

FR. JAKLJČ:

Peklena svoboda

Povest o ljubljanski in ižanski revoluciji leta 1848

Navzlic lakajem in tepežkarju turjaški grof Jožef Marija, lastnik ižanske graščine, ni mogel ne naprej ne nazaj; obdala ga je živa človeška ograja ponajveč iz podložnikov njegovih graščin. Gospod grof je bil mahoma brez moči, podložniki pa brez strahu in spoštovanja in kakor bi nalašč drazili svojega graščaka, so se drli na vse krije:

"Tlaka in desetina je preč, ne bo nas drla graščina več!"

Kajpada je bil gospod grof zelen od jeze in ni samo z zombi škrta in grdo gledal, temveč je vse pokalo po njem od jeze, togote, pa tudi sramote, tako da mu je ušlo nekoliko skrat skozi zobe:

"Kanalje!"

Na srečo njegovi podložniki v hrupu niso slišali ljubezne besede, ki bi jih bila gotovo še

bolj razdražila in bi bil gospod za nepremišljenost gotovo primeren odgovor dajal.

Kočijaž se je misil počasi preriti s konji skozi in jih je priganjal; toda že so se stegle roke po konjskih brzah in vajetih, da konji niso mogli več naprej, temveč so se začeli vzpenjati in prhati ter iti riteniski nazaj.

"Pustite nas skozi!" je prosil kočijaž in so prosili lakaji in sam gospod grof je delal proste kretnje:

"Prosim! Prosim!"

"Dol! Vsi dol!" je grmelo okrog kočije, ki so jo držale trdne kmečke roke.

Lakaji so poskakali in prosili: "Gospoda grofa pustite! Gospod grof naj se peljejo naprej!"

"Vsi dol! Nihče se ne bo pejal!"

Tako je odmevalo na pršnje, a že se je čulo:

"V jarek s kočijo! Moja koča morala v jarek, ko se je peljal grof po cesti. Enaka pravica za vse! Danes mora pa grof v jarek! Živelja svoboda! V jarek z grofom!"

Kočija je se stresla in zazibal, da je grof prestrašen skočil iz nje in bil priča, kako so zavlekli konje in kočijo s poti.

"Frajost! Svoboda! Živelja svoboda!"

"Hahaha! Gospod grof v blatu!" se je zagrohotil Tone Krivanoga, ko se je prernil skozi množico na kraj hrupa in zmešnjave. In ko je opazil kočijo kraj ceste zvrnjenko, je še vzkliknil: "Danes meni, jutri tebi, gospod grof! Ali ste videli?"

Lakaji so se pripravljali na brambu, toda kmetje so gredči potegnili bič iz rok tepežkarja in kričali:

"Nič se ne omo pretepalovali.

Nič nočemo grofu! Nismo razbojniki! Naj gre, kamor hoče!"

ROMAN

Pot se je še vedno dvigala, zibljejo v višini petnajstih čevljev nad našimi glavami in tem-samo jezli po skalnatem obronku. Rastlinstvo se je zopet izpremenilo; zvesti so nam ostali izmed prejšnjih rastlin samo nizka slonova palma ter ob njej neštetevine prekrasne orhideje, izmed katerih sem se naučil spoznavati redko Nuttallia Villararia pa čudovite svelto in škrlnatnordeče cvetke cat-tleye in odontoglossuma. Tu in tam so tekli skozi negloboke grape po hribu navzdol potoki s prodasto strugo in s praprotno zarastlimi bregovi. S sklovjem posuti drobni zalivčki so nam nudili vsak večer pripravne prostore za prenočitev in obenem priliko za okusno večerjo, ker je mrgolelo v vodi vse polno drobnih, po hrbtnu plavih ribic, ki so bile po obliku in velikosti slične angleški postri.

