

Načrt za člansko kampanjo v letu 1939

za
tretjo mladinsko konvencijo
in
drugo atletično konferenco

S 1. januarjem 1939 se prične pri naši Jednoti velika članska kampanja, ki bo imela za svoj končni cilj tretjo narodno mladinsko konvencijo in drugo narodno atletično konferenco. Kampanja bo trajala do 30. junija 1939.

Tretja narodna mladinska konvencija in druga narodna atletična konferenca se bosta vršili v Elyu, Minnesota, 4., 5. in 6. avgusta 1939.

V svrhu večje aktivnosti in bolj efektivne in živahne kampanje smo Jednoto razdelili na 28 okrajev. Seznam okrajev je najti na drugem mestu te izdaje.

Vsak okraj bo upravičen do najmanj dveh delegatov na tretjo mladinsko konvencijo in do najmanj enega delegata na drugo atletično konferenco.

Za kandidate za delegate na mladinsko konvencijo lahko kvalificirajo člani mladinskega oddelka v starosti od 12. leta naprej, v Minnesoti od 10. leta naprej, z izjemo takih članov, ki bodo pred 1. avgustom 1939 dovršili 18. leto. V vsakem okraju bosta izvoljena tista dva kandidata, ki sta vpisala v mladinski oddelek največ članov, toda ne manj kot 20 vsak. V slučaju, da kak kandidat za delegata na mladinsko konvencijo zapise 18 članov v mladinski oddelku, je izvoljen za delegata ne glede na to, koliko jih ima njegov protikandidat. Kandidatom za delegate na mladinsko konvencijo se bo dalo kredit samo za take člane, ki so jih vpisali v mladinski oddelku.

Število kandidatov za delegate na mladinsko konvencijo je neomejeno. Pri vsakem društvu in v vsakem okraju lahko kandidira poljubno število otrok. Prijavljeni kandidati ne bodo samo kandidati svojih društev, ampak celega okraja. Zato pa bodo imeli pravico vpisovati nove člane ne samo v njih društvu, ampak v vsa društva, ki spadajo v njih okraj. Za kandidate ne bodo mogli kvalificirati člani, ki so bili sprejeti v mladinski oddelki po 1. januarju 1939.

Za kandidate za delegate na drugo ATLETIČNO konferenco zamorejo kvalificirati edinale člani odraslega oddelka v starosti od 16. do 35. leta. Tudi za delegate na atletično konferenco je število kandidatov neomejeno in lahko kandidira poljubno število članov od vsekoga društva in v vsakem okraju. Za delegata na drugo atletično konferenco bo izvoljen tisti kandidat, ki bo v svojem okraju zapisal največ zavarovalnine v odraslem oddelku, toda ne manj kot \$5,000.00. Ako bo kak kandidat zapisal \$10,000.00, tedaj se ga bo smatralo izvoljenim, ne glede na to, koliko je zapisal njegov protikandidat. Kandidati za delegate za ATLETIČNO konferenco bodo prejeli kredit samo za tiste člane, ki jih bodo zapisali v ODRASLI oddelki. Za člane, ki bodo pristopili v odrasli oddelki iz mladinskega oddelka, NE BOMO dovolili nobenega kredita.

Člani ali članice, ki želijo kandidirati za delegate na mladinsko konvencijo in atletično konferenco, imajo priliko prijaviti svojo kandidaturo od 1. decembra 1938 pa do 31. januarja 1939. Prijavijo naj se društenemu tajniku in slednji naj ime kandidata takoj sporoči na glavni urad.

Delegati mladinske konvencije bodo imeli prostvo vožnjo na Ely in nazaj in po 4 dolarje na dan tekom vožnje in bivanja v Ely, Minnesota. Hrano in stanovanje bodo morali sami plačati.

Po 1. marcu 1939 ne bo mogel nobeden kandidat pridobljeni mladinske člane ali zapisano zavarovalnilno odstopiti drugemu kandidatu.

Kot nagrade za nove člane ostanejo v veljavi nagrade, ki so priobčene tedensko v Novi Dobi.

Kot že rečeno, imajo člani od 1. decembra 1938 pa do 31. januarja 1939 prijaviti svoje kandidature. Zato apeliram na vse tiste, katere stvar zanima, ki si želijo lepega poletnega izleta na Ely, da se prijavijo takoj in da si uredijo vse potrebno, da bodo 1. januarja 1939 lahko sli na delo. Letos bo veliko lažje priti do delegatstva kot v prejšnjih letih. Kandidati bodo imeli celih šest mesecev časa, da dosežejo svojo kvoto; zraven tega bodo imeli veliko večji delokrog, lahko bodo vpisovali člane tudi po drugih naselbinah svojega okraja in lahko bodo prejemali podporo tudi iz drugih naselbin, ki spadajo v njih okraj. Teh ugodnosti in pravic prej ni bilo. Zato, fant je in dekleta, dečki in deklice, pojrite takoj k tajniku ali tajnici vašega društva in prijavite svojo kandidaturo. Napravite si svoje načrte že sedaj, kje boste najprej začeli, kdo vam v domači naselbini lahko pomaga in kdo vam lahko pomaga v sosedni naselbini, ki spada v vaš okraj. Pomnite, da bodo v avgustu šolske počitnice, da bo pri vas doma silna vročina, v Minnesoti pa prijeten hlad ob jezerih, da bo v avgustu vsaki bogato nagrajen, ki bo posegel v našo kampanjo, izrabil izredno prisko in delal od januarja do junija, da doseže svoj cilj.

Z bratskim pozdravom,

ANTON ZBASNÍK,
glavni tajnik JSKJ.

NEKAJ PRIPOROČIL

Seje naših društev, ki se vršijo v mesecu decembru, so izmed vseh sej v letu najbolj važne, kajti takrat se običajno volijo društveni odborniki za prihodnje leto in se obenem sprejemajo drugi važni zaključki za vse bo- doče leto. Od volitev in drugih zaključkov na decemberskih sejah je v veliki meri odvisen bodoči napredek ali pa bodoči zastoj društva. Umevno je torej, da želijo društveni uradniki in drugi dobrí člani kar najbolj številne udeležbe na decemberskih sejah. V to svrhu se tajniki in drugi uradniki poslužujejo pozivov v našem glasilu. To je popolnoma pravilno, kajti glasilo je bilo v prvi vrsti ustavnovljeno zato, da služi za jednotina in društvena naznanila, drugič pa vsedel dejstva, ker glasilo doseže vse člane, tudi tiste, ki običajno ne zahajajo na seje.

