Čestitamo dr. Vladku Mačku

Dr. Vladko Maček, predsednik Hrvatske kmetske stranke in Hrvatskega narodnega zastopstva, praznuje te dni osemdesetletnico svojega življenja. To redko slovesnost mora obhajati kot politični emigrant daleč od doma v Washingtonu, D. C. v Združenih državah. Vendar bo ta obletnica imela svoje prirske in pomembne odmeve povsod po svetu, kjer žive Hrvati in njihovi prijatelji.

Dr. Vladko Maček je odgovorni nosilec in krmar politike hrvatskega naroda v zadnjih desetletjih. Pod njegovim predstvom se je Hrvatska kmetska stranka razrastla v hrvatski narodni pokret s tako silo, da je vse druge politične skupine ne Hrvatskem ali prisilila k prenehanju ali pa jih potisnila v politično brezpomembnost. Ni čuda, da Hrvati smatrajo vsak dr. Mačkov jubilej za svoj narodni praznik.

V domovini se je ob vsakem rojstnem dnevu dr. Mačka Hrvatska okitila z narodnimi zastavami in Zagreb je bil pozrišče proslav, sprevedov, koncertov in manifestacij, ki se jih je udeleževal ves narod in so izžarevale, in odmevale v eno samo, splošno, globoko-pristno in iskreno ljubezen do človeka, ki je posebljen program javnega življenja in hontenja Hrvatov.

Odkod je zrastel politični lik dr. Vladka Mačka in kaj mu je dalo nedeljno ljubezen vsega hrvatskega naroda? Vsa njegova miselnost se je vrti okoli kmetske družine, vsa ljubezen je posvečena kmetskemu človeku in njegovemu napredku, vsa skrb delu za dobrobit kmetskega ljudstva. Tako zelo je vse javno življenje in delo prevečala ta misel, da je zahteval, naj vsi stanovi in vse narodove politične moči najprej in pred vsem skrbijo, da bo kmetska družina močna in zdrava, kajti, če je kmetski stan zdrav in krepak — tako je učil — bo ves narod močan in zmogel največjih in najlepših del. Da bi bil svojim kmetom dejansko enak, da bi z njimi prenašal dnevne skrbi in težave, da bi jim bil vzor v dnevnem življenju in trpljenju, je — dasi odvetnik po poklicu — šel na kmetijo in se ves posvetil obdelovanju zemlje in pridobivanju na njej.

Kmetov uspeh je odvisen od božje dobrote, trdega dela in dobrega soseda. To osnovno pravilo, ta resnica je dr. Mačka vodila v preprosto pa pobožno pojmovanje odnosov človeka do Stvarnika. Zato je v svojem političnem nastopanju odločno branil složno delovanje verskih in civilnih oblasti, ki naj vsaka v svojem delokrogu, kjerkoli je treba pa skupno, pomoreta ljudstvu, da bo živelo v mirni družbi, kjer naj krepkosti, socialna pravičnost, poštenje in ljubezen imajo svojo polno veljavo.

On je apostol ljubezni do dela, časti in pomena trdega dela. Seveda ni nikoli opustil, da posebej izrazi svojo ljubezen do poljedelčevih življenj in znoj, ki pada s čela na grudo, pa je vendar njegova pisana in govorna beseda vedno slavospev delu, vsakemu poštenemu in koristnemu delu kot viru zdravega napredka in prvemu pogoju blagostanja. Da bi se izboljšali pogoji in v učinki dela, je pod njegovim vodstvom vzcvetela splošna prosvetna organizacija, zadružna gospodarska skupnost in domača obrt, ki je posebej imela namen ohranjanja narodno izročilo v gospodarstvu, gospodinjstvu in noši in ohranjanju kmetsko ljudstvo neodvisno v bistvenih življenjskih potrebah.

Lepo življenje na vasi je v največji meri odvisno od dobrega sosetstva. Na pravičnosti in vzajemnem spoštovanju temelječi mir med sosedi je bil in je za dr. Mačka toliko vrednota, je postal karakteristika njegovega narodnega dela tako zelo, da so ga nazivali hrvatskim Gandijem. Naj je govoril na vaškem zboru, z mestne tribune, s parlamentarne ali vladne klopi ali pa kot politični obtoženeц pred sodiščem, so njegova usta govorila o miru in vzajemnosti, branila sicer pravico z največjo odločnostjo, a besede sovraštva ni bilo iz njih tudi v najhujših spopadkih.

Če pomislimo, da je vodil hrvatsko narodno politiko v dobi po nasilni smrti Radičević, preko diktatur, političnih bojev in izjalovljenih sporazumov in vemo, da je mož v vseh teh viharjih vztrajal zvest svojem "mirotvorstvu," se nam zasveti ta njegova značilnost v bisernih odsevih, ki so metali svojo blagodejnost na vse njegovo delovanje kot politika in državnika.

Da bi pospeševal politični notranji mir, je sprejel nosilstvo opozicijske kandidate liste vseh strank in skupin, da bi nastal mir med Hrvati in Srbi, je sklenil sporazum s princem regentom in vlado Dragiše Cvetkovića in da bi ohranil mir vsem, se je boril zanj do zadnjega dne predvojnega Jugoslavije.

Ljubezen, ki v tako čudoviti meri veže vse demokratične Hrvate na osebnost Dr. Mačka, menda nikdar ne bi dosegla toliko trajne topline in splošno vsenarodnega značaja, če bi ne bila prekaljena v trpljenju, izrecnem trpljenju ene osebe za koristi vsega naroda. Nekaj desetletij svojega življenja je dr. Maček presedel po ječah, konfinacijah, priporih in izgnanstvu, edinole, ker je branil, neustrašeno, odločno

branil koristi hrvatskega naroda, kakor jih je po svoji vesti najbolje razumel in dojel.

Njegovi govori pred državnimi sodišči v obrambo hrvatske politike so mu prinesli več in trajnejših privržencev kot vsa politična organizacija. Tedaj govori čustvo, čustvo usmiljenja, do človeka — junaka, ki očitno trpi radi drugih, radi vseh, radi naroda. Tedaj je zagorela ljubezen v plamen, ki je šel preko cele Hrvatske in še ogreva vse Hrvate. Tedaj je dr. Maček postal tudi v širjem demokratičnem svetu znan kot mučenik-junak svojega političnega prepričanja.

Jasno da za takega človeka kristalno čistih in poštenih namenov v političnem življenju ni bilo mesta niti v fašistično-nacistični Paveličevi vazalni državi, niti pod komunistično diktaturo. Zato je dobo vojne preživel po zaporih in v konfinaciji, v dobi komunistične diktature pa živi v izgnanstvu. Po mojem prepričanju ni na svetu človeka, ki bi ga bolj bolelo vse hudo in zlo, ki se je zgodilo v Hrvatski v dobi ustaškega režima. Nič se ne motim, če trdim, da smatra tiste zločine za najhujšo nesrečo, ki je mogla doleteti Hrvate. Danes smatra komunistično diktaturo za tisto osnovno zlo, proti kateremu bi morali vsi svobodoljubni ljudje združiti vse svoje moči, da jo končajo.

