**Za lepšo, boljšo bodočnost**

Sodobni pojavi v človeški družbi vznemirjajo. Med plemenimi in narodi sveta tli sovraščo in zadobiva mnogokrat grozo vzbujajoče oblike. Pomislimo samo na napetost med belimi in črnimi v Ameriki ali Južni Afriki, na mrzlo vojno med Izraelci in Arabci ali na nesrečni Viétnam! Nemiri nezadovoljne mladine naokrog po svetu, razdor med mlačimi in starimi, že udomačeni socialni upori bi bili enaka senčna stran življenja človeške družbe. Kritični opazovalci teh pojavorov pravijo, da sodobni človek kljub svojim vrhuncem tehnike in civilizacije izgublja svoj stalež v videnem svetu in stvarstvu in da se nahaja v nekak trajni revoluciji. Moderna odkritja dvajsetega stoletja so ga zazivala v sanje o človeški vsemogočnosti, kateri ni več treba Boga, in zato bo bodočnost — tako dostavlja nekateri družboslovci — brezverna in brezbožna.

Ne smemo takega tolmačenja bodočnosti enostavno odrediti kot nestvarno in neresnično. Vsakodnevni pojavi nerodov v družbi govorijo preglasno besedo. In že se povajljajo med sociologi preroki temne, strašne bodočnosti v luči atomskih bomb, bacilnih vojn, pokrajinskih zastrupljenij ali celo vsespolnega uničenja naše Zemlje.

Z drugim vatikanskim koncilom stopa Cerkev na sestavno pozornico kot klicar lepše, boljše bodočnosti. Koncilska Cerkev gleda svet v moderni luči evangelija. Sodobnega sveta ne proglaša za hudobnega in nekrščanskega in vidne snovi nikakor za sedež vsega hudega. Po koncu vidi Cerkev veličastno celotnost Boga, človeka in sveta, priznava človekoljubnost modernih stremljenj socializma in liberalizma, a dostavlja svoj evangeljski nauk: Kdor ljubi Boga, ga mora ljubiti tudi v človeku in kdor hoče ljubiti in rešiti človeka, ga more samo z Bogom in iz Boga.

Kaj je pomenil človek v zgodbini? Stari vek ga je viden kot del narave, zemlje. Bogovi so mu bili naravne sile in človek sam se je smatral za del celotne narave. Suženjstvo se je smatralo za nekaj naravnega in samoobsebi u-mevnega — saj poznal tudi narava nešteto oblik usužnjene bodisi v rastlinstvu ali živalstvu. Poedini ni imel svojega dostenjanstva, mnogokod sta bila žena ali otrok kot slabši del družbe brezpravna, uboju in umori niso morali biti nujno zločini. Grška šola Platona in Aristotela je višek tedanje filozofije, ko pravi, da človek edini v stvarstvu pozna razlike med dobrim in zlim in da je on zato v stvarstvu najpopolnejše bitje.

Zgodovinski Kristus pred dvatisočletjem pomeni razdobje zgodovine človeštva. Njegov evangelij ljubezni do Boga in bližnjega dopolnjuje nauk grške filozofije in poveže človeka z Bogom.

Srednji vek je v svojem bistvu rast v novega, popolnejšega človeka, seveda polahnina in postopna rast. Suženjstvo nadomesti tlačanstvo, faraone in božanske cesarje absolutizem svetnih in tudi cerkevnih vladarjev. A še vedno ostaja srednjeveško človeštvo del nespremenljivega kozmosa — vesolja.

Novi vek štejemo od odkritja Amerike, ki pa je samo posledica odkritja človeka in njegovega posebnega položaja v stvarstvu. Kristusov nauk zori v nauku o človekovem dostenjanstvu in o človekovih osebnih in socialnih pravicah. Človek spozna, da mora svet, v katerem živi in ki ga po Kolumbu odkrije in po F. Magellanu objadra, sele zase pridebiti. Iz tlačanstva in feodalizma rastejo ljudstva v novo kulturo in civilizacijo in v najnovejšem času v najdrznejšo tehniko, rafinirano gospodarstvo in politično demokracijo. Z astronomizmom — odkrivanjem izvenzemskega kozmosa — započenja, tako sodi neki moderni filozof — prometejsko razdobje človeštva.