Urednik torej priporoča vsem društvtom naše Jednote, da se poslužujejo svojega glasila in pozivajo člane k obili udeležbi na letnih sejah. Obenem pa jih vladno priporoča, da naj bodo v teh svojih pozivih oziroma dopisih kar mogoče kratki. Upoštevajo naj, da šteje J. S. K. Jednota skoro 200 aktivnih društev, ki se skorpa vsa regularno oglašajo s pozivi k letnim sejam. Poleg tega naj upoštevajo, da morajo biti skoro vsi ti dopisi priobčeni v treh izdajah Nove Dobe. Da to pomeni več kot podvojeno delo za urednika, ki mora skoro vse dopise prepisati, ni važno; on bo že potpel tri ali štiri tedne.

Važno pa je, da dostikrat primanjkuje prostora v listu, če so dopisi predolgi. Pravila dovoljujejo uredniku, da izda list na osmih straneh, kadar je treba, toda ne v večji obliki. Na ta prostor mora spraviti vsa jednotina in društvena poročila. Včasih se more kakšno poročilo odložiti za en teden, toda nihče ne ljubi odlašanja, najmanj pa urednik, ki se boji še večje poplave dopisov za bodoče izdaje. Pred leti se je skušal iz takih zadreg izviti s tem, da je priobčeval preštevilne dopise v drobenjšem tisku, ki zavzema manj prostora. Pa so prišli protesti proti predobrnemu tisku, in nihče nima rad protestov, tudi urednik ne.

Da se ta zadeva kolikor mogoče zadovoljivo reši na obe strani, je odvisno od društvenih uradnikov oziroma od dopisnikov sploh. V dopisih s pozivi na letne seje naj bi se uradniki omejili le na najbolj nujne podatke. Važno je, da se v dopisu omeni, da bo letna seja, kdaj in kje se bo vršila in ob kateri uri se bo pričela. Tu in tam je morda potrebno še kaj drugega dodati, toda omenjeni podatki so najvažnejši.

Nekateri dopisniki imajo navado, da želijo v enem dopisu na leto vse povedati: zgodovino društva, kako je napredovalo, kakšne priredeje je imelo itd. Mnogi še opisujejo krajevne delavske razmere, vreme in tako naprej. To je vse lepo in vse tako je dobodošlo v vseh drugih sezona, samo ne v tej. Urednik ne krajša rad dopisov na svojo roko. Izpusti iz istih le ponavljanja in pa take reči, ki po pravilih ne spadajo v naš list; vse drugo slovnično uredi in priobči. Urednik nikoli ne ugovarja dolgim dopisom, toda v tej sezoni se jih v resnicib boji; prostor v listu se namreč ne da raztegniti.

Pri pošiljanju dopisov s pozivi za udeležbo na decemberskih sejah naj bi se društveni uradniki medsebojno dogovorili kdo bo napisal in odpodal tozadovni dopis. Od vsakega društva zadostuje v to svrhu le en dopis.

Poleg tega je važno, da so dopisi v uređenosti pravocasno. Boljše je teden ali dva prezgodaj kot en dan prepozno. Upoštevati je treba razdaljo med oddajno in prejemno pošto, pa tudi kakšno morebitno zamudo na pošti. Ako kak dopisnik poslje dopis teden ali dva prezgodaj in ga želi imeti priobčenega v tednu tukaj pred sejo njegovega društva ali pa en teden prej, naj sporoči uredniku datum kdaj želi imeti dopis priobčen, pa mu bo urednik drage volje ugodil. Dopisniki naj tudi ne zahtevajo, da bi bil isti dopis dvakrat zaporedoma priobčen, upoštevajo naj, da se večina dopisnikov zadovolji z enkratno priobčitvijo dopisa in da v tej sezoni tako rado primanjkuje prostora v listu.

Ako društveni uradnik, ki pošlje dopis s pozivom za udeležbo na decemberski seji, želi, da se z ozirom na društvene razmere priobči dopis v obej jezikih, to je v slovenščini in angleščini, naj to željo uredniku sporoči, pa se mu bo ugodilo. Toda pomni naj, da v takem primeru je še posebno važno, da je dopis kar mogoče kratek, ker prostor je omejen; angleška sekacija lista obsegata dve strani.

Urednik prav ljudno prosi društvene uradnike in druge dopisnike, da gori navedena priporočila upoštevajo, ker bo tako prav na obe strani. Ne pozabijo naj, bo v prihodnjih treh ali štirih izdajah Nove Dobe moral biti priobčenih blizu 200 dopisov. Pišejo naj, toda pišejo naj kratko, jednato in pravocasno.

VSAK PO SVOJE

(Nadaljevanje s 1. strani)

jetni angleški ženin, ki je bil pravljjen žrtvovati svoj samski stan za rešitev Izraela, je dobil novo obleko, 300 dolarjev gotovine na roko in še postavno židovsko Rebeko za nameček. Kupčija je šla imenito in sreča je bila vsestranska, pa je bedasta angleška policija vse pokvarila, ko je ustavila te idealne ženitve iz ljubezni (do denarja). In zdaj je večji jok v Izraelu.

Kemal Ataturk, oče nove Turčije, je v kratki dobi 15 let napravil iz svoje domovine moderno in napredno državo česar niso mogli v teku več stoletij vsi sultani pred njim. Značilno pri tem je, da je bil Ataturk velik priatelj opojnih pijač in velik priatelj lepih žensk. (Tako se ta reč zapiše o odličnih osebah; o navadnem plebejcu bi zapisali, da je bil pijač in babjak.) Ampak v kredit mu gre, da "ga je znal nesti." Ko so že vsi njegovi pivski tovariši popadali pod mizo, je on kar naprej vztrajal pri halevrednem delu uničevanja alkohola. Končno pa so se uprla njegova jetra, češ, dovolj je teh neumnosti, in odlični državnik Ataturk je šel po gobe, star komaj 53 let. Nepremagljivega junaka so premagala njegova lastna jetra. Ni čuda, da se Kitajci ne pozdravljajo med seboj, kot mi: "How do you do?" Kitajec pravi, ko se snide s priateljem: "Kako so tvoja jetra?"

Prijatelj Cahej pa ne veruje, da bi bila pri Ataturku imela jetra kakšno odločilno besedo. Njegov odhod v večna lovišča je enostavno pojasnil v smislu našega narodnega pregovora: Ko je svojo mero popil, je pa šel!

Nemški vodja Hitler je že takoj obložen z redovi, medaljami in odlikovanji, da komaj drži, kot tista trtica v zdravici. Nekaj manj, pa še vedno dovolj izvidljivo so z njimi okranljani tudi njegovi priročniki. Diktator Mussolini, ki ima takega pleha že na košču, je že dan spet dobil novo odlikovanje, in sicer to pot iz gorske republike Andorre, ki šteje 5500 prebivalcev. Tudi na Chamberlaina in Daladierja, ki sta prodala českoslovaško republiko, kar dežujejo redovi in odlikovanja.

