MRČESOV

VAZEN DOGODEK
Za dogodek izredne važnosti lahko smatra zamenjavo 50 ameriških rušilcev za mornarico in letalska oporišča na angleških posestvih v območju ameriškega kontinenta. Anglija čim več vojnih ladij v svoji britanskih borbi z Nemčijo in zgodnjine države potrebujejo mornarico in obalna oporišča, kot zgodne predstraže za obrambo ameriške obale in še posebej za razvojno važnega Panamskega prekopa. Ladje rušilskih tipov, bodo v kratek izročene Angliji, so bile zgrajene tekom zadnje svetovne vojne in deloma po vojni ter so danes že nekoliko zastarele, dasi še vrlo stare. Dve desetletji niso bili v službi, toda so v dobrem stanju. Zadnjene države imajo teh manjših ladij veliko mornarico, ki se nepreveča z novimi vojnimi jami najmodernejših tipov.

OBRAMBNE BAZE
Obrambne mornariške in letalske baze, ki jih je vladala Zadnjih držav, dobita v zameno za 50 zastarelih rušilcev od Anglije, bodo na otokih Bermuda, Bahama, Jamaika, St. Lucia, Trinidad in Antigua; ena zadnjina teh baz bo na obali Newfoundlanda na severu, druga pa na obali British Guiana in Venezuela, ki je najsevernejša republika Južne Amerike. Vmes med temi novimi oporišči je že zdaj nekaj dobrih viračev na ladje in letala Zadnjih držav. Obrambna veriga zadnjih držav se bo s temi oporišči vlekla od 60. severnega rednega skorodnika skorodnika do ekvatora.

VPOKLIC MILICE
Po postavi, ki je bila nedavno rejetja v zveznem kongresu, je predsednik Zadnjih držav poklican k enoletnemu poskušku vežbanju in službovanju vse državne miličarje in organizirano rezervo, kar predstavlja nad 400,000 mož. Prvi miličarjev, po številu 60,000, je vpoklican k enoletnemu poskušku za dan 17. septembra. Nadaljnje skupine bodo v poznane v približno enomesec v predsednikih. Miličarji do katanske stopnje, ki so oženjeni, imajo pravico resignirati.

LETALSKA NESREČA
Petindvajset oseb je bilo ubitih pred dobrim tednom, ko je veliko potniško letalo treščilo zemljo v državi Virginiji. Eksplozija je letalo in se je v istem dobesedno razveljavila na kose. Med ponesrečenjem je bil tudi zvezni senator Ernest Lundein iz Minnesota. Kaj je bilo prav za prav vzrok nesreče, ni znano, ker so bili vse prisotni ubiti; sodi pa se, da je bila vzrok nevi.

DAN USTAVE
Dan ustave ali konstitucije Zadnjih držav je vsako leto 1. septembra. Ustava je temeljna postava te republike, s katero morajo soglašati vse druge postave, ki jih sprejmejo. Letalski konstitucija je trajala od 29. maja do 17. septembra 1787. Leta 1788 je bila postava od takratnih držav našle ter je stopila v veljavo 1789. Ustava je mogoče (Dalje na 2. strani)

POZNAJTE VAŠ DENAR

Zdanes se mnogo govori in piše o nevarnosti invazije, namesto, da bi sovražnik iz Evrope ali iz Azije napadel ameriški kontinent. Za enkrat je tako invazija zaradi dveh širokih oceanov na obeh straneh Amerike precej neverjetna, toda preveč bi bilo trditi, da je nemogoča. V današnjih časih se zdi, da sploh nobena reč ni nemogoča. Vsakokor, ako bi v dogledni dobočnosti takta invazija resno pretila, se zanesemo, da bo ta dežela pripravljena za primeren sprejem.

Toda v deželu najdejo pot sovražniki, proti katerim so brez moči najboljši topovi. Ti sovražniki so mrčesi, ki se vtihotapajo kdo od odkod iz inozemstva, se razmnožijo in lahko povzročijo več materialne škode kot bi jo moglo napraviti tisoč sovražnih ljudi. Mrčesi uničujejo rastlinstvo, ki direktno ali indirektno predstavlja prehrano ljudi.

Vse vrste mrčesov imajo navadno v svojih domovinskih deželah naravne sovražnike v drugih mrčesih ali zajedavcih, ki jih uničujejo, ter se na tak način vzdržuje nekako ravnotežje. To se pravi, da se škodljivi mrčesi ne morejo tako razmnožiti, da bi povzročali preveč škodo.

Toda, kadar se zgodi, da se kaka vrsta škodljivega mrčesa zanese v novo deželo, kamor je ne spremljajo in kjer je ne kažejo naravnih sovražnikov, se neovirano množi, in takrat je mogoče, da povzroči velikansko škodo na poljih, v sadovnjakih, vinogradih ali gozdovih. Amerika je na primer imela take izkušnje z japonskimi hroščem, ki je uničeval sadna drevesa, z evropskim koruznim črvom, ki je uničeval koruzni pridelek, itd. V takih primerih je skoraj edina zanesljiva rešitev, da se importirajo v deželo mrčesi, ki so naravni uničevalci prvotno vtihotapljenih škodljivih mrčesov. S takim delom so neprestanost zaplojeni stoteri znanstveniki zveznega poljedelskega departmента in navadno dosegajo zadovoljive uspehe.

Tako delo je seveda zvezano z velikimi stroški in vzame dočasa. VOL. XVI. NOVEMBER 104 ST. 37

KONVENCIJA J. S. K. JEDNOTE

Ta teden zboruje v Waukeganu, Illinois, 16. rednica J. S. K. Jednote. Konvencije naše kot drugih podobnih organizacij sličijo do gotove meje kongresu Zedinjenih držav in legislaturam posameznih držav naše Unije. Vse omenjene zbornice so v prvi vrsti postavljajne zbornice. Kongres dela postave za vse Zedinjene države, državne legislature jih delajo za posamezne države, konvencija JSKJ pa jih dela za našo Jednote. Vse omenjene postavljajne zbornice pa imajo tudi gotove omejitve. Ako zvezni kongres ali kakša državna legistatura sprejme postavo, ki je po mnenju najvišjega sodišča neustavna, jo sodišče razveljavlja; in ako konvencija sprejme kakšno točko pravil, ki ni v soglasju z zavojovalninskim poštavami države ali držav, v katerih organizacija posluje, je treba tako točko ukiniti ali spremeniti.