Deveti dan potem, kar smo zapustili čolna in prehodili po mojih računih kakih sto dvajset milij, smo prišli slednjici iz gozda, ki je postajal vedno bolj nizek, dokler se ni izpremenil v samo grmovje. Nadomestila ga je neskončna bambusova goščava, skozi katero smo si mukoma delali pot s pomočjo indijanskih sekir pa machete (velik nož). Potrebovali smo cel dan od sedmih zjutraj in do osmih zvečer, da smo se prebili skozi to zapreko in počivali smo samo dvakrat po eno uro. Težko si je misliti karkoli bolj enoličnega in napornega od te poti, ker tudi ob najbolj odprtih krajih nisem mogel videti bolj daleč nego kakih dvanaest yardov pred seboj, pa mi je še od spredaj zapirala pogled bombaževa suknja na lord Johnovem hrbtnu, dočim sta se dvigali na obeh straneh kak čevelj daleč od mene dve rumeni steni. Od zgoraj so padali samo redki, kakor rezilo ozki solnčni žarki, in videli smo, kako se

bitje.

"Kaj pa je bilo to, po vašem mnenju?" je vprašal.

"Po mojem trdtem prepričanju pterodaktil."

Summerlee je izbruhnih v poglavij krohot. "Pterofiga!" je rekel. "Štoklja je bila. Ne mislite menda, da je nisem nikoli videl."

Challenger je bil preveč besen, da bi govoril. Natvoril je samo svojo vrčo in odkorakal naprej. Toda lord John, ki se mi je med tem približal, je imel vse bolj resen obraz kakor po navadi. Držal je v roki svoje Zeissovo kukalo.

"Prav dobro sem videl to stvar, preden se je skrila za drevesom," je rekel. "Ne morem sicer povedati, kaj je to bilo, a stavim ves svoj sportni sloves, da nisem nikoli videl v življenju slične pice."

Tako daleč smo zdaj. Ali smo res na pragu nepoznega in srečujemo prve vestnike izgubljenega sveta, o katerem govorim naš voditelj? Popisal sem dogodek, kakor se je odigral in nisem torej nič več o tem poučen, kakor moji čitalatelji. Do sedaj je ta dogodek osamljen, ker nisemo sicer videli nič posebnega.

Zdaj, o, čitaljeni, če jih sploh

imam, pluli ste skupaj z menoj po velikanski reki navzgor, prišli skozi zeleno ločje, skozi temni predor, po dolgem, s palnimi porasel obronku, čez bambusovo goščavo in ravan s praprotnimi drevesi. Zdaj vidiš jasno naš čilj. Baš smo prekoračili drugi gric pa vidi-

mo pred seboj nepravilno oblikovano, s palmami poraslo dolino ter v ozadju omi navpični rdeči zid, skalovje, ki sem ga gledal na fotografiji. Pred nami leži, med tem ko pišem te vrste, in ni dvoma, da je to ista pokrajina.

FASTEST FEMALE FLYER—Miss Lettice Curtis, a ferry pilot with the RAF during the war, established herself as the fastest female flyer when she captured the women's world air speed record over a 100-kilometer (62.5 miles) closed circuit course at recent Lympne air races in England. Flying a Supermarine Spitfire, Miss Curtis averaged 313.07 m.p.h.

Part of the American Spirit

The railroads hold a special place in the imagination of the American people. The whole history of this continent is bound up in the steel rails that span it in all directions. The iron horse brought civilization to great areas and made possible our social and economic unification.

To millions of small boys, their first trip on a railroad train was a great adventure. And few of us are not stirred by the lonely cry of a locomotive whistle in the night. To the people in little towns and on isolated farms the railroad is the connecting link with the great cities, with the sea-coasts, and with lands beyond our own borders. It is the railroad that takes our crops to market, and brings us in return the produce of other regions. It is the railroad that can always be depended upon to do whatever job is given it—and to do it with swift efficiency.

No history of the nation can fail to give the railroads a brilliant chapter, and to tell the colorful story of how the lines were built, in the face of almost incredible obstacles, across the plains and deserts and mountains. Then, as time moved on, it was the railroads that made our industrial and agricultural development possible. Finally, when the country became involved in the great tragedy of war, it was the railroads that contributed enormously to the ultimate victory.

The railroads are more than an industry, more than a vast commercial undertaking. They are part and parcel of the American spirit.