Je tako, da veliki in odlični dobivajo redove in odlikovanja, da kar cingljajo kot konjički, ki vince peljajo, pa na ta način postanejo še bolj veliki in odlični. Blagor jim! Mi, kateri se štejemo za navadne fuge, pa ne dobimo niti fuge.

Prijatelja Caheja, tistega, ki nosi ime po biblijskem Caheju, ki je bil tako majhen in kratek, da je moral splezati na dijivo figo, če je hotel mesijo videti, je pričel to jeziti. Po daljšem posvetovanju s svojim kabinetom je baje sklenil ustanoviti kar dva redova domačega pridebla. Eden naj bi bil red navadne divje fuge, drugi pa red Cahejeve zvezde s figo.

V Ameriki na take reči ne damo dosti. Predsednik Zedinjenih držav, na primer, ni našemljen z nikakimi redovi in odlikovanji. To kljub temu, da je predstavnik mogočne republike in 130-milijonskega naroda in da je bil res od ljudstva postavljen na mesto prvega državljanja. Nasstopa kot čisto navaden civilist, pa nima vsled tega nič manjšega rešepsta doma in v tujini. Pri nas se nekako samo ob sebi razume, da je za ameriškega državljanja najvišje odlikovanje, da je ameriški državljan ter da po svojem najboljšem preprincanju služi idealom in koristim te republike in s tem posredno idealom svobode in sreče človeštva v splošnem.

RAZNO IZ AMERIKE IN INOZEMSTVA

New Yorku naznanja, da je novo zdravilo za zdravljenje pljučnice, kateri je izumil dr. Lionel E. H. Whitby v Londonu, nenavadno uspešno. Vsí dosedjanji poskuši so se sijajno obnesli. Dotično zdravilo se izdeluje z malimi stroški in je uspešno pri zdravljenju vseh vrst pljučnice, izjemo ene. Novo zdravilo zdaj še ni splošno na trgu in dosedaj eksperimentira z istim samo par ameriških bolnišnic.

BALKANSKA ENTENTA

Vojaki strokovnjaki Balkanske entente, kateri pripadajo Jugoslavija, Rumunija, Grčija in Turčija, so se zbrali k desetdnevnu posvetovanju v Atenah. Poroča se, da razpravljajo o zahtevah Bošnjakov, ki hočejo dobiti nazaj v svetovni vojni izgubljeno ozemlje. Verjetno pa je tudi, da bodo razpravljali o večji in močnejši Balkanski zvezi, ki bi mogla sodelovanjem Italije zaustaviti Hitlerjevo prodiranje na Balkan. Danes se že splošno priznava, da hoče Nemčija na vsak način dobiti Trst, pri čemer bi bili prizadeti Italija in Jugoslavija. In vsak ve, da kakor hitro bi bilna Nemčija z eno nogo na Jadranu, preti nemška nevarnost vsemu Balkanu, pa tudi Italiji.

DOBRO SOSESTVO

Med Anglijo in Nemčijo je bilo dogovorjeno nekako dobro sosedstvo, v smislu katerega naj bi se spoštovala nedotakljivost ozemlja obeh držav. Sličen dogovor obstaja med Francijo in Nemčijo. Kljub tem dogovorom pa Anglia in Francija hitita z oboroževanjem, kar znači, da je to dobro sosedstvo na zelo slabih nogah.

POSLANIK ODPOKLICAN

Centralnoameriška republika Colombia je odpoklicala svojega poslanika v Berlinu. Vzrok za to je, ker je nemška policija hotel arretirati colombijskega poslanika Rafaela Jaramillo, kateri je ob priliki nemških protizdružinskih izgredov v Berlinu skul fotografiati nekatera razdejana. Mesto colombijskega poslanika v Nemčiji bo zdaj za nedoločen čas ostalo nezasedeno.

DELAVSKI NEMIRI

V Parizu je pretekli teden prišlo do ostrih spopadov med stavkujočimi delavci in policijo ter vojaštvom. Ministrski predsednik Daladier je ukazal policiji in vojaštvu, da mora iz tovarni izognati vse delavce, ki so bili na sedeči stavki. Stavke so izbruhnile tudi v drugih delih Francije zaradi vladnih odredb za podaljšanje delovnega časa in znižanja plač za čezurno de-

lo. Za sredo 30. novembra je bila sklicana enodnevna generalna stavka vsega organiziranega delavstva v Franciji.

POLJSKA SE JE PRIČELA BATI NEMCIJE

Poljska je te dni obnovila in razširila svojo nenapadno pogodbod z Rusijo, kar je najboljši dokaz, da ne zaupa Nemčiji, kljub temu, da se tako odločno vezala z njo ob priliki češkoslovaško-nemške krize. Nemčija ni dovolila, da boli Poljska in Madžarska skupno mejo načranci češkoslovaške. Med Ukrainci, kateri so okoli 4 milijone v mejah Poljske, naciji že potom radio govorov delajo propagando za "neodvisno Ukrajinu." To se razume tako, da bi Ukrajinci, kateri del je na Poljskem, del na češkoslovaškem, vecji del pa v Rusiji, dobili "svojo" državo, katero bi kontrolirali in izkorisili Nemci. Poljska se tudi boji, da bodo Nemci vsak čas okupirali "svobodno" mesto Danzig (Gdansk) in nato tako zvani poljski koridor, ki daje Poljski dostop do morja. Češkoslovaška je zdaj brez moči, in tudi če bi mogla, ne bi hotela pomagati Poljski, katera jo je tako zahrbitno napadla in oropala po večini češkega ozemlja. Tako zdaj Poljski ne ostaja drugega, kot da se nasloni na Rusijo. To je za Poljsko grenak pelinovec, toda vidi, da ne gre drugače.

Outline of the Membership Campaign for the Year 1939

Third Juvenile Convention

and

Second Athletic Conference

On January 1, 1939 our Union opens a mammoth membership campaign, which will have for its concluding goal the third national juvenile convention and the second national athletic conference. Campaign will close on June 30, 1939.

Both the third national juvenile convention and the second national athletic conference will be held in Ely, Minnesota on August 4, 5 and 6, 1939.

In order to create more activity in the campaign and to stimulate an interest in it, the Union has been divided into 28 sections. A list of these sections will be found elsewhere in this issue.

Each section shall be entitled to at least two delegates to the third juvenile convention and to at least one delegate to the second athletic conference.

