V Franciji so zaveznički ujeti ustih. Tako ga tudi fotografirajo na muho brez pipe. Nedavno pa je general dobil od neke Human Engineering Society v Newarku, N. J., pismo s pozivom, da naj on in njegovi letali opustijo kajence, češ, da s tem dajejo slab vzugled mladini. General je pisemo prečital, se nasmehl in si prizgal ugaslo pipo. Mož ve, da nikdar ne bo zmanjkalo omlednih reformatorjev, tudi takih, katere bolj skrbijo pohišanje s tobakom, kot zmaga nad našimi smrtnimi sovražniki.

CURRENT THOUGHTS

The Fifth War Loan has been concluded, however, any War Bonds purchased during the remainder of this month will be credited to this drive. So those of you who find that you can spare the price of an extra bond should buy it now and help swell the Fifth War Loan total. In this way you are indirectly placing another weapon in the hands of our fighting servicemen who are giving their all for liberty and victory!

Another campaign which is of greatest importance to all AFU members is our present Pre-Convention Membership Campaign. This campaign is also scheduled to close at the end of this month. New applications should be sent to the Supreme Secretary at the latest by July 31st to be credited to this drive. Let's go AFU members, let's help our Supreme Officers and delegates put this drive over the top with a bang. Now is the time to enroll those new members!

Speaking of drives, we cannot overlook the nationwide campaign for salvaging old papers. Our government needs your scrap papers. They will be put to good use to help along on the hard road to victory. Every true American can certainly take time to save and bundle up those old papers. Just a little bit of effort on everyone's part may mean a good deal in the final result. Every bit of paper now means another way to slap the enemy. So do your share by collecting and saving old papers and getting them to the proper agencies for disposal.

Subordinate lodges of our Union are now busy discussing, at their meetings, ways and means of improving our By-Laws so they will aid in promoting the growth and progress of our Union. Every member is entitled to voice his opinion at these lodge meetings. It is your privilege in this democratic country, in this democratic fraternal organization. All you need do is attend your regular lodge meeting. The more suggestions offered and discussed, the better the final conclusions which will be made. Many difficult problems can be solved if all members participate. The best suggestions can then be reported to the convention by your duly elected delegate. Perhaps not all will be approved, but ways and means will be found to incorporate the best ideas and plans into the new By-Laws. Therefore, members, attend your lodge meetings and take advantage of the privilege of speaking your thoughts on the subject. Every member is welcome and he presents his ideas in a sense of fraternal spirit with the thought in mind being the future welfare of our organization.

Thought For The Day

The proved stability of modern fraternal life insurance has caused increasing millions to look upon it as an unfailing source of dependable protection against the uncertainties of life.

CAMPAIGN BULLETIN

Reported by Anton Zbasnik, Supreme Secretary

Last week the following qualified for the convention honor badge: Janko N. Rogelj, Supreme President; Anton Krapenc, Fourth Supreme Vice-President and secretary of Lodge No. 70 of Chicago, Ill.; Joseph Pishler, secretary and delegate of Lodge No. 184 of Ely, Minn.; John L. Jevitz, president and delegate of Lodge No. 66 of Joliet, Ill.; Frances Kambich, delegate of Lodge No. 45 of Denver, Colo.; Frank Dezelan, delegate of Lodge No. 135 of Rices Landing, Pa.

The campaign will conclude on July 25th and all applications for membership should be at the Supreme Office at the latest by July 31st. The outlook of attaining 1,500 new members at this time does not look very favorable for some delegates who were pretty active in former campaigns, have not sent in their reports as yet, but I still have hopes that we will reach this quota.

AFU Juvenile Loses Life On Fourth of July

Eckhart Mines, Md. — Tragedy struck the home of Mr. and Mrs. Frank Muletz of this city on the evening of July 4th when their older son, Edward, was drowned in an abandoned reservoir. The youth had gone swimming with his younger brother, Charles, and a few companions when the accident occurred. It was two hours before the body was found. The divers were hampered by the low temperature of the water and his body was finally recovered by grapple hooks. A first-aid group applied artificial respiration and a pulmometer was used but all attempts to revive the youth were futile.

Eddie was 16 years old and a member of Lodge No. 187, AFU. He was the first juvenile to pass away in our lodge. His pleasing personality caused him to have many friends. He was very active in sports and was a member of the Frostburg Midget Baseball team. He would have entered the junior class at Beall High School in September. He will be greatly missed by his many friends and especially his family.

Besides his parents, Eddie leaves three sisters, Frances, Christine and Mary; and one brother, Charles, all at home.

Funeral services were held July 7th at St. Michael's Church with interment in the parish cemetery.

