

Vreme včeraj: najvišja temperatura 23,6, najnižja 13,9 stopinj, zračni tlak 1011,5 skale, veter 5 km severozahodni, vlaž. 83 odstotkov, nebo jasno, morje mirno, temperatura morja 23 stopinj.

Proti fašistični provokaciji v Genovi

Solidarnostne brzojavke z genovskimi antifašisti

Poslale so jih Federacija PSI, FIOM-CGIL, devinsko-nabrežinski občinski odbor in reprezentativni organ tržaskih akademikov

Socialistična federacija PSI je včeraj poslala genovskemu antifašističnemu odboru naslovni telegram:

«Tržaska socialistična federacija obžaluje, da ni prapora tržaskih občin pri vaši manifestaciji in potrjuje potrebnost enotne borbe proti fašističnim provokacijam.»

Socialistična skupina v občinskem svetu je namreč predložila 28. junija županu interpelacijo, v kateri zahteva, da tudi Trst pošlje svoj prapor na proslavo protifašističnega dne, saj je tudi Trst odlikovan z zlato kolajno za zasluge v odpravi genovskega antifašističnega gibanja in so njegove prapore že poslala številna mesta, kot Turin, Cuneo, Bologna, Modena in Reggio Emilia.

Sinoči se je na izrednem zasedanju sestavil izvršni odbor pokrajinskega sindikata FIOM-CGIL, ki je poslal genovskemu kovinarjem solidarnostni telegram, v katerem odobrava odločno borbo delavcev in vsega antifašističnega prebivalstva. Izvršni odbor podpira to borbo in poziva vse tržasko kovinarje, da se združijo v znak solidarnosti s svojimi borbenimi genovskimi tovariši.

Na svoji včerajšnji seji je devinsko-nabrežinski občinski odbor sklenil poslati svetu odpravnega gibanja v Genovi naslednjo brzojavko: «Občinski odbor devinsko-nabrežinske občine se pridružuje splošnemu protestu proti fašističnim provokacijam v Genovi, odklanja z zlato kolajno.»

Včeraj se je sestala tudi skupščina reprezentativnega organa devinsko-nabrežinske občine, na kateri so soglasno odobrili naslednji telegram: «Skupščina izraža svojo solidarnost z akademiki in profesorji univerze v Genovi, mesta odlikovanega z zlato kolajno za zasluge v odpravi genovskega antifašističnega gibanja.»

Tiskovna konferenca odbornika prof. Faragune

Poenostavljen postopek nabora starih letnikov

Sedaj je na vrsti letnik 1931 - Letnike 1928-1931 pregledajo do konca leta, letnika 1926 in 1927 pa med aprilom in junijem 1961 - Vsi bodo oproščeni vojaške službe

Občinski odbornik za matični inšpektor prof. Faragun in načelnik oddelka Dr. Quaragna sta včeraj na tiskovni konferenci pojasnila postopek poenostavitve nabora vojaških obveznikov letnika 1931, ki se je pričel včeraj. Pri tem sta poudarila, da gre le za ureditve položaja vojaških obveznikov, ki pa jih ne bodo klicali pod orožje. Letos in do junija prihodnjega leta bodo namreč pregledali letnike 1928, 1927, 1926, 1930 in 1931, ki niso bili na naboru niti niso služili vojske.

Po razgledni naborov tu, na naše področje je čakalo pristojne matične urade obilo dela, da so izpolnili vse, kar predpisuje zakon v zvezi z naborom starih letnikov, so ugotovili, da je potrebno za letnike od 1937 do 1940, kakor je ostalo še vse delo za letnike od 1928 do 1930, da se morali pripraviti vse potrebno tudi za redni nabor letnika 1941.

Zatem so morali pripraviti še naborne sezname za letnik 1942, s čimer so se občine na ozemlju poenostavitve letnikov, ki so bili v letnikih 1928-1931, oproščeni vojaške službe, morali pripraviti vse potrebno tudi za redni nabor letnika 1941.

Zatem so morali pripraviti še naborne sezname za letnik 1942, s čimer so se občine na ozemlju poenostavitve letnikov, ki so bili v letnikih 1928-1931, oproščeni vojaške službe, morali pripraviti vse potrebno tudi za redni nabor letnika 1941.