Koncilska Cerkev je klicar lepe, boljše bodočnosti. Poedinemu človeku priznava njegovo dostenjanstvo, naglaša njegovo pravico v svetnih občestvih in uveljavlja soodločajočo pravico laikov v cerkvem področju. Svoboda človekova se po njegovem nauku druži z njegovo odgovornostjo napravom občestvu. Premalo je živeti tako, da drugim ne škodujemo; sele služba bližnjemu v družini, narodu, človeštvi in v Cerkvi izpopolnjuje človekovo osebnost. Človeško delo, nekoč posel sužnjev in tlačanov in še v luči srednjeveške filozofije samo sredstvo človekove naravne samovzgoje, pomeni v luči končila človekovo sodelovanje in soustvarjanje s Stvarnikom. Končno naglaša koncil, da med razvojem človeštva in odrešenjem po Kristusu ni nikake ločitve. Božje kraljestvo ne plava nad dogajanjem na zemlji, marveč raste tod v zgodovini dvatisočletja in zori v svetu v svojo polnost. Svetna zgodovina in rast božjega kraljestva ne hodita vzporedno druga ob drugi, marveč sta medsebojno ozko povezani, se sicer razlikujeta, a medsebojno dopolnjujeta. Človeštvo si bo osvojilo vedno več sveta in narave, vedno vidnejša bo njegova sostvari-

teljska sila in vedno bolj očitno njegovo poslanstvo, da vodi svet in vse vidno stvarstvo v novo zemljo in nebo. Človekovo poedino življenje in zgodovina človeštva sta po nauku koncilske Cerkve tako usmerjena v lepo, boljšo bodočnost. To je in more biti končno samo odmev absolutne bodočnosti božje.

Z Ameriško Domovino sva zadovoljna in nerada bi bila brez nje. Meni sedaj posebno ugaja Finžgarjeva povest "Pod slobodnim soncem", čeprav sem jo že brala v mladih letih v domovini. Večino vsebine sem že pozabil, a dobro se se spominjam Iztoka. Mojemu bratu se je takrat to ime tako dopadol, da je dal ime Iztok mlademu psičku.

Zeliva Vam dosti zvestib naročnikov in celo objekte iskreno pozdravljava!

Zelim Vam dobrega uspeha in

Zelenje in nega ustnic

Skupaj z očmi so usta, negovana in pravilno licena, najvažnejša za lep videz obraz. Pravilna nega ust zahteva čez dan rdečilo odlične kvalitete, tako da ne suši ustnic, hkrati pa ni toliko mastno, da bi puščalo sledove.

Zato si naj vsaka gospodinja izbere za geslo: "Samo dobro je v resnicu poceni". Stvari iz dobre blage trajajo leto in leta.

Posebno v času med vojno je bila vsaka gospodinja vesela, če je imela rjuhe, odee, obleko, namizno perilo dobre kakovosti.

Vse to je preživelno vojno. Iz starih oblik je sešila in kombinirala nove.

Isto je pri živilih. Če kupiš boljši riž, ga je manj treba, ker se bolj nakuha.

Kadar kupujemo, kupujmo s premislekom; raje manj, pa tisto res dobro. Za gotovo ne kupujmo različnega "kiča", kot pravimo ničvrednemu blagu.

Ličenje in nega ustnic

Skupaj z očmi so usta, negovana in pravilno licena, najvažnejša za lep videz obraz. Pravilna nega ust zahteva čez dan rdečilo odlične kvalitete, tako da ne suši ustnic, hkrati pa ni toliko mastno, da bi puščalo sledove.

Zvezčer pred spanjem ustnice očistimo z lepotilnim mlekom in jih namažemo s posebnim brezbarvnim ličilom, če se rade pokajo.

Pri izbiri barve ličila moramo paziti, da glede na dnevni čas izberemo primerno barvo. Pri dnevnih svetlobi bo barva izgledala učinkovitejša kot zvezčer, pri neonski razsvetljavi pa bo isto rdečilo zelo izgubilo barvo.

Zgodi se nam, da ko rdečilo kupujemo, je drugačno kot potem, ko ga pogledamo in uporabimo doma. Navadno pa na rdečilo vpliva tudi pigment ust, tako da izgleda eno in isto rdečilo zelo različno. Zato bi bilo najboljše, če bi rdečilo lahko pred nakupom preizkusila na ustnicah, ne na roki.

Zelo prikladno je, če imamo vsaj dve ali več različnih barv, ki pristajajo barvam oblike. Ne kaže primerov; k modri oblike lepo pristoji roza rdečilo, k drap in rjavim tonom oražno in drap, v različnih odtenkih.

