CENTRALNI ZAPADNI OKRAJ NAPREDUJE

IZ GLAVNEGA URADA K. S. K. JEDNOTE

V "Glasilu" minulega tedna je bilo poročano o zavarovalnini novih razredov "D" in "E".

Pojasnjeno je bilo kakšne koristi se nudijo članom in članicam, ki se v teh razredih zavarujejo.

Omenil sem, da je zavarovanje v razredih "C, D in E" najbolj priporočljivo in to iz razloga, ker te vrste certifikati nosijo rezervno vrednost, katere se član v sili ali v kakšnem drugem slučaju lahko posluži.

Danes pa hočem poročati, kako in na kakšen način lahko člani in članice razredov "A in B" zamenjajo svoje sedanje certifikate za one razredov "C, D in E".

Pred vsem moram omeniti, da smo prejeli od tajnikov raznih krajevnih društev prošnje, da naj bi društvom poslali natančno pojasnilo koliko znaša rezerva vsakega posameznega člana in članice. Ravno tako se nas prosi, da bi se društvom naznanilo, pa kateri starosti bi član plačeval v slučaju, da sedanji certifikat zamenja za enega novih razredov.

V odgovor na to moram pripomniti, da nam je to nemogoče napraviti. Ako bi se hotelo potrebne podatke pripraviti za vse članstvo Jednote, bi to vzelo zelo veliko dela in časa. Zato se želijo društva ne more ustreči.

Torej za vse članstvo je nemogoče vse potrebne podatke takoj pripraviti, pač pa se lahko te podatke pripravi za one člane in članice, ki želijo svoje sedanje certifikate zamenjati in ki nameravajo prestopiti v razred "C, D ali E". V ta namen je potrebno, da se nam naznanijo imena članov in članic, ki nameravajo certifikate zamenjati. Poleg imena je treba naznaniti tudi certifikat številko in datum rojstva. Pri datumu rojstva se mora navesti dan, mesec in leto, kedaj je bil član rojen.

Rezervna vrednost certifikata

Rezervna vrednost vsakega certifikata se računa na podlagi starosti, po kateri član plačuje in po letih, to je, koliko časa je član Jednote.

Članstvo razreda "A" se deli v dva dela. Prvi del tega razreda tvorijo člani, ki so pristopili k Jednoti pred 1. januarjem 1901. Ti člani plačujejo asessment na podlagi starosti, kakor so bili stari 1. januarja 1910. Drugi del razreda "A" pa tvorijo člani, ki so pristopili po 1. januarja 1901 in plačujejo asessment po starosti, kakor so bili stari 1. januarja 1915.

Rezerva člana razreda "A," ki je zavarovan za \$1,000 in plačuje asessment po starosti 28 let, (to je po starosti, kakor je bil star 1. januarja 1910) znaša \$288.46. Če tak član plačuje asessment za starost 35 let, znaša sedaj rezerva njegovega certifikata \$560.74 itd.

Član, ki je pristopil v Jednoto po 1. januarju 1901, plačuje asessment po starosti kakor je bil star 1. januarja 1915.

Na primer član, ki je zavarovan v razredu "A" za \$1,000 in plačuje asessment po starosti 20 let, potem znaša rezerva njegovega certifikata \$155.57. Ako tak član plačuje asessment po starosti 35 let, njegova rezerva znaša \$274.43. Če pa plačuje asessment po starosti 50 let, znaša sedaj rezerva njegovega certifikata \$444.41 itd.

V razred "B" spadajo člani, ki so pristopili v Jednoto po 1. januarja 1915, in so zavarovani za dosmrtno zavarovalnino.

Rezerva takega člana se računa od dne pristopa in pa po dobi časa koliko let je član Jednote.

Recimo, da je bil član ob času pristopa v Jednoto 20 let star. Zavarovan je za \$1,000.00 in je član Jednote 5 let. Njegova sedanja rezerva znaša \$31.27. Ako je tak član pri Jednoti 14 let, potem znaša njegova rezerva \$104.34. Po preteku 18 let od dne pristopa, znaša rezerva certifikata takega člana \$144.69 itd.

Ako je bil član ob času pristopa 35 let star in je sedaj član Jednote 5 let. Rezerva njegovega certifikata znaša \$59.62. Po preteku 10 let znaša rezerva \$128.27 in po preteku 18 let \$256.85.

Kadar govorimo ali pišemo o rezervi certifikatov razredov "A" in "B," ni s tem rečeno, da si član lahko tako rezervo izposodi ali na kakšen drug način zahteva, da se mu izplača. Ta rezerva pride v poštev le takrat, kadar član želi zamenjati svoj sedanji certifikat za onega razreda "C," "D" ali "E."

Zgoraj omenjena rezerva se vpošteva pri članu, ki prestopi iz razreda "A-B" v razred "C, D ali E." Drugače rečeno kadar član razreda "A" ali "B" vložijo prošnjo za prestop v razred "C," "D" ali "E," se v prvi vrsti vpošteva zgoraj omenjena rezerva in na podlagi rezervi se člana potem stavi v oni starostni razred, v katerega pripada na podlagi narasle rezerve razreda "A" ali "B."

Večkrat se nas je vprašalo, po kateri starosti bi član, ki prestopi v razred "C," "D" ali "E," plačeval asessment. Vprašalo se nas je, bo li član plačeval asessment po starosti, kakor ga je plačeval do sedaj, (to je pred prestopom) ali bo moral

plačevati asessment po starosti, ob času prestopa.

V odgovor na to naj bo povedano, da tak član ne bi plačeval asessmenta ne po njegovi stari starosti in ne po starosti ob času prestopa, pač pa bi po prestopu plačeval asessment po starosti, ki bi bila določena temeljem rezerve njegovega prvotnega certifikata.

