## Vsiljevanje "levega katolicizma"

Pod vplivom sprememb, ki so se pojavile v cerkvi z nastopom pokojnega papeža Janeza XXIII. in zasedanjem drugega vesoljnega cerkevnega zbora v Vatikanu, ter v zvezi s posebnimi razmerami v Sloveniji, kjer skuša komunistični režim uveljaviti svoj vpliv tudi na katoliško Cerkev in preko nje na vernike doma in v izseljenstvu, so se pojavili tudi med slovenskimi katoličani v zamejstvu in izseljenstvu poskusi pridobivanja za "levi" ali "progresivni" katolicizem. Goriški "Katoliški glas" je v svoji številki od 18. marca 1965 napisal o teh poskusih uvodnik, ki utegne zanimati tudi prenekaterega čitalatelja AD. Glasi se:

Načelo "Divide et impere", to se pravi razbijaj in razdvajaj enotnost nasprotnikov, pa boš zavladal in vladal, je že dolgo poznano. Poslužujejo se ga tudi nasprotniki Cerkev in katolicizma. Zavedajo se namreč, da je moč katolicizma v enotnosti načel, v edinstvu mišljenja in delovanja na vseh področjih udejstvovanja. Zato pa skušajo to enotnost in edinstvo razbiti na ta način, da vnašajo med katoličane ideje, zmedo, dvome, malodušje in strah.

Tudi pri nas na Goriškem in Tržaškem smo priča takim poskusom. Marksisti in komunisti se poslužujejo najrazličnejših načinov, sredstev, oseb, taktike in propagande, da bi dosegli svoj namen. Pri tem spetno izrabljajo našo najvino, nevednost, naša čustva (narodna, demokratična itd.), zlasti pa našo komodnost.

Že nekaj let sem nam spet servirajo krščanski socializem, Kocbeka in njegove zmendene in zmotne ideje, ki jih je pred vojno propagiral v svoji reviji *Dejanje*, med vojno pa praktično uresničeval v Osvobodilni fronti; po vojni je podal svojo politično-versko podobo in svojo vlogo v OF v knjigi *Tovarišija*.

Ta podoba in vloga sta za katoličana nesprejemljivi; njegove trditve in analize so povečini zmotne; njegovi napadi in očitki na Cerkev, na cerkveno hierarhijo in na delovanje katoličanov so krivični in zlonamerni.

Kocbekove ideje se spretno pojavljajo v člankih nekaterih naših časopisov (do sedaj n. pr. večkrat v tržaškem Novem listu); pridružene so namreč moralnemu vrednotenju slovenskega partizanstva, slovenske komunistične revolucije ter zgodovinskih dejstev in oseb, ki so s tem v zvezi; to vrednotenje pa je vsaj neobjektivno, da ne rečemo kaj hujšega.

Zadnje čase so se začeli vedno pogosteje pojavljati izrazi kot progresivni (to je napredni) katoličani; vedno bolj govorijo o nekem "dialogu", ki naj ga katoličani imamo s komunizmom, češ, saj je tako hotel pokojni papež Janez XXIII.; proglašajo "nove, napredne" ideje, ki naj spremene odnos Cerkve in katoličanov do komunizma.

Zlasti nova tržaška revija "Most" je do sedaj skoraj v vsaki številki prinesla kak članek, v katerem so te nove zmedene in zmotne ideje bolj ali manj poudarjene.

Zanimivo je, da ta revija zelo rada povzema misli in ideje nekaterih dunajskih kulturnih sodelavcev. V 2. številki je Vladimir Vremec povzel "Misli o uporu" zgodovinarja Friedricha Heera-a.

Isti Vremec je nato v 4. številki povzel predavanje psihologa Wilfrieda Daima z naslovom "Levi katolicizem in komunizem". Predavanje je čudovita zmes resnic in neznanice, napadljivo kritično do nekaterih katoličanov, zlasti pa do pokojnega papeža Pija XII. in do cerkvene hierarhije.

Iz vsebine je jasno razvidno, da je predavatelj pol marksistične miselnosti: ranj socialni nauk Cerkve nič ne pomeni, kajti "ona bo priznala možnost socialističnega sistema in se bo verjetno sama začela socializirati" (njemu je torej komunizem fatalen pojav, nekaj, čemur se ni mogče izogniti!). Zdi se nam, da je predavatelj precej bližu herezije: papežu priznava le oblast vrhovnega učeništva, zanika pa mu oblast vrhovnega vladarja!

Vremec je Daima predstavil kot "enega izmed najvidnejših katoliških pisateljev". V Novem listu je kritik E. Z. dejal, da je Daim "znani avstrijski katoliški mislec in pisatelj"; drug ocenjevalec (O. B.) je izjavil, da je "ožji sodelavec kardinala Koeniga, enega najnaprednejših na koncilu"; recenzor — že v Kat. glasu — pa je pripomnil: "Res, članek, ki ga je vredno prebrati in iti vase!" (t. j. članek je tak, da se mora bralec zamisliti, kam tako pisanje vodi; op. ur.).

Predavatelj je torej značen kot neoporečen katoliški javni delavec (torej je tudi vsebina članka neoporečena?). Težko pa si je misliti, da bi resen katoličan napisal tako malo katoliško oz. nekatoliško predavanje.

Kakšna je resnica o Daimu? On je katoličan, ker je pač bil krščen. Je doktor psihologije in ta poklic tudi izvršuje (baje ima privatno prakso). Napisal je nekaj del s tega področja, zlasti se rad spušča v psihoanalizo, vendar pa se udejstvuje predvsem kot publicist.

Nikakor pa ni smatrani v Avstriji kot najvidnejši avstrijski

ski katoličan in tudi ne kot katoliški mislec in pisatelj; skušaj s Heerjem pripada nekemu majhnemu krogu ljudi, ki skušajo biti "progresivni" in združiti katolicizem z marksizmom.

Niti najmanj ni ožji sodelovec kardinala Koeniga, obratno, je celo nasprotnik njegovih konceptov in navodil glede udejstvovanja avstrijskih katoličanov!

Leta 1963 je izšla na Dunaju knjižica "Kirche und Zukunft", v katero so prispevali članke Daim, Heer in sociolog Knall (Daim je napisal sestavek Rueckkehr zur Brüderlichkeit — Povratek v bratstvo). Kardinal Koenig je vsebino knjižice obošdil kot nekatoliško; na nekem javnem zborovanju je namreč izjavil približno tole: "Ne vem, ali avtorji te knjige govore še v Cerkvi, ali pa že izven nje." (Pri tem je mislil predvsem na Daima in Heerja!)

Takšna je torej resnica o Daimu!

## BESEDA IZ NARODA

Danes ho v Baragovem domu odprta razstava  
Goršetove grafike

F. Gorše:

Popotniki

Cleveland, O. — Danes popoldne ob 4. bo odprt mojster kipar France Gorše v Baragovem domu na St. Clairju razstavilo svoje grafike, skupaj okrog 60 del, od katerih jih je približno polovica nastalo v lanskem letu, druga polovica pa je letošnjega datuma.

Vstopnine k razstavi ni dobrošli pa bodo prispevki za poravnava razstavitev stroškov. Razstava bo odprta vse do nedelje, 28. t. m., ob 9. zvečer.

