"Šparovček" ukraden

Neznani tat je ukradel velik rdeč "šparovček", v katerega je Miss Julija Kassay, stara 29 let, stanujoča na 5210 St. Clair Ave., skozi dolgo let spuščala desetice. V njem je bilo \$393. Denar je nedavno preštel, ker ga je nameravala rabiti, da plača račun pri dentistu.

Lep "prijatelj"

Lee Harrison, star 21 let, in Virginia Evans, stara 18 let, iz 2374 E. 85 St., sta prihranila \$130. To je imel biti začetek za zakon, v katerega sta nameravala v kratkem stopiti. Včeraj ju je obiskal neki prijatelj, ki je vedel za denar in ju z revolverjem prisilil, da sta mu ga izročila. Polcija je tega "prijatelja" kmalu potem aretirala, ampak denarja pri njem ni našla, kar pomeni, da bo mladi par moral s poroko počakati.

Italija prosi za nujno pomoč v hrani in kurivu

Razmotriva se o predlogu, da se kongres skliče na izredno zasedanje v zvezi s položajem v Evropi

WASHINGTON, 4. septembra—Italija je naslovila na Zedinjene države prošnjo za nujno pomoč v hrani in kurivu, pravijo danes obveščeni krogi.

Istočasno, ko je Italija zaprosila za nujno pomoč, pa ameriški uradniki razmotrivajo o predlogu, da se skliče kongres na izredno zasedanje v zvezi z ekonomskim položajem Evrope. O tem pa bo odločil predsednik Truman, ko se bo vrnil iz Brazila.

Državni podtajnik Robert A. Lovett je izjavil, da se ekonomski položaj Anglije, Francije in ostalih evropskih držav slabša bolj naglo kot pa se je pričakovalo.

Diplomatični viri pravijo, da je Italija obvestila Zedinjene države, da mora imeti takojšnjo finančno pomoč, da lahko kupi hrano in kurivo za prihodnje štiri mesece. Apel za nujno pomoč je vložil italijanski ambasador Alberto Tarchiani koncem preteklega tedna, ko je državni podtajnik Lovett pojasnil ekonomski položaj Italije. Italijanski ambasador je povedal Lovettu, da njegova dežela nima nobenega sklada in da bo morala črtati pogodbo za kupovanje premoga. (Doselej je Italija uvažala iz Zedinjenih držav 700.000 ton premoga vsak mesec).

Tarchiani je tudi poročal, da je vsled slabe žetve in drugih težav Italija bila prisiljena potrošiti vsak dolar, ki ji je bil na razpolago.

Vpoštevala se bo "komunistična nevarnost"

Nekateri ameriški uradniki, ki ne puščaj z vida težak položaj v Franciji in Angliji, so dali vedeti, da smatrajo težave, v katerih se nahaja Italija, za najbolj nevarne in sicer vsled komunistične stranke, ki bi lahko, v zvezi s pomanjkanjem hrane in premoga v Italiji, pridobila na moči.

Ti krogi pravijo, da imata Francija in Anglija rezerve zlata in dolarjev, medtem ko se Italija že nahaja na "dnu soda."

Najdražje gradbeno dovoljenje izdano

Včeraj je gradbeni oddelek občinske uprave v Parmi izdal eno najdražjih stavbenih dovoljenj v zgodovini širšega Clevelanda, ko je General Motors Co. plačala \$4.255, ko ji je bilo izdano dovoljenje za gradnjo nove Chevrolet tovarne, katere se bo nahajala v dotičnem predmestju. Tovarna bo zavzemala 40 akrov površine in bo veljala \$7.023.602.

Največje tako dovoljenje, ki je bilo kdaj izdano v Clevelandu, je bilo ono leta 1925, ko se je začela gradnja novega clevelandkega Union kolodvora. Bilo je za vsoto \$8.500.000, ampak mesto je računalo zanj samo \$1750.

