda Bele hiše? Tako, pa tako. Njegov obraz priča, da je večkrat v vsem bolj nezadovoljen, kakor pa zadovoljen. Danes nekaj priporoča v svojih govorih na razne zastopnike in zbornice, pa menda ne gre tako, kakor bi rad, pa zmanjka prijazen potez na obrazu. Res je, v takih okoliščinah, ko od takega predstavnika pričakujemo vsi samo lepo sončno vreme in vse najboljše, njemu se pa obrača vse čisto drugače, kakor bi on rad in kakor bi tudi mi radi, pa ne gre tako, kakor bi radi, v takih razmerah je težko hoditi okrog s smehljajočim se obrazom in vsakemu počisti srce, vesel dan, ko pa že jutro kaže grdo vreme in grd dan.

Bodimo stvarni. Vse od tedaj, odkar se je zrušil stari red med Evropejci po prvi svetovni vojni, svet ne more najti in priti do nekega stalnega, zadovoljivega mednarodnega reda. Gospodarske in nacionalne politike raznih dežel in narodov so vrgle evropske države v drugo svetovno vojno, iz katere so izšli večinoma vsi kot na pol oskubljeni srditi petelini iz kavsanja in ravsanja. Kar niso k tem razmeram vodile gospodarske in nacionalne politike, so k temu prispevale še razne radikalne ideologije, ki so služile in še služijo kakor prilivanje olja na ogenj. Vse to je razdelilo zopet svet najprej v dva tabora, zdaj ga deli že v več taborov. Kam bo to privedlo svet vseh par let? Vsak lahko sodi. Jaz sodim, da v nov strašen spopad. Pota, po katerih blodi sedanji svet, ne morejo voditi drugam. Nič prijetna napoved — napovedujejo jo razmere in okoliščine.

Pred dobrimi 30 leti je bila zelo slična borba v Španiji. Še pozabili že na in po kakih principih se je vršila tista borba? In če se, dajo vam spomini kaj napačno častil Barago. Med pri-

misli o tisti borbi in o sedanji borbi v Vietnamu? Najdete kaj razlik v obeh borbah? Namreč, kje, na kaki strani so stali tedaj nekateri in kje stojijo v tej borbi zdaj. Ali zna biti zdaj zopet kaj sličnega, kar je bilo po tisti borbi v Evropi 1940? Lahko. Marsikaj bi se še lahko zapisalo o tem, a sama očitanja navajati je težko in nepriljubljeno. Bilo pa je vedno tako in bo tako: Kar kdo seje, to žanje! Ta rek zelo radi pozabljamo posamezniki, a ga še bolj radi pozabljajo politiki, kronani in ne-kronani.

Vabilo na piknik

CLEVELAND, O. — V nedeljo, 9. julija, bo na Slovenski pristavi piknik Društva SPB, Cleveland. Če že sedaj o tem pišete, bomo do takrat že pozabili — si bodo naši prijatelji ob tem zgodnjem vabilu na piknik mislili. Mi pa prav zato že sedaj vabimo na našo prireditev, da ne bo nikdo pozabil 9. julija priti na Slovensko pristavo. Ravno teden pred našim piknikom bo namreč mnogim dolgčas, ker bo tudi Ameriška Domovina ves teden na počitnicah. Tako boste šele na naši prireditvi med prijatelji mogli zvedeti, kaj je v naši naselbini in po svetu novega.

Letni pikniki Društva SPB Cleveland so ostali vsem udeležencem v najlepšem spominu. Lani smo skoraj streho dvignili z mogočnim skupnim petjem starih in mladih. Mnoge slovenske staronaseljence, ki so prišli v Ameriko še prej kot smo se mi v domovini rodili, je naša domača slovenska pesem tako zanesla, da so kar naprej silili: še to in še eno bomo skupaj zapeli.

Več bomo o tem prihodnji teden pisali. Za sedaj vas samo prosimo, da 9. julija ne pozabite na našo vabilo, mi pa obljubljam, da bomo vse storili, da bo naša prireditev na Slovenski pristavi lepa in prijetna družba veselih Slovencev.

IZ BARAGOVE DEŽELE

MARQUETTE, Mich. — V Baragovi deželi se je od zadnjega poročila nabralo nekaj novic. Proces za beatifikacijo škofa Friderika Baraga se razvija hitreje, kot smo pričakovali. Tretja seja tribunala bo trajala dva dni in je sklicana za 28. in 29. junij. Obravnavala bo vprašanje, da-li se je dajalo Baragi kdaj javno cerkveno češčenje, če so javno častili Baragove relikvije, slikali Barago s takozvanim svetniškim sijem in podobno. To je prepovedano. Ne smemo ga še nazivati svetnika ali blaženega, dokler mu Cerkev ne prizna takih naslovov. Sodniki tribunala morajo to preiskati in podati izjavo.

Naj mimogrede omenimo, da smemo imeti v hišah Baragovo podobo ali kip in ga smemo zasebno častiti in se mu priporočati. Ne samo, da smemo, ampak tako zasebno zaupanje k Baragi zelo priporočamo. Osebo smo tisoči in tisoči prepričani, da je Baraga zaradi svojega heroično čednostnega življenja v nebeški slavi in da bo uslišal naše prošnje, ko se v svojih tegobah in težavah k njemu zatekamo. Tudi smemo — in to naj bi pogosto storili — Boga prositi, da s čudeži povelja Barago in tako pritisne javen pečat njegovi svetosti. Tudi javne pobožnosti v ta namen so dovoljene in priporočene, samo da pri tem ne častimo njega, ampak Boga in ga prosimo, da ga on s kakim čudežem povelja.

Postulator msgr. E. Szoka je predložil tozadevne artikule, v katerih trdi, da ni nikoli nihče in ga prosimo, da ga on s kakim čudežem povelja.

čami bo Mr. Jožef Stupar, ki je že dolga leta povezan z gibanjem za Baragovo beatifikacijo v tej škofiji. Klican je za pričuvni pisec teh vrstic. Dvomimo, da bo hudičev advokat mogel prinesiti nasprotno dokaze.

BARAGOVO SVEČO, ki jo bodo ameriški (večinoma slovenski) romarji prižgali v Solnogradu, pri Gospej Sveti na Koroškem in v stolnici v Ljubljani v spomin 1200-letnice pokristjanjenja Slovencev, je dne 23. maja izročil v tukajšnji katedrali škof Tomaž Noa gospodu in gospej Jožefu in Jožefi Stupar. V posebnem pismu postavljajo škof oba Stuparjeva, da ga pri slovesnosti in prižiganju sveče zastopata in da prineseta svečo nazaj v Marquette, da bo krasila oltar v kripti, kjer je Baraga pokopan. Sveča se bo prižgala v solnograški stolnici dne 28. julija, pri Gospej Sveti na Koroškem 29. julija okoli 2 popoldne. V ljubljanski stolnici bo prižgal to svečo nadškof Jožef Pogačnik pri večerni maši v nedeljo, dne 30. julija. Ta maša je toliko bolj primerna za to spominsko prižiganje sveče, ker je nedeljska večerna maša v ljubljanski stolnici močno obiskana. Nadškof Pogačnik se je pismeno zahvalil škofu Noa za njegovo participiranje pri proslavi 1200-letnice pokristjanjenja Slovencev s pomenljivo "Baragovo svečo" in ga povabil, da bi obiskal Slovenijo, rojstno Baragovo deželo.

