## RAZNO IZ AMERIKE IN INOZEMSTVA

NOVA VOJNA V EVROPI zamore vzplameti vsak čas in, kakor pred dvajsetimi leti, bo imela zopet svoj izvor v Avstriji.

Pred dvajsetimi leti je dan neposredni povod za vojno atentat na avstrijskega prestolonaslednika, dne 25. julija 1914 pa je padel kot žrtev atentatorjev Engelbert Dollfuss, kancler in diktator sedanje prisijene Avstrije. Ustrelili so ga "naciji" v kancelarski palači na Dunaju.

Iz Italije so takoj pa dunajskih dogodkih došle vesti, da je italijanska armada pripravljena na meji, da vkoraka v Avstrijo, če bi bila v nevarnosti njena neodvisnost. Istotako se je takoj poročalo, da je vojstvo Češkoslovaške in Jugoslavije pripravljeno za vsak slučaj. Državniki V. E. Britanije, Francije, Italije in Male antante so skoraj v nepretrganih posvetovanjih. Da si le jim bo posrečilo preprečiti novi evropski vojni požar, bo pokazala bližnja bodočnost.

Naciji (pristaši Hitlerja v Avstriji) so dne 25. julija vpravili nenaden "puč." Kakih 300 nacija, ki so bili oblečeni v uniforme zdgodinskega Deutschesmeister regimenta, je okoli 1. ure popoldne zavzel zvezno radio oddajno postajo. Nato so potom radia naznanih javnosti, da je kancelar Dollfuss odstopil.

Kmalu nato je ista četa nacija zavzela kancelarsko palačo. Kancelar Dollfuss je bil ustreljen, vsi ostali uradniki in usluženci v kancelariji pa so bili ujetniki nacijev toliko časa, da so atentatorji dobili vladno zagotovo prostega odhoda preko meje v Nemčijo. Nato so še nacija predali kancelarsko palačo regularni armadi in policiji. Med ujetniki nacija v kancelarski palači je bil tudi Emil Fey, bivši podkancelar in junak Heimwehra, in njega so nacija prisili, da se je z vojaštvom in obstoječimi oblastmi pogajal za prost odhod atentatorjev.

ZASILNA odpomožna organizacija, zvezne vlade je izdala že nad 20 milijonov dolarjev v pomoč po suhi prizadetemu prebivalstvu našega srednjega zapada in zapada. Okrog 400,000 družin je na odpomožni listi. V mnogih krajih primanjkuje vode za ljudi in živino in federalna odpomožna organizacija zaposluje mnogo farmerjev z vrtanjem vodnjakov in kopanjem rezervoarjev za zbiranje vode sušnih potokov. Lastniki posestev, kjer so bili potom odpomožne vladne organizacije izkopani vodnjaki ali zgrajeni rezervoarji, morajo podpisati pogodbo, glasom katere smoje vodo iz istih rabiti tudi sosedi.

VROČINA prejšnjega tedna je v mnogih krajih Zedinjenih držav prekosila vse dotedanje rekorde. Prizadeto je bilo vse ozemlje med Wyomingom in Alagheny gorovjem na vzhodu. Vročina 100 stopinj je bila v mnogih krajih skoraj običajna, marsikje pa je bila še višja. V Oklahomi, na primer, je dosegla 117 stopinj. ## KONEC DILLINGERJA

Najdrznejši izmed sodobnih ameriških banditov je padel dne 22. julija v Chicagu pod krogami federalnih agentov. John Dillinger je imel precej dolgo zločinsko kariero. Najprej je prišel v navzkrije s postavo, ko je oropal neko trgovino v Mooresville, Ind. Za ta čin je dobil več let ječe v državni jetnišnici v Indiani. Meseca junija 1933 ga je pred potekom kazni governed McNutt pomiloval in ga izpustil na svobo- do.

Od takrat naprej je bilo Dillingerje življenje skoro nepretrgana vrsta ropov in držnih ekspad. V septembru lanskega leta je bil arretiran v Daytonu, Ohio, kot voditelj bančnih ropov v New Carlisle, O., Farrell, Pa., Indianapolis, Ind., in Bluffton, O. V vseh teh ropih si je Dillingerjeva tolpa prisvojila \$85,500.

Iz ječe v Lima, O., kjer je čakal obravnavne, so ga izpustili trije njegovi tovariši. Serif Jesse Barber je bil pri tem smrtno obstreljen. To se je zgodilo 1. oktobra.

Dne 20. novembra je bila oropana banka v Racine, Wis., za vsoto \$27,000. Kot vodja roparjev je bil spoznan Dillinger.

Dne 14. januarja 1934 je bila oropana banka v East Chicagu, Ind., za vsoto \$15,000. Pri tej priliki je bil ustreljen policaj W. P. O'Malley. Vodja roparjev je bil Dillinger.

Dne 25. januarja je bil Dillinger obenem z dvema svojima tovarišema arretiran v Tucsonu, Arizona. Prepeljan je bil z aeroplano v Crown Point, Ind., kjer bi se bila imela vršiti napram njemu obravnavna zaradi O'Malleyevega uboja.

Dne 3. marca si je z leseno pištole izsilil prost pot iz ječe v Crown Pointu. Z njim je pobegnil tudi črnec Herbert Youngblood, ki je bil 16. marca ustreljen v boju s policijo v Point Huronu, Mich. Youngblood je pred smrtno izjavil, da je bil pri dotičnem strelenju udeležen tudi Dillinger, ki pa je ušel. En pomožni šerif je bil v tistem boju smrtno ranjen.

Dne 31. marca si je Dillinger v družbi nekega tovariša in neke ženske izstrelil pot v protest iz pasti, katero so mu bili nastavili detektivi v St. Paulu, Minn.

V nedeljo 8. aprila se je Dillinger mudil na farmi svojega 73letnega očeta v Mooresville, Ind.

Dne 12. aprila je Dillinger v družbi enega tovariša napadel policijsko postajo v mestu Warsaw, Ind., kjer je vzel štiri proti krogom varne jopiče in dva revolverja. Pri tem je prepel policijca J. Pittengerja.

Dne 20. aprila se je polastil letovišča blizu mesta Mercer, Wis. Ko so ga dva dni pozneje detektivi in policisti v omenjenem letovišču obkollili, si je izstrelil pot v svobodo. Pri tem sta bili dve osebi ubiti, štiri pa ranjene.

Dne 30. junija je bilo poročeno, da je Dillinger oropal banko v South Bendu, Indiana. Pri tem je bil en policijci ubit, trije pa ranjene.

Dne 22. julija so Dillingerja ustrelili federalni agenti, ko je stopil iz nekega malega kinogledališča v severnem delu Chicagoa. Detektivi so bili dobili tajno obvestilo, da bo Dillinger dočasno popoldne obiskal omenjeno gledališče. Detektivi so počeli vredno.

