DROBNE VESTI IZ SLOVENIJE

(Došle preko Trsta)

VIKTOR ANDREJKA — 1. septembra je umrl v Ljubljani Viktor Andrejka, znana ljubljanska osebnost. Imenovan je bil sin onega Andrejka, ki ga naši preprosti ljudje poznajo po knjigi: "Slovenski fantje v Bosni." V tej popularni knjigi Mohorjeve družbe je opisana okupacije Bosne leta 1878 in posebej življenje slovenskih ftnatov v Bosni, ko so morali sodelovati pri tej avstrijski okupaciji. Umrl Viktor je bil kot njegove oče avstrijski oficir. Po končani prvi svetovni vojni, je hitel z mnogimi drugimi na Korosko, da pomaga reševati to deželo pred Nemci. Bil je kasneje več let predsednik "Legie koroskih borcev." Kot upokojen polkovnik je sodeloval pri upravi ljubljanske občine kot občinski odbornik.

OBSODBE, OBSODBE, OBSODBE. — Kdor bo pisal zgodovino zadnjih dveh let bo moral posvetiti posebno poglavje sodiščem v Sloveniji. Dve leti se ne sliši na Slovenskem drugače kot o vohunih, izdajalcih in "ljudskih" sodiščih. Vsa Slovenija izgleda, da je postala v dobi komunizma jama razbojnikov, ki jih ta "ljudska" sodišča komaj sproti spravljajo s poti. Posebno značilno pa je, da se med temi razbojniki vedno nahaja tudi kak duhovnik.

"Slov. Por." poroča 29. avg. spet o taki veliki razpravi proti zločincem ki baje hočejo prekučiti Tita in njegove. Pred okroglim sodiščem v Mariboru je bilo obsojenih spet 14 oseb. Obdolženi so bili, da so bili neprijazni do "ljudske" oblasti. (Titova črna ne smeš niti grdo pogledati!) in da so šli na roko onim članom "Matjaževе vojske," ki so bili mesec dni poprej obsojeni v Ljubljani. (Med njimi sedem na smrt). Iz razprave ni razvidno, kako bi obsojeni škodovali novi državi. Večinoma je njih krivda, da so dajali jesti upornikom. O obsojenem župniku Ivanu Oblaku pravi poročilo, da ni prijavil upornih fantov, da je širil propagando proti ljudski oblasti, kritiziral obstoječi red in hvallil bandite. Pomnite torej, da se v Jugoslaviji ne sme kritizirati komunizma in vlade. Taka je "no-

Cene žitu in govedini na rekordni višini

Chicago. — Pšenica in goveda živina je v cenah dosegla rekordno višino na tržni borzi. Pitani voli so se plačevali po \$36 za 100 funtov in decembarska pšenica je prinesla \$2.90 bušelj.

Razumemo, zakaj tako težko čakajo na ladjo

Filadelfija. — Od tukaj je odplula tovorna ladja proti Havajem, ki jo težko pričakujejo. Pa saj ni čudno, če pa ladja vozi 55 klavirjev, 250 zabojev finega žganja, 2.000 zabojev pive v kan-tah in 20 zabojev cigaret.

Tito dvomi, da bi bila vojna, pa je le pripravljen

Zapadne demokracije je ozmerjal kot hijene, ki napadajo slabe

Belgrad. — "Maršal" Tito gradi Jugoslavijo, kot bi pričakoval 100 do 500 let mirnih časov, ter takoj pristavi: "Vendar se pripravljamo na vojno, kot če bi se pograbil že jutri." Tako je govoril "maršal" Tito na konvenciji vojnih veteranov.

Povedal jim je, da ne verjame, da bi prišlo kmalu do vojne, ker so zapadni imperialisti "hijene, ki najraje napadajo samo slabe."

Rekel je tudi, da so ga sovražniki pri Zvezi narodov spravili v zvezo z grškimi težkočami, ampak da sta pravi grešnici pri tem Anglija in Amerika.

Trumanova doktrina ni drugega kot poskus, da se obkoli Sovjetsko zvezo, je trdil Tito. Laži-demokracije imajo namen razbiti Zvezo narodov in prisiliti Rusijo, da izstopi. Toda to se pa ne bo zgodilo, je rekel.

Razkoračil se je pred veterani ter jih zagotovil, da se ne boji nobene atomske diplomacije, ker je svarti veterane, da morajo biti vedno pripravljeni za boj.

Potem je govoril o notranjih razmerah v Jugoslaviji ter izjavil, da mora biti država in nje uradništvo bolj "človeško." Ubogi kmetje, je rekel, ki niso mogli oddati predpisane kvote živeža vladi, ne smejo biti kaznovani. Kaznovani pa morajo biti bogati posestniki, ki hočejo utajiti pridelke.

