VESTI IZ SLOVENIJE

"ZAKLETI GRAD" ZA go hišo svojih vernikov.

OZNO. — Kakor znano ima IZ ZAPOROV V SOLKANU Ozna svoje glavne urade v pro. je bil spuščen Miroslav Pahor, storih banke Slavije. V novi ve. ki je bil med aretiranimi iz Noli hiši za banko ima Ozna klub. ve vasi, ki so hoteli skupno beske prostore. Sedaj so odredili, da žati v Italijo. Ko so ga izpustili bodo v skupini hiši ki se imenuje iz zapora, si je najel kolo in se je Dukicev blok okoli banke Sla. pejal proti domu. V STRANIŠČE V ŽUPNISCU pač zaupnike OZNE kolikor mo. voče izolirati od ostalega občinstva in olajšati kontrolo nad vse. mi, ki se gibljo v bližini uradnih prostorov OZNE, ki varje cistile odkrili svežo hrano v stranišču, je bil župnik aretiran. Tudi takih zviač se komunisti poslušujejo.

FUNKCIJONARI KOMUNISTIČNE STRANKE V LJUBLJANI so dobili nove letne odprte automobile znamke Buick. Vsak vodilen komunist bo torej imel sedaj dva avtomobila, da se bo v njih vozil okoli in oznanjal bosenemu in sestrademu i j u d s t v u komunističenauk o enakosti za vse.

JUGOSLOVANSKA KOMUNISTIČNA STRANKA je zahtevala od vseh svojih članov, da so morali podpisati izjavo lojalnosti. Vsak je moral obsoditi kominform in se izreči za Tita. Tako pismeno, podpisano izjavo so morali oddati svojim strankarskim odborom. Seveda so veljali podpisati, ker so dobro vedeli, kaj jih čaka, ce ne podpišejo. Zato pa Tito ni nici močnejši. Komunforisti rujejo v sabotrajujo, da prekrble vnaprej, da bomo Slovenci skupaj sedeli, da nas bo več videti.

Vstopnice za Papesh Day gre do naglo izpod rok. Iz Collinwooda poročajo, da so prve že vse prodali in so morali poslati po novo zalogu.

Papesh Day bo na 24. avgusta v mestnem stadionu v Clevelandu. Takrat bomo počastili našeg rojaka Franka Papesa, sina slovenskega naroda, doma v Colorado, ki je bio meščan Clevelandskem kroku Indians. Vstopnice si preskrblite vnaprej, da bomo Slovenci skupaj sedeli, da nas bo več videti.

Finska v vrtincu intrig ki prihajajo iz Moskve

NOVA "DOBAVA" DRV. — Odredili so komunisti, da ne bodo več dostavljali drv na dom. Drva več ne bodo v prosti prodaji. Vsako podjetje bo nekaj drv nakazanih v stojecem drevju v gozdu. Vsak si mora sam tega posekat in domu spraviti, če hoče, da jih bo imel.

DUHOVNIKI SO V SLOVENIJI nove vrste občinski uteči. Prepovedano je nositi kake darove v župnišče. Prepovedano je pobirati darove v cerkvah. Odvezli so župniške zelenje in vse dohodke. Sedaj si ponekod pomagajo tako, da hodijo duhovniki na hrano vsak dan v dru-

Iri na dan

Delavec v Jugoslaviji, ki ostane en dan doma brez važnega vzroka, je obsojen v kazen do 450 dinarjev. Poleg tega mu vzamejo živilsko kartu za en teden.

Pojdite no tje v Titov raj, ki ste tako vneti zanj — v Ameriko! Ce tukaj napravite "plavega" nič, v "delavskem paradižu" je pa huda kazen. Le tje, le tje, tovariši...

Cudno se nam je zdelo, da že nekaj mesecov sem v očeh Titovcev nismo več warmongeri, vojni hujščari, oderhni in kaj še. Veste, tam preko bi radi novača in zato bomo zdaj strašno dobri ljudje.

Amerika bo gradila jeklarno za Jugoslavijo

Največja pomoč Titu — Jeklarna bo zgrajena v enem letu.