LIE PRIČAKUJE, DA SE BO RUSKO-AMERIŠKA NAPETOST ZMANJSALA

LAKE SUCCESS, 4. septembra.—Generalni tajnik Združenih narodov Trygve Lie je danes izrazil vero, da se bo rastoča napetost med vzhodom in zapadom, oziroma med Rusijo in Ameriko, v bližnji bodočnosti ublažila, in da bodo vsaj poglavitna nesoglasja, ki ovirajo svetovno sodelovanje, odpravljena.

Lie je podal svoje optimistično mnenje v zvezi s pripravami za zasedanje splošne zbornice Združenih narodov, ki se prične tukaj čez dva tedna. Splošna sodba namreč je, da je od tega zasedanja odvisno, da li bo šla nova mednarodna organizacija na kose ali pa bo šla naprej.

51-letnega Norvežana, ki je poglaviti civilni službenik Združenih narodov, opogumlja zlasti dejstvo, da je Sovjetska zveza pred nekaj dnevi odobrila mirovne pogodbe z Italijo, Madžarsko, Bolgarijo, Romunijo in Finsko.

Lie se strinja z Marshallovim načrtom za obnovo Evrope in prepričan je, da Zedinjene države morajo še nadalje pomagati svetu. Vsaka drugačna politika bi imela po njegovem mnenju katastrofalne posledice.

Francija bo tudi omejila uvoz iz Zedinjenih držav

PARIZ, 2. septembra—Minister obrambe Andre Philip je izjavil, da je francoska vlada odločila omejitvi dolarski uvoz na najbolj potrebne stvari, da se tako izogne ekonomskemu polumu.

Na časnikarski konferenci je Philip izjavil, da je položaj istotako obupen kot v Angliji in da bo prišlo do katastrofe, če se ne podvzamemo podobne mere, kot jih je podvzela Anglija.

Na vladni seji, ki se je vršile preteklo sredo, je bilo sklenjeno, da se izključi uvoz vseh luksuznih predmetov in da se iz Zedinjenih držav odslej uvaža samo premog, žito, maslo in olje.

Z novo odredbo bo znižan tudi uvoz gasolina in mašinskega orodja.

Zabava bivših vojakov

Nocoj se bo v Slov. nar. domu na St. Clair Ave. vršila prva velika priredba bivših vojakov, ki so si organizirali klub pod imenom "Gay Knights". Veselica nocoj bo posebna v tem, da bo godba igrala neprestano ves večer, in sicer boste dve godbi na razpolago, Joe Kauchnikov orkester in Johnny Richard's Ambassadors. Fantje se priporočajo za obilno udeležbo.

Sorodnike išče

Ameriški rdeči križ bi rad zvedel za naslove Jova in Steve Madjarac, ki sta nekoč živela nekje v Pennsylvaniji. Zanj površuje Djuro Madjarac iz Hajtić, Glina na Hrvatskem. Ako sama to čitata ali pa če je komu znan njiju naslov, naj se sporoči na omenjeni urad na 1227 Prospect Ave., Cleveland 15, O. tel.: Superior 1800, Extension 366.

Bender obtožuje Trumana, da izziva umetne mednarodne krize

V Jugoslaviji je osnovano društvo "Združeni narodi"

BEOGRAD, 1. septembra.—Daies se je tu vršil sestanek, na katerem je bilo osnovano društvo "Združeni narodi". Za predsednika društva je bil izvoljen Vladimir Simić, predsednik Federalnega sveta parlamenta.

V svojem govoru je Simić izjavil, da je društvo bilo osnovano, ker so "reakcionarne in uničujoče sile ponovno dvignile glave."

Na sestanku je govoril tudi urednik neodvisnega dnevnika "Politika" in predsednik odbora za umetnost in kulturo dr. Vladimir Ribnikar, ki je med ostalim rekel, da so zapadne sile sprožile "premišljeno kriminalno kampanjo, da uničijo principe Ustavne listine Združenih narodov."

Ribnikar, ki je odrejen za jugoslovanskega delegata pri Združenih narodih, je nadalje rekel, da je potrebno "voditi odločno borbo proti tistim reakcionarnim silam, ki javno in brezobzirno podžigajo na novo vojno."

