Nihče si sledi domišlja, da more premojno javnost imeti kakšen direktni vpliv na fašistične divjanje pa je, da zamore kaj dooseči vsaj majhen del stranskega svetovnega mnenja, in to je, za gre. Če bi bilo vse tihih, srpsko in američko javno logično ostalo pod vtičem Jugoslovani v krajih, je zasedla Italija, žive v tem zadovoljstvu in sreči sami ne morejo govoriti, ker imajo za protestirati, ker imajo za usta, fašistična cenzura v javnost le tisto, kar je povšeči, zato morejo o resnih položaju informirati širino tistih rojaki, ki živijo v italijanskih mejah.

AMERIŠKI POSLANIK v Canadi, Hanford MacNider, ki je bil nedavno imenovan na omenjeno mesto, se je predstavil načelniku kanadske vlade v Ottawi v vojaški uniformi, kar je napravilo zelo čuden vtip. (Dalje na 2. strani)

### ZDRAVNIŠKI NASVETI

(Piše dr. F. J. Arch, vrh. zdravnik J. S. K. Jednote.)

#### Oslovske kašelj

V tem letnem času so otroci zopet v šolah, in ena bolezni, s katero lahko pridejo v dotik, je oslovske kašelj (whooping cough), ki se so po sezoni premikale iz kraja v kraj za hranivo. Resnica je, da so jih marsikje ljudje pobijali na debelo, toda kljub temu ni bilo opaziti nikakoga posebnega zmanjšanja.

Kar naenkrat pa so te jate golobov izginile, in naravoslovci si že par desetletij glavno belijo, kaj je tako nanagloma uničilo te zanimive ptice. Nekaj let potem so sicer še tuintam opazili kakšen posamezen par,

potem pa so docela izginili. Glasom nekega poročila so videli zadnjega divjega goloba te vrste na prostem blizu Detroita leta 1898. V mestu Cincinnati, Ohio, je leta 1914 v zoologičnem vrtu poginil zadnji vjetnik te vrste. S tem je bil ameriški golob selec zapisan med izumre ptičje vrste.

Nedavno pa je neki časnikar blizu svojega doma v Munisingu, Michigan, viden par teh golobov. Neki michiganški zdravnik, ki se je vozil z avtomobilom iz Floride, je opazil jato kakšnih petnajstih golobov nekje med Indianapolism in Kokomo, Ind. Oba omenjena moža sta v prejšnjih letih, ko je bilo teh golobov še dovolj dostikrat lovila te ptice in jih vsled tega dobro poznata.

Dr. Philip Hadley, biologist na michiganski univerzi, je nedavno viden v gozdu ptica, ki je bil podoben golobu selcu; njegov tovaris, izborni prirodoslovec je imel priliko, da si ga je boljše ogledal in je potrdil, da je bil res golob selec. Dr. Hadley je minenja, da se že med mrtve zapisan golob selec vraca neznano od kod na polotok severnega Michigana, kjer so svoječasno ti ptiči gnezdzili v velikih množinah.

#### Drag šport

Angleži vzdržujejo svojo dinastijo večinoma radi "lepeške," kajti pri upravi dežele ima kralj malo za odločati. Pri vsem tem pa jih kraljevski pomp precej stane. Nedavno je bila Yorškemu vojvodju, ki je brat prestolonaslednika, rojena hčerka, in ta reč je stala "Johna Bulla" okroglih \$40,000. Izdatki se razdelijo sledede: zdravniški stroški \$25,000; pozdravno strešanje \$3,000; krščenje \$3,000; napitna služabnikom \$2,500; uradna naznana \$1,500; plača bolniških strežnic \$1,320; registracija rojstva \$525; telefonski klici \$500; oblačila za deteta \$500; razni mali stroški \$2,500. — Koliko delavskih družin bi bilo zadovoljnih, če bi imeli o prilikih prihoda novorjenčka eno tisočinko gornje svote na rokah!

#### Commonwealth

Štiri države, namreč Pennsylvania, Massachusetts, Virginia in Kentucky se officijelno nazivajo "commonwealth." Vse ostale države Unije imajo naslov "state" (država). Po ustavu se smatra za državo vsaka izmed 48 držav.

### NAJBOLJŠA HRANA

Kadarkoli potrebuje naše telo okrepila in hranilnih snovi, nam pripomorejo, da pi je mleko. Zakaj?

Odgovor je enostaven. Uganko, kaj naj predstavlja popolno hranilo, je narava sama resila in rešitev je: mleko. Ko je nastalo veliko pleme vročekrvnih živali, sesalcev, katerih mlačiči se skote življi in slabotni, je narava poskrbela, da bi ti novorojenčki dobivali popolno in zdravo hrano. In tako je bilo usojeno, da proizvajajo matere, ki so jih rodile, dovršeno hranilno mleko. Tudi človek, kot najbolj dovršen sesavec, je odvisen od mleka v dneh svojega destino.

Mleko je popolna hrana. Ono vsebuje vsako snov, ki je potrebna za rast in zdravje. Mleko je hrana, ki gradi telo in pravljiva obrabljenje tkanine. Pa je tudi kurilna snov, kajti prekrbuje telo s snovjo za ustvarjanje energije, potom katere izvršuje telo mišično delavnost. Poleg tega so v mleku one prepotrebne mineralne snovi, ki dejajo moč in trdnost kostem in zobovju.

Dočim je vrednost mleka kot glavna hrana za deteta splošno priznana, pa dostikrat pozabljamo, da je mleko izbrana hrana tudi za odrastke. Kakor bi moral vsak otrok izpititi kvort mleka na dan, tako bi moral tudi odrastek človek izpititi vsaj pajt istega. Otroci in odrastki upovljajo z mlekom.

Ker je mleko tako popolna hrana, se priporoča onim, ki so slabega zdravja, da ga uživajo še več kot po navadi. Ako sledi temu nasvetu, se mnogokrat izognemo težkih bolezni. Ta popolna hrana — kakor je znaten, do dokazano — okrepičuje utrujeno telo odrastih, kakor tudi rastoče telesne deteta.

