Wirtz napovedal boj segregaciji v unijah

Podjetjem, ki grade s finančnimi sredstvi zvezne vlade, je delavski tajnik naročil, naj najemajo črnce kar mimo in brez delavskih unij.

WASHINGTON, D.C. — Čeprav voditelji naših unij na zunaj močno rohnijo proti segregaciji, jo trpijo več škot je treba v svojih lastnih vrstah. V tem pogledu je tipično, kar se godi v stavbarski stroki. Tam se je med podjetji in unijami počasi ustalila posebna tradicija: podjetja prepričajo unijam, da dočajo, kdo bo dobil delo in koliko bodo podjetja sprejela kot vajenca. Unije so pri izbirjanju kandidatov za novo zaposlitve in za vajence dosledno črtale iz svojih spiskov črnce. Tako črni kandidati niso nikoli mogli postati kvalificirani delavci.

Predsednik Kennedy je sedaj naročil svojemu federalnemu tajniku za delavske zadeve Wirtzu, naj tej praksi napravi konec. Wirtz je radi tega ukazal stavbenim podjetjem, da morajo mimo unij najemati tudi črne delavce in sprejemati črne vajence. Wirtz je svoj ukaz naložil zaenkrat samo na stavbna podjetja, ki obratujejo v Washingtonu in imajo naročila, ki so financirana iz javnih proračunov. V par tednih bo dobil podrobna poročila, kako je v tem pogledu na deželi, in bo tudi tja poslat primerne ukaze.

Dve raketi proti Marsu
DENVER, Colo. — Združene države nameravajo jeseni 1964 izstreliti proti Marsu dve rakete, ki bosta pognali na pot proti temu planetu vesoljski vozili vrste "Mariner C". Ti vozili bosta tehtali 570 funtov, torej 110 funtov več kot Mariner-2, ki je lani "ogledal" od bliže Venero.

Po načrtu naj bi se Mariner C približala Marsu do 14,000 milij, ko bo ta v novembra 1964 oddaljen od naše Zemlje le okoli 35 milijonov milij. Strokovnjaki NASA pravijo, da bodo poslali dve vesoljski vozili proti Marsu zato, da bodo bolj gotovo prišli do zaželenih informacij. Če se bo poskus kljub vsemu ponesrečil, bo treba čekati za nov ugoden trenutek ceši dve leti.

Za vzstrel bodo uporabili raketno Atlas-Angena, ki ima okoli 380,000 funtov potisne sile.

SISTEM VOLIVNIH MOŽ RABI REFORMO

WASHINGTON, D.C. — Sedaj velja pravilo, da morajo volivni moži, ki so izvoljeni pri predsedniških volitvah, glasovati za tistega kandidata, ki ga postavlja stranka, ki jih je izbrala za volivne može; demokratski volivni mož naj volijo demokratskega kandidata, republikanski pa republikanskega. To pravilo pa ni tako, da ga posamezne države ne bi smele spremeniti. Tri države, Alabama, Mississippi in Georgia, imajo že državne zakone, ki dovoljujejo volivnim možem, da se svobodno lahko odločijo za demokratskega ali republikanskega kandidata ali pa da pri volitvah oddajo prazne glasovnice.

Florido in Louisiana sta tudi že sredi zakonodajnega postopka, ki naj nihovim volivnim možem da podobne pravice sprostite izbire.

Ako se vse to uresniči, bo imelo 53 volivnih mož pravico, da glasujejo za demokratskega ali republikanskega kandidata. To bi lahko imelo težke politič-

Dovolj je, da sovražnik vrže na deželo dolčeno število vodikovih bomb, ki bodo z eksplozijami na tleh dvignile toliko radioaktivnega prahu, da ga bo veter lahko raznesel po vsej deželi in vso okužil.

MIAMI, Fla. — V vrstah kubanskih beguncov krožijo vesti, da so skupine lastnikov igralnic in sprejemalcev stav voljne dati kubanskim beguncem večje vsoče denarja, če bi jim ti jamicili za čas "po osvoboditvi" pravico do odprtja javnih igralnic v Havani.

Ti novi "podporniki" skušajo dognati, katera skupina ima na večje izgledov za prevlado in na katero je najbolj "varno statiti". Za sedaj menda še ni bila sklenjena nobena zadevna kupčina.

Oblasti so priznale, da je bilo v treh dneh izgredov 80 oseb mrtvih in preko 160 ranjenih.

Privatna poročila govore o stotinah mrtvih, ranjenih in zabitih.

V izjavi je rečeno, da bodo omenjene tri dežele povabljene v novo federacijo tudi britski protektorat Zanzibar. Nova federacija naj bi bila le korak k združenim državam Afrike.

V glavnem mestu je prišlo včeraj le do manjših demonstracij, hujše pa je bilo na jugu deželi v mestu Shiraz. Tam so demonstranti razbijali trgovine, prevarali in zažigali avtomobile,

dokler niso oblasti oklicale obesedno stanje in poslale na ce-te proti demonstrantom vojaštva. Trenutno vladata po vsej deželi, kjer trdi vladno poročilo, miš in red.

Druga nevarnost je v tem, da pri glasovanju volivnih mož noben kandidat ne dobi potrebine večine; takrat bi predsednikova volil predstavniški dom, kar je za našo sedanjo politično miselnost nekaj nemogočega.

Kako naj se sistem reformira? Njenostavnejše bi bilo, da volivci volijo predsednika kar naravnost brez volivnih mož. Tak predlog obstaja, dvomljivo pa je, ali bi dobil večino. Druge možnosti pa ravno sedaj išče poseben senatni pododbor za pravne zadeve. Pododbor je zamenjal ugotovil samo temne strani, ni pa še našel pripravne oblike za reformo.

Ako se vse to uresniči, bo imelo 53 volivnih mož pravico, da glasujejo za demokratskega ali republikanskega kandidata. To bi lahko imelo težke politič-

NEMIRI V IRANU SO SEGLEDI ŽE TUDI IZVEN TEHERANA!

Demonstracije in izgredi proti vladi, ki so se začeli v torek v glavnem mestu Teheranu in dosegli višek v sredo, so se včeraj razširili tudi v nekatera mesta kot v Shiraz in Quum. Uradno priznavajo 80 mrtvih in preko 160 ranjenih. Vlada je v vseh predelih, kjer so nastale demonstracije, oklicalna obsedno stanje in ji je uspelo ohraniti mir in red.

TEHERAN, Iran. — Poskus nasprotnikov vreči šaha Rezo Pahlevija in njegovo vladu zaradi izvajanja agrarne reforme in uvajanja ženske enakopravnosti se je za enkrat ponesrečil. Fanatični pristaši islama, ki nasprotujejo obema reformoma češ, da pomenita rušenje "starih islamskih ustanov", so organizirali hude demonstracije najprej v samem glavnem mestu. Te so v sredo dosegle že značaj revolucije, saj je bil uničen skoraj ves bazar, stari trgovski del glavnega mesta. Vojska, ki jo je vladu poklicala na pomoč, je vzpostavila mir in red ter skrbno pazi, da ostane gospodar položaj. Do hudih demonstracij in izgredov, ki so jih prav tako organizirali fanatični pristaši islama, je prišlo tudi v mestih Shiraz in Quum. V obeh omenjenih mestih je bilo oklicano obsedno stanje in je vojska prevezla odgovornost za vzdrževanje reda in miru.