Pes mora dobiti iz vsega vsega obnašanja vtiš, da je vaš obisk tuje hiše popolnoma početen in v redu.

## NOVO DRUŠTVO J. S. K. J.

V Cassville, W. Va., je bilo 15. julija ustanovljeno novo društvo JSKJ. Društvo si je izbralo ime "Novi bratje" in je iz glavnega urada prejelo št. 226. Novo društvo je ustanovil sobrat Matt Golob, član društva št. 122, Homer City, Pa., ki stanuje sedaj v Purglove, W. Va. Pristopili so slednji člani: Charles Dargis, Jerry Frantich, Frances Franetich, Frank Kocjančič, Mary Kronke, Joe Martin, Jake Psić, Josip Stančić in Louis Zakrajšek. Skupaj 9. Uradniki so: Louis Zakrajšek, predsednik; Matt Golob, tajnik in Jerry Franetich, blagajnik.

Rastlinstvo zahteva za svojo rast gorkote in vlage. Kjer ne uspeva rastlinstvo, ne morejo živeti niti živali niti človek. To jasno dokazuje velike neoblažene puščave, kjer vsed pogankanje vlage ne more uspevati rastlinstvo.

Ponekod, posebno na našem jugozapadu, so že razsežne puščave izpremljene v rodovitna polja in sadovnjake, enostavno s tem, da so za namakanje potrebno vodo napeljali iz bližnjih ali oddaljenih rek in jezer. Povsod pa to ni mogoče storiti, ker bi bila napeljava vode predraga.

ANTON ZBAŠNIK, glavni tajnik.

## PASJE POMOTE

Psa se v splošnem smatra za najzvestejšega prijatelja človeka med živalmi. Temu bo deloma vzrok to, da je pes že od pradavnih časov živel s človekom, deloma pa tudi dejstvo, da so psi in konji najbolj inteligenčni domači živali.

Pes čuva hišo in drugo premoženje svojega gospodarja, obenem pa je tudi pripravljen braniti svojega gospodarja pri vsaki priliki. V svoji preveliki gorenčnosti pri čuvanju svojega gospodarja in njegovega imetja pa pes dostikrat napade čisto nedolžne ljudi, ki ne nameravajo niti slabega.

Kakor vsi ljudje niso enaki, tako je tudi neboj razlik med psi, ki so poleg tega razdeljeni še v neštevilne pasme s posebnimi lastnostmi. Kakor pri človeku, je pa tudi pri psu mnogo odvisno od vzgoje. Po svoji pasji pameti pes tujega človeka večkrat napade sodi in si napočno razlagajo njegove namene. Ljudje, ki morajo po svojih poslihodihi od hise do hiše, kot nadzorniki plinskih in električnih meril in kolektorjev, se mnogokrat čisto po nedolžnem seznanijo s pasjimi zobmi, kar nikoli ni prijetno, včasi pa celo nevarno.

Neka newyorška plinska družba je torej nedavno izdala za svoje uslužbence pravila, kako se naj njeni uslužbenci ravnajo z "navzočnosti" psov. Ker utegnejo ta pravila tudi komu drugemu služiti, jih v naslednjem navajamo.

Nikdar se ne približajte psu preveč potihoma, da ga ne iznenadite, ker pes bi morda iz tega sklepal, da imate slabe namene.

Pasje renčanje in lajanje je njegovo izzivanje; vzemite ga za takega in ne pokažite strahu ali razburjenja.

Nagel in nepričakovani gib večkrat vznemiri psa; istotako ga vznemirja, ako nosite v roki kako orodje ali druge, neznanemu predmete.

Pustite psu, da se vam bliža v vas poduhva; na ta način si bo lažje ustvaril svojo "sodbo" o vas.

Ne dotikajte se psa, dokler se dovolj dolgo ne poznata, da bi lahko postala že prijatelja.

Vsi vaši gibi naj bodo naravnii in ne storite ničesar, kar bi moglo psa ustrašiti.

Pes mora dobiti iz vsega vsega obnašanja vtiš, da je vaš obisk tuje hiše popolnoma početen in v redu.

## RAZDELITEV DEŽJA

Letošnjo pomlad, ko je v raznih krajih te dežje vladala nevanadno huda suša, so se mnogi ljudje prvkrat zavedli, kako velika dobrota je dež. Prav tako, kot se človek zave vrednosti zdravja, kadar zbole; prej se mu zdi nekaj samoumevnega.

Rastlinstvo zahteva za svojo rast gorkote in vlage. Kjer ne uspeva rastlinstvo, ne morejo živeti niti človek. To jasno dokazuje velike neoblažene puščave, kjer vsed pogankanje vlage ne more uspevati rastlinstvo.

Ponekod, posebno na našem jugozapadu, so že razsežne puščave izpremljene v rodovitna polja in sadovnjake, enostavno s tem, da so za namakanje potrebno vodo napeljali iz bližnjih ali oddaljenih rek in jezer. Povsod pa to ni mogoče storiti, ker bi bila napeljava vode predraga.

Zasebno ministrstvo ministra za zastopnike premogokopne družbe, kjer so bili pričeli ruderji z gladovno stavko zaradi napovedanih redukcij od strani družbe, je nastalo premirje. To premirje je sledilo pogajjanjem med zastopniki premogokopne družbe obljubili, da se napovedane redukcije ne bodo izvršile. Nadaljnja pogajanja so začasno odgovorila. Gladovna stavka ruderjev je bila ukinjena in stavkujoči ruderji so se vrnili z rudnikov.

V Hrastniku, kjer so desetletja obravnavale velike apnenice, se je vsled krize obrat vedno kralj, letos junija pa so ustavili obrat v zadnjih dveh pečeh. S tem je izgubilo delo večje število delavcev.

## Ne obsojajmo prehitro

Mi vsi smo včasi prehitri in presplošni z obojanjem ali kritiziranjem svojih soljudi oziroma ljudskih skupin. Ako bi si vzeli trud in čas za razmišljevanje in raziskavanje, bi bili dostikrat bolj milostni v naših sodbah.

Po resni in nepristranski preiskavi bomo dostikrat prišli do zaključka, da je bila naša kritika, naša obsodba neutemeljena ali pa vsaj preostra. Prepričali se bomo, da tudi mi najbrž ne bi postopali drugače ali vsaj ne dosti drugače, če bi živeli v sličnih razmerah, kot tisti, katere smo v naglici obsojali. Pri vsaki večji skupini ljudi se dalje najde posamezniki, morda celo znatno število posameznikov, ki ne zasužijo kritike, dasi morda skupino kot celoto obsojamo. Pred vsako kritiko bi torej morali natančno preštuditati razmere skupine, katero nameravamo kritizirati, in, ko se za kritiko odločimo, morali bi vedno pustiti prostor za izjeme, brez katerih ni nikjer.

