Naši vojaki

Iz rusko-poljske revolucije

Spisal dr. Leopold Lenard

"Morda je res zopet kakšna smrta," odgovori mi komisar, ki je v dobrusen človek, ki morate pojasiti v pisanem general-gubernatorju. Nujno je, da greste takoj, ker v ste že obrok zamuhili in bi morali že v soboto odgovorati."

Med tem pogovorom sem sej jaz ves čas na komisarjevem sedežu pri njegovi mizi, komisar je pa stal pred mano in kadil sem cigareto. Nato sem pa stopil na noge, se obrnil popolnoma proti komisarju in odgovoril:

"Enkrat sem že hodil po vajadl radi svojega potneva lista, sedaj sem se pa tega nevičil. Bil sem že tako nagnjen odpotovati čez nekaj časi. Par dni preje, to mi je že vemo. Tu imate potni list in poskus, podpišite mi ga, da odjutjem v Avstrijo."

Pri teh besedah sem segel v log in mu podal svoj potni list. Komisar ga je vzel, ga podpisal in zapčatil ter vrnil, rekoč: "Sedaj morate pa še na magistrat na Glediškem trgu, da tam še tam podpišojo. Toda morate to hitro, ker drugič bi utegnili imeti neprijetnosti."

"Ali bi ne mogel poslati s poskim listom na magistrat kdo drugega?"

"Ne, iti morate sami. Vi ste tako dva dni preveč tukaj. Bi prišel za vas kdo drugi, ki mora ne podpisali. Razloži jim morate sami."

sem se čutil že nekako domača in ljubil sem ta kraj, ker sem prestal zanj že nekaj truda in skrbi.

Minute so tekle in treba je bilo oditi. Grofica mi je dala na pot še raznih potrebščin, na katere moški ne misli, za kar pa vendar rada skrbi ženska, pa naj bo imenitnega ali prostega rodu. Preskrbeli so me tudi dobro z denarjem, dali še navodilo, kaj bi mi bilo storiti v slučaju, da se mi med potjo prigodi kakšna nesreča in potem je bilo treba oditi. Voz je že čakal pred hišo, lakaj, ki me je imel spremeti na kolodvor in se potem še peljati nekaj časa z menoj, je že znosil vse moje reči na voz. Že enkrat z Bogom, še enkrat sežem v roke in potem odideva z lakajem po stopnicah.

ako me morebiti ne bodo pustili čez mejo. Morda pri mojem potnem listu kakšna formalnost ni popolnoma v redu. Kdo bi pa sicer tudi znal vse ruske formalnosti. Saj že to ni pravilno, da sem odpotoval nekaj dni pozneje, kot sem bil v Varšavi pri policiji odjavljen. Jako lahko, da me na meji zadrže in se bom moral tolmačiti, kaj sem delal in kje sem bil v teh dneh in zakaj nisem bil prijavljen na policiji. Saj ne sme nikdov niti 24 ur prebivati v ruski državi, ne da bi bil javljen pri policiji. S potnimi listi je pa sploh na Rusku nemški ceremonij, da se čistih prezre kakšna formalita in iz tega nastane lahko veliko neprijetnosti. Saj sem enkrat pred svojimi očmi doživel tak slučaj.

Ko je dekla prišlo do meje, so jo ustavili in niso pustili čez radi te neizpolnjene formalitete. Revica se je jokala od strahu in zadreg. Ker je imela izposojen avstrijski potni list in je bila ruska podložnica, je mislila, da so že prišli na sled njeni goljufiji, ter si je v svoji domovini naslikala vse grozne posledice, ki jo čakajo. Toda k sreči niso imeli nobenih slutnjic o napačnem potnem listu, ampak zadržali so jo na meji samo radi dotične neizpolnjene formalitete.

kih znank. Saj dela tako tudi pet odjavi in da podpisati, da potuje čez mejo.

Celebrating the feast of Christ the King, the D. S. Union will receive Holy Communion in a body at the 10 o'clock Mass, Sunday, October 31 at St. Mary's—Bedford.