Blondkam najlepše pristajajo koralno roza, hladno oranžna in najsvetlejša ciklamna. Zene s črnimi in kostanjevimi lasmi pa bodo dobro izbrale, če se oddočijo za čisto roza ali lahko roza.

Sedanja moda ličenja ustnic je vedno priporoča nevpadljive, svetle tone. In za večerne priložnosti svetleče rdečilo, ki ustnice poudari in osveži.

**Ženska košarica****Kako prav kupujemo**

V življenju gospodinje je eno izmed zelo važnih opravil: kupovanje. Skozi njene roke gre mnogo denarja. Navadno se gospodinja niti ne zaveda, kako pomembni so njeni nakupi. Seveda, če misli na dolarje, ki jih mesečno izda za hrano svoje družine, to ni veliko. Je pa na sto tisoč, milijone gospodinj, ki z enakim, manjšim ali večjim izdatkom sodelujejo pri usmerjanju skoraj celotnega svetovnega gospodarstva.

Gospodinj se mora že v okviru svojega malega gospodinjstva na nakupovanje razumeti. Z vsakim kvodrom, ki ga po nepotrebnem izda, oškoduje svojo družino.

Preden gremo kupovati, moramo vedeti, kaj bom kupil. Ker, če kupimo kaj napačnega, kaj nepotrebrega, nas potem jezi, se kesamo in smo nezadovoljni. Pogosto kupimo stvar, ki je lukus, ki je odveč v našem gospodinjstvu. Tudi, če kupimo blago cenene kvalitete, navadno škodujemo sami sebi. Ker, kdor poceni kupi, kupi drag. Pred kratkim je Liza kupila hlačke za enolet

**Sen. Muskie še zmeraj simpatičen volivcem**  
PRINCETON, N.J. — Gallupov zavod je pri zadnjem povpraševanju dognal, da senator E. Muskie še ni pozabljen med volivci. Dočim je Nixon za 15 točk pred Muskiem, je Muskie tako pred Humphreyjem kot pred Edwardom Kennedyjem. Muskie ima posebno veliko prijateljev med demokratskimi izobraženci in demokratimi "neodvisnimi".

**Ohajsko članstvo praznuje 75-letnico prve slovenske braške organizacije - KSKJ**

Cleveland, O. — Ameriška Slovenska Katoliška Jednota — KSKJ ima edinstveno čast, da je prva in najstarejša slovenska bratska organizacija v tej deželi. Ustanovljena je bila 2. aprila 1894.

To jednoto je ustanovila skupina mož, ki so bili pionirji in tuji v tej naši veliki deželi. Imeli pa so daljnovidnost, hrabrost in prizadevnost prebiti se v ospredje in ustavnaljati društva v pomoč svojim rojakom in njihovim družinam ob časih bolezni in smrti.

Može in žene Ameriške Slovenske Katoliške Jednote pa niso bili samo delavniki fraternalisti, temveč so tudi vzgajali svoje otroke v strahu božjem, učili so jih ubogati postave svoje dežele in spoštovati svojega bližnjega. V srcu svojih sinov in hčera so vsadili pravo ljubezen in neomajno zvestobo napram tej naši čudoviti deželi, ki nam nudi tako velike priložnosti, ki se jih lahko poslužimo, v svojo korist, če uporabljamo svoje telesne moči in svoj razum.

Vsako leto postajamo ponosnejši na svojo narodnost in njen bogato dediščino, toda ponosni, da smo Amerikanci.

Ohajčani bomo praznovali 75-letnico KSKJ v nedeljo, 5. oktobra pri Sv. Vidu v Clevelandu. Za to proslavo je pripravljen sledi:

**Črni študentje se vnemajo za visokošolske študije**

WASHINGTON, D.C. — Federalni statistični urad je poročal, da se je število črnih študentov na visokošolskih zavodih dvignilo od 1. 1964 do 1968 za 85%. Lani jih je bilo že 434,000

ali nad 6%. Vseh študentov je bilo vpisanih 6,800,000. Prirosek belih med 1. 1964 in 1968 je pa znašal le 46%.

Črni študentje so se vpisovali še enkrat hitrejše kot beli. Statistika dalje ugotavlja, da je bilo 22% vseh študentov poročenih in da so živelii v družinskom gospodinjstvu.

