Obmejni promet decembra v Beneški Sloveniji

Šest obmejnih blokov prešlo skupno 11.980 oseb

Največji promet je bil pri Stupici, na Mostu in pri Dreki

Tudi v decembru lanskega leta so zabeležili na obmejnih blokih v Beneški Sloveniji živahen obmejni promet. Skozi mednarodni blok pri Stupici je potovalo skupno 6.338 potnikov; od teh je bilo 4.570 jugoslovanskih državljanov, ki so prešli državno mejo s propustnico in 1.866 italijanskih državljanov. Z dvolastniškim dovoljenjem pa je prešlo mejo italijanske strani 84 oseb, z jugoslovanske pa 18.

Precejšen promet so zabeležili tudi na obmejnem bloku v Udeji. Tu je prešlo blok s propustnico 74 italijanskih državljanov in 288 jugoslovanskih. Dvolastniškega dovoljenja pa se je poslužilo 3 italijanske strani kar 196 kmetov iz tega obmejnega področja Beneške Slovenije.

Skozi obmejni blok na Mostu (Ponte Vittorio) na Načiji je prišlo na italijanski teritorij 2.009 lastnikov jugoslovanskih propustnic in 205 je bilo italijanskih državljanov, ki so tudi to prešli državno mejo.

Tudi na bloku pri Čepelju je bil v decembru dokaj velik promet; mejo je prešlo tukaj 186 italijanskih državljanov in 922 jugoslovanskih državljanov, ki imajo propustnico. Dvolastniškega dovoljenja pa se je poslužilo 6 jugoslovanskih kmetov. Skupno število ljudi, ki je prešlo blok Solarije pri Dreki je bilo 746. In sicer je z italijanske strani prešlo mejo 304 imetnikov propustnic, z jugoslovanske pa 394. Z dvolastniškim dovoljenjem pa je odšlo v Jugoslavijo 48 kmetov iz bližnjih krajev drške občine.

Tudi blok Mišček je bil v tem mesecu precej obiskan. Z italijanske strani je odšlo okraj meje 217 lastnikov propustnic, z jugoslovanske pa je prišlo toliko 391 oseb. Ta blok je v decembru prešlo tu, iz 217 italijanskih in 22 jugoslovanskih dvolastnikov.

Skupno so v Beneški Sloveniji zabeležili v decembru na vseh obmejnih blokih 11.980 obmejnih prehodov.

Da bi omogočili večji razmah obmejnega prometa so pred dnevi uvedli v sovedenjski obični novo avtobusno prelo med Sovodnjem in Čepeljem. Z novo avtobusno zvezo bo mnogim jugoslovanskim lastnikom obmejnih propustnic zelo olajšana pot do Sovodnja in po vsej verjetnosti se bo število dosedanjih obiskovalcev iz Livka in Raven še povečalo.

Na Staro goro bodo zgradili avtomobilsko cesto

Izvedlo se je, da je ministrstvo za javna dela odobrilo načrt za gradnjo asfaltirane ceste od Ceda na Staro goro, ki je zelo znana turistična točka. Stroški za gradnjo te precej dolge in težke poti bodo znašali skupno 37 milijonov lir. Polovico stroškov bo krila videnska pokrajina, ostale pa si bosta podelili čedarska in praprotniška občina, slednja bo namreč imela od ceste precejšnje koristi. Na Stari gori pa se gradijo asfaltirani trgi za avtomobile, ki jih je posebno ob lepem vremenu izredno veliko.