Vsekakor so gori omenjene omejitve le primeroma redke. Izraz "Mi, ljudstvo Zedinjenih držav ameriških" ni pravna fraza. Najvišja oblast je ljudstvo samo. Vsa oblast v Zedinjenih državah izhaja iz vladanega ljudstva samega, pod pogojem, da se to ljudstvo zna in hoče posluževati pravice samovlade. Predsednik in governerji ter senatorji in kongresni so izvoljeni od ljudstva z večino oddanih glasov. Kakršno vlado oziroma postavljajo si ljudstvo izvoli, tako ima. Kadarski ljudstvo zavoljeno z vladom ali postavljajo, jo lahko izpremeni z glasovnicami. Tak je sistem demokracije.

Člani zveznega kongresa v Washingtonu so odsevali volje in inteligence svojih volilcev, pa naj bodo taki ali taki. Na splošno lahko trdimo, da ljudstvo izvoli za zastopnike v kongresu svoje najboljše sodržavljane. Na splošno tudi lahko trdimo, da želijo vsi člani kongresa ukreniti vse najboljše za našo republiko kot celoto, obenem pa tudi za skupine volilcev, katere reprezentirajo. Da so v kongresu dostikrat ostre debate in pretekanja, ni vzrok v pomanjkanju lojalnosti napram Zedinjenim državam ali napram volilcem, ampak v razlikovanju mnenj, kako se naj najboljse doseže. Razni kraji Zedinjenih držav imajo različne potrebe, kongresni pa imajo različno inteligenco, različno vzgojo, gledajo na življenje z različnimi vidikov in priporočajo različne metode, da se po najboljši možnosti ustreže, če že ne vsem, vsaj večini. V debatah skušajo kongresni drug druga prepričati o pravilnosti njihovih nazorov in metod, in za kar se potem večina odloči, tisto obvelja. Po možnosti se skuša ustreži vsaki posamezni skupini volilcev, toda pri tem so potrebni razni kompromisi, da na en ali drugi način ne tripi skupnost, to je vse republika. Interesi vsega ameriškega ljudstva kot celote se ne smejo nikdar podrediti interesom posameznikov ali posameznih skupin.

Demokracija Zedinjenih držav se izraža tudi v sistemu naše Jednote. Društva izvolijo izmed svojih članov delegate, ki jih zastopajo na konvenciji. Ker so ti delegati izvoljeni od večine oddanih glasov pri posameznih društvih, predstavljajo izbiro večine članstva. Vsi ti zastopniki članstva pridejo na konvencijo z namenom, da ukrejojo kar največ koristnega za svoje volilce oziroma za članstvo svojih društav, obenem pa tudi za Jednote kot celoto. Namen vseh je isti. Mnenja, kako doseči tiste svetle cilje, ki bodo v korist največjemu številu članstva, pa so različna. Zato so potrebne konvencije in zato so potrebne razprave na konvencijah. V razpravah se bistrijo pojmi in na podlagi razprav in pojasnil si zastopniki članstva ustvarjajo mnenja in zaključke. Ko pride do glasovanja, obvelja tisto, za kar je glasovala večina delegacije. Prav vsem je redkotrat mogoče ustreći, toda demokratičen način naših zborovanj ustreže večini.

Člani J. S. K. Jednote, bivajoči širok Zedinjenih držav, naj bodo zagotovljeni, da bodo njihovi zastopniki, ki te dni zborujejo v Waukeganu, Illinois, sprejeli najboljša pravila, ki bodo v razmerah mogoča. Da imajo za to resno voljo, ni najmanjšega dvoma. Da imajo tudi potrebu zmožnosti za tako delo, o tem so gotovo prepričani člani sami, ki so jih izbrali potom prostih volitev ter jih poslali na konvencijo. Vsakemu posameznemu članu in vsakemu posameznemu društvu najbrž ne bo v vseh ozirih ustrezeno, toda zanesemo se lahko, da bo po treznom preudarku urejeno, vse tako, da bo zadovoljilo večino in da bo v korist Jednoti kot celoti.

Še nikdar v zgodovini J. S. K. Jednote ni nobena konvencija reprezentirala toliko članov, nameč nad 25,000 v obeh oddelkih, kot jih sedanja. In še nikoli ni bil čisti napredek Jednote v članstvu med dvema konvencijama, kot je bil med zadnjem in sedanjo konvencijo. Toda mi ne bomo obstali pri tem. Od sedanje konvencije s sigurnostjo pričakujemo še vse takih nadaljnih izboljšanj našega sistema, da bo napredek J. S. K. Jednote v bodočnosti še brilantnejši.

Dan potem, ko je bil mlad odvetnik v Clevelandu, ki je nopravil vse izpite, sprejet v odvetniško zbornico, se je že moral zagovarjati pred policijskim sodnikom, otočen, da je kršil prometne regulacije. Sodnik Drucker je obravnavo odložil in priporočil mlademu odvetniku, naj preštudira vse knjige postav, da se bo mogel uspešno zagovarjati. Dostavil je, da bi bila slaba reklama za novopečnega odvetnika, če bi izgubil takoj v prvem slučaju.

V starem kraju so včasih rekli, da izgovor je dober, pa māgari, če ga pes na repu prinese. Tega mnenja je menda bil tudi Leo Larsh v Detroitu, ki je navedel seneno mrzlico ali hay fever kot vzrok prehitre avtomobilske vožnje, zaradi katere se je moral zagovarjati pred sodiščem. Dejal je, da kadar kolik je kihnil, je močnejše prisniti nogo na pripravo, ki reši goluta dotok gasolina, in njegov Ford je poskočil kot pošast.