Kot bratški in sosedni narod, ki iskreno želimo vse dobro Hrvatom, jim iz srca čestitamo, da jim je dal Bog vodilnega zastopnika takega vzora poštenosti in požrtvovalnosti v javnem delu. Pa tudi svoje razloge imamo, da voščimo dr. Mačku še dolgo in srečno življenje, ki naj bo ovenčano z novimi uspehi za srečo Hrvatske, Hrvatov in vseh slovanskih narodov na jugovzhodu Evrope. Že to je veliko, da je vsaka naša narodna zahteva našla v dr. Mačku v preteklosti odločnega podpornika in zagovornika, pa vendar to ni glavno. Glavna in neprecenljiva vrednost dr. Mačka za sedanost in bodočnost je v tem, da se nanj in njegovo besedo lahko zanesesh kot skalo, da vemo, da je mirno in prijateljsko sožitje naših narodov cilj njegovih političnih prizadevanj.

Sožitje, ki naj sloni na odločitvah ljudstva in njegovih demokratičnih ustanov, ki naj v najvišji možni meri čuva individualnost in suverenost vsakega naroda, a skupne interesne točke rešuje v največji blagor vseh v poštenem sporazumu. Može dr. Mačkove prekaljenosti v političnem delu, njegove ljubezni do svodobe in miru bodo potrebovali narodi zlasti, ko se bodo kopali iz sedanje zmede v novo dobo. Bog ga ohrani! Še mnogo srečnih let mu daj!

BESEDA IZ NARODA

Piknik Slovenske šole

Cleveland, O. — Kakor sem že pred tednom omenil, bodo na pikniku za otroke ponjili. Da bo ta piknik tudi za starše in ostale odrasle iskreno domač, bo tam "lectanta," šaljiva pošta in morda še kaj, kar človeku okrajša ure, ko se mladež "podi" po svojih poteh.

Slovenska šola bi po svojih močeh rada pripravila lep dan. Zato tudi lepo prosim, če bi matere, kakor pač katera more, mogoče za to priliko spekle potico ali kaj podobnega in tako po svoje pripomogle, da bi šola za pokritje svojih mnogih stroškov dobila še kak cent več. Vodstvo šole bo vsak dar hvaležno sprejela.

Ne pozabite. V nedeljo, 26. julija, na Kaliopovi farmi je otroški dan. Pridite in podprite delo Slovenske šole!

K. Mauser.

Hvala, dr. Meršol!

Cleveland, O. — Ko sem ravno čitala Vašo kolono, kako zdraviti opekline, zašumi na peči in juha je vzkipela. Stopim k peči, da bi hitro odstavila lonec, pa, o joj, opekla sem si roko. Po Vašem nasvetu hitro ubijem jajce in denem na roko, ki je bila že rdeča, beljakovino, nato pa držim dlan v beli tekočini. Čez nekaj časa pogledam roko, rdečica je izginila, mehurji se niso naredili in roka se je pozdravila.

Kako hvaležna sem Vam, g. doktor! Upam, da boste še nadalje priobčevali dobre nasvete. Rojaki smo Vam hvaležni!

Tudi Vera K. pod žensko košarico lepo piše in daje gospodinjam koristne nasvete. Želim le, da bi enkrat namesto košarice, videli njeno sliko. Bi Vas vsaj po sliki spoznali. Prav lepa hvala Vam za lepo branje. Le še naprej pišite, saj se vedno rade kaj naučimo. Pozdravljeni!

Več v pouk in zabavo!

Brooklyn, N. Y. — Ker je A. D. vseskozi, odkar sem v U. S. A., to je od leta 1949 do današnjih dni, moja zvesta obiskovalka, obnavljam naročnino.

Jo zelo cenim in jo priporočam vsem Slovincem. Povem pa tu-

di malo kritike.

Bila bi lahko še bolj zanimiva, če bi bilo v njej malo več dopisov iz raznih krajev, kjer prebivajo Slovenci. Iz New Yorka, na primer, je zelo revno poročanje, kljub temu, da imamo mnogo novic in tudi mnogo zmognih ljudi, ki bi lahko zabavali v listu z dopisi. Kako zanimiv je bil dopis z Afrike!

Nadalje so dobre Newburške novice, "Vrhniški," "Majk," "Andrejček" in drugo. Več v pouk in zabavo in manj "biznesa," pa bo mnogo več zanimanja za Ameriško Domovino. Mislim, da je Ameriška Domovina največji list v novi domovini — v U. S. A., Canadi in drugod po svetu, kjer bivajo Slovenci.

Zato bi bilo nujno, da sodelujejo v dopisovanju ljudje, ki so zmogni in to dopisovanje naj bi zajelo prav vse sloje. Ni list zanimiv, če prinaša same resne stvari. Biti morajo tudi kakšne "okrogle," ki ljudi razveseljujejo. Ljudje so potrebni razvedrila, ker jih delo živčno itak dovolj ubija, posebno tu v U. S. A., kjer je vse na "ruš"!

Bodite vsi pri uredništvu, kakor tudi vsi zavedni Slovenci po vsem svetu, kjer Vas obiskuje Ameriška Domovina, priručno pozdravljeni!

John Ravnikar.

Blagoslov avtomobilov

Lemont, Ill. — V nedeljo, 26. julija, popoldne ob 3. uri bo pred cerkvijo Marije Pomagaj na Ameriških Brezjah slovesen blagoslov avtomobilov na čast sv. Krištofa, ki je mogočen zavetnikov vseh voznikov in še posebej šoferjev. Lastniki avtomobilov postavite svoje kare v vrsto na vsaki strani ceste ob samostanu. Najprej je v cerkvi pobožnost, ki se prične ob 2:30 popoldne. Šoferji! Izprositi si po blagoslovu božjem in priprošnji sv. Krištofa srečno vožnjo po tej zemlji in srečni prihod v nebesa.

Isti dan, 26. julija, slavimo god sv. Ane in imamo v Lemontu na ta praznik ali na Aninsko nedeljo predobre romarje: Premurske Slovence. Sv. maša je pri votlini ob 11. uri dopoldne. Po lemontskih gričih se bo razlegalo prijazno petje premurskih pevcev, ki so tako preprosti, pa

tako prirsčni.

S tem romanjem je že dolga leta združen blagoslov avtomobilov, ker je dan pred sv. Ano praznik sv. Krištofa.

Razume se, da blagoslov sv. Krištofa ne da nobenemu vozniku pravice in dovoljenje, da bi vozil takrat, ko je pregloboko pogledal v "glaž," pa tudi ne, da bi vozil predvje. Sv. Krištof skoči iz avtomobila tudi takrat, če se ljudje med vožnjo na avtomobilu ne obnašajo dostojno.

Zopet na svidenje na Ameriških Brezjah pri Mariji Pomagaj!

Voditelj romanj.

Slovenski dan — dan edinosti

Cleveland, O. — Kot preteklo leto nam tudi letos Clevelandski Slovenci pod vodstvom "Lilije" pripravljajo "slovenski dan." Preteklo leto žal ni bilo dovolj sodelovanja, dočim je letos v tem pogledu mnogo bolje. Kdor sodeluje, s tem koristi slovenstvu in slovenskemu ugledu. Lilija ne bo imena nobenih materialnih koristi od tega. Vsako sodelovanje pri prireditvi slovenskega dneva je že v naprej pozdravljeno in dobrodošlo. Čim več nas bo, tem lepše bo vse uspelo. Vsi ste vabljeni k sodelovanju.

