Zvezca JSKJ društev v zahodnem Pennsylvaniji bo zborovano v nedeljo 23. avgusta v selini Strabane, Pa. To bo zadnje zvezino zborovanje na redno konvencijo ter so na isto izvoljeni društveni zastopniki delegati, ki so izvoljeni za redno konvencijo JSKJ. Zaznajučenem zborovanju se v Drenikovem parku vršil, ki ga skupno priredita JSKJ društva in društvo št. 149 JSKJ.

Elyu, Minn., se bo v nedeljo 23. avgusta vršilo zborovanje Federacije JSKJ društva v državi Minnesota. Tudi omenjeno zborovanje so po zastopnikov vabiljeni deležni na 15. konvencijo, katere izvola minnesotska društva. Obenem so na zborovanje povabljeni vsi tisti glavni člani, ki se bodo istočasno sestili v Minnesotu.

Načina navodila iz glavnega gleda vožnje delegatov na redno konvencijo JSKJ priobčena na drugi strani navedenih izdaje Nove Dobe delegati, posebno pa še tisti, ki pridejo s severa in zahoda, naj bi dotična navodila v prečitali. Navodila so v slovenščini in angleščini.

Prve važni seji raznih odsekov konvenčnega pripravljalnega odbora v Clevelandu se v bližnjem bodočnosti vršijo v S. N. Domu na St. Clair. Prva teh sej se bo vršila v petek 21. avgusta ob 7:30 v Sloveni ne zaostanemo, se bo prihodnji mesec tu vršila konvencija JSKJ. Cleveland se torej letos s polno pravico lahko imenuje konvenčno mestno.

V BOSTONU se je pričelo gibanje proti politični aktivnosti Rev. Coughlina, češ, da aktivnost omenjenega pridigarja razvnema plamen verske nestrnosti. Načelnik tega gibanja je bivši kongresnik Joseph A. Conry.

MOČNO DEŽEVJE v takozvanem koruznem pasu držav Illinois, Indiana in Iowa je stavilo višanje cen koruze in pšenice. Na borzi je cena pšenici, koruzi in ovsu celo nekaj padla.

V ZEDINJENIH DRŽAVAH so leta 1930, ob času zadnjega ljudskega štetja, našeli 4,283,753 nad 10 let starih oseb, ki niso znale čitati in pisati. Da si je takrat skupno število ameriškega prebivalstva znašalo okrog 123 milijonov, je odstotek nepismenih ljudi vseeno velik. Depresija je vrgla na cesto okrog 40,000 učiteljev in učiteljic, in te je zaposlila federalna odporočna agencija WPA v boju proti ignoranci in nepismenosti. V maju letosnjega leta so ti učitelji upočevali 117,200 razredov z 1,826,034 odraslimi učenci. Največji del teh učencev so tvorili brezposelni delavci, ki so si želeli izpolniti svoje znanje. Drugi največji del učencev pa so tvorili nepismeni ljudje. Delo WPA v tem oziru pa zasluži vse priznanje.

POMEN DRŽAVLJANSTVA

Piše DR. JOHN L. RICE, zdravstveni komisar mesta New York

To je šestnajsti članek v vrstici člankov o državljanstvu in naturalizaciji, in se nanaša na potomen državljanstva z ozirom na poklic.

Mnogi delodajalci imajo navedo dajati prednost za delo ameriškim državljanom. Vzličje navadi privatna industrija ima proste roke, da najema koga hoče. Kar se pa tice raznih poklicev in zaposlitev, za katere se zahteva licenca, take izberi.

Ob hladnem vremenu mora telo izgrevati kurivo (hrano) ne samo zato, da producira energijo, marveč tudi vročino, kajti, da bo telo v dobrem združju, mora vzdrževati isto toplino v vsakem letnem času, namreč 98.6 stopinj Fahrenheit. Ko je mráz, potrebujemo več kuriva, da vzdržujemo toplino, to je, moramo jesti več masti, sladkorjev in skroba.

Povprečen človek, moški ali ženska, potrebuje hrano, ki bo producirala dnevno 2,500 do 3,000 kalorij (toplinskih enot),

da se ohrani telesna sila. Poleti moremo to količino znižati pa na 1,800 do 2,500 kalorij dnevno.

To pomenja, da moremo znižati količino onih jedi, ki

poleti proizvajajo preveliko toplotno.

Tujerodni zdravniki, na primer, ne le da se morajo podvreči zdravniškim izpitom, marveč morajo biti ameriški državljan, predno morejo dobiti licenco, ki jih upravičuje prakticirati v tej deželi—dasi je res, da par držav izdaja licenca tudi deklarantom (inozemcem s "prvim papirjem") pod pogojem naknadne naturalizacije. Enake državljanke omejitve veljajo tudi za odvetništvo. Sestajstvica držav zahteva državljanstvo za licenciranje računovodje. Učiteljevanje v državnih in mestnih šolah je brez pogojno pridržano za ameriške državljane, pač pa sprejemajo vsečiljšča v svoj učiteljski, zbor tudi inozemske profesorje brez ozira na državljanstvo.

Ni pa treba popolnoma opustiti meso poleti, ker meso je važna hrana, in je umestno, da ga imate po enkrat na dan. Po enkrat na teden jejte ribe ali kako drugo morsko jed mesto mesa. V vsakem letnem času dodajte sir, mleko in druge mlečne produkte k svoji hrani. Kajti te jedi vam dajejo apno in druge minerale, ki jih telo potrebuje.

Vsak sadje je zdravo in poteti ga je mnogo in poceni. Uživajte razne vrste sadja.

—

Kdo sme ali ne sme biti za posleni Kakem poklicu ali licencirani službi v tej ali oni državi, je pač odvisno od zakonov posameznih držav. Ni enakega pravila za vseh 48 držav, ali v mnogih državah inozemcem

pa postati pravnik, zdravnik, zobozdravnik, učitelj, arhitekt, inženir, zemljemer, računovodja ali lekar—da omenjam le nekoliko najbolj običajnih omejitev.

Te omejitve ne utegnejo po-

menjati mnogo za priseljence, ki niso profesionalci, ali slične omejitve veljajo tudi za razne obrite in posle, ki privlačujejo veliko število tujerodecev. Na primer, v državi New York, kjer je več kot en miljon prebivalcev, ki niso še državnani, je krošnjarjenje ena izmed ka-

kih trideset obriti, ki so rezervirane po zakonu le za ameriške državljane. V Pennsylvaniji rudniški predstavljaci, "fire bosses" in parobrodni agenti morajo biti državnani. V Illinoisu le državnani morejo postati rudniški nadzorniki ali upravitelji kontrolne vase. V državi Massachusetts, kakor v New Yorku, nikak inozemec ne more dobivati krošnjarske licence, niti ne more biti zaposlen na poulični železnici, niti ne more postati pogrebnik. V Pennsylvaniji je še v veljavni starinski zakon, po katerem je inozemcu prepovedano imeti psa, in v državi Massachusetts inozemec ne sme ribariti.