V Glasgowu na Škotskem je bila 30 let v veljavi mestna postava, ki je prepovedovala ženskam vršiti bartendersko delo za baro. Zaradi pomanjkanja moških bartenderjev, ki so bili pozvani v armado, pa je bil mestni odbor prisiljen staro postavo ukiniti. Poročilo pa ne omenja pomanjkanja pivcev. Iz tega bi se dalo sklepati, da tudi na drugi strani bare, požrtvovano nadomeščajo v armado poklicane može in fante njihove boljše polovice in prijateljice.

Sredi preteklega tedna se je prismejal v uredništvo Nove Dobe v spremstvu svoje sopoge in njene hčereke naš vedno aktivni društveni delavec Louis Ambrozich iz Chisholma, Minn. Povedal je, da je prišel v Cleveland na počitnice in na obreč, potem pa gre v Waukegan kot častni in redni delegat 16. konvencije JSKJ. Izlet, počitnice, obreč, častno in redno delegatstvo, vse na enem trku! Lahko se srečni ribič smeje kot sama sončna roža.

Kdor je bil kdaj kakršen kolikošček v konvenčnem pripravljalnem odboru, kakor je bil v neki mali kapaciteti ob priliku zadnje konvencije tudi avtor te kolone, ve, da prinaša tista čast mnogo dela, pa malo hvaložnosti. Tako je bilo menda pri vseh konvencijah od babilonskega stoja naprej. Letos pa me drži, da bi stregal korenček mojim waukeganskim prijateljem, ki pijejo iz sličnih pelinovih čaš, kot smo mi Clevelandčani pred štirimi leti. Kikanje, če bo potreben, bo zdaj naš privilegij. Vsekakor je priporočljivo, da smo previdni pri tem, kajti dr. Furlan ima klešče.

Po mojem skromnem mnenju, ki seveda ni merodajno in rikoli ni bilo, spadajo banketi med najmanj zaželjive stvari na svetu. Na banketu moraš na komando jesti, na komando poslušati govorike in na komando govoriti, če te pokličejo. To zadnje je najhujše, vsaj zame. Ni sem imel strahu, ko so me leta 1918 potrdili, da sem sposoben branitelja domovine in demokracije, ne strasi me možnost, da se bo morda treba ponovno registrirati za obrambo domovine, ne bojim se debate, če se že moram zaplesti vanjo, bodisi v zbornici ali pri bari, toda govoriti na banketu je zame hujše kot strah na Sokolskem gradu.

V takem slučaju bi se najraji

skril v grmovje med sramežljive pasje vijolice.

Če drage sobrate in sestre širom dežele kaj močno skribi, kako nam gre v konvenčnem mestu, naj jim bo povedano, da nam ni ravno sile. Živimo od pravil, bratskih pozdravov, predlogov, besednih podpor, protipredlogov, resolucij, pojasnil, pripomb in glasovanje ter dobro, s katerimi nas pitači prijazne kuharice v Slovenskem narodnem domu. Nekoliko kredita v tem oziru pa je seveda treba dati tudi bari. Kaj bi se delali lepše kot smo! Minismi klicali žeje, a če pride ne povabljenja, jo je pač treba odgnati. Ampak smo zmerni in uživamo samo za potrebo; nič več, honest to goodness! Veste, dobro blago se samo hvali!

VOJNA IN CVETJE

Zaradi vojne v Evropi bo prihodnji pomlad manj cvetja v Zedinjenih državah. Kakor se to neverjetno sliši, je vendar resnično. Večina gomoljik tulipanov, hiacint in sličnih cvetnic v manjšem številu, in Angleži se branijo s protiletalskim ognjem in z letali. Obenem Angleži skoraj dnevno bombardirajo nemške vojaške objekte na kontinentu, vse do samega Berlina. Poročila o uspehih ter o povzročenih škodi od obeh strani si pa navadno močno nasprotujejo. Nedavno je bilo poročano, da nemci obsegajo angleško obalo z ogromnimi topovi preko Rokavskega preliva in zadnje dni smo čitali, da so Angleži namestili na svoji obali take topove, da streljajo z njimi preko Rokavskega preliva. Poleg tega angleški letalci tudi pogosto napadajo industrijska mesta v severni Italiji.

Dne 4. septembra je Hitler v svojem govoru kričal, da bo Anglia uničena in strta, toda dostavil je, da se mora Nemčija priznati na dolgo vojno, ki bo morda trajala štiri leta ali še več. Iz tega bi se dalo sklepati, da Hitler, kljub svojemu besenu, ne veruje v hitro zmago in da je Anglia precej trdo.

KRALJ KAROL ODSTOPIL

Situacija v Rumuniji je postala pretekli teden tako napetata, da se je dne 6. septembra kralj Karol odpovedal prestolu.

Nominil je prevzel vladu njegov 18-letni sin Mihail, toda v resnici bo vladal diktator Antonescu, najbrž po navodilih iz Berlina.

STROŠSKI OKUPACIJE

Nemčija ima okupirane tri petine Francije in stroške vzdrževanja okupacijske armade mora plačevati Francija. Kako močna je okupacijska armada, ni znano, vsekakor pa ni majhna, ker stane francoske davkopljevalce vzdrževanje iste potreti milijon dolarjev na dan.

KOLONIJE ODSTOPAJO

Več in več kolonij izstopa iz kolonialnega območja Francije, kateri vlada lutkarska vlada maršala Petaina, in se izjavlja za "svobodno" francosko vlado rebelnega generala Gaullea. Za kolonijami francoske tropške

Afrike so se odtrgala od Francije tudi otočja Tahiti, Tuamot in Maori v Pacifičnem oceanu. Baje se pripravlja revolta proti sedanji francoski vladi tudi v francoskem Moroku in v Siriji. Vlada generala Petaina v nezadnji franciji igra zelo žalostno vlogo, ker mora v vseh važnejših zadevah poslušati ukaze Nemčije in Italije.

