

Dobrotnike pretepli

Podivjana druhal v besnem sovraštvu ne pozna razlike med prijateljem in sovražnikom. Na področju Hough Clevelanda so pretepli luteranskega pastora in njegove mlade sodelavce.

CLEVELAND, O. — Štirje mladi fantje, ki so prišli v Cleveland, da se pouče o življenjskih razmerah v črnem področju okoli Hough Avenue, so v sredo zvečer doživeli prvo trdo skušnjo. V okviru programa luteranske cerkve v Ameriki so pomagali pri gradnji malega otroškega igrišča, ki je bilo v sredo zvečer odprto na E. 81 St. Navzoči so bili pri tem tudi podpredsednik Ohio Bell Telephone Company Marvin Preston in drugi, ki program podpirajo. Na igrišču se je zbralo tudi okoli 250 okoličanov in sosedov.

Ko je bila uradna slovesnost otvoritve končana, je množica pritiskala proti stojnici z okrepčili. Dva odrasla sta se pri tem sprla in strela, policaj, ki je bil navzoč, ju je hotel pomiriti. To je "razjezilo" druge, da so posegli v boj in razbili okna policijskega avtomobila. Tolpa mladih črncev je nato navalila na skupino 14 belih mladeničev, ki so pod vodstvom rev. J. Cooka v okviru omenjenega programa prisostvovali otvoritvi igrišča. Črni divjaki so podrli rev. J. Cooka na tla in ga suvali ter pretepal, prav tako so padli tudi po njegovih mladih spremljevalcih. Štirje od njih so bili pošteno pretepeni, ostali pa se je posrečilo uiti z le malimi praskami.

Rev. James Cook je svojim mladim sodelavcem, ki so prišli v župnišče pri njegovi cerkvi Dobrega pastirja, dejal: Sedaj veste, komu je to podobno... Vi niste bili napadeni kot posamezniki, bili ste žrtve geta. Kljub bridki preskušnji so fantje izjavili, da bodo ostali do konca programa.

Castrovi streljali na poslaništvo ZDA v Londonu?

LONDON, Vel. Brit. — Scotland Yard je začela stikati za tajno špansko revolucionarno skupino, ki naj bi bila baže odgovorna za streljanje na vrata ameriškega poslaništva tu preteklo nedeljo. Na poslaništvo so streljali s strojnico iz avtomobila, v katerem so bili trije moški. Izginili so, predno jih je mogla policija ustaviti.

Letaki, ki so jih natrosili, in pismo, ki ga je prejel Reuter v ponedeljek, kaže, da so napad organizirali pristaši Castra na Kubi. Sami sebe so napadalcem označili za First May Group of Revolutionary Solidarity Movement. Cilj napada naj bi bila "ustavitev zločinskih umorov ameriške armade".

Meany zahleva za vse enake vojskine žrtve

Predsednik AFL-CIO je nazval Kongres, naj davčno naklado za korporacije roviša na vsaj dvojno višino one za privatnike.

WASHINGTON, D.C. — Glavni predsednik AFL-CIO George Meany je izjavil, da je za posebno vojno davčno naklado, ki naj prepreči nov dvig obrestne mere za posojila in zavre porast cen ter poskrbi, da bodo vsi Amerikanci "enako delili žrtve vpleta v vojno v Vietnamu". Odbor za sredstva in načine Predstavnškega doma je pozval, naj davčno naklado "popolnoma prilagodi sposobnosti plačevanja", kajti "enakost žrtvovanja mora temeljiti na sposobnosti žrtvovanja".

K vladnemu načrtu davčne naklade je stavil tri dopolnila, oziroma spremembe.

Davčna naklada naj ne bo enaka za posameznike in korporacije, kot predlaga Johnson, ampak naj bo za korporacije "vsaj dvakrat tako velika".

Osebe z malimi in srednjimi dohodki naj bodo naklade delno oproščene.

Nekatere vrste dohodkov, ki sedaj niso podvržene zveznemu dohodninskemu davku ali pa le delno, kot pridobitev kapitala, obresti od državnih bonдов in bonдов, ki jih izdajajo krajevne oblasti, odpisi rudniških in podobnih družb.

G. Meany je dejal, da organizirano delavstvo ni toliko zaskrbljeno zaradi samega primanjkljaja v zveznem proračunu, ampak bolj zaradi težav, ki jih utegne imeti zvezna vlada pri najemanju posojil za kritje tega primanjkljaja. Te težave utegnejo pognati kvišku še tako visoko obrestno mero za posojila, kar se bo čutilo naglo v vsem gospodarstvu.

Johnson se je z iranskim šahom dobro razumel

WASHINGTON, D.C. — Poročilo Bele hiše o uradnem obisku iranskega šaha zelo hvali gosta iz Azije ter njegovo domačo in zunanjo politiko. Posebno poudarja odločilen pomen šahove socijalne politike, zlasti agrarne reforme. Šah se je torej v Beli hiši gotovo dobro počutil.

Najbrže ni dosti vedel, da so proti njemu demonstrirali iranski študentje, včlanjeni v družbo Iranska dijaška zveza. Policija pa ni imela posebnih težav z njimi, jih ni pustila preblizu Bele hiše.

Te dni bo Johnsona obiskal tudi grški kralj Konstantin, ki je na potu v Kanado, da obišče razstavo 67 v Montrealu.

V začetku novembra bo pa Johnsona obiskal laoški prestolonaslednik Vongsavang. To bo njegova prva pot v Ameriko.

Grški kralj pomilostil dva ministra

ATENE, Gr. — Vojaška diktatura je najprvo zelo ostro obsodila bivšega zunanjega ministra Averova, nekaj dni pozneje pa še ministra Arvanitakosa. Grška javnost se je radi obsodb zelo razburila, ker misli, da so kazni pretirane, ako so sploh upravičene. Da se diktatura izmaže iz nerodnega političnega položaja, je predlagala kralju, naj oba ministra pomilosti, kar se je tudi zgodilo. Radi napetega notranjega političnega položaja so pa proces proti tretjemu ministru Rallisu odložili na "nedoločen čas".

Obetajo si dober posel

ST. LOUIS, Mo. — Podpredsednik Ford Motor Co. Lee J. Iacocca je dejal tu, da pričakuje, da bodo prihodnje leto prodali skupno do 9,200,000 avtomobilov v naši deželi, blizu milijon več kot letos. Če pride do štrajka, bo to seveda hud udarec, ki bo omenjeno število precej zmanjšal.

AMERIKA IN SOVJETIJA SE DOGOVORILI O MEJI ATOMSKE OBOROŽITVE

Včeraj sta predložili razorožitveni konferenci v Ženevi v Švici načrt mednarodne pogodbe, ki prepoveduje atomskim silam predajo atomskega orožja in znanja o njegovi izdelavi neatomskim silam. Upajo, da bo dogovor odobren in podpisan nekje v začetku prihodnjega leta, četudi je težavno vprašanje nadziranja njegovega izvajanja še odprto.

ŽENEVA, Šv. — Po petih letih razgovorov je končno prišlo med Združenimi državami in Sovjetsko zvezo do sporazuma o predlogu za mednarodno pogodbo, ki naj prepreči širjenje atomskega in vodikovega orožja na države, ki tega še nimajo. Včeraj sta predstavnik ZDA W. Foster in predstavnik ZSSR A. Roščin izročila razorožitveni konferenci enaka predloga za tako pogodbo v obravnavo. Predlog prepoveduje atomskim silam predajo atomskega orožja in znanja o njegovi izdelavi državam, ki takega orožja še nimajo. Tako naj bi bilo to omejeno na Ameriko, Sovjetijo, Veliko Britanijo, Francijo in rdečo Kitajsko. Zadnji dve se razgovorov v Ženevi ne udeležujeta, vendar pričakujejo, da bo Francija v doglednem času pogodbo podpisala, Kitajska pa se jo verjetno vsaj držala.

V predlogu pogodbe je ostal člen 3., ki govori o nadziranju izvajanja pogodbe, kadar bi bila ta podpisana, brez besedila, ker se predlagateljici nista mogli o tem sporazumeti. Sovjetska zveza hoče, da prevzame nadziranje Mednarodna agencija za atomsko energijo na Dunaju, v kateri je zastopana tudi Sovjetska zveza, med tem ko se zahodnoevropske države temu upirajo, češ da bi dobila Sovjetska zveza na ta način možnost vohunjenja o tehnikah atomskih reaktorjev v teh državah. Zato so te države, predvsem Zahodna Nemčija na stališču, da naj njihove atomske reaktorje nadzira EURATOM. Atomska agencija Evropske gospodarske skupnosti. Taka rešitev seveda ni všeč Sovjetiji, ki trdi, da bi se to reklo, da države zahodne Evrope nadzirajo same sebe. Združene države so, da bi našle časno rešitev vprašanja, predložile, naj bi EURATOM prevzel odgovornost za nadzor

Rastita in množita se

Tako je dejal Bog Adamu in Evi še v raju, Njuni potomci so se namnožili do leta 1830 na okoli milijardo, do leta 1930 na dve milijardi, do leta 1960 pa že na 3 milijarde.

Rast je zaradi izboljšanih zdravstvenih razmer na svetu postala tako nagla, da so se že na raznih krajih sveta oglasila svarila, da mora človeštvo nekako urediti svojo rast, ker sicer bo v nekaj rodovih postalo na zemlji pretesno za vse ljudske množice.

Bruno v lastnem očesu

V Svobodni Sloveniji, ki izhaja v Buenos Airesu v Argentini, je njen sodelavec iz Gorice objavil članek, ki osvetljuje trd boj milijona in pol keltskih Bretoncev v Franciji za obrambo njihovega jezika. Članek je lep primer svetopisemskega svarila o tem, kako radi vidimo iver v očesu svojega brata, bruna v svojem lastnem pa ne!

Zadnji podvigi francoskega predsednika gen. De Gaulle na obisku v Kanadi so vzbudili po vsem svetu veliko pozornost in so gotovo precej omajali njegov osebnostni ugled v mednarodnih krogih. Poleg tega so tudi vrgli temno senco na Francijo samo, saj je francoska vlada popolnoma potrdila generalove teze in s tem jasno pokazala svojo "jezikovno" imperialistično težnjo po frankofonski veličini!

Prav zadnje dni pa so se pojavili za Francoze neprijetni odmevi generalovega zadržanja in to v Franciji sami. De Gaulle je zahteval "svobodo" za francosko govoreče Kanadčane, ni pa pomislil, da ima Francija sama tudi nekaj odstotkov resnično jezikovno nesvobodnega prebivalstva. Med temi so prav keltski Bretonci na severozahodu države in ti so ob tej priliki zahtevali zase to, kar je francoski predsednik zahteval za že svobodne kanadske Francoze. Francija je bila vedno znana kot izrazito centralistično urejena država, zato sploh uradno ni priznala obstoja nefrancosko govorečih skupin, in je v tem še mnogo slabša od drugih držav z narodnimi manjšinami.