Toda mleko za odrastke ali za otroke mora biti čisto, ako naj doprinoša svojo korist. Dandanes dobitavamo mleko najčistejše vrste vsled strogih mestnih naredb in državnih zakonov. Tipično v tem pogledu je mleko v mestu New York. V prejšnjih časih je bilo drugače in okuženo mleko je večkrat povzročilo razpasenje nalezljivih bolezni. Mleko pod nesantarno upravo od strani mlekarjev in prodajalcev utegne biti sredstvo in povzročitelj sledenih nalezljivih bolezni: legarja, vnetja grla ter nekaterih vrst tuberkuloze.

V prejšnjih časih je zlasti pretela in nevarnost detetom in mlajšim otrokom, da se okužijo s tuberkulozo potom mleka bolnih krav. Tuberkuloza je načadna bolezen goveda in surove mleku okuženih krav mnogokrat vsebuje žive bakterije tuberkuloze. Izkušnja je dokazala, da so te bakterije sicer razmeroma brez nevarnosti za odrastke, da pa morejo povzročiti usodepolne infekcije pri otrocih, ki pijejo surove mleko.

Dandanes pa pregledujejo živinodržavni nadzorniki vsako čredo potom tuberkulino poizkusov in vsako tuberkulozo govedo je takoj pobito. Na tak način je bil vir nevarnosti znatno omejen. Vrhutega pa imajo določne zdravstvene začrte, ki delujejo za snago in čistost, zlasti pa naredbe glede pravilne pasteurizacije, za posledico, da so postala okuženja vsled mleka in razpasenja nalezljivih bolezni jako redka.

Pasteurizacija ubija klice tuberkuloze, legarja in drugih nalezljivih bolezni. Pasteurizacijski (Dalje na 2. strani)

### GLASOVI Z RODNE GRUDE

### VSAK PO SVOJE

Evropejci očitajo nam Američanom, da smo veliki hinavci, posebno kar se tiče prohibicije. V javnosti se kažemo z lilijsko treznost, v deželi se pa v resnici piše več kot kdaj poprej. Temu se ne da oporekati, toda prijateljem onstran luže lahko vrnemo kompliment. Večina evropskih državnikov poje svetu o sami miroljubnosti, medtem pa se večina evropskih držav s hysterično naglico oborožjuje in pripravlja na vojno.

Ameriški časniški poročevalci, ki se mude v Evropi, cisto resno pišejo, da prav lahko v kratkem izbruhne nova vojna. Lahko grdo gledajo Jugoslavijo in Francijo, Francozi Italijo in Nemčijo, Nemci Poljsko in Francijo, Madžari Jugoslavijo in Češkoslovaško, Jugoslovani so pozorni na Albanijo, Bolgarijo in Madžarsko, gledajo Italijanov pa vsak ve, da jih ljubijo kot trn za nohtom. Slovenska kri, ki jo laški fašisti prelivajo v zasedenem ozemlju, vpije in vžiga krvavodreče plamene maščevalnosti, zato res ne bi bilo nič čudnega, če nekega dne zavrsi hurikan, ki bo potegnil v vojno vihro celo vrsto držav.

Mussolini vedno glasneje izvira vse sosedje, napram Jugoslaviji pa se obnaša, kakor se je Berthold napram predvojni Srbiji. Pri vsaki priliki citira davno rimljansko zdgodovino, pri tem pa čisto pozablja na zgodovino, ki je starata komaj dobro desetletje, katera beleži, kako sijajno so novodobni "Rimljani" tekli proti Piavi.

Predno Musso kaj začne, najda zgraditi mnogo mostov preko Piave, da bodo njegovi junaki lahko neovirano tekli prav do konca italijanskega "skorinja."

Razmere v Ameriki niso rožnate, toda najmanj toliko so le boljše od evropskih, da nam vsaj vedno ne visi nad glavo meč preteče vojne. Ni čuda, če je ta preteče vojni meč v duhu videl tudi marsikater izletnik in se zadovoljno oddalnil, ki je zopet stopil na ameriška tla.

Nedavno sem govoril z rojakom, ki je tiste vrste, da nikdar prav ne veš ali govoris resno ali se šali. Omenjeni rojak je bil pretečeno poletje na obisku v Evropi, pa mi je pripovedoval o dobrih časih in zanimivih dogodkih, ki jih je doživel tamkaj. Ko sem ga vprašal, kaj je bilo najlepše v najboljši v Evropi, je globoko potegnil dim cigarete, nagajivo pozemiknil in dejal:

"Za mene in še več drugih izletnikov je bilo v Evropi najlepše in najboljše to, da smo imeli potne in vozne liste za potratek v Ameriko!"

Letošnja suša v Zedinjenih državah je tudi precej pripomogla k splošni brezposelnosti. Tako je med drugimi brez dela 24 komisij, ki bi morale študirati poplavne.

Te dni sem izvedel od prijatelja dober nasvet za piknikarje: škoda, da je za letos že malo pozen. Večkrat se namreč pripeti, da lačen piknikar po hrustu s sandwichem tudi kakšno mravljo, kar ni zdravo. V takem slučaju je baje najbolj priporočljivo hitro vjeti pajko. (Dalje na 2. strani)

## Current Thought.

### What Was Accomplished at the Athletic Conference

Members of the S. S. C. U. are anxiously waiting to read of outcome of the athletic conference held in Cleveland, O., on Sept. 12 and 13. They want to know in detail of the exact procedure of the little "Convention" embracing lodges active in athletics.

At the present time, it is sufficient to say that the minutes of the conference will be published as soon as re-written and ready to appear in print. These minutes are lengthy, for it must be understood that the delegates were continually discussing the athletic situation for two whole days. Some of this was devoted toward increasing the membership of the S. S. C. U. Two days is a rather limited time to discuss and propose plans on the athletic situation, especially when one considers that no precedent has been established, the delegates being plans for the coming year 1931 with no similar example in previous years.

The delegation from the states of Pennsylvania, Ohio, Illinois and Minnesota worked hard to bring about desired results making the first conference ever held by any Slovenian fraternal organization a success. Bushels of ideas were brought and discussed upon, each delegate having ideas of his own, was a complicated task to bring about a compromise between delegates insofar as featuring of athletics is concerned.

