No. 180 Friday, Sept. 18, 1970

Ob 40-letnici bazoviških žrtev

Pred 40 leti so zgodaj zjutraj 6. septembra ustrelili Italijani na kraški gmajni 4 zavedne primorske Slovence, Bidovca, Marušiča, Miloša in Valenčiča, ker so se borili za združitev Slovenije, ki jo je po prvi svetovni vojni zasedla Italija, s Slovenijo v Jugoslavijo. Primorski Slovenci so to obletnico proslavili pred spomenikom teh štirih borcev na Bazovici 5. septembra. Ob tej priložnosti je imel dr. A. Sfiligoj iz Gorice, ki je v tistem času deloval za isti smoter skupno z ustreljenimi, govor, ki ga tu navajamo v spomin štirih bazoviških žrtev, pa tudi v spomini vseh drugih, ki so se v Slovenskem primorju tako odločno in vztrajno borili za slovensko stvar v času fašizma.

Zbrali smo se tu, da počastimo naše junake, ki so s svojim odločnim delovanjem in s svojo mučeniško smrtjo pripomogli, da Slovenci še živimo na tej svoji zemlji.

Zbrali smo se tu okoli spomenika velikih žrtev našega boja za naše pravice in za naš obstanek tudi zato, da potožimo svojo bol, ker nam država še vedno osporava uživanje vseh naših pravic.

Slovenci in Hrvatje smo za časa fašizma pretrpeli toliko gorja, da ne bomo mogli nikoli popisati vsega. Pestri knjigi dr. Čermelja "Slovenci in Hrvatje pod Italijo" in "Ob tržaškem procesu 1941" ter knjiga Vekoslava Špangerja "Bazoviški spomenik", so le delni prikaz preganjanja in krivic, ki so se nam godile. Potrebno bi bilo to veliko delo dopolniti!

Bazoviški in še drugi mučeniki, ki so jim fašistični strelci ugasnili življenje, so bili v ostanje zagovorniki naših pravic, naše zvezde vodnice!

Kakšni občutki nas danes prevzemajo?

Najprej občutki globokega sočutja do naših mučenikov in neizmerne hvaležnosti za njihovo plemenito delovanje in veliko žrtvovanje, ki sta nam priborili zmago.

Globoko sočutje pa moramo vedno gojiti do vsega slovenskega in hrvatskega naroda! Do tistih, ki so trpeli po temnih zaporih, v konfinaciji ali zaradi policijskih opominov. Do tistih, ki so utrpeli veliko gmotno škodo in še posebej do tistih skromnih slovenskih in hrvatskih ljudi, ki so trpeli zatiranje, poniranje in vse druge vrste krivic, pa so svojo bol stisnili v dušo in srce, ker si niso mogli pomagati.

Sočutje tudi do vseh tistih številnih slovenskih in hrvatskih družin, ki jih je fašizem pregnal z rojstnega doma in pognal v tujino, v notranjost države.

Sočutje do vseh slovenskih in hrvatskih otrok, ki so kili nedolžen plen fašističnega raznarodovanja.

In občutek razočaranja, ker nam prestanah krivic niso še popravili.

Upali smo, da nam jih bo novi državni red vendarle vsaj delno popravil. Pa ne!

Za družine slovenskih žrtev ni še nobenega, niti najmanjšega priznanja.

Slovenci, krivično odpuščeni iz službe in potem morda še konfirirani, niso še prejeli odgovora na vlogo za ureditev njihovega položaja in za pokojnino. In to 27 let po zlomu fašizma!

Potem še občutek prezira in zapostavljanja od strani države in pristojnih oblasti, kajti vsi, ki smo ostali pod Italijo, vemo, kako skopo nam demokratična država, za nastanev katere smo tudi mi dali znaten delež boja in trpljenja, deli naše najsvetje pravice, saj nam osporava ne samo pravico, da govorimo svoj jezik v odnosih z javnimi oblastmi, ampak celo pravico do našega nacionalnega imena.

Fašisti so nas imenovali "alloglotte" in "allogene", demokratična država pa še tako ne, in ne sliši, da smo Slovenci. Pa saj nas je vendar Bog ustvaril!

Slovenci tega ozemlja smo torej še vedno brezpravna raja, klub slovesnim oblubbam, razglašenim leta 1918 in 1945, in klub ustavi, ki ukazuje, da nas republika ščiti s posebnimi zakonskimi normami in zatrjuje, da smo vsi državljanji enake dostojevanosti in enaki pred zakonom.

In vendar so bazoviški in drugi mučeniki, žrtev fašističnega terorja, padli za nas, za naše pravice, za naš obstanek, napredok in razvoj!

