Jugoslavija spet tone v gospodarskih težavah

Zveza komunistov in zvezna vlada iščeta izhodov iz stiske, v katero je zašlo gospodarstvo.

BEOGRAD, Jug. — Jugoslavija se zopet utaplja v gospodarskih težavah. Med najvidnejše znake spada gotovo dejstvo, da bi parlament moral že sprejeti zakon o novi petletki za 1971-1975, pa ga režim ni skupičini niti predložil, ker se uprava še zmeraj lovi semterja, na katerih načelih naj zakon počiva. Med tem se gospodarske težave grmoladijo od dneva do dneva. Največ skrbki delata inflacija in z njo zvezana draginja, saj so se samo letos povprečne cene dvignile za več kot 10%.

To je prisililo federalno vlado, da je pretekli teden dekretila gornjo mejo za vse industrijske cene in da je zaostrila pogoje za najemanje posojil. To je hud udarec za revne sloje in je vprašanje, kako ga bodo prenesli. Na drugi strani se že oglašajo strokovnjaki, ki trdijo, da je treba zamrzni tudi meze in plače ali pa kratkomalo zopet razvred notiti dinar na morda 1,800 do 2,000 dinarjev za dolar.

Nic manjše skrb delata tudi primanjkljaj v plačilni bilanci. Cenijo, da bo letos znašal \$200 milijonov. Ako ne bi bilo dotočka deviz od turistov in jugoslovanskih delavcev na tujem, bi primanjkljaj vejetno narastel nad pol bilijona dolarjev. Med tem pokrajinske komunistične stranke — 6 po številu — dvigajo glave in hočejo pri vsaki stvari sodočevati. Se namreč upravičeno bojijo, da bodo drugače prikrajšane od federalne vlade, ki je večkrat brez prave moći, pa tudi poguma napram apetitom nekaterih republiških vlad in partij ji manjka.

Tako je že nastalo vprašanje, kaj pravzaprav pomeni Zveza komunistov Jugoslavije, ako republiške stranke lahko vsako akcijo zavrejo. To je uvidel končno tudi Tito, ki je za pretekli četrtek sklical letno konvencijo partije, ki so nanjo morale priti tudi delegacije iz vseh republik. Konferenca naj bi pokazala Jugoslaviji v svetu, da partija še zmeraj obstaja in nekaj pomeni.

Titovci se lahko tolazijo s tem, da vladajo podobne težave tudi v vseh drugih komunističnih državah srednje Evrope. Vse se ozirajo na Beograd, da vidijo kako se obnaša jugoslovanski gospodarski sistem. Glavno veselje nad beograjskimi težavami imajo pa v Moskvi, ki lahko svojim satelitom s prstom kažejo na Jugoslavijo in jeno "zavoženo" gospodarstvo.

Novi grobovi

Joseph Babnik

Po daljši bolezni je umrl 86 let star Joseph Babnik, mož Barbare, roj. Obit, oče Valery Fischer in Josepha, starci oče Richarda in Josepha 5-krat praoče, brat Marije Senekovič (Slov.). Pokojni je bil rojen v St. Vidu pri Ljubljani, od koder je prišel v ZDA l. 1967, bil zapošlen kot predstavnik pri W. S. Tyler Co. 47 let. Njegova žena Barbara je bila rojena v Bradocku, Pa., poročila sta se l. 1926 v Clevelandu. Pokojni je bil ustanovitelj in dolgoletni predsednik The Maccabees No. 1288, član ADZ št. 1 in Kluba slov. upokojencev za senkersko okrožje. Pogreb bo iz Železovega pogrebnega zavoda na St. Clair Avenue v ponedeljek ob enih popoldne na Highland Park pokopališče. Družina pripravlja namesto vencev darove za Slov. starostni dom na Neff Rd.

ZDA bodo umaknile eno divizijo iz Južne Koreje

WASHINGTON, D.C. — Vlada ZDA je sklenila umakniti edino ameriško divizijo, ki pomaga varovati črto premirja med Severno in Južno Korejo. To je 2. pehotna divizija s skupno okoli 20.000 mož. Prihodno počasno bo v celoti umaknjena v ZDA in stavljena v rezervo.

V Južni Koreji bo ostalo še največ 44.000 ameriških vojakov, med njimi letalske enote z 120 lovskih letal, pa tudi takojči jedrsko oružje. To skupaj bo po sodbi Pentagona dovolj za zavrnitev vsakega napada Severne Koreje, če bi se ta kdaj odločila za kaj takega.