Lodge No. 187, AFU offers his family its sincere sympathy. May he rest in peace.

Attention Delegates

This is to answer all who have asked me to answer their letters about their lodging here while attending the convention.

The housing committee here is trying their very best to comply with the wishes of each individual as they requested in their letters or cards. The rooms in the hotels here are nearly all occupied so it may be necessary to place some who requested hotel rooms into private homes, but I'm sure they will not be disappointed.

Due to rationing of food there will be no meals served in private homes unless delegates themselves make arrangements after they arrive here, however let me assure everyone that the meals at the convention hall are already planned and whoever eats there will not be disappointed.

Fraternally yours,
Frances Yenko

HELICOPTERS USED ON BURMA FRONT

Burma. — Helicopters are being used in the airborne invasion of Burma by American units operating with the Third Tactical Air Force Eastern Air Command. The pilots flying them were selected from a group of volunteers in the United States and underwent a special course of training at the Sikorski Factory in Bridgeport, Conn. They arrived in India, by air, in January. With them came their helicopters, ground crews and technicians.

In the flights which they are making in support of the Allied

News of Collinwood Boosters

Cleveland, Ohio. — After a long absence from these columns, I find it my duty to write a few lines which have been requested by servicemen from far and near. These servicemen are always disappointed when they pick up a Nova Doba and fail to find any news from Cleveland. From Italy, Stan Barba and Bill Champa, in their letters, never fail to mention the lack of a Booster write-up; also Lud Laurich in England and Joe Champa in the States. These fellows read the other items but are more interested in their own lodge news and members.

The latest Booster member and also the newest adult member (who came from the Juvenile Department) is Tony Strazisar. Tony is a graduate of Collinwood High School who enlisted in the Navy Air Training service and is at present getting his first course at John Carroll University.

Shortly before Tony's enlistment another Booster also graduated from the same school and later joined the service. He is Frank Oberstar Jr. His dad was well known in the AFU Bowling League.

Joe Struna, one of the most popular Boosters of all times, enlisted in the Navy some time ago and is doing right well by himself in the service in the line of promotions. Joe held the office of president of the C. B.'s longer than any other member.

With all these fellows and some I mentioned previously being in the service, it is impossible for the Boosters to have any kind of shindig or even a team for sports. So let's keep our fingers crossed and pray this will be over soon and that we can again spin to the Slovenian polkas, knock down ten-pins, hit the ball over the fence and many other activities which will be possible when these fellows return.

Last but not least: Don't forget to write to the boys and to the Nova Doba!

Sgt. Evansich Dies of Wounds Received in Action

Tacoma, Wash.—Rudy Evansich, Technician 4th Grade, died of wounds received on April 8, 1944 while in action against the enemy. He entered the service on May 5, 1942 and received his basic training at Helena, Mont.

Brother Evansich was a member of Lodge No. 176, AFU of Tacoma, Wash. The deceased attended school in Ruston and worked at the Tacoma Smelter and Pacific Todd Shipyards before entering the service.

Brother Evansich is survived by his mother, Rose; his father, Joe, both members of the American Fraternal Union; four brothers, Pfc. Louis of the 134th Medical Battalion at Fort Lewis, Wash.; A/S Frank of the U. S. Navy at Farragut, Idaho; Mario of Seattle, Wash., and Joe of Tacoma, Wash. He also leaves two sisters, Rose Chekada of Tacoma and Mary Vlachisch of Seattle.

His father has been notified that Sgt. Evansich will be awarded the Purple Heart Medal posthumously by direction of the President.

The following letter was sent to his father giving details of his death:

HEADQUARTERS

First Special Service Force

My dear Mr. Evansich:

It is with deepest sympathy that I write to you in regard to the death of your son, T/4th Grade Rudy Evansich, who died on April 8, 1944 of wounds received that day.

At the time of his injury, Sergeant Evansich was with his company in the forward positions held by this Force. He was assigned to a daylight reconnaissance patrol, and in the fulfilling of its mission the patrol ran afoul of an enemy minefield, in which your son was severely wounded by the detonation of one of the mines. He was retrieved from this minefield and rushed to an aid station, where he died a few hours later.

The loss of your son is deeply felt in this command. While I fully realize the magnitude of your loss and the degree of your sorrow, I assure you that our feeling of loss can be second only to that of Sgt. Evansich's loved ones.

You can well be proud of the service that your son has given his country. He was a keen and efficient soldier and acquitted himself bravely against the enemy. He shall remain in our memory and shall inspire us in the fight against a ruthless and dangerous enemy.

Please accept my sincere and heartfelt sympathy for the irreparable loss you have suffered.

