### Sovješki vojakov na Kubi nič manj kot lani

MOSKVA, ZSSR. — Rdeča gospodarska skupnost, znan pod imenom Comecon, ki so včlanjene vse evropske komunistične države razen Jugoslavije in Albanije, ima zadnjih par let izredno mnogo sestankov. Njeni voditelji se snidejo vsakih par mesecev. Predmetov za debate jim ne zmanjka. Hruščev si je namreč zamislil skupnost na zelo široki podlagi.

Skupnost naj ne bi samo regulirala blagovnega prometa med državami, ampak bi segla veliko dalje. Organizirala bi proizvodnjo na mednarodni podlagi, delila industrijske srovine, določevala smernice za skupno kreditno in denarno politiko, ustanovila skupna podjetja za prenos in delitev elektrike; usmerjala bi seveda tudi prometno politiko. Marsikateri satelitski državi vse to ne gre v račun in je močno nezadovoljni. Med take spadajo Romunija, Češka in Vzhodna Nemčija. Toda Moskva se za nergače ne meni. Sedaj je zopet sklical sestanek Comecona, da satelitom pove, kako si zamišlja poglobljeno sodelovanje in specjalizacijo.

### Usoda russkih kulturnikov vpliva na laški vojni boj

RIM, It. — Koncem meseca bodo v Italiji parlamentarne volitve, zato je sedaj volinova borba nekoliko oživeljala. Kar jo je, se cdvija v preprih med krščanskimi demokrati in liberalci na desni strani ter Nennijevimi socialisti in komunisti na levici.

Nennijevim socialistom je sedaj prišel prav mrzel veter, ki vleče proti russkim kulturnikom. Hruščev jih je namreč pripravljal, ker se ne držijo komunistične uradne linije. Nennijevi socialisti so komunistični pristisk na ruske kulturnike napihljeni, kar se da, in ga označili kot zatiranje kulturne svobode. Na italijansko komunistično inteligenco je vse to napravilo precej močen vtis, ki ga vsa takščina umetnosti italijanskega komunističnega časopisa v zavijanju dejanskega stanja ne more zbrisati. Nennijevim socialistom seveda pridno pomaga v napadih na komuniste tudi vse desničarske stranke in njihovi časopisi.

### Angleži zasegli kubanske ribiške čolne pri Nassau

NASSAU, Bahami. — Britanska vojna ladja London-derry je ustavila štiri kubanske ribiške čolne, ko so lovili ribe v bližini Bahama prelivu v zalivu Guinchos. Posadke čolnov, skupno 15 mož, je vzela na krov in jih pripeljala v Nassau.

Prijeti so Kubanci in nekubanski begunci. Britanske oblasti so jih prijele, ker so lovili ribe v britanskih teritorialnih vodah.

### Priprave za razgovore med Moskvo in Peipingom

VARŠAVA, Polj. — Po vsteh iz partijskih krogov bo prišla kitajska delegacija prihodnji mesec v Moskvo na razgovore s predstavniki Komunistične partije Sovjetske zvezde. Kitajsko delegacijo bo vodil Peng Chen, ki je na komunistični konferenci leta 1960 v Bukarešti ostro napadel Nikita Hruščeva.

Trdijo, da že sama prisotnost Penga kaže, da v Peipingu niso pripravljeni popuščati Moskvi s ciljem, da bi bil dosežen konč spora.

Včinoma oblačno, vetrovno in deževno. Najvišja temperatura 80.

### Letaško bo prevzelo važne naloge v vesolju

WASHINGTON, D.C. — Letalske sile, katerih strategični bombariki prepričajo svojo vlogo medcelinskim raketcam, se postopno pripravljajo na nove važne naloge v vesolju. Po zameni obrambnega tajnika bodo prevzele odgovornost za prestrezanje sovražnih satelitov in varovanje priateljskih, za opazovanje, pa tudi za morebitne sodetive bombe, ki bodo kot sateliti krožili okoli Zemlje, pripravljene uničiti sovražnike Združenih držav na njej.

Obrambeni tajnik McNamara smatra, da sodetive bombe kot umetni sateliti ne bi bile vojno posebno uspešno orozje, imelo pa bi vsekakor velik psihoški vpliv na množice na Zemlji, nad katerih glavami bi krožile.

Po mnenju ameriških vojaških strokovnjakov bi bile veliko manj uspešne kot medcelinske rakete. Kljub temu so dobile letalske sile nalogu, da pripravijo vse potrebo za njihovo izstrelitev na pot okoli Zemlje za slučaj, če bi se za kaj takega odločili Rusi.

### Nehru se je izjavil proti delitvi Kašmira

NEW DELI, Ind. — Kašmirska provinca je dejansko že razdeljena, manjši zahodni del ima Pakistan, večina province je pa v rokah Indije. Oba dela loči vojaška demarkacijska linija iz l. 1947. Ker se Indija in Pakistan ne more sporazumeti, čigava naj bo vsa provinca, se ameriški in evropski diplomatij potegujejo za idejo o delitvi.

V narodnem pogledu delitev nima nobenega smisla, kajti vse prebivalstvo sili v Pakistan. Gospodarsko bi bila delitev mogoča, aka ne bi bilo Kašmirske doline. Je dolga samo 85 milj in široka 20 milj, toda njej se noče odpovedati. Nehru, pakistanski predsednik Ayoub jo pa trdovratno zahteva. Dolina ni namreč važna samo po svoji rodovitnosti, je tudi začetek vodnega sistema, ki sega globoko v obe sosednji državi.

Vsekako ne bo diplomacija zadovoljna z zadnjo izjavo indijskega ministrskega predsednika, kajti s tem so vsaj začasno pokopani vsi njeni naporji za rešitev tega spora.