Ta občutek gojimo vsi Slovenci naše dežele!

Zato je naša sveta dolžnost, da jih spoštujemo in častimo; da spoštujemo in častimo Gortana, Bidovca, Marušiča, Miloša, Valenčiča, pa še Lojzeta Bratuža in škofa Sejeda, pa še na smrt obsojene in ustreljene na drugem procesu leta 1941: Ivančiča, Kosa, Vadnala, Bobeka ter tudi Pinka Tomažiča.

Dolžnost, da spoštujemo in častimo vse in da tudi v njihovem imenu terjamo naše pravice, spoštovanje našega

jezika, slovenskega jezika, ki nas ga je slovenska mati naučila!

Državna politika in njeno ravnanje z državljanji, zlasti z jezikovnimi manjšinami, mora vendar sloneti na morali pravičnosti, na strogi človeški etiki in ne na odlašanju, zavlačevanju in varjanju s praznimi oblubami, na zatiranju, na odkritem ali prikritem raznarodovanju.

S svojim bojem, trpljenjem in žrtvovanjem smo Slovenci v Hrvatje pod Italijo vrednotili prav to etiko!

Otdod občutek naše politične zrelosti in visoke omike!

Naš boj je narekovala in opravičevala višja sila, to je odločna sovražnikova volja, da nas uniči, kajti raznarodovanje drugega ni kot rodom.

Odporn upor proti taki rodomorni politiki pa ukaže, ne samo narekuje, naravnai zakon, ki priznava slehernemu človeškemu bitju, tembolj narodom, pravico do eksistence.

Tak boj pa zahteva hrabrosti in odločnosti, in naši mladi junaki so šli v ta boj nesebično, v obrambo našega življenja in vseh naših narodnih pravic.

In so padli!

S svojo mučeniško smrtnjo pa so prižgali luč, ki nam sveti, ki nas bo vedno vodila in opominjala na dolžnost, da živimo v bratskem objemu, po njihovem izročilu in po izročilu naših dedov in očetov, z vsemi vrlinami slovenske olike in omike, po starih in novejših običajih in navadah, po veri naših prednikov, saj so narodne vrednote večne, ker so duhovnega izvora in značaj!

V tehovne narodne vrednote verujmo z vsem našim srcem in v vso silo našega duha!

Slava bazoviškim žrtvam! Slava Bidovcu, Marušiču, Milošu, Valenčiču!

BESEDA IZ NARODA**Slovenski par praznuje zlato poroko**

Zlatoporočenca John in Mary Sluga

CLEVELAND, O. — V soboto, 19. septembra 1970, bo ministro, 50 let, odkar sta g. John in Mary Sluga, z 18309 Marcella Rd., sklenila v cerkvi Marije Vnebovzetje zakonsko zvezo.

Petdesetletnica skupnega zakonskega življenja je vsekakor eden najlepših jubilejev, ki jih imata tudi naša zlatoporočenca. Marsikdo

od sorodnikov in prijateljev, sedaj v Ameriki in doma v Sloveniji, se spominja stiske v povojnih letih, ko sta g. John in g. Mary Sluga radošarno pomagala s svojimi pošiljkami. Nekaj let pozneje, ko so začele prihajati nove prošnje, pa je bil njun dom odprt marsikateremu sorodniku ali znancu, ki sta mu naša slavljanca omogočila prihod v Ameriko.

Ob tem lepem jubileju se človek obhaja v svojem življenju. Ni vsakdo deležen te sreče, da bi ga še pri precejšnjem zdravju in moči praznaval, ampak je tudi mnogočestilne čestitke pa sploh dočakal. In vendar čas, vseh ostalih sorodnikov in prijateljev, ki sta nam ga Bog odmeri, sam po jatejev z željami, da bi še dolgo sebi ni toliko pomemben. Veličastna zdrava in srečna v njihovem življenju, pa je bilo veliko, če se v svojih vi sredini.

Še o vinski trgatvi na Slovenski pristavi

Pridite v čim večjem številu. Ce si želite svežega zraka, boste ob sprchodu po Pristavi lahko

Podatki v tem poglavju so zbrani po časopisu in napoveduje sledete:

Znanstveniki in učenjaki v raznih državah sveta napovedujejo, da bodo ljudje v prihodnosti živelj dlje in bodo imeli srečnejše življenje. Življenje bo lepše že ob koncu tega stoletja in ob začetku prihodnjega.