BALKANSKA SITUACIJA

V Rumuniji je kralj Karol posredoval generalu Ionu Antonescu ter mu je odstopil tudi skoraj vso svojo diktatorsko oblast. Antonescu je izrazil fašist. Ko je Rumunija na zahtovo Nemčije in Italije moralna odstopiti Madžarski nekako položico svoje province Transilvanije, je prišlo v mnogih krajih do krvavih izgredov. Kljub temu se zdi, da je madžarska vojska zasedla Madžarski prislonjene kraje brez večjega odpora.

Iz Beograda se poroča, da je Rusija nezadovoljna z novo razmejitvijo, ki sta jo Nemčija in Italija izsili na račun Rumunske in v prilog Madžarski, in da morda zaradi tega pride v doglednem času do resnega sporja med Rusijo in Nemčijo. V tem primeru je zelo verjetno, da se bodo še nadalje spremile meje balkanskih držav.

ANGLIJA TRD OREH

Med Nemčijo in Anglijo se vrši skoraj neprestana letalska vojna. Nemški letalci napadajo London in druge dele Anglike včasih v velikih jatah, včasih v manjšem številu, in Angleži se branijo s protiletalskim ognjem in z letali. Obenem Angleži skoraj dnevno bombardirajo nemške vojaške objekte na kontinentu, vse do samega Berlina. Poročila o uspehih ter o povzročenih škodi od obeh strani si pa navadno močno nasprotujejo. AMPLIFYING THE VOICE OF THE ENGLISH SPEAKING MEMBERS

16th REGULAR SSCU CONVENTION

Delegates representing every local SSCU branch in the country, and supreme officers who have administrated the affairs of our Union since the last convention, are assembled this week at the Slovene National Home in Waukegan, Ill., in another epoch-making assembly—the sixteenth quadrennial convention.

Fully authorized to make whatever changes are necessary for the betterment of the South Slavonic Catholic Union, the convention body will pass upon legislation embodying essential changes in the by-laws, if for no other reason than to keep abreast of changing conditions.

For the first time in SSCU history honorary delegates will sit with regular delegates. Honorary delegates who earned their titles by selling the SSCU protective features to outsiders, who eventually became members of our great SSCU. The honorary delegate section will be interesting to all observers, for this group unquestionably will be filled with potential SSCU leaders of the future.

The proceedings of the 16th SSCU convention will be closely followed by many active members, who for one reason or another, are unable to take in the exciting sessions in Waukegan. Perhaps more this year than in any other convention year, the stay-at-homes will be looking eagerly for the first official published reports giving in detail the accomplishments of the convention.

Without a doubt, our members at home extend to the body of delegates, supreme officers and honorary delegates assembled in Waukegan this week the best wishes for a most successful convention. The editorial staff of Nova Doba also joins in extending its best wishes to the authorized body of delegates, supreme officers, and honorary delegates in results to be obtained from deliberations and discussions.

May the changes to be effected result in benefits to the entire SSCU membership.

Onward Betsy Ross!

Cleveland, O.—Say! Look at that car—did you ever see such a thing before—Why they're dancing in that car—listen to that singing—they must be having a grand time—yes, those are only a few of the remarks made by the onlookers when they saw that decorated trolley (a Betsy Ross original) go down the street.

Twenty-five couples met at the 129th St. and St. Clair Car Barns, entered the car and rode to the square, back past the Car Barns and on to Euclid Beach, and then back to the Car Barns. Yes, we stopped in front of all the Slovene halls and Slovene places.

Who ever thought up of such an unique idea? that's the question what all the Betsy Ross members heard when they took this 3-hour trip of fun. Our thanks go to Dorothy F. Rossa, the originator, and Patsy Krall for his help.

Our feature event of the evening was the tap dance performed by our little sweetheart Patsy Lou Baron. Keep up the good work. Maybe I shouldn't say that after all she did too darn good on the street car by walking away with our handsome conductor Richard J. Hruska.

Betsy Ross sends its special thanks to the two Collinwood Boosters who always attend the Betsy Ross affairs—Louis Starman and Marincic. Thanks, boys, and we'll try to repay you. Lou happened to be celebrating his birthday on that day and even though we are a bit late it's still straight from the heart "Happy Birthday, Lou, and may you have many more."

Some of the people who attended this gala event were the two Kocin boys—Ike and Eddie, the Krall brothers—Patsy and Blackie, plus Patsy's sisters, Carol and Frances, Joe Struna and wife, Eugene March and Marie Benevol—J. P. Morgan and Jean Russ—Andy Zadell—Tony Kastelic—and many others too numerous to mention. Joe Novak and his boy whistle made a swell master of ceremonies—St. Martin's of Barberton represented by Rudy Ujcic, who escorted the charming Caroline—Tony

Princ of Ilirska Vila attending with Frances Chiligo.

Street car decorators—Dorothy Rossa, assisted by Frances Chiligo, Jean Russ and Frances Caroline certainly did a swell job—Thanks, girls.

Our motorman, Anthony Skebe, gave us all a surprise when he told us he was a Slovene and that his mother, the former Gertrude Turk, was the first Slovene girl in Cleveland. Anthony also happens to be Mike Perme's cousin. My, oh my, what a small world this is.

Our trolley ride ended at the barns at 11 p. m. where the couples got in automobiles and travelled to Twilight Gardens to complete the evening. The evening was filled with dancing, drinking and eating.

Our delegate Patsy Krall and honorary delegate Andy Zadell left the beginning of the week to attend the SSCU National Convention, which is being held in Waukegan, Illinois. We hope the boys are having a good time and we know they are.

Autobiography number two. He's not so tall but he possesses all the traits that a girl will go for. He's a swell sport and in fact he's an all around good fellow.

He's the fellow who is putting Betsy Ross in the lime-light! He's the fellow who claims he has two "sisters." He represents the Betsy Ross on the National Athletic Board and manages the Betsy Ross baseball team.

Another one of those who can swing it but is inclined to be a bit bashful (at times). Has a weakness for a certain "sister" who answers to the name of Frances.