Pri sedanjem poskušu vreči šaha Rezo Pahlevija in njegovo vladu so se, kot izgleda, združili vsi njegovi nasprotniki. Fanatični muslimani nasprotujejo agrarni reformi, ki hoče razdeliti tudi zemljo starih verskih ustanov ter te s tem spraviti v gospodarsko stisko, in uvajaju ženske enakopravnosti. Protiv agrarnih reform so seveda tudi velcoprestolniki. Ti so se z veseljem pridružili islamskim verskim fašistom v upanju, da z njihovo pomočjo dosežejo propad agrarne reforme. Komunisti so proti zahu in njegovi vladu ne samo zaradi notranjih političnih vzrokov, ampak tudi zato, ker vztrata trdno na strani Zahoda.

Hruščev je pa tudi nekaj populistički komunizem lahko zmaguje potom "mirnega sožitja" ali pa tudi z revolucijo. Nasilje in "mirno sožitje" sta tako postalna ravnopravna. Caster je tak sporazum po godu. V državah Latinske Amerike bo lahko agitiral z mirnim sožitjem ali pa z revolucijo, kakor mu bo kazalo. Vse skupaj ima pomen samo za agitacijo, lahko pa služi tudi kot pot, ki naj prispeje do sporazuma med Moskvo in Peipingom.

Priprave za povezavo držav vzhodne Afrike

NAIROBI, Kenija. — V sredo so se tu sporazumieli predsedniki kenijske vlade Jomo Kenyatta, nekdanji zloglasni vodnik Mau-mau, predsednik vlade Ugande Milton Obote in predsednik Tanganyike Julius K. Nyerere, da bodo delali za ustvaritev politične federacije njihovih treh držav še pred koncem letosnjega leta. Skupno izjavo je prebral Kenyatta, čigar gosta sta bila vodnika Uganda in Tanganyike.

Uganda in Tanganyika sta že neodvisni državi, Kenija je še na poti k polni neodvisnosti. Predvidoma jo bo dosegljena prihodnje leto.

V Teheranu nadzirajo mesto nočne vojaške patrolje, srednje mesta in vladna poslopja pa čuvajo tanki in oklopni avtomobili. Policia išče organizatorje demonstracij in izgredov.

Večje število jih je že prijela in vojaški guverner glavnega mesta gen. Nemotollah Nassiri je objavil, da bodo postavljeni pred sudsice zaradi kovanja zarote proti obstoječemu redu.

Oblasti so priznale, da je bilo v treh dneh izgredov 80 oseb mrtvih in preko 160 ranjenih.

Privatna poročila govore o stotinah mrtvih, ranjenih in zabitih.

Korotanov koncert

Kulturno življenje med nami je v upadanju, vendar še živi. Težava vsake emigracije je, kako iz leta v leto prizvati ljudi k izročilom, ki so jih prinesli s seboj iz domovine, in kako najti pot do tiste mladine, ki je bila rojena že izven domovine staršev in nima do izročil nobenega posebnega odnosa več.

Slovenska knjiga, slovenska pesem in slovenska dramatika — vse to je v upadanju in se v šumu tega naglega življenja čez dalje bolj oddaljuje. Po pravici smo v skrbah, kaj nam bodo prinesla leta pred nami, ko bo stara emigracija obnemogla in kaj smemo pričakovati od mladine, ki naj bi naše delo nadaljevala.

Majhne krize v organizaciji so čestokrat že začetek smrti. Ni še tako dolgo, ko je pred tako krizo stalo pevsko društvo Korotan z odhodom prvega njenega dirigenta Metoda Milača. Bil je pri nastanku zboru od prve ure, vodil ga je k prvemu javnemu nastopu in nato vsako leto. Dobra deset let. Nato je prišla ura, ko ga je življenje poklicano na drugo mesto in zbor, ki je imel za seboj deset let plodnega dela, je ostal brez povodov. Težko je videti umreti društvo, ki je še živahno in ima v sebi toliko mladih ljudi. Kakor mladega človeka.

Kriza je rešil nov človek v našem pevskem udejstvovanju v Clevelandu, preprost človek, ki o njem malo slišimo in malo vemo, pa smo prepričani, da je v njem mnogo idealizma in mnogo dobre volje — povodov gospod Lado Lempel.

Pevski zbor Korotan je spet živ in spet popolen. Spet je tu novo upanje, mladi ljudje, ki slovensko pesem ljubijo, so našli zanko novega interpreta. Iskreno ga pozdravljamo in mu želimo, da bi ljubezen do slovenske pesmi ohranil njim, ki jih vodi, in nam, ki nam je slovenska pesem draga.

Jutri zvečer v dvorani pri Sv. Vidu Korotan priredi svoj koncert. Prijetno je misliti, da se življenje tega zabora ni ustavilo, prijetno je misliti, da se nam je spet ohranilo nekaj našega, nekaj specifično našega. Tako težko oddajamo, s čemer smo bili desetletje združeni, tako strašno težko se je ločiti od tistega, kar se nam je zdelo lepo celo desetletje. Radi vas vidimo, dragi prijatelji, radi slišimo vašo pesem, ki je tudi naša, in veseli smo poguma in trdne volje, ki ste jo skupno pokazali.

Ne smemo se sami oropati zadnjega nakita, ki ga še imamo. Res se, da je kulturno delo najbolj nevhaležno, toda kaj je lepšega kakor prisluskovati temu, kar je skrito v človekovi globini in prihaja na dan kakor čudovit čist vir in veže na ljubek način dolga obdobja naše preteklosti? Saj ne moremo mimo vsega kar tako, hladno in malomarno. Tako dolgo je že pel slovenski človek, da bi že iz samih pesmi mogli sestaviti njegovo zgodovino. Veselo zgodovino in žalostno zgodovino. Toliko lepega je vsem tem.

Jutri zvečer, ko se mladi ljudje razpostavijo po odrui po dvorani ugasnejo luči — skušajmo premisliti lepoto in dobroto slovenske pesmi. Nima ti sicer ničesar materialnega potisniti v roke, — toda saj tako daleč še nismo, kajne? More pa nam napolniti dušo s ponosom, s spominom, z upanjem, in to so dobrine, ki jih v tem času tako strašno potrebujemo. To odhajanje duha iz nas postaja iz leta v leto bolj mučno, to bežanje iz duhovnih vrednot v grobo vsakdanjosti postaja naš največji problem. Moramo si prizadevati, da ga ustavimo, da ga vsaj zaviramo.

Dvorane postajajo prazne in to je določno znamenje umiranja. Pesem, knjiga in igra so mnogim samo še rekvižiti, s katerimi so imeli svoje veselje starji ljudje. Vrednotenje kulturnega dela postaja med nami obupno vsakdanje.

Morda še ne mislimo na škodo, toda bil bi zadnji čas, da bi mislili. Ko se je bomo zavedli, jo ne bo mogoče več popraviti. Teden ne bo več pevcev, ne bo več igralcev in ne več pisateljev. Nekateri mislijo, da je to vseeno. Morda na pogled. Življenje bo šlo svojo pot, živel bomo brez pesmi, brez igre in brez knjige, sedeli bomo po zofah in poslušali muziko iz radijskih aparativ. Muziko, ki se ne bo niti malo dotaknila tvojega doma, niti malo spominov, ki si jih nekoč imel.