Prestop v razred "D."

Na primer: Član razreda "A" zavarovan za \$1,000.00 je bil 1. januarja 1910, recimo 35 let star. Tak član plačuje sedaj asessment po starostnem razredu 35 let. Ako bi tak član prestopil v razred "D" bi se v prvi vrsti vpoštevala rezerva njegovega certifikata, ki znaša v tem slučaju \$366.25.

Omenjeni član je bil 1. januarja 1910 35 let star. Bil je član Jednote 24 let in je sedaj 59 let star. Ker kakor preje omenjeno rezerva takega člana znaša \$366.25, bi bil na podlagi te rezerve prepisan v razred 38 let. Z drugo besedo rečeno, če bi tak član prestopil v razred "D" bi od prestopa naprej plačeval asessment po starosti 38 let ali za tri leta višje starosti, kakor ga je plačeval pred prestopom v razred "D."

Prestop v razred "C"

Ako bi pa tak član želel prestopiti v razred "C" (Dvajset-letno zavarovanje) njegova rezerva zadostuje, da se mu sedanja starost 59 let zniža za 11 let. Tak član bi bil vpisan v starostni razred 48. Tak član bi po prestopu plačeval asessment za starost 48 let.

Kar je največje važnosti pri tem je pa tole: Iz predstojčega poročila je razvidno, da bi se dalo članu, ki prestopi v razred "C" kredit za 11 let. Torej bi tak član nadaljeval s plačevanjem asessmenta še samo 9 let, nakar preneha plačevati smrtninski asessment. Tak član bi imel vplačano zavarovalnino (Paid up Insurance).

Te vrste prestop (to je iz razredov "A-B" v razred "C") je najbolj priporočljiv in to posebno še za mlajše člane in članice.

Prestop v razred "E"

Vzemimo člana, ki sedaj plačuje asessment po starostnem razredu 35 let in je sedaj 59 let star. Če bi tak član želel prestopiti v razred "E" bi od prestopa naprej plačeval asessment po starosti 51 let. Ako tak član živi do starosti 70 let, potem se mu v gotovini izplača posmrtnina za katero je zavarovan.

Tu je navedenih le par slučajev na podlagi katerih se lahko vidi, kako se računa rezervna vrednost članovega certifikata kakor tudi na kakšen način in po kakšni starosti bi član plačeval asessment v slučaju, da prestopi v razred "C," "D" ali "E." Za vsakega člana in za vsako starost so druge svote, druge številke zato je nam nemogoče za vse člane in članice kar na enkrat naznaniti narasle rezerve ali v kateri starostni razred bi ta ali oni spadal če prestopi v eden ali drugi izmed zgoraj omenjenih razredov.

Rade volje pa bomo poslali tajnikom (icam) pojasnila, če se predstojčče priporočilo vpošteva in nam naznani imena onih članov in članic, ki želijo svoje sedanje certifikate zamenjati.

Naše največje veselje bi bilo, če bi se moglo kar na hitro društvom poslati natančna pojasnila za vsakega posameznega člana in članico, toda kakor rečeno če bi hoteli to pripraviti, bi vzelo zelo veliko časa in dela. Ščasom se bo to uredilo, toda ravno sedaj, ker imamo ogromnega dela na rokah, nam ni mogoče. Na vsak način, pa se bo pa naših najboljših močeh poslušalo ustreči želji društvenih uradnikov(oc) s tem, da bomo kakor hitro mogoče pripravili vse potrebne podatke in pojasnila za one člane in članice, ki bi želeli prestopiti.

Končno apeliram na vse društvene uradnike(ice) in kampanjske voditelje(ice) ter prosim: Povejte prospektivnim kandidatom da jim nudi naša Jednota najmodernejše vrste zavarovalnino. Razložite vrednost certifikatov. Priporočite jim našo organizacijo v taki obliki, kakor v resnici je. Ako bode to napravili, smete z vso gotovostjo pričakovati, da bo Vaše delo rodilo obilen sad.

Vaš

Josip Zalar, glavni tajnik.

KAMPANJSKO POROČILO

Joliet, Ill., 19. marca. — Začetek naše jubilejne kampanje, katero nazivamo tudi "KSJK kampanja boljših časov," je povsem ugoden. Na farmah v državi Minnesota, Kansas, Wisconsin in Illinois se je začelo marljivo delati. Vsi delajo prednjači dosedaj Centralni zapadni okraj, kar se tiče pridelka. Tem našim najemnikom in lastnikom farm ali pšeničnega polja je določena kvota en milijon ton žita; dosedaj so ga spravili v žitnice že 11,122 ton.

Tudi v Istočnem okraju, razne delavnice in jeklarne, spadajo k Pennsylvania Mining Co. in Michigan Steel Corporation kažejo agilnost v prometu. Zaradi tega je ta okraj na drugem mestu. Istočna sekcija ali okraj ima do danes kreditiranih 2,993 ton gotovega materijala.

Zapadna sekcija ima k dobrem 1,370 ton. Živahna kompeticija. Kompeticija za prvenstvo med farmami Centralne zapadne sekcije (okraja) je izredno živahna. Doslej so Minnesotčani v ospredju, ker so spravili v žitnice že 2,120 ton pšenice. njih skupna kvota za pet mesecev tekampanje znaša 100,000 ton. Tudi vrlim delavcem po farmah v Minnesoti sledijo naši farmarji v državi Kansas; tam imajo namreč že 2000 ton lepe pšenice. Pridelovalcem žita v Wisconsinu smo pripisali 875 ton k dobrem, farmerjem v Illinoisu pa 645 ton.