Nadalje bi dejal, da mora slovenski dan biti tudi dan edinosti in dan sprave. Naj bodo na ta dan pozabljene vse malenkostne razlike raznih mišljenj in naziranj. Ni važno, kateri jednoti in društvu pripadaš, isto ne igra nobene vloge, za katero stranko se poganjaš. Kranjec, Štajerc, Primorec, Korosec — tuje nas je tako razdelil. Bodimo na ta dan vsi samo eno — namreč Slovenci. Spomnimo se samo prelepih besed škofa Rožmana, katere je izrekel na lanskem dnevu: "Bodimo Slovenci, prijatelji in bratje, ter pozabimo na vse razlike in medsebojne prepričevanja do sončnega zahoda." Sen. Lausche je nekoč dejal: "Ako hočeš biti dober Amerikanec, moraš biti popreje dober Slovenec!" Bodimo vsaj za eden dan živa veja na drevesu našega naroda.

Lepo bi bilo, da bi se določili za stalno en dan v letu kot "slovenski dan" in bi ga tako slovenske kolonije širom ZDA in ostalega sveta priznave istočasno.

Prireditve tega dneva bo v nedeljo, 2. avgusta, na Sv. Jožefa farmi na White Rd. Program se bo začel ob 4. popoldan in bo nad vse zanimiv. Nastopili bodo: Kres, Korotan, Lilija itd.

Kuharice bodo imele na razpolago vsega, kar pač more potolažiti lačne želodce. Viktor in Frank, katerima je bila poverjena važna vloga "nadačajeve," trdita, da bo preje zmanjkalo vode kot druge pijače.

Vabljeni ste vsi, PRAV VSI, da se tega dneva, če je le mogoče, udeležite, za kar Vam ne bo žal. Pokažimo svetu, da še nismo pozabili, da smo Slovenci. Naj se has 2. avgusta nabere na farmi Sv. Jožefa" kot listja in trave." Vstopnine ni nobene in parkanje je prosto, saj bo že to dovolj, da boste morali zaprtašne avtomobile ponovno oprati.

Na svidenje na "slovenskem dnevu"!

Albin.

Novi redovniki zaprti na Kitajskem

Poročevalska služba FIDES je na podlagi privatnih informacij objavila vest, da so komunistične oblasti zadnje čase zaprle šest jezuitskih patrov kitajskega rodu v Šangaju. Dva od teh sta bila že zaprta za daljšo dobo.

Razlog za novo aretacijo ni znan. Kakršnih koli razlogov bodo komunistične oblasti navedle za to dejanje, v resnici bo šlo vedno za neomahljivo vdanost Krištofusi Cerkvi in njenemu poglavarju. Tako število zaprtih kitajskih jezuitov znaša 38.

Kaj je narobe z lepnotnimi tekmovanji?

Lepotne tekme so v naši deželi nekaj splošnega in za njo menda naravnost značilne. Dokazujejo, da častimo bolj lepoto telesa kot lepoto duha. Prav zaradi tega jih katoliška cerkev ne odobrava.

Nadškof Joseph F. Rummel iz New Orleansa je izjavil, da so ta tekmovanja v nasprotju z ideali, katere je označil Kristus za lepe z besedami "Blagor njim, ki so čistega srca."

Nadškof je izdal izjavo na predvečer tekmovanja za "Miss Louisiana." V njej pravi: "Mi smo dokončno proti vsakemu kršenju skromnosti v obleki in vedenju, ki bi moglo biti vir oskrbitve, skušnjave in celo greha za druge."

Po vseh poročilih in opisih spadajo lepota tekmovanja prav gotovo v skupino nastopov, ki kršijo pravo raven krščanske kreposti in dajejo priložnost mislim, predstavam, željam in celo dejanjem, ki so nasprotna idealom, katere Kristus omenja kot lepe v lepoti: Blagor njim, ki so čistega srca."

Nadškof pripominja dalje, da je težko najti opravičilo za razstavo človeških oblik v navzočnosti množice ljudstva, med njimi tudi otrok...

Take razstave spadajo v skupino, na katero je meril Kristus, ko je dejal:

"Slišali ste, da je bilo rečeno starim 'Ne nečistuj,' toda jaz vam pravim, da kdorkoli pogleda žensko in jo poželi, je že nečistoval z njo v svojem srcu!"

Vprašanje lepnotnih tekem je prišlo v ospredje, ko je katoliški dekle, 20 let stara Sue Ingersoll zmaga za Miss New Mexico in je dejala, da bo tekmovala dalje kljub svarilu nadškofa E. V. Byrnea iz Santa Fe, da bo izključena od zakramentov. Nadškof Byrne je dejal, da ne bi imel nič proti tekmovanjem, če pri njih dekleta ne bi nastopala v kopalnih oblekah.

Zaradi lepnotnih tekem je prišlo v zadnjih letih tudi do precej ostrih debat v Italiji in Nemčiji. Posebno Nemci so te tekme ostro odklonili kot nekaj poniževalnega za dekleta. Ko se je dala nekatera slušateljica visoke šole izbrati za "Miss," so ji javno svetovali, naj zapusti šolo, ker s takimi nazori, kot jih je pokazala s tem dejanjem, ni sposobna, da bi "učila nemško mladino."

Ne smemo nikdar pozabiti, da je telo le posoda duha. Če je ta lep, ima svojo vrednost tudi posoda, če ta ni nič vredna, je tudi cena še tako lepe posode mala, če ne celo ničeva!

Drobni nasveti

* Ko težko odpirate predal ali pa ta škriplje, namažite robove z milom. Če škripajo vrata ravnote podobno kot s predalom.

* Vlečeno testo, ki nam ostane od zvrtkov, lahko zakuhamo na govejo ali fižolovo juho kot odtrgavčice.

* Včasih se nam beljaki nikakor nečjejo strditi v sneg. Morda sta šibica za stepanje ali pa posoda mastni.

* Svež kruh težko režemo, ker se pod nožem drobi. Da se to ne zgodi, moramo pomočiti nož v vrelo vodo.

* Aluminijasta posoda postane čista, če v njej kuhamo jabolčne lupine ali odpadke špinacije. Z

isto vodo pomijemo posodo na zunanji strani.

* Madeži črnega vina na prtu bodo izginili, če umazano mesto pomočimo v zelo vroče mleko, nato pa spremo v topli milnici.

* Pisane tkanine bodo lepše, če jih operemo v mlačni vodi z nekaj kapljic kisa. Kadar so tkanine rdeče barve, ravnamo enako, le da jih peremo v mrzli vodi.

Dr. Val. Meršol:

Naloga Slovenskih mater

"Slovenec sem, tako je mati d'jala,

ko me je dete pestovala."

Slovenci smo, ker smo slovenskih mater in očetov sinovi in hčere.

Slovenski narod je v splošnem zdrav, krepak in odporen, ker te lastnosti deduje rod za rod od svojih staršev.

Od nekdaj je znano, da žena in mati v hiši tri ogle podpira, ker je večino svojega življenja doma in okrog otrok, medtem ko oče navadno izven doma skrbi za vsakdanji kruh cele družine.

