

Sovjetilija je odobrila moskovski sporazum

S tem so vse tri podpisnice dogovora o končanju preiskovanja jedrskega orožja končale postopek za njegovo odobritev.

MOSKVA, ZSSR. — Predsedstvo Vrhovnega sovjeta, ki opravlja v imenu tega njegove naloge, kadar ta ne zboruje, je v sredo odobrilo soglasno v Moskvi sklenjeno in podpisano pogodbo o končanju preiskovanja jedrskega orožja v ozračju, v vodi in v vesolju. Namestnik zunanjega ministra Vasilij V. Kuznecov je predsedništvu, ki je zborovalo pod predsedstvom Leonida Brežnjeva, zatrjeval, da dogovor ne daje nobene enotranske prednosti Zdrženim državam in čuva koristi Sovjetske zveze.

Predsednik Brežnev je tekom debate govoril o možnosti mirne rešitve nemškega vprašanja, o sklenitvi nenapadalne pogodbe med NATO in Varšavsko vojaško zvezo, o vzpostavitvi brezatomskega področja in drugih ukrepih, ki naj bi utrdili svetovni mir, ko bo enkrat stopil v veljavo dogovor o končanju preiskovanja atomskega orožja.

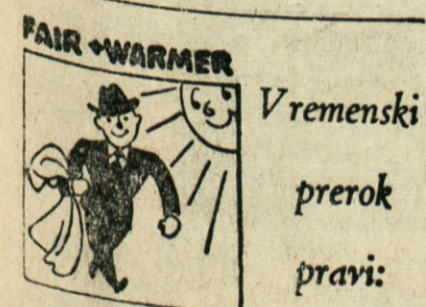

Z odobritvijo dogovora v Sovjetski zvezi je postopek za uveljavitev dogovora v vseh treh državah, ki so dogovor sklenile in prve podpisale, končan in bo v nekaj tednih stopil v veljavo. Angleška kraljica je dogovor podpisala prve dni septembra, Senat ZDA ga je potrdil v torek in predsednik ga bo podpisal, ko se vrne s svoje poti po Zdrženih državah.

Da bi omejili napore za prisvojitve lastnega atomskega orožja, predlagajo nekateri, naj bi tri podpisnice dogovora obljubile zaščito proti vsakemu napadu na atomskim orožjem tistim državam, ki se prostovoljno odpovedo temu orožju. Malo verjetno je, da bi taka obljuba pripravila Francijo in rdečo Kitajsko do tega, da bi ustavili napore za svoje lastno atomsko orožje.

Češka in Jugoslavija na- padli v ZN kitajske ko- muniste

ZDRUŽENI NARODI, N.Y. — Za kitajske komuniste so se časi čudno spremenili. Ni še dolgo od tega, ko so vse članice komunističnega bloka kar tekmovali, kakor bodo zagovarjale rdečo Kitajsko. Danes jo zagovarja le še mala Albanija. Zato sta jo pa sedaj napadli Češka in Jugoslavija.

Posebno živahen je bil govor jugoslovanskega zunanjega ministra Popovića, ki je zato žel poseben pohvalo in priznanje s strani ruskega zunanjega ministra Gromikova. Popović je seveda zagovarjal tudi vse, kar sta se Tito in Hruščev dogovorila na Brijunih. Govor češkega delegata je bil strogo na liniji. Slišal se je tako, kot bi ga bili napisali v Moskvi. Morda so tudi ga!

Vremenski prerok pravi:
Večinoma sončno in toplo. Najvišja temperatura 78. Jutri malo hladnejše.

Pogodbo o končanju preiskovanja je do sedaj podpisala nad 100 držav

WASHINGTON, D.C. — Pogodbo o končanju preiskovanja atomskega streliva je do sedaj podpisalo že toliko držav, da je aže naštetih tiste, ki jo še niso podpisale. Med njimi so Francija, Albanija, rdeča Kitajsko, Severna Koreja in Severni Vietnam.

Računajo, da bo kakih 9 držav še pristopilo k pogodbi.

V Rusiji suša prizadela vse pridelke, ne le žito

MOSKVA, ZSSR. — Cene na "kmetem trgu" pričajo, da je v Rusiji suša močno škodovala tudi sadju, zelenjavi in sočivju. Za vse te pridelke so cene zelo poskočile, so povprečno celo višje od naših v Ameriki. Podražila sta se tudi krompir in zelje, ki igrata v ruski prehrani večjo vlogo kot pri nas.

V moskovskih trgovinah primanjkuje moke, pekarne jo imajo pa še dovolj, kajti kruha še ne primanjkuje. Mesarije so slabo zalozene s svežimi in konserviranimi vrstami mesa, vse po vrsti so pa dvignile cene. Vse to ima za posledico višje cene v gostilnah in hotelih.

Komunistični režim se je začel bati tudi za prihodnjost žetev. Poročila z dežele namreč pravijo, da se je površina za jesenske poseve zmanjšala za okoli pet milijonov akrov, kar pomeni 10% manj. Čutijo se tudi prvi pojavi črne borze, režimski organi so že začeli tožiti o "spekulantih in zakonitih trgovcih". Jesenski posevi so posebno močno zaostali v Sibiriji, za Kavkazom in Volgo, pa tudi v Srednji Aziji.

Kubanski begunci po- stali nadlega za vlade Srednje Amerike

ZDRUŽENI NARODI, N.Y. — Vseh pet republik v Srednji Ameriki toži, da se kubanski begunci ne ponajajo tako, kot se spodobi. Begunci so namreč zmeraj razbiti v razne skupine; med njimi je dosti pristašev svobodne demokracije, ne manjka pa še prijateljev diktature, posebljene v bivšem diktatorju Batisti.

V republikah Honduras in Kostarika se na primer begunci ne pripravljajo samo na to, kako bi strmoglavili Castra, ne marajo tudi demokratskih vlad v Srednji Ameriki in so pripravljeni sodelovati pri raznih uporih in revolucijah. V republikah Nikaragua in Gvatemala so se nabrali v glavnem pristaši diktatorja Batista.

Kar je za posamezne vlade v Srednji Ameriki najbolj nadležno, je taktika kubanskih beguncev, da se povežejo z različnimi političnimi strankami in struji v deželi, kjer uživajo poli-

KENNEDY: POVRATEK V STARE ČASE NI MOGOČ!

Predsednik Zdrženih držav je v govoru v Salt Lake City, sredi najbolj konservativnega predela dežele, poudaril, da povratka v "stare čase", ko se Zdrženim državam ni bilo treba veliko meniti za tuji svet, ni več, če nečemo škodovati svoji lastni deželi in njeni varnosti.

SALT LAKE CITY, Utah. — Predsednik John F. Kennedy se je na svoji poti po Zdrženih državah, tekom katere bo skupno obiskal 11 držav, včeraj ustavil tu in imel pomemben govor o zunanji politiki Zdrženih držav. Dejal je, da popolnoma razume one, ki se s hrepenenjem spominjajo starih, lepih časov, toda povratka tja ni, izolacionizem kot zunanja politika Zdrženih držav se je preživel in je danes nemogoč, če nečemo spravljati v resno nevarnost ne le ostalega svobodnega sveta, ampak tudi svoje lastne koristi, svoje lastno blagostanje.

"Politika umika bi bila nesprejemna, če bi bili mi potisnjeni ob zid, gotovo je še nesprejemnejša v času, ko morejo bolj odgovorne politične smeri dosegati take uspehe," je trdil predsednik Zdrženih držav poslušalcem v enem najbolj konservativnih predelov dežele, nato pa je dejal, da je največja značilnost položaja v svetu leta 1963, da se je tok zgodovine obrnil v smer svobode, v našo smer.

Dve svetovni vojni sta pokazali, da Zdržene države ne morejo obrniti hrbta ostalemu svetu, če nečemo spravljati v nevarnost lastnega gospodarskega blagostanja in lastne varnosti. Pri pregledanju sveta in naših odnosov do njega moramo po besedah predsednika J. Kennedyja vedno upoštevati, da sveta ne moremo enostavno preurejati po svojih ukazih, moramo priznati, da vsaka država določa svojo politiko na temeljih lastnih koristi ter da v današnjem času ni mogoče zunanje politike voditi na enostaven načelu izbiranja "črno-belo", izbiranja med dobri in slabimi državami, oziroma državnimi sistemi.

"Če bi vzdrževali diplomatske stiske samo z onimi državami, ki jih imamo radi," je dejal predsednik ZDA, "bi se v kratkem znašli skoraj čisto sami!"

Južni demokrati glasovali za znižanje davkov

WASHINGTON, D. C. — V Predstavnem domu se je nedeljo popoldne uveljavil nov demokratski kongresnik: Mills. — Millsa je že sedaj poznal ves Kongres kot predsednika odbora za pota in načine. Skozi njegove ico so šli vsi finančni zakoni. Kar mu ni bilo všeč, to je pokopal, akoravno je bil ves Kongres proti njemu. Sedaj je Mills razširil svoj vpliv na vse južne demokratske kongresnike. To se je pokazalo na zagnjem sestanku južnih demokratov, ki je obravnaval Kennedyjevo davčno znižanje.

Mills je na sestanku ognjevitogovorjal predlog, ki je prav za prav bolj njegovo delo kot Kennedyjevo. Proti zakonu je nastopil voditelj južnih demokratov kongresnik Smith, ki kot predsednik odbora za dnevni red odloča, kaj naj pride pred plenarni Predstavnega doma. Pri glasovanju na sestanku je Smith propadel in zmagal Mills. Zato je v plenumu glasovalo za republikance samo 26 demokratov, dočim je Smith upal, da bo po njegovi želji glasovalo kakih 40-50.

Kako se bosta od sedaj naprej gledala Smith in Mills, od tega bo odvisno delo v Predstavnem domu. Prav lahko mečeta drug drugemu polena pod noge in tako zavirata vse kongresno delo.