Vsaka umetniška razstava služi dnevna menoma: umetniku, da pride v črni stil s publiko, in publiku, da se bliže seznanji z umetnikom. Umetniku so razstave življenjsko potrebne, saj po njih izve, kaj in kako sodi javnost o njegovem umetniškem ustvarjanju. Za javnost pa so razstave tisto važno sredstvo, s katerim se v narodovem občestvu dviga odnosno izravnava kulturna raven. Velja, kar je v tej zvezidi pred desetletji ugotovil znani slovenski umetnostni zgodovinar konservator univ. prof. dr. France Stele: "Razstave zbljajo publiko z umetnostjo, javnost je po svojih organih prisiljena govoriti o njih in zavzemati stališče napram nji, kar že samo polagoma dviga odreveneli okus... mas, dvigne se umetniški nivo priredebit, oprema knjig, reklama obrt, dekorativno rokodelstvo — vse polagoma sicer, a stalno napreduje."

Med deli, ki jih bomo tokrat videli na Goršetovi grafični razstavi, je gotovo ena izmed najbolj značilnih ta, ki jo je umetnik sam oznamenal s "Popotniki". Ravno zaradi tega ju priobčujemo. Ko sem mojstra vprašal, kaj nam je hotel s to grafično kompozicijo povedati, mi je odgovoril: "Ljudje, ki jih bo šlo iz Ljubljane obiskat svoje sorodnike širom Slovenije ali koderkoli. Ker je to skupinsko romanje, trajata tri ali šest tednov. V vsakem slučaju je prvi deset dni romanje v kraju, kakor so v naslovu naštetili, v New Yorku. Na romanje samo odpovedi 10 dni. Ostalih 11 dni si pa potnik po svoje uredijo. Največ jih bo šlo iz Ljubljane obiskat svoje sorodnike širom Slovenije ali koderkoli. Ker je to skupinsko romanje, trajata tri ali šest tednov. V vsakem slučaju stanje vožnja podeli dve pesmi: "Najlepša je New Yorka v Ljubljano v mladost" in "Rasti, rasti rožma-

in hrano in ogleda raznih zanimivosti bo objavljena, kakor hitro pridejo potrdila od vseh hotelov.

Za to naše romanje so se prijavile tudi sestre dominikanke iz Detroita, Informirale so se za več oznanjenih romanj raznih potniških pisarn v ZDA in so se rani.

Vstopnina v koncertu je \$1.50 in \$2.00. Vsi sedeži so rezervirani.

Obisk toplo priporočamo!

## "Razvalina življenja"

CLEVELAND, O. — Dramatsko društvo "Lilija" pripravlja v letošnji sezoni svojo drugo vprizoritev "Razvalina življenja", ki jo postavi na oder v nedeljo, 4. aprila, ob štirih popoldne v Slov. nar. domu na Holmes Avenue.

Pisatelj drame je Franc Sal. Finžgar. To je njegovo poslednje dramatsko delo, ki ga je napisal že v Ljubljani leta 1920. Deto je prvič izšlo pri Slovenski Matici leta 1921 in je bilo tudi isto leto 26. februarja prvič vprizorjeno v ljubljanskem narodnem gledališču v počastitev pisateljeve petdeseteletnice. Nato je pa drama romala skoraj preko vseh slovenskih podeželskih cedrov.

Kritik dr. Franc Koblar pravi, da je "po dramaturški strani to prva Finžgarjeva drama, v kateri imajo vse osebe medsebojno dramatično zvezo v širok notranji obseg. V prejšnjih dramah prevladujejo tipi in ideje, tu pa je vsaka oseba sklenjena s celotnim dejanjem in vsak njen premik stresen celoto."

Ob prvem vprizoritvu je zapisal pisatelj dr. Ivan Lah, da "posega Finžgarjeva igra v kmečke razmere. Pisatelj nam podaja svoje znanje gorenjske tipi z njih slabostmi. Igra ima močno protialkoholno tendenco in bo dobro uspevala na kmečkih odrôh."

Dramatik Fran Govekar je pa o drami "Razvalina življenja" zapisal: "Nekateri so videli v Finžgarjevem delu le protialkoholno tendenčno dramo. Krivda leži v bistvu na pohlepnosti starega Kanteta, ki hodi v svoji grabežljivosti preko treh srce. Zadnja beseda obsodbe je zato naslovljena na Kanteta, ki mu ob truplu zadavljene hčere zbrusu preganjani Ferjan zaslužen očitek: Vi ste vsega krivi!"

Z takratne razmere je bila drama velik opomin starim zaradi skupštva, mladim pa zaradi vdanošč alkoholu. Danes te drame ne vprizarjam zaradi pouka. Ima dve prednosti, da jo režiserji še vedno radi postavljajo na oder: ima samo sedem oseb in vseh sedem je vsaka zase poseben tip, v katerega se igralec lahko vživi, gledalcu pa nudi lep kulturni užitek.

"Lilija" bo ob tej vprizoritvi postavila na oder svoje najboljše igralce. Režija je v rokah Staneta Gerdina, oder pa pripravlja Jaka Mejač. Vabimo vse Slovence v Clevelandu in okolici, da prihranijo Tihi nedeljo popoldne za obisk drame "Razvalina življenja". Obeta se nam lep kulturni popoldan.

## Zbirka za zvonove v Vedrijanu pri Kojskem zaključena

Euclid, O. — Pred časom je bila v Ameriški Domovini objavljena prošnja za darove za zvonove v Vedrijanu pri Kojskem na Primorskem. Prav vesela sem, da se je oglasilo več rojakov in rojakinj ter prispevalo svoj dar. Skupno je bilo načaranega \$120. Nabirkata je enkrat zaključena in denar je bil poslan župniku z imeni darovalcev.

V njegovem, pa tudi v svojem imenu se vsem darovalcem prav iskreno zahvaljujem za darove. Naj ljubi Bog vsem poplača z zdravjem in srečo! Zahvala tudi Ameriški Domovini, ki je prošnjo objavila.

Rozalija Vicic

"Zelo hričavi ste, gospa. Ste se mar prehladili?

"O ne, samo moj mož je prišel sinoči zelo pozno domov."

Učitelj v šoli: "Mihec, za kazneni bi bil moral napisati 20-krat: 'Znam slabo čitati', napisal si pa samo 16-krat."

Mihec: "Znam tudi slabo računati, gospod učitelj!"

Mož: "Se še spominjaš, ženka, kako sem ti nekoč v takih nobenih pripeljal pel podoknice?"

Zena: "Seveda se, danes pa samo še smršči!"

Zdravnik je bolnika dobro preiskal. Nato ga je bolnik vprašal: "Povejte mi po domače, kaj mi je."

"Požeruh ste in preveč pijete!"

"Hvala!" je reklo bolnik hvalen in ni bil prav nič hud. "Sedaj mi pa povejte še po latinsku, da bom lahko povedal svoji ženi."

Knjigovodja: "Ali želite vseh deset rezultatov?"

Knjigovodja: "Blagajniške knjige sem danes že desetkrat prekontroliral."

Sef: "Lepo! No, in?"

Knjigovodja: "Ali želite vseh deset rezultatov?"

Oče je vprašal svojega sinka, zakaj je moral ostati po pouku v šoli.

Sinček: "Zato, ker se nikakor nisem mogel spomniti, kje so Azori."

Oče: "Ali ti nisem že večkrat rekel, da nisi, kam deneš svoje stvari, da jih potem lahko najdeš."