NARAVNOST V KOS — Jackie Benington, Miss America Junior 1969, je vrgla naravnost v kos za odpadke, kar je pobrala s tal. Pomagala je v kampanji za čistočo v mestnih parkih New York Cityja.

**Dopolnilo in pojasnilo k "Romanju ameriških Slovencev po Evropi"**

Saj se je tega zavedal tudi sti Ribničan, ko je s svojim fantičem krošnjari in prodal rešeta, rete in drugo suho robo po Gorenjskem. Prišla sta vsa trudna do Tacna pod Šmarino goro in bi rada čez Savo. Ker takrat še ni bilo znanega želesnega mostu, so ljudi, živino, vozove ... prevažali čez globoko reko z deročo vodo z brodom, seveda proti plačilu. Ribničan, ki je moral gledati na vsak krajec (dva vinjarja), pa se je pogodil z bližnjim mlinarjem, ki je imel dva čolna, da bo popravil raztrgane rete in rešeta, on naj mu pa posodi čoln in bosta tako oba zadowljena. Mlinar, vesel, da bo imel sita in rešeta ter rete v redu, popravljene, jima je še dal precejšnjo skledo kislega mleka in rženega kruha. In tako pokrepčana sta znosila vso suho rob v čoln ter zaveslala v Savo v smeri, kamor jima je naročil mlinar, da mu tam pustita čoln. Bilo je poldne in s Šmarne gore se je sišal zvon, ki je vabil k opoldanski molitvi: tudi krošnjari sta molila in se potila, ker voda je že zanašala obremenjen čoln. Zaneslo ju je v deroče valove in Ribničan je uvidel, da gre za res. S tresocičimi rokami se je upiral ob vresla in klical: "Križ božji, kaj bo pa zdej! Sin'k, mol! Marija s Šmarne gore, pomagaj! Tja gor Ti bom poromal in taku svejčo Ti bo pri-

šgal kukr' žrd." — "Oča, preveč ste obljudil!" Kaj bodo pa mat' djal', doma jih je še vosem potleg mene." — "Tihu bod kruta, pa mol' ko plavat ne znaš, da prideva s čolnom do brega, tam ti bom nekaj povejvod." Ko sta z velikim naporom, vsa premičena znotraj in zunaj privlekla čoln na breg in je fantič vprašal: "No, oča, zdej pa le pojevite tistu, kar ste mi obljudili", da mi boste povejvod." — "Vejiš, sin'k, oblubit pa djeti sta dve reči. Prve se zmeraj drž, druge pa kukr' ti kaže." Spraznila sta čoln ter ga suhi travni dogovorjen kraj, ker ju je zelo daleč zaneslo. Potem sta po vaseh ponujala suho rob in rženega kruha. Na gori je stopil k mežnarju in sta napravila kupčijo; popravil mu je par rešet in rete, on mu je pa dal svečko, katero je hvaležno prizgal Mamki Božji v velikem oltarju: "V zahvalo in priporočilo" — v zahvalo za nazaj ter v priporočilo za vnaprej! Res sveča ni bila velika, pa Mati Božja je bila tudi svečke vesela, saj je bila pričgana v hvaležni molitvi.

**Zborovanje angleške delavske stranke je veselo razpoloženo!**

BRIGHTON, Ang. — Angleška delavska stranka ima teden svoje letno zborovanje, ki se ga udeležuje 1,171 delegatov. Zanimivo je, da ima vsak delegat toliko glasov, kolikor unijških članov zastopa. Prejšnja leta ni bilo razpoloženje na občinem zboru veselo. Je zmeraj prišlo kaj vmes. Ali je bila stranka v opoziciji, ali je vladala v deželi brezposelnost, ali so unije morale v velike in tvegane štrajke, ali je vladala kriza v deželi, itd. Letos vsega tega ni.

Stranka sedi trdno na vlasti, ministrski predsednik Wilson zopet vživa simpatije politične javnosti. Na vidiku ni nobene krize, primanjkljaj v zunanjem trgovini se bliža koncu. V planilni bilanci bo prihodnje leto celo prebitek, ki je bil dolga leta neznan pojav v angleškem gospodarskem svetu. Prejšnja leta so bili konzervativci za 20 do 25% na boljšem v javnem mnjenju, letos so le še za 9%, kar je malo za stranko, ki je v opoziciji. Zato ni čudno, da kar 86% stranknih pristaev odobrava Wilsonovo politiko.