Zaposleni premogarji. Seveda tudi naši izvežbani premogarji nočejo počivati, da siravno se bliža zima že h koncu. V Istočnem okraju prednjači do danes Pennsylvania Mining Co. Odposlala je že 487 ton črnega demanta.

Dalje se je pronašlo, da ima ta sekcija pripravljenega že 400 ton jekla in železa Michigan Steel korporacije. To podjetje je v tej kampanji na drugem mestu Istočnega okraja.

Tamkaj na zapadu naši pastirji še nimajo vse živine na planem. Dobili smo samo od enega pašnika poročilo, da so ondi odgnali na trg živine in ovac v skupni teži 288 ton.

Vse številke uradne. Vse gori navedene številke so uradne na podlagi naših zapis-kov in listin. Številni naši kampanjski voditelji nam poročajo, da te ali prve dni promet vsled tega ni bil tako ugoden, ker so bile tržne cene prenizke. V obče se zatrjuje, da bo poročilo za prihodnji teden veliko bolj ugodno, kar se tiče izvoza blaga iz New Yorka, produkcije premoga, jekla, žita in reje živine. Na podlagi prvega poročila te kampanje smemo biti povsem sigurni, da bo ista uspela.

Poljedelstvo v Minnesoti. Ely, Minn., 18. marca. — Dasiravno v tem mestu ni nikakih velikih farm, pač pa železoru-dniki, sta vseeno dve farmi pokazali svoje zanimanje za to kampanjo. Farma št. 112 in št. 203 tekmujeta medsebojno za prvenstvo; doslej je prva na krmilu.

Kakor iz posebnega poročila razvidno, je bil zadnje dni osebno nadzornik farme št. 112 brat Jos. J. Peshel zelo zaposlen, ker je spravil 3,300 ton pšenice v shrambe; to je največja produkcija takega blaga tekom te kampanje.

Njegova sorodnica sestra Katarina Peshel, nadzornica farme št. 203, je nabavila 833 ton žita.

To nam dokazuje, da bo borba za prvenstvo med tema dveh farmama precej huda; kajti nam tudi, da bo nadzornik vsake izmed teh farm v do-glednem času dosegel predpi-sano mu kvoto.

Farme v Kansasu

Kansas City, Kans., 19. marca. — Na veliki farmi št. 160 so dosedaj namlatili 667 ton lepe pšenice. To delo je nadzorovala in vodila sestra Agnes Zakrajšek in dosedaj s tem doseglja prvenstvo glede pridelka na farmah v Kansasu.

Lepo količino žita so spravili tudi na farmi št. 38 namreč 500 ton. Imena nadzornika te farme žal ne vemo, ker nam še ni vposlano.

Pšenica ima izborno zrnje. Obdelovalci farme št. 160 pravijo, da je še precej polja za požeti, nakar se prične mlatva.

Milwaukee, Wis., 19. marca. — Da se tudi naše vrle rojaki-nje v Wisconsinu razumejo na farmerstvo, nam kaže dejstvo farme št. 173, ki je odposlala te dni 375 ton pšenice v žitnico; vsled tega gre dosedaj med vse-mi ostalimi farmami označene države baš tej farmi prvenstvo.

Delo je vodila nadzornica Mrs. Mary Renko.

Tudi v Sheboyganu so začeli te dni žeti in sicer na farmi št. 144; pridelali so za enkrat 333 ton žita. Na žitni borzi te države še nočejo označiti prave cene zim-ske pšenice, kajti dobili še ni-so nič poročil o pridelku na os-talih naših farmah.

South Chicago, Ill., 19. marca. — Ker je te dni nastalo lepo vreme, so se podali delavci far-me št. 44 na obširno polje. — Marljivi nadzornik Frank Zi-herle Jr., je sam stehal števil-noro vreč dosedaj pridelane pše-nice in je zabeležil 833 ton v svoje dobro. Seveda tudi far-marice v Jolietu na farmi št. 108 so nabrusile srpe in šle zavilanih rokavov žet. Raču-najo, da bo natančno 833 ton pšenice za enkrat spravljenih v veliko žitnico tam na Wilcox St.

Na farmi št. 2 so za enkrat pridelali 84 ton rumene pšenice. Sobrat Zihlerle ml., omenja, da bo treba še enega mlatilne-ga stroja, kajti So. Chicago ho-če prekositi vse jolietске far-marje. Bomo videli!

Steele, Pa., 19. marca. — Povodom otvoritve te novovrst-ne Jednotine kampanje smo v našem premogovniku št. 241 dosedaj producirali 1250 ton črnega demanta ali premoga.

Predelavec je brat Anton Ma-lešič; vsled tega gre dosedaj njemu prvenstvo, kar se tiče produkcije premoga v Pennsyl-vaniji.

Premogovnik št. 21 in št. 64 sta spravila na površje 667, oziroma 500 ton.

Kakor omenja brat Malešič, bo drugim premogovnikom v Penna. trda predla, kajti v Steeleonu bodo kmalu začeli de-lati s polno paro; tako tudi na-ši premogarji te naselbine že danes napovedujejo zmago v tej kampanji.

JOLIET BOOSTERS PRESS PIN-TOURNEY PLANS

CHICAGO TEAMS REVIVE TOURNEY SPIRIT; FLORIANS TRIP STEPHENS

KSKJ basketball fans in Chicago had an opportunity recently to revive Waukegan tournament memories again, when they witnessed two cage battles between the champion St. Florians and the St. Stephen Sports. The twin bill, which took place on Sunday, March 11, at Eagles' Hall, was purely a KSKJ affair. More than 200 Kay Jay basketball enthusiasts crowded the floor to see the teams in action.

In the lightweight tilt the St. Florian handed the Sports a 36 to 6 drubbing. Led by Frank Benkovich, who piled up 16 points, the Boosters had an easy time in defeating the West Siders.