Bi lahko navajali še mnogo sličnih premirov zapostavljanja inozemcev, ali v splošnem

da v severni Minnesoti, Wis-

consin. (Dalej na 2. strani)

KALORIJE IN TOPLOMER

Piše DR. JOHN L. RICE, zdravstveni komisar mesta New York

Ko se živo srebro v toplomeru dvigne visoko, je tako umestno, da zmanjšamo količino hrane. To se lahko stori, ne da bi se zmanjšala energija, in udobnost, ki si jo s tem zasluti.

Mnogi delodajalci imajo navedo dajati prednost za delo ameriškim državljanom. Vzličje navadi privatna industrija ima proste roke, da najema koga hoče. Kar se pa tice raznih poklicev in zaposlitev, za katere se zahteva licenca, take izberi.

Ob hladnem vremenu mora telo izgrevati kurivo (hrano) ne samo zato, da producira energijo, marveč tudi vročino, kajti, da bo telo v dobrem združju, mora vzdrževati isto toplino v vsakem letnem času, namreč 98.6 stopinj Fahrenheit. Ko je mráz, potrebujemo več kuriva, da vzdržujemo toplino, to je, moramo jesti več masti, sladkorjev in skroba.

Povprečen človek, moški ali ženska, potrebuje hrano, ki bo producirala dnevno 2,500 do 3,000 kalorij (toplinskih enot),

da se ohrani telesna sila. Poleti moremo to količino znižati pa na 1,800 do 2,500 kalorij dnevno.

To pomenja, da moremo znižati količino onih jedi, ki

poleti proizvajajo preveliko toplotno.

Vs to ni tako težko, kakor izgleda, kajti večinoma nima-

mo itak toliko appetita poleti,

kakor v ostalih letnih časih. Zato jejte manj poleti za zajtrk, kosilo in večerjo, ali na vsak način imejte nekaj gorkega za večerjo. Da ostanete

hladni, močni in zdravi, jejte

poleti mnogo več sveže zeleni zelenjave, solat, sadja in mleka, manj pa mesa, skrobnih jedi in masti. Svežih zelenjav in sadja je mnogo poleti in tudi poceni so, pa jih je treba jesti surove in kuhane. Rabite zlasti mnogo listnatih zelenjav.

Ni pa treba popolnoma opustiti meso poleti, ker meso je važna hrana, in je umestno, da ga imate po enkrat na dan. Po enkrat na teden jejte ribe ali

kako drugo morsko jed mesto mesa. V vsakem letnem času dodajte sir, mleko in druge mlečne produkte k svoji hrani.

Kajti te jedi vam dajejo apno in druge minerale, ki jih telo

potrebuje.

Razume se, da so mu bile kot najvišjemu predstavniku republike tudi v Clevelandu izkazane vse časti, ki gredo taki sarži:

21 topovskih strelov, vihajoče zastave, godbe, itd. Vse to

je bilo, kakor je predpisano in kakor "se spodobi." Tudi razne oficijelne dobrodošlice so bile seveda izrečene, kakor se spodobi.

Te dobrodošlice so bile kajpak stoprocentno laskave, kakor se pač spodobi; če so bile v vseh primerih iskrene, je pa drugo vprašanje.

Vaš poročevalc si je v pravi pasjednevni vročini vzel par určasa in se je na raznih krajih pomešal v ljudske množice, ki so se zbrali ob cestah, po katerih se je predsednik vozil, in na razstavnem prostoru. Želite se je prepričati kakšno je razpoloženje ljudskih mas napram predsedniku. Njegova reporterska legitimacija mu je omogočila, da se je marsikje zmaznil bolj v prve vrste, kajti policijski vsaj včasi nekoliko upoštevajo časnikarski poklic.

Ko je pred nekaj leti takratni predsednik Hoover prišel v Cleveland, je bil sprejem od strani ljudstva zelo hladen. Vrzel je gledalcev ob cestah so bile redke in še bolj redki so bili vzklik in ploskanja. Ljudje so stali mrko in tihu, kajti depresija jim je že kazala svoje črne kremlje, in sonce prosperitetne

je bilo zastrio s temnimi oblaki. Pred dvorano, kjer je na večer takratni predsednik govoril, so skušali vpraviti demonstracije neki radikalci, pa jih je policija na konjih razgnala.

K s prejemu predsednika Roosevelt pa so se zgrnile silne množice ljudstva in med njimi skoraj ni bilo videti mrkega obraza. Navdušenje, optimizem, dobra volja in nasmejanost vseposvod. Visoko z oken in strelah so vriskali razposajeni mladi ljudje. Ko se je mimo vozil predsednik, je zagrmel ploskanje, zaorili so vzklik in tisoček rok, robcev, rutic in klobukov se je dvignilo v zrak.

Predsednik v odprom avtomobilu je odzdravljal s svojim tpičnim nasmehom in belim

KO PRIDE PREDSEDNIK

Piše DR. JOHN L. RICE, zdravstveni komisar mesta New York

Pretekli teden se je za par ur oglasil v Clevelandu, O., predsednik Zedinjenih držav, Franklin D. Roosevelt. S sarož predsednika je bil to pot prvič v Clevelandu. Ogledal si je Velikojezersko razstavo in nekatere gradnje, ki so deloma dovršene, deloma v teku s postavo.

Predsednik kot oseba je pač eden članov 130-milijonskega ameriškega ljudstva, in na splošno se lahko reče, da ni noben boljši in nič slabši kot povprečni ameriški državljan. Morda je bolj zmožen in izkušen kot povprečni državljan, toda zaradi tega ne zaslubi kakšne polbožanske časti. Pravilno pa je, da se mu izkaže primernejša čast kot najvišjemu uradniku dežele, katero pozicijo mu je poverilo ameriško ljudstvo s prostimi in svobodnim glasovanjem. On si predsedniškega mesta ni priboril s silo, niti ga ni podeloval po kakšnih "slavnih" prednikih. Dokler je na svojem častnem in odgovornem mestu, je reprezentant velikega

republike Zedinjenih držav, in na splošno se lahko reče, da je v resnicu čudno, da je kaj takega mogoče v tako malih deželih.

Raznovrstna zločinstva v Sloveniji so tako pogosta in dostikrat tako odvratna, da je v resnicu čudno, da je kaj takega mogoče v tako malih deželih.

V Radovici pri Metliki je 17-letni Jože Jurčič, ki se je bil pravkar izučil za ključavnika, ustrelil svojo mater, ko je spala, prej pa jej je še ukral 2,000 dinarjev. Baje je bil junak, ker se je mati drugič omožila.

Naše naloge

Prva in najvažnejša naloga naše J. S. K. Jednote je plačevati podpore bolnim in onemoglim članom in smrtnine njihovim pravomočnim dedičem. To je bil prvotni in glavni namen naše in vseh drugih sličnih organizacij in je še danes. V tem pa je že vključena in udejstvovana ideja bratstva, ker prispevki srečnih, zdravih in dolgo živečih članov omogočijo redno izplačevanje podpor tistim, katere prej zadele bolezen ali smrt. Isto velja glede izplačevanja smrtnin; nekateri plačajo v smrtninski sklad več kot bi znašal njihov delež, drugim prezgodnja smrt prepreči plačati polno vsoto in ta primanjkljaj se pokrije z prebitku srečnejših, dalje živečih članov. Ta medsebojna pomoč je bratstvo v praksi.