Washington. — Združene države so dovolile Jugoslaviji, da nakupi v Ameriki vse potrebitno za zgraditev toplice in jeklarno. To je doslej največja odločitev v korist vlade sedanjega diktatorja Tita, ki se spril z Moskvo. To je tudi prvi slučaj po drugi svetovni vojni, da je vladova USA dovolila dobiti v vojni važen material v deželi, ki ima komunistično diktaturo v svoji javni upravi.

Določeno je, da bo jugoslovansko jeklarno, ki bo veljala kakih 3 milijone dolarjev, gradi Continental Foundry and Machinery Co. v Pittsburghu in bo zgrajena v 12 mesecih.

V federalni vladi so bila razna mišljena glede tega dovoljenja. Dean Acheson se je boril, da se dovoljenje izda, tajnik za državno brambo Johnson pa je bil proti. Zadnji je popustil, ko je dobil izvestne garancije in pojasnila.

Sodijo, da bo ta pomoč pomagala Titu, da bo močnejši in bo mogel vzdružati proti napadom in bojkotu Moskve. Pričakujejo, da bo ta odločba izzvala nove silne napade na sedanega jugoslovenskega diktatorja in njegovih zemljan na delavnih komunističnih delcih. Jugoslovenska in tekce pri clevelandskem kroku Indians. Vstopnice si preskrblite vnaprej, da bomo Slovenci skupaj sedeli, da nas bo več videti.

Bivša kraljevska namestnika v Jugoslaviji obsojena

Helsinki, Finska. — Komunisti organizirajo vrsto štrajkov, da bi spravili državo v nemogočo situacijo in sami prevzeli oblast. Zastopnik socijalistične stranke, ki je odgovorna za vladu, je izjavil na delavskem zborovanju, da bo vlada z vsemi sredstvi zlomila komunistične poizkuse. "Ce komunisti hočejo poizkusiti silo proti sili, jih kar ustimo naj poskusimo." Bomo vdeli kdo je močnejši. Ali finska narodna skupnost ali pa fanatična komunistična skupina. Nidrom, da bodo komunisti borbivo izgubili. Mi pa bomo skušali pomagati, da bo njihov porazčim popolnejši.

Dva zakona sprejeta

Washington. — Senat je odobil dva reorganizacijska predloga predsednika Trumana. Po prvem bo odslanjel delavko tajništvo upravljalno zadeve zaposlenosti in podpor v slučaju brezposelnosti, po drugem pa bo tajništvo za trgovski promet dobito v svojo kompetenco administracijo javnih cest.

Predsednik bo na praznik dela govoril v dveh mestih

Washington. — Predsednik Truman bo govoril na Labor Day v Pittsburghu, Pa. in Des Moines, Ia. 22. avgusta pa bo predsednik govoril na zborovanju veteranov v Miami, Fla. 29. avgusta v Philadelphia.

Velika črna maša za pobite Slovence

Ali ste že kje videli takole zapisano vero v Svetega Duha? Ali niso to misli kot kamni, ki se vežejo v moznik, v velike podobe iz preteklosti in sedanjih dñi:

Vernujem v Boga — Duha, ki je goril po preročih in kaj/kuh svetih za vse vede, ki je ljubil v Davidovih zvokih, napovedoval v Izajicah preročanjih.

Vernujem v Svetega Duha, da bo v sklepem Teminam udaril z bliskom in jih razrahjal kot trlica lan,

Ambasador Kirk je

Stalina vprašal zakaj

se boji ameriških poročil

Moskva, Rusija. — Naš ambasador Kirk je prvič obiskal sovjetskega diktatorja. Pogovarjal sta se 40 minut. Kirk je povedal, da sta imela same običajne razgovore kot dva človeka, ki se prvič vidi.

