# Rep. Kenny Yuko Inducted Into M.S. Hall of Fame

The National Multiple Sclerosis Society on Thursday, Oct. 25 inducted State Representative Kenny Yuko (D-Richmond Hts. Ohio) into its Hall of Fame in recognition of his efforts to raise awareness about the disease. A multiple sclerosis (M.S.) patient himself, Rep. Yuko was honored by the M.S. community as a powerful advocate and role model in support of its cause.

During the 126th General Assembly, Rep. Yuko successfully championed a bill that designated March as "Multiple Sclerosis Awareness Month."

He also introduced a stem cell research bill, which did not pass but was lauded by the M.S. Society as an important and necessary piece of legislation that might one day help scientists find a cure for the disease.

In addition to his legislative work for the cause, Rep. Yuko participates in the M.S. walk every year and organized a team of walkers in 2006 to help raise money.

"I'll do anything I possibly can to raise awareness about M.S.," Rep. Yuko said. "I want folks to understand the importance of investing in stem cell research and other experimental treatments. A lot of people with M.S., all they have is hope. Doctors and scientists need absolute access to technology and equipment so they can eradicate this devastating disease and give M.S. patients something to be hopeful about."

Rep. Yuko was honored at the Multiple Sclerosis Society's National Conference in Dallas, Texas.

This Thanksgiving Day, as we celebrate our blessings, consume tantalizing food and enjoy our family, remember all our fellow Americans, those far away from loved ones and home, who comprise our unselfish military. May God protect them and let them be instrumental in our quest for peace in our world, and end terrorism. Bring them home safely and please dear God, bless them and may God Bless America.

very happy Thanksgiving to all. See you at the Polka Party at the Downtown Marriott.

Date; Oct. 28. Place: St. Martin de Porres High School. Occasion: St. Vitus Inductees into the Alumni Hall of Fame. Honorees: Richard Zele, Don and Nancy Slapnik, Michael Stinziano. Mass at noon at St. Vitus Church, celebrant Bishop A. Edward Pevec. Concelebrants: Fr. Jos. Boznar, Fr. Victor Cim-

The lights were up in the auditorium (curtains, so to speak). Going up, the audience is hushed, and the honorees are introduced by MC Tony Petkovsek at the podium. Pres. Dan Reiger on deck to induct the honorees. The pledge of allegiance is said by the audience.

LET THE FESTIVITIES BEGIN: Dinner was served by the capable crew of Julie Zalar. Three individual cakes were displayed for each honoree, made by Anne Tomsick. At my table... "a treat"... apple sauce... from anonymous. Thank you. All my dinner friends enjoyed the treat.

Who was that lady with the beautiful "up do" and the glamorous clasp to adorn her coif? None other than Lillian Sterk Thomas. Relative of our own Rudy Sterk. Met more delightful people. Hello from Arthur and Daniella Schultz, Caroline Brush husband with "Whitey," friend of Rose Brady, the button box musician. Haven't seen you in a while, Rose. Stay in touch. Helen Gobec Melgun stopped by to say hi to the group and to me. Long time friend Jerry Balich sends his hellos. They enjoyed the meal and the program.

I have to congratulate Bill Klein on his artistic workmanship in his workshop. Making "prucha" (footstools) is quite a feat. When I was a toddler, we Slovenians had to have them in our houses. Bill, I'd like to see your prize accomplishment. What a nice hobby. My best wishes to your wife, Jo. Keep up the good work.

Rosemary Marn and Mimi Stibil won recognition from Zarja singing group for many years of service. Rosemary's solo was quite a hit. Congratulations to both.

Hope to see all at the Marriott on Thanksgiving Day. Many friends getting together to dance and enjoy the music by all the great musicians. Also hope to see you at the Euclid High School Auditorium that on Saturday, Nov. 24 for the awards pro-

Belated Happy Birthday wishes to Judge Ron Suster from your many friends and yours truly, and wife, Pat, and children. Živio.

Just heard that Angie Shine, a lady about town and very active with Slovenian culture, will be honored as "Woman of the Year" in March of 2008 for the Slovenian National Home on St. Clair Avenue. Couldn't happen to a nicer gal. Cestitke.

Get well wishes to Ann Orlikowski who is a resident of Grande Pointe. We, the members of the American Slovene Club, wish her well and will keep her in our prayers.

Did you catch the interview of Tony Petkovsek's program with Rich Zele, honoree at the St. Vitus Alumni on Oct. 28? He talked about his past relatives of the Zele Funeral Home. Rich is very Slovenian culture oriented. He contributes to all the Slovenian groups and lodges. I am sorry that I missed the interview of Don and Nancy Slapnik and Michael Stinziano. I'm sure Don and Nancy had a lot of stories to tell. They've been in business on St. Clair Avenue for quite a long time. They and their florist shop have been a fixture on St. Clair for many moons. As to Michael Stinziano, I don't know him, but I was introduced to him at the affair by his mom. He has quite a background. Congratulations to all.

Why doesn't Wojtila Bakery make flancete? All their pastry is first rate. I especially like the little potica rolls.

My lodge, St. Ann's #4 AMLA will host at our Christmas party six 50-year members. Honored will be Mariann Bontempo, James Steven Novak, Krauss, Carole O'Connor, Diane Turk, Charles Wohlegemuth. See you at the Christmas party on Dec. 5th. Anxious to meet you.

Get well wishes to Joe Stradiot, well known musician, who was confined to the hospital for a time, but is now convalescing at home. Best wishes for a speedy recovery from all your friends and fans.

Condolences to the family of Jerry Fears, owner of Erie Tavern. Arrangements by Zele Funeral Home.

Sympathies to the family of Steffie Smolic, well known caterer in the area. She will be missed by all. Blessings.

50th wedding anniversary to Lefty and Marie Belle. Congratulations from friends and family, especially from folks on St. Clair Avenue, mainly Don and Nancy Slapnik, Bob and Shelli March, and Dan Reiger. Health and Happiness ahead.

# Slovenians Among First to Track Sputnik

(Continued from last issue) by BOB LESKOVEC

(Conclusion)

In the 1960s, while I was still at WCLV, another one of our St. Joe's Radio Club buddies (and later JCU stu-Alexander Ted (K8VPL) was starting out as the Chief Engineer WELW, and later served in similar capacities at many eventually WDOK and WRMR, for example, completely rebuilding the 850-AM plant with a 50-k-W building, transmitter, and antenna system in 1999.

Many people who know of Ted as a well-known Cleveland on-air radio and TV voice-over talent (currently heard on TV-19/43) have no idea he is an accomplished broadcast engineer professional as well, and one of the very few people left in the country who is totally adept at troubleshooting complex multi-tower AM radio broadcast antenna systems. He still takes care of the "polka station" WELW-1330 AM for Tony Petkovsek and Ray Somich. Everybody knows his voice as the guy who has done all those Arslanian Brothers carpet cleaning commercials for so many years.

Bob Kozar (K8NXF) also got his M.S. in Physics (married Adele Gornik) and moved on to a long career with NASA becoming a Senior Project Director at Plum Brook. In 2003 he was appointed Executive Liaison to NASA's Glenn Research Center. Now retired from NASA, he is Interim Director of Research Development for the College of Engineering at the University of Toledo.

Tony Bacevice (WA8FYW) got a BSEE and then a Master's in Biomedical Engineering from CWRU, and then worked his way through medical school while a power engineer for CEI. He is now an OB-GYN and currently produces a medical radio show back on WCLV.

Some of the St. Joseph High School (Cleveland) Sputnik Trackers, clockwise, starting with Fred Imm K8EVB with the earphones, Joe Marsey K8EGZ, Bob Leskovec K8DTS, Dan Lombardo K8GKB, Rich Robbins W8VNE, Bernie Kulwin, K8BFF, Dave Mazi K8DUD, and Dennis Skala K8GCB in front. Fall of 1958.

Joe Marsey had a very successful career working as an engineer for GTE and a succession of telephone companies and retired early. Dave Mazi went into the Navy, later got an MSEE State, Cleveland worked on many advanced military weapons projects, and retired from Raytheon. Fred Imm also went into the Navy and later had a lifelong career in electronics and nucleonics with the local steel companies.

These are only a few examples of the successful and interesting careers that we were able to get into. Out of all this, I realized I could not think of any member that went into "rocket science" simply because of the Sputnik experience, but perhaps in spite of it. Sputnik was just a passing fancy to us. Clearly it was the overall St. Joe's High School Radio Club environment that gave us a can-do attitude and made us interested in so many things, and taught us anything was possible. I think many of the kids today need something like that as

In 1997, for the 35<sup>th</sup> anniversary of WCLV, Bob Conrad graciously sponsored a big reunion "picnic meeting" that I organized for the Society of Broadcast Engineers, and I invited all the old engi-

neers who had worked there, including Jim Arcaro, SJ'69. That was when I finally got to actually meet Joe Zelle in person for the first time. Later, we drove to Kane, Pennsylvania to visit WLMI, owned by Chuck Crouse, a radio announcer we had known from WERE. Chuck came over to WCLV to fill in the next two years for Tony Bianchi who had received his army "draft" papers literally just a few days before he was supposed to start work at WCLV.