AFU Member Saw Service In Navy at 15; Received Discharge

Stanley Cvar, 16, son of Mr. and Mrs. Frank Cvar of Chisholm, Minn., entered the Navy June 16, 1943 and was given a medical discharge Dec. 17, 1943 after training at Farragut and seeing service in San Diego. He is a member of Lodge No. 30, AFU. He has two brothers in the service, Sgt. Edward who is somewhere in England and Cpl. Harry in North Carolina. All are members of the AFU.

The young sailor, who attained the rank of seaman, second class, was only 15 years old when he entered the service with the permission of his parents. So anxious was he to enter the service that he would have done anything to be accepted. "You're pretty young aren't you?" asked the recruiting officer. The youth admitted that he was but that he was very eager to see some action.

Much to his disgust, six months later the navy doctors discovered that he was troubled with asthma and compelled him to retire from the service. He was given a medical discharge and came home. Recently he joined the Legion Post here to become the youngest vet ever to be in the Post. He will work this summer and plans to resume school in the fall having completed his sophomore year in the Chisholm schools prior to entering the service. He has been signed up for membership in the local Junior Legion ball club.

REINFUSION OF RED BLOOD CELLS

The possibility that blood donors may be enabled to give their blood more frequently is indicated in a recent preliminary report on the reinfusion into donors of the red blood cells that are left after the plasma has been separated from the blood. Co Tui and A. M. Wright, New York, F. C. Bartter, Brooklyn, and R. B. Holt, Washington, D. C., say that the new technic offers the possibility of increasing the frequency of blood donations to the point where the entire plasma requirements of the armed forces might be obtained from a vastly smaller number of persons than is now possible under the system of eight week intervals between donations.

Practice Safety First | Did You Know That In Your Home

The National Safety Council states that more people are injured and killed on the home front by carelessness in and around the home than for any other reason. This carelessness is costly for human lives are irreplacable. It is up to each one of us to practise safety first around our homes. Little thoughtless acts such as leaving stairways cluttered up, loose stair treads, greasy spots on the kitchen floor, etc. are causes of home accidents. A little attention to such things means keeping someone from getting badly injured or killed outright. Make your home safe for your family.

We suggest you follow the safety rules listed below:

- Check all your electrical cords and repair those that need it.
- Keep staircases free of all obstacles.
- Keep matches and sharp instruments out of the reach of youngsters.
- Check your step-ladder to see if it needs reenforcement.
- Light up dark corners and stairways so you can see where you are going.
- Label plainly are medicine bottles so there won't be any errors as to what they contain.
- Never leave soap laying on the floor and wipe up immediately all grease stains you may have spattered on the kitchen floor.
- Keep inflammable liquids in a cool, dry spot.

Enrolling in the AFU does not add to your financial problems—it solves them.

Keep perishable foods in the refrigerator at all times when not in actual use.

Teach your children safety habits and set a good example by following them yourself.

Keeping in mind the above safety hints will make a safer home for you and your family.

Slovene Settlements in Wyoming

By A. J. T.

There are not many Slovene settlements in Wyoming, nor are they as large as compared to other Slovene settlements in the Middle West. The American Fraternal Union has three lodges in Rock Springs and one lodge in each of the following: Superior, Diamondville and Kemmerer. In Rock Springs are Lodges 18, 134 and 202; in Diamondville, 27; in Kemmerer, 28 and in Superior, 83. Lodge No. 28 which is now located in the town of Kemmerer was moved there from Sublet which was abandoned when the coal mine there was closed down.

Individual members of the Union whose names are found on the Nova Doba mailing list, live in the following communities of Wyoming: Green River, Thermopolis, Big Sandy, Boulder, Douglas, Fort Bridger, Big Piney, Sheridan, Cheyenne, Laramie and Mountain View. Larger groups of members live in Frontier, Hudson, Qualey and Reliance. The majority of Slovene settlements in Wyoming are in the southwestern counties of Sweetwater and Lincoln. Their county seats are in Rock Springs for the former and Kemmerer in the latter.

The largest Slovene settlement in Wyoming is undisputedly Rock Springs. Evidence of this is the fact that the American Fraternal Union alone has three lodges there in addition to other lodges which belong to other Slovene fraternal organizations.

If the author of this article is not mistaken, Rock Springs is also the only Slovene settlement in Wyoming which proudly boasts a Slovene national home.

The exact population of Rock Springs, Wyo. is not available to the author at this time. However, the Rand McNally World Atlas gives the number as 8,440. This data is pretty old and it is believable that the town now has about 10,000 inhabitants. As with all other Slovene settlements in America, we do not have any accurate number as to the number of the Slovene population in Rock Springs. Nevertheless Rock Springs is an old Slovene settlement as far as our immigration is concerned, for there were a decade ago exemplary Slovene merchants and businessmen there. Perhaps Rock Springs was the first settlement in the United States which ten years ago sent a Slovene to the State Legislature. This was the merchant, John Kosir, who is now deceased.