L. O'Brien ostane na čelu demokratske stranke

WASHINGTON, D.C. — Lawrence O'Brien je precej omahnjeval, predno je sprejel načelninski napadjanju v odobritev nemškega glavnega odbora demokratemu parlamentu, dokler ne bo slike stranke. Postopno se je sprijateljal s svojo vlogo in je zdaj Berlina.

baje odločen ostati na tem mestu ter voditi še eno volivno letalskih sil za razpravo o kampanjo proti R. M. Nixonu. Berlinu je določen za 16. novembra.

KOTIČKOV STRIC OTROKOM

Praznik Vseh svetnikov in ta mi hodijo po lešnike. Sem jih vernih duš dan sta mimo. Lepa kupil nekaj, da jih imam pri rojstvu sta to, ker spominjata na ni. Ti skrbno gleda, da se v teh večnosti. Čeprav od starosti že dne ne prehlaši. In če boš po zemlji dišim, sem se potegnil kdaj utegnila, pa se še oglasi. Lepo Te pozdravljam.

Dragi Kotičkov stric!

Kako ste se kaj imeli med našimi počitnicami? Jaz sem se imela kar dobro, samo zelo sem bila zaposlena. Poleti sem se zelo malo igrala, ker smo dobili še eno punčko. Zdaj imam dve sestri in enega bratca. Mani sem rada pomagala v kuhinji pri pospravljanju, plenice je bilo treba prati in še na punčko paziti.

Nekaj kratov sem se šla kopat v bazen. Tri nedelje pa smo šli na Slovensko pristavo in v Zeleno dolino. Lepo Te pozdravlja

Silvia Krulc

Draga Silvija!

Vidim, da si bila res vsa v delu. Seveda, če Bogec pošlje v ogleda malo punčko, nič drugega ne pomaga. Mama ima dovolj dela že s tem, da vas vse kroti in da delo razporeja. Po-

Znam te storije, draga moja. Tu-

di v tistem gnezdu, iz katerega sem jaz doma, nas je bilo kakor toče. Starejši sem bil in sem bil za drugega ata. Svoje sestre in

brate sem vlačil sem in tja in kar je bilo najhujše — če je bi-

lo kaj naroče, sem bil za vse te-

tepen. Če bi mati vsakega posebej natolikti, bi se utrudili — ta-

ko so pa z enim tepežem vse o-

pravili. Jaz sem trpel, drugi so

pa strah dobili. Pa sem vesel, da

si za takšno pomoč. Lepo mi po-

zdravi tisto malo sestrico. In

mamo tudi. Tebi pa še posebej

lep pozdrav.

Viktor Kmetič

Dragi Viktor!

To pot sem Tvoje pisemce dobil. Veš, včasih se kaj zgubi med papirji pri časopisu, včasih pri meni, ker imam tako brklarijo v tej šendici, da se Bog u-

smili. Lončki, ponve, stare bukve, zdravilne rože, stari časopisi, počekani papirji — vse križem leži. Na hudimanovo

zgodaj vstaja, toda upam, da hodiš zvečer zgodaj spat. Mlad človek potrebuje spanje ne ka-

kor stari, ki lahko kar stope spi. Poleti je res lepo biti na vse zgodaj zunaj, ko ravno sonce priderca na obzorje. Tudi jaz imamo rad tiste tihé minute.

Zdaj boš pa revež in ko sneg pade, še hujši. Dobro se obeleci, fant, da kaj ne stakneš. Hvala Ti za pisemce in lepo Te pozdravljam.

Dragi Kotičkov stric!

Po poletnem času je prišla jesenska doba. Najprej sem jo opazila v gozdu. Kaj delajo živali v gozdu? Ta čas veverice nabirajo kostanj in želod za zimske dneve. Tudi druge živalice se skrbno pripravljajo za dolgo.

Tako, zdaj sem pri koncu. Nenimo. Listje na drevesu postaja kam smrkav sem v tehle dneh. rumeno, rdeče in rjava. Kmalu bo tudi odpadlo z dreves in po rož štefnal in prehlad nasadil. Stezicah bo polno listja. Jesen Ajbeža si bom skuhal koj zdaj je res lepa. V tem času dobe živali tudi gosto dlako, ki jih bo grela, ko bosta prišla mraz in mi zdravi.