Boj za nižje cene za polete preko Atlantika še ni končan

CLEVELAND, O. — Naraščajoči letalski promet preko Atlantika je že pred časom sprožil oster boj med velikimi letalskimi družbami Amerike in Kanade z onimi evropskih držav v vprašanju cen. Ameriške letalske družbe in Transkanadska letalska družba razpolagajo s tolikšnim številom letal in osebja, da morejo uspešno obratovati le ob sorazmerno velikem prometu, kot so ga vajene doma. Male evropske letalske družbe bi bile iz prekoatlantskega prometa že davno izrinjene, če jih ne bi domače vlade ohranjale pri življenju z različni podporami. One so za ohranitev čim višjih cen, ker itak ne morejo računati na veliko povečan promet, ko ne razpolagajo niti s potrebnim številom letal niti s potrebnim številom osebja.

Vprašanje cen je postalo precej, ko so začeli oni, ki namestijo potovati preko Atlantika, organizirati skupine in najemati posebna letala. V takem slučaju stane polet preko Atlantika in nazaj povprečno okoli \$270 do

\$300. Letošnje leto je potovalo v posebej najetih letalih preko Atlantika že eno petino vseh letalskih potnikov. Velike letalske družbe se boje, da se bo ta odstotek naglo večal, če ne bodo redne cene za polete preko Atlantika znižane. Lani so kot prvo sredstvo proti temu uvedle znižanja skupinska potovanja, letos pa so predložile znižanje rednih cen.

Pretekli petek je bilo po dveh tednih ostrih razprav v Salzburgu v Avstriji prekinjeno jesensko posvetovanje Mednarodne potniške letalske zveze (IATA), v kateri so včlanjene skoraj vse letalske družbe, ki so udeležene v potniškem prometu preko Atlantika. Na tem posvetovanju je Pan American letalska družba predložila, naj bi se znižala cena za reden polet preko Atlantika v posebnem "gospodarskem razredu" na \$160 v eno smer. Sedeži v tem razredu naj bi bili malo bolj stisnjeni drug k drugemu in ukinjena naj bi bila postrežba s hrano.

Transkanadska letalska druž-

ba je ameriški predlog dopolnila in predložila naj bi stal polet preko Atlantika (Montreal — London) izven glavne potniške sezone \$139, v glavni potniški sezoni pa \$177 v eno smer. Zavrnila je potrebo po "bolj stisnjenih sedežih" in ukinitvi postrežbe s hrano, češ, da to ni nujno za rentabilnost poletov. Zastopnik Transkanadske let. družbe (TCA) je navedel za primer, da stane polet na progi Montreal-Vancouver, ki je nekako enako dolg kot Montreal-London, le \$153, medtem ko stane sedaj polet iz Montreala v London v enakem razredu \$267. Razlika je vsekakor velikanska, pri tem pa moramo še upoštevati, da je omenjena cena dejansko že znižana od redne cene na tej progi.

Kanadski predlog je poleg ameriških letalskih družb načelno podprla tudi Britska komorska letalska družba. Predlog je sprejet, če se izjavijo zanj vse včlanjene letalske družbe. To se le težko doseže. Zato so ameriške letalske družbe namignile, da utegnejo izstopiti iz Med-

narodne potniške letalske družbe (IATA), če ta ne bo pristala na znižanje sedanjih visokih cen za polete preko Atlantika. Evropske države utegnejo v tem slučaju ameriškim letal. družbam odpovedati pravico pristajanja na njihovih letališčih, kot se je to zgodilo letošnjo pomlad, ko ameriški letalski družbi nista marali uvesti po Mednarodni letalski potniški zvezi (IATA) oklenjeno povišanje cen.

Boj za nove cene za polete preko Atlantika se bo nadaljeval na novem sestanku Mednarodne letalske potniške zveze (IATA) 22. oktobra. Za enkrat ne kaže, da bi kanadski predlog mogel prodrati v sedanjih obliki, verjetno bo dosežen kompromis, ki bo znižal ceno poleta za obe smeri od \$100 do \$120, torej nekako za polovico manj, kot predlagajo Kanadčani. Boj seveda ne bo zaključen, nadaljeval se bo prihodnje leto, kajti očitno je, da so cene za polete preko Atlantika veliko previsoke v primeri s stvarnimi obratnimi stroški.

Norveška ima znova socijalistično vlado

OSLO, Nor. — Koalicijska vlada se ni mogla držati niti en mesec dni. Oba neodvisna socijalista sta ji odrekla zaupanje in morala je odstopiti. Na krmi- o je prišla zopet socijalistična stranka.

Da se je odločila za ta korak, temu so jo naglne zadnje občinske volitve, kjer so njeni kandidati dobili skoraj 48% vseh glasov. Pri prejšnjih volitvah 1. 1959 so dobili le nekaj pod 45%.

V Oslu upajo, da se bo nova vlada držala do konca sedanje parlamentarne dobe.

Ura laikov

Sv. oče Pavel VI. je v preteklih dneh imel dvoje važnih govorov, prvega v Frascatiju, kamor je šel počastiti relikvije sv. Vincenca Pallottija v tamkajšnji katedrali, drugega pa na udeležence kongresa Zveze ital. katoliških visokosolcev (FUCIS). V obeh je poudaril vlogo, ki jo imajo danes laiki v Cerkvi. V Frascatiju je dejal:

Sv. Vincenc Pallotti, ki je živel v časih po francoski revoluciji, je razumel, da so bile besede "bratstvo, svoboda, enakost" krščanske, a da so jih postavili pod protikrščansko, laicistično zastavo. Tedaj je svetnik tudi razumel, da je treba znova sestaviti krščansko družbo, jo zbuditi, ker nosimo odgovornost.

"Strašna beseda," pravi sv. oče, "in kdor jo razume, ne more ostati brezbrizen, čuti, da ta beseda nemalo spremeni program njegovega življenja, morda malenkostnega in malomeščanskega. Odgovorni smo za naš čas, za življenje naših bratov; odgovorni smo pred našo krščansko vestjo; odgovorni smo pred Kristusom, pred Cerkvijo in pred zgodovino; pred Bogom. To je torej beseda, ki more na poseben način vzbuditi dinamizem v duši tistih, ki jo razumejo."

Sv. Vincenc Pallotti je to odgovornost razumel in se je obrnil na duhovnike. Toda imel je še posebno genialno idejo: svetnik je spoznal, da morejo tudi laiki postati aktiven element, da imajo tudi oni odgovornost v Cerkvi. Nato pravi sv. oče, da je to spoznanje postalo ena glavnih sestavin modernega gibanja katol. akcije. Vendar se to še premalo poudarja in zlasti se premalo umeva. Potrebno je, da se laiki tega zavedajo. Vendar ne gre tu samo za to, da bi laiki pomagali duhovniku tam, kamor on ne more seči, temveč izvirja ta odgovornost laikov iz globljih razlogov, in sicer iz dejstva, da je tudi laik kristjan. "Iz globlin njegove vesti zveni glas: "Če sem kristjan, moram izpovedati to svojo srečo in ta svoj poklic. Če sem kristjan, ne smem biti negativen, pasiven in nevtralen ali morda celo nasproten valovom duhovnosti, s katerimi krščanstvo preplavlja dušo. Tudi jaz moram vstopiti, dejal bi skočiti v krogotok milosti..."

Nato je sv. oče opozoril, kako je bilo v preteklosti. Cerkvena hierarhija je smatrala, da je apostolat in delo posvečenja duš izključno njena zadeva; laiki so bili le poslušavci. Toda danes je drugače: tudi laiki so se zbudili in se zavedli pravic in dolžnosti v Cerkvi in v kraljestvu Kristusovem.

V zadnjih desetletjih smo doživeli nov, neverjeten pojav: cerkvena hierarhija sama danes kliče laike na pomoč, na sodelovanje z njo. Pridite, pravi, in si razdelimo delo, prežeti z istimi ideali in stremeči za istimi cilji. Hierarhija kliče laike in jih spominja: Ura je odbila, ura laikov! Prišla je ura duš, ki so razumele, da biti kristjan pomeni srečo, a pomeni tudi odgovornost za druge. Treba je skupaj z duhovščino ponesti križ Kristusov med današnjo družbo in oznanjati Kristusa sredi družbe, ki mu je nasprotna.

Tako danes kliče in poziva Cerkev k novemu aktivizmu in je to omogočila prav vsem, otrokom, ženam, moškim, izobražencem, delavcem. Zato se sv. oče obrača na laike in jim pravi: "Tudi vi, verniki, tudi vi, laiki, pridite in pomagajte Cerkvi. Pridite na pomoč duhovščini, ki jo je tako malo za obširno apostolsko delo... In sicer je treba delati danes in takoj," nadaljuje sv. oče, "to je ukaz časa in potreb, ki so tako velike. Treba je delati danes, kajti jutri bi lahko postalo prepozno. Časi so težki in morda odločilni."

"Katoliški glas", slovenski tednik, ki ga v Gorici izdaja slovenski duhovniki goriške škofije, po katerem tudi posnemamo tale članek, pripominja ob koncu:

Besede sv. očeta so jasne in istočasno zaskrbljene: Potrebe časa so velike, hierarhija in duhovščina jim ni več kos; potrebujemo laikov, ki naj zavzamejo v kraljestvu božjem mesto, ki jim gre. Besede sv. očeta pa veljajo vsem, tudi nam slovenskim katoličanom. Če so kje zanemarili, oziroma pozabili na vlogo laikov v Cerkvi, smo to storili pri nas na Primorskem, kjer smo do danes držali laike le preveč v zakristiji, daleč od oltarja. Tu pa vidimo nove smernice v Cerkvi. Ob njih se moramo zamisliti najprej mi duhovniki, da bomo razumeli, kolikšna vloga gre danes laikom v cerkvenem apostolatu in poslanstvu; pa tudi laiki se morajo zamisliti ob novih nalogah, na katere jih Cerkev spominja in ki izvirajo iz dejstva, da so tudi oni kristjani v posesti milosti in resnice.