V to svrhu pa je treba pravega sistema, namreč, kakšni asesmenti se pobirajo, kako in v kaki višini se izplačujejo razne podpore, kako se investira jednotino premoženje itd. Ta sistem smo najprej kopirali po starejših sličnih organizacijah, potem smo ga pa polagoma izboljševali po razmerah in zahtevah časa, po izkušnjah in seveda po zahtevah državnih postav. Razume se, da se mora z izpreminjajočimi razmerami izpreminjati tudi sistem. Zato se na vsaka štiri leta vršijo konvencije, kjer od članstva izbrani zastopniki izpremenijo, kar je potrebno, v sistemu, to je v pravilih.

Naša organizacija izdaja tedensko glasilo, v katerem seznanja članstvo z vsem, kar mu je treba vedeti z ozirom na poslovanje osrednjega urada in na poslovanje krajevnih društev. Semkaj spada tudi agitacija, kajti organizacija mora vedno napredovati, če nečemo, da začne nazadovati. Brez prirastka novih, mladih članov bi začela padati naša solventnost, kar bi polagoma dovedlo do vedno višjih asesmentov. Da bi vedno višji asesmenti priveli organizacijo do propada, mora biti jasno vsakemu. Zato je v vsaki izdaji našega glasila v eni ali drugi obliki nekaj agitacije. Največkrat je ta agitacija vsebovana v uredniških člankih, včasih pa tudi v krajih pozivih in priporočilih. Marsik tak poziv člani prezrejo, toda gotovo je, da nekateri le nekoliko zaledajo tu in tam.

Poleg tega je naloga našega glasila nekoliko pomagati članstvu k splošni izobrazbi in mu dajati nekaj razvedrilnega štiva. Tudi to se vrši, v kolikor prostor in druge razmere dopuščajo. Naše glasilo v smislu pravil ne sme delati reklame na nobeno določeno stranko in za nobeno versko ali protiversko skupino. Kako se člani izven naše podporne organizacije udejstvujejo ali ne udejstvujejo v političnih ali verskih problemih, je zadeva vsakega posameznika. Nekogar se zaradi tega ne sme žaliti, zapostavljati ali protežirati. Pri naši JSKJ smo člani različnih mišljenj in nazorov in ravno nestrankarskemu stališču naše organizacije se imamo mnogo zahvaliti, da ni med članstvom resnih sporov in da uživa J. S. K. Jednota med ameriškimi Slovenci tako lep ugled. Pozabiti ne bi nikdar smeli, da je dober ugled najboljša reklama za napredok organizacije.

Z ozirom na splošno izobrazbo skuša naše glasilo dati članstvu toliko, kolikor je v naših omejenih razmerah mogoče. Pri tem pa ob raznih prilikah poziva člane, da hodijo z odprtimi očmi in ušesi po svetu, da čitajo vse, poslušajo vse in študirajo vse, kar jih obdaja, potem pa si naj delajo svoje lastne zaključke in sodbe. Le na ta način morejo dosegli gotovo stopnjo splošne izobrazbe in inteligence. Treba je rabiti lastne možgane in razmišljati. Kdor je prelen za misliti, mu vse univerze sveta ne pomagajo do prave izobrazbe. Naša najboljša šola je svet, je življenje okoli nas. Nekaj pobremo tu, nekaj tam; seveda pod pogojem, da naši možgani ne spijo in da si ne zatiskamo oči in ušes.

Prepričanje, ki nam ga v celoti vcepi kdo drugi, ni nikako prepričanje, ampak duševno capljanie za drugimi, ki dokazuje lenobo mišljenja. Naša organizacija ne sili nikomur kakega gotovega prepričanja. Vsak naj si ga najde oziroma naj si ga izkristalizira sam. Naša J. S. K. Jednota smatra svoje člane za dovolj po naravi intelligentne, da jih z ozirom na probleme izven organizacije ni treba voditi na vrvici. Ako so znali ustvariti to močno organizacijo J. S. K. Jednoto in ako so jo potom svojih prosti izvoljenih zastopnikov znali voditi doslej, se bodo pač znali ravnati v zadevah, ki ne spadajo v delokrog podporne organizacije. Taki so bili nazorji tistih, ki so postavili našo Jednoto na nestrankarsko stališče, in njen napredok in ugled kažeta, da ne niso motili.

Bratje in sestre, učimo se vedno in povsod, bodimo tolerantni, prisojajmo drugim isto naravno inteligenco in priznavajmo enake pravice, kot želimo, da jih drugi priznavajo nam, pa bomo dobri bratje in sestre, dobri Američani in dobri člani človeške družbe. In pot J. S. K. Jednote, ki bo imela take člane, bo gotovo vodila naprej, k nadaljnemu napredku.

40 do 75 dolarjev mesečno. Stanovanje v Beli hiši pa je neprimerno dražje, če upoštevamo koliko milijonov dolarjev žrtvujejo razne stranke, da bi zasigurala štiriletno stanovanje v Beli hiši svojim ljubljencem.

V Cincinnati, O., sta dva zdravnika pronašla, kako se je mogoče ubraniti duha po čebuli. Osebam, ki nečelo dobiti "čebulne sape," priporočata, naj ne uživajo čebule. Jej, ali ni moderna zdravniška veda nekaj čudovitega!

Predsednik Roosevelt je pretekli teden obiskal Velikojezersko razstavo v Clevelandu, in prijatelj Cahej ga je baječkal v slovenski gostilni "Ljubljana," da bi ga "trital," ker nam je po dolgih trinajstih letih suš spet skomandiral dobro pivo. Pa je bil prvi uradnik dežele tako busy, da ni vtegnil prisesti.

Neka organizacija trgovcev razpisuje nagrado za načrt, kako odsloviti uslužbenca, da ga ne bi bolelo. Moje priporočilo je sledeče: Vsem mladim odslovljenim uslužbenecem naj se da penzija za eno leto, starim pa za vse življenje.

Prihodno nedeljo bo velik piknik v Drenikovem parku, v prijazni naselbini Strabane, Pa. Čital sem, da bodo med pikni-

karje razdeljena tudi nekatera lepa darila. Jaz se, žal, piknike ne bom mogel udeležiti, zato, če bo med tistimi darili tudi kakšna koza, naj osrečijo z njo koga drugega. Me-ne-neee!

ki je bil prisel v Cleveland z neko večjo izletniško skupino.

Na farmi J. Kovača blizu Ely, Minn., je sobrat Matt Pogorelc našel čudno kamenito formacijo, ki sliči nekakim glavam in o kateri sodijo nekateri, da je okamenelo okostje glave neke velike, neznane živali davnih časov. Čudenstvo je razstavljen v oknu Herald and News-Tribune v Duluthu.

Na kratki obisk v Cleveland, O., je pred nekaj dnevi prišel Mr. Charles S. Bolka, odlični slovenski letalski inženir ameriške mornarice. Vsega skupaj je bil Mr. Bolka, ki je šele 36 let star, udeležen na 16 večjih poletih, ko se je dosegal nove letalske rekorde. Smatralo ga za enega najboljših letalcev v ameriški zvezni mornarici, ter je v ameriškem letalskem svetu dobro poznan, tako po svoji izvežbanosti kot po knjigi "Sky Travel," ki je dosegl več izdaj in jo v ameriški

mornarici rabijo kot učno knjigo. Mr. Bolka je prišel v Ameriko, ko je bil 15 let star in tri leta pozneje se je vpisal v ameriško mornarico. V Clevelandu je bil gost Mr. Durana in se je v njegovi družbi preteklo nedeljo udeležil piknika Slovenske mladinske šole S. N. Doma, ki se je vrnil na Močilnikarjevi farmi.

