## DRUŠTVE IN DRUGE SLOVENE VESTI

### RAZNO IZ AMERIKE IN INOZEMSTVA

V današnji izdaji Nove Dobe je pribrojeno imenik uradnikov naših društev JSKJ za leto 1936. Imenik se v smislu pravilnosti le štirikrat na leto, kar je priporočljivo, da člani današnjo številko.

Društvo št. 40 JSKJ v Clarendon, Pa., priredi na večer 28. februarja "card & bingo party" na večer 29. februarja pa veselico.

Klub združenih društev JSKJ v Elyju, Minn., vprizori v nedeljo 8. marca veseligo "Ognja v dvor." Igra se bo v Washington avditoriju na 12. marca ob 8. uri zvezre.

Gilbertu, Minn., bodo tamkaj diletanti v nedeljo 1. aprila vprizorili igro "Mrak."

Zemski odsek društva št. 66 v Jolietu, Ill., priredi na 12. marca "card & bingo party" v "Slovenia" dvoran.

Esmaraldu, Cal., je dne 17. aprila po daljšem bolehanju preminila Ivana Požar, ki je tam soprogata ter pet si in pet hčera. Pokojnica, deklirko ime je bila med pred 53. leti rojstva vasi Slatnik pri Ribnici Dolenjskem in je prišla v nekaj leta 1901. Spadala je v skupino št. 30 JSKJ v Chippenu, Minn.

Brooklyn, N. Y., je zadet kapi umrl Frank Tončič, v večletni blagajnik društva št. 50 JSKJ.

Prireditev za bodoče naznanjanje sledična družba.

V ZVEZNEM KONGRESU je vloženih okrog 40 predlogov za omejitev oblasti vrhovnega sodišča. Ti predlogi se opirajo na ustavo, ki v drugi točki tržnega člena določa, da ima vrhovno sodišče prizivno jurisdicijo s takimi izjemami in regulacijami, ki jih kongres napravi. Dalibor kateri omenjenih predlogov prišel v sedanjem zasedanju kongresa na razpravo, ni znano. Administracijski krog želijo, da bi bilo sedanje zasedanje kongresa kmalu končano.

NEVTRALNOSTNA postava, ki je bila v kongresu sprejeta pretekel jesen in katera avtomatično poteka 29. januarja, je bila pretekel teden podaljšana do 1. maja 1937. Dosedanjim določbam je bila dodana še določba, ki prepoveduje dolgoročna posojila državam inozemstva in ki določa, da Američani, potrjuječ na ladjah vojskujočih se držav, store to na svojo riziko. Senator Nye se je boril za strojno neutralnostno postavo, toda ni uspel; vsekakor napoveduje bojeti senator, da bo to zadevo še ponovno spravil na površje v sedanjem zasedanju kongresa.

PREDSEDNIK Roosevelt je povabil predsednike vseh republik na ameriškem kontinentu, da naj bi prišli ali poslali pooblaščene zastopnike na vseameriško konferenco, katera naj bi se posvetovala, kako zagotoviti trajni mir na tem kontinentu. Za mesto konference pripravljalno je bila občinstvo ugasnilo igre niti tekom priprave, ki se je razvila

V NEW YORKU je v starosti 56 let umrl za srčno hibom. (Dalje na 2. strani)

### KO ZIMA ODNEHA

(Piše dr. F. J. Arch, vrhovni zdravnik J. S. K. Jednote)

Letošnja nenavadno huda in dolga zima, ki je prizadela skoraj vse Zedinjene države, je nedvomno napravila mnogo škode po sadenosnikih in vrtovih. Prav gotovo je pozebno mnogo cvetnega popja na bolj občutljivem sadnem drevju, posebno na breskvah. Izkušeni sadjarji pravijo, da kadar pada temperatura na ničlo ali nižje, je pridelek breskev za isto leto uničen. V raznih državah srednjega zapada se goji mnogo breskev, in pridelek istih je po gornji teoriji uničen ali vsaj močno zmanjšan za letos, kajti "zero" vreme je bilo tu v letošnji zimi nekaj navadnega. Skoraj gotovo je hud mraz kolikor toliko škodoval tudi drugem sadnemu drevju; kolika je ta škoda, se bo šele videlo spomladvi.

Po vrteh je mraz uničil ali poškodoval tudi mnogo plemenitih vrtnic, ki niso imele dovolj primernega zimskega kritja. Omenjena, po hudi zimi povzročena škoda se ne da popraviti; vzeti je moramo pač, kakršna je, in upati na miljšje zime v bodočnosti.

Mraz pa je marsikje napravil na drevju še drugačno škodo, katera se da vsaj deloma popraviti. Marsikje so vsled hude zime razpokala sadna in lepotična drevesa, in te razpoke, ako jim ne posvetimo pozornosti, lahko polagoma drevesa uničijo.