A special bus will leave Public Square at 9:00 a. m. All Sodalists are asked to attend.

Bowling:

This Sunday the Jerks and Thunders will vie for first place. The Cadets who are also right on the beam will challenge the Eagles. The Bombers will have an off Sunday. Rest up gals, you're scheduled against those Thunders the following week.

Alice Asseg holds individual high single with her 177 when she finished very dramatically with four strikes. Nice going! All the gals are getting quite proficient with knocking 'em down. What's wrong with the Kocin and Fidel gals? They are not clicking as they did last year. Need a pep talk, gals? Come on, we know you've got the stuff.

The Thunders have team high three with the series at 1913. That's really improving over last year. Ann Pierce holds individual high three with 440. You're coming along grand, but to all of you, remember the season is still young and the teams are acquiring experts with every Sunday's bowling.

Come on down and see the gang and enjoy this clean fun with them!

Re-Elect Edward Kovacic

Tuesday, Nov. 2nd, is a red circle day in the City of Cleveland. On that day each and every eligible voter should make it a point to cast his or her ballot, a privilege extended in only a few countries in this universe.

In addition to various tickets including the judicial, the mayoralty, councilman in the 23rd Ward will be voted upon. The

feeling that Mayor Lausche, due to his present excellent administration, has the race in the bag, should not permit us to sit back and take this for granted. We must get out and make sure that he is re-elected, to enable him to continue the good work he has been doing. City Government to be efficient must have good leadership, under such men as Mayor Lausche, but it also must have active and loyal councilmanic support, which brings us to our friend, Ed Kovacic.

Ed, as you know, was elected two years ago and is running for re-election. The work that he has done in Council the past two years has brought forth the highest praise and commendation from all of our newspapers. In order to achieve this praise, Ed must have done an excellent job.

Let us make sure that he is given a chance to continue his excellent service in the City Council by casting our ballot for Edward Kovacic, councilman for re-election in the 23rd Ward, on Tuesday, November 2nd. He deserves your support.

NO SHORTAGE OF SONGS

Let's have a dance. We can't, shortage of musicians, have an outing, can't, shortage of gas. Let's have a party. can't, shortage of meat, no ration points and so forth. Let's have a concert. Certainly! no shortage of songs.

We know there's a war going on and many of the boys are abroad and your beloved ones are in the armed forces of the country but that shouldn't prevent you from attending the concert which will be presented by Glasbena Matica. We're sure that they wouldn't want you to sit at home and think of what they are doing, they want you to relax and enjoy yourself, stop worrying about them for at least one evening. So many of the social activities have been cancelled due to the fact that there is a war on, but what would happen to the world if every one just gave up and sat at home and brooded because of this condition. Everything would die, no laughter, no language, no music, no songs, so here is a chance to show that you appreciate being alive and in a country where you can still have the privilege of hearing your own Slovenske songs, sung by the chorus Glasbena Matica.

The concert will be held in the Slovenian Auditorium of the St. Clair on Sunday, November 7th at 7:30 o'clock. At this time you will hear a brand new song composed by Mr. Zorman our director, as well as some of the other famous selections and arrangements. Well-known folk songs as well as song such as, "Budi Morje Adrijansko," and "Morje nar." The cream of the program will be included in the program and admission is only 75 cents and included. Tickets are being sold by the members.

Get yourself a seat, Your old friends there you meet, And the songs you'll hear Will be pleasing to the ear. The first

"Well," he said, "your references seem quite satisfactory and I think you will do well about wages; I offer 40 marks a month."

I want 70 marks," said the girl.

"As you suit me exceptionally well, I'll make it 50."

"All right; 50 marks wage... and I shall want 10 marks a month for not informing the Gestapo that you get food on the Black Market and 10 for keeping quiet about your life tening to the English radio."

"How dare you insult me!" exclaimed the prospective employer. "Never in my life have I dealt on the Black Market, or listened to London."

"What!" said the girl. "No food and no news in the house. You can keep the job. Good day!"