V Clevelandu, O., je nagloma umrl rojak John Bijek, star 59 let, član društva št. 71 JSKJ. Pokojnik je bil rojen v Podgorcu pri Žužemberku in je prišel v Ameriko leta 1903. V Clevelandu zapušča dva sina, dve hčeri, brata in sestro in več drugih sorodnikov, v starem kraju pa mater.

V Tacoma, Wash., je umrl Zatkovich, star 53 let, član društva št. 176 JSKJ. Rojen je bil v vasi Velike Mune v Istri in je bival v Ameriki 29 let. Tu zapušča žalujočo soprogo in pet sinov.

KO PRIDE PREDSEDNIK

(Nadaljevanje s 1. strani) slavnim. Najbolj zanimivi so bili vzklik: "Hello Franklin!" in "Hooray Franklin!" Vidnega zastraženja je bilo le toliko, da množice niso preplavile cest in onemogočile prometa.

Glede uspešnosti odpravljanja depresije po predsedniku Rooseveltu, glede prave ali neprave taktike, glede njegove odločnosti ali neodločnosti so mnenja pač različna, in vsak je upravičen do svojega mnenja. Toda po navdušenosti in prisrnosti, s katero so tisoč glavne množice prostega ljudstva sprejeli predsednika v Clevelandu, bi se dalo sklepati, da prosto ljudstvo vidi v njem prijatelja, ki vsem dobro želi in ki bi vsem rad pomagal do udobnega življenja, če bi le mogel in vedel kako. Tak vtip je vsaj dobil veličasten poročevalec, ki je opazoval ljudske množice na clevelandskih cestah. Lahko se pa tudi moti, kajti motiti se je cloveško.

POMEM DRŽAVLJAN-
STVA

(Nadaljevanje s 1. strani) taki zakoni tvorijo bolj izjemno kot pravilo. Zares je občudovanja vredno, v kakem obsegu inozemec, nastanjen v Zedinjenih državah, uživa iste pravice kakor ameriški državljan. Dejstvo je, da ameriški zakoni in praksa v tem pogledu so vsedobrega zgleda mnogo prispevali k obvarovanju pravic inozemcev po celem svetu. Konstitucija Zedinjenih držav zajema vsem osebam, naj bodo državljeni ali inozemci, "enako zaščito zakonov" in vrhovno sodišče je izreklo mnenje, "da pravica do dela za zaslujen v navadnih poklicih je bistven del osebne svobode in oportunitete, katerih obvarovanje je bilo svrha konstitucije." Zgoraj omenjeni zakoni, ki zapostavljajo inozemce, se smatralo kot da se ne nanašajo na "navadne poklice," marveč na profesijske in stroke, ki so tako ozko spojene z javnim interesom in policijskim pravom, da se je smatralo, da država ima pravico omejiti jih na ameriške državljane, ako tako hoče. Na podlagi te teorije je težko upravičevati nekatere protinozemsko krošnjarske zakone, ki so še v veljavi, in je prav mogoče, da bi jih najvišja sodišča smatrala za protustavne, ako bi kaka taka pravda prišla do najvišjega priziva. Qomejivte proti inozemcem, ki se ticejo lova in ribarstva, imajo nekoli drugačno obrazloženje. Ker so ribe in divjadična del javne domene, ki je last državljanov posamezne države, se je smatralo, da ima država pravico omejiti njih rabo in uživanje državljanom.

Inozemec potrebuje delovno tako kakor državljan. Mogče je, da je on celo bolj sposoben. Vendar ga zakon izključuje od javnih služb v dveh kmetijskih družin zaradi popašene njive. Kmet Savič je očital sosedu Djakoviču, da so mu njeni pastirji popasli njivo. Med pravopisom so se zbrali člani občin družin in prepričali se, da je denar ukradel "onaj fakin." Barbara je tekla na policijo in je potrošila 3.000 dolarjev, da bi potrošil, ker je dobitek pličil in v prenosu na vrednost 2.000 dol. Za to je dobitek pličil in v prenosu na vrednost 2.000 dol. Pittsburgher Announces

Annual Fall Dance

Pittsburgh, Pa.—Once again September is just around the corner and with it comes the usual parade of dances. Pittsburgher has been known for its regular fall dance, so in order to keep its record unbroken we again come to the fore with one of the first dances of the season. It goes without saying that Pittsburgher always tries to surpass all others. This year, however, expense has been given no consideration.

We have engaged one of the best known local orchestras, Ken Francis and his Isle of Blue Orchestra; in addition to this we have engaged one of the best known radio teams of piano accordionists who will be sure to please those who are not entirely delighted with orchestra music. Well, where and when is this dance coming off?

The date: Friday, Sept. 11. The place: Naturally, at the Slovene Auditorium, 57th and Butler Sts.

The time: 8:30 till ???

This announcement is an invitation to all our friends and fellow-members. If the weather is still slightly warm, there will be an ample supply of cooling refreshments to make the affair enjoyable. More inside information will appear in a later edition of the Nova Doba.

L. P. Boberg, Pres.,
N. 196, SSCU.

Center Ramblers

Center, Pa.—All members are hereby notified to attend the regular meeting of Center Ramblers Lodge, No. 221, SSCU, which will be held on Friday, Sept. 4, starting at 8 p. m. (D. S. T.). Reason for the change in date is due to the many members planning to make trips over the week-end.

Very few have attended meetings lately, so it looks like Bro. Yeern, our new president, will have to get after them. Monthly dues should be paid before the 25th of the month.

Josephine Oblock.

Too Late

Foreman (to small son of workman who has met with an accident): When will your dad be fit to work again?

Boy: Can't say for certain, but it will be a long time.

Foreman: What makes you think that?

Boy: Compensation's set in!

Matt Pegorec, a member of the SSCU, found a queer-shaped rock on a farm near Ely, Minn. The rock, weighing more than twenty pounds, although less than a foot long and a trifle under that in diameter, appears to be a fossilized head of some huge animal. The stone has two deep holes where eyes might have been, with a lesser depression marking the location of a possible nose bridge. The rock is on display in the Herald and News-Tribune business office of Duluth.

From the Supreme Judiciary Committee

214-36

Appeal of Bro. Matt Watilo, a member of Arrowhead Lodge, No. 184, in Ely, Minnesota, wherein he alleged that an injustice was done him by our Union in disallowing him further sick benefits, from Dec. 17, 1935, and on. The appellant states that he received sick benefits for the period from Sept. 17, 1935, to Dec. 17, 1935, and that payments of same should be continued until he gets well. The executive committee of our Union reports that further payments of sick benefits were disallowed according to provisions of Section 324-c. Investigating this case, the appellant was not willing and did not furnish the requested information, although enough time was given him in order that he might prove the statements in his appeal as true and correct. The decision of the Supreme Judiciary Committee in this case is, that the appellant failed to prove that an injustice was done him and the decision of the executive committee is hereby sustained.