Ameriški kongresniki so položili venec na Petkov grob

Bolgarska vlada o tem najbrže ni nič vedela

Istanbul. — Trije ameriški kongresniki so v Sofiji položili ogromen venec na grob Nikolaja Petka, največjega demokrata vseh časov, katerega je bolgarska vlada obesila pred nekaj dnevi.

Venec so naložili na avto ter ga odpeljali naravnost na pokopališče takrat, ko so bili na potu na letališče, da se odpeljejo na Turško v Carigrad. Bolgarska vlada očividno ni nič vedela o tem.

Kongresniki so bili: Hatch iz New Mexico, Lodge iz Connecticut in Judd iz Minnesota. Obiskali so z drugimi kongresniki Bolgarijo in so zdaj v Turčiji.

Kongresniki so zložili za venec iz svojega žepa. Ob grobu so spregovorili nekaj besed v počast mučeniku Petkovu, potem se pa naglo odpeljali na letališče, kjer so jih čakali ostali kongresniki ter se vsi skupaj takoj odpeljali na Turško.

Kongresniki niso povedali, kako so našli grob. Povedali so, da je tam samo kup sveže nametane zemlje brez vsakega napisa in to v najbolj zapuščenem delu pokopališča.

Nemcem so zaplenili vso krompirjevo letino

Frankfurt. — Ekonomski koncil v ameriški in angleški zasedbeni zoni v Nemčiji je zaplenil skoro vso letošnjo krompirjevo letino z namenom, da jo bodo imeli za splošno racioniranje. Letina je bila bolj slaba radi suše poljti.

Odredba je postavna in pri koncilu je glasoval proti sramežni komunistični delegat. Kmetje smejo obdržati samo majhen del krompirja za seme in za osebno uporabo. Ves ostali pridelek pa morajo izročiti nemškemu uradniku, ki bodo krompir potom racioniranja razdelili med vse ljudi.

Taft je proti treningi, kot je predlagana

Spokane, Wash. — Senator Taft iz Ohio je izjavil, da se ne strinja z vojaško treningo mladine, kakor jo zdaj predlagajo razni voditelji. Pravi, da to ni najboljša metoda za zgradbo rezerve za našo bojno silo. Holandske je prepovedan.

Vlada apelira na narod, naj ne je manj, ampak naj varčuje

Predsednik Truman bo o tam govoril v nedeljo večer na radiu

Washington. — Ameriška vlada je trdno odločena, da stori vse mogoče, da se reši Evropa pred lakoto. Del tega vladnega programa je to, da se apelira na ameriški narod, naj varčuje s hrano. Naj užije toliko kot dozdaj, toda naj ne meče toliko užitnih jedi v odpadke, kot se to dela zdaj.

Predvsem bo priporočal predsednik ameriškim gospodinjam, naj kupujejo meso cenejših vrst, naj to, kar ostane pri eni jedi, spravijo in vse porabijo drugič.

S tem, pravi vlada, ne bo samo na razpolago več prehrane za lačno Evropo, ampak se bo prisililo tudi cene živežu nize. Zdj vse kupuje, nič ne izbira v kvaliteti in nič ne vpraša za cene. Zato je pa vse tako drago.

Poljedelski tajnik Anderson je poklical za ponedeljek k sebi zastopnike distilerij, da se pogovore o načinu, da se porabi manj žita za alkohol.

Krščen denar

POVEST

Dr. Ivo Šerli

I. Martin prikoleduje v Slivnico in jo zavije na levo.

Takrat so mislili Slivničani, da je vsemu konec, ko jim je neusmiljeni požar pokončal vso vas in so se morali dolgo dolgo etiskati pri dobrih ljudeh. Ali zunaj po svetu so zanje kmalu nabrali toliko midolov, da je stala že čez tri leta prav na vsakem pogorišču na mestu nekdanje bajte lepa, bela, nova stavba in da ni bilo daleč okrog tako prijaznega kraja kakor Slivnica.

Kvarila je to lepoto samo Šilarjeva hiša, ako se je smela stara podrtija tako imenovati. Zgodilo se je bilo namreč, da so gasilci takrat rešili samo njo. To pa ni bilo čudo, ker je stal ravno zraven nje vaski vodnjak in so jo bili vsi tako obili, da so jo ognjeni jeziki zastoj oblikovali, dokler jih niso debeli pljuski vode najprej skrajšali in potem popolnoma poparili drugega za drugim.