During our drive, I finally learned all about Joe's most interesting adventures in broadcasting, all the people we knew in common in the Slovenian community, including my mother, Agnes, and all the trouble he had in trying to pursue his college degrees, moving around first in military and later working in different cities. Joe had also attended John Carroll and was apparently there many of the times when I was there, but our paths never crossed.

After that we kept in touch mostly by e-mail or ham radio. With the 50th anniversary of Sputnik, I visited Joe this past Labor Day, so we could compare story details about Sputnik. He is doing quite well for being 95years-old, but unfortunately his vision and hearing are quite poor now. He can't read your letters, or hear you on the phone, but he would appreciate visitors at his home in Euclid, where he has a live-in foreignexchange student at Cleveland State University to keep an eye on him.

After all these years, none of us can find any remnant of the original Sputnik recordings, and a search of the internet indicates few others in the world can as well. So, we are hoping some old radio club member had the presence of mind to take them home and save them.

We are looking for all our old members of the St. Joe's High Radio Club which lasted from 1951 to 1975, and not just the ones from the Sputnik adventure, and hope to have a big reunion in 2008. Leon Bibb was kind enough to have Ed and me on his WEWS-TV-5 Kaleidoscope program on Sept. 30th to help us get the word out.

In spite of all the Cleveland Indians hoopla and tight demands on the news breaking loose on Oct. 4<sup>th</sup>, Dick Russ at WKYC TV-3 made it a point to include us and Joe Zelle in a special segment about the Anniversary of Sputnik he produced for the 6 and 7 p.m. news that day. Currently, that story is still available on their website, and can be viewed via a link from our website at SJHRC.ORG. Our old members can also find our website through the Villa Angela St. Joseph High School website at VASJ.COM by following the "alumni" link to the St. Joe's Radio Club. Currently, the web site continues to feature the Sputnik adventure, but we have a lot of material about other projects and adventures that we will continue to add.

(Bob Leskovec can be reached at <u>ral@ralserve.net</u> (216) 692-3068.)

NOTE: Zelle, Leskovec, Kozar, Gornik, Marsey, Mazi, Sustarsic, and Zanoskar mentioned in this story are Slovenians. Bob, (who enjoys finding out how local Slovenians are all "related" to each other), is the brother of John Leskovec, a board member and treasurer of the Slovenian Genealogy Soci-

# Drug-free, inexpensive turkeys can be grown

It Can Be Done

Here we report on the production of 42 consecutive flocks of turkey hens on an Ontario farm in Canada, which perhaps can be used as evidence to show that such production can indeed be achieved.

A total of 469,317 hens were raised on drug-free commercial diets over a period of 3.5 years with little increase in the cost of production. No anticoccidials or antibiotics were used in foods or water over this production period. For coccidiosis control, a turkey coccidiosis vaccine was used.

All hens were supplied according to availability by local or U.S. hatcheries over the 3.5 year period. They were not beak trimmed but were declawed and were vaccinated against coccidiosis on day one. All hens were raised to 11 weeks of age and usually shipped in two lots, one day apart.

Ontario data available on over three million hens raised for about the same average age (77 days), the liveability was averaged 96.11 percent over these 3.5 years with a feed conversion of 2.10 and hens weighing on average 4.93 kg.

Ontario data available on over three million hens raised for about the same average age (77 days), the liveability was slightly lower, but the average weight was higher.

When the cost of performance were compared between these two values, the drug-free hens cost only averaged 5.5 cents per hen, or roughly 1 cent per kg. raised. Due to such a negligible extra cost, there was no need for a premium price on these drug-free turkeys.

During the 3.5 years in the drug-free farm, no significant health problems that required veterinary treat-

#### Go For Grape

Men with elevated blood pressure drank 12 ounces of Concord grape juice a day in one recent study. Within 12 weeks, their top numbers fell by 5.7 points, their bottom numbers by 5.8. That's a significant drop.

A five point reduction in top numbers alone translates into a 9 percent drop in heart disease risk. (Grape juice is high in potassium and plant compounds called flavonoids, both of which are linked to lower blood pressure.)

Certain flaws are necessary for the whole. It would seem strange if old friends lacked certain quirks. –Ray Mlakar

The Gaye Shoppe

After being honorably discharged from the Air Force after World War II, Vi's husband, Laddie, tried his hand at several occupations ending up selling at a model shop on the east side of Cleveland. During the Great Depression model building was something people could do as a hobby with minimal expense and model building became popularly widespread throughout the country. Laddie felt it would be a good business opportunity to set up a model shop (store) on the west side of Cleveland. He and Vi had little money or equity and were unable to borrow to start this venture so they turned to Louie and Rose for help.

So, not knowing anything about model building, in 1948, being dedicated parents, Louie and Rose mortgaged their house and borrowed \$3,000 for Laddie to start the business. That turned out to be a big mistake because the location for the store that Laddie found, at Lorain Avenue and W. 30th Street, was not far from Cleveland Model & Supply, the largest model company in the city of Cleveland, located at Lorain Avenue, around the W. 50th area.

Louie didn't have any formal education and couldn't help in the operation of the new store called "The Gaye Shoppe," but his abilities were put to use remodeling the empty storefront and turning it into a very pleasant retail store. Unfortunately, after opening up for business there were few customers and most of them were more interested in seeing what the new place had to offer than becoming regular customers. Several customers asked why we had set up a model store so close to Cleveland Model & Supply. Even they knew the hazards of that move.

After about a year-and-a-half of limited sales it became apparent that bank-ruptcy was inevitable since there was hardly enough income to pay for the rent and utilities. The decision was made to add food merchandising to increase sales. So Louie and Rose went back to the bank, got a second mortgage of \$1,400 on their house, and gave it to Laddie. That didn't work out, either.

Eventually, Laddie got a job delivering bread to earn enough money for his family to live on. Rose worked in the store five days a week and Laddie worked evenings and weekends with Lou's help. No one took home a salary but other extenuating circumstances kept creeping in until sometime in 1950 liquidation became the cho-

sen alternative. Under the circumstances Louie and Rose got hardly any of their money back.

#### Blockbusting

With the housing shortage that came after World War II the real estate business was booming and certain brokers came upon a concept called blockbusting. The idea was to make it possible for blacks to own their own home. The brokers would go into a white neighborhood and buy their houses, then resell them to blacks under land contract at a higher price. The land contract was set up to eliminate down payments but if the buyer missed one payment, the mortgage holder could re-claim the house with no strings attached.

Many whites would not sell their house to a black in those days, but selling it to a white broker eliminated that, even if they knew it would be sold to a black person. The black people often couldn't afford the payments on the house they bought so they would combine buyers which spread the cost among them.

The process started out slowly but once the brokers got a few houses transferred that way, they then used it as leverage against the remaining whites in a neighborhood. They would intimidate them by saying there would be blacks living next door to them soon and then make them an offer that was less than they could have previously gotten, telling them they should sell immediately because real estate values were in a decline with blacks moving into the neighborhood.

Two fellows came to our house a few times with the blockbusting proposition. They both wore hats and never took them off in the house. And they were affable, smooth talkers with salesman ability, although one of them did most of the talking. They made a point of the fact that there would be no real estate commission in the transaction which made the deal more attractive. Louie and Rose finally gave in and sold their mortgaged house for \$9,500 to the brokers. A year before, they could have gotten at least \$10,000, but that was what blockbusting did.

There are only two things a child will share willingly – communicable disease and his mother's age.

--Benjamin Spock

The gain in self-confidence of having accomplished a tiresome labor is immense.

-- Joe Hocevar

Louie and Rose were faced with the problem of finding a new home. This was complicated by two things. Since the house they were selling had a large mortgage they didn't have enough equity in it to purchase a new house or even make a sufficient down payment for what they needed. The second complication was that Vi and Laddie and their growing family lived in the upstairs apartment of Louie and Rose's house and they had no money at all. The problem became one of finding a different house in a good neighborhood large enough for both families to live in, with limited capital to work

# Farewell to Ptl. George Brentar

On Wednesday, Oct. 10, 2007 Patrolman George M. Brentar, badge #93, a 22-year veteran of the Euclid Police Department assigned to the Traffic Unit, lost his life while in the performance of his duties.

Ptl. Brentar was attempting to catch up to a speeder on North Lakeland Boulevard when his car (#32) hydroplaned on the rain slick roadway, spun around and hit a pole. The patrol car burst into flames and fellow police officers and firefighters from three different departments could do nothing as the flames were too intense to get close to help.

Ptl. Brentar is the first police officer to die in the line of duty in the history of the Euclid Police Department.

