Slovenska branilnica in poslovnica St. Clair Savings and Loan Company, 6235 St. Clair Ave., Cleveland, Ohio, je dne 27. maja dobitila od Federal Savings and Loan Insurance Corporation v Washingtonu certifikat zavarovanje vlog. Federalna zavarovalninska korporacija s stoprocentno jamči varnost vlog do vsote \$5,000.00 v omenjenem domaćem denarnem zavodu. To je gotovo vesela vest za mnoge clevelandske Slovene, ki imajo svoje vloge v omenjenem zavodu, kajti zavarovalnice niso samo nove, ampak tudi stare vloge.

Sedledensko prosto potovanje na enem izmed luksuznih avtomobilov American Export linije si je zasluzila mlađa clevelandska Slovenka, petnajstletna Miss Marie Birtic, v konceptu za najboljšo mornariške vloge ali razprave. Potovanje je povedlo v Evropo in celo v Palestino in vse bo zanje prizadetih.

EKSPORT HELIJA

Zedinjene države imajo edino naravno zalogu helijevega plina (helium), ki je najbolj poraben za zračne ladje, ker ne gori in zato ne predstavlja nevarnost požara ali eksplozij. Dosedaj pa je bilo prepovedano prodajati helijev plin v inozemstvo, da bi ga inozemske države ne porabljale v vojne namene. Po nesreči nemške zračne ladje "Hindenburg" na letenju v Ameriko, dokler se ne vrne. Do naša slovenska mlađina glede nadarjenosti lahko meri z nadarjenosti katerega koli drugega.

Odsevi mladinske kampanje

COLORADO ZOPET NA PRVEM MESTU

V mesecu maju je pristopilo 737 članov v mladinski oddelek in 107 v odraslega, skupaj 844 novih članov. Aprila jih je pristopilo 344 v mladinski oddelek in 116 v odraslega, skupaj 460 članov. Od 1. aprila pa do 29. maja je pristopilo 1081 članov v mladinski oddelek in 223 v odraslega, skupaj 1304 članov.

KLOBUKE DOLI PRED COLORADO!

Z ozirom na število društev in obstoječe razmere je v tej kampanji najbolj agresivna država Colorado. Zadnji teden je bila na tretjem mestu, danes je pa zopet na prvem. V državi Colorado je dosedaj pristopilo 283 članov v mladinski oddelek in 11 v odraslega, skupaj 294 članov. Pennsylvania je bila pomaknjena nazaj na drugo mesto s 215 mladinskimi in 41 odraslimi člani. Na tretjem mestu je država Ohio s 186 mladinskimi in 41 odraslimi člani. Na četrtem mestu je država Minnesota s 163 mladinskimi in 34 odraslimi člani.

DRUSTVO ST. 21IMA ŽE PET DELEGATOV

Društvo št. 21 v Denverju, Colorado, je pred par dnevi izvolilo že petega delegata, kar pomeni, da je k temu društvu pristopilo 150 novih mladinskih članov. Vsa čast temu društvu, posebno pa sobratu 3. glavnemu podpredsedniku Franku Okornu, društvenega predsedniku Steve Mausarju in vsem drugim, ki so pomagali, da je društvo doseglo to rekord.

DO SEDAJ KVALIFIRALI ZA DELEGATE

Do sedaj izvoljeni delegati in delegatinje so: Victoria Kumse od društva št. 6, Lorain, O.; Helen Okoren, Josephine Mauser, Josephine Janezich, Adolph Skul in Mary Ambrozich od društva št. 21, Denver, Colo.; Isabelle J. Arch od društva št. 26, Pittsburgh, Pa.; Louis Ambrozich Jr. in Edward Bovitz od društva št. 30, Chisholm, Minn.; Isabelle Erzen od društva št. 33, Center, Pa.; Robert Turk od društva št. 36, Conemaugh, Pa.; Joseph Rudolph Jr. in Edward Zalar od društva št. 37, Cleveland, O.; Jennie Smith od društva št. 43, East Helena, Mont.; Caroline Kern od društva št. 54, Hibbing, Minn.; Jennie Zeleznikar in Mildred Gaber od društva št. 78, Salida, Colo.; Goldie Miklach od društva št. 150, Chisholm, Minn.; Anton Prime Jr. in Albert Pokler od društva št. 173, Cleveland, O.

AKTIVNOST PO DRŽAVAH IN DRUSTVIH

Do danes je bilo izvoljenih 20 delegatov in delegatinj. Colorado jih ima 7, Ohio 5, Minnesota 4, Pennsylvania 3 in Montana 1. Nêizvoljenih kandidatov je 77 in aktivenih v tej kampanji je 105 društev. NEAKTIVNIH DRUSTEV JE SE VEDNO 82! Ako bodo društva in agitatorji tako aktivni v juniju kot so bili v maju, potem bi nam morala sedanja kampanja prinesti najmanj 2200 članov, in če se bo vzdramilo še omenjenih 82 dosedaj neaktivnih društev, potem bi bil čisti rezultat TRI TISOČ novih članov, kot sem napovedal ob pričetku kampanje. Neaktivna društva nam lahko pomagajo priti do tega cilja, če bo vsako izmed njih od danes pa do 30. junija vpisalo vsaj deset novih članov. To se lahko naredi povsod, kjer imajo člani dobro voljo in željo da rasti in napredka naše organizacije. Vzgledov zato imajo društva dovolj!