Anton Okolish, John Schutte, Valentin Orehek, Rose Svetich, John Zigman, judiciaries of SSCU.

Live Wires

By Little Stan

Ely, Minn.—Juveniles came through splendidly in last week's issue of Nova Doba, and for the second straight month have more than filled their section with lively stories, letters and the like. If the present interest is any indication, the future SSCU will certainly be filled with "live wire" members. Reading very closely, Little Stan saw that 25 juveniles had submitted articles, two of them having two articles printed.

Little Stan is seated in his shop this Friday evening and is enjoying every minute of it. The hot sun has been replaced by cool, invigorating weather, which makes one's nerves kinda tingle with action. Compiling figures, Little Stan immediately made arrangements to send out 18 souvenirs, and—Heh-heh!—wonder if you will all have them on your dresser like Anna Rita Gall of Johnstown, Pa. Ann certainly threw many bouquets at Little Stan, and he is still blushing beautifully and pleasantly. You saw the face, Anna, wait until you see those long, lanky legs! Tsk, tsk!

And now, we'll follow through with each article. They're all keen, and Little Stan is glad that he doesn't have to pick out one for a prize. It would be too much of a job! But now let's start.

It seemed like old home week to Little Stan when he read Dorothy Skerly's article. Not because of the article did Little Stan think of it as "old home week," but because Dorothy was a delegate to the last juvenile convention. In her article she tells of meeting Anna Sterle, another delegate, and her description of Idora Park and Cleveland was fine. You'll get that souvenir, Dot.

Ah, another lost writer uncovered in Mary Ambrosie of Denver. She tells us of her vacation, and throws in an interesting mystery yarn . . . quite spicy! Marie Musich of Joliet submits another nice article, and claims that two weeks at the Industrial Health Camp on the DuPage River wasn't quite long enough.

Julia Polshak of Imperial, Pa., is beginning to think of the coming school days already; but, yes, it won't be long now before those bells will be ringing again.

Little Stan's mouth is just watering and waiting until spring when he can taste those Unionville, O., strawberries. Josephine Fidel said she will send them then.

Ah, Little Stan just can't help Ah'ing when he reads 13-year-old Dorothy Brezovic's write-up. Long and very newsy! She's gonna be a freshman, and she tops off her article with a dandy poem of mother. And, by the way, Dorothy, say hello to Freddy. Remember? He was a juvenile convention delegate.

From Oak Creek, Colo., Anna Bell Chadez evidently likes her home, with mountains surrounding. And she likes to dream, but when she says she had a nice fried chicken, Little Stan's mouth begins to water all over again. Let's see, chicken first, then strawberries for dessert. Yum!

Mary Bobnar was promoted to the ninth grade, and Little Stan has the address of her sister Ann also. Now, to prevent you juveniles from fighting over that souvenir, Little Stan is going to send each one, so you can each park it on your own dressers! Tsk, tsk!

Another newcomer is Jenny Pretnar from Euclid, O. Kinda encourages other members to start writing. And her dog Toper is fully recuperated. Like Little Stan.

Thirteen-year-old Dorothy Tomsic of Denver saw so many juveniles writing that she took

Guide to Fraternal Law

By Attorney Richard J. Zavertnik, Member of the Chicago Bar
Article 8—Health Insurance
(Continued)

Inability to Work or Do Accustomed Work

Some fraternal organizations make the payment of benefits contingent on such disability as renders the member incapable of working or where the member is unable to follow his usual occupation; or where the member is able to follow some other occupation, provided he can obtain it, but the employment must call for substantially the same physical and mental ability as his former occupation and must be substantially remunerative.

Whether the by-laws of a society provide for the payment of sick benefits where a member is sick and unable to work, benefits are payable where a member has not been restored to full health and is substantially unable to do such work as he was accustomed to do prior to his sickness. Where a member through unreasonable, excessive, and harmful effort and exertion succeeds in doing light work for two consecutive days, and then suffers a relapse, and the fact that he receives wages for those two days is no bar to payment of sick benefits. A fisherman disabled by injury, and incapacitated to perform accustomed or other manual work for which alone he was competent, is entitled to benefits, although not attempting to get work. The fact that a fireman is in receipt of a pension and hence is not penniless does not preclude recovery of sick benefits. A member who becomes totally blind because of an accidental injury is entitled to benefits under a by-law providing for the payment of benefits to "a member who shall find himself incapable of working, by reason of sickness or accident."

Where a fraternal society contracted to furnish relief to a member "totally and permanently disabled from following his or her usual occupation," and such disability was defined by its by-laws as "such sickness as shall render the member helpless to the extent of permanently preventing him or her from following any occupation whereby he or she can obtain a livelihood," both the member's mental and physical capacities for labor should be considered in determining whether such a disability exists in any given case. The provision of a certificate that in case of the "permanent and total disability of said member, which renders him unable to carry on or conduct any vocation or calling" half the amount that would have been paid the member in case of his death will be paid the member, will be construed as meaning inability to carry on the vocation or calling which member is following when he becomes disabled. In a by-law providing that any member who shall, through sickness or accident, become disqualified from attending to his usual vocation "or other employment or occupation" shall be entitled to benefits, the words quoted, being in the alternative, are intended to apply to a person who has no usual vocation.

Where a member is entitled to a benefit in case he is totally and permanently disabled from following any occupation whereby he might obtain a livelihood, the fact that a member suffering from hernia might pursue an occupation by wearing a truss will not make such a disability the less a total one, or affect his right to benefits, when the use of the truss would

subject him to intolerable discomfort and endanger his life.

Loss of Eye or Injury to Sight

The loss of an eye does not authorize recovery if insured was almost blind at the time of the accident and so continued until his death. Injury causing loss of useful vision only would not authorize recovery for loss of eye. Where insured could see with magnifying glass after injury, he could not recover for loss of eye. Recovery cannot be had for loss of eye if due to old age or disease. That insured's sight was so diminished as to incapacitate carrying a occupation did not permit recovery under certificate covering only permanent blindness where no projection occurs.

Where the certificate and the society's constitution allowed recovery for blindness only where permanent, preventing projection, parts of the constitution showing the purpose of the society will not be considered in construing the right of a member to recover for blindness. Where a fraternal society provided for the payment of benefits to members having less than fifteen two-hundredths vision in each eye, it was no defense to a claim for such benefits that by use of lenses the member's eyes could be brought to a higher range of vision than fifteen two-hundredths.

Loss of Sight

Practical blindness is "total disability" within the by-laws indemnifying against complete loss of sight. And a by-law providing that a member receiving bodily injuries causing "total and permanent loss of eyesight" should receive the full amount of his certificate applies to the total and permanent loss of the sight of one eye, disabling the member from following his occupation, the by-law being afterward amended plainly to express this.

Broken Arm or Leg

Under a by-law authorizing recovery for complete fracture of arm no recovery can be had upon proof of injury to and fracture of only one bone of the forearm. A by-law providing indemnity for a broken arm was held to cover what was claimed to be a fracture, although the society claimed there was no break, because the parts of the broken bone were not separated. A certificate entitling the member to a certain benefit in case of the breaking of a leg, and defining the breaking of a leg as "the breaking of the shaft of the thigh between the hip and knee, or the shafts of both bones between the knee and ankle" does not cover what is known to the medical profession as a "Pott's fracture," which is defined as the breaking of one bone between the knee and ankle joints, and the dislocation of the other, or, as technically defined, the breaking of the fibula one and one-half to two inches above the joint, and of the malleolus process.

