Grocerijsko in mesno trgovino Lavitarju na 1193 E. 60th Street, Cleveland, O., je ta teden prevzel Louis M. Kolar, ki je že let urednik angleških strani Nove Dobe, in bo opravljal ta del tudi v bodoče. Da ne bo kakšnega nesporazuma, naj bo to mesto omenjeno, da se prejevanje angleških strani Nove Dobe smatra le za delno zaposlenje, in je tudi plača temu prireditelju enaka, namreč \$65.00 na mesec. Kako drugo zaposlenje. Sočasno je bil do leta 1936 zaposlen v pisarni Buckeye Ribbon & Carbon Co., saj pa se je, kot omenjeno, ločil od grocerijske trgovine.

V posloplju S. N. Doma na St. Clair Ave. v Clevelandu, O., je 1. julija naprej nameščena pošta, ki je bila prej v poštni postaji, ki se nahaja v uradni zgradbi na 1919 St. Clair Ave. Poštna postaja, ki je bila prej v lekarni na 55th St. Clair Ave. in E. 55th St., je uknjena.

JEKLARSKA STAVKA

Prvo izrazito zmago v vrsti jeklarskih stavk v sedmih državah beleži unija, imenovana Steel Workers Organizing Committee, ki je del C. I. O., v East Chicagu, Indiana. Okrog 12,000 delavcev se je po enem mesecu stavke vrnilo na delo, ko je Inland Steel korporacija pristala na glavne zahteve unije. Guverner države Indiane se je močno trudil, da je prišlo do tega sporazuma.

Na drugih pozoriščih razširjene jeklarske stavke ni videti izgledov za skorajšno poravnavo spora. Ponekod jeklarne počivajo, ponekod nameravajo kompenzirati pričet z obratom, ponekod delno obratujejo. V nekaterih krajih se piketiranje vrši mirno, ponekod pa je prišlo do nemirov.

UNIJA ZANESLJIVA

Vodstvu C. I. O. unij očitajo jeklarske komitanje, da ni zanesljivo in odgovorno in da ne more preprečiti nelegalnih stavk. Delavska tajnica Frances Perkins je na te očitke izjavila, da po njenem prepričanju je vodstvo C. I. O. zanesljivo in odgovorno, da pa je v unijskih vrstah nekaj neodgovornih oseb, ki jih mora unijska disciplina odstraniti. Izjavila je dalje, da ima nove načrte za poravnavo sporov v jeklarski industriji.

BOLJŠA DAVČNA POSTAVA

Kongresu bo v kratkem predložen osnutek izboljšane postavke, ki naj bi zamašila vrzeli, katerih se zdaj poslužujejo nekateri bogataši. V nekem tipičnem slučaju je sedem posameznikov razdelilo svoja premoženja v 154 "trustov" in so si na ta način prihranili skoraj dva milijona dolarjev na dohodninskih davkih.

KOMPROMISNI PREDLOG

Rooseveltovo priporočilo kongresu, da sprejme postavko, ki bi dovoljevala zvišati število članov vrhovnega sodišča do 15, to je, da bi se za vsakega nad 70 let starega člana vrhovnega sodišča, ki neče resignirati, dodal en nov sodnik, je naletelo na oster odpor v zveznem senatu. V skladu tega je bil s soglasjem administracije predložen kongresu kompromisni predlog, glasom katerega da bi se smelo število članov najvišjega sodišča zvišati največ za štiri, to je, da bi se za štiri člane sodišča, ki so po 75 let stari in nečejo iti v pokoj, smeli dodati novi sodniki. Poleg tega določa predlog, da bi se v enem letu ne smelo na ta način dodati več kot enega novega sodnika. Tudi proti temu kompromisnemu predlogu bo v senatu hud odpor od konservativne strani, vendar utegne prodreti.

POZDRAV CANADI

Predsednik Roosevelt je dne 1. julija v radio govoru čestital Canadčanom k 70-letnici canadske konfederacije. Poudaril je, da je prijateljstvo med Zedinjenimi državami in Canado trdno in nerazrušljivo, ker temelji na zahtevi demokratične ljudske vlade obeh dežel.

Mladinska kampanja je bila zaključena 30. junija, toda glavni urad je čakal do torka 6. julija na dopolne prošnje novih članov. Forme strani Nove Dobe se zaključijo v torek popoldne, zato je verjetno, da v današnji izdaji Nove Dobe se ne bo mogel biti priobčen končni rezultat kampanje.

Od zadnjega poročila naprej so kvalificirali sledeči nadaljni kandidati za delegatsvo mladinske konvencije: Louis Martinec in Joseph Pirc od društva št. 66, Joliet, Ill.; Ercole Bartola od društva št. 78, Salida, Colo.; Frank Benigar Jr. od društva št. 173, Cleveland, O.; Gertrude Maloney od društva št. 182, Pittsburgh, Pa.; Anton Hren Jr. od društva št. 45, Indianapolis, Ind.; Dorothy Gruden od društva št. 132, Euclid, O.; Emily Kodolja od društva št. 87, St. Louis, Mo.; Wallace F. Y.; Frank Ambrozich od društva št. 30, Chisholm, Minn.; Peter Strutzel, od društva št. 9, Calumet, Mich.; John Bacich od društva št. 84, Trinidad, Colo.; Sophie Batis od društva št. 183, Yukon, Pa.; Albina Nosee od društva št. 132, Euclid, O.

Sest delegatov ima društvo št. 66, Joliet, Ill.; po pet delegatov imata društvi št. 21, Denver, Colo., in št. 78, Salida, Colo.; po štiri delegate imajo društva: št. 37 in št. 173, v Clevelandu, O., in št. 84 v Trinidadu, Colo. Po tri delegate imajo društva: št. 30 v Chisholmu, Minn., št. 132, Euclid, O., in 225, Milwaukee, Wis. Po dva delegata imajo društva: št. 26, Pittsburgh, Pa., št. 36, Conemaugh, Pa., št. 42, Pueblo, Colo., št. 31, Braddock, Pa., št. 54, Hibbing, Minn., in št. 182, Pittsburgh, Pa. Po enega delegata imajo sledeča društva: št. 1, 6, 16, 18, 28, 33, 43, 44, 45, 57, 70, 71, 82, 87, 88, 89, 94, 120, 124, 133, 138, 140, 149, 150, 170, 180, 183, 184, 190, 211, 222 in 230.

Po številu novo pridobljenega članstva stoje države po sledečem vrstnem redu: Pennsylvania na prvem mestu, Colorado na drugem, Ohio na tretjem, Illinois na četrtem, Minnesota na petem, Wisconsin na šestem, Montana na sedmem, Wyoming na osmem, New York na devetem in Indiana na desetem.

Do torka 6. julija opoldne je izkazal rezultat kampanje 2404 nove člane mladinskega oddelka in 477 novih članov odraslega oddelka, skupaj torej 2881 novih članov. Vsebinska popoldanske poročila morda rezultat še nekoliko zviša, toda velikih izprememb ne bo. Vsekakor, četudi ostanemo pri gori navedenem številu, smo lahko z uspehom zelo zadovoljni. Naša Jednota sme biti ponosna na sijajen uspeh svoje trimesečne kampanje. Številka 2881 je naravnost krasna.

Delegatov in delegatkinj, ki se bodo udeležili druge mladinske konvencije J. S. K. Jednote v avgustu letošnjega leta, je 84.

ANTON ZBASNIK,
glavni tajnik JSKJ.

Mesto priseljencev

Zedinjene države imajo več industrialnih mest, ki bi jih lahko šteli za mesta priseljencev. Eno takih mest je Chicago, kajti skoraj dve tretjini prebivalstva Chicaga, drugega največjega ameriškega velenstva, sta sestavljeni od priseljencev in njihovih tukaj rojenih otrok. W. P. A. je potom svojega Foreign Language Project-a zbrala predhodno študijo o teh dveh skupinah čikaškega prebivalstva, ki po izidu te študije igra bistveno vlogo v gospodarskem, duševnem in umskem življenju mesta Chicaga. Nabrani so bili zanimivi podatki glede dvajsetorice narodnostnih skupin. Mnogo tega materiala bo vključeno v Chicago Handbook, ki se sedaj pripravlja za izdajo.

