(Continuation)

REPORT OF PRESIDENT OF BOARD OF JURORS

Brother Decman reports that he has received several complaints during the past six months, which pertain to sick benefit and operation benefits which according to by-laws had been rejected. Some of these cases have already been solved, others are in process.

He has also a few cases pertaining to religious aspects which will be solved as soon as possible.

Brother Decman extends congratulations to the honored guests of the Supreme Board who have succeeded in the recent campaign, and have proven what can be accomplished with good will and perseverance.

Sister Mary Kosmerl remarks that as a member of the Board of Jurors, she had not been called upon to settle any difficulty in this period. During the recent campaign she had done her utmost, but was not a winner for in her community the majority of our people are already members of the KSKJ.

REPORT OF BROTHER JOSEPH RUSS

Rev. Spiritual Director, Brother President and all assembled!

I regret that I am not able to be with you because of my employment and illness in the family.

During the past six months, I have not received any complaints or accusations. However, I am certain that the president of our committee, Brother Decman, has cases on hand which I hope and am certain will be satisfactorily solved with the assistance of other members of the committee and the Supreme Board.

Honored guests and winners of the recent campaign are among you. I trust, they will be pleased with their visit and will be favorably impressed with the progress of our Union and the work of the Supreme Officers during the past six months.

It will give them an opportunity to see how the Supreme Committee operates and convince them that the Supreme Board meetings in Joliet are not a vacation. Important and various business which cannot wait for a convention is discussed and decided.

My heartiest congratulations to all the honored guests and my sincere thanks for their sacrifices and diligence in the recent campaign. I trust they will not consider their work complete, but will strive in the future for the welfare, the success and a greater and better KSKJ.

Kindest regards to all Supreme Officers and honored guests.

Sincerely,

Joseph Russ, 2nd Supreme Juror of KSKJ.

Brother Oblak stated that no complaint had been referred to him and he had prepared no report.

Brother Terselich remarks that he had no report for this session. He mediated in the merging of Societies No. 47 with St. Stephen's No. 1. During the recent campaign he had not accomplished a great deal, but he promised to make up the loss in the future.

Supreme Secretary Joseph Zalar read the letter of Bro. John Bevec, 5th Supreme Juror who is engaged in the Southwest Pacific. The suggestion that the communication be incorporated in the minutes of the meeting is unanimously accepted.

The letter follows:

REPORT OF EDITOR-MANAGER OF GLASILO

Honorable Assembly and Honored Guests!
It gives me great pleasure to have the opportunity to participate in this rare historical event—the 50th anniversary of our Union. It will be the most memorable of all occasions, which I have had the opportunity to witness during my thirty years as editor of the Glasilo KSKJ. I trust that you share with me the joy and pride of the Golden Jubilee of our Union.

As previously decided by the Supreme Board, an augmented Jubilee issue of Glasilo with appropriate contributions, was put into circulation. This additional work was tedious and strenuous, and I wish to thank all the Supreme Officers

ORGANIZE KSKJ ACTIVITY CLUB IN FOREST CITY, ELECT OFFICERS

Forest City, Pa. — Forty local KSKJ members and several prospective members met Aug. 23 and organized a K. S. K. J. Activity Club.

Immediately upon organization the following officers were elected:

Rose Marie Orasin, president; Dolores Volk, vice president; Dolores Planinshek, secretary; Margaret Tornich, recording secretary; Marie Ravnikar, treasurer.

Meetings will be held every Wednesday evening at 7, and all girls are invited. Plans call for a sewing club, cadets, and of course, in Forest City, nothing would be complete without singing, so there will be a glee club.

The girls are making great plans for the future of their activity club, and where is a thing of this kind needed more than in Forest City for the Juvenile members of the K. S. K. J. It will give all of you girls something to do. There will be a variety of activity, so each girl can do what she likes best. So, come to the meetings, girls, and help make the Forest City Activity Club the best and biggest in the K. S. K. J.

As Director of Women's and Juvenile Activities of the K. S. K. J., I have appointed Mrs. Pauline Osolin, secretary of St. Ann Society, to supervise and direct the activities of the girls in Forest City, as well as everywhere else in Eastern Pennsylvania. I hope to hear

great things of the activities of the boys and girls in this part of the country in the very near future. So, come on, Mrs. Osolin, get these boys and girls in the far east going! You will be boosting for the greatest organization in the world, KSKJ, and at the same time have a lot of fun and pleasure doing it.

We also want to hear from the girls who were elected reporters for the club. Just write a little every week about what you are doing. Will you girls from Cleveland, Barberton, Sheboygan, and my own girls in Joliet, please let me know through our corner of the KSKJ Glasilo, what you are doing and how you are progressing!?