Coast Guard Recognized as the "First" Service

When Major General Forde said we win wars by "git it fastest with the most," he must have had the United States Coast Guard in mind.

This oldest of the naval services, established in 1790, boasts an enviable record of being the first military unit to be on guard when the nation has participated in wars of defense.

The first men to land at Guadalcanal, Africa, Sicily, and Italy were Coast Guardsmen who forged ashore under enemy fire in landing barges that since proved to be a specialty of this pioneer outfit.

The Coast Guard was the first service to be commissioned by George Washington, and the first service to do any fighting for the United States when, in 1798, it participated in the undeclared war against France.

The first ships to patrol continental waters, the first organization to carry the news of victory in Manila, the first in percentage of losses in World War I, the first to meet the enemy in this war are other records of the Coast Guard.

Returning from a 28,500 mile tour of Pacific waters, Vice Admiral Russell R. Waesche reported, "The Coast Guard has established a most enviable reputation in the eyes of the Pacific command. There is no doubt of coming home until we have finished the job in

FAR, FAR AWAY FROM HOME, IN A LAND OF MILK AND HONEY

(Continued from page 4)
didn't even appreciate the fact that they were no longer in Italy, but in these United States, inhaling a free Texas air.

There were some lads, of course, who were bright and shiny, friendly, anxious to talk with the M. P. although lengthy conversations were forbidden. One of these had attracted him, almost unconsciously, whom he had been studying on the sly. Somehow Private Hocevar was ashamed to regard the P.W. straight in the face, especially for long periods of time, as he did. The branzed lad puzzled him. He didn't know just why, except that he looked very familiar, yet he had never seen him.

Immediately he was conscious that he was shouting, that he was not supposed to shout, and that the prisoner really was doing no harm. Besides the prisoner did not seem to understand.

So Private Hocevar remained in a sullen mood, getting angrier as the morning wore on. All morning he kept straining at the taunting memories. Suddenly the P. W. began to hum a touching lyric and everything came to Hocevar like a flash. He knew it, knew that particular song the prisoner was singing just then. He knew that song perfectly. What was its title? Let's see. Why, why it was a Slovenian song. That was it! It was a Slovenian song, "Kje je moj mili dom." So had

that puzzled Private Hocevar.

There was no special reason for picking out this man, all prisoners were alike in the eyes of the guard. But the soldier noticed him simply from the monotony. Furthermore, he had been attracted to him in a strange way. He had heard this particular P. W. humming a tune and for love nor money could Private Elmer identify it. It was just another strange coincidence, knowing the face, knowing the tune, yet not being able to identify either.

All this combined—the monotony of the details, the hot baking summer skies over this vast plantation, the strange puzzling face and tune—gave Hocevar a kind of grudge against this prisoner. He had it in for him, not consciously, but simply because he was most often in his mind and Hocevar had to vent his irritations on someone.

That day, moreover, he had been aggravated because in his raw mood, the soldier had been detected studying the prisoner.

"Hey you, come here!" shouting at the guilty victim in a raucous voice.

The fellow with a fallen face, frightened and cowed, ambled over to the guard.

"What's the idea of taking your time? What are you staring at, ha? I've a mind to turn you in, see!"

Glaring at the prisoner, he saw that the P. W. didn't understand but turned and slunk guiltily back to his tomato patch. At once Private Hocevar was sore at himself. Why did the fellow have to catch him staring, and now force him to bawl him out, his special prisoner?

Hocevar relented almost immediately. He couldn't hold a grudge long.

There it was again, that tune! He whirled around and it was his special complex, the prisoner working diligently but mechanically. Hocevar strained his ears. Where had he heard that tune? Why couldn't he identify it?

It must be Italian! That was it, it was Italian, coming from an Italian prisoner. He must have heard it from some organ-grinder. He thought, concentrated but it brought no responsive cord. It couldn't be Italian, he knew so few Italian songs himself, and this one was a vaguely familiar tune, something like a Tyrolian yodeling song, light and gay yet intensely touching. Hocevar took a few steps closer to be absolutely sure.