Lepo vas vse pozdravlja vaš Kotičkov stric

Ulov rib na svetu

NEW YORK, N.Y. — Ribiški strokovnjaki trdijo, da je letno najavljenih na vsem svetu nekako 26 milijonov ton rib. Če upoštavamo, da živi na svetu okoli 3.5 milijonov ljudi, moramo ugotoviti, da ulov rib na vsem svetu ni velik.

Breme oboroževanja fare ZDA kot ZSSR

WASHINGTON, D.C. — Oboroževanje in redni izdatki za narodno obrambo rastejo, vsak nov obrambni sistem je dražji od prejšnjega in ZDA si ne more dovoliti, da bi v tekmi za najmodernejše v obrambne sile sveta zaostale. To bi ne bil konec le za nje, ampak nemara tudi za vse ostali svobodni svet.

Komunistični svet s Sovjetsko zvezo na čelu ni nikdar opustil priložnosti za vdor v nezavarovan svetovni prostor, zlasti še, če je videl, da ZDA ne kažejo zanj dovolj zanimanja. Prav tako je vsako priložnost izrabila tudi rdeča Kitajska! Moskva se je na ta način vselela na Kubo in v Egipt, rdeča Kitajska se utruje v Tanzaniji, Zambiji in Kongu.

Breme vzdrževanja močnih oboroženih sil ne tarje le našo deželo, še bolj pritiska na Sovjetsko zvezo, katere narodni dohodek je za več kot polovico manjši od našega. Vodniki sovjetske narodne obrambe zahtevajo vedno nova sredstva, komorajo skrbeti za Vietnam, Srednji Vzhod, za večjo vojno brodovje, za Kubo... Zahodni strokovnjaki trdijo, da ZSSR rabi v sedanjem proračunu za oborožene sile okoli 65 bilijonov dolarjev. Res kar težko breme.

"Kaj hočeš, moj ljubi? Če je moral človek zapustiti Goro, běžati iz Parisa na vozu sena in biti v okolici Bordeauxa obdan od Robespierresovih vohunov, se privadi marsičem. Torej nadaljuj! No, kaj je s tem klubom v ulici Saint-Jacques?"

"Tja je bil izvabljhen general Quesnel, in generala Quesnela, ki je zapuštil ob devetih zvečer svoje stanovanje, so našli drugo jutro v Seini."

"In kdo ti je povedal to lepo historijo?"

"Kralj sam, gospod."

"Povej prav; v povračilo za tvojo historijo," nadaljuje Noirtier, "ti hočem povedati neko novico."

"Menim, da že vem, kar mi hočete povedati, oče."

"Ah, ti veš, da se je izkrcal Njegovo Veličanstvo cesar na Francoskem?"

"Tiso, oče, prosim vas, prvič zaradi vas in potem tudi zaradi mene; da, vedel sem to novico, vedel jo celo prej, kakor vi, kajti zaradi nje sem prihitel v treh dneh iz Marseillea semkaj in nisem ničesar obžaloval bolj kakor to, da nisem mogel leteti takoj hitro, kakor moje misli, ki so mi gorele v možganah."

"V treh dnevi! Ali si blazen? Pred tremi dnevi cesar vendar še ni stopil na francoska tla.

"Vendar sem vedel za njegov načrt."

"In na kak način?"

"Potom nekega pisma, naslovljenega na vas z otoka Elbe."

"Na me?"

kazi! Če si dal ti kot rojalist kdaj usmrtili katerega mojih, ali mi je padlo kdaj v glavo, da bi ti rekel: 'Sin moj, ti si zgrešil umor?' Ne, ampak rekel sem: 'Prav gospod, bojevali ste se zmagonosno; jutri se vam povrne!'

"Toda, oče, bodite previdni, kajti kadar napoči naš dan, bode naše povračilo strašno."

"Ne razumem te."

"Vi upate, da vnovič posadite na prestol usurpatrja?"

"Gotovo."

"Motite se, oče; niti deset milj od obali ne prodre v notranjo Francijo, ne da bi ga zasedovali, preganjali in zajeli kakor divjo žival."

"Moj ljubi priatelj, cesar je ta hip na potu v Grenoble; dne 10. ali 12. marca bode v Lyonu, 20. ali 25. v Parisu."

"Ljudstvo se dvigne" ...

"Da mu pohti naproti in ga sprejme z odprtimi rokami."

"Njegovo spremstvo šteje samo nekaj ljudij, in z orožjem v roki se mu stopi nasproti."