Zdi se mi, da se nekoč vendarle vsak človek ustavi ob svojem, najrajše ob svojem. Morda takrat, ko odneha čar tugega okolja, ko obnemore volja za zunanjimi cilji in se vsak vrača nazaj k izhodu. Takrat je lepo slišati, kar je slišal nekoč, prastaro bitje slovenskega srca, tisto, kar ne znaš niti več razložiti, ampak samo še čutiš.

To čutenje hrani v sebi posebno slovenska pesem.

Jutri zvečer smo vabljeni na koncert te pesmi, te naše pesmi. Vsak, ki še čuti, da mora iz vsakdanjosti vsaj včasih, naj pride. Saj bi bili vsi dolžni priti — iz spoštovanja do drage in ljubljene dragotine, ki prehaja iz roda v rod.

Pridimo!

Karel Mauser

BESEDA IZ NARODA

Slovenska pristava dobila veliko dvorano

CLEVELAND, O. — Slovenska pristava pridobiva vedno nove člane in navdušene podpornike, z njihovo pomočjo jo odbor pod vodstvom predsednika Jerneja Slaka bolj in bolj ureuje, da bo mogla čim večim čim boljše služiti.

Nekateri so lani tožili, da je Pristava predaleč in pot do nje ne posebno lepa. To se je spremnilo, od kar je odprta Lakeland avtovlečecista, še boljše pa bo, ko bo s te mogoč naravnost na Interstate 90 preko novega Outerbelta. Obljubljajo, da bo ta odprt še letaščica poletje, menda kar pred 4. julijem. Če tudi obljube ne bodo izpolnili, bodimo prepričani, da bo tudi ta del naše poti na Pristavo prej ali slej urejen.

Odbor Pristave je letos uredil tudi dovoz na Pristavo od ceste. Pot je razširjena, zravnana in polita z oljem tako, da obiskovalcem ni treba več uživati obilnega prahu. Uredili so tudi poto in sprajhalne steze po sami Pristavi. Kdor si želi spreča po svežem zraku sredi narave, bo tega na Pristavi brez težav lahko deležen.

Piknik na Slovenski pristavi so bili na splošno redno kar dobro obiskani. Vse je bilo v redu, če je bilo vreme lepo. Kadars je nedančno prišla nevihtna, se množični imela kam umakniti pod streho, ker strehe enostavno ni bilo, vsaj ne zadosti. Tudi ta težava je sedaj odstranjena. Na Slovenski pristavi so v preteklih tednih postavili velik dvorano (80x30 čevljev), jo pokrili in jo sedaj urejajo, da bo za otvoritev Pristave 16. junija popolnoma pripravljena.

Največ zaslug za postavitev nove dvorane, ki bo uporabna tudi pozimi, saj bo imela okna in vrata, imen' posebni "odbor

podjetnikov", v katerem so Frank Bricelj, Milan Jager, Stanko Prisljan, Dušan Marsič, Jože Malovrh in Stanley Erzen, sami znani slovenski podjetniki.

Postavitev dvorane je bila sklenjena najprej na seji odbora Pristave 21. aprila letos. Tukaj kom ogleda na sami Pristavi, pri čemer je bilo navzočih nadsto članov, je bilo sklenjeno, da bo dvorana velika 80x30 čevljev, da bo zadoščala vsem naraščajočim potrebam. Za izvedbo načrta so se zavezeli omenjeni podjetniki. Domenili so se in delo izvedli brez odlašanja. Nekaj dela so opravili plačani poklicni delavci, veliko večino pa poklicni in nepoklicni delavci — člani Pristave in njeni prijatelji ter podporniki.

Na Spominski dan, ko so postavljali na dvorano streho, je pelo istočasno preko 50 ljudi. Vodniki gradnje so tožili, da je velik "tokrat gneča prevelika". Kljub temu so stroški zgraditve dvorane znesli okoli \$3,500. Da bi te pokrila, prirejata odbor podjetnikov in odbor Slov. pristave skupno otvoritev Slov. pristave in velik piknik, na katerem bodo med goste razdeljene številne nagrade.

Odbor podjetnikov in odbor Pristave vabita vse člane in njihove družine, pa tudi vse druge slovenske rojake in rojakinje, ki uživajo v naravi, na to veliko prireditve v nedeljo, 16. junija. V obilni meri bo poskrbljeno za vse telesne dobre, pa tudi za zabavo mladih in starši. V zadnjih dneh so v ta namen pripravili igrišče za baseball in igrišče za otroke, kjer so postavljene gugalnice in vrtljak!

Na svidenje na Slov. pristavi v nedeljo, 16. junija! C. L.

Korotanov koncert je pred durmi

Cleveland, O. — Moj prijatelj su, da ne čakate zunaj na plovri, da bo na jutrišnjem Korotanovem koncertu vse naročne. Pa ne bo tako hudo. Kot povodova hočem le preizkusiti zvočnost svetovidske dvorane. Vsem prirediteljem je znano, da ta oder sam "požre" najmanj polovico zvoka, namesto da bi ga kar največ oddal dvorani.

Zato pevski zbor tokrat ne bo pel na stalnem odru, ampak na posebnem odru pred zaveso. Pričakujemo, da bo zborovo petje na tem mestu vsaj za 50% bolj slišno kot pa, če bi peli na odru med zavesami.

Vsek poslušavec bo dobil pri vhodu v dvorano program s polnim besedilom vseh pesmi,

ki jih bo zbor izvajal. Priporočam vam, da ta program takoj preberete, da vam bo besedilo bolj znano. Mnogo bolj boste namreč uživali pri poslušanju petja, če boste razumeli vsako besedo, oziroma že naprej vedeni pomen celega stavka, ki ga zbor poje. Zato bodo v dvorani med koncertom gorele vse luči, da boste lahko brali. Koncert je namreč za poslušanje glasbe, ne pa razstava pevcev in pevk! (

Cleveland, O. — Prihodnja nedelja, 9. junija, bomo imeli skupno sv. obhajilo pri osmi sv. maši. Zberemo se ob 7.45 v zbiralni dvorani pod cerkvijo, da skupno odidemo v cerkev, kjer bo ustoličenje novoizvoljenih uradnikov. Sv. obhajilo darujemo za duhovniške in redovniške poklice. Po maši bo zajtrk in kratek sestanek v šolski dvorani, kjer bomo vidi delavci s zadnjega romanja v Frank, Ohio.

Zadnji sestanek v maju nam bo gotovo stal v nepozabnem spominu, ko smo se odzvali v tako lepem številu ter hvale vredno proslavili Materinski dan; med nami smo tega dne imeli tudi naše žene in matere, katere je mestna sodnica Mrs. Blanche Krupansky tako imenito počastila.

Zadnjo nedeljo v maju smo imeli romanje k Žalostni Mati Božji v Frank, Ohio. Bila je zelo prijetna vožnja, zlasti radi tega, ker nam je bilo tudi nebo naklonjeno ter nam je poslalo takoj krasen dan, da si lepšega ne bi mogli želite. Peli smo in peli, pesmi v čast Mariji in zdele se nam je, da nas je Marija nagradila s krasnim vremenom.