V odboru organizacije se nahajata med ostalimi tudi dr. Andrija Štampar, sloviti delavec na polju javnega zdravja in Anton Augustinčič, kipar mednarodnega slovesa.

Rojak toži znanega baseball športnika

Tožbo za \$25.000 odškodnine proti Joe Gordonu, drugemu "basemanu" pri profesionalnem baseball klubu "Indians", je vložil včeraj mladi rojak Edward Gabrenja iz 91 E. 197 St. v Euclidu. Gabrenja, ki je 23 let star, pravi, da ga je Gordon v nedeljo zvečer na domu njegovega strica na Lakeport Rd. dejansko napadel, mu zbil en zob in omajal dva, ker mu ni hotel pokazati izkaznice za avtno vožnjo.

Kakor pripoveduje Gabrenja, je športnika očividno ujezilo, ker ga je tekmo vožnje na Lake Shore bulvardu z avtomobilom prehitel, nakar da mu je sledil na dom strica in ga tam napadel. Slednji je pred napadom Gabrenju pokazal znak zasebnega policijskega društva "Fraternal Order of Police", ampak Gabrenja mu izkaznice ni hotel pokazati, ker je smatral, da more to zahtevati le policaj.

V stadionu, kjer so snoči igrali "Indians", ni Gordon glede vlozene tožbe hotel podati nobene izjave.

V NEMČIJI SE VRSI OBRAVNAVA PROTI JUDOM

HANNOVER, 4. septembra.—Trieje poljski Judje in en Nemec so bili postavljeni pred angleško vojaško sodnijo na podlagi obtožbe, da so v bližini Hannoverja pretekelega junija uničili neki angleški vojaški vlak.

Obraavnava se vodi v tajnosti, ker se angleški uradniki bojijo, da bi se z javno obravnavo nagane, da vzročilo nemire med Judi, ki se nahajajo v angleški okupacijski zoni.

Zahteva, da kongres preišče delovanje "Trumanove doktrine"

WASHINGTON, 4. septembra—Kongresnik George H. Bender iz Clevelanda je danes proti predsedniku Trumanu naperil obtožbo, da premišljeno ustvarja sintetične (umetne) mednarodne krize, ker želi ustvariti položaj, v katerem bodo njegovi pristaši pri volitvah prihodnje leto mogli argumentirati, da bi bilo nevarno za Ameriko, če bi se v takšnem položaju spreminjalo vodstvo vlade.

Kongresnik Bender, ki je eden izmed redkih republikancev, ki dosledno napada Trumanovo zunanjo politiko, je izjavil:

"Sedanj zunanjo politiko predsednika Trumana si morem razlagati samo na en način. Njen cilj je zgolj političen—prehajati iz ene mednarodne krize v drugo, z namenom, da samega sebe postavi na stališče kot vodja, katerega bi narod ne smel zapustiti, ker se dežela za vse praktične svrhe nahaja v vojnem stanju."

Zahteva, da se izvrši preiskava obeh doktrin

Bender je izjavil, da je zahteval od predsednika kongresnega odbora za določanje izdatkov John Taberja, da se podvzame temeljita preiskava "Trumanove doktrine" in "Truman-Marshalllove doktrine," kot je označil "Marshallov načrt."

Več kongresnih odborov je že pričelo vršiti preiskavo v zvezi z Marshallovim načrtom za obnovo Evrope in programom, katerega cilj je, da v Grčiji in Turčiji "pobija komunistično nevarnost."

Bender je obelodanil svoje pismo Taberju, v katerem je med ostalim rekel:

"Prepričan sem, da bi se v interesu miru in ekonomične vlade morala v bližnji bodočnosti obrzdati brezobzirna politika zunanjih izdatkov Trumanove administracije."

"Potrebno pa bi tudi bilo, da se zavzre splošno Trumanovo politiko militarizma in obsežnih vojaških izdatkov in da se mednarodne ekonomske obljube omeji na resnično trgovinske kredite za ameriško blago."

Zedinjene države se vmešale v izbero grškega premierja Bender je izjavil, da akcije Zedinjenih držav v Grčiji dokazujejo "upornost, s katero predsednik in njegova administracija sledijo smernicam svoje politike na škodo našega prestiža kot dežele in na škodo svetovne-nega miru."