Pfc. Rozman

PFC. JOSEPH ROZMAN

It was on D Day, June 6th 1944 that PFC. Joseph Rozman met his death in the Normandy Invasion. He was 32 years old. He was born in Yugoslavia in 1911 and came to this country in 1920. He attended St. Vitus School, and upon graduation he got a job with the National Screw and Mfg. Co., with whom he worked until 1943 when he enlisted in the armed forces of the U.S. In his trade he was a machinist.

He began his army training in Camp Robinson, Arkansas, after which he was transferred to Fort Benning in Georgia, and then he was sent to Camp Mackall in North Carolina. He was now a Paratrooper of Company G, 3rd Battalion, 501st Parachute Inf.

Pfc. Joseph Rozman was the son of Louis and Theresa (nee, Pier) Rozman of 866 E. 76 St. His mother died on May 9th 1948. Besides his parent he is survived by a son Daniel, a brother Rudolph who is still in Europe, three sisters, Mary Farcenak, Sophie Kenny and Stephanie Senyak, he also leaves one nephew Louis Rozman and one nephew Rudolph is deceased.

He was a member of St. Catherine's Lodge of the Slovenska Zapadna Zvezda. The body arrived in Cleveland at noon Friday and was laid in state Saturday afternoon at 4 o'clock at Ordinsa's Funeral Home, 1059 E. 62nd St. Funeral services were held Monday morning, Sept. 13 at St. Vitus Church at 10 a. m. with the Lake Shore Post No. 273 American Legion in charge of the military rites. Burial was in Calvary Cemetery in the family plot where the rest of the Rozman family lie in rest.

Ohio Approves Six-Day Deer Hunt Season

Sandusky. — The State Conservation Commission meeting at nearby Put-in-Bay approved tentatively a six-day deer season in 19 Ohio counties. Dates set were Dec. 13 through Dec. 18, subject to final action at the commission's October session. Archers and gunners will meet together this season in contrast to last year when the bow-and-arrow boys were signed Dec. 15 and 16 and the gunners Dec. 17, 18 and 19.

Mahoning, Stark, Summit and Harrison counties have been added to last year's hunting area which included Lake, Geauga, Ashtabula, Trumbull, Portage, Columbiana, Jefferson and Carroll counties.

The commission set shooting hours of 9 a. m. to 4 p. m.

The Holy Name Society is sponsoring its 15th Anniversary "Can't Miss" Dance Sunday night, September 26th in the school hall.

The music for this gala affair will be rendered by the "Tunemixers" which feature Pete Sokach and Eddie Habat in rollicking polkas and smooth waltzes. This same orchestra is currently heard over WSRB on Sunday evenings at 8:30 p. m. Tickets for this gay event can be obtained at Ozarem's Confectionary or from any Holy Name donation being 75c.

SEEN AT THE GENERAL MEETING, SEPTEMBER 7

This meeting was fairly well attended although we wouldn't mind seeing a few new faces. Two new members were introduced, Anthony Merhar and Frank Novsak. A hearty welcome and may we see you around for a long time to come . . . Father Bandi OSB, one of the organizers of our Society dropped in on the meeting and really had the members attentive by describing the humorous incidents in the early days of the Society. It was nice having Father Bandi among us and we extend him an invitation to drop in again whenever he is around this part of the country . . . After the meeting the members feted on hot dogs prepared by Chefs T. Sajovic and T. Brodnick. They must have been o.k. since they vanished in a short time . . . A pinocchio tournament then followed, and brought the evening to an end.

THOUGHT FOR THE WEEK:

OUT OF LOVE, GOD DIED FOR YOU!

WHAT SHALL YOU OFFER TO HIM IN RETURN?

MEN, YOUR BEST FRIEND IS OUR DIVINE LORD HIMSELF!

OUR DIVINE LORD HIMSELF!

This and That from Washington

By Congressman Frances P. Bolton

UNDER the Federal Aid Highway Act of 1948 for the fiscal year 1950 \$900 million will be distributed to the states.