V svetlju so bile pete litanije; pred oltarjem so vodili petje Father Godina, Ivan Rigler, Viktor Modic in Anton Nemeč, odpreve pa je vodila gospa Adamičeva s krasnim sopranom. Nebeško lepo petje so tudi drugorodci občudovale poslušali, med njimi je bil star duhovnik ginjem skoro do solz. Iz cerkve se je preneslo petje v gozd, kjer smo molili in peli žalostinke križevega pota; tisoč in tisoč dnevne je šušljalo z nami pesem svojemu Stvarniku. Mr. Rigler, Mr. Modic ter gospa Adamičeva so tisti nerazdržljivi glasovi, ki vzbudijo prištevajočo ravnemenu romarju pevko žilico. Zdela se je, kako da je vseh 134 romarjev samih pevcev, zato je bilo vse romanje kot ena sama pesem v čast Majniški Kraljici.

Na binkoštno nedeljo je č. g. J. Godina poudarjal Slovenski dan, kjer se spominjamo onih Slovencev, ki so dali življenje za vse.

Pričakujemo tudi mnogo naših članov in prijateljev iz Girona in Barbertona, pa tudi od drugod. Ne zamudite torej lepe priložnosti in pridite na piknik!

Na veselo svidenje 9. junija popoldne v White Rd. na pikniku!

Razstava slovenskega protikomunističnega tiska

Cleveland, O. — Preteklo soboto, 1. junija t.l., je bila v sestovidski šolski dvorani v Clevelandu lepa in pietetna spominška proslava, posvečena protikomunističnim žrtvam za komunistične revolucije v naši domovini. Istočasno z akademijo pa sta bili v dvorani tudi dve razstavi, in sicer je prva vsebovala slovenski protikomunistični tisk, druga pa bogato slikovno gradivo iz časov slovenske protikomunistične borbe v domovini.

Ustaviti se mislim samo pri razstavi tiska. Razmeščena je bila kaj okusno v ospredju dvorane na desni strani održa. Pod geslom "Narod naš dokaze hrani!" jo je organiziral znani naš clevelandski kulturni delavec g. Zdravko Novak, ki posveča zadnja leta velik del svojega prostega časa in zlasti tudi svojih sredstev ustanovitvi "Slovenske zamejske knjižnice v Clevelandu".

Sobotna razstava slovenskega protikomunističnega tiska je obstajala iz širih skupin. V prvo je g. Zdravko Novak postavil slovenski protikomunistični tisk iz obdobja pred revolucijo; v drugo: protikomunistični tisk med revolucijo; v tretjo: protikomunistični tisk, izdan po naših begunske taboriščih, in v četrto in obenem zadnjo: protikomunistični tisk v združstvu, t.j. v emigraciji; ta skupina pa še ni zaključena.

Zanimanje za razstavo je bilo izredno veliko; še za nobeno od dosedanjih tiskovnih razstav v Clevelandu toliko. Obiskovalci so z resničnim zanimanjem in živim komentirjanjem ter vzbujanjem svojih osebnih in naših skupnostnih spominov ogledovali razstavljeni tiske, med katerimi je bila tudi nekaj letakov in plakatov. Kar verjetno niso mogli, da je tega toliko, čeprav dejansko še daleč ni vse.

Nimam namena navajati vsega, kar je razstava vsebovala, saj tega za tiste, ki so bili na razstavi, tudi ne bi bilo potrebno; za zunanje pa bi bil vsak opis preskoren. Sicer pa je mogel vsak obiskovalec razstave prejeti dober opis razstave kot tudi posameznih njenih skupin, ki ga je bil zanje priznal g. Zdravko Novak.

Pripomnil pa bi, da bi bilo nujno potrebno izpopolniti to našo zbirko protikomunističnega tiska. Zlasti je treba rešiti pred izgubo, če je le še mogoče, vse številke "Svobodne Slovenije", edinega protikomunističnega slovenskega političnega glasila, ki smo ga imeli v času revolucije. Nadalje spada v okvir te zbirke tudi ves slovenski protikomunistični tisk, ki so ga izdali med revolucijo poleg onega od vaških straž v poznejših dobrombrancev ter Slovenske narodne vojske še vse druge slovenske protikomunistične borbenne skupine po posameznih predelih naše domovine, kot n.pr. različne četniške in druge formacije, ker tudi tega je kar precej ter je dragoceno. Sicer pa, kar kdo ima, naj naznani g. Zdravku Novaku, da bo vsaj v evidenci.

Razstava je v vsakem pogledu uspela, za kar gre hvala njenemu marljivemu organizatorju. J.S.

Guv. G. Wallace se ne ob oziral na prepoved?

BIRMINGHAM, Ala. — Guv. George Wallace je dejal na televiziji, da utegne njegov nastop spravljiv v nevarnost celo njegovo osebno svobodo, vendar bo on storil, kar misli storiti neoziraje se na tveganje. Guverner je pred časom napovedal, da bo osebno preprečil vpis dveh črncev na univerzo Alabama, ko je zvezno sodišče odločilo, da jih mora univerza vpisati.

Zvezne oblasti so nato vložile pri zveznem sodišču zahtevo, naj to guvernerju prepove osebno vmešavanje v vprašanje vpisa obeh črncev. Wallace-ov govor na televiziji je bil odgovor na odločitev sodišča.

Vpis obeh črncev je določen za ponedeljek, 10. junija.

Ekvador kaznoval ameriška ribiška čolna s preko \$26,000

QUITO, Ekv. — Vlada je kaznovala ameriški ribiški ladji, ki sta lovili tuno kakih 13 milij od obale Ekvadora, s preko \$26,000 globe. Posredovanje ameriškega državnega tajnika pri ekvadorski vladi, naj ameriška ribiška čolna izpuste, ko jih je vojna ladja ustavila in oddela v ekvadorsko pristanišče, ni zaledilo.

Z odlokoma o kazni je bilo kapitanoma obeh ribiških ladje sporočeno, da bosta ti zaplenjeni, če ne bo globla plačana v petih dneh.

Združene države priznavajo obalnim državam le 3 milje od brega suverene pravice, Ekvador si jih lasti do 200 milj daleč v jug v pogledu ribolova. Kaj bo vrla Združenih držav storila v zaščito svojih ribičev, še ni znano.

Žalovanju za pokojnim sv. očetom so se pridružili tudi komunisti

RIM, It. — Prvič v zgodovini komunizma se je komunistična javnost pridružila splošnemu žalovanju za pokojnim sv. očetom. S tem ni rečeno, da bi bil sv. oče med komunisti posebno priljubljen in spoštovan. Žalost izvira iz čistih političnih nagibov.

Pokojni papež ni načelno odobril nekaj takih stikov s komu-

nisti, ki bi olajšali usodo katolikov, ki trpijo pod komunističnimi dikaturami. Poznavalcem trdijo, da je nekaj takih stikov že ustvarjenih, nekaj bi jih pa še bilo, ako bi papež ostal živ.

Za komuniste je nastalo veliko vprašanje: ali bo prihodnji papež hodil po isti poti kot Janez XXIII.? Če prav ne vedo, kdo bo naslednik, vendar se mu hočejo že naprek prikupiti z izrazi žalosti ob izgubi, ki je zadeva ves svet.

Da se je pokojni papež zelo brigal za vzhodne katolike, privča tudi novica, da je prav zadnje čase, ko je že bležal, sprejel ukrajinskega nadškofa Slišija v avdijenco.

