"The Spirit of a Rejuvenated KSKJ"

"ALL FOR FAITH, HOME AND NATION"

NO. 26 — VOL. IX.

GLASILO K. S. K. JEDNOTE, JUNE 25TH, 1935

TO THE POINT

Editorial

SUMMER ACTIVITIES—When the warm season sets in, and we are still waiting for it in certain parts of the country, KSKJ societies and booster clubs active throughout the year will be tempted to sit back and wait for the cool weather conducive to activity.

In various sections of the KSKJ world baseball is already holding the attention of Kay Jays. Mushball, otherwise known as softball, will be featured by other sections. In the all-sports centers golf and tennis tournament will again be sponsored. In all, regardless of the weather, KSKJ societies are now in the midst of a program that will guarantee much activity during the summer period.

For years the summer season has meant the staging of annual picnics, a form of recreation very popular with the senior societies. For some societies it is the one time in the year that all members meet for a wholesome good time. Though many a society is in need of funds, it is doubtful if picnics are staged primarily to raise funds. At least they should not be! A picnic is a success, so it is thought, when every member is present and has a jovial time.

The young people are always critical as to the moral support given their sport ventures by the seniors. Is it not fair that the seniors seek the same support when they stage a picnic? The seniors do not expect the young people to come to the picnic grounds and to spend wide and handsome, because they know the young people are not flushed with money. They do, however, hope that the youngsters will come around and be one of them. The seniors know that the best things in life are free—and if you are a young member and doubt it, try to buy the type of friendship and congeniality that prevails at a KSKJ picnic.

GRADUATION—This month thousands of students were awarded diplomas signifying completion of various programs of studies—and if various opinions are correct, a harsh, cruel world awaits to be conquered.

There have been graduates in the past, and there will be graduates in the future. Some will climb the ladder to a successful life easily, others with difficulty, while others will not even find the ladder.

To the parents and friends: Your son or daughter now has the chart, but regardless of theories your practical experience is invaluable. Guide them and counsel them. Your encouragement will offset despair when exaggerated dreams are blasted, and will set them on the path of honest endeavor.

To the graduates: Graduation is a commencement, a start. Every beginning is difficult. You are assumedly ready to take your place in the world. This is not a one-man world, which means that you will receive just what you put into it. Be kind to the world and you will receive kindness in return.

When your courage wavers, remember you can always find peace and a renewed grip on hope in the Church.

KSKJ CADETS—Recently a new movement has been adopted by the Ohio KSKJ societies. The promotion is intent on organizing the juvenile members into gym or calisthenic groups.

It is a noteworthy move, for the in the past juveniles were merely members, nine out of ten times not knowing that they were even members of the organization. Since the KSKJ is an organization having as its motto: "All for one, and one for all," it is not surprising that the juveniles were given consideration.

The movement, now in the infant stage, promises to eclipse other promotions, if present interest is any indication.

A question presents itself: Will the promotion remain localized and be sponsored by Ohio societies only, or will other sections of the KSKJ also do something for its juvenile members? A KSKJ member worth enlisting is worth retaining! The juvenile member of today is the senior member of tomorrow! Does your society plan for the future?

TO SALVAGE YOUTH

An inviting appeal is made to fraternal societies according to Fraternal Monitor to help stem the tide of drifting youth. Made to order is the opportunity, fitting perfectly into fraternalism's program. Says that journal:

"The wayward boys and girls, their energies undirected and ideals warped—it is unfavorable home surroundings, lack of proper guidance or directed ambition that is making the hoodlums today an indictment of our modern social system."

"Youth is just as good, just as wholesome as it ever was but in the rush and roar of our modern way of living it isn't getting the consideration that is its birthright. The result is obvious: the boys and girls are not given the chance to acquire the proper habits during the formative period."

"The fraternal societies could

do a great work in correcting this evil. Many of the societies already have the trained men and women—adults who know and understand youth and are sympathetic with their ambitions and ideals. The fraternal societies will miss a great opportunity if they don't take up this work of youth protection now."