This Act authorizes this appropriation in both 1950 and 1951 to assist states in their postwar highway problems. 45% may go to primary roads, 30% to secondary, and 25% on highways in urban areas of 5,000 or more.

Mrs. Bolton speaking a speech at the House, and so made one of the footballs of a bitter campaign, goes into the health problems of America, and sets up a plan whereby the federal government would establish compulsory payroll tax to meet the contemplated three to five billion a year. There is nothing new in the facts reported; those working in health fields have long known them; many of us have worked in them for years. Experience has shown that doubling the number of hospital beds would bring with it the almost impossible task of staffing them, and just money doesn't bring young people flocking in to take medical, nursing and all the other auxiliary courses. Nor does just money create the teaching personnel required. And these are just a few of the problems that would be up for solution.

HAVE you made yourself aware of the new Tax Form 1040-A for wage earners to be used as a return for 1948, and later years? Those of you who have been using Form W-2 (withholding statements) will use the new form, attaching all withholding statements to it.

Employers are not required to use the new W-2 form until November 1st, and may still use the old if they have a supply of hand, and are granted permission upon application so to do. In this case each W-2 must cover taxes deducted for the entire year and must be over-stamped so as to conform substantially to the new W-2 form. Such applications should be sent to the Commissioner of Internal Revenue, Washington 25, D.C.

BUT by bit Liberia is finding her way into the company of advancing nations. During the war we built a large and expensive airport there where big army bombers were readily cared for. When the Army withdrew, the port was in danger of being taken over by the jungle, or by an international octopus acting through agents. The story of how this was averted is an interesting one!

Regains Lost Voice on Roller Coaster Ride

New York. — Fright of a roller coaster ride at Coney Island restored the power of speech to a 35-year-old man who lost his voice five and a half years ago.

The man was Emilio Franco, 35, of Fairmont, W. Va., whose Army record shows he lost his voice while praying in church at Camp Hale, Colo.

Franco, who came here to get a job recently, accompanied his cousin to Coney Island. While there, the latter suggested they ride on the roller coaster.

The two sat in the first car and when it began to dive over the curving trestle, Emilio screamed with fright.

When he climbed out of the car he spoke his first words since 1943.

"I feel sick."

For Excellence of Product . . .

Creamettes are the original quick-cooking macaroni. First produced in 1910, they were further perfected by late inventions and research in 1916, 1926, 1929, and 1945.

Creamettes are made from the very best Amber Durum Semolina obtainable. Semolina is the granular form of the heart of Amber Durum Wheat. North and South Dakota are the chief sources of the most excellent Durum Wheat in the world. Our plant is strategically located close to this source and in the center of the durum milling industry. Durum Wheat is the hardest wheat grown and contains not only the highest percentage of gluten, but gluten of a special quality, perfectly adaptable for macaroni purposes. It does not have the stickiness found in the gluten of bread wheat flours.

The expert selection of raw materials and the scientifically controlled processes of manufacture through the various stages of press operation, curing and drying, insure that excellence of quality which has made Creamettes the widest selling brand of any macaroni product.

Some of these points of excellence and "KNOW HOW" are . . .

First — Quick Cooking: It requires only about seven minutes to cook Creamettes. Yet each golden tube, is tender, retaining its form, delicate texture, and a sweet nutty flavor. You will notice that the water in which Creamettes are cooked remains clear, no excess matter being dissolved into the water and necessarily being poured down the drain after cooking, such as would be the case in cheaper brands of macaroni.

Second — Flavor Blend. This is a distinct characteristic of Creamettes. Because of their porous nature they absorb the juices and flavors of other ingredients used in the finished dish. It is this flavor blending capacity which makes Creamettes the perfect macaroni for combination dishes. Whether it be fruits and vegetables in a delightful salad; or meats, cheeses, tomatoes, etc., in a hot casserole or quickly frying pan meal, the Creamettes "drink in" the flavors of other foods. That's why a Creamette meat combination has a more delicious "meaty" taste — why there's such a delightful "fruity" flavor to a Creamette fruit combination—and why any macaroni recipe that's prepared with Creamettes looks better — tastes better — and is more satisfying in every way.