## OTROŠKI KOTIČEK

Pomladni dan je že bil, vreme cel teden lepe počitnice, le to ne pa tako, da me trga na vseh razumem, kako si mogla čez dan končih in krajih. Nebo se pre-plavati, ponoči pa sedeti pri trga in se pokaže modrina in že ognju. Gotovo si hotela zapisati sem mislil, da bo sonec. Veter zvečer. Težave Ti dela sklanjajočne in že so spet tu snežinje, besedica ki, kar je tudi priča in mraz. Menda ne bo še za drugih. Ki in ko mnogi zamejujet. Drugače je pa nalogiča dobra, čeprav je kratka. Še kdaj mi piši. Lepo Te pozdravljam.

Nalog imam še precej na zalogi, pisač se je tudi vrnil. V petici prijetno poje ogenj in pisač leži stegnjem na pogradu in jih vprašašte v šoli, kaj beseš da pograd pomeni. Naglas je na prveni zlogu.

Dragi striček!

Vsek petek berem Tvoj kotiček v Domovini. Vidim, kakšna dobra pisma pišejo otroci. Vendar imajo pisma mnogo napak. Mi imamo vsak teden pet dni angleške šole in samo dve uri slovenske. Le kako bi se lahko poboljšali brez šole? Doma govorimo slovensko, toda delati moramo angleške naloge in zavoj tega skoraj vse pozabimo. Zelo bi bila vesela, če bi odgovorili v Vašem kotičku na moje pismo.

Lepo Te pozdravlja  
Marija Meglič

Draga Marija!

Pa si le prišla na vrsto, kakor vidis. Vidim, kakšne dobre pismi pišejo otroci, imas v pismu. Pismo je srednjega spola, poleg tega pa pismi pomenita samo dve pismi. Drugače pa pišeš lelo slovenščino. Še nekaj sem opančil in ne samo pri Tebi. Ne veste, kaj pomeni otroški kotiček in Kotičkov stric. Veš, kaj je kot? Učitelj postavi otroka v kot, če nagaja. V hiši navadno mizza stoji v kotu. Tako je otroški kotiček v Domovini prostor pri kraju, ki je določen meni in otrokom za pisma. Še kdaj piši in lepo Te pozdravljam.

Dragi striček!

V šoli so se učili pesmico V peplični noči, ki jo je napisal Simon Gregorčič. Ta pesem nam pove, da ni važno, kakšen je človek, ker pride čas, ko bo vsak prah in pepel. Na predpustni torek se ljudje zabavajo, ko pa zavoni polnočni zvon, se vse konča. Radovedna sem, če ste Vi to pesem tudi brali in kako ste se zabavali pred pustom. Veš, striček, rada bi tudi vedela, kako si se zabaval pred pustom v Evropi in kakšne običaje ste imeli.

Lepo Te pozdravlja  
Marija Dolenc

Draga Marija!

Lepa nalogica in še napak nima posebnih. Pesmico V peplični noči poznam, tudi jaz sem se jo učil, ko sem trgal hlače v šolskih klopeh. Še zdaj jo znam na pamet, morda zato, ker sem že blizu prahu in pepelu. Vsak življenje se nekoč konča. V Evropi smo imeli mnogo običajev za predpust, pametnih in neumnih, sam se pa veliko nisem zabaval. Nekam bolehen sem bil v tistih letih. Zdaj bi pa kdaj poskočil, pa mi noge odpovedujejo. Še kdaj kaj piši in lep pozdrav.

Dogodek s počitnic

Mama in ata moje prijatelji so mene in moje sestre za en teden povabili na Pristavo. Ponedeljek smo se kopali v bazenu, ponochi pa sedeli z drugimi ljudmi okoli ognja, peli in pekli krompir. Ko smo bili zaspani, smo šli spat. Včasih je bilo mrzlo, včasih pa vroče. Nekega dne smo brodili po majhni vodi. Moja sestra je stopila na kamen, ki se je premaknil in je padla v vodo.

Prišla je sobota in moj brat je prišel, da nas odpelje domov. Lepo Te pozdravlja  
Marija Vidmar

Člani komisije so iz tega skladu vzeli denar tudi za namestitev klimatskih naprav v svojih uradih v Columbusu, ne pa v u-

radih svojih podrejenih. Njihovo zdravje in varnost pred nešreco je vsekakor važnejša od one uslužencev komisije! Iz istega sklada so kupili za vsakega člena komisije tudi poseben uradni avto in plačali sinu enega člena komisije \$6,268 za neko posebno študijo industrijske varnosti.

Komisija ne spada pod nadzor državnega auditorja, ampak najema od časa do časa kako privatno računsko pisarno, da opravi za njo ta posel. V omenjeni sklad gre 1% vsega, kar plačuje industrija v Ohiu komisiji za zavarovanje proti nesrečam pri delu. Trenutno je v skladu preko 4.3 milijone dolarjev. Bilo bi prav na mestu in potrebno, da bi državna glavna skupščina delo komisije temeljito preiskala in uzakonila nova dolčila o njenem delu, če sedanja dovoljujejo take zlorabe.

Svet smo na kraju s papirjem. Povrh vsega je pisač na pogradu zaspal in ne maram drezati v to strigalico. Naj spi. Ogenj prijazno žvgoli, zunaj pa spet snežinice in veter zavija, da se mi je še muc pritisnil k nogam. Zdaj oba sanjava o pomladni. Vi nemara tudi, kajne? Bog nam jo skoraj prispe.

Vse vas lepo pozdravlja Vaš Kotičkov stric

### Čudna uporaba sredstev za preprečevanje nesreč

#### Predsednik Johnson je gostil guvernerje

WASHINGTON, D.C. — Predsednik Johnson ima navado, da zbirja svoje prijatelje in znance, pa tudi tekmece, za obloženo mizo tudi takrat, kadar je treba z njimi govoriti o poslovnih zadevah. Povabi tudi njihove žene.

V Beli hiši seveda ne sede lujejo pri razgovorih, pa že

predsednikova žena skrbira, da

im ni dolgčas v njeni družbi.

Edino izjemo dela samo pri politikih na Kapitolu. Te povabi

vsak torej na zajtrk in pri tej

prilikli pove, kaj je novega, pa

tudi to, kaj naj Kongres dela

tekem tedna.

Zadnji teden je povabil kar vseh 50 guvernerjev na obisk in

razgovor, seveda tudi njihove

žene, ki jih je pa potem zaupal

svoji boljši polovici. Manjkal

je samo osem guvernerjev, največ takih iz južnih držav.

Predsednik je svojim gostom razložil položaj v domači in zunanjosti politiki in odgovarjal na vprašanja.

Guvernerji bi bili menda tudi radi govorili, kako misli federacija podpirati njihove državne proračune, pa predsednik ni bil pri volji, da se spusti v debato.

Johnson bo povabil v goste tudi 111 županov iz velikih ameriških mest. Organizacijo sestanku je prepustil podpredsedniku

Humphreyju kot nekdajemu županu iz Minneapolisa.

### Črni vodja hoče ostrejši zakon o volivni pravici

WASHINGTON, D.C. — Direktor NAAC, organizacije za napredek črncev, Roy Wilkins, je v podoboru pravosodnega odbora Doma, ki razpravlja o zakonskem predlogu za zavarovanje enake volivne pravice, trdil, da sedanji predlog ni zadovoljiv, predložil je ostrejšega, ki naj bi enkrat za vselej odstranil vse ovire za nemoteno izvajanje volivne pravice.

Sen. Sam J. Erwin iz Severne Karoline je zatrjeval, da je zakonski predlog v nasprotju z zvezno ustavo, kar pa je tajnik za pravosodje Katzenbach zanimal. Zakonski predlog je po nujevem le podrobno tolmačenje za izvajanje 15. dopolnila zvezno ustava.