And from E. W. Thompson, this forceful utterance:

"In these days of increased crime and vexing social problems, it is absolutely necessary that the youth of the country should have especially capable guidance. The best source of such direction and advice can be given through the juvenile fraternal lodge system, where the child learns the lessons of group co-operation and the ability of coordination of their interests in life, for the com-

KSKJ VETERANS HONORED AT JUBILEE PROGRAM

Cleveland, O.—Two surviving charter members, Anton Hochevar, 80, and John Pišek, 78, were the guests of honor at the church services and picnic sponsored by the St. Vitus' Society, No. 25, in commemoration of the 40th anniversary of the organization of the society.

Both men were moved by the recognition given them and both had tears in their eyes. Mr. Pišek, who perhaps holds the record in the society for attendance at meetings, stated that he has lived in Cleveland since his arrival in this country. Asked whether he thought he had missed anything in not seeing America, he opined, "Our Mother the KSKJ is composed of true fraternal men and women. The KSKJ spirit, KSKJ fraternalism and friendship is everywhere the same, so living in Cleveland with KSKJ people is the same as living anywhere in the country among the same type of people."

Well up in years, both veterans expressed regrets that now they are unable to do anything for the society. The respect the members have for these two men, however, assures that the organizers had done their part and can feel at ease by watching the result of their efforts in days past.

The society also had as its guests Joseph Zalar, supreme secretary, and Frank Gospodarcic, supreme finance board member, of Joliet; the Rev. B. J. Ponikvar, pastor of St. Vitus' Church and spiritual director of the society; Dr. M. F. Oman, supreme medical examiner; Mrs. Mary Hochevar, supreme auditor; George Panchur, supreme juror, and Ivan Zupan, editor of Glasilo.

Baseball, games, bowling and dancing were on the program at the picnic grounds at Intihar's Grove.

mon good and service of all.

"The lodge room is the one place where juveniles and adults alike meet upon a common level, and this is conducive to the teachings of wholesome respect for the rights of others, in a true spirit of human tolerance, that tends constantly for a common service. Our children brought up as fraternalists will manifest a more tolerant and useful spirit in life than their forebears, for they will have assumed the right attitude toward life."

Clevelanders Awarded Diplomas

Johanna Gornik

Cleveland Yugoslavs were well represented at graduation exercises held this month by local schools.

Rudolph Antoncic received the degree of Doctor of Medicine at the commencement program of Western Reserve University, while Vincent Opaskar was given the degree of Doctor of Dental Surgery by the same school.

The arts colleges of the university, Adelbert and Cleveland College, awarded Bachelor of Arts degrees to John Tercek and Stanley P. Zupan, respectively. Both are members of St. Joseph's Society, No. 169. Viola Gusdanovic received the Bachelor of Arts degree from Flora Stone Mather College, also a subsidiary of the university.

In the recent graduation exercises at St. Vincent's Charity Hospital, Johanna Gornik was awarded a diploma. Miss Gornik, a member of Mary Magdalene Society, No. 162, is also a member of the SDZ. Before taking up her studies she was active in the Community Welfare Club and the Yugoslav (Slovene) Club.

Edna Penko, student at East High School, was honored by the school for her proficiency in French.

Laddie Znidarsic, junior, and Albert Spehek, sophomore at Case School of Applied Science, were tapped as members of the Blue Key, men's national honorary fraternity. John Zupan, sophomore at Kent, was also recently admitted into the fraternity.

Chisholm Society Changes Place of Meeting

Chisholm, Minn.—All Kay Jays, the junior members of the Frederick Baraga Society, are notified of the change in meeting places. The meetings are to be held on the same Sunday as heretofore, only now they will start at 9 a. m. The new place of meeting is Mahne's Hall.

Members are urged to come to the next meeting because of tentative plans for a picnic to be held Aug. 11. All plans are to be discussed at the next meeting.