Besede sv. očeta veljajo tudi za našo deželo, tudi za nas. Katoliški Slovenci v Ameriki smo največkrat premalo dejavni, premalo odločni v obrambi katoliških in krščanskih načel. Namesto da bi Resnico branili, se rajše molče umaknemo, namesto da bi se postavili za svojo vero in svojo prepričanje, puščamo besedo njenim nasprotnikom! Pozabljamo, da je rekel Gospod: Kdor bo mene zatajil, ga bom tudi jaz zatajil!

SENKLERSKE NOVICE IN GOVORICE

CLEVELAND, O. — Jesen se je kar lepo začela in je prijetno topla, skoraj bolj kot so bili zadnji tedni poletja. To je za stare kosti dobro in včasih zopet malo postojimo na soncu pred Narodnim hramom ter se malo pomenimo o starih in novih časih. Te dni smo se menili o volitvah, ki niso več daleč. Matt, ki se od nas vseh za politiko najbolj zanima, je povedal, da v 23. vardi primarnih volitev sploh ne bo, da voliča ne bodo niti odprta, ker ni za primarne volitve v naši vardi ničesar, kar naj bi volivci odločili. Pravil pa je, kako hudo da se dajejo v Collinwoodu, kjer ima sedanji zastopnik v mestnem odboru Jack Banko, ki je nasledil Johna Fakulta, kar celo vrsto nasprotnikov, med njimi tri sinove slovenskih staršev: Viljema Kenika, Jamesa R. Kurnava in Andrewa W. Curryja, katerega pravo rojstno ime je Korenčič.

Najnevarnejši Bankov tekmelec je menda Jonas Nasvytis, prodajalec nepremičnin (real estate salesman), rojen na Litvanskem, ki pa se je leta 1949 priselil v Združene države. Jack A. Banko je slovenskega očeta sin in poročen s Silvijo, hčerko splošno znane pokojne družbene delavke Albine Vesel.

Za 32. vardo se med nami ni nihče posebno zanimal, tako je Matt začel razlagati politične zadeve v naši 23. vardi. Ker imamo tokrat samo dva kandidata v mestni svet, primarne volitve niso potrebne. Udarila se bosta kar pri glavnih volitvah v novembru. Matt je hvalil na vse načine sedanjega zastopnika v mestnem svetu Edmunda Turka — menda je dobro in dolgo poznal z njegovimi starši — ki da se žene za svojo vardo veliko bolj, kot bi mogel kdo pričakovati. Tako je dosegel, da je mestni svet sklenil kupiti kos zemlje na E. Boulevardu v znamenju za ono poleg Gordon parka, kjer je parkališče za tovarne White Motors, Dill Manufacturing Co. in za Park Drop Forge. To parkališče je za tovarne izredno važno, ker omogoča prihod in odhod tamkajšnjih uposlenec. Če bi bilo treba to parkališče vrniti namenom parka, ker je last Rockefellerjeve ustanove, je veliko vprašanje, če ne bi katera izmed omenjenih treh tovarn začela iskati novega prostora. Ena izmed njih je menda to dejansko že tudi storila. Res je, da tovarni nimamo posebno radi za svoje sosedo, toda važne so, ker nam nudijo zaposlitev. Naselbina se bo mogla ohraniti le, dokler bodo imeli ljudje kak vzrok ostati v njej, je poudarjal Matt. Pri tem je dodal, da danes tovarne ne predstavljajo več take nadleže in da tudi ne osmrjajo tako hudo zraka, kot je bilo to nekdaj. Povedal je nato še, kako je naš zastopnik v mestnem svetu poskrbel za obnovo cest v naselbinah in pozimi celo kar sam pomagal orati sneg po stranskih cestah. Proti temu našemu prizadevanju rojaku se nam ponuja za zastopnika v mestni svet pogrebnik Emil Golub. Matt je malo po mežiknil, nato pa dejal: "Zaradi mene bi ta lahko kar mirno ostal pri svojih mrličih, kar nas je živih, se bomo držali našega fanta Edmunda Turka!"

Nekateri so bušili v smeh, Luj pa je bilo pripomnil, da tudi Golub ni napačen človek. Matt je nato pribil, da on kaj takega ne trdi, pove le, da je Edmund Turk "naš fant" in če še damo kaj na to, bomo novembra glasovali zanj!

Beseda se je nato obrnila na Luja Majerja, znanega trgovca s čevlji, ki je tako nepričakovano umrl preteklo nedeljo v Detroitu. Bila je lepa smrt, je dejal Tone. Zadel ga je kap in

aglo je bil rešen svojega trpljenja. Umrl je ob strani svoje žene, hčerke in drugih sorodnikov.

Izguba je težka kljub temu, sem pripomnil jaz, ki sem pokojnika poznal dolga leta. Bil je zaveden Slovenec, rad je pomagal, kjer je le mogel. Prepričan ni maral, rajše je pustil družbo, kjer je prepričal, in šel drugam. Rad je pravil, kako je pomagal leta 1918 in 1919 reševati Koroško, pa bil vedno žalosten, da jo rešiti ni bilo mogoče. Bil je dobra duša! Naj v miru počiva, njegovi ženi in hčerki pa moje iskreno sožalje!

Nekateri z nestrpnostjo pričakujejo nastop Slovenskega okteta v SND prihodnji mesec. V Clevelandu se bo ustavil na svoji poti na Zahod in zopet, ko se bo od tam vračal. Ta oktet bi bil prišel na gostovanje že pred leti. Bilo je že vse urejeno in dvorane najete po vseh večjih slovenskih naseljih v Združenih državah, ko je državno tajništvo zavrnilo izdajo viz na temelju McCarranovega zakona, ki ne dovoljuje vstopa v deželo članom in podpornikom Komunistične partije in njenih množičnih organizacij.

Tokrat je gostovanje organizirano drugače in upati je, da ga ne bo nihče skušal zlorabiti za propagando za titovski komunistični režim. Ne smemo pozabiti, da je slovenska pesem bila, da so jo peli, ko Tita še ni bilo in da jo bodo peli, ko ne bo o Titu in njegovih nobene sledi več.

"Slovenijo, slovensko besedo, slovensko pesem in vse drugo imamo vsi radi, ne maramo pa komunizma in komunističnih ljudi, ki so s tujo pomočjo zavladali Slovincem v Sloveniji!" je dejal Matt.

Matt je nato povedal tudi, kako da je sen. Frank J. Lausche, naš senklerski rojak, v Senatu protestiral proti prihodu Tita v Washington čez, da človek, ki je dal že po vojni, torej sredi miru, pobiti preko 100.000 svojih političnih nasprotnikov, ne spada med tiste, ki bi jih naj naša dežela sprejemala s častmi, najmanj pa sam predsednik Združenih držav!

"Pustimo no že to politiko," se je oglasil Luj, ki je bolj na "napredno stran" in ne sliši rad kaj slabega o Titu in njegovi Jugoslaviji. Matt je povprašal, če pojde kdo na VINSKO TRGATEV na Slovensko pristavo v nedeljo popoldne čez, da on pojde in lahko še koga s seboj vzame, ker ima prostor v avtomobilu. Takoj sem se mu ponudil in čez čas je tudi Luj dejal, da bi "rad prisedel".

"Na svidenje na Pristavi!"

Občni zbor Štajerskega kluba

Cleveland, O. — Dne 5. oktobra ob osmih zvečer se bo vršil občni zbor Štajerskega kluba v Baragovem domu na 6304 St. Clair Avenue, Cleveland 3, O. Štajerke in Štajerci, uspeh Štajerskega kluba v bodoče zavisi samo od vas. Če boste pristili in se izognili občnemu zboru, bo samo prisotna peščica članov prisiljena izvoliti novo upravo. Nova uprava bo potem predstavljala samo tiste, ki so se potrudili na občni zbor, ne pa vas, ki ste občni zbor izpustili. Štajerski klub potrebuje vaš glas, vaše ideje in vaše vodstvo.

Mnogo članov se preteklega leta ni udeležilo občnega zbora. Odsotni mislijo, da niso potrebni in da se bo že brez njih vodilo. Če je morda še kak slovenski

dilo. Odsotnost je znak klubovega nazadovanja in ne napredovanja. Štajerski klub izgubi mnogo z vašo odsotnostjo. Tuji na odobrava vašo organizacijo in uživa ob pestrosti šeg in navad, ki jih ponovite iz rodne domovine. Mladi svet štajerskih prednikov z zanimanjem opazuje šege svojih pradedov, tuji na občuduje pestrost življenja v bivši domovini priseljencev.

Štajerski klub ima nalogo, da pokaže tujini, da smo od nekdaj, ne pa od nikoder, in pa da nas ob prilikah razvedri.

Clan in članica, Štajerski klub si vaju želi v svoji sredini na rednem občnem zboru tudi letos.

Na svidenje!

Slovenska šola pri Sv. Vidu

Cleveland, O. — Mirno, brez hrupa, kakor je to za šolo najbolj prav, se je začel tudi letos na Slovenski šoli pri Sv. Vidu redni pouk. Dobro znamenje je, da imamo letos na njej nekaj več učencev kakor v lanskem, čeprav se je konec lanskega šolskega leta poslovilo od nje kar precej učencev.