Najbolj obsežni sta sedaj nemška in poljska skupina, od katerih vsaka šteje približno 600,000 prebivalcev. Nemci so bili važen življenjski faktor v Chicagu že od začetka četrtega desetletja prejšnjega stoletja, ko je Chicago bilo mešče 10,000 prebivalcev. Od 1871 se je v Chicagu izdajalo približno sto časopisov v nemščini. Nemce najdemo v vsakem krogu mestnega industrialnega, umetniškega in intelektualnega življenja. Število nemško-ameriških društev je jako veliko — od telovadnih društev do političnih klubov.

Poljaki so začeli prihajati v Chicagu v večjem številu tekem sedemdesetih let prejšnjega stoletja, nekoliko jih pa je prišlo že poprej, zlasti po neuspeli revoluciji l. 1831. Prvi veliki val poljske imigracije štirideset let kasneje je bil v izdatnem številu sestavljen od političnih beguncev. Čim dalje večje število Poljakov, ki so prihajali po letu 1880, je odsevalo pritisk gospodarskih razmer v Evropi. Pruska politika razlastovanja, ru-

Dobro delo milice

V Coloradu je nedavno izdal governor povelje za mobilizacijo državne milice. Kadar je milica mobilizirana, navadno mislimo na stavke in nemire, ki so mnogokrat združeni z njimi. Včasih je bila milica stavkujočim delavcem dobrodošla, mnogokrat pa so jo smatrali za pomočnico zakrknjenim kompanijam in ne brez vzroka.

Milica, ki je bila nedavno mobilizirana v Coloradu, pa vrši v resnici dobro in koristno delo. Bori se s sovražnikom, katerega armade se opirajo približno sedem milijonov glav. Približno toliko namreč računajo, da je kobilice, ki uničujejo polja in pašnike v jugovzhodnem delu države Coloradu. Dosedaj so kobilice že uničile vse, kar je bilo zelenega, na površini 20,000 kvadratnih milj. Polja in pašniki so goli, prav do suhe prsti. Živinorejci so morali poslati živino drugam, ker na ogledanih pašnikih ni nikake paše zanje.

Vojno s kobilicami vodijo ne samo državni miličarji, ampak tudi fantje iz CCC kemp, državna cestna policija in vsi dela zmogni farmerji in živinorejci dotičnega okrožja. Federalna organizacija, imenovana Soil Conservation Service, pomaga, kolikor more, z opremo, materialom in moštvo.

Kobilice je treba uničiti prej, predno jim zrastejo perutnice, ker letajo roji kobilic bi ponesli opustošenje kdove kam. Dokler so brez perutnic, se pomikajo le polagoma naprej in takrat je kolikor toliko dobra prilika, da se jih uniči.

Najboljši način uničevanja kobilic je zastrupljanje. Zastrupljena piča za kobilice se napravi na sledeči način: na 200 funtov lesne žagovine in 50 funtov otrobov se doda 15 galon mase, en pint bananovega olja, 25

Neprijetnosti izletov

Malq je ljudi, ki bi si v lepih poletnih dneh ne zaželeli izleta v pristo naravo. Saj je posebno za prebivalca velikega industrialnega mesta res pravi užitek, če si more za en dan ali več privoščiti izprehode po zelenih gozdih in dobrih, daleč od mestnega smradu, dima in prahu. Nobenega dvoma ni, da so taki izprehodi tudi zdravju koristni, če se ne pretirava.

Na sprehodih v prosti naravi pa srečamo tudi razne neprijetnosti, ki nam včasih popolnoma pokvarijo pričakovani užitek. Ena teh neprijetnosti je tako zvrsti strupeni bršlin (poison-ivy), ki ga srečamo marsikje. Strupeni bršlin povzroči hude opekline na koži, ako se ga le dotaknemo. Nekateri ljudje so sicer za strup omenjene rastline skoro popolnoma neobčutljivi, toda večini ljudem je nevarno. Življenjske nevarnosti sicer ne predstavlja, toda povzroča hude bolečine.

Z ozirom na to je najbolj priporočljivo, da se strupenega bršlina lepo ogibamo. V to svrhu pa ga je treba najprej poznati. Ta rastlina je navadno nizke grmičevke, včasih tudi precej visoke in košat grm, včasih pa celo plezalka. Najlažje ga je spoznati po listju, ki je trojno, to je na vsakem listnem peciju so po trije listi. Barva listja je svetlikajoče zelena. Cvetje strupenega bršlina je drobno in umazano rumeno, sadje pa so bele jagodice. Vsi deli rastline so strupeni. Kdor ne pozna strupenega bršlina, stori najboljše, da se spoštljivo izogne vseh grmičev ali plezalk, ki imajo trojno, svetlikajoče se listje. Umivanje z močno milnico včasih prepreči zastrupljenje s strupenim bršlinom in v lahkih slučajih opečenja tudi nekoliko pomaga. Po hudem opečenju pa je priporočljivo iskati zdravniško pomoč.

ODMEVI IZ RODNIH KRAJEV

USPEH SLOVENSKE OPERE
Gostovanje ljubljanske opere v Trstu in na Reki je bilo sijajen uspeh. V obeh mestih so bile vstopnice za predstave že v naprej razprodane. V Trstu in na Reki sta bili predvajani operi "Prodana nevesta" in "Ero z onega sveta." Obe operi sta se razvijali med neprestanimi aplavzi tisočglavih množic in lokalni listi so prinesli zelo laskave ocene.

UMRL JE POSTENJAK

V Brežicah je v starosti 82 let za vedno zatisnil oči Alojzij Juvancič, vzor poštenjaka starega kova, ki se je priljubil vsakemu, da je le enkrat govoril z njim. Po rodu iz Sevnice je pred leti prišel s svojo življenjsko družico Josipino na Zidani most, kjer sta začela gostilno, in Juvancičeva gostilna na tem važnem železniškem križišču je kmalu zaslovela daleč naokrog. Kdor se je le enkrat ustavil v njej, jo je povsod priporočal. Pokojni Alojz Juvancič je bil tudi večkrat izvoljen za župana velike občine Loka pri Zidanem mostu in je opravljal županske posle v splošno zadovoljstvo občanov. Leta 1920 sta s soprogo kupila vinograd pri Pišecah in se preselila v novo domačijo v Brežice. Vsi štirje njeni še živeči otroci so v dobrih pozicijah.

PAVILJON ZAŽGAN

Zločina roka je v noči od 12. do 13. junija zažgala paviljon na letnem telovadišču Ljubljanskega Sokola pod Tivolijem. Temu so sledili tudi neki izgredi po ljubljanskih ulicah.

IZ STARE LJUBLJANE

V Ljubljani je v starosti 84 let legla k večnemu počitku ga. Fani Ravniharjeva, vdova po prvem predsedniku Glasbene Matice, Franu Ravniharju, in mati ljubljanskega podžupana dr. Vladimirja Ravniharja. Slovenstvo se je za časa njenih mladih let v Ljubljani šele začelo uveljavljati, in zdaj pokojna Ravniharjeva je nastopala na odru Narodne čitalnice v družbi odličnih oseb narodnega prebujanja, med katerimi je bil tudi Peter Grasselli, prvi slovenski župan Ljubljane. Z njo je šel v grob lep kos stare ljubljanske zgodovine.

NEVIHTA S TOČO

Silna nevihta je sredi junija razsajala nad jugovzhodnimi obronki Pohorja in je napravila veliko škodo po naseljih Sko-marje, Resnik, Kunigunda, Padelski vrh in Planina. Toča je oklestila poljske pridelke in velike mase vode so odnašale les, seno in tudi zemljo s posevki vred.

MA STRELA ...

Med nevihto, ki je nedavno razsajala v okolici Makol pri Poljčanah, je strela udarila v viničarijo posestnika Ant. Kolarja v Motanji vasi. Prihiteli gasilci so rešili edino klet z nekaj sodi vina, vse drugo je zgorelo. Viničarija je bila skoraj nova. Prejšnjo je pred štirimi leti prav tako pokončala strela.