Kadar hitro nastopi miljšje vreme, je pripomočljivo pregledati drevesa in ugotoviti morebitne poškodbe. Ako je tu in tam lubje od debla odstopilo, naj se pritrdi nazaj s par malini žeblički, razpoke pa naj se zamažejo s cepilnim voskom (grafting wax), da voda ne zateka v rane. Kjer so samo podolgate razpoke v lubje in deloma v les, naj se razpoke dobro zamažejo s cepilnim voskom. Tu in tam so se morda večje veje ali vršiči v rogovičah razklali, bodisi vsled mraza, bodisi vsled snega in viharjev. Ako je v takem slučaju poškodba velika in drevo ne bi preveč trpeči na obliki, če se poškodovanje veje odstrani, naj se poškodovane veje gladko odžagajo, rane ogladijo z ostrim nožem in nato namažejo s cepilnim voskom. V takih slučajih pa se tako poškodovane veje in vršiči morejo rešiti s tem, da se jih zvezte z močno vrvjo, razpoke pa zamažejo s cepilnim voskom.

### PARALIZA ALI MRTVOUD

### INDUSTRIJA OBUVALA

Obuvalo spada med najvažnejše potrebščine človeka. Noge morajo nositi vso telesno težo, zato nujno rabijo protekcie. Obuvalo pa je potrebno tudi v varstvu proti mrazu. Primitivna ljudstva v gorskih krajinah so pač izhajala in se izhajajo brez obuvala, za hladne severne kraje pa to ne velja.

V zgodnjem stadiju bolezni ni nikakega znaka, da je infekcija napadla živčni sistem, in v takih slučajih morebolnik ozdraviti, četudi je imel pravotroško paralizo. Nekaj pozneje v bolezni je tudi živčni sistem napaden in pojaviti se paraliza, katero stanje pa se more s pravilnim zdravljienjem izboljšati. To se razlagata s tem, da ko akutno vnetje prenehata, se izkazata, da nekateri živci niso bili trajno poškodovani.

Morda je nastala vsled poškodovanje lobanje, ko kosti ali koščeni drobci pritskajo na živčno središče. Casnikiški poročevalci, ki povprašujejo vojne veterane, kako bodo porabili bonus, kadar ga bodo dobili, so se lotili zadene na napačnem koncu. Večina bivših vojakov je vendar oženjena in o porabi bonusa bodo odločevali njihove ljubezljive ženice.

Veliki fašistični koncil v Italiji je nedavno na zahtevo Mussolinija sprejel vrsto dekretov, izmed katerih sta posebno značilna dva. Prvi določa, da morajo vsi fantje in možje med 11. in 35. letom vedno s seboj nositi knjižice, v katerih je označena njih vojaška izvežbanost. Drugi pa določa 50-odstotno povišanje davkov na samec.

Vse skupaj vzeto bi značilo, da je v Etiopiji dovolj prostora in prilik za pobijanje sinov sončne Italije.

Predpustne norčije so minile in zdaj je čas za izvrševanje dobrih del. Zato ne pozabimo, da je vsestransko dobro delo, če pridebimo novega člana za odrasli ali mladinski oddelk J. S. K. Jednote.

Club du Faubourg v Parizu, ki z debatami rešuje vsa važna življenska vprašanja, je nedavno odločil, da so debeli moški boljši zakonski može kakor suhi. Suh može da so v splošnem sitni, ljubcesumni, čemerni in jekavki, da ugovarjajo svojim ljubezljivim ženicam in da jih celo pretepoj — Bog jim ne zapisi za greh! Debeli može pa dobrovoljni, šaljivi, z vsem zadovoljnji, da nimajo navade se razburjati ali celo ugovarjati svojim boljšim polovicam. To da jih napravlja za idealne zakske može.

Ce se kdo z gori navedeno definicijo ne strinja, naj ne zahteva odgovora od mene, ampak naj se obrne v vprašanju in breči na Club du Faubourg v Pariz. Jaz sem nevtralen v teh vprašanjih iz več ozirov, posebno pa zato, ker ne spadam niti med suhe niti med debeluhe.

Zdi se, da so razni misjonarji v Orientu vendar dosegli nekaj uspehov. Kitajci in Japonci se začeli prav tako ljubiti med seboj kakor so se krščanski narodi med leti 1914 in 1918.

V nekaj dneh bomo obhajali tretjo obletnico bančnih zaprtij. Ali bi se ne spodobilo proklamirati narodni praznik in izobesiti zastave za ta sladkih spominov poln jubilej!

Pust je za nami, toda večinoma vsi bomo igrali maškare kar naprej — vsak po svoje!

## KO ZIMA ODNEHA

(Nadaljevanje s 1. strani)

Ako bi se tako naša mladina sešla skupaj vsaj trikrat na leto, imamo že tu mladinske krožke, kateri se bi potem prav gotovo brez vsakega velikega truda kar sami razvili.

Iz izkušnje mi je znano, da so otroci pod šestnajstim letom najboljše oglaševalno sredstvo. Vsaka taka prireditve bi prihranila na primer društvenemu tajniku vsako oglaševanje. Vest o prireditvi bi se bliskoma raznesla po naselbini. Pustite to otrokom!

Torej mladino že imamo. Treba je, da jo zainteresiramo in da tako tudi obdržimo ter da ji damo priliko, da tudi ta naša mladina za nas poagitira. Torej na delo, bratje in sestre!