### Four Major Sports Considered at Conference

In short the following brings out the wishes of the delegations. Pennsylvania delegation was in favor of sponsoring hard ball, basketball and duck pin bowling; Ohio delegation was in favor of playground baseball, hard baseball, ten-pin bowling, basketball; Illinois was mostly in favor of playground baseball, ten-pin bowling and indoor baseball; Minnesota delegation in favor of basketball, baseball and bowling.

Horseshoe pitching, golf, tennis and similar sports were discussed, but it was thought advisable for the delegation to confine its energies to the four major sports.

The next big problem was to determine just what major national champions could be determined. It was virtually understood that the transportation expense in bringing two teams together from different states would be carried by Union. But railroad fares are expensive when one team travels to a distant city to engage in a contest.

In other words, a limited amount of money could be appropriated for this purpose. To bring about lodge teams from various localities at the expense of the S. S. C. U. in the four major sports was impossible as the transportation expense would eat out the entire sports fund.

### Sectional and National Champion Lodges

After some heated discussion, the delegation finally agreed to feature basketball and bowling, and determine sectional and national champion lodge teams. Two leagues were organized, Eastern League including the states of Ohio and Pennsylvania, and the Northwestern League, including the states of Illinois and Minnesota. State champion lodge teams in basketball of each of the four mentioned states must be determined Feb. 1, 1931. During the month of February the sectional national titles will be determined in basketball. The S. S. C. U. will reimburse visiting basketball teams in sectional contests and national contests only.

The delegation was trying hard to be economical as possible in planning the disbursement of the Sport Fund. For this reason just three states were included in determining the national bowling title—Pennsylvania, Ohio and Illinois. Two leagues were formed, the Eastern, including Pennsylvania and Ohio, and the Western, including Illinois. The State champion bowling teams must be determined prior to March 1, 1931. During the month of March the sectional and national bowling titles will be determined.

### S. S. C. U. Athletic Board

An athletic board was elected to include five members. F. J. Kress, of Pittsburgh, Pa., was elected chairman, and John L. Vesel of Lorain, O., elected vice-chairman. Other members of board are J. L. Jevitz Jr., of Joliet, Ill.; Anton Vesel of Chisholm, Minn., and Joseph Kopler of Johnstown, Pa. In general this board will promote athletic activities among S. S. C. U. lodges, and act as an arbitration board in such cases when commissioner is unable to judge, regulate or settle a controversial matter. Heretofore, the supreme executive committee exercised this power. Formation of schedules for lodge baseball was left in the hands of this board.

Girls were given plenty of consideration and it is hoped more lodges will sponsor girls' teams. A loving cup suitable for each event will be given the winner of each state's competition provided that two or more teams are organized by two or more lodges within that state. So, girls, get busy and organize your teams, form schedules with your neighboring teams, and by means determine the state champion in all sports.

Each lodge will receive pamphlets containing the revised rules and regulations governing the administration of athletics, and the names of the delegation. Each lodge will receive pledge cards to be distributed among non-members and encourage them to join the lodge. Placards, containing the many interesting features such as death, sick and disability clauses, will be displayed in their meeting rooms.

A resolution was passed whereby the Slovenian-conducted groups would encourage the younger element to join the English-conducted groups. In several instances secretaries discouraged members from joining the English-conducted lodges. A younger member practice should cease immediately. A younger member loses interest in a meeting conducted entirely in the Slovenian language since he is accustomed to speaking the English lan-

### First Anniversary

#### Dance Held On Sept. 27

Canonsburg, Pa.—With the approaching fall comes the time when the Jefferson Collegians will celebrate their first anniversary. Just one year ago, a group of young people decided to enter the ranks of the fast growing S. S. C. U. These people had high hopes for the future and by joining the ranks of the S. S. C. U. they realized that many benefits would be derived such as social contact, higher intellectual attainments and higher moral standard.

We, the members of Jefferson Collegians, No. 205, are grateful to the senior lodge of our locality that helped us get organized. Elizabeth M. Polk, graciously transferred to our lodge and helped considerably in getting us organized and interested in the work of the South Slavonic Catholic Union. It is true that the road has not always been smooth and easy going, but plodding onward we gained a lot of valuable experience, and profited by our mistakes. We are now equipped with ideas and expect to grow in the future.

Leonard Lovshin of Chisholm, Minn., was elected president of the 1931 graduating class of Chisholm High School. Joe Arko was elected treasurer.

Ralph Lovshin and Tury Oman of Chisholm, Minn., have shown their capabilities on the University of Wisconsin grid team and will be seen in action during the fall contests.

Cleveland's (O.) entire Slovenian colony along St. Clair way turned out to witness the Inter-Lodge League indoor championship baseball game between the Loyalites and S. Y. M. C. at Gordon Park. Approximately 4,000 people were on hand.

George Washington Lodge (No. 180, SSCU) is planning on entering a girls' basketball team in the Inter-Muny League of Cleveland, O.

### Bowlers Meet Oct. 3

#### I. L. League Stirs Enthusiasm for Fraternal Lodges

S. S. C. U. lodges of Cleveland, O., and vicinity interested in bowling would do well to attend the Inter-Lodge League meeting to be held Friday, Oct. 3, 1930. The place is John Goranik's billiard hall, located at 6225 St. Clair Ave.

Last year three S. S. C. U. teams entered the league—George Washington, Collinwood Boosters and Betsy Ross. All lodges of fraternal organizations are eligible to enter the league.

At some future date the Inter-Lodge League will hold a meeting for lodges interested in basketball and organize a basketball league as well as one in bowling. More and more the fraternal lodges of Cleveland are beginning to see the advantages of inter-lodge contests, as it stimulates a spirit among the younger element and promotes fraternal lodge interest.

Heinie Martin (Antoncic), sports editor of the Cleveland Journal, is president of the Inter-Lodge League.

guage. And after all the future of the S. S. C. U. rests upon the shoulders of the younger generation, and everything should be done to enliven their regard for the Union.