Svečo je izdelala po naročilu škofa Noa tovarna za sveče Gebr. Weinkamer v Solnogradu. Visoka je 20 inč in 4 inče v premeru. Ima pozlačene umetne okrase in napis v zlatu:

SALZBURG
A.D. 767
St. MODESTUS
BP. F. BARAGA

Ta Baragova sveča bo postavljena na oder, ko bodo v prihodnji sezoni Mali harmonikarji Rudija Kneza pripravili koncert v čast Baragi in v korist Baragovega procesa.

Prvi postulator v Baragovi zadevi msgr. Jožef Zryd, ki je sedaj rektor ameriškega duhovniškega kolegija v Rimu, se bo udeležil prižiganja sveče na vseh treh krajih. V romarski grupi, ki ponese svečo v Solnograd in h Gospej Sveti, so sledeči slovenski udeleženci: Anna Jakšič, Frank Jakšič, Gene Drobnic, John in Minnie Grdina, Mayme Grdina in Gertrude Shergalis, Johanna Tomazič, Christine Verbich in Carol Rossman, Marie Telich, Frances Chukayne, Josephine Vlahovich, Ernest Terpin, Mary Ann Milnar, Maria Mlinar in Father J. Godina. V skupini je tudi Rev. Alaric Wolf, Baragov zgodovinar pri Baragovi zvezi. Grupa obišče od 13. julija do 3. avgusta šest držav v Srednji Evropi in sledeče znamenite kraje: Lurd, Paris, Amsterdam, Kevealer, Kolín ob Renu, Dunaj, Maria Zell, Solnograd, Korosko, Višarje, Tirolsko, Monakovo in Svico. Enega ali dva potnika še sprejme pisarna August Kollander v Clevelandu.

Poroka

CHICAGO, Ill. — V soboto, 17. junija, sta se poročila v Mainzu na Nemškem g. dr. Jože Kovačič in gđ. Frances Janette Roush. Zenin je znani nekdanji Clevelandčan, zdaj vojaški zdravnik in major vojske Ameriških Združenih držav. Jože je bil doma domobranski oficir. Je begunec. Medicinske študije je dokončal v Padovi. Stopil je v službo vojaškega zdravnika in je zdaj že nekaj časa nastavljen v Nemčiji. Zenin je sin pokojnega dr. J. Kovačiča, ki je bil svoj čas sekretar bana dr. Natlačen. Oče dr. J. Kovačič je umrl pred leti v Clevelandu, mati Zeninova še živi v Ljubljani, kjer je tudi njegov brat dr. Vital,

brat Jure pa je bil ubit od komunistov. Iz ženitovanjskega povabila sklepam, da je nevesta Amerikanka in je tudi v vojaški službi in sicer je učiteljica vojaških otrok v Mainzu na Nemškem.

V Ljubljani je bil Jože kot dijak pri Velikih Frančiškovich križarjih zelo agilen član in stember Križarske godbe.

Vso srečo na pot zakonskega in družinskega življenja! Iskrene čestitke. P. Odilo OFM.

Kitajci in Indijci so si še vedno v laseh

NEW DELHI, Ind. — Indijska vlada je zavrnila zahtevo rdeče Kitajske, da dovoli odhod onim članom njenega poslanstva v Indiji, ki so ranjeni. To je storila, ko je kitajska vlada odklonila indijsko zahtevo, naj dovoli odhod članov indijskega poslanstva iz Peipinga.

Kitajske oblasti ne puste nikogar iz indijskega poslanstva v Peipingu ne ven ne noter. Indijske oblasti v New Delhiju blokirajo Kitajce v njihovem poslanstvu v Indiji. Dovoljujejo jim pa nemoteno oskrbo s hrano in drugimi potrebščinami, med tem ko velja kitajska zapora Indijcem v Peipingu tudi za te.

Osvežujoče salate
CVETACA V SOLATI. — Osnajni in razcepi cvetačne cvetke, jih operi in skuhaj v slani vreli vodi. Kuhane odcedi, ohladi, prelij z oljem, kisom, ali pa z majonezo. Prideni šcep popra, narahlo premešaj in postavi na mizo.

STROČJI FIŽOL Z OLJEM IN KISOM. — Stročji fižol obreži na konceh, ga operi in skuhaj v zavreli slani vodi. Kuhane odcedi in še toplemu prideni sesekljane peteršilja, česna, popra, olje in kis. Skrbno premešaj.

MESANA SOLATA. — Zreži tri paradižnike, tri zelene paprike in tri na rezine zrezane kuhane krompirje. Naloži v skledo za solato in potresi z zdrobljeno tunino (iz konzerve). Dodaj žlico drobno zrezanega peteršilja, začini z oljem, kisom, s poprom in z žličico gorčice. Narahlo premešaj.

MODERNA SOLATA. — Kuhan, na kocke zrezan krompir, trdo kuhana jajca, rdeče redkvice, sveža kumara, grah, (iz konzerve), zelena paprika, zelena. Vse poljubno zreži, začini z oljem in kisom ali z majonezo, soli, opopraj in dodaj malo sladke rdeče paprike.

ZELJNATA SOLATA (AMERIŠKI NACIN). — Zreži zeljnatu glavo kot pri običajni zeljnati solati. Da bo solata bolj mehka, jo takoj posoli in dobro premešaj ter pusti stati približno eno uro, nato jo ožmi, potresi s kumino in prideni malo drobno zrezane čebule. Solato prelij z majonezo in dobro premešaj.

RUSKA SOLATA. — Kuhan, na kocke zrezan krompir, zelenjavo, ki se je kuhala z govejo juho, kuhan svež grah, kuhane in drobno zrezane cvetačne cvetke, kuhana in zrezana rdeča pesa, ostanki kuhanega ali pečene mesa, 2 kisli kumarici, trdo kuhano in sesekljano jajce, drobno zrezana čebula, strok česna, sol in poper. Vse dobro zmešaj, stresi solato v sredino velikega krožnika, položi po vrhu kako kapro in obloži z navadno zeleno solato. Zadostuje tudi njegov brat dr. Vital,

Južna Koreja je le v nevarni politični krizi

Vlada je priznala, da je bilo pri z a d n jih parlamentarnih volitvah precej nerednosti in nasilja.