Povprečna živiljenska doba je danes 72 let, toda znanstveniki napovedujejo, da bodo ljudje že do leta 1980 živelj povprečno 100 let, do leta 2000 pa se bo povprečna živiljenska doba podaljšala na 120 let. Do takrat bodo znanstveniki premagali raka, tako da ne bo več nevarna bolez.

V Zedinjenih državah znanstveniki proučujejo različne rastline in nova zdravila, s katerimi upajo, da bodo v prihodnjih desetletjih ozdravili številne bolezni, ki so danes neozdravljive. Tudi težke operacije starejših ljudi, ki so danes precej tvegane, bodo do konca stoletja precej preproste in varne.

Proučevanje in zdravljenje starostnih bolezni se bo zelo spremenilo. Znanstveniki napovedujejo, da bodo stoletniki spolno prav tako močni, kot so danes petdesetletniki. Sovjeti znanstveniki, ki proučujejo zdravljenje starostnih bolezni na institutu v Kijevu, pravijo, da bodo poroke stoletnikov do konca tega stoletja razumljiv in vsakdanji pojavi.

Tudi a merski znanstveniki napovedujejo, da se bodo stoletniki ne bodo držali zgrbljeno, ampak bodo hodili pokončno in bodo pazili na svojo zunanjost.

Podobno podaljšanje živiljenjske dobe napovedujejo tudi švedski znanstveniki v Stockholmu. Tudi oni pravijo, da bo v letu 2,000 veliko število stoletnikov, ki se bodo ženili. Na človeka, ki bo star 100 let, ne bodo gledali na izredno starega človeka, ker med stoletniki bo tudi mnogo ljudi, ki bodo dočakali 120 let in več.

Tako pravijo, oz. zatrjujejo znanstveniki in učenjaki. Znano je, da so namreč glavne in neozdravljive bolezni: srčna, možganska kap in rak. Če bo res tako, kakor napovedujejo, da bodo te bolezni ozdravljive, potem lahko verjamemo, da bo tudi človekovo življenje podaljšano.

Res se lepo sliši. Vsem starejšim in starim bo to poglavje kar dobro delo, marsikdo bo rekel: le glave pokonč, saj ne bo še tako hitro vsega konec, če seme verjeti v znanstveno izkuščnost v izjave znanstvenikov.

IZ NAŠIH VRST

West Allis, Wis. — Spoštovani! Uredništvo! Sem Vaš dolgoletni naročnik. Rad čitam Ameriško Domovino, zato Vam pošiljam ček za \$20, za naročino in 4 dolarje za tiskovni sklad.

Ameriška Domovina je naš najvrednejši slovenski časopis, zato jo vsakemu Slovencu toplo priporočam. Veliko dobrega je v tem dolgih sedemdeset let svojega obstoja že naredila, tako za skupnost kot za posameznike. Podprimo jo z našo naročbo.

Naj Vam napišem še par vrstic o bližajočih se novembarskih volitvah. Pozivam vse starejše rojake in rojakinje, da pišejo svojim senatorjem in kongresnikom, da bi napravili nov zakon Socialnega zavarovanja, za prejemanje popolne pokojnine še z 55 leti. Jaz nikakor ne morem razumeti, da morajo v težko bereti, pa tudi poščasna. Pa najtajše nekdo, ki bi v tem smislu nekaj storil tudi za moške.

Da glede tega res ne bi izgledalo pristransko, navajam tokat nekaj podatkov, ki govorijo v glavnem v prid moškim. Dolžnost, da spoštujemo in častimo vse in da tudi v njihovem imenu terjamo naše pravice, spoštovanje našega

**Nekaj o novih dolžinah**

Če se zanimamo za dolžine kril, lahko opazimo, da še vedno prevladuje kratko krilo, čeprav modne hiše in veletrgovine že vneto ponujajo midi dolžine. Vendar pa v modi ni zanimivo tisto, česar je več, temveč to, kar je čisto novo. In dolžina krila, ki pokrije koleno ali pa seže do sredne meče, je zato zanimiva. Njej torej velja več pozornosti, da je čeprav ima manj posnemal.