Ali kakor so takrat vsi mislili, kako je to sreča, da so oteili vsaj eno poslopje, jim je bilo pozneje prej žal nego ne, da je ravno ta bajta ostala. Zakaj vsakega drugega gospodarja v vasi bi bilo že zaradi njega samega sram, da ima tako domačijo — samo Šilarice se ni prijel ne lepa ne grda beseda; in njena koč, še vedno s slamo krita in od najmanj stoletnega dima vsa zakajena, je čepela hudobna in zakrknjena ob cesti, ravno pod mlajem, ravno sredi najlepših in najponosnejših vasiških hiš. "Za mene je še dobra, moja bajta — ako ni za vas, napravite mi drugo!" je odgovarjala Šilarica.

Ali jeziti se ni pomagalo in morda so ji rajši z navidezno prijaznostjo občeavali, da bi ji še nekoliko pomagali, če bi hoteli prezidati. Saj je kak gol-dinar celo še od milodarov ostal. Pa je bilo tudi res, da je nekoliko in njena hiša trpela — vsaj pošteno osmojena je bila — in bi nikdo ne mogel reči, da ni pravično, ako tudi ona dobi kak desetak. Ali Šilarica je hotela, da ji napravi vse iz nabranega denarja. Tega pa morda niso mogli privoliti. In tako je ostalo že petnajsto leto po požaru vse pri starem; le slamnato streho je zamenjala z opekasto, skoro na ukaz oblasti. Stiranjast let in še pet mesecev je namreč že preteklo od tistega strašnega dne do danes, ko se začne ta povest.

Vroč, poletni dan je in široka, ravna cesta od kranjske meje sem se sveti, da kar vid jemlje. Po njej pa stopa proti Slivnici popoten človek, ni več mladenič, a tudi ne še mož. Čez levo ramo nosi na širokem jermenu pisano harmoniko, čez desno pa škornjev, zato pa so mu noge boste. Obleden ni ne kmečko ne gosposko; to se pravi: obleka mu je urezana po mestni noši, blago pa je ne samo že vse oguljeno, nego tako lahko in mahdravo, da bi ga pamefen človek nikdar ne kupil. Namesto klobuka ima na glavi nekaj kapi podobnega, okoli vratu si je bil privezal žensko ruto ali ka-li. Postave je srednje in zelo šibke, obraza bledega, bolj ženskega, oči pa mu kar pojejo in žvižgajo; tako so poredne, vesele in brez skrbi.

Ta hip je prišel do studenca pred vasjo. Zdaj je zažvižgal tudi z ustni in splezal kakor mačka do precej visokega zleba, pa se napil do mile volje. Potem si je še noge omočil v koritu in potem hajdi naprej v vas!

Pogledal je vsako hišo posebno nad vrati, in videlo se je, da išče, kje Bog roko ven moli, kakor se pravi. Šele na sredi

vasi je našel, a tu tudi kar dvoje takih znamenj. Gostilna na desni roki, nad cesto, je bila lepo visoko poslopje — popotnik jo je ošvigal samo z očmi, kakor da se je ne upa prav polastiti; Šilarčin bajti pa se je prijazno posmehljal in jo mahnil skozi vrata.

"Bog ga daj!" je pozdravil staro, ki je prišla ravno iz kuhinje in ki je v njej takoj spoznal gospodinjico. "Ali imate kaj jesti, mati? Napil sem se že v prvi krčmi v vasi."

"Kjer ste se napili, tja pojdite še jest," je rekla starka nevoljna in se je hotela vrniti v kuhinjo. Tu se je gost veselo zasmehal.

"Čakajte, mati, meni se zdi, da se prav ne razumeva," je rekel. "V tisti gostilni, kjer sem se jaz napil, tam pri onem stogu pred vasjo, nima jo ognjenišča ne dimnika in pijačo kar sproti potočijo. Tudi plača se ne — jaz bom pa pošteno plačal, kar mi daste."

Zdaj ga je Šilarica razumela, da je mislil prej studenec; in ko ji je videla, da je došlec potegnil tudi nekaj desetice iz žepa, ji je postal suhi obraz že bolj priazen. Zagodrnjala je pa vseeno še dosti srepo:

DROBNE VESTI IZ SLOVENIJE

(Došle preko Trsta)

(Nadaljevanje s 1. strani.)

je, so v Jugoslaviji različni. Radi tega skritega blaga so sedaj proglašeni obojenci kot špekulantje in saboterji.

CEKADA ANDREJ, trgovec z usnjem na sv. Petra cesti v Ljubljani je še večji grešnik kot gori imenovani štajerci. Tudi ta je skrival blago in ga prodajal na svojo roko. Imel pa je dolgo časa srečo. Šele sedraj ob tej ob-sodbi 20. avg. je rešen vsega premoženja na korist države. Dobil je obenem 12 let pokore, ker se ni navadil o pravem času komunističnega katekizma. Z njim je obojen njegov nečak Janez Čekada na 4 leta, dva Bosanca pa na 18 mesecev.