Mnogi izmed nas, ki smo se priselili iz nekdanje Avstrije, vemo iz izkušenj, kakšne hude boje smo imeli tam za pravice slovenščine z Nemci in Italijani. Kljub temu bi bilo neútemestno zaradi tega obsojati ves narod, bodisi nemški ali italijanski. Morda je bila celo večina enega ali drugega naroda poštena in tolerantna, toda mi smo imeli opraviti z zagrizenimi in šovinisti.

Morda nam ni všeč vse, kar se danes godi v Rusiji, v Jugoslaviji, v Avstriji, v Italiji itd., toda prizadete narode zaradi tega obsojati kot celote, bilo bi skrajno krivično.

Vsi poznamo v tej deželi rojake ali skupine rojakov, s katerimi se ne strinjam in katere morda radi kritiziramo. Tudi tu je naše obsojanje včasi pretirano. Morda dotočniki, katere kritiziramo, niso imeli takih življenjskih šol, kot smo jih imeli mi, zato ne znajo boljšega, česar pa niso sami krivi. V vsaki skupini pa so upoštevanja vredne izjeme, ki ne zasužijo kritike. Končno pa brez vsakih napak ni nihče, tudi mi "kritiki" ne.

Skrajno neútemestno bi bilo, če bi kdo kritiziral in obsojal vse slovenske podporne organizacije, če so se pri eni pristopile kakšne homatije. Prav tako bi bilo neútemestno kritizirati organizacijo ali društvo kot celoto, če ga je en ali drugi glavni ali društveni odbornik kaj polomil. Noben posameznik ni jednota ali društvo.

Pri naši J. S. K. Jednoti je v teku kampanja za pridobivanje novih članov in pred par tedni je bil priobčen uspeh te kampanje za dobo prvih šestih mesecev tega leta. Nekatera društva so se tekoma šestmesečne kampanje izkazala stojajno, nekatera priljubo dobro, nekatera pa vsaj nekoliko. Vsem tem društrom in njihovim agilnim članom čast in priznanje!

Nekaj naših krajevnih društev pa je, ki tekoma prvih šestih mesecev kampanje niso pokazala nikake aktivnosti, toda veliko krivico bi jim storili, če bi jih kar na splošno obdolžili lenobe in nezanimanja. Ponekod je morda res lenoba ali brezbriznost igrala svojo vlogo, povsod pa prav gotovo ne.

Pomisli moramo, da so se delavske in splošne gospodarske razmere v nekaterih krajih te dežele znatno izboljšale, ponekod so se izboljšale samo nekoliko, ponekod pa splošni. Kdor trdi, da so se delavske razmere povsod enako izboljšale, ne ve, kaj govoriti, ali pa vedomo govoriti neresnicu. Ponekod je že vse v društvih, kar je za pristop v društvo sposobno. Nekatera društva komaj životarijo, ker so se ustavile ali preselile industrije, katero so ljudem nekoč dajale zaslужek, ali pa so obrat skrile in omejile. V takih krajih samoumevno ni dosti prilik za pridobivanje novih članov. Dobri člani tudi vedo, da ni priporočljivo vzeti v društvo vse, kar leže in gre, da je boljše pridobiti le enega novega člana, ki je za Jednoto dober risk, kot pa deset novih članov, kjer jih je pet dvomljive vrednosti za organizacijo kot celoto.

Poznamo društva, ki so v zadnjih mesecih lanskoga leta, predno je bila razpisana kampanja, pridobila Jednoti lepo število novih članov. To jim je morda vire za ponovno nabiranje novih članov deloma izčrpalo in se tekoma prvih šestih mesecev letosnjake kampanje niso mogla tako izkazati, kot bi se bila, da niso, brez posebnih nagrad, skušala zvišati število jednotnih članov koncem lanskoga leta.

V raznih krajih so se morda delavske razmere šele tekoma zadnjega časa toliko izboljšale, da bo šele v bodočih mesecih mogoče misliti na pridobivanje novih članov.

Vse to je vredno upoštevanja, da se nikomur ne bo delalo krivice z neutemeljeno kritiko. Kampanja še ni zaključena, zato se še lahko zgodi, da bodo poslednji postali prvi, kot pravi tisti biblijski izrek. Vsem društrom, ki so se tekoma prvih šestih mesecev izkazala aktivna, čast in priznanje! Pred koncem kampanje si lahko naberejo še novih lisorik! Ostala društva pa: korajo in na delo! V drugi polovici tega leta lahko še ustvarijo čudež. Urednik je za svojo osebo popolnoma prepričan, da bodo pred zaključkom kampanje za napredok J. S. K. Jednote storila vsa naša društva vse, kar jim bo v danih razmerah mogoče.

Hudobnega duha, ki povzroča vojne, so starci Azteki imenovali Huinzelopchotortl. Primernejšega imena mu niso mogli izbrati.

Kopališke avtoritete nekega primorskega mesta na jugozapadu so nedavno podala izjavu, da smejo ženske pri kopanju nositi tako malo oblike, kakor malo hocojo. Baje je od takrat tam veliko povpraševanje po figovem listju.

Kot lahkoživi poletni metuljčki so začele priletavati v dušljivo uredništvo razglednice iz idiličnih letovišč našega severa in zapada. Pošiljajo mi jih prijetljivi, ki so se za nekaj časa mogli odtegniti vsakdanju delu in velikomestnemu trutšu, in sedaj uživajo zasluzene počitnice v objemu naravnih krasov. Blagor jim in hvala jim! Vsaka takška kartica, poslana mi iz idiličnih krajev naše širše republike, me iskreno razveseli, toda, po pravici povedano, vsaki takši časi veselja je primešana pelinova kaplja "fovšje" ali zavisti. Govori naj mi odpustijo, lepo to ni, pa si ne morem pomagati, posebno ne v teh vročih pasjih dneh.

V nekem listu sem videl pertinentno vprašanje, zakaj governerji posameznih držav takoj pokličajo pod orožje državno milico, kadar nastane večji delavski štrajk, nikdar pa ne pokličijo vojakov, kadar kapitalisti zapro tovarne, rove in banke. Ta vprašanje! Kapitalisti so vendar gospodje!

Profesor Columbia univerze je baje našel dokaze, da je clovek v precej ozkem sorodstvu z rastlinami. Nekaj bo nemara že resnice na tem. V tej pasjednevni vročini je marsikdo izmed nas videti kot bratranec pasje vijolice ali ujec ovevene salate.