THE JUNIOR SODALITY
Coffee ready? Doughnuts served! Isn't that gift cute. Look at all the food in that basket. Another winner here!

These exclamations and questions came from the Sodalists at their first social of the season on Friday, September 11, at 8:00 p.m. No one knows what a glorious feeling it is to work on a project and then have it turn out just the way you wanted it to. Of course we were all nervous the first half hour when it just seemed that

Now Fish Are Temperamental

Madison, Wis. — The Wisconsin conservation department needs someone who can figure out why its fish are so temperamental about the bait they will bite on.

The department stocked one 40-acre northern lake with 20,000 rainbow trout and confidently awaited a substantial "fish harvest" this year. But the fish didn't bite and the department's experts were stumped.

They analyzed the stomachs of rainbows. They figured that fishermen who use flies for bait should have been reeling in the rainbows.

But the fly fishermen weren't.

The most successful lure is a gadget called the "hardware". It's a string of assorted hardware including 10 spinners, with a gob of worms on the end. The department's experts have no idea why the rainbows like it.

Bass in other lakes were temperamental too. They seem to like a new red and white plug with a spinner at each end. It caught bass where other baits that make a similar commotion failed.

Parlor Trick Halts Hiccups

Pasadena, Cal. — It took an old parlor trick which Theodore Syvertson, 69, thought was "silly" to cure hiccups he has had since Nov. 1946.

The retired building contractor said he tried all the home remedies, consulted about 60 doctors and spent several weeks in hospitals — but nothing helped.

Finally friend Joseph Wollert of Los Angeles, persuaded him to try his remedy.

It consisted of bending at the waist and drinking water from the far side of the glass.

Halfway through the second glass, Syvertson straightened up and said: "That seems to be the ticket."

He hasn't hiccupped since.

SNOODLES

everybody forgives, or no one would come. But sooner than you could say "Jack Robinson" the seats were all occupied and the occupants were ready for the first game.

All the gifts were neatly displayed and ready to be carried home by a lucky person, some who already had their eye on special articles. The gifts included pictures, plants, kewpie dolls, towels, linens, stockings, purses, lamps, tie, groceries, and oddities and oddities of other things which would take days to mention. By the way, do you know who made all these gifts available? No others but our friendly neighborhood stores, and to them we want to say a real big hearty "Thanks" for only they made this social possible. Also along with them the Mothers' Club and individual donors should receive recognition and thank you's.

Don't think for one moment that there weren't any laughs or giggles because we had more than our share of them. For instance when it came to giving the free shampoo and hair set, say, who do you think won? Yes, a boy with darling, black, wavy hair, which, when you even looked at it, made you sick. He was blushing so much, he looked like a — well, shall we say a "beet"? For other chuckles there was someone who was always saying (when it was slightly noisy), "Beeee Quiet!!!". He always fooled the girls, because we thought he was going to say B----- (those long drawn out B's had us guessing).

After the refreshments everyone was still in high spirits and said their "Good-byes." But all the hard working Sodalis could say was, "Whew, what a night!" From the profit, new sweaters will be bought that are going to be something to look at.

Again we say "Merci Beaucoup" (French for "thank you") to all who made this event successful and will make many more in the future rate "top."

ST. VITUS MOTHERS CLUB

Our meeting of September 1st started promptly at 8 o'clock. Though we made no definite arrangements we are planning some social affairs in the near future. We received a note from the Sisters thanking us for our cooperation and when the school season is well under way we hope that the Sisters will find time to visit with us some meeting night. We will be looking forward to this visit. To the mothers who have enrolled first graders in St. Vitus School we invite and urge you to join the Mother's Club as we will welcome all of you. To Mrs. Oster and Mrs. Mihelic, the new members who have attended our meeting we wish to inform you that our meetings are not usually held so late but you may well understand since we had so much to discuss. We hope you enjoyed the meeting and wish to see you on our next date.

Mrs. Giambretto, Mrs. Strumbel, and Mrs. Scully, the hostesses of the evening provided us with a rare treat of complete home baked cake and delicacies. At the Friday night Social held by the Sodality, the Mo-