There it was again! No! What was this? It couldn't be the same tune as the last one, and yet the tune seemed to be a familiar one. The guard strained to catch each note, and he was getting angrier every minute because he couldn't place the music, although it recalled familiar scenes unanswerable. He burst out in anger.

'Stop that humming and get to work! How many times do I have to tell you?"

Immediately he was conscious that he was shouting, that he was not supposed to shout, and that the prisoner really was doing no harm. Besides the prisoner did not seem to understand.

So Private Hocevar remained in a sullen mood, getting angrier as the morning wore on. All morning he kept straining at the taunting memories. Suddenly the P. W. began to hum a touching lyric and everything came to Hocevar like a flash. He knew it, knew that particular song the prisoner was singing just then. He knew that song perfectly. What was its title? Let's see. Why, why it was a Slovenian song. That was it! It was a Slovenian song, "Kje je moj mili dom." So had

been the others. He had heard them sung, played, had danced to them at the Slovenian National Home back in Cleveland.

He was all aquiver with excitement. Who was this P. W. among Italians here in America? He started to rush towards the prisoner bending over the tomato plants, then checked himself. That's right, who was this Italian prisoner singing Slovenian songs? Something was wrong. He scowled at this enigma all over again, and waited undecided the rest of the morning. Now he easily recognized some of the tunes.

ODBOR PRIPOROČA SODNIKA PERRY B. JACKSONA

Nobena posamezna kampanja ni zbulila v Clevelandu toliko zanimanja, kot kampanja za izvolitev sodnika Perry B. Jacksona na mestno sodnijo. Zlasti je važno to, da urgira izvolitev sodnika Jacksona demokratični župan Lausche, ki je organiziral poseben odbor mestčanov, ki naj podpirajo to izbiro republikanskega guvernerja.

Sodnik Jackson je priporočen od važnih civičnih in dežavskih skupin za izvolitev. Prvi odvetniški zbornici je dobil največ glasov radi svojega izvrstnega rekorda kot odvetnik in finoge obnašanja na sodniji.

Cleveland Press je označila sodnika Jacksona kot "poštenejšega, pravičnega, in dobrega poznavca postav, vestnega in pogumnega" ter priporočila izvolitev.

Dobil je tudi priporočilo od Cleveland News, Cleveland Federation of Labor, Cleveland Industrial Union Council in Citizen's lige.

Njegov rekord je zapisan v mestni zbornici, v državni legislaturi, v uradu policijskega prosekutorja ter v tajništvu upravnitvenega direktorja, kjer je služil, predno ga je guverner Bricker imenoval za mestnega sodnika.

AMERICAN RED CROSS

VCJNA POMOČ INOZEM-STVU

Zadnji podatki, ki jih je pridelal ameriški Rdeči križ, je pričel pokazujejo, da je v času od 1. septembra 1939 leta do konca junija 1943 leta bilo izdano \$78,942,424.52 za vojno pomoč inozemstvu s tem, da se pomaga civilistom v deželah, ki so prizadete po vojni. Od te celuprene vsote \$34,317,145.46 so stroški Rdečega križa, \$39,025,279.06 dolarjev pa je bilo izdano iz državnih fondov. Toda tudi stvari, ki so bile kupljene iz državnega fonda je razdelil Rdeči križ.

Poleg Kitajske, Indije in Srednjega Vzhoda ter Severne Afrike, dobivajo pomoč tudi skoraj vse druge evropske države: Belgija, Finska, Francija, Velika Britanija, Grčija, Nizozemska, Island, Norveška, Poljska, Rusija, Španija, Švica in Jugoslavija. In, v prvih mesecih vojne so društva Rdečega križa poslala mnogo potrebitčin v Litvanijo in druge Baltiske države, v Rumunijo, Madjarsko in v druge pokrajine, ter pomagali velikemu številu poljskih vojako in civilistov, ki so zatekli v te dežele.