Nekateri optimistični preroči napovedujejo čas, ko bo vlada silila vsakega državljanu, da si vzame vsaj tri dni počitnic na teden in nadaljnji šest mesecev počitnic na leto, to seveda pri polni plači. Tem optimističnem prerokom bi neznansko rad verjel, a še rajši bi dočkal tistih srečnih časov!

zastražili gledališče in ko je izstopil, so navalili nanj. Ko je segel po revolverju, so ga detektivi prehiteli in trenutek pozneje je že ležal na tleh v luži kvri.

S tem je bila zaključena kariera enega najbolj državnih banditov novejšega časa. O njem so mnogo pisali tudi inozemski listi. Federalni agenti so dobili moža, na katerega so prežali dolge mesece. Roka strica Sama je dolga in močna. To bo morda prepričalo marsikata, ki so znani pod imenom polonice, pitapolonice ali božji volek, v angleščini pa kot lady bugs, se branijo samo z rastlinskimi ušimi in jih v kratkem času potrustajo neštete milijone.

## RAZDELITEV DEŽJÀ

(Nadaljevanje s 1. strani)

Vode ne manjka in sončna gorčota je tam intenzivna. Vetrovi, ki tam pihajo proti vzhodu, odnasojo to vodno paro neprestano proti ameriškemu obrežju. Največ dežja iz te vodne pare pada v Centralni in Južni Ameriki in ta vlagajo je odgovorna za bujno rast tamkajšnjih tropskih gozdov.

Precej del te na Pacifiku producirane vodne pare pa dobi tudi naša California, zato je večina obrežnih krajev Californije dobro nameščena. To velja v glavnem tudi za obrežni del države Oregon in Washington.

Ko z vodno paro nasičeni vetrovi dosežejo Sierra Nevada gorovje v Californiji, se začne dvigati, da bi prešli gorski grebeni, pri tem se v višjih zračnih legah vodna para ohladi in izpremeni v dež, ki pada na zemljo zapadno od tega gorovja. Vetrovi, ki gredo dalje proti vzhodu preko teh visokih gorskih grebenov, so oropani vlage in ne morejo krajem na vzhodu tega gorovja prinesti dežja. To je vzrok, da so kraji zapadno od tega gorovja dobro nameščeni in bujno zeleni, na vzhodni strani gorovja pa je videti le redko in revno puščavsko rastlinstvo. Isto velja za državi Oregon in Washington. Na zapadni strani gorovja so kraji dobro nameščeni in zeleni, vzhodno od gorovja pa suhi, da si mora prebivalstvo pomagati z umetno napeljavo vode.

Tudi v raznih drugih delih sveta, kjer so z obilico dežja blagovaljeni kraji primeroma bližu suhih, je opaziti isto proceduro. Med takimi kraji je vedno pregrajajo kakšnega visokega gorovja, pa se deževni oblaki, katere vetrovi prinesejo od morske strani, izlijejo na tisti strani, preko gorovja pa odhitijo vetrovi brez vlage.

## ODMEVI IZ RODNIH KRAJEV

(Nadaljevanje s 1. strani)

EN MILIJON pikapolonik (lady bugs) je bilo nedavno importiranih iz severne Kalifornije v Yates county, New York. Neka družba, ki se bavi s prežiranjem sadja in zelenjave, se boji, da bi rastlinske uši na njenih poljih in sadovnjakih uničile večino pridelka graha, zelja in jabolk, zato je načuvala manj milijon pikapolonikov.

Mali, prijazni hrošček, ki so znani pod imenom polonice, pitapolonice ali božji volek, v angleščini pa kot lady bugs, se branijo samo z rastlinskimi ušimi in jih v kratkem času potrustajo neštete milijone.

**SPOMENIK** slovečemu glavarju Sioux Indijancem, Noremu Konju (Crazy Horse), bodo odkrili na Delavski praznični bližu mesta Crawford, Nebraska. Spomenik bo stal blizu pristopnika, kjer je bil sloveči indijanec poglavarski ubit 5. septembra 1877.

O VELIKIH poplavah se je pretekli teden poročalo iz Poljske. Nevihte so uničile mnogo poljskih pridelkov in po strelji zaneteni požari so uničili mnogo domovanih. Še večjo škodo so napravile poplave. Baje je utonilo do 250 oseb in 50.000 prebivalcev je brez strehe in hrane. Največje poplave sta povzročili reki Visla in Dunajec.

## CURRENT THOUGHT

### Alive or Dead?

Did you ever hear or read of the Secret Tribunals of Westphalia? Chances are good that you never did, and neither have countless thousands of other individuals. The Secret Tribunals of Westphalia were organized to administer justice in the days of anarchy. And why have you and others never heard or read about this organization? Because this particular organization ceased to exist centuries ago.

\* \* \*

Have you ever heard or read about the American and National baseball leagues? Of course you did. Because it is a live organization that grapples with the imagination of John Public. The national pastime is chuck full of competition, and although the game consists principally of ball and bat it is brought out in such a way as to make it possible to the public.

\* \* \*

What are the fundamental structures that characterize the difference between a live organization and that of a dead organization? A live organization appeals to the public; it moves at a tempo enough to retain the interest of the public once it has started itself. It continues to live and keeps itself out of the dormancy.

A dead organization is just the opposite. It does not move, prefers to remain in the background. It has three tempos: slow and stop. It fails to arouse even a semblance of activity out of the outsider.

\* \* \*

What makes one SSCU lodge the "talk of the town" and another branch the very opposite? Why do we read week after week in the Nova Doba about the English-conducted lodge in Gowanda, N. Y.; in Ely, Minn.; in Denver, Colo.; in Salida, Colo.; in Joliet, Ill., etc.

Again, why do we read so little of other English-conducted branches? Some of our SSCU lodges make use of the opportunities made available by the organization of a group of members. Outings, picnics, bathing parties, dances, debates, talks, dramas, sports and other similar joint undertakings that interest the group are planned and executed to the great satisfaction and enjoyment of the component members.

Other local units are content merely to hold the regular meetings. About the only thing members of such lodges have to look forward to is the payment of Union's assessments and lodge dues.

\* \* \*

Very little is heard or read about the dormant groups. Perhaps many of the outsiders residing in the same community have heard of the local lodge or our splendid SSCU. Lodge activities indulged in by the local members will result in increased interest of all concerned, and make the neighbors take notice. The idea is worthy of a trial.

\* \* \*

Is your branch a lively organization? Or does it merely exist?

### An Open Letter

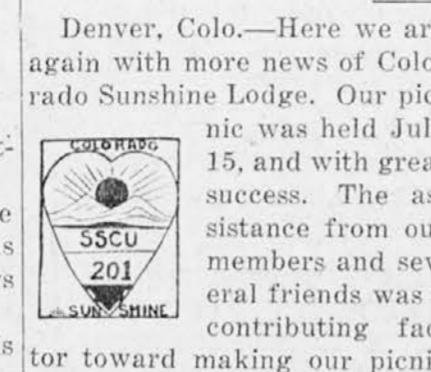

Gowanda, N. Y.—Hello, part-time again found a pen-and-10-cent store which I have given to you my sincere pleasure that I have experienced as an officer for the Pathfinders Lodge during the past six months.

