Prekomerno uživanje alkohola ZDA stane letno \$25,000,000

Narodni institut za zlorabo alkohola in alkoholizem je objavil poročilo o posledicah prekomernega uživanja alkoholnih pijač.

WASHINGTON, D.C. — Direktor Narodnega instituta za zlorabo alkohola in alkoholizem, ki deluje v okviru zveznega tajništva za zdravstvo, prosveto in socialno skrbstvo, je objavil v sredo daljše poročilo o posledicah prekomernega uživanja alkoholnih pijač. Pri tem je ugotovil, da te povzroče delež preko 25 bilijonov dolarjev škodo letno. V letu 1971, za katero so kot zadnje na razpolago podatki, je ta škoda dosegla 25.3 bilijone.

V škodo so uračunane izgubljene ure dela, zdravniški stroški in škoda, ki so jo povzročili vozniki motornih vozil pod vplivom alkohola.

Direktor omenjenega instituta dr. Chafetz je posebej opozoril na obsežno in rastoče pitje alkoholnih pijač med nedoslo mladino. Tako naj bi se 36% starejših letnikov višjih šol do pisanosti napisalo vsaj štirikrat na leto, eden od sedmih šolarjev zadnjega letnika više šole pa kar po enkrat na teden.

Poročilo, ki obsega 219 strani, navaja podatke o povečani nevarnosti za raka v ustih in poziralniku za osebe, ki prekomerno uživajo težke alkoholne pijač.

Zanimiva je ugotovitev, da zmersno uživanje alkoholnih pijač vpliva ugodno, zlasti na starejše ljudi. Študija trdi, da zmersni uživalci alkoholnih pijač — med te šteje tiste, ki ne zaužijejo dnevno več kot 3 ounce viskija ali pol litra vina ali štiri čase piva — žive dalj od populnih abstinentov.

Watergate resna ovira narodnemu gospodarstvu

NEW YORK, N.Y. — Velika večina gospodarskih vodnikov že prepicrana, da je Watergate resna ovira narodnemu gospodarstvu, ker onemogoča učinkovito gospodarsko politiko predsednika Nixon-a.

Na zadevno vprašanje New York Timesa je 80% povprašanih vodnikov velikih podjetij v ZDA odgovorilo, da je Nixonov vpliv na narodno gospodarstvo zaradi Watergate zadev omejen in neučinkovit. Predsednik Nixon je tudi preveč zaposlen s svojo lastno obrambo, da bi mogel posvetiti gospodarskim vprašanjem, ki mučijo našo deželo, potreben čas.

The New York Times je postal vprašanja vodnikom 500 največjih industrijskih podjetij in dobil na nje 167 odgovorov (34%). Tolikšno število odgovorov smatrajo pri takem povpraševanju kar zadovoljivo.

Neobičajen rop v uradu na St. Clair Avenue

Ropar v odvetniški pisarni R. Zormana in pisarni mestnega odbornika R. Novaka v Slovenskem narodnem domu na St. Clair Avenue.

CLEVELAND, O. — Včeraj popoldne ob 2.30 je prišel neki človek v odvetniško pisarno R. Zormana v Slovenskem narodnem domu na St. Clair Avenue.

Najprej je dejal, da potrebuje odvetnika, nato pa potegnil revolver in ukazal ge. Mary Joe Zamlen in T. Champi, ki je bil v uradu, naj ležeta na tla. Zvezal je vsakega za sebe in nato oba skupaj, potem pa pobral denar, \$265, in zapestno uro ge. Mary Joe. Hotel ji je vzeti tudi prstane, ki pa jih ni mogla sneti s prsta. Ko je ropar iztrgal telefon, je zapustil urad, pa se čez kratek čas vrnil. Ko je videl, da se je Tony Champa že delno rešil, je ropar odšel.

Urad odvetnika R. Zormana je tudi delno pisarna mestnega odbornika R. Novaka, katerega tajnica je ga. Mary Joe Zamlen. Novak je prav nekaj ur prej imel v uradu zastopnika mestečne policije in mu dokazoval potrebo po boljši zaščiti in večji javni varnosti v 23. vardi. Včerajšnji rop je vsekakor najboljši dokaz, da je boljše varstvo nujno!

Moskva odložila obisk zun. ministra Egipta

Sovjetska zveza, ki je sama dala pobudo za obisk I. Fahmyja v Moskvi, je sedaj predložila odložitev tega na oktober.

KAIRO, Egipt. — Sovjetska zveza je predložila Egiptu, naj odloži obisk zunanjega ministra Ismaila Fahmyja v Moskvi, dolodenec za prihodnji ponedeljek. Tu smatrajo to, za nekak ukor Egiptu, ker so obisk dejansko pred časom sami naročili.

Odpoved ali odložitev obiska pomeni, da so odnos med Moskvo in Kairom še vedno zategnjeni in da Moskva trenutno ni do tega, da bi jih izboljšala, kot je še kazala pred par tedni.