Lansko poletje se je vršil v Gorici kongres Evropske zveze narodnih manjšin, četrdu le neuračno, ker ga je rimska vlada prepovedala. Žbralo se je pa vseeno veliko število delegatov z vseh strani zahodne in severne Evrope. Tako sem imel priliko seznaniti se tudi z nekaterimi delegati bretonske skupnosti v Franciji, ki so mi marsikaj zanimivega povedali o položaju te keltske skupine.

Dandanes živi v Bretoniji približno 1.400.000 Bretoncev, ki še govore keltski jezik, od skupno nekaj nad tri milijone prebivalcev te dežele. Od francoske revolucije sem bretonski jezik sploh ni užival nikakega uradnega priznanja. Šele leta 1870 je nekaj izobražencev zahtevalo poučevanje bretonskega jezika (med njimi tudi Charles De Gaulle, stric sedanjega predsednika). V začetku tega stoletja je nezadovoljstvo vedno bolj naraščalo in vrstile so se peticije pariški vladi za priznanje osnovnih pravic Bretoncev. Poznejši predsednik republike Doumergue je zavrnil zahtevo po poučevanju bretonščine, češ da bi to podpiralo separatistične težnje v Bretoniji. Leta 1911 pa je nastala bretonska nacionalistična stranka. Vladni predstavniki so bili do bretonskih zahtev vedno bolj nerazpoloženi. L. 1952 je prosvetni minister javno izjavil, da mora zaradi francoske enotnosti bretonski jezik izginiti!

Medtem so med bretonskimi rodoljubji ter izobraženci nastale razne kulturnopolitične organizacije za obrambo narodnih in jezikovnih pravic. Po dolgotrajnih prizadevanjih in z nezanimanjem francoske vlade so šele po zadnji vojni leta 1951 v francoskem parlamentu odobrili zakon, po katerem so dovolili vstop v državne šole raznim deželnim jezikom, med njimi bretonskemu in baskovskemu. Seveda pa so bile tudi pri tem velikanske omejitve. Dovolili so le minimalno število ur pouka, ni bilo na razpolago sredstev za učbenike, pouk bretonskega jezika sam pa je bil postavljen čisto na zadnje mesto. Še pred nekaj leti so ministrske oblasti skušale še bolj omejiti poučevanje bretonskega jezika kljub zakonskim predpisom. Pouk bretonskega jezika se je vršil v različni, a vedno skrčeni meri na osnovni in srednji šoli. Jasno, da je bil pouk vedno le neobvezen. Kar se tiče visokih šol, ima univerza v Rennesu stolico za keltsčino, in še ta je edina v Franciji.

Seveda je le malo število šol, ki je res uvedlo pouk bretonščine. Tudi na katoliških šolah ni bila usoda malega jezika bolj cvetoča. Stalno pa so uradne oblasti indirektno pritiskale na starše, češ da bretonski jezik ni važen, da nima nikake praktične veljave itd., in s tem so odtujili prizadeote od pouka matinskega jezika.

Bretonci sami govore zato o kulturnem genocidu. Bretonski jezik nima vstopa v upravno življenje, na sodišča (razen tolmača v skrajni sili) in še duhovščina se vedno bolj oddaljuje od njegove uporabe. Milijoni ljudi bretonskega jezika lahko sliši v materinščini samo polurno tedensko radijsko oddajo folklorne vsebine... Iz vsega je torej jasno razvidno, da je izginotje manjšinskih jezikov, ki jih še govore na francoskem ozemlju, eden izmed temeljnih ciljev francoske oblasti. Kot v 19. stoletju, še dandanes francoske množice izvajajo jezikovni imperializem nasproti posameznim deželnim kulturam.

Te in podobne izjave so prihajale iz ust bretonskih predstavnikov. Francija, ki je dala Evropi in svetu veliko šte-

vilu odličnih duhov in učiteljev svobodoljubja ter enakosti in bratstva, ne zna svojim podanikom zagotoviti osnovnih kulturnih pravic. Ali naj bo taka "Evropa domovin", kot si jo zamišlja stari francoski general?

BESEDA IZ NARODA

Slovenskim vernikom v župniji Marijinega Vnebovzetja v Collinwoodu v Clevelandu

CLEVELAND, O. — Malo je v Ameriki župnij, ki so po novi liturgični konstituciji še ostale slovenske, to je, da bi imeli službo božjo v slovenščini. Pričakovali bi ravno obratno; to, da bodo mnoge slovenske župnije zopet priče s slovenskim bogoslužjem, zlasti v krajih, kjer je še veliko slovenskih vernikov. Ukinjenje slovenskih župnij je v pravem nasprotju s koncilskim duhom. Koncilski očetje so hoteli sv. mašo približati vernikom na ta način, da bi se služba božja vršila v njihovem domačem jeziku. Letos obhajamo 1100-letnico, kar sta sv. brata Ciril in Metod potovala skozi slovenske kraje v Rim, da bi papežu predložila prošnjo, da smeta oznanjati vero slovenskim narodom v njihovem domačem jeziku. Papež Hadrijan je to tudi potrdil.

Naša župnija — Marijinega Vnebovzetja v Collinwoodu — pa je še ostala slovenska. Ali se zavedamo prednosti in odlike, ki nam je s tem podeljena? Naš novi gospod župnik Rev. Viktor Tomc se trudi, da bi obdržal slovenski značaj župnije. Vsi slovenski verniki mu moramo biti za to hvaležni in mu pomagati pri njegovih prizadevanjih. Trenutno se g. župnik trudi, da bi uvedli ljudsko petje pri sv. maši ob osmih. Naročil je večje število molitvenikov "NAŠA DARITEV". Molitvenik je ponatis sv. maše iz Rimskega misala. Knjižica je vezana in tanka, tako da jo lahko shranimo v žep ali pa v ročno torbico. Ponatis so oskrbeli Slovenci v Trstu. To je že peta izdaja tega molitvenika, kar pomeni, da se Slovenci tega molitvenika lepo poslužujejo.

Molitvenik "Naša daritev" ima poleg sv. maše tudi izbor pesmi za ljudsko petje. Pesmi so označene s številkami v rdeči barvi, da jih je lahko najti. Po novi liturgični konstituciji nas hoče sv. Cerkev približati prvim časom krščanstva, ko je srenja prihajala — k lomljenju kruha — k sv. maši — in s himnami in slavospevi častila Boga kot verska skupnost, ne kot skupek posameznikov.

Po vseh župnijah so že takoj prvo adventno nedeljo leta 1964, ko smo začeli izvajati navodila nove liturgične konstitucije, začeli tudi z ljudskim petjem. To ni bil zanje noben problem. V naši župniji skoraj po treh letih tega še nismo dosegli. Letos smo v počitniških mesecih poskusili z ljudskim petjem. Dokazali smo, da bi se ljudsko petje lahko izvedlo. Obstojalo samo ena pomanjkljivost — premalo ljudi poje. Melodije so vsakdo hitro privadi, težje je v besedilo. Če bi večina, ki prihaja k slovenski službi božji, kupila knjižico "Naša daritev", pa bi ne bilo nobenih težav.

Poleg neznanja besedila so pa še razni predsodki: mnogi pravijo, da bi peli, pa nimajo pravega posluha. Če bi od njih zahtevali, da bi sami peli, bi bil predsek odpravičen; pri ljudskem petju pa "fuša" tisti, ki ne poje. Če boste peli pri skupnem petju, si boste posluš izboljšali in glas izvežbali. Torej ni vzroka, da ne bi peli! Drug pomislek je pa ta: če pojem, ne morem moliti! Po novi liturgični konstituciji prihaja k sveti maši kot skupnost, ne kot posamezniki. Vsi skupaj moramo vse odmoliti, kar je

predpisanega za službo božjo: največ mašnik, nekaj lektor, nekaj ljudstvo z mašnikom, nekaj ljudstvo samo. To je neka koordinacija. Je slično kot doma v družini: vse delo mora biti narajeno, a ni potrebno, da vse delo ena oseba sama naredi, delo je porazdeljeno.

Slično je pri službi božji: medtem, ko ti poješ, mašnik moli. In kaj je molitev? Katekizem pravi: Molitev je pobožno povzdigovanje duha k Bogu! In kdaj bolj s srcem in duhom povzdiguješ duha k Bogu, če ne med petjem? Sv. Avguštin pravi: Kdor poje, dvakrat moli.

Kaj torej želimo od vas?

1. Odkupite knjižico "Naša daritev";

2. pojte na glas med ljudskim petjem.

Do sedaj je komaj ena petina vernikov, ki prihajajo k slovenski službi božji, odkupila knjižico "Naša daritev". Knjižice je na razpolago še kakih 400 izvodov. Dokler ne bodo razprodane, ne moremo govoriti o ljudskem petju pri slov. sv. maši. Knjižica stane samo \$1.25 in se dobi vsako nedeljo v zakristiji.

*

V zadnjem času so ali bodo nastopile še nekatere spremembe pri slovenski službi božji.

Prva sprememba: Z nedeljo, 3. septembra, bo ukinjena slovenska sv. maša ob šestih zjutraj. Slovenske vernike, ki so prihajali k tej sv. maši, vabimo, da se udeležijo službe božje ob osmih.

Druga sprememba: S 15. julijem so bili ob nedeljah zjutraj ukinjeni vsi redni avtobusi do 8.30 zjutraj. Vabimo slovenske vernike, ki so doslej zahajali k sv. maši ob sedmih, da prihajajo k osmi sv. maši. Poslužite se cerkvenega avtobusa, ki je brezplačen.

Tretja sprememba: Ukinjena je šolska sv. maša ob 9.15. Sv. maša se ob tej uri sicer vrši, a morajo starši odslej sami skrbeti, da so njihovi otroci ob nedeljah pri sv. maši. Opaziti je že, da precej šoloobveznih otrok prihaja k slovenski sv. maši ob osmih.

Mnogi slovenski starši s šoloobveznimi otroci doslej niso mogli prihajati k slovenski sv. maši ob osmih, ker je takoj za njo sledila šolska sv. maša, zato je vsa družina zahajala k sv. maši ob 9.15. Sedaj je ta ovira odstranjena. Slovenske družine sedaj lahko skupno prihajate k slovenski sv. maši ob osmih. Udeležujte se ljudskega petja in tudi svojim otrokom dajte v roko knjižico "Naša daritev", da bodo iz nje skupaj z odraslimi peli. Saj znajo brati slovensko. Ali ni nekaj vzpodbudnega, da bodo vaši otroci ravno v cerkvi najprej praktično rabili svoj materin jezik, ki se ga uče — v Slovenski šoli.

Tiste slovenske družine pa, ki ne morejo skupaj k sv. maši ob osmih, se pa lahko poslužujejo sv. maše ob 10.30, ki je tudi slovenska maša. Je pa bolj slovenska, ker je petja. Zbor na koru poje tisto, kar pri osmi sv. maši ljudstvo moli: Gospod usmili se; Slavo, Vero, Očenaš in Jagnje božje.

V letošnjem letu je za slovensko službo božjo sestavil msgr. Gregor Zafošnik v Mariboru več slovenskih sv. maš in drugih pesmi. Za razmnožitev je poskrbel slovenski duhovnik Rev. Leopold Mihelich iz Denverja, Colorado. Te skladbe so

bile poslane slovenskim župnijam v Clevelandu.