Katero društvo se bo prvo odzvalo? Prav z malim trudom se bo dalo mnogo doseči, kar bo koristilo vam in vaši mladini, naši Jednoti pa bo najboljše oglaševalno sredstvo.

PAUL BARTEL, glavni predsednik.

obrezovanje izvrši prej, predno se začne sok v drevo in grmičju premikati in pretakati. Le vrtanicam ne škodi dosti, če se jih obrezuje, ko so začele že nekoliko poganjati.

Za vinsko trto je tako važno, da je obrezana dovolj zgodaj. Ako je obrezana pozno, se rane močno solijo in rastima izgubi pri tem mnogo moči. V normalnih letih je po našem srednjem zapadu in vzhodu najboljši čas za obrezovanje vinske trte v februarju; letos pa bo zaradi dolge in hude zime še dovolj zgodaj za to delo v prvi polovici marca.

Med zanimivosti čevljarske industrije v tej deželi spada, da so se tovarnarji čevljev šele leta 1886 zedinili za enakomerne velikosti čevljev, kar je ostalo v veljavni še danes; da ženske raztrajajo ali porabijo več čevljev kakor moški; da se izdelava in prodaja 75 odstotkov čevljev iz črnega usnja in le 25 odstotkov rjavih ali drugobarnih.

## DRUŠTVENE IN DRUGE SLOVENSKE VESTI

(Nadaljevanje s 1. strani) Tudi poset igre je prekosil vsa pričakovanja. Vsi sedeži so bili zavzeti in mnogo gledalcev je moralno stati. Kadar je prostorni avtorij S. N. Doma s prostornim balkonom napoljen, je tudi za Cleveland nekaj izrednega. Zanimivo je bilo, da je igri prisostvovalo mnogo tu rojene slovenske mladine, ki je slovenski igri pazno sledila in jo sproti v angleščini medsebojno komentirala. Zdi se, da je zanimanje tu rojene mladine za slovenske igre postal posebno živo od časa, ko je bila ta mladina sama vprizorila neko slovensko igro in jo zelo dobro podala.

Z cizrom na naše slovenske podporne organizacije ter druge naše gospodarske in kulturne ustanove je to zelo razveseljiv pojav. Mladina, ki se zanimala za naše igre, našo telovadbo in našo pesem, se nam ne bo odtujila, ampak bo pojavljala in naprej vzdrževala naše slovenske podporne organizacije in druge ustanove. Kulturna društva vršijo tako sicer indirektno, pa zelo važno delo za našo bodočnost.

Mež suspenzije ni moral sprejeti, ampak je rajši resigniral. Mitchell je vstopil v ameriško armado kot prostak za časa španske ameriške vojne in je bil major, ko je Amerika vstopila v svetovno vojno. V Franciji je vodil ameriško letalstvo in je bil odlikovan za izredno hrabrost od Zedinjenih držav, Francije, Italije, Velike Britanije in Belgije. O VOJNI SRECI V ETIOPIJI prihajajo, kot običajno, zelo nasprotuoča si poročila. Pretekli teden so poročila iz italijanskih virov javljala o veliki zmagi Italijanov na severni fronti. Glasom tega poročila so Italijani napredovali za 16 milj, pobili več tisoč Etiopcev in poginali v beg 80,000 mož broječe etiopske armado.

Par dni potem je iz Addis Abebe, glavnega mesta Etiopije, došlo poročilo, ki odločno zavrača italijanska poročila o veliki italijanski zmagi na severni fronti. Bilo da je sicer več spopadov med četami prednjih postojank, toda poročila o kaki veliki bitki in veliki italijanski zmagi da so izmišljena. V omenjenih bojih da je bilo ubitih 31 Etiopcev, 75 pa je pogrešan.

Javnost izven Italije je vzela poročilo o veliki italijanski zmagi v Etiopiji skeptično in rezervirano. Marsikje je bilo izrazeno mnenje, da je italijanska vlada vzdolj 122 milijonov dolarjev za nadaljevanje vojne v Etiopiji.

Pred nekaj mesecih je Liga narodov ponudila Mussoliniju dva velika kosa puščavskega ozemlja, če odneha od vojne v Etiopiji. Dotično puščavsko ozemlje pripada Angliji oziroma Franciji. Mussolini je na ponudbo oholo odgovoril, da ne "kolekti" puščav. Po petmesecnih bojih v Etiopiji pa Italijani nimajo pokazati drugih pridobitev kot par kosov puščavskega ozemlja. Na severu Italijani zavzeli 100 milj dolg in 60 milj širok pas puščavskoga ozemlja, ki je nenaseljeno in gorato. Na jugu so italijanske čete napredovalle 250 milj daleč v deželo v ozki črti ob reki. Podnebje je tropsko in na ozemlju uspevajo kače in kuščarji ter malarije in druge bolezni.

Na vzhodu so Italijani zavzeli ozek pas puščavskega ozemlja ob francoski Somaliji; temperatura doseže tam večkrat 160 stopinj nad ničlo. Vse, kar so Italijani dosedaj pridobili v Etiopiji, je nekaj ničvrednega puščavskega ozemlja. Vojna pa jih je doslej stala okrog 442 milijonov dolarjev v denarju. Kotliko italijanskih vojakov je padlo, koliko jih je bilo ranjenih in koliko jih je zbolelo za raznimi boleznimi, pa vedo le Mussolini in nekateri njemu najbližjih močnikov.