OBILEN PRIRASTEK

Posestnik Janez Strupri v Ru-pi pri Kranju ima menda najbolj rodovitno svinjo v Jugoslaviji. Oni dan mu je povrgla kar 20 zdravih in dobro razvitih pui-skov.

VSAK PO SVOJE

V Wilmingtonu, država Delaware, sta se pretekli teden poročila Franklin D. Roosevelt Jr. in Ethel Dupont. Ženin je sin Roosevelta, predsednika Zedinjenih držav, ki veruje v razoroženje in mir, nevesta pa je iz rodbine Dupontov, municijskih magnatov, katerih silno bogastvo prihaja od izdelovanja orožja in municije za vojno. Ženin torej nekako predstavlja mir, nevesta pa vojno, in skoro gotovo bo njena obveljala, vsaj v domači hiši. Saj se zgodi tako celo v tisočih manj odličnih ameriških družinah.

Vsekakor mora biti mladi Franklin D. Roosevelt junaškega srca, da se je upal poročiti s hčerko municijskega magnata. Kaj se ve koliko bridkih sabelj, pušk, bajonetov, strojne kano-nov, granat, šrapnelov in bomb bo nevesta dobila od svojega očeta za poročno darilo!

Iz poročil v starokrajških listih je razvidno, da so se v Sloveniji spet hudo razplamtele strankarske strasti. V zvezi z njimi se poroča o izgredih, pobojih, požigih in demonstracijah, a poročila so tako čudno prikrojena, da nas eden, ki tamkajšnjih razmer več ne pozna, ne more uganiti zakaj se jim prav za prav gre. Iz časopisov pa zija gro, umazano bele lise cenzure, ki molče trobentajo o brezobzirni diktaturi. Vpriču tega ni čudno, če se ponovno spomnimo, da take svobode, kakršno uživamo Slovenci v Zedinjenih državah, nima noben drugi del našega naroda. "Sweet land of liberty" in "America the beautiful" niso prazne fraze.

Hitler se zavzema za svobodo Špancev. Če bo taka, kakršno deli doma v Nemčiji židom, katoličanom in protestantom, naj se Španci kar veselijo nanjo!

V legislaturi države Wisconsin je bil nedavno vložen predlog, da bi se plača poslancev zvišala od sto na dvesto dolarjev na mesec, toda zbornica je predlog z veliko večino odklonila. Kaj takega je mogoče samo v državi Wisconsin, kjer še živi duh velikega La Folletteja.

Tom Girdler, eden najbolj zakrknjenih jeklarskih magnatov, je v Washingtonu napram novinarjem izjavil, da ne bi maral predsednika Roosevelta za posredovalca v jeklarski stavki. To je vse v redu in Girdlerju se zaradi tega ne bo skrivila niti kočina na nosu. Za primerjavo pa bi bilo vredno pomisliti, kaj bi se zgodilo s ponosnim nemškim državljanom v Berlinu, če bi izjavil, da odklanja Hitlerjevo posredovanje!

V Philadelphiji se je zbral krožek bogatašev, ki se shaja po enkrat na teden in si daje postrežbi z juho in pečenko kač klopotač. Predlagano in podpirano, da se bogatašem prepusti vse klopotače in vse druge kače.

Tatvina je grda stvar v vsakem slučaju, toda tudi med tatvino in tatvino je razlika. V Clevelandu se je v stanovanju nekega Cornella ponoči priplazil takozoblen tat, da je možu poleg drugih reči odnesel tudi njegovo umetno nogo. Mogoče je pa tudi, da mu tega čina ni narekovala zlobnost, ampak previdnost z ozirom na morebitno zasledovanje.

NAŠE BOGASTVO

Po prostranih poljih valovi zlata pšenica, šelesti sočna koruza in bujno raste raznovrstna zelenjad. Sadno drevje je posuto z obilico drobnih zelenih sadežev, temno zelene brajre vinske trte ščitijo pod svojim listjem milijarde drobnih grozdek. Po sočnih livadah se pase rejeno govedo. Veliko bogastvo, ki priča o umnem gospodarstvu, pridnih rokah in rodovitni zemlji.

Po belih cestah, ki preprežajo deželo, drvi milijone avtomobilov. Dolgi vlaki prevažajo potnike in blago vseh vrst. Dim iz visokih dimnikov oznanja obrat tovarn in rudnikov. V morska in jezerska pristanišča prihajajo parniki in spet plovejo iz istih. V mestih šumi trgovina. Vseposod spet veliko bogastvo, ki ga ni mogoče označiti z dolarji in številkami.

Preko dežele so raztresena nešteta mala mesteca in še bolj številna farmerska naselja. Milijone prijaznih hiš in hišic, napol skritih v zelenju in cvetju. Lepa šolska splotja, iz katerih se ob določenih časih vsiplje živahna, rdečelična mladina, ki se pripravljajo, da bo v nekaj letih soodločevala pri upravi in vladi dežele. Koliko bogastva je skritega v tem, si ne moremo niti približno predstavljati.

Veliko, veliko bi se še lahko napisalo o neizmernem bogastvu te mlade dežele, katere pravi razvoj se je začel šele potem, ko se je osvobodila evropske nadvlade in pričela življenje kot samostojna republika. Od takrat je preteklo komaj dobrih 160 let. To je za starost dežele primeroma kratka doba in se jo more vsled tega smatrati za resnično mlado.

Ta mladost dežele je kriva, da so bile socialne razmere v tej deželi do zadnjega časa precej neurejene. Delavsko ljudstvo si je v raznih neprilikah moralo samo pomagati kot je vedelo in znalo. Razna državna zavarovanja za starost, onemoglost, poškodbe in brezposelnost so delo najnovejšega časa; mnoga so še v začetnem stanju in potrebujejo še dosti izboljšanja.

V tej dobi socialne neurejenosti so se začele pojavljati podpirne organizacije in so na tem polju zamašile veliko vrzel. Delovno ljudstvo samo si je zgradilo te podpirne organizacije, da je bilo potom njih vsaj nekoliko zavarovano za slučaje bolezni in smrti v družinah. Te organizacije so izvršile in še vršijo veliko in plemenito delo. In ravno ameriški Slovenci smo v tem oziru boljše preskrbljeni kot marsikatera druga narodnost.

Slovenci imamo več izbornih poslušalnih podpornih organizacij in med njimi zavzema odlično mesto naša J. S. K. Jednota. Njen sistem je prirojen ameriškem duhu in časovnim razmeram. Njeno trdno finančno stališče in njeno rast kažejo številke. Ako trdimo, da v tej deželi ni nobene boljše podpirne organizacije, ne razdiramo praznih besed, ampak beležimo le trdna dejstva. Mi, ki smo njeni člani, vemo, da je tako. Če četrtino dobe naše republike vrši J. S. K. Jednota svoje plemenito bratško delo med ameriški Slovenci in je danes na boljšem stališču kot je bila kdaj prej.

Prej smo govorili o bogastvu te dežele, zato je pravilno, da se spomnimo tudi na bogastvo, katero poseduje naša Jednota, ki je v bistvu del te dežele. Njeno bogastvo ni samo v stotisočakah in milijonih dolarjev, katere je članstvo sklopaj spravilo za pomoč v časih potrebe, ampak tudi oziroma še v večji meri so njeno bogastvo dobri in lojalni člani. Svojo lojalnost do J. S. K. Jednote so njeni člani že večkrat častno pokazali, toda menda še nikoli ne tako sijajno, kakor tekom pravkar zaključene mladinske kampanje. Društva in posamezni člani so se tekom te kampanje tako navdušeno odzvali klicu za povečanje števila našega članstva, da so presenetili največje optimiste. Jednota s takimi člani se lahko ponaša, da ima največje bogastvo, ki ga more imeti kaka slična organizacija.