Fahmyjev obisk je bil prvotno določen na sovjetski predlog in pobudo na 15. juliju. Ko je bilo javljeno, da pride te dni na obisk v Kairo ameriški zakladni minister W. E. Simon, so misili obisk Fahmyja v Moskvi odložiti za par dni, pa so v sredo objavili na prvih straneh listov, da bo Fahmy v Moskvo odšel, kot je bilo določeno. Kasneje čez dan je bilo objavljeno, da je Moskva sporočila željo, da naj Fahmy obisk odloži do prihodnjega oktobra.

Pred nekaj dnevi je na svoji poti v Somalijo pristal v Luxorju v Egiptu predsednik ZSSR Nikolaj Podgorni za napolnitve letala z gorivom, pa so ga sprejeli in pozdravili samo krajevni predstavniki. Ali je imelo to kakovo zvezo z odložitvijo Fahmyevega obiska v ZSSR ali ne, za enkrat ni znano.

Švica in Kanada sta vodili v inflaciji

PARIZ, Fr. — Organizacija za gospodarsko sodelovanje in razvoj, v kateri je povezanih 24 držav, je objavila podatek o inflaciji v letošnjem maju, zadnje, ki jih ima na razpolago.

Največji porast cen v maju v 24 državah je bil v Švici 1.8%, sledila je Kanada z 1.7% in ZDA z 1.1%. Porast cen je nekaj zavil na Japonskem, na Nizozemskem, v Avstriji, na Finsku, v Spaniji in v Veliki Britaniji.

TITOV OBISK V BUKAREŠTI V DOBI NEGOTOVOSTI NA BALKANU

Obiskovalci Slovenije se vračajo v svobodni svet z vestmi o zaskrbljenosti ljudi v Sloveniji pred bližnjo boičnostjo, ki bi naj nastopila s Titovim odhodom z vodstvom Jugoslavije. V zvezi s tem so letošnjo pomlad veliko razpravljali v Avstriji in drugod v svobodni Evropi o možnosti sovjetsko-satelitskega nastopa, ki naj bi Jugoslavijo spravil nazaj v sovjetski blok, iz katerega jo je Stalin izključil junija 1948.

C. L. Sulzberger, zunanjepolitični sodelavec New York Times-a, je preteklo sredo razpravljal o teh zadevah v zvezi s Titovim obiskom v Romuniji. Jugoslovanski predsednik je odšel na večdnevne razgovore s predsednikom Romunije Ceausescujem, ki je odločen branitelj neodvisnosti Romunije v mednarodni politiki, pa četudi je ta član Varšavske zveze. Sulzberger smatra govorice o "Polarki" za "nesmisel", ker "je Brežnev vezan na politiko pomirjeva-

Papež Pavel VI. bolan

VATIKAN. — Sv. oče Pavel VI. je v sredo odpovedal svojo redno tedensko javno avdicenco zaradi težav, ki mu jih povzroča artritis v desnem kolenu. Kljub bolečinam je šel k oknu svojega stanovanja na trg sv. Petra in spregovoril množici, ki ga je čaka na trgu.

Cakajočim se je opravičil v petih jezikih zaradi "bolezni, ki ga ovira pri gibjanju" in dejal: Vi mi morate oprostiti, imam hude bolečine. Bolezen sv. očeta se je po uradni izjavni v zadnjih dneh poslabšala in pričakujejo zato, da se bo 76 let stari papež podal letos preje v letno bivališče Castel Gandolfo kot običajno.

Nov skok živiljenjskih stroškov v Kanadi

V juniju je inflacija porastla v Kanadi na raven 11.4%, za toliko so namreč porasti živiljenjski stroški od junija 1973.

OTTAWA, Kan. — Inflacija je bilo glavno vprašanje, o katerem so razpravljali tekmo 8-edenstevnega volivnega boja. Četudi so nasprotinci metali odgovornost za divjajočo inflacijo na vlado, je uspel P. E. Trudeau doseči trdno zmago pri volitvah. Komaj so bile te mimo, je objavila podatkov za junij pokazala, da inflacija divja dalje s komaj kaj manjšo brzinou.

V maju so se cene v Kanadi dvignile za 1.7%, v juniju pa za 1.5% na letno raven 18%. Od lanskega junija so živiljenjski stroški do letošnjega porasti za 11.4%.

P. E. Trudeau je v volivnem boju zatrjeval, da je inflacija splošen pojav, ki tare ves svet in Kanada sama ne more dosti vplivati nanj. Vodnik konzervativne stranke R. Stanfield je predlagal zamrzitev cen in plać, pa mu volivci za tako reševanje inflacijske nadlode niso dali polnomočja. To je bil Trudeau, ki bo moral nekaj ukeniti, četudi je znano, da on ne verjame v uradno nadziranje in urejanje cen in plač. On je zagovornik svobodnega gospodarstva v okviru določenih bližnjih čas.