NEPOBOLJSLJIVI A D V O K A T I. — V poročilih iz Slovenije smo že večkrat povedali, da je sedaj advokatu prepovedano, da bi zagovarjal obtoženca. On ima nalogo, da pomaga državnemu tožniku spraviti s poti sovražnike ljudske oblasti. Toda nekaj advokatov se ne more odvaditi starega navad iz stare reakcionarne Jugoslavije. Ko pridejo na sodišče mislijo, da morajo govoriti za svojega varovanca. Pri obravnavi proti Furlanu in Nagode-tu so se zagovorniki večinoma spodobno obnašali in niso delali težav "ljudskemu" sodišču. Sklenili so, da je govorjenje samo srebro, molčanje pa zlato. Dva

pa nista priznala veljave temu pregovoru. Zato sta sedaj javno ozmerjana in imata pričakovati zaslužene "ljudske" kazni. To sta advokata dr. Vladimir Ravnihar in dr. Joahim Ražem. Oba ta dva sta mislila, da morata vendar reči katero za dr. Furlana, svojega prijatelja. Zlasti dr. Ražem, kar ni verjel, da je Furlan tak zločinec. Hotel je pokazati osebnost obtoženca v lep-si luči. Oba advokata sta imenovala obtoženico "psihološko ugan-ko." Poročilo o teh krivoverskih advokatih, ki še niso "zgrajeni" in "usmerjeni" kot zahteva komunistična vera, za kiju čuje "Slov. Por." 22. avg. takole:

"Del branilcev svojega poklica na tem procesu torej ni vršil v interesu ljudstva in države, vršil ga je na liniji obtožencev."

Taka je tedaj pravičnost v "novi" Jugoslaviji.

KAJ DELAJO NA PRISILNEM DELU? — Kmalu bo leto dni, ko je bila obsojena cela vrsta Prekmurcev, češ da delajo proti "ljudski" oblasti in da so v zvezi z uporniki. Med obsojenimi je bilo tudi več duhovnikov. Pismo nekega Prekmurca poročila. "Dekan Jerič iz Turnišča in župnik Vojkovič sta sedaj v Ljubljani in pridno žagata in cepita drva. O župniku Havku iz Bogojine se domneva, da je mrtev. ...

"Navada je kakor mehka postelja: lahko padaš v njo, pa se le s težavo izkoplješ iz nje."

Ali je bil to le slučaj? Neki mlad duhovnik je obiskal svojega sošolca kaplana. V istem župnišču je bil poleg župnika še drugi kaplan: Kaplani so se vrstili tako, da je vsak teden eden skrbel za bolnike.

Ta teden je bila vrsta na drugega kaplana, da vsatne ponoči, če treba k bolniku. Prvi kaplan in njegov obiskovalec sta se pa hotela malo pošaliti z mlajšim kaplanom, zato sta, ko je mlajši odšel k počitku, postavila pred njegova vrata na hodnik uro budilko, napravljeno, da bo sredi noči klicala.

Ura je res zazvonila sredi noči in mlajši kaplan je vstal in šel po dolgih stopnicah k vratom, da bi videl kdo ga kliče k bolniku. Šaljivca sta bila še pokoncu in sta prišla v sobo, da povesta, da sta se le šalila, da ni nikdo bolan. "Kako to, da ni, saj me mož še spodaj pri vratih čaka, da mi pokaže hišo," je bil odgovor mlajšega kaplana, kateri se je hitel oblačiti, da gre k bolniku.

Šaljivca sta se spogledala. Ali je bil to slučaj? Nočni zvonec pri vratih je bil pretrgan, torej ni zvonil. Budilka, ki sta jo šaljivca postavila na hodnik, je torej prav tisti hip zazvonila, ko je spodaj stojič pritiskal na zvonec, kateri pa ni zvonil radi pretrgane žice. Čuden slučaj.

"Nič delati je zelo utrudljivo zato, ker človek ne more prenehati in si odpočiti."

Pripovedujejo, da je neki pris-muk iz Californije prišel v mesto Newark predavati o porodni kontroli. Med tem, ko se je širo-koustil, je pa vstopil uslužbenec Western Union s telegramom, v katerem je bilo poročilo, da je njegova žena doma v Californiji pravkar porodila dvojčke. He, he, he. Včasih se narava maščuje presneto hitro.

Prihajajo dnevi, ko narava barva drevesa v zlato, višnjevo, rdečo in rjave barve. Kjer je drevje več vrst, kot je po Minne-soti in Wisconsinu, tam je pogled na gozd naravnost nepopisno krasen.