"Vojaštvo ga kakor v triumfu spremi v glavno mesto. Resnično, moj ljubi Gerard, ti si še popoln otrok; meniš, da si poucen o razmerah izbornih, ker ti je tri ali štiri dni po izkrcanju povedal telegraf: 'Uzurpatr je priplul z nekaj možmi pred Cannes in se izkrcal. Zasledujejo ga.' Toda kje je in kaj počne? O tem ne veste ničesar. Za petami so mu, to je vse, kar veste. In tako mu bodo za petami do Parisa, ne da bi počila puška."

"Grenoble in Lyon sta zvesti mesti, ki se mu vpreta z vso odločnostjo."

"Grenoble mu odpre navdušeno svoja vrata; ves Lyon mu pohti naproti. Verjemi mi, poučeni smo tako dobro kakor ti, in naša policija je poučena boljše kakor vaša. Ali hočeš, da ti do kažem? Hotel si mi prikriti svoje potovanje, toda izvedel sem za tvoj prihod četr ure pozneje, kakor si prišel v mesto. Svoj naslov si povedal samo svojemu postiljonu, in vendar, jaz sem vedel zanj; dokaz za to je, da sem prišel k tebi v hipu, ko si hotel sestti k mizi. Pozvoni torej in daj prinesti še za jednega: jedla bodeva skupaj."

"Res," odvrne Villefort in se začudeneno ozire v svojega očeta, "res, videti ste dobro poučeni."

"Ej, moj Bog! Stvar je zelo priprosta: vi, ki imate zdaj v rokah oblast, imate sredstva, katera nudi denar; mi, ki upamo, da dosežemo oblast za bočnost, imamo sredstva, ki jih nudi udanost."

"Udanost?" pravi Villefort smehljaje.

"Da, udanost, tako se imenuje z dostojnim izrazom upajoča častihlepnost."

In Villefort oče hoče pozvoniti sam, da pokliče slugo, ki ga ni poklical njegov sin.

Villefort ga primega roko.

"Cujte oče," pravi mladi mož, "še jedno besedilo!"

"Govori!"

"Dasi je kraljeva policija tako slabia, ji je vendar znano nekaj strašnega."

"Kaj?"

"Opis človeka, ki je bil pri generalu Quesnelu ono jutro, ko je potem general izginil."

"Ah, to ve ona, ta dobra policija? In kakšen je bil ta človek?"

"Rujavega obraza, s črnimi lasmi, zalizci in črnimi očmi; na sebi je imel modro suknjo, zapeto do zadnjega gumba; na prsih trak Častne Legije, klobuk z velikimi krajci."

"Ali ti nisem rekel, da vaša policija ni vredna ničesar?"

"Da," pravi Noirtier, "oziraje se brezkrbno okoli sebe, 'če bi tega moža ne bil nihče svari.'

Toda to se je zgordilo, in on, pristavi smehljaje, "izpremeni svoj obraz in svojo nošo."

Pri teh besedah vstane, sleča skunjko in ovratnico, stopi k

"Ej, ej, ona ve to?" pravi Noirtier. "In zakaj ni prijela tega moža?"

"Ker ga je izgubila včeraj ali predvčerjanjem na oglu ulice Coz-Heron iz očij."

"Ali ti nisem rekel, da vaša policija ni vredna ničesar?"

"Da," pravi Noirtier, "Se priporočava za obisk!

Villefort opazuje njegovo po-

četje s strahom, ki ni bil brez občudovanja.

Red Cross Food Service is tremendous help to community

"COOKIE" LOVES TO COOK — After 14 years of steady volunteering for the Red Cross Food Service, Mrs. J. F. Cook of 6304 Lansing Ave., has earned the nickname of "Cookie". Here she is shown volunteering behind the food counter at the Red Cross Chapter Canteen.

Women who have a flair for cooking or meal planning and can volunteer a few hours once a week at the Downtown Red Cross canteen are urgently needed, announced Mrs. J. F. Cook, a Food Service volunteer for the Chapter.

Volunteers work half a day a week preparing the noon meal.

The main course, the salads, and the desserts are all prepared by volunteers. The volunteers also assist in the meal planning.

"Our volunteers receive on-the-job training," said Mrs. Cook. "But so much of what they learn comes from others. One woman may be good making spaghetti sauce, another may do well baking a cake, others may shine in tossing a salad."

"Bringing together all these specialists makes for a better meal," continued Mrs. Cook.

