AMPLIFYING THE VOICE OF THE ENGLISH SPEAKING MEMBERS

LEST WE FORGET - - -

This week the Red Cross War Fund drive officially closes for 1944. If you have not as yet contributed it would be well to do so and have the satisfaction of knowing you participated in donating for a worthy cause which brings new hope and life to our many servicemen throughout the world. A "Red Cross" emblem in your window may help prevent a "white cross" on a foreign battlefield.

Now is the time to draw plans for your victory garden and get ready for the spring digging and planting. Check your garden tools and make certain they are in good condition. Order your seeds early so you will be assured of getting everything you need. Remember that "food fights for freedom!"

Plan to attend your regular monthly lodge meetings. This year is the AFU Convention year and it is necessary to discuss ways and means of furthering the progress and growth of the American Fraternal Union. By active participation in lodge discussions, decisions will be made to the satisfaction of the majority of members. Don't neglect your fraternal duty of attending lodge meetings whenever possible.

This week the world commemorates the third year of Yugoslavia's resistance against Nazism and its horrible consequences. Today the whole world acknowledges and recognizes the brave fight the Yugoslavs are waging against tyranny on the Balkan battlefronts — led by the Partisan Army of Yugoslavia. We pause in tribute to our many fellow countrymen who gave their lives to the world of the bitter scourge of fascism and to their comrades-in-arms who are valiantly carrying on in their struggle for justice and liberty against the common enemy which Americans are also fighting.

Our Pre-Convention Membership Campaign is under way and every member should strive to enroll as many new members as possible. Victors in this campaign will be presented with an honor badge by the convention chairman at our coming convention. Everyone acquiring points will be regarded as a winner. One point is credited for every new juvenile member enrolled, one point for every juvenile transferring to the adult department and two points for every new adult member enrolled.

In addition to the regular cash awards paid to members who enroll new members, three special cash awards of \$25.00, \$15.00 and \$10.00 will be paid to the three members enrolling the highest number of new members. The success of any campaign rests upon the members and their willingness to cooperate to their full extent to make the campaign truly successful.

Thought For The Day

"I shall pass through this world but once. Any good, therefore, that I can do, or any kindness that I can show to any human being, let me do it now. Let me, not defer or neglect it for I shall not pass this way again."

CAMPAIGN BULLETIN

Reported by Anton Zbasnik, Supreme Secretary

The contest between the Supreme Officers is coming along fine and promises to reveal some real competition. To date, nine Supreme Officers are active in the present membership campaign. The position of "leader" was held by our Second Supreme Vice President, Paul Oblock, for exactly six days after which time he had to concede leadership to the Sixth Supreme Vice-President, Mary Predovich, who attained eight points — eight new juvenile applications. According to reliable reports Sister Predovich is in danger of losing her leadership to someone, somewhere in Ohio and if I will introduce a new "leader" in my next campaign report it won't be my fault. The positions of the Supreme Officers were as follows on March 23rd: Mary Predovich, first place; Paul Oblock, second place; Rose Svetich, third place, and Frank Okoren, fourth place.

To date, 26 lodges have entered the membership campaign. Brother Joseph Prah, secretary of Lodge No. 1 of Uniontown, Pa., still holds first place among the lodge officers and individual members.

PREFER ARMY BREAD

A survey recently conducted by the Quartermaster Corps shows more than 3 million soldiers in 239 Army posts, camps and stations in continental United States disclosed that the average soldier prefers Army bread to that made in commercial bakeries.

When Army bread was served, the men ate .313 pounds a day each. If the bread was purchased from commercial bakeries, the men ate only .280 pounds each day.

CARDINAL HIGHLIGHTS

Servicemen's News:

Pvt. Edward Slabe and Cpl. Edward Glavic were home recently on furloughs. Howard Slabe has enlisted in the Navy and is in the Navy V-12. Howard's aim is to be a pilot. We wish you the best of luck and know that you'll make good.

Wanted Address:

Rose Slabe of Struthers, Ohio would like to know the address of Helen Vidmar of Cleveland, Ohio. So if you read this, Helen, please contact her.

Vacationing:

I was very glad and surprised to receive a card from Molly Slabe Olson who is visiting her hubby, Sgt. Gus Olson, in Waco, Texas. She will spend several months there.