Dolžnost vsakega Slovenca je, da kolikor mogoče sodeluje s svojo slovensko župnijo. To, kar ste zgoraj brali, sem napisal na željo g. župnika Tomca. Vzemite to dolgo storijo kot nekaj podaljšek obvestil našega farnega oznanila, ki v njem ni toliko prostora, da bi se o vseh teh stvareh mogel tako na široko razpisati.

Naša župnija je slovenska. Koliko časa bo slovenska, je odvisno od tebe in od mene in od vseh slovenskih faranov. Ljudje božji, ne prinašajmo zaradi naše malomarnosti smrti tja, koder bi lahko raslo in cvetelo lepo slovensko katoliško življenje.

Poslanec G. V. Voinovich poroča o delu zakonodaje

COLUMBUS, O. — Državni poslanec G. V. Voinovich, ki zastopa 53. volivni okraj, sporoča, da je državni senat odobril s 30:0 zakonski predlog kot dopolnilo k zakonu o nošnji orožja. Dopolnilo povečuje kazen za prvič od pol leta na 1 leto v prisilni delavnici ali ječi, za ponovne prestopke pa od najmanj 1 do 3 let na največ 3 do 10 let. Poslanec je prepričan, da bo to zakonsko dopolnilo pomagalo v boju proti zločinstvu v Ohio, ki je v zadnjih letih podobno kot drugod v deželi začelo skoraj skokoma rasti. Zakonsko dopolnilo je predložil v poslanski zbornici G. V. Voinovich skupaj z nekaterimi svojimi republikanskimi in demokratskimi poslanskimi tovariši.

Poslanska zbornica je izglasovala dopolnilo k zakonu o uporabljanju nahačajoč, vrteče se ročice luči na motornih vozilih. Po tem dopolnilu bodo smela tako luč uporabljati v bodoče le policijska in gasilska vozila in ambulante. Sedaj je v tem pogledu na naših cestah precejšnja zmeda. Tudi to dopolnilo je pripravil in predložil zbornici v obravnavo G. V. Voinovich.

Odkod take misli?

V "Cleveland Press" je objavila pretekli torek Ann Landers v svoji koloni med drugim tudi sledeče pismo in odgovor:

Dear Ann: I am 15. My Brother is 13. The problem is our parents. They were born in a foreign country and although they can speak English, they prefer their native language, even in public.

This is embarrassing. We have begged them to please talk English because everyone looks at us funny.

When we use English at home they get mad and say we get enough English with our friends. They insist that we talk in the foreign language. What is your opinion?

—AMERICANS.

Answer: If your parents prefer their native tongue I see no cause for criticism—whether at home or in public.

You will be happy in years to come that you are able to speak fluently in a second language. Practice! Practice! Practice! You won't regret it.

Čemu je tema fantičema "nerodno", kadar se njuni starši v navzočnosti drugih pogovarjajo v svojem domačem jeziku? Kdo ju je navedel k tej misli? Odkod mišljenje v naši svobodni, širokogrudni in tako strpni deželi, da je govor v tujem jeziku nedopusten in smešen?

Ann Landers je poudarila koristnost znanja "drugega" jezika in zapisala, da ne vidi nič napačnega v rabi tujega jezika v razgovoru doma in v javnosti, meni se zdi, da je potrebno pri tem posebej poudariti napačnost mišljenja, da je raba neangleškega jezika v naši deželi v javnosti ali na javnih prostorih "smešna" in da mora spravljati navzoče v "neroden" položaj. Kdor se človeku, ki govori tuj jezik, smeji in ga smatra zaradi tega za kaj manj, kaže le svojo lastno omejenost in pomanjkanje čuta za spodobnost in dostojno vedenje. Mar v naših šolah res ne vedo, da je šolarje treba tudi "vzgajati", ne le učiti? Mar naši učitelji res niso nikdar brali ali slišali ugotovitve pokojnega predsednika D.F. Roosevelta: Kdor ne spoštuje svoje lastne narodnosti, svojega lastnega rodu, tudi ne bo spoštoval svoje "nove domovine"!

Šibkejši spol?

Papež Janez XXIII. je nekoč dejal ženam Italijanske katoliške akcije: "Žensko gibanje je velikanski dogodek v zgodovini moderne Cerkve. Kar smo običajno imenovali 'šibki spol', je dejansko pred Bogom močni spol zaradi večjega udeleževanja pri verskem življenju!"

Rezine

Sirove rezine: Prereži žemlje in jih nekoliko namoči v mleku, v katerem si stepla 1 jajce. Na rezino položi kos ementalkega sira, pokrij z drugo polovico, povaljaj v jajcu in ocvri v vroči masti. Jed bo okusnejša, če je vmes rezina šunke.

Orehove rezine: Zamesimo v testo 40 dkg moke, 20 dkg masla, rumenjaka, 2 žlici sladkorja in 2 dkg kvasa, ki smo ga razstopili v mlačnem mleku (4 do 5 žlic). Testo naj počiva pol ure. Nato ga razvaljamo za prst de-

belo in položimo v namazan pekač. Pečeno testo razrežemo na tri enake dele; 2 plošči namažemo z marmelado in posipamo z zmletimi orehi, zgornjo potresemo s skuto in sladkorjem.

Mandeljnov rezine: Četrť kg masla in osminko smetane mešamo tako dolgo, da se peni; nato pridenemo četrť kg zmlete čokolade. Oblate poškopimo z rumom, namažemo nanje zmes in polagamo drugega na drugega. Vrhnjega potresemo z naribanimi mandeljni.

ZNA MOLČATI

"Nežka, kar se pri nas zgodi, se ne sme nikjer zvedeti. Ali znate molčati?"

"Seveda znam. Pri prejšnji gospodnji sem razbila deset krožnikov in pet kozarcev, a še zdaj nihče ne ve, kdo je to napravil."

ČISTO SLUČAJNO

Mama pride z roditeljskega sestanka in pokara sina:

"Te ni sram, zadnji si v razredu!"

Sin se brani:

"Seveda sem zadnji, ampak to samo zato, ker je Matej, ki je bil še slabši od mene, zbolel."

PRVI POZDRAV

V šoli se uče o pozdravljanju. Da bi učiteljica to stvar bolje razložila malčkom, vpraša Janeza:

"No, Janez, kaj pa reče vaš ata najprej, ko pride z dela domov?"

"Kaj pa je danes za večerjo?"

Potrebujejo stari posebno hrano?

Dr. W. C. Alvarez, častni zdravniški svetovalec Mayo Clinic v Rochestru v Minnesoti, je v eni svojih zadnjih zdravstvenih kolon opozoril na potrebe prehrane ostarelih ljudi. Vladna in druga poročila govore veliko o prodajalcih in razpečevalcih vitaminov in raznih drugih dodatkov k hrani, ki da ostarelim vsiljujejo svoje blago, češ da je za nje nujno potrebno, če nečajo zboleli ali celo nenadno umreti.

Na vseh teh trditvah po primerih, ki jih navaja dr. Alvarez, ni nič resnice. Tako pripoveduje o svojih zapiskih o neki ženi, ki je bila rojena in je zrastle v Evropi, ter je večji del svojega življenja prebila ob samih ribah in pečenem krompirju. Nikdar ni jedla nič svežega ali surovega, nikdar kruha in ne jajc, nikdar ni pila mleka. Ob izredno redkih priložnostih je použila kak kuhan asparagus. Na krompir, ki ga je jedla, je redno devala surovo maslo. To naj bi ji pomagalo do vitamina A. Bila je majhna, pa izredno živahna in zdrava vse do svojega 76. leta ko je umrla zaradi neke nesreče. Njen mož, ki je užival isto hrano, je dočkal trden in zdrav 86 let.

Stric ene od dr. Alvarezovih bolnic je živel večji del svojega življenja samo ob ovseni moki in krompirju, pa je bil še trden in priseben, ko je pri 96 letih umrl.

Dr. Alvarez trdi, da njegova zdravniška skušnja, pa tudi dognanja Administracije za hrano in droži kažejo, da je človeško telo sposobno producirati večji del vitaminov, ki jih potrebuje. V naši vsakodnevni hrani je običajno dovolj vseh snovi, ki jih organizem, še posebno organizem starega človeka potrebuje. Živila s posebnimi dodatki so zato nepotrebna.

Če gresle v Crngrob pri Škofji Loki

Gostišče in cerkev

G. France Oblak iz Grabna pri Sv. Gregoriju, brat znane Toneta Oblaka iz Clevelanda, in njegova žena Marija, sestra Vinka Levstika, lastnika hotelov Bled in Daniela v Rimu v Italiji, sta kupila in preuredila 'Gostišče pri gozdu' v Crngrobu pri Škofji Loki. Imata odlično restavracijo z izvrstnimi jedili in pristnim vinom. Svojim slovenskim rojakom v Združenih državah in Kanadi, ki prihajajo na obisk v domovino, se priporočata za obisk. Na razpolago imata tudi nekaj sob za take, ki bi želeli ostati tam za več dni.

* NAŠA VELIKA VAS "CHICAGO" se širi in raste naprej in naprej. Zlasti doli proti jugu se širi ob Calumetske okolice tja ob obali jezera Michigan proti vzhodu ob zapadni obali Indiane. Cela vrsta jeklarskih družb je zadnje mesece pokupila okrog 5000 akrov obalnih zemljišč, kjer bodo gradili postaje za uvoze in izvoze po jezeru. Prevoz po jezerih, ki imajo izhode na morja po jezerih in raznih tokih je za težko industrijo, kakor je jeklarska, velikega pomena. Če bi ne videli bodočnosti v tem, bi jeklarske veleindustrije ne investirale toliko kapitala v to, kakor ga investirajo.

To pove tudi, da bo v tej okolici veliko prometa in vsestranska zaposlitev. Slednja potrebuje delavcev vseh vrst. Ti pa potrebujejo prostor za stanovanja in domove in radi tega zadnja leta rastejo vse naokrog Chicaga predmestne naselbine. Pred dobrimi 20 leti še so bile obširne farne proti jugozapadu doli proti Jolietu, tja proti Aurori in proti zapadu ob Elmhurstu naprej, tako tudi proti severozapadu. Zdaj so vse te okolice polne naselbin. Zadnja leta so gradili deželske stanovanjske hiše in bivališča, da so rastle kakor gobice po dežju.

Tako gre naprej in naprej. Pred nedolгим je bil na obisku sorodnikov neki rojak iz Evrope. Ko so ga sorodniki vozili po okolici na ogled in mu razlagali, kako so ta predmestja zadnjih 15 let zrastle in se namnožila, je ta dejal: "Amerikanci ste pa tiči! Mesta in vasi vam rastejo hitreje kakor pri nas solata!"

Skoro res je nekaj takega.

Seveda v velikem mestu kot je Chicago se pa tudi vedno dogodi vse vrste dogodkov. V začetku leta pozimi je požar uničil veliko obsejersko poslopje McCormick's Place, ki je služilo za razne razstave, konvenčne zborovanja in druge take namene. Škoda je bila velikanska. Vse so počistili in zdaj že gradijo na novo vse. Razširili bodo in modernizirali vse. Nad velikimi vrtovi, dvoranami in nad drugim budo inštalirali tako obsežno streho, ki bo inštalirana na tračnicah, po katerih se premikala nad dvoranami in vrtovi, kadar bodo hoteli, bodo

v senci, kadar bodo želeli sonca, bodo streho premaknili in bo sijalo na nje sonce. Zopet nekaj novega, zanimivega za vse.