Zato je za družine in za narod važno, da so matere zdrave. V čem pa obstoja zdravje slovenskih mater?

V tem, da so telesno zdrave, delavne in odporne; da rodijo in vsestransko skrbijo za zdrav naraščaj; da so globoko verne in zveste Bogu in Mariji ter to tudi uče otroke od prvih let starosti; da so zavedne Slovence in z otroki tudi v tujini govorijo vedno slovensko ter jih vzgajajo v katoliškem in slovenskem duhu; da so dobre gospodinje in možem dobre žene.

Da je slovenski narod ostal slovenski kljub temu, da je bil maloštevilčen in živl preko 1000 let pod Nemci, je v glavnem zaslug slovenskih staršev, predvsem kmečkih mater, ki se niso nikdar naučile nemščine ter tako povzročile, da se je v njihovih družinah govorilo vedno slovensko.

Slovenski narod se mora poleg tega predvsem zahvaliti Mariji Pomagaj, da je še vedno živ in v veliki večini duševno in telesno zdrav. Mariji so bili Slovenci od nekdaj vdani in so jo izbrali za svojo Kraljico. Ona je vernim Slovincem vedno prihitela na pomoč v raznih stiskah, tako tudi tekom zadnje vojne in v letih po vojni. Da so bile množice Slovencev rešene na Korškem in drugod, je Njena zasluga, saj je bil prvi uspeh dosežen 31. maja 1945, na praznik Marije Posrednice vseh milosti.

Po drugi svetovni vojni so se slovenski begunci naselili v raznih državah širom celega sveta. Žive med ljudstvi, ki govorje za nas tuj jezik. Večini je potrebno, da se tega jezika nauči radi službe in dela.

Ali naj radi tega prestanemo biti Slovenci in Slovenke?

Nikakor ne! Nasprotno. Če je izven doma tuji jezik merodajen, zato pa doma in povsod, kjer se Slovenci srečujemo, govorimo vedno slovensko! Zlasti je potrebno, da matere doma vztrajno govorijo z vsemi člani družine samo slovensko; da naučijo otroke slovensko govoriti, moliti in peti, slovensko čitati in pisati; da vztrajajo na tem, da slovenski otroci med seboj doma in kjerkoli drugod govorijo samo slovensko.

Lahkoatleški boj Amerika: Sov. zveza

Cleveland, O. — V dnevi 18. in 19. julija t. l. se je vršil povratni dvboj med lahkoatleškima reprezentancama Amerike in Sovjetske zveze. Prvo srečanje je bilo lansko leto v Moskvi; letos so se pomerili najboljši atleti in atletinje obeh držav na naših tleh, v Philadelphiji.

Kakor za lanske leto tekmovali v Moskvi, tako je vladalo tudi za letošnje srečanje med ameriški športniki izredno veliko zanimanje, saj je bilo več dni pred tekmovaljem prodanih nad 120.000 vstopnic. Tekmovanje je izpadlo tako, kakor je bilo pričakovati. Pri moških so zmagali ameriški atleti, pri ženskah pa Rusinje, prav tako kakor je bilo lansko leto v Moskvi.

Amerikanci so dosegli 127 točk, Rusi pa 108; lansko leto pa je bilo razmerje 126-109, torej so letos dobili naši eno točko več. Stanje med prvimi mesti se ni prav nič spremenilo od lanskega leta: 14 za USA in 8 za Rusijo. Ruska dekleta so pa zmagala v razmerju 67:40 (lansko leto 63:44), in so malce napredovala od lanskega leta.

Pri tekmah so bili doseženi zelo lepi rezultati in so bile borbe ostre in zanimive. Zlasti bi omenili dva nova svetovna rekorda, ki sta bila dosežena ob tej priliki. Značilno je, da sta padla oba stara rekorda v isti disciplini, namreč v suvanju krogle, in da je enega postavil ameriški atlet, drugega pa ruska atletinja. Naš atlet Parry O'Brien iz Kalifornije je zabilal kroglo 63 čevljev in 2½ inče, Rusinja Tamara Press pa je pognala žensko kroglo 55 čevljev in 6¼ inče daleč.

Zah. Nemčija priznala 'pravico do domovine'

"Pravica do domovine" utegne biti geslo onih nemških skupin, ki upajo na povratek v svoja nekdanja domovanja, ki so jih med drugo svetovno vojno ali po njej prostovoljno ali prisiljeno zapustili.

BONN, Nem. — Nemški begunci, pregnanci in preseljenci se borijo že dolgo vrsto let za "pravico do domovine". Pod tem geslom razumejo pravico, da se vrnejo na zemljo svojih prednikov in tam svobodno živijo. Na videz je ta pravica razumljiva sama po sebi in ne potrebuje nobene razlage, v resnici pa stvar ni tako preprosta. Vse namreč zavisi od tega, kaj kdo razume pod besedo domovina. Da to nazorno pojasnimo na domačem vzgledu.

Kočevski Nemci so se tekom zadnje svetovne vojne po veliki večini izselili prostovoljno iz Kočevja in okolice. Ako imajo pravico do domovine, kaj naj bo njihova domovina? Ali Kočevje z okolico, ali Kranjska, ali Slovenija, ali Jugoslavija, ali srednja Evropa ali kaj? Odgovor na to vprašanje je izredno važen, kajti od njega je odvisno, komu bi bili kočevski Nemci po svoji vrnitvi lojalni državljani. Isto velja za Nemce, ki bi se hoteli vrniti na južno štajersko, seveda v znamenju "pravice do domovine".

V tem problemu se je zgodilo nekaj važnega. Nemška vlada se do sedaj ni nikoli jasno izrazila o tej pravici. Sedaj pa je menda dal Adenauer na nekem zborovanju šlezijskih beguncev izjavo, da njegova vlada priznava "pravico do domovine".

Taka izjava ni nevarna, ako pride iz Adenauerjevih ust. Vemo, da je ne bo porabil kot geslo za ponovno nemško ekspanzivnost. Lahko se pa primeri kaj kmalu, da bodo v nemški vladi sedeli drugi nemški politiki, ki bodo "pravico do domovine" smatrali kot moralno oporo za zahtevo po reviziji vseh

mej v srednji Evropi. Takrat bomo že blizu nove evropske vojne, ako ne svetovne.

Nova dvorana za avdijence v Castel Gandolfu dovršena

Castel Gandolfo, It. — Eno izmed prvih javnih opravil sedanjega svetega Očeta, odkar je na letovanju v Castel Gandolfu, je bila blagoslovitev nove velike dvorane za splošne avdijence, ki so jo dovršili pred nekaj dnevi. Blagoslovil jo je sam sv. Oče in pri tem imel kratek nagovor, kjer je v čaljni obliki povedal, da mu je nova dvorana zelo všeč, ker je vsaj — med zelenjem.

Sv. Oče je vpeljal tudi nov dnevni red. Ako je sila, gre za par ur tudi nazaj v Vatikan, da tam opravi nujne posle. Njegov prednik ni imel take navade. Tako je sv. Oče šel pred par dnevi za nekaj ur v Vatikan, da je tam sprejel v privatni avdijenci japonskega ministrskega predsednika Kišija.