"Pred nekoliko dnevi je Trumanova administracija pred celim svetom dokazala svoje vmešavanje v notranje zadeve Grčije, ko se je odprto vmešala v izbiranje grškega premierja in članov njegove vlade."

Bender je rekel, da evropske države niso imele proste roke, da bi ustvarile načrte za ekonomsko obnovo in da Trumanova administracija predlaga, da po svoji lastni uvidenosti ustvari predloge, katere "nam bo predložila v kongresu."

"Tako bi se kongres znašel pred težko alternativo, da zopet odobri nov razpisen načrt za posredovanje v mednarodnih projektih ali pa, da ta načrt zavzre, potem ko so bile tuje države dejansko s polenom nagnane, da ga sprejmejo v baš taki obliki kot vztraja državni oddelek," je poudaril Bender.

Muslimani svariijo Američane, naj gredo iz Indije

LAHORE, Pakistan, 4. septembra—Proti-ameriško razpoloženje je postalo nevarno v glavnem mestu muslimanske Indije. Ameriški trgovci se pripravljajo na odhod v strahu, da bi se sovražstvo proti siktom in hindujcem moglo proširiti tudi na njih.

Muslimani že odprto grozijo Američanom in jih podijo iz Indije. Grozijo tudi Angležem in ostalim Evropecem, toda za enkrat so glavna tarča Američani. "Sedaj, ko smo očistili deželo Siktov, jo bomo očistili tudi vas Američanov," je rekel neki nižji uradnik Pakistana uradniku Goodyear Tire & Rubber Co., George Parkerju, ki je doma iz Nahanta, Mess.

"Mi imamo že vsega preveč, ko vas vidimo, kako živite v luksusu, dočim na milijone muslimanov strada. Če ne odidete iz Indije, bomo tudi vas začeli pobijati," je rekel dotični uradnik.

Amerika prodala 210 vojaških letal

WASHINGTON, 4. septembra—Zedinjene države so prodale 1.841 letal, ki so bila izdelana v deželi. Med temi se nahaja 210 vojaških letal, katere se je prodalo zunanjim državam v teku prvih šest mesecev tekočega leta.

Aircraft Industries Association poroča, da so vsa vojaška letala bila poslana v južno ameriške države in Čiangovo Kino.

Izkupilec prodaje surplusnih vojaških letal je prinesel \$2.069.000 in kot pravijo uradniki, je prodaja v skladu s politiko Zedinjenih držav, "da se oskrbi prijateljske države, posebno v zapadni hemisferi."

ITALIJANOM SE NE LJUBI PODPISATI MIROVNO POGODBO

RIM, 4. septembra—Italija je ratificirala mirovno pogodbo, ki so jo zavezniki ustvarili za njo, toda sedaj pa ni nobenega, ki bi uradni dokument podpisal.

Začasni predsednik Enrico de Nicola noče pogodbe podpisati, češ, da je že podpisal uradni dokument, s katerim je pooblastil vlado, da mirovno pogodbo ratificira.

Premier Alcide de Gasperi je po posvetovanju s člani vlade izjavil, da bo dokument podpisal zunanji minister grof Carlo Sforza. Sforza pa pravi, da iz te moke ne bo kruha in da je to posel za de Nicola.

GAY KNIGHTS SPONSOR PRE-AUTUMN DANCE TONIGHT

Tonight is the nite for a Gay Nite with the Gay Knights! The place is your favorite rendezvous—The Slovenian Home, St. Clair Avenue and East 65th Street. The directors of the Home have treated you to a newly decorated dance hall. We will try to keep in step with the mode by presenting a dance with a few ideas new to the Home dances.

Continuous music will be made possible by Joe Kauchnik's Orchestra and Johnny Richards' Ambassadors. Joe has enlarged his popular trio to a five-piece orchestra. Each orchestra will play one-half hour intervals. With an undertaking of this sort, confusion is bound to arise. To eliminate this, a dance program is our solution. Each orchestra will have a musician's esel upon which will be placed their half-hour selections. They will play three sets (three songs to a set) during their time on the stage. Since each set will be posted and numbered on the esel, there will be no need to wait until the orchestra begins to play to find out whether or not it is a polka or a fox-trot.