Z bratskim pozdravom,

ANTON ZBASNICK,
glavni tajnik JSKJ.

Vprašanje pokojnin

Pasje življenje

Vrtnarski nasveti

Večina držav naše Unije ima že vpeljane sisteme starostnih pokojnin za osebe, ki so dosegle gotovo starost in nimajo zadostnih sredstev za preživljjanje, toda le v 15 državah bodo do takih pokojnih upravičeni tudi nedržavljeni. Skoro vse države, v katerih biva mnogo inozemcev, omejujejo starostno pokojnino na državljanje.

Inozemci, ki morejo dokazati dolgoletno bivanje v državi, bodo upravičeni do starostnih pokojnin v državi New York, ako bo vzakonjen predlog v tem smislu. Ta predlog bi vključil med upravičenje do starostnih pokojnin vsaki začetki.

Predsednik Roosevelt je v zadnjem času, že dvakrat dobil migrij, da naj bi sklical mednarodno konferenco za omejitev oboroževanja, pred tedni od Hitlerja, zadnje dni pa od Mussolinija. Obra diktatorja sta se začela zavedati, da blazna oboroževalna tekma ne more voditi drugam kot v gospodarskih potom ali v vojni. Vse večje in tudi mnogo manjših evropskih držav trpi pod silnimi izdatki za vojne namene, toda najhuje trpi Nemčija in Italija. Roosevelt najbrž za enkrat ne bo nicesar ukrenil glede tega, ker se hoče prej pripraviti o resni vojni in poštenih namenih prizadetih.

Pod izrazom "pasjega življenja" si običajno predstavljamo zelo slabo človeško življenje. Ta pomen menda izhaja še iz tistih časov, ko se je s psi res pasje postopalo. V nekaterih delih Indije ljudstvo veruje, da se duša grešnega človeka po smrti preseli v psa, zato ljudje s temi "pasjimi grešniki" nič kaj prijavzno ne ravnajo. Ameriški Indianci so svoječasno najraje pobivali pse za žrtvovanje bogom. Stari Turki so pretepali pse v februarju, da ne bi stekli v juliju. V Zapadni Himaliji se poskušajo prebivalci odkrižati raznih nesreč s tem, da v vsaki vaši nakrmija enega psa z izbranim mesom in ga napojijo z opojnimi pijačami, nakar ga s kreplci in kamenjem napodijo iz vasi. Po njihovem mnenju odneset pes iz vasi vsé neprilike vsaj za eno leto.

Psi so dobri in zvesti čuvaji, posebno na osamljenih seliščih in farmah, kjer žive najbolj naravno življenje in so v splošnem tudi najbolj zdravi. Pravi prostor za psa je v pasji hišici in na dvorišču in tam se tudi najbolje upravičuje inozemca do starostnih pokojnin.

Milioni psov pa so se moralni, radi ali neradi, privaditi modernejši civilizaciji in velikomestnemu življenju, ki jih je v mnogih primerih razvadilo in omejuje semešnosti. Vsega site dame oblačijo te kužke v gorskje jopicne in dežne plaščke, obuvajo jim nepremočljive čevlje in jim navljujo najboljšo, po zdravnih predpisani hrano. Zanje so posebne kopalnice, mehke postelje, parfumi, milo, ki odpravljajo bolhe in slab duh, jedilna posoda in razne medicine za vse prilike. Lastniki psov, ki žive v hotelih in hodilj na hrano v restav-

Konci maja je nevarnost slavnih minila tudi v naših severnih državah, zato se takrat že smejo posaditi na prosto tudi najbolj občutljive cvetlice in zelenjava. To velja za enoletne cvetlice, kakor tudi za večletne ali gomoljaste, kot so daljne in kane. Izmed raznih vrtnih zelenjav so proti mrazu najbolj občutljive kumare, buče, fižol, koruza in paradižniki. S v e z e presajene rastline naj se v suhem vremenu pogosto zalivajo. Isto velja za drevesa in grmiče, ki so bili posajeni ali presajeni to posledice.

Premenite vrtnice je priporočljivo v tem času okopati in jim pognojiti z umetnimi gnojili. Ob časov cvetja rabijo te vrtni kraljice mnogo hrane. V suhem vremenu zahtevajo tudi mnogo zalivanja. Ko začnejo cveteti, naj se jim ocvetki, to je dozoreli in ovelni cvetli, sproti obrezujejo. Ako pustimo ocvetke na rastlinah, se navadno razvijajo v seimenske glavice, ki so brez pomebu in pogonjajo novi cvetni popki.

Vrtno trato je treba pogosto pokositi, če hočemo, da bo lepa in gosta. Ako je med travo razsejan regrat, naj se mu prepreči cvetje s pogosto košnjo. Regrato semo hitro dozori, nakar ga v vetru raznaša po vsej okolici, kar omogoča da se neljubi ples vel hitro razmnoži. Dobro je tudi, če se regratu prepreči cvetje in zorenje po bližnjih praznih stavbiščih, odkoder lahko v vetru prinaša semenske macice na vrtne trate in seveda tudi na obdelane grede. Regrato nam sicer da je okusno pomladno solato in tudi njegovo zlatorumeno cvetje je lepo, toda na lepo negovanje.