Vendar je naš ambasador emenil, da se mu čudno zdidi in da je ameriški

vladi sumljivo čemu sovjetska

vlada tako dosledno prepričuje,

da bi sovjetski državljan mogli

poslušati radijske vesti, ki jih

Delavski delegati se ne vrnejo za železno zaveso

Milan, Italija. — Delavski vo-

ditelji Karle Payer iz Madžarske, Aleksander Skrodki iz Poljske in Eftim Gherman iz Rumunije, ki so prišli kot delegati na

mednarodni komunistični delav-

ski kongres v Milanu, so tu izja-

vali, da se ne vrnejo več v svoje domovne države, ker nočejo biti

pod komunističnimi režimi.

Ob odpoklicu sovjetskega ambasadorja iz Belgrada

Vse sovjetsko časopisje in vse radijske postaje dnevno napadajo Tita.

Moskva, Rusija. — Sovjetski odlok, da vlada odpokliče sovjetskega ambasadorja Lavrentijev, iz Belgrada, je vzbudil največjo pozornost. Lavrentijev je imenovan za namestnika zveznega ministra za slovenske države.

Razne drobne novice iz Clevelandia in pa te okolice

Seja podružnica št. 6, SMZ, wagons. Za cene poglejte oglas se vrši namesto 4 nedelje kot v današnji številki.

Občajno že v nedeljo 21. avgusta v nedeljo popoldne ob 1. uri v dvorano Šole sv. Vida. Seja je važna; pridite vsi.

Pozdravljeni med nami — Iz Avstrije je prispel v Ameriko Mngr. Matija Škrbec, bivši dekan v Krščanju in po vojni predsednik slovenskega karitativnega

zavoda za naše begunce na Koroskem. Njegova sestra Mrs. Turk je šla sprejet v New York, v nedeljo pa upajo, da se bodo pripeljali v Cleveland, kjer bo Mngr. Škrbec v Belgradu.

Zadnja dva tedna sploh posveča sovjetsko časopisje največjo pozornost odnosom Sovjetske Rusije do Titove vlade v Jugoslaviji. Pravda ima po tri kolonije novice samo o tem vprašanju.

Z vseh sovjetskih satelitskih dežel objavlja vesti, kako komunistične vlade nastopajo proti Titovim zastopnikom. Češka vlada na široko poroča, da so Titovi diplomati v mnogih trdih letih brošure proti komunističnim vladim in so za to bili izgnani, rumunska komunistična stranka poroča o izdajalskih akcijah titovih agentov, madžarski

vladni inštanci imenujejo titove ministrice, ki so bodovali na obisku na

titovih poročil. Češka vlada je doma iz Suhrske fare, nekdanja Ribičeva Marta. V Clevelandu ostane ta teden in znanci jo lahko obiščejo ali pozdravljajo na gornjem naslovu.

Zelimo ji prav veselo hivanje v naši metropoli.

Nova nasejanka — Mr. in Mrs. Frank Majer iz

Wauwatosa sta bila na obisk pri Hitlerju in Willardu, Wisconsin.

Gospodin Majer je predstavil svoje zlodenjice kot "nacistični grušči", ki so bili nazistični grušči.

Vrenje

Echo der Woche, ki je nemški list v ameriški coni Nemčije, opozarja dne 12. avgusta na tele "malenkosti" na Balkanu.

Množe se in vedno bolj ostri so obmejni incidenti na mejah med Jugoslavijo in njenimi sosedji: Albanijo, Grčijo, Rumunijo in Madžarsko. Moskva je pred letom napovedala da bo tako.

Macedonska teroristična organizacija pošilja svoje patrole že preko meje v Jugoslavijo, da tam rušijo železnicne ceste in mostove in vojaške naprave... Moskva je opozarjala Tita, da se mu bo to dogodilo.