V letošnjem šolskem letu šteje Slovenska šola pri Sv. Vidu 168 učencev in učenk, to je deset več kot lani. Razdeljeni so na 8 oddelkov. V otroški vrtec se jih je letos vpisalo 21. Po razredih pa je število učencev letos naslednje: Otroški vrtec (poučuje ga. Zalka Likozar) 21; prvi razred (poučuje ga. Silva Savernik) 32; drugi razred (poučuje ga. Marija Delkin) 18; tretji razred (poučuje ga. Marija Bolha) 14; četrti razred (poučuje ga. Zina Velikonja) 24; peti razred (poučuje ga. Angela Bolha) 17; šesti razred (poučuje ga. Fanika Strancar) 26; zadnji ali višji oddelk (poučuje ga. Vrhovec Stanislav) 16 učencev.

Nekaj o rokavicah

Današnja obleka je tako preprosta in tako praktično krojena, da ji dajejo modni dodatki več, kot si ponavadi predstavljamo. In kolikokrat pomislite na rokavice? Takrat ko vas zebe? Seveda pa tudi vsaka rokavica ni za vsako roko in ne spada k prav vsaki obleki, tako da bi bilo treba iskati kar s seznamom: "kakšne potrebujem; za kdaj, h kateri obleki. h kakšnim ostalim modnim dodatkom?"

Izbira rokavic je pri nas zadosti bogata in lahko zadovolji vse potrebe in tudi željo tistih, ki hočejo z rokavicami dati obleki poseben poudarek.

Volnene rokavice so namenjene mrzlim dnevom, ki so že pred nami.

Bombažne rokavice imajo svojo praktično vrednost, ker jih je mogoče hitro in enostavno prati, da so videti zopet skoraj kot nove. Vendar bombažne rokavice nimajo samo praktičnih lastnosti. Slabo se oprijemljejo roke, v zapetju se večkrat naberejo v nelepo "harmoniko" in ker se prav hitro zamažejo, jih je treba tolikokrat prati, da se njihov rob rad spremeni v resasti "okrasek".

Elastične helanca rokavice imajo več prednosti. Roke se lepo oprimejo, ker se hitro posušijo, tudi pranje ni nikakršen problem in izbira barv je precejšnja. Pa vendar jih ne moremo primerjati z usnjeno rokavico, ki ima pravzaprav precej manj dobrih lastnosti in vendar ostaja edina zares elegantna in vedno veljavna "lepa rokavica".

Morda lahko najdemo vrednost usnjenih rokavic tudi v tem, da so po svojem značaju seveda najbližje koži? Morda otrok, ki ni vpisan, se še vedno lahko vpiše. Pride naj kar jutri ob 9. dop. v šolo k Sv. Vidu. Če pa gre za otroka v otroški vrtec, naj pride z njim ali mati ali pa katera od odraslih oseb iz družine, ki bo mogla dati za vpis potrebne podatke.

Petje na Slovenski šoli pri Sv. Vidu bo tudi v letošnjem šolskem letu poučeval g. France Zupan. Z njim bo začel sredi prihodnjega meseca.

Odbor staršev Slovenske šole vabi vse starše šolskih otrok, naj skrbijo, da bodo otroci prihajali v šolo točno in seveda tudi redno ter da bodo imeli vedno narejene vse domače naloge. Pomagajmo svojim otrokom, da bodo dobro napredovali tudi v znanju svojega materinega jezika.

"Lok" bo razstavljal v New Yorku

Cleveland, O. — Umetniški klub "LOK" priredi s sodelovanjem društev "Prešeren" in "SAVA" ter župnije sv. Cirila umetnostno razstavo po naklopienosti župnika Rev. Fr. Ri. harda Rogana, OFM., ki daje temu namenu dvorano brezplačno na razpolago na Osmi v New Yorku. Razstava bo trajala cel mesec in sicer od 1. do 30. novembra letos.

Clani kluba "LOK" se na to svojo razstavo s polnim zamahom in skrbno pripravljajo, ker bo toplot obširnejša in popolnejša z najnovejšimi dognanji njihovih del.

F. G.

smo z njimi zadovoljni zato, ker jih načeloma edino resnično skladamo z ostalimi modnimi dodatki: s torbico, čevlji, pasom. Vsekakor je res: če hočemo izbirati elegantno rokavico, izbiramo med usnjenimi rokavicami, pa najsi bodo te športne ali pa večerne značaja.

Nikakor ne smemo pozabiti, da je dolžina rokavic večkrat važnejša, kot bi ji prisodili na prvi pogled. Če kupujete rokavico k normalno dolgim rokavom, pazite, da seže pod rokav, tako da se v njegov rob ne bo vedno zatikala. Če ste rokavico namenili tričetrtinskim rokavom, pa izbirajte med prav kratkimi rokavičkami, ki sežejo pod zapestje ali pa pri sedem-osminskih rokavicah kupite rokavico, ki bo smuknila še pod rokav.

Dolge večerne rokavice so namenjene zares najbolj svečanemu priložnostim. Izbirajte jih v barvi, ki bo dopolnila vašo večerno obleko in skrbite za to, da bodo brezhibne, saj se boste, oblečene v rokavico, morda rokovali s prav posebno skrbno negovano roko, ki si pač ne želi dotika z že nekoliko zamazano rokavico.

Večkrat smo v zadregi, kadar moramo z orokavičeno roko seči drugemu v pozdrav. Načeloma rokavic ni treba sleči, če sežete v roko drugi orokavičeni roki. Če pa vam znanec ponudi golo roko, potem si rokavico seveda hitro in neopazno slečete. Z nekaj prijaznimi besedami je brez nepotrebne nervoze lahko zakriti trenutek, ko eden izmed prstov ni hotel dovolj hitro smukniti iz rokavice.

Dolge večerne rokavice obdržite na roki pri pozdravljanju, z njimi lahko dvignete kozarec in morda pojedete celo drobno, v papirnato vrečko vloženo pecivo. Vendar, kadar vzamete v roko vilice in nož, rokavico slečete.

Gospodinjje pri nas tako rade pozabljajo, da bi pri svojem delu morale uporabljati rokavico. Kadar poizkušajo, se jim zdi, da delo ne "gre izpod rok" in gumijasta rokavica obleži v predalu. Dosti natančnejša dela, ki jih mora opraviti vsak dan rečimo kirurg, pa rokavice prav nič ne ovirajo. Res je namreč, da se je rokavici treba samo privaditi, tretji dan bo delo v orokavičeni roki že prav dobro in po enem tednu odlično. Ne ljubih opeklina, urezov, madežev, pa tudi vseh neprijetnih drobnih infekcij nas rokavica kar odlično brani.

Vidite, rokavica torej le ni samo nepotrebni "modni dodatek". In kadar jo izbirate, pomislite, kaj vse morate o njej vedeti.

Drobni nasveti

Madeže od črne kave lahko odstranimo z blaga, če jih izperemo z vodo in milom. Če takoj ne zginejo, jih izperemo še v slani vodi. Madeže od bele kave pa namažemo z glicerinom, blago operemo v mlačni vodi in ga na nasprotni strani zlikamo.

Madeže od krvi odstranimo z raztopino sode.

Mastne madeže drgnemo z rezino surovega krompirja.

Naravni izgled

Za letošnji jesen in zimo je moderen "mehek in naraven" izgled. Rdečilo, kreme, lak na nohtih, vse mora imeti čim bolj naraven izgled, mehke, ne kričeče barve in barvne tone.

Poleg dosedanjih prihaja na trg vrsta novih lepotic, še več jih bo na razpolago v naslednjih tednih in v času pred božičem. Podjetja, ki lepota izdelujejo, so že začela z njihovim oglašanjem. Ne bo dolgo in skoro jih bomo našle v vseh drogerijah.

Kongoško vprašanje so začasno zopet rešili

CLEVELAND, O. — Naše državno tajništvo je prišlo do zaključka, da se kongoška centralna vlada še ne more postaviti na lastne noge in da ne more vzdrževati doma brez tuje pomoči niti reda in mira. Zato je "pristalo" na predlog generalnega tajnika ZN Tanta, da naj čete ZN ostanejo v Kongu vsaj še pol leta. Stroški za čete bodo znašali \$18-25 milijonov, plačala jih bo seveda po krajšem ali daljšem prerekanju naša dežela.

Kongoška zadeva je prišla pred finančni odbor ZN potem, ko je bil za kulisami že dosežen sporazum in ki ga je odobrili azijsko-afriški blok. Na seji se je moskovski delegat začel potoegovati, da bi kongoški problem moral najprej obravnavati Varnostni svet, kjer ima Rusija veto pravico. Mož se je pri tem opekel, spregledal je, da živimo v dobi "sporazumevanja". Zato ga je delegat iz Nigerije v imenu 32 držav iz Afrike in Azije ostro zavrnil in mu očital, da vlačijo v kongoško vprašanje "mednarodno politiko".

Nigerijski delegat je lahko tako odločno govoril. Vedel je, da je denar za čete ZN preskrbljen, ni pa pozabil tudi na to, da je njegova država dobila zadnja tri leta od Anglije \$89 milijone podpore, od Moskve pa ničesar.

Katoliški nadškof iz Ria de Janeiro bi rad reformiral tudi prelato

RIM, It. — Katoliški nadškof iz Ria de Janeiro v Braziliji se odlikuje po samostojnih nazorih in pogumnem govorjenju. Že lani je na Vatikanskem koncilu govoril tako originalno, da so cenzorji imeli dosti opravka, da njegovemu govoru dali spodobno obliko. Letos je šel še korak dalje. V posebni okrožnici, ki jo je poslal vsem udeležencem Vatikanskega koncila, razvija svoje nazore, kako je treba reformirati tudi prelato same.

Nadškof Pessoa najprvo svetuje, naj se odpravijo vsi naslovi, kot so "presvetli", "prevzvišeni", "eminenca", "ekscelencia", češ da vse to spada že med staro šaro in prelato samo odaljuje od navadnih vernikov.

Nadškof je tudi proti dragocenim križem, prstanom, posebne vrste čevljem, je tudi nasprotih dragih avtomobilov, škofijskih palač, novih, razkošnih cerkva itd.