VSAK PO SVOJE

V nekem čikaškem uradu je nedavno brhka tipkarica seševala na seševalni stroj mesečne dohodke in stroške svoje kompanije in, ko je bila pri koncu, je mesto končne vsote pogledala iz stroja prava živa kača. Ko je prijatelj Cahej čital tisto poročilo, je dejal, da to ne more pomeniti nič drugega, kot pasje dneve ali pa bankrot kompanije.

V legislaturi države Michigan je poslanec C. F. Sundstrom priporočal, da bi se porabljalodihurje za preganjanje sedečih štrajkarjev. Ideja ni slaba, posebno zato, ker bi bila porabna na obeh straneh. Stavkarji bi istotako lahko porabljali dihurje za piketiranje za preganjanje skebov.

Mlade junijske neveste se učijo kuhati in s tem se bo v nekoliko modificirani obliki začela ponavljati stara grška zgodovina. Takrat so bogovi dobivali žgalne daritve, zdaj jih bodo pa mladi možički, in sicer v obliki zažganih ali pripaljenih obedov. Glavna razlika je v tem, da so stari grški bogovi imeli boljše želodce.

Pa naj bo dovolj za danes. To ali katero koli kolono pisati ni igrača po dveh zaporednih praznikih, in to še v mesecu, ki nam prinaša pasje dni. Glava je tako prazna kot beseda o svobodi in Hitlerjevemu ali Mussolinijevemu pašiluku. Pa kaj hočemo! Vsak ne more imeti take glave, kakršno je imel tisti samouk, ki je iz svoje glave kozolec postavil, pa mu je še za dva svinjaka lesa ostalo!

"dam" iz vseh delov sveta. Med njimi jih je bilo 14 tudi iz Zedinjenih držav. Reprezentacija iz Zedinjenih držav je bila majhna, toda še vendar prevelika, in prav gotovo ni reprezentirala ljudstva te republike. Saj bi bilo tudi malo častno, če bi se pravi Američani klanjali angleškemu kralju, s katerega prednikom se je morala ta republika boriti za svojo neodvisnost.

PREZGODNJI 4. JULIJ

Eksplozija raket, pokalice in drugih oblik umetnega ognja, ki so bile na prodaj za proslavo 4. julija, je na večer 1. julija razdejala neko lekarno v mestu Nampa, Idaho, je ubila 4 osebe, 20 pa jih je poškodovala, med njimi 12 nevarno. Poslopje, kolikor ga ni razdejala eksplozija, je uničil požar.

INFLACIJA V FRANCII

Francija je začasno opustila zlati standard in frank je padel na 4 cente ameriške veljave. V septembru lanskega leta je bila uradno znižana vrednost franka za 30% in zdaj je sledilo nadaljnje znižanje. Neizogibna posledica inflacije je višanje cen življenjskih potrebščin.

LETALCA IZGUBLJENA

Nekje v brezmejnem Pacifiku sta morala pristati sloveča ameriška letalka Amelia Earhart in njen pilot F. J. Noonan. Približno smer naznanjata z slabotnimi radio signali. Iščejo ju vojne ladje in letala.

PRIMATE TATU!

Italijanski diktator Mussolini je v svojem listu Popolo d'Italia obdobil Francijo in Anglijo, da skušata na vse načine pomagati španski ustavi vladki k zmagi. Pošiljata da ji prostovoljce, aeroplane, orožje in municijo. Vojaške pomoči, katero pošiljata Mussolini in Hitler španskim rebelom, ni omenil.

RUSI IN JAPONCI

Na veliki reki Amur, ki na precejšnjo razdaljo tvori mejo

med japonsko vazalno državo Mančukuo in rusko Sibirijo, je prišlo med ruskim in japonskim vojaštvom do streljanja, tekom katerega je bila neka lahka ruska topničarka potopljena. Spor je nastal zaradi dveh večjih otokov v reki, katerega si lastijo Rusi, Japonci pa trdijo, da pripadata državi Mančukuo. Rusi imajo baje v bližini več stotisoč mož broječo armado, na reki Amur pa okrog 40 topničark. Po incidentu so se pričela pogajanja med ruskim komisarjem za zunanje zadeve in med japonskim poslanikom v Moskvi, tekom katerega je zastopnik ruske vlade obljubil, da bo Rusija odpoklicala svojo oboroženo silo od spornih otokov, ako je Japonska pripravljena odpoklicati svoje vojaštvo, nakar naj bi se mirnim potom določila meja. Ta ruska sugestija je bila sprejeta in poročila se, da sta obe državi odklicali vojaštvo od spornih točk.

ŠPANSKA SITUACIJA

Francija in Anglija sta dali javnosti razumeti, da bosta pričeli pošiljati letala, orožje in municijo španski legitimni vladi, če Italija in Nemčija ne bosta izpremenili svojih stališč z ozirom na nevtralnost v španski civilni vojni.

MESTO PRISELJENCEV

(Nadaljevanje s 1. strani)

sko zatiranje in gospodarske razmere so skupaj prispevale k priseljevanju. Dandanes ima Chicago več Poljakov nego Lvov ali Krakov in smatra se za tretje poljsko mesto na svetu, za Varšavo in Lodzem, ki sta prvi po prebivalstvu. Mnogo resnice je v trditvi, da mesto Chicago kot industrijsko središče je bilo zgrajeno od močnih mišic poljskih delavcev, ki številno prednjačijo v jeklah in klavnicah. Mesto Chicago je tudi priznано kot intelektualno središče ameriških Poljakov. Odkar je bil izdan prvi poljski časopis l. 1874, je bilo v Chicagu več kot 65 poljskih časopisov. Danes poljski tisk vključuje tri dnevne velikega obsega. Chicago je sedež treh velikih narodnih jednot: Poljske Rimsko-Katoliške Zveze, Poljske Narodne Zveze in Poljskega Sokola. Tam se tudi nahaja največja poljska banka v Ameriki.

Znatno število Švedov, Norvežanov in Dancov je prišlo v Chicagu okoli druge civilne vojne. Te škandinavske skupine se zlasti odlikujejo po velikem številu profesionalnih ljudi, zdravnikov, pravnikov, inženirjev in tehničnih strokovnjakov, ki so jih dale Chicagu.

Ene izmed najpomembnejših skupin v Chicagu je židovska. Od ustanovitve svoje prve organizacije l. 1845 so židje udeleženi svoj prirojeni talent za organizacijsko življenje, zlasti na šolskem polju.

Okoli l. 1880 je začelo priseljevanje Italijanov v Chicagu. Današnje italijansko prebivalstvo Chicaga—bodisi priseljeno ali tukaj rojeno od italijanskih priseljencev—znaša čez 200,000.

V Chicagu je samo okrog 150,000 Čehoslovakov, toda ta skupina se jako odlikuje v javnem življenju mesta. Čehi imajo 22 časopisov, večštev štiri dnevne. Slovaki pa osem časopisov z dveh dnevnikov. Delovanje čeških društev, zlasti Sokola, za razširjevanje prosvete, in ustanovljenje brezplačnih knjižnic je hvalevredno. Zupan Čermak, ki je bil umorjen l. 1933 ob atentatu na Roosevelta, je bil sin češke zemlje.

Hrvati in Slovenci so mnogo številni v Chicagu. Obe skupini sta začeli prihajati v Chicagu nekoliko pred l. 1900.

V Chicagu je 200,000 ljudi, rojenih na Ruskem, ali njihovih sinov. Od teh jih 40,000 navaja rusko kot svojo materinščino. Druge znatne skupine so grška, litvinska in mehikanska. Manjše skupine tvorijo Francozi, Armentci, Kitajci, Estonci, Finci, Japonci in Rumunci, zaporedno po svojem številu. — FLIS.

NEPRIJETNOSTI IZLETOV

(Nadaljevanje s 1. strani)

Včasih se strupeni bršlin naseli na vrtu ali v bližini stanovanj, kjer je posebno otrokom nevaren. Od tam se ga najlažje odpravi, če se večkrat poskropi njegovo listje, posebno dokler je še mlado in sočno, z močno raztopino soli in mila. V galoni močne milnice naj se raztopi tri funte navadne kuhinjske soli in s to raztopino naj se poliva listje strupenega bršlina. Pravijo da taka raztopina to hudobno rastlino gotovo uniči.