By this time I guess you know who this little he-man is? Well, it's none other than Joe "Patsy" Krall.

Things I saw or overheard: There are two dancing instructors in Collinwood—6 lessons from Madam La "Zaddles" and Madam La "Zamen"—Both boys really have that "oomph." Joe Novak was seen sweating and dancing—I don't know which he did more of—Patsy Krall scurrying here and there satisfying everyone with their

Center Ramblers

Center, Pa.—During the past few weeks our little town of Center has increased in population by leaps and bounds. The Mozina family alone has increased by three boys. Mr. and Mrs. John Mozina, Mr. and Mrs. Alex Mozina, and Mr. and Mrs. John (Blasco) Kuchna, formerly Frances Mozina, all are proud parents of husky baby boys. Then recently Mr. and Mrs. Paul Oblock announced the arrival of a baby girl. Mr. and Mrs. Frank Previc are also proud parents of a baby girl, and Mr. and Mrs. John Pintar of Universal were also visited by Sir Stork who brought them a baby girl, too. The Center Ramblers congratulates you all.

Ronald Joseph Mozina, John Carl Mozina, and Lorraine Previc are already members of Lodge 221. We wish Elizabeth Knafla, our delegate, many happy days at the convention. We anxiously await her return to hear all about the trip.

Mr. and Mrs. Frank Kalik and friends motored to St. Louis over the week-end and Labor Day. We hope they enjoyed the trip and had a happy holiday.

Miss Sharp—Love is blind, they say.

Playfoot—Yes, that must be why we see so many spectacles in the park.

order—Ike Kocin \$3.00 richer by winning a bet from a certain B. R. girl and really collecting it. (Do you think that the fems don't pay off). Frank Martic collecting \$2 of his bet and celebrating with it the following Saturday—Missed Elsie Desmond—J. P. Morgan really goes to town on those polkas—The 3 R's (Dot Rossa, Jean Russ and yours truly) celebrate their birthdays this Saturday—The mystery!! Who broke the street car window?

Greetings to the Nova Doba readers and friends are extended by Frank Jancar Jr., of Hollywood, Calif., who is spending his vacation at Lake Arrowhead, Calif. According to the postal card of greetings, Frank is going native, not have shaved for a week and beginning to "look like a character out of Steinbeck's 'Grapes of Wrath.'" Frank is a member of the SSCU, and before his departure for the west resided in Lorain, Ohio.

Ohio Federation of SSCU lodges will hold their next meeting on Sunday, November 3, at the Slovene National Home on St. Clair Ave., in Cleveland, O.

Lodge 71, SSCU, Cleveland, O., will sponsor a late Fall dance on Sunday, November 16th.

Preliminary plans for a softball game to decide the Ohio state SSCU championship lodge team are now in the making. In Cleveland the local SSCU league, consisting of five lodge teams, have played a series of games to decide first and second place, and recently the first two teams, Coll. Boosters, 188, and Napredok, 132, played two games to decide the Cleveland SSCU Softball champion. Coll. Boosters again gained the local championship by defeating Napredok in two games out of three. Struthers, O. Cardinals, 229, SSCU are the champions of Struthers-Barberton section, having won two out of three from St. Martin's, 44, SSCU, Barberton, O. Saturday, September 21st, has been chosen tentatively as the date when the two sectional champions shall collide in a game to determine the state champion.

Louis Adamic, well known author, is among the eighteen of America's greatest authors, dramatists and poets selected by the Cleveland Press to contribute a special column on what America, its great democracy means to him. The other authors include such well known names as John Steinbeck, Stephen Vincent Benet, Booth Tarkington, Fannie Hurst, etc. The first of this series of interesting articles began this week, with Monday's edition.

About This And That

Cleveland, O.—While I'm writing this article and by now you are reading it, the delegates in Waukegan must be having a very good time. I was really sorry I couldn't attend the convention, but certain difficulties prevented your reporter from going.

Anyhow, I wish to extend greetings to all the supreme officers, all regular and honorary delegates who are now in Waukegan, doing something for our grand UNION that will make it bigger and better. And greetings to all other friends who are attending the convention. I know that beside business there is also pleasure for all those present there.

So for all who are with the SSCU in Waukegan, I do hope you have a very good time and are enjoying yourselves (no doubt about that though). I know we'll read about the whole convention for weeks and weeks by some of our grand reporters, or I should say the best, namely: Little Stan, Miss Florence D. Startz and Miss Agnes Go-dec.

Postcarding from Green Island, Niagara Falls, were Louis Starman and John Urbanic, two Collinwood Boosters. Lou admitted he was to have an article in the Nova Doba, but as yet, there hasn't been anything in yet.

What's happening with our reporters? Are they losing out on their jobs? Just because some people remark things about your column or something, shouldn't let that interfere. A reporter has to hear from all sides, all things. Oh, yes, that vicious, Alice Laurich and her column is being missed by all of us. Come on, Alice, let's hear some more news from the Boosters.

"**A Few Instructions**" written by the editor of the paper, was read by yours truly and given a thought to it too. Read the editorial again and be sure to use its contents.

Our news reporter, Florence D. Startz's articles on "Camping at Oliver Hoist" have really been interesting. I'm quite sure Florence had a grand time at the Camp.

In the "Briefs" column we find that on November 3rd meeting of Ohio Federation of SSCU Lodges will take place at the Slovene National Home in Cleveland, Ohio. Representatives from respective lodges are reminded not to forget the meeting. Other SSCU'ers can also attend.

And so we must close again, giving more room for articles concerning the SSCU'ers in Waukegan. So, yours truly will be signing off and promising to be with you in the Nova Doba again next week.

WAUKEGAN, Ill.—The warm reception accorded last night to over 500 visitors and delegates to the 16th quadrennial convention of the South Slavonic Catholic Union now in session in the Slovene National Home reverberated in the minds of all guests as officials and delegates settled down in business session and prepared for a busy week of activity.

School Days

Cleveland, O.—School days are back again for the thousands of children throughout Cleveland and many anxious parents have sent their youngsters for the first time to school and kindergarten.