The picnic committee extends an invitation to the whole range KSKJ. It hopes that all are represented as we expect to have refreshments and entertainment galore.

What do you say to being here Aug. 11? Do I hear a chorus of "Aye"? Well, we'll be waiting for you.

Louis Baraga.

300 ATTEND ST. JOSEPH'S MEETING

Cleveland, O.—The days of regret that members do not attend meetings are apparently over for St. Joseph's Society, No. 169. At the recent monthly meeting of the society 300 attended and set up a new attendance record.

The society, largest in the Union, in addition to providing sports for the young people, and more recently calisthenics for the juvenile members, has adopted a policy of presenting a program at every meeting. Whether it is the programs that have brought about the change in the attendance at meetings, or that Collinwood KSKJ people are KSKJ conscious has not been determined. At any rate, the society has taken on new life, according to the officials of the subsidiary.

Lawrence Leskovec is president and John Pezdirtz secretary of the active society.

Baragas Not Asleep, But to Make Plans

Milwaukee, Wis.—That you have not heard of the Baragites in the past two weeks is not because they are dead or asleep, but because nothing outstanding has happened in that time.

The Baragites regret very much the loss of their secretary, Anton Lenchek, who resigned from the secretaryship upon acceptance of an out-of-town position. His successor is Tony Kreffel, 401 S. 2d St. He will collect dues at the meetings and at his home.

Because our next meeting date falls on July 4, the meeting has been postponed to the second Thursday, July 11. Baragites are asked to make a note of the change.

Jack Jenick, president, requests that all bowling tickets be returned so he can give a complete report at the next meeting.

Knights and Ladies of Baraga, let's try to be present at our next meeting! Our last con-fab was not well attended. After all, we do not live so far from each other to be inconvenienced by meeting once a month.

Going from place to place and traveling with the Baragas, I learned that some members favor either an outing, a moonlight picnic or a beach party. If that is so, let's have one or the other. Come to the July meeting and voice your opinion!

Helen Bremsek.

PERSONALS

La Salle, Ill.—Miss Josephine Horzen, member of St. Ann's Society, No. 139, underwent an appendectomy recently. She is convalescing at St. Mary's Hospital.

Miss Sophie Klansek, daughter of Mr. and Mrs. Anton Klansek, Union St., is convalescing after an appendectomy. She is at present in St. Mary's Hospital.

First banns of approaching marriage were published between Miss Mary Bildauer, daughter of Mr. and Mrs. Matthew Bildauer, and Joseph Piletich, son of Mr. and Mrs. Anton Piletich, at St. Roch's Church. The wedding is to take place in the near future.

MAN AND AREA

By Frances Jancer

If we wish to get the area of a field we multiply its length by its width, and the result is square feet. When we get the number of square feet we know how big the field actually is; we know its area.

The area of a field is a relatively easy problem to solve, but there are other things besides fields that have area. A man has area, he has size; but his area or his bigness is too often measured in terms of wealth, power or some other very evident quality. The one dominant thing big man has is character which he fully utilizes.

Have you ever stopped to think just what your area is, just how big a man you are? It is fun to analyze one's self and see just what good points one has, and just what points one should try to be rid of. To know one's capabilities and one's shortcomings is very interesting. It is interesting to study character—the foundation upon which all great men have been built.

There are a few fundamentals by which character is developed, and it is a combination of all these fundamentals that produces the big man, or the man with area. Let us dissect the word area, and discover a few of the fundamentals that go to make up the big man.

A—ability. To be a big man in his line, a man must have ability, and ability comes only as a result of a firm foundation, a thorough education, and plenty of experience. Ability is nine-tenths hard work and one-tenth native. Ability, then is the first attribute the big man must have.

R—reliability. Can you imagine a president of a railroad forgetting an appointment with

the board of directors, or breaking a contract, or running his trains on a slipshod schedule? No! Dependability is essential to success in anything. No one wants a car that goes one day and ceases to function the next day. Neither does an employer want a man who is never on time, never does accurate work, or fails to appear for work in the morning. A big man, then, must be reliable.