Jugoslovanska tajna policija je odkrila v zadnjem času veliko zarot proti visokim jugoslovanskim državnim uradnikom in politikom Titovega režima. Rumunska policija je v noči od 1. na drugi julij napadla jugoslovansko poslaništvo v Bukarešti. Komaj teden dni kasneje je albanska četa, pod vodstvom oficirja napadla jugoslovansko vas, tam ropala in zanetila požar ter odvedla enega mladeniča. Albanija preganja neusmiljeno vse nekdanje člane partizanskega gibanja, ki je bilo pod Titovim upivom. Bežati morajo v Jugoslavijo, če se hočejo rešiti. Koncem maja je albansko letalo metalo nad jugoslovanskim ozemljem letake proti Titu in njegovi vladni. V Pragi so pristaši Gottwaldova popisali in pomazali vso Jugoslovansko hišo z napisi proti Titu. Države železnega zastora so odpovedale trgovske pogodbe z Jugoslavijo. Radijo v Tirani, ki ga vodijo Rusi, stalno objavlja, da Tito in grška reakcija pripravljajo vpad v Albanijo. Zato se "moralna" ruska vojna misija in Albaniji povečati in je danes že močnejša kot pa ameriška vojska misija v Grčiji.

Vojške edinice rdeče armije prevažajo Rusi po zraku v Albanijo. Rusija ima na albanskih mejah, v Bolgariji in Rumuniji sedaj nad 260,000 vojakov, ki vsi "stražijo" jugoslovanske meje. Rusi utrijejo albansko obalo. Gnezda za podmornice so v gradbi in albansko morsko obalo stražijo in po njej križarijo ruske podmornice in torpedni čolni. Rusija prevaža znatne tovore vojaškega materijala po Donavi na Madžarsko. Rusi vodijo novogradnje mostov, cest in železnic na Madžarskem. Za vsa te dela se čudno mudi. Cesta Budimpešta — Peč (Fuenfkirchen) in cesta Budimpešta, Kečkemet — Seged sta že dograjeni.

Sovjetske vojaške priprave na turški meji so zavzele čudno velik obseg in se nadaljujejo z mrzlično naglico.

Tale znamenja kažejo, da Rusi grade obroč okoli Titovskega, da ga bodo kmalu sklenili, Tita obkrožili in ga nameravajo zadaviti kot so pred letom napovedali. Izgleda kakor da bi hoteli to malo operacijo opraviti še pred prihodnjo zimo. Tudi Tito ve, da je tako. Zato je pred tednom izjavil, da se bo uprl vsakemu napadu, tudi sovjetski vojski, kot je izrecno povdari. Tito ima najmočnejšo pehoto v sedanji srednji Evropi, okoli pol milijona mož.

Moskva, tako se zdi, hoče pohiteti. Hoče storiti operacijo poprej, predno bi Tito mogel dobiti od zapada pomoč, da bi z njim dovršil svoj petletni načrt. Če bi ga namreč uspešno dovršil, bi bila to prezapeljiva vaba za razne "Tite" po balkanskih državah in drugih deželah za železno zaveso, kjer tudi med komunisti vre mnogo jeze in se sliši hreščeče škrapanje z zombi radi hudih bolečin, ki jih zadaja moskovski jarem vsem narodom in državam, ki so še pred setletjem živele samostojno državno življenje. Titizem se širi in bi se, če bi pokazal kaj več kot le to, da je uspel, da se obdrži pri življenu, širil kot ogenj v vetru.

Tako po Titovem izdajstvu Moskva ni hotela napraviti kratke likvidacije. Misli so da bi bilo preveč nepopularno ker je bil Tito še junak Moskve iz druge svetovne vojne. Potem pa je Tito dobil časa in ker pozna predobro vse metode moskovske tajne policije, se je proti nji kolikor mogoče zavaroval in mora se reči da se je dobro zavaroval. Niso uspeli, da bi ga likvidirali sedaj, ko je že dovolj umazan in zrel za usmrritev.

Zato sedaj mora Moskva proti balkanskemu rebelu uporabljati politično-vojaška sredstva, da se ga znebi. Nasprotovanja med Bolgari in Albanci in Rumuni in Madžari ne eni in Jugoslovani na drugi strani so tako stara in tako globoka, da je treba moskovski propagandni mašini delati le par tednov, pa so balkanski ljudje v laseh in z noži in bombami drug proti drugemu. Rdeča armija naj bi takrat prišla kot miriteljica in rešiteljica. Macedoncem naj bi prinesla državno neodvisnost. Bolgarom naj bi dala izhod na morje. Albanci bi dobili neposreden teritorijalen stik z novo Makedonijo in najbrž tudi Bolgarijo. Rumunom bi se izpolnile neke želje ob Donavi, Sovjetska Rusija pa bi mognede dobiti dohod na Egejsko in Jadransko morje, dobiti pozicijo v Sredozemlju in tako dosegla zadnjo in najvažnejšo točko svoje politike na Balkanu.