Members of the juvenile department from ages 12 and on, and in Minnesota from ages 10 and on, may qualify as candidates for delegates to the juvenile convention, except those members who shall reach their 18th year before August 1, 1939. The two candidates to be elected delegates from each section shall be those who shall enroll the most new members, and each candidate must have a minimum of 20 new enrollments before he or she can qualify for delegate. In the event that a candidate for delegate to the juvenile convention enrolls 40 new members into the juvenile department, he or she is automatically elected delegate, irrespective of the number enrolled by his colleague. Candidates for delegates to the juvenile convention shall receive credits for only those members who are enrolled in the juvenile department.

The number of candidates for delegates to the juvenile convention is unlimited. Any number of children from each lodge or each section may submit their candidacy. Entries for candidates shall not only work as candidates from their own lodge, but shall have the entire section as their field to work in. Hence, they shall have the right to enroll new members not only into their own lodge, but into all lodges which belong to their section. Members accepted into the juvenile department after January 1, 1939 cannot qualify for candidates.

Only members of the adult department between the ages of 16 and 35 years may qualify as candidates for delegates to the second athletic conference. Also unlimited is the number of candidates for delegates to the athletic conference, and any number of members from each lodge or from each section may submit their candidacy. The candidate who, in his own section, writes up the largest amount of insurance in the adult department, but not less than \$5,000.00, will be elected delegate to the second athletic conference. And should a candidate write \$10,000.00 worth of new insurance in the adult department, he is automatically elected delegate, regardless of the amount written up by his opposing candidate. Candidates for delegates to the athletic conference will receive credit for only members enrolled into the adult department. No credit shall be given for members transferred from the juvenile department into the adult department.

Members who wish to enter as candidates for delegates to the juvenile convention and the athletic conference have two months in which to submit their candidacy: From December 1, 1938 to January 31, 1939. Candidates should report their intentions to the lodge secretary who shall report the name of the candidate to the home office.

Delegates to the juvenile convention will be given free transportation to Ely and return, two dollars a day allowance while traveling and free meals and room during their stay in Ely, Minnesota.

Delegates to the athletic conference will receive free transportation to Ely and return, and four dollars a day allowance during travel and during their stay in Ely, Minnesota. They will have to pay for their own food and room.

After March 1, 1939 no candidate may relinquish the newly enrolled members in the juvenile department or the written up insurance in the adult department in favor of another candidate.

The regular cash awards for enrollment of new members, which are published weekly in the Nova Doba, will remain in effect.

As already mentioned, members have from December 1, 1938 to January 31, 1939 to report their candidacy. Therefore, I appeal to all those who are interested in this campaign, and who wish to enjoy a nice summer vacation in Ely, to report their intentions immediately, and to make all necessary arrangements so that on January 1, 1939 they can begin their work. It shall be much easier this year to become a delegate than in previous years. Candidates shall have the entire six months in which to reach their quota; moreover, the field in which they shall work is larger, and they will be in a position to enroll members from other settlements included in their section and thus receive support from such settlements within their section. Therefore, young men and young women, boys and girls, go now, directly, to your lodge secretary and report your candidacy. Map out your plans now where you shall begin, who can help you out in your neighborhood, and who can help you out in another neighborhood. Remember, school vacation is on in full force during August, weather is the hottest at that time—but in Minnesota the air is cooled by the many lakes. Remember that in August each delegate who shall reach his goal from January to June shall be richly rewarded for his efforts.

Fraternal Greetings,

ANTON ZBASNIK,
Supreme Secretary, SSCU.

Office of the Supreme Secretary of SSCU

Supreme Secretary

Ilirska Vila News

Cleveland, O.—Slowly the veil of '38 fades on the fortieth anniversary of the SSCU. Memories will linger with us forever—that anniversary edition of our organ, those enjoyable picnics and dances, that one grand year of recollections and celebrations.

Elections for 1939 officers will take place at the meeting, so come on members let's cooperate and make the attendance 100 per cent. This lodge is yours, not that of a few individuals who are active at all the lodge affairs.

For the dancers: Ray's Blue Barnes orchestra has been engaged to swing those polkas, waltzes and fox trots, so the finale will be the greatest. And mind you the members of Ilirska Vila have arranged matters so that the admission is free. Nothing to pay, come and stay.

Attention all competing bowling teams of Cleveland. You have met our bowling members now come out and see the ability of the entertainers. BRIEFS

Lodge 119

All SSCU members, male and female, juvenile and adult, are urgently requested to read the outline of the membership campaign for the year 1939, as presented by supreme secretary Anton Zbasnik. The campaign, which shall commence January 1, 1939 and terminate on June 30, 1939, concentrates its field on the juvenile members, and on the younger adult members between the ages of 16 and 35, all of whom have a golden opportunity to attend either the third juvenile convention or the second athletic conference. Read NOW Bro. Zbasnik's article outlining the campaign, and then immediately, if possible, submit your entry to your local lodge secretary as a candidate for delegate.

John Kapsch, SSCU member of Ely, Minn., is running for office of mayor of Ely, at the elections to take place on Tuesday, December 6. Bro. Kapsch operates a grocery and meat store in Ely.

Joseph Milkovich, secretary of lodge 114, SSCU of Ely, Minn., has filed his candidacy for the office of alderman, elections to take place on December 6 at Ely. Three aldermen and a mayor will be elected.

Cardinals Lodge, No. 229, SSCU of Struthers, O., will hold a dance on January 14, 1939 in the Croatian Hall on Lowellville Rd. Joe Umeck and his Rhythm Kings will furnish the music for the occasion.

Attend the annual SSCU lodge meetings, held during the month of December. Election of officers for the year 1939 take place at the December assembly. Each member must consider it his duty to the lodge and the organization to be present at the annual meeting.

Junior Slovene School of the Cleveland Slovene National Home on St. Clair Ave., will present its annual pre-Christmas program of entertainment on Sunday, December 18, in the auditorium of the S. N. H.

A few contributing articles necessarily had to be omitted in this week's issue because of shortage of space. These articles will be included in next week's edition.

Lodge 144

Detroit, Mich.—Members of lodge Triglav, No. 144, SSCU are cordially invited to attend the coming monthly meeting, which will be held on Sunday, December 4, starting at 9 a.m. and taking place at the usual quarters. Several important items are scheduled on the calendar of business for this meeting, including the election of a lodge administrative board for the year 1939. Members are therefore requested to attend in full numbers and to elect a board which will serve best the lodge and the Union.

I also want to take this opportunity to remind members to be sure and pay their assessments for the month of December. The lodge will not advance assessments for any members.