Poleg omenjenega izboljšujejo vedno naprej in naprej velenice po Chicagu, po katerih vsak dan vozi na milijone motornih vozil vseh vrst.

Kak tujec včasih, ko vse to občuduje, pravi, da le vse to zmoroje. Pa še kako zmoroje. Ameriški businessmani in politiki vseh vrst raznih vrst znajo in so dobri računarji s svinčniki in komputeri. Vsak malo plača za razno potrebo in za to in ono, pa gre. Ves obsejni business od zobotrebcev pa tja do avtov in zrakoplovov, zahteva mnogo postrežbo, te pa plača vsak malo, ko tako postrežbo potrebuje, pa gre denar v obtok iz rok v roke. Za veleceste prispevamo z vsemi raznimi davki pri kupovanju gasolina, olja in drugega, pa se natečemo skupaj milijardi, s katerimi nam grade gladke ceste po mestih in deželi, da se vozimo po njih vse lepše, kakor se je vozil Elija pa ob blakih s svojo kočijo.

Ej, veste, Amerika je še vedno Amerika, tista Amerika, o kateri je rekla neka Slovenka, ko je še pred prvo svetovno vojno bila v Ameriki nekaj let in ko se je vrnila, je pripovedovala vaščanom, kako se v Ameriki dobro živi. Dejala je, tam ne drobijo samo suhega črnega kruha, tam se je vsak dan dvakrat ali trikrat meso! Vaščani so kar zijali. Ona je pa še pristavila: Da, da, v Ameriki se živi!

To seveda za šalo. Res se v Ameriki živi, ampak je treba za vse tudi trdo delati! Je sicer boljše od prejšnjih časov, ampak zastoj nobenemu ničesar iz zraka ne pade.

Da bi le dolgo še tako vozili in pametno vozili! Predvsem pameti je treba! Vsem in vsakemu, posebno našim politikarjem, da ne bi zavozili in pokvarili vozil gospodarskega življenja. To posebno velja tistim, ki vzgajajo bodoče rodove. Tu se marsikje vozi po čudnih potih, premalo zanimanja za pravo krščansko moralno vzgojo.

Vzgoja, to je prava vzgoja trpi. To se vidi pri mladini, ki vozi po zelo čudnih potih. Ni vsa taka, mnogo častnih izjem

je, tem pohvala in priznanje, kakor tudi njihovim staršem in tistim, ki jih vzgajajo. Ampak veliko je pa tudi takih, ki rastejo po svoje in delajo čast "beatništvu", razposajencem in obsedencem. Kako slaba slika je, za vsak kraj in ljudi, kjer morajo mlade krotiti policisti in vojaštvo, kako se rado dogaja ob kakih narodnih praznikih. Pozimi razsajajo doli po floridskih in kalifornijskih letoviških krajih. Poleti po severnih krajih okrog jezer. 15, 16 do 18 let stari pobalini se vozijo okrog brez vsake kontrole, razbijajo trgovinam okna in uganjajo razne nespodobnosti. Kje so starši takih?

"Kje?" — me je začudeno pogledal in pojasnil pred nedolгим nek uradnik v Lake Genavi, jekerskem mestecu v Wisconsinu. "Pijo po salunih, mladi pa sami okrog!"

Bo tako kakor zgleda.

Drug slučaj, v katerem je stal pred mirovnim sodnikom 17-letni pobalini, ki je povzročil nekemu trgovcu škodo. Sodnik ga je obsodil na \$200 globe. Fant je segel v žep in jih odštel sodniku. Ta ga pa vpraša: Kje si pa dobil toliko denarja? Zadaž za fantom stoječa mati pa se je robato zadržala proti sodniku: "That's not your business!" — Sodnik jo je posvaril, naj pazi, kaj govori, drugače jo zna kaznovati radi zaničevanja sodišča in oblasti.

Ali je čudno, če so mlade pri takih vzgledih takšni, kakor so? Čigava krivda? Slučaji povedo jasno, čigava je krivda.

Tako je. Veliko dobrega ima Amerika. Bog jo v marsičem blagoslavlja. Dal Bog, da bi se tega zavedali tudi tisti, katerim je poverjena vzgoja mladine, katere je bodočnost!

Kdo vlada na Kitajskem?

LONDON, Ang. — To se sprašujejo diplomatje, ki skušajo slediti dogodkom na Kitajskem. Vse polno znakov govori namreč, da oblast Maove struje hito propada. Ministrski predsednik Ču-En-laj se trudi, da bi pomiril sprte tovariše, pa se mu le redkokdaj posreči. To je znanje, da število Maovih nasprotnikov raste in da ti postajajo zmeraj bolj samozavestni. Nekateri med diplomati celo mislijo, da Maova skupina ni več sposobna, da bi branila tuja poslaništva v Peipingu.

Bili so časi, ko so tovariši iz Maove okolice naravnost organizirali napade na diplomatska zastopstva in posamezne diplomate, za kar so navadno rabili rdečo gardo. Peipinška mladina se je na te napade tako navadila, da misli, da sedaj lahko opravi to delo kar sama. Zato se je kitajska zunanja politika razdelila na dva dela: deloma jo vodijo kitajski diplomatje v zunanjem ministrstvu, deloma pa rdeča garda na peipinških ulicah. Garda je postala pri svojem poslu zelo goreča, jemlje zmeraj več poslaništev na tarčo, se ne zadovoljuje le z ruskim, angleškim, jugoslovanskim itd.; je sedaj napadla tudi ceylonsko

in kenijsko, kakor hitro je namreč zvedela, da Ceylon in Kenija ne mislita zmeraj tako, kot to želi Maov režim.

Zato mnogi diplomatje pripisujejo nekaj verjetnosti sluhom, da Moskva že poskuša pritegniti posamezne skupine med Maovimi nasprotniki na svojo stran in da jih zalaga z vsem, kar je v državljskih vojni potrebno.

Indija bi rabila \$1-3 milijone pomoči

TOKIO, Jap. — Indijski finančni minister Desai je bil na 9-dnevnem uradnem obisku v Tokiu. Zadnji dan obiska je imel tiskovno konferenco, kjer je naskikal gospodarsko stanje v Indiji. Ni ravno lepo, kajti minister je trdil, da rabi Indija letno \$1-3 milijone na podporah in posojilih, da bi se mogla držati nad vodo. Znani Indijski podporni konzorcij, ki ga je organizirala Mednarodna banka, je pa za letošnje leto mogel nabrati le \$900 milijonov, dočim ni hotel imenovati nobene številke za prihodnja leta.

Minister je moral priznati, da porabi Indija 40% vseh podpor in posojil samo za odplačevanje in obrestovanje prejšnjih kreditov. Zato bo Indija ostala še naprej "bolna točka" svobodnega sveta. Naša dežela je dala po 1. 1951 Indiji vsega skupaj \$7.7 milijonov v obliki posojil in daril, največ v deželni pridelki. Letos bo Indija potrebovala nekaj manj hrane, ker je bilo kar dosti dežja in pričakujejo izredno dobro letino. Ta pri vsem tem ne bo tako velika, da bi mogla prerediti prebivalstvo. Uvoz pšenice bo še zmeraj potreben.

Maov pomočnik ukazal rdečim gardistom, naj se drže svojih učilnic

HONG KONG. — Minister za javno varnost Husieh Fu-chih, eden od ožjih sodelavcev v veliki proletarski kulturni revoluciji, je na zborovanju rdeče Garde v Peipingu preteklo sredo pozval mlade rdeče gardiste, naj ostanejo v svojih učilnicah in končajo "notranji boj". Vsebinsko ministrovega govora sta objavila peipinški radio in "Ljudski dnevnik" glavno glasilno Kitajske Komunistične partije.

Hsieh je pozval rdeče gardiste, naj ostanejo v svojih šolah in svoj napor usmerijo v kritiko Maovih nasprotnikov in nasprotnikov njegovega nauka, ki se zbirajo okoli Liu-Shao-chija. Sedaj ni več potrebno, da rdeči gardisti hodijo na "dolge pohode" izmenjavat svojo revolucionarno skušnjo, kot je bilo to pred enim letom.

Ti "dolgi pohodi" rdečih gardistov so povzročili veliko zmedo in hude borbe v velikem delu Kitajske. Največkrat so se domači rdeči gardisti dvignili proti prišlekom in prišlo je do krvavih spopadov med njimi. Da mora to privedi v popoln razsul države, je očitno. Vprašanje je le, če bo poziv ministra javne varnosti v Peipingu kaj zalegel. Razvoj zadnjih tednov

kaže, da je rdeča Garda zrastle svojim ustanoviteljem in vodnikom čez glave.

Naser zaprl in odpustil okoli tisoč oficirjev

LONDON, Vel. Brit. — Strokovni krogi tu trdijo, da je egiptovski diktator Naser pognal iz oboroženih sil ali pa zaprl okoli tisoč oficirjev, med njimi celo vrsto višjih, ki naj bi bili odgovorni za poraz v vojni z Izraelom. Podpredsednik maršal Abdul Hakim Amer, ki je bil tudi namestnik glavnega poveljnika Naserja, je bil z večino svojih ožjih sodelavcev "upokojen", nekateri od njih pa so se znašli kar v ječi.

Zaprta naj bi bila med drugimi poveljniki letalstva gen. Sidki Mahmud in obrambni minister Shams Badran.

Tolikiška čistka oficirjev bo Naserju še bolj otežila obnovo oboroženih sil, ker je več tisoč egiptovskih oficirjev še v izraelskem vojnem ujetništvu.

Zakon o pokojninah prišel pred senat

WASHINGTON, D.C. — Predstavniški dom je že izglasoval zakon o novih pokojninah z besedilom, ki ga je predlagal kongresnik Mills. Besedilo pa ne odgovarja željam federalne administracije. Sedaj ga je dobil v roke senatni finančni odbor.

Tam bo administracija poskusila omiliti besedilo, v boju je poglana federalnega tajnika za zdravstveno in socialno politiko Gardnerja ter njegovega pomočnika Cohena. Zagovarjala sta potrebo, da naj povišanje pokojnine znaša 15%. Želita tudi, da senat ne pristane na razne omejitve v podpiranju revežev, ki jih je sklenil predstavniški dom. Ni pa upanja, da se bo senat oziral na želje administracije, bo verjetno pristal na Domovo besedilo vsaj v važnejših točkah.

Iran kupuje letala v ZDA

WASHINGTON, D.C. — Iran je po vesteh iz poučenih virov kupil v ZDA še drugo eskadrilo najnovejših F-4 Phantom jet lovskih letal za okoli 40 milijonov dolarjev. V eskadrili je 16 letal.

Vest o nakupu ameriških letal je prišla v javnost, ko je šah Reza Pahlevi končeval svoj dvodnevni obisk pri predsedniku L. B. Johnsonu. Zaključno poročilo o obisku pravi, da so se razgovori v glavnem tikali vojne v Vietnamu, krize na Srednjem vzhodu ter gospodarskih in vojaških potreb.