The heavyweight game was by far the most interesting on the card. Though the St. Stephen team was considerably strengthened and improved, it could not forestall the superior

offensive attack of the Midwest champs, who rang up a 26 to 17 score. Captain Alex Hurysz and Johnny Zupancic led the St. Florians with four baskets each. The Racich brothers, playing with the St. Stephen squad, contributed 11 of the 17 points compiled by their team.

The St. Florian Booster squads will meet C. Y. O. competition for the balance of their season. On Sunday, March 18, they were matched with the German SS. Peter and Paul teams. The results are not available at this writing.

Sunday, March 25, will see the Boosters competing against Polish C. Y. O. teams, representing St. Mary Magdalene and St. Michael parishes in South Chicago. It is still hoped that arrangements to meet St. Joseph Sports of Cleveland on Easter Sunday will be completed.

TRINITY KNIGHTS STRESS SOCIETY'S STANDARD IN MEMBERSHIP CAMPAIGN

Brooklyn, N. Y.—As everyone knows, the KSKJ is in the midst of a gigantic membership drive. This drive, however, has been taken with a different feeling than just getting new insurance by the Knights of Trinity.

This campaign, to the Knights of Trinity, is a drive for new members, members that will uphold the high standard that the Knights of Trinity have been known for.

It isn't very likely that the knights can fall down now, for one simple but important reason, which is that John A. Ribic, financial secretary, has been elected Navigator for the good ship "238." He is by far the best man for the job, as the results of the election proved. He is the one that can spur the boys on, for he steps right out and shows how it should be done.

There are quite a few young Slovenian fellows in New York and Brooklyn who have all heard of the Knights of Trinity, but never have had an opportunity to meet the group in a body. Here is a suggestion: Drop around some meeting night (every second and fourth Tuesdays of each month) and meet the boys. Come on down! Anybody and everybody who is interested is welcome. We meet at the American-Slovenian Auditorium, Bleecker St. and Irving Ave., Brooklyn. If anybody cannot make it, and is interested, leave word with any one of the knights, or at the auditorium, and a few of the boys will come to see you and explain things—at any time that best suits you.

Charles Staudohar.

FLORIANS TO MARK 6TH ANNIVERSARY EASTER SUNDAY

Easter Sunday this year will be of important significance to the St. Florian KSKJ Boosters in South Chicago. It will mark the sixth anniversary of their organization and athletic competition in KSKJ circles. The booster club has determined to observe the occasion by celebrating with a big reception and dance to be held at the St. George's Church Hall.

Coupled with this outstanding event there will be several other important features to add zest to the celebration. The committee has undertaken to invite the Cleveland Kay Jays for a round of congenial entertainment and also to participate in the KSKJ basketball carnival to be held on the same day. It is hoped that KSKJ boosters in the Midwest will join in with the St. Florians to extend the Easterners a cordial reception.

A Queen Contest has also been launched by the committee, who will award honors and a cash prize to the St. Florian boosteret who leads in ticket sales for the dance. Another surprise feature will be the presentation of Deichman's Victor Recording Orchestra of Joliet, which will supply the music for the occasion.

Kay Jay Teams in Honor Berths

ST. JOSEPH SPORTS STAND CHANCE IN INTERLODGE LOOP

Cleveland, O.—Two games that promise to pack the St. Clair Bathhouse Wednesday, March 21, will bring together honor-contending teams and will probably decide who will compete in the windup of the Interlodge League.

The St. Joseph Sports, KSKJ representatives, will meet the Spartans and will be out to avenge the defeat that spoiled a perfect first round record for the Jays. A victory for the Sports will place them in first place. A defeat will bring the Loyalties and Serbians into play, provided the Loyalties trip the Serbs.

Next Wednesday's card will bring to a head the type of league play sport followers favor.

The customary Interlodge League banquet and ball has been set for April 21, according to the announcement of Heinie Martin, president. The program will include movies, presentation of trophies, and will be featured by the attendance of city officials. Keady's popular radio orchestra will supply the music. Both halls of the Slovenian Auditorium will be used for the occasion.

Announce Five-Day Mission in Ambridge

A five-day Mission will be held in Holy Redeemer Church, Ambridge, Pa., beginning Saturday evening and ending Wednesday evening, March 28. The Rev. Ignatius S. Herkel, pastor, has obtained the services of a missionary in the Rev. Fr. Dominic, O. F. M., of Our Lady of Lourdes Shrine, Avalon, Pittsburgh, Pa.

The Mission will be conducted every evening at 7:30 o'clock for the adults both in English and Slovak, and at 7:45 a. m. in English for the children. All members of the Good Shepherd Lodge No. 183 KSKJ and the Slovenians of the city who have not as yet made their Easter duty are cordially invited to avail themselves of this opportunity to do so, as the Rev. Father Missionary speaks their mother tongue fluently.

NOTICE

Milwaukee, Wis.—The Knights and Ladies of Baraga will receive Holy Communion Sunday, March 25, at the 7 o'clock Mass. Confessions will be heard Friday evening, Saturday afternoon and evening and Sunday morning before Mass. Every member is expected to fulfill his Easter duty on the above date.

George M. Kotze, Pres.

MISS HORWATH, KAY JAY BOOSTER, ILL

Miss Rose C. Horwath, active member and publicity agent for the Joliet KSKJ Booster Club, is reported ill. Her many friends wish her a speedy recovery. A card of well-wishes will reach Miss Horwath at 2208 Nicholson St., Lockport, Ill.