### Tajna seja senata ni bila vredna svojega imena

WASHINGTON, D.C. — Zadnja senatna tajna seja je bila sicer tajna, toda vendar so nekateri časniki zvedeli za potek debate. Tajno sejo je zahteval senator Thurmond. Mož je rezervni general naše armade in bi menda rad še napredoval. Zato se je postavil za zagovornika rakete Nike-Zeus, ki je dete naše armade.

Raketa Nike-Zeus je raketni lovec, mora loviti sovražne rakete, kadar pridejo nad našo deželo. Z raketom so napravili že okoli 90 poskusov, pa so se samo trije obnesli in še ti, tako se govorji, samo zato, ker je baterija, ki je pognala raketenega loveca na lov proti sovražni raketni, vedela za približno lego sovražne raket.

Senator Thurmond je sicer junaško branil Nike-Zeus in doletnih \$196,000,000, ki bi jih armada rada spravila v letošnji konč spora.

Vprašanje Nike-Zeus s tem se ni rešeno, ne bodo pa več sili denar v to raketeto, tako misli tudi obrambni tajnik McNamara.

## KENNEDY OBLJUBIL NOVO INVAZIJO CASTROVE KUBE?

Predsednik Kubanskega revolucionarnega odbora dr. Jose Miro Cardona je včeraj odstopil z nad polovico članov odbora v znak protesta proti spremenjeni politiki Združenih držav do Kube. Izjavil je, da mu je predsednik Kennedy posebno obljudil, da bodo Združene države Kubo osvobodile in da bodo kubanske begunke enote tvorile predhodnico osvobodilne armade. Sedaj se je mesto tega odločil za "mirno sožitje" s Castrom.

MIAMI, Fla. — Vprašanje Cube je prišlo pred javnost v zadnjih nekaj dneh v novi obliki. Vodstvo kubanskih beguncev je javno obdolžilo vlado Združenih držav s predsednikom Kennedyjem na čelu, da je prelomila njim dano oblubo osvoboditve Cube izpod komunistične oblasti in se odločila za mirno sožitje s Castrom in Hruščevim vojaškim oporiščem v Srednji Ameriki. Predsednik Kubanskega revolucionarnega odbora dr. Jose Miro Cardona, prvi predsednik vlade na Kubi pod Fidelom Castrom, je v znak protesta odstopil z osmimi tovariši iz odbora. Svoje razlage je objavil v posebnih izjavi, ki jo je sinoči po seji odbora izročil časnikarjem. Državno tajništvo je izjavilo, ki je dobiло v roke že pred nekaj dnevi, označilo za "zelo netočno in zavito".

"Njegova ponudba sodelovanja je bila dokončna in njegova podpora brezpogojna in popolna" je dejal Cardona o dogovoru s predsednikom J. Kennedyjem o osvoboditvi Cube. Povedal je, kako je predsednik Kennedy obljubil njemu in tovarišem na dan poloma neuspešnega napada na Kubo aprila 1961, da bodo Združene države pripravile vojaško osvoboditev Cube, pri čemer naj bi enote kubanskih beguncev igrale vlogo predhodnici. Kubanski odbor je v zvezi s tem pregledal begunske vrste in izdelal vse potrebno za nastop proti Kubi. Ko se je lani bližala kubanska kriza svojemu višku, je odbor pozval za orodje Cardonovega poročila in prav posebno dogovora sklenjenega s Kennedyjem. Delno je uspel, prihajati v vrste kubanskih beguncev optimizem. Zadnji nastop proti napadom kubanskih begunskih enot na Kubo in na sovjetske ladje, ki vzdružujejo promet s Cube, je vzel begunec vsako upanje na to, da bo vlada Združenih držav izpolnila obljube, ki jih je predsednik J. Kennedy dal Cardoni in tovarišem aprila 1961.

## Mir na zemlji!

Zadnja okrožnica papeža Janeza XXIII. Mir na zemlji je vzbudila več zanimanja in sprožila več debate v svetovni javnosti kot katerakoli prejšnja njegova enciklika. Obraunava namreč vprašanje, ki je vsakemu človeku pri srcu, naj bo katerakoli ali nobene vere. Razлага pojem miru z vseh strani, ne samo verske, navaja pa tudi pota, ki naj ga pomagajo varovati in širiti po vsem svetu.

Ravno v tem je zadela veste vsega človeštva in postala ne samo verski, ampak tudi političen dokument izrednega pomena. Saj jo odobrava ves svet od katoličanov do komunistov in brezvercev. Seveda se odobravanje navadno ne nanaša na vso vsebino, ampak samo na nekatere njene dele. Okrožnica je namreč razdeljena na uvod in pet poglavij. Da jih naštejemo!

Okrožnica povdarda v svojem uvodu, da mir temelji na resnici, pravici, ljubezni in svobodi, ki pa niso pridobitve človeškega rodu, ampak darovi Božji. Človeku je dano od zgoraj, da vse to razume, od tam izvira tudi človekova narava, ki so vanjo vklесane gornje osnove miru na zemlji. Prirodne sile, ki vladajo na našem planetu in v vsemirju, torej ne morejo biti vzorec za obrambo miru. Miru ne morejo varovati atomske bombe in vodikove rakete, varovati ga morajo samo načela, ki izvirajo iz Božje modrosti in vsemogočnosti.