News of Ptl. Brentar's death hit all members of the Euclid Police Department like a ton of bricks. From the dispatchers, secretaries, corrections officers, records personnel, volunteers and auxiliary police officers, we all grieved in our own way and we also recall the fond memories of his time with his police family.

The funeral was held on Monday, Oct. 15 at St. Bede Venerable Catholic Church in Mentor with several priests and deacons in attendance. The church was filled to capacity with Ptl. Brentar's family, friends and his police family gathered to say goodbye at the funeral Mass. As the hearse pulled up to the church, there were over 1,000 police officers lined up at attention in the parking lot to pay their respects to Ptl. Brentar.

There was a feeling of grief and sadness throughout the funeral Mass. Chief James Repicky delivered a very moving eulogy in tribute to Ptl. Brentar's life.

In his remarks, Chief Repicky touched on Ptl. Brentar's great love for his family and his job. At the conclusion of Chief Repicky's remarks and as a farewell tribute to a great police officer, Chief Repicky said these words:

"Patrol Officer George M. Brentar

Badge #93 Car #32 10-42"

(Code 10-42 in police terminology means: END OF WATCH or END OF TOUR.)

At the conclusion of the funeral Mass, the thousand or so police officers went ahead of the funeral procession to All Souls Cemetery to prepare a final police salute to Ptl. Brentar. As I was riding in the funeral procession with my fellow correc-

tions officers, I had an opportunity to reflect on my memories of working with Ptl. Brentar. George was always a consummate professional. He always helped me out in my capacity as a commander/shift supervisor at The Euclid City Jail. When he brought in a prisoner, he stayed with us at the jail until we were all safe and the prisoner was secured so that my corrections officers could do their job. He was always ready to help out when asked and even if you didn't ask, he was there anyway. When he saw that I was stressed out and tired in my dealings with inmates, George always used to say, "Vic, slow down; don't let them get to you; it's not worth it. It will all be okay." And that was one of the themes of Chief Repicky's remarks in his eulogy at the funeral Mass. It George's favorite words, "Slow down," "take the time to spend with your family; take a vacation; fill your days with what life has to offer."

In my personal life, I have always believed and tried to take the time to spend with family, friends. Greet one another in a courteous way, say good morning, thank you, goodbye, help one another in times of need. Shake hands with one another, lead by example – you will always be rewarded in the end.

And as Chief Repicky stated, "You never know when life's journey will come to an end."

The entire day and in fact the entire week was filled with such a wide range of emotions, from sadness and grief on the loss of a member of the police family, all the way to pride and friendship to be a member of the Euclid Police family. Words cannot accurately describe what I witnessed that day.

At the front entrance to All Souls Cemetery were two Hook-n-Ladder fire trucks with their ladders extended and in the center was a large U.S. flag hanging in the air between the two ladders, a greeting to Ptl. Brentar's hearse as it entered the cemetery. At the gravesite, Ptl. Brentar was given a final farewell by his brothers in blue, a salute in unison, a 21gun salute by the Euclid Police Rifle Squad, and at the conclusion all civilian and sworn members of the Euclid Police Department had an opportunity to file past his casket with a rose or simply to touch the casket to say goodbye one final time.

Ptl. Brentar, you will be missed by us all.

May you rest in peace, George.

Naj počivaj v Miru.

Reflections on George M. Brentar Delivered by Chief James Repicky at Funeral Mass, Monday, Oct. 15, 2007

On Thursday, Oct 11, I was asked by Linda, George's wife, to say a few words on George's behalf. At this time I am honored to do so.

Our hearts are broken today. We have lost a member of our family – and we lost him way too soon.

George Brentar had two great loves in his life: his family and his job. Family was always first. His wife and the kids were George's main priority and the love of his life. There was never any doubt about that. Linda, Erica, and Michael, words cannot express our deep sorrow for your loss. To George's mom, Carol, his brothers, Greg and Torry, and sisters Karen and Janet, we join our heartfelt sadness to yours.

George was important to many people. He was the neighborhood coach. He would gather all the local kids together for football games, and the basketball hoop in the yard was constantly in use. "Sports are important," George would say. He was a man of action and few words.

George was born, raised and spent his entire life working in the City of Euclid. He truly loved the City and was dedicated to service. He was highly respected by both his coworkers and supervisors, but that doesn't say nearly enough. How do you wrap 22 years of service into a few minutes? How do you summarize George's life?

In many ways George embodied what it meant to be a good police officer. He was extremely hardworking and thorough in everything he did. Over the years he received numerous letters from his supervisors commending him on his performance, and he was nominated three times for Officer of the Year.

The dictionary defines "integrity" as adherence to moral principles. George had integrity. He once told me his father said to him, "If you can get out of bed, you can go to work." George

never called in sick. That was his work ethic. He truly loved his job.

Not long ago he received the 'Exceptional Service Award" for catching a bank robber. George saw the suspect, a man half his age, and said to himself, "I'm not letting him get away from me." And he didn't. George chased down and caught the man. He was good at being a police officer. He liked it, and it showed.

George spent last year working our Traffic Division where he excelled. A major part of his day was spent trying to get speeding motorists to slow down. The roads need to be safe for all. It's tragic, and ironic, that we lost him this way.

But, knowing George, I have to believe that he has a message for all of us, and I believe it would be this SLOW DOWN.

SLOW DOWN – take the time to spend with your children. They grow up fast – don't miss it.

SLOW DOWN – take a day to go fishing. It's the

simple things in life that make it all worthwhile.

SLOW DOWN – take a family vacation. These times, and their memories, will enrich and fulfill your lives.

SLOW DOWN – fill your days with what life has to offer. You never know when the journey will come to an end.

To the Brentar family, words seem horribly inadequate in expressing our gratitude to you for sharing this truly remarkable man with us. We have been blessed to have known George. Each of us will undoubtedly grieve in our own way, but we do share a common bond. We have all been part of a life, perhaps too short, but a life that was lived well and loved by all. He will not be forgotten.

# Why Eucharistic Devotion?

It seems to me that I missed a few pilgrimages Lthis year. Last year the journeys - pilgrimages -made a marked high point for me. Now, I have been inspired to make up these rewarding experiences with the opportunities at hand. Our church of St. Mary of Assumption in Cleveland, . and many other parishes around the country, as I found out on the internet, have a weekly devotions, a day or a half a day a week. Our parish decided to have this beautiful visitation to the Eucharistic Christ every Thursday from 2 p.m. to 6

This good news has been a well-kept secret, because only a few parishioners respond to this beautiful opportunity of Eucharistic devotion. Why Eucharistic devotion? We need to pray for the reparation for our sins and the sins of the world. Reparation to the Sacred Heart offended in Blessed Sacrament. We need silence and silence is the depth of our prayer. We can't neglect the prayers and the rosary and we need to learn more of the life of Christ. The children should. become familiar with the message of Fatima. Our Lord can bring us an ever-deeper understanding of the love of God and the endurance that comes from Christ.

All of us are invited to adore Christ. You are not too young or too old to make a little sacrifice. Children or grandchildren are invited, too. Invite your friends and begin this wonderful devotion. How can we make time in this multi-task world? A good plan will include time for our Lord, who is waiting for you and me. We can avoid or give up a few unnecessary habits and make time for the Lord. A visit to the church makes for a happy day, even amid difficulties, and it accounts for the joy that can be found for that hour of devotion. Try and see and you will not be disappointed. Our Lord wants us to be joyful in our life on earth and not only await a reward in the next

God wants us to be happy on earth, too, but with a desire for the other, total happiness that only He can give. In this life, the contemplation and meditation of supernatural reality, the action of grace in our souls, our love for our neighbor is a result of our love for God. We all can learn to know, to serve and to love God better every day, if we do not waste any time and make every moment that we have, the business of love.

All these are already a foretaste of heaven, a beginning that is destined to grow day to day. We need our Church, which strengthen us day by day. Keep an eye fixed on Jesus, trust and obey in the spirit of love.

#### A Picture-Perfect Turkey

(NAPS)-The first step in roasting a picture-perfect turkey, say the experts, is to start with a quality roaster. Here are some

tips to help you choose one:

• Avoid flimsy disposable roasters that can be unsafe and environmentally unfriendly. Instead, choose a Granite Ware roaster, which is very inexpensive, environmentally safe and will last

Choose a heavy roaster that is designed to accommodate the weight of a turkey.

 Porcelain-on-steel roasters provide an even heat distribution for uniformly cooked, beautiful turkeys. Most hardware and retail stores carry a line of speckled porcelain-on-steel roasters called Granite Ware.

Dark-colored roasters absorb the oven's energy and evenly distribute it.

· Roast your turkey at a constant 325° to 350° F. A 16- to 24pound turkey takes approximately 12 to 15 minutes per pound.

 Add water or broth to the pan to baste with and to keep the meat moist. Baste every 30 minutes.