We are hoping to have a loud-speaker in the Annex so that you will know exactly what is going on in the hall. While taking a brief sojourn in the Annex, even at dances which had intermissions, we have and probably you, too, missed numbers simply because we couldn't hear what was being played in the auditorium.

Now that you have had that cooling drink, let us return to the dance hall. Did you, too, get lost in a stag line? Next year may be leap year, but this is still a man's year. It is for them that we will have two robber's dances. There is your chance men—and if you're still not dancing after this—just follow the narrow corridor to cool refreshments. Remember girls, there is no objection to you partaking in the spirit of the robber's dance.

Yes, this evening is the one you will be able to dance the entire nite without one break for intermission. Continuous music will begin at 8:30 p. m. You'll be there—won't you?

RESOLUTIONS PASSED BY THE SANS CONVENTION

(Continuation)

Discrimination Against Yugoslav-Americans

The Immigration and Naturalization Service in Youngstown, Ohio, is attempting to prevent the naturalization of Yugoslav-Americans in Farrell, Pennsylvania, because of their membership in certain social, cultural, and fraternal organizations. This interference with the naturalization for citizenship solely because of their membership in social, cultural, and fraternal organizations is an attempt to terrorize non-citizens and to deprive them of their democratic rights under the Constitution of the United States.

The Immigration and Naturalization Service in Youngstown, Ohio, has threatened two naturalized citizens — Frank Berkovich and Anton Evakich—with the revocation of their citizenship because of their progressive leadership in the Yugoslav-American community in Farrell. The questioning of American

citizens by the Immigration and Naturalization Service on any matter not connected with the use of fraud in their actual naturalization is illegal, brazen, and autocratic and an unwarranted deprivation of a citizen's rights and privacy.

The discrimination against Yugoslav-Americans in Farrell is an attack on the status and welfare of foreign-born Americans and their organizations and jeopardizes the democratic rights of all Americans.

The Convention of the Slovenian American National Council.

SNPJ NEWS AND COMMENTS

—J. F. Fifolt—

S. N. P. J. Recreation Farm:—

Crowds numbering in the thousands came out on opening day at the S. N. P. J. Recreation Grounds, Sunday August 24th, to pay tribute to the host of workers that made possible the building of the new hall, second to none in the country. Just about every individual prominent in fraternal activity was present. Representing the S. N. P. J. were Supreme Board members, Matt Petrovich, Rudy Lisch, Louis Kaferle and the writer. Practically every lodge with the exception of a few, had their corp of workers on the scene from early morning until late at night.

The Comrade girls with the help of others took charge of the hall decorations, which blended perfectly with the American, the Yugoslav and the S. N. P. J. Flags. The list of names of workers is too long to even start mentioning them. The early morning preparation for the bars, the kitchen and around the grounds presented a scene of feverish activity.

The hero of the day proved to be none other than Shorty Zadel of the Loyalties. Not only did he perform before the mike but also did a nice job of selling leis and gathering in the dollars. Mrs. Gorjanc, Mrs. Bostal and

RESOLUTIONS PASSED BY THE SANS CONVENTION

(Continued from page 7)

cil, held in Cleveland, Ohio, May 30 and 31, 1947, therefore condemns as un-American the attempted terrorization of Yugoslav-Americans in Farrell, Pennsylvania, by the Youngstown Office of the Immigration and Naturalization Service.

The one hundred forty-two elected delegates and officers of the Convention protest the illegal questioning and persecution of naturalized American citizens in Farrell by the Immigration and Naturalization Service and urge that those non-citizens of Farrell who have applied for American citizenship be given a fair hearing. We insist that they are entitled to speedy and unbiased consideration of their application for American citizenship.

We also call on the United States Commissioner of Immigration and Naturalization to publicly investigate the Youngstown, Ohio, office of the Immigration and Naturalization Service and put an end to its illegal and terroristic practices.