I was proud as was every other Supreme Officer and member of the KSKJ of our Cleveland and Joliet girls for their exhibition at the 50th K. S. K. J. jubilee celebration held recently in Joliet, Ill. Our KSKJ cadets certainly made everyone step livelier and with more pep. They were grand, and it was a pleasure to watch them. You are grand, girls, keep it up! Before long we shall have more competition with the younger cadets coming up.

Thank you, Cleveland and Joliet girls, as well as those from Sheboygan, and I hope to see you all soon.

Jean M. Tezak,
Director of Women's and Juvenile Activities.

Your Fat's in the Fire

Pfc. James Echols of Atlanta, Ga., shows a flame thrower in action. The tanks on his shoulders hold fuel oil and nitrogen. Fuel oil, forced up by the nitrogen, feeds the flames that spurt out to a distance of 100 feet. Used fat is an essential ingredient in the manufacture of this fuel. What used to be thrown away in the kitchen, now throws back our enemies.

for their articles and contributions; certainly this issue will be a splendid memento for the archives of our Union.

During the Golden Jubilee Campaign, Glasilo again became an active agent thru its numerous published articles in promoting the success of the recent campaign; I feel that these contributions aided considerably in the success.

As manager of Glasilo, I might say that during the first six months of the year there was a net profit of \$656.39—a fine sum, considering the increase of newsprint and the retention of the old subscription price of seven cents per member per month.

There are 19,500 copies of our organ published at a cost of \$329.50 weekly.

I am pleased to report that our Glasilo was the first to receive permission from the U. S. Government, for circulation among Slovenian war prisoners confined in ten prison camps in our country. The prisoners of war are delighted and very grateful to us.

This concludes my report for this session. Greetings to all!

Ivan Zupan, Editor-Manager of Glasilo.

Brother Zefran moves that the report of the Editor-Manager be accepted. Brother Lokar seconds the motion. Approved.

REPORT OF THE DIRECTOR OF JUVENILE AND WOMEN'S ACTIVITY

Sister Tezak reports that a Juvenile group has been organized in Sheboygan, Wis., and she hopes that in the very near future organization of the juveniles in Chicago will become a reality. She regrets that it is not possible for her to make personal visits to all nearby communities, but gas rationing and limited transportation facilities have made realization difficult.

Activity in Joliet is becoming greater as will be evidenced by Sunday's demonstration. The Cleveland, Ohio, KSKJ Cadets have promised to attend Sunday's celebration. We had invited the Cadets of Barberton, Ohio, who because of transportation difficulty, were unable to promise participation.

Brother Decman moves, Sister Kosmerl seconds the motion that the report be accepted. Carried.

The reports of all the Supreme Officers having been concluded, Brother Germ, Supreme President, calls upon the honored guests to express their reactions, for they, winners in the recent campaign, must have had interesting experiences.

First to be called was Brother John Boles, secretary No. 153, Strabane, Pa. Brother Boles states that he is pleased to have secured (with his wife's assistance) the largest amount of new insurance, and gained the privilege of guest of the Su-

preme Board. He promised that he will in the future work for the progress of the KSKJ.

He mentioned that his society, St. Jerome No. 153 has paid off all indemnity on its auditorium; it has \$25,000 invested in War Bonds, and \$6,000 in the society treasury. Besides this, the society has assumed the obligation of paying the assessment for all members in the armed forces. These number 97 at present and the number is increasing.

Brother President thanks Brother Boles for his interesting remarks and states that St. Jerome's have set a notable example.

Sister Agnes Gergisch, president No. 1557, Sheboygan, Wis., expressed joy in being an honored guest. She thanks Sister Johanna Mohar who had assisted her in enrolling new members, and stated that it is Sister Mohar who works silently and diligently and lets others enjoy the honor. Likewise, Sister Gergisch assures the Supreme Board that her society will strive to reach the top whenever a new campaign is launched.

Brother John Vidmar, secretary No. 2, Joliet, Ill., stated that progress was rather slow, however, with good will and courage the prescribed quota was reached and he considers himself highly honored to be one of the guests.

THEY NEED FOOD FATS

European refugees who fled before Hitler's war machine are awaiting liberation—and food. Millions of pounds of fats and oils are needed to meet their minimum needs. To help them we must conserve all fats here, using them first for food, then turning back to the meat dealer what is left, so used kitchen fats may serve the needs of war and industry. In no other way will our overall fats and oils supply stretch to meet the needs of our fighting men, our allies, and the home front.