SEOUL, Juž. Kor. — Pred nekaj tedni so bile v Južni Koreji predsedniške volitve. Zmagal je dosedanji predsednik republike general Park. Pri teh volitvah je bilo sicer nekaj nepravilnosti, toda dežela se radi njih ni posebno razburjala. Kmalu za predsedniškimi volitvami so bile parlamentarne. Izvoliti je bilo treba 175 poslancev. Zmagala je Parkova vladna stranka, ki je dobila 130 mandatov, opozicijska "nova demokratska" stranka je dobila skoraj ves ostanek.

Te volitve pa niso bile nedolžne, kot je Parkov režim trdil od samega začetka. Opozicija se je upravičeno razburjala. Prišlo je do burnih demonstracij, ki so se jih s posebnim veseljem udeleževali študentje. Pod pritiskom javnosti je moral general Park končno priznati, da so se dogodile v volivnem postopku velike nepravilnosti. Obljubil je, da bo "kaznoval" vse tiste izvoljene poslance, ki so zmagali v okrajih, odkoder je prišlo največ pritožb. Pritožbe naravno obtožujejo policijo, da je vse preveč kar sama "volila" poslance. Režim tega ne taji, toda pravi, da mora biti policija udarna, kajti severnokorejski komunisti pošiljajo stalno svoje terence in agitatorje na jug. Policija jih lovi. Če jih dobi v roke, jih ravno ne boža, volilci pa niso nobeni partizani in terenci in bi jih policija morala pustiti pri miru. General Park je obljubil, da bo policijo ukrotil, toda vsi mu tega ne verjamejo. Sumijo namreč, da Park hoče imeti poslušne poslance, da bi lahko spremenil ustavo, ki mu ne dovoljuje, da bi ponovno kandidiral.

Škodo pri tem ima pa tudi Amerika. Koreja še zmeraj dobro ve, da more obstajati le pod ameriškim varštvom. Zato javnost misli, da naša diplomacija drži s Parkom, kar pa ni zmeraj res. Seveda pa Amerika tega ne more naravnost povedati. Zato nosi del odgovornosti za Parkovo politiko vsaj pred korejsko domačo javnostjo.

Libanonski general ni hotel napasti Izraela

BEJRUT, Lib. — Libanon ima deloma arabsko, deloma krščansko prebivalstvo. To vpoštevava libanonska politika na celi črti. Političen vpliv je razdeljen med Arabe in kristjane do vseh podrobnosti. Tako sta predsednik republike in poveljnik oboroženih sil "po tradiciji" kristjana, dočim je ministrski predsednik Arabec. To ravnovesje političnih sil se je v sedanji arabski krizi dobro obneslo, čeprav je prišlo do par mučnih dogodkov.

V usodni noči 7. junija je ministrski predsednik Karami, Arabec, dal poveljniku oboroženih sil, kristjanskemu generalu Bustaniju nalog, naj takoj napade Izrael. Bustani se je uprl, ker je hotel imeti svoje vojake pripravljene tudi za domače nemire. Bal se je namreč upravičeno, da bodo libanonski Arabci, ki so po večini pristaši egiptovskega Naserja, začeli delati izgrede in nemire, kar so tudi pozneje poskusili, toda brez uspeha. Ker je Karami silil vanj, mu je Bustani zažugal, da ga bo postavil v "hišni zapor". Vmes je posegel predsednik republike kristjan Helou in dosegel spravo, toda libanonska armada ni napadla Izraela in se tako ognila blamaži, morda pa celo porazu.

Libanon je tudi srečno prebrodil diplomatsko krizo. Ni pretrgal diplomatskih zvez z Ameriko in Anglijo, je samo od-

poklical svoje poslanike in čakal.

Kot se vidi, pride včasih tudi mešano prebivalstvo do svoje pametne veljave. Ako bi bil Libanon samo arabski, bi bil danes tako na tleh kot so Egipt, Sirija in Jordan. Tako pa krščanski del libanonskega prebivalstva zmeraj kroti prenapete arabske nacionaliste, kar je deželo v zadnjih 18 letih obvarovalo pred marsikatero težko, toda nepotrebno politično krizo.

KAKŠNA KRIZA?

WASHINGTON, D.C. — Državno tajništvo se je kljub izjavi predsednika Johnsa, da je posvetilo veliko časa vprašanju Srednjega vzhoda, odkar je on v Beli hiši, dejansko za položaj tam malo menilo. Tako vsaj trdi odpravnik poslov poslaništva v Kairu David G. Nes.

Po povratku v Združene države je izjavil, da je od začetka letošnjega leta državno tajništvo znova opozarjal na nastajajočo krizo, da pa se tam za to opozorila niso menili. Poslaništvo v Kairu je predložilo, naj bi kaka uglednejša oseba zvezne vlade prišla v Kairo na razgovore z Naserjem. Washington se ni zganil. Ko je končno poslal v Egipt novega poslanika in so tega vprašali, kaj misli o krizi, je ta odgovoril: "Kakšni krizi?"

V državnem tajništvu priznava, da so opozorila prejeli, pa odgovarjajo, da dejansko niso mogli veliko storiti. Ameriški vpliv v tem delu sveta je namreč v zadnjih letih hudo padel. Ameriška beseda je nekaj zalegla le še v Amanu, Tunisu in Riadu v Savdiji.

Naša dežela še zmeraj ne razume vietnamskega vojskovanja

PRINCETON, N.J. — Gallupov zavod je dognal, da ravno polovica naših ljudi ne ve, zakaj in počemu se vojskujejo v Vietnamu. Na vprašanje, ali imajo jasno predstavo o vietnamski vojni, jih je 48% odgovorilo, da jo ima, ravno toliko odstotkov (48%) pa, da nimajo pravega pojmovanja o tej vojni.

Razlika je med moškimi in ženskami. Bistvo vojne razume 58% moških, zato pa le 40% žensk.

V drugi svetovni vojni je bilo čisto drugače. Takrat je po 3 letih izjavilo 78% vseh vprašanih, da vedo, počemu in zakaj vojna v Evropi in Aziji, dočim ve to po treh letih o vietnamski vojni le 48%. Ni torej čudno, da želi

kar 55%, da bi se vojna končala s kompromisom, le 15% bi rado čakalo na zmago, zato pa le 5% — poraz. Zanimivo je, da o teh vprašanih sodijo podobno demokratje in republikanci. Razlike v odstotkih med enimi in drugimi so malenkostne. Kot se vidi, ima politična propaganda golobov in krkuljev nanje malo vpliva.