FRATERNITY

Fraternal benefit societies, like human beings, possess characteristics of strength and weakness. As our government is but the consummate expression of all the living souls that breathe within it, so fraternal societies rank in classification and benefit to a large degree, according to the activities of their subordinate lodges. Without efficient and vigorous subordinate lodges a society on a purely fraternal basis is beset with innumerable difficulties. Its operation becomes impersonal and the spirit of fraternalism wanes. Unity and coherence through nationality, religion, occupation or other types of fellowship are sustaining factors. Lacking these the seeds of indifference may soon be sprouted and the pure type of fraternal organization—which holds important place in the insurance world—thereby becomes impaired or destroyed.

"In this hectic age when the bulk of humanity is so intensely engrossed in mercenary pursuits, and the spirit of brotherhood seemingly is giving way to 'man's inhumanity to man' it is inspiring and refreshing to know that the societies of the Fraternal Congress adhere to the fundamental precepts of their origin. The cardinal feature which differentiates the fraternal orders from other insurance institutions lie in the social relations with one another. A helping hand in time of distress, a home for the needy, the orphans and the helpless, assisting worthy young people to further their education, furnishing clean and wholesomely healthful recreation, and the many other philanthropic activities promoted by your organizations—alone merit your continued prosperity and success. When these benevolent factors are joined with a sound system of fraternal insurance, the union presents an inviting aspect which should appeal to the social and insurance-minded public and insure your future growth and usefulness.

H. J. Mortensen, Wisconsin Insurance Commissioner.

EASTER DUTY

The Joliet KSKJ Boosters are going to receive Holy Communion in a body on Sunday, March 25, at the 8 o'clock Mass.

All boosters are requested to be present at 7:30 that Sunday morning in the KSKJ Hall, so every booster will receive a flower.

After Mass breakfast will be served, so all you faithful boosters if possible please receive Holy Communion on this day. Publicity Agent.

DEADLINE NOTICE

The regular Our Page deadline is 8 a. m. Friday.

ELY JAYS FIGURE IN CITY AMATEUR CAGE TOURNEY

Ely, Minn.—The Ely Kay Jays started off in the second half of the City Amateur Basketball League with a bang, and are they making a name for themselves?

The Kay Jays started their scoring machine against the Ely Oilers and covered them under a score of 25 to 15. The highly touted Rangers, who played an entirely new game during the second half, were the next victims as they fell under a score of 16 to 10. But along came the big bad wolf, dressed in the Opera House A. C. uniforms, and they threw a nut into the Kay Jay scoring machine as they walked off the floor with a 22 to 13 victory under their belts.

Then the Blackhaws, with a vengeance for a loss earlier in the season, made the Hawks' mouths water for the Kay Jay scalps. For three quarters the Jays staved off a team which simply could not, or would not be defeated. Then that last quarter, the Hawks could not be denied any longer, as their talons placed basket after basket, the game ending with the score 30 to 14, with the Hawks in front. The ire of the Jays was aroused to such an extent that the boys resolved to battle harder than ever. With this feeling in mind, the Kay Jays met the fast stepping Arrowhead quint, who are always hard to beat, but the boys, led by Frank Sayovitz and Hardy Novak, Frank Fink, Marts Marolt and "Yosh" Mikolich, unleashed all their pent-up energy as they trimmed the A's by a score of 28 to 12.

Along came the local Tigers, a team in eighth place, who had hope of creating an upset by trouncing the Kay Jay team. But the poor Tigers must have left their spirit at home, as the Jays walked off the floor with the long end of a 31 to 12 victory and the Tigers' claws.

But the Jays are not through yet, as they still have the Gophers, Italians and the Hawkeys left on their schedule, and there is no telling what will happen. The Kay Jays are favored to take at least two of the three games, but one never can tell. Especially are the boys going to work against the Italians, who were the only team to create an upset in beating the Jays, 24 to 20, in the first half.

The Kay Jays have clinched the third-place play-off berth in the city tournament, which will be held after the Easter holidays, April 6 and 7.

If the boys settle down and play ball up to the quality expected of them, undoubtedly they will place in the upper division of the tournament! So come one, you Kay Jays, let's all turn out and boost the Jays to victory!

Aye Dee.

SEVENTH ANNUAL BOWLING TOURNEY WILL BE "HUMDINGER," REPORTS SHOW

Midwest KSKJ's Will Line Up for Winter Sports Classic April 14-15; Joliet on Way to Entry Goal; Double Session Probable

Reports received by the Midwest KSKJ Bowling Association headquarters indicate that the seventh annual KSKJ pin tourney, to be held in Joliet April 14 and 15, will be a humdinger.

Joliet, this year's host for KSKJ's classic winter event, promises to go "over the top" with entries, according to reports. The Jolieters will also have several past-40 teams who will toe the mark to give the young men from the Waukegan Opeka Aces and the Chicago Grill's Kings a run on the runways.

Waukegan is lined up with full strength in all divisions. South Chicago—with its champions will be in the thick of the rollings to defend their crown, while Chicago is preparing to

send in its usual quota of teams with revamped rosters.

The association made a great stride when it included on its program a ladies' event. From that time on, the women of the organization have taken a lively interest in bowling and refuse to be spectators. Listed as one of the most colorful events of the annual pin meets, the ladies' session again promises to vie for honors in the forthcoming event. This year's all-events prize for the ladies will be a beautiful wristwatch. Prizes and purses for all other ladies' events have been arranged.

Running true to form in setting up worthy prizes, the association announces that wristwatches will be awarded good bowlers in the men's team, doubles and individual events. The all-events winner will receive a pocket watch.