V šole bo stopilo 57.2 milijonov šolarjev

WASHINGTON, D.C. — Z novim šolskim letom bo v vseh vrstah šol v naši deželi 57,200,000 šolarjev vseh vrst. Učilo jih bo 2,600,000 šolnikov.

Število visokošolcev bo naraslo za nekako 8.3%, med tem ko bo v osnovnih šolah le okoli 1.4% več otrok kot lani. Od leta 1960 sem je začelo število rojstev padati, s tem pa se je ustavilo tudi število naraščanja šolarjev.

Seth Taft med zastopniki narodnostnih skupin

Seth Taft, republikanski kandidat za župana Clevelanda se je sestel 8. in 15. avgusta z vodniki narodnostnih programov in uredniki narodnostnih, neangleških listov v Statler-Hilton hotelu ter jim razlagal svoje načrte za Cleveland. Na sliki je kandidat s skupino svojih gostov.

Vedno več obiskovalcev tudi v naši deželi

WASHINGTON, D.C. — Po uradnih podatkih je prišlo pretekli mesec v našo deželo iz prekomorskih krajev skupno 239,889 oseb, več kot kdajkoli v preteklosti. V juliju je število prvič presežilo 200,000. V primeru z lanskim letom je porastel za 67.6%. Za celo razdobje prvih 7 mesecev letošnjega leta znaša porast 24.4%.

ČEZ STENO

SPISAL IVAN BUCER

Sedela je na skali, brata sta slonela pri njenih nogah. Pri poslednjih besedah sta se vzrastočena dvignila.

"Res?"

"No, da," je mirno prikimala. "Nočeta?"

"Ti, ti, Dana!" je zaigralo Pavletu in prinesel je njene roke k ustom. "Bratovski poljub!"

Janez jo je pa skoraj objel: "Dana, zdaj si zadela. Tega sem čakal. V gorah nisem prijatelj priskutnega vikanja. Ali ni bolj prijazno, če pravim: Hočeš, Dana?", kot pa: Izvolite, gospodična Boničeva?"

Pri tem se je smešno priklonil pred njo, da je spravil vse v židano voljo. Vzbudilo se je živahno kramljanje treh svobodnih, mladih src.

Dolgo bi se bili zamotili, če se ne bi bila priplazila od zgoraj iz poklin megla in lizala po skalah navzdol. Tudi sonce ni več osvetljevalo nasprotne vrste vrhuncev. Severna stran je bila sicer še brez oblakov, le tamle nad Kranjsko goro nekje se je potegnil siv oblak.

"Preklicane megle!" se je hudoval Janez. "Moramo naprej, če hočemo ujeti še kaj razgleda."

"Morda se bo pa razkadilo."

"Ne vem. Bog ve, če ni, imeli oni na Mojstrovki prav, ki je prerokoval slabo vreme? Stopimo!"

Obrnili so se v steno in šlo je spet navzgor. Potem čez široko grapo na obširno kamnito polje. Strašno delovanje elementov v stenah je bilo zapisano na planoti. Lisa snega je še ležala na levi, drugje pa povsod velikanske peči, velike klade, skale in grušč. Kot bi hodil tod okoli ajd z orjaškim kladivom in razbijal po stenah ter puščal za seboj grozno razdejanje. Dana je imela vtisk, da hodi po razvalinah pradednega mesta, ki so ga razrušile neizprosne prirodne sile. Iz vsega tega pa je rasla na desni razrita stena Prisojni-

kovega vrha.

Zavili so navzgor proti Škrbinini med desno steno in zobatim stolpom na levi. Nasproti se jim je priplazila megla skoraj po tleh. V začetku so bile le nedolžne krpice, ki so se zdele kakor prednja poizvedovalna straža, ki pripravlja pot veliki vojski, ki prihaja za njimi. Nato so sledili večji oddelki, ki so se ovijali in sproščali, se lovili in podili po sesutinah. Naposled se je privlačila neprijazna in vlažna glavna moč, obkolila jih je krog in krog, da kmalu niso videli za seženj daleč. Vse to je spremljal moker veter, ki je čudno zavijal v stenah na desni in se prepiral s škrbinami, ker niso dovolile prostega prehoda njegovi megljeni spremljevalci.

Dana in Pavle sta šla tik za Janezom, ker je bila megla gosta. Lezli so po grušču, ki jih je utrujal in obujal slabo voljo. Kar oddehnili so se, ko so zavili spet v steno in se vzpeli po navpičnem, ostrem kamninu navzgor in po njem prišli na prodnato polico. Obrnili so se prav na desno po polici, ki se je vlekla daleč ob steni. Nato se je pričelo prijetno plezanje, tla so se zanimivo izmenjavala. Videli niso nikamor, obdajala jih je medla sivina.

Naposled so dosegli oster greben. Vprav tedaj je megla splahnela in se sunkovito pogreznila v dolino. Nebo je bilo oblačno, le tam proti vzhodu se je pretrgalo in skozi jasno je posijalo božje sonce. Hipoma so se megle umeknile in Dana se je znašla na ozkem grebenu, ki je na levi padal v grozno globino. Zazeblo jo je okoli srca ob tem nenad-

nem pogledu v prepad, da je zaklicala:

"Joj, Janez, primi!"

Pa ni bilo nič hudega. Tako je bilo v žlebu, potem so zavili na levo na širok rob, še mimo razbitin in stopili so na vrh.

Razgleda ni bilo nikakega. Vršce na jugovzhodu so ovijali temni, grozeči oblaki. Kot strahna pošast so se kopičili in se bližali Prisojniku. Vprav tedaj, ko so prišli turisti na vrh, se je kratko posvetilo in votlo zabobnelo.

"Huda ura bo! Glejmo, da bomo čimprej v dolini," je dejal Janez. "Časa nimamo prav nič. Hitro se vpišita — tamle, malo pod vrhom je skrinjica — potem pa takoj nazaj."

Pavle je ugovarjal: "Ti si pa res čuden! Prej z vso naglico gori, zdaj pa takoj doli. Ko bomo spodaj, naju boš pa spet podil kam navzgor."

Dano je bilo strah. Tako težki in strašni, a vendar veličastni so bili oblaki, ki so se bližali. Sonce se je spet skrilo, vse nebo je pokrila siva megla.

"Vsaj malo si ogledimo tele oblake, če drugega ne," je rekel Pavle. Bilo je res vredno. Sladka groza je morala prevzeti človeka ob tem prizoru kot nekoč Izraelce na gori Sinaj. Sive, moreče megle so obrožale velikanško črno kroglo, ki se je zibala in se bližala.

"Lepo je pa vendarle," je občudovala Dana. "Da, kar groza me je te lepote."

V tem trenutku je preklala oblake ščemeča svetloba in zrak se je stresel od rezkega treska.

"Imamo smolo. Pa smo si tudi sami krivi. Če se ne bi zjutraj toliko obirali, bi bili lahko zdaj že spet v dolini." Janez se je obrnil in odšel k skrinjici.

VIII.

Niso se mudili na vrhu. Hitro so se podpisali in potem so se podvzivali navzdol, ker nevihta je prihajala vedno bliže.

Megle so spet ovijale sivo skalovje. Potemnilo se je, da je bilo mračno, iz megel je mrlelo, da je apnenec postal vlažen in je zdrsavalo. Neugodno je bilo tipati po mokrem kamenju in grabiti za mrzle kline in žične vrvi. Za njimi je neprestano mrmralo, megla je od bliska dobila zdaj pa zdaj rdeč odsev.

Dano je obhajal strah. Samo potresa je še treba in lahko bi si predstavljala, da beži z gore Kalvarije, ko je Križani izpregovoril z jezikom prirode. Neugodje se ji je bralo z obraza, nervozno in trepetajoče je bilo njeno oprijemanje. Vedno je izpraševala, če bodo še pravčasno prispeli na varno.

"Le pogum!" je bodril Janez. "Kar mirno kri in lepo sestopajmo! Če nas malo zmoči, ne bo take škode. — Vraga, kaj pa je

to?" Roko, s katero je držal cepin, mu je streslo in vse tri je začelo po glavi neprijetno ščemeti. "Pavle, ovij svoj cepin z robcem. Brezplačno nas elektrizira."

Tudi sam je ovil cepinove kovinske dele z blagom. Moreča groza je legala na vso pokrajino, kot bi se čisto počasi odpirala zavesa na odru, kjer se bo vršila fantastična tragedija.

Igra se je pričela. Mahoma, brez prehoda je veter zajokal okoli oglov, zaletel se v razpoko in se strmoglavil v prepade. Tako so sledile deževne kaplje, nato oglušujoč tresk in tedaj se je usulo babje pšeno. Šumelo je in škrobotalo, bele kepice so se

odbijale in poskakovale po skalah navzdol, bičale vse tri v obraz in jih zbadale kot šivanke. Zapletle so se jim v gubah obleke in se topile, da je vlaga pronicala do kože. Na vso moč so bežali. Dospeli so do police, ki se vije ob pobočju. Tam je zijal previs.

"Hvala Bogu! Stisnimo se sem notri!"

Zlezli so pod preveso in kar ugodno se jim je zdelo, ko vsaj padalo ni več po njih. Sodra se je usipala in ropotala, kot bi stresal grah po strehi. Megla se je zredčila, grmenje je ponehalo, le veter je semtertja še zabučal.

Toffee Ice Cream Roll

Every woman wants a few "spectacular" dessert recipes in her file box for family special occasions or guest entertaining. Here's a show-off Toffee Ice Cream Roll that will have your friends exclaiming, "You mean you made it yourself?"

Get out your jelly roll pan and try this new cake roll creation with a taste surprise... it's candy! Mixed into the filling of softened ice cream are crunchy bits of chocolate-covered English toffee candy, chopped pieces of the famous candy bars found everywhere. More bits of the candy sprinkled over a dollop of whipped cream make a glamorous topping for each cake roll slice.

Prepare the Toffee Ice Cream Roll the night before, or morning of, your party so that the ice cream becomes firm again. Chill the candy bars and you'll find them easy to chop into bits with a large sharp knife.

Toffee Ice Cream Roll

- | | |
|------------------------------|---|
| 3/4 cup sifted flour | 1 quart vanilla ice cream, softened |
| 2 tablespoons instant coffee | 1 cup chopped Heath chocolate-covered English toffee bars |
| 1 teaspoon baking powder | 1/2 pint (1 cup) whipping cream, whipped |
| 1/4 teaspoon salt | |
| 4 eggs, separated | |
| 1 teaspoon vanilla | |
| 3/4 cup granulated sugar | |
| confectioners' sugar | |

Sift together flour, coffee, baking powder and salt. Beat egg yolks and vanilla until lemon colored. Add 1/4 cup sugar gradually and beat until very thick. Beat egg whites until they hold soft peaks. Add remaining 1/2 cup sugar gradually and continue beating until stiff and glossy. Fold yolk mixture into egg whites. Fold in dry ingredients. Spread batter evenly over greased and waxed paper-lined jelly roll pan (15x10x1-inch.). Bake in 375°F. oven until done, about 12 minutes. Turn cake out onto clean lined dish towel sprinkled with confectioners' sugar. Gently peel off waxed paper at once and trim off the lengthwise crusts. Roll cake jelly-roll fashion in towel; cool on rack. Unroll cake; spread with ice cream and sprinkle with 2/3 cup chopped toffee bars. Roll up tightly, wrap in foil and store in freezer until serving time. To serve, slice and top with a dollop of whipped cream and a sprinkling of remaining chopped toffee bars for each slice. Yield: 8 to 10 servings.