In tako se je zgodilo, da je neki umetnik šel ven in začel slikati. Prišel je mimo neki farmar, če je bil to iz Hubbarda ali od kod drugod, ne vem. Enihau gle-

dal je slikarju čez ramo, kar je slikarja navdušilo, da je začel: "Aha, tudi ti se zanimaš za kra-sote narave. Ali vidiš kako tam-le zlato sonce pošilja svoje zlate prste sem proti nam, kako plavajo oblaki kot mali otočki po morju neba? Ali si bil kdaj ga-njen, ko je luna v tihni noči ves-la-ča čez nebeske travnike, konečno pa se skrila kot sramežljiva de-klica, za oblak?"

Farmar ga začuden gleda ne-kaj časa, potem pa zmaje z gla-vo ter reče: "No, vsega tega ni-sem opazil. Sicer pa že več ko leto ne pijem drugega kot vodo." To je pa več ko dovolj. Da mo-re biti človek tako prozaičen.

Nekdo pravi: "Morda bi nas prav nič ne skrbelo, kaj ljudje o nas mislijo, če bi vedeli kako malokrat mislijo ljudje o nas."

Pri John Hočvarju so pred kratkem dobili dvojčke, katere so imenovali Denis in Diana (Dionizija). Taki presenti so redki, zato tem bolj zaželeni, ali ne? Mati dvojčkov je Rožnikova.

Pred slovesno sv. mašo sta bi-la poročena zadnjo soboto Harry Novak in Julia Tereba. Vse o-cer-kveni slovesnosti pa se je vršila svatba v Narodnem domu.

Še druga dva, ki sta se zalju-bila in vzela pa sta bila Anton Tekavčič in Clara Gorenc. Vsem želimo polno zadovoljnost vse-skozi.

Niti dva človeka na vsem sve-tu nista enaka in oba sta zado-voljna, da je tako. Ali ni to ču-dno?

Oba, župan Burke in council-man Lucak sta bila nominirana in bosta tudi izvoljena. Upamo torej, da se nas bosta v bodoče malo bolj ogledala.

Ali ni žalostno videti desetko pripeljati se v cerkev v avtomobilu, ki stane \$2,500?

Povest iz prve polovice XII. stoletja
spisal IVAN ZOREC

"O Boštjan," se je zavedel in stopil nasproti desetemu bratu. "Dosti vas je, Gregor," je ta segel v roko svojemu postranskemu polbratu. "Z menoj sta samo tale mladi fant in Peter Klepec."

"Ne bo nas preveč. Huda nas čaka."

Deseti brat je molčal, neprijetna, mučna misel ga je vila.

"S čim pa boš?" je Gregor zmajeval z glavo. "Saj si praznih rok."

"Tale mladi fant mi je gorečnost, Petre Klepec pa orožje in moč. Za nas tri se ne boj, dosti zaležemo, kjer pritismo."

"Sedite torej, odpočijte se — založite in si dušo primočite!"

Gregor je kratko, ukazujoče mignil. Mlad Uskok je od ognja brz na raznju prinesel lepo pečeno ovčko, drug Uskok pa še precej nabreklih meh vina.

Peter Klepec je dobrovoljno zarečal, si odtegnil težak bratav mesa s kostjo vred in hrustnil vanj, da se mu je maščoba pocedila v razkuzmano brado. Lačen je bil, kamenje bi bil grizel, če bi ne bilo tega mesa.

Vsi so ga strahoma gledali. "Prav je, da je še kaj mesa," so si mislili, "sicer bi požrl koga izmed nas."

"Saj res ne more škoditi, če ima vamp kaj dobre mlečve," je deseti brat dejal in si tudi vzel rezino bravine.

Le Janez ni segel po mesu, čeprav je bil hudo lačen.

"Odkod so vam ovce?" je rekel in trdo pogledal po vseh.

"Kje ste dobili vino?" Dedci so se zasmejali, da nihat niso mogli.

"Če ste nakrali vse to," je kazal po razmetanih krvavih ovčjih kožah in praznih vinskih mehovi, "se ne pritaknem ničesar!"

"Kar jej, kar jej," so se smejali, "tudi ukradena ovca se da lepo peči; samo vino je kisló ko vrisk, vode pa ni nikjer po teh krajih."

"Ne maram!" se je zarekel. "Kako naj jem in pijem, ko se o-kradeni tlačen joka?"

"Kdo pa si, dečko?" so se zabavali še bolj. "Pa ne, da si gosposki birci, ki si prišel lovit tatove?"

Tudi deseti brat se je smejal. Le Peter Klepec se ni menil za nič, po medvedje je momljal sam vase, grizel in žvečl slastno meso in med strašnimi zobmi drobil tudi kosti, da je hreščalo, kakor bi veje lomil s starega gabara. Za primako si je nastavil vinski meh, ga ožl, osušil in je praznega odstavil in se ozrl.