From Milwaukee comes assurance that the Baragites will line up for the annual pin-topping event. Conspicuous by their absence at the tourney held in Chicago last year, John Stubler and his lively Sheboyganites are expected with their cowbell and a representative delegation. Without the Northern delegation, the pin meets lack that certain flavor. Another delegation that played "hookey" last year was Tony Grdina's cohorts from Cleveland. Tony and his boys always gave a good account of themselves, and their presence at the meet in Joliet will add to give the tourney a national character. Too much can not be said for the Clevelanders, for year after year they made the annual trip to the Midwest as the sole representatives of the East.

Perhaps no other KSKJ holds a higher batting average or is entitled to a string of blue ribbons than the loyal Spittsburgher, Rudolph G. Rudman, member of the Supreme Board, who holds a perfect attendance record at KSKJ bowling tournaments. In fact, Rudman's attendance has impressed the Midwest to the extent that a KSKJ pin tourney is not a complete affair unless the diminutive gentleman is present. With all his experience as a spectator (and his extra-scheduled matches with KSKJ celebrities) Rudman may be able to convince his Pittsburgh Jays—that the Jay pin meets are what they are labeled.

Joliet is anxious to entertain the Jays from Gary, Ind., La Salle and Aurora, Ill., and boosters from all nearby towns. A few hours' ride will bring all the Midwesterners to the scene of activity.

Lodges will please note that the entry deadline has been set for April 7. The original tourney dates, April 14 and 15, will be augmented to include April 21 and 22, if the number of entries warrant a double session.

For details and information write to Secretary F. P. Kosmach, 1804 W. 22d St.

Ely Boosters Plan to Start Hummin'; Elect Officers

Ely, Minn.—You can be sure that things will start a-hummin' and from now on the watchword is: "Keep your eyes on the Ely Kay Jays."

The Kay Jays, although they have started social activities rather late this year, started the ball rolling at the last Kay Jay meeting, where they elected the following new officers: Alec Debelitz (Aye Dee), chairman; Frank Fink, vice chairman; Mary Vertnick, secretary; Matt Zeleznikar, treasurer.

Our meetings are held at the National Home on the first Wednesday of the month.

Seminary Choir to Broadcast Palm Sunday

St. Francis, Wis.—On Palm Sunday afternoon, March 25, at 4 o'clock, the choir of St. Francis de Sales Seminary will offer a group of songs peculiar to Holy Week. The various numbers, a detailed announcement of which will appear at a later date, will be rendered a capella in keeping with the sacred traditional spirit of the Lenten season.

The previous appearance of this celebrated choir was during the Christmas season. It has been the recipient of much praise from lovers of inspiring music. The Rev. F. T. Walter, professor of music at the seminary, is the director of the choir, which consists of 40 male voices.

The Palm Sunday program will be broadcast from the studio of the Milwaukee Journal station, WTMJ.

BOOSTERET EXPIRES

The grim reaper took his toll in South Chicago recently when Mrs. Mary Encimer Windimore passed away. She was a popular member of St. Mary's No. 80 Lodge and an enthusiastic supporter of the St. Florian Booster Club. She was a sister to Ann Encimer, present assistant secretary of the St. Florian Booster Club.

MIDWESTERN SECTION LEADS IN RECOVERY

CASH PRIZE IS WON BY PRESIDENT

Johanna Matkovich Is Contest Prize Winner

Johanna Matkovich, president of Society No. 202 at Virginia, Minn., is the winner of the prize for the third week of "The Five Reasons Contest" being run in conjunction with the KSKJ National Recovery Campaign. For winning the contest this week, she will be awarded \$1.00 in cash, at the same time being eligible for the \$5.00 award to be made at the conclusion of the contest.

The winning selection was chosen from a great number of entries only after long deliberation on the part of the judges—Dr. M. F. Oman, Ivan Zupan and Ray J. Grdina. In picking the winner, the judges also accorded honorable mention to the entries submitted by Anton Malesic, Society No. 241; Mrs. Dorothy Dermes, Society No. 181; Bill Kastelic, Society No. 169; Jennie Ambrozic, Society No. 162; Joseph Matkovic, Society No. 2; John Pelhan, Society No. 153; Anna Smerdel, Society No. 134; Frank Pavlich, Society No. 101, and Marjanca Kuharjeva, Society No. 162.

The contest is open to every member of the Grand Carniolian Slovenian Catholic Union. All that is necessary to enter is to write what you consider the five most important reasons why every Slovenian Catholic in the United States should be a member of KSKJ, sign your name and address and society number, and mail to Ray J. Grdina, campaign manager, 6117 St. Clair Ave., Cleveland, Ohio.

Your reasons may be written in either Slovenian or English. All entries received after Friday of the week will be judged for the following week. The one considered the best submitted will be awarded the \$1.00 prize. The best submitted throughout the entire contest will be awarded \$5.00.

START WRITING YOUR FIVE REASONS TODAY!

Race for Honors in Illinois Farm Close

South Chicago, Ill., March 20—With early warm weather indicating a bumper crop, Field No. 44 of the Illinois Farm today cherished hopes of maintaining the lead it has established in the race for Recovery leadership in this state.

Field No. 44, under Field Manager Frank Zihlerle Jr., reported 833 tons of wheat. Their closest rival for state honors is Field 108, which reported 500 tons.

Showing a total of 84 tons, Field No. 2 was in third place. In commenting on the race in this state, Zihlerle said: "With so many Fields not yet heard from, it would hardly do for us to count ourselves as winners already. We will, however, put up a real fight and the Field that expects to replace us at the head of the list is in for a real battle."

CORRECTION

Last week it was erroneously reported that Mrs. Gorisek was a member of the board of Jurors. She is a member of the Board of Trustees.

We regret the error and beg Mrs. Gorisek's pardon.

MORE LEADERS BACK CAMPAIGN

Joliet, Ill., March 20—The past week saw four more industrial leaders falling in line with the other loyal KSKJ supporters who are boosting the KSKJ National Recovery. The addition brings the total of the nation's leaders who have pledged themselves and the industries they represent to the return to prosperity program outlined by the KSKJ National Recovery Administration to 129.