Louis M. Kolar, athletic commissioner was chairman of the conference; F. J. Kress, of Pittsburgh, Pa., was vice-chairman; Anton Vesel of Chisholm, Minn., was recording secretary.

These are just the high points of the conference. Minutes will be published which will give the information in detail.

### BRIEFS

### Congratulations

#### Jefferson Collegians

First anniversaries are always remembered by charter members, and all those connected with a particular lodge. Next Saturday, Sept. 27, the Jefferson Collegians lodge, No. 205, SSCU, of Canonsburg, Pa., will celebrate the first anniversary since the lodge has been organized, by holding a dance in the SNPJ Hall of Strabane, Pa.

All are cordially invited to attend this dance, and help celebrate the first anniversary. SSCU members in close vicinity should make it their special effort to attend and thus boost the English-conducted lodge.

Louis Polaski, member, recently visited Cleveland, O., to attend the first athletic conference, SSCU, composed of lodges active in athletics scattered all over the country. Undoubtedly he will have plenty to tell the membership, and in case you have not already conversed with him on this matter, then be sure to attend this dance, as it will offer an exceptional opportunity to receive first hand information.

The editorial staff of the New Era wishes to extend congratulations to members of the Jefferson Collegians lodge upon reaching their first anniversary.

### Joliet (Ill.) Briefs

#### Concerning Lodge No. 66

Brother John P. Lunka was injured on his right foot while working at Higbie Simplex Boiler Works, Monday, Sept. 8.

At a gathering of last year's SS. Peter and Paul's bowling team, in the form of a meeting held Monday, Sept. 8, for the purpose of recommending and suggesting subjects of benefit for the Joliet delegate to the SSCU athletic conference at Cleveland, O., on Sept. 12 and 13, the boys seemed very much enthused over the progress and developments made by our Union toward sports. Our Tony Skul and Hank Bluth came well prepared with a number of tips which the local delegate brought before the athletic conference.

After the course of the little meeting Skul related some of the highlights and occurrences of importance that took place at the recent K. S. K. J. convention held at Waukegan, Ill. As a delegate, Skul found the convention interesting.

"Mix" Gregorash seemed to be all tired out the night of the gathering, probably from the effects of the all-day Kobe-Family outing held the day before at some grove up in the North end. Michael said that he had a good time. By the way "Mix" is a mix-up of all sports.

During the recent airport dedication Mr. and Mrs. Pier and family had as their guest Anton Papesh, of St. Rokus lodge, SSCU, Waukegan, Ill. Mr. Papesh visits us quite frequently. You're welcome, Tony.

On Wednesday, Sept. 24, John Plut was married to Miss Mary Albert of Lockport Township; the ceremony took place in St. Anthony's church.

Newlywed: I can't eat this stuff!

The Mrs.: Never mind, dear, I have some fine recipes for making up left-overs.

Newlywed: In that case I'll eat it now.

### SPORTING BITS

#### What Others Thought of Our "Little Convention"

Many newspapers carried reports of the first S. S. C. U. athletic conference held in Cleveland, O., on Sept. 12 and 13, chief of which is the editorial comments made by two newspapers devoted primarily in the interest of the American Slovener. Below are reprints of editorial comments made by the Cleveland Journal, with Frank T. Suhadolnik, editor, and the American Home Junior, with Ray J. Grdina, editor.

#### Welcome

By Ray J. Grdina, Editor  
American Home Junior

Today Cleveland, this community in particular, is host to a group of young men here for the South Slavonic Catholic Union sports conference. We wish to extend them a most hearty welcome on behalf of the American Home Junior and its parent sheet, the Ameriška Domovina.

Of primary interest to us, however, is the fact this conference represents a step forward in the activities of English-conducted lodges of Slovenian organizations. Ordinarily the junior groups in such unions have docilely followed courses outlined for them by parent organizations, deviating only in minor details and social functions, and that only in each individual lodge. Never before has any attempt been made to unify the action of the younger groups on a national scale, governed by themselves. This sports conference brings together a national representation of junior lodges in a convention conducted by themselves.

The editorial staff of the New Era wishes to extend congratulations to members of the Jefferson Collegians lodge upon reaching their first anniversary.

As such it is interesting. Just what it will accomplish is a matter of conjecture. Surely something will come of it, and though the results may not be as fruitful as expected, it will at least represent a start. Given a free rein in such matters it is a safe assumption the English-conducted groups will prosper better than what they would if continuously subjected to restrictions and practices set by the elder groups.

We congratulate the South Slavonic Catholic Union for its foresightedness in placing the reins in the younger group's own hands, we hope other organizations will see fit to follow suit. We extend our congratulations also to Mr. Louis M. Kolar, athletic commissioner of S. S. C. U. and English editor of Nova Doba, the organization's official organ, for his work in making the sports conference a realization. Our congratulations carry with them our wishes for the greatest success in the undertaking.

#### High Lights of the I. L. League Championship Series

F. Murphy, playing left field for the Loyalites, reached first base five times; walked twice, base on error and two singles.

J. Pecjak struck out five times, and each time on three slow balls.

A. Kuhel, playing third base, certainly made some unconscious catches, especially the line drives.

S. Verbic, playing right field for the S. Y. M. C., did well at bat, getting five hits in five trips to the plate; this isn't good luck, but good eyesight.

F. Yerse struck out 17 of the Loyalites' heavy hitters.

In the ninth inning 11 Loyalite men came to bat, scoring six runs in this frame to defeat the S. Y. M. C.

Welcome S.S.C.U. Delegates  
By Frank T. Suhadolnik  
Editor Cleveland Journal

With this coming of the Delegates of the South Slovener Catholic Union delegates to the Athletic board conference which will be held at the Slovener National Home on St. Clair Ave. during the Friday and Saturday of September 12 and 13 they will be writing history into the life of the Fraternal organizations in America. It will be the first time in the History of any organization that such a conference has been held for the popular and ever interesting activity as sports.