E—endurance. A strong mind without a healthy body is nearly worthless. A man must be physically fit to stand the blows, dents, and strife he is bound to meet in the business world. No one places confidence in a man whose health is uncertain. A man not physically fit cannot keep hitting on all "six" all the time. Endurance, or physical fitness, is the third requirement the big man must have.

A—assurance. A man to be big must have the courage of his convictions. This point cannot be stressed too much. He's got to believe in himself so when a crisis comes up he can give his judgment unhesitatingly and with accuracy. He cannot be a tool in someone else's power. People never doubt a man who has a cool, deliberate assurance—not the bravado type—"listen to me, I know it all," but real sincere confidence, which inspires faith. A big man meditates on all his questions, but when he has once reached his conclusion he never wavers or falters.

That spells AREA. In summing up, I will say that Ability, Reliability, Endurance and Assurance are the four main reasons why a man has AREA, and if he lacks any one of these four requirements, he is far from being a Big Man.

KNIGHTS' SONG UNITES MEMBERS

Brooklyn, N. Y.—The words of the Knights of Trinity theme song, composed and written by yours truly, came to life when the society was still in its infancy and have become so popular that they have been taken to heart by each and every knight, so much so that Jerry "Prof." Koprivsek, one of the knights, has arranged it for four voices.

Whenever the boys congregate at any affair, the night is never complete until this beautiful number is rendered.

Study the words and see if you can fathom the meaning of each word and sentence, and when you have been successful, only then will you be able to understand why and how this young society has so wonderfully progressed.

Just as every living thing in this world is kept alive by a palpitating heart, so is this society kept successfully functioning by this theme song, a song whose words bind the members ever so much closer each time it is rendered.

Acquaint yourselves with the words so that when you join the knights at their next get-together you may be able to pitch right into the spirit of the occasion.

I hope that this write-up may be an incentive for other KSKJ

societies to follow up the idea originated by the knights and compose their own theme song, so that in the near future every society can boast of its accomplishment whether it be in English or in Slovenian.

Let me suggest even going further, that the KSKJ have a theme song that would be called the "KSKJ Theme song" and to be a national song just as the "Star Spangled Banner" is for the U. S. A.

I would like to see some comment in the Glasilo as to my suggestion.

Here are the words of the knights' song. They are sung to the tune of "Let the Rest of the World Go By."

Knights of Trinity

Friends till eternity
We Knights of Trinity,
Our aim is in this life,
To conquer every strife.
We'll do our best,
In every test,
Harmony will do the rest.

Our goal is victory,
We'll battle enmity,
For T-R-I-N-I-T-Y.
We'll build a strong loyalty,
Like knights of history,
And let the rest of the world go by.

John P. Staudohar.

RAIN CUTS INTO MIDWEST SCHEDULE; DOUBLE-HEADERS FOR SECOND HALF

Jupiter Pluvius, the old man of the rain clouds, worked havoc with the Midwest league schedule on Sunday, June 16, and the result was that no games were completed. It was the first time in four years, and the second time in eight years that KSKJ league games were called on account of rain.

Because of this, league teams will enter into a rare complexity. According to the bylaws of the circuit, the unplayed games will revert to the second half of the schedule when double-headers will be played on visiting dates of the home teams involved.

The St. Stephens and the St. Aloysius teams were well through the third inning when the deluge interfered with their play at 26th and Damen in Chicago. The St. Florians and the Milwaukee Baragas, who are again in the circuit, were about to begin warfare at Calumet Park when it began to rain. In Waukegan, the St. Michaels and the St. Joes didn't really have an opportunity to don their uniforms when they were thwarted by the weather.

The games in question will be played off during July except for St. Stephens and St. Aloysius, who will resume hostilities this coming Sunday, June 30, at the same place. A two-game series will be played by the St. Florians and the Baragas when the South Chicagoans travel to Milwaukee on July 28. The St. Michaels and Waukegan St. Joes will play their double-header on the same date in South Chicago at Trumbull Park.