Ob daljšem krilu pa nastajajo težave. Če je bilo z mini krilom težko lepo sedeti, posebno v globokem naslonjaču, povzroča dolgo ali daljše krilo težave pri hoji, na stopnicah, pri šofiranju. Moda, ki si včasih

MISIJONSKA SREČANJA IN POMENKI

19. Marja Ksaverija Pirc O.S.U.

PRINCETON, N.J. — Lani je ob obisku predavala v Clevelandu, Torontu in Montrealu. 3. septembra je iz Bangkoka v Siamu naprošena poslala za misijonske prijatelje v sodelavce daljši sestavek o svojem misijonskem poklicu za objavo v teh člankih v AD. Ker je vsebina silno zanimiva in prvič obdelana, bo objavljena v celoti, vendar v dveh delih. Danes samo prva polovica. V spremnem pismu omenja: "Prijetno ste me presenetili z bogatim čekom MZA. Tako Vam pošiljam, kar želite. Ker je Tajska nepravljena s turisti, je tajne znamke težko dobiti celo tu. Ne izgubim nobene prilike, da jih kaj zberem. Največ jih zamenjam za jugoslovanske. Odkar sem bila doma, imam mnogo novih prijateljev, ki pridno pišejo. Tako pridev do znamk. Za Ameriko rada kaj napišem. To deželo sem vedno rada imela, zlasti pa še sedaj, ko je toliko dragih rojakov tam. V veliki hvaležnosti za vse, kar delate za nas misijonarje, vse sodelujoče lepo pozdravljam, za vse molim. Tudi vi vsi se naspominjajte."

Ko sem iz dala misijonsko knjižico "Skoro 50 let v misijonih", sem mislila, da sem vse preveč pisala o sebi. Sedaj pa mi bravič pišejo: "Povejte vendar tudi kaj o sebi." Pa naj bo!

Rodila sem se 23. julija 1894 v prijazni vasi Borovnica pri Ljubljani. Očka, Ljubljancan, je bi tam za nadučitelja, mamica pa je bila Verbičeva iz Borovnice. Bila sem najstarejša izmed štirih deklic. Mladost je bila ena sama vesela pesem. Zlata mama nam je znala narediti rodno gnezdece pravi raj.

Ko sem imela 12 let, me je poslala v škofjeloški zavod uršulin, da se naučim nemščine in — kot je sama rekla — da se naučim moliti. Mamica je bila 10 let notranja gojenka loških uršulink. Po končani meščanski šoli sem vstopila na državno učiteljišče v Ljubljani. Medtem je tudi očka dobil službo v Ljubljani in tako smo bili zopet v skupaj. Tista leta so bila leta posvetnosti. Vse me je bolj mikalo kot molitev: gledališče, plesne vaje, koncerti. Prav tedaj so izhajale W. Foersterja vzgojne knjige. Mamica jih je skrbno čitala. Foerster je zapisal: "Treba je vzgojiti samo prvega otroka, drugi se bodo po njem ravnavi." Mamica pa je vzkliknila: "Gorje mi, ravno pri prvi se mi ni posrečilo!"

V naši družini ni nihče prinesel domov drugačnega sprievoda kot odličnega. Tako tudi jaz. Vsi smo se učili klavirja v Glasbeni Matici. S sestro Stano spalili tudi v zboru pod takstirko Mateja Hubada. Tisto leto smo prizvajali Sattnerjev oratorij Vnebovzetje. O lepi spomin! Maturirala sem v juliju 1913 in takoj nastopila službo prostovoljnega učiteljice v Lichtenturnovem zavodu, ki je tedaj slovel kot najboljša šola v Ljubljani, pod vodstvom sestre Eleonore Mantuani. Mene bi bolj mikalo kam na deželo, a mamica je bila neizprosna: "Doma ostaneš!" Ker sem imela dovolj časa, sem hodila slikat k Jakopiču v njegov stekleni paviljon v Tivoli. Tudi to so lepi spomini.

Že od mladega sem vedela, da me Bog hoče zase, a sem se upirala z vsem svojim bistvom. Jasno sem čula klic: "Moja si, ni ga prostorčka zate v svetu." Pa sem zaprosila v agoniji: "O Bog, nikakor ne! Svet je tako lep — umetnost, glasba in vse drugo... Kako naj se zaprem v ledene zidove samostana? Saj ti bom služila tudi v svetu... ta-ko lepo bo!"

V juliju 1914 je izbruhnila prva svetovna vojna. Tedaj je Bog položil svojo roko name... Tam v cerkvi sv. Jakoba v Ljub-

Tiskovni sklad A.D.

Zvesti naročnik lista g. Frank Zitnik, Pittsburgh, Kansas, je prispeval \$2 v tiskovni sklad Ameriške Domovine, ko je obnovil naročnino. Najlepša hvala!

Ker je bilo vedno več učiteljstva mobiliziranega, je mamica končno privolila, da prosim za službo na deželi. V jeseni 1915 sem položila drugi izpit na učiteljišče in nato sem odšla z matrico na prvo službo v Gradac v Beli krajini. Tedaj sem bila že odločena, da vstopim k uršulinkam v Škofje Loko. Seveda, na zunaj to ni nikakor kazalo. Obleka po najnovejšem kroju, visoke pete in klobuk tako obširen, da nisem mogla z njim v tramvaj.