Zakaj se nadškofu zdijo te reforme potrebne? Treba je, da se prelato s skromnim življenjem, s skromnimi nastopi v javnosti približajo ne samo svojim vernikom, ampak tudi pripadnikom drugih ver. Nadškof je prepričan, da vse, kar kritizira, samo pogloblja prepad med prelato na eni strani in verniki ter drugimi verami na drugi strani.

Ameriško pšenico Rusom?

WASHINGTON, D.C. — Od kar so Rusi kupili v Kanadi veliko količino pšenice, se vztrajno širijo glasovi, da bi jo radi skoraj prav toliko kupili tudi v Združenih državah. To ugibanje je dobilo novo osnovo v večeršnjem sestanku poljedelskega in zunanje-političnega odbora Predstavnškega doma, ki sta se ga udeležila tudi tajnik za poljedelstvo Freeman in tajnik za trgovino L. Hodges.

Rusi bi baje radi kupili do 200 milijonov mernikov ameriške pšenice po ceni na mednarodnem trgu. Ta cena je precej nižja od one na notranjem ameriškem trgu. Združene države prodajajo pšenico v tujini po redni ceni na svetovnem trgu, nato pa zvezna vlada plača pridelovalcem razliko s ceno na domačem trgu. Če bi torej Rusija kupila v tem okviru 200 milijonov mernikov ameriške pšenice, bi morala zvezna vlada ZDA doplačati v razliki okoli 120 milijonov dolarjev. Za to je potrebna odobritev vlade, predno je kako kupčijo mogoče skleniti. Če bi bila Rusija voljna plačati našo pšenico po redni ceni na našem trgu, jo seveda lahko kupi. Tega pa verjetno ne bo storila kljub prijaznemu "moskovskemu duhu", ki trenutno vlada v ameriško-ruskih odnosih.

Nixona vabijo zopet v politiko

NEW YORK, N.Y. — Čim več pristašev dobiva kandidatura republikanskega senatorja Goldwaterja za predsedniškega kandidata, tem bolj so senatorjevi nasprotniki prepričani, da z njim ne bodo zmagali pri pri-

hodnjih jesenskih volitvah. Težko je pa najti pot, kako zaustaviti agitacijo za Goldwaterja. Sedaj so njujorški republikanci prišli na sledečo idejo:

Ker je verjetno, da na republikanski konvenciji ne bo zmagal pri poskusnih glasovanjih ne Goldwater ne njegovi tekmeci in guvernerji Rockefeller, Scranton in Romney, pa tudi ne senator Morton, je treba poskusiti "temnega konja" v osebi bivšega podpredsednika Nixona. Nixonovi prijatelji ga skušajo sedaj pridobiti za to taktiko. Nixon pa še noče reči ne da ne ne.

Evropska gospodarska skupnost išče stike s Sovjetsko zvezo

BRUXELLES, Belg. — Evropska gospodarska skupnost in Rusija se uradno še ne poznata, kajti Hruščev je njen hud nasprotnik. S tem niso zadovoljne posamezne članice Gospodarske skupnosti, posebno Nemčija. Zato je ministrski svet Skupnosti sklenil na svoji zadnji seji, da zniža uvozne carine za celovrsto predmetov, ki interesi-
rajo Ruse.

Znižane so bile na primer carine za vodko za 25%, za kaviar za 40%, za rake za 20% itd. V krogih Gospodarske skupnosti so zelo radovedni, ali bo ta vaba kaj vplivala na Hruščeva, da bo prijaznejši do EGS.

Število visokošolcev v Ohio naglo raste

COLUMBUS, O. — Na Ohio State University se bo letos po uradni cenzitvi vpisalo skupno preko 33.000 slušateljev, od tega na novo okoli 8.150. Ta največja univerza v državi ima svoje "podružnice" v Limi, Newarku, Marionu, Mansfieldu in Lakewoodu (pri Clevelandu), svoje središče pa v Columbusu.

Grška ima zopet vladno krizo

ATENE, Gr. — Le redkokdaj se zgodi, da odstopi volivna vlada. To je sedaj doživela začasna vlada predsednika Pipinellisa. Glavna opozicijska stranka, ki jo vodi Papandreu, jo je tako hudo napadala in grozila z bojkotiranjem volitev, da je Pipinellis moral podati ostavko. Torej nasprotniki prepričani, da ko je Grčija dober mesec pred volitvami brez vlade.

Kralj Pavel je sklical vse tri glavne stranke na posvet, toda sestanek ni rodil uspeha. Začasna vlada vodi še naprej redne posle.

ODDRŽITE kauncilmana 32. varde

JACK A. BANKO

VOLITE ZA NJEGA

v torek, 1. oktobra 1963 na primarnih volitvah!

JACK A. BANKO je bil določen za kauncilmana 32. varde od dotedanjega kauncilmana John A. Fakulta, ko je bil ta imenovan za mestnega komisarja.

JACK A. BANKO prebiva že od nekdaj v svoji hiši na 377 E. 185. cesti s svojo ženo Sylvijo in 3 sinovi. Star je 53 let in v polni moški in delavni moči.

JACK A. BANKO je indorsiran za kauncilmana 32. varde od demokratskega kluba 32. varde, od Cleveland Press in Plain Dealer ter od Komiteta za politično vzgojo AFL-CIO. The Citizens League ga visoko ceni. Veliko spoštovanje in zaupanje pa si je pridobil kot predstojnik v industrijskem upravljanju in kot lastnik privatnega podjetja.

JACK A. BANKO je v času, ko je obavljal posle kauncilmana 32. varde, pokazal iskreno in resno zanimanje in sposobnost za to, da bi čim bolj služil dobrobiti vseh prebivalcev 32. varde.

JACK A. BANKO je pokazal svojo sposobnost tudi v mestnem svetu. Zato so ga tudi izvolili in postavili za člana pravnega komiteta in za podpredsednika komiteta za javno prometno varnost.

JACK A. BANKO je pokazal s svojim delom, da je za svoj položaj popolnoma sposoben. Naša 32. varda pa je znana po tem, da voli tiste javne delavce, ki imajo svoje prepričanje in pogum, da se za ljudi svoje varde borijo brez strahu in ne gledajo na osebne koristi. — V naši vardi je to bilo vedno tako!

Zato VOLITE v torek, 1. oktobra za:

JACK A. BANKO

NARAVNI ČUT NI ZADOSTI — Ljudje imamo v srednjem ušesu napravo, ki nam pove, v kaki legi ali stoji smo. Na zemlji nam to popolnoma zadošča, težava pa nastopi, ko zaide človek v vesolje, kjer ni več težnosti. Tam se morajo astronauti posluževati umetnih naprav za uravnavanje svojega položaja. Na sliki vidimo nekega strokovnjaka, ko razlaga astronautu v poskusni napravi uporabo take naprave.

HENRIK SIENKIEWICZ:

KRIZARJI

Jagienka se je na to pohvalo nasmehnila od veselja, a odgovorila ni ničesar, nato pa sta šla po isti poti skozi bičevje. Zbiško jo je začel izpraševati o bobrovih gnezdihi, ona pa mu je pripovedovala, koliko bobrov je na Močidolih, koliko na Zgoželicah in kako gnezdiijo po gričih in ob potih.

Na mah pa je udarila z dlanjo po stegnu.

"Glej!" je zaklicala, "pozabila sem na vrbi puščice. Počakaj!"

In preden je mogel odgovoriti, da pojde sam ponje, je skočila kakor srna, a čez hip mu je izginila izpred oči. Zbiško je čakal in čakal, naposled se je začel čuditi, zakaj je tako dolgo ni nazaj.

"Najbrž je izgubila puščice in jih išče," je rekel sam pri sebi, "pa pojdem pogledat, če se ji ni kaj pripetilo..."

Komaj je napravil par korakov, ko se je deklica prikazala pred njim s samostrelom v roki, s smehljajočim se zardelim obrazom in z bobrom na plečih.

"Za boga!" je zaklical Zbiško, "kako si ga pa ulovila?"

"Kako? Zlezla sem v vodo in konec! Zame to ni prvič, tebe pa nisem hotela pustiti, zakaj kdor ne ve, kako je treba plavati se lahko pogreze v blato."

"Jaz pa sem te tu čakal kakor kakšen bedak! Ti si pa res pretkana dekle!"

"Prava reč! Mar naj bi se bila slekla v tvoji navzočnosti, kaj?"

Zbiška.

"Naj hlapec jezdi z bobrom za teboj, jaz pa se vrnem v Zgoželice."

"Torej ne greš v Bogdanjec? Zih je tam."

"Ne. Očka so se imeli vrniti in so mi tudi naročili."

"No, Bog ti plačaj za bobra."

"Zbogom..."

"Zbogom."

In čez hip je bila Jagienka sama. Jahaje čez vresje proti domu se je nekaj časa ozirala za Zbiškom, ko pa je končno izginil za drevjem, si je zakrila oči z roko, kakor bi se hotela ubraniti sončnemu blešku.

A vendar so ji kmalu izpod roke začele teči po licih debele solze kakor grah in padati druga za drugo na sedlo in na konjevo grivo.

XIV

Po razgovoru z Zbiškom se Jagienka ni tri dni pokazala v Bogdanju, šele četrty dan je prišla z vestjo, da je opat dospel v Zgoželice. Matko je sprejel novico nekako vznemirjeno. Sicer je imel vsoto za izplačilo zastave, saj je celo izračunal, da mu dovolj ostane, da si pomnoži nase-ljence, priskrbi črede in druge gospodarske potrebe, vendar je bilo pri tej stvari mnogo odvisno od dobre volje bogatega sorodnika, ki bi mogel na primer kmete, ki jih je sam naselil v Bogdanju, odpeljati ali pa pustiti, in samo s tem bi se vrednost posestva znižala ali povečala.