In as much as the games played June 23 marked the end of the first half, no regularly scheduled league games are listed for this coming Sunday, June 30, except for the two who will play off their postponed game at 26th and Damen.

Baragas to Fulfill Schedule

It is pleasant to report that the Baraga baseball team of Milwaukee has been reorganized and will endeavor to fulfill their league obligations under the leadership of Tony Kreffel, who had been the Baragas' first manager. Under his guidance the team is expected to maintain its formidable spirit and sportsmanship that has earned for them a high regard in Midwest KSKJ circles.

In order that the Milwaukee boys may have every opportunity to show their strength and ability, the St. Aloysius team of Chicago has very sportingly relinquished their claim on the game which the Baragites forfeited to them on June 2. According to Frank Ribich, St. Al manager, they stand ready to play the game in August.

With the addition of this Number 13 Puts Jay Member in Hall of Fame

Number 13 may mean a lot of bad luck to most people, but to Louis Trenta, Barberton Kay Jay, it meant the hall of fame. Louis scored an ace on the No. 13 hole of a local golf course. Besides entering the hall of fame with his ace, Louis has the distinction of being the first person ever to sink a hole-in-one on the layout.

DEADLINE NOTICE

The regular Our Page deadline is 8 a. m. Friday.

Rain Halts Steves-Als Tilt; Playoff June 30

Chicago, Ill.—St. Stephens had a 4 to 0 lead over the St. Aloysius team June 16, but a downpour of rain put the tilt in the no-bill class. The game will be played June 30 at the 27th and Damen St. field.

Kovacic opposed Piber on the mound, the latter fanning the first six Al men to face him. The Als scored a run in the third. The game was called in the same inning, with the Als having one out and a man on first.

Tony Pika, member of St. Vitus' Society, No. 25, Cleveland, and a bowler on one of the society's teams in the recent tourney, is at present stationed at Priest River, Idaho.

Managers Attention

Managers of teams in the Midwest KSKJ League are hereby informed that players or team members who are engaged in coaching base runners during a game must be in full uniform. Also they are asked to have their players refrain from smoking during a game. Umpires officiating in this circuit have been instructed to enforce the above rulings.

Midwest Correspondent.

WAUKGAN ST. JOSEPHS PLAN FULL PROGRAM FOR SUMMER

Waukegan, Ill.—The St. Joe KSKJ Sport Club is planning a very active summer program, with the following scheduled events:

A trip to Riverview Park for the juvenile members of the two KSKJ junior baseball teams being sponsored by the club.

A trip to Sheboygan, Wis., for the St. Joes KSKJ senior baseball club.

John Miks has been selected as director of the tennis championship elimination tournament and a complete schedule will be made shortly. KSKJ members of Waukegan-North Chicago are asked to get in touch with John Miks for entry.

A picnic is scheduled for Aug. 25 at Mozinga Park, more details will appear in Our Page within the next few weeks.

An active membership campaign is being conducted by the society and 50 new members is the goal of the organization. The recently conducted contest for the benefit of the baseball teams was a great success, with John Gantar winning first prize, eight matched irons; August Leskovec won second prize, driver. Third prize of \$4 cash was won by Dick Rice. The club thanks all the patrons of this venture.

MINNESOTA KSKJ BASEBALL SCHEDULE

The following is the schedule for the current season:

Aurora at Eveleth, July 13.
Aurora at Chisholm, July 27.
Aurora at Ely, Aug. 10.

Chisholm at Soudan, June 29.
Chisholm at Ely, July 20.

Ely at Aurora, July 6.
Ely at Soudan, Aug. 3.
Ely at Chisholm, Aug. 24.

Eveleth at Ely, June 29.
Eveleth at Soudan, July 6.
Eveleth at Aurora, Aug. 3.
Eveleth at Chisholm, Aug. 10.