· Use a meat thermometer to ensure thorough cooking. The deepest portion of the breast should read 170° F; the thigh,

· Once finished, let the bird rest for about half an hour so the juices settle before carving.

Peanut butter was invented as a health food by a physician who was concerned about the nutrition of his elderly patients.

1/4 teaspoon ground black pepper

2 tablespoons coarsely chopped mint or parsley (optional)

1. - In covered 2-quart saucepan, heat carrot juice, broth, wine, and 11/2 cups water to boiling over high heat.

3. - Stir hot liquid into rice mixture. Cover casserole with lid or vented plastic wrap and cook on Medium (50% power) 15 to 20 minutes or until most of liquid is absorbed and rice is tender but still firm. Stir in Parmesan, salt, and pepper. Sprinkle with mint if you like.

# Slovenian Army Band at Pristava

On Sunday, Sept. 30, Slovenska Pristava celebrated their first indoor event since the dedication of the new Lausche Lodge back in May. And what an honor we had hosting top musicians from Slovenia who are serving in the Slovenian Army and also a couple of police officers-musicians. The performance of Brass Band Quintet was excellent starting the event with fanfare composition and then with both national anthems. The hall was full and the people were overwhelmed with the performance of the musicians and could not stop rewarding them with applause.

Our Consul General Dr. Zvone Žigon greeted the crowd after the anthems. He was very instrumental in bringing the group of entertainers to Slovenska Pristava, and we thank him and the band for making our day.

The brass band was entertaining with a variety of songs including the theme from the Pink Panther movie for more than half an hour.

Since we planned to hang the picture of the late Senator Frank Lausche donated by Judge Ronald Suster, we asked the judge to tell the audience important life achievements of the senator. The judge did a very fine job of telling the people about Lausche's sterling qualities.

After the judge finished his talk, James Debevec surprised us again. The Frances and Jane S. Lausche Foundation donated \$20,000 for tables and chairs for the lodge. Unbelievable. James and Madeline Debevec with John Urbancich are in charge of the fund. A sincere thank you to all three of you for helping Slov-

enska Pristava once again.

After this pleasant surprise we placed the picture in the entrance vestibule. Our favorite Council General Dr. Zvone Žigon, with his lovely wife, Irena, joined us for this little ceremony.

By no means was this the end of the evening. Our Slovenian Band, meanwhile, got ready and started to play for dancing. The dance floor was immediately full of enthusiastic dancing couples. The musicians kept playing and the two singers, Kati and Matjaz were just awesome. We could not believe our eyes and ears that an army band guys can be such good entertainers. It took a while before they quit.

Well, this party was not over yet. Now our Pristava musicians took over. Stan Teskač with his usual help and female vocalists Vida and Justi entertained again for another hour. These guys are great, too, and as usual they performed for free again. Thank you for once more for helping Slovenska Pristava.

Since this was a Sunday night, we could not stay too late, but it seemed to me that the Slovenian Army Band guys really liked our company and just could not part from Pristava.

Myself and Pristava Board members appreciates and once again thanks the Slovenian Army Band, Consul General Dr. Zvone Žigon, Judge Ronald Suster, Mr. and Mrs. James Debevec, Pristava musicians, and the audience for a wonderful and memorable event.

# Vesti iz Slovenije –

Danilo Türk premagal Lojzeta Peterleta z več kot dvotretjinsko večino: 68,57 odstotka oddanih glasov – Peterle prejel le 31,43 odstotka Predsednik Republike Slovenije bo Danilo Türk postal s 23. decembrom Volilna udeležba še slabša kot v prvem krogu: 55,94-odstotna

Številke sicer niso dokončne, kajti izhajajo že od nedelje zvečer ob 9h, to zaradi zgodnjega tiska AD v ponedeljek. Ni pa seveda verjeti, da bodo kakšne očitne spremembe, ko bo Državna volilna komisija objavila dokončen izid.

Po teh podatkih je bilo preštetih že kar 852.592 glasov, od njih je kandidat Danilo Türk prejel 68,57 odstotka glasov oziroma 579.265 glasov, njegov tekmec Lojze Peterle pa 31,43 odstotka glasov, ali 265.498 glasov. Dalje je bilo sporočeno, čeprav še vedno neuradno, da je bila volilna udeležba 55,94-odstotna. Glasovalo naj bi torej 962.304 volilcev. To je nekaj manj kot v prvem krogu, ko je bila volilna udeležba tudi nizka, vendar kakih 57 odstotkov.

V svojem prvem nastopu po zmagi je Türk napovedal, da želi delovati v skladu s svojim predvolilnim geslom: "predsednik, ki združuje in name se lahko nanesete". S protikandidatom Peterletom, ki je novemu predsedniku že bil čestital, sta se tudi že rokovala.

Predstavniki strank (SDS, NSi, SLS), ki so podpirale Peterleta, so nad njegovim izredno obsežno izgubo izrazili presenečenje, levičarske stranke, ki so se zavzemale za Türkom, so pa rekle, da so volilni izid kar pričakovale.

Slovenska tiskovna agencija (STA) je poročala, da so politični analitiki bolj ali manj. pričakovali izid. Precej zgovoren je bil Miro Kline s Fakultete za družbene vede (FDV). Dejal je, da je izid volitev logična posledica trenutnega razmerja sil na trgu političnih idej v Sloveniji. Predavatelj na FDV Matevž Tomšič je pa poudaril, da je Peterle ostal na približno enakem odstotku javne podpore v drugem krogu volitev, kakor ga je imel v prvem krogu.

Največja volilna udeležba je bila v volilni enoti Ljubljana Center (61,8%), sledijo volilna enota Ljubljana-Bežigrad (61,26), volilna enota Kranj (58,37), volilna enota Novo mesto (57,53), Celje (56,84) in Postojna (56,49). Najmanjša volilna udeležba je bila v volilni enoti Maribor, kjer je glasovalo le 51,81 odstotka volilcev.

V svojem komentarju za STA je prof. Kline rekel, da je bil rezultat volitev povsem v skladu z napovedmi: "Iz rezultatov te tekme za predsednika se bodo dobri politični strategi zagotovo nekaj naučili. Kot izhodišče vsakega načrtovanja kampanje ali političnega delovanja je nujno potrebno upoštevati klimo v volilnem telesu. Iz vsega dogajanja in rezultatov raziskav javnega mnenja je več kot očitno, da gre za dolgoročen zasuk v smeri proti levici," je dejal Kline, ki je dodal, da izid volitev za predsednika Slovenije nikakor ne pomeni, da je možno napovedati rezultat parlamentarnih volitvah, ki bodo jeseni 2008.

"S svojim delovanjem lahko obe strani vplivata na takšen trend. Pri tem je kristalno jasno, da je sedaj v prednosti levica, zato morajo biti ukrepi in delovanje desnega bloka toliko bolj premišljeni ter verjetno tudi bolj radikalno drugačni," meni Kline.

ZMAGOVALEC IN PORAŽENEC – Fotografija zgoraj je nastala po prvem krogu predsedniških volitev 21. oktobra, ko je že bilo znano, da se bosta v drugem, končnem krogu pomerila Danilo Türk (levo) in Lojze Peterle in sicer na volitvah 11. novembra. Na teh volitvah je z ogromno večino zmagal Türk, ki bo zaprisegel za novega predsednika Slovenije 23. decembra letos, s tem pa postal tretji predsednik v zgodovini neodvisne Slovenije, po Milanu Kučanu in Janezu Drnovšku. Mandat traja pet let.

#### BERNARDA FINK INZKO ...

Dragim prijateljem in znancem v Clevelandu!

Mesec dni je potekel, odkar sem bila pri vas v Clevelandu, in nekaj dni, odkar smo odpeli-odigrali zadnjo 2. Mahlerjevo simfonijo v Musikvereinu na Dunaju, kot zaključek dolge in uspešne turneje odličnega Clevelandskega orkestra.

Na tale način bi vam hotela še enkrat izraziti mojo globoko hvaležnost za tako presenetljivo topel sprejem! Med vami sem začutila bratsko vzdušje, ki je mogoče, kadar srca bijejo za iste vrednote lepega in resničnega. Občudujem vašo zvestobo domovini in ljubezen do naraščaja in bodočnosti, ki vas spodbuja k fleksibilnosti in kreativnosti. Ko stojim na odrih po svetu želim opevati božjo dobroto in vračati v pomnoženi obliki talente, ki mi jih je Stvarnik dal. Želim tudi spodbuditi mladino, da se zaveda talentov - vem, da je med vami veliko glasbenih - in se s samozavestjo, trudom in vztrajnostjo bori za uspeh.

Zelo mi je žal. da mi ni uspelo obiskati nekaj zelo dragih in cenjenih prijateljev, kot je bilo predvideno, zaradi potrebnega obiska zdravniku. Upam, da bom te obiske lahko nadomestila.