BESEDA IZ NARODA

Našim novim naseljencem v Kanadi

Cleveland, O. — V dneh od 29. julija do 2. avgusta sem se mudil med novimi kanadskimi Slovenci. Vsi so jasno lepo in dostojno oblečeni in navdijni. Seznanil sem se z mnogimi, ki so mi pravili, da so zadovoljni v novi domovini. Govoril sem z dvema bratoma, ki sta doma iz naše fare. Kaj sta storila, da sta moralna bežati, sem ju vprašal? — Nič nisva storila, le s partizani nisva hotela in z nama je bežal tudi najin 17 letni brat. Pa sva ga pregorila, da naj se vrne, ker da njemu itak ne bodo partizani nič zlega storili, ker je še skoraj otrok. Res se je brat vrnil, pa ni bil še doma, so ga partizani ujeli in na mestu zaklali. — Tako sta mi pravila dva, katerih staršete je bila dovolj dela in jela; toda tudi najin 17 letni brat.

Pa še nedavno nekateri pravijo: Zakaj so pa bežali, domov naj bi šli. — Zopet drugi mi je pravil, da bi bil tisočkrat raje doma kot pa prosjačil za delom po Kanadi, saj doma je bilo dovolj dela in jela; toda tudi najin 17 letni brat.

Moni naši rojaki v Torontu so mi naročili, da pozdravljajo vse svoje prijatelje in znance v Clevelandu. Bodite tudi vi vsi dragi Slovenci od nas vseh prav iskreno pozdravljene.

Jakob Resnik.

POLOM

POSLOVENIL VLAD, LEVSTIK

Cele brigade so morale stati s puško ob nogi dolgo uro na njivah, preden so dobile prosto pot: Najhujše pa je bilo, da je jedva deset minut po odhodu izbruhnilo strašno neurje, dež kakor o veseljem potopu, ki je dobro uro premakal moštvo do kosti in dajal tečenjaku in plašču na njegovih ramah neznosno težo. Vseeno se je 106. polk lahko pomaknil dalje, ko je odnehal dež, dočim so se zuavji, ki so morali čakati na bližnji njivi, kratekcasili s tem, da so ometavali drug družega s krogljami izila in s krepami blata, ki so delale na uniformah packe ter budile viharne smeh.

Skraj neposredno nato se je zopet pokazalo solnce, svetlo solnce vročega avgustovega jutra. In tudi veselost se je vrnila; ljudje so se kadili kakor namočeno perilo, ki ga razprostrel pod milim nebom; kmalu so bili posušeni, podobni umazanim psom, potegnj enim iz močvirja, in so se snejali strjenim brizgom blata, ki so jih nosili na svojih rdečih hlačah. Prav na koncu nekega nemškega predmestja so se moralni zadnjikrat ustaviti, tik pred pivnico, ki se ni hotela izpraznit.

naznanjala druge ceste, na katerih si spoznaval temne vrste ostalih polkov na maršu. Mnogi so stopali celo po poljih, v gostih masah. Čisto spredaj na levi je peketala brigada konjice v blesteči solnčni luči. In žalostna, brezmejna praznota vesoljnega zapuščenega obzorja se je ozivljala ter se polnila z ljudmi od teh človeških rek, ulivajočih se od vseh strani, od tega neprestanega romanja orjaških mravljinjic krde.

Tam je prišlo Mauricu na um, da pogosti svoj oddelek. "Če pa dovolite, korporal . . ."

Po kratkem obotavljanju je Jean sprejel kozarec. Loubet in Chouteau sta stala poleg, poslednji z nekakšnim tajnim spoštovanjem, odkar mu je korporal dal čutiti svojo pest; ravnotako Pache in Laupoule, dva vrla fanta, dokler jima nisi pokaival glav.