Na morskem dnu ležijo velike kepe raznih rudnin, ki so bogate na bakru, kositru, svincu in drugih kovinah, katerih cene so v zadnjih letih zaradi večje rabe precej poraste. Nekatera podjetja so se zato začela zanimati za rudo na morskem dnu in jo že začele izkoriscati ali pa se pripravljajo, da bodo to storile.

Manjše obalne države, zlasti na države, ki ne meje na morje, so se postavile na stališče, da je bogastvo svetovnih morij last državnih zakonov. Kaj bo ukrnil za omemitev inflacije, bo Trudeau povedal na tiskovni konferenci, ki jo napovedujejo za blizuji čas.

Konference v Caracasu bo trajala predvidoma 8 tednov in bo pripravila nove zakone morja, ki pa bodo verjetno dobili svojo končno obliko in potrdile se prihodnje leto na novi konferenci, ki se bo vrnila na Dunaju.

Sen. Gurney obtožen

JACKSONVILLE, Fla. — Zvezna velika porota je sprejela obtožbo sen. E. J. Gurneya, ki naj bi bil zlorabil svoj položaj za zbiranje in izsiljevanje prispevkov od gradbenih podjetnikov in trgovcev z nepremčinami.

Otožnica, ki obsega 33 strani, trdi, da je senator zbral na tak nezakonit način vsaj \$223,000.

Sen. Gurney je po objavi obtožbe izjavil, da je nedolžen in da je prepričan, da bo ameriški pravosodni sistem dokazal njegovo nedolžnost.

THE TOUR OF 'GALLUS'

(Conclusion)

to

37 local Slovenian organizations to send representatives to a meeting Dec. 21 from which would be set up a full and permanent board which would organize and handle the Gallus tour.

Fifteen organizations accepted the invitation and sent representatives who at the first meeting Dec. 21, 1973 elected the following board:

President: Mate Resman

First Vice-President: Ivan Hauptman

Second Vice-President: Olga Mauser

Secretary: Marjan Jakopic

Treasurer: Franc Lovsin

Board Members: August Dra-

gar, Francek Gorensek, Matija Grdadolnik, Rudi Kolaric, Joze Likozar, Miro Odar, Bernardo Ovsenik, Janez Povirk, Milan Pavlovic, Mojca Slak, and John Skrabc.

Let me emphasize here that as six individuals, we did not represent any organizations. We only spoke of the idea here and there, became enthusiastic with it, and finally got courageous enough to see if it would be possible to carry out.

There was a problem in trying to decide exactly when to hold the tour. Since the majority of Gallus singers are teachers and students, it would be impossible to have the tour during the school year. It would also have been difficult for us to sponsor the tour at that time since our halls are filled with our own cultural programs in the Fall and Spring, and in the Winter. July and August are vacation months, so both we and Gallus agreed that the only possible successful time for the tour would be around the American holiday, Labor Day. At this time most people have returned home from vacations and none of our organizations have any cultural programs.

Work, effort, and worries are still to come and will be great. Financial profits will not be involved for anyone since whatever profit will come from Gallus' concerts will be spent in transporting the singers across America. Hopefully some money may be left over and this will be given to Gallus.

I have tried to write and explain what has been done up until this time. Your continuing help and cooperation, now and to come, are indispensable to us.

Reserve the last days in August and the beginning weeks in September to attend the functions and concerts of Gallus so that the halls will be filled.

Help us whenever we ask for your help and cooperation because we ask in the name of a good cause and for the good of Slovenian culture. Each one of us can bring much to the success of this tour. Above all, let us open our hearts and our homes widely and accept the Gallus singers as our own brothers and sisters.

We know, thank God, that we need not appeal to your love for your nationality to enthuse you. Just the opposite. We would like to stress that the Gallus tour, as is anticipated, will need great effort, time, and sacrifice. One thing is certain: if this tour is a success because of our united effort and work, we will be able to look at ourselves and our posterity with pride. We will, also, be able to feel satisfaction in that we helped to ease, a little, the weighty cross of years of prejudice and oppression from the bleeding

shoulders of our dear Koroška brothers and sisters.

John Kobe visits here

After many years, John Kobe of Omak, Wash., came to Cleveland to visit his cousins the well-known Sterk family, who for many years conducted a school for Stationary Engineers at 7710 St. Clair Ave.

Born in Omak, John comes from a family of five brothers and two sisters.

At the age of 22, in the depression year of 1929, John joined the U.S. Air Force. While in service he traveled all over the world. He served as Chief Maintenance Officer during the War in India, China, and Burma.

He held this position for 16 years. Thereafter he was promoted to the rank of Chief Warrant Officer. After 31 years of service he retired.

Married, he now makes his home in Ipswich, England, north of London. He operates an antique shop where he makes a modest living. He lives in a nearby home which is 150 years old. I viewed a hand made gold watch about 300 years old.

Most of the homes where he lives have chimney pots and by their number you can tell how many rooms are in that house.

After a two week stay, as a guest of the Sterk family, Mr. Kobe is returning to his home in England.