The Slovenes in Rock Springs have earned a good reputation as willing workers, thrifty, honest and hospitable people. It is significant that most of the immigrants were from the village of Skofja Loka or from the Poljanska valley or surrounding territories. Whenever your reporter visited among the countrymen there he heard the soft and melodious "poljanski" dialect and thought how beautiful must be those places in Slovenia where this dialect was born. Today you can still hear the echoes of the Poljanski dialect although many of the former Slovene immigrants there have moved elsewhere; some to the place of eternal rest, some to Idaho, Oregon, Washington, California and elsewhere.

The members of the American Fraternal Union, formerly the South Slavonic Catholic Union, will be interested in knowing that Rock Springs was the "home" of the former long-time Supreme Secretary, Joseph Pishler; who came there from the old country while yet a young man. For a while he was employed in the local coal company and later at the local bank; at the convention in 1916

he was elected Supreme Secretary of JSKJ. He took office in January, 1917 and held that office until the time of his death, Sept. 30, 1931. He was buried in Ely, Minn. His former wife, now remarried, lives in Rock Springs.

When your reporter first saw Rock Springs which was in 1910, it was small and almost primitive but full of life and the will to expand. It progressed from year to year and in 1938 when your reporter again had the opportunity to visit the city, he found the town almost modern. Of course it could have been more beautiful if it had not been built in the middle of arid territory, where even in normal years you have to water all vegetation so it does not dry up in the dry and windy air. In comparison with Rock Springs, your reporter recalls the town of Ely, Minn. which was, during the time of his first visit in 1913, small and somewhat primitive; today Ely is a beautiful, modern town a little smaller than Rock Springs, but more beautiful because it is built in prettier surroundings where rainfall in the summer time helps the vegetation to grow. The settlements in the dry places of the west don't have this except where they have the help of irrigation or scientific water power.

Nearby Rock Springs (if you figure according to the western custom where the settlements are far and few between) are the communities of Superior, Qualey, Reliance, Green River and others. All of these lead toward Rock Springs and their chief source of income is the coal industry. The more western Slovene settlements which also have coal mines as their chief industry, are Diamondville, Kemmerer, Frontier and a few others. These communities lead toward Kemmerer, which is a neat, small town and the county seat. Some communities in that vicinity have already turned into "ghost towns" while other new ones sprang up which are not known to your reporter. The author has not seen these places for over 20 years and in such a long time many changes are made, especially in the comparatively-young West. However, there must still be much Slovene life in and around Kemmerer and nearby towns for there are two active lodges of the AFU there, beside lodges of other Slovene organizations.

Leaders of the American Women's Volunteer Services have learned from official sources how attic hunts for old beads and "junk jewelry" are a real patriotic gesture. There have been cases reported in which boys, lost in the jungles, have been shown the way back to civilization after passing out a few beads and mirrors. G. I.'s MARKET FOR BEADS

What's happening in the bead world these days is as contradictory as other news from the distribution front. It seems that beads are saving the lives of G. I. Joes in tropical jungles of the Pacific area.

ELY REVIEW

By Margaret M. Startz

Pfc. Tony Stukel, 24, was slightly wounded in the action on June 7th in the South Pacific area, his mother Mrs. Anne Stukel was notified Friday by the War Department. Pfc. Stukel left the States on Christmas day 1942 landing in Australia some weeks later. He then was transferred to New Guinea.

Michael Evenocheck, former mayor of Winton and John Krall are in Washington, D. C. from where they will be sent to England to act as instructors in the use of American-made drilling machines. The two left Saturday for the nation's capital as members of a party of 12 men. They will spend one year to 18 months in Britain.

Dorothy Kobe and Edith Bohinc conducted a bicycle trip to White Iron Lake last week. The group left early in the morning and enjoyed a day of fun which included an inspection of the old section 30 mine.

Miss Marcella Zobitz of Tower, Minn. was a visitor here last week.

Last Sunday, while we were out at a cabin, we were suddenly surprised when someone shouted, "Look at the deer by the cabin." We found it to be tame and it had a red handkerchief tied around its neck. Some one suggested feeding it and brought out some bread. The deer came up to her hand and just smelled the bread and walked away. Then one of the men took out a cigarette and held it before the deer and in a few minutes the cigarette was chewed up; the deer didn't pass it up like it did the bread.