The newcomers to the fold are Mary Dugar, forelady of the Rolling Mill No. 134 of the Indiana Steel Corp.; Foreman August Pintaric of Rolling Mill No. 244 of the Ohio Steel Corp.; John Zefran, manager of Field No. 1 of the Illinois Farm; Joe Florjancic, Boss of Ranch No. 217 of the Colorado Range; Louise Likovich, Manager of Field No. 80 of the Illinois Farm, and Luka Matanic, Manager of Field No. 152 of the Illinois Farm.

GEORGE J. BRINCE
Board of Trustees

If one were writing a one-word description of George J. Brince, that member of the Grand Carniolian Slovenian Catholic Union's Supreme Board would best be described by the word "vigorous." A veritable locomotive engine in action, Brince exerts a tremendous amount of power and drive in carrying his convictions to a satisfactory conclusion. Not that he employs

sheer brute strength to force his ideas upon others, but rather that he backs his sound reasoning and convincing eloquence with a tenacity of spirit that breeches no quitting in the face of any odds or fear of public censorship.

Despite the fact his physical appearance and determination make him a dominating figure, he is far from being ruthless in his actions. At all times does he respect the other man's intelligence, rights and ideas and is ever as willing to listen to the other's version of the question as he is to have others listen to his. A sense of fairness and impartiality, so often lacking in men of this type, is his, and opponents find it hard to resent his vigorous opposition, for they know and realize that had Brince felt they were right, he would be just as staunch in his support as he had been in his denunciation. He is, above all, a gentleman and a hale fellow—well-met and his friends are many.

Born in Soudan, Minn., on March 12, 1899, he moved to Eveleth the following year, living there ever since. He is a wholesale liquor and beer dealer, whose hobbies are dabbling in politics, reading and "potica." He is a member of Society No. 59 and has been on the Supreme Board for four years.

Brince submits the following as his reasons why KSKJ should be the choice of all the Slovenian Catholics of this country:

1. It is a Catholic organization.
2. Best protection in any fraternal insurance for amount paid.
3. The first Slovenian protective society organized by our forefathers. This should be dear to every young man and woman of Slovenian blood, and it should be our duty to keep up the great work started by them.
4. The greatest Slovenian Catholic fraternal organization in America, that brings out the spirit of fraternalism, good-will and mutual advancement of our people.
5. Financially, the strongest Slovenian Catholic organization in America.

NOTICE

Members of St. Christine's Lodge, No. 219, Euclid, O., are hereby notified that the lodge will receive Holy Communion in a body Sunday, March 25, at the 7 a. m. Mass in St. Christine's Church.

Members will meet in St. Christine's Hall Sunday at 6:30 a. m. sharp with their lodge badge.

It behooves each and every one of you, if at all possible, to come and perform your Easter duty with the lodge.

Alice Bradac, Sec'y.

FRANK J. LOKAR
Board of Trustees

A tempered steel blade in a velvet scabbard. That's Frank J. Lokar. At first acquaintance, he appears to be just another genial and affable young man, easy to get along with, always making new friends and always ready to laugh at your story or tell one of his own. That's the velvet scabbard. Beneath you'll find that keen-edged blade—a Frank Lokar, who is a fighter

at heart, a man who will abide by the dictates of his conscientiously drawn and respected principles at any and all costs; a man who will sacrifice everything in order that the interests of righteousness and justice be served; a man who will ask and give no quarter, and, above all, a man who is a gentleman and a scholar, yet withal a fighting leader.

We realize that is quite a large order for a young man of 37 to fill, but those who know him will testify that he does. He can be as serious as he can be jolly, fears no one and, generous to a degree often harmful to his own interests, is ever ready to help friend or foe in time of distress. You can not help but like such a man—a loyal friend and a worthy opponent.

Lokar has lived in Pittsburgh, Pa., all his life; is an engineering draftsman and the proud father of two boys; likes all sports, is a member of Society No. 50 and boosts KSKJ at every opportunity.

In speaking of the KSKJ National Recovery, here is what Lokar has to say:

"The supreme officers of the Grand Carniolian Slovenian Catholic Union deem that the best way to celebrate the 40th jubilee of our organization is by opening a widespread campaign for the enrollment of new members. Notwithstanding the present financial stress, there surely are men and women, as well as children, who do not as yet belong to any benevolent organization and who can afford to carry some amount of insurance. Therefore, I, as an officer of the Supreme Board and as a Catholic, invite our good Slovenian Catholics to take this opportunity to join the Grand Carniolian Slovenian Catholic Union because:

1. It protects and cultivates inherited Catholic doctrines and inspires and keeps alive love of God, love of country and love of fellow-men, which is true fraternalism.
2. It has overcome great and bitter trials since its existence and stands today a stronghold of faith and of Slovenian traditions.
3. It understands our ideals, our needs and our ambitions, and gives a wonderful opportunity for wholesome Slovenian social and cultural contacts.
4. Its members have the honor of contributing a share in keeping alive and preserving the beautiful traditions, language, and faith of our fathers.
5. As an insurance institution, it is financially secure. It guarantees and pays full benefits to every beneficiary. The premium, compared with that of other insurance com-

JOHN A. DECMAN
Chairman Board of Jurors

The only outward evidences that John A. Decman, chairman of the Board of Jurors of the Grand Carniolian Slovenian Catholic Union, has passed the half century mark is his graying hair. His 52 years have dealt most kindly with him and an infectious and ever-present smile gives him a youthful countenance—which is matched by his boyish enthusiasm and alacrity of spirit.