Mike Bahor, Sec'y

Lodge 119

Aurora, Ill.—The next meeting of lodge "Sv. Ane", No. 119, SSCU will take place on December 8. Since this is the annual meeting, the lodge will elect officers for the year 1939. Members are requested not to decline nominations for office. There are many capable candidates, and although the pay is small, it does permit some compensation. At the December 1937 meeting it was decided to assess each member ten cents a month, in order to cover lodge expenses. Some members are complaining about this assessment, but these should consider that even with this arrangement of compensation we experience difficulty in obtaining a good board. And who will take over the office and work without pay? Certainly some expenses are permissible, and the officers certainly earn their pay. But if any member is ready to work for "thanks", let her prepare herself for the annual meeting.

I also want to mention something about our contributors who write about their visits to the old country. A couple of years ago Mrs. Kerzisnik of Rock Springs, Wyo. wrote several articles about her trip in Yugoslavia. Recently, Miss Biricic, juvenile member, wrote about her trip on the Mediterranean. And now we read currently about the trip experienced by Miss Vida Kumse.

However, especially interesting and good reading are the articles written by our supreme trustee Janko N. Rogelj, who writes in the Slovene section.

Included among those which interested me particularly is the one about the people from the old country who wish to come to the United States. A couple of years ago Mrs. Kerzisnik of Rock Springs, Wyo. wrote several articles about her trip in Yugoslavia. Recently, Miss Biricic, juvenile member, wrote about her trip on the Mediterranean. And now we read currently about the trip experienced by Miss Vida Kumse.

That invigorating air— you take deep breaths, and it tingles deep in your chest. Makes you feel like yelling at the top of your voice—even when you hear that echo all around the lake.

In this natural winter beauty scene you don't think of anything else but the surroundings, and how swell it is to be alive right in the middle of God's country. All your worries are taken by that brisk breeze, swept away and forgotten.

Hiking about the lake. If you're lucky, and if the hunters haven't scared them all away, you'll see a white-tailed deer in the brush, standing rigidly, watchful, and at the slightest crackling their tails are seen bobbing in lightning swiftness as this beautiful creature of the wilderness is away.

In this wild atmosphere, you may hear the dismal howl of the wolf. Those things were running through Little Stan's mind. While in the cabin helping supper preparations, he looked out the window, saw what looked like a real bloodthirsty wolf. He dashed outside, but it was gone. The tracks were there in the fresh snow.

Someone called, shouting that it was in the front. It looked very ferocious to Little Stan, and it looked like it would run at the slightest hint of trouble. Remembering that old adage— Be Kind to Dumb Animals, — Little Stan called. Slowly, somewhat mistrusting — the so-called wolf came towards him. For a time your reporter was glad that he had a couple of pairs of pants on, but to his genuine surprise he saw that it

GETTING WISE

By Little Stan

Ely, Minn.—It was only a very tame, but adventurous-seeking German police dog, with perhaps a bit of wolf blood in him.

He came right in, and to help make him a welcome guest, the visitor got a nice duck leg. S'Funny, too, because the other members of the party thought it was turkey all the time. Gee Whiz, you could tell by the short legs, couldn't you? — Heh Heh.

Afterwards the dog was so friendly he went out hiking n' everything. Barked when he saw us go, so we had to go all the way back to open the door for him. A man and his dog — Ahh! such is life!

Of course, one has to work off a big dinner before he can make room for a big supper. So the hike did wonders to appetites. Walking along the ice on White Iron lake was fun. You sing — keep rhythm with your feet — just like dancing, only better. You know what else is fun? — Riding horsey-back on the ice. Especially when your feet get cold and nippy. If men-folk were to cook, you'd have to have a laxative and some double-strength sodas for the aftermath. It would help much. But the lady-friends were good cooks. Only item forgotten was the salt. So the mashed potatoes didn't taste so hot. But the rest of the meal was tasty, invigorating.

And after everything was over, and dusk was beginning to settle on the Vertin cottage on the lake front, it was time to leave. Dishes were done, and everybody sank into dismal silence — the end of a perfect day. Into the car, tired, but feeling happy and contented, the little auto routed its way back to town.

Reporting news? — all forgotten, and upon return, the mind was as fresh and clean as a new born babe. That brisk weather takes the cobwebs from the brain, shakes them up, and tosses them far out in the center of the lake. You feel light, and ready to tear the world apart. Where are those Martians? — Heh Heh.

It's great sport. Whenever you find yourselves in a dismal state of mind, shake yourself loose, get away from everything, and after you return, you'll find the situation is clear, your mind again alert.

And just before the big 1939 campaign gets underway which will result in that third juvenile convention and the second athletic conference you want to do that. And when in the middle of the campaign, if you feel disappointed or in such state of mind that you want to give up, break away and enjoy yourself like that — upon your return you will be filled with renewed energy, and new members?? — You'll enroll them just like that — snap your fingers at this point. Heh Heh.

Rules and regulations for that big membership drive are announced in this great issue. Read them over — and dig in. Remember that wonderful session awaiting you at Ely, and don't forget to write and tell us all just what you think of it. Tonight, as this is going to press, the Gophers are on the eve of their Pre-Advent ball. It's going to be good, and Little Stan will be there. (Continued on page 6)

Johnstown, Pa. — Members of "Planinski raj" lodge, No. 172, SSCU are urgently requested to attend in full numbers the coming annual meeting, which will be held Sunday, December 4, commencing promptly at one p.m. At this meeting shall be elected the lodge board for the coming year, and accepted also will be several lodge decisions. Because of the importance attached to the annual meeting, the lodge has decided to impose a fine of 50 cents upon each absentee member, the funds to go into the lodge treasury. Excepted are only members on the sick list and those far removed from the seat of the lodge.

I also want to urge members to be more prompt in the payment of assessments. This refers to only a few members, of course, since many members are prompt. Let each one take care of his obligations and see to it that the assessment is paid by the first of each month at the very latest. Then the secretary will be in a position to forward the funds on time to the supreme treasurer. This applies particularly to members far removed. No assessments can be advanced from the lodge treasury and if a member does not pay his assessment on time, the lodge secretary can do naught else but suspend him. And, remember, a suspension is dangerous for any member.

John Nahtigal, Sec'y.

Waukegan, Ill. — The year is fast coming to an end. Year after year we see this happen, and our youth fading back further. Whereupon we ask ourselves this question: What have we done for our old and decrepit years? Do we see to it that our assessments are paid on time? Let us look at the book of assessments to see if it is in order, so that we will not need a reminder from the secretary.

On this occasion I notify all members of lodge "Sv. Roka", No. 94, SSCU that our annual meeting will be held Sunday, December 11th, at the S. N. Home, commencing at 9 a.m. At this meeting we will have to elect officers for the year 1939. Many other important lodge matters also will have to be disposed at this meeting. Hence, it is essential that all members attend if at all possible. I hope to see present at the meeting at least all those who read the Nova Doba. There are some who never read the by-laws, neither the official organ, and to such this notice too will not reach them.