Zato je Matko zelo natanko izprašal Jagienko o opatu, kakšen je prišel: vesel ali slabe volje, kaj je o njih govoril in kdaj pride v Bogdanjec? Ona pa mu je pametno odgovarjala na vprašanja ter ga skušala ohrabriti in pomiriti v vsem.

Pravila je, da je opat prišel vesel in zdrav, s precejšnjim spremstvom, v katerem je bilo razen oboroženih hlapčev ne-koliko potujočih klerikov in pevcev, da prepeva z Zihom in rad posluša pesmi, ne samo duhovne, marveč tudi posvetne. Opazila je tudi, da je izpraševal z veliko skrbjo o Matku, in Zihovo pripovedovanje o Zbiških dejanjih v Krakovu je željno poslušal.

"Sami najbolje veste, kako vam je ravnati," je rekla na koncu modra deklica, "toda kakor jaz mislim, bi se za Zbiška spodobilo, da bi takoj

What in the WORLD! by TED

Guests of UNICEF

Time was when you could be pretty certain that kitchen flour had been milled from wheat or—more rarely—from corn, rye, barley or even rice. Today you can't be so sure.

Not long ago, the U.S. Committee for UNICEF (United Nations Children's Fund) housewired its new national headquarters building. Guests nibbled doughnuts and cookies—and sent their compliments to the chef.

The cookies contained over 16 percent of peanut flour, a similar amount of cottonseed grits and a pinch of soya grits. Some of the doughnuts were baked with soya flour. Others contained nearly 12 percent of

flour refined from fish filets! But this was no gimmick. Through UNICEF, millions of undernourished children are getting healthy on just such local protein sources never previously exploited fully.

UNICEF teaches that in the absence of meat and other conventional high-nutrient foods, you get your protein where you can. Coconut flour is 19 percent protein. The percentages range upward to 57 for cottonseed flour, 62 for sesame flour and 96 for fish-fillet flour.

Part of the secret is refining. Roasted peanuts, for instance, yield 23 percent protein. But when they're concentrated into a white flour, the figure zooms to 90 percent!

Two Local Boys Achieve Eagle Scout Rank

Top honors of the Boy Scouts of America will go to two local young men on this Saturday, Sept. 28, 1963 when they receive the Eagle Scout Award at a court of honor ceremony to be held at the St. Clair Recreation Center at 8 p.m.

The two Scouts, members of Troop 250 and St. Vitus Parish, who achieved the highest rank in Scouting are: Daniel Siewiorek, 17, 1185 East 60 Street and Dominic Ciancibelli, Jr., 18, of 6515 Edna Avenue.

Dan is a senior at East High School and co-editor of the "Blue & Gold", the school's paper. He is also photographer for the school's yearbook. He has been a member of Troop 250 since June, 1957 and currently serves as a junior assistant scoutmaster. He is the son of Mr. and Mrs. Frank Siewiorek.

Dominic is enrolled as a freshman with the Dayton (O.) Institute of Art. He is a June, 1963 graduate of Cathedral Latin School, where he was vice president of the Glee Club, a member of the Sodality and the Senior Boosters Club. He has been a member of the Troop since October, 1956 and has been commissioned as an assistant scoutmaster. He is the son of Mr. and Mrs. Dominic Ciancibelli. Both new Eagle Scouts are 1961 graduates of the National Junior Leader's Training School conducted at the Philmont Scout Ranch in Cimarron, New Mexico.

Willard Friend Presents Badges

Mr. Willard Friend, long-time professional Scouter, will make the Eagle presentation. The occasion is highlighted by the fact that Mr. Friend, while Scout Executive of the Northeast Ohio Boy Scout Council, with headquarters in Geneva, O. presented Dan's father, Mr. Frank Siewiorek, his Eagle Badge on Oct. 23rd, 1930.

Scoutmaster of Troop 250 is Mr. Felix A. Danton. The troop is sponsored by Lake Shore Post #273 of the American Legion. Life Scout Leo Sejnowski, jr. will serve as the presiding officer of the court of honor ceremony. In addition to the two Eagle Scout awards, twenty-five other promotions will be made. Parents and friends of Scouting are invited to the program.

Slate Drawing For Kelleys Island Hunting

Columbus. — With the signing of an agreement permitting reciprocal hunting on Kelleys Island by the Kelleys Sportsmens Club and the Ohio Division of Wildlife, this 2,400-acre area will again be open during upland game season to 50 lucky Ohio hunters whose names will be selected in the annual drawing. Each will be permitted to bring a guest, says Dale E. Whitesell, division chief.

The drawing will be conducted in the Columbus division office on Monday, November 4, Ohio license holders who wish to apply should send their name, address and hunting license number, including the prefix letters, on a postcard to "Chief, Division of Wildlife, Kelleys Island Drawing, 1500 Dublin Road, Columbus, Ohio, 43212." Postcards must be postmarked or received only during October. Do not mail them ahead of this period or they will be void. Whitesell says. Persons submitting more than one application will be disqualified.

Successful applicants will be notified. Each will receive a certificate of permission allowing him and one other person of his choice to hunt on Kelleys Island during the upland game season, beginning November 15. The guest privilege is limited to one person per season and cannot be transferred.

"Each year some who draw permits never make use of them," said Whitesell. "If you are lucky enough to draw one of the free permits and find that you can't use it, notify the Division of Wildlife at once so that it can be reassigned to another hunter. Hunting on this island is a highly regarded privilege, so don't waste it."

Fall Fun Tour

Fall Fun Tours will be operated by the Cleveland Transit System on Sundays, October 6 and October 13, Donald C. Hyde, CTS General Manager, has announced.

The buses will leave Cleveland's Public Square between 12 Noon and 12:30 p.m. on those dates for a four-hour trip to follow the trail of Autumn colors.

The tickets are \$2.25 for adults and \$1.50 for children 12 and under and are available at the CTS Information Booth on the Public Square or by sending your money or check to Fun Tours, Cleveland Transit System, 1022 Carnegie Ave., Cleveland 15, Ohio.

The Black Watch

The world-renowned Massed Pipes, Regimental Band and Highland Dancers of the Black Watch Royal Highland Regiment will perform in Cleveland's Public Hall on Sunday afternoon at 3:30 p.m., September 29, on their second tour of North America under the auspices of the Cleveland Opera Association.

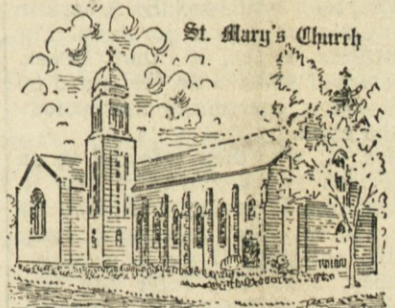

The brilliantly uniformed and kilted members of the Black Watch first visited America in 1758 when it came to attack Fort Ticonderoga during the French and Indian War.

Tradition of the Black Watch dates back to the early 18th century when the various Scottish clans constantly engaged in fierce fighting among themselves. In 1724, George I raised about 500 men to be stationed throughout the Highlands to prevent clan fights and plots against the government. This group became known as the Black Watch because of the late hours they kept in keeping vigil over the land and the dark tartans they wore.

Throughout the next couple of centuries, the unit distinguished itself at battles throughout the world, receiving many decorations from grateful and impressed governments.

The program to be presented in Cleveland will feature the music, pipes and drums and victory dances which are still a part of the colorful and spectacular tradition of the senior Highland regiment of the British Army. Their skirling bagpipes, swinging kilts and superb marching formations offer a seldom seen spectacle of royal pageantry. Tickets for the event are now on sale at Burrows Ticket Office, 419 Euclid Ave., and at Higbee's Store, where they may be charged. Mail orders: Cleveland Opera Association, 2816 Euclid Avenue, Cleveland 15, Ohio.

All World Series games will be televised in color for the 5th straight year when the NBC television network covers the fall classic, starting on October 2nd.

All games also will be broadcast by the NBC radio network.

NBC has covered the World Series on television every year since 1947 and on radio every year since 1957.

Ex-Slugger Rosen to Tutor Tribe Batters Next Spring

Al Rosen, former Indians' slugging third baseman, will serve as a batting instructor at Tucson in spring training next year.

Now a member of the brokerage firm of Bache & Co., Rosen retired from baseball at the conclusion of the 1956 season. He was the American League's most valuable player in 1953, the first to be voted the honor unanimously.

Friday 13th Memorable Day to Pennant-Clinching Yanks

Boston, Mass. — Friday the 13th became a historic date for the second time in the last 17 seasons in the American League.

On the supposed hard-luck day in 1946, the Red Sox won the American League pennant by defeating Cleveland, 1-0, on Ted Williams' inside-the-park homer in the first inning.

This year, the Yankees clinched their third pennant in a row under Manager Ralph Houk at Minnesota on Friday the 13th.

And if this means anything, the 1946 Red Sox played the Cardinals in the World Series. The Cardinals won the National League pennant in a playoff against the Brooklyn Dodgers. However, the '63 Dodgers just about ended any chance for the Cardinals to repeat.

Sports Editors Pick Koufax As Top Pitcher in Majors

Sandy Koufax of the Dodgers was named the top pitcher in the major leagues this season in the Academy of Sports Editors' poll.

The smooth Los Angeles lefty was named on 98 per cent of the ballots turned in by the nation's sports editors.

The No. 2 spot went to Juan Marichal of the Giants, who had a 55 per cent rating. Following Marichal were Whitey Ford of the Yankees (44%), Warren Spahn of the Braves (31%) and Dick Radatz of the Red Sox (26%).

Yanks' Black Light Lamp Keeps Out Gate Crashers

New York, N.Y. — Bill Guilloffe, assistant to the Yankees' publicity director, Bob Fishel, performed a duty last week required by no other club in either league — getting the World Series blackout lamp in shape. A black-light lamp is used at events where persons pass in and out and quick identification is required, such as race-track clubhouses, etc.