ODMEVI IZ RODNIH KRAJEV

VSAK PO SVOJE

Ameriški reporter Simms poroča, da postaja diktator Mussolini zadnje čase čudno miroljuben. Napram reporterju se je namreč izrazil, da je skrajni čas, da ameriški predsednik Roosevelt skliče mednarodno konferenco za omejitev oboroževanja.

Seveda, do zadnjega časa obnavljajoča se in počasna Anglija se je pričela hitro in resno oboroževati in ima v to svrhu na razpolago velike finančne in neizčrpne materialne vire. Italija s svojimi skrahiranimi finančimi seveda ne more korakati vstopic. Zato postaja Mussolinija strah.

Anglija je močna, toda nekako počasna in neodločna, približno tako, kot je bila naša Pennsylvania v začetku mladinske kampanje. Toda, kadar se zgane in zares razjezi ena ali druga, niso za tekme nikake mačje solze.

V Rusiji je nedavno umrl neki gledališki kritik, ki je imel zelo strupen jezik. Zdravnik so ugotovili, da je mož umrl zaradi zatruljenja, in njegove žrtve, katere je prej dostikrat grdo mrčvaril, so ugani, da se je bil gotovo ugriznil v jezik, nakar so sledile neizoglibe posledice.

Ljubljanski listi so nedavno poročali, da se je obesil neki upokojeni rudar, ki je prejemal tako pokojino, da ni mogel niti živeti niti umrijeti. Vsa tragika bude se pa razvidi iz tistega dela poročila, kjer je receno, da se je mož obesil na srobot, ker si niti vrvice ni mogel privoščiti. "O, domovina, ti si kakor zdravje!" je nekoč zapisal pisatelj Cancar.

Neki znanstvenik priporoča, da naj bi se sestavila nova, to je 49. država, iz istih delov Oklahoma, Texasa, New Mexico, Colorado in Kansasa, ki jih regularno pustijo prasni viharji. Taka država bi bila idealno zavetišče za prihibičiske fanatike.

Uradni banketi na Filipinih so vse drugačni kot pri nas. Pred oficielnim programom mora vse navzoče slavno občinstvo piti štrikrat na zdravje: prvič Filipinom, drugič Zedinjenim državam, tretič ameriškemu komisarju McNuttu in četrtič predsedniku Quezomu. Filipinske pijače so močne, zato, ko so zdravice končane, lahkogovoriki kraljice mnogo hrane. Jugoslavija, na primer, dobiva letno skoro pol-drugi tisoč milijonov dinarjev dohodka od tobaka. Poleg tega dobitjo sadilce tobaka okrog 900,000 dinarjev, delavci v tobačnih tovarnah okrog 90 milijonov, prodajalci tobakačnih proizvodov pa okrog 250 milijonov dinarjev.

PRED KAJENJE

Kadilci tobaka plačujejo v vseh državah precej visoko za svojo razvadno, toda najbolj so prizadeti tam, kjer je tobak državni monopol. Jugoslavija, na primer, dobiva letno skoro pol-drugi tisoč milijonov dinarjev dohodka od tobaka. Poleg tega dobitjo sadilce tobaka okrog 900,000 dinarjev, delavci v tobačnih tovarnah okrog 90 milijonov, prodajalci tobakačnih proizvodov pa okrog 250 milijonov dinarjev.

Filmski igralec Victor McLaglen je nedavno prihitel na policijsko postajo in prosil za protekcijsko. Povedal je, da je njegova sladka ženica metalna pivske steklenice vanj in mu ni kazalo drugega kot pobegniti. Pivske steklenice so bile namreč prazne.

Prijatelja Caheja so vprašali tovariši, kdo je bila zajeta da-

NO. 22

NE BODIMO PESIMISTI

Pesimist ali črnogled je človek, ki gleda vse v najtemnejših barvah in pričakuje vedno vse najslabše. Te vrste ljudje so menda že po naravi taki in si ne morejo pomagati. Njihovo življenje je nedvomno zelo težko, ker jih nobena obstoječa stvar ne zadovolji in ker vedno pričakujejo, da se bo vse še na slabše obrnilo.

Pa, ko bi te vrste ljudje to svoje pesimistično razpoloženje in naziranje zase obdržali, bi še ne bilo tako hudo, toda s svojim večnim jadikovanjem čisto brez potrebe grenijo življenje tudi drugim. In najslabše pri tem je, da to nikomur nič ne koristi.

Pravilno je, da smo do gotove mere pripravljeni na nezgode in neprijetnosti, ki lahko pridejo, toda radi tega ni treba podcenjevati ugodnosti, ki nam lepšajo tekoče življenje. Pravilno je tudi, da z razmerami nismo popolnoma zadovoljni, ker to nas vzpodbuja, da skušamo te razmere izboljšati. Pesimizem pa ne vodi k izboljšanju, ampak k paralizi in obupu.

Neštetokrat slišimo ali čitamo kako je svet pokvarjen, kako slabe in neznosne so razmere, sploh da življene, kakršno je zdaj, ni vredno živeti. In za nameček se nam obeta sigurna propast, na bolj ali manj tragicen način. Toda, kaj je na tem resnice? Če se malo ozremo okoli in malo pomislimo na razmere preteklosti, bomo morali priznati, da se svet, da se razmere boljšajo, polagoma, pa gotovo.