V prvem delu okrožnice, ki obraunava odnose človeka do svojega bližnjega, navaja sv. oče ne samo človekove pravice, ampak tudi njegove dolžnosti, ki pa imajo vse skupen izvor. Človek ni kos materije, ni morda samo proizvajalec, je otrok božji in ima kot tak pravice, ki mu jih nobena oblast ne more vzeti, pa tudi ne dati. Ima svoje človeško dostojanstvo, ki je nedotakljivo in mu daje celo vrsto pravic kot so politične, gospodarske, kulturne, družabne, verske itd., obenem pa tudi nalaga dolžnosti kot je ravno-pravnost v družinskom, gospodarskem, socijalnem in političnem življenu.

V drugem delu okrožnice obraunava sv. oče odnos med človekom in oblastjo. Ponavlja, da prihaja vsa oblast od Boga, in tolmači, kakšne pravice in dolžnosti ima človek do oblasti, pa tudi oblast do človeka.

V tretjem poglavju je obdelano vprašanje odnosa med državami. Tudi tu velja načelo, da morajo vladati med državami pravice in dolžnosti. Kot nobena država ne sme napraviti iz svojih podanikov samo številke, tako ne sme tudi zatirati ali uničiti druge države iz čiste oblastižljnosti. Okrožnica pa se ne spušča samo v obraunavanje načel, pove svoje mnjenje tudi po zelo perečih dnevnih mednarodnih problemih, kot so razorožitev, manjšine, politični begunci, prirodna bogastva in njihovo izkorisčanje, mednarodna solidarnost, razvoj gospodarsko zaostalih narodov itd.

V četrtjem poglavju zagovarja okrožnica idejo o neke vrste mednarodni vladi, kajti pokazalo se je, da sedanji sistem suverenih držav ne odgovarja več sodobnemu stanju človeškega rodu. Okrožnica povdarda medsebojno mednarodno odvisnost, pri čemur pa mora priti do veljave načelo mednarodne javne blaginje in ne samo narodne v posameznih državah. Okrožnica seveda toplo pozdravlja dosejanje uspeha na tem področju, posebno pa Združene narode, njihove organe in njihovo delo.

V petem poglavju daje Okrožnica katoličanom navodila, kako naj se udejstvujejo v javnem življenu, udejstvovanje samo pa smatra za njihovo dolžnost, pri čemur ne smejo delovati samo v okviru svoje verske, narodne, rasne ali družbene pripadnosti.

Premalo je prostora, da bi obširnejše poročali o vsebinu vsakega poglavja. Le s političnega vidika bi si dovolili sledete pripombe:

Okrožnica obraunava toliko vprašanj v vsakem poglavju, da si vsakdo lahko izbere svojega "konjička". Komunistom je na primer zelo všeč poglavje o mednarodnih odnosih, kjer sv. Stolica zagovarja veliko idej, ki jih komunizem rabi za svojo propagando. Zato so tudi okrožnico toplo pozdravili. Iz nje pa navajajo samo to, kar lahko vpletejo v svojo propagando. Celotnega pregleda okrožnice ne dajejo, niti ne povdardajo duha, ki jo preveva. V tem slučaju bi namreč moral pisati o otrocih Božjih, o pravici, resnici, ljubezni, svobodi itd. Gredo pa še dalje: okrožnico tudi tolmačijo tako, kot jim gre v račun, posebno v takih slučajih, kjer neno besedilo lahko tako izmaličijo, da udarijo po svojih nasprotnikih. Zato hvali okrožnico ne samo moskovska Pravda, ampak tudi beografska Politika.

Svobodni svet je v tem pogledu bolj nepristranski. Pohvali okrožnico tam, kjer so v njej obraunvana politična vprašanja, ne dotika se pa drugih mest, kjer okrožnica povdarda katoliška načela. To je velika škoda, kajti svet ne zve, v kakšnem duhu je sestavljena okrožnica in kaj vse obraunava. Hvala Bogu, poročil in debate o okrožnici ni v posebni Slovenski dan njemu v

prišlo tudi do tega, da posveti svojo pozornost celi vsebini enciklike, ne pa samo posameznim njenim poglavjem.

Na drugi strani se pa iz okrožnice vidi precej jasno, da je ta samo del naporov sedanjega Petrovgega naslednika, da združuje svet, ne pa deli. V tem smislu se lepo vključuje v sedanji vesoljni zbor, ki ima podobne cilje: združevati in ne cepiti. Ako bo sv. oče še pri zdravju in moči, smemo od njega pričakovati še podobnih korakov, ki bodo za naš svet in našo dobo ravno tako koristni kot dosedanji.

Za katoličane je seveda okrožnica važen in dobrodošel vodnik skozi zapletena vprašanja naše sodobne družbene stvarnosti, ki je razprt šmarsik dvom in pokazal pravilno pot.

## BESEDA IZ NARODA

## Kong. Michaela Feighana bodo počastili

HON. MICHAEL A. FEIGHAN

CLEVELAND, O. — Michael Feighan zastopa že dolgo dobo 20. kongresni okraj v Predstavniškem domu v Washingtonu. V teh letih si je pridobil tako zaupanje svojih volivcev, da mu tekmeči kljub vsem naprom niso mogli niti v manjši meri ogroziti njegov položaj.

Michael Feighan je ves čas svoje delo v Kongresu jemal zelo resno. Vprašanja je proučeval in glasoval ter odločal vedno po svoji vesti. Splošne narodne komunisti je postavljali nad krajevne, pa naj bi mu to prineslo tudi zamero pri delu volivcev.

Kong. Michael Feighan je trd pristaš svobode in ameriškega načina življenja, ki ob vsaki priložnosti pokaže na komunistično nasilje in na trpljenje ljudstev in narodov, ki jih je komunizem spravil pod svoj jarem. Vedno znova je leta za letom govoril in še govoril, da niso delali zaston.