American Slav Congress

The second regular Convention of the Slovenian American National Council, held in Cleveland, Ohio, May 30 and 31, 1947, is joyfully cognizant of the progress achieved by the American Slav Congress and it hopes that its membership drive will fully succeed. As in the past, the Slovenian American National Council shall to the best of its ability support the work of the Congress and cooperate in its activities motivated from similar aims and purposes as cultivated by the Slovenian American National Council and whose principal aim is the mutual understanding and friendly relations between the United States of America and the liberated Slav countries as the strongest security of the lasting peace and prevention of a new world conflict.

The United Committee of South Slavic Americans

The Second regular convention of the Slovenian American National Council, assembled in Cleveland, Ohio, on May 30 and 31, 1947, recognizes the fact, that the United Committee of South Slavic Americans has performed a distinguished service by informing the general American public and the official circles about the factual conditions existing in Yugoslavia during the time of war and after the victory was achieved, and it thus accomplished a great contribution toward the establishment and strengthening of friendly relationship between the two countries as one of the important conditions for the security of a lasting peace.

The Slovenian American National Council is cooperating from the very beginning to the best of its ability with the United Committee in all phases of its activities and it is the opinion of this Convention that the United Committee should continue its functions in the present serious time and resist the ever more daring reaction and warmongering.

The Convention declares that as soon as its financial position weakened on account of relief and other activities attains satisfactory improvement, the Slovenian American National Council shall to the extent of its ability and in proportion to the contributions of other South Slavic groups also materially support the important activities of the United Committee.

Anti-Labor Legislation

The victory of the democratic alliance over the aggressive Nazi-fascism and Japanese militarism is undoubtedly the greatest and the most meaning event of the current century. There is likewise no doubt that in order to attain this victory, the greatest contribution was made in addition to the armed forces by the organized labor which produced the war supplies of all kinds, and because of the emergency for the procurement at least temporarily waived many of its rights. The labor voluntarily accepted extremely long working hours, toiled on Sundays and holidays, complied with the rationing of foodstuffs and with other emergency measures, all because it realized that the total victory over the plague that assumed the name of Fascism depended to a great degree upon the sacrifices of the organized labor.

Thousands upon thousands of younger workers served in the army or navy and many thousands of them gave up their young lives on the battlefields. Since it comprises the most numerous part of the population, it is natural that labor's share of contribution to the victory should be the greatest. With the return of peace this loyalty deserved a reward and recognition through expansion of the rights of the workingmen, by increased safety measures at the place of work and in everyday life, by the removal of worries about the old age, or possible debility, by making it possible to enjoy the technical progress and culture gains.

Instead, the legislation in Congress as well as in many State Legislatures, and the actions have turned against the organized labor with the obvious tendency of taking away from it the very power of the labor organizations attained with such great difficulties. The private enterprise has at its disposal all the economic force to which the labor would be mercilessly subjected had it not the means with which to resist the great and selfish exploitation. But these means can be found only in the organizations which enable the labor a combined, organized stand for the protection of its vital interests.

The current attacks against these labor organizations, if not stopped in due time, will force the labor into a totally helpless dependency upon the most powerful groups of private enterprise, whose power had increased during the war through enormous profits and have thus become extremely dangerous to the organized labor.

The present social policy is also extremely shortsighted because it leads unavoidably into the economic crisis which will affect also other social strata, especially those dependent upon labor as buyer and consumer.

Still well remembered is the so called Hoover depression which for many years like a nightmare held down not only the workers, but smaller businessmen and other factors connected with the business as well, the doctor, the farmer—the broadest classes of the people. Despite the philosophy of the former President that the prosperity was just around the corner all the time, the depression caused the crash of innumerable banks, the loss of all savings of innumerable old people, it drove thousands of the desperate into

suicide and critically weakened the health of the ill-fated men, women and children.

The unlimited power of the exploitive free enterprise must produce first of all the unemployment, and this cannot be followed by anything else than the general crisis which only the richest can live through without serious damage. Social legislation aimed primarily against the labor organizations of a handful of egoistic exploiters.