AMPLIFYING THE VOICE OF THE ENGLISH SPEAKING MEMBERS

## CURRENT THOUGHT

### Last Year's Record

Minutes of the supreme board's annual session, which were published in last week's issue, revealed facts which should interest every member of our Union.

Let us examine the report for new enrollments during 1935. We find that 932 new members were added to the adult department and 1,770 to the juvenile department, for a grand total of 2,702. The juvenile convention campaign proved to be a tremendous success particularly when we consider that only 25 families out of the total of some 1,600 secured during this novel year dropped out during the last six months. Which means that permanent addition, and not transitory as some feared, and who believed that many would drop out soon after August of last year.

While the excerpts of the minutes which were included in last week's English section of Nova Doba, disclosed these facts, the fine record attained by our SSCU in 1935 bears repetition.

The net gain in membership of 1,438 for 1935 is a tribute to the permanent addition, and not transitory as some feared, and who believed that many would drop out soon after August of last year.

Appreciable gains in membership and funds of our Union during 1935 indicates a progressive and sounder financial SSCU. However, while we can take pride on our accomplishments of last year, let us not rest upon our past laurels. Rather, let it serve as another initiative to do likewise in 1936.

Our record for 1935 can serve as an excellent argument as to why the American public should be interested in becoming a part of our organization. Let us, the English-speaking members, take the cloak of modesty and inform our relatives, friends and acquaintances of the splendid work carried on by the SSCU.

Lodges actively interested in sports may receive up to one hundred dollars financial assistance from the sports fund this year. This was decided by the board in an effort to distribute money available for this purpose.

Along with this decision, the board also stipulated that the commissioner must consider the lodge's past and present record in securing new members before recommending a grant to the supreme board committee on athletics. This was deemed necessary in order to dispel any preconceived notion that the sports fund is appropriated only to promote athletic activities.

It is an incentive to increase the lodge's membership enrollment.

It isn't fair to those locals who work on the principle that members should serve as a contributing factor towards securing members, to be considered on the same plane as such locals organize and maintain teams only to play the game, giving little if any attention towards building up the lodges.

Members of a lodge who are conscientious of their duty remain in their spirit in actual and appreciable gains. Unfortunately, although not many, make promises to works towards this end, only when applying for financial assistance. After they have received a grant from the sports fund they are no longer concerned over securing new members.

The second annual open tenpin bowling tournament will take place in Waukegan, Ill. on April 18 and 19 of this year. Last year the westerners were promised indirectly that in the open tenpin tournament would be staged in the mid-west since the 1935 tourney was scheduled for Cleveland.

This decision was made for two reasons: First, to give the westerners an opportunity to bowl in the SSCU tournament in a location in the mid-west; and, second, to give another settlement an opportunity to boost the SSCU in conjunction with such

Last year the westerners were promised indirectly that in the open tenpin tournament would be staged in the mid-west since the 1935 tourney was scheduled for Cleveland.

Clevelanders already are making plans to travel to Waukegan machines and rail. A three-day excursion rate by rail available on April 17, 18 and 19, at a cost of \$10.25 for the round trip between Cleveland and Chicago.

The hope of the individuals in charge of arrangements for the westerners situated in the states of New York, Pennsylvania, Indiana, etc. will make similar plans to travel to Waukegan and the second national SSCU open tenpin bowling tourna-

### Final Reminder

Claridge, Pa.—This is a final reminder of the good times arranged for you by the St. Michael's Lodge, No. 40, SSCU, on two consecutive days, Feb. 28 and 29, in the Slovene National Home.

A card and bingo party is scheduled for the 28th, when a wide variety of prizes will be awarded. Free lunch will be served to all, including cake.

Don't miss this party, nor the dance on the following day, Saturday, Feb. 29. Music will be furnished by Bud Tragesser and his famous orchestra, featuring a girl soloist who alone is worth the price of admission. Dancing will begin at 8:30 and continue until ???. Three cash prizes of \$10, \$6 and \$4 will be awarded at this dance.

How is it possible for us to give away so many prizes? All I say is, come to Claridge on Feb. 28 and 29 and find out for yourself.

John Regina.

### Ladies' Auxiliary to Hold Card and Bunco Party

Joliet, Ill.—Ladies of the SSCU held their monthly meeting on Feb. 13 at the home of Frances Kosich, 1124 Oakland Ave. The main topic of the business session was the arranging of plans for the coming card and bunco party to be held on Thursday evening, March 12, in the Slovenia Hall, 803 N. Chicago St. Refreshments were served later in the evening at small tables decorated in Valentine colors and patriotic effects in honor of the birthday anniversary of Abraham Lincoln.

The next meeting is scheduled to take place at the home of Lucille Jevitz, 1219 Oakland Ave. The girls are working very hard to make the card and bunco party a big success. I think that if all or the majority of members of SS. Peter and Paul Lodge, No. 66, co-operate with us, this affair will turn out to be a tremendous success. The main attraction of the evening will be the award of a beautiful hand-made quilt.