Zdravniška veda je tokom zadnjih desetletij ustvarila čudež, ki so v korist človeštva. Mnoge hude bolezni, ki so v prejšnjih časih mučile in kosile ljudi v truhah, so premagane. Za mnoge druge bolezni so iznajdena uspešna lecenja. Pri nekaterih je mogoče bolnikom vsaj olajšati trpljenje. Koliko muk je s tem človeštvu prihranjenih, je nemogoče zabeležiti s številkami. Včasi si niti mogični kralji in cesarji niso mogli privoščiti tako zdravniške oskrbe, kakršna je danes omogočena povprečnemu človeku.

Lakota, za katero bi ljudje v truhah umirali, je vsaj v civiliziranih deželah izključena, največ po zaslugi izboljšanih transportnih sredstev, ki omogočajo hiter prevoz živil iz kraja v kraj.

Vojskovanje med civiliziranimi narodi, žal, še ni odpravljeno, toda tudi to bo prislo. Bilo je v tej smeri že mnogo poskusov, ki se niso obnesli, toda s tem ni rečeno, da se ne bo obnesel noben bodočih. Tudi o letalstvu so ljudje sanjali že pred stoletji, toda uspehe so dosegli še v naših časih. Narodi kot taki ne marajo vojskovnja, in prišel bo čas, ko bo volja narodov tudi pri tem odločevala. Sistemi, ki povzročajo vojne, bodo padli, ko pride pravi čas.

O delavskih razmerah v tej deželi se pogostokrat poudarja, kako slabe so. Seveda niso briljantne in mnogo, mnogo izboljšanja še rabijo, toda če hočemo biti pošteni, moramo priznati, da so v splošnem mnogo boljše kot so bile pred nekaj desetletji. Delavci so dosegli krajše delovne ure, boljše plače, boljše varnostne razmere in več pravice. In če bodo delavci pametni, bodo prišla še nadaljnja izboljšanja. Pomislimo sam, kako velike stavke so se v zadnjih dneh za delavce ugodno rešile brez krvoprelitra! In nekatere močne korporacije so pristale v delavske zahteve, ne da bi bile potrebne stavke. Še pred par desetletji bi bila v podobnih primerih kritikata v potokih.

Udobnosti, ki so danes dostopne povprečnim ljudem, si včasih niso mogli privoščiti niti največji bogatashi. Mladini vseh slojev so v tej deželi na razpolago pravovrstne sole, to ne le v večjih mestih, ampak tudi na deželi.

Mnogo se piše in govorji o splošni pokvarjenosti ljudstva in posebno mladine v tej deželi, pa tudi to je pretirano. Današnja mladina v splošnem ni prav nič slabša, kot smo bili mi, ko smo bili mladi. Morda ima drugačne muhe, kot smo jih imeli mi, ker je pač zrasla v drugačnih razmerah, toda v splošnem ni slabša in ni hudejša. Posamezni zločinci se pač dobijo povsod in brez njih ni bila človeška družba tudi v preteklosti. Ameriško ljudstvo, ki šteje okrog 130 milijonov glav, ima pač primerno proporcijo zlobnih in slaboumnih ljudi, toda rajši jih imam manj, kakor jih je bilo v preteklosti. Da več slišimo o njih, so pač krive boljše komunikacije.

Seveda, pesimisti, ki vse črno vidijo, so bili in bodo na svetu. Njim ni za pomagati, toda mi storimo pametno, če jih ne poslušamo in jim ne verujemo. Dokazano je, da so se črnogledi doslej še skoro v vseh slučajih izkazali

za slabe preroke. V nekdanjem Babilonu so starinoslovi nedavno našli žgane glinaste tablice, na katerih so bile napisane slične jeremijade, kakršne dandanes slišimo od modernih pesimistov: mladina je pokvarjena, svet drvi v propast! Od takrat so potekale tisočletja, toda svet se vrti naprej in človeštvo ni propadlo. Po vsem, kar vemo o takratnem in današnjem človeštву, moremo sklepati, da ima ljudstvo dandanes v splošnem mnogo več udobnosti v življenu in da smo ljudje mnogo bližje idealu splošnega medsebojnega bratstva, kakor so bili naši predniki pred tisočletji. Svet, človeštvo gre naprej vedno boljšim časom naproti.

Ni še dolgo tega, kar so črnogledi obupavali nad bodočnostjo naših podpornih organizacij, češ, da so zapisane poginu, ker da mladina ne bo več naša in da se ne bo brigala za naše organizacije. Pa tudi ti pesimisti so se izkazali za slabe preroke. Ako pogledamo samo našo J. S. K. Jednoto, bomo videli, da je v njenih vrstah že mnogo mladine, ki se marsikje že tudi vneto udejstvuje v organizacijskem delu. In, čim več je bo v naših vrstah, tem bolj navdušena in aktivna bo za napredek naše organizacije. Najvažnejše naše delo je zdaj, da jo dobitimo v naše vrste. To pa se pričenja pri mladinskom oddelku. Zato, vsi na delo tekom sedaj se vrše kampanje, da povečamo naš mladinski oddelk vsaj za tri tisoč novih članov!

ma, s katero je govoril na cesti. Stari fant se je malo namrdnil in odgovoril, da nismo ime je bilo svoječasno Leposlava, zdaj je pa Catawissa. Več ni hotel povедati in razdovin tovariši so moraliti iti v javno knjižnico, kjer so toliko časa brskali po knjigah, da so ugotovili, da je Catawissa indijansko ime in pomeni na naše "postaja debela."