The Slovenian American National Council declares herewith its solidarity with organized labor in its struggle to retain its hard won rights and pledges its moral and if possible material support in carrying out this task. The Right shall not be defeated!

Resolution on Passports

The Second Regular Convention of the Slovenian American National Council, held in the City of Cleveland, Ohio, on May 30 and 31, 1947, deeply regrets the current practice of the Passport Division of the State Department whereby the Americans of Yugoslav descent as well as other American citizens are denied the passports to Yugoslavia.

Thousands of these citizens of the United States still have their close relatives in the Yugoslav territories, whom they would like to pay a visit to after years of separation. Some of them also have their material interests in the land of their fathers and forefathers and desire to take care of it.

By denying them the privilege of travel in the present peaceful time, their democratic rights of the freedom of movements is being violated, and at the same time the impression is being created that they are denied the opportunity of learning the truth about the real conditions in the country, about which grotesque falsehoods and distortions of facts are being spread around by the former collaborationists of the Nazism and Fascism.

The Convention therefore sincerely hopes that the State Department will take immediate corrective measures to improve this situation and take into the consideration the rights of the citizens wishing to travel into any country with which the United States is maintaining the proper diplomatic relations.

The Youth

The cooperation of youth is of invaluable importance for every progressive, democratic movement, not only for the purpose of educating and training of younger forces which are destined to replace the older functionaries, but moreover for the reason that accomplishments of the progressive action are intended primarily for the younger generation. And the youth shall know how to evaluate these accomplishments and in case of necessity even defend them, if it collaborated in the work and struggle to attain them.

The Slovenian American National Council attempted according to its ability to awaken the interest of the youth for the aims and purposes of the parents, however, it could not devote sufficient efforts to this problem, because its active membership was all this time overburdened with the immediate tasks, as well as due to the fact that during the war most of the qualified youth was drawn in some armed service of Uncle Sam.

Yet during that time there was noticed an increasing interest of the youthful circles for the homeland of the parents, for its work, its problems, aims and aspirations. More than ever before questions were raised about the text books, geographic maps

and historical data, and about everything connected with the past and the future of the "old country."

Now that the majority of the boys has been discharged from the armed forces and the girls from the related auxiliary services, the situation has improved. Singing choruses, dramatic clubs, English Speaking lodges, etc., have regained their long missed members and also the SANC branches have now a better opportunity to attract the youth for cooperation. The second regular Convention of the Slovenian American National Council therefore recommends to all its branches to enroll the greatest possible number of native born Slovenian-Americans and to establish possible juvenile circles. Furthermore, the Convention requests the newly elected Board and the Executive Committee to cooperate with such branches by furnishing them the proper information, instructions and advice. The Convention is deeply convinced that such collective work will bear rich fruits in the interest of the youth itself, in the satisfaction of the parents as well as for the establishment of good and friendly relations between the old world and the new.

SNPJ NEWS AND COMMENTS

(Continued from page 7)

Mrs. Vidrich took care of individuals that made donations larger than the dollar, such as Azman, Bozic, Tratnik, Lodge Sokolice (\$25). Approximately 90 persons dug into their pockets and showed their desire to help.

The singing societies Zarja, Slovan and Jadran were on hand to give out with songs that pleased the crowd. Lefty Miklavic who opened the program with the playing of the National Anthem, Jimmy Kozel, the Vadal group, took care of the dance music to the delight of the huge throng.

Blas Novak, president of the S. N. P. J. Farm, Andy Bozic the "zidar," Rudy Grosel the architect and Tony Mramor who had charge of the installation of the floor, Manager Kerze and his wife Theresa, John Sorz, Mrs. Grojanc, were called upon to take a bow and say a few words.

Space does not permit the listing of names of those that helped. The Farm Board wishes to express their appreciation to the people that came, the workers, all the performers, for a job well done. As Andy Bozic put it "it would have done the old timers like Joe Terbizan (who later showed up) Milan Medvesek and others, a world of good to see the results of their pioneering days, to see what they had struggled for at the start, bearing fruit and blossoming out."