Letter From Councilman Edmund J. Turk

There are three buildings located on the south side of St. Clair Ave. from East 70th Street going west. Their addresses are 6936-6924-30 and 6922. I have been advised that all three of these buildings very shortly will be torn down to provide for a gasoline station.

Needless to say this is very gratifying since it will eliminate some bad eyesores on St. Clair Avenue and also add to the overall general improvement that has been going on in the 23rd Ward.

In addition thereto, on Aug. 23, 1967, there were ground-breaking ceremonies for the Cleveland Auto Club which is to be located close to the Howard Johnson Motel on East 55th St. I am very happy to report all of this progress in the 23rd Ward and I will keep you advised of further developments.

PAL Campaign Launched

A fund drive to raise \$200,000 to maintain and expand neighborhood youth centers operated by PAL (Police Athletic League) was launched recently by Raymond E. Channock, corporate fund chairman of PAL.

"To be effective," said Channock, who is president of The National Acme Company, "law and order require enforcement, respect, understanding, and support. Business and industry need a community atmosphere in which these factors are brought together for maximum realization of our city's real growth potential."

"In recent months we've seen matters going from bad to worse as far as respect for law and order are concerned. Civil disorders, typified by the Hough riots of last year, and several incidents so far this year probably can be avoided if the business leaders of the community make a determined effort to face the problem realistically. Each of us must expend every effort and play whatever part is necessary to avert further acts of disobedience."

"Neighborhood youth centers operated by PAL have for several years been one of the most effective means of combating juvenile delinquency and securing better understanding between youth and law enforcement agencies. Recently, several of these centers have had to be closed because a substantial federal grant was terminated."

"Only by launching a \$200,000 campaign to secure funds for the operation and expansion of such centers can we hope to stem the tide against a rising wave of juvenile delinquency and restore respect for law and order in Cleveland."

Refresher Courses For Retired Nurses

Because a similar program was such a success last spring, St. Vincent Charity Hospital will hold another three-week refresher course for nurses, Sept. 18 thru Oct. 6.

The program is another effort on the part of the Hospital to bring "retired" nurses back to the hospital patients' bedside.

Last spring's program attracted 33 nurses of which several have returned to work either on a full-time or part-time basis in Greater Cleveland Hospitals.

Sister M. Maurice, the Hospital's Acting Director of Nursing Service, said, "all hospitals in the Greater Cleveland area are in need of additional nurses and we are trying to do our part to bring out of retirement those who have given up nursing to either raise a family or for some other reason."

She explained that again, applicants for the upcoming refresher course would not be required to sign any agreement to work at the conclusion of the course or any other stipulation.

Primarily an evening program, it will be held three days a week from 6:30 p.m. to 9:30 p.m. at the Hospital. In addition, clinical experience will be conducted several times a week for eight additional hours so that the nurse may choose two sessions per week which are convenient for her.

The classroom instruction, which will be given by members of the Hospital's Nursing Service Department and faculty members of the School of Nursing, will center on new nursing trends, medications and treatments, plus a review of nursing fundamentals.

Those interested may receive additional information by writing to the Hospital's Nursing Service Department, 2351 East 22nd Street, Cleveland, Ohio 44115. Or, they call 861-6200, Ext. 250.

SHORTS on SPORTS

Siebert, In Relief, Giving Rival Batters Dizzy Spells
Cleveland — Sonny Siebert, the only pitcher in the major leagues to hurl a no-hitter in 1966, is on relief. He has become the Indians' new bullpen ace—but only temporarily, insists Sonny.

Hampered by recurring dizzy spells since June 14, Siebert has found it difficult to work in regular rotation, so Manager Joe Adcock has made a reliever out of him until the malady disappears.

In the space of one week — from August 4 through 10 — Sonny marched out of the bullpen four times and was rewarded with four saves.

Siebert doesn't mind, at least for the time being, that he's no longer recorded a starter.

Record 55,000,000 Audience Say Telecast of All-Star Game
The largest television audience ever to view a baseball game outside the World Series — a record 55,000,000 persons — watched the All-Star Game on July 11.

Commissioner William Eckert said the midsummer attraction, nationally televised from Anaheim, drew an estimated 49.9 percent of the TV audience throughout the nation. Essentially, this means that the game was viewed on 23,800,000 of the total sets in use at the time.

The National League won the 15-inning game, 2-1.

According to NBC, which recently signed a \$50,000,000 three-year contract for exclusive rights to coverage of the World Series, All-Star Game and the Game of the Week, the 1967 All-Star contest had a 25.6 Nielsen rating. This figure amounts to one-fourth of the total number of TV sets in the country.

Banks Now Second Only To Anson in Cub Hits

Chicago, Ill. — The ageless Ernie Banks has passed another milestone in his fabulous career. On August 11 he singled against the Phillies for hit No. 2,194 to break a tie with Stan Hack and put him second on the all-time Cub list for most hits.

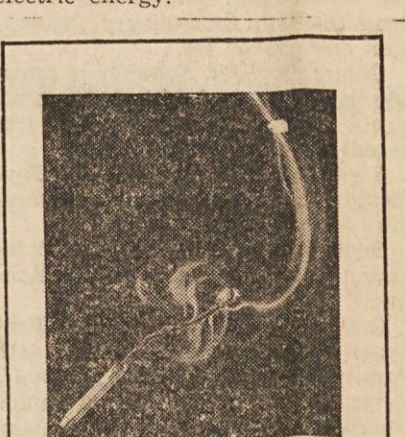

The only one ahead of him is Cap Anson, who played before the turn of the century. He had 3,081 hits.

Umps to Say If Weather Is Okay to Start Games
Cincinnati, O. — National League President Warren Giles informed all clubs August 8 that umpires, not the home club, would determine "whether the grounds and/or weather are okay to start a game."

He added: "When there is rain or threat of rain, the crew chief shall be at the park four hours before the scheduled starting time of the game and contact the home club general manager."

U. of Minn., Yugoslavia Set Exchange Program

Minneapolis, Minn. — A cooperative research program has been established by the University of Minnesota Center for Immigration Studies and the Center of Studies of the History of Slovene Emigration in Ljubljana, Yugoslavia.

The program will facilitate an exchange of information between the University and the Yugoslavian center, which is sponsored by the Slovene Academy of Sciences and Arts.

Each research center will provide visiting scholars full encouragement and full access to all materials which are open to research by its own students. Professor Timothy Smith said. The program is the result of conferences, held over a three-year period, between Professor Smith and Professor Fran Zwitter, Director of the Center of Studies in Slovenia. Smith is professor of history and education and a member of the Minnesota Center.

Professor Smith, who is conducting a three-year study of emigration, education and social change among migrating villagers from Central Europe, plans to do research in Ljubljana in the winter of 1968. Rudolph Susel, a research associate with the Minnesota Center, is studying in Ljubljana this summer.

The program also involves the cooperation of the National University Library in Ljubljana. Mrs. Mary Molek, curator of Immigrant Archives at the University of Minnesota, and Dr. Jaroslav Dolar, director of the library in Yugoslavia, have set up a program for the exchange of publications related to Slovenes in America and microfilm copies of newspapers.

The Minnesota Center has similar cooperative arrangements with other educational institutions and libraries in Yugoslavia and in Hungary.

All Nations Fair Set for Severance Center

An action-packed program will charm visitors to the annual All Nations Fair to be held in the Main Mall at Severance Center, Mayfield and Taylor Roads, Cleveland Hts., or Sept. 7, 8, and 9.

One of the most interesting events will be the Nationality Fashion Show, featuring the colorful costumes of the various countries taking part in the Fair, which has been organized by the Citizenship Celebration Committee, under the auspices of the Nationalities Services Center, 1001 Huron Road.

In this event, Japanese exhibitors will show Spring, Summer, Fall and Winter costumes; Burmese will display the typical everyday costumes of their nation; Romanians will show a number of national costumes; India will present everyday and formal dress; Estonia will show the clothing worn in Northern Estonia; Lithuanians will display colorful costumes of the Suvalkija Region and the Vilnius Region; Sweden will be represented in the fashion parade with costumes for both men and women.

As in the past, the Fair will offer for sale craftwork and delicacies for which the nationality groups participating are world famous. Already signed up to man the sales booths are representatives of these nations: India, Lithuania, Romania, Czechoslovakia, Estonia, The Netherlands, Finland, Ireland, Latin America, Greece, Armenia, Sweden, Hungary and the Ukraine. Proceeds from all sales will go to the various nationality groups participating.

Exhibits will be staged by the International Travel & Export Club, Croatia, Finland, Lithuania, Belorussia and the Visiting Nurses' Association.

The official opening of the Fair will be at 7:30 p.m., Thursday, Sept. 7, and booths will remain open until 9:30 p.m. The hours for Friday, Sept. 8, will be from 10 a.m. to 9:30 p.m., and on Saturday, Sept. 9, from 10:00 a.m. to 6 p.m.

In addition to fun, the Fair has a serious purpose, namely to promote better understanding by offering to the public — to whom admission is free — an opportunity to discover the many contributions which have been made to this nation's culture by people of different nationalities.

Previous Fairs have been held elsewhere. The move to Severance Center — by invitation — will afford a beautiful new setting for the most colorful event of its kind in this area. One great advantage is that there will be plenty of free parking space.

Radio station WXEN will be broadcasting live from the Fair.

Fair attendance has grown every year. In the new setting it is expected to break the record.

ALL AROUND WINNER

Considering that electricity is one of the prime movers of modern civilization, it is indeed fortunate that electric service comes so near to being totally dependable. The investor-owned companies may have their faults and problems. Among the latter is competition from government-owned or subsidized power suppliers, not to mention other sources of energy. But, failure and the consequent disruption of a vital service is no more acceptable to a utility than defeat is to the Marines.

Just how great a stake the country has in a strong and growing electric industry, not only from the standpoint of unflinching reliability of service, but also from the standpoint of overall economic impact, is revealed by a series of advertisements of one of the larger investor-owned, taxpaying companies. In one of these advertisements, the company reported that its tax bill for 1966 was \$42.2 million and pointed out that this would build 136 new schools or 42 miles of the interstate highway system. This company, in addition to paying federal income, state income and state property taxes, makes payments to 154 counties, 444 cities and 160 school and fire districts.

The local investor-owned utility is one of a community's largest taxpayers — a fact that those who criticize the industry are careful never to mention. But, it may explain why the public has expressed a preference for the taxpaying, investor-owned systems over tax-financed, politically-managed, public systems. And, when it comes to service, the taxpaying electric industry is a winner — something everyone likes.

Have You Ever Made a Retreat?

FOOD FOR THOUGHT

Oftentimes confusion and despair harass our lives. In those moments of trial, we turn to God for a helping hand. There is no better way than a retreat to give one the grace and help to find his way thru the darkness.