V Clevelandu so pred tedni neki želvi odsekali glavo, pa je brcala in živila še polnih 14 dni brez glave. To je čudno, vendar ne tako čudno kot bi kdo mislil prvi hip. Dobe se ljudje, ki žive brez glave leta in leta.

Na konvenciji neke slovenske podporne organizacije je prišlo predsednika porotnega odbora dobit en glas sodnik Cardozo, član vrvohvrega sodišča Zedinjenih držav. Omenjeni glas je bil vsaj delno priznanje Rooseveltovih reform, kajti sodnik Cardozo je bil vedno naklonjen New Dealu.

Na isti konvenciji se je zgodilo, da je izval poimenko glasovanje in glas, ki je bil ostal v klobuku. Tisti glas je bil menda najdražji, če računamo, koliko denarja stane vsaka konvenčna minuta.

Sicer je pa zelo lepo opazovali, da je izval poimenko glasovanje in glas, ki je bil ostal v klobuku. Tisti glas je bil menda najdražji, če računamo, koliko denarja stane vsaka konvenčna minuta.

To-le sem izvedel po ustrem izročilu.

Draga rojakinja je slišala, da je na konvenciji delegat z imenom njenega lastnega brata, ki ga osebno ni poznala. Potrudila se je vrat konvenčne dvorane in prosila vratarja, da ji pokliče delegata s takim in takim imenom. Vratar je storil svojo dolžnost in poklicani delegat je prišel v večjo, kjer ga je njegovo ime tako in tako. Delegat je pritrdiril, nakar ga je rojakinja objala in obsula z vročimi poljubki. Ko je srečni delegat tudi večkrat zastopal na konvencijah kot delegat. Naša Jednota je imela in še ima mnogo dobrih društvenih uradnikov, toda dvomljivo je, da bi bil katere bolj delaven, bolj pozrtovalen in bolj iskreno navdušen pri državu in celotno organizacijo kot je bil omenjeni, zdaj pokojni sobrat. Ako je kak državni uradnik stoprocentno požrtvovan, zvest in aktiven, je tom posebnih osebnih davkov ali potom prodajnih pristojbin. Ni dvoma, da inozemci prispevajo k istim enako kakor državljanji. V raznih državah se denar za pokojnine pobira požrtvovan, zvest in aktiven, je tom posebnih osebnih davkov ali potom prodajnih pristojbin. Ni dvoma, da inozemci prispevajo k istim enako kakor državljanji.

Dočim so legislature nekaterih držav voljne razširiti ta privilegij tudi na inozemce, je na drugi strani značilno protivno stališče nekaterih sodišč, ki obravnavajo naturalizacije — na isti način kakor državljanji. V mestu Los Angeles so na pravni sodišču ob pacificni obali.

Mladinska konvencija JSKJ, ki se bo vršila letos prve dni avgusta v Elyu, Minn., bo brez tudi za vso J. S. K. Jednoto.

Vsled tega bi bilo pravilno, da ga jih je še kdaj bilo. Kdor ne verjam, naj si ogleda slike naših v lepem in hvaležnem spominu mlađinskih delegatov oziroma in da vsi posvetimo vsaj trenutek tiheta sožalja njegovemu družinu.

To-le sem izvedel po ustrem izročilu.

Draga rojakinja je slišala, da je na konvenciji delegat z imenom njenega lastnega brata, ki ga osebno ni poznala. Potrudila se je vrat konvenčne dvorane in prosila vratarja, da ji pokliče delegata s takim in takim imenom. Vratar je storil svojo dolžnost in poklicani delegat je prišel v večjo, kjer ga je njegovo ime tako in tako. Delegat je pritrdiril, nakar ga je rojakinja objala in obsula z vročimi poljubki. Ko je srečni delegat tudi večkrat zastopal na konvencijah kot delegat. Naša Jednota je imela in še ima mnogo dobrih društvenih uradnikov, toda dvomljivo je, da bi bil katere bolj delaven, bolj pozrtovalen in bolj iskreno navdušen pri državu in celotno organizacijo kot je bil omenjeni, zdaj pokojni sobrat. Ako je kak državni uradnik stoprocentno požrtvovan, zvest in aktiven, je tom posebnih osebnih davkov ali potom prodajnih pristojbin. Ni dvoma, da inozemci prispevajo k istim enako kakor državljanji.

Current Thought Agreeable Surprise

A very pleasant surprise of the second juvenile convention campaign, now in full swing, is the formation of a new English-conducted lodge in Whiting, Ind. Also, Lodge 233 organized in Yaegerstown, Pa.

This sort of news is music to the ears of our members. And so is the excellent report made of the weekly progress in the enrollment of new members. Additional delegates are being elected every week, spurring other candidates to reach their goal.

The underlying idea of the campaign — enrolling but thirty juveniles or their equivalent — apparently has had far reaching effects, perhaps greater than were ever anticipated by those who proposed the plan.