Predsednik Domovega odbora kong. E. Celler je dejal, da je osebno za ostrejši in jasnejši zakon, da pa je potrebno, da je odbor praktičen, ker lahko ostane brez vsega, če bo hotel naenkrat preveč.

### V Selmi imajo tudi svojo zunanjeno politiko

SELMA, Ala. — Delavski list iz Oslo je poslal svojega poročevalca v Selmo v Alabamo, da na samem mestu opazuje dogodek in o njih poroča norveški javnosti. Mož je res prišel v Selmo in začel iskati stanovanje v hotelih. Pa se mu je pripetilo, da so mu v prvem hotelu rekli, da zanj nimajo sobe in to tudi utemeljili z malo diplomatičnimi besedami:

Vi Norvežani ste dali mirovno nagrado dr. Kingu, dr. King pa hodi k nam delat nemire in izgrede. Kadar ga pa ni pri nas, pa uganja ta posel drugje po deželi. Ali ne bi bilo bolje, da bi vi ostali kar doma na Norveškem in se držali svojih poslov?

Kje je mož mogel spati v Selmi, ni poročal svojemu časopisu.

### Nadškof Makarios odbil posredovanje grške vlade

NIKOZIJA, Ciper. — Kot so vsi pričakovali, se je tudi zgodilo. Nadškof Makarios je dva dni poslušal grškega vojnega ministra, ki mu je priporočal zmernost v sporu s ciprsko turško manjino, potem ga je pa poslal nazaj v Atene na poročanje. Ciprska kriza je torej ostala tam, kjer je bila pred začetkom razgovora med Grčijo in Turčijo.

Opazovalci upajo, da je za Makariosa kar zadost, ako je "zmagal" s svojim stališčem pri pogajanjih in da bo sedaj dal vsaj nekaj časa miru. Tako je namreč storil že parkrat.

### Madridski nadškof prepovedal posebne slovesnosti za bogataše

MADRID, Šp. — Madridski nadškof Gonzales je prepovedal vse "razredne razlike" pri obrednih slovesnostih znotraj cerkve. V svojem odloku je zahteval, da duhovniki v njegovih nadškofiji ne smejo delati razlike med bogatimi in revnimi verniki, na primer pri krstih, porokah in pogrebih.

Opozoril je tudi vernike, da je njihova dolžnost, da podpirajo svojo cerkev in da ne smejo pričakovati za svoje podpore še posebne priznanja pri verskih obredih.

### Combe je le zvabil tuje opazovalce na svoje volitve

LEOPOLDVILLE, Kongo. — Veljava kongoškega ministrskega predsednika Combeja je zoper zrastla. Posrečilo se mu je, da je zvabil šest afriških držav, da so poslale svoje opazovalce na parlamentarne volitve, ki se ravno sedaj vršijo v njegovem deželi.

Johnson bo povabil v goste tudi 111 županov iz velikih ameriških mest. Organizacijo sestanku je prepustil podpredsedniku

### Schaefer je tisto pivo, ki ga vzamete, kadar mislite na več kot eno.

Kadar ste res žejni, tekne prvo hladno pivo—vsoko hladno pivo —naravnost čudovito.

Toda kasneje, pri drugem in tretem kozarcu, začne večna piv izgubljati okus. Izgleda kot bi postal nekako prazna.

Toda Schaefer je drugačno.

Užitek Schaefer piva poeni ali dve časih nikoli ne izgine.

Se celo tedaj, ko je vaša žeja prešla, ima Schaefer prijeten in krepljen okus.

To je kakovost, ki loči Schaefer od drugih finih piv. Ljudje pra-

vijo, da jim daje to krepljeno mrzlo, bležeče zlato Schaefer pivo isti polni užitek čas za čas.

Oni so dejansko deležni užitka prvega piva pri vsakem pivu.

## Poskusne vrtine na dnu morja

Ladje in umetni otoki petrolejskih družb v Severnem morju

Dirk je zaradi parcel na Severnem morju blizu vzhodnih obal Velike Britanije poprijema zadnje čase takšno podobo, da bi jo skorajda lahko primerjali z ruševinskim slo, ki jo opisuje Jack London v romanah o zlati mrzlici na Aljaski. Pri tem lov na parcele seveda ne gre za rumeno kovino, marveč za nafto in z zemeljski plin, dirka pa se je začela, brž ko so strokovnjaki z dokazi podprli domnevo o bogatih ležiščih "tekočega zlata" v širokem pasu pod dnom Severnega morja in Baltika.

Nekaj uspehov, ki zaslužijo pozornost in spodbujajo tudi Razumljiva posledica velikega zanimanja je zamisel o "parce-

"lah" na morski gladini. Zemljemerji so brž izdelali zemljevide: morje so razdelili na kvadrante s stranico približno 16 km, kar pomeni, da meri vsaka "nafta parcela" približno 26,000 hektarjev.

Nedavno so Britanci prodali 341 takih parcel. Petrolejske družbe, ki so jih kupile, so si pridobile vse pravice (vrtanje, črpjanje naftne in zemeljskega plina) za obdobje šestih let. Prihodnjo pomlad — brž ko se bodo ustalile vremenske razmere nad Severnim morjem — bodo odpeljive iz pristanščih čudne ladje, ki bodo vlekle s seboj umetne otroke z vrtalnimi stolpi in z drugo opremo. Pravijo, da bodo vrtali vse do globine 4000 m.

Tekmec v množični dirki za nafto pod morjem bodo vložili velikanska sredstva. Za primerjavo naj povemo, da stane vsak umetni otok z vrtalnim stolpom nad 7 milijonov dolarjev, v tem pa je treba prišteti še stroške 1.5 milijona za vsako vrtino (9 do 18 tisoč dolarjev na dan). Zahtevnost tega dela morda najbolje ponazarja izjava izvedencev, če da bodo tudi največja in najbolje opremljena podjetja zmogla kvečemu dve vrtini v sezoni.

Za zdaj se morajo iskalci naftne zadovoljiti s površinskimi raziskavami. Po morski gladini, razdeljeni na parcele, križari več ladij, posebej opremljenih v ta namen. Na krovu so fiziki in geologi, ki skušajo na podlagi odboja umetnih potresnih valov (podvodne eksplozije) od zemeljskih plasti v morskem dnu ugotoviti kaj več o ležiščih naftne in zemeljskega plina.

Dobrih 50 km severno od vzhodnofrijskega otoka Juist štrli iz morja (globina 35 m) umetni otok "Louie" (dolžina 70, širina 40 m, teža 6,200 ton). Tam so strokovnjaki, ki delajo po načrtu 11 ameriških in nemških petrolejskih družb, te dni že pri drugi poskusni vrtini prodrli 3,792 m globoko v morsko dno.

Prvo vrtino, iz katere je nenaščoma bruhičil zemeljski plin pod silovitim pritiskom, so morali začasno zamašiti, ker niso imeli naprav za zajetje. Ob drugi vrtini so pripravili z zaklopkami opremljeni cevovod, dolg okoli 3,000 m.

V kratkem se bo pokazalo, ali smo zastavili na pravem mestu," je izjavil tehnični vodja vrtine Malon Guibeau, ki je prebil pol življenja na takih umetnih otokih, bodisi plavajo-

čih, bodisi zasidranih v dnu je udeležilo preko 350 ljudi, vseplitvega morja. "Iz skozenj vem, činoma samih naših rojakov in se iskalci naftne veselijo uspeha povprečne le pri vsaki osmi vrtini."