Loss of Arm or Foot

"Loss of one arm" in a by-law of a fraternal society covers an injury rendering the arm useless, and does not necessarily mean that the arm must be severed. A certificate of a fraternal organization entitling the member to one-fourth of his benefit if he should "lose a foot," does not mean that there must be a severance of the foot from the body, but means a permanent loss of use of the foot, the language "loss of a foot" in common parlance

meaning the loss of the use of the foot in common parlance, or affect his right to benefits, when the use of the truss would

mean the loss of the use of that member.

Mountaineers' Baseball News

Davis, W. Va.—Mountaineers baseball team of Lodge No. 106, SSCU, has been playing some bad baseball lately. They have won 12, lost 12 and tied one to date. The pitchers have been hurling some good brand of ball, but they seem to be getting poor support from their teammates. They don't seem to hit much, although they have come through in a pinch. The team has joined the Green Mountain League and has won one and lost one so far. They have four remaining games to play in the league, and hope to make a clean sweep of the games.

Betsy Ross News

Cleveland, O.—On Sunday, Aug. 9, Betsy Ross indoor team and the Cardinals from Struthers, O., engaged in a match softball game. Betsy Ross came through victorious by a score of 7 to 2.

Bojack, Betsy Ross pitcher, was the feature of the game with his spectacular hurling, holding the strong Cardinal team to three hits and striking out 12 men. We hope that all Cardinal members and friends who made the trip to Cleveland enjoyed themselves during their short visit.

With the 15th regular convention of the SSCU approaching nearer and nearer, various program committees of the convention are doing their utmost to complete arrangement of entertainment to be held each evening. All members of the various lodges in the vicinity are urged by the committees to give their fullest co-operation. Tickets for all the after-session entertainment may be secured from lodge secretaries.

All SSCU members interested in bowling in the Cleveland SSCU League are requested by the league officials to communicate with their secretaries. The first practice session will take place on the Sunday following the convention adjournment. We anticipate opening the league officially on Sunday, Sept. 27. Official alleys for the league during the coming season will be announced in a later edition of Nova Doba.

Texas Courtesy

A certain middle-aged spinner has a vivid memory of Texas courtesy.

She was struggling with a hot cup of coffee in a small-town railway station, trying to gulp it before the train pulled out. A cowboy, seated a couple of stools away, noted her plight, and seeing the guard waving to the woman, came to the fore.

"Here, ma'am, you can take my cup o' coffee. It's already sauced and blowed."

Note for Delegates

Delegates to the 15th regular SSCU convention, which will be held in Cleveland next month, are requested to fill out the questionnaire forwarded to them recently, and mail it to Nova Doba, 6117 St. Clair Ave., Cleveland, O., so that it shall reach its destination not later than Aug. 25.

The convention reception committee must have this information in order to make proper accommodations. All delegates are urgently requested to fill out the questionnaire, even though they have or will make their own reservations with relatives or friends for living quarters in Cleveland during the convention.

Convention reception committee maintains its headquarters at the office of Nova Doba.

With the Electrons

And Stan Progar

Springdale, Pa.—As I came home from my daily toil last Thursday, the first thing I did was to operate on the Nova Doba to see what was what. The first thing I noticed was that the juvenile articles were submitted mostly by the same writers. What's the matter?

Are you juveniles going to

make us believe that the juvenile page is a page for the restricted few? We know that

the SSCU has more juvenile

writers than those who have

responded. So, come on and

tell us who you are and what

you are doing. Let's make the

editors give you two full pages.

You know they are yours, so

come on and use them. Inciden-

tally, by the time the next juve-

nile section is published,

you will be back in school. So

why not write now?

Of the articles submitted, I must admit that the one marked Lebanon, Pa., sure caught my fancy. Nice going, Agnes Meze. You sure swing

a mean pen and so—watch the

mails for a letter from Spring-

Your article was swell, Vickie Kumse, but you forgot one thing. Your age. Remem-

ber, this is important.

Paging Rose Marie Patterson. Please let me know if you received my letter or not. As it stands, I have no way to check upon its safe delivery.

Frank James Jr.

Sorry, Little Stan, but you got a little twisted on the scoops. What I had in mind concerned brother Frank. Here it is. On Saturday, Aug. 8, Frank became the proud father of an eight-pound boy that will answer to the name of Frank Jr. Both mother and child are doing as well as can be expected. Congrats, Frank. By the way, Little Stan, will we see you in Cleveland for the convention? Here's hoping yes.

Member Talk

Say, are you Electrons living up to your oath? Most of you are not, so come on and change your ways. Let's see if we can attend meetings oftener and get the dues in on time. All the advantages are in paying early, so, pay up and avoid suspensions. Let's get into the prompt payment class and lessen all our worries. Another thing, let's see if we all can be prompt in attending meetings. Let's not always be an hour late. Come early, and then we all can go home early.

a stab at it herself. And she did a swell job, too! In her travels covered all the plains and mountains in Denver. Yes, it certainly is a plain explanation of your trip, Dotty!

Here is where Little Stan blushed himself all over. Ann Rita Gall of Johnstown pinned flowery compliments all over Little Stan. And he blushed beautifully; no other girl told him that; but, thanks for the compliment.

Victoria Kumse, cute little delegate from Lorain, reminisces over that convention trip last year. And Little Stan was kinda disappointed. It seems that she forgot all about the Austin! But those memories will live forever, won't they, Vickie? And, by the way, how is that puppy of yours? Vickie has another article in the paper in which she describes the supreme officers. Nice going, Vickie!

Absence makes the heart grow fonder, discovered Mary Malnar of Hooversville, Pa., so she makes a firm resolve to write oftener.

Caroline Lavrich, Adah, Pa., had a nice time at Kenny Wood Park, and she throws some bouquets at Stan. Glad you liked the souvenir, Caroline.

Little Stan has your picture well in front of him also, Jack Slavec. Little Stan was riding Uncle Sam's mail right to your door. And, say, you can write well in both languages!

Mary Chacata of Enumclaw, Wash. Yes, Little Stan has a big heart, and somebody must have taken away some of the heat degrees, because it is much cooler now! But, Mary, I think I am saving some for my "Micka"! And to wind up a brilliant list of live wire writers came the last installment of Johnny Chacata's "Apple Luck," a breathless and exciting mystery. Like heck Little Stan could spend that dough in one night. You should really know how tight he is! Ha, ha!

Just think of it, more than a page of articles from 25 juveniles all over the country. Looks like the convention will have to publish a whole paper for the juveniles, won't they? The response was great, and it shows that our Union is made up of a really "swell" gang of writers who give "action." Poor Kolar, heh, heh; it gives him a lot of work, but Little Stan will bet bucks that he enjoys every minute of it.

It's getting late, and Little Stan thinks of that funny game . . . Knock, knock . . . "Who's there?" "Sherry." "Sherry, who?" "Sherry me back to Old Virginy!" and that is just where Little Stan is going.