Na tem koncertu bo zbor Jadran podal odlomke iz različnih operet, ki jih je naši javnosti podal v zadnjih 30 letih. Gotovo se še mnogi med nimi spominjajo operete "Ciganska nevesta", Straussovega Valčka ljubazni, Netopirja, Cigana barona in drugih. Nastopila bosta celotni moški in ženski zbor, pa tudi solisti v solih in duetih.

Mnogo je truda, dela in stroškov, predno se lahko spravi kaj na oder. Če vidijo nastopajoči in oni, ki so nastop pripravljali, polno dvoranu, radi pozabijo na vse, ker se zavedajo, da niso delali zaston.

Vabilo je rojake in rojakinje na ta koncert. Pojdimo poslušati slovenski zbor, ki nam poje v našem domaćem jeziku!

Po končanem sporednu bo v spodnji dvorani na razpolago večerja. Urankarjev orkester bo igral za pleš.

Na svidenje!

## Klub upokojencev v Newburgu

Cleveland, O. — Pomlad s toplimi, prijetnimi dnevi prihaja. Ker smo jo težko čakali, smo jo tem bolj veseli. Spet pojedemo v naravo, v zelenje, uživat svež zrak, opazovat rast in poslušati žvgolenje ptičkov. Upokojenci imamo za to posebno ugodno priložnost. Lahko gremo posamič, lahko v družbi.

Prihodno sredo, 24. aprila, se bomo upokojenci člani Kluba v Newburgu zbrali ob dveh poledne v Slov. del. dvorani na 10814 Prince Ave. na redno mesечно sejo. Po končanem sporednu bo domača zabava. Na končanem vsljilen, da se niso nikdar protostoljno zanj odločili, da bi se ga radi otresli, če bi imeli le kako priložnost za to.

Kong. Michael Feighan je pomagal neštetno slovenskim protokomunističnim beguncem, njihovim ženam ter otrokom pri Na Jutrovem, v okolici Sv. Lovrenca, na Maple Heights in celo na zahodni strani mesta. Združene države, pomagata tudi v neštetnih drugih težavah, v katerih so naši ljudje nanj obrnili.

Da se mu zahvalijo za vse to, so sklenili nekateri slovenski ljudje v Clevelandu, da priredejo načine in članarinu.

Vabilo v marcu smo imeli v Slov. del. domu na E. 80 St. Udeležba je bila prav lepa in vsi smo bili veseli takega odziva vabilu. Naš klub ima člane ženam ter otrokom pri Na Jutrovem, v okolici Sv. Lovrenca, na Maple Heights in celo na zahodni strani mesta.

Kdor še ni član, ga prisrečno vabilo v klub. V naši družbi mu bo prijetnejše in ne bo manjkalo tovarištva.

Vse članice in člane prosim, da se načine in članarinu.

Prisrčne pozdrave vsemu članstvu in vsem slovenskim klubom upokojencev!

Na svidenje na seji!

Slovenska pristava vabi

Cleveland, O. — Upravni odbor vabi vse člane Slovenske pristave, da pridejo v nedeljo, 21. aprila t.l., ob 3. uri popoldne na Pristavo, da se pogovorimo, kdaj in kje bomo postavili plavalični bazen, spominsko kapelico, kako uredili prostore za igrišča in balincanje, kako popravili pota, uredili stanovanjsko hišo, sadovnjak in drugo.

Potrebno je, da slišimo mnenja vseh članov, da tako pospešimo dela na Pristavi.

Treba je, da navdušimo sami sebe in druge za našo Pristavo,

da se bolj zavedamo, da smo lastniki 77 akrov zemlje, ki nas

kliče, da ji posvetimo kar največ pozornosti. Končno je potrebno, da ugotovimo, kaj mi

### Zlato odteka še vedno

Zunanja plačilna bilanca Združenih držav je še vedno pasivna, zato odteka zlato dalje v tujino.

WASHINGTON, D.C. — Ob koncu druge svetovne vojne je bilo skoraj vse zlato svobodnega sveta naloženo v Združenih državah. Združene države so zalaže več let ves svet z vsem mogočim blagom, živili in industrijskimi izdelki. Postopno se je začelo gospodarstvo v posameznih državah obnavljati in

dvigati, v veliki meri prav s pomočjo Združenih držav preko Marshallovega načrta.

Svobodna Evropa se je pred par leti postavila trdno na noge

in njeni industrijski izdelki tekmujejo na svetovnih trgih, delno celo na našem domačem, z ameriškimi. Kljub temu so Združene države lani prodale v tujino raznega blaga v skupni vrednosti 20.9 bilijona dolarjev, kupile pa ga tam skupno za 16.4 bilijone dolarjev. Prebitek je torej znašal 4.5 bilijona. Ta prebitek ni kril stroškov naših oboroženih sil v tujini in vojsko ter gospodarsko pomoč, ki smo jo dali raznim državam.

### Prebitek v zunanji trgovini ne krije vojaških izdatkov in pomoči tujini

Skupno smo lani izdali v temenam 7.3 bilijone dolarjev. Ker je pomoč tujini obstojala v velikem obsegu v naših pridelkih in naših industrijskih izdelkih, se je primanjkljaj zmanjšal precej pod 2.8 bilijonov. Ker so Nemci naročili in naprej plačali velike količine orožja in Francozi vrnili del svojih dolgov, se je primanjkljaj v zunanji plačilni bilanci zmanjšal na 890 milijonov dolarjev. Za toliko je lani odteklo iz Združenih držav v tujino zlata. Ostalo ga nam je še za 15.87 bilijonov dolarjev.