An invisible substance is stamped on the back of the hand. When it is held under the lamp, it shows up in purple. It has been used in keeping gate-crashers out of Yankee World Series press headquarters.

Said Fishel: "When we discovered how useful this was a few years ago, we checked with the company which offers this type of security service at various race tracks."

"We got a quotation of \$750, with one of their men on the door. We discovered that we could buy one of the lamps for \$35, and since our personnel are familiar with most of the equipment, it worked out better and cheaper."

Spreading the cost of the lamp over a number of World Series could reduce the cost of the lamp to a few bucks a year. And if the time ever comes when the Yankees miss a Series, they can always rent it out.

PRIME MOVER

A representative of a major electric utility recently appeared before its state public service commission to defend advertising and other means of public communication it regards as essential to its business and to business generally. The hearing was called as a result of an antiadvertising petition signed by a small group of citizens in the utility's service area.

He made these points: "Advertising is the prime mover of the American business system. It produces high employment, high gross national product and high standard of living. The American economy is based fundamentally on mass production which can survive only with the mass distribution of the goods and services produced. Mass distribution in turn depends on mass selling which is advertising."

It was also noted that to outlaw utility advertising would be unconstitutional, in that it would abridge freedom of speech and the press and deprive the company of due process of law.

Legal aspects to one side, a utility advertises to increase its sales and load — precisely as an auto manufacturer advertises in the hope of selling more cars or a food manufacturer advertises in the hope of selling more of its canned and frozen goods, or as any other producer seeks to interest the consumer and stimulate consumption. Take away advertising — and you'd take away a force that plays an important role in just about every aspect of our daily life. Advertising and publicity are a primary cost of operation in a progressive business or industry.

Thoughtful

A certain conductor was driven crazy at rehearsals because at least one member of the orchestra was always missing. After the last rehearsal he tapped his baton for attention and said bittily: "I want to thank the first violin publicly for being the only man in the entire orchestra who had the decency to attend every rehearsal."

The first violin hung his head. "It seemed the least I could do," he said in a deprecating tone. "You see, I don't expect to be here for the concert tonight."

★ Richmond, Va. — A Richmond man was following a big truck on U.S. 301. As the truck passed thru a deep cut, a deer jumped out and struck the truck's aluminum siding only a few inches from the top. The trucker and the Richmonder stopped. After appraising the dead deer and the bad dent, the driver said: "Felia, you saw it. Can I have your name and address? ★ Angelo, Ind. — Nobody had a dime to turn in an alarm when a fire broke out in the Phi Kappa Theta fraternity house at Tri-State college. The third floor and the roof suffered most of the damage, estimated at \$15,000. Lack of a dime delayed the arrival of firemen, but somebody finally dug up a quarter for the coin box and sounded the alarm. Authorities said one student sleeping on the third floor was burned as he raced to safety. The telephone was the only one in the building, officials said. The fire was blamed on faulty wiring.

★ Danielson, Conn. — The headline read "School Nurse and Custodian Sought." Interested readers were quick to learn the story was just a plea from the local school board for applications for those two positions.

Reporting from Washington

FRANCES P. BOLTON • Congresswoman, 22nd District, Ohio
410 WEST OFFICE BUILDING, WASHINGTON 25, D. C.

NEW HOPE FOR THE MENTALLY ILL AND RETARDED. Last week the House voted favorably for a three year program, totalling \$238 million for new research, care and teacher training in the fields of mental health and the retarded. This contrasts with the Senate version (S. 1576) passed earlier this year which would set up an eight year program costing \$850 million. The largest part of the difference consisted of a \$427 million, eight year, authorization voted by the Senate for grants to pay part of the initial staffing costs for community health centers. In its unanimous report the Committee on Interstate and Foreign Commerce said, "It is the strong belief of the Committee that Federal support is necessary to assist in the creation of community mental health services but such Federal support should be so tailored as not to result in the Federal government assuming the traditional responsibility of the states, localities, and the medical profession for the care and treatment of the mentally ill." Staffing of local mental health centers is clearly a responsibility of the communities and state government.

Mental illness is one of our most serious health problems. About one-half of the hospital beds in the U. S. are occupied by mental patients and the direct cost of caring for the mentally ill is approximately \$2 billion a year. The mental retardation field offers extensive challenges for research in prevention and in care and training. The need for additional and improved facilities for the care of the retarded is well known. The bill as passed by the House would seem to be far superior to the Senate approach and we are hopeful the House version will prevail in Conference. By restricting the new program to three years, the Congress will have an opportunity to review its operation during that period and to determine whether results justify a continuation of the projects. An 8-year program is too long if results do not match costs.

FEDERAL RESEARCH EXPENDITURES

Another recent House action was the adoption by unanimous vote of

a resolution (H. Res. 504) to create a Select Committee to look into Federally-supported research programs. The President's 1964 budget includes requests for the expenditure of nearly \$15 billion for research and development. This is nearly five times greater than the amount spent ten years ago.

Through its programs the Federal government now supports over two-thirds of the research and development of the nation. This is done through contracts with private industry, by grants and contracts with universities and other non-profit institutions, and by government scientists in federal facilities. No one questions the importance and value of research. However, the rapid increase in this phase of Federal expenditures warrants an intelligent and unbiased examination by the Legislative Branch which holds the purse strings. The resolution directs the Select Committee to give special attention to: the overall total amount of annual expenditures on research programs; what departments and agencies of the government are conducting research, at what costs and with what results; the amounts being expended by the various agencies and departments in grants for research to colleges, private industry and every form of student scholarships; and what facilities, if any, exist for coordinating the various and sundry research programs, including grants to colleges and universities as well as scholarship grants. Such a study should be helpful in preventing project duplication and waste in such expenditures.

SAVING BONDS

Have you any of the old "baby bonds" — United States savings bonds of series A, B, C, or D? Although they no longer pay interest, about \$14 million of those bonds still are outstanding, according to the Treasury Department. These bonds preceded the appearance of Series E savings bonds in 1941, but there was no extension of maturity, as there has been on the E bonds, and the last of the "baby bonds" stopped growing in value in 1951.

THE HIGBEE IMPORT FAIR

Almost as exciting as a world cruise will be a tour through Higbee's during the store's Import Fair, September 23rd through Oct. 12th. The Higbee Building itself will be decorated to resemble the Eiffel Tower in Paris and the Public Square - Ontario corner display window will become the tower's observation deck. The window panes have been removed and a walk through ramp has been built from the ramp visitors will look down and see Paris at right angles with moving traffic on the streets and the River Seine. All the important landmarks are visible.

The store's display staff has been working for six months recreating this section of Paris which includes 16,000 model buildings covering a five square mile area. It has all been done in miniature and the effects are created by black light.

Merchandise from 50 countries will fill the counters and all will be displayed in an old world atmosphere. Even the store's display windows will be visits to foreign lands. The Pronto Room Restaurant will be converted into Le Petite Chateau, a small but well-known restaurant just across the street from Notre Dame in Paris. It is being reproduced from the fake beam ceilings and amusing wall murals to the checkered table cloths and candle light. Even the menu will be copies of those used in Paris and the food will be French items adjusted to Higbee's kitchen.

Six model European rooms as found in some of the older homes in four countries on the continent and an authentic Castilian kitchen, one that is on permanent display in the Ceramic Museum in Valencia, have been reproduced on the 7th floor in one of the most unusual displays ever attempted by a department store.

The Fair opened on Monday (September 23rd) with a luncheon for the press, TV and Radio. The meal was prepared by Marcel Chemery, Chief Chef of Air France, and his assistant, who came to Cleveland from Paris especially for the occasion. They planned to purchase the food as well as cook it and it promised to be a menu that will be unforgettable.

To make the Fair even more realistic, a number of foreign craftsmen will be flown to Cleveland from Europe to demonstrate their skills. These include glass blowers, mosaic artists, weavers, world globe builders and painters. They will work daily at their trades in the various departments of the store.

Eva Gabor, actress and a member of the talented Gabor family, has come to Cleveland on Tuesday (September 24th) to narrate the International Fashion Show luncheon in the auditorium at noon. Among the fashions shown, were 18 costumes designed by Edith Head for the new movie "A New Kind of Love", in which Miss Gabor has a leading role.

Wine testing parties and many other events are scheduled during

the Import Fair's three week run. John P. Murphy, Higbee's Chairman of the Board, predicted that this year's Import Fair will be the most exciting ever because of the extra effort placed on the event by the store's personnel.

"Our Fair each year is a salute to the World Port of Cleveland and our staff of buyers who travel thousands of miles abroad requesting all merchandise be shipped via the St. Lawrence Seaway direct to Cleveland," Edwin K. Hoffman, Higbee's President and General Merchandise Manager, stated.

"While imports represent less than five percent of the merchandise we sell over the counters, we like to bring it to the attention of Clevelanders each fall for a big showing so that they might buy the unusual for holiday gifts," Hoffman remarked.

Marc Jonas, Higbee's Vice President and Sales Promotion Manager, pointed out that this year's Import Fair promises visitors to the store a real "arm chair" tour of Europe.

The Import Fair will also be a feature of Higbee's Westgate and Levee stores.

Census To Survey Commuting Patterns

Americans' commuting habits will be a subject of the Census Bureau's October Quarterly Household Survey, it was announced today by Director Robert A. Yerkey of the Census Bureau regional office at Detroit. Questions will be asked of selected families locally and in 356 other sample areas throughout the country during the first ten days of October.

Household members with a job or business will be asked the distance to their work, how they travel and how long the trip takes. If they go by automobile — carpool or alone — they will be asked what all-day parking facilities they use, whether on the street, off-street free, or off-street for a fee. Other questions cover availability of public transportation.