O Veliki noči sem povedala mamici svojo namero. Ni mogla verjeti in me je v obilnimi solzami rotila, naj se ne prenaglim. Šla sem tudi v Škofje Loko vprašat, če bi me sprejeli. Dogovorili smo se za 1. september 1916." (Bo drugič še.)

Ob sedmi obletnici ustanovitve MZA 17. t.m., pozdravljamo nova poverjenika. Dolgoletnega misijonarja, s koga sodelavca Mr. Matthewa Tekavca, 20531 Goller Ave, Euclid, Ohio 44119, ki bo vsem bravcem misijonskih člankov iz fare Sv. Kristine in celega slovenskega Euclida red vedno na razpolago v zadevah sodelovanja z MZA. Kličete ga lahko tudi po telefonu. Izročate mu lahko misijonske darove za MZA.

Iz Trsta piše dinamični misijonski pionir, kaplan Stanko Zorko: "Se enkrat sem poskusil kogoberi, ki bi prevzel skrb za zbiranje znamk za misijone. Uspel sem. Pri zadnjem sestanku sem ponovno sprožil zadevo znamk in se je ponudila članica Misijonskega krožka rojanske župnije gdč. Ivanka Furlan, Via Sara Davis 8, 34135 Trieste. Gozdovična je izredno sposobna in delavnica. Skrbi že za mnogo stvari. V njej boste imeli zelo požrtvovalno sodelavko. Prosim, pišite ji naravnost, kako naj se loti dela. Prepričan sem, da bo sedaj tudi področje dobro izrabljeno v korist misijonskemu delu." (25. jun. 1970.) Tako bodo lahko tudi vsi rojaki s Tržaškega v ZDA vedeli za našo družino poverjenico v Trstu. Prva je že leta gdč. Marija Hlad iz Misijonskega krožka Marijine družbe na Via Risorta 3. Vsem kličemo: Welcome aboard!

Po Knežovih sporočeni obračun misijonskega piknika MZA vsebuje, kot del celotnega dohodka, \$84 od teh posameznikov: Mr. in Mrs. Viktor Tomc \$25; po \$10: Mrs. Jennie Zupan, Maroltovi, Mr. in Mrs. I. Ferrari; po \$5: Mr. Frank Cerar, Mr. John Petric, Mr. in Mrs. Simon Curk, Mr. in Mrs. Anton Kosir, Mrs. Ana Vidergar; po \$2: Mrs. Pustotnik in Mrs. Marolt.

Iz Clevelandova so po pikniku darovali še naslednjih: Mr. Frank Perko \$120 (\$100 za vse in \$20 za o. Tomazina S.J.); družina Leopold in Ivana Pretnar \$60 (za 5 usmiljenk na Madagaskarju, vsak po \$12.00); Miss Maria Kacijan \$30 (najbolj potrebnemu); Mrs. Jelka Kuhelj \$25 (za vse); Mrs. Louise Kuznik \$20 (ob smrti moža Antona; za vse). Vsakemu posebej in vsem skupaj: Bog povrn!

Toplotni žarki in bolezni

Po topotnih žarkih, ki jih oddaja človeški organizem, je mogoče sklepati o njegovem zdravstvenem stanju, so pokazale termografske raziskave v Leningradu.

Znanstveniki so opazili, da prihaja pri nekaterih boleznih do sprememb infra rdečega žarkenja iz raznih delov telesa ali tkiva.

V čelu se politična mrzlica še ni unesla

Socialist Allende se čuti že 'predsednika republike' in napoveduje brez skrivanja željo po preuređitvi čila v novo Kubo.

SANTIAGO. Čile. — V členski politiki vlada še zmeraj politična mrzlica, ki je morda še večja, kot je bila volinva. Povzročile so jo nenavadne politične izjave socialista dr. Allende, ki bo verjetno 24. oktobra izvoljen za predsednika republike. Zmaga dr. Allende je med premožnimi Čilenci rodila velik strah, kaj bo z njihovim premoženjem.

Dr. Allende je napravil veliko politično napako, povsod po svetu namreč skušajo zmagoviti kandidature govoriti po volitvah zmerno in omejevati izjave in obljube, ki so jih dali v volinvi kampanji. Dr. Allende je začel postopati drugače. Ni le ponavljal volinive obljube, jih je celo razlagal tako, da je moral vsakogar oplašiti. Še posebej je oponzoril na svoje izjave s tem, da je začel še bolj občudovati Castro na Kubi, kar je vsakdo razumel, da bo skušal vpeljati Castrova komunizem in spremeniči Čile v Kubo št. 2. To je čilska podjetja vzvemirilo, začela so omejevati svoje poslovanje, denar pa spravljati na tuje, kar je takoj podražilo življene in tečaj našega dolarja. Na drugi strani podjetja omejujejo obravnavanje, ljudje pa morajo iti med brezposelne.