A retreat is a unique experience. It's a wonderful, quiet "meditation week-end" with God, during which one can think out his problems. The DIOCESAN RETREAT HOUSE, 18425 Lake Shore Boulevard provides both the spiritual atmosphere of a church and the personal comforts of home.

Retreatants take part in daily Mass, at which their closeness to God is keenly felt. They pray the Rosary at the outside Grotto and say the Stations of the Cross daily. During free time, a retreatant may meditate with God, either in the Chapel, on the secluded grounds along the lake, or in the privacy of his comfortable room. The Retreat Master helps him find a practical approach to every day problems, both in his public conferences as well as in private talks upon the retreatant's request.

One's material needs are also well provided. Private and double room accommodations and excellent meals prepared by the Sisters of St. Joseph of St. Mark, make the week-end seem home-like. A library containing the best of meditative and spiritual reading matter is available to retreatants at all times. This year the retreat for the men of ST. VITUS CHURCH will begin on Friday evening, Sept. 15, at 7 o'clock with dinner, and conclude on Sunday afternoon, Sept. 17. In the event that you are unable to attend the entire retreat, at least try to attend on one day (Saturday or Sunday).

Reservations are being accepted at the St. Vitus Rectory Office any day during the week or call Michael Kolar UT 1-6587 or Joseph Avsee Jr., HE 1-5436, in the evening, make reservations by Wednesday, Sept. 6th.

Please read the following list of OBJECTIONS TO MAKING A RETREAT and admit that one or the other will be exactly what you may have said to yourself at some time or other:

1. I don't have the time!
Can't you give to God, who gives you every minute you have, a mere week-end? Everyone knows that if he wants to do something, he can always find the time to do it!

2. I spend my week - ends with my family — it is the only time I have with its members!
You're a fine man, but aren't there 52 week-ends in the year? Your family will be more than willing to sacrifice your companionship for ONE week-end, if it is going to make you a better person for the other 51 week-ends!

3. Retreats are for pious Jews!
I am just an average man!
Is there a law against raising your batting average? Remember, Christ said, "Be ye Perfect as your Heavenly Father is Perfect." Aren't you a follower of Christ? Don't forget your batting average HERE is your average for all Eternity. There is no batting practice in heaven. NOW is the time for improvement and there is NOTHING that will improve your life more than a retreat.

4. I can't afford it!
You can ill-afford to pass up this opportunity to make up to God for misspent time and money.

5. I don't go in for such church-going and praying and sermonizing that one gets in a Retreat?

Perhaps you have never made a retreat. If you had, you would know that a retreat is NOT just a

lot of sermons and praying. There are talks and you do pray — but that is just a small part of it. You have time to read, to rest, to think, etc. In a word, you have a great deal of free time — time to spend as you wish to spend it.

6. I don't know any of the men who are making the Retreat!

It is better if you DON'T know the others who are making the retreat because the retreat is something between YOU and YOUR GOD. The less distraction, the better. St. Ignatius made his first retreat entirely alone!

7. They tell me you have to keep silence — I couldn't do that!

You won't be the first to learn that the silence is the easiest aspect of the retreat and one of the most satisfying. You will find that keeping silence for a weekend is a pleasant experience, a wonderful way to make up for the times one has spoken out of turn and in a sinful way.

8. I am so tired after my week's work that I just couldn't make a Retreat — I don't have the energy!

All the MORE reason for making one! Although we speak of the "spiritual exercises", a retreat is also a most restful experience for the body. The change of pace is so great that one leaves a retreat more physically rested than he has been in years.

9. I can't sleep with another person in the same room — I'm a terrible snorer!

Don't let THAT worry you! You may have a private room. If you ask for it sufficiently early. There are several such rooms available.

10. I'm on a diet — A very strict diet. The Menu out at the Retreat House may not be suitable for me!

Please don't worry about the Menu. The Sisters are the finest cooks available. Inform them of your dietary needs and they will provide the proper foods.

11. I have a heart condition and the stairs and walking wouldn't be too good for me!

There is a first floor room, and if that is already reserved, there is an elevator which is constantly in use — self-operatable. The distance to the chapel and the dining room are not too great. You need not take part in the more strenuous exercises — the outdoor recitation of the Rosary and the Stations of the Cross. You may make these privately in the chapel.

Well, what have you to say NOW, dear reader? No need to say any more — simply call in YOUR reservation TODAY! Let's have a record turn-out this year!

LAW ENFORCEMENT AND CRIMINAL JUSTICE ACT.

Responding to the overwhelming sentiment of the Nation, the House has passed and sent to the Senate H.R. 5037, the Law Enforcement and Criminal Justice Act of 1967. Aimed at the scandalous rise in major crimes throughout the country, the legislation seeks to increase the effectiveness and coordination of law enforcement at all levels of Government. During floor debate two Republican amendments were adopted which strengthened the Administration bill. The first provided an additional \$25 million specifically earmarked to meet the need of local police officials for training in riot prevention and control, as well as to provide communication between the States relating to persons traveling with the intention of inciting riots. Second, one of the major considerations was whether to give the greatest voice in the use and control of funds provided by the Act to the Attorney General or to the Governors of the States. As passed by the House, the decision favored the State Governors. There was concern lest a national police force would be established if we left the authority in the hands of the Attorney General. In addition, the States and local communities should train and equip their own police forces. I voted for these amendments and for the bill on final passage. The acceptance of these amendments by a resounding vote (256-147) and the size of the vote on final passage (377-23) suggests wide support from all parts of the country for efforts to arrest the spread of crime and violence.

COMMISSION ON OBSCENITY AND PORNOGRAPHY.

Another bill passed by the House in the past week was H.R. 10347 to establish a Commission on Obscenity and Pornography. This is similar to the bill (H.R. 299) which I introduced earlier this year and in the previous Congress.

The amount of obscene materials being circulated in the United States has increased dramatically in the past few years. Last year, for example, the Post Office Department received some 200,000 complaints from postal patrons about unsolicited obscene materials they or their children had received. Those of us who have long been concerned realize the problems involved in trying to eliminate smut peddlers. Numerous court decisions have complicated the legal proceedings. The Post Office Department, except in hard-core cases, has often been helpless in trying to stop the traffic. Police are hampered and District Attorneys have been handicapped in prosecuting those who originate or sell salacious materials because of the faultiness of legal definitions. In fact, public information programs on this subject have been lacking because of shaky guidelines. Many hesitate to raise a clamor for fear of being accused of censorship. The 16-member Commission is to analyze the laws now in effect, explore the methods and volume of traffic in such materials, study their effect on the youth of the Nation, and come up with recommended guides for action by Federal, State and local levels of

Government and by individuals. One must remember that public is, in the final analysis, the driving force that can and must create an atmosphere of decency. But the public, like the Government, has been entrapped in a maze of uncertainty. The Commission on Obscenity and Pornography should be an important first step in providing the people and the Government with the proper information with which to deal effectively with the evil influences that would corrupt our young people.

THE U.S.S. FORRESTAL TRAGEDY. I have joined a number of my colleagues in sponsoring a resolution to designate and authorize the House Armed Services Committee to conduct a broad investigation of fatal accidents related to U. S. military operations in Vietnam. The resolution was spurred by the tragedy aboard the U.S.S. FORRESTAL as well as the previous fires aboard the U.S.S. ORISKANY and the U.S.S. FRANKLIN D. ROOSEVELT. The purpose of the resolution is to determine whether adequate precautions are being taken in all branches of the military to prevent mishaps, as well as to pinpoint whether adequate procedures exist to limit loss of lives and property when precautions fail. Each of us shares a concern that the well-being of our armed forces in the Southeast Asian zone of conflict should be safeguarded to the greatest possible degree.

Color Telecasts Of
Ohio State Fair

Ohio Bell has announced plans to sponsor three half-hour color telecasts statewide of the 1967 Ohio State Fair which runs Aug. 24 through Sept. 4.

It is the hope that bringing the Fair to the people via television will again expose the Fair to Ohioans and help make this the biggest and most successful ever.

Television was given major credit by Governor James A. Rhodes for last year's record breaking attendance, which topped the million and a half mark.

The three telecasts will be produced by Avco Broadcasting and shown in prime evening time on stations throughout Ohio. They include WAKR, Akron, WLWD, Dayton; WLWC, Columbus, WEWS, Cleveland; WSTV, St. Vincent; WTOL, Toledo; WHIZ, Zanesville; and WYTV, Youngstown.

Pat Boone and Tennessee Ernie Ford, two of the Fair's top entertainers, will narrate the second and third specials.

First of the color telecasts was scheduled for Thursday, Aug. 24, opening day of the Fair. Titled "State Fair 1967," it will include highlights and side lights of last year's Fair; sketches from its 114-year-old history; an interview with Governor Rhodes, the Fair's biggest booster, and news coverage of the 1967 opening ceremonies filmed earlier in the day. Tom Atkins, top newscaster for Avco Broadcasting, will act as anchor man and narrator.

"The Sound of Buckeye Music" is the title of the second film on

Thursday, Aug. 31, which will have Pat Boone as host and narrator. A stirring documentary, it will feature the all Ohio Boys' Band, 40 years old, and a tradition and institution of Ohio State Fairs. The personal story of a 14 year old trumpeter, Tim Campbell, is interwoven with that of the entire 300 piece Boys' Band.

Tennessee Ernie Ford hosts the third and final show of the series, "State Fair 114," on Friday, Sept. 1st. Billed as a "vivid potpourri of the entire Fair," it will parade the queens, champion live stock, the Horse Show, pulling contests, harness racing, flower and vegetable displays and many of the star entertainers before the television viewers. As a colorful climax, the film and the series will close with the massive fireworks display that closes each evening at the incomparable Ohio State Fair.

Euclid Slovenian Home
News

Euclid, O. — First I wish to explain that there have been no articles in the recent few months — not because nothing was happening at our home, but because of my own physical recuperation. Hope I can find the time and feeling to get a little more regular again.

Recently the entire lower hall facility was repainted and decorated. Currently the living quarters, formerly occupied by the Manager, are being completely refurbished, and will soon be available to rent. The quarters consist of a large living room, kitchen and eating area on the 1st floor, with bedrooms and bath upstairs. Anyone interested should appear in person in the Club Room and make inquiry. We have a new plastic sign "Slovenian Society Home" across the entry from Lindbergh Ave. Another cultural group, a choral group of Slovenian Women's Union members, has been formed and practices on Monday nights. We look forward to their development and eventual joining the United Culture Society.

It is always a pleasure to see old and meet new acquaintances who come to the Hall to visit, and particularly in the summer when we see those who now live in Florida, California, Arizona, and other states as well as those who are visiting from Canada and Europe. We are pleased further when we hear the fine comments about the many improvements that have been made to make our Home modern as well as comfortable to our guests. Incidentally, if anyone in your family is planning a wedding, anniversary, or lodge affair at our halls, we suggest you make your reservations now as bookings are already quite solid well into 1968, even some in 1969 and 1970. Our facilities, being fully air-conditioned and having a number of suitable meeting rooms, as well as proximity to a number of top grade motels, are well-suited for lodge conventions. Keep us in mind and compare the costs with the rates charged by hotels.