I want to take opportunity to thank all members for their splendid support to our officers by their attendance at our meetings, for their diligence in paying assessments to our secretary, Ernest Palcic—in fact, for keeping hand in hand in our venture.

The ball players, too, must be commended for giving their support to our manager, Rudy Klancer, who has the gigantic task of placing one of the 30 ball players in the field during one game or another.

And what would we do without our girls who are so helpful and actually doing the detail entailed in parties and after our meetings, not to mention our picnics. This article I wish to mention is Arrowhead Lodge, No. 184, of Ely, Minn., who issued a challenge to see which lodge

### COLORADO SUNSHINE

Denver, Colo.—Here we are again with more news of Colorado Sunshine Lodge. Our picnic was held July 15, and with great success. The assistance from our members and several friends was a contributing factor toward making our picnic what it was.

There were only about five of the senior members present and with such co-operation I don't believe we could get very far, but thanks to the younger folks who are so strong for our future SSCU. Each and every one of them worked very hard and each gave their full support in making this picnic the great success it was. Keep up the good work and we will get to the top soon.

Bartenders at the picnic were Mary Zgajnar, Helen Skull, Milly Zgajnar, Margaret Smole, Michael Smole and Frank Smole, all of whom worked very hard from 2 p. m. Sunday afternoon until 2:30 a. m. Monday morning to give the guests some real service.

Joe (Palooka) Nedbalski,

Andy Sustersich and Albin Petelin were the committee of entertainers for the evening, and what entertainment they presented kept the crowd in good spirits.

We have more good news from Salida. A letter from Victor Glovan says that members of Mt. Shavano Lodge are coming to visit the Colorado Sunshine members sometime in the near future. The date has not been decided upon as yet. However, Colorado Sunshine members are already planning for the entertainment and other means to show the visitors as good a time (if possible) as they gave us when we visited them.

A visitor from Cleveland, O., is with us in the person of Mrs. Novak, who is the aunt of Rudolph Sustersich. She is here to visit other parts of Colorado and plans on going to Leadville, Salida, Pueblo, Walsenburg and other cities before leaving for her home in Cleveland.

We hope to see more visitors from various parts of the United States. Until then keep smiling with Colorado Sunshine, No. 201, SSCU.

F. J. Smole, Sec'y.

### What to Do About It?

Ely, Minn.—Are you people just stifling with the heat in the cities? You must be, 'cause the papers are full of the heat wave which has just about roasted you to such an extent that all

you may need is a table, knife and a fork . . . But not so with us... Little Stan is not braggin' a bit, the days here are 96 degrees at the most . . . In the evenings? . . .

Ah, the evenings . . . cool with a rustling of a soft wind in your ears, a nice round moon high up in the heavens . . . (I'm supposed to be talking about the weather.) Well, with such weather as we have here, we go swimming in the noon, dancing in the evening, and sleepin' in the morning, when we don't have to work!

I'll tell you a true story of a fellow who came from Missouri to enjoy this wonderful weather . . . Well, this fellow went fishing and came back with what we Ely people call a small catch. His catch consisted of three pike weighing about two and a half pounds.

Pilot the Scenic Airways Ringdahl saw this fellow waving the fish all over kingdom come, so excited was he. Ringdahl went to him and said, "Say, you want to get some real fish?" Well, sir, the Missouri fellow was disappointed because of the lack of interest shown in his fish, but he readily consented to go after the big ones . . . Later

Ringdahl's plane lands in Basswood Lake, and the genial gentleman starts fishing. The fellow from Missouri was very much excited, his eyes popping with anticipation of what was yet to come. Suddenly Ringdahl gets a strike; he expertly handles the rod and reel, and lands a huge 23-pound lake trout; or what we would call a muskie.

would enroll most new members during the campaign drive. Due to the fact that we accepted the A's challenge our membership has doubled, and at this point I want to place special emphasis on the splendid work our members have done in the drive for new members.

And to our senior members of St. Joseph Lodge, No. 89, SSCU, I wish to say: "Thank you for all the wonderful cooperation and assistance given in the SSCU Field Day, and otherwise, and may the coming months bring you health, happiness and joy."

I remain, your friend,  
Louis Andolsek, President.

### WOOD PRODUCES SUGAR

Experiments and tests conducted over a long period by Dr. Frederick Bergius, German scientist, have been successful in producing sugar from wood, he told a meeting of chemists in London. Hence, wood may take on an added importance in commerce of the future.

Treasurer: I hear the cook's quite a gal.

Steward: Yeah, if she can't make the milkman she starts mashing the potatoes.—Widow.

in his hand he glances at it scornfully, "Too small," he grunts, and to the popping, longing eyes of the Missouri fellow, he flipped it back into the water. The boys are still trying to revive the fellow from Missouri.

Well, I see that the Arrowhead-North Star picnic is upon us, and next week I'll have to tell you all about it. Louis Kollar, Paul Bartel, Anton Zbasnik, Thomas Carey, John Kumse will all be there. Races which will include swimming, motor boats, and—as Joe Koschak says—"a toe and a hand struggle," which is his interpretation of a dance with music by Dusty's Rhythm Rogues from 6 to 12 at the Sandy Point pavilion.

I know we'll have a good time, so naturally I let you in on the whole works . . . The Arrowheads baseball is kinda slowing down, or so it seems. Last Saturday the boys went to Virginia to play the Virginia city team. Well, folks, they just didn't seem to be there. Error after error was made, and after Joe Krall and Johnna each poled a homer out of the park and the boys were through playing ball, they found that they were on the short end of a 12 to 6 score. Virginia was the strongest range team the boys have played to date, and they would have won, too, as Tiny Krall limited the Virginia boys to seven hits and struck out ten. But those darned costly errors in the field did all the damage. The boys will have to take a grip on their defense if they expect to win more ball games. Well, on Sunday the boys took on the Aurora Kay Jays and sent them home with a sound 14 to 4 trouncing . . . Things will look brighter perhaps, as Sunday the boys will take on Cloquet here, in the morning, and they should take the game . . . Notice, I said they should!

Little Stan is still roaming about the town getting all the latest dope on different things, and I'll be back next week to tell you all about it. So long!

### BRIEFS

**Yugoslavia plays important part** in today's world-wide news. Ever since the assassination of Chancellor Dollfuss Italy has been prepared to restore order in Austria by sending thousands of its soldiers to the Austrian border. What Yugoslavia will do in the event of Italian aggression of Austria is the headline of today. The other entente nations are sure to follow Yugoslavia in its move, is the opinion of leading foreign news writers.