Upanje za letošnje znižanje davkov kopni

WASHINGTON, D.C. — Ne morda radi letne vročine, ampak zato, ker se kongresnikom z delom na tem področju nikamor ne mudri, dasiravno je Kennedy svoj čas napovedal, da bo zakon že 1. julija pod streho. V resnici ga obravnava še zmeraj znani Millsov odbor, ki je od sedaj prerezetal komaj polovico besedila.

Mills misli, da bo lahko poslast besedilo v plenum predstavnškega doma še sredi julija. Od tam bo šlo besedilo, če bo sprejet, v senat, kjer bo senator Byrd poskrbel, da delo ne bo šlo hitro od rok. Tako bo zakon sprejet, ako bo, šele koncem septembra. Potem bo na federalna davčna uprava potrebovala par mesecev, da objavi izvršilne uredbe. To delo ne bo končano pred novim letom in uporaba zakona za prihodnje davčne napovedi bo postala veliko vprašanje tudi takrat, ko bo zakon sprejet.

Bomba eksplodirala v letalski prtljagi pred odletom

LONDON, Vel. Brit. — Tu je eksplodiral neki kovček na letališču kakor pole ure preje, predno bi moral biti naložen v Caravelle jet letalo portugalske letalske družbe, ki naj bi poneslo iz Londona v Lizbono 77 ljudi.

Eksplozija je povzročila požar, ki pa so ga gasilci naglo udobili. Oblasti preiskujejo, kdo je kovček z bombo postal na letališču.

Nov Mercury poletni verjeten

WASHINGTON, D.C. — Astronavti bi radi napravili še en polet v vesoljskem vozilu Mercury okoli Zemlje. Trajal naj bi predvidoma 100 ur.

Vodstvo NASA je v sredo ta načrt odklonilo, ker ne pričakuje od njegove izvedbe odgovarjajočih koristi.

POŠTENA ŽENA

POVEST

"Škoda", je končala gospa Henry, dvignila roke proti nebu in se kmalu nehalo zanimati da družinsko nesrečo, ker ji prav za prav ni bila nič mar.

In prva je nadaljevala zase: "Prav gotovo ju bo zaločila..."

Gospa Ferrirova se ni prav nič menila za zlobno namigavanje, ki ga je pravkar slišala. Njeno poštenje in preprostost njenega srca sta jo varovali pred sumnjo. Življenje se ji je zdele tako ravno in lahko kakor cesta, po kateri je lahko stopala. Obrnila je preproščino, ki nekaterim ženam dolgo daje videz mlade deklice: sicer pa je rajši imela pogovor z otrokom kot vsa dušeslovna vprašanja in vse te družabne klevete.

Negibno in belo jezero je oddijalo sončni lesk. Neopazen vrtinec je ob obali prav malo ločil vodo od kopnega. Pokrajina se je izza gostih platanin senc zdela svetlejša in soparnejša.

Germane niso zanimali učinki te jasne svetlobe. Izkoristila

hvaležnosti je v duhu preletela vse svoje življenje in našla samo veselje. Vse skrbi, ki jih je imela ob zadnji očetovi bolezni, so se ji zdele samo skromna otroška vdanost in kratke so ji bile vse prečute ure, ko je bedela ob otrocih. Čustvo obilne sreče ji je polnilo oči s solzami, vendar je vse zasluge za to srečo pripisovala samo možu. In oboževani Pavel se je z nju oženil ne brez težav. Bil je iz dobre družine, z lepo bodočnostjo, z mnogimi sorodniki in je blestel v družbi; kot tak je preveč točno odgovarjal vzoru vseh mladih deklek, da ne bi bil takoj osvojen. Njena mati mu je tudi bila vdana in ga je rada sprejemala. Njen oče pa, manj dovzetem za toliko čare, se je vznemirjal zaradi slovesa, ki ga je imel mladi mož kot ljubimec. Bal se je njege lahkomislosti in sreče, ki ga je spremjal s presenetljivo naklonjenostjo, mu odstranjevala vse zapreke ter trdovratno in vztrajno služila njegovim talentom.

"Življenje", je menil starček, "mu je bilo do sedaj prelahko. Ni mu izoblikovalo značaja. Poznal je samo uspeh. Ne bi želel, da bi bila sreča moje hčerke od visna samo od vrste srečnih slučajev."

"Ali ne vidiš", je govorila njegova žena, "da najino hčerko ljubi?"

In odgovoril je: "Danes jo brez dvoma ljubi. Včeraj je ljubil drugo. Ali sploh sluti, kaj mora biti zakonska ljubezen, nemlinjiva in sveta ljubezen, potrežljiva in mirna, zmožna prenašati srečo brez zavosti in nesrečo, ne da bi omagala?"

Kakor hitro pa je zvedel za Germanino tajnost, se je pač vdal. Ona pa je uganila očetov odpor, ne da bi ga kaj več preučila.

Ko je šla skozi vas Albigny in stopala po poti na levo proti Annecy-le-Vieux, je spet v duhu premisljala vse vzroke svoje življenjske sreče.

"Ubogi oče!" si je rekla in spominjanj jo je za trenutek užalostil. "Umrl je pomirjen nad mojim življenjem. Bila sem dve leti poročena in mali Ivan je že shodil. Lahko je pred smrtjo ugotovil mojo srečo..."

Nenadoma se je spomnila zadnjih nasvetov, ki ji jih je dal starček malo pred svojo smrtno: "Bodi pogumna", ji je rekel, ko mu je nekega dne navdušeno pripovedovala o svojem zakonu. "Preskušne te čakajo. Nobemu človeškemu življenju ne prizaneso... Najdejo naj te pravljeno... Bodi pogumna..."

Tako ji je govoril — le zakaj? — nekega dne svoje zadnje jeseni na terasi v Annecy-le-Vieux, kamor je takrat prišla. Pokrajina se je kopala v blešeči septembrski svetlobi, sonce je zahajalo za sinjimi griči.

Preskušen pa ni bilo. Od kod naj bi prišle? Ali ni bila njenā sreča na varnem pri možu in otrocih? Cesa naj bi se bala? Njen korak in njeni misli so bile tako lahke, da se je hipom ustrašila svoje prve velike sreče. Boječ se kakšnega nepričakovane dogodka, je začela moliti, kot bi zaklinjala temno hudo osodo.

Onstran vasice Annecy-le-Vieux se je povzpela pa stezo do Sapiniere, ki se je tiko imenovala zato, ker je posetovo mejilo na smreke Glaisinsa, ki vežejo grič z višinami Veyrier. Niti na miselji ni prišlo, da pi zadržala korak, vkljub vzponi ga je še pospešila. Z rožnatim licem in pospešenim dihom je hitela kot zaljubljena deklica, ki teče na sestanek. Vrtna vrata je našla odprta.

"Tukaj je", si je rekla veselo. Toda hiša je bila zaprta, zastonj je poskušala vstopiti.

"Gotovo je pozabil ključ!" Šla je možka iskat na kmetiji. Niso ga videli. Pričela se je vznemirjati, ko je opazila za hišo dvoje koles, naslonjenih na hraščovo deblo in skritih v listju, ter se jima približala. Po ravnom krmilu in niklastem zvoncu je brez težave spoznala kolovo sroga moža. Drugo je bilo lepo žensko kolo.