I also want to mention that I hope to receive the Union's calendars for the year 1939 on time to be distributed at the December 11 meeting.

Anton Stanovnik, Sec'y.

Lodge 84

Trinidad, Colo. — Members of lodge "Sv. Andreja", No. 84, SSCU are requested to make arrangements to pay assessments on time at least for the last month of the year. Some have not been concerning themselves with the payment of lodge assessments. Perhaps they are depending upon the lodge treasury. But it must be remembered that the lodge treasury is not a bank, and that assessments are advanced for only this and that member who really cannot meet his obligation, and to protect him against suspension. Everyone should pay his assessment by the 27th of the month at the latest, so that the secretary would not have to postpone the sending of money on time to the supreme treasurer. Whoever is in arrears, is requested to settle his obligation at the December 11th annual meeting, and thus have his name crossed off the delinquent list which is to be read at the meeting.

We think he enjoyed himself with all the many pictures in the vast newspapers. Especially the one where he celebrated his 14th birthday. And the magician pulled all those rabbits out of the hat. We wonder if he saved any of them for pets. Also the picture where the firemen are taking him home, and he had a very nice fireman's hat.

Of course, we are all sorry that Johnnie had a relapse and had to be returned to the hospital again, and we hope he will be feeling fine and able to return home soon. And that he will write a line in the Nova Doba to tell us all about his experiences in the hospital. How he spent his time laying in bed.

Here's for a speedy recovery.

Yukon, Pa. — Members of lodge "Združeni Slovenci," No. 183, SSCU are asked to please attend the regular meeting on December 4, at the Slovene Home in Yukon. Meeting will begin at 10 a.m. Inasmuch as this assembly is the annual one, election of officers for the year 1939 will constitute part of the proceedings. Central City, Pa. — Members of lodge "Veseli Slovenci", No. 198, SSCU are hereby notified to be sure and attend the next meeting, scheduled for December 11. This meeting is the annual one, and one in which election of officers for the year 1939 shall take place.

Members are further informed that our lodge will hold a dance on February 18, 1939, as decided at the meeting. The dance will be held to celebrate the lodge's tenth anniversary and the Union's fortieth, and will take place in the Polish hall on Main St. Admission will be 25 cents for each individual. All members of our lodge must purchase a 25-cent admission ticket, the money to be paid at the January monthly meeting along with the assessments. All members will be assessed this 25 cents, including the sick members and those far removed from the seat of the lodge. Therefore, it is advisable for members to attend the dance if at all possible, since they must purchase a dance ticket.

Martin Serro of Herminie, Pa. and his orchestra will play at our dance. This means good music for the occasion. All members of the SSCU in the neighboring vicinity, their friends and relatives are cordially invited to attend, as are others from Rockingham, Windber, Krain, Llyodell, Johnstown, etc. We shall strive to return the visit in the future when these outside lodges will hold their dances.

With the Cardinals

Struthers, O. — Cardinals lodge, No. 229, SSCU will hold a dance on January 14, 1939. We are giving you this advanced information so that you can reserve this date for our dance. Joe Umeck and his Rhythm Kings will provide the music. The dance will be held at the Croatian Hall on Lowellville Rd. in Struthers. We assure you a pleasant evening of entertainment on January 14.

All members of Cardinals lodge must come to the next meeting, which is scheduled for December 9th. Meeting will commence at 7:00 p.m. sharp. The members who are working from 3 to 11 on December 9th have plenty of time in which to change, or make arrangements with their fellow workmen. Reason for starting this meeting a little bit early is to accommodate those whose shift begins at 11 and terminates at 7. Thus the proceedings shall have been completed in time for the fellows to start work at 11. The December meeting is a very important assembly. Election of officers for 1939 will take place.

Also an award will be given away to a member present at the meeting. A little party will follow adjournment, and included in the party will be the serving of a little joy water, etc. Be sure to keep December 9th open and make sure also to be present at the meeting, which will be held at the home of Bro. John Pogacnik located at 32 Grace St., Struthers, O.

Stan will tell you all about it next week. Those Gophers, such livewires, and you can look for them to be right in the middle of everything by the time the membership drive opens.

Doc Zgome, Bro. Louis to you, a member of Lodge No. 1 did quite a thing at Ely's Bowling Center last week. Bowling for the Venice Buffet outfit, Bro. Doc got a 256, 225, and a 211 for a total of 692 pins. That's some bowling, and all after he heard news that an old girl friend of his was about to be married. Little Stan is going to take a picture of him, and send it to the papers. Such bowling is news. Doc says he's going to go to Cleveland in the SSCU National tournament next April — so watch your practices, my fine Cleveland friends! Heh Heh...

Thanks for the comp in last week's issue, Stan Progar. Your sport flashbacks have been pretty good all along, didn't feel like arguing against the Pitt Panther this year. His claws are too sharp. And juvenile friends, it's true. Little Stan takes much pleasure in writing, and you would too, after you see your material in print. Not trying or even attempting to pretend ego, but sincerely, the pleasure in writing is in seeing it in print. So let's all get-together. The first few times are the hardest because you probably can't think of what to write about.

Get your imagination going — find a Magic Carpet or something, drag it away through imagination, send it in to the editor. You'll have fun, and if you do get kidded by your friends, laugh it off, and dish out another morsel for the next week. Because if they kid you, you know that they read it; and if they read it and kid you about it, you'll know that they liked it. You'd be surprised to hear all the kidding, six-foot-three, 200-pound Little Stan takes for his name. But it's great fun, and you'll love it.

Sit right down and write that article today. Don't forget to read this issue of the Nova Doba through carefully, and tell the SSCU world what you think of the membership contest, the third juvenile convention and the second athletic Conference. Would you like to be here next summer? — tell us, and you can even drop Little Stan a line — he'll tell you more about the whole thing personally.

Times a-wastin' — it's getting along towards Christmas, and looks like Little Stan will have to write that letter to Santa Claus pretty soon — watch for it!!!! —

First, let's take the case of Henry Lelis. In the year of 1933, he swivel-hopped, snake-running halfback tore all opposition shreds as he led his mates to a second consecutive season of being unbeaten. Since his departure from school, Henry continued his unmerciful prosecution of all opponents' lines by stepping high, wide and handsome. He will not and cannot be stopped and despite the additional poundage he now carries, Henry has not lost any of his brilliance that made him the talk of the Allegheny Valley during his high school days.