Soudan at Aurora, July 20.
Soudan at Eveleth, July 27.
Soudan at Chisholm, Aug. 17.

GRADUATES

Joliet, Ill.—Among the KSKJ girls to graduate from high schools recently are: Theresa Gasperich, Anne Gerdesich, Frances Krall, Frances Legan, Angela Martincich, Margaret Pluth, Margaret Rosich, Harriet Slapnicar, from the S. F. A. Elizabeth Simonich graduated from Lockport High School.

ST. JOSEPHS TIE BUT DROP TILT IN NINTH FRAME

Cleveland, O.—St. Joseph's KSKJ went nine innings to knot a 2 to 0 lead held over them by the East Cleveland Merchants, but a tally in the last frame by the Merchants sewed the game up and gave the Jays a 3 to 2 defeat in a regular Class C league tilt last Sunday.

Corbett of the Merchants and Kalin of the Josephs were the heavy hitters, each connecting for two hits and each poling out a double.

Wins Put New Pep Into Canonsburg Mushball Boys

Canonsburg, Pa.—Winning a few games can certainly brighten up the faces of the mushball boys, and that is exactly what happened to the Canonsburg Kay Jays recently.

Although the boys haven't been very successful in defeating other teams, they have given the 'Boosters a very shocking surprise by winning two consecutive league games. The boys need to be congratulated because they are really working hard to do their best.

We again wish to extend our utmost thanks to the kind hospitality shown us at the dance in Ambridge.

In every club there is someone who does his part exceptionally well for the better of the club. In our club the greatest esteem goes to our president, John Bevec. He is working laboriously to make the membership campaign go over the top.

Here's hoping all will follow in the footsteps of our president.

Reporter.

St. Joseph's No. 2 Set Date for Annual Picnic

Joliet, Ill.—The annual picnic and dance to be given July 4 by St. Joseph's Society, No. 2, will be held at Rivals Park. Dancing to the tunes of a popular orchestra will begin at 8 p. m. Everybody is welcome. A good time is assured to all.

Barberton Society Announces Picnic Date

Barberton, O.—The St. Joseph's Society, No. 110, will hold a picnic June 30 at Novak's Orchard, Sherman Rd.

Music will be furnished by the popular WJW artists, the Jolly Five.

The society decided at its last meeting that every member must pay 50 cents toward the society's expenses. Members attending the picnic will be given refreshment tickets for their 50 cents, thus paying their share of the expense. Only members on the sick benefit list and the unemployed are exempt of this special assessment.

The committee on arrangements is looking forward to seeing all members present at the picnic grounds.

ON BALMY SUMMER EVENINGS A-BOWLING THEY DO GO

Pittsburgh, Pa.—Although you have not heard from the Pitt Booster girls for a while, they have been quite active.

The weather has been quite summery, but this has not prevented the girls keeping up their bowling spirit. We are still bowling every Tuesday evening and are deriving quite a lot of benefit from it, in so far as sociability and comradeship is concerned, and after all that is what we are looking for. We don't have a regular lineup of teams for this summer bowling, but are more or less keeping tab on individual scores, which makes it quite a delightful way of keeping the girls alert. It has also given the new bowlers a good idea as to what is expected and just how to accomplish the art of being a good bowler.

Girls Have Team

Besides being good bowlers, the Pitt Booster girls are endeavoring to become known in the mushball field. Two girls' mushball teams have been organized. Although we have had only two practices so far, I think that we are getting along splendidly. We have selected as our coach William Fortun, assisted by Frank Butala, who I am sure will give the girls the necessary coaching which will help the teams along. We don't expect to be a great team this season, but have hopes of accomplishing something in the future. After all it's perseverance that counts in every task and this is one time where we will have to display it—since it is quite a new game to most of us. The girls have displayed co-operation and willingness in this sport and are to be commended and encouraged.

The Booster boys have been a great help—coaching us onward, and even though they do kid us, at times, we feel that some day they may be proud of their Booster girls' team, so, boys, come along and give us some real, earnest tutoring, and I am sure that we will come up to your expectations.