It will be for the first time that such a conference will be held by the members themselves and have a final voice in the final decisions that are passed upon by the conference of delegates from state of Ohio, Pennsylvania, Illinois and Minnesota. It is more interesting to know that the conference members will be the youth of the S. S. C. U. and they are assuming a leadership part that will be watched with interest by the members of the organization as well as other organizations.

That the question of athletics is an important one in the life of any organization and a means of inviting others to the organizations is in itself an important matter which needs vital and active discussions and positive programming. Sports have occupied the center of all hope for the inducement of new members to organizations which must cater to the younger folk in the future if they are not to be swallowed too abruptly into the melting pot and lost to the mutual interest of the Slovener and to the American ideal of foresight and ambition of achievement. That the conference will add something new there is little room to doubt. The nature of the preparations precludes the thought of failure.

The additional point of interest is that the Supreme Board of the S. S. C. U. trusts the youth enough to leave them make their decisions in a conference of the nature that will be held on Friday and Saturday of this week. It is a sign that there is enough interest in the youth to trust them in making their own decisions. It is a step that should be productive of much good.

Delegates to the Athletic conference of the S. S. C. U. the Slovener capitol in America welcomes you to their city and may your stay here be productive of much good and may your conference show that you, the youth can be trusted when decisions are to be made.

You will be making history and we welcome you here.

#### Attention, George Washingtons

George Washingtons (No. 180, SSCU) members of Cleveland, O., should pay their dues not later than the twenty-fifth of each month at the secretary's home, 1125 E. 71st St. The address has been changed, as Julia Bouha, secretary, formerly lived on E. 72d St.

**Engage in Activities****Lodges Should Engage in Sports**

The purpose of the S. S. C. U. "Little Convention" held in Cleveland, O., on Sept. 12 and 13 was to stir enthusiasm and spirit among the members and create a new desire for the lodges to be active at all times. In many cases a lodge becomes boresome due to the lack of variety. Sports is one of the many phases of activities that attract the outsider to join the lodge.

A lodge that is active at all times becomes a source of attraction promoting the many social contacts and thus relieves the monotony of the daily routine. By indulging in sport activities a lodge just naturally grows and creates interest within the group.

Enthusiasm should ever be present among the members of a lodge. The minute an individual loses enthusiasm in any field of endeavor he just naturally follows a downward course. Therefore, be energetic about your lodge activities.

Ideas hatched in one's brain should be exposed for consideration of others. And by attending a meeting one is offered an unusual opportunity to express his views toward lodge propaganda.

There are two problems faced by practically every lodge. Securing new members and holding those that have already joined. When a lodge sponsors the many activities it solves and works out both of these problems.

Advertising plays an important part in bringing about the desired end in any lodge. The New Era Supplement offers a splendid opportunity to advertise the accomplishments of your lodge and plans for the future. And when a lodge engages itself in sport activities it incites the interest of the local community newspaper, which will advertise the lodge still further.

Joseph Kopler,  
President National Star,  
Member SSCU Athletic Board.

**Expression of Gratitude**

Lorain, O.—I wish to thank the members of the George Washington Lodge, No. 180, for the wonderful time shown me during my stay in Cleveland, O., to attend the first athletic conference sponsored by any of the Slovenian fraternal organizations. I want to take this opportunity to give special thanks to Frank Drobnič for accommodating me, and showing me a good time.

John L. Zortz,  
No. 6, S. S. C. U.

**All Kinds**

Some ride to town and read,  
Others are bolder;  
They get their news over some shoulder.

Some read editorials,  
Some get headline news.

Some people read the books,  
And some read book reviews.

Some fight and get knocked out,

While others hiss and clap and shout.

Some are presidents, and run the nation.

Some spot errors in a Proclamation.

Some people like to sit  
And think, and some Chew Gum.

Little Jack (at soda fountain): "Papa, if I was twins would you buy my brother a dish of ice cream too?"

Papa: "Certainly, my son."

Little Jake: "Well, you ain't goin' to cheat me out of another dish of ice cream just because I'm all in one piece. are you?"

**Record Crowd Attends Game****Loyalites Win First Game From S. Y. M. C.**

Cleveland, O.—A record crowd of approximately 4,000 people flocked to Gordon Park, Diamond No. 6, to see the S. Y. M. C. indoor team (SDZ) lose to the Loyalites (SNPJ), by a score of 10 to 9. The game took place Sunday, Sept. 21.

If there is any doubt about favoring the inter-lodge contests, the game last Sunday should convince the worst pessimist that the Slovenian colony and, in fact, all of the members of fraternal lodges of Cleveland are greatly enthused over such games. Both the old and the younger members were on hand to cheer their favorites. The Inter-Lodge League certainly deserves a hand for promoting such contests and it is only a question of time when all of the fraternal lodges interested in sports will join the league.

Between one of the sessions Anton Zbasnik remarked that Athletic Commissioner Louis Kolar resembled a professor of some educational institution. Joseph Kozlevcar was an entertainer de luxe while out with "General" Polaski and "K. O. Kid" Kopler.

Joseph Jaklich Jr. was floored for the full count at Kovitch's home when "K. O. Kid" pulled the footstool from under him, causing Jaklich to sprawl on the canvas. That was one for "K. O. Kid."

"K. O. Kid" was somewhat groggy after completing the round on the flying turns at Euclid Beach.

Frank Kress had fire in his eyes when "K. O. Kid" came along and took his dame home, after Kress had entertained her most of the evening at the Sports Dance.

"K. O. Kid" Kopler somewhat extended the bed of George Kovitch when he laid his huge bulk of 6 feet 3 inches in it. He was the "man mountain" of the conference.

The carload of delegates

driven by "Speed Demon Sam" toward the airport were being trailed by a flying squad for a few minutes. The spotlight was flashed on them, but after seeing that it was the wrong party they were pursuing ceased the chase. In a way, the squad couldn't be blamed for chasing Samson, as he was only crawling along at the rate of 60 miles per.

Frank Kress had his pipe of peace in action several times during some of the hot discussions. (I forgot what brand of tobacco he's been using.)

**Conference Comments****By Louis Polaski, Delegate From Canonsburg, Pa.**

Joseph Kopler of Conemaugh was given a new title, that of "K. O. Kid" Kopler; this surely made a hit with everyone, especially the fair sex.