Bradley proti posredovanju vpokojenih oficirjev pri vojnih dobavah

Washington, D.C. — General Bradley je pred podborom predstavnika doma izjavil, da bi bilo najbolje, da se vpokojenim višjim oficirjem na nek način prepove, da bi sklopili za privatne kompanije pogodbe o vojnih dobavah ali posredovali zanje.

Taka prepoved bi morala biti časovno omejena, recimo na par let. Bradley sam misli, da je le izjemoma kak vpokojen oficir zlorabil svoja poznanstva in zveze, da pa je tak odlok potreben v pomirjenosti javnosti, ki le težko razume, kako dolgo pot opravi vsaka pogodba za dobavo orožja, predno stopi v veljavo.

Jugoslavija hoče imeti diplomatske zveze tudi z republiko Haiti

Port-au-Prince, Haiti. — Semkaj je dopotovala jugoslovanska delegacija, ki je že preje obiskala 11 držav Latinske Amerike. Delegacija je govorila s predsednikom Duvalierom o izmenjavi diplomatskih zastopnikov.

Menda so ob tej priliki tudi govorili o tem, kako bi se dalo trgovati med obema državama.

Kako si obvaruje zdravje

G. John Shimo iz Meadville, Pa., piše:
Dragi gospodje: Celih 35 let sem delal v rudnikih in sedaj sem že 73 let star. Moje zdravje je hvala Bogu odlično. Zakaj? Zaradi tega, ker stalno pijem zeliščne čaje, za katere se vam najlepše zahvaljujem. Že dolgo časa uživam te zeliščne čaje, ki so najboljši sredstvo za moje zdravje. Vedno jih imam pri roki in ne dopustim, da bi se bolezen naselila in razpasla po mojem telesu. Če slučajno nimam redne prebave in se slabim počutim, uživam čaj št. 1. Od premočnega prahu imam oslabele pljuča in če se prehladim in pričnem kašljati, vzamem takoj čaj št. 2. Prepričan sem, da je čaj št. 3 posebno priporočljiv za starejše ljudi, ki čutijo svoja leta in tudi čaja št. 4 in 5 sta odlična. Vsakdo me vpraša, kaj delam in kaj uživam, da sem pri taki moči, tako svež in imam za svoja leta mladosten izraz. Moj odgovor je: "Tatra čaj!" — naravno zdravilo, katerega priporočam vsakomur. Z najlepšimi pozdravi. John Shimo.

TRETJE POGLAVJE

Žarek svetlobe

Vroče sonce svetlo razsvetljuje ulice in razgreva strehe portugalske kraljevske prestolnice Lizbone, stoječe ob reki Taho. Blesteči valovi reke se prelivajo in blešče odbijajo solne žarke. Z morja včasih potegne veter, ki pa ne hladi, temveč le vzdiguje kupe prahu in tako zapira dihanje. Težki vozovi prihajajo mimo in odhajajo na vse strani, zapirajoč pot pešcem. Kupi peska, kamena in apna zagrajaajo vse obrežje in na stotine rok hiti in se trudi, da napravi dostojno pristanišče ladijam vsega sveta. Mornarji, delavci, berači in leni zijali sestavljajo pisano tolpo, v kateri se slišijo vsemogoči jeziki in narečja...

Nakrat se je razlegel z morja strel topa in vsa tolpa se je obrnila proti zalivu. Velika trijambornica z visokim obstenkom in na pol razpetimi jadrji je priplula k bregu. Na jarboli je visela portugalska državna zastava.

—Bodi brez skrbi, Peter ničesar ne rečem. Pojdiva k njim! Peter je začel delati sebi pot skozi tolpo s svojimi močnimi rokami in kmalu je bil z Anico pred Kolumbom.

—Dobro došla, gospod in gospa! — je veselo in spoštljivo zaklical — Takoj sem vaju spoznal, če tudi je že minolo toliko let... Tu je moja Anica.

Vsi so se veselo pozdravljali. —Peter, tvoja Anica ti dobro streže, odebil in zredil si se — rekel je veselo Kolumb.

—Ne morem se pritoževati, gospod, odgovoril je Peter dobrodrušno. — Glavno je pa morški zrak, to je najzdravejša reč.

Tu je moj sin Dijeto, — rekla je Filipa in ga poljubila... Kdo ve, če bode še dolgo pod materinim varstvom.

Od solz ni mogla dalje govoriti.

—Čemu take žalostne misli, gospa? Midva s Petrom sva vam obvezana z vsem svojim življenjem.

njem. Stregla bodeva vam, da se popolnoma ozdravite pod domačim nebom...

—Ste li dobili naše pismo in najeli nam primerno stanovanje? pretrgal je Kolumb razgovor dveh žensk.

—Pismo smo dobili — odgovoril je Peter — in vse smo storili. Takoj se lahko odpravite v novo bivaliče, in voz čaka vaših svtarij.

Peter in Anica sta hitro pobrala in naložila Kolumbove stvari in vsi so skupaj ostavili ladijo.

—Jaz skoraj Lizbone več ne poznam — rekel je Kolumb gledajoč kipeče ilično življenje.

—Čudno ni, gospod, — odgovoril je Peter smeje se. — Od kar sta odšla, je že minolo sedem let in Lizbona se je prebudila iz spanja, v katero jo je bil zazibal pokojni kralj Alfonz. Ko je prišel na prestol naš milostljivi kralj Janez II., je nastopila za narod nova doba. Kralj je podedoval strast po odkritju no-

vih dežel od svojega strijca — infanta Henrika in vse stori za pospeševanje mornarstva. Povsod govore, da hoče kralj uresničiti bleščeči načrt infanta Henrika in nesti portugalsko zastavo v Indijsko morje.

—Hm... Ta načrt je jako dober, a zdi se mi, da se pri tem drži napačne poti. Pot okrog Afrike je dolga in težavna, in uspeh jako negotov — pristavil je Kolumb zamišljeno.

—Prav imate gospod — odgovoril je Peter. — Sam kralj je jako nezadovoljen s počasnostjo odkritij krajev ob bregovih Afrike in z ovirami, ki se kažejo pri vsakem koraku. Znanost je poklicana sedaj na pomoč; omogočiti mora ekspedicijo z manjšimi nevarnostmi in večjo hitrostjo v poti. Veliki zvezdovedec gospod Roderigo in gospod Hoze Hudio, žid po rodu, a tako učen, kakor jih je malo, stojita na čelu sveta.

MORNING NEWSPAPER

Breakfast—A Perk-Up Time

Too hot to eat? Skipping breakfast is no way to "beat the heat." Research has demonstrated that an adequate breakfast is a must for physical and mental efficiency in the late morning hours. This finding does not depend upon the season of the year.

Start the day with an attractive, cool refreshing cereal and milk breakfast. Such a breakfast will provide quick and lasting energy throughout the late morning hours. Take time to eat a leisurely breakfast—you will be surprised at how your outlook has been changed if you take time to enjoy breakfast. Breakfast should follow a basic breakfast pattern of fruit, cereal, milk, bread and butter recommended by doctors and dietitians as an adequate breakfast for most persons.