Peklena svoboda

"Ljubi moj Welsersheimb bi imel rad vešala in bajonete. Je preveč črnogled. Pišite mu, naj razposajencem zažuga, posvari naj jih. Preki sod naj jim obljubi, vkvartiranje vojakov in podobna sredstva, ki jih ima moderni vladar," je dejal dobrotljivi cesar Ferdinand, ko so mu prebrali Welsersheimbovo poročilo. "Ljudje so pametni, samo po človeško ravnajte z njimi. Dobri mož bi rad vojakov. Kaj bodo pa rekli moji vrli generali na Laškem, ki zahtevajo vojakov brez mere in števila, ako jih ustavimo v Ljubljani? In poveljujoci generali v Pragi, Budapešti, na Dunaju, ki se pritežujejo na redostatnosti bataljonov? Dobrim mojim Kranjcem

moj požuga s prstom, pa bodo nirovali. Pa da se ma ustreže, ustavite prvi moj graničarski bataljon, ki pride v Ljubljano na poti v Italijo, pa naj jih pošlje moj Welsersheimb na gradove mojega plemstva, kjer je kaj nevarnosti. Tako se bodo moji dobri graničarji odpočili, plemstvo bo moralo biti pa toliko veliko, da jim bo odprlo shrambe in kleti, ako si jih graničarji že sami prej ne bodo. Tako! Ta zadeva je rešena.

k' so morali razglašati vladne razglase, so morali slikati tudi posledice svoje sodbje". In naslednje nedelje so z vseh prižnic v deželi, na vseh trgih, kjer so cesarski birci običajno razglašali uradne ukaze, iz povsod, kjer je kak cesarski človek prišel do besene, povsod so rotili in prosili ljudstvo, naj spoštuje cesarsko in gruntno gosposko, naj ne ropa, ne kolje, ne požiga, zakaj ako bi se ponavljalo kaj takega, kar so doživeli tiste dni na Izanskem in v še nekaterih drugih krajih, tedaj bo razglašena "stojna sodba". Roparji, požigavci, ubijavci, tatovi, razgrajaci, šuntarji in drugi, ki delajo nemire in širijo upor, bodo sojeni na mestu, kjer jih dobe. Na prvo drevo bo obešen, k najbližjemu zidu postavljen in ustreljen, glavo mu bodo odsekali in zaplenili njegovo ime-tje.

Vse je zatrepetalo od groze in strah je zavladal po vsej deželi. Omahnile so roke vsem, ki so si namerjali sami delati pravico, malodušnost jih je obšla, pogum jim je izpuhtel.

Domorodci sose potili v pomirjevanju in dopovedovanju, da bodo prišle postave, ki bodo kmeta popolnoma osvobodile, zakaj cesar, ki je obljubil svobodo, bo dal tudi postave, ki bodo svobodo zajamčile.

V ogrožene kraje so pa korakali graničarji in namesto, da bi vojaki šli na laško stran, so jih poslali na Turjak, Rtnek, Ribnico, Čušperk, Nadlišek, Polhov gradec, Smlednik, Višnjo goro, Trebnje, Mokronog, Planino in še v mnoge druge kraje. Ako je graščak le zajecal, pa je dobil posadko na grad, katero je naposled teže prenašal in krotil, kakor bi bil svoje podložnike, ako bi bili še tako rogovilili.

Srenjam so zagrozili, da bodo morale trpeti vso škodo, ki nastane radi nemirov, in nositi stroške za vojaške posadke.

Tako so pripravili pomirjenje dežele.

Graščakom so se zdela takasredstva premajhna in nedostajna.

"Vešala!" To bi bilo edino primerno po mnenju graščakov za uporne tlačane, katerim bi bilo stokrat gorje, ako bi bili njihovi graščaki še imeli moč, odločati o usodi upornih tlačanov.

Ižanci so se smejali, ko so jim slikali grozote 'stojne sodbje', zakaj kar je bilo v graščini izanjski, so bili že pospravili, Prese-

ka je bila pepel, v Namršlju so bile samo še gole stene, Turjak bo pa že še prišel na vrsto. Ko bo neko noč gnadljivi gospod grof sanjal, da je v malih nebesih, tedaj bodo vrgli Ižanci turjaška vrata iz tečajav in bodo udarili po slanini in vinu tako naglo, da gospod grof še topa ne bo utegnil izprožiti. Potem ga bodo pa še naučili kozjih molitvic, kakor je on nekaterekrat Ižance učil. To je bila tedaj pri Ižancih sklenjena stvar in tista "stojna sodba", ki se je še otroci ne boje, jih naj v uho piše. Kar nadalje so še v graščinskih gozdovih podirali dreve in ga izvlačevali ali so pa gonili zverjad in se oblikovali, ko so obirali pečenko.

Tedaj so pa preplavili izanske vasi vojaki in z njimi so prišli cesarski birci, ki so stikali za hudodelci. Otovrej so se pokazali tudi graščinski ljudje, ki so si v navzočnosti vojakov in bircov upali zopet na beli dan in ki so poznali orodje graščinsko in so vedeli, kaj je imela graščina na Igu in v Namršlju. Logar Menat naj bi bil sam pokazal blago, ki je bilo ukraden na Preseki.

Začele so se hišne preiskave. Najprej so bili na vrsti oni, o katerih so splošno vedeli, da so bili oteli mnogo blaga pokončevanju v graščini, ki so sami pravili, kaj so domov prinesli,

ali katere so raznesli zavidljivi sosede, in tako so bili med prvimi Malnarček, Štrumbelj, Svingelj, ki so dobili obiske bircov in vojakov, kateri so jim pretekli vse shrambe in vse kote, odnesli, kar ni bilo njihovo.

vega in o čemer so potrdili graščinski, da je bilo nekda v izanprvi Malnarček, Štrumbelj, marsikaj drugega; zakaj graničarji niso bili pretenkovestni in so se kaj malo brigali, kaj je bilo graščinsko in kaj kmetovo.

Frances Petrich

Rojena je bila leta 1901 v Clevelandu, Ohio. Bila je članica društva št. 6 ADZ in društva vpokojencev in Euclidu.

Pogreb se je vršil 29. maja 1967 iz pogr. zavoda A. Prisrčno se zahvalimo vsem, ki so poklonili cvetje in vence, vsem, ki so darovali za sv. maše, kakor tudi vsem, ki so prišli v pogr. zavod, da so pokojnico počastili, se od nje poslovili in jo spremili na pokopališče. Hvala vse, dobrim možem, ki so nosili njeno krsto, kakor tudi onim, ki so dali svoje avtomobile za spremstvo na pokopališče.

Srečna hvala vsem, ki so pokojnico obiskovali v Mt. Sinai bolnišnici in na domu, ji pošiljali dobroamerne kartice in darila ter ji tako lajšali njeno trpljenje. — Toplo se zahvalimo tudi našim dobrim sosedom in ljubim prijateljem za vse, kar so nam dobrega storili v toku bolezni pokojne in v dnevih naše žalosti, kakor tudi vsem, ki so nam pisмено ali ustmeno izrekli svoje sožalje.

Hvala osebjem pogr. zavoda A. Grdina & Sons za odlično voden pogreb.

Razposlali smo zahvalne kartice vsem, ki smo imeli za njih naslove. — Ako kdo take kartice ni sprejel, naj nam oprostí in naj s to javno zahvalo sprejme našo hvaležnost!