Za izletnike v prosti naravi predstavljajo nekoliko nevarnosti tudi strupene kače, posebno klopotace. Večina kač je nestrupenih. Med najbolj navadne strupenjače te dežele spadajo kače-klopotace, ki pa so po srednjem zapadu in vzhodu precej redke. Kdor hodi po krajih, kjer obstoja nevarnost strupenih kač, naj nosi visoke čevlje ali pa usnjate gamaše. Poleg tega je dobro, da ima za vsak slučaj s seboj čisto brivsko rezilo, stekleničico jodina (iodin) in malo kavčukasto sesalko, ki se kupi v lekarnah. Ako ga je ugriznila strupena kača, naj ranjeni ud nad ugrizom močno preveže, namaze ranjeno mesto z jodinom, rano z rezilom brivke poveča in z gumijevo sesalko vleče iz rane zastrupljeno kri. Ako ni sesalke pri rokah, se zamore rana tudi izsesati z ustmi, toda le tedaj, če oseba nima na kak način ranjenih usten ali dlesni. To je za prvo silo, potem pa naj ugrizena oseba išče zdravniške pomoči. Zdravniki tudi pravijo, da žganje nič ne pomaga za kačji ugriz, ampak celo škoduje.

Pomniti je vredno, da tudi ugriz strupene kače klopotace ni vselej smrtno nevaren. Izmed desetih ugrizenih oseb, ki se niso poslužile takojšnjega zdravljenja, podleže le ena.

Ako se človek na en ali drugi način rani, ko je daleč od zdravniške pomoči, je najbolj važno, da prepreči zastrupljenje krvi. V to svrhu naj rano dobro izmije z milom in vodo, nakar naj jo dobro polije z jodinom.

Nekateri ljudje so občutljivi za mrzlo vodo in tisti naj bi bili previdni pri kopanju, namreč, da naj ne planejo prehitro v mrzlo vodo, ampak se naj nanjo polagoma privadijo. Mnogi kopalci dobijo krč in utonejo, če prenačijo planejo v mrzlo vodo.

Piti vodo iz neznanih potokov in studencev ni priporočljivo. Lahko je voda na videz lepa in čista, pa vsebuje bakterije tifusa. Ako ni druge pijače na razpolago, naj se sumljivo vodo pred pitjem prekuha.

galon vode in 10 galon strupa, imenovanega sodium arsenate. Ta mešanica se potem s traktorji strosi po poljih in pašnikih, kjer mrgoli kobilic. Kobilice z veliko slastjo pohrustajo zastrupljeno vado, nakar točno poginejo. Ampak je dosti dela in dosti stroškov, predno se nakrmi osem bilijonov lačnih kobilic za na pot v večna lovišča.

NAJSTAREJŠE DRUŠTVO
Društvo ostrostrelcev v Ljubljani je nedavno praznovalo 375-letnico svojega obstoja z lepo slavnostjo in strelskimi tekmami. Društvo je bilo ustanovljeno leta 1562 z nalogo vezbanja meščanov s strelskim orožjem in svrhu obrambe pred turškimi vpadi. Kasneje je svoj program prilagodilo vezbanju lovcev in sportnem streljanju. Po vojni je društvo popolnoma prešlo v zavedne slovenske roke. Društvo predseduje že veliko let znani ljubljanski meščan Jean Schrey. Društvo ostrostrelcev v Ljubljani je najstarejše društvo v Jugoslaviji.

NAKUP TREH VASI

Beograjsko "Vreme" poroča: Kakor zvemo, je podjetje Ba'ta kupilo v neposredni okolici Strumice tri vasi, katerih prebivalci se bodo v kratkem izselili v Turčijo. V teh vajah namerava Ba'ta zgraditi velika industrijska naselja, tovarno gume ali pa, kar je še najverjetnejše, tovarno nogavic. Razen tega trdijo, da je Ba'ta v pogajanjih glede nakupa velikih zemljišč v okolici Gjevgjelije in Štipa. V industrijskem naselju pri Strumici bo takoj izpočetka zaposlenih nad 3 tisoč delavcev.

KONEC KRVNE OSVETE

Tudi v Boki Kotorski se že od starih časov sem dogajajo številni uboji zaradi krvne osvete. Nekateri rodbine so bile v takem medsebojnem krvnem obračunavanju popolnoma iztrebljene.

Mnogi prebivalci se trudijo, da bi odpravili drakonične zakone maščevanja in dogaja se v zadnjih letih, da se nekatere rodbine, ki so dolga leta živele v smrtnem sovraštvu, spet pomirijo.

Starejši in najuglednejši prebivalci so z uspehom prevzeli vlogo sodnikov zamotanih starih sporov in posredovalcev med sovražniki. Tudi v vasi Podlastavi, kjer je starodavni samostan, je bilo več primerov krvavega maščevanja. Pred leti je neki mladenci iz Sokolovičeve rodbine ubil svojega vrstnika iz Bavykove rodbine in po običajih in zakonih krvne osvete, bi moral prvi član Bavykove rodbine ubiti nekoga iz Sokolovičeve hiše in tako maščevati prelo kri. Posredovalci so stopili v akcijo in posrečilo se jim je, da so dosegli premirje med obema rodbinama. Ko pa je premirje poteklo, je bila spet nevarnost maščevalnega uboja.

K sreči pa so premirje spet podaljšali in nedavno je bilo sklenjeno, da se bodo člani obeh rodbin javno pomirili in pokopali staro sovraštvo. S tem bo združena velika svečanost, katere se bo udeležilo okrog 200 ljudi. Zaskoro ne prenese.

obljuba odpustanja in miru v starem samostanu.

ZANIMIV FILM

Svetnik jugoslovanskega slaništvaja v Londonu dr. Vojislav Jovanović je te dni prinesel Beograd kopijo zanimivega zgodovinskega filma. Nekdanji veleposlanik konzul v Beogradu je leta 1904 filma kronanje kralja Petra I. Film kaže vojaško parado na Banjici in sprevod kronanja po mestu. To je bil prvi film, ki je bil posnet v Beogradu, menda tudi prvi film kronanja kakega vladarja. Čeprav je filma tehnika leta 1904, so začetku svojega razvoja, so posamezni deli filma izvrstno uspešni in strokovnjaki so prepričani, da bo mogoča rekonstrukcija zanimivega zgodovinskega filma.

JUGOSLOVANI V NICH

Mednarodne folkloristične svečanosti so tudi letos bile v Nišu in je pri njih nastopila jugoslovanska skupina. Izrednih kosih pokrajin, iz Avstrije, Nemčije, Nizozemske, Finske, Poljske in od drugod so gosti spremljali svoje značilne slovenske, opravljene v pester narodne noše, a najbolj je bila pesem jugoslovanska, ki so jo tvorili noše iz vseh pokrajin od Triglava do Vardarja. Prav ta raznovrstnost je napravila jugoslovansko skupino posebno živahno, da je močno razlikovala od drugih. Zato pa je tudi žela veliko pozornost in pohvalo, fotografiranje povsod prežali nanjo in največ poročali o njej. Posebno pohvale je bila jugoslovanska skupina deležna pri izvajanju jugoslovanskih narodnih plesov in je poleg skupine Baskov segla največji uspeh.

Current Thought

Gowanda's Annual Field Day

Hats off to the two very active SSCU lodges in Gowanda, N. Y. who annually sponsor a SSCU Field Day, which for an abundance of activities and new ideas is hard to beat.

This year Pathfinders lodge, No. 222 and St. Joseph lodge, No. 89, again will produce an unusual spectacle on next Saturday and Sunday, July 10 and 11. Included in the program of activities is entertainment for both old and young. And many out-of-town visitors will vouch that a good time in Gowanda is hard to beat. For all barriers of strangeness is lifted by the fortunate guests in attendance.

The annual SSCU Field Day is a legend in Gowanda, and to the outsiders who have partaken in the festivities, it is a happy remembrance of a lodge activity that long lingers in the memory.