Wide variety is possible when following this breakfast pattern. Start with a glass of ice cold orange juice, or a chilled melon, follow this with a bowl of crisp breakfast cereal topped with fresh strawberries, raspberries, peaches, or blueberries. For the breadstuff, it's hard to beat freshly buttered hot toast, but muffins, sweet rolls, or quick breads (from the freezer) can offer wide variety. Be sure to serve the milk for drinking ice cold.

Try breakfasts are popular in summer—simply assemble breakfast on a tray and tote it to the coolest spot to be found. Breakfasts, set up buffet style, on the porch, terrace, or in the yard offer other possibilities for cool, pleasant surroundings to enjoy that important meal—breakfast.

SHORTS on SPORTS

National League Starts Next Season Earlier:

The National League decision to start next season's play a week ahead of the American League is expected to mean a major change in the Indians' baseball exhibition schedule. Instead of barnstorming north from Arizona with their traditional playmates, the Giants, they may go to Florida to meet other A. L. squads, but it doesn't sound like a good idea. The A. L. campaign will officially open April 19, seven days after the N. L. clubs start swinging for keeps.

Bid for Johansson-Patterson Return Bout:

Fight promoter Bill Rosensohn has received offers from many cities to stage the return match for the heavyweight title fight between Ingemar Johansson and Floyd Patterson, probably in September. In addition to Los Angeles and Philadelphia, Cleveland is also bidding and the matchmaker could be Johnny Gibbons, who is a good friend of Bob Hope, which could mean that Hope money would back the fight.

Ohio Boating Week:

When the Ohio Boating week, which is run by the Marine Trades Association, gets under way here September 13th, it will feature the largest regatta ever held on Lake Erie. Some of the world's fastest boats will race under the auspices of the American Power Boat Ass'n. The events will be listed as the official regatta of the City of Cleveland.

Relief Pitchers Get Free Ride:

The bullpen of the Milwaukee Braves has gone mechanized as the Braves announced that a Harley-Davidson motor scooter will be put into service to carry relief pitchers from the bull pen in center field to the mound. The Braves said they are the first National League team to give their relievers transportation.

Two Americans Swim Dead Sea:

Recently two Americans became the first persons to swim the Dead Sea from east to west. Jack Griffin, 24, of the American Embassy in Amman, Jordan, and Bill Johnson, 30, of the American Consulate in Cyprus, swam the eight-mile stretch in seven hours and two minutes.

Traffic Safety and the Law

Judge August Pryatel

As we close this series of articles on traffic safety, I want to thank again the editor of this newspaper for the opportunity to discuss safety problems with you. Should any of you have questions on traffic, I am sure that if you send your inquiries to the editor he will be glad to forward them to me for further attention. For my concluding article, I want to discuss the traffic deaths in the Cleveland area, since the newspapers have just reported the forty-sixth Cleveland fatality.

Of 95 people killed here last year, 48 — or approximately one-half of them — were pedestrians, or people not in automobiles. They were killed while crossing the street, against the light, or darting out from behind automobiles, or running across the roadway without first looking to the right and then to the left.

Saturday was the worst day of the week, and the most hazardous hours were from 3:00 to 6:00 p.m. Sixty per cent of the people killed were over 55 years of age, and 17 per cent of them were intoxicated.

As we become older, we must recognize that we are not as fast as formerly and should allow more time to cross the street. With age, our reflexes become dulled so we are not able to react as quickly as we used to. Furthermore, both our hearing and our seeing are not so good as they were in our youth, so let's recognize these factors and exercise greater care as we walk to work and to our homes.

In the last 20 years, science has added many years to our lives. With the many inventions and innovations that the future holds for us, it would be pathetic, indeed, if we became careless and, therefore, candidates for the 47th fatality. For your sake — for your children's sake — for Cleveland's sake — please be more careful. We sincerely value your life.

Red Cross Blood Program Claims Best Year to Date

The Central Blood Bank collected 39,779 pints of blood during the past fiscal year (July 1, 1958 to June 30, 1959) announced Warren H. Chase, Chairman of Greater Cleveland Red Cross. This is 2,000 pints over the amount collected in the previous fiscal year. Chase added that 11,168 pints were contributed by donors from community blood banks.

Even though overall collections were 96.9 percent of an arbitrary quota of 41,000 pints, the amount collected in Cuyahoga County last year by Red Cross was still the best 12-month collection period to date.

The 39,779 pints collected last fiscal year were sufficient to meet all requests from the 34 hospitals in the county which regularly draw on Red Cross total or partial blood needs.

The Greater Cleveland Chapter is one of 29 Red Cross chapters in northern Ohio participating in the Blood Program.

Responsible for blood collections at all 29 Red Cross chapters is the Cleveland Regional Blood Program. Covering 23 counties and serving 78 hospitals, the Red Cross Regional Program collected 86,766 pints of blood during the past fiscal year, well over the quota of 85,000 pints. This, too, was a gain over the previous fiscal year, amounting to 4,189 pints.

These accomplishments in the Blood Program, so important to the welfare of our citizens, were made possible by the untiring efforts of Red Cross staff and volunteers who took part in all phases of the work, and through the cooperation of industry, churches, civic and service organizations, communities and all other groups that scheduled units, also the various organizations which took a month each to sponsor and promote the blood program.

The Motorist's Prayer

Grant me O Lord a steady hand and watchful eye.
That no one shall be hurt as I pass by.

From the evils of fire and all calamity.

Will Play Rare Records Procrastination — A Boon to Polio

Sgt. Thomas R. Villella, local Air Force recruiter, whose office is at 3481 Fulton Road, has perhaps, one of the most unique hobbies ever recorded among personnel of the United States Air Force. His hobby is collecting rare and unusual phonograph records. Not only is his hobby unique in its form but it is a hobby that is working for the USAF Recruiting Service. Sgt. Villella uses his hobby for a strictly Air Force Radio Program, given monthly, on Radio Station WERE.

Using his rare collection of recordings as the basis of his Monday evening programs, Sgt. Villella, announces, narrates, and spins his own recordings on a 15 minutes program directed to "Long-Hair" music lovers thruout the Cleveland area and features the famous and sometimes rare records of Caruso, Eleanor Steber, John McCormack, Jussi Bjoerling, and many other musical history notables. Between recordings, he uses written spot announcements on the Air Force prestige type programs, and explains the background of the recordings he is playing.

The amount of success of this rare hobby inspired radio program has been reflected to the highest degree by an almost immediate response from the great artists past and present. Sgt. Villella has received congratulatory telegrams from Lily Pons, Richard Tucker, Rosa Raisa, and Bidu Sayoa. Letters of congratulations have been received from Patrice Munsel, Rise Stevens, Zinka Milanov, Mildred Miller, Robert Merrill, Licia Albanese, Lucrezia Bori, Alexander Kipnis, and many other music greats. Every letter and telegram commended Sgt. Villella for associating the United States Air Force with the presentation of the world's greatest music.

Sgt. Villella started his collection of rare records in 1946 when he purchased a single Caruso record. The famous Celeste Aida from the Verdi opera "Aida." He was so impressed with Caruso's voice that he took a deeper interest in this type music and presently his collection contains all of the 257 Caruso published records plus seven titles that were never released to the general public.