Evidently a round trip to Ely, Minnesota, with all expenses paid, appeals to many as a prize worth going after. A little extra effort and the goal has been reached. Of course, assistance is rendered to the juvenile candidates not only by the senior members, but by many non-member parents of eligible juvenile members as well.

The impressive list of candidates in the running augurs a turnout of delegates next August which will closely approximate the original estimate that about a hundred fully-pledged juvenile representatives will be in attendance when the sessions commence in Ely.

Somewhat surprising also is the position of states according to the number of new applications submitted for approval to the Home Office.

We, as members of our Union, can feel justly proud to note that the SSCU was not only the first Yugoslav fraternal to sponsor the juvenile convention plan, but also the first to repeat the same idea two years later — and also the first to make a highly coveted prize within reach of the juvenile candidates.

In convincing prospective candidates for membership we should point out that the juvenile convention and its attendant expense is not the result of good guessing; rather, the carrying out of a deeply mediated and pre-conceived plan.

Let us point out that the financial position of our juvenile department warrants the transportation and other expenses incidental to the convention, which will be incurred. That we are in a position to carry out this original idea because of the excessive reserves in the juvenile department. And also, it might be well to point out to the outsiders that the highly enviable financial position of the junior division also was not a matter of pure guessing in the investment of funds, but the result in part of thorough investigating by the investment committee.

Our SSCU, an organization built upon the principle that all should share in the results obtained by their institution, has the confidence of its components. One decided advantage enjoyed by our members is the fact that their suggestions, if worthy, will find many ready ears and industrious minds to help carry the proposal.

Members residing in the following states again are notified that juvenile prospective candidates for membership need not undergo a medical examination: California, Colorado, Illinois, Indiana, Kansas, Maryland, Michigan, Missouri, Montana, Nebraska, New Mexico, Oregon, Pennsylvania, Utah, Washington, West Virginia, Wisconsin and Wyoming.

Children must undergo a medical examination in the following states: Idaho, Minnesota, New York and Ohio.

INSURE SAVINGS OF SLOVENE LOAN CORP.

Washington, D. C., May 27th.—A certificate of insurance providing for the safety of savings of investors up to \$5,000 on each account has been issued by the Federal Savings and Loan Insurance Corporation to the St. Clair Savings and Loan Company, 6235 St. Clair Ave., Cleveland, Ohio, it was announced here today.

This is the second Cleveland thrift and home-financing institution to be approved for insurance of share account this week. The other was the Prudential Savings and Loan Co., of 3252 Lorain Avenue.

A progressive institution and prominent in home financing in the Cleveland area for a considerable period, the St. Clair Savings and Loan Company joins those other insured savings, building and loan associations in the United States which provide this safety for savings.

The \$100,000,000 Insurance Corporation, a Governmental agency, was created in 1934 to protect funds invested in savings and loan associations. A total of 1,705 associations are

CAMPAIGN HIGHLIGHTS

Ely, Minn. — During May, 844 new members joined the SSCU: 737 juveniles and 107 adults. During April, 460 new members: 344 juveniles and 116 adults. From April 1 to May 29 a total of 1304 new members were enrolled: 1081 juveniles and 223 adults.

HATS OFF TO COLORADO!

Last week it was in third place—today it is in first place again. A total of 294 members joined from Colorado: 283 juveniles and 11 adults. Pennsylvania has shifted to second place with a total of 256 new members, while Ohio is third with 223. Minnesota is fourth with 197.

Lodge 21 of Denver, Colo. elected its fifth delegate a few days ago. This means that 150 new juveniles have joined this lodge. Bouquets to this lodge, particularly to 3rd supreme vice president Frank Okorn, lodge president Steve Mausar and all others who helped to make this record.

LODGE NO. 55

Uniontown, Pa. — To members of St. Rochus lodge, No. 55, SSCU; also to members of other lodges and particularly those situated in the neighboring vicinity: I am announcing that our lodge will hold a picnic on Sunday, July 18. The picnic will be held in Shadow Land Park near Lemont on the state highway. All fraternal lodges in this vicinity are requested to hold Sunday, July 18 open and not to hold a picnic on that day since such an arrangement would prove harmful to both groups. On other occasions when the neighboring lodges shall hold their affairs we shall return the courtesy and be among those present.

Members of our lodge are hereby notified to be sure and attend this picnic. The lodge decreed that all absentees from the picnic shall have to pay one dollar into the lodge treasury. Proceeds of the picnic will go into the lodge treasury, and therefore it is the duty of all members to help make this affair a very successful one and thus swell the proceeds.

It is hardly fair to shift the burden of the entire affair upon the shoulders of a few working members, while others are content to be on the sidelines. This picnic will be held for the benefit of all members, and therefore it deserves the cooperation of all members. If an unintentional mistake is made, the errant one should not be criticized too severely, for after all only those never make mistakes who never try to do anything. However, a timely constructive suggestion should be taken in the spirit it is given: To help things along. And no one should feel grieved because a slight criticism is made of him. With the variety of duties to be executed by members at the picnic, we must all be tolerant of whatever situation may arise, for we must keep in mind that the entire affair is for the benefit of our lodge and its members.

Ferdinand Markusic, Sec'y now insured in the United States, having more than a million and a half investors and aggregate assets of over \$1,383,000,000.