## Sijajen uspeh mladega slovenskega zdravnika

Cleveland, O. — Dr. Valentin F. Meršol, sin poznanega dr. Valentina Meršola iz Cleveland-a, Ohio, je pred kratkim postal "movie star": film, v katerem

on dela zagoteno in prvenstveno operacijo na notranjem uše-

su in grlu, je pred kratkim bil prvič predvajan medicinski fakulteti in študentom na North Carolina State College. Dr. Valentin F. Meršol je lani junija dokončal rezidenčne študije na Baylor University Medical School, ki je ena od dveh najboljih medicinskih šol za specjaliteto ENT (ušesa, nos, grlo).

Kot najboljši, čeprav najmlajši rezident je bil od starešine rezidentov izvoljen za njegovega naslednika. Tega ni mogel sprejeti, ker je želel svoji prvi dve leti kot specialist darovati državi v službi strica Sama. Leta ga je po svoje nagradil, takoj je spoznal njegovo znanje in spretnost in ga nastavil kot commander-ja in direktorja ENT klinike za new-orleanski okoliš.

## Glas s počitnic v Floridi

Hollywood, Fla. — Zima je znam, prišla je pomlad, lepa in topla, saj smo imeli te dni že 80 stopinj. Mraz bo tudi na severu ponehal in čas je, da se s sinom, ki sva prišla v januarju sem na počitnice za tri meseca, podava nazaj na sever. Napovedujejo lepo, pa tudi grdo vreme, vsak vremenski prerok menda po svoje. Nekateri vidijo vse lepo rožnato, govore o samih sončnih dneh, drugi pa nam napovedujejo tudi oblačno nebo, dež in nevihte. Kar bo prišlo, bo prišlo, za sedaj še nismo tako učeni, da bi vreme sami določali, čeprav napovedujejo, da do tega morda ni niti več daleč!

S sinom se nahajava tu na počitnicah. Prihodnji mesec se bodo te končale in midva se bova odpeljala proti New Jersey, kjer bova obiskala mojega drugega sina Viktorja. Od tam pa bova nato krenila nazaj proti Ohiju. Tu nama je zelo všeč. Lepo in toplje vreme je nam vsem v vesele. Sin igra vsak lep dan golf, jaz pa grem malo po mestu in si ogledujem kraj in njegove zanimivosti. Bil sem v Miami, v Ft. Lauderdale in obiskal New Smyrno, kjer je največ Slovenscev v Floridi. Tukajšnji Slovenski družabni klub je priredil 28. februarja velik piknik, ki se ga

bodo zasidranih v dnu je udeležilo preko 350 ljudi, vseplitvega morja. "Iz skozenj vem, činoma samih naših rojakov in se iskalci naftne veselijo uspeha povprečne le pri vsaki osmi vrtini."

O,

z Ernestom Lužarjem, poročenim z Lorainčanko Mary Ravnikar. Govoril sem tudi z Mr. in Mrs. Baskovic, obiskal na domu Mr. in Mrs. Anton Jakich (z Iga), Mr. in Mrs. Rudy Opalk (Warren, O.), Mr. in Mrs. John Korosec, Mrs. Mary Virant, Johna Peterka, G. Kochevarja, Mrs. Jennie Prezelj, Mr. in Mrs. Paul Bartol in druge. Posebno vidieli prav takso veseli in dobre priznanje in zahvalo Mr. in Mrs. volje.

Joseph Berkop, ki sta mi šla vedno in v vsem na roke ter mi omogočila, da sem se seznanil s tolkimi rojaki in rojakinjam. Vsem, ki sem jih srečal, iskreno sprejeli na svojih domovih ali mi kako drugače izkazali gostoljubje in prijaznost, iskrena hvala. Upam, da se bomo zopet videli prav tako veseli in dobre volje.

## Tašken, velemesto v zelenju

Z montažno gradnjo se rešujejo iz stanovanjske stiske.

Uzbekistan, ena izmed držav ce zelenja in nizkih zgradb praktično nevidno, ko bodo uresničili načrt, pa se bo spremeno v gosto naseljen park. Zdaj velja to sicer le za srednji del mesta, medtem ko je star del — ta izginja hitro, neusmiljeno — poglavje zase, nova predmestja pa so eno samo veliko gradbišče. V Taškentu mnogo gradijo. Vsako leto dobi prebivalci okoli 10,000 novih stanovanj v tipiziranih štirih ali petnadstropnih blokih, ki so večinoma montažni. Mesto ima tudi "tovarno stanovanj" z letno zmogljivostjo 146,000 kvadratnih metrov stanovanjske površine.

Dolgo je sodil Taškent med mesta z najnižjim stanovanjskim standardom. Pred letom 1941 je imel 700,000 prebivalcev, med vojno pa so tja presečili nad 2 milijona ljudi s področjem, okupiranih po Nemcih.

Nastala je obupna stanovanjska stiska. Več družin je živilo v eni sobi, razen tega pa so gradili zasilna bivališča iz desk, iz vejevja, ometanega z blatom, in iz podobnega materiala.

Po vojni se je položaj izboljšal, vendar le deloma. Večina beguncev se je sicer vrnila domov, kljub temu pa je bilo v mestu pol milijona ljudi več kot prej. Mnogi so še nadalje živili z zasilnimi bivališči, nekateri morajo še zdaj. V zares velikem obsegu so začeli odpravljati stanovanjsko stisko še zadnja leta.

Predsednik Aramov Usudin

je ponosno pripovedoval, da so v petih letih sezidali več stanovanj kot prej v dveh desetletjih. Vendar je blažitev stanovanjske stiske šele na pol poti; o tem priča tudi podatek, da pride na prebivalca komaj dobrih šest metrov stanovanjske površine.

Sele v Taškentu mi je postalno jasno, kaj pomeni za Sovjetsko zvezo gigantski spopad s stanovanjsko stisko. Ogledal sem si novo predmestje Ščelansa, ki je nastalo v zadnjih letih in kjer živi že nad 100,000 ljudi. Tipizirani montažni bloki enakih oblik, velikosti in barve se ne ločijo od predmestij v velikih ruskih mestih. Toda če človek v Moskvi ali v Leningradu, kjer stiska ni tako huda, lahko reče to ali ono na račun zunanje podobe novih predmestij, je v Taškentu vsak pomislek glede lepote popolnoma odveč. V tem mestu, kjer so ob prekopih raztreseni kupi najbolj nemogočih bivališč, je takole novo naselje prava podoba raja.

PATRICK A. SHEEHAN:

**NODLAG**

Toda zadnji večer, ko sem odhajal, bi se bil skoro spoteval ob njem. Klečal je na tleh pred vratim, uho ob ključavnici, a je v trenutku skočil na noge in kazal steklenico z zdravilom in kozarcem, ki ga je zaradi varnosti prinesel s seboj.

Ostro sem ga pogledal, toda on je ostal miren in je samo otrival kozarec s ptičjem. Bil sem zares jezen.

"Sam!"

"Prosim, gospod župnik."

"Sam," sem dejal, "vi ste dober in pobožen mož in precej trezen, razen če se napijete tiste "limonade", ki vam škoduje."

"Zdravnik mi je rekkel, gospod župnik —," je hotel odgovoriti, toda jaz sem mu segel v besedo.