His collection is estimated at a value of over \$6000 with two Caruso recordings "Boheme-Vecchia zimara" and "Luna Fedele" (a false start record) as being valued at over \$75 and \$100 respectively. The "Boheme-Vecchia zimara" recording, is a rarity as it contains Caruso, a tenor singing in bass voice. It was recorded in 1916 with only 6 copies made. In the recording "Luna fedele" made in 1902, the great Caruso made a mistake at the start of the record, stopped in a middle of a phrase, and restarted.

In all Sgt. Villella has over 1500 rare records dating from 1898 in his collection. Some of these recorded gems may be heard as a regular feature of his "great vocal rarities" program, on Cleveland radio station WERE, Monday, Aug. 3, 1959, sponsored by your United States Air Force.

With the incidence, in Des Moines, Iowa, of 68 cases of poliomyelitis—3 deaths, 37 cases resulting from failure to receive injections of Salk vaccine, Dr. J. Glen Smith, Commissioner of Health, this week alerts Clevelanders to the great need of immunization against polio.

Since the development of the Salk vaccine, a hasty relaxation of precautions has helped to put polio back in a crucial spot in the morbidity and mortality statistics. According to the Public Health Service of the United States Department of Health, Education, and Welfare, the number of paralytic polio cases in the United States at this time shows an over 100 per cent increase over the 259 cases reported in 1958! These cases originated mainly in the South and the Southwest, where the polio season occurs earlier than it does in Cleveland.

Although approximately one-third of the school children in the United States has not received Salk vaccine, the greatest problem lies in the immunization of the 20-40 age group. Adults are putting off protecting themselves until they can receive the new attenuated vaccine. The Cleveland polio season reaches its peak during August and September. Procrastinating until fall will not protect you this summer!

Children who attend the Well Child Conferences in Cleveland Health Centers have, since 1956, been offered polio vaccination along with routine immunization against diphtheria, whooping cough, tetanus, and smallpox. It is important that children receive these immunizations when they are of pre-school age.

Last week, the Ohio Legislature passed a bill which requires all children entering kindergarten or first grade this fall to be immunized against the "childhood diseases" and polio. There is still time this summer to consult your physician for the first two shots of Salk vaccine, which are given four weeks apart. The third shot is given six months after the second, and it is necessary to complete the entire series for effective protection. The U. S. Public Health Service now recommends a fourth "booster" shot as sound immunological practice.

The Division of Health is conducting free Salk vaccination clinics for children whose parents cannot afford the services of a private physician. The following two clinics will be open during July and August for Cleveland children entering kindergarten or first grade this fall:

On Wednesday Afternoons: (1 p.m. to 3 p.m.):

Health Center No. 3
Basement Administration
Building

Metropolitan General Hospital
3395 Scranton Road

On Friday Afternoons: (1 p.m. to 3 p.m.):

Newton D. Baker Health Center
1465 East 55th Street
Protect yourself.
Protect your children.

Procrastination is a "pal" to polio.

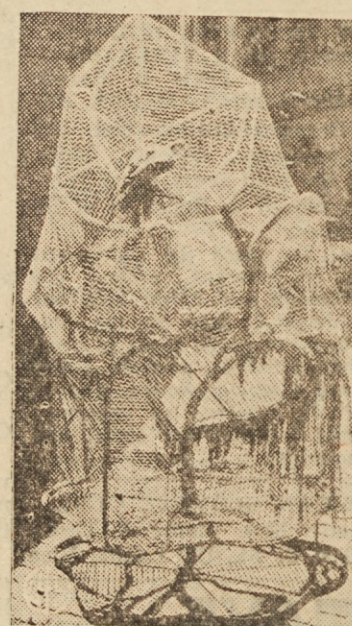

All Nationalities Picnic

An afternoon of relaxation and fun is in store for the Cleveland nationality groups, newcomers and all native or foreign born Americans at the 6th annual "ALL NATIONALITIES PICNIC" to be held Sunday, August 2, at 11 a.m. at FRANCHESTER FARM (Congressman Frances P. Bolton's Estate), 1800 Richmond Road in Lyndhurst Village.

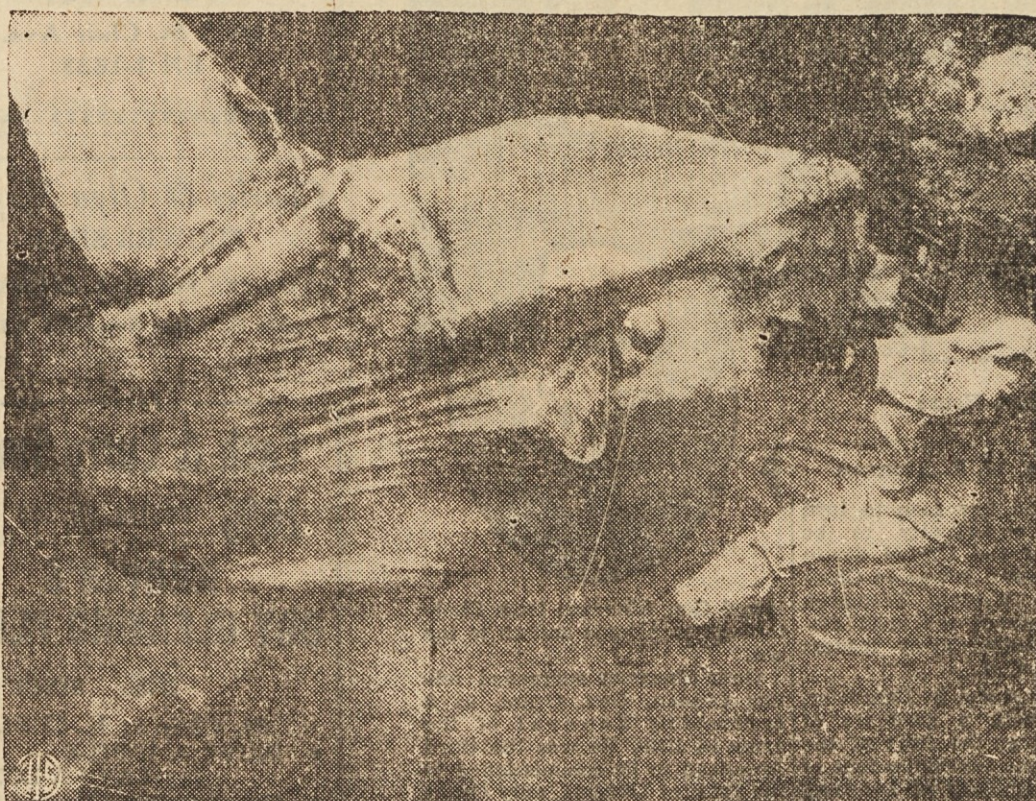

The picnic is being sponsored by the Interclub Council of Nationalities Services Center — A Community Chest Agency. A program of nationalities dances, music and songs is planned. Refreshments will be served. There is NO AD- MISSION charge and the public is welcome to attend.

A 16 mm color movie will be taken during the picnic, to record the colorful event. Participating in the program will be the Japanese American Citizens League, Italian Social Club, Cleveland Committee to Aid International Refugee Children, United Kingdom Club, French Club, and other groups affiliated with the Nationalities Services Center's Interclub Council.

About 1000 new American citizens, naturalized during 1959, have been invited to attend the picnic.