"Hoj, tako, tako!" ga je kr-delo strme ogovarjalo. "Zdaj pa bo, kaj ne?"

"Ali si zdaj spet enkrat sit?"

"Če ne, ti stopimo kam še po dve, tri ovce in po tovor vina."

"Ni treba," je Peter Klepec branil. "Za silo sem se že odtešal, potlej se bo pa že še vide-lo."

"Samo da ne hlastneš po kom izmed nas, ko se zlačniš."

Smeha in zabave so imeli z medvedastim Petrom Klepcem; trmoglavega Janeza, ki se mu po očeh vidi, kako je lačen, pa se vendar brani jedi in pijače, so v smehu in šali skoraj zgrešili.

"Dobri fant," je Gregor naposled mogel reči, "kar jej in pij! Noben tlačen, mislim, se ne joka radi te naše večerje. Kupi-li smo, res da po sili in v ceno, a kupili smo vendar vse, ovce in vino."

A Janez mu ni verjel, trmog-lavo se je branil mesa in vina, dasi je bil lačen, kakor bi bil prišel s tlake.

Gregor je z očmi trenil po kr-delu in ukazal:

"Tiho, poslušajte me zdaj!"

Ob kratkem je povedal, zakaj sta on in njegov brat Boštjan hudo gorko grofu v Žužemperku.

"Nocoj se maščujeva staremu skopuhu, ki za naju ni skrbel nikoli nič. Doto, ki nama gre, si zdaj vzameva sama."

Janez je dobival rdeča ušesa, deseti brat ga je krotil, da ni poskočil in povedal svoje.

"Kaj?" se je pošteni fant šepetaje upiral. "Med razbojniko si me upiral?? Še nikoli se nisem doteknil tuje lastnine, a sedaj naj grem z njimi krast? Če misliš, da ti je grofa terjati za kaj, opravi to sam!"

"Molči, Janez, janzasti," ga je deseti brat tešil, "če Uskoki zvedo, da se upiraš kraji, ki jih je edina primamila iz take dalje, bodo mislili, da si vohun in te raztrgajo na drobne kose!"

"Zato moramo napasti grad," je Gregor dalje pravil in jim, gledajoč v list papirja, dopovedal, kje so dragotine, kje orožja, kje grofova bivalnica.

"Vse, kar je v gradu živega, pokoljite, od vrha do tal grad oplenite in zažgite na vseh štirih vetrovih!"

Možaki so se zadovoljno režali in se že skoraj pripravljali, da bi brz zdivjali na grad.

"Ves plen prinesite semkaj!" je Gregor zabičeval. "A kdor mi

izroči grofa živega ali mrtvega semi prikupi prav posebno in mu prepustim pol svojega deleža pri plenu."

Deseti brat je šinil pokonci; zgrozil se je ob strašnih besedah in tiho rekel molapridnemu bratu:

"Grof je vendarle tvoj in moj oče, ne pozabi tega, Gregor!"

"Nikoli še ni pokazal, da je; tudi tebi ne!"

"Oče je oče, čeprav je, kakršen je. Preklet sin, ki roko dvigne zoper svojega očeta!"

Gregor je bolčal, pobešal oči in težko dihal, a naposled je zopet ukazoval:

"Pripravite se vsi, iti moramo!"

"Mi trije pojdemo naprej!" je dejal deseti brat po kratkem preudarku. "Prevohati moramo, koliko ljudi je v gradu, a tale Peter Klepec si mora kaj preskrbeti, da razbije grajska vrata. Vsaj dve uri časa pustite, da opravimo vse to."

"Saj res, le podite!" je Gregor pokimal.

In so šli.

A Gregor, malopridnež, kakršen je bil, ni več zaupal bratu Boštjanu; pomignil je čvrstemu Uskoku.

"Vaso," mu je tiho velel, "hodi počasi za njimi, pazi, kam pojdejo, ne pusti jih z oči!"

Prezun je bistro razumel in mrknil v temo.

"Bera, bratje, bo velika, nemara še večja kakor je bila to zimo, ko ste s svojimi junaškimi brati grofu Thurnu pomagali razpoditi kmečkih upornikov in opleniti in zažgati mesto Krško," je Gregor hrabil Uskoke.

"In kakor tačas grof Thurn, vam zdaj tudi jaz dajem vso pravico: pomorite, oplenite in požgite vse!"

Razbojniki so si dobrovoljno kimali in lakotno renčali, češ,

pojdimo že...

Deseti brat je z Janezom in Petrom Klepcem prišel iz hoste nad žužemperkom, postal in rekel.

"Mi trije ne bomo morili, plenili in požigali, kajne?"