Vsakemu izmed vas, ki sem vas srečala na koncertu, na obisku v dvorani in kje drugje, želim, naj vam Bog poplača za vašo naklonjenost in čas! Želim vsakemu v svojem uspeha in zadovoljstva, skupnosti pa, da naprej z isto ljubeznijo goji slovenske in mednarodne kulturne vrednote.

Prisrčen pozdrav! - Bernarda Fink Inzko

# Bernarda Fink nastopila v slovitem Carnegie Hallu s Clevelandskim orkestrom

NEW YORK, NY - V letošnji koncertni sezoni je dvorana Carnegie Hall gostila Clevelandski simfonični orkester. Ta orkester je slaven in ima bogato tradicijo. Dirigenti, ki so doslej vodili orkester, so sama znana imena svetovnega slovesa.

V New Yorku je orkester koncertiral tri dni. Pri zadnjem koncertu, ki je bil v četrtek, 18. oktobra, je na njem nastopila nam že dobro znana mezzosopranistka Bernarda Fink. Na sporedu je bila 2. simfonija Gustava Mahlerja "Vstajenje". Vlogo je imela tudi sopranistka M. Hartelius. (Op. ur. AD: Ponovitev programa 11. in 13. oktobra v Clevelandu.)

Skladbo sestavlja pet stavkov in vsak stavek je skladba zase. Bernarda Fink je nastopila v četrtem stavku z meditativnim napevom "Urlicht". Z bogatim, mehkim in žametastim glasom in v koralnem duhu je začela peti svoj spev. Podajanje po nemški vokalni tradiciji je bilo tako lepo, da je poslušalce prevzelo in ravno ta pesnitev, ki jo je odpela ob koncu četrtega stavka, je bila uvod v "Vstajenje".

Zadnji stavek se je začel bučno, a vse se je utišalo, ko je začel peti zbor. Ta je pel tiho in slovesno. Ravno ta del simfonije, ta koral, je bil morda najlepši del skladbe. Glasnost se je stopnjevala do trenutka glasbene "eksplozije", ki je naznanila "vstajenje".

Prijatel's Pharmacy St. Clair & E. 68 St. 361-4212 IZDAJAMO TUDI ZDRAVILA ZA RAČUN POMOČI DRŽAVE OHIO - AID FOR THE AGED PRESCIPTIONS

Ob takem koncu je prišel do vrhunca zbor, saj je svojo energijo sprostil. Ravno tako tudi solistki, ki sta v tem delu "dialogirali" tako med seboj kot tudi z zborom. Doživetje je bilo enkratno. Ob koncu je dvorana nagradila orkester, zbor in pevki s stoječimi ovacijami.

Koncerta se je udeležilo lepo število Slovencev in Slovenk. Po koncertu je bil sprejem za Bernardo, ki je prišla s hčerko, v stanovanju dr. Godca., ki živi oddaljen le kak mestni blok od koncertne dvorane. Naj dodam, da dr. Godec živi na 69. nadstropju stolpnice in tako ima prelep pogled na mesto, posebno ponoči, ko je razsvetljeno.

1. - v primeru, da je v družini več otrok in je njihov oče (ali mati) umrl v ZDA,

IVAN HAUPTMAN, Lemont, 14. avgusta 2005 (V imenu Slovenskega ameriškega sveta ob romanju Oltarnih društev iz Clevelanda)

# Ob grobu ljubljanskega škofa dr. Gregorija Rožmana

Dragi romarji, tu stojimo na kraju, kjer se naše življenje dotika večnosti. Tu se človek lažje zave. kam se naša zemska pota nenehno iztekajo. Romarji smo na čudoviti poti življenja, na poti, na katero nas je postavila božja previdnost.

Svet je ta kraj, božja njiva, kjer počivajo naši duhovniki-patri frančiškani. ki so posvetili svoje življenje Bogu v njegovo slavo in dobrobit rojakov.

Tu pod križem, na katerem je razpet božji Sin, je grob našega pokojnega duhovnega pastirja dr. Gregorija Rožmana, ki se je odzval vabilu Njega, ki je iskal delavcev za svoj vinograd.

Ko je dr. Gregorij Rožman leta 1929 sprejel škofovsko službo, je bila, kot sam pravi v enem izmed pisem, "...moja duša zavita v vihar temnih slutenj". Zato je izbral škofovsko geslo: crucis pondus - teža križa in plačilo.

"Tedaj sem Bogu daroval tudi sledeče. Naj umrjem v zaničevanju ali pozabljenju, naj bo moj grob neznan, naj me zgodovina še tako črno in kritično slika in naj moje ime čisto izgine, da se nikdar in nikjer ne omenja več - samo da

bi kraljestvo božje raslo, se utrjevala v dušah, samo da bi se čimveč duš zveličalo, samo da božja čast rasla in se večala.

Gospod, sprejmi to žrtvico, če je Tebi všeč in če služi Tvoji časti in zveličanju duš. In če bi zdaj Gospod sprejel to mojo žrtvico? Če bi me prijel za besedo, ali naj se pritožujem? Ali ne morem le reči hvala Ti, sveti Gospod, da se poslužiš mene nevrednega za Tvoje svete cilje? Hvalimo Gospoda za vse, prav za vse!"

Vihar temnih slutenj se je res razbesnel in potegnil v svoj uničujoči vrtinec tudi naš slovenski narod. Poleg tega, da je tujec uničeval slovenski narod, ga razseljeval in potujčeval, se je začela tudi komunistična revolucija, ki je izrabila nesrečni čas okupacije, da je v svoje mreže zajela marsikoga, ki si ni bil svest, kaj se skriva pod "osvobodilno fronto".

Veliko (pa) jih je spoznalo, da z OF nekaj ni v redu, saj pobijajo naše lastne slovenske brate. Naš škof dr. Gregorij Rožman je dobro poznal okrožnico papeža Pija XI. iz leta 1935 Divini Redemptoris, o brezbožnem komunizmu. On sam in ves ostali svet a je tudi vedel, kako dosledno je bila v Sovjetski zvezi preganjena vera, kako je bilo porušenih nešteto cerkva, kako je bila onemogočena vsaka verska vzgoja in preganjanje ter pobijanje verujočih. Poučen tako o naravi komunizma, ne bi bil dober pastir svojih vernikov, če jih ne bi začel svariti pred grozečo nevarnostjo komunizma.

Podobna svarila obstajajo že v svetem pismu stare zaveze: Ogibaj se slabe družbe. V knjigi Pregovorov, pod naslovom "Pregovori Salomona, sina Davidovega", piše sledeče:

"8) Poslušaj, sin moj. vzgojo svojega očeta, ne zametuj nauka svoje matere. (DALJE na str. 19)

# Kaj prinaša nova knjiga dr. JOŽETA RANTA Slovenski eksodus leta 1945

Dr. Jože Rant ni doživel izdaje svoje nove in zadnje knjige. Po težki bolezni je 23. avgusta 2007 umrl v Buenos Airesu in je tam pokopan. Koliko truda je vložil v to svoje zadnje delo, *Slovenski eksodus leta 1945*, jasno razvidno na 352 straneh z mnogimi opombami pod črto in z obsežnim seznamom virov in fotografij. Vključuje tudi seznam v knjigi navedenih kratic. Prav na začetku pa najdemo dve strani s posnetkom Križanega iz Kočevskega Roga. Na recto strani so vrstice iz Ps. 107. 6-7 "Vpili so h Gospodu v svojih stiskah..." nato pa sledi možnost za vpis kdo komu podarja knjigo. na verso strani pa za navedbo "žrtve vojne in revolucije v naši družini".

Ker bo knjiga dosegljiva tudi v španskem in angleškem jeziku, je avtor dodal slovenski izdaji poleg slovenskega tudi kratek povzetek v teh dveh jezikih. Prevode sta pripravila prof. Maria Rosa Rapisarda (Resumen) in Jerry Zupan (Summary). Izdelavo platnic pa je oblikovala Monika Urbanija Koprivnikar.

V Zahvali dr. Rant zapiše, da je zamisel za to delo prišla od Rudija Kolariča iz Clevelanda, Ohio, ki je vse tri izdaje tudi finančno omogočil. Za vzpodbudo in pomoč pa se zahvaljuje tudi svojim kolegom v gimnazijah v begunskih taboriščih Peggetzu in v Spitalu v Avstriji in navaja njihova imena: Srečko Gaser, Ivan Hauptman, Zalka Hirschegger Likozar. dr. France Jeglič, dr. Tine Meršol in Marjan Loboda.

Knjiga nima ne osebnega ne stvarnega kazala, kar je razumljivo že po branju nekaj strani, ker bi bilo kazalo izredno obsežno. Namesto kazala avtor uporablja "mastne črke" (bold), s katerimi v besedilu "označuje skrajšane vire" in s tem olajšuje iskanje podrobnosti v posameznih poglavjih.