"Na vaše zdravje, korporal!" je dejal Chouteau z glasom dobrega oposta.

"Na vaše, in naj vsakdo paži, da prinese glave in noge zdrave domov", je odgovoril Jean med odobravajočim smerhom svojih ljudi.

Zdaj je bilo treba iti dalje; nejedvajnega obraza se je bil približal stotnik Beaudouin, hotec jih ošteti, dočim se je Rochas, ves prizansljiv do žeje svojih ljudi, napravil, kakor da ne vidi ničesar. In že so stopali po chalonski cesti, podobni brezkončnemu traku, obrobljenemu z drevjem, tekoči naravnost v brezkončnosti, sredi brezmejne ravnine, med strnišči, kjer so se dvigali tuintam visoki kozolci in veterni mlini, sujakoci svoja krila. Dalje na severu je vrsta brzovavnih drogov

lov, teptajočih v vrtincih prahu, kako labko in dobro povezano, in priganjanih z udarci biča, kar da bi se sellio bojevit pleme v novo domačijo.

Med tem je Lapoule od časa do časa svaha z ramami, da si popravi telečnjak; s preuzezo, da je najmočnejši, so mu nakladi orodje, kolikor ga je bilo skupna oddelkova last, to je veliki kotel in vrč za vodo. Danes so mu bili naložili celo kompanijsko lopato in mu dopovedali, da je to velika čast. In ni se pritoževal; smejal se je pesmi, s katero je Loubet, tenor oddelka, sladil tovarisem dolgo pot.

Loubet sam je imel slovenec telečnjak, kjer si načel vse: perilo, rezervoarne čevlje, šivalo, krtake, čokolado, žlico, nož in vilice, lonec za meso in razen tega patron, in je nosil na torunistru še zvitno odejo, šator in Vesle. (Dalje prihodnjič.)

kakor je neredodaj sam s posmom zatrdir.

"Prekleta dežela, naj reče kdo, kar hoče!" je gozel Chouteau vsakih par minut in strejal poglede polne zaničevanja po pustih planotah tega neročovitnega dela Champagn, ki mu pravi narod Ušiva Champagn.

Prostrane širine kredaste zemlje so se nadaljevale brez konca in sledile druga drugi; nobene kmetije, nobene žive duše, zgolj jate vranov, ki so prekinjali neizmerno širino s črnimi lisami. Na levi, daleč v daljavi, so smrekovi gozd s temnim zelenjem vencali rahle valove gričev, ki so robili nebo; na desni pa se je iz neprekinjene vrste dreves spoznavala struga kole; vendar se je zdelo vse

Cleveland Girls See Yellowstone Park The Hard Way—and How!

When tourists can compete with the bears in Yellowstone Park for attention, it's news!

And that is practically what two young women from Cleveland, Ohio, are doing. They're seeing Yellowstone the hard way—by bicycle.

They are Frances Judnick and Marie Parker, chemists with the Lubrizol Corporation in Cleveland, who arrived in Cody (Wyo.) July 30th after traveling to Billings by plane. They picked up their bicycles, which had been shipped ahead to Joanne Smith, a technician at the Cody Hospital; and started along the Cody Road to Yellowstone the following day.

By the time they were seven miles out of Cody, Miss Judnick had had two flat tires. Informed by two Cody Times staff members that the Buffalo Bill Dam Hill was a pretty ambitious project for bicycles, the pair welcomed an "assassin," piled their bikes in a jeep and hitched a ride.

On their first trip to the Cody country, they are packing about 90 pounds apiece. This includes 40 pounds of luggage and food and the weight of each bicycle is about 50 pounds.

The two plan to go as far as their two week vacation allows, with side-trips by bus in order to cover all the sights. They figure their total expenses will be \$140 each.

They went into "training" for the trip through Yellowstone by taking a 140 mile excursion from Cleveland to Castalia, Ohio, over the Memorial Day weekend.