Ranch-Style Sunday Supper

When you round up the gang for Sunday supper, serve these tempting Hash 'N Corn Bread Stacks. Tender corn bread, golden cream style corn and flavorful corned beef hash add up to delicious ranch-style eating. Serve with spiced peaches or fruit salad for tart contrast.

Preparation of Hash 'N Corn Bread Stacks is designed with a leisurely Sunday in mind. The corn bread is quickly made with a package of reliable corn muffin mix. Just spread heated hash between halves of corn bread squares and top each serving with a sauce of piping hot cream style corn. It couldn't be easier for Sunday supper — or a special brunch or Saturday lunch.

Hash 'N Corn Bread Stacks

Makes 6 servings

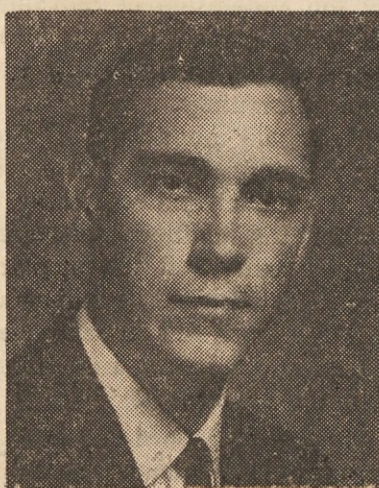

Corn Bread:
One 12-oz. pkg. (2 cups)
Flako Corn Muffin Mix
1 egg
¾ cup milk

One 15½-oz. can corned
beef hash
One 1-lb. can cream
style golden corn

Heat oven to hot (400°F.). Empty contents of package into bowl; add egg and milk. Blend only until dry ingredients are thoroughly moistened. (Batter should be slightly lumpy.) Pour into greased 8-inch square baking pan. Bake in preheated oven (400°F.) 20 to 25 minutes or until golden brown.

While corn bread is baking, heat corned beef hash in saucepan. Heat corn in another saucepan. Remove corn bread from pan. Split horizontally. Spread hot corned beef hash over bottom half of corn bread. Replace top half of corn bread. Cut into 6 sandwiches. Place sandwiches on individual serving plates. Spoon hot corn over each. Serve hot.

The Free-Agent Draft

The Yankees, hoping to find quality in quantity, chose a record 74 players during the free-agent draft in which the major league clubs reserved a record total of 1,169 prospects.

A total of 975 amateurs was selected in the regular phase and 194 previously-picked, but unsigned, youngsters were re-drafted in the secondary phase that followed.

The free-agent draft, despite having its detractors, is catching on. In 1965, when the pool plan was inaugurated, a total of 813 players was selected. Last June, the majors drafted 833 in the regular phase and 104 in the re-draw.

Commissioner William Eckert, aided by his assistants, John McHale and Charles Segar, conducted the two-day session at the Americana Hotel, June 6-7.

The right of selection was based on the inverse order of the 1966 standings and the Yankees, whose tenth-place finish earned the first pick, named Ronald Mark Bloomberg, a 17-year-old slugging high school first baseman from Atlanta.

Nats Go Home With Milkman During 6-Hour Frolic

Washington, D.C. — The longest day for the Senators turned out to be the longest night and part of the morning when Washington outlasted the White Sox, 6-5, in a 22-inning marathon at D. C. Stadium. The game started on the night of June 12 and spilled over into the morning (2:44 a.m.) of June 13. The record-breaking game took six hours, 33 minutes to complete.

This was the longest night game in history. The old mark for elapsed time was 5 hours, 13 minutes, set by St. Louis and Houston in a 19-inning game in 1962 and matched by Los Angeles and Philadelphia two years later.

Neither the White Sox nor Nats made an error, and that was another major league record. Rookie Mike Epstein established an American League fielding record for a first baseman when he handled 34 chances without an error. They included an A. L. record of 33 putouts.

Red Sox Show Gate Gain In Spite of Nasty Weather

Boston, Mass. — The improved play of the Red Sox has been reflected in attendance this year despite a cool, rainy spring in New England.

After 20 home dates, the Red Sox had drawn 305,036, a jump of 67,660 over last season. Last year's attendance was 811,000, which was a jump of 159,000 over 1965.

Indian Rook Copies Sandy; Puts Elbow in Ice Water

Ed Connolly, the Indians newest starting pitcher, is another disciple of the ice-pack treatment made famous by Sandy Koufax.

After every game or workout, Connolly immerses his elbow in a tub of ice water for at least ten minutes. "It's really unpleasant and I don't know if it helps or not," said Honest Ed.

"But I do know that ever since I've been using the ice, I haven't had any trouble with my arm, so why not? I figure, if the ice ruins my arm, so what? It wasn't any good the other way, anyway."

Location For July 2 Pops Concert Changed To Hale Homestead In Bath

The Cleveland Summer Orchestra pops concert to be presented Sunday afternoon, July 2, by the Bath Rotary Club will be performed on the grounds of the historic Jonathan Hale Homestead rather than at Bob-O-Lin Farms as originally announced. Louis Lane will conduct the concert which will begin at 3:30.

The change in location was effected to better accommodate concert patrons who may plan to attend the open house scheduled by the Western Reserve Historical Society at the Jonathan Hale Homestead on Oak Hill Road in Bath. This location is also more convenient to The Blossom Music Center across the valley where ground will be broken earlier in the day for the creation of the new summer home of The Cleveland Orchestra. It is expected that many trustees and friends of both the Western Reserve Historical Society, which maintains the Hale Homestead, and The Musical Arts Association will stay on for the concert and spend the afternoon in the Valley.

The Bath Rotary Club has planned the concert as a welcome to the area for the Orchestra which will present its first six-week summer musical festival at the new Blossom Music Center in July and August of next year. At the Bath concert, the Orchestra will perform for an expected audience of four thousand seated at tables and chairs or on the lawn. Mr. Lane has chosen an all-American program consisting of works by Aaron Copland, George Gershwin, Charles Ives, Leonard Bernstein and Broadway show tunes by Richard Rodgers, Cole Porter and Jerome Kern.

Tickets for the July 2 concert are priced at \$3.50 and are available by mail from the Rotary Club of Bath, P.O. Box 222, Bath, Ohio 44210. In case of rain, the concert will be presented the following evening, July 3 at 7:30.

Tickets may be purchased directly at the American Express Travel Bureau offices in Summit Mall and in the First National Tower in downtown Akron as well as at the Mayflower Travel Bureau in the Mayflower Hotel.

A PANORAMA OF PROGRESS

A railroad train has always attracted boys both big and small. There is something alive about a fast passenger or freight train as it goes by and disappears in the distance.