#### Uvodna beseda in 'Vprašanje...in Odgovor'

Rantove Uvodne besede so bile že v celoti objavljene v *Ameriški Domovini* (July 12, 2007, str. 16), kakor tudi skoraj celo 1. poglavje "Vprašanje...in Odgovor" (July 12, 2007, str. 16 in nadaljevanja 19. in 26 julija).

Ti izvlečki iz knjige so bili najprej objavljeni v Buenos Airesu v *Meddobju*, Letnik XL, štev. 3-4. K temu dodamo še dr. Rantovo osmrtnico z življenjepisom, ki jo je pos-

redoval Rantov sošolec Marjan Loboda in je bila objavljena v *Ameriški Domovini* 6. septembra 2007. str. 16-17.

Namen knjige je večstranski. Prvi namen, kako pojasniti potomcem v zdomstvu, zakaj so njihovi starši ali stari starši zapustili Slovenijo maja 1945. leta. Drugi namen je istoveten z mnogimi avtorji iste teme, seznaniti druge narodnosti "kaj se je dogajalo v Sloveniji med 2. svetovno vojno in po njej". Tretji pa opisuje naselitve, prilagoditve, in uspehe tistih, ki so našli nove domovine drugje po svetu in o njihovi zvestobi slovenstvu.

V uvodu avtor dr. Rant zapiše, da "V pričujočem spisu ... ne gre za dosežke kakega izvirnega raziskovanja ... in še manj za nova zgodovinska odkritja. Gre samo za ... kratek zapis, sestavljen na podlagi v Virih navedenih del".

Kako dr. Rant doseže začrtane cilje? Z izbiro virov, z opombami pod črto, z mnogimi fotografijami, in z osebnimi pripombami.

#### Viri

Na katera dela se je naslonil pri pisanju *Slovenski eksodus leta 1945* povzamemo iz seznama navedenih virov. Teh je skupno 148.

V veliki večini so viri v slovenščini z izjemo osmih v angleščini, štirih v španščini, dveh v nemščini in enega v francoskem jeziku; virov v slovenskem jeziku je torej 133. Nekatera od teh del so bila prevedena v slovenščino iz drugih jezikov, avtor pa vključuje le bibliografske podatke slovenskih izdaj.

V glavnem periodika

(članki v revijah in časopisih) ni vključena, kar je pri obsežnosti celotne vsebine povsem razmuljivo. V pomoč bralkam in bralcem v Uvodu opredeli glavne avtorje virov po svetovnem nazoru in z vključitvijo nekaterih imen. Govor je o režimskih, protirevolucionarnih, in strokovnih zgodovinarjih, kakor tudi ó "nekdanjih pripadnikih OF oz. KPS".

#### Opombe pod črto

V sedemnajstih poglavjih je skupno 1020 opomb pod črto. Vsako poglavje začenja s številko 1., kar omogoča hitrejši dostop do vsebine posameznih poglavij.

Skupno število tisoč dvajset opomb dokazuje avtorjev namen vključiti vse vire, ki so mu bili dostopni. Čeprav opozarja v Uvodu, da ne piše znanstvene razprave o temi izraženi v naslovu, v opombah pogosto izrazi svoje misli in mnenja o gradivu, ki ga vključuje.

#### Bogata izbira fotografij

Med stranmi 30 in 31 najdemo 47 barvnih posnetkov ali fotografij, med temi pet zemljevidov, ena stran s posnetki štirih najpomembnejših slovenskih zgodovinskih mejnikov, ostale fotografije pa predstavljajo lepote Slovenije. Med temi lepotami pa se bosta vsak bralec in bralka za nekaj trenutkov gotovo ustavila pri št. 17: "Množična morišča v Sloveniji po narodnosti" (Ferenc 2005, 113).

Bogato slikovno gradivo najdemo na koncu vsakega poglavja. Že samo pregled tega gradiva nakaže celotni potek dogajanj Eksodusa; vseh njegovih posledic, kakor tudi življenja 1945 begunskih skupnosti v novih domovinah.

#### Iz Vsebine

Kazalo na začetnih straneh knjige v glavnem razdeli sedemnajst poglavij v tri dele. Prvi del, po uvodnih besedah, se osredotoči na leto 1945 in vse do povojnih pobojev. To so poglavja 1—13. Drugi del vključuje poglavja 14—16. "Življenje in delovanje v begunskih taboriščih": "V svobodnem svetu": "Delo za ... svo-

# Dr. JOŽE RANT

(16. februar 1931 - 23. avgust 2007)

Dr. Jože Rant je bil avtor nove knjige, ki ponuja pregled zgodovine slovenske

politične emigracije.
Knjiga v slovenskem jeziku
je že na razpolago pri
Slovenski pisarni v Clevelandu, v kratkem bo izšel
tudi prevod v angleščini.

Sledeči članek je bil objavljen v reviji "Moja Slovenija" oktobra letos in je posredovan v celoti.

Ur. AD

Daleč od domovine, v daljni Argentini, je prenehalo biti srce teologa, filozofa - predvsem pa nepozabnega prijatelja in zavednega Slovenca, dr. Jožeta Ranta. Strla ga je zahrbtna bolezen, ki se ji je upiral z velikim življenjskim optimizmom in upanjem. Številnim Slovencem v Argentini, v Sloveniji in po svetu pa bo ostal še dolgo v spominu - predvsem kot pisec številnih "Pisem uredniku", v katerih je grajal in opozarjal na napake. sem ter tja pa koga tudi pohvalil, če si je to resnično zaslužil.

Vedno pa je bil pripravljen pomagati – ko je šlo za delo v skupnosti, pomoč pri uredniškem delu, predavanjih ... le v skrajni sili je kdaj odklonil svoje sodelovanje. Žal so mnogi to njegovo delavnost tudi izkoriščali.

Dr. Jože Rant je bil dobesedno vržen v tuji svet. Ob koncu vojne je celotna Rantova družina delila begunsko usodo – najprej v begunskih taboriščih v Peggezu in kasneje v Spittalu, leta 1948 pa so se preselili v Argentino.

Tu se je odločil za študij teologije na slovenskem semenišču v San Luisu in bil posvečen v duhovnika leta 1956 v Androgueju. Nato je študij nadaljeval na teološki fakulteti jezuitskega "Colegio Maximo San Jose" v San Miguelu – doktoriral je iz moralne teologije (1960). V kasnejših letih je dosegel še magisterij (1975) in doktorat iz filozofije (1991).

Čeprav je opravljal številne cerkvene in profesorske službe, ki so ga dnevno zaposlovale po skoraj ves dan, je ob tem še vedno našel čas tudi za študij, predvsem za sprotno spremljanje znanstvenih dosežkov (zlasti filozofskih) v Argentini, v svetu ter v Sloveniji.

Mnogi smo se spraševali, kje vendar najde čas za vse te aktivnosti?

Toda ni bil le znanstvenik, ki bi večino časa prebil v zatohli sobi sredi knjig in papirjev - našel je tudi čas za sprehode, za pripravo asade, celo za kakšno potovanje po prostrani Argentini (še letos spomladi si je ogledal skrajni jug te raznolike dežele in nam s poti poslal številne nepozabne fotografije in na tej poti pretrpel tudi težko prometno nesrečo, ki se je vseeno srečno končala).

bodno Slovenijo". Tretji del vključuje sedemnajsto poglavje, pogled nazaj "Po šestdesetih letih".

#### O Avtorju

Dr. Rant poudarja v Uvodu, da ta knjiga ni izvirno raziskovanje niti ne kakšnih zapisov novih odkritij, zgodovinskih prav tam pa tudi zapiše: "...da skuša knjiga popisati dogodke tako, kot so se dogajali, to se pravi, predmetno (objektivno)". K temu pa še doda svoje prepričanje z besedami: "Možno ... je več razlag: toda samo ena se približuje resničnosti in s tem resnici".

Sedemnajsto poglavje je možno razložiti kot avtorjeve zaključne misli na to tragično dobo slovenske zgodovine in kot odgovor k prvotnemu namenu knjige, kako pojasniti potomcem dogodke leta 1945 z vsemi posledicami. V Eksodusu 1945 avtor predstavi skrbno študijo vključenih virov kakor tudi svojih osebnih pogledov na to polpreteklo dobo.

#### Zaključne besede

Vse trpljenje združeno z Eksodus 1945 in s še težjimi posledicami, je povsem jasno izraženo na obrazu slovenske matere, katere skrb je brez dvoma razvidna na njenem obrazu in z njenim pogledom nekam v neznano... Vsem, ki bodo vzeli knjigo v roko, bo že sa-

mo pogled na to begunsko mater na naslovni strani ovitka nakazalo tragično vsebino Rantove knjige.