Pri tem imajo razne državne osrednje banke velike vsove doljarjev, za katere lahko vsak čas zahtevajo zlato. Samo Francija ima 1.3 bilijona kratkoročnih zahtev do Združenih držav.

Za letošnje leto ne pričakujejo nobene bistvene spremembe v pogledu zunanje plačilne balance, vsaj na boljše ne. Izboljšanje bo nastopilo še v nekaj letih, ko upajo, da bo mogoče zmanjšati izdatke za vzdrževanje naših vojaških sil v tujini.

Težave v zunanji plačilni lanci so precejšnje. Znebili bi se jih, če bi zmanjšali pomoč tujini in naše vojaške obveznosti v zamejstvu ali pa če bi vnovčili nekaj naših naložb kapitala v tujini, ki so cenjene na 40 do 60 bilijonov dolarjev.

### Komunisti praznovali "Afriški dan"

CLEVELAND, O. — Organizacija za azijsko-afriško solidarnost je pred leti oklical svoj Afriški dan. Tega dneva se le redkokdo spominja, ne praznuje ga niti v Afriki. Organizacija azijsko-afriške solidarnosti je namreč močno levica in stoji pod komunističeskim organizacijem v Moši, Tanninim vplivom. Na zadnjem konjaniku, so se Rusi in Kitajci pulili, kdo bo imel več vpliva na afriške levicarje. Zmagali so morda Kitajci.

Vkljub temu se je rusko časopisje spomnilo na "Afriški dan" in zahtevalo, naj mednarodna pogodba zavaruje afriški kontinent pred napadi z atomskimi in vodikovimi bombami. Komunistični časopisi seveda rohnojo tudi proti kapitalizmu, kolonializmu itd., ki še zmeraj "izmožgavajo" ubogo Afriko. Na podobno struno je bren-

kalo tudi komunistično časopisje na Kitajskem. Koliko bo pa vse skupaj vplivalo na afriško inteligenco, je težko reči. Lahko se namreč zgodi, da se je Afrika bolj vznemirila nad potrošili, da tudi kitajski komunisti izvajajo segregacijo napram črnim študentom, ki študirajo na kitajskih univerzah. Tudi ti se pripravljajo na selitev na "bele" univerze.

Kot se vidi, se črni študentje še zmeraj najboljše počutijo v svobodnem svetu, akoravno jim tudi tu ni postlano z rožicami.

### Kdo piše in kdo plača

WASHINGTON, D.C. — V zvezni administraciji je prišlo v zadnjem času menda do več notranjih preprirov, kdo naj kaže stvar vodi in kdo naj nosi za njeno odgovornost. Tako se Državno tajništvo prepriira s Pentagonom, kdo naj ima v rokah ameriški konec "vroče linije" med Kremljem in Washingtonom. Pentagon je za to že vse potrebno pripravil.

Državni tajnik ima spor tudi z notranjim tajnikom Stewartom Udallom. Ko je bil ta lani na obisku v Sovjetski zvezi, se je tam razgovarjal o razširitvi kulturnih stikov med obema deželama. S tem vprašanjem se je ukvarjal in bi se rad še ukvarjal tudi doma. To seveda ne gre v račun državnemu tajniku, ki smatra, da spada to v njegov delokrog, saj je vendar on odgovoren za narodno zunanjino politiko in zunanje stike, ne pa tajnik za "notranje zadeve".

### Zadnja argentinska revolucija je prizadela veliko častnikov

CLEVELAND, O. — O pogostih argentinskih vojaških zaročah, uporih in revolucijah smo že dosti slišali, nikoli pa niso bile objavljene številke, kdo je

bil pri tem prizadet. Sedaj je postavili ogromno elektrarno, voda objavila, koga vse je zaprla radi zadnje ponesrečene vojaške revolucije. V ječah sedi 662 generalov, polkovnikov, majorjev, kapitanov itd., potravnih pa še 1,200 korporalov in podporočnikov.

Od 27 admiralov sta ostala v aktivni službi samo še 2. Kar pada v oči, da visoko število aktivnih armadnih oficirjev, zaprtih je namreč kar 638, uporablja tudi ga speljali tudi na Zemljo. Kako in kdaj, tega pa Rusi še nočejo povedati.

— Argentina uporablja metrski sistem kot večji del Evrope.

### Olimpijske igre l. 1964 bomo gledali na televiziji?

ANDOVER, Maine. — Japonci upajo, da bodo imeli v šestih mesecih zgrajeno postajo za prenos televizijskih slik preko satelitov v oddaljene predele sveta. Z njeno pomočjo bo mogoče prenašati prihodnje leto olimpijske igre neposredno iz Tokia v Ameriko.

### Zdravila proti migreni

Mednarodno združenje strokovnjakov za zdravljenje migrante je sporočilo, da so nedavno odkrili zdravila, ki učinkujejo tudi v nekaterih najboljših primerih te bolezni. Troje zdravil so uspešno preizkusili na 280 bolnišnicah. Manj kot pet odstotkov teh ljudi še nadalje trpi zaradi migrante, pri vseh drugih pa je bolezni povsem izginila.

Kakšno nepotrebno vprašanje! In še sem dodal, ne da bi pričakoval odgovora:

"Kdaj se je zgodilo?"

"Pred tremi meseci."

"Je tvoja mati vedela, preden je umrla?"

"Da."

"Za čim pa je umrla?"

"Prav zato."

Solze so se spremenile v hite, nje, da jo je kar dušilo.

"Umiri se, mala moja! Ga bo spet prebudila. Samo tega nikar ne misli, da bi bila mati zaradi tega umrla. Že lani ob tem času ni bila nič kaj zdrava videti. Sploh se je po nesreči tvojega očeta slabo počutila. Vem, da bi ti rada odpustila. In tvoje dete bi sprejela. Je fantek?"