One of the onlookers was Marcella Zobitz who was lucky enough to have her camera along and take a picture of the deer. The afternoon was spent by some in the following manner: boat riding, fishing, swimming, card playing and dancing. How does it sound to you juveniles? I hope when the next convention rolls around you future delegates will be able to participate in these jolly times.

JUGOSLAV PATRIOTS DEMOLISH BRIDGE AS PROOF OF COMPETENCE

WASHINGTON — After traveling approximately 180 kilometers, partly over Nazi-held territory, demolition units of the 7th Corps of the Jugoslav Army of Liberation destroyed an important bridge on the railroad line between Ljubljana and Trieste, the Free Jugoslav radio said in a broadcast on June 27, reported to OWI.

The operation was carried out by Tito's order, the broadcast added, "as a test of our unit's striking power and tactical ability."

The bridge, guarded by strong Nazi units, is a vital point on the railroad line between Ljubljana and Trieste, over which as many as 80 transport trains pass daily with supplies for the hard pressed Nazis in Italy, the Jugoslav broadcast revealed.

Upon the completion of the mission, the newspaper "Dnevnik" of the Seventh Jugoslav Army Corps, published the following statement, the broadcast, as reported to OWI, said:

"As a representative of the British Army, I am proud to have had the opportunity of witnessing the operation of the 7th

Corps of the Jugoslav Army of Liberation and Partisan Detachments carried out on the Stampetov bridge on June 12.

"Allow me to express my thanks and congratulations to all those who participated in this operation which was particularly exemplary. Demolition of this important bridge is a serious blow to the enemy inflicted at a moment when he finds himself in a most grave position. This is undoubtedly of the greatest help to the 5th and 8th Allied Armies which are advancing in Italy."

"Never did have," was the indignant answer. "I wanted something for my wife. She's out there in the car."

JUGOSLAV FORCES GET SUPPLIES BY AIRPLANES

WASHINGTON — Allied supplies, including ammunition, food and books, are being sent to the Jugoslav forces of liberation in fleets of transport planes which fly over the German-held Adriatic coast, the BBC said in a recent broadcast reported to OWI.

A British correspondent at one of Tito's headquarters described how one of these fleets, escorted by long-range Spitfires, landed on a strip near the headquarters a few days ago. The correspondent said it was a "spectacular demonstration of the old section 30 mine."

Quoting the correspondent's account of these operations, the BBC added: "The unloading had to be completed in a limited time, but the whole operation was so perfectly planned that the departing aircraft still had two minutes to spare when they took off."

The Battle for the Balkans

A ROUND TABLE

Louis Adamic — Louis Dolivet — Josef Hanc — Sava N. Kosanovich
Bogdan Raditsa — Gaetano Salvemini — Victor Sharenkoff
Rustum Vambery — Basil Vlavianos — J. Alvarez Del Vayo

(Continuation) tional forces the question of borders will be solved easily.

Salvemini — The new atmosphere must be created. Without it nothing will be solved. But once this atmosphere is created, justice must prevail within it. And if justice is absent the atmosphere will vanish. It is not enough to want to be free. It is necessary also to be just. Freedom and justice are interlocked.

(To be continued)

"See here, waiter, there's an insect in my soup."

"Well, well, so there is. Wonder if it could be one of those vitamin bees we read about so much."

Vlavianos — Unfortunately they've done nothing to demonstrate their disapproval.

Sharenkoff — They have done something and they will do more.

Vlavianos — Let us hope they will.

Sharenkoff — The Bulgarian Underground asks the Greek people to unite with them in a struggle against the common enemy. Bulgaria's first problem is to free the country from the Nazis. After that we can work on other things which are more important. These underground forces are going to solve the Macedonian question very easily. If they are in power there will be no Macedonian problem.

Vlavianos — There is no Macedonian problem now.

Sharenkoff — If the reactionary forces are in control there will be.

Kosanovich — With a united, federated, truly democratic Yugoslavia the greatest part of the nationalist problems of the Balkans — Serbo-Croatian, Serbo-Bulgarian, Macedonian, Italian, Yugoslav — will be solved.

Adamic — Think of the new atmosphere.

Sharenkoff — The Macedonian question has been a question exploited by dynasties and the great powers. Foreign powers have, for instance, encouraged the Bulgarian dynasty — and have always come to its rescue. There will be no Macedonian question if democratic elements are in control and if they get the cooperation of the other Balkan countries. I think the democratic elements are in power now — Greek and Yugoslav Partisans and working with Bulgarian Partisans.

Vlavianos — Have you any information about that? I've not been able to find any important cooperation there. The prospect looks gloomy. It seems that the Bulgarian population — the peasants — have worked against the Greeks and the Yugoslavs because they have felt it to their interest to dislodge the Greeks from this part of the Balkans.