A freight train is no longer just a string of boxcars and flatcars. Watching three giant diesel engines snake a 100-car freight train over a railroad crossing, one gets an idea of what mass rail transportation means to the country. One sees specialized cars built specifically to handle particular products — the days when every kind of freight had to be shipped in either a boxcar or flatcar are long gone. There are three-deck flatcars equipped to carry five automobiles to the deck; cars to dump a load of logs at one roll; cars in tandem or triplet for hauling long loads like giant trusses or oil refinery towers; airlide cars loaded and unloaded pneumatically; "piggyback" cars to carry giant road trailers which may have self-contained refrigeration and move fruit and vegetables across the continent; special refrigerator cars; cars designed to haul heavy machinery of various kinds. Last, but not least, in the string of perhaps a hundred cars that comprise a modern freight train, is the radio equipped caboose providing instant communication facilities. Rail equipment such as this, developed and put in service in the past few years, now takes tremendous loads off our overcrowded highways.

Operating under outdated regulation, which has failed to advance with the changing times, the railroads constantly seek to adjust to meet the transport needs of a growing nation.

Nationality Folk Festival At The Zoo

The Third Annual Nationality Folk Festival Day at the Cleveland Zoo will be held on Sunday, June 25th from 3:00 p.m. to 5:00 p.m.

There will be at least seven different groups performing on a special stage set up near the Cat and Ape Building adjacent to the Main Parking lot and No. 1 Turnstile Entrance.

Dressed in their native folk costumes, these colorful dancers will represent the countries of Russia (3 groups), Croatia, Lithuania, and Ireland; a versatile group called the International Dancers will perform the dances of several different nations. Several additional nationality folk groups may be on hand to give more variety to the program.

Miss Margaret Fergusson, Mr. John Ressetar, and Mr. John McKenna, of the Cleveland Folk Arts

Association have made the arrangements for the program at the Zoo.

The lively folk dances and music will provide Cleveland Zoo visitors an additional program of entertainment. The program is part of the Zoo's over-all plan to enhance and expand the cultural and civic image which has been developed over the past four years. Zoo visitors are encouraged to bring picnic lunches and enjoy an all day outing. Visitors can be entertained by the more than 1000 Cleveland Zoo animals before and after lunch and then relax while watching the lively folk dances. There will be no additional charge for the program once the regular Zoo admission fee has been paid. Children under 12 are admitted free. Zoo hours on Sunday during the summer are 10:00 a.m. to 7:00 p.m.

EAST-WEST TRADE — TIME ENOUGH LATER. Not so long ago trading with the enemy in time of war was considered an act of treason. Although there has been no formal declaration of war in Vietnam, the fact remains that we are in a war in that far away country just as much as we were in Korea or in Europe in World Wars One and Two.

We have been told by the Administration that in the interests of world peace we must build trade-bridges between East and the West. "Building bridges" has become a kind of political slogan. It certainly has a more pleasant sound than the phrase "trading with the enemy". But is this the time to build bridges to the Communist world? Let's look at some hard facts of life—namely, the heartbreaking tabulation of our losses in Vietnam. To date, more than 10,500 American servicemen have been killed there and another 64,000 wounded. And the weapons used by the Viet Cong to inflict these losses — where did they come from? Most are stamped, "Made in Russia". Russian guns, Russian bullets, Russian surface-to-air missiles and Russian MIGs. Tens of thousands of Russian-built and Red Chinese-built rifles and mortars have been found by our troops in Viet Cong supply dumps. I saw some of these recently in a Marine display in the House Armed Services Committee room. Yet, we are asked to increase our trade with the same Communists who are supplying the Viet Cong with weapons to kill American boys.

Without doubt, the volume of trade we are able to generate with the Communist world is a pittance compared with our gross national product. There will be time enough later after the Vietnam conflict has ended and the Middle East crisis has been settled to talk about "building bridges". Trade can be an instrument for world peace, of course — but only when it is applied in the hard-nosed manner of the old Yankee traders who insisted on fair return for their barter. There's no sensible reason to approach trade

with the Communists in the hope it will somehow convince them to be "nice guys". Let the Soviet Union and East European Communist governments first convince us that they truly seek peace in Vietnam, the Middle East and elsewhere. Until then, should we not refuse to be a party to any financial deals in which the main advantage is with them?

EDUCATIONAL EXPENSE DEDUCTIONS. New regulations issued recently by the Internal Revenue Service spell out in detail what educational costs can be claimed as income tax deductions by teachers, physicians, accountants and other professional people. In general, the new rules permit a person already established in a profession or business to make deductions for specialized study within that field. The regulations allow deductions for additional study by teachers although it may qualify them for new duties in their field, or enable them to get a master's or doctor's degree. An elementary school teacher can deduct for study that qualified for teaching in high school. A teacher in mathematics can deduct costs of education to qualify as a science teacher. Deductions are allowed for a teacher whose studies lead to the position of counselor or principal. On the other hand, a teacher hired on a temporary, conditional basis cannot deduct costs of study needed to meet minimum requirements for permanent employment. Costs of travel as a form of education are deductible only if the travel is directly related to the taxpayer's duties in his occupation.

The new regulations do not permit deductions by people outside the legal profession for the study of law even though it might be useful in their occupation, because it would qualify them for a new occupation. For example, an accountant could deduct costs of getting a master's degree in accounting but not getting a law degree. A general physician can deduct costs of courses on new developments in specialized fields of medicine.

HOW TO "SPRING" A QUICK LUNCHEON

by JOAN CRAWFORD

New York, New York (ED) — It's a good idea when the balmy weather makes "dropping in and just visiting" a pleasurable pastime, that you always have on hand the necessary items that will allow you to "spring" a quick luncheon in record time.

Nothing can panic the lady of the house more than a full house and a bare cupboard — or annoy her husband who has to "run down to the market, dear, and pick up some cold cuts." That's why I always have a kind of Hostess Survival Kit on hand, and I suggest that you start collecting one, too!

Indispensable for the entertaining hostess are several table decorating aids. A good collection of mix-and-match placemats — straw or pat-

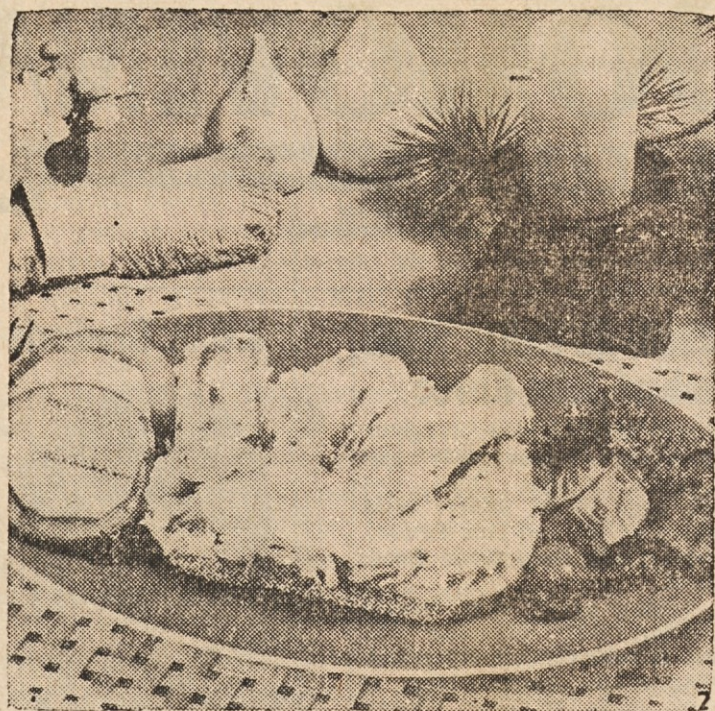

terned plastic — is the first requisite. The organdie variety may be fine for the planned affair, but chances are they'll be in the laundry bag when the unexpected visitors drop in.