**Park plan dancing** will be in effect at the Cleveland SSCU Triumvirate picnic to be held Sunday, Aug. 19, at Pintar's farm. A small charge of 2 cents a dance is contemplated by the committee in charge. Members of Lodge No. 37, SSCU, and members of other senior branches have expressed their willingness to co-operate in the activity sponsored by the three English-speaking units. Included in the program are: Tug-of-war, races for children, egg throwing contest, rolling pin throwing contest, baseball game (softball), refreshments, etc. Johnny Gribbons will furnish the music for the occasion. A truck will be secured to transport guests from the end of St. Clair Ave. car line (E. 185th St.) to Pintar's farm.

**Entries for the Interlodge Basketball League** of Cleveland must be in by Aug. 27, the date on which the league will hold a meeting at Nahtigal's office, 6221 St. Clair Ave. A complete roster of players, not to exceed 15, must be submitted by Aug. 27. On Jan. 12, 1935, the Interlodge will hold a program of entertainment in the Slovene National Home on St. Clair Ave.

**Mike Cesnovar**, Cleveland sandlotter and pitcher for McCulloch-Walton Pontiacs of Class C, has been signed by the Washington Senators for conditioning on one of the Senators' minor league farms. Cesnovar is but 17 years of age, having graduated from a local high school last June. In the games Mike has pitched so far he has averaged better than 15 strikeouts a game. Joe Kuhel, first baseman for the Senators, hails from the same section of Cleveland as Cesnovar. At the present time Kuhel, considered by leading sport writers as the best defensive first baseman in the American League, is on the sick list, nursing a broken ankle.

### Attention Happy-Go-Lucky Members

**Barberton, O.—Meeting of the Happy-Go-Lucky Lodge, No. 195, SSCU, will be held on Monday evening, Aug. 8, at 8 o'clock.**

The month of August will probably be a very busy month for the baseball team as Manager Rudy Klancer and Captain Thomas Sternisha are scheduling many games. #### Women Battle for Youth's Attention; Feminine Fisticuffs Attracts Carnival Crowd

Springdale, Pa.—The feature impromptu act of the evening was the display of fisticuffs by two members of the fair sex. For their benefit, assumed names will be used throughout.

Ann Lowell, local tomboy, stole the show when she proved to a crowd of approximately eight hundred that she was capable of defending herself without the aid of a boy friend.

The followers of the Winters Exposition shows saw a real exhibition of the art of self-defense when Ann Lowell and Sue Wellington went at it in true manly style.

The battle was the climax as to who was to claim the attention of a certain Springdale youth. Sue charged Ann with trying to gold-dig her boy friend and was promptly compensated with a smashing blow to the jaw. Sue retaliated by pulling Ann's hair and short jabs to her face. Ann's series of lefts and rights to the face soon broke the hair pulling and then the fight began. Ann's imitation of Dempsey was perfect. She jabbed and hooked like a true rosin sniffer and the crowd yelled for her to score a knockout. It was a very one-sided affair, with Ann giving and Sue taking, and believe you me, she took plenty. She was taking the beating of her life-time when the peace officers intervened, much to the dislike of the crowd.

The young gentleman in question was nowhere to be seen after the fight. Maybe he was afraid of a beating for two-timing Ann. This may be one of the reasons we are bachelors. See you.

#### Strikers Refuse to Run Mirror Plant; Factory Owner Asks for Job in Own Plant.

Fifty strikers of the National Mirror Specialty Co. of Manerville refused to take seriously the offer of their boss and owner, L. H. Samuels of New Kensington, Late Wednesday

Mr. Samuels offered to let the strikers operate the plant and reap all the profits, providing they give him a salesman job on regular salary.

The strikers stated that they didn't want to be operators but just plain workers if they got their demands. One striker stated, "Workers are honest, but I don't know about operators."

The striking mirror artists are asking for an eight-hour day, a five-day week and a minimum of 30 cents an hour. Before the walkout some of the workers were paid as low as 14 cents an hour.

This plant was recently moved to Manerville from Springdale, where Mr. Samuels was involved in considerable labor trouble. Here he was forced to abandon his sweatshop practices and raise his hourly rate from 10 cents an hour to 40 cents an hour.

It was believed that this was the main reason for his moving the mirror plant.

#### Right Church . . . Wrong Tune . . . Organist's Mistake Proves Embarrassing.

At a recent wedding in one of our local churches a slight mistake caused the embarrassment of a young couple starting out on the good ship Matrimony. As the young, happy couple started up the aisle, instead of the old familiar tune, "Here Comes the Bride," the organ played the tune "Just Between the Devil and Me."

In this church the organ is played by means of recordings, and the two hymns mentioned above are on opposite sides of one record. The organist made the slight mistake of playing the wrong side.

## C. C. C. Sports Activities

Springdale, Pa.—When speaking of sports we usually have reference to men; and although women have conquered that field to a certain degree, it is still acknowledged in the former interpretation of the word. It is obvious, then, that in a congregation of some two hundred men, for leisure hours, sports would predominate. The men in the Civilian Conservation Corps have actively participated in boxing, baseball, basketball, volleyball, football, swimming, etc.

Among the various sports, boxing took first place laurels in some camps, while baseball would stand out in others. On the whole and as a year round attraction, boxing predominated. Each camp composed of men from different sections of the state, and in some instances of the country, is almost certain to have as members former amateur and perchance professional boxers. Others who would care to follow up the "game" would be asked to train under the eye of these former experienced leather pushers. Boxing shows between the camps would attract considerable outside attention as well as bringing out a crowd of followers from the opposing camps. Boxing cards from a town near some camp very seldom appeared without having carded the best of the CCC pugs. Fight promoters eagerly seized these "finds" for their sportsmanship and fighting qualities. To continue in the boxing game, the reserve officers in charge insisted on just one condition, namely: The fostering and maintenance of sportsmanship and good-will throughout the bout. This has resulted not only in the great welcome by the fans for returns of the great fighters, but has been commended by the sports writers of the local newspapers in that vicinity. The CCC camps, it may be said, revealed some sensational pugilists.

### TURN ABOUT

A friend from the North had gone to visit the Colonel, who lived in the swampy Mississippi River bottoms of Louisiana. There was no mosquito-netting over the bed, and in the morning, when the negro came with the water and towels, the tortured visitor asked: "Sam why is it that you have no mosquito-netting over the beds? Doesn't the Colonel have any in his room?"

"No, suh," replied Sam.

"I don't see how he stands it."