Od vseh potrebitčin največ se je razdelilo oblike — v svoti od \$20,000,000. Za tem pridejo zdravilne in sanitetske potrebe, katere so stale približno \$13,500,000.

Na tretje mesto pride hrana, v vrednosti več kot \$8,000,000. Pokrivala in posteljnina so stale več kot \$3,750,000; ambulante in druga vozilna sredstva stanje približno \$600,000. In denarni pomoči, ki je bila razdeljena raznim državam iz fondov Rdečega križa znaša \$2,145,000.

Velike količine teh potrebitčin je bilo prenešeno v parnike, ki jih je vzel v zakup Rdeči križ. Prvi tak parnik je bil zakupljen v juniju 1940. leta, in je odplul s potrebitčinami v vrednosti nad \$1,000,000 za razdelitev med begunce v neokupirani Franciji. Kasneje so bili kupljeni še drugi parniki za podobna samaritanska potovanja.

Pomoč v manjših količinah je bila poslana po rednih trgovinskih potih.

MISTERIJA

ROMAN

Izgubil je partijo, preden začneigrati. Sedaj, ko poznamo natančno točko, je uspeh lahek. To bo divji!

—Brady ne ve še ničesar. Da li smo mu toliko kloroformata, da gotovo še sedaj spi.

V Misterijinih očeh sta se zbliskala sum in jeza in zagrabila je Kennedyja za roke.

—Menda ga nisi umoril? je zaklicala divje. Če si to storil, te ubijem z lastno roko.

—Torej ga res ljubite? je tiho vprašal mladi mož s trpkim glasom.

—Ali si ga umoril je ponovila in obraz ji je žarel od divje jeze in oči so se ji bliskale.

—Nikakor ne, je dejal Kennedy, ne da bi se skušal opristiti rok, ki jih je Misterija strahovito stiskala. Točno sem izvršil vaše ukaze, prisegam vam to. V eni ali dveh urah se Lionel prebudi, glava mu bo te-

svoje divje ljubavi, ki jo gojim do vas. Ali nisva ustvarjena druga za drugega?

—Morda, je dejala po kratkem molku; toda ljubezni ni mogoče zapovedovati. Rada bi nehalo ljubiti Lionel, a to ni mogoče.

—Ta človek je naša nesreča v vsakem pogledu, je nadaljeval Kennedy. Verujte mi, Misterija, vaša blažna strast vas vodi na napačna pota in bo morda povzročila pogubo nas vseh.

—Gorje ti, če si lagal.

—Jaz govorim vedno resnico.

Sicer pa prav iskreno obžalujem, da mi niste dovolili pokončati to arogantno osebo, ki je vedno onemogočala naše načrte in je ravno vas tako težko razživila.

Misterija je zardela kot dekle, ki so jo ujeli na laži.

—Res je, je dejala z milejšim glasom, ljubim Lionel Bradyja, ne morem se otresti te ljubezni in on ve za ta moja čustva.

—A vedno vam kaže globoko razžljivo preziranje. Zakaj me niste poslušali, je dodal s treščim glasom, mene, ki vas obojujem in ki sem vaš z dušo in telesom? Poznam vse vaše skrivnosti. Tolikokrat sem vam dal dokaze svojega poguma in

gova kraljevska čast le v zasebnem. Prisostvovala sem razkosovanju posestev svojih prednikov in ropanjem stoletnih zakladov, ki jih je odnala tolpa pohlepnih angleških uradnikov. Služabnike, ki so nam bili zvesti, so pod pretvezo rovjenja zapirali in nekatere celo obesili.

Mladi možak je bil ves prevet od teh razkritij, ki mu jih je dejala Misterija. Njena v tem trenutku skoraj tragična lepota je napravila nanj izreden, poveljujoč utis, in čutil je, kako ga je čudna ženska le še bolj navezala nase.

—Boste že videli, je dejala živahnno, strašni dogodki se pripravljajo. Zapadna civilizacija leži v zadnjih zdihljajih in bližu je dan, ko pride orientalski svet na vrsto, da prične zapovedovati vesoljstvu.