They plan to cover 20 to 30 miles a day on their 13-day tour of the park. Their luggage includes Arctic sleeping bags and they planned spending their nights in camping areas, bears or no bears. Both are bear-wise tourists.

"We have our food taped in tin containers," Marie explained, "so the bears can't smell us."

Their itinerary covers nearly 300 miles. They will return by way of Cody, leaving by train August 11th in order to return to their jobs in Cleveland by August 15th.

Both are graduates of Western Reserve University, and Frances is working toward her master's degree in Russian and chemistry at Case Institute of Technology. She hopes to translate scientific works from Russian, which she has studied for a year.

Both are equipped with cameras, with which they are taking color slides.

Marie has visited Colorado, Arizona and California on previous trips west.

She climbed Pike's Peak two years ago, going down the Kaibab Trail and returning on the Bright Angel Trail.

Both express themselves as "crazy about the west."

Although Frances had never before been west of Chicago, she said she isn't afraid of the Indians.

"I see Indians at home twice a week," she scoffed, "the Cleveland Indians!" — ("Cody (Wyo.) Times.")

Employment Security News

Here's a hair-raising story! The Ohio State Employment Service at 1242 W. Third St. is looking for an experienced man or woman to make doll wigs. No ordinary doll wig maker will do for this job order. This wig maker has to know how to make a "ventilated" part using human hair to top off dolly's fall troussseau.

The demand for this rare skill comes from doting mamas and papas who want their daughters to have dolls with the curls or braids of a favorite grandma, aunt, or even the little girl herself. The regular staff of the doll hospital is too busy to learn this skill which is traditionally handed down secretly in certain European families.

Experienced doll wig makers can do this work right in their own home and the employer will discuss piecework rates. Men or women applicants should report pronto to the Ohio State Employment Service at 1242 W. Third St.

Jr. First-Sacker Requests 'Scout'

Amarillo, Tex. — John Hicks, 12-year-old baseball player, keeps his eyes on the ball — and on his future.

First baseman for the Sanborn Fellows in the YMCA Baseball League, Hicks wrote a letter to Lou Boudreau asking that a "scout" be sent around to watch him perform.

Boudreau replied that Hicks is a little too young, but "might be wearing an Indian shirt about 1956 or 1957."

The boy is so proud of the letter he keeps it in the refrigerator. Why?

"To keep the ink from fading," he explains.

Pen Seeks Old-Timers

Leavenworth, Kan. — Uncle Sam never forgets. The federal penitentiary here has sent to midwest sheriffs lists of 11 convicts who escaped between 1898 and 1901. If still alive, the previous 11 would be from 66 to 94 years old, was normal.

This and That from Washington

By Congressman Frances P. Bolton

WITH the probability that a Compulsory Health Insurance plan of some kind will be brought before Congress in the 1950 session, it may be timely to give you a brief report on the expense already assumed by the Federal Government in the Health Field.

Federal assistance to the States for general public health work, the purpose being for the development of local health services within the states, received an appropriation of \$16,000,000 as against \$11,214,000 last year.

Authorization of \$225,000 for hospital construction covers the last two fiscal years and the current one. \$15,000,000 in addition was authorized for certain cash grants—\$1,200,000 for administrative expenses which include the furnishings of technical assistance in the planning of construction of hospital and other health facilities.

THE medical and scientific research bureau of the Public Health Service which is called the National Institute of Health, received appropriations from the Congress of some \$14,000,000, including funds for financing of research grant projects.

The cancer research program received an appropriation of \$18,900,000, with a further provision of \$6,000,000 contractual authority for financing of research teaching and construction grants.

Heart research appropriations were stepped up from last year's less than \$3,000,000 to \$10,725,000 for community programs for heart disease control, fellowships, etc., with an additional contractual authority grant of \$8,350,000 for the financing of construction research and training grants.

Other activities provided for are as follows:

Chapter six and a half... The Misadventures Of Isabel

I just read over last week's installment of my adventures, and I realize that I am terribly slow. It's taken me all summer to get to Washington, and thru part of the first day we spent there. I'll still be in Washington at Christmas, at the rate I'm going.

Anyway... I still have to tell you about how we cured Gloria of talking all night.