We are asking the members of the lodge to please donate a prize for this card and bunco party. All donations should be delivered to the home of Peter Musich, 1207 N. Center St. Your co-operation will be greatly appreciated. Proceeds of the occasion are to be generously divided with the SS. Peter and Paul Lodge.

Keep in mind, girls, that there is to be a special meeting Friday, March 6, at the home of Julia Adamich, 1320 Highland Ave. I expect to see every member present.

Lucille Kosicek.

### BRIEFS

**Charles Lausche and Frank Franz** rolled 1297 pins to take first place in the Ohio state tournament held in Cleveland last week. Charles Lausche, attorney-at-law by profession, is a member of the Cleveland George Washington Lodge, No. 180, SSCU.

**Eddie Simms**, Cleveland Slovene heavyweight, will meet John Henry Lewis, Negro light heavyweight champion, in a 10-round non-title bout at St. Louis March 6. Lewis is scheduled to fight Jock McAvoy of England at Madison Square Garden a week later.

**John Erjavec**, who made such an impressive showing in the Chicago White Hope Tournament recently, continued his march up the ladder by disposing of Frank Florian in four rounds in the feature fight held at Buffalo, N. Y., last week. Erjavec is a Slovene of Biwabik, Minn.

**Independent Singing Society Zarja** will present the operetta "Mascot" on April 6 in the Slovene National Home in Cleveland. Enjoying a city-wide reputation for its excellent presentations of such operas as "Il Trovatore," Zarja singing cast already is rehearsing for its coming feature production.

**Triumvirate of Cleveland SSCU Lodges** will hold a meeting Thursday, March 5, at 1257 Norwood Rd. Representatives of the three local SSCU English-conducted lodges are requested to attend. The meeting, which is scheduled to start at 7:30 p. m. will be devoted in part to arrangements for the Clevelanders to attend the SSCU national bowling tournament to be held in Waukegan, Ill., on April 18 and 19.

**Members of the Ladies of the SSCU**, auxiliary of Lodge No. 66, SSCU, Joliet, Ill., are extending their best wishes to Elizabeth Jevitz for a speedy recovery from the illness which has confined her at home.

**First installment** of Valentine Orehek's translation of "Blood and Battle Field" by Ivan Maticic, appears in this issue, with subsequent installments to appear in succeeding editions, space permitting. Valentine Orehek is a member of Lodge No. 50, SSCU, of Brooklyn, N. Y.

**When Cleveland stages** its Great Lakes Exposition from June 27 to Oct. 4, 1936, it will also include an international exhibit which will be known as the Old World. Some fifty-two nationalities are expected to be represented in the Streets of the World, including a Yugoslav Village.

**Roster of all SSCU lodges** is published in this issue of Nova Doba. Included in the roster are the names and addresses of lodge officers, medical examiners and the time and place of the lodges' regular monthly meetings. Members are requested to retain this issue for future reference, as the roster is published only four times a year.

### Meeting of the Convention Arrangements Committee

Cleveland, O.—All those members who were elected to the convention committee at the last meeting of the Ohio SSCU Federation are requested to attend a meeting scheduled for March 4 in the old building of the Slovene National Home. Meeting will commence at 8 p. m. This notice concerns the following: Joseph Rudolf, John Zalar, Joseph Grdina, John Lunka, John Kardell, Mary Bradac, Johana Pust, Anna Walter, Angelina Pirnat, Frank Beniger, John Tanko, Lovrenc Seme, Karol Skulj, Anna Erbenz, Anton J. Terbovec and Louis M. Kolar.

All of the foregoing mentioned are urgently requested to be sure and attend.

Janko N. Rogelj,  
Acting Federation Sec'y.

### Social Security

By Rudolph E. Perusek,  
No. 2, SSCU

Ely, Minn.—The question with which we are deeply concerned with today is social security. This question may be attacked through organized society and legislation. Some of the major causes of destitution are unemployment, accident and illness, and old age. The average citizen who has considered the Townsend Plan from different angles will openly admit that anything as fantastic and "unjust" should not be ejected into law. What the average citizen wants is unemployment insurance, health and accident insurance, and equitable old age pensions.

Unemployment insurance has been obtaining a great deal of attention in recent years and is something that is inevitable. I think that the industrialist and employer should bear this responsibility as he may charge this cost to that of production. It is only through one endeavor that unemployment and unemployment insurance can be taken care of and that is through industrial democracy.

Legislation took its first step toward health and accident insurance some fifty years ago in Germany under Bismarck. Later such laws were transplanted in this country. Mine workers in Austria, Belgium, and France initiated funds that were sometimes supported by mine owners. These funds were used to take care of the sick and injured minors. Legislation later recognized the inestimable value of such societies and encouraged them.

Due to the high cost of living and to the low wages paid to workers it is infinitely impossible for him to provide for old age and at the same time maintain a decent standard of living. Therefore, it stands to reason that the worker must obtain aid in this direction. This aid must come either from the industrialist or the state.