Inquiries about out-of-town trips, destination, means of travel, and so on, will also be made in the October Quarterly Household Survey. Both the home-to-work and the out-of-town travel surveys are a part of the 1963 Census of Transportation, in which the Census Bureau is assembling data on all phases of transportation in the United States on which information is not already available from other sources.

In addition to the travel questions, the October survey will obtain facts about expenditures during the third quarter of 1963 for residential alterations and repairs.

GETTING THE MOST... FROM YOUR GARDEN

CAREFUL PRUNING HELPS SHRUBS AND TREES

Pruning is an art too often neglected in home gardens, usually because it is something of a mystery to many people. They may not understand the reasons for it and its many advantages, or not be sure of what it is that needs to be done and how to go about it for the different kinds of shrubs and trees. And there are others who seem to regard the removal of boughs or branches as a sort of mutilation.

Actually, of course, nature itself is a constant if unscientific pruner. Dead twigs are common, whole branches with their burden of leaves wither from shade, are broken by heavy fruiting, wind, or snow and ice — usually leaving ragged wounds through which the germs of disease and decay can enter. We can improve upon these rugged methods, though not by following such old sayings as that the time for pruning is when the saw is sharp. On the contrary, the habits and needs of each tree or shrub should be considered, so that it will be helped, not harmed, and so that it will meet our desire to have it grow more sharply.

Not much pruning is necessary as a rule, and too little is better than too much; but certainly all dead or diseased branches should be removed, and also the stragglers, and the crisscrossed or crowded which need trimming and thinning. Overgrown foundation plantings and shrubs or trees that are now too large for their surroundings in the garden can be checked in growth with no harm to themselves and advantage to all else. Indeed, some flowering shrubs, such as lilac, spirea, weigela and viburnum, need to have old wood cut back in the dormant season so that young growth may develop in spring. This is sometimes called rejuvenation pruning.

Magnolia, dogwood, crabapple, and other flowering trees require little more pruning than the removal of dead wood and thinning where branches may be getting in one another's way. Fruit trees, on the other hand, should be pruned to avoid a central stem, or leader, and instead to have an open structure admitting light and air freely. The best time for this operation is while they are dormant.

Shrubs that flower in spring, such as forsythia and spirea vanhouttei, bear their blooms on wood of the previous summer's growth and should therefore not be pruned until after the flowering period. Those that flower later in the summer, bearing their blooms on new wood, such as abelia, sweet pepperbush and bush honeysuckle, may be trimmed at any time prior to the start of growth in spring.

The pruning of roses depends on the species. Hybrid teas, when their winter covering has been removed, are cut back to a height which depends on whether the grower wants a few large blooms or many more of smaller size. The canes of ramblers which have flowered are then cut at the base, and the young shoots already growing are trained up to take their place and bloom next year. Climbers need no more than the removal of old stems, and to also with shrub roses.

Rhododendrons are seldom cut back, but are given two minor forms of pruning: deadheading, which is the removal of spent blossoms before they mature into seed pods wasting their energy, and disbudding — or the removal of flower or leaf buds, while they are still tight and undeveloped, as a means of restraining growth.

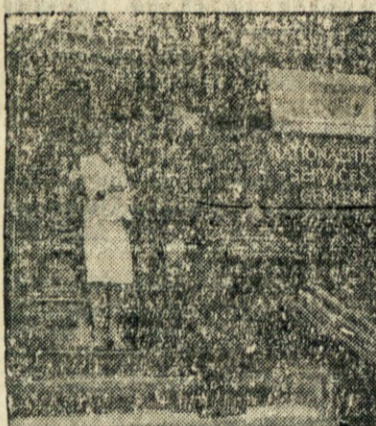

A short article such as this can do no more than glance at what is really an interesting and valuable subject for the gardener, because of the great diversity in the habits of trees and shrubs. A bulletin on the state agricultural experiment stations and you will find it worth perusing before you take the saw or pruner in hand.

One word of advice, however, may be given: do not buy cheap tools for this job. They will only lead to your exasperation and ragged cutting which encourages disease. But then, cheap garden tools of any kind are never a bargain.

If you would like free information about how to grow vegetables in your back yard, send your name, on a postcard, to Asgrow Garden Guide, PO Box 406, New Haven 2, Conn.

NEXT WEEK: Plant now for Spring.

UNITED APPEAL NEWS

NATIONALITIES SERVICES CENTER,
A United Appeal agency at 1620 Prospect Ave., always keeps its door open to Cleveland's foreign born population.

Nationalities Services Center, a United Appeal agency, is widely known and respected by all Cleveland's foreign born, but some of its work involving much time and research still goes by unnoticed by the public.

For example, the center for nearly two years has been helping a Greek alien who is desperately trying to recover the custody of her four-year-old boy. To do this, NSC worked with two other UA agencies: Children's Services and International Social Services.

It all started when Mrs. X., hearing that there was a large Greek settlement in Cleveland, arrived here from New York to find a good attorney.

She first came to the United States in 1926, and settled in New York City. In 1958, she married a man from her native country. The couple had two children, a boy in 1959; and a girl in 1960. Neither party ever applied for citizenship papers. Shortly after the girl was born, the couple had marital difficulties which culminated in a separation in 1961.

Custody of the children was given the wife. Mr. X. was allowed to visit his son each Sunday and was not permitted to take him out of the house. However, around Christmas time he begged to be alone with his son and made such a scene that his wife consented.

Mr. X. and the boy hurried to the airport and took off for Greece. Desperate, Mrs. X. then came to Cleveland. — However, attorneys would not touch the case since the separation took place in New York. Mrs. X. then went to the Red Cross who referred her to NSC. NSC first discovered that the separation agreement was not legal. Meantime, the couple's New York attorneys suggested the case be handled by social agencies.

NSC then contacted International Social Services, a United Appeal agency which assists in personal, family and children's problems requiring service in two or more

countries. Another UA agency, Children's Services, completed the personal investigation of Mrs. X. which was then submitted to ISS.

Mr. X. refused to cooperate with the ISS branch in Greece. Relatives reported to Mrs. X. that the boy was losing weight and was being neglected.

"The only way my wife will get back the child is to come to Greece and work out a reconciliation", he said.

Mrs. X. would not hear of this. She wanted a divorce, but did not meet the residence requirements in Ohio.

NSC then contacted the American Consulate in Greece for help. The Consulate explained that Greek courts will honor a decree issued by U.S. courts concerning the custody of the child.

Mrs. X. was then referred to an American attorney who is now in the process of getting a divorce for her and has filed suit for custody of the children. If she is awarded custody, NSC will refer the case back to the American Consulate for litigation in Greek courts.

The case is expected to be completed this October, the same time that Greater Clevelanders will be helping support these United Appeal agencies that give such dedicated service to those needing help.

Found Excess Salt in Infants' Food

The scientist who believes salt in the diet over a long period of time can cause high blood pressure has demonstrated that many Americans begin their high salt diets during their infancies.

Dr. Lewis K. Dahl at the Brookhaven National Laboratory, Upton, N. Y., analyzed four brands of processed baby foods for salt content. Sixteen samples of strained meats such as ham, chicken, beef, veal and lamb, contained more salt than those meats contain before they are processed.

This also was true of 14 samples of strained vegetables. But strained fruits contained no more salt than unprocessed fruits.

From this, Dahl concluded that salt is added to these supplementary meats and vegetables for baby before they are canned. There is salt in baby's principal food, milk, he reminded.

Seven laboratory rats were nourished with canned baby foods, meats and vegetables mixed. Another 7 were nourished on the usual laboratory rat chow which contains very little salt. After four months, five of the seven babyfood rats had high blood pressure while blood pressure remained normal in the "controls".

Dahl said "the modern diet of infants" from jars and cans may well give babies a daily salt intake which on a pound-for-pound basis is comparable to the highest daily adult intake.

Bedsheets Needed

An appeal for bedsheets which have outlived their usefulness was made today by American Cancer Society workers here seeking raw material to make cancer dressings.

Volunteers in the Society's Cuyahoga Unit produce about 700,000 dressings a year. In addition to 649 cancer patients (at home), who received free dressings last year, the Holy Family Cancer Home in Parma was the recipient of 93,851 dressings over the past twelve months.

Clean sheets, preferably white, as well as sheeting, tablecloths, shirt backs and pillow cases, may be delivered to the Society's West

Side and East Side volunteer centers.

On the East Side, the address is 2917 Mayfield Road, Cleveland Hts., open Monday and Wednesday from 10 a. m. to 3 p. m. and from 7 to 8 p. m. Thursday only. The West Side center is at 11914 Detroit Avenue, Lakewood. It is open 1 to 4 p. m. and 7:30 to 9:30 p. m. on Wednesday, and from 3 to 7:30 p. m. on Friday.

St. Joseph High Juniors Will Participate in PSAT Testing Program

Juniors at St. Joseph High School will have the opportunity of participating in the College Entrance Examination Board's Preliminary Scholastic Aptitude Test (PSAT), which will be administered at the school on Saturday morning, Oct. 19, from 8:45 A. M. to 12:00 noon.

The PSAT is offered primarily as an aid in the guidance of high school juniors, and is comparable to the College Board Scholastic Aptitude Test (SAT) required for admission purposes by many colleges.

Parents are advised by Brother Martin M. Brewi, S. M. Guidance Director at St. Joseph High School "... every junior who is contemplating going to college should take the PSAT." The fee for the test is \$1.00.

Plans for admission of the test are directed by Mr. Robert Patton, Junior Guidance Counselor.

Parrot Sense

"Aha!" said the head clerk, "I'm glad to notice that you're arriving punctually now, Mr. Slocombe."

"Yes, sir. I've bought a parrot."

"A parrot. What on earth for? I told you to get an alarm clock."

"I got used to it and it didn't wake me so I got a parrot, and now when I go to bed, I fix the alarm clock, and put the parrot's cage on top of it. When the alarm goes off it startles the parrot, and then what the bird says would wake anybody."