Sharenkoff — A year ago — in June 1942 — I heard from a friend of mine in Bulgaria. He described the attitude of the Bulgars toward the Serbians. He said the Bulgars disliked policing in Yugoslavia. Many soldiers were joining the Partisans.

Dolivet — Do you gentlemen think the Balkan conflicts can be solved by reconstruction and by resort to arbitration and plebiscites?

Kosanovich — If we put a stop to the revolutionary movement we'll never solve the problems of the Balkans. The reconstruction not merely of the Balkans but of the postwar world must be carried out not by diplomats but by men of the people endowed with vision and revolutionary courage.

Vambery — Exactly. If we support the democratic revolution

Tri podružnice so prispevale do \$2,000 in so upravičene do štirih delegatov. Podružnica štev. 39 v Clevelandu pa je prispevalo skoraj \$6,000 in je upravičena do maksimalnega števila 6 delegatov.

Poleg podružnic imajo pravico poslati po enega delegata na konvencijo tudi vse organizacije, ki so SANSu gromito prispele na pomoč, med njimi Slovenska narodna podpora jednota, Ameriška bratska zveza, Slovenska dobrodelenja zveza, Zapadna slovenska zveza in Slovenska ženska zveza. Ista pravica se je dala tudi nekatemer podružnicam JPO-SS in drugim ustavnim, ki so finančno podprtih SANSo gibanju. Upoštevane so vse organizacije, društva in skupine, ki so poslate svoje prispevke direktno SANSu.

Vsaka podružnica je pismeno obveščena, do koliko delegatov je upravičena, na podlagi števila prispevajočih članov, društev ali drugih skupin in na podlagi prispevane vstopne, in ima pravico izvoliti dotedno število delegatov.

Goebbelsova propaganda o sporazumu Tita-Šubašića

Ivanom Šubašićem, v katerem opisuje propagandistične načine, ki jih uporabljajo nacisti, da ujičijo med jugoslovanskimi narodi efekt tega sporazuma.

Rock Springs, Wyo. — V nazzanje delegatom! Sledče naj bo v odgovor vsem delegatom, kateri so me pismeno vprašali zaradi stanovanja za časa 17. redne konvencije ABZ.

Stanovanjski odbor skuša storiti kar more, da bo ustregel želi vsakega posameznika, kot so take želje izrazili pismeno. Sobe v tukajšnjih hotelih se že večnoma vse oddane, torej bo morada treba nekatere delegate, ki so vprašali za stanovanje v hotelu, nastaniti v privatnih stanovanjih. Prepričana pa sem, da nič ne bo razočaran.

Z ozirom na racioniranje raznih živil se delegatom, nastanjnim v privatnih hišah, ne bo serviralo hrane, razen, če se prizadeti delegati glede tega sami dogovorijo, ko pridejo semkaj. Za vse delegate, ki bodo želeli, bo servirana hrana v konvenčnem poslopu, in potrudili se bomo, da bo boži naši gostje pošteno postreženi. Sestrski pozdrav! — Za konvenčni pripravljalni odbor:

Frances Jenko.

Sharon, Pa. — Letošnje razprave o pravilih niso tako živahne kot so bile pred drugimi konvencijami, čimer je najbrže vzrok dejstvo, da je naše članstvo zelo zaposleno. Kljub temu bi bilo želiti nekoliko več zanimanja v tem oziru, ker pravila, sprejeta na prihodnji konvenciji, bodo veljavna za štiri leta, vojna pa bo prej končana; vsaj tako vti upamo.

V naslednjem naj navedem nekaj priporočil za prihodnja pravila. Glavni predsednik naj 30 dni pred konvencijo izbere poverilni odbor, ki naj se snide en dan pred konvencijo, in vsak član tega odbora naj bi bil iz druge države.

Glede točke 65 bo najbrž precej razprave na konvenciji, toda po mojem mnenju naj bi ostala neizpremenjena. Vsak član naj pride na sejo in glasuje na seji. Po vojni bomo imeli dovolj časa posečati seje. Uradno glasilo naj izhaja tako kot dosegaj; na šestih straneh in po potrebi na osmih. Urednik si gitoovo ne želi napravljati več dela kot je potrebno, in, če se odloči za izdajo lista na osmih straneh, stori to pač iz vzroka, da važno gradivo ne zaostaja. Društveni tajniki pa naj sodelujejo z upravnostim v priporočajo članom, kjer jih je po več v družini, da se nekateri odpovedajo svojim iztisom; tako se da nekaj prihraniti na papirju.