Stanley Pechaver,

Priziv brata Andrew Spolarja, člana društva Indian, št. 220, v Chicagu, Illinois, v katerem on trdi, da ni bila sestra Agnes Jurečič, članica društva Zvezda, št. 170, v Chicagu, Illinois, pravilno izvoljena delegatom, da zastopa na XV. redni konvenciji naše Jednote sledič društva: 104, 170, 211 in 220. Prizivnik nadalje trdi, da je on tisti, ki je bil pravomočno in pravilno izvoljen delegat prej omenjenih društv. Porotni odbor je zadevo preiskal in razsodil, da je sestra Agnes Jurečič pravomočna delegatinja za prej omenjeno konvencijo, da tam zastopa prej omenjena društva naše Jednote.

DOPISI

Sharon, Pa.

Društvo Sloga, št. 174 JSKJ, je vzelo v pretres pravila. Prva točka se je sukala glede razreda "AA." Vsi člani, ki so bili primorani glede depresije, da so obdržali Jednote, spremeniли svoj certifikat. Vsem članom je bila zvišana njih smrtnina, tako, da morajo sedaj veliko več plačevati obresti ali pa še manj. Določki smo nalagali v razne bonede, smo jih tudi nekaj zgubili, ko je bila velika obrestna mera. Nam se tudi vidi napočno, da člani najprej plačujejo večji asesment na razred "AA," potem pa še obresti. Društvo priporoča delegatu, da naj glasuje na konvenciji za znižano obrestno mero za posojilo iz razreda "AA." Obenem pa priporoča

mo tudi, da naj Jednota spremeni svoja pravila v tem, da vsak član, ki je spremenil svoj certifikat iz razreda "A" v razred "AA," in ako je tak član dobil že kaj posojila na certifikat, da tako tak član povrne Jednoti posojilo in obresti ter da želi nazaj svoj stari certifikat "A," da se najga sprejme. (Jednota takih certifikatov ne izdaja po sedanjih pravilih.)

Glede mladinskega oddelka se naj bi sprejelo točko, oziroma dodatek, da vsak član mladinskega oddelka ostane lahko na zahtevo do 18. leta v mladinskem oddelku, ne da bi mu se ob prestopu odtegnilo njegovo rezervo. Vzrok je to, da vsak član, ki je do 18. leta v mladinskem oddelku, mora plačevati, ko prestopi v odrasli oddelki, po lestvici za 18 let starosti. Mi vemo danes, da z 18. leti se ne more nobeden sam živeti, ko ni za njega dela, zato mora pohajati še v šolo. V tem bi se lahko kaj več ukenilo tudi pri nas. Nekatere organizacije so že sprejele to, da plačajo tudi ob 18. letu prestopa v odrasli oddelki nekaj rezerve. Zakaj bi se pri nas ne, ko je mladinski sklad nadolwent! Glede bolniške podpore smo tudi pretresali slučaj, ki se je zgodil pri nas. Član je obolel za nekako bolezni v križu. Zdravniki mu niso mogli pomagati, potem mu je bilo svetovan, da naj si jemlje nekakšno kopelj in pa neko masažo, ki jo je vršil zdravnik kiropraktor. Bolničan se je res podvrgel takim masažam, in zdravje se mu je vrnilo; že 5 let od tega, in ga bolezen ne nadeguje več. Seveda, po pravilih mu je bilo po društvu odlokana podpora, kakor tudi po vrhovnemu zdravniku in glavnemu tajniku. Naša Jednota mu ni izplačala, medtem, ko mu je neka druga organizacija izplačala podporo za isto bolezen. Fant je pa danes zdrav. Do stikrat tudi zdravniki medicine vsega ne vedo. Zato bi bilo priporočljivo, da bi konvencija težko naredila kakcobjom. Stvar je taka, da akpošten človek ne dobi podpore, ko je v resnicu bolan, ter nikak simulant, tam ima društvo slabo ime, ter je agitacija onemogočena. To je bil slučaj pri nas, ko smo izgubili več novih rojakov, ki so želeli pristopiti h. J. S. K. Jednoti, pa niso, ko so videli, da se godi krivica. Naš delegat je na zadnji konvenciji predložil omenjeno točko pred delegacijo, pa je bila zavrnjena. Omenjena točka bo še enkrat na pred konvencijo.

Naše društvo priporoča našemu delegatu tudi, da glasuje za točko, ki sta jih sprejeli pennsylvanska in ohjiska federacija. Obenem pa želimo, da smo bili primorani naložiti po 10 centov izrednega društvenega asesmenta na vsakega člana in članico. Ta društveni asesment se začne z mesecem avgustom in bo v veljavni do decembra. Treba je, da se na ta način nekaj denarja nabere v društveno blagajno, da bomo konci leta lahko pokrili naše stroške. Kakor znano, nismo mogli letos nikakega piknika prirediti, zaradi tukajšnjih lokalnih regulacij, torej ni bilo od te strani nikakih dohodkov. Zato je bilo treba naložiti izredni društveni asesment desetih centov na vse člane in članice. To naj posebno upoštevajo načini, ki so bili izvoljeni za zastopnike, lahko udeležijo seje. Bratski pozdrav! Za društvo št. 200 JSKJ: Joseph A. Mertel, tajnik.

Ely, Minn.

NAZNANILO. — Vsem članom in članicam društva sv. Barbare, št. 200 JSKJ, se tem potom naznana, da se bo redna mesečna seja vršila 23. avgusta in se bo prihodnja konvencija vrši v državi Pennsylvania, to je v Keystone State. Za društvo Sloga št. 174 J. S. K. J.: Joseph Kramer, predsednik.

Cleveland, O.

Članice društev, katera so zainteresirana v odborih za konvencije prireditve, in člani odsekov za pripravo so poznavni, da se gotovo udeležijo seje, ki se bo vršila v petek 21. avgusta. Seja se bo vršila v S. N.

Domu na St. Clair Ave., staro poslopje, in se prične ob 7:30 zvečer. Čas je kratek, zato želim, da vsi prizadeti pridejo na ta važni sestanek. — Za konvenčni pripravljalni odbor: John Zalar, predsednik.

Cleveland, O.

Člani, ki se zanimajo za razne probleme JSKJ, prav pridno razpravljajo o izboljšanju pravil. Večinoma se vršijo te razprave le v krogu posameznih društev. Precej živahne so razprave v našem glasilu Novi Dobri. Zveza JSKJ društev v zapadni Pennsylvaniji, ki je zborovala meseca junija v White Valley, je storila precej dobrih zaključkov za izboljšanje pravil. Na omenjenem zborovanju je bilo tudi sklenjeno, da se prihodnje zvezino zborovanje vrši v nedeljo 23. avgusta v Canonsburgu, Pa. Tem potom apeliram na JSKJ društva v tem okrožju, da gotovo pošljijo svoje zastopnike na to zborovanje. Poleg njih bi se morali udeležiti tega važnega zborovanja tudi vsi delegati, ki so izvoljeni za 15. redno konvencijo.