"A lot of our volunteers could be making good money in paid restaurant jobs, or in catering, but they prefer the rewards that come only from volunteer work.

"We have some women who want to be called whenever there's a large disaster where mass feeding is required. It does not matter if the fire is in the dead of night — these women want to be there."

"The husbands don't mind that the wives are volunteering either, because every woman who's ever volunteered in our Food Service has improved her cooking at least 100 percent."

WOMEN also have an option to assist in the Canteen of the Bloodmobile.

No hot food is served in the Bloodmobile Canteen, only cookies and donuts. Each donor is asked to drink some liquids and have a few cookies.

Since the Bloodmobile travels to all parts of the county, volunteers may want to volunteer at the mobile unit whenever it visits their home community.

BLACK CAT

An American motorist in Rome stopped a native and asked anxiously, "Do you have any black cats two feet long?"

"A few, signor," answered the Roman.

"Any black cats four feet long?" asked the American.

"It is possible, signor."

"Any six feet long?"

"But no, signor, that is ridiculous."

Came a voice from the motorist's wife in the back seat: "It's like I told you, you dope. You have just run over a priest."

KEY NOTES ARE DECLARED WINNERS IN POLKA BAND OF TOMORROW CONTEST

Cleveland, Ohio. — The 3rd Annual Polka Band of Tomorrow Contest and Picnic, held by Tony's Polka Party Radio Club, at the fabulous Recreation Center of AMLA on Sunday, Sept. 20, 1970 was another happy and memorable day for nearly 2,000 polka fans who streamed into the park on one of the most beautiful Sundays of the year to listen, dance and vote for their favorite teen age band.

The doings and contest were all held outside, on the same settings and decorations as for the Slab concert, with a band stand and dance floor on the green, John Copic's Fundways colorful booths on the midway, Tivoli Enterprises booth selling Slak's and Al Terček's new albums, also the famous lamb, pig and chicken B.B.Q., which did a thriving business, and people were fascinated by the automatic spits, roasting quite a number of them at the same time.

Our kitchen and refreshment stands were also very busy, keeping the guests happy and well fed. It really was great seeing so many of the people from the musical, cultural, fraternal, business, and civic groups in attendance. Tony Petkovsek M.C.'d, and introduced each band in the contest. Each played for half an hour, and people listened and danced also.

Winners, by vote of the people present were, the Key Notes with 355 votes; 2nd, Ralph Deligatti's 333; 3rd The Essence 149; and the 4th Fred Ziwick's 97. They are all to be commended for playing so well, it was a tough decision to make. Congratulations to the Key Notes Folk Band. They are 1st according Dan Gallo, 2nd accordion Gary Vidmar, Sax Dan Wojtila, banjo-guitar Don Wojtila, and drums Al Bambic. How to make hand iron give extra years of service

A good hand iron is all most homemakers need these days, now that wrinkles have all but been eliminated by electric clothes dryers, and by the development of permanent press, wash and wear, and similar easy-care fabrics.

Hand irons date back more than 60 years, and were among the first home appliances.

As with any household equipment, says The Illuminating Company, your hand iron will last longer and work better if it's used and cared for properly. Here are some suggestions:

Keep the sole plate of your iron smooth and shiny, so it glides easily. Be careful, when ironing over zippers or buttons,

not to scratch the sole plate. A scarred sole plate makes an iron harder to push. And dirt can ad-

here in the scratches.

If the sole plate becomes discolored from water, or burned on starch, restore the plate by washing it with warm soapy water, and wipe dry. (Do this when the iron is cool, and un-

plugged, of course!)

If that does not work, try scouring the plate with a moist cloth dipped in baking soda. As a last resort, rub it with very fine steel wool. Then polish by applying paraffin or beeswax while the iron is warm—but not hot. Rub briskly with a dry cloth until all traces of the wax are gone.

Never let any kind of plastic material stick to the sole plate, as it may be impossible to remove.

Home economists recommend that you stand when using a hand iron, unless some physical disability requires that you sit.

Ironing by hand while standing is easier and quicker, according to a study made by a French doctor, which found that ironing sitting down took 32-38% more effort, and also 16-20% longer.

The proper type of ironing board will also help you iron more comfortably. It should be a ventilated type. The padding should absorb heat, rather than reflect it back to you. (And to protect the sole plate of your iron, the padding on the board should be thick enough to let you iron over buttons easily.)

A frequent problem in ironing — scorching fabrics with too high temperature—can be easily avoided, if