After we left the Bureau of Printing and Engraving, and told our bus driver, Freddy, that they hadn't handed out any samples, we took some pictures of the outside of the place, then loaded back onto the busses for the next stop, the Pan American Building.

Perhaps you have seen post card

pictures of the Pan American Buildings beautiful patio. Well, you know how post cards are; they always make the colors on everything brighter and prettier than they really are, like they make the Potomac blue, and it's really a muddy sort of blue gray. Well, the Pan American building patio isn't distorted one bit. It's exactly as colorful as it looks on the post cards, with all the golden browns, soft reds and yellows blending together and contrasting with the beautiful green of the tropical plants.

There are tropical birds in the patio and they just fly around, or sleep in the trees, and one of the first things that you hear as you enter the building is their singing, or cawing, if you prefer.

There are also very peculiar statues of an Aztec god and goddess on the steps as you come down from the terrace above the patio. The girls are supposed to touch the goddess, and the boys the god, and the guide tells you, you will have luck the rest of your life. After everyone touched the statue, he told us in what this luck consisted: that if you were unmarried, you would never marry, and if you were married, your spouse would leave you or die. At hearing the groan from us, he told us that to redeem the curse, you had to kiss the first bald headed bus driver you met, so Gloria told us she'd have to kiss Freddy's bald spot. Susie and I decided that we'd come back and remove the curse some other time, since the remedy was rather drastic. Gloria redeemed herself by letting the guide hold her hand. He said that that would do it, too.

After we had pilled back onto the busses, we headed for the Washington monument... and thereby hangs a tale, a long tale! We arrived, walked up to the long thing, and were sitting on the bench outside, waiting for our turn to go up in the elevator, when the guide came out and shouted at the crowd: (It was extremely windy, since the Monument is up on a small hill, so he had to shout) "Dees anyone want to walk up?"

My spirit of adventure soared, and I said, "Let's!" Susie wanted to try

it, and Gloria went along because she didn't want to go without us.

"You have to walk all the way up," the guide told us. "Once you're on the steps, you can't transfer to the elevator, and if you change your mind and come down, you have to go to the end of the line for the elevator."

"We won't come back," I declared.

We went into the building, and after

reading a sign that said that anyone who ran or jumped on the steps was liable to a twenty-five dollar fine, we went thru the small door and saw a flight of eighteen steps in front of us.

"Well, this is it, girls," I said. "Let's go."

We went...

Of course, that flight of eighteen steps wasn't the only one. There were more, millions more, it seemed to us. The inside of the Monument is nothing but a huge elevator shaft, and flights of eighteen steps each, going around the outside of the shaft. It's all stone and the air is very musty and stale.

Naturally, you can imagine that we "enjoyed" walking up the eight hundred and ninety-eight steps. Every once in a while, we'd meet someone coming down, and ask how far it was yet. "Oh, about fifty flights more," they'd all say. It was very encouraging!!

When we were half way up, with the air getting thin, and stale in there, and our hearts were pounding in our ears, and the blood was rushing thru us so that we could feel it, and we were all thoroughly miserable, Gloria broke the news to us that she's anemic and not supposed to climb around like that.

Of course, by that time, I felt ame-

nic myself, and I was ready to shoot her.

"Why the dickens didn't you tell us when we started?" I exploded. "Why didn't you wait for the elevator, or at least tell us that you couldn't do it, so we'd all go up in the elevator? All you have to do is to collapse on us!"

"Well, we'll just have to take it slow," said Susie. "You walk too fast anyway, Isabel. I wanted to look at some of these stones here, and you rush ahead too fast."

"O.K." I sighed, and so we plodded slowly on.

Another girl from our group had joined us, and as she walked pretty quickly, we went on ahead, and left Susie and Gloria to plod after us and admire the stones every time Gloria felt tired.

The "stones" they wanted to see are the blocks of marble from all the different states in the union that are set along the walls on the landings. There are also blocks from various cities, and even foreign countries, all sent here in tribute to George Washington. Yes, there's one from Ohio. They all have the state's name carved on them.