Germana si je položila roko na srce. Bilo ji je tako močno, da bi ga lahko slišala. Brž je pregnala zle misli, ki so jo skušale napasti:

"Neumna sem in kaj malo vredna svoje sreče. Pavel je srečal kakšno našo znanko in jo pripeljal na Sapiniere. Nemara Berto de Cheranovo, ki jo je gospa Hetryjeva videla na cesti."

V trenutku je razumela zlobna namigavanja gospe Marolazove; ker se pa ob njih ni hotela ustavljati, jih je odgnala z nemajnim zaupanjem. Toda njen veliko veselje jo je minilo. Presenečenje, ki ga je hotela napraviti svojemu možu, je ni več mikalo. Medtem ko je prej stopal tako lahko, je sedaj začutila trudne noge in na prsi ji

What in the WORLD! by ONLY Springtime in Paris

Paris takes a stern view of any real or fancied challenge to the way of life that makes the city the world's sentimental capital in springtime.

The United Nations Educational, Scientific and Cultural Organization (UNESCO) learned that when it decided to expand its Paris headquarters. At the first suggestion that a new building was going up on grounds already occupied by UNESCO's Y-shaped secretariat, Parisian officialdom cho-

rused: "Non!" Another building on the site, cried the city fathers, would destroy the architectural symmetry of the Place de Fontenoy, a tree-shaded 18th Century square within the shadow of the Eiffel Tower. A compromise was negotiated. UNESCO will build a \$5,615,000 annex including office space, conference rooms and a parking lot on the site — but underground. The space to be added will almost equal that in UNESCO's 7-story secretariat that has been a Left Bank landmark since 1958.

The annex will occupy three levels under a huge plaza. Since the construction won't change the neighborhood's appearance, the city fathers are agreeable — apparently on the theory that what Parisians can't see won't hurt them.

Power Squadrons Will Hold Free Courses

COLUMBUS. — A basic understanding of general boating procedures would aid all pleasure boat operators to observe the state boating law, according to James Weils, administrator of the Ohio Division of Watercraft. He made this comment in calling attention to projected activities of 17 Ohio units of the United States Power Squadrons, which have been teaching boating safety to the public free of charge for many years.

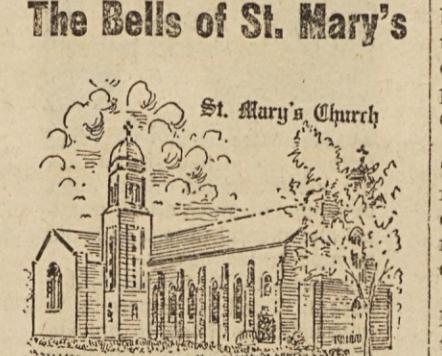

The Ohio squadrons hold a course of 13 evening lessons in boat piloting twice yearly, the spring and fall. It covers safety, rules of the road, the buoyage system, aids to navigation, charting, seamanship, equipment, laws and regulations, and the like. There is no charge for instruction, but text book and course material must be purchased, Weils says. A list of squadrons, with the commanders' names and addresses, where courses are given, follows:

Akron, William D. Boesche, 762 Canyon Trail; Ashtabula, Ivan H. Smith, 2036 E. Prospect Rd.; Cincinnati, Robert R. Lavercombe, 5731 Nahant Ave.; Columbus, Paul H. 1100th Jubilee Of The Coming of SS. Cyril And Methodius

Cleveland, Ohio. — We are celebrating the 1100th Anniversary of the coming of the saints SS. Cyril and Methodius to Greater Moravia and Panonia from Bizantium. Our ancestors lived in Moravia and Panonia. Bizantium was the capital of the great Eastern Roman and Greek empires. It was the largest political and army headquarters. Bizantium, the former Constantinople and the present Istanbul, was also the religious center of the world.

SS. Cyril and Methodius came to our land at the invitation of Count Rastislav who had asked for them from the Greek emperor Michael the IIIrd.

SS. Cyril and Methodius unselfishly performed their missionary work in Moravia and Panonia which was very important for the whole Catholic church. It was especially so to all Slavs who listened to the saintly missionaries who taught our forefathers in their native tongue.

This missionary work of the saintly missionaries had a great effect on all Slavs and the Slovaks in particular. Thus the Slovaks and Slovenians will celebrate this great jubilee with dual celebrations. The Slovaks of Greater Cleveland will have their celebration at our Lady of Levocka Church in Bedford, O. on July 4, with a pontifical old Slav tongue mass by the Abbot Kojic of Benedictine Abbey. The Slovenians will have their day on Sunday, July 7, with a slavonic ceremonial Mass in the old Eastern Slavic tongue by Rt. Rev. Msgr. Firat at St. Vitus Church at 10:00 A.M.

Slovenes are the branch of the Slav tree closest to Western Europe. We are closely united with the Slav East in our celebration of the SS. Cyril and Methodius 1100th Jubilee. A cultural program will also be held on Sunday, July 7, at the St. Joseph KSKJ Park in the afternoon. M. K.

SHORTS ON SP SHORTS

Birdie Protects Two Visits to Mound by Rival Skipper: How can a manager make two trips to the mound and not be required to remove his pitcher, as spelled out in the rules?

Birdie Tebbetts, the Indians' skipper, learned the answer here, May 25, but he wasn't satisfied. He protested a 6-4 loss to the Orioles because Billy Hitchcock went out in the first inning to talk to Milt Pappas after the righthander had slipped while making a pitch and visited Pappas again in the fifth frame when his hurler was in a slight jam.

"That first visit doesn't count," Plate Umpire Frank Umont said during a dispute with Tebbetts. "Pappas slipped and Hitchcock merely wanted to see if he was hurt."

"Suppose we don't let a manager go out in a case like that. Maybe the pitcher gets a sore arm and is out for six weeks. Then who's to blame?"

Tebbetts' protest was based on the second paragraph of Rule 11, American League Regulations, which reads as follows: "Only one visit to the pitcher's mound can be made by a manager, coach or any non-playing person while the same pitcher is in the game. Upon violation of this rule, the pitcher shall be automatically removed from the game."

Fog Stops Dodgers, Braves: A dense fog broke up the May 29 game between the Braves and Dodgers in the seventh inning with the score 3-3. The Dodgers were batting with two out and a runner on second base, when time was called. After a 52-minute wait, the umpires gave up hope of resuming play. The fog began to roll in shortly after the game started and grew steadily worse. When Eddie Mathews, Braves' left fielder, — lost a fly momentarily and barely caught it, the umpires called time. The game was rescheduled as part of a double-header, July 21. The fog was the second in Milwaukee. The other occurred in 1960, when the Braves and Cubs had to quit after four and a half innings with the score 1-1.

Edwards Eyeing Psychiatry Field After Diamond Career: Doc Edwards, the Athletics' new catcher, hopes to enter the field of psychiatry when his baseball career is finished.

Edwards attended Oceanside-Carlsbad College in Carlsbad, Calif., for two years and plans to continue his education in the off season. He skipped school the last two years because he was playing winter ball.

Ex-Senator Bright Finds It PAYS To Be a Yankee: It's great to be a former Senator in more ways than one, the Yankees' Harry Bright, a former Nat, cracked during the recent series between the two teams.