Then, too, those gray temples give Decman a measure of dignity very seldom attained by a man of his stature. Not a large man, he carries himself erectly and all his actions are marked by an assured directness and determination. He moves not in circles, invariably choosing the straight path—there is no "beating about the bush" where Decman is concerned. Outspoken and frank, he exercises a commendable impartiality in all his judgments. And just as he wholeheartedly supports and advocates that which his reasoning has shown him to be right, so does he unflinchingly denounce and oppose that which he believes wrong. These things combine to justify that dignity of appearance which is his. He is an easy man to know, and likes to meet all fellow-men on even grounds. Naturally, he has many friends.

Decman was born in Smartno pri Litiji on Aug. 6, 1883. He came to America on May 22, 1897, and settled at Forest City, Pa., where he has lived ever since, working there as a miner. He is justly proud of his family of six girls and two boys, all of whom are as loyal supporters of KSKJ as he is.

A member of Society No. 12, he is now serving his 13th year as a member of the Supreme Board. His spare time, we are informed, is devoted to reading.

Here are Decman's five reasons why every Slovenian Catholic in the United States should be a member of KSKJ:

1. The best Slovenian Catholic organization in the world.
2. The safest fraternal insurance organization in the United States.
3. The most honorable fraternal union—always safeguarding its members.
4. An organization that did always defend the principles of fair play.

FOUR FARMS SWINN INTO ACTION TO PLACE WHEAT GROWERS IN FIRST PLACE

Eastern Section, Paced by Pennsylvania Mining Co., Takes Second Place, With Western Section Bringing Up the Rear

Joliet, Ill., March 20—With four farms, the Minnesota, Kansas, Wisconsin and Illinois, off to a fine start, the Midwestern Section today assumed the commanding lead in the race for National Recovery leadership. According to market figures issued by the KSKJ National Recovery Administration, the wheat growers have already stored 11,122 of their quota of 1,000,000 tons.

Field No. 12 Still Leads in Minnesota

Ely, Minn., March 20—Activity on the Minnesota Farm still centered around Fields Nos. 112 and 203 of this city. The former is still holding a substantial lead.

The wheat growers of Field No. 112, under Manager Joseph J. Peshel, have reported 3,300 tons, the largest tonnage credited to any one society in the campaign so far.

Katherine Peshel, manager of Field No. 203, reports 833 tons of wheat.

It is expected that these two will wage a brilliant battle for state leadership throughout the period of recovery and it is rumored that both will go well over quota long before the end of the campaign.

Field No. 160 Heads List in Kansas Farm

Kansas City, Kas., March 20—Reporting a total of 667 tons of wheat, Field No. 160 took leadership in the race for recovery among the Fields of the Kansas Farm. The leaders are under the management of Agnes Zakrajsek.

Close behind the Zakrajsek workers are those of Field No. 38, who are credited with 500 tons.

In reporting their total, the No. 160 Manager claimed that they are determined to win and that this 167-ton lead is the smallest they are going to have throughout the KSKJ National Recovery Program.

Milwaukee Field in Lead in Wisconsin

Milwaukee, Wis., March 20—Giving ample proof that one does not necessarily have to be a male in order to grow wheat, Mrs. Mary Renko, Manager of Field No. 173, spurred her workers to first place in the standings of the fields of the Wisconsin Farm.

Her lead, however, is a mighty slim one, Field No. 173 having a total of 375 tons, while that of its closest rival, Field No. 144, is 333 tons.

Market experts of this state look for a real close fight for top honors through the entire KSKJ National Recovery Campaign here and refuse to make any predictions as to the possible winner.

Steelton Group Heads Pennsylvania Miners

Steelton, Pa., March 20—Mining 1,250 tons of coal since the opening of the KSKJ National Recovery Program, Mine No. 241 of this city, under Foreman Anton Malesic, took first place for recovery leadership in the Pennsylvania Mining Co. Other mines to report coal tonnage were Nos. 21 and 64, who reported 667 and 500 tons, respectively.

Foreman Malesic expressed himself as being pleased with the results shown by his workers and prophesied that his mine would hold their lead for the remainder of the campaign period.

The Eastern Section, with the Pennsylvania Mining Co. and Michigan Steel Corporation showing substantial progress, took second place in this race for national honors. The Eastern Section is credited with 2,993 tons.

The Western Section brings up the rear with a total of 1,370 tons.

Competition Keen

Competition for leadership between the Farms of the Midwestern Section is exceptionally keen, especially for so early in the contest. The latest available grain reports showed the Minnesota Farm in the lead, having stored 2,120 tons. Quota for the five months' drive for all Farms is 100,000 tons.

Close on the heels of the Minnesota growers are the Kansas farmers whose granaries now hold 2,000 tons of wheat.

The Wisconsin Farm has a total of 875 tons, while close behind in fourth place is the Illinois Farm with a total of 645 tons.

Miners Lead in East

Starting rather slowly, but evidently picking up work with each passing day, the Pennsylvania Mining Co. now leads the recovery in the Eastern Section. To date the Pennsylvania mines have mined 487 tons of coal.

With their yard inventories showing a total of 400 tons of steel ready for shipment, the Michigan Steel Corporation is second in the Eastern recovery.

In the Western Section the Colorado Range has been the only one to report so far. Radiograms to the National Recovery Administration here indicate they have corralled and branded 288 tons of cattle.

All Figures Official

All the above figures have been taken from officially compiled reports. It is rumored, however, that they are in no way indicative of the actual amount of work which has been done so far in the KSKJ National Recovery Program. Inability of the report tickers to keep pace with the rising markets is blamed for the discrepancy. It is expected that next week's report will better show the conditions of the exporting, coal mining, steel rolling, wheat growing and cattle raising phases of the National Recovery.