All in all, the responsibility of social security lies as much in the hands of society as it does in legislation. Yes, it is up to society to spread the gospel of social security for there is no thought so utterly uncomfortable, certainly none this side the gates of hell, as that of social insecurity.

R. E. Perusek.

### 'Round and 'Round

Gowanda, N. Y.—"Say, dere, Rastus, did enybody tell Yo 'bout de skatin' party up ta Nick'slas' Tuesday after de meetin'? Dey didn't? Wal, whadya no 'bout dat? Seems as how fokes am mighty close—moufed not ta let Ya in on de news, so Ah'll re-tell de story as was sed ta me. As Major Bowie-er sumbudy sez,

'Roun 'n' roun' they goes, An whar dey lan, 'nobdy noes.'

### Collinwood Boosters

Cleveland, O.—Members of Collinwood Boosters have undertaken a novelty after-meeting entertainment. Perhaps many of our readers have not heard of this arrangement, so we hasten to inform them.

A member whose birthday falls during the month of February, for example, is given the honor of providing refreshments for the after-meeting entertainment during February. Last week Bro. Frank Oberstar was the willing donor who came through with a generous treat that included a full supply of refreshments, hot-dog sandwiches with dressing, and cakes and cookies.

Next month Sister Mary Laurich, our recording secretary, whose 22d birthday falls during March, will furnish the eats and the liquids for the members.

This plan was started at our January meeting in 1935, and has been extended to include the year 1936. Going into the 15th month with this arrangement, we find that our meetings are never attended by less than 50 per cent of the membership. The absentees will do well to keep this in mind and make it their business to attend all future meetings.

### Side Glances

We received a letter from Bro. John Kaplan and family, who have made their home in San Diego, Cal. In this letter was included the price of some of the fruits; prices which will amaze the Easterners. For instance, a dozen grapefruits can be purchased for 10 cents, four dozen oranges for 10 cents, five heads of lettuce for 10 cents, etc.

Bro. Kaplan, who is with the Consolidated Aircraft, tells his friends that they will not shed any tears if they make their home in this neighborhood.

Bro. Joe Struna is under doctor's care because of an arm injury. Joe is a consistent bowler of the Pittsburghers team in our Cleveland SSCU Bowling League. We all look forward to Joe's return into the lineup before the season closes.

Sister Alice Struna, our new secretary, is still confined to her bed, but her condition is improving. She also hopes she can return to Dan's alleys to bowl for the Pittsburghers before the season winds up. I will close by extending fraternal greetings to all.

John Laurich.

Hubby: Why did that woman keep you at the door talking for half an hour?

Wifey: She said she didn't have time to come in.

"Ah'm sory Ah warn't dere to see de perdicaments de Pathfinders foun demselves in as dey tried to make dere feet glide in de right derektion. Dey mislade dere rabbit foots, so what Cud Ya 'spect? Dat Sothener guy, Dick Evans, mus' a ben thinken ob de lan o'Cotton, bein as how he war on de floor mos de time. He probly that he war a-pickin dem soft Cotton balls, a bendin down dere so's ta reach de floor. Nuf sed, as Ah'll let sumbudy else tell Ya de res. What a time dey had!"

Sure enough, Sambo, we had a grand time, notwithstanding occasional spills and general mixups.

The regular Pathfinder SSCU 222 meeting was held in the basement of the Slovene Hall, Feb. 18. Laughter and merriment prevailed and continued far into the mystic hours of dawn. Dick Evans' cat naps evoked peaks of laughter, but good natured Dick, ever the gentleman, felt no resentment at the interruptions of his slumber. The meeting progressed smoothly.

We were glad to see a long-absent member, Louise Palec. Louise, as you know, has been in poor health these many months and we've missed her. Even Philly seemed brighter, and that preoccupied frown has entirely disappeared. Here's to you Louise. May you add your quiet dignity to all future meetings.

Ping pong seems to be the topic of the day. Members are urged to practice for the inter-lodge tournament to take place soon.

Suggestions for the entertainment after the next meeting were made. It's bound to be a surprise, for tentative plans for a sleighride party were underway. That should speed up spring. Everything was placed in the capable hands of the "Four Musketeers" — Helene, Amelia, Edith and Molly. Remember, girls, plenty of coffee!

The prosperity twist should induce new members to attend meetings. Last month Dick Evans appeared at the hall for the first time and was rewarded with a crisp dollar bill. Last Tuesday James Buffon, attending for the first time, pulled his own name out of the hat. Think I'll resign from the lodge and join all over again. Oh, well, I'm still young and there are many meetings ahead of me.

The meeting finally adjourned and Nick's hall was soon buzzing with excitement. Skating began and about 40 enthusiasts raced madly about, each trying to out-distance the other. A grand march climaxed the evening. That was at 12:45 A. M. After that the bar was swamped with orders for thirst quenchers. Didn't you know Nick's rink boasted a well-equipped bar?

The march across the hall to the exit was the grand finale to a pleasant evening.

I wish to take this opportunity to thank the Pathfinders for their floral offering and sincere sympathies extended to my parents, brothers, sisters and myself during the recent death of my brother, Felix Pollen.

See you at the next meeting and don't forget that spring suit!