"Že vem, že vem vse to; vi imate "slab želodec" itd. Am-pak tole sem vam hotel povedati: Katekizem pravi, da moramo vedno moliti, in jaz opažam, da se skušate ravnati po tem svetu. Toda kadar vam pridejo zopet želje po molitvi, tedaj bi vam priporočil, da si poiščete kak drug prostor v hotelu, ne ravno tukaj pred vratimi —"

"Na častno besedo, priprnil sem se samo —"

"Prav, prav. Toda vedit, če rečem le eno besedo amerikanskemu gospodu —"

"Saj tega ne boste storili takemu revežu, kot sem jaz, gospod župnik," je prosil. "Bog mi je priča —"

"Pssst! Nič več se ne rotite. Toda malo manj molitve in miren jezik bi vam nič ne škodoval, Sam."

Slišal sem namreč bil, da je raznesel po župnijski vest, da dela Amerikanec veliko spoved in da mora imeti "vražje mnogo grehov", kajti spoved se vleče že tri tedne in se bo najbrže nadaljevala še štiri tedne.

A povrtni se moram zopet k povesti, ki me je sedaj začela zelo zanimati.

**XXI. poglavje.  
NEOGNO**

"Imel sem dva prijatelja, ki sta žarko sijala v moja mлада leta, ne da bi mi obenem razsvetljevala zgodovine moje preteklosti. Eden je bil živ, drugi mrtev. Donal Connors je bil zaupen v poseben prijatelj naše male družine. Medtem ko so drugi postopači hodili v kovačnico na pogovor ali po opravkih, se je on redkodaj mudil tam dalj časa, pač pa je večkrat prihajal v hišo, kjer je bil vedno iz srca pozdravljen. Zapazil sem, da mi ni nihče ničesar povedal, da ga veže neka skrivena vez iz prejšnjega časa z našo družino.

In jaz, ki nisem drugega storil, razen da sem nabrusil eno ost, sem obmolknil.

On je najbržje govoril tudi z mojo materjo, naj me neko kroti. Kajti posvarila me je na svoj nežni način, naj previdno govorim in naj ne pozabim, da so kričati vedno več ali manj sumljivi.

"Sumljivi?" sem vzklknil. "Kdo bi mogel mene sumničiti? Ali ne vidi ves svet moje življenja in kdo bi mogel pokazati na kom izmed naših kak maledic?"

Nato je njen bledi obraz zardeval, a jaz seveda nisem mogel razumeti, zakaj. Tako slepa je mladina, tako srečno slepa. Bila je hudobna roka, ki mi je strgala prevozo z oči.

Moj drugi prijatelj je bil mrtev. Vsako nedeljo, ko smo se vračali od maše, smo moraliti iti zraven starega pokopališča v Templeroanu. Dobro se spominjam, kako sem, držec mater za roko, zavil s ceste in stopil skozi železno ograjo v senco dreves. Mnogokrat sem si klical v spomin to sliko, ko sem bil daleč v tujini — staro, podrti opatič, pre raslo z bršljanom, mahovite, vegaste nagrobne spomenike, velike, rjave lišaje na zidovu — vse tako starodavno in častitljivo. Morda se spominjate, gospod župnik, samotnega groba ravno sredi stranske ladje v stari cerkvi? Kamen se je sedaj nagnil in napis je težko brati, toda v mojih otroških in mladeničkih letih je bila plošča še nova in je nosila napis: 'Posvečeno spomini Edmonda Connorsa' ter dan smrti in starost. To je tedaj bilo svetišče, kjer sva moja mati in jaz, odkar se spominjam vsako nedeljo klečala in molila. Tu sem moral ponavljati za materjo litanije za umrle, besedo za besedo, in nato poljubiti travo, ki je pre rastla grob, ter ime na kamenu. Nato sva šla skupaj domov. Nikoli nisem izprševal, dokler nisem popolnoma odrestel. Tedaj sem izvedel, da je ta starec žrtvoval svoje življenje za mojo mater, več me pa ni zanimalo, dokler nisem izvedel vsega.

Medtem sem pa rastel in postajal od dne do dne močnejši in urnejši. Okusa svežega ali, kakor so ga imenovali, 'mesniškega' mesa nisem poznal. Samo ob nedeljah smo dobili kos slanine ter o Božiču in Veliki noči kuretinu. Če nis-  
mo imeli gostov, nam je bila vsakdanja hrana mleko, domač kruh ter krompir in od tega sem postal močan kakor velikan.

V kratkem se je poleglo razburjenje, ki so ga povzročili Fenijani, in z njim tudi precesnji del naše mladeničnosti. Nato so se začele keltske igre in tu sem se odlikoval tako, da sem postal načelnik našega kluba za tekmo z žogo in zaslovev v položici.

"Zato ker je vlečem plačilo delo samo in nima pravice ţe drugega iskat!"

Utihišil je in premisljeval o tej čudni trditvi. Slednjič je dejal:

"Res je!" sem vzklknil. "Če se o kom pojego balade, tedaj je njegovega slava splošna in gotova."

"Da, če je kaj na njej," je odgovoril. "Pa ne vem, ali bi ne bilo zame bolje, da sem ostal tedaj neznan, kakor želim sedaj biti."

"Menim, da to ni moško. Nato je nadalje-

### EIGHT INJUN STAY-AT-HOMES HIT BY INTESTINAL FLU BUG

Tucson, Ariz. — When the Indians went south of the border for a four-game exhibition tour, all kinds of precautions were taken to safeguard the players' health. So what happened?

Eight who stayed at home came down with intestinal flu. They were Coach Elmer Valo, Jim Rittwage, Dick Orsagh, Daryl Farnsworth, Dick Scheinblum, Mel Bell, Tony Curry and Dave Nelson.

When the traveling contingent returned to Tucson, Max Alvis was bitten by the bug, too. All were reported much better at press time.

### MARCH 13 UNLUCKY DAY; 17 PAPOUSES CUT LOOSE

West Palm Beach, Fla. — The Braves may set a record when they cut 17 players from their spring squad, March 13. No one here could recall when a club had disposed of as many men at one time.

Assigned to Atlanta (International) were pitchers Gene Garnell, Pat Jarvis, Ken Nixon, Jim Britton, Bob Daniel and Pat House; catchers Bill Hancock and Ed Sadowski; infielders Bill Southworth and Lee Bales, and outfielders Hank Garrett, Dick Hart, Ethan Blackaby and Bill Robinson. Sent to the Waycross (Ga.) minor league camp for assignment were catchers Joe Beck and Roger Lyman and infielder Felix Millan.

Actually, though, the mass cut trimmed the roster only from 43 to 34. Eight of the departed players — Britton, Daniel, House, Hancock,

and Roger Lyman and infielder Felix Millan.

Andrew Kavcik of 1124 E. 76 St., has returned home from St. Vincent Charity Hospital, where he underwent three major operations.

He wishes to thank all, who visited him at the hospital or who sent him gifts or cards. Visitors are welcome at home.

Taken recently to St. John's Hospital on Detroit Ave., was Mrs. Tonica Istenik of 7610 Dearborn Ave. We wish her a speedy recovery!

Mrs. Mary Golob recently fell on the threshold of her home so unhappily that she broke the bones in her right leg, which is now in a cast up to her knee. Friends can visit her at 22820 Ivan Ave. We wish her a quick recovery!

Mrs. Mary Sadar of 1017 E. 72 St., celebrated her 72nd birthday on Sunday, March 21st. This year is also 50 years since she first became a subscriber of Amerika Domovina. Congratulations and wishes for many more happy and healthy birthdays!