Foremost in the minds of the mothers and fathers will be the dangers the children will meet in crossing the streets. Their children are the most precious things in the world to them and they would gladly sacrifice their lives to protect their boy or girl but now they are at the mercy of others.

The parents are appealing to every motorist to remember that the youngsters do not appreciate the dangers of traffic. Of course they have been warned to be careful, to watch for the cars and stay out of the streets but sometimes they forget. Then it's up to you to watch out for them and save them from an accident.

For the safety of the children drive at a moderate speed and be on the alert to stop should a child step into the path of your car. The signs, "SCHOOL—DRIVE SLOW" mean exactly what they say. Twenty miles an hour is the speed limit in passing school grounds but use the same caution everywhere when you see children on their way to or from school.

Two tired business men were riding home from their stores, on the street car. Side by side they sat, both looking worried, and both remaining silent. Finally one heaved a deep sigh. The other studied him for a moment and then said in an annoyed tone: "You're telling me."

First you put in whiskey to make it strong, then you add water to make it weak. You put in a lemon to make it sour, a little sugar to make it sweet. You say, "Here's to you—" and drink it yourself.

SSCU Softball News

Cleveland, O.—The baseball season for the year is over with, just about. Only the final state championship game remains to be played. Congratulations to all the members of the Collinwood Boosters team for being the champs of Cleveland. Let's all wish both teams, Collinwood Boosters from Cleveland and Cardinals from Struthers, O., the best of luck in the Ohio SSCU Championship. (Teams will meet the 21st of September to play.)

The five teams, namely: Betty Ross, Collinwood Boosters, Ilirska Vila, Napredak and St. John's all played wonderful games this year. It was very nice seeing the individual teams playing on the fields, with happy thoughts in their minds, not only thinking who was winning the game, but having the thoughts of having a good time with the other members of the SSCU. Yet, every individual team deserves more than "Congratulations" for their wonderful cooperation this season.

Let's hope that as the years go on, we'll keep on being proud of our SSCU baseball players. The final climax will be September 21st when the Cardinals from Struthers, Ohio will come to Cleveland to play the Collinwood Boosters for the Ohio SSCU title.

After the game, a banquet will be held for the winning team, baseball players and all their friends. Banquet will begin at 8:00 p.m. The place where the banquet is to be held hasn't been decided yet. Joe Struna, president of the SSCU Softball League, is the chairman of the banquet. Reservations for the banquet may be made to him at his home, 19515 Mohawk Avenue.

So to end another column giving the readers news of our Softball League. There will be only one more article before your reporter will call it quits for the baseball season and then there will be bowling to be discussed by quite a few lodges. So until next week, when I shall have much more news of the banquet, I'll be sending you best regards and a pleasant weekend. So long from Elsie M. Desmond.

Cleveland College

Cleveland, O.—Keeping step with its steadily increasing enrollment, Cleveland College, the downtown college of Western Reserve University, has found it necessary to add fourteen new instructors to its faculty, when it opens its thirty-first semester on Wednesday, September 18. Two days, September 15 and 16, have been set aside for the official registration period.

This year 592 classes are being offered in the fields of Arts and Sciences and Business Administration. Twenty-seven new courses are being added to the department of Arts and Sciences and eight to the Business Administration Department.

Among the new courses which have been added are: Drama and the Modern American World, and Studies in Acting in the department of Drama and Theater. In the history department a course in the British Empire is being given. The department of Philosophy and Psychology offers an Introduction to Philosophy. Political Science offers Europe and the Americas in 1940 and the department of Commerce and Industry is giving Advertising Procedure and Practice. These are only a few of the interesting and timely subjects being introduced this year.

William B. McCoard has been appointed head of the department of speech. Mr. McCoard is a graduate of Brigham Young

Ohio SSCU Title Game Set for Sept. 21

Cleveland SSCU Softball League chairman Joseph Struna announces the completion of negotiations for a softball game to decide the SSCU championship lodge in the state of Ohio.

For several weeks the league secretary Elsie M. Desmond has corresponded with the Cardinals Lodge, 229, SSCU team of Struthers, O., winners of the Barberton-Struthers SSCU softball section, and after much deliberation, including proposals made by the Cleveland softball league officials and member-managers, Saturday, September 21st, was selected. Game is scheduled to start at 3 p.m.

In Cleveland, five different SSCU lodge teams played a season of scheduled games; the first place was occupied by Coll. Boosters, 188, Cleveland, O. and second by Napredak, 132, Euclid, when the final game was played. In the play-offs Coll. Boosters took two out of three games, and with it the league championships.

In Struthers, O., Cardinals, 229, played a series of games with Barberton, 44, St. Martin's; by virtue of victories, Cardinals gained the Barberton-Struthers SSCU championship title.

At the present time Cleveland SSCU Softball League officials are working on plans for a banquet to follow the titular game on September 21st. Inasmuch as Cardinals are to be visitors, and Coll. Boosters hosts, all the details in connection with the game must be worked out by the Cleveland group.

Lakefront Ramp Almost Completed

Cleveland, O.—Completion of the Lakefront Ramp connecting the new Main Avenue Bridge with Shore drive is expected around the first of the month, according to County Engineer John O. McWilliams. The picture shows the east bridge approach from the start of the new 2,530 foot ramp just before it crosses over W. 3rd street and the lakefront rail-

road tracks. The ramp is the longest steel plate girder structure in the country with the span crossing the railroad being 207.8 feet long. It crosses at a skew of 57 degrees, has a curve, is super-elevated and is built on a grade. These factors, according to McWilliams, made it one of the most difficult engineering jobs ever undertaken.

A doctor had a diabetic patient, an elderly lady, a grandmother, in fact. She was put on a strict diet, but would not play the game and was "cheating" all the while. After every violation, she got into trouble and the doctor was sent for. He got weary of these constant calls and said she had to go to a certain hospital where he could control the food and prevent violations of rules. Owing to its crowded condition, the only available room at this hospital was in the maternity ward — where the old lady was installed.