The wise-cracking contest between "K. O. Kid" and Joseph Jaklich Jr. ended in a draw after a four-day struggle.

Frank "Samson" Drobnič should be called "Speed Demon Sam" for the way that boy would race through the traffic one would think that the city's entire firing squad was pursuing him. He certainly gave the back-seat drivers from Pennsylvania a thrill.

Zortz, "Bobby Jones," claims that "K. O. Kid" played with a horseshoe in his pocket and just couldn't be beat.

During one of the hot discussions at the conference, Jack Jevitz was overcome by the heat and made himself absent for a short period.

Anton Zbasnik remarked that Athletic Commissioner Louis Kolar resembled a professor of some educational institution.

Tomorrow evening the delegates will be guests of George Washington Lodge No. 180, local branch of the S. S. C. U., which will sponsor a sports dance at Grdina's Hall, 6019 St. Clair Ave.

Delegates here for the session include Anton Vessel of Chisholm, Minn.; William B. Laurich of Chicago, Ill.; John Petrovic of Waukegan, Ill.; John L. Jevitz Jr. of Joliet, Ill.; Joseph Jaklich Jr., president of the George Washington Lodge of Cleveland; Joseph Kozlevcar of Cleveland; Al Ulle of Euclid; J. L. Zortz of Lorain; Joseph Kopler of Conemaugh, Pa.; Louis Polaski of Canonsburg, Pa.; Anton Zbasnik and Louis M. Kolar, athletic commissioner of the Union.

**Publicity Given Conference**

Numerous write-ups were given the first athletic conference held in Cleveland, O., on Sept. 12 and 13 and sponsored by our Union. Reports were published in the three leading daily newspapers of Cleveland, namely The Cleveland Press, The Cleveland Plain Dealer and The Cleveland News.

Below is a reprint of the article that appeared in The Cleveland Press on Sept. 12:

**Phunology**

Garageman: The bill, sir, is \$4. It was a case of flatulence of the perimeter.

Dr. Gouge: What? It was only a flat tire, I thought.

Garageman: Yes, but you ought to appreciate the value of fancy names for simple ailments.

Kind Lady: My poor man, how did you ever come to such a condition?

Weary Bill: Ma'am, I'm a victim of over-education. When I was a kid I read so much about the blessin's of overtly that I jes' naptchally couldn't work.

Smart Alec: So this is Florida, eh? I don't see any monkeys in the palm trees.

Cracker: Naw, suh. The monkeys come down in autos from the Nawth.

Myers: As a school official, Mr. Oram, you feel, do you not, that the radio is doing wonders to spread the use of good English?

Oram: Yes, if you call the language of Amos 'n' Andy good English. Not only the pupils, but even the teachers are using it.

"So Farmer Axle grease is out in the field today?"

"Yes, after six straight weeks at the filling station he needed a little recreation."

Yom Kippur: They have no piano, no summer home, no fur coats, no victrola, no washing machine, no automobiles, no radio.

Kabitzer: Gee, they must have money.

She (after long silence): What are you thinking of?

It: I was just thinking how fortunate it is that people lose their minds before they are put in those lunatic asylums.

rej, tisti, ki vsled brezposelnosti ne more plačati asesmenta, naj bi prišel na društveno sejo in apeliral na članstvo, da se založi zanj. Nikakor pa ni pametno, da se član pusti suspendirati.

Zdaj ko imamo nekoliko več časa, agitirajmo vse in povsod, da pomognimo naše vrste in posmagamo k rasti naši J. S. K. Jednoti. Malo nerad priznam, da dozdaj je bil le mal odstotek naših članov pridno na delu, drugi pa se niso zganili, kakor bi sploh ne bili člani društva J. S. K. Jednote. Prečital sem v angleški sekiji Nove Dobe članek, ki je bil ponatisjen po "Cleveland Journal," katerega urejuje Mr. Suhadolnik, in reči moram, da dotedčni članek bi moral prečitati vsak član in tudi svoje otroke, kateri morajo podati pismeno izjavo, da bodo posojeni asesmenti povrnili društvu, kakor hitro se razmreje izboljšajo. Za tudi tako, da bo lahko vse vrte, stara in mlado. Kar se pa tiče posrežbe, pa mi ne treba še posebej omenjati. Naše članice so obljubile, da bodo to pot prekosile s postrežbo vse prejšnje veselice. # VILEMIR

POVEST IZZA TURŠKIH BOJEV

(Nadaljevanje)

Vilemir ni oporekal govoru grofice o njegovi osebi—a vedel ni, s kom ga zamenjuje. Govoril je dolgo, pravil vse, kar je vedel o vitezu, iz njegovih besed je gorela ljubezen, občudovanje... Katarina je slonela na stolu, sklenila roke in poslušala zvestvo. Ko je končal, je vstala. Ponosna, visoka, je stala pred mlačenici, še nikoli ni videl tako lepe žene; pa vlažne so bile krasne oči, globoka žalost je bila legla na celo... Vilemirja je zabolelo srce...

Daleč ga je spremil rosnii pogled solnčnih oči, dolgo je čutil rahli stisk njene roke, in nekaj neizmerno bolestnega je slišal trepetati v besedah:

"Izroči mi pozdrav od Katarine!"

VII.

Bilo je tisti čas, ko stikajo ženice glave, ko se snujejo in razdirajo ženitve.

O pustu je bilo. Zemlja se je pripravljala k veseli svatbi, burno je krožil sok po koreninah in deblih—rajanja željna drevesa so klicala za skalami spečega godca. Prebudil se je stari godec-vihar, stresel je sivo brado in zasviral, zažvižgal...

Zarajal je po skalah Goleca in vabil s silnim glasom gozde in grmovja na ples v širno dvorano. In jelke, smreke in hrasti, gabri in bukve po čuku, Čavnu in Skopicah so divje zaplesali.

Lepo je bilo za debelim zidom v varnem gradu. V pritličju so brnela vretena. Nuta je sedela sredi dekel na klopi pri peči in pela. V orožarni so se vadili hlapci v basanju, zažiganju in proženju težkih, neokretnih pušk, katerih je bil poslat grof Lenart na vsak svoj grad nekaj; vsi so kleli nerodno novo orožje.