In our last article it was mentioned that to the best of our knowledge there was only one surviving member of the group of men who organized the Home and signed the charter, namely John Bolden of 846 East 210th in Euclid. We have since been advised that Valentine Kuhar of 114 So. 10th Street in Beech Grove, Indiana, was also one of the signers. We personally know the Kuhar family well, in fact we rented their home on Naumann Avenue for several years when they still owned it, but I failed to tie in his name as being the one on the charter. We congratulate both Valentine and John as being representatives of the founding fathers of our present Home. Forty-eight years is a long time, and a lot has happened at the Home since then, but none of this would have been possible if the founders had not gotten it started. It is hoped that Messrs. Kuhar and Bolden will be able to attend the 48th Anniversary Celebration on October 1st.

Coming Events: Summer is drawing to a close, and with Autumn we again resume the cultural and fraternal activities at our Home:

Sept. 2nd — National SNPJ Days Banquet & Dance, featuring orchestras in both halls.

Sept. 24th — Ohio A.F.U. Federation Bowling Tournament Banquet.

Oct. 1st — United Culture Program celebrating our Home's 48th Anniversary. Presented by Slovan, Zarja, Nasa Zvezda, Circle 2 Junior Chorus and Euclid Barbershop, plus guest performers. Dancing to Frankie Kramer's orchestra.

Oct. 20, 21 and 22 — SNPJ Eastern Bowling Tournament Banquets and Dances sponsored by Loyalties Lodge No. 158.

Oct. 29th — Zarja Concert Nov. 5th — Nasa Zvezda, play.

Nov. 12th — Circle No. 2 Junior Chorus Concert

Dec. 3rd — Slovan Concert

Dec. 30th Saturday New Year Party. — Pecan Trebar Orchestra upper hall, and John Grabner Orchestra lower hall, also orchestra in Club Room.

The culture, fraternal, and Home affairs always put on a good show, and usually dinners at what are bargain prices. They need you to attend their affairs, and at the same time you need them so that you will have these affairs offered to you. Tickets for all such affairs are always available in our Club Room. We are looking forward to seeing the Milwaukee Fun-o-Leers at either Sept. 2nd or the Eastern Bowling Days. When enjoyable times of the past are discussed in our Club Room, we often recall music and good fun which the Fun-o-Leers provided us several years ago. Hope you can make it, boys.

Football Specials — Those out-of-town readers who come to Cleve-

land in groups or by bus to see Detroit or Pittsburgh and other teams play the Browns would enjoy a stop-over or lay-over in our Club Room either before or after (or both) the game. If you are coming in on Saturday we can arrange for cooks to prepare meals for you at hours you request. If on Sundays, you would patronize the cultural or fraternal group who would be holding their affair in our halls. So plan ahead, and have a Euclid or Cleveland friend make arrangements for you with the manager, or write to the Manager 20713 Reicher Ave., Euclid, Ohio and mail a check to cover meals at \$1.50 per person deposit. Hope to see you take advantage of this opportunity of relaxing and eating amongst your own people.

A tip to all readers in the Cleveland area — make your plans now for self and friends to be at our New Year Party on Saturday, Dec. 30th, and purchase your tickets beforehand so you won't be disappointed as were the hundreds last year who could not get into the Halls to enjoy a wonderful evening. Living With Your Heart

More than 20,000,000 Americans are afflicted by heart and blood vessel diseases. These same diseases are responsible for 54 of every 100 deaths in the United States and constitute the major medical challenge of our time.

Since hypertension and atherosclerosis cause about 90% of heart and circulatory disorders, you may be interested in understanding precisely what these terms mean. A good comparison is the plumbing system in your home.

Take, for example, a water pipe in your basement. If the pipe has been in use for a number of years, lime and rust may have accumulated in its bore, narrowing and roughening the normally smooth surface until the flow of water is reduced to a thin stream. One day a chunk of this crusty deposit may block the flow entirely.

Something similar frequently happens to arteries in the human body. The deposit is usually made up of fatty substances, one of them cholesterol. It forms inside the lining of the channel through which the blood flows, narrowing the passageway and diminishing the supply of blood to the tissues the artery supplies. Medically, this condition is called atherosclerosis, or in lay terms, "Hardening of the Arteries".

What happens when the arteries are thickened and narrowed? The blood, as it passes through the roughened channel, has an increased tendency to clot. When a blood clot forms in a narrowed artery, it may block the channel and so block the blood supply. If the clot closes off the coronary artery — the artery that feeds life-giving blood to the heart itself — a "Heart Attack" or coronary occlusion may occur.

That part of the heart tissue deprived of its blood supply quickly dies. If the artery that is closed off is a supply line to a portion of the brain, one of the several forms of "stroke" may occur.

To visualize hypertension, let's go back to the water pipe in the basement, extending it to the front of the house and joining it to a garden hose. When the nozzle of the hose is screwed down to throw the stream farther across the lawn, the narrowing or constricting of the nozzle walls causes the pressure to be increased inside the hose. Many authorities believe the blood pressure in arteries rises for a similar reason, for one of the earliest phenomena in hypertension is a widespread constriction or narrowing of the arterioles, the tiny blood vessels of the blood-distribution network. When these small vessels are constricted, the channels become smaller and the pressure behind them must increase if the blood is to get through.

And what is the effect of high blood pressure? To force a normal amount of blood into blood vessels that have become constricted, the heart must work harder. Being a muscle, it grows progressively larger and, finally, with years of this extra effort, reaches the point at which it can no longer perform efficiently. Additionally, the effects of hypertension can be found in many parts of the body. Prolonged, severe high blood pressure often involves the kidneys and the brain, for example, as well as the heart.

While heart attacks and strokes can be fatal, most frequently they are not. Most patients usually recover to lead useful and productive lives. Some physicians have found drugs which retard blood clotting, to be helpful in treating the complications of "Heart Attack". Furthermore, medical science has developed other new drugs to reduce high blood pressure, so that its destructive effects on the heart, blood vessels and vital organs can be controlled. But medical science has not yet perfected tests through which to determine when atherosclerosis has started, how far it has advanced or what arteries it is affecting.

HORTICULTURE EDUCATION —
HORTICULTURE TECHNOLOGY

Tools For Success

One of the most successful tools for an improved vocation or avocation in gardening is education. Horticultural education can open the door to more and better job opportunities.

Horticulture Technology is a two year Post high school education program offered by the Cleveland Board of Education at the Cleveland Technical School. It is designed for students interested in becoming better qualified for foreman and supervisory level positions in selected fields of Horticulture which include: Landscaping, Turf and Park Maintenance, Nursery Production, Garden Store and Greenhouse Management.

Students completed the first year of the courses last June and are anxiously awaiting the start of the second year.

The following courses will be offered in the two year program:

The First Semester starting Sept. 6, 1967 — Communication Skills I, Technical Horticulture Math I, Survey of Horticulture Industries, Horticulture Science — Basic Botany, Plant Identification and Ecology.

The Second Semester starting January 30, 1968 — Communication Skills II, Technical Horticulture Math II, Horticulture Equipment Maintenance, Horticulture Business Principles, Plant Identification and Ecology.

The Third Semester starting Sept. 6, 1967 — Human Relations, Horticulture Accounting, Horticulture Chemistry, Product Sales and Distribution, Management of Horticulture Industries.

The Fourth Semester starting Jan. 30, 1968 — Horticulture Economics, Soil Science, Plant Pathology and Entomology, Principles of Landscape Design, Horticulture Labor Supervision, Drainage and Irrigation.

These courses are available on an elective basis providing there are fifteen full-time students enrolled. Tuition costs are \$145 per semester or \$7.00 per semester hour.

Class schedules for each course will be announced on orientation day Sept. 5, 1967. Generally students spend 5-6 hours per day in class with each class averaging 2-3 class and laboratory hours. Classes start at 3:00, 4:00, 6:10 and 7:55 p.m. Those interested in enrolling in this fall should request an application form from the Cleveland Technical School, 4600 Detroit Ave., Cleveland, Ohio 44102 — phone 631-1528.

The Expanded Cleveland Board of Education New Greenhouse and Garden facilities are available for the technology courses. Extensive equipment including tractors with landscape accessories provide opportunities for developing skills in equipment operation and maintenance.

Several Horticulture Industries have already contacted the Technical School for interviewing graduates of the Horticulture Technology Program. All of the current students are employed in Horticulture Industries and are enrolled to improve their technical background in Horticulture. These students recognize the value of advanced education in doing a better job and in running a more efficient business. They are hopeful that it will provide the key for promotion, advancement and more profit.

For additional information contact the Horticulture Division of the Cleveland Board of Education, Room 225, 1380 East 6th Street or telephone 579-0600 ext. 243.

Raffles — Lotteries

The Ohio constitution forbids lotteries. The statutes spell out the tests for determining a lottery — a consideration must be given (i.e. a ticket purchased), a prize is to be awarded, and the winning of the prize must be determined by chance.

State law also provides that no person "shall write, print, or publish an account of a lottery or scheme of chance, by whatever name, style, or title... or the price of a ticket, or showing where a ticket may be or has been obtained, or giving publicity to such lottery or scheme of chance."

Penalty for conviction is a fine of not more than \$500, or up to six months in jail, or both. Violators can be prosecuted in each county where such publication is circulated.

SCHOOL!

Don't Be a Drop-out

Hundreds of boys and girls in the Greater Cleveland community are about to make a decision that could adversely affect their future. Unless effective action is taken, these young people will join the hopeless ranks of the high school dropout during the coming school year.

Across the nation some 750,000 boys and girls are contemplating leaving school before graduation. This mistake condemns them to low-paying jobs, job insecurity, frequent unemployment and underemployment today and tomorrow. Those who drop out become part of a group whose unemployment rate is presently almost four times the national average.

By dropping out of school a young person seriously impairs his lifetime earning potential. Recent figures released by the United States Department of Labor indicate that persons with less than eight years education will have lifetime earnings of \$143,000. Those with a grammar school education will earn approximately \$184,000. Those who complete high school will make \$247,000, nearly \$100,000 more than those who do not finish school. Those who complete college training will realize lifetime earnings of approximately \$417,000 or about \$170,000 more than the high school graduate.

As a taxpayer, a high school dropout represents one more person who will draw unemployment compensation. You will be helping to support someone who could have been able to make an active contribution to society. It is to your advantage to help convince the potential dropout that a high school diploma is more important than the low-paying job that may be tempting him to quit school right now. The job he wants to substitute for his schooling probably will not last long, nor will his next job or the one after that. He will be one of the first to be laid off and the last to be hired. His job will be threatened constantly by the development of machines that can easily, quickly, and cheaply do the work of an unskilled laborer.

Time is running short. Classes will begin soon. Before this month is over, many hundreds of Cleveland's students will make a tragic decision that will place them among the growing millions of poorly paid, unskilled high school drop-outs across the nation.

Acquiring a good education is not always easy but it is far more difficult to face a lifetime of poverty and frustration. You may know of a youngster who is thinking of dropping out of school. By persuading him to stay in school, you can perform a really valuable service for that youngster. And as a taxpayer who may have to contribute to his support, you may also be doing a real favor for yourself.