The same applies to the second wonder of Springdale, Paul Sturga. In his school days, Paul was a pile-driving, devastating fullback that smashed through any line regardless of size or ability. On the defense, Paul T. C. U. romped and played with the ball as if it were a stone wall. His smashing tackles the in and so, Oklahoma retains its undefeated status and takes the gridiron. And as in the case Big Six title.

Tennessee remained idle to stay in the unmarked class. Notre Dame was pushed hard to stay the surging Wildcats of Northwestern, keeping her slate clean by a slight margin of two points. Duke scored late in the Pitt-Duke battle, the far away voice warns me of a clean Pitt victory. The game will be still boasts of an undefeated, close but the Dukes start the game under a terrific handicap. They are fortunate enough to win, they will be pushed to the utmost to turn the trick. The battle can turn either way and one break may mean the difference at the final whistle. T. C. U., number one picked to meet probable defeat.

Despite the hesitant attitude by many in picking the winner in the Pitt-Duke battle, the far away voice warns me of a clean Pitt victory. The game will be still boasts of an undefeated, close but the Dukes start the game under a terrific handicap.

RADIVOJ REHAR:

SEMISIRIS

ROMAN

"Ne," si je dejala v mislih, "ne smem tako poceni žrtvovati svojega življenja, preveč velike so še moje naloge. Za maščevanje mi je potrebno življenje; mrtvi se ne morejo maščevati. Iskala bom in našla; nekoč dosežem cilj."

Brez besede se je obrnila, se vrnila po hodniku na stopnice in po njih v pritličje. Pred svojimi sobanami je obstala in premišljevala. Nenadoma se ji je porodila nova misel in jo vso prevzela. Prav za prav sta bili dve misli, dve docela različni, pa vendar namenjeni istemu namenu. Odšla je do v podzemeljski hodnik pod Goro prihoda vodečih vrat.

"Milost, gospodarica!" jo je pozdravil zapovednik straže. "Kam hočeš v tej nenavadni uri sredi noči?"

"Pod Goro prihoda je vedno noč, tudi podnevi," je odgovorila. "Ne veš gospodarica, da v tem času ne smemo brez dovoljenja velikega ali vsaj Amarazisa nikomur odpreti teh vrat?"

"Vem, toda to me nič ne briga. Moram v svetišče na Gori prihoda prav sredni noči. Ne izprašuj zakaj in molč!"

"In če izvejo...?"

"Ne bodo."

"Ne upam si...?"

"Kolikokrat si ustregel želji velike Neftete?"

"Sedaj se bojim."

"Videl nisi ničesar; nihče od vas ni videl. Vrjem se pred zoro. Pričgi mi plamenico! Plačilo prejmeš, bogato plačilo," mu je zašepetala na uho.

"Spremim te."

"Ni treba."

Zapovednik straže je prižgal plamenico, ji jo izročil in odprl vrata. Ko je izginila v hodniku, jih je zopet zaprl. Nefteta je še slišala rožljanje zapahov, potem jo je objel molk temnega podzemlja.

Plamen goreče baklje je risal sence na stene obokanega in obloženega hodnika. Njena luč je zamirala v daljavi kakor svetloba skrivnostne vešče, kakor svit prikazni, ki ni iz kraljestva živih. Nefteta pa ni videla ničesar, ne svita ne senc. Bila je vsa ena sama posebljena misel, tista velika misel, ki jo je napolnila vso, ji segla do poslednje žilice, do poslednje celice. Zanjo je umrl čas, izginila je daljava. Hitela je dalje kakor mesečnik, ki ničesar ne vidi in ničesar ne ve in hodi samogibno, ker mora hoditi.

Princesa Evalasta je zaman slonela na oknu svoje spalnice in se ozirala kvišku, proti terasi četrtega nadstropja. Skrivnostne neznanke, ki ji je obljuhila rešitev, ni bilo...

XII.

Princ Aftagad se je po oprostitvi Savadagaka in Buramaka napotil v knjižnico šole modrevec, nameščene v posebni palači skoraj tik vzdobja Gora prihoda. V velikih dvoranah se bili nakičeni papirusi s kronikami preteklih časov, opisi pokrajin in ljudstev in obrazložitvami znanosti od verstva do astronomije. V njej so sedeli na blazinah učitelji in njihovi učenci, prebirali papiruse s hieroglifi, razlagali in se učili. Med učenci so bili sinovi dvorjanov in visokih faraonovih upraviteljev pokrajin, kakor tudi podložnih vladarjev, ki so jih očetje poslali v Semisiris, v srce

Aftagad se je priključil skupini velikega modreca Amurabisa in sedel poleg svojega prijatelja Asarhadana. Toda njegove misli so bile preveč raztresene, da bi bil mogel do dna razumeti globino besed velikega filozofa, ki je govoril z mirmi, a samozavestnim glasom:

"Ni sonce veliki Rā, ampak Rā je sonce, ki razsvetljuje naše naše duše in ogreva naša srca; in mi nismo celota, zaokrožena v sebi in samo sebi namenjena, ampak smo le del Njega, ki je celota, vesolje, vse kar je bilo, kar je in kar bo. Iz te celote smo se odtrgali z rojstvom, v to celoto se bomo vrnili s smrtno. Rojstvo in smrt sta samo dve preobrazitvi večno obstoječega. Kar je bilo, je in bo, kar ni bilo, ni in ne bo. Iz nič ne nastane nič, ker tudi tisti nič, ki ga ne moremo dojeti, je še vedno nekaj, če je nekaj, in je nič le, če je zares nič. Toda popolni nič je našemu duhu nedojemljiv in ga ne moremo nikoli doumeti. Mi torej nismo prišli iz nič, marveč iz Njega, ki je. Njegovo kraljestvo pa ni samo svet, na katerem živimo; Njegovo kraljestvo je vse, kar je, je vegoljstvo, ki nima meja. Naš svet je le brat med brati svetovi. Neskončno je število svetov, ki se iz nevidnega oblikujejo v vidno in iz vidnega spet v nevidno. Tudi naš svet se je nekoč v rojstvu preobrazil iz nevidnega v vidno, kakor se bo v smerti spet spremeni iz vidnega v nevidno; vendar ne v nič, marveč v nekaj, česar le mi dojeti ne bi mogli. Zato je med vsemi zakoni najvišji zakon nestalnosti, vsega izprenembja, večno preoblikovanje iz oblike v obliko. Ta izprenembja je nad smrtno, je večnost sama. Zato je Rā večen in je večen vsak delec njegov, delec celote, ki je Rā..."