## Perplexing

By Little Stan

Ely, Minn.—The weatherman in Ely turned away his cold shoulder for the first time in 45 days, and in its stead presented us with a mild temperature of 5 degrees above zero... which certainly was appreciated by us all! Well, that's the weather for you, now we come to that perplexing part of all articles. When you haven't much to write about, and yet you feel that you must write something. Seated at a desk, Little Stan begins to scratch his back, then parts his hair a hundred different ways, and still no results. The radio in the meantime is plaintively reproducing some of the latest song hits. Ah, heck, we'll go back to the weather again.

The change in weather will make the staging of a gala winter carnival in Ely Saturday and Sunday a real event. The Rangers of Lodge No. 1, SSCU, are one of the sponsors, along with several sports organizations in the city. Many events, among them skiing, skating, cross-country races on skis, hockey games, topped off with a grand snowball carnival dance in Ely's wintery splendor. Some people say brrr, it's too darn cold to enjoy yourself in that manner. But you should come to one of the range towns in winter, attend one of the sports carnivals, and you'll find yourself making the rounds with flushed cheeks, lighted eyes and a nice big Santa Claus smile on your red cheeks. Sounds great, doesn't it? Well, it is all of that!

Members of Srce Jezusa Lodge, No. 2, are still smiling to themselves when they think of the good old time they had at the last meeting. Yes, sir, it was okey doke. And speaking of parties, even the larger cities won't have anything on us as Ely goes Big Time in the remaining days before Lent. Dances, parties and all kinds of get-togethers are planned.

In a few minutes Little Stan will leave you to attend the festivities planned by the Hawkeyes. Even now the party is in progress, and, boy, will Little Stan get a line on what Big Chief Simonich and his warriors are doing. So stand by!

Yes, Little Stan is back, not immediately following the Hawkeye meeting, but the morning after. Now please don't get him wrong... it's just that the party lasted until after 1 a. m., and Little Stan had to go to bed. But it is the following morning, when Little Stan settles down to tell you all about it.

Jerry Lenich, accordion troubadour, was pumping away on his accordion when Little Stan arrived. He was officially welcomed—tsk, tsk!—by Chief Simonich and Anton Zaverl, who immediately ushered him to the beer counter to have a glass of the refreshing beverage. Now, we'll take a look around. In the kitchen we see the remains of refreshments, the dishes are already washed, as Little Stan pokes around to see just what was had. He puts a finger in a pot, and pulls it out quickly as a howling doggy nips him. Well, hot-dogs and buns! And in another corner a large kettle of hot coffee. He is just about to retaliate the thrusts of the ornery hot-dog when the entertainment committee returns, and feeling a trifle guilty at being caught in this fighting mood, Little Stan willingly volunteers to dry some dishes. Boy, can he dry 'em! (Leap Year hint, gals.) But as soon as that is over, Tony Zaverl

comes back and insists that Little Stan have another battle with the doggies. And sure enough, the battle rages, as Little Stan uses an extra large supply of mustard to rub it in!

In the meantime the music goes on. Little Stan goes into the ballroom and notices many young ladies dancing together, but the young Hawkeyes sit in the corner. Not all of them, mind you, but a lot of them, who are stirring up their inner powers to sum up enough courage to ask some of the ladies for a dance! Ah-ha, another quarter keg of beer comes in, and now we know that that courage will be on the Hawks in no time.

No sooner said than done. Soon we have all the Hawks dancing until President Anton Zaverl takes the gavel to hush up the joyous time, in order to begin the gigantic super-colossal amateur show. Slips, with instructions as to what each member must do, are passed around, and the fun begins. Miss Dragosh starts the show with a dance, College Rhythm, and she receives the applause of many. Then two gals try to "Roll Along Prairie Moon" without accompaniment. But the moon appears a trifle too heavy—and they give up. Zeb comes in with a one-word song, and Bro. Jerich gives a whistler's impersonation of "Yankee Doodle." Frankie Kromar and Zeb Chelesnik then sing a duet, accompanied by Jerry Lenich, which goes over the top, because no one could find a gong. They sing another selection, are midway, when Little Stan takes the gavel and strikes the spittoon a resounding blow. It's the bell, as the entire ensemble hee-haws! Back to dancing then, as Little Stan finds that some of the boys had been playing with "spikes." Doc Zgornic, official cleaner upper, is the victim, as the boys put some in the beer. How is he going to drink it, you ask? He just does, unknowingly, until he is advised that there was a spike in his beer. "I thought I noticed the difference," he said, as the Hawks laughed and laughed because they knew that the spike was water! Heh, heh!

Little Stan was called upon to render a short talk. Interviewed by Bro. Zaverl, Little Stan, when asked where do the Hawkeyes rate now, answered, "Even Steven" with the Gophers and Rangers. They're all the tops locally, with the exception of the Arrowheads, who have been somewhat weak these past few months in promoting a good get-together party. But, nevertheless, the A's are active in a different manner, so we're all the tops!

Well, what's this? Boys dancing together? Boys, how could you? Well, they say, girls dance together, don't they? Yes, Little Stan answers. Well, why can't boys dance together? Little Stan is squelched!