"When I was with Washington", Bright laughed, "I used to say that the only ball player I'd pay to see was Mickey Mantle."

"Well, now I don't have to pay to watch him and sometimes I even sit next to him!"

Wynn Signs With Indians: Early Wynn was signed to a player contract by the Indians, May 31, and was to join the club on June 3. Manager Birdie Tebbetts said the 43-year-old righthander will be placed on the club's roster when he decides the hurler is ready to pitch. Wynn, a 299-game winner in the majors, was with Cleveland from 1949 through 1957. He was granted his release by the White Sox last fall.

EDUCATION OR CATASTROPHE?

We naturally think of the jet age of international air travel in its most obvious manifestations — standards of speed, comfort and reliability which make it possible for us to go almost anywhere in the world in a matter of hours.

But there is more, much more, to it than just this. And the possible significance has been admirably summarized by President Juan T. Trippe of Pan American World Airways. Mr. Trippe is one of the great pioneers of commercial air transportation, who has worked steadfastly, often in the face of powerful opposition, to improve the service and reduce the costs.

In his words: "Mass travel by air may prove to be more significant to world destiny than the atom bomb. For there can be no atom bomb potentially more powerful than the air tourist, charged with curiosity, enthusiasm and goodwill, who can roam the four corners of the world, meeting in friendship and understanding the people of other nations and races."

"The tourist plane and the bomber for years have been racing each other toward a photo finish. In my opinion, however, the tourist plane, if allowed to move forward unshackled by political boundaries and economic restrictions, will win this 'race between education and catastrophe'."

Perhaps, on some happy future day, there will be no more bombers and other weapons in the sky — and their places will be taken by the peaceful tourist planes. This, certainly, is one of the hopes for our menaced civilization.

National Examinations For U. S. Coast Guard Academy

WASHINGTOM, D.C. — The 88th annual examination for admission to the U.S. Coast Guard Academy at New London, Connecticut, described by President Kennedy as "second to none of its sister academies" will be held December 7, 1963 in over 1000 cities of the United States, its possessions and selected cities abroad.

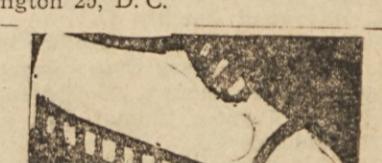

Appointments as Cadet, United States Coast Guard, are made solely on the basis of competitive examination and prospective adaptability to military life. There are no Congressional appointments or geographical quotas.

The Coast Guard is a military service and is one of the five Armed Forces. While history finds the Coast Guard fighting in all of our wars with many recorded deeds of valor, traditionally the service takes its greatest pride in peacetime activities. Search and Rescue, Law Enforcement, Aids to Navigation, Merchant Marine Safety, Boating Safety, Ocean Weather Stations, International Ice Patrol, and many other duties provide aid and comfort to people of all nations using the air or sea lanes. Its duties are truly humanitarian and it is the successful performance of their jobs that gives real satisfaction to Coast Guardsmen everywhere.

For the Academy graduate, post-graduate education is available in such fields as Business Administration, Communication, Civil Engineering, Electronics, Oceanography, Naval Construction, and Marine Engineering. Post-graduate courses are conducted at advanced military schools and leading universities and colleges throughout the country.

Aviation is of increasing importance to Coast Guard operations, calling for many young officers to enter this exciting branch of the Coast Guard's organization to prevent disaster on the sea or land, during peace or war.

An information booklet and application forms for entering the Coast Guard Academy may be obtained by writing the Commandant (PTP-2), U.S. Coast Guard, Washington 25, D.C.

Every girl and every boy should participate in vigorous activities for at least 15 minutes of every school day. Does your child's school have such a program? Ask your school officials. For more information, write to The President's Council on Physical Fitness, Washington 25, D.C.

KENNEDY PROGRAMS NOT POPULAR. In one of the broadest opinion polls ever taken by Members of Congress, GOP Paul Revere panelists have uncovered overwhelming opposition in all parts of the country to major Kennedy Administration programs and policies. The survey was conducted by questionnaires distributed by nine panels, each composed of three Republican Congressmen, who toured States from coast to coast during and immediately after the Easter recess last month. The panelists left behind in small towns and villages, big cities, and on college campuses hundreds of questionnaires which have subsequently been returned to the Republican Congressional Committee. Tabulation by the Committee staff was completed this week. The greatest unanimity expressed by those polled was in opposition to the New Frontier's big spending programs. It was followed closely by demands for a tougher handling of the Cuban problem, a reduction in the public debt, a cutoff of U.S. aid to Communist governments and opposition to compulsory medical care financed by Social Security funds. A question on the establishment of a Domestic Peace Corps showed 84.1% opposed and only 15.9% for. Responses to the question, "What do you consider the most important problem, either foreign or domestic, confronting our Nation today?" included: the menace of Communism, Cuba, fiscal irresponsibility, creeping socialism, inflation, government centralization, and government competition with private business.

ADMINISTRATION'S DEFEAT ON WHEAT REFERENDUM

The Administration's defeat on the wheat referendum was very heartening, proving as it did that the American farmer has not lost his sense of independence. His vote cannot yet be bought in a free society. Ohio's 77.4% "NO" vote, which led all other states, clearly indicated our farmers want less, not more, government interference. For months the wheat farmers of the nation had been propagandized and threatened to persuade them to vote "yes" on the referendum. The Secretary and other representatives of the Department of Agriculture went all over the country telling the farmers they would see wheat go from \$2.00 to \$1.00 bushel if they did not vote "yes" on the referendum. In spite of all these efforts the farmers voted overwhelmingly against the further regimentation of their business; they voted for freedom and their personal right to regulate their own lives and their own farms. As near as can be determined, this is the first time since 1933 that a majority has voted against a Government program of controls and subsidization. This may well be a turning point in our country's history! Let us so hope!

EQUAL PAY FOR EQUAL WORK

Last week the House approved a bill (S. 1409) which would give equal pay to men and women doing the same work. The next step is conference with the Senate to work out the minor differences. Honorable Charles Goodell (R, N.Y.) provided a major contribution by suggesting the program be administered under existing law as part of the Fair Labor Standards Act. This eliminates the fear that an equal pay bill would lead to establishment:

Stamp Dedicated

Postmaster General J. Edward Day announced the dedication of the United States Food for Peace-Freedom from Hunger commemorative stamp at the State Department Auditorium in Washington, D.C.

150 nations and territories are issuing Freedom from Hunger stamps this year, as part of a worldwide campaign to focus attention on hunger and malnutrition. The common motif adopted by all these countries is a grain of wheat.

The striking, simple design of the American Food for Peace-Freedom from Hunger stamp shows a single spike of bearded wheat in yellow and white, on a pale green background. The words, "Food for Peace," are arched over the grain, and the slogan "Freedom from Hunger" is printed in red letters below. The stamp was designed by Steven Donhos, a nationally known magazine illustrator, as well as a recognized painter in the area of fine art, who was present at the dedication.

The Food for Peace-Freedom from Hunger stamp is one of only fifteen commemoratives being issued this year. It is our policy to limit commemorative stamps to this number so that the event or person honored by each stamp will become well-known to the American public.

Because of the steadily increasing demand experienced for our recent commemoratives, we are beginning with this stamp, raising the initial order for printing from 120 million to 130 million stamps.