Kennedy jo je poslušal čisto fasciniran. V žarečih punčicah mlade žene se je bliskala njena volja.

—Pozabili ste na Lionel Bradyja, je nenadoma dejal Kennedy s pritajeno jezo. Po vsem tem, kar ste mi povedali, se čudim, da mu tako zelo prizanašate.

—Res je, če ima človek tako velikanske načrte kakor jaz, se ne sme ustavljati pri osebnih vprašanjih. Toda pravkar sem sklenila, da Lionel ne sme biti ovira pri izvrševanju mojih načrtov. Če se jim bo pa še nadalje ustavljal, ga zdrobim kot kozarec!

Misterija je obmolnila.

Približala se je okroglemu zrcalu, ki je stalo na njeni toaletni mizici. Imelo je bogat ovirk iz rezljanega lesa, vloženega z biserno matico. Pritisnila je na gumb, ki je bil skrit v teh okrasnih.

Tu se je zrcalo zavrtelo in skozi okroglo odprtino je komtesa opazila člane udruženja Mygalov, ki so urejali svoje račune pod očetovskim vodstvom Kitajca Wang Taja.

—Vse gre dobro, kakor vidiš, je dejala. Niso se preveč razburili zaradi precejšnjega odbitka, ki sem ga napravila ta mesec na račun dobička udruženja.

Kennedy ni mogel zadržati nasmeha:

—O, saj so imenitno dresirani. Nihče se ne upa ganiti. To so res ubogljivi sužnji.

Začnite zbirati set z "pickle dish," ki ga bomo dajali v pondeljek in torek, 1. in 2. novembra.

Vsek teden damo en nov kos. Dali bomo še sledeče kose posode: pečilec za paj, posodo za zelenjavno, kastrolo s pokrovom.

—Prosim vas lepo!

—Kaj mislite, da nisem dovolj inteligentna, da uredim zadevo sama? Bodite prepričani, dragi moj Kennedy, da ne potrebujem nikogar.

—Da, vem, je dejal brezbržno Kennedy, zaboden je bil na pragu urada policijskega direktorja.

—Ta zgled je imel uspeh. Kadar se kdo naših družabnikov pokaže nesramen, omeni Wing Tai mimogrede zdognjo smrt krupje Pepperdinga, in takoj je vse v redu.

Pri teh besedah je Misterija spet pritisnila na gumb mechanizma v bisernatem okviru in znova se je v zrcalu pokazal njen ljubki obraz; želesna klet in njeni gostje pa so izginili.

—Sedaj pa, je dejal Kennedy, če hočete, se vrniva k praktičnim stvarem. Ne pozabite, da sem javil Wang Taiu, da pove zanimivo novico ostalim družabnikom. Imava torej zelo malo časa. Kmalu moram dol k njim.

—Torej, je dejala, jaz nisem ničesar spremenila v svojih načrtih. Sedaj, ko poznam dolžino in širino in torej natančno lego zaklada, nima smisla, da še odlašam: še danes odpotujem z ekspresom. Moram prispeti pred Lionelom Bradyjem.

—Ali me vzamete s seboj?

—Čemu?

—Čemu?

—Če bi vedeli, kako vas bim! je tiho dejal z glasom, ki je drhtel od zadržane strasti. Srečen sem zaradi te ekspedicije. Morda mi nudi priliko, da vam storim kako uslužiti.

—In naravno si predstavljate, je dejala hudomušno, vam bom za to hvaležna in postala manj kruta z vami?

—Taki računi mi niso nikoli prišli na misel! je vzklikanil voljen. Ljubzen, ki jo gojim do vas, je čisto nezainteresiran občutek.

—To je res lepo.

—Norčujte se iz mene, ker se hočete, toda moja ljubezen do vas je ena omih ljubini, ki so brezupne. Vi se zato prav nič ne zanimate in preprečan sem, da me ne boste nikoli ljubili.

Mlada žena, ki jo je sledila Kennedyjeva strast neznanja, zabavala, se je igrala z njim, kot mačka z mišjo.