Na zborovanju ni bilo nobenega nerganja, še celo strankini levicarji so letos tiho. Prejšnja leta so stranko redno potiskali v krize. Tokrat vlada v stranki edinstv in solidarnost, ki je že dolgo ni bilo. Tudi boj za resolucije je letos zelo mil. Saj delegatje tako vedo, da vlada in poslanci niso odvisni od unije, čeprav so unije steber in hrabtemica delavske stranke.

Barometer za razpoloženje na občinem zboru je resolucija "Dnevni red za generacijo". Je to resolucija, ki vsebuje v glavnem vse točke za prihodnji volivni program, pri tem pa volitve še niso na vidiku. Strankino vodstvo računa torej s tem, da se deželi ni treba batiti običajne zaskrbljenosti, kaj bo z gospodarskim razvojem in kako bo treba omejevati socialno politiko.

## POD SVOBODNIM SONCEM

Epafrdit je odposlal takoj Numido s tajnim pismom v carsko palačo do evnega Spiridiona. Povabil ga je opolnoči na razgovor. Vedel je da trdno, da evnuh pride, naj mu gre za glavo. Zakaj lakomnik ni poznal nevarnosti, kjer je slutil dobro plačilo.

Ko se je zgrnila noč, brez mesečine, je zagonzelalo po Epafrditovi vili, po vrtu med pinijami in oljki do pristanišča.

Triple Flavors, Triple Fun

Even the most dedicated calorie-counter yearns for that sweet something now and then, but not at the cost of hard won "losses."

Maybe she dreams of those soda fountains where she whiled away many childhood hours indulging in sundaes with all the works.

A new Lite Line ice milk just introduced by the Borden Dairy and Services Division lets a weight-watcher have fun with food but keep her figure, too. It's low in fat and 100 per cent delicious—a smooth, lighter-than-ice cream-taste.

Why not choose from these popular flavors: pineapple-orange, chocolate nut sundae, a vanilla-strawberry.

chocolate combo, a swirl of vanilla-fudge or vanilla-strawberry. Serve a scoop of each in a tri-cupped dish.

Let the mini-eaters enjoy ice milk plain, the maxi-eaters all the extras.

For the maxi-eaters and the do-it-yourselfers, add to the nostalgia of old-time soda fountains by setting out bowls of fixings—chocolate syrup, marshmallow fluff, flaky coconut, maraschino cherries, walnuts in syrup and whipped cream.

## SPORTS

### TOO MANY FOOTBALL EXHIBITION GAMES

Realignment will affect the structure of pro football next season, and there will be 13 teams in both the National and American conferences of the National Football League.

It is a time of change, and it seems like an opportune moment for the people who run the sport to take a close look at the period of exhibition play.

The six-game pre-season is under attack on many fronts. Players and coaches seem united in the belief that it is too long.

An example would seem to be the fact that the Rams and Colts who were scheduled to open the season against each other in a monumental collision in the Coastal Division, couldn't even open without some injuries.

So, on opening day, the two best teams in the division were not up to par.

Why the exhibition games? Because pro football is so popular that an extra exhibition game brings in more than a few extra dollars.

NEXT YEAR, when divisional structures are altered, it is likely that there will be fewer exhibitions and more regular season

contests.

You hear that the pre-season slate may be limited to three games. But whether it's three, four or five, it will be an improvement on six.

### COLLEGE FOOTBALL ATTENDANCE ON INCREASE

In the past seven seasons, college football attendance has zoomed from 20,677,604 in 1961 to 27,025,846 in 1968, an increase at a rate of almost 1,000,000 a year. This centennial season, with interest higher than ever, there is every reason to believe that the gate will go over 28 million.

From these figures, it would appear that college football has no financial problems. Actually, inflation is putting pressure on the game, just as it is on the average American household. Football must not only pay its own way, but it must shoulder the costs of various non-revenue sports, with the result that many athletic departments are operating in the red or close to it.

The University of Florida, for example, has an operating margin of less than \$20,000 in a tight budget. The school's president, Stephen C. O'Connell, said recently, "One bad football game ticketwise, would ruin us."

SENIOR CITIZENS can find a friendly voice, a helping hand and the answers to their unique problems through the Senior Information Center, a Red Feather agency at 1005 Huron Rd.

Mrs. Ruth Jenkins, executive director, finds a variety of questions from the elderly facing her every day.