The First Dance:

In view of the fact that it was thru the help of the G. I. boys that a permit was obtained to start erection of the building, the honor of the first dance was theirs. As they started to filter on the floor the crowd gave vent to a terrific applause and at the end of the dance gave them a rousing send off.

Mr. and Mrs. Wm. Perusek of the Struggler Lodge, operating a meat and grocery business on E. 200th St. were high bidders for the first solo dance on the new floor. We were glad to see Bill and his wife Theresa being given this most distinctive honor.

Comrades Farm Fund:

The response to the idea of helping to increase our Farm Fund by members and friends of the lodge is tremendous. It is no difficult job at all to ask and receive. Since our last list the

following have donated; Agnes Wukovich, Joe and Josephine Papes, Joe Buchar, Chas. Prijatelj, A. Shine, M. DeLost, S. Zadel, Mr. Grmsek, H. Bonac, A. Gruden. On collection night, Dot Kerezi, Bob Yarshen, Marion Tratnik Adams, John Tavcar, Louis Majer and Mrs. Spik came across. The writer also received an envelope from Frank Eliersich and his wife with a fine note giving their blessing to the idea and better yet enclosing a five spot! To all of those mentioned above a sincere thank you. If this fund keeps building up we'll have the complete playground ready next year instead of three to four years hence.

Dance—Friday Sept. 12th:

The 1947 dance season will be officially opened when Comrades have their first dance of the season on Friday, Sept. 12th at the newly decorated hall on E. 65th and St. Clair. Johnny Vadal and his boys will be on hand to dish out the music. As the girls will be bowling that night, non-bowlers will be expected to help out. Joe Sirel, Frank Ross, Tony Vidmar, Bob Yarshen, Frank Popotnik, Joe Kukec, Tony Debevit and his wife, Eddie and Mrs. Grum, Marie Zak, Ann York, Godnavec, maybe Kerze, among others have promised to be on hand to help out. Members and their friends are asked to be out that night in full numbers.

Picnic—Sept. 7th and 14th:

On Sept. 7th members of the English Speaking lodges are requested to respond in full numbers to help out at the monthly Farm picnic.

On Sept. 14th the Progressive women out Collinwood way are going to hold a picnic, all proceeds to go toward the stocking up of kitchen utensils. Music will be provided by popular orchestras.

The writer has noted that more and more people are having basket picnics on the grounds, leaving the kids playing around the swings while they sit under the shady tree and listen to good old fashioned Slovene music.

General:

While the rest of the crew was busy decorating the hall, Albina Vekar and Antoinette Skok were taking care of the food for dinner for the group. The group then sat down to a fine steak fry, washed down by coffee and cake prepared by Pauline Ross. As the last gulp went down the gang voted on a repeat performance.

Frank Eliersich is becoming a steady driver of the transit city bus to the Farm. If any lodge ever requires this service they should ask for Frank as the driver, if available.

Real Estate Classes

The Real Estate School, conducted jointly by Cleveland College of Western Reserve University and the Cleveland Real Estate Board, will open on Monday evening, September 22nd, in the offices of the Real Estate Board. President Charles A. Braman of the Board said yesterday that this is the fortieth year during which the Realtors have sponsored educational courses for those who are interested in real property and the third year of participation by Cleveland College. It is expected that the registration of almost 1200 during the last school year will be exceeded during 1947-48.

A new course this year, and one which has attracted considerable interest, is the Real Estate Aspects of City Planning designed to acquaint investors, brokers, salesmen, appraisers, mortgage lenders, and public officials, with proposed community changes, present and future, which will materially af-

fect property values in various parts of the country.

College credits will be given by Cleveland College for each course completed satisfactorily. The degree of Bachelor of Business Administration, majoring in Real Estate, will be granted to students completing a full college prescribed by Cleveland College. World War II veterans may accumulate college credits and take advantage of the financial opportunities afforded by the G. I. Bill.

Classes commence September 22nd. Pre-registered students can register on September 9th, 10th or 11th. Former students who are attending this summer's classes can register September 12th or 13th. All other new or former students, can register the week of September 15th.