Ne zvezinih sejah imamo lepo priliko, da res lahko delamo za prospet naše organizacije JSKJ. Mi nismo med tistimi, ki se gibljejo v izobilju, ampak moramo trdo delati za našo ekstenco. Zato bi morali člani kot organizacija nastopati v zavojno in skupno; na tak način bomo več dosegli in bomo lahko bolj pomagali našim starim, onemoglim in izčrpanim sobratom. Samo pričkanje in tolmačenje osebnega mnenja, in to se največkrat za vogalom ali na cesti, nam ne bo nič koristilo. Upam, da bodo sedanje razmere tudi drugim društvom v okolici dale misli, da je skupnost potrebna vselej in povsod, in potem se bodo pridružila naši Zvezi JSKJ društva.

Na zadnjem zvezinem zborovanju je bilo sklenjeno, da bo po zborovanju 23. avgusta piknik, ki ga skupno priredita Zveza JSKJ društva v društvo Bratska sloga, št. 149 JSKJ. Čisti dobiček se bo razdelil 50-50. Zborovanje se bo vršilo v dvorani društva Postonjska jama SNPJ v Strabane. Po zborovanju bo zastopnikom servirano okrepilo tudi v dvoranini. Potem pa gremo na piknik v Drenikov park. Pripravljalni odbor je pridno na delu, in upati je, da bo ta piknik eden najboljših, kar smo jih imeli v tej sezoni. Za plas bo igrala izvrstna godba. Plesišče v Drenikovem parku je prostorno in se na istem lahko komodno sude lepo število parov. Ženske so obljudibile, da bodo preskrbeli okusen prigrizek, v kleti pa bo dobra, hladilna kapljica za žejne. Sploh, kakor se sliši, bo vsega dovolj. Sezona piknikov bo kmalu pri koncu, zato se poslužimo teh zaključnih prilik, ki so nam na razpolago. Tudi poročila glavnih uradnikov bi po mojem mnenju lahko odpadla ali se vsaj skrajšala na najpotrenejše. Zgodite se na kakšni konvenciji, da kakšen odbornik, ki je bil malo ali nič aktivni za organizacijo tekom svojega termina, tam sam sebi v svojem poročilu na vse pretege hvalo poj, da bi bil spet izvoljen. Zbornica pa ima seveda pravico vsakega vprašati za podrobnosti njegovega poslovanja in aktivnosti. — Na svidenje v Clevelandu!

Matija Pogorelc.

Sharon, Pa.

Tem potom opozarjam člane društva Sloga, št. 174 JSKJ, na zaključek zadnje seje, namreč, da smo bili primorani naložiti po 10 centov izrednega društvenega asesmenta na vsakega člana in članico. Ta društveni asesment se začne z mesecem avgustom in bo v veljavni do decembra. Treba je, da se na ta način nekaj denarja nabere v društveno blagajno, da bomo konci leta lahko pokrili naše stroške. Kakor znano, nismo mogli letos nikakega piknika prirediti, zaradi tukajšnjih lokalnih regulacij, torej ni bilo od te strani nikakih dohodkov. Zato je bilo treba naložiti izredni društveni asesment desetih centov na vse člane in članice. To naj posebno upoštevajo načini, ki so bili izvoljeni za zastopnike, lahko udeležijo seje. Bratski pozdrav!

Torej, priatelji proste narave, ne pozabite na dan 23. avgusta, da se svidemo in v prijetljivi zabavi vsaj začasno pozabimo vsakdanje skrb. Zabava bo prvoravnina in gotovo ne bo nobenemu žal, če nas po seti. In če pride sam sobrat urednik in z njim ducat drugih Clevelandčanov, jih bomo z veseljem sprejeli in jih postregli z vsemi dobrotami, ki jih premore država kvekarjev. Torej, na veselo svidenje 23. avgusta!

John Koklich.

V Novi Dobri sem čital dopis sobrata J. Zalarja iz North Chicago, Ill., v katerem piše, da bi se rad sestal s svojimi ožnjimi rojaki ob priliki 15. redne konvencije JSKJ. Posebej, da bi se rad sestal z domačini od Sv. Vida nad Cerknico.

To se bo lahko zgodilo, kajti rojaki iz dotednih krajev je v Clevelandu mnogo. Če bi hotel vse navesti, bi potreboval kar celo stran v Novi Dobri. Najprej sva se o tem pogovarjala z Rendulčevim Jožetom iz Jerseyev. Iz okrožja Sv. Vida se takoj rojaki iz vasi: Osredek, Cehov, Ravn, Rudolfovo, Lesnake, Pusti les, Sligovo, Cajnarje, Herblane, Hruškarje, Korošce, Koščake, Gura, Permane, Gornje Otave, Doljne Otave, Pikovnik, Zupeno Stražišče, Sive, Doljne Krajinice in Gornje Krajinice itd. Zadnja imenovana je moja vas. Navedel sem samo večje vasi. Priporočljivo je, da tudi drugi delegati povprašajo potom Nove Dobe za svoje ožje rojake v Clevelandu. Na ta način se morda najdejo znanci in priatelji, ki se niso videli po 20, 30 ali še več let. — Pozdrav vsem domačinom od Sv. Vida nad Cerknico!

Članom društva sv. Ime Jezusa, št. 25 JSKJ, naznam, da se bo naša prihodnja redna seja vršila v SOBOTO 22. avgusta. Vršila se bo v cerkveni dvorani in se bo pričela ob 7. uri zvečer. Seja se bo vršila v soboto, mesto v nedeljo, zato, da se bodo mogli društveni uradniki udeležiti seje minnesotske federacije, ki se bo vršila v Ely v nedeljo 23. avgusta.

Clani so vabljeni, da se v obliju številu udeležijo naša seja v soboto 22. avgusta in da potovede delegatoma, kako naj jih na konvenciji zastopata. Po seji se bodo servirala okrepila vsem članom, ki se bodo seje udeležili. Torej, vsi na sejo na večer 22. avgusta! — Za društvo št. 25 JSKJ:

Chicago, Ill.

V prijazno naznajilo članom in članicam JSKJ v Chicagu in okolici.

Chicaška društva JSKJ bodo v nedeljo 6. septembra priredila domačo zabavo v počast glavnemu uradniku in delegatemu, ki se bodo vozili skozi Chicago na 15. redno konvencijo JSKJ v Cleveland. Med delegatimi jih bo nedvomno precej, ki bi si medpotoma želeli nekoliko ogledati Chicago, zato so društva sklenila, da se jih povabi na sestanek v Masonic Temple dvorano na S. Millard Ave. in W. 23d St. Transportacija s kolodvorov do omenjene dvorane je ugodna. Tam bodo servirana okusna jedila in dobri pijači po zmerni ceni. Poskrbljeno bo za plesalce, in za tiste, ki si bodo želeli ogledati mesto, bodo na razpolago avtomobili.

Sprejem gostov oziroma začetek zabave bo ob 4. uri po polne in zabava bo trajala pozno v noč oziroma v jutranje ure. Kdor bo želel, bo lahko dobiti tudi prenočišče.

Na člane chicaških društev JSKJ apeliram, da se v obliju številu udeležijo omenjene prireditve in s tem pokažejo bratsko pozornost in naklonjenost delegatom in delegatinjam. Bratski pozdrav! Za skupno prireditve JSKJ društev v Chicago:

John Zvezich, predsednik.