After she had been there two or three days, her 7 year old grand-daughter paid her a visit and was lolling in front of the door to grandmother's room when some visitors came along.

"What are you doing here, little girl?"

"I'm here visiting grandmother."

"Grandmother!" said one of the visitors in astonishment. "What is she doing here?"

"Oh," said the youngster, "She's been cheating again." — Excavating Engineer.

A tramp stopped at the kitchen door of the farmhouse and asked for something to eat.

"If you'll go out in the woodshed," the farmer's wife told him, "and split up the logs you find there, I'll give you a good meal."

In a surprisingly short time the tramp returned; but an inspection of the woodshed by the good wife showed all the logs carefully split except one gnarled, knotty old stump. Well satisfied, she spread a generous meal before him, and as he ate, she said, "I do wish you'd tell me how you split those logs so quickly and so easily."

"Why, madam, I simply stood beside them and told them funny stories, and they split themselves."

In the middle of the night, there was a great commotion in the woodshed, and on rushing to investigate, the amazing discovery was made that the gnarled, knotty old stump had split itself into a thousand pieces.

It was a piece of English walnut. — Bagology.

The scene was a temperance meeting. The speaker was pointing out the damage liquor does to the human anatomy. He placed a glass of water and a glass of whiskey in front of him. He took an angle worm and placed it in the glass of water. The worm swam happily round and round.

"You see," said the speaker, "the worm swims, is healthy and happy. Now let's see what happens," and he placed the worm in the glass of whiskey. The worm obligingly expired immediately. "Now what does that prove?" asked the speaker.

"It proves," called a heckler from the audience, "that if you don't want worms in your stomach you should drink whisky."

DEAR EDITOR:

Thanks ever so much for the check you sent me. I was very surprised when I received the check. I wanted to write an article for August but I was away on my vacation. So many juveniles have written about their vacations that I decided to write about mine. Two weeks ago I received a letter from my sister asking me to come and visit her. Two days later I boarded a train for Pittsburgh. It was my first trip alone. I met some very nice people on the train. When I got off the train my sister was waiting for me. She took me to her home and it was there that I had the most wonderful vacation. Not far from my sister's place there was a park. There was a swimming pool there and my sister taught me how to swim. At first I wasn't very good at swimming but after a few weeks of it I am pretty good. My favorite sports are swimming and bicycle riding. While in Pittsburgh I got my first pony ride. The pony barely moved its legs. Since then I have had many pony rides and I think it is a lot of fun to ride one. Finally after two weeks of vacationing it was time for me to go home. I made a lot of friends in Pittsburgh. I promised to write to them but I'm not very good at keeping promises. School started September 3rd and I wish it had never started. I have nothing more to say, say a happy cheerio until next time,

MARQUETTE, MICH.

DEAR EDITOR AND JUVENILES:

This month I write my article from Marquette, Michigan where I am spending a glorious vacation at the home of my aunt and uncle, Mr. and Mrs. John P. Snider. I enjoyed the train ride to Marquette very much. While in Duluth, Minnesota I met a girl from Ishpeming, Michigan. She works at St. Luke's Hospital in Marquette. Ishpeming is fifteen miles from Marquette. Arriving in Marquette I was very glad to see my aunt and uncle as I hadn't seen them since I was four years old. They are both grand parents and made me feel right at home the moment I arrived. My aunt and uncle operate a delicatessen store. I have heard many people remark how nice and clean the store is always kept. My aunt works in the store most of the time, because my uncle John works in a men's clothing store. They have a very lovely home, also Irene Morin helps my aunt in the store. She graduated from High school last year and is a very nice girl to know. I have a lot of fun with her sister Mildred.

I have made many friends here in Marquette. My "pal" here is Therese Marie Marin, a cousin to Irene and Mildred. Besides Therese there are three other children in the Morin family—Patricia, Marilyn, and Paul. Their parents remember when I was in Marquette before.

They are wonderful to me. They show me so many interesting places in Marquette.

I arrived at Marquette on August 2nd early in the morning. During breakfast I had an interesting chat with my aunt and uncle—they were so many things to talk about. After breakfast I took a rest as I was very tired. In the afternoon Therese Morin and I went to see my uncle at work in the store. It is nice inside. We stayed and talked with my uncle a while. Then I went to a Gamble store here. His parents live in Ely—right across the street from our house. He had been visiting in Ely just before I left for Marquette. And was he surprised to see me. He is assistant manager of the store and has a charming wife and three year old daughter.

Therese then showed me around town. First we went to Front Street Park. Here I saw the statue of Father Marquette, after whom the city of Marquette is named. Then she showed me St. Peter Cathedral. It is very beautiful inside. Also St. John's, the French church. There is a statue of Joan of Arc outside of the church.

The city of Marquette is built on hills. If you come into it from the South at night you will see it from many miles out. You will see the lights and think the city is right below you although you are many miles away.

Marquette is built on Lake Superior following along the harbor shore out past the beautiful Lighthouse Point to the Black Rocks and Presque Isle. It is a busy modern city. Its hotels would equal those of cities many times its size. Being a college town there are tennis, shuffle board and horseshoe courts and many other forms of sports.

One Sunday the Morin family invited me to go out to Sugar Loaf Mountain with them. Sugar Loaf which is five miles from Marquette has an elevation of 1107 ft. There is a trail and then steps to climb. There are 307 steps. Climbing this mountain was one of the things I enjoyed most while visiting here. When we reached the top of this lofty and scenic mountain we received a view of virgin forests and Lake Superior dotted with many little islands. There was a nice breeze blowing on the top of the mountain. In the water below was a sailboat. It made a beautiful and picturesque sight. It looked like a boy's toy sailboat.