"Saj nismo razbojniki!" je Janez ježno godrnjal.

Peter Klepec je molčal; sit je bil, leno, počasi je mislil, v srcu pa mu ni bilo ne jeze ne želje po plenu, saj še nikoli ni moral in ne kral.

"Valpta, Janez, premakasti kdaj kesneje, če mu res odpusti ti ne moreš tiste nerodnosti pri Ančki, je deseti brat mečil užaljenega ženina. "Ti, o Peter

Klepec, pa le razbij vrata v vozo in otmi Kabičča, čeprav ti srboritec nemara še hvaležen ne bo. Potlej jo ulekemo, odkoder smo prišli."

"A kaj bo rekel hudi mož, ki nas je otodile tako ščuval?" se je Peter Klepec spomnil.

"Vrag mu pomagaj, mi mu ne smemo, kristjanje smo!"

"Grofa bodo pa le pogubili in grajske tudi," je Janez strahoma rekel.

"Ne bodo! Veš, grof in skoraj vsi krajski so šli v Ljubljano, grofinjo, ki jo je medved udušil, pokopujejo tam. A kar jih je ostalo doma, se lahko ume-knejo v stolp, kjer jim vsi Us-

Deseti brat je z Janezom in Petrom Klepcem prišel iz hoste nad žužemperkom, postal in rekel.

"Mi trije ne bomo morili, plenili in požigali, kajne?"

"Saj nismo razbojniki!" je Janez ježno godrnjal.

Peter Klepec je molčal; sit je bil, leno, počasi je mislil, v srcu pa mu ni bilo ne jeze ne želje po plenu, saj še nikoli ni moral in ne kral.

"Valpta, Janez, premakasti kdaj kesneje, če mu res odpusti ti ne moreš tiste nerodnosti pri Ančki, je deseti brat mečil užaljenega ženina. "Ti, o Peter

Klepec, pa le razbij vrata v vozo in otmi Kabičča, čeprav ti srboritec nemara še hvaležen ne bo. Potlej jo ulekemo, odkoder smo prišli."

"A kaj bo rekel hudi mož, ki nas je otodile tako ščuval?" se je Peter Klepec spomnil.

"Vrag mu pomagaj, mi mu ne smemo, kristjanje smo!"

"Grofa bodo pa le pogubili in grajske tudi," je Janez strahoma rekel.

"Ne bodo! Veš, grof in skoraj vsi krajski so šli v Ljubljano, grofinjo, ki jo je medved udušil, pokopujejo tam. A kar jih je ostalo doma, se lahko ume-knejo v stolp, kjer jim vsi Us-

FROM CONGRESSMAN BOLTON'S OFFICE

By Congressman Frances P. Bolton

BEFORE Congressman Bolton left he went over many items of information she thought might be of special interest to you in case there might be delay in getting a first letter from the other side over in time to meet the weekly deadlines.

Mrs. Bolton

You will be glad to know that a cable assured us of her safe arrival in London after a comfortable crossing. Mrs. Bolton tells us daily committee conferences on the way over have been most helpful as have been talks with fellow travelers. Her first morning in London was spent most profitably with our Ambassador Lewis W. Douglas. During the all too short few days allotted her, she will have opportunity to talk with key people. According to present plans after four days in London the group will fly to Paris September 28th for two or three days where they will drop several members for parts of Europe and Greece and Mr. Merrow and Congressman Bolton are due in Cairo October first or second.

May we who are here in her Washington office express the hope that you will find something of real interest in the following items—and further, that you will call upon us freely for any needs that may arise during her absence.

THIS week evidenced an event of great historic interest to all Americans when the unification of the Armed Forces under a single Secretary of Defense, enacted by the 80th Congress and incorporated in Public Law 253, went into effect. Under the new set-up James V. Forrestal is Secretary of Defense. As yet an Undersecretary has not been selected. It also means that one of the oldest administrations of our government—the War Department—is a thing of the past. Kenneth C. Royall, who was Secretary of War until this change took place, has lost position in the President's Cabinet. He is now Secretary of the Department of the Army, while John L. Sullivan has taken over as Secretary of the Department of the Navy and W. Stuart Symington became Secretary of the new Department of the Air Force, making three separate equal departments under one Cabinet officer. The Army and Air Force announced a separation plan to disentangle the two services within the next two years. The independent Air Force will, however, continue to have Army supply, medical and chaplain units from that source.