Tiho je bilo v nadstropju. Mehke preproge iz vzhodnih krajov so pokrivale tla hodnikov in sob, pisane zaveso so zagrijale vrata in stene. V tem kraju nepoznano bogastvo vezeno v blazin, sladkih dišav, je spominjalo, da cvete tu nagelj iz družega vrta. — Pred kaminom je sedel knez Radivoj. Bela halja, mehki šolni na nogah so kazali, da ne misli silni vitez na pohode, da ga ne zmami vihar na ples, naši živžga še tak rezko. Prijetno je bilo v gornjici. Sivina neba ni prodiral skozi barvana stekla oken, šumenje narave se je odbijalo ob debelem zidu. Nihalo lesene, na visokem stojalu stopeče ure se je pregibalo enakomerno, debela očesa začrnih slik na steni so gledala na negibno zaveso pri vrati. Čakala so, da jih dvigne v prednji sobi čakajoči deček in naznani kaj ljubega...

Predal s srebrom vdelanega pisalnika je bil odprt. Po njem in po tleh so ležale pol odvite listine. Na široki mizi raztegnjen, zarjavel pergament. Na njem je bilo naslikano mnogo vejno dreno, na vejah se je zibel plemeniti sad—ponosna imena Vladimirovičev. Dolga vrsta, vitezov, državnikov, med njimi škofje, opati. Ženske-krepstne matere, svete opatice, znane lepotice. Zlahtali so se s kralji in vladarji, pridobili si velika bogastva v teku let. Ne za sveti denar, ne po zapuščinah. Podeljena so bila od vladarjev dežele za zasluge junakov tega rodu. Neretva, Tjalja, Veljak, Klobuk, Plin, Zvireče, Struge, Borovec, Bročno, Ljuboško, Imosko, Sladinec, Tesanj, Vis, Komotin, Gračar, Melida in mnogo drugih gradov je pripadalo Vladimirovičem. "Vukotin—990. Dobil je listino plemstva od Petra Kandiana, imel je več gradov v Hercegovini..."

Vrstila so se imena—vsakemu se je družila slava. "Vilemir—1446... Škof Krešovja, veliki kancelar Stipana Tomaževiča in znani učenjak." — "Radivoj—sodnik in pečatnik Bosne." Tu je pripomnila krepka roka: "Izgubil l. 1463. domovino in vse posestva in..." Zastala je roka, ni zapisalo: "bil zadnji tega rodu..." Glavo upro v roko, je gledal knez v debela, gorenja polena. Dogorela bodo—razpadla v pepel, kakor njegov star rod, kakor njegovi načrti... On umira kakor zadnji zvok junaške pesmi, ki bi se pela, še dolgo pela, a je zastal glas v grlu pevčevem.

Lepo bi se zapisalo: "Vilemir Vladimirovič"—a Romana ni hotela. Skozi v skozi plemeniti mlačenici si je pridobil srce Radivojevo in—Radivoj je menil—tudi srce dekllice. Saj je občevala sicer nedostopna Romana tako zaupno ž njim, se smejala tako veselo v njegovi navzočnosti kakor nikoli poprej. Menil je torej Radivoj, da prisije solnce veselja na njenem licu, ko ji oblubi, da jo omoži, kadar se vrne iz Turčije, z mladcem, ki je bil po srcu, licu in zvanju vreden, nositi staro slavno ime. In če ga ne ljubi po poldrogoletnem občevanju ž njim, ga ne bo ljubila nikoli. Kakor strela pride ljubezen, kakor ropar te napade prvi hip, ko vidiš, slišiš osebo, s katero naj se združi duša. A Romana se je smejal, ko je vitez omenil zakon z Vilemirem: "Saj je mlajši od mene, stric!"

"Na to nisem misil," je priznal osupel. "Kaj za to! Včasih je zakon še srečnejši, če je žena iz vihrovih let."

Zapustila ga je s smehom. Zakaj se smeji? Morebiti ker hoče vcepiti v staro deblo vejico neznanega drevesa! Nemara ji brani rodbinski ponos, ljubit potomca neznanega plemena... Poznal je Romano. Mehka, popustljiva v vsakdanjih stvareh, je bila železne volje, kadar je branila pravice srca.

Poizkus njenega očeta, poturčti jo, se je odbil ob trdnosti osemletnega dekleteca. Zmotam korana je odgovarjala z resnicami katekizma. Nežen otrok je bežala z bogatega dvora od očeta, se ločila od matere, se skrivala po jamah, med hajduki. Zaradi resnice, ki je živila v njenem srcu... Zato je ljubil in občudoval Radivoj nežni odrastek ponosnega debla, spoštoval znak želesne volje na njenem čelu in želel, pridobiti ji vso zemsko srečo. Toda zdi se, da se ji ona upira: nikogar noče, da bi jo osrečil, vsak ji je preslab, prenizek—i morda primerja vsacega občulovanemu stricu, ker ne ve, da ima tudi on hipe slabosti...

Vzdihnil je Radivoj. Vzdignila se je črna sénca. Kakor jo je videl zadnjikrat, bledo, na kolennih—tako je stala pred njim, povzročiteljica njegovega gorja, nesrečna bosanska Katarina. Prosila je—a ni bilo odpuščanja v duši. Kajti za njo je stala sijajna, v razkošju lepote in bogastva, prekrasna goriška Katarina... Trenutki so, ko je človek slab, silno slab. Misli, ki stanjuje skrite v dnu srca, prihajajo neopazene iz temnega kota, se polačajo volje, razuma... Sram je človeka takih misli, dokler ga vodi krepka volja proti vzvišenem cilju—zato prežijo na samotne ure, ko se čuti človek tako samega na prazni cesti

zivljena, ko tone moštvo, slava, dolžnosti in načela v morju hrepenuja po ljubezni...

Tudi ti moj vitez, moj junak! Vihar izkušnjave je prihrumel nad twojo glavo, sklonila se je, omahovalo je srce... Pa bodi zabeleženo v tolažbo zdvajajočih duš, da nisi padel.