Reports to the Corporation state that the St. Clair Company has assets of \$706,482, 3,458 investing shareholders, and savings totaling \$468,852.

BRIEFS

Doris Marie Birtic, Cleveland Slovene, was declared winner of one of the ten national prizes in the marine essay contest conducted in Cleveland by The Press and the Cleveland Propeller Club. This prize entitles her to a six-week's cruise of the Mediterranean on an American Export Lines luxury ship to such ports as Alexandria, Palestine, Genoa, Naples and Marseilles. Doris, a sophomore at Notre Dame High School, first won a local award entitling her to a Great Lakes cruise. Her winning essay automatically became entered in the national contest, where it was declared a national prize winner. She is only fifteen years old and an honor student. Doris has been contacted to join the juvenile department of our SSCU, through her mother Mrs. Birtic.

Victoria Kumse

To the delegates attending the first national juvenile convention in 1935, Victoria Kumse, Lodge 6 of Lorain, O., whose picture appears above, will be remembered as Vickie, the girl who writes regularly to the juvenile department each month. Last week the home office reported that Victoria, daughter of John Kumse, chairman of the supreme board of trustees, had been duly elected and that she again will be in attendance during the second juvenile assembly next August.

Little Stan wants every candidate in the field—there are 76, excluding 20 already elected—to gain their quota and become delegates to the convention. He and is all ready! Down south, Mausar and Josephine Jane want them because he doesn't over Cleveland, into Illinois and zich.

Campaign in Final Month!

CANDIDATES URGED TO MAKE BIG CONCERTED DRIVE

MAGIC CARPET AND DELEGATES ENJOY FISHING

By LITTLE STAN, Juvenile Convention Campaign Director

Ely, Minn.—The days pass by swiftly—so swiftly that now only 30 days of the greatest Juvenile Convention campaign drive in the history of our union remain! Opening this last month, Little Stan finds that over 1,200 new members in combined adult and juvenile departments have been enrolled—and there were 20 full-fledged official delegates up through Friday of last week—and more scheduled to come in with regularity.

Saturday—the big story has gone out—but a news flash just came through the Home Office that Little Stan cannot hold until next week!

Eveleth has come thru! Polly Orehek is the candidate, and it looks as though she will also be a delegate. From Chisholm, Lodge 30, comes another candidate in Dorothy Kochevar! Great—they will utilize these next thirty days in one grand effort to enroll their quota and qualify as delegates!

Now—A TOTAL OF 105 LODGES ARE ACTIVE IN THIS GREAT JUVENILE CAMPAIGN! LET'S BREAK EVERY RECORD IN THE ANNALS OF THE HISTORY OF THE SSCU!

Through Friday, Colorado had taken a tremendous lead again—that lead is see-sawing back and forth with Penn, Ohio, and Minnesota close on the heels of the leaders. One month can make many changes—and changes there will be! enthusiasm our lodge members throughout the country have never seen—and it shows the progress—always onward, onward . . . never quitting until the job is done in grand, successful style. Then, afterwards, the chests go out, and lodges will proudly say, "We sent so and so to the convention"—or we enrolled so many new members!" and Little Stan will be most happy to write up the swellest publicity story in his years of "scribing!"

MAKES ONE BIG PLEA

With only those thirty big days left to the big campaign Little Stan makes one big plea—a plea to every lodge in the Union—to every lodge member and officer—to every delegate and candidate in the field—and that is: "Let's make the biggest concerted drive to enroll new members and qualify our candidates as delegates to a convention that will forever remain in the records as the biggest and best enterprise ever undertaken by any fraternal organization in the United States of America! Let's not spare a moment!

Little Stan wants every candidate in the field—there are 76, excluding 20 already elected—to gain their quota and become delegates to the convention. He and is all ready! Down south, Mausar and Josephine Jane want them because he doesn't over Cleveland, into Illinois and zich.

want anyone to feel badly if they fail and don't come! So much is in store—No one can afford to miss it!

Here in Ely, it is beautiful—words cannot describe the wonders of nature's scenic and original works. It is like a living display of the great works of the most impressive artist in the world. A bright sun is shining—it is warm—but not too warm. Grasses are greener than they ever were it seems, and the trees are larger and more beautiful. Lakes are warm boasting excellent beaches for the bathers! and containing abundance of fish for the angler! Really, a summer heaven—and juveniles can drink in this beauty all they want and mix all the fun and festivity being planned by hard-working committees—but first they must have their quota—and you have ONLY THIRTY DAYS — NOW LESS THAN THAT TO DO IT!

Can you do it? Little Stan knows you can, and wants you to! From the bottom of his foot frame, to the top, which covers a lot of territory, and also a big heart, Little Stan wants you to work hard so that you can be here enjoying everything—and "don't forget the 'Ahs-tin'!"

MAGIC CARPET IMPATIENT

Last week, the Magic Carpet had just finished a long trip throughout the nation to pick up every juvenile delegate and candidate, to bring them on a mythical fishing trip to Ely, the center of 10,000 lakes. If you remember, we started off while it was raining—but above the clouds, it wasn't. Heh! The trip was completed in record time, and now juveniles are dashing in and out of stores, and having lots of fun getting ready. The Magic Carpet, although much afraid of water, is impatient. It wants to leave right away—the other five young carpets are also fluttering around impatiently. Little Stan soothes them for a time.