"We get telephone calls about housing, health, employment and nursing homes," she said.

"We need more for the elderly than this community has provided up to now. There is always a need for volunteers to take the elderly shopping, on visits to the doctor and dentist or just for a short drive to get them away from the four walls that surround their lives," said Mrs. Jenkins.

The familiar green telephone truck will soon be no more. The deep olive green that's said "phone company" for 40 years is going out of business. IN ITS PLACE — making Ohio Bell's phone rounds around the state — will be a bright white-topped, blue and yellow striped, foam-green-bottomed truck sporting a sleek new Bell seal on its side.

The new color scheme and seal are expected to make their debut on new trucks beginning in November.

And Ohio Bell says this is just the start.

"We're going all out to go mod," it admits, "though we're not quite switching to flower-power. But from here on in, we're going to begin showing our colors for what we are — a dynamic company on the move to tomorrow — on everything, and everywhere."

"All our public 'faces' — from phone booths to displays to mundane things like envelopes — will also be sporting a total new look before long, but this is still in the planning stages."

### CHRISTMAS MAIL FOR ARMED FORCES OVERSEAS

Officer in Charge of the Cleveland Post Office Elmer E. Forsberg advised that the following periods have been designated for mailing Christmas parcels to members of the armed forces overseas.

1) Surface transportation — October 13 to November 8.

2) SAM (Space Available Parcel Airlift) — Oct. 20 to Nov. 22.

3) PAL (Parcel Air Life) — Oct. 27 to Nov. 29.

4) Airmail — Dec. 1 to 13.

Space available mail (SAM) is limited to gift parcels weigh-

ing not more than 5 pounds and measuring not more than 60 inches in length and girth combined,

addressed to members of the armed forces overseas in Viet-Nam. This type of mail will be air-lifted from the West Coast even though prepaid at the surface rate.

Parcel Air Life (PAL) is any parcel weighing up to 30 pounds and not exceeding 60 inches in length and girth combined, addressed to members of the armed forces overseas will be transported on a space available basis upon payment of \$1 fee in addition to the regular surface rate of postage.

GREETING CARDS for the armed forces should be mailed within the period designated for parcels if they are to have a reasonable expectation of delivery prior to Christmas.

Mr. Forsberg further advises that addresses on parcels and greeting cards must be legible and complete, and should be prepared by typewriter or pen and ink. In addition, he said, "The five digit APO or FPO number is an essential part of these addresses."

## FATAL FLAW

Threats of consumer strikes have raised their ugly heads once more. And again, they hold a common fatal flaw. They are aimed at the symptoms of inflation, rather than the cause. In various parts of the country, consumer spokesmen have urged the boycotting of meat. The idea is that high meat prices are the fault of meat producers and retail merchants. Yet, they are merely victims of inflation, just as are the boycotters.

One consumer, who happens to live in a meat-producing section of the country, raises some questions that meat price protesters may find difficult to answer. She says: "Should we 'boycott' the truck dealer for a truck that costs \$1,800 more than in 1952? Or, should we boycott the lumberman and ask our friends to do likewise for lumber that costs \$400 per 1,000 board feet? Should I hurt the lumber worker who received \$1.83 per hour in 1952 and now receives \$3.05 per hour? Should we boycott the hay baler manufacturer for this equipment that costs \$2,000 more than in 1952? ... Some blame pre-packaging of meat, but I'm sure Mrs. Consumer won't trade the luxury of our modern supermarket ... for the old country butcher shop."

The time spent futilely blaming our neighbors for inflation could more profitably be spent gaining a better knowledge not only of the reasons for inflation — governmental monetary and fiscal policies — but also for a better understanding of the principles of the free market that have resulted in the most efficient, high volume, retail, mass distribution system the world has ever known. Under the compulsive drive of this system, each merchant — chain, independent, discounter — is seeking to do the best job he can for the consumer. That is the only way he can stay in business in a competitive market.

## SIGNS IN THE STARS ARE WATCHED BY MANY BEFORE TAKING A COURSE OF ACTION

New York, N.Y. (ED)—With the moon and the stars in reach of modern man, nothing could be more natural than our renewed interest in the profound and centuries-old subject of astrology.

Today, some Paris and New York fashion designers avoid bringing out new collections under unfavorable planetary devices, there is an astrology marriage guide and an astrological dating services, and 1200 of the 1750 daily U.S. newspapers regularly print horoscope columns. The influence of astrology is so great that horoscope casters are even asked the outcome of political situations.