Gledano nazaj, po več kot šestdesetih letih, ostaja potrjeno, kar je dr. Janez Rotar zapisal v delnem naslovu ene prvih knjig o Vetrinjski tragediji, da so vsa dejanja okrog Eksodus 1945 in kar je sledilo, *Mora in bolečina slovenskega naroda*.

#### Dr. Jože Rant

(nadaljevanje s str. 17)

Po letu 1975, ko je izstopil iz cerkvene službe in se poročil (leta 1977 se mu je rodil sin Pablo) – se je strokovno vse bolj posvečal organizaciji univerzitetnega študija in praktično to delo opravljal tudi še po tem, ko se je uradno upokojil (leta 1995).

Po razpadu prvega zakona je končno našel oporo in razumevanje ob drugi ženi, njegovi nekdanji učenki Mariji Rosi (ki jo je ljubeče klical – Maruča).

Za pokojnim dr. Jožetom Rantom je ostal tudi obsežen bibliografski opus (žal je večina del v španščini) – več strokovnih razprav, študij in predavanj, ki so jih objavile univerze, kjer je

predaval. Nekaj svojih del je izdal tudi v samozaložbi – predvsem s področja filozofije znanosti, antropologije in etike.

Nekaj zadnjih let se je posvečal predvsem študiju zgodovine slovenske politične emigracije. Zagotovo je njegovo najobsežnejšo delo "Zbornik dela v zvestobi in ljubezni: 1948—1998" – bogat jubilejni zbornik ob 50-letnici društva "Zedinjena Slovenija" (ki ima prek 800 strani velikega formata in je tudi bogato ilustriran).

Leta 2003 pa je uredil in za tisk pripravil še delo pokojnega brata Pavleta "To sem bil: prispevek k zgodovini slovenske politične emigracije".

Žal pa ni dočakal izida svoje zadnje knjige, kratkega pregleda zgodovine slovenske politične emigracije (SPE), ki naj bi bila namenjena predvsem potomcem – drugi in tretji generaciji SPE-ja.

Poleg slovenske izdaje naj bi bila knjiga prevedena še v angleščino in španščino.

V enem svojih zadnjih pisem pa mi je med drugim omenil: "Veš, da sem se res spravil na pisanje spominov v slovenščini? A bodo bolj osebni, ker mi manjka dokumentov in dopisovanja. (...) Bo pa tudi trajalo..."

Vsi skupaj lahko le obžalujemo, da mu je smrt, sredi tega pomembnega dela, iz rok iztrgala pero... Dr. Rozina Švent

# Za predsednika Slovenije v prvem krogu izvoljena Lojze Peterle in Danilo Türk

Na volitvah za predsednika Slovenije v nedeljo, 21. oktobra, se je uresničila predvsem tista napoved javnomnenjskih raziskav in političnih analitikov. da bo razlika v glasovih, ki jih bodo prejeli trije najpomembnejši kandidati, majhna.

Prav so imeli tudi tisti, ki so napovedovali porast glasov za Zmaga Jelinčiča-Plemenitega.

Zmagal ni nihče od sedmih kandidatov, zato bo potreben drugi krog volitev, ki bodo v (to) nedeljo, 11. novembra. Vanj sta bila izvoljena Lojze Peterle, ki je v prvem krogu prejel 28,54% glasov. Na drugem mestu je Danilo Türk, ki je zbral približno 24,52% glasov, tesno za petami pa mu je sledil Mitja Gaspari s 24,15% glasov. Razlika med njima je bila manj kot 4.000 glasov.

Na četrto mesto se je uvrstil Zmago Jelinčič-Premeniti s skoraj 20% glasov. Darko Kranjc je zbral dobra dva odstotka, Elena Pečarič skoraj en odstotek, Monika Piberl pa okoli pol odstotka glaslov.

Lojze Peterle, ki je prej začel volilno kampanjo, je zanjo porabil veliko denarja in bil deležen močne podpore svojegavolilnega štaba in drugih sodelavcev, je prejel kar okoli 15 odstotkov manj glasov, kot so napovedovali.

V pripravah na drugi krog se bo moral zelo potruditi in si zagotoviti učinkovito podporo strank, ki ga podpirajo,, da bo nemara lahko izvoljen za najpomembnejšo osebnost slovenske države.

Sicer pa bodo uradne izide prvega kroga volitev objavili šele 29. ali 30. oktobra, ko bodo prispeli volilni izidi slovenskih državljanov, ki žive v tujini.

Pri tem pa se je hudo zapletlo. Državna volilna komisija je namreč v tujino poslala zelo veliko število, menda okoli 50.000, neizpolnjenih glasovnic, pri čemer pa nimajo zanesljivih podatkov o številu in naslovih naših rojakov v tujini, ki imajo volilno pravico.

V praksi je bilo mogoče, da so volilci lahko glasovali dvakrat, po pošti in pri slovenskih diplomatsko-konzularnih predstavništvih, Neki slovenski državljan v Zagrebu je povedal, da je dobil kar tri glasovnice in bi zato lahko kar trikrat volil.

Mitja Gaspari je zaradi omenjenih zapletov dejal, da bo o veljavnosti volitev morda moralo odločati oz. razsojati celo sodišče.

V Sloveniji je za te volitve bilo nad milijon 720 tisoč volilnih upravičencev. Volilna udeležba pa je bila zgolj okoli 57odstotna.

# Ob grobu dr. G. Rožmana

(NADALJEVANJE s str. 16)

9) Kajti ljubek venec bosta tvoji glavi, ogrlici tvojemu vratu.

10) Sin moj, če te grešniki zavajajo, se jim ne vdaj.

11) Če pravijo: 'Pojdi z nami, prežimo na kri! Postavimo poštenemu zasedo brez razloga.

12) Pogoltnimo jih žive, kakor podzemlje, cele, kakor se pogrezajo v jamo!

13) Našli bomo vsakršno dragoceno imetje, napolnili svoje hiše s plenom.

14) Vrzi svoj žreb v naši sredi, naj bo ena mošnja nam vsem!'

15) Sin moj, ne hodi z njimi na pot, zadrži svojo nogo pred njihovo stezo..

16) Kajti njihove noge drve v hudobijo, hite prelivat kri.

17) Vsakemu ptiču se zdi, da je mreža razpeta zaman:

18) tako oni prežijo na lastno kri, postavljajo zasedo lastnemu življenju."

Večina danes živečih tu in v domovini ni poznala škofa dr. Gregorija Rožmana. Doma vedo predvsem to, kar jih je učila uradna komunistična zgodovina, ki hoče uničiti versko, predvsem katoliško vzgojo.

Zato tudi danes ne ovržejo sodbe vojaškega sodišča, ki je sodilo škofa Gregorija Rožmana kot izdajalca slovenskega naroda, to kljub vsej njegovi dobroti do vsakogar. V to obsodbo smo tako rekoč vključeni vsi verniki, ki še nosimo v srcu vero v našega nebeškega Očeta in njegovega Sina Jezusa Kristusa.

Moderni človek, poln napuha, si domišlja, da je napreden, če odklanja in zavrača Boga, ker se hoče sam predstaviti za vsemogočnega in da je vse odvisno samo od njega. Domišljavost pa ga zapelje v zle naklepe, da bi podredil človeka sebi, zato uporablja vse zvijače: laži, obrekovanja, kriva pričevanja in sodbe.

A glejte, vse to in podobno se je dogajalo pred 2000 leti. Po svetem pismu poznamo Njega, ki je učil in oznanjal blagovest božjega kraljestva: ljubezen, dobroto, hvaležnost Bogu za vse njegove darove. Ozdravljal je bolnike, slepe, hrome, gluhoneme, izganjal zle duhove itd. in ko je šel v Jeruzalem, ga je množica pozdravljala: "Slava Sinu Davidovemu!" - kmalu za tem pa je nahujskana množica kričala: "Križaj ga, križaj ga!"

Ob grobu našega duhovnega pastirja, škofa Gregorija Rožmana, mislimo na vso težo križa, ki ga je nosil v izredno težkih časih našega slovenskega naroda. Ne moremo si vsega predstavljati. Nam beguncem pa je bil v posebno veliko

uteho v našem težkem času in negotovosti, ker je bil on sam v istem položaju.

Ni nam dano dojeti, zakaj Bog dopušča vse to gorje. Nekoč, ko bomo onkraj sedanjosti, nam bo znano. Sedaj pa nam pokojni dušni pastir sije kot svetla zvezda iz vsemirja večnosti, da nam kaže v temnih nočeh smer prave poti.

Za enkrat se lahko zahvalimo Bogu, da je pokopan tu v Lemontu, da vsaj vemo za njegov grob. V našI Sloveniji je še vedno nekaj zlobnih ljudi, ki bi njegove zemske ostanke kakor hijene izkopali, da bi tako zabrisali njegov svetal spomin in zakrile svojo pregreho.