HEALTH TRAINEESHIPS. Both the House and the Senate completed action last week on a bill (H.R. 6325) extending for five years programs for the graduate training of professional health personnel and the advanced training of nurses as teachers, administrators and supervisors. The traineeship programs were established by the Health Amendments Act of 1956. The new bill also directed the Surgeon General to call a conference in 1963 to appraise the programs, and to report its findings to Congress by January 1, 1964.

WARNINGS ON INFLATION

Earlier this year President Eisenhower, recognizing the need to break up the inflationary spiral, established a special Cabinet Committee, headed by the Vice President, to study the Nation's economic health. The Committee's findings, recently released, give pause. I think, to every citizen who values the soundness of the American dollar. Recognizing that there is no panacea—no easy way to control inflation—the Committee has recommended a minimum course of action. First, that Congress make it clear that "all appropriate means" be used to protect the buying power of the dollar. Reasonable price stability, in other words, should be an explicit goal of Federal economic policy. Second, that the Congress hold the line of Federal expenditures to prevent deficits not only now but in the future, making every effort to reduce the national debt as we go along. Third, that Congress remove the present interest ceiling on long-term Government bonds to eliminate the need for short term financing of the national debt which contributes to inflation.

Although the average price of consumer goods were reported to have been relatively stable during the past year, the Committee pointed to serious danger signs

which could threaten price stability unless the above action is taken. The Committee concluded their report on this word of warning: "If inflation is left unchecked, we will face the very serious risk that a new price spiral will hit the American people and seriously endanger the healthy prosperity now developing. On the other hand, if we join together in an effort to halt inflation, we can move forward into the greatest and soundest period of economic progress and prosperity in our history."

CZECHOSLOVAKIAN CLAIMS

Are you among those who suffered losses as a result of Czechoslovakia's program of nationalization of property and industry in 1945? If so, file your claim before the deadline! Application forms may be obtained by writing to the Foreign Claims Settlement Commission, Washington 25, D. C. You may not get full value but payments will be made from the sale of certain blocked Czechoslovakian assets.

INCREASE IN NUMBER OF SHAREOWNERS

The number of owners of shares in big and little industry in the United States has increased by almost 4 million in the last three years. Foul Feathered Friends

Pigeons received the death penalty last week when the Ohio Legislature passed a law permitting the birds to be destroyed any time except Sunday. Now the pesky pigeon is placed in the "nuisance" category, along with starlings, English sparrows, and crows. Nevertheless, he is still protected by the pigeon-fancier who feels that to kill pigeons is inhuman.

Pigeons, however, seem to have no qualms about their "inhumanity to man." The birds are known to cause several serious illnesses which can sometimes lead to death. One of these is an infection called "Psittacosis" (pronounced sitah-KO-sis and known commonly as parrot fever), which closely resembles virus pneumonia or influenza. The victim of this disease develops chills, high fever, a sore throat, dry cough, and severe chest pains, lasting from three to 23 days.

Psittacosis is spread among humans through close contact with pigeons and their refuse. People track the dirt into their homes,

where it is spread on rugs and floors. Dr. T. R. Van Dellen of Chicago wrote recently that one of his colleagues came across three cases of psittacosis in one week. Thirty years ago, this disease was so rare that a single case would make the front page of the newspapers. The reported incidence of human psittacosis throughout the country has risen sharply during the past five decades, reaching a high of 563 cases in 1954. Fortunately, the discovery that anti-biotics are an effective weapon against parrot fever has reduced the human fatality rate to less than one per cent.

According to Today's Health magazine, July, 1959, pigeons transmit a number of other diseases to man, which include:

HISTOPLASMOSIS — a respiratory ailment which resembles a severe cold and often damages the lungs.

TOXOPLASMOSIS — a disease which, when passed by an infected mother, may cause brain damage and blindness in newborn infants.

SKIN DISEASES — afflictions caused by microscope mites and

lice which feed on human blood. The victim develops welts and pustules, toxic skin inflammation, fever, and acute discomfort.

How you can help to alleviate the pigeon problem:

1. **DON'T FEED; THEY BREED.** Let Nature take care of its creatures. Food meant for songbirds will invariably attract sparrows, starlings, pigeons, and rats.

2. **KEEP PROPERTY FREE FROM DEBRIS** which attracts the birds. Save your neighborhood by preventing defacing of buildings by pigeon droppings.

3. **USE A CHEMICAL REPELLENT**, approved by the National Audubon Society, to keep the birds away from your home. This chemical irritates the feet of the birds and forces them to take their roosting elsewhere.

Your Social Security

Do you know how to figure the amount of social security benefits you will get when you retire? Call the social security office for booklet No. 30. "How to Estimate Your Social Security Payments."

If you want to help your social security office to pay your claim promptly, contact them two or three months before you retire. This will insure that all details have been taken care of by the time you are ready to draw your benefits.

The law requires that a household employer report for social security purposes, cash wages of \$50.00 or more paid in a calendar quarter to a maid, cook, laundress, gardener, chauffeur, baby sitter or other household workers. These social security reports are filed with the District Director of Internal Revenue in the month following the end of each calendar quarter. For further information ask the social security office for leaflet OASI-21.

If you wanted to have your shoes repaired you would not go to a barber, would you? Likewise, the person who wants accurate social security information does not go to his friends or neighbors. Instead he gets the facts from his nearest social security office.

OHIO in the CIVIL WAR

Sherman House

Gen. W. T. Sherman

One of the few men to turn down an opportunity to be President of the United States and really mean it was an Ohioan General William Tecumseh Sherman, one of the most distinguished Union army leaders of the Civil War.

Born and raised in Lancaster, Gen. Sherman, a graduate of West Point, at the start of the Civil War was superintendent of the State Seminary of Learning and Military Academy at Alexandria, Louisiana, a post he resigned to join the Union army.

His war record was climaxed by the Atlanta campaign where he led one of the most massive and lengthy military raids in history. Many Ohio soldiers fol-

lowed Gen. Sherman from Chattanooga to Atlanta and on to the sea.

Gen. Sherman succeeded fellow Ohioan, Gen. Grant, as a commanding general of the army in 1869. He was the third American to be commissioned to the rank of General, only Grant and Washington preceded him in this rank.

Sherman House, the birthplace of Gen. Sherman in Lancaster, is maintained today as a museum by the Ohio Historical Society and thousands of families visit this home each year.

Fowled Up Chicken Is Dog Chaser

COLUMBUS, Ohio — Chirper is a crazy, mixed-up chicken. Chickens don't swim. Chirper does.

Chickens don't eat dog food. Chirper does.

Chickens don't chase dogs. But Chirper does.

Lina Lower, 11, who got the rooster when he was a chick four months ago, says Chirper does all those things and then some.

"I sing 'Rock-a-Bye Baby' and he goes to sleep," she explains. "He lies down on his back with his feet up in the air."

Chirper, the Plymouth Rock pet, never crows, says Linda.

Her brother, Larry, 9, sums it up in two words: "He's crazy."

You'll probably receive more social security credits during 1959 than ever before as recent changes in the law permit you to receive credit for yearly earnings up to \$4,800 instead of the previous \$4,200. You'll pay more in taxes, but you'll get more in benefits later on. Ask your social security office for the free booklet No. 35.