Another essential to dress up a festive luncheon table are small cloth napkins — I'm not a paper napkin partisan. Whenever you see a nice buy on plain, striped or flowered lunch napkins, which can be bought without the matching tablecloth very reasonably, get some and keep them in the don't-use-till-I-must section of the linen closet.

Unusual napkin rings like the colorful ones now made out of papier-mache are an optional item in your Survival Kit, but an essential is something floral. The flowers are one small luxury that every homemaker should squeeze into her weekly budget. Fresh daisies and daffodils do wonders for a Spring or Summer table — not to mention the wonderful life they'll give to your spirit. When the flowers start to mope, I just snip off the stems, float them in a water-filled shallow dish and they get a new lease on life.

Since you can't always have fresh blooms around, make certain that your Kit contains some pretty "fakes." Vibrant-colored paper flowers and real-but-dried ones like skyrockets and straw flowers are festive table centerpieces when thickly bunched in squat little glass or ceramic containers.

Springing a luncheon with a minimum of fuss and a maximum of flair means having at your fingertips several recipes that are delicious paradoxes: elaborate looking, but simple to prepare. So into my Survival Kit I've learned to put

some staples that will give me leeway in choosing a variety of entrees.

I always have several cans of Japanese Crabmeat, or pink salmon, some canned or jarred fruits. My freezer always has some ice-cream, bread, frozen sausages. And my refrigerator is never without cottage cheese, fresh fruit, eggs, and Pepsi-Cola. With all this, I'm ready for almost anyone's taste. I can whip up an egg-and-sausage omelet, pronto! I'm always five minutes away from a salmon salad entree.

Here's one of my favorite emergencies, Open Faced Crabwiches, which is really an ordinary sandwich with a little culinary cachet! Here's how to make it:

Open Faced Crabwiches
1 7/4 ounce can of Japanese King Crabmeat
2 tablespoons mayonnaise
1/4 teaspoon curry powder
1 tablespoon minced celery
1 tablespoon minced onion
Salt and pepper to taste
2 to 4 slices rye bread
Tomato slices
Cucumber slices
Hard-boiled egg slices
Radishes
Olives

Gently, remove cartilage from can of crabmeat, reserving all large chunks for garnishing. Combine remaining crabmeat with mayonnaise, curry powder, celery, onion, salt and pepper. Spread mixture on rye bread slices. Garnish with chunks of Japanese king crabmeat, slices of tomato, egg and cucumber. Serve on bed of greens, accompanied with radishes and olives. Makes 2 servings.

A delicious "out" for warm weather luncheons is a Tutty-Frutty Ring-a-Ling — a fancy name for a very easy citrus salad. Ingredients? Fresh or canned Florida oranges and grapefruits, a little box of strawberries, and a mound of cottage cheese. Just arrange on a platter with artistic ingenuity — and voila! a healthful (and delightfully low-calorie) entree. It's surprising how few homemakers know how to section and peel fruit for serving, so here's my how-to:

How To Peel And Section Florida Grapefruit And Oranges

1. Chill fruit before preparing.
2. To section grapefruit or oranges, cut slice from top, then cut off peel in strips from top to bottom, cutting deep enough to remove white membrane. Then cut slice from bottom. Or, cut off peel round and round, spiral fashion.
3. Go over fruit again, removing any remaining white membrane.
4. Cut along side of each dividing membrane from outside to middle of core. Remove section by section, over bowl, to retain juice from fruit. Or slice peeled oranges crosswise 1/4-inch thick.

One of the real essentials in the Hostess Survival Kit not only during the warm weather — but all year round — is plenty of chilled Pepsi-Cola. Soft drinks are a national favorite that cut across all age lines. From childhood on, we all love the sparkly thirst quenchers. In the warm weather especially, Pepsi-Cola is doubly refreshing.

For the visitors it's perfect to serve just after they come upon the scene, and of course, it goes deliciously with light warm weather luncheon foods. Many hostesses buy soft drinks — but neglect to refrigerate them. I've found that six bottles or cans is the bare minimum to keep chilled at all times.

The last item for the dedicated hostess is an instant dessert. I know that most cookbooks and ladies magazines are replete with elaborate home-cooked puddings, and cakes and cookies, but for last minute quickies there's nothing so confidence inspiring as knowing you're minutes away from an elegant "instant" parfait, or a smooth cream pudding. If you will not succumb to this modern convenience (and you'd be surprised at the numbers who don't) certainly always have in the corner of the freezer a pint or two of ice-cream which you can top with canned or frozen raspberries, mandarin oranges, or pineapple chunks.

If you've stocked your Hostess Survival Kit with the right equipment, you need never have to push the panic button when one fine balmy morning at 11:30 the uncles and the cousins and the aunts drop in. You've thought of everything. Now just grin and share it!

Cleveland Summer
Arts Festival

Performances by the Lake Erie Opera Theatre with the Cleveland Orchestra at the Woodland Hills Park skating rink and by the Cleveland Play House at the city's Fairview Park baseball diamond inaugurated the massive Cleveland Summer Arts Festival Monday, June 19.

The exciting schedule of free outdoor programs at ten neighborhood recreation areas, announced recently, also lists a broad variety of family type entertainment ranging from ballet and puppet shows to blues and rock and roll.

Twenty performers of Shakespeare's "The Tempest" by the professional cast of the Cleveland Play House and nine performances of Puccini's one-act comedy "Gianni Schicchi" by the Lake Erie Opera Theatre with the Cleveland Orchestra, head the schedule of local and nationally popular performing artists and groups who will be appearing during the ten-week program that will bring free programs of music, drama, art and dance to neighborhoods throughout the city.

Festival programs for mass audiences are being held from June 19 to Aug. 25 at Lincoln Park, W. 14th Street and Starkweather Avenue; Woodland Hills Park skating rink, East Boulevard near Kinsman Road; Fairview Park bill diamond, 1887 W. 38th Street across from Kentucky School; J. Glen Smith Health Center, E. 11th Street and St. Clair Avenue; Garden Valley Park, 7131 Port Avenue; Kirtland Park Amphitheatre, E. 49th Street and Memorial Shoreway; League Park, 6601 Lexington Avenue; Central Playfield Showplace, Hough Avenue and Crawford Road; Alexander Hamilton Recreation Center parking lot, 13200 Kinsman Road; and Kerruish Park, Lee Road and Tarkington Avenue.