Tu ob grobu prosimo Večnega, da po njegovem težkem križu in neštetih žrtvah ozdravi našo slovensko narodno dušo in izžene zle duhove iz človeških src, da bi mogli zopet zaživeti v bratski ljubezni in medsebojnem spoštovanju.

Zato tudi mi, kakor pokojni škof: "Hvalimo Gospoda za vse, prav za vse!"

(To nedeljo, 18. novembra, ob 10 dop. bo spominska sv. maša za škofa Rožmana v cerkvi Marije Vnebovzete. Vsi vljudno vabljeni! I.H.)

#### Misijonska srečanja in pomenki 1612. Iz Ukrajine se je oglasil misijonar

lazarist Tomač Mavrič, ki je pisal Celestinovi naslednje:

"Draga gospa! Prisrčen pozdrav iz Kijeva! Prav lepa hvala za pismo in tako velikodušen dar. V pismu prilagam tudi podpisano potrdilo. S. Jožico sem prosil, naj bi malo opisala našo dejavnost tu. Ker ji gre pisanje izredno od rok, je bil članek napisan zelo hitro.

Lepo pozdravljam vse znance, dobrotnike, člane MZA, g. Pavleta Krajnika - Bog z vami! Tomaž." Sledi opis s.

"Lepo se vam zahvaljujemo za vaš velikodušen dar, ki ste ga namenili za potrebe tukajšnjega misijona in vzgojne hiše lazaristov. Samo s sodelovanjem in pomočjo vseh ljudi dobre volje lahko kaj naredimo za duhovni napredek tega velikega naroda.

V srednji hiši lazaristov, ki se imenuje "Božji dar", letos živijo štirje duhovniki in devet bogoslovcev. G. Paul Roche, predstojnik viceprovince sv. Cirila in Metoda, je doma z Irske. Ker viceprovinca zajema področje treh velikih držav, tj. Rusije, Belorusije in Ukrajine, je g. Paul veliko na potovanjih. Kot duša viceprovince pogosto obiskuje in povezuje svoje sobrate. G. Jan Martinček, Slovak po rodu, je predstojnik Kijevske skupnosti in vzgojitelj bogoslovcev. Skrbi tudi za novo nastajajočo župnijo. G. Tomaž Mavrič, ki ga dobro poznate, je vzgojitelj novincev. Ker letos ni noviciata, se še bolj zavzema za vodstvo Vincencijeve konference in dobrodelnosti. G. Robert Puzia, doma s Poljske, pa je profesor filozofije v semenišču, kjer študirajo naši in drugi bogoslovci.

Bogoslovci stanujejo v Kijevu, na predavanja pa se vsak dan vozijo v 40 km oddaljeno mesto Vorzel. Vladik Bismak je v 6. letniku in bo kmalu diakon. Septembra letos je izrekel večne zaobljube. Vladik Kučak, Jure Spak in Kolja Dobra so v 5. letniku. Saša Lukac obiskuje 2. letnik, najštevilnejši pa je 1. letnik, saj so kam kar štirje fantje: Vasja Zinič, Jerzy Gavluk, Sergij Pavlis in Sergej Selkovi. Ker Ukrajina še nima dovolj svojih profesorjev, v semenišču predavajo tudi profesorji s Poljske in so nekateri predmeti v poljščini. Da bi mogli slediti predavanjem, gredo bogoslovci pred začetkom študija na tečaj jezika v Krakov.

Pred letom dni je svoje delovanje začela Vincencijeva konferenca, v kateri se pod vodstvom lazaristov zbirajo laiki in bogoslovci, ki bi radi delovali na področju dobrodelnosti. Člani te skupine enkrat tedensko obiskujejo brezdomce na železniški postaji in na drugih krajih ter jim delijo sendviče in čaj. Pogosto se zgodi, da je treba oskrbeti kakšno gnojno rano ali težko bolnemu človeku pomagati v bolnišnico. Seveda se brezdomcev v bolnišnicah branijo. Lažje uspemo, če človeku omogočimo, da se prej umije in preobleče, potem pa pokličemo prvo pomoč. Sodelujemo tudi s centrom socialne rehabilitacije brezdomcev, ter s centrom, ki ga vodijo protestanti. Samo s skupnim prizadevanjem lahko ljudem pomagamo.

Velik izziv za nas so tudi otroci-sirote, okuženi z Aidsom. V eni izmed kijevskih bolnišnic imajo posebno sobo za nje, vendar primanjkuje osobje, ki bi jih negovalo. Po večini so še dojenčki stari od nekaj dni do dveh let. Pogosto se dogaja, da jih matere-narkomanke pustijo kar v porodišnici, od tam jih pripeljejo v bolnišnico ter pozneje v internat. Tem otrokom se prostovoljci iz konference posvečajo vsako soboto. Nadomeščajo jim mamo in očeta.

Pomagamo tudi starejšim in bolnim ljudem po njihovih stanovanjih. Za nami je zelo lepa izkušnja pri pravoslavnem bolniku in njegovi ženi. Med nami so se spletle iskrene, prijateljske vezi. Oba sta bila do nas katoličanov zelo odprta. Oba sta želela prejeti zakramente iz rok katoliškega duhovnika. Ko je mož umrl, se je žena v veliki hvaležnosti pridružila konferenci, da bi tudi sama pomagala tistim, ki potrebujejo človeško pomoč.

Srečujemo se tudi z družinami z več otroki. Tam so pogosto problemi zelo kompleksni. Primanjkuje hrane, obleke, posteljnine, dobre vzgoje, družbe sovrstnikov, vere... Starši se v življenju ne znajdejo, si ne znajo urediti, da bi sprejeli vse udobnosti, ki jih država nudi številnejšim družinam. Hvala Bogu, da je v konferenci kakšna pravnica, ki ve, kako se lotiti teh reči na pravem mestu.

V Kijevu živiva dve Marijini sestri: s. Jožica Sterle in s Maria Meško. Lazaristi so našo Družbo povabili k sodelovanju na dobrodelnem področju. V dveh letih, odkar smo skupaj, smo poskusili odgovoriti na izzive, ki nam jih prinaša življenje. Vedno znova smo potrjeni v prepričanju, da se s sodelovanjem doseže veliko več kot s samostojnimi projekti. Tudi me dve se udeležujeva srečanj konference, skupaj z lazaristi in laiki obiskujeva ljudi in skušava pomagati. Doma pa vodiva kuharski in šiviljski tečaj za dekleta iz revnejših družin. Vsi skupaj smo prepričani, da nas je sem pripeljala božja Previdnost, ki nas spremlja in blagoslavlja. Srečevanja z ljudmi so tisto najlepše, kar naše dneve naredi polne in lepe. Ljudi v Ukrajini je zelo zaznamovala diktatura komunističnega režima, vendar v njih ni mogla ubiti želje po Bogu in po vsem, kar je božjega. In če lahko komu pomagamo, da bi Gospoda bolj spoznali in se mu odprli, potem naše prizadevanje ni zaman.

Ničesar pa ne bi mogli narediti, če nas ne bi duhovno in materialno podpiralo toliko skupin, med katerimi ste tudi vi, člani Misijonske Znamkarske Akcije. Za vse smo vam iskreno hvaležni in se vam še vnaprej priporočamo. Vsem pošiljamo prisrčne pozdrave iz Kijeva.

- S. Jožica Sterle, MS, s. Maria Meško, MS in Tomaž Mavrič, CM."

Pismo je dolgo, a vse opiše, kar delajo v Ukrajini, kjer s pomočjo vas dobrotnikov lajšajo težko življenje. Bogu hvala! V septembru in oktobru so darovali: M. Champa \$5; M. Celestina (za Karmel-Sora) \$400; M. Lavriša (za Karmel-Sora v spomin moža Antona, Johna Štemihar in Veronike Pestotnik) \$100; A.M. Lavrisha (za mašo za +Mary Petrič) \$10; J.M. Govednik (ob zlati poroki Matta in Stanke Grdadolnik) \$50; R.V. Kolarič (v spomin Vinka Vrhovnika) \$100; V.N. Tominec \$20; A. Hribar \$100; M.P. Domanko \$25; M.I. Tominec \$25; V. B. Devine \$100 in Y.S. Cozza \$200, oba za s. M. Pavlišič; F. Hočevar \$100; S.M. Ferkul \$100; V. Lanari \$50; M. Michals \$100.

Vsem dobrotnikom prav iskren Bog povrni!

Pred nami je Zahvalni dan. Zahvalimo se Bogu za vse prejete milosti, katerih ni malo, če le malo pomislimo, v kakšnih težavah ljudje živijo, kajti se prebijejo iz dneva v nov dan lačni, okuženi z raznimi boleznimi, brez potrebnih zdravil, ali pa so naravne nesreče: povodnji, plazovi itd. Hvalimo Gospoda za vse dobro, kar nam daje dan za dnem in se veselimo življenja, četudi ne gre vse po naših željah. Hvala za vse!