Let us look into the various details that comprise the annual SSCU Field Day. True enough, each year finds new and interesting additions, but in general, the outdoor activity even though patterned after that of an outline of a regular picnic lacks the monotony. For in Gowanda they seem to sense the necessity of attracting outsiders as well as SSCU members.

This year we find that Charles Sternisha, Sr. is general chairman and Louis Andolsek, assistant chairman. A host of hard working assistants in charge of various subsidiary arrangements together with member-helpers will combine their efforts to effect a most successful SSCU Field Day.

Gowanda, N. Y. stands out as a concrete example of splendid co-operation between the senior and junior members; that is, between the members of the Slovene-conducted and English-conducted lodges. Let their splendid example continue to serve as a guiding light to other communities commanding SSCU lodges where perhaps a foreign feeling and strangeness may exist.

To knock down the barriers of indifference and to create a better feeling and mutual understanding — if this barrier is overcome or the condition alleviated — then a joint undertaking such as sponsored by the Gowanda SSCU lodges serves to create a means of perfect understanding and results in straddling the gap that may exist between the junior and senior members.

Lodge No. 55

Uniontown, Pa. — Members of lodge St. Rochus, No. 55, SSCU and other Yugoslavs in the neighboring vicinity are hereby notified that our lodge has changed the date of this year's picnic. It was reported that the picnic would be held on July 18; but since we could not obtain the desired site the date of the picnic has been deferred to July 25. The picnic will be

held in Shadowland Park located on First Connellsville Rd., near Lemont. Refreshments in the form of appetizing sandwiches and thirst quenchers will be available. The committee in charge will extend its efforts to make sure that every guest will be satisfied. All members of our lodge and all Yugoslavs in this territory are cordially welcomed to attend our picnic on Sunday, July 25.

Ferdinand Markusic, Sec'y

Center Ramblers

Center, Pa. — On Sunday, July 11, Center Ramblers are sponsoring a picnic and dance at Center Beach. Music will be furnished by Martin Serro and his trio, and believe me they sure can play polkas. So, come on folks, and swing to their rhythm.

All members of the SSCU are cordially invited to attend. Members of our lodge, as well as others, are asked to be present and invite their friends to come along for one grand day of entertainment. So don't forget folks from Claridge, Export, White Valley and Cheswick—you are all invited. Incidentally, what is the matter with the young lodge members. It seems that the more new enrollments we secure, the less there are that come to the meeting. If we get an attendance at our picnic similar to that at our meeting, our picnic will be a "flop." It seems that there are just about half a dozen that do all the work. The rest like a good time but don't like to help out.

Smoking a cigarette, the small boy advanced upon the ticket office and demanded a half-fare ticket to Binghampton.

"What!" cried the booking clerk, "a kid like you smoking a cigarette?"

"Kid be blowed!" was the indignant reply. "I'm fourteen."

"Full fare, please." — Grit.

Milwaukee's Second

Gertrude Oblak

Another very happy delegate to the second biennial juvenile convention is Gertrude Oblak, from lodge No. 225, of Milwaukee, Wisconsin. Another member of the same lodge who is also very proud to see Gertrude qualify is Pauline Vogrich, a very active secretary, who with her numerous articles to the Nova Doba expressed a dream to see three delegates elected from her lodge. Her dream did come true, for three delegates have qualified from lodge No. 225, and at the present writing, 105 new members have joined this lodge.

Lodge No. 81

Aurora, Ill. — On Sunday, July 11, 1937 St. Jerry's lodge No. 81, SSCU will hold a picnic at Weiland's Grove in Lovedale. Festivities are to start at 2:00 p. m. Games will be played and races will be held for the kiddies. Music will be furnished by Joe Kocjan and his son Eddie. All members of the lodge and their families are cordially invited to attend this grand day of entertainment. Come one, come all and have a good time.

Anton Zbasnik,
Supreme Secretary, SSCU

BRIEFS

Anton Okolish, chairman of supreme judiciary committee, SSCU suffered a fractured leg while at work. He is recuperating at the Citizens' Hospital of Barberton, O. The editorial staff of Nova Doba wishes him a speedy recovery and an early resumption of duties in his official capacity as the chairman of the SSCU supreme judiciary committee.

Center Ramblers lodge, No. 221, SSCU of Center, Pa., will hold a picnic on Sunday, July 11 at Center Beach. Members and friends are cordially invited to attend.

Annual SSCU Field Day sponsored by St. Joseph and Pathfinder lodges, No. 89 and 222, SSCU respectively, of Gowanda, N. Y. will be held this year next Saturday and Sunday, July 10 and 11. A varied program of entertainment has been arranged for the occasion. Out-of-towners are cordially welcomed to attend as are the loyal members and friends situated in Gowanda. Charles Sternisha, Sr. is general chairman, and Louis Andolsek assistant chairman.

From Pittsburgh

Robert Jurgel

From lodge No. 26 of Pittsburgh comes the second elected delegate, Robert Jurgel, who along with Isabel Arch, daughter of supreme medical examiner Dr. F. J. Arch, will comprise the representatives from this branch to the juvenile convention. Robert is the son of John Jurgel, secretary of lodge 26.

SSCU Throughout The Country Awaits Official Juvenile Campaign Returns

Complete Tabulated Report Due in Next Issue. 2,714 New Members Through Friday, July 2nd, 1937

By LITTLE STAN, Juvenile Convention Campaign Director

Ely, Minn. — When the Second Biennial Juvenile Convention campaign closed officially June 30, it was indicated that all records of new enrollments made by any fraternal organization in a period of three months would be shattered. These indications are coming so close to actual realization that it isn't even funny—it's almost unbelievable!—and the thought that the SSCU may find an enrollment increase of 3,000 members by the time deadline around comes brighter and brighter, as through Friday, July 2, there were 2,714 new members enrolled — only 286 less than 3,000! Could four more days bring that amount? It's a question which will be answered perhaps even in this issue of the paper, when Supreme Secretary Anton Zbasnik wires in that last minute report Tuesday evening, July 6.

Throughout the country Juvenile delegates are anxiously awaiting the trip to this Minne-

Repeat Delegate

Milan Peich

When the first juvenile convention was held in Ely, Minn. in 1935 Milan Peich qualified for delegate. This year finds Milan repeating as one of the three representatives from lodge No. 225 of Milwaukee, Wisconsin. At the beginning of the current campaign Milan expressed a strong desire to be among those present at Ely, and none were more satisfied over the outcome than Pauline Vogrich, lodge secretary and Milan.

Illini Stars

Chicago, Ill. — Though the juvenile convention campaign is over with, our lodge Illini Stars, No. 211, SSCU expressed itself at its June 27th meeting that it shall increase as much during the last six months of 1937 as it has in the first six.

In January 1937 our lodge numbered 9 adult members and 5 juvenile. On June 30, 1937 it was increased to 15 adults and 50 juvenile members.

sota Wilderness country. Little Stan imagines that they will dream about the trip, and really make plans to enjoy themselves. —Then, upon their arrival at Ely on Thursday, August 5, they will be whisked away from one happy moment to another. They will have fun—and lots of it.

Then, after the final report comes in, Little Stan will unite a summary of the entire campaign. All those who participated in it—the real hard workers who enrolled the new members—can take all the credit! Key points in this great drive were Denver, Colorado; Joliet, Illinois; Cleveland, Ohio; Pennsylvania; Minnesota—Chisholm and Ely;—and literally, you must give every candidate and active lodge officers and members all the credit—

Think of it—Through Friday afternoon there were SEVENTY-FOUR OFFICIAL DELEGATES TO THE SECOND BIENNIAL JUVENILE CONVENTION!—That was through Friday—Wait until after the Fourth for the final number!

If Supreme Secretary were to count new members enrolled using the point system—that is, counting the adult as two, and the juvenile as one, the total points would be way over the 3,000 mark!

Anyway you look at it, the campaign has been successful, in fact, it has been much better than expectations, and the SSCU populace throughout the country can give themselves a hearty pat on the back. From now on the SSCU will lead the way!