Fort Myers, Fla. — A plastic bubble-gum vending machine makes a half dozen decisions a day in circuit court here. It decides which cases shall be handled by the two judges. The machine contains 15 blue and 15 yellow marbles. When a case is to be assigned, the machine is worked. If it chooses a yellow marble the case is heard by Judge Lynn Gerald. A blue marble means the case is handled by Judge Archie Odom.

Louisville, Ky. — "I can't serve you coffee this time, boys," Walter Swyers told a company of Louisville firemen. Swyers is an officer in the Salvation Army and has been helping people for 30 years, even serving coffee and donuts whenever there is a big fire. This fire swept the Swyers' home, and he and his wife had to flee in their night clothes. Neighbors took up the good deed, however, carrying on for the Swyers and serving coffee to the firemen.

Urbana, Ill. — It has been the second largest crop of turkeys in history of New Year, says Hugh Johnson, University of Illinois extension poultry science specialist. The crop is reported at 98.7 million birds.

Spaulding, England — Jack East, 64, got a birthday present from Frank Tohill, landlord of the 300-year-old Pigeon Inn. The present was a barrel of beer. ### HAPPY CHANDLER GETS POST NEW FOOTBALL LOOP CZAR

Washington, D.C. — A. B. (Happy) Chandler, former baseball commissioner, was named commissioner of the newly-organized Continental Football League, March 17, on a five-year contract with a salary of about \$50,000 a year.

The league will have teams in Wheeling and Charleston, W. Va.; Philadelphia; Fort Wayne, Indiana; Providence, R.I.; Springfield, Mass.; Hartford, Conn.; Newark, N.J.; Richmond, Va., and Toronto, Ont.

All of the teams are from two other leagues — the United Football League and the Atlantic Coast Professional Football League.

Chandler will have temporary headquarters at Lexington, Ky.

### MACHINE TO CLEAN BASEBALLS LATEST GADGET IN A'S CAMP

Bradenton, Fla. — The Athletics are experimenting with a machine that cleans baseballs.

The device is quite simple. It looks like a small lottery wheel and is turned by an electric motor.

A large number of erasers are put in the wheel. The dirty balls are put in and, in a period of about an hour, the erasers will take much of the dirt off the balls.

If the balls can be restored to a reasonable degree of whiteness, they can be used again in batting practice. Previously discolored balls were disposed of because they are difficult for a batter to follow.

## Reporting from Washington

FRANCES P. BOLTON • Congressman, 22nd District, Ohio  
450 HOUSE OFFICE BUILDING, WASHINGTON 22, D.C.

### DRUG ABUSE CONTROL

AMENDMENTS OF 1965. Last week by a unanimous vote of 402-0 the House passed a bill (H.R. 2) to establish greater control over the manufacture and distribution of depressant and stimulant drugs, including barbiturates and amphetamines.

Prior to reporting this bill to the House, the Committee on Interstate and Foreign Commerce held lengthy and complete hearings. Testimony presented at the hearing indicates that over 9 billion barbiturate and amphetamine tablets are produced annually in the United States. Of this amount over 50 per cent, or 4½ million tablets, are distributed illegally through illicit channels. This is a shocking situation, reaching not just the large cities, but every community and town in the country.

Barbiturates and amphetamines, like most drugs, when used properly under medical prescription and direction, can be effective in the alleviation of illness and suffering. However, when misused they become a social and legal problem which is of grave public concern. Drug abuse is associated with crime, juvenile delinquency and highway accidents.

There is clearly an urgent need for more effective control over the manufacture and distribution of barbiturates and amphetamines. I strongly supported H.R. 2 and hope the Senate will enact it without delay.

### COMMITTEE ON THE ORGANIZATION OF CONGRESS

Another measure passed by the House last week was S. Con. Res. 2, to establish a Joint Committee on the Organization of Congress. This Committee will be composed of six members from the Senate and six from the House, divided equally on party lines. The Committee will study such matters as improved methods for Congress to handle federal spending proposals (perhaps through use of electronic data processing equipment), and examination of the Committee system and the proliferation of subcommittees since 1946, and review of the individual member's workload. The last such study was done in 1946 and resulted in the passage of the Legis-

lative Reorganization Act of 1946.

While there is a need to modernize and strengthen Congressional procedures and organization, we must guard against the efforts of many who would reduce the legislative branch to a "rubber stamp" for Executive requests. Since 1933 we have seen the Congress delegate greater authority to the Executive Branch of our Federal government. Most of the Administration bills considered by the Congress are drafted by legal staffs in the various Executive Departments. This surrender of Congressional responsibility to the Executive is clearly illustrated by an examination of the budgets and staffs of the Congress and certain Administration departments. For example, there are only 11 attorneys in the House of Representatives' Office of Legislative Counsel who assist 433 Congressmen and the various Committees in drafting bills and resolutions for introduction. The budget for this vital operation is approximately \$250,000 a year. In contrast, the Solicitor General's Office in the Department of Labor maintains a legal staff of 38 whose major responsibility is drafting legislation. The budget for this operation is over \$500,000; other departments maintain similar staffs.

It seems to be clear that there is a greater need for Congress to strengthen and reassess itself, than for reform. The legislative branch is the voice of the people, and the strength of our freedoms and liberties depends upon a strong United States Congress!

## HOBIES - A FAMILY AFFAIR

PAINTING OF PAPER PLATES — This young lady is having a ball with her hobby, and all she needed were some paper plates, paints, and brushes to add to her vivid imagination. Here she works on a painting of a houseboat.

Thousands of Americans are discovering the creative fun of hobbies. As a pleasure always ready to be savored, an emotional safety valve, a tension reliever, and a great source of satisfaction, a hobby is unbeatable.

And these days hobbies are a family affair. Busy Dads who can unwind with an evening at the easel discover a new world. Mom finds ways of putting her leisure time to use creatively and at the same time

beautifying the home. And for children, the hobbies of today are often the careers of tomorrow.

Painting, making crafts items and model building are just some of the creative pastimes that can bring you great pleasure and help the whole family discover talents they might never have realized. Four hobbies in one family can become expensive. But now, with the new polymer, or plastic paints and mediums, every member can enjoy his

hobby.

A BOY AND HIS MODEL CAR. — This smiling young man is applying a coat of odorless polymer paint (in his favorite color, fire-engine red) to his model car. It will dry quickly to a tough, lustrous finish that'll withstand the roughest play.

own hobby using the same material her the pleasure of creating them for each.

A hobby the youngest lady of the family might like is painting on paper plates. It's clever and inexpensive idea. Just supply her with a stack of 8" paper plates, some brushes and paints, and watch where her imagination takes her.

This medium is excellent for a beginning painter. Start by pre-coating the entire surface of the plate with Hyplar gesso. This will provide a background that can be smoothed or textured for pleasing effects. For a tinted background, mix in a few drops of color.

The smooth or rough background surfaces can be achieved very easily. Smooth: Mix two parts gesso to one part water. Apply several coats, lightly sanding with a fine sandpaper after each coat has dried. Rough: Apply directly from the can without dilution. Texture the surface as desired while still wet with a comb, tooth brush or toothpick.

Brushes most suited for this hobby are #615 red sable and #4116 sabeline stroke — excellent quality and inexpensive. Fast-drying paints are a must. The polymer paints fit the bill perfectly. The finished product will be as beautiful as a little girl's smile.