Ancient man was even more fascinated with the stars as signs than we are and clay tablets with astrological maxims, dating from 3000 B.C. have been found in archeological excavations near the site of ancient Babylon.

WHEN ASTROLOGY was introduced to Rome about 100 B.C., it soon became a chief amusement. Astrologers even gave out tips on the daily chariot races. Shakespeare included a reference to this craze for astrology in *Julius Caesar*: "The fault, dear Brutus, is not in our stars, but in ourselves..."

Today, we realize the fascination of astrology without adhering to it strictly. As one famous astrologer says, "The stars impel, they do not compel." Yet, what more fabulous theme for a social gathering? Why not be in the avant garde and invite some of the more interesting signs you know to a Zodiac cocktail party?

American machine made clear glass tumblers decorated with stylized gold motifs of the Zodiac signs, plus complementary glass coasters set the scene. If you plan it carefully, each guest can receive his own Zodiac sign glass. And the glass coasters can also double as ashtrays for the busy hostess.

AVOID the usual cocktail patter and instead supply your guests with materials to make up their own astrological charts. It's a simple matter of paper, pencils and astrology books—and quite a different way to entertain.

And for hors d'oeuvres, dazzle 'em with Pisces Pick-Ups—tangy clam tidbits flanked by dunking sauce:

### PISCES PICK-UPS

18 Little Neck Clams  
½ tsp. garlic salt  
1 tsp. minced parsley  
½ cup soft bread crumbs  
2 eggs  
2 tbs. butter  
½ tsp. dry mustard

Worcestershire sauce

Salt and pepper

Cook clams for one minute, drain and chop fine. Add garlic, parsley and soft bread crumbs. Season with Worcestershire, mustard, salt and pepper. Beat with one egg and butter until stiff, then form into small balls. Roll clam balls in mixture of second egg and bread crumbs, fry in deep fat till browned. Drain and serve. Makes 18 Pisces Pick-Ups. Serve on toothpicks, with side glass dish dip of one-half sour cream, one-half mayonnaise.

Hungry Taureans are apt to get somewhat bullish. Appease their appetite with this tasty dish, a take-off on tiny meat balls with a different twist:

### TAURUS MINI-BURGERS

½ lb. top quality ground round

½ cup finely grated onion  
1 tbs. Burgundy wine  
½ cup bread crumbs  
½ cup grated celery

Mix all ingredients well, roll into tiny bite-sized balls and broil for three minutes. Transfer to ceramic electric skillet to serve very hot with toothpicks. Makes about 18 Taurus Mini-Burgers.

To round out the Zodiac menu, let Capricorn have his own dish—tasty stuffed mushrooms are sure to please almost every sign:

### CAPRICORN CRUNCHES

1 cup crisp bacon bits  
(available in glass jars at grocers)

1 tbs. butter  
18 large fresh mushrooms  
2 tbs. sour cream

Paprika  
Scoop out mushrooms to form shell, chill well before preparing stuffing. Saute one cup of prepared bacon bits in butter. Allow bacon bits to cool, then mix with sour cream. Spoon bacon mixture into mushroom shells, and add a dash of paprika to top of each. Makes 18 Capricorn Crunchies.

And to herald the Aquarian Age, serve up this frosty punch, dazzlingly pretty when served in a sparkling glass bowl:

### AQUARIUS PUNCH

½ cup fine granulated sugar  
1 cup fresh or frozen orange juice  
½ cup lemon juice

1 pint raspberry sherbet  
1 bottle (28 oz.) ginger ale

Combine first three ingredients in a large glass pitcher, stir till sugar dissolves. Mix with sherbet in electric blender until frothy, pour into punch bowl. Add ginger ale before serving, crushed ice if desired. Makes about 2 quarts Aquarius Punch.

Or fill up the Zodias glasses with something a little stronger like this light-hearted fruit and rum drink.

### VIVA LIBRAS

1 ounce light Jamaican rum  
½ ounce lime juice, fresh or bottled  
½ ounce orange-flavored Cointreau  
½ teaspoon powdered sugar  
Blend in shaker, serve over ice in a Zodiac glass. Garnish with a sprig of mint. Makes 1 Viva Libra.

Whatever your horoscope, if you follow these recipes and use the Zodiac accessories, you will be destined for successful party giving. After all, it's in the stars!