Of interest is the new protocol set-up putting the Secretary of Defense into the senior Cabinet position previously designated as Secretary of War. His relative rank will be immediately following

that of the Secretary of the Treasury, increasing his rank from sixth in line of precedence to third. This is the first time that a newly created portfolio in the Cabinet has taken precedence over any earlier established office. In the past a new Cabinet post has always been placed at the end of the line. Secretaries of the various Forces are now listed as being below members of the House Representatives according to protocol, their order being Army, Navy and Air Forces. However, should Mr. Royall resign his successor will be placed below Mr. Symington and on through the three until they arrive back at the original rating so as to insure the three department secretaries are recognized as being on an equal basis. When an Undersecretary of Defense is selected the undersecretaries of the three departments will rank below him.

FROM the Cleveland World Trade Organization comes advice that Cleveland's world trade, including direct and indirect exports and all direct imports, will exceed \$435 millions in the current year. Although Cleveland world trade is now enjoying a boom period, efforts are underway to increase the present volume by encouraging businessmen to present participating and by giving all possible publicity to Cleveland-made products and firms.

THE U. S. Department of Commerce is now preparing a history of the United States steel industry from its inception. The report has been in preparation for some time, but is not expected to be completed until the first of the year.

ALTHOUGH the War Assets Administration's disposal of surplus war plants have now reached the halfway mark, efforts to further streamline and speed operations continue. In the case of facilities built by the Government as additions to existing privately owned factories the WAA has set up a new sales organization featuring sale by direct negotiation rather than by competitive bidding. There is also contemplated a plan to use local advisory councils composed of local bankers, realtors, insurance men and appraisers and real estate brokers where property has proved difficult to market. Over half of the surplus real property involved has been sold or leased to date. However, some three billion in the terms of cost still await disposal.

"News from Sweden" conveys an interesting statement by Prime Minister Tage Erlander. It is to the effect that the over anticipated strain on Sweden's currency reserves "is largely due to the fact that import deliveries under contracts already made have been permitted." The blame is attributed not to imports of non-essentials but to imports of vital raw materials the country needs. As a result import restrictions, including the restrictions on machinery for investment purposes, will be made more rigorous.

THE SHADOW

Hen Protests Ride In Auto

Janesville, Wis. — William Austin cocked his ear to one side. It couldn't be true. But, yes, the motor of his car was actually squawking.

Investigating, Austin found an indignant hen perched on the radiator. It seems she had been forced to squawk for help to save her Sabbath-day egg, rolling precariously about on a motor fitting.

ARE YOU A GOOD PARISHIONER?

We all, at one time or another, tell ourselves that we are one of the main pillars of the Church, and often tell our friends as much. Frequently we are put to a test to prove our sincerity. This is ONE time that we are asked to do just that.

The 26th of this month we are gathering at the Slov. Home on Holmes Ave. to do honor to our pastor, Rt. Rev. Monsignor Vitus Hribar, and we know that all good parishioners will attend this celebration in appreciation of the many things he has done for our church. As you all know, when Msgr. Hribar was put in charge of this parish, we were heavily in debt, and that he was many times hard put to meet current expenses. But thru his foresight and wise management and the co-operation of his parishioners he was able to pay all debts so that at the present time we have a substantial treasury to our credit.

The committee has worked hard to make this banquet the success it is expected to be. There are just a limited number of tickets available, so: first come, first served. You may obtain tickets from any of the following organizations:

Church Councilmen
Altar Society
Parent-Teachers Association
Don Bosco Club members

A BETTER METHOD OF BUYING A BOWLING BALL

YOU BUY AFTER YOU TRY

It is all well and good to be fitted for a bowling ball... But it is safer before buying the "dimensions" to practice with a ball already bored to your correct grip—at Grdina Recreation. Thus you completely satisfy YOUR OWN choice in ACTUAL PRACTICE.

YOU BUY ONLY AFTER YOU TRY.

(Even a tailored suit may require refitting after you try it on.)

Note—Those who will be unable to attend the banquet, can obtain tickets for the dance which will be held in the lower hall. Tiny Lille and his orchestra will entertain.

Along a western highway is a billboard plugging Smith Bros. Cough Drops with this catch line: "Take one to bed with you." Across the bottom of the board some local wag has written: "I wouldn't sleep with either one of 'em."

"WIT" TO YOU

Two men left a banquet together after they had dined too well. "When you get home," advised one, "if you don't want to disturb your family, undress at the foot of the stairs, fold your clothes neatly and creep up stairs and into bed. It's the undressing in your room that awakens the wife."

Next day they met at lunch. "How did you get along?" asked the one. "Rotten," said the other. "I took off all my clothes at the foot of the stairs as you told me and folded them neatly. I didn't make a sound. But when I got to the top of the stairs, I found

it was the L-station."

She: "And after we are married, will you give me an allowance?"
He: "Assuredly, dear."
She: "A liberal one? So that I may buy anything I like?"
He: "Of course, darling. You may man."

She: "Yes. How fast can you make it?"