Za padlimi člani-vojaki naj se izplačajo polne smrtnine, to je, da kolikor so bili zavarovani; izplačajo naj se tudi za nazaj, to je za tiste, katere še krijejo sedanja pravila. Ako bi bile izgube velike in bi bila v nevarnosti naša solventnost, naj se v to svrhu razpiše izreden asesment na članstvo.

V točki 323 naj se besedilo prvega odstavka izpremeni sledče: "Ako član vstopi v armando, mornarico ali zračno službo Zedinjenih držav, je še vedno lahko zavarovan za bolniško podporo in je do iste upravičen, dokler je na ozemlju ali teritoriju Zedinjenih držav, neglede, če je prostovoljno stopej v takoj službo glej bi bil voklican." Ostali del točke naj ostane kot je sedaj.

nom naj bi bilo dovoljeno predložiti zdravniško izpričevalo za 60 dni skupaj. To iz vzroka, ker taki člani so upravičeni le še do nekaj malega podpore, in zdravnik v zavodih neradi izpoljuje take listine.

Glede bolniških obiskovalcev naj se določi, da mora biti bolnik obiskan dvakrat na teden.

Točka 339 se mi zdri kako stakopitna, ker napravlja bolnega člana skoro sužnja za tisti dolar ali 50 centov dnevne podpore. Točka naj določa, da bolničan ne sme obiskovati lokalov, kjer se toči opojna piha ali se igra za denar, ali hoditi na javne zabave. Vse drugo naj se črta. Meni se ne zdri pravilno, zakaj ne bi smel član, ki je morda pobit na roki, obiskati soseda, ali iti na sejo ali v cerkev, če ga veseli. Samo sediti doma je nepotrebno kazen za človeka, ki je vsled poškodbe začasno izgubil delo in zaslužek. Tu bi lahko članu brez škode dovolili nekoliko več prostosti in se izkazali bolj bratske napram bratom.

Duluth, Minn. — Več tednov sem preživel na našem železničnem okrožju severno od Dulutha, in neki delegat, ki prihodnji mesec odpotuje v Rock Springs na konvencijo ABZ, me je naprosil, da mu uredim potrebno za pot iz Dulutha v konvenčno mesto. Pri urejevanju tega sem se prepričal o težavah in stroških potovanja v teh vojnih časih. V našem glasilu ni zelo veliko razprav o bodočih pravilih, in čas beži. Kot svoječni odborniki organizacije povem tu nekaj svojega mnenja.

Po mojem mnenju naj bi bil predsednik glavnega porotnega odbora v Minnesota, če mogoče v Duluthu ali St. Paulu. To iz vzroka, ker pismeno dogovarjanje in pojasnjevanje vzame včasih dosti časa. Včasih bi bilo potrebno, da bi se posvetoval z glavnimi odborniki pri letnih ali polletnih sejah. Ustremno se marsikaj lažje pojasi kot pismeno. Glavni urad je v Elyu, Minn., in Duluth in St. Paul sta primeroma bližu. V velika mesta pošta večkrat prihaja kot v Ely. Zadeve bi se hitreje rešile in prihranilo bi se na poštnini. Če bi pa potoval na Ely iz St. Paula ali Dulutha, bi bili tudi malo vozni stroški.

Dalje mislim, da bi bilo umestno opustiti ali pa vsaj zmanjšati število glavnih podpredsednikov; ali pa naj ne bi vsi gl. podpredsedniki prihajali na letne in polletne seje. En do sedanju gl. podpredsednik živi na Elyu, pa še isti se je udeležil le malo sej. To samo bratsko omenjam. Gre se za to, da se kaj prihrani pri vojnem. Z opustitvijo nekaj podpredsednikov bi se na ta način nekaj prihranilo. Pomniti moramo tudi, da je v teh vojnih časih težava s transportacijo in ni vselej prostora na vlakih. Lahko se zgoditi, da bo kak delegat prišel na konvencijo v Rock Springs, ko bo konvencija že minila, posebno, če bo, kot našeravano, zaključena v štirih dneh. Zakaj bi obremenjali železniški promet bolj kot je potrebno? Torej, manj podpredsednikov naj bo v bodoče ali pa naj ne prihajajo vsi na odborove seje. Toliko kot jih je zdaj, iih ABZ ne potrebuje.

Pittsburgh, Pa. — Glede zapisnika zborovanja federacije društev ABZ v zapadni Pennsylvaniji, ki se je vršilo 25. junija 1944 na Centru, Pa. —

Zapisnikar je potoma nepravilno zabeležil sprejetu pripombe, tikajoča se tocke 312-A, nanašajoča se na plačevanje bolniških podpor. Glasiti bi se moralno, da naj bi bili člani, ki so deset let v organizaciji, deležni 90 dni bolniške podpore; do 20 let, 120 dni; od 20 do 30 let, 150; za članstvo 30 let ali več, 180 dni. To je dodatek k zapisniku in obenem popravek od strani zapisnikarja.