Friday was warm. The sun beat down on Little Stan's head, and was he ever warm! Something had to be done about it! And something was done about it—With Little Albert, (Stan's brother) at the controls, they all

jumped into the growing (Ahs-tin)—and away to a nearby lake.

No, Heh Heh—this won't be another story of the mermaids—Little Stan is saying that for the convention — but anyway, he plunged into the lake, and was it very cool! To imaginary music Little Stan frolicked in the waters. Unbeknownst to him, Little Albert had his movie camera, and was he getting some shots! (Youse is a viper!)

What Little Stan also plans to do when the convention rolls around—with his trusty movie camera, he plans to record every event of the Second Biennial Juvenile Convention—of the delegates—the lakes—the picnic—their talks over the "Mike" to over 10,000 people from all over the country who may be in attendance at the picnic to be held in the popular Shagawa Lake picnic grounds — on Sandy Point. There also in the roomy pavilion, the orchestra from Cleveland and Joliet can go to town! Will the camera hum! You said it!

Then the proper insertions of titles and headings, as Little Stan edits the film—and when complete it can be shown over and over again—real-life adventure and fun! Wanta be in Little Stan's movie? Well, all you delegates will be—from the moment you step off the train, and until the train slowly pulls out of the depot—every minute! History will be recorded!

While in Tower one day last week, Little Stan completed arrangements for the big Indian Pow-wow—there the movie camera will hum again! At White Iron Lake—a scenic and beauty spot—where delegates can swim in the cool refreshing waters is another event being planned for all. And you need not fear of any

Euclid's Delegate

John Tanko, Jr.

The son of the very active secretary John Tanko, Sr. of lodge No. 182, of Euclid, O. is John Tanko, Jr., elected delegate to the second biennial juvenile convention. Insofar as lodge matters and convention procedures are concerned, delegate John will receive able instructions from his dad who makes lodge work his hobby. John Jr. will be among those delegates to accompany John P. Lunka, fourth supreme vice-president, who will act as guide for the Ohio group.

From Canonsburg

Veronica Barbish

"It was with the help of Frank Mikec, president of our lodge, who is also second supreme judiciary, and our very active secretary John Zigman, that enabled me to obtain the desired number of thirty credits." So relates Veronica Barbish, delegate from lodge No. 149, of Canonsburg, Pa. Veronica also warns Little Stan to be sure and prepare the Indians for exhibition as she is looking forward not only to the juvenile convention, but also the side shows.

From Pittsburgh

Mary Mihalich

Ladies lodge of Pittsburgh, Pa., No. 182, SSCU will be represented at the second juvenile biennial convention next August by Mary Mihalich, pictured above, who qualified as delegate. Mary was aided by the active lodge secretary Catherine Canjar and treasurer Mary Bodack. At the time the report of Mary Mihalich election was received at the Nova Doba office last week lodge 182 anticipated election of a second candidate, Gertrude Maloney.

Trinidad's Third

Mary Krivec

"I never dreamed that I would make the grade and qualify as delegate to the second juvenile convention," writes Mary Krivec, the third elected representative from lodge 84 of Trinidad, Colo. Mary gives due credit to Jacob Prunk, lodge secretary, for the splendid assistance extended in her behalf in order to reach her goal. She ends up her letter with a very praiseworthy thought: "Keep plugging on to make a bigger and better SSCU."

Annual SSCU Field Day

Pathfinders and St. Joseph Lodges Hold Annual Event July 10 and 11, 1937

Gowanda, N. Y. — The two local SSCU lodges, Pathfinders No. 222 and St. Joseph No. 89, have earned an enviable reputation for several years past in sponsoring joint events of entertainment for members, friends and acquaintances. This year, again, the two units have joined hands to undertake another of their famed field days, and next Saturday and Sunday, July 10 and 11, will find members of both lodges working hand in hand in an endeavor which will please all guests.

Committees for the field picnic have been named. Charles Sternisha, Sr., is general chairman and Louis Andolsek, assistant chairman.

Assistants comprise of the following: Admission: Amelia Kaluza and Mollie Klancer. Refreshment tickets: Joseph Widgay. Bar: Martin Matekovich. Refreshment stand: Mrs. Leo Klancer. Blanket and novelty stand: Thomas Sternisha. Music: Henry Zuzek. Dart game: Frank Klancer. Field games: Jenny Anderson, Theodore Palcic. Advertisement: John Matekovich, Martin Matekovich, Doris Sternisha, Charles Sternisha, Sr., Philip Palcic and Jenny Anderson.

Helpers: All Pathfinder and St. Joseph members.

With such a competent group the two days are bound to be successful. Music is already engaged. Joseph Szukala and his boys have promised to be on hand Sunday, July 11. "Looch" and his accordion will play for dancing Saturday night, July 10.

Committees are busy with plans to entertain young and old. Games, races, swings for youngsters, dancing, refreshments, music and a congenial gathering of friends, old and new.

Out-of-town guests are cordially invited. If you're looking for two days of keen enjoyment, remember that we will furnish all the environment.

Field Day competition will prove amusing. Such fun-evoking stunts as husband-calling for married women, rolling-pin throwing, three-legged races, walking races, comic softball and other games will be held in the afternoon.

Stands will be erected shortly. All members are urged to turn out to help.

Pathfinders

Gowanda, N. Y. — The Pathfinders, who have not been in the columns of Nova Doba for several weeks, due probably to a shortage of ink or sumpin' like that, are anxious to broadcast that they are still in existence and going as good as can be expected. The attendance at the meetings has not been the best, but it is improving and when summer's vacations are over, things will again start to hum.

Just a few days left, during which you can prepare to attend the Pathfinders-St. Joseph picnic; two days to be exact. Time flies, and nearer draws the days of this big event. The days, JULY 10th-11th; the place: Mentley's Grove, at the outskirts of Gowanda, about a half mile from Miller St.

Members, are you doing your share for this picnic? The committee is hard at work making arrangements in order to entertain you and your friends. They cannot do everything themselves; it takes more than a committee to make an affair a success. That's where cooperation comes in.

Refreshments: We are leav-

Sheboygan's Elect

Florence Podrzaj

Lodge No. 82 of Sheboygan, Wisconsin will be ably represented by delegate Florence Podrzaj who qualified for the second biennial juvenile convention. In her letter to the Nova Doba she expresses her thanks to the lodge secretary, Mr. Yeraj, and president Mr. Kolar as well as her father, for their valued assistance in reaching her goal.

ing it up to the refreshment committee. They assure us of the serving of an unusual kind of refreshment, one that will go with everybody. That delicious amber colored fluid, known as beer will be available in abundance to quaff your thirst and loosen your tongue — perhaps loosen it enough for you to go over and join that singing group in the corner or that trio under trees. There will be plenty of them.

Dancing: The open-air dance pavilion opposite the refreshment stand will be the scene of the dancing. Here a likable and very popular orchestra will entertain, beginning Saturday evening and continuing Sunday afternoon until early hours Monday morning.

Games: Well there will be plenty of them and you could enjoy yourself playing them one or all.

To SSCU lodges near and far; to Buffalo Big Four, to other local lodges and to all our friends we are pleased to extend a most cordial invitation to attend this picnic or FIELD DAY. Don't forget SATURDAY and SUNDAY July 10th-11th to be a guest of the Pathfinders and St. Joseph picnic, given by them for the members, friends, and their friend's friends.

WE'LL BE LOOKING FOR YOU—YOU—AND YOU.

John Matekovich

Lodge 132

Euclid, O. — With the juvenile convention campaign completed I want to thank all the members for their fine co-operation in making it possible for our lodge to send three delegates. Our lodge president and treasurer showed that Euclid was far from asleep in this campaign.

On July 25 our Napredok lodge, No. 132, SSCU will hold a picnic at Vrbic's farm. All arrangements have been completed to effect a day for entertainment. So come to our picnic.

I want to remind all members the necessity of attending lodge meetings. Many of our members know very little of what is going on. So, let us all make it a point to attend the next meeting on July 9.