And so ends another nice get-together Hawks' meeting, everyone enjoying themselves, boasting their mother lodge, and otherwise having a swell time.

More good times are being prepared by the Rangers and Gophers, and we shall see just what goes 'round, and until then Little Stan will say Adieu. By the way, Little Stan received another Valentine from Dorothy Skerly, young juvenile delegate, which was very, very nice.

## Spares, Strikes and a Hit

Springdale, Pa.—Center Ramblers down Electrons by 479 pins in a spiritless match played at Center, Pa. This Valentine's day victory made it two in a row for the Ramblers over the Electrons. As far as bowling was concerned, February 14 proved very disastrous, but otherwise—ah—that must come later.

And so it happened. Leaving their lovely valentines and girl friends at home the Electrons motored to Center to match wits, skill and wise cracks with the Ramblers. Then it happened. Wise cracks never produced spares and strikes. Precisely! The score sheet proved it. So what? As the final pin fell, the Electrons realized much to their horror that the Ramblers won the match by a majority of 479 pins. Why? Maybe the bowlers can tell you themselves. Was it because of Valentine's day? Dates with the future? Oh! so they won't talk. The reason may remain a mystery, but no clues should be overlooked. It's a known fact that four of the five were thinking of Marie, Mary, Julia and Emma. Was that fair, gals? Encourage the boys. Make them better bowlers. Remember the fraternal spirit.

### Numbers—Numbers

Take a number from one to ten; double it; and if you hit, well, you're in the money. Now, you may think this has nothing to do with the match game, but that's where you are mistaken. Numbers were all over the score sheet. Small numbers, big numbers, low numbers and high numbers. Numbers, numbers and more numbers.

Joe looked at Stan; Stan stared at John, and John eyed Joe. One conclusion is foremost. Let's take a number from one to ten. Joe nodded, Stan agreed and John assented. They took a number. Results: Center took the Electrons by 479 pins, and Joe, Stan and John took Center for 313 dollars.

So you see, the trip was a failure as far as bowling went, but an overwhelming success on the financial side. A few more tips such as this and the occupation of some of the Electrons will read: Retired businessmen. Pass on your hot tips, brother members. Remember the fraternal spirit.

## Aid Hospital Patients

A new service, known as the Central Investigation Service, has been inaugurated by the Cleveland Hospital Council this month. The value of the service will be reflected in charges made to patients according to their ability to pay, and in the amount of support needed from the community for warranted free services by hospitals.

Guy J. Clark, executive secretary of the Hospital Council, is in charge of the service, which is provided for member hospitals of the council which receive support from the Community Fund.

In conducting investigation as to the ability of patients to pay for hospital care, family income, assets, liabilities, etc., will be considered. Other factors in determining the patient's ability to pay include the size of his family, their ages and sex, period of his convalescence, and degree of incapacitation. Purpose of the investigation in each case will be to determine if the patient's circumstances are such that he can pay the full amount of the bill, some part of it, or if he must be considered a case for free care.

Cleveland is the first city to establish this type of central service for the hospitals, although a few cities have established central admitting bureaus in which investigation must be complete before a patient is admitted to a hospital.

"I believe that the installation of this bureau is a decidedly forward step in the determination of the amount of community service that the hospitals should render," said Dr. C. S. Woods, president of the Hospital Council and director of St. Luke's Hospital.

## G. W.'s Lose

Cleveland, O.—After making a good start and taking a lead of 6 to 2, the GW, SSCU-Bukovnik's Studio basketball team failed to keep up the pace and the result was a 19 to 12 victory for their opponents, the Serbians.

The score is no indication as to how evenly the two teams were matched in every department. Always strong on their defensive, the Cherry Tree Choppers displayed some nice team work in their offensive, working the ball down to their own basket time and again, only to have lady fortune frown upon their efforts, with misses that would discourage the best basketball talent.

It has been found that administration of gas composed of 90 per cent oxygen and 100 per cent carbon dioxide will sober intoxicated persons.

The Army - National Geographic Society stratosphere flyers brought back evidence that microscopic life lives in the thin air and intense cold 14 miles above the earth.

Discovery of primitive ball courts near Flagstaff shows a definite connection between ancient Arizona Indians and the Incas and Mayas.

Medical science fears disease if dust storms recur. The dust does not carry germs but irritates throat and lungs and allows germs present to cause illness.

Plant fossils found in Washington and Idaho by Smithsonian Institution scientists contributes further evidence that there was a land bridge between Asia and North America during the Miocene age.

## Lodge No. 84

Trinidad, Colo.—At the last meeting of St. Andrew's Lodge, No. 84, SSCU, it was decided to notify the members through this medium to be sure and attend the next meeting, which will be held Sunday, March 8, beginning at 9 a. m. This meeting is considered the quarterly assembly and it is the duty of all members to attend. Several important matters will have to be disposed of at this meeting. The administrative board itself does not wish to render decisions, rather it looks forward to a large number of component members at the meeting to execute this duty.

Members, please pay your assessments on time. If any member is suspended because of non-payment of assessments, he should not blame the secretary, as the fault rests with the member himself. Those who because of the depression accumulated a lodge debt are asked to straighten out their obligation now when conditions are somewhat better.