Pristaši dr. Allendeja so začeli groziti, da bodo že pokazali vsem, ki motijo gospodarsko življene. Še cej sam dr. Allende se je spozabil, da je začel groziti z zasegami imetja vsem, ki bi "motili" gospodarsko življene. Kaj se to pravi, vedo v Čilu dobro, ako pomislijo, kaj vse se je godilo na Kubi. Zmagovita levica je naredila še drug korak. Šla je k sedanju predsedniku Freyju in predlagala, naj s silo prepreči odtok kapitala, Frey ji je odgovoril, da ne more storiti več kot to, kar mu dovoljuje zakon, ne more torej postopati po Castrovi metodi.

Vse to vodi v kaos, od tod sta odprtji dve poti, tako misljijo opazovalci: ali v Allendejevo diktaturo po Castrovi modelu ali v vojaško diktaturo, mora še pred odhodom dr. Freyja z oblasti.

LUIS COLOMA:

MALENKOSTI

In prodirajoče njegove oči so se uprele v Currito, kakor bi hotele brati v dnu njene duše...

"Zato bi," je nadaljeval jezuit počasi, "zato bi ta sirota žrtvovala samo sebe, da bi rešila druge, da bi zadostovala za gremeh drugih..."

Currita je skromno povesila oči in se delala, kakor ne bi razumela.

"Spoznali pa boste, da taka žrtvovana — sicer žrtve neizmerne vrednosti — ni poklic za redovno življenje... Jaz bom to žrtvovano vedno priporočal, ker je dobro in zaslužno delo in ker bi morebiti z njo utegnil ta dobri angel izprositi od Boga, česar ga prosi... Dokler pa Bog te velikodušne žrtve ne sprejme, ne moremo še govoriti o poklicu, in jaz je ne morem priporočati in tudi ne potrditi..."

"Torej smo tam, kjer smo bili," je pomisla Currita, ki ni razumela visoke razlage o žrtvi in poklicu in je vrtela v rokah dragocene svetinje, katero je našla prinesla s seboj, da bi pokazala patru svojo pobožnost.

"Kaj torej mislite, da se mora zgoditi?" je skromno vprašala.

"Pustite, naj deluje milost božja in ji kot plačilo za njeni velikodušne žrtvovane podeli poklic, katerega še nima; iz zavoda pa je ne jemljite!"

"Torej mislite, da ne bi bilo dobro, ako bi se vrnila domov?"

Pater Cifuentes je potegnil tobačnico in odgovoril z ravnodušnostjo, kakor bi pripovedoval, da je vroče ali dež:

"Ne, senora...! Tam bi videla slabe zgledje. To bi je morda ne povarilo, umorilo bi jo pa prav gotovo."

Na to hudo očitanje Currita ni odgovorila, ni čutila nevolje, pa se tudi ni sramovala. Nasprotno, da napelje vodo na svoj mlin, je rekla:

"Ah, da... pater, res je! O, ko bi Vi vedeli, kaj se godi v moji hiši! Ko bi vedeli, v kakem položaju sem jaz...!"

In da bi si pridobil patrovo zaupanje, mu je začela pripovedovati z dobro preračunano prostodušnostjo vse pohujanje svojega življenja, žalostno smrt Jakobovo, vsa obrekovanja, katera so o nji trosili njeni nasprotunci, in da se ne more braniti in jih tožiti pred sodnijo, in da potrebuje uglednega, spoštovanega.

ona, ki je tako dobro zapisana na dvoru, in ugledni pater Cifuentes, in ko bo enkrat notri, si bo že priborila korak za korakom prejšnja tla in izgubljeno mesto...

Preprosto se je oblekla in si ognrila plašč iz črnega žameta, obložen s kožuhovino. Mantilla ji je pokrivalo del lica, pa tako, da so se videli rdeči lasje, njena značilna posebnost. Po njih naj bi jo vse spoznale, ako bi bilo v cerkvi poltemno.

O petih so se tisti večer začele duhovne vaje, Currita pa je na peto uro in sedem minut preračunala svoj prihod, da bi jo prav gotovo vse senore videle.