Spet je pokimala.

"Kakšno ime si mu dala?"

"Tomaž."

"Tomaž. Kakor tvój oče. Kaj pa je Mihail rekel?"

"Nič. O tem sploh ne govorji."

"Ga je šel iskat?"

"Iskat koga?"

"Milija."

Samo vzdihnila je. Ime zapljive ji ne more iz ust. Nima zanj ne sovraštva ne zamere. Ubogo dekle se mu je vdalo, ker je bilo pijano od godbe. Prema-

"To se lahko razdare, Jožica."

"Bi bilo res mogoče?"

Dvignila je glavo proti meni, kakor da me na kolenih prosi, kakor da jo samo jaz morem še rešiti. Oči kot spominčice so obledeli, solze so jim stopile barvo. V upadlem licu ji berem, da se je kot žena uklonila usodi, nesreči ljubezni. Iz sočutja še dostavim:

"Zaroka še ni poroka. More se razveljaviti. Je Mihail po tej prvi poti še kdaj odšel?"

"Da, pred kratkim."

"Ti je kaj sporočil?"

"Ne, ni mi pisal."

"Je to pot upal, da bo dobil Milia Misso?"

"Tudi to pot preko gora?"

"Da."

"Kaj pa je vzel s seboj? Svoj cepin, nahrtnik in očetovo puško?"

"Priklama je.

"Puško? Veš za gotovo? Da bi lovil kozoroge?"

"Ne verjamem, gospod."

Vmes pa je mizo pregnila s prtom. V kotlu se kuha krompir. Potegnila je za vrv, na kateri je pod streho ognjišča visela gnjetat.

"Jesti bo treba, gospod."

"Kaj pa ti?"

"Stregla vam bom. Saj kasneje lahko jem."

Vsa je ponižna in sramežljiva.

Ne more se odločiti, da bi jedla skupaj z menoj. Samo streči bi hotela. Tolažim jo, kakor vem in znam, pa ji tudi iztisem obljubo, da me bo obvestila, ko se brat povrne. Tedaj bom spet prišel in ju obiskal. Mnogo je sledil, ki moškega prisilijo, da se poroči s pošteno mladenko, če sam ni prostaški lopov.

Spet je zaihtela. Primem ubožico za roke, kakor da sem dober in ne strog sorodnik, in jo tolazim po svojih najboljših močeh.

"Zakaj mi nista nič pisala ne ti ne brat? Jaz bi bil poizvedel v Ceresole, pisal župniku in županu. Saj fant ni bil videti slab."

"Oh, res ne!"

"Ne bil bi se branil, da te vzame."

"Kolikor sem videla ni mogel, gospod."

"Zakaj vendar? Kar povej mi!"

"Je... je že zaročen."

"Zaročen, ne poročen?"

"To je vseeno, kajti zaročen

**Skrivnec**

Jožici me ni bilo treba obvezati, da se je njen brat vrnil. Čez štirinajst dni, v začetku oktobra, je Mihail Gallice sam prišel v mojo pisarno ob Cesti zlatega križa v Chamberju. Bile je proti večeru, ko se tiše ne zdi potrebno prižigati luč. Sprejem sem ga prisrčno, toliko prisrčneje, ker sem vedel, da ga po pravici težijo družinske zoprnosti. Ker je na moja vprašanja na kratko odgovarjal in sem ga v rastocem mraku tudi premalo, videl, sem prizgal električno luč in naenkrat zagledal njegov obraz v jarki svetlobi. Ta pa mu je očividno bila neprijetna kakor vešči, če jo slepi svetilnik. Jaz pa sem že prebral v njegovih vročičnih očeh, na njegovem utrujenem in upalem licu, v vsem njegovem izmučenem, zgaranem, nenadoma postarelem izrazu sledove misli ali morda dogodkov, ki so bili tako resni, da sem vstal od pisalnika in stopil k njemu, ki je tudi vstal, kakor da se hoče skriti v senco.

Zivahnho se je umaknil: "Oh nič, gospod odvetnik."

In zasmejal se je, pa tako prisiljeno in neiskreno, da ne bi mogel nikogar preslepiti.

"Kaj naj bi se bilo zgodilo?"

Nisem maral siliti vanj, naj mi zaupa. Spremenil sem torej vedenje in ga samo preprosto vprašal:

"Si me prišel obiskat ali bi rad nasvet?"

"Nasvetna bi rad, gospod odvetnik."

"Če je kdo streljal na kozoroga, višo od moje, "kaj se je zgodilo?"

Zaradi lovskega prestopka ne; oblasti ga ne izročijo in ga tudi ne smejo preganjati."

"Izročijo — kaj se to pravi?"

"To pomeni, da zločinca odajo tuji oblasti, ki ga zahteva

in ki pod njo spada. Recimo, da kak Italijan zakrivi v Italiji zločin in pobegne v Francijo; italijanska vlada zahteva izročitev

Schoolhouse  
on Rails!

In the lonely, arid reaches of Australia's vast "outback" country, the royal road to learning is a ribbon of rail tracks.

Distances are too great and population too sparse to support conventional technical colleges for the region's isolated youth.

The state of New South Wales is solving the problem with rail-going classrooms. According to the United Nations Educational, Scientific and Cultural Organization (UNESCO), each school unit consists of three railway carriages hitched to a locomotive. Of the four

units in use, three have carriages fitted with equipment for teaching engineering and mechanics. The fourth, used for electrical trades training, consists of a laboratory, workshop, drafting room and lecture hall.