Before leaving Sugar Loaf we signed our names in the register there. Then we went back to Marquette. I phoned my aunt that I was having supper with the Morin family. After supper we went to Presque Isle to watch boat races. We got there just as they were starting. When the races were over and it was dark, there was a boat parade. The

boats were all lighted up. It made a beautiful sight with the lights of the boats shining

Chicago, Ill. — Vsem članom članicam društva Zvezda, št. 100 JSKJ, naznanjam tem poslano, da se bo naša prihodnja sezona od sončne strani. V teoriji se marsikaj krasno sliši, kar je v praksi dosti manj prijetno. Jaz se vedno vztrajam pri mojem prepričanju, da sedaj vemo, kaj imamo, ne vemo pa, kaj bi imeli pri takem ali takem združenju. Vztrajam tudi pri domnevni, da združenje, pravo bratsko združenje bo šele takrat izvedljivo, ko bo pri naših organizacijah prevladovala tu rojena mladina. Te mladine ne bodo bolj točni s plačevanjem asesmentov. Zakladati iz blagajne ne morem nobenega, ker prazna, iz svojega pa tudi ne morem, ker se svoje asesmente majam plačujem. Kdor ne bo imel asesmenta pravočasno plačane, bo pač moral biti susendir; drugega izhoda zame nema. Torej, člani in članice, že se izogniti neljubi suspendirajte, skrbite, da boste imeli asesmente pravočasno plačane. Sestrski pozdrav vsemu.

Agnes Jurečič, tajnica.

Milwaukee, Wis. — Vsak glede na stvar s svojega stališča, zato ni čudno, če isto stvar vsak tudi presoja po svoje. To velja tudi za sobrata Rednaka, ki trdi, da plačuje pri JSKJ previsok smrtninski asesment, in da so drugod asesmenti nižji. Pa naj povem še nekaj iz moje lastne izkušnje kot večletna tajnica pri društvu št. 225 JSKJ. Tu imamo članico, ki je pri JSKJ zavarovana za \$500 smrtnine, ki plačuje 98 centov smrtninskega asesmenta; omenjena članica je pri organizaciji že čez 30 let. Pri eni drugi organizaciji pa plačuje članica, ki je tudi tam že čez 30 let ter zavarovana za \$500 smrtnine, \$1.41 smrtninskega asesmenta. Da je to resnica, vem po tem, ker sem za dotično članico jaz plačevala asesment. Če bi se hoteli gledata prerekati, nam ne bi nikdar zmanjkalo gradiva.

Vsi, ki že desetletja spadam k raznim podpornim organizacijam, vemo, da so vse imela prenizke asesmente od začetka. Ko so države začele zahtevati solventnost organizacij, je bilo treba isto doseči s splošnimi zvišanimi asesmenti ali z zvišano starostjo ali z obojim. Nekateri organizacije so to storile prej, druge pozneje. Člani, ki so bili že dolgo pri organizaciji, so dolga leta plačevali prenizke asesmente za tisto, za kar so bili zavarovani, zato so bili z zvišanimi asesmentom ali z zvišano starostjo bolj prizadeti kot tisti, ki so le malo časa plačevali prenizke asesmente, ali pa, ki so takoj ob pristopu priceli plačevati asesmente, ki so po njihovi starosti odgovarjali solventnosti. Poslovanje vseh organizacij je bilo od začetka precej primitivo, in je bila samo sreča, da so državne postave, začele zahtevati plačevanje takih asesmentov, da organizacije v normalnih razmerah lahko plačujejo svoje obveznosti. Ako bi ne bilo teh zahtev od državnih zavovalnih inštitucij, katere pridobi potom normalnega poslovanja ali potom kampanj, to vemo vse. To posebno vedo tajniki in tajnice. Nekaj odstotkov jih vedno odpade, vse pa nikoli. Ako po dobro uspeli kampanji obdržimo kolikor toliko trajno vsaj 50% novo pridobljenih članov, lahko trdim, da je bila zadostno.

Frank Schiffrar, tajnik društva št. 33JSKJ.

Uniontown, Pa. — Na seji društva Sv. Roka, št. 55 JSKJ, ki se je vršila 18. avgusta, je bil sprejet predlog, da se prihodnja seja vrši 29. septembra. To iz vraska, ker gre tajnik, ki je društveni delegat, na 16. redno konvencijo. Člani naj upoštevajo, da je se za mesec september prestavljena z navadnega datuma na nedeljo 29. septembra. Prosim člane, da se kar mogoče polnoštivilno udeležijo omenjene seje in da tudi plačajo svoje asesmente, ker 30. septembra bom moral že napraviti poročilo in poslati denar na glavnega blagajnika. Kdor ne bo plačal pravočasno, se izpostavi nevarnosti suspendacije. Tisti člani, ki kaj dolgujejo društvu, so prošeni, da plačajo vsaj nekaj na svoj dolg, da se bo naša blagajna nekoliko okrepila. Na svidenje 29. septembra in bratski pozdrav! — Za društvo št. 55 JSKJ:

Joseph Prah, tajnik in delegat.

Chicago, Ill. — Pri društvu Jugoslovanski zvon, št. 70 JSKJ, se organizira kegljavska liga. Vsi, ki se zanimajo za šport, ste uljudno vabljeni, da se priglasite pri tajniku Antonu Krapencu, 1636 W. 21st Place ali pa pri spodaj podpisemu na 1845 W. Cermak Rd. Kdor hitro bo dovolj priglašen, bo sklicana v ta namen seja, da se izvoli odbor in vse potrebno ukrene.

Bratski pozdrav!

John Gottlieb, predsednik št. 70 JSKJ.

Cleveland, O. — Članicam društva Jutranja zvezda št. 137 JSKJ, se naznana, da bom priznana dva tedna odsotna iz mesta. V tem času naj se sestresti glede vseh društvenih zadev, vršila se bo kot po navadi v Jugoslovanskem našem domu in se bo pricela ob 7. uri zvečer. — Za društvo št. 114 JSKJ:

Center, Pa. — Ni moj namen debatirati s sestresto Vogrich glede združenja slovenskih organizacij, posebno ne sedaj, ko je brez naklad, dasi je tisoč članov zavarovanih pri dveh, treh ali več organizacijah? Če bi tu zadnji dopis moje mnenje, da je