Vstopila je v preddvor, misleč, da ondri srca kako redovnico ali najde vratarja, ki bi ga vprašala za markizo de Villasis ali za patra Cifuenta. Ali samo dve senori sta stali vrhu stopnic in se naglo nekaj pogovarjali. Ko sta zagledali Currito, sta se ustrashili in izginili. Currita ju ni spoznala.

Skozi širok odprt vrata je vstopila v obsežno kapelico.

Creole Character for Corn Bread

Creole Corn Bread Supper begins with convenient corn muffin mix; toasted corn bread squares topped with Creole shrimp sauce make a colorful, tasty lunch or supper dish. Garlic, onion, green pepper and herbs combine for that characteristic Creole flavor, while shrimp and garden-fresh tomatoes delight the eye and palate.

Creole Corn Bread Supper
Makes 8 servings

Corn Bread:
One 12-oz. pkg. Flako
Corn Muffin Mix
1 egg
2/3 cup milk
Creole Sauce:
2 cloves garlic, minced
1/2 cup chopped onion
1 cup chopped green pepper
1 cup chopped celery
1/2 cup butter or margarine
1 bay leaf

For corn bread, empty contents of package into bowl. Add egg and milk. Blend only until dry ingredients are thoroughly moistened. (Batter should be slightly lumpy.) Pour batter into greased 8-inch square baking pan. Bake in preheated hot oven (400°F.) about 20 minutes. Cool. Cut corn bread into four square pieces. Split each piece in half horizontally. Brush with melted butter. Broil until golden brown.

For creole sauce, saute garlic, onion, green pepper and celery in butter until tender. Add spices. Combine cornstarch and cold water; stir into garlic-onion mixture. Add tomato wedges; cook 5 minutes, stirring occasionally. Add shrimp; cook 5 additional minutes or until the shrimp are firm and pink. To serve, spoon over corn bread squares.

WHAT'S HAPPENING IN DENVER, COLO.

Denver, Colo. — For the past 20-odd years, Slovenia, always a music-loving nation, has experienced a surge of musical growth that surpasses all in the past. Great quantities of excellent classical, sacred and folk type music have been the fruits of this surge.

Among the hundreds of folk groups now performing in Slovenia, two stand high above all others: the famed Avsenik Quintet and the Lojze Slak Ensemble.

When, in 1952, the brothers Vilko and Slavko Avsenik formed their quintet (clarinet, accordion, guitar, trumpet and bass), their "sound" quickly became the most popular in Slovenia. The fame of the Avsenik brothers spread to Austria, Italy, Germany, France, Great Britain, the United States and elsewhere.

Browns games too exciting! - Don't worry

An emergency Coronary Care Unit, established by the American Heart Association, Northeast Ohio Chapter, will be in operation at all home games of the Cleveland Browns.

Established with the enthusiastic approval and cooperation of Art Modell, owner of the Cleveland Browns, the Unit is located in the First Aid Room at the Stadium.

"There is always a good chance that someone will suffer a heart attack when he is attending a football game, or any other exciting sports event," said Dr. Edwin M. Goyette, M.D., Chief of Cardiology at Huron Road Hospital and president of the Northeast Ohio Chapter of the American Heart Association.

Some of the 180 policemen who are regularly present for duty at all games are assigned to rescue squads.

AUTUMN AGAIN

As the days of summer wane and the sun dips below the horizon a little earlier each evening, we know that nature is sending out its first gentle warning of the approach of a new season. On September 23, the sun crosses an imaginary line and Autumn begins.

For many parts of the world, Autumn is a season of high color. The leaves of the trees, as they don their most brilliant hues, seem to consciously strive to outdo each other in attracting the attention of passers-by. Legendary visions of a harvest moon and corn shucks usher in the spirit of Halloween.

In the "South 48", Jack Frost treads softly bringing color and briskness to the scene. Since Alaska has been added to the roster of states, it is fitting to note that Autumn steals across the North with sharper but equally fascinating changes. Those who know say that Alaska, in the fall, is enchanting. But then, what section of our great nation is not, as we turn the corner of a new season?

SPIES IN THE BLEACHERS?

Angel Manager Lefty Phillips didn't come right out and make an accusation, but there was no doubt about what he thought.

That is, that the Indians had a spy in the center field bleachers during the August 28-30 series in Cleveland, trying to pick off the California catcher's signals.

He sent two of his men out to the bleachers during the game to look around.

"Funny thing happened, as soon as our men left the dugout to go to the bleachers," said Phillips, "the guy we spotted... the guy we kept watching... got up and left and never came back."

MECHANICALILLS SIDETRACK PIRATES

The Pirates had troubles enough with injuries and sore arms. Then this:

On Sept. 4 at their new Three Rivers Stadium, it started to rain in the seventh inning.