"Well, suh," said Sam: In de fo' part uv de night, the Colonel's mos' gen'rally so 'toxicated dat he don't pay no 'tention to de skeeters; an' in de last part uv de night, de skeeters is mos' gen'rally so 'toxicated dat they don't pay no 'tention to de Colonel."

### AN ARTIST

"A flirt, am I?" exclaimed the maid under notice to go. "Well, I know them as flirt more than I do, and with less excuse." She shot a pitiful look at her mistress, and added, "I'm better looking than you. More handsome. How do I know? Your husband told me so."

"That will do," said her mistress frigidly.

"But I ain't finished yet," retorted the maid. "I can give a better kiss than you. Want to know who told me that, ma'am?"

"If you mean to suggest my husband—"

"No, it wasn't your husband this time. It was your chauffeur!"—Union Electric Magazine.

Knight of the road: Honey, you're getting lovelier and lovelier each minute—do you know what that's a sign of?

Lady-in-waiting: Yes. You'll run out of gas soon.—Reserve Red Cat.

Sometimes traveled some 70 miles to play a strong competitor. There were no individual heroes, despite the fact that a certain player may have proved a wonder; co-operation always remained the winning formula. These two essential factors, sportsmanship and co-operation, the open road to success in sports, is just as true in life's destiny on earth. Were the human race to adopt the formula in its broadest sense, the present-day muddlings would be entirely eliminated.

Following basketball the boys ushered in the baseball and volleyball season with the same zeal and enthusiasm displayed in the fall and winter court game. The same keen rivalry, but fought with the good-will conspicuous in its sister game, is ever present in this latest sport. As the boys are being trained now, so shall they reap the benefits in later life.

The sports program as adopted in the various camps will tend to build the boys to a certain extent, physically, mentally and morally. This being one of the principal reasons for inaugurating this CCC camp idea, sports may be given credit for materially aiding in accomplishing this end. All the essential equipment for the different sports is furnished by the government. Following the cessation of the routine work the boys dash for gloves, balls, etc., to participate in practice or the regular scheduled game. What with the clean, wholesome outdoor living coupled with the cooperative interest in sports, the men will reap benefits that will be measured in more than just the cash returns as attacked by opponents of the Civilian Conservation Corps.

### REMEMBER WHEN

## A Good Score - - -

In the game of golf it is the low score that brings smiles and contentment to the player. Too many strokes count against the golfer, and in a tournament a difference of two or three strokes may mean the difference between the champion and a runner-up. Well coordinated muscles, balance, wrist motion, body movement, all play an important part in teeing off, driving on the fairway, playing the chip shots and putting.

In our game to secure new members it is the high score we aim at; but if we interest just one good prospect for membership this month, we can score a number of points for our side as that means a good beginning, and a good start, like a rally in baseball, may mean several more prospects.

While on the subject of golf perhaps some lodges have a number of players looking for competition. Why not promote a golf party at the next lodge meeting and invite those prospects for membership who may be interested in the game of golf.

It is so much more fun to go on the fairway with a group of fellows (and girls, too) some Sunday morning and play 18 holes of golf, than it is for one or two to go out alone and be compelled to play with strangers, in order to make it a foursome.

The English-conducted lodge makes an excellent point of contact for the younger set who have ideas of their own on how to promote group activities. Golf is given only as one example of the trend of the modern young man and woman who believe in wholesome outdoor exercise.

Let's all try out new ideas instead of clinging to the same routine of lodge activities. Perhaps the lack of new ideas is keeping your membership drive to a low level instead of boosting it up sky-high.

And while we are trying new ideas in an effort to interest outsiders let us keep in mind the following cash awards offered by our Union for enrollment of new members:

\$4.00 for each enrollment in a \$2,000 death benefit.
\$3.50 " " " \$1,500 " "
\$3.00 " " " \$1,000 " "
\$1.50 " " " \$500 " "
\$1.00 " " " \$250 " "
\$0.50 for each new juvenile member enrolled.

The foregoing cash awards are payable three months after enrollment.

Collective cash prizes in the amount of fifty cents for each new member enrolled in either the adult or the juvenile department are to be shared by lodges who enroll at least five new members during the campaign.

### ROBOT

Any mechanical device which does the work of a human being may be styled a robot, although it is more often applied to automatons or mechanical men. This word came into use after the publication in the United States in 1923 of a play by Karel Capek entitled "Rossum's Universal Robots." The characters of this play were mechanical men and women. It is now pronounced, according to most dictionaries, as "ro-bot"—accent on the first syllable and first o long, although the

New York Theater Guild which produced the play in this country pronounced it as "rob-it" with first o short and accent also on the first syllable.

## DISCOVERIES

Zoologists have discovered a third eye at the tip of the tail of the crawfish but it is not yet known to what extent this optic is used.

Soviet engineers have erected the highest meteorological station in the world in the Fedchenko glacier in the Fedchenko mountain range.

Green rays from the sun just before it sets are dependable signs of good weather, says the Weather Bureau. These rays will not be visible unless the air is clear enough to insure good weather for at least 24 hours.

Dr. George W. Carver of the Tuskegee Institute has found an oil extracted from peanuts to be of great aid to the recovery of muscles in infantile paralysis victims. This oil is used as a massage lotion.

Test flights of the miniature rocket ship built by a German, Ernest Loebell, have proved so successful that plans are being laid to construct a larger model to be sent into the stratosphere, probably this coming summer. It will not carry a man—only scientific instruments.

A microscope with an enlarging power of over 400,000 times has been constructed by Dr. Max Knoll, German scientist.

To je društvo naložilo na podlagi točke 467. določnikom to zanikajo in povečati, da ima njih unija postavno sodbo s premogovno družbo in kateri so zaposleni in da so le držali te pogodbe in delali, med tem ko jim je druga določnica preprečila. Porotnemu odboru je bilo predloženo prejeti obširno poročilo tikajoče te stavke v premogorovih v Elum in Roslyn, Washington, in katero je bilo izdano po Amuminous Coal Labor Board, Division V, kateri odbor je vobila zaščitno v Seattle, Washington, v dneh 18.-20. aprila. Poročilo pojasnjuje prej natanko vso situacijo in vselej tudi razsodbo. Na podlagi teh prejetih poročil je glavni porotni odbor soglasno razsodil: 1. Anton Okolish, Valentin Orehek, Rose Svetich, John Zimmerman, porotniki JSKJ.

\* Clanstvo je upravičeno biti informirano kolikor mogoče stanko o poslovanju posameznih jednotin odborov, in ker temu tako, zopet podajam prejšnjo glavnega porotnega odbora za prvo polovico leta 1934. V tej dobi je bilo pred porotnim odborom 48 zadev. Od teh je bilo 37 prizivov proti deklamaciji vsake narodne skupine, ki je bila zastopana v peti divizijski. Slovence sta zastopala Edward Kozjan in Bertha Antzel.