The schools-on-rails cover four circuits, stopping at country towns that sometimes are hundreds of miles apart. Each unit stays in a town for one to two weeks. Then it rolls on, leaving behind enough homework to keep students busy until their wandering school pulls into the station again.

## SHORTS ON

## SPORTS

President Gives Minnie Verbal Pat on the Back: Minnie Minoso received a verbal pat on the back from President Kennedy for his two hits in the Senators' opening day loss to the Orioles.

Minnie was the last of the Nats to leave the field and he was near the President as he dashed through one of the runways.

"The president see me and say, 'Nice work'. I thank him for the time he take to talk to me. What a day for me!"

Sellout of Cardinals' \$2,750 Boxes: Tax regulations notwithstanding, the Cardinals had no trouble obtaining renewals for the 16 penthouse boxes at Busch Stadium. The units, each containing eight seats, are priced at \$2,750 for the season.

There has been a waiting list for the de luxe accommodations ever since they were built in August A. Busch's remodeling of the stadium for the 1954 season. The boxes are located under the roof of the grandstand, feature comfortable, swivel chairs and offer a panoramic view of the field.

P. Linz Discards Contact Lenses: Phil Linz switched from contact lenses to regular spectacles after the Yankees' final exhibition games "because I was seeing too good with them." The infielder said he could neither field nor hit well with the contacts. "I was told that contact lenses would improve my vision, but maybe I was seeing too well with them," Linz explained. "All these years I've been accustomed to hitting a pea. All of a sudden I was seeing a grapefruit with the contacts." He said he will wear contacts during the next off season and if he becomes accustomed to them, he'll use them in 1964.

Piersall Loses Regular Job in Nat's Shakeup: The new face of the Washington club was apparent to the Senators' fans and the rest of the American League in the opening week of the season. It is the kind of team that is built, it hopes, to get along very well without its highest-salaried player, Jim Piersall.

Piersall has been sitting on the Senators' bench and not for reasons of poor health, except in the region of his batting average, which was a meager .244 last season. He can't break into the Washington outfield, a fact which may be construed as a distinct plus in the light of Piersall's acknowledged ball-hawking talents.

Manager Mickey Vernon decided to go along with a Chuck Hinton-Minnie Minoso-Don Lock outfield at the start in the hope of getting the runs that were left on base last season. It was the purchase of Minoso from the Cardinals that apparently doomed Piersall to part-time duty.

P. Hegan, Ex-Mitt Star: Jim Hegan, one of the top receivers in the game during his major league career, feels the role of a catcher in calling pitches in over-emphasized. "The pitcher really calls his own game", the Yankee coach said. "If he doesn't like the pitch the catcher calls for, all he has to do is shake his head. It's as simple as that."

Hegan says it's a dull catcher who will try to force his opinion on a pitcher. "Don't forget", Hegan added. "It's the pitcher, who does the pitching."

## POISONS IN THE HOME

The American Medical Association reports that accidental poisonings, mostly in the home, have become one of the major causes of accidents in America, particularly to small children. And, it adds, no wonder — a quarter of a million products used in the home and in industry are potentially hazardous.

The products aren't to blame — they serve wanted, useful and essential purposes. The fault lies in the way they are handled.

The AMA offers a set of simple rules to prevent poisoning in the home. Here they are: Keep all drugs, poisonous substances and household chemicals out of reach of children. Do not transfer poisonous substances to unlabeled containers. Never re-use containers. Never re-use containers of chemical substances. Do not leave discarded medicines where children or pets might get at them. Never tell children you are giving them candy when you actually are giving them medicine. Read the labels before using chemical products. Never give or take medicines in the dark.

Another important stricture is that speed is essential to stop absorption of a poison. If possible, one person should begin first aid while another calls a physician. And the poison container with its label and remaining contents should be saved and given to the physician or the hospital.

The final point is that prevention is much easier than treatment. Take a look around your home for potential hazards and correct them — today.

## Reporting from Washington

FRANCES P. BOLTON • Congresswoman, 22nd District, Ohio  
450 HOUSE OFFICE BUILDING, WASHINGTON 25, D. C.

**THE CLAY REPORT.** On December 10, 1962, the President created the Committee to Strengthen the Security of the Free World to advise him on the foreign operations programs in the economic and military fields. The committee, popularly known as the "Clay Committee," is composed of many distinguished Americans, including among others such people as Chairman, General Lucius Clay, former Secretary of the Treasury under President Eisenhower, Robert Anderson, and George Meany, President of AFL-CIO.

The recommendations of the Committee released recently call for a minimum reduction of \$500 million next year with further cuts to follow. It is said the U. S. should become more selective in the distribution of economic aid to the recipients. Other recommendations of equal importance are as follows: (1) The U. S. should not give assistance to any nation which confiscates American property. (2) The U. S. should terminate aid to Communist dominated nations. (3) The U. S. should make it clear that we are serious about self-help and fiscal reform.

The Clay Report and its implications will be debated in and out of the Congress for the next several months. It should be of further value to the Foreign Affairs Committee as it prepares the necessary authorization legislation for the foreign assistance program for fiscal year 1964.

### TELEVISION RATINGS

The Committee on Interstate and Foreign Commerce has been holding public hearings on the validity and value of radio and television rating systems which try to measure the size of the viewing audience. Because these ratings affect sponsorship by advertisers they are a major factor in determining the types and quality of programs coming into every home. Many pro-

grams are either cancelled or continued on the basis of a sampling of only a fraction of the total number of TV sets.

The Committee will continue its investigation for some weeks and will hear from the rating services themselves. Whether new legislation will be proposed is uncertain at this time; possibly what is needed is better enforcement of existing laws and regulations by the Federal Communications Commission and the Federal Trade Commission.