A quick look about the city finds everybody looking for minnows and fishing tackle—they're having lots of fun. Committees are completing other arrangements. Meantime, Little Stan has had word that one juvenile candidate had been forgotten last week. Several others were added to the list—and that means we'll make a fast trip about the country first—then swing back and go. Al Poklar's rhythmic serenades are on hand. Action—that's what the carpet wanted—and action it is going to get! The band boards. Magic Carpets flutter in perfect unison to the swinging music. Up, up, high into the sky, and Pennsylvania bound!

A bright moon lights the way . . . and Poklar has fun playing "Moonlight and Shadows"— kinda gets Little Stan romantic like as he passes over Milwaukee. But the carpet glides so swiftly that passage over Lake Michigan over Muskegon requires only a second—no time to stop as we must get to Cone-maugh! There Wally Brezovic is all set and waiting—he's got his hook, line, sinker, and bait delegates to the convention. He and is all ready! Down south, Mausar and Josephine Jane want them because he doesn't over Cleveland, into Illinois and zich.

Adolph Skul

Lodge No. 21, SSCU of Denver, Colorado is certainly the surprise package in the second juvenile convention drive for new members. Pictured above is Adolph Skul, fourth elected delegate who will represent Lodge 21 at Ely, Minnesota next August. Lodge 21 is the first SSCU branch to have four delegates elected. The other three are Helen Okoren, Josephine Jane and Josephine Mausar.

Lodge No. 88

Roundup, Mont. — On May 4th we lost in our lodge St. Michael, No. 88, SSCU Marie Erzen, a member of many years' standing. The deceased joined the SSCU in 1906 and had been a member of our Organization over 30 years. She was born in Nova Oselica near Škofja Loka in Jugoslavia, in 1867. For over 20 years she lived in Roundup, and her husband John Erzen died in 1932. Thereafter she stayed with her granddaughter Angeline H. Mlekush. She leaves behind a daughter, Mrs. Mlekush, two grandsons, Anton and Albert in Flatwillow, Montana, and her granddaughter, Angeline H. Mlekush of Roundup.

Many members of our lodge attended the funeral services held May 6. She was buried in New Miner Cemetery in Klein, Mont. Surviving relatives of the deceased wish to take this opportunity to thank lodge No. 88, SSCU, for the beautiful wreath, for the splendid assistance in the hour of need and for its helpfulness extended during the time of illness and death of Marie Erzen.

Working conditions in this locality are poor. The mines have been inoperative for two months and there is nothing certain that work shall be resumed in the month of June. The juvenile campaign as a result of the unfavorable working conditions meets with poor response. We have for candidate Rose Banovetz (sister of Anne Mae Banovetz, who was a delegate to the first juvenile convention), but it is doubtful whether enough new members can be enrolled to qualify her for delegate. Perhaps the month of June will show an improvement. When working conditions are bad there is not much room for agitation towards enrollment of new members. I am sorry that this year our lodge is in such a position that it may not have its representative at the juvenile convention. But I do propose to members residing in settlements where working conditions are better than here to exert themselves in this campaign, so that the second juvenile convention drive shall surpass the results obtained at the first juvenile convention two years ago.

Find Remains of Member Dead

For 22 Years

Salida, Colo. — While surveying the forest boundary lines ten miles northwest of Salida on the afternoon of April 8, 1937 a party of four men found the skeleton of a man and a 12-gauge Iver-Johnson shotgun, three-eighths of a mile south of Castle Rock, in Railroad Gulch, in Box Canyon, near Hecla Junction. Each year many hikers climb the hills close to where the remains were found.

On Saturday, April 10, the skeleton was identified as that of Frank Gloven, member of St. Louis Lodge, No. 78, SSCU who disappeared from his home in January 1915. The deceased was native of Yiga, below Ljubljana, Yugoslavia.

Mrs. Anna Gloven, wife of the deceased, identified the remains from bits of serge trousers and parts of a coat and buttons. The gun found with the skeleton was identified by Frank Struna, John Kostecek and my father John Glivar, who many times had accompanied Frank Gloven on hunting trips. He hunted often with friends, but was alone when he disappeared.

The gun was found under a cedar tree on a rock covered with boughs, cedar and pine tree needles. There was an empty shell in the gun.

It is not known how the deceased met his death. He was not lost because from his position he could easily see the valley. He suffered from rheumatism, and Mrs. Gloven said that at one time he was able to return home from a hunting trip only by the aid of a crutch which he had made from the limb of a tree, and his gun, which he also used for a crutch.

In February 1915 an article was published in a local newspaper about Frank Gloven's disappearance. A posse was organized to search the hills for him.

However, his remains were not found until twenty-two years later, on April 8, 1937.

The bones and gun discovered by a surveying party consisted of Robert Woods, foreman for that district of Cochetopa National Forest; Forest Ranger Hugh E. Martin; Forest Ranger Elbert A. Schory, all of Salida, Ranger James Frame of Buena Vista, Colorado.

Mrs. Gloven and her six children took charge of the deceased, and on April 14th the remains of the late Frank Gloven were buried in Fairview Cemetery, in sight of the famous Snow Angel of Mount Shavano.