What to Expect of the Baby

By Dr. J. J. Folin
Member No. 44, SSCU

Barberton, O. — Many mothers worry about the newborn eyes. Usually newborns are cross-eyed for some weeks after they are born. At birth light has no effect on the eyes, the reason for this is they are not sensitive to it. After 24 hours, if we focus a bright light on the infant's face, we find that its eyes close suddenly. A normal thing for a newborn.

Eye muscles in a newborn are not well developed and we find that one eye may be turned one way and the other in some other direction. This is due to the action of the undeveloped muscles acting, independently and producing a squint. This also is a normal process and usually goes away in about 2 months and sometimes in 5 or 6 months. Then we find that a child can fix both of its eyes on the same object.

Babies are very sensitive to extremes of cold, heat, pinching of the skin or pricking of the skin by a pin, soon after birth. Infants are sensitive to their surroundings, they sleep quietly when properly fed, warm and dry, but they cry very loud when hungry, wet or cold.

Infant's lips and tongue distinguish heat and cold during the first days of its life and will refuse milk or water if too hot.

Hunger is developed soon after the infant is born. An empty stomach contracts its walls and causes hunger pains. This contraction of the stomach occurs whether the infant sleeps or not and stops as soon as the proper amount of food gets into it.

Progressive weight of the infant is important and must be accompanied by a proper development of the bones and muscles as well as other organs of the body. Usually the average weight for new-born babies is 7½ lbs. for boys and 7 lbs. for girls. The average length of a newborn infant at birth is 20 inches.

There are many exceptions to the rule that the first set of lower central incisors appear at 8 months, although we usually expect them to appear about that time. No small number of infants have been blamed for teething. At 8 months a child usually has 2 teeth, at 12 months 4-6 teeth, and at 24 months 16 teeth. At 30 months we expect to find the full number of milk teeth which is 20.

I shall give briefly the usual age at which we might expect nature to move itself.

Rolling its head is attempted

From Chisholm

Dorothy Kotchevar

"It was through the help of our lodge secretary Mrs. Zurga, relatives and friends that enabled me to secure enough credits to qualify as delegate for the second biennial juvenile convention, which will be held in Ely, Minn., next August." So writes Dorothy Kotchevar, delegate from lodge No. 230, of Chisholm, Minn.

accidents because Little Stan will be your life guard—He can stand in the middle of the lake without the water touching his chin—Heh! Heh!—Rescuing ladies in distress is his specialty!

Supreme officers will be in the title roles in the gigantic Minstrel show being planned. It will be the Show of Shows! Supreme officers will be impersonated by Boy Scouts of Troop 174—and you will have all the laughter, song, and dance, unequalled in any part of the country. This is only the beginning. It will be glamorous, amorous—and tin-tin-tin-tin-abbulous! You will have so many things to do that after you have boarded the train for your return trip you will wonder just what happened, and ask if perhaps it was all a dream! But no, it isn't all a dream—it's going to be true—every minute of it!

Back in the water, the cool and refreshing swim is all over—it is time to go back to town to go to work—and Little Albert packs the camera, we hop in, and we're off!—until next week—

BUT JUST THINK OF THE COMING THINGS BEING PLANNED!

And by the way—some jottings—Several were married during the past week—Miss Ann Sprietzer, daughter of Mr. and Mrs. Joseph Sprietzer was wed to Peter Yapel of Soudan; Miss Mary Zgone, daughter of Mrs. Mary Zgone was married to Frank Cherniviec. Visitors here were Miss Mary Gradisher of Milwaukee and Muskegon; Miss Molly Ogrinc, Cleveland; Mr. and Mrs. Leo Rittman, Bradley, Ill., and Miss Pauline Brack, Cleveland. Got a letter from Miss Josephine Obloek of Center Ramblers last week which read—quote: "Flash!—A member from lodge 221 has been qualified as delegate. He is Edward Subic, and has succeeded in enrolling 32 members. I'm telling you, are we Center Ramblers glad! Edward is a good-looking boy, and I want you to find him a nice girl! Heh! Heh!... Received a nice long letter from Miss Pauline Erjavec, Pueblo, Colorado, who is now taking up a course of instruction in nursing... Little Stan didn't find time to answer it yet—but he will soon... and until next week.

about the 4th day and well established in 4 months, holding its head up it attempted at the end of 12 weeks and well established in 4 months; elevating the chest and head is attempted about the fourth month and well established in about 6 months; baby attempts to sit if supported about the third month of age and well established and without help when about 7 months old; he attempts to stand when 6 months old and is well established at about the eleventh month; he tries to walk when about 10 months old; he sits up alone when about 16 months old; climbs and jumps without help when about 20 months old. Learning to talk is a slow process, varying greatly with the time at which different children begin to talk. It depends entirely what is said to the child, how it understands the questions and what it wishes to say in response.

When about nine months old many children say "mama," "papa," spontaneously but they cannot be made to repeat these words after some one else.

Third Annual Celebration

By Little Stan

Ely, Minn. — The third annual celebration of the Yugoslav National Home will take place at a picnic at Sandy Point on beautiful Shagawa lake, Sunday July 11. The Yugoslav National Home is a social organization which combines the activities and socials of some 18 fraternal societies into one building. In the 18 organizations, seven of which are SSCU subordinate lodges, are enrolled over 2,000 adults. Ivan Tausell is general chairman in charge of arrangements.

The program begins at 12:30—when a huge parade will form at the National Home. It will be headed by flag bearers, the Ely Municipal Band, and will include the classy champions the Ely Drum and Bugle Corps, and members of lodges affiliated in the National Home.

The parade will move towards Sandy Point, where hosts of concession stands will be operated. People from all parts of the Iron Range will come in to spend the day.

Charles Munn, of the Minnesota Warehouse Commission will be main speaker. Following the speaker's program, the frolic will shift to the beach where the water sports carnival will take place. Negotiations were under way to have Ann Govednik, Olympic contender two times of Chisholm to swim exhibition. Leonard Klun, three times state champion diver, and Joseph Grahek, twice state champ will perform in the high dives. Canoe-tilting and races will conclude the program. Then to the pavillion where Frank Kromar's orchestra will swing it for the dancers!

Most impressive throughout the day will be the filming of the events. Cameras will grind to record outstanding events. All groups of "Old-Timers" will be filmed, and the pictures will be preserved for posterity. So that all the future generations can see the pictures of their fathers and mothers. It will be wonderful.

In the evening another dance will be held at the pavillion. So for a grand day of fun, come out to Ely and Sandy Point Sunday—a grand time is assured.

Stan Pechaver

The regular Sunday session of the Inter-Lodge League was suspended last Sunday, July 4 because of the many out-of-town trips planned by the member-players. The next set of games will be resumed Sunday, July 11 at the Moreland high school tennis courts situated at Kinsman and Lee Rds. Sammy Richter of the George Washington lodge, No. 180, SSCU is in charge of the tennis circuit.

Wyoming's First

Paul Putz

A very grateful delegate is Paul Putz from lodge No. 18, of Rock Springs, Wyo., who takes this means to extend his gratitude to all SSCU members who helped him reach his goal. Paul is very glad to have become a delegate to the second biennial juvenile convention. He is the son of John Putz, treasurer of lodge 18.

Ladies of SSCU

Joliet, Ill. — An evening which consisted of fun and excitement took place on the evening of June 23d, when Miss Celia Jevitz very cleverly played the part of hostess to the Ladies of SSCU.

A brief business meeting was held. One of the main topics discussed was a "weiner roast" which is to be held on July 13 at Inwood picnic grounds. Following the meeting the guests played "Airplane Bunco," which turned out to be full of excitement and thrills. Prizes were awarded to Mrs. John L. Jevitz, Miss Helen Kozlica and Mrs. Frank E. Vranichar for high scores, while the consolation prize was awarded Miss Lucille Kosiek.

The home was attractively adorned with numerous bouquets of roses which are in keeping with the month of June. Refreshments were served at tables for four. The color scheme of the table covers, napkins, as well as the menu was carried out in pink and green. Each table had as its centerpiece a silver bud vase containing a rose bud.

The next meeting of the Ladies of SSCU will be held on July 20, at the home of Miss Helen Kozlica, 1323 Hickory St. Lucille M. Jevitz