### A VISIT TO TUSKEGEE

The weekend of the 6th and 7th I spent at Tuskegee Institute in Alabama—always a new and rare experience, though I have served on the Board for many years.

It is really a wonderful place with its 2400 students and its many departments. Each year its standards of excellence reach higher and the spirit of Booker T. Washington shines brighter. The greatest tragedy we have had there was the burning of the chapel around which everything centered. It isn't quite the same when the gym houses the Sunday Services. But rebuilding today costs overmuch and funds must be gathered in.

Honorary degrees were conferred on two graduates of the Institute, Mr. Ralph Ellison, novelist and winner of the 1952 Book Award, and Major General Benjamin O. Davis, Jr., Director of Manpower and Organization, Headquarters, U. S. Air Force, Washington, who followed his father, who was the first Negro appointed to West Point.

As we drove back to Columbus to board our planes with the dogwood all about us and the strains of the Tuskegee Choir still in our ears, I found myself renewed by the strength and the courage and the beauty Dr. Washington left there and that Dr. Moton, Dr. Patterson and now Dr. Foster have built upon. It was a wonderful weekend!

## THE FOOD STAMP PROGRAM

### (Cuyahoga County, Ohio)

(FIRST of a series of three articles on the Food Stamp Plan which is scheduled to go into operation in Cuyahoga County on May 1, 1963. The series was prepared in collaboration with the Cuyahoga County Welfare Office and the Agricultural Marketing Service, U. S. Department of Agriculture. The first article in this series presents an overall, general picture of the program.)

Do you have a low income?

Are you now receiving public assistance grants?

If so, you may be eligible to buy more and better foods with about the same amount of money you are now spending for groceries.

This will be made possible under the Food Stamp Program which will go into operation in Cuyahoga County on May 1.

The program will operate through the combined efforts of the Ohio Department of Public Welfare through its Cuyahoga County Office in cooperation with the Agricultural Marketing Service, U. S. Department of Agriculture.

The Food Stamp Program has two basic purposes. The first is to help you, as a needy family, to get more food and a better diet for better health. Second, to make better and greater use of the big supplies of food produced by American farmers.

American farmers produce more than enough food to provide everyone in this country a good diet. But some families are not able to buy all the food they require for good health.

So, the Food Stamp Program is a new method of getting additional food to you. It will replace the donations of surplus government foods which you are now receiving.

Under the Food Stamp Program, you will be able to purchase the extra food at your retail store. In this way, everyone will benefit. Your decision to participate in the program means you will eat better and enjoy better health. The farmer will be able to sell more food. The Community will be helped by your added food buying power.

Broadly, here is how the program will operate:

You, as a low-income family or one receiving public assistance, will be certified to participate in the program by the Cuyahoga County Office of the Ohio Department of Public Welfare.

The welfare office will determine the amount of food coupons you must purchase and the amount of bonus or free coupons you will receive in accordance with a scale approved by the U. S. Department of Agriculture. You then spend these food coupons at your favorite grocer for any food produced in the United States just as anyone else would use money.

The grocer redeems or deposits the coupons at his bank just as he does his other receipts or deposits. The grocer must be authorized to participate in the program by the local Food Distribution Division of USDA's Agricultural Marketing Service. Currently, all of the

major chain stores and nearly 200 independent grocers in Cleveland have already been authorized.

The Food Stamp Program, it is pointed out by USDA, is not a welfare program. Rather, it is a food assistance program. The whole idea is to get more food to you as a needy family by increasing your food purchasing power. It is not to make available for other purposes some of the monthly income you are now spending for food.

To make sure you actually buy more food, the Food Stamp Program rules require you to put up some of the money you would normally spend for food. If the coupons were absolutely free, some families might use them to buy only food they would have bought anyway and still have an inadequate diet. That would defeat the main purpose of the program.

The amount of money you pay for food coupons and the amount of bonus or free coupons you receive depends upon several factors. One factor is the income of your family; another is its size. The idea is to charge you about what a family of your size and income could be expected to spend for food.

## "LABOR FACTS"

THE NOBLE ORDER OF THE KNIGHTS OF LABOR, ORGANIZED IN 1869, WAS A SECRET SOCIETY BECAUSE UNION MEMBERSHIP OFTEN MEANT LOSS OF A MAN'S JOB! IT GAINED OVER 700,000 MEMBERS! THE SIGNS, RITUALS AND PASS WORDS PROTECTED THE MEMBERS FROM EXPOSURE AND POSSIBLE IMPRISONMENT!

TODAY, THERE ARE OVER 17,000,000 AMERICANS WHO ARE UNION MEMBERS AND THEIR UNIONS HAVE BECOME A BASIC PART OF OUR WAY OF LIFE!

### Catholic Society For Animal Welfare

An educational folder telling of the need for protection of laboratory animals from cruelty and suffering has just been published by The National Catholic Society for Animal Welfare. Entitled "Without Protection", the folder quotes reports from medical journals of typical experiments. The NCSAW says the researchers' own reports of their work are the most telling evidence of the need for protection for laboratory animals.

Illustrations show the housing of animals in well-known research institutions, devices used to restrain fully conscious animals while they are experimented upon and the condition of animals after burning, acceleration, surgery and other experiments.

The Society appeals in the folder for a law establishing and enforcing humane standards for the use, care and housing of animals used in research.

### He'd Go Nuts

A man who had climbed a flagpole and then began shouting at the top of his voice was arrested and charged with disturbing the peace. After hearing the charge, the magistrate peered over his glasses at the defendant.

"What have you got to say for yourself?" he demanded.

"Well, it's like this, your honor", replied the man sheepishly, "if I didn't do something crazy once in a while, I'd go nuts."