The \$100,000 automatic tarpaulin, which rises out of a trench along the third base line, was set in motion. Up went the indicator was not working.

Outlook optimistic for heart attack survivor

You've had a heart attack, your doctor assures you about recovery, yet uncertainties may still plague you.

That's only natural, says the Northeast Ohio Chapter of the American Heart Association, but the record shows there is reason for optimism. More than 3.7 million Americans alive today have suffered a heart attack.

To help answer questions frequently asked by heart patients' wrestling with doubts, the Northeast Ohio Chapter of the AHA will supply free of charge an 8-page booklet titled "After A Coronary."

One of the reassuring facts noted in the booklet is that the majority of patients survive their first heart attack and enjoy years of productive activity.

Chances of leading a normal life—with some modification—are excellent. There is good likelihood that the patient can resume his old job, or some other work that places less burden on the heart. Although reasonable rest and sleep are essential for recovery, some recreation, exercise in moderation, and social life are good.

The majority of patients are able to play golf, take walks, fish, swim or engage in similar activities without difficulties. Doctors believe that moderate exercise is beneficial for most patients—providing it is supervised and does not cause pain, shortness of breath, or other

lid and out came the tarp, a few feet.

Then there was a loud crash, and part of the cover fell back on the roller, wedging it. When repairmen were unable to get it going, the Pirates contacted National League President Chub Feeney and received permission to suspend the game.

The next morning, workmen demolished the tarp mechanism to clear the field for play that night.

They played the last three innings that night, but not without a 17-minute delay caused by light failure, the second in less than a month at the new stadium. The Pirates won, 4-3.

METS PLANE HALTED IN RUNWAY TAKEOFF

The world champion Mets had a scare the night of Sept. 6 when their United Airlines charter was forced to abort its takeoff from Chicago's O'Hare Field after speeding halfway down the runway.

The plane then taxied back to the hanger in the United Airlines operation area.

The pilot said the air speed was set in motion. Up went the indicator was not working.

Illuminating Co Saves \$3½ Million on coal cars

In a move to combat rapidly rising fuel and transportation costs, the Cleveland Electric Illuminating Company announced arrangements for leasing a fleet of 300 specially-built railroad cars.

The leasing arrangement will also help alleviate the acute shortage of rail cars which has affected the operation of many utilities, according to Illuminating Company President Karl H. Rudolph.

A contractual arrangement has been made with the Greenville Car Company, Greenville, Pa., whereby \$6 million of new coal cars will be placed at the sole disposal of The Illuminating Company. This eventually will produce coal savings of about 50 cents a ton, or \$3,500,000 per year.

The specially-built cars, will be moved over the rails by Penn Central Railroad, said Rudolph. They will comprise two unit trains of 119 cars each that will make round trips to and from coal mines in Southeastern Ohio to The Illuminating Company's Eastlake and Lake Shore power plants on fixed schedules.

Remaining cars will be rotated to obtain maximum car life, allow for routine maintenance, and to serve as traveling supply cars.

What to do when stuck paying \$400 for \$60 cleaner

You think it won't happen to you. You are not poor; you don't live in the slums; your children wear shoes and get enough to eat. If you need legal advice, you'll go to the family lawyer. But put yourself in this situation:

Mr. and Mrs. Doe bought a vacuum cleaner from a door-to-door salesman, later discovering that the appliance, worth only about \$60, would cost them over \$400 including finance charges.

The finance company obtained a garnishment order, and about \$100 had been deducted from one bi-weekly paycheck by Mr. Doe's employer. Consequently, the Does had very real problems in paying other debts and in buying necessities for themselves and their three children, a situation they had never had to face before.

Mr. Doe went to the Legal Aid

Organized in 1905, the Society's purpose is to give legal protection and assistance to those persons unable to afford the services of an attorney.

After about one year in court, the Doe case was satisfactorily settled. The Does returned the vacuum cleaner, the salesman returned the money, and the money which had been garnished was released by the court and returned to Mr. Doe.

This is only one case in which the Legal Aid Society has helped those facing problems they can't handle themselves. The Society provides assistance in cases involving parent-child relations, installment contracts, debts, husband-wife relations, landlord-tenant problems, wage claims, welfare agency problems, juvenile delinquency, attorney-client associations, employment, and certain criminal cases.

In 1969 there were nine neighborhood offices from which 1,995 persons were served. The downtown offices are located at 118 St. Clair, N.E., Room 603, for the civil branch, and 501 Film Bldg., 2108 Payne, for the criminal branch.