Ace Twirlers

Our pitching ability seems to be quite the thing. Rosalie Pecman, right-hand pitcher, and Dolores (Lefty) Turk, left-hand pitcher, have displayed some very good pitching, as have the substitute pitchers, Florence Berdik and Christine Basha. We even have home run kings on our team, Mary Golobic and Freda Podvasnik. The first, second and third bases are well covered, as are the field positions, even though

RABETZ WINS 9 TO 5 VERDICT IN FIRST SLAB ASSIGNMENT FOR STEVES

Chicago, Ill.—Lou Rabetz in Rodger were the heavy hitters his first assignment on the mound for the Stephens made a creditable showing when he pitched the Jays to a 9 to 5 victory over the Higgins Boosters in a Civic League tilt played at Douglas Park. Rabetz allowed six hits.

The Steves mixed their hits with the opponents' errors, scoring all their runs in three innings. Hank Basco collected three of the Steves' eleven safeties, while Marty Kerzan and Tony Terselich each connected for two.

Basco in addition to tallying three hits, scored three runs and stole two bases. Kerzan scored three runs and drove two in, while Terselich drove in two men. Jenkevezius and

for the losers.

Marty Kerzan committed his first error of the season. In the 52 faultless innings he handled 48 chances. His record was interrupted in the sixth frame when he fumbled a throw.

PITT GIRLS GIVE BOOST TO MUSHBALL ACTIVITIES

Pittsburgh, Pa.—The Pitt KSKJ Booster Club mushball activities have started with more enthusiasm than at any other season of play. Most of the enthusiasm is coming from the girls, who have shown by their number that they are the really sport-minded segment of the club.

At the first mushball get-together, held on the Sunnyside grounds, there were some thirty lady candidates for the girls' team. Such talent as some of the girls possess surprised even the girls themselves. At bat, Mary Golobic.

Midwest KSKJ Baseball Schedule

SECOND HALF

July 7
Milwaukee vs. St. Michaels at South Chicago.

St. Florians vs. Aloysius at Chicago.

St. Stephens at Waukegan.

July 14

St. Aloysius at Waukegan.

Milwaukee vs. St. Stephens at Chicago.

St. Florians vs. St. Michaels at South Chicago.

July 28
St. Aloysius vs. St. Stephens at Chicago.

St. Florians at Milwaukee.

Waukegan vs. St. Michaels at South Chicago.

Aug. 4
St. Michaels vs. St. Aloysius at Chicago.

St. Stephens vs. St. Florians at South Chicago.

Milwaukee at Waukegan.

Aug. 11, 18, 25
Postponed games.

Mary Sumic, Rose Modric and Christine Basa outshine with their hitting ability. Mary Golobic has three home runs to her credit in the two games already played. Christine Basa is the leading batter with a .900 average for ten times at bat.

The fielding honors go to Molly Sumic, Freida Podvasnik, Rose Modric and Mary Golobic. Rose has made some spectacular catches, while Molly's infield assists deserve comment. Florence Berdik, just a youngster, has assured herself a pitching position with her marvelous change of pace ability. All in all, the girls ought to have a team of which the booster club will be proud.

The boys' team did not as yet step into any action, as they are all giving a hand in helping the girls get organized. The boys assured of positions on the team are Joseph Adlesic, Charles Flajnik, John Hudak, Albert Benec, Eddie Bahoric, George Sutej, William Fortun and Sylvester Sneler. This year the policy of the mushball team is not that the club is going any out of its way in putting a team on the field; the best of those players who appear for the scheduled practice sessions will play, and only they.

The next regular practice session both for the girls and boys will be held on the 57th St. grounds Wednesday evening, June 26, at 7 o'clock sharp. All those desiring to play mushball for the club this season are asked to be present for this final tryout.

The regular schedule of the Western Pennsylvania KSKJ Mushball League will be forthcoming shortly.

F. J. Sumic.