The Cleveland Orchestra, which leaves on a European tour after completing its Summer Festival appearances, will be conducted by Michael Charry. Louis Lane will conduct at performances June 30 at League Park and July 1 at Kerruish Park.

Among performers appearing during the festival will be Cannonball Adderley, the popular Carmel McCrae, folk singer Todd Browne, the Jotham Callins Jazz Quartet, the Ballet Russe of Cleveland and the Ballet Guild.

In addition, cultural art workshops for children and adults in art, theatre, dance and music will be offered by Karamu House and the Cleveland Music School Settlement at 14 neighborhood centers, the Cleveland Play House and the Cleveland Museum of Art. There will be seven weeks of workshop sessions followed by three weeks of performances by the workshop participants at the ten neighborhood recreation areas, Karamu House and the Board of Education's Supplementary Education Center.

All performances at the recreation areas will start at 8 p.m. Arrangements for seating 1500 people at each performance with the overflow seated on surrounding grassy areas are being handled by the city recreation department.

The far-reaching Summer Arts Festival, first of its type ever held here, is designed to "bring the culture of Cleveland to the people of Cleveland," according to Howard Whitaker, director of the Cleveland Music School Settlement, who is acting as festival director.

"I hope, the festival will give the city a tremendous psychological lift," he said. "It will bring cultural resources usually enjoyed only by the suburbanites right into the heart of town, right to the people."

Collection of Dues

Dues for Mary Magdalenes Lodge No. 162 KSKJ will be collected on Monday, June 26 from 5:30 to 8, at St. Vitus School.

As late as 1880 commissions in the British army were bought and sold legally by English military men. In 1856 a wealthy young British private paid 90,000 dollars to become a cavalry colonel.

Slovene Home Day — July 4th

Cleveland, O. — An all day picnic — with continuous program — for all Slovenians of all ages and their friends will be held on July 4th at SNPJ Farm on Heath Road, located a few miles past U.S. Route 306 and just south of Chardon Rd., Rt. 6. This affair is being sponsored by the Federation of Slovenian National Homes to show their cooperation with the entire Slovene community.

When we mentioned all ages we meant just that. There will be attractions and something to do for the toddlers, teenagers, middle aged, and the oldsters; and those that will be hungry or thirsty. And this means west siders, south siders, east siders, and out-of-towners.

Food — No need for Mother to prepare dinner at home as delicious roast beef dinners will be served from noon till 2:30, with sandwiches of various kinds and krofe afterward. This is under the capable direction of Albina Mrsnik and Mary Kobal.

Balina Tekma — Henry Bokal of Holmes Home is chairman of the Tekma which will start at 10:00 a.m. or as soon as teams are lined up. Teams must represent one of the Homes, and to the winners will go cash to the individuals, and to the first place team a trophy to be kept at the winning Home for one year. Balina players are requested by Henry to line up their teams now, and if you will please drop him a card or call him as to how many teams from each Home and the names of the players.

Teenagers — Emil Martincic, Chairman, will present a teen age band from 12 noon till 3:00 p.m. for rock and roll and whatever current dancing the teenagers want. We want them to have their own type of fun, too.

Youngsters — Free balloons to each child when they enter the grounds. Then Pony Rides will be available from 4 to 6. Bring your camera and catch pictures of the happiness when your child is riding the pony.

Music — Chairman Martincic will play taped recordings of Slovenian songs and dance music direct from Slovenia all afternoon. He will also have a strolling accordionist on the grounds to spark up singing by groups of old time and current songs. From 4 to 8 Ray Champa Orchestra will play. But if you should want a quiet corner for awhile there is plenty of room on the grounds to get away from all the other people who will be enjoying the music and activity.

Refreshments — A good variety to please everyone will be on hand under the capable direction of Chairman Ed Grosel and Co-Chairman Lou Fink.

Decorations — The grounds will be colorfully decorated with banners, bunting, flags, pennants, etc. under the charge of Chairman Al Marn. We even think that this sight alone would be worth the ride out to the grounds.

Movies — It is planned to take movies of the various activities and as many of the people who are there as possible. These movies will then be shown at each of the National Homes this coming Fall and Winter, so as to refresh those present of the wonderful time they had.

Program — There will be a short program from 3:30 to 4:00 p.m. during which we will introduce the men who have been honored as Slovenian Man of the Year to date, the Presidents of each of the National Homes, the Presidents (or representatives) of the Supreme Board of all of the Slovenian Fraternal Societies. Yugoslav Consul Stipanac has promised to be on hand to say a few words. A short explanation of the functions of

the Federation as well as stressing cooperation between the fraternal societies, cultural groups, clubs, and the Homes will be presented. There will be no political speeches.

All in all the nine Homes are collectively trying to put on an affair that your entire family will enjoy to the fullest and remember for a long time. The entire Committee and all of the volunteer help hope you will come. Be proud you are a Slovenian.

Soccer Game Sunday

The reckless, exciting brand of soccer that has kept South American teams high on the list of the world's best in recent years will go on display in Cleveland Stadium on Sunday, June 25, when the division-leading Cleveland Stokers entertain New York in a United Soccer Association game beginning at 2:00 p.m.

New York is represented by the Cerro team of Uruguay, which compiled a 13-3-2 record during its regular season to finish only one point behind league — and world club — champion Penarol.

Leading the South Americans will be Reuben Gonzales, a South American legend in his own time, who has earned 60 international caps as his country's greatest player.

The Stokers are expected to be in their best physical condition of the USA season for this game. An eight-day rest since their June 17 battle with Dallas, is expected to heal the aches of many of the Cleveland injured, and Manager Tony Waddington should have all of his regulars in the lineup for the first time this year.

Barring practice injuries, this will mean that Captain Maurice Setters will be in action as a fullback for the first time after pinch hitting on the forward line in early-season action, while the regular Stoker forward line of George Eastham (OR), John Mahoney (IR), Peter Dobing (CF), Roy Vernon (IL) and Harry Burrows (OL) should be ready for full time duty.

Cleveland Goodwill, with twelve stores located in various parts of the city, is a non-profit organization devoted to the vocational rehabilitation of the socially, mentally and physically handicapped. The agency's clients support themselves by restoring donated materials to like-new status. Funds received from sales provide clients' paychecks.

Thus, Goodwill furnishes employment jobs and training to the handicapped; repaired clothing and furniture to people in lower-income brackets.

Mr. John Purdy, producer of the show, is a member of the Public Affairs Department, WKYC-TV. The show is produced with the cooperation of Goodwill Industries' Public Relations Department.