Vincent Arch, zapisnikar.

Cleveland, O. — Vsa društva Ameriške bratske zvezve v državi Ohio so vabljena, da pošljajo svoje zastopnike na federacijsko sejo, ki se bo vršila v nedeljo 30. julija 1944 v Slovenskem narodnem domu na St. Clair Ave., Cleveland, Ohio. Seja se prične točno ob 11. uri dopoldne. Vsi udeleženci so prošeni, da pridejo točno ob času. Društva naj poskrbe, da pridejo na to sejo društveni zastopniki in izvoljeni, delegati, ker na seji se bo razpravljalo o izboljšaju pravil in v drugih zadevah. Delegati naj bi se o nameravanih izpremembah pravil dogovorili pred konvencijo, da se bo manj časa porabilo na konvenciji. Kot znano, so se društva z večino izrazila, da naj se konvencija konča v štirih dneh. K sklepnu še enkrat opozarjam delegate in zastopnike društev, da pridejo na zborovanja v nedeljo 30. julija točno ob določenem času. Bratski pozdrav! — Za federacijo društev ABZ v državi Minnesota:

John Lamuth, tajnik-blagajnik.

POLOŽAJ V HRVATSKI
Po poročilih švicarskega lista Gazette de Lausanne ima hrvatski poglavnik Pavelič nekaj oblasti samo v Zagrebu in kakih 60 milij v okrožju. Mnogo ustaški čet izven tega okrožja je prestopilo k partizanom. Prebivalcem mesta Zagreba je prepovedano zapustiti mesto brez posebnega policijskega dovoljenja. Železniške proge med Zagrebom in Beogradom, med Zagrebom in Splitom ter med Zagrebom in Budimpešto neprestono napadajo partizani. Edina kolikor toliko varna proga je med Zagrebom, Zidanim mostom in Dunajem, katero neprestano stražijo močni nemški vojaški oddelki. Na letalski črti med Zagrebom in Splitom so bili prvotno uposleni ustaški piloti, toda jih je toliko pobegnilo, da jih je bilo treba nadomestiti z nemškimi piloti.

NERVOZNOST V PRUSIJI

Švedski listi poročajo, da je zavladala velika nervoznost med Nemci v Vzhodni Prusiji, odkar se je ruska fronta tako približala tej nemški provinci, da se sliši grmenje ruskih topov v Nemčiji. Nihče ne sme zapustiti province brez posebnega dovoljenja in vse ceste ob meji so podminirane. Dalje je bilo iz Vzhodne Prusije premeščenih v notranjost Nemčije okrog 300,000 inozemskih delavcev, da bi se v primeru ruskega vpada ne uprli Nemcem za hrbotom. Nemške ženske in otroci v Vzhodni Prusiji morajo biti vsak čas pripravljeni za odhod proti jugu Nemčije in vsa mladina je mobilizirana za čim hitrejšo pospravo pridelkov.

DENARNI PROBLEMI

V Bretton Woods, N. H., se vrši konferenca finančnih eks-

pertov Združenih narodov, ki se bavi z načrtom mednarodnega denarnega prometa po vojni. Vojna je ves svetovni denarni sistem spravila iz reda in treba bo urediti in finančno podkrepliti novega, da se bo mogla spet razviti redna mednarodna trgovina.

NIČ VEČ BAHANJA

V svojih zadnjih dveh govorih se Hitler ni nič več bahal, kako bodo Nemci premagali vse sovražnike in vladali svetu vsaj tisoč let, niti ni več podcenjeval moči demokratičnih držav. Mesto tega je skoro jokavo apekral na nemško ljudstvo, naj stoji za njim, ter na nemško vojno industrijo, da poveča produkcijo. Dejal je, da v teh kritičnih dneh se odlöča usoda Nemčije, in priznal je celo, da tehnika in produkcija "gnilih demokracij" včasi dosegna nemško in v posameznih primerih do celo presega. O zavojevanju sveta ni več govoril, pač pa o obrambi Nemčije. Zmage zavezničev na vzhodu, jugu in zpadu so ga ozdravile bahanja.

HISE IZ GLINE

Nacistička radio-agencija DNB poziva prebivalstvo bombardiranih nemških mest, naj si za silo zgraditi hiše iz ilovice. To da je potrebno, ker primanjkuje običajnega gradbenega materiala. Iz gline zgrajene hiše so pokazale svoje vrednost že pred