Izmed narodnih skupin so korakali Poljaki prvi, za njimi so šli Slovaki, ki so dobili priznanje kot najbolj lepo urejena in zastopana narodna skupina; potem so korakali Srbi in za njimi Slovenci. Slovensko skupino je vodil naš slovenski mestni councilman Mr. Leo Svetec — oblečen v narodno nošo; izgledal je jako dečko. Njemu je sledila skupina deklek v narodni nosi pod vodstvom Miss Vide A. Kumse, — tudi v narodni nosi. Zatem so sledili avtomobili s slovenskimi pionirji, za njimi so po korakale ženske in moški. Na koncu slovenske skupine je sledila slovenska flota, lepo in okusno okrašena s slovensko trobojnicijo.

Naša flota je bila nekaj izrednega. Na sredi flote je bila velika krogla, ki je predstavljala zemeljsko oblo, na kateri so bili naslikani obrisi držav in kontinentov. Na ameriškem kontinentu je bil prominentno

Dosti se jih vprašuje, kako da je od zadnje konvencije sem toliko zadev pred porotnim odborom. Na to odgovarjam, da zato, ker dosti takih zadev ki jih sedaj rešuje porotni odbor, so se prej reševala na sejah glavnega odbora, in največ pa je tako dosti zadev samo zato, ker vrhovni zdravnik in glavni tajnik vsako zahtevo načanjo pregledati in ako vidita kaj sumljivega, ne potrdita za izplačilo toliko časa dokler se stvar dobro ne preišče. Z drugimi besedami povedanc, nadzoruje se bolnike strogo, tako kot je potom glasila članstvo že dostikrat zahtevalo. Vse to pa da seveda zelo veliko dela s pisanjem, posebno porotnemu odboru, kateri mora vsako zadevo dobro preiskati in gledati, da se ne zgodi krivica ne članu ne Jednoti.

Anton Okolish,  
predsednik porotnega odbora

## DOPISI

Lorain, O.

Pred par dnevi je mesto Lorain obhajalo 100-letnico svojega obstanka.

Slavnosti tega jubileja so se pričele 14. julija in se vrstile celih 10 dni, do 24. julija. Vrste so se razne tekme, parade, ulični plesi in predstave (pageants), v katerih so nastopili tudi Slovenci iz Clevelandia in Loraina. Višek slavnosti je pa bila ogromna in krasna parada v petek, 20. julija, katera je trajala cele tri ure in jo je opazovalo okoli 50 tisoč ljudi.

Ta velikanska parada je bila razdeljena na divizije. Peta divizija je sestojala iz raznih narodnosti skupin in bila pod pokroviteljstvom Kosmopolitanske Lige, ki je organizirala razne narodne skupine za to parado. Ta divizija narodov je bila najbolj zanimiva in krasna v vsej paradi. V njej so bile zastopane skoro vse narodnosti v Lorainu z eno ali več flotami, za katerimi so korakale narodnosti skupin v svojih slikovitih narodnih nošah. Bilo je res nekaj krasnega za videti te slikovite skupine evropskih narodov korakati v skupni paradi, nekaj nemogočega v Evropi, ali povsem mogočega v Ameriki, kjer ni tistega šovinističnega sovraštva, ki se vedno tli in gorí v Evropi.

Opisati celo parado ali samo divizijo narodov v tej paradi, bi vzel preveč prostora, zato bom skušal podati vsaj površino sliko slovenske skupine v tej paradi.

Pred peto divizijo je šla flota Kosmopolitanske Lige. Na tej floti so vozili po en deček in dečki vsake narodne skupine, ki je bila zastopana v peti divizijski. Slovence sta zastopala Edward Kozjan in Bertha Antzel.

Izmed narodnih skupin so korakali Poljaki prvi, za njimi so šli Slovaki, ki so dobili priznanje kot najbolj lepo urejena in zastopana narodna skupina; potem so korakali Srbi in za njimi Slovenci.

Slovensko skupino je vodil naš slovenski mestni councilman Mr. Leo Svetec — oblečen v narodno nošo; izgledal je jako dečko. Njemu je sledila skupina deklek v narodni nosi pod vodstvom Miss Vide A. Kumse, — tudi v narodni nosi.

Zatem so sledili avtomobili s slovenskimi pionirji, za njimi so po korakale ženske in moški. Na koncu slovenske skupine je sledila slovenska flota, lepo in okusno okrašena s slovensko trobojnicijo.

Naša flota je bila nekaj izrednega. Na sredi flote je bila velika krogla, ki je predstavljala zemeljsko oblo, na kateri so bili naslikani obrisi držav in kontinentov. Na ameriškem kontinentu je bil prominentno

viden napis "Lorain" in ameriška zastava, na evropskem kontinentu pa "Ljubljana" in slovenska zastava. Čez sredo oblepa letnica 1888 — v tem letu so namreč prišli prvi slovenski naseljeni v Lorain. Na koncu, kjer je vihrala slovenska zastava, sta pa sedela deček in dečka v narodni noši. Bila sta Ernest Krhin in Mildred Ivancic; spredaj pri ameriški zastavi pa sta sedela dva slovenska pionirja, Mr. in Mrs. Ambrožič.

Slovenska flota je vseskozi

tekom parade žela velik aplavz ob občinstva. Bilo je res nekaj krasnega za pogledati, kar nam bo ostalo še dolgo v spominu.

To je le bolj površen opis

našega zastopstva v tej para-

di, katero zastopstvo je bilo —

resnici na ljubo povedano —

vse premajhno za tako lepo šte-

vilo slovenskih naseljencev v

Lorainu.

Cast in hvala gre vsem, ki

so tako vztrajno delovali, da so

bili Slovenci zastopani v tej pa-

radi v raznih drugih prire-

ditvah, ki so se vrstile pred pa-

rato.

Posebno priznanje gre sloven-

ski skupini iz Clevelandia, ki

je na povabilo Miss Vide Kum-

se prišla iz Clevelandia in na-

stopila v sredo večer 18. julija

na pageant in s svojim kras-

nom nastopom v narodnih no-

šah, pesmijo in plesu izvala bu-

renaplavz in pohvalo vseh na-

vozčih, češ, da je bil program in

nastop slovenske skupine med

vsemi nastopi najboljši. Tudi

slovenske dekle, ki so se tako

dobro naučile narodnih plesov

pod vodstvom Miss Kumse in

našega poznanega muzikanta

Mr. Anzelca, zaslužijo prizna-

nje za svoj trud. Le tako na-

prej! V bodočnosti bomo lahko

še več pokazali.

Ta velikanska parada je bila

razdeljena na divizije. Peta di-

rodnosti skupin in bila pod

ke Lige, ki je organizirala raz-