Katarina! Sladek smeh se je razlil po tožnem, plemenitem lici Radivojevem. Vdajal se je mislim, spominom. Nedostopen, kakor ponosna deva, kipi ob morju trdn grad Devin. Ob njegovem vznožju se vije prašna cesta, se penijo, bučijo valovi morja. Mimo njega razpenja ladja vsa jadra, hiti—mimo njega poganja konja voznik in jezdec, ker preži grad na cesto in na morje kakor roparska ptica, kakor divja zver. Strah potnikom, siloviti Devinci, so izumrli l. 1399. Njihova posestva je bil podedenal Friderik in podaril Devin Hoferju Hohenfelskemu. Švab je bil oduren človek, pjanec in pretepač. Vendar se je osmelil pogledati v solnčno oko Katarine, sestre grofa Lenarta. Najlepša gospica Goriške se mu je posmehovala—Hoferju se je kuhal ljubezen in jeza. — Katarina je potovala v Trst. Pot jo je privedla pod Devin. Tu je planil Hofer iz grada, pobil nekaj spremjevalcev—nekaj jih je zbežalo... Ze se je borila Katarina s silovitežem, ki jo je hotel unesti na grad, že je zdvajala—ko je priša pomoč. Rihemberški je prihajal od Trsta: znan kot "pismouki" človek, je bil naprošen, da pomaga razsoditi prepri med Štivanci in Tržačani. — Slišal je vpitje, zagnal konja, stisnil meč, rešil devojko. Kaj mu je bilo slajše placičo nego hvaležni pogled rešenke... Tedaj mu je sreča prevzela ljubezen do lepe goriške Katarine. Toda ljubezen—v dolžnost? Kajpa njegove prisege?...

## GLASOVI Z RODNE GRUDE

Na obisku pri zaročenki umrl Alojzij Heufel, sin posestnika in tovarnarja p. e. i., stanoval na Tržaški cesti 27 na Glinach, se je odpravil v nedeljo zvečer v posesti s svoji zaročenki Pavli Kvulerjevi v Rožno dolino na Cesti XV. št. 7. Heufel je bil v družbi zaročenke nekaj časa prav vesel in zadovoljen. Nenadoma pa je bil tožiti o bolečinah v prsih, nakar se je okrog 22:30 vlegel v sobi na klop in umrl. Nenadoma preminuli je bolehal že nad dve leti na tuberkulozi. Truplo nesrečnega mlačenica so prepeljali pozne na dom njegovih staršev.

Najmanjši Dalmatinec. V rasti silno zaostalega revčka, o katerem bi človek mislil, da je še dete, a je star že 18 let, nosi njegov oče, visok Dalmatinec širom domovine in sta tako prispela nedavno tudi v Ljubljano. Nosi ga v košarici, kakor običajno nosijo dalmatinski krošnjarji svojo drobnarijo. Mlačenček tehta komaj 11 kilogramov, je telesno popolnoma zaostal, duševno pa je jako svež. Kadar se okrog njegovega očeta nabere radovedna publike, jo neprestano motri s svojimi velikimi, bistrimi očmi in na vsa vprašanja daje tudi dobre odgovore. Potovanja križevca se zelo veseli in če mu kdo pokloni kak dar, se lepo zahvali ter s prijaznim nasmehom zatrjuje, da se mogoče še vrne.

Kakor je bilo že poročano, so prešle po odredbi ministrstva notranjih del tri velike občine, ki so doslej pripadale kočevskemu političnemu srežu, pod čebarski srez. Ta odločba je prišla v skladu z dolgoletno željo prebivalstva Osilnica, Drage in Trave, da bi pripadli v upravnemu in sodnemu čabarškemu srežu in sodišču. Krajevne prilike, gospodarski vidiči in bližina Čabra so govorili nujno za to priključitev. Saj je znano, da je ravno prebivalstvo teh občin silno trpel zaradi preoddaljenosti od kočevskega sreža, ki znaša več kot šestdeset kilometrov, dočim ima prebivalstvo do Čabra le deset kilometrov. Z razdelitvijo Jugoslavije na banovine s 3. oktobrom je Čabar pripadel dravski banovini. S tem so odpadle vse ovire za priključitev imenovanih občin k temu srežu.

V upravi saveza Sokola kraljevine Jugoslavije se je izvršila izpremembra v osebi njenega načelnika. Dosedanji svezni načelniki dr. Viktor Murnik je podal ostavko na svoje mesto, nakar je minister pravne dne 20. avgusta imenoval za saveznega načelnika Ivana Bajžlja, profesorja telovadbe na učiteljišču v Ljubljani. Slišal ga je Ferdinand Berk iz Zgornjih Jesenic, ki je baje nesreču zadel 12 tako silnih imenovanje bo gotovo ra-

nar na mestu obležal mrtev. Dne 26. avgusta pa so našli na cesti med Rako in Bučko 20-letnega posestnikovega sina Alojzija Peterlinja, doma iz vas Štrit pod Bučko, mrtvega. Ko so mrtvega natančneje pregledali, so opazili, da je bil ustreljen. Kakor se domneva, ga je nekdo ustrelil z lovsko puško. Natančnejše bo ugotovila abdukcija nesrečnega mlačenca. Zločinec je za enkrat še neznan.

Bitka med cigani in orožniki. V Srbobranu je nedavno nastala pravčata bitka med cigani in

orožniki, v kateri je bil ubit cigani. V bitki bil ubit cigani poglavlar Konsinov. Cigani so že delj časa nadlegovali vso južno Bačko. Vlomi in tatvine so bili na dnevem redu. Na to je orožnike v Srbobranu neki kmet opozoril, da se skrijeva večja ciganska tolpa v koru blizu mesta. Na označeni kraj je takoj odšla močna četa orožnikov. Ko so jih cigani zagledali, so hoteli pobegniti, toda orožniki so jim beg preprečili. Cigani se pa niso hoteli zlepa udati. Zabariškadirali so se za svoje vozove in začeli streličati na orožnike, ki so se