We believe no subject for a commemorative could be worthier than Freedom from Hunger. The participation of so many nations in this campaign is a heartening sign of international cooperation in the most ancient of all man's battles, that against starvation and poverty.

THE GENTLE ART OF MOWING

In the good old days, mowing the lawn used to be work, but the power mower — gasoline or electric — has changed all that. Today, it is a mild form of exercise — not even that, if you have one with a sulky seat and a fringe on top! — giving us time to concentrate on some of the whys and therefore of this gentle art.

Reel or rotary?

Each is good. The reel type is good for maintaining a close, cropped, even-textured, well graded lawn. The rotary has the edge for lawns with uneven grades and for hard-to-get-at-places. The rotary type is usually less expensive, easier to sharpen, and better at cutting tall grass; but it can be a dangerous instrument if not handled carefully. Whichever kind you choose, keep the cutting edges sharp.

How high to cut?

Unless you prefer to adjust the machine according to the season — lower for close clipping in spring and fall, higher for the stress conditions of midsummer — a good average is a cutting height of 1 1/4 to 1 1/2 inches, providing, of course, that your lawn receives its normal requirements of plant food during the season.

How often?

This depends a lot on how fast your lawn is growing, but generally, frequent light clipping tends to stimulate leaf growth, provided soil fertility and moisture are ample. Since leaves play an important part in photosynthesis, the process by which plants use light to create plant tissue, it is a poor practice to remove more than a third of the leaf growth at one time. This again argues for frequent clipping rather than occasional heroic scalping.

In a nutshell

1. Use a good, sharp mower.
2. Mow at a height of 1 1/4-1 1/2 in.
3. Remove only 1/2 to 3/4 inch at a time.
4. Suit yourself about the clippings.

Norweb Collection Spans 2,000 Years in British Coinage

British gold coins covering a period from 50 B.C. up to the reign of the present Queen Elizabeth are currently on display at The Cleveland Museum of Art. They are one significant segment of a collection of more than 25,000 coins assembled by Mrs. R. Henry Norweb, who placed the eighty gold coins at the Museum as an extended loan.

The earliest examples in the exhibition are so-called "ring money," used by the ancient Britons before the Roman occupation of England;

the most recent are contemporary;

The collection is complete — no gold coins minted in England are missing.

However, observers will note the absence of examples from several periods of English history; these represent times during which only coins of copper or silver were issued.

The design of the coins is of considerable interest for students of both art and history; in many cases the portrait quality is extraordinarily high; and several groups show portraits which illustrate the reigning monarchs over a considerable span of years. Among the latter are the first Queen Elizabeth — shown in five portraits covering a period from 1558 to 1601; Victoria on four coins from 1839 to 1893; and the unhappy George III (in whose reign the American colonies won their independence) who is shown on four coins issued between the years 1761 to 1820.

Mrs. Norweb's position as an authority on coins and coin-collecting is an international one. She has appeared before the British Numismatic Association at a recent meeting in the British Museum and she is chairman of the United States Committee of the American Numismatic Society. The Norweb collection is ranked among the world's most important.

We believe no subject for a commemorative could be worthier than Freedom from Hunger. The participation of so many nations in this campaign is a heartening sign of international cooperation in the most ancient of all man's battles, that against starvation and poverty.

THE GENTLE ART OF MOWING

In the good old days, mowing the lawn used to be work, but the power mower — gasoline or electric — has changed all that. Today, it is a mild form of exercise — not even that, if you have one with a sulky seat and a fringe on top! — giving us time to concentrate on some of the whys and therefore of this gentle art.

Mowing a new lawn

Wait until the grass is about 3 inches high. By then the plants should be well established, but it is most important to use a sharp mower, as they may not be firmly anchored and may be torn from the soil easily by a dull or poorly adjusted machine.

If possible, roll the new lawn area with a very light, or even empty, water-ballast roller the day before the first mowing, to firm the plants in the soil, and help prevent them from being yanked up by the mower.

Mow when the grass is either dry or only slightly moist, and plan to remove excess clippings to prevent smothering of the young plants. After the first mowing, you can follow the practice for regular mowing, recommended above.

What to do with the clippings?

If you mow often, leave the clippings. They won't be unsightly and time will add organic matter to your soil. After a two-week vacation, though, you may want to remove the clippings to prevent smothering the growing grass. Clippings make an excellent mulch for the garden, if your lawn is big enough to yield a significant volume and if you don't mind the small effort involved in raking.

For an even texture

To give your lawn an even texture, and to prevent the development of a "grain," or striped pattern, plan to mow at a different angle each time. This will encourage the grass to grow erect, presenting a more even and attractive appearance.

In a nutshell

1. Use a good, sharp mower.
2. Mow at a height of 1 1/4-1 1/2 in.
3. Remove only 1/2 to 3/4 inch at a time.
4. Suit yourself about the clippings.

CLEVELAND, O. — The third annual Cleveland Indians' baseball clinic for high school players in Ohio which was conducted at the Stadium, Saturday morning, June 1, turned out to be the finest staged by the Tribe Director of player personnel Walter "Hoof" Evers of the Indians was in charge of the affair which was jointly sponsored by the Ohio High School Athletic Association and attracted almost 5,000 high school players who came from just about every area of the northern half of Ohio.

Cleveland Indians' manager Birddy Bettens made a very interesting talk to the players and coaches in attendance and then the Tribe's coaches and players conducted individual clinics for the different positions.

Following the clinic, high school players and their coaches were guests of the Cleveland management at the Cleveland - New York game, sitting in the reserved seat sections.

Astronaut Glenn discusses a down-to-earth problem

Colonel Glenn has stated that the success of his orbital flight depended as much on his physical and mental fitness as it did on modern technology.

Consequently, he has made this appeal: "I call on all parents to urge school officials to provide programs of physical education that stress vigorous activity." Is your child's school doing what Colonel Glenn recommends? Many of our schools aren't. As a result, about one-third of our youngsters can't pass minimum physical achievement tests.

Make sure that the school your youngster attends has an adequate fitness program. Talk to your school officials.

Workshop Planned For Home Safety

The Greater Cleveland Safety Council will conduct a home safety workshop, Thursday, June 13th, from 9:30 a.m. to 3:00 p.m. in Higbee's Auditorium on Cleveland's Public Square. The workshop theme will be "Be Accident Free in '63" to conform with the text of the Council's 1963 industrial program, Pattern for Progress.

The workshop is especially pertinent because during the past year of 1962, there were 271 fatal home accidents in Cuyahoga County thus being the leading cause of accidental deaths in all categories.

Phil Dykstra, Home Safety manager Birddy Bettens made a very interesting talk to the players and coaches in attendance and then the Tribe's coaches and players conducted individual clinics for the different positions.

A film, "Families Off Guard," will complete the morning session.

In the afternoon, the Women's Advisory Board of the Council will break up into four sections and conduct discussions on attitudes and motivation in home safety. Moderators of the sections will be Phil Dykstra; Don Campbell, Ohio Department of Health; Don Day, Ohio Department of Health and Dudley Anderson, Home Safety Department of the Greater Cleveland Safety Council.

Everyone in Northeastern Ohio is welcome to attend the workshop. There will be no fee for registration. Those having luncheon with the group may reserve by paying \$1.75. Reservations may be made by calling the Safety Council office, MAin 1-0059.