Učenci so poslušali Amurabisove besede kakor skrivnostno razodjetje, le Aftagad je bil še vedno raztresen. Napisel se je tako globoko zamislil, da modreveci besed sploh ni več slišal. Sele nekje sredi predavanja je zopet dojel misel Amurabis:

"Človeško življenje je največja skrivenost, kakor je obstoječi Njega, ki je celota. To življenje je določil On in ga ne moremo spremeniti. Vse, kar moremo, je oviranje človeka v udejstvovanju, ki mu je deno kot delo celote, ali pa uničevanje njegove oblike v drobci, kar pomeni: vrnitev v celoto. Vse sile, ki so v njem, so večne. Vse utesnjevanje je zato le delo družbe zaradi usmeritve v teč enotnosti, kateri se moremo več ali manj približati, je pa nikoli ne moremo popolnoma doseči. Po zakonu prabitnosti, ki je zakon Njega, obsojevalec nima več pravice kakor obsojenec, ker bi, če spremenimo mišljeno družbo, bil obsojenec lahko prav tako obsojevalec in obsojevalec obsojenec. Zato človeški zakoni niso zaradi Njega in ne od Njega, marveč so spremenljivi, kakor je vse, kar ni od Njega in zaradi Njega, in so ti zakoni tudi le tečno časa zakoni, dokler ima oni, ki jih je določil, moč bedeti nad njih izpolnjevanjem. Čim ta moč preneha, preneha zakon biti zakon in ga sploh ni več..."

"Modri in najmodrejši," se je oglasil Asarhadan, "če bi tisti, ki je postavo določil, izgubil moč uveljavljanja te postave, ali bi je torej ne bilo več treba izpolnjevati?"

"Ker bi tedaj nehalo biti postava," je odgovoril Amurabis. (Dalje prihodnj.)

Janko N. Rogelj:
Kako je v Sloveniji?

V zadnjih petih mesecih, odkar sem se vrnil iz Slovenije, sem skušal v posameznih slikah in popisih pojasniti in predstaviti sedanje stanje v Sloveniji. Kdor je čital pazno, kdor

J. N. Rogelj je razumeval napisano pripovedovanje med vrtstami, in kdor je čutil s človeškim srcem, komaj čital dvajset let od trenutka, ko smo z drugimi narodi Evrope učenje gotovi pogubi ter prvikrat v svoji zgodovini poskusili svobodno zadihati. Poglavitno, najgrenkeje vprašanje: Kako naj si majhen narod, kakšen smo Slovenci, zagotoviti obstanek sredi blaznega meteža imperialističnih interesov, ki v hrajo po tornado ravno čez našo zemljo ter so pripravljeni zmliniti v prah vse, kar jih količka cvira na njihovem pohodu . . .

V prejšnjih besedah je povedana bolestna izpoved pisatelja, ki vidi, kaj prihaja od severa, ki sluti, kaj čaka na zapadu Slovenije. Videl je robstvo svobodne Češke, plaho pričakuje besed, ki bodo zapovedane o Sloveniji. Zato nadaljuje svoje pripovedovanje ter opravičuje svoj narod, da je zadovoljen na svoji zemlji, ko pravi: "Dospel smo do skrajnega roba, kjer loči večna mitska reka bivanje od nevbianja. In kje naj začutimo vse zavem, če ne v tem mrkem kraju zadnje ločitve: naj je ta naša zemlja še tako majhna in ubožna, vendar je in bo do konca naša rodna mati, edina in nenačeljiva; naj so ta naša polja še tako trnjeva in skopa, naj so te naša gore še tako ponižne in skalovite—edino na njih nam je dano sprejemati svoj delež zraka in sonca; naj bo to naše življenje še tako zamočvirjeno, utesnjeno in siromašno—za nas pomeni največje bogastvo, najdražjo dragocenost, za nas je natanko tako veliko in pomemno, kakor je srečnejšim naredom ves bahavi blesk njihove številne, gmotne, kulturne in politične veličine."

Po mojem povratku v Ameriko so delili čehoslovaki—štirje možje v Monakovem. Znamenja na nebuh so pokazala, da so sedi Slovenije nimajo dobrih imenov do Slovanov. S pridobitvijo Češke jim je v napotje naša zemlja, radi bi jo imeli; služila bi jim kot most na Jadran. Vsa Berlin danes govorji. Kakor je bila razvojena naša miselna ali politična Slovenija ob mojem obisku pred petimi meseci, tako menda danes prihaja do skupnega zaključka, da je napočil drugi važnejši dan za vse Slovence, ko bo potreba zopet skupnosti in skupnega nastopa, ako bo sploh še kaj pomagalo.

Novembarska številka "Ljubljanskog Zvona" je prinesla besede, ki naglašajo resno in skorobno prihajajoče zlo, ki zna uničiti tisto Slovenijo, ki nima zagovora pred gospodarji Evrope. Če ga ni imela Čehoslovaška, kakor naj ga ima mala Slovenija. Vesel sem, da so se zavedli svoje prihajajoče usode, da jih ne bo dobila nepravljene sredni domaćinskih strankarskih bojev. Pisatelj Ivo Brnčič piše v reviji takole: "Na vseh mejah Evrope preži ob tisočih topovskih žreljih nekaj milijonov obroženih ljudi; po vseh deželah živi, ljubi, uživa življenje in se prihrani zanj še večja množica ljudi, zdravih mož—Hadji posvečeni senci, ki naj s svojimi zmačenimi, pokvečenimi, oskrunjennimi telesi napolnijo lazarete, bolnišnice, blaznice in pokopališča."

Dov du je povedano stanje cele Evrope. Pisatelj se obrne ter gleda na Slovenijo. Čitajte, kako izpoveduje svojo težko bolest,

"Komaj pred nekaj meseci sem se s tesnobnim občutkom, da no-

trudil dopovedati mlademu, obnihilu, potem je res mogče, da

Navzlie vsej svoji naklonjenosti do Slovencev ni mogel mladi znanstvenik dodobra doumeti krvave tragike in ironije, ki jo za nas vsebuje dejstvo, da plahuta ledena senca smrti znova nad kontinentom komaj pičljiv dvajset let od trenutka, ko smo z drugimi narodi Evrope učenje gotovi pogubi ter

Cehom od izdajstva in zapsuščenosti ni ostalo drugega kot veliko upanje, da narod sv. Vlavala, Jana Husa in Tomaža Mašaryka ne bo suženski narod, ostalo jim je upanje, da so bili čehi pred Avstrijo in da so ostali po smrti Avstrije, upajo in verujejo, da je Bismarck imel prav, ko je dejal: "Češka, ta od Boga v središču Evrope postavljeni trdnjava, bodi pred vsem velik pijanc. Kako upanje bo ostalo našim Slovencem, ako jih zadene usodenosti ne bodo podprtne spremembami goril in dovoljajočim

Napisel je pozabnila proti Daruvaru. Katica in Mariča sta se po daljšem časnu