For Dad's evening at the easel, he can use the same polymer paints that Sis used for her plates. The colors are vivid, they mix with water, can be used on paper, canvas or any non-oil surface and they dry waterproof. Brushes can be either soft hair (sable) or stiff hair (bristle).

First, sketch your subject, after studying it carefully, with a medium-soft pencil. The amount of pencil necessary depends on the subject and your drawing experience.

A fairly comprehensive drawing indicating the division of light and shadow, not shading, with as few erasures as possible is a dependable rule of thumb. Of course, the sketch must be done in daylight, but if you make notes of the colors, the painting can be done in the evenings.

When the sketch is completed, paint in the sky and distant objects. Next come the shaded areas. Since shadows often appear very dark, the tendency is to paint them too heavily. Avoid this by placing strong, dark accents within the shadow areas to make them seem lighter.

The final steps are painting in the varying sunlight colors, and the gradual overall blending of tones. For any subject you might choose begin with these basic polymer colors: Thalo Crimson, Cadmium Yellow light, Ultramarine Blue, Grumbacher Red, Mars Black, Thalo Green and Yellow Ochre. Later, add colors like Burnt Sienna, Burnt Umber, Thalo Blue and Chromium Oxide Green.

While Dad is at the easel, Junior might want to put his hands and imagination to work painting his own "line" of model cars, planes, ships or railroads. There's double hobby pleasure in store for the young man — the technical aspect of building the models and the artistic aspect of painting them.

When he has finished his model he can enjoy painting without the unpleasant odors often found in paints for plastic model building. Junior can use the same polymer paints that Sis and Dad used for their hobbies. These paints are non-toxic; they do not require solvents.

"Since buoyant cushions are used both as seats and lifesaving devices, they tend to wear out more rapidly than other equipment. Therefore,

they should be inspected more frequently. This kind of preparation can prevent needless loss of life and property," commented Sarossy.

Regarding the displaying of the boat numbers, Sarossy said, "recent tests indicate that under ideal conditions, three-inch numbers correctly spaced and with contrasting back-

ground provide legibility at a distance of at least 120 feet. However,

## From the Indian Tepee

TUCSON, Ariz. — In 1954 the Cleveland Indians won their last pennant. They did so by leading the American League in home runs. Tribe Manager Birdie Tebbetts is hoping to use this same method to capture the flag in 1965.

"We may not lead the league in home runs," Birdie chirped, "but this club should be the best long ball aggregation assembled here since that 1954 team. We've got the power, and all you have to do is take a look at our personnel to know we'll hit some home runs."

By comparison it appears the outspoken Indian skipper is right. Larry Doby led the 1954 team with 32 round trippers, followed by Al Rosen, the Tribe's spring training hitting coach, with 24. Bob Avila and Vic Wertz contributed 15 apiece in taking the pennant, while Dave Philley chipped in with 12, and Al Smith, Wally Westlake and Jim Hegan each had 11. Ten other players hit better than one and six for a total of 156.

The 1955 Indian edition should be led by Rocky Colavito and Leon Wagner. Last year Rocky led the Kansas City A's with 34 and Leon paced the Tribe with 31. It is reasonable to assume that each will do as well, and perhaps even better, now that the Indian fences may not be moved back.

We feel that Chuck Hinton, whom we acquired in the trade with Washington, will hit more home runs for us than he did for them," Birdie observed. "This fellow can reach our right centerfield fence. He couldn't do this in the Washington ball park and after all, he is a straightaway hitter. It would not surprise me in the least, if he hit 20 or 25 for us."

Most observers believe that the 1964 team would have been much closer to the top, if it had not been for the unfortunate sickness to third baseman, Max Alvis. Not only Tebbetts, but other managers feel that the hustling Texan is perched on the brink of stardom. Max hit 18 four-baggers last year in only 107 games, so it seems reasonable to assume that he could hit 25 to 30 in a full season.

"Don't forget Fred Whitefield, our first basemar," Birdie offered. "This fellow has amazing power. He is capable of 25 home runs in a session because his record shows he averages one home run in every 20 times at bat."

Birdie realizes, also, that in the game today, a strong little man is capable of 10 to 15 home runs. Last year Larry Brown, the 165-pound second sacker, walloped 12 circuit shots. Besides this, the two smallest regulars on the team, Vic Davalillo and Dick Howser chipped in with nine between them.

"Don't forget this," Birdie continued, "that we have some powerful young kids pushing these established players. Bill Davis, a 6' 6" first sacker, hit nine HR's in the Eastern League last year in only half a season. The fellow who led the league hit only 15, and he was there all year."

All in all, Birdie does have a point about his power. With Colavito, Hinton, Wagner, Whitfield and Alvis, he does have some of the best right-handed and left-handed power in the league. All are capable of stroking the ball out of the parks, and Birdie is hopeful that it becomes a thing of consistency.

## Census Bureau Keeps Your Census Information Secret

Cleveland residents can rest assured that the information they report in the census questionnaires about themselves April 1 will remain strictly confidential just as in the 1960 Census and earlier censuses.

By law the Bureau of the Census is required to protect the confidential answers made to its questions, whether by an individual housewife or by great corporations, and all Census Bureau employees take an oath of confidentiality when they enter on duty. Information gathered by the Census is processed into statistical totals from which no item can be picked out about the age of Mrs. Neighbor Jones or how much it cost Manufacturer Smith to produce his year's output of lawn-mowers.

Answers to questions in a Decennial Census or in a pre-Decennial Census test (such as the Cleveland Census) are compulsory by law. The questions must be answered. However, the Census Bureau traditionally has stressed voluntary cooperation. It has found that people generally are aware of the usefulness of statistics and that statistics are impersonal and reveal nothing about any individual to his detriment.

This confidentiality of individual records in censuses was not always the case. In 1790, at the time of the First Census, after census data were collected for a town or area, the enumerator was required to post them "at two of the most public places... to remain for the inspection of all concerned." What a contrast with today! Every employee of the Census Bureau, including the temporary workers in a special census, is subject to imprisonment and a heavy fine for violating his oath of confidentiality. The reputation for the protection of an individual's record, which the Bureau of the Census has built for itself over the years, is known and valued by the thousands of businesses and individuals who do business with the Bureau.

It may not flatter you to know that your Government, in asking you these questions, is not interested in you as an individual, but such is the case. When your answers are recorded on a census schedule, if you are a housewife rather than a wage earner, you become one of the thousands of women classified as "not in the labor force." Needless to say, many a housewife could tell the Government much on that score.

The gray steel electronic machines which stand in one of the Census buildings in Suitland, Maryland, just outside Washington, D.C., will have millions of figures for the residents of the City of Cleveland fed into them, but the machines, too, are completely impersonal. By the time your information goes through them as a series of electrical impulses, nothing about you as an individual is retained in the statistics.

And sometime if you want to test the Government's ability to keep secrets, write to the Census Bureau's Personal Census Service Branch at Pittsburgh, Kansas, asking the date of Aunt Lucy's birth. You will be told by the Census Bureau that such information is not available except over the signature of Aunt Lucy herself unless she authorizes the Census Bureau, in writing, to give it to you.

Over 200,000 Americans turn to the Census Bureau each year, asking that a search be made in past census records to prove their age for social security benefits; their place of birth for citizenship; their family relationship for a rightful inheritance, and for other purposes.

Your census report cannot be used for purposes of taxation, investigation, or regulation. When the Census Bureau says: "All information is held confidential by law," the Census Bureau means exactly what it says.