Young America:

My son, age 5, has certainly got the war on his brain. He puts on his marine hat—has a wooden stick, his so-called "commando knife" in his belt—his boots are his "G-I shoes." What branch of service he represents I never did figure out. Then he takes all the cereals out of the cupboard along with some cracker and these are his "K-Rations" and a bottle of water. Then he goes maneuvering under my kitchen sink. When he is outdoors, he calls snow-balls "hand grenades." At present he is battling it out with a chest cold.

Dedication:

I would like to dedicate a little verse to our boys overseas: Here's to our members overseas, Stan, Willie, Gigalo, Al and our Steves, When things get tough, put out your chin And say, "A Cardinal never gives in."

Good Deed:

Have you done your good deed for today? Have you bought that extra War Bond, or put that spoon of grease in your salvage can, or donated your blood to the lives of our fighting men? We married gals should really donate our blood for after being married a while, we are so full of fighting blood that any soldier receiving our plasma will get out of bed and whip any Jap or German.

Fraternally yours,

KID SALVAGE

Tuberculosis

By F. J. Arch, M. D.,
Supreme Medical Examiner

Tuberculosis is the same disease now as in peacetime, but war invariably favors a flare-up of tuberculosis and creates new difficulties. Under the stress of war it has been observed that conditions favor a spread of pulmonary tuberculosis. Probably an increase in the disease has not occurred to date in this country as a whole, but a rise has occurred among other belligerent nations and in some of our own industrial centers. Since the disease appears to be on the increase in countries at war longer than ours, it must be assumed that a similar trend is to be anticipated here.

An increase in prevalence and mortality can be traced to inadequate diet, lowering of resistance from apprehension and disturbed rest, overcrowding and poor housing in areas of concentrated war industry and insufficient medical care. This calls for early diagnosis, hospitalization of active cases, and discovery of infective contacts.

The symptoms of tuberculosis are cough, especially following a history of previous acute pleurisy, fatigue particularly in the late afternoon, loss of weight and chest pain. The disease, however, may be present without these symptoms all being present. If we persist in describing tuberculosis in terms of symptoms, we might as well omit further discussion of early diagnosis, even though we admit that knowledge of classical symptoms is essential if we are to have this disease in mind. If tuberculosis is to be found preclinically or at the onset of its earliest symptoms, a thorough, practical and economical plan is necessary. This includes history, physical examination, tuberculin test, sputum examination and X-ray.

The history and physical examination are important in that they will indicate the necessity of X-ray. The tuberculin test, variously conducted, is of value in the process of screening groups or studying individuals. The positive test shows that the skin has been sensitized by previous or present tuberculous infection. It does not prove that active pulmonary disease is present, but does call for an immediate chest X-ray. A negative test is almost conclusive that active tuberculosis does not exist. Sputum examination if positive leaves no doubt that active disease is present, but a negative sputum is no guarantee of its absence. The ultimate ideal in the control of tuberculosis would be to have every adult X-rayed annually.

The greatest contribution we can all make in the field of tuberculosis, as well as in the field of health in general, is the intensification of our peacetime effort where health is concerned. This can be done by keeping constantly in mind the fact that good health depends greatly upon good personal hygiene.

RADIOS FOR TAXIS

The taxicab people are now asking for radio wavelengths. In large cities, they plan central dispatching headquarters from which, by radio, cruising taxis can be ordered to any section where there is a shortage.

Explanation

Several weeks ago the New York office of the Joint Anti-Fascist Refugee Committee requested me to sign a letter appealing for funds to be used in helping various anti-fascist refugees in various parts of the world. I have known this Committee for several years; it has the support of many very prominent American liberals and progressives; and when the request was made I was given the impression that the appeal would be sent to some eleven thousand Americans on the organization's mailing list; that is to the general American public. Knowing of the good work the Joint Anti-Fascist Refugee Committee has done in the past, especially right after the Spanish Civil war, when it helped a good many Yugoslav fighters who had escaped from Franco's Spain, I authorized the sending out of the appeal letter.

Lately, however, some of the branch offices of the Joint Anti-Fascist Refugee Committee, notably those in Cleveland and in California, took the liberty to mail the appeal letter to Slovenian, Serbian and Croatian Americans, apparently by the thousands. The appeal was published in some of the Yugoslav papers.

This has created an unfortunate confusion among, and brought me a great many inquiries from Yugoslav Americans; and I am compelled to take this means of stating that the local branches of the Joint Anti-Fascist Refugee Committee were not authorized by me to circulate the appeal under my signature among Yugoslav Americans.

If any Yugoslav American has made a contribution to the Joint Anti-Fascist Refugee Committee in reply to the appeal over my signature with the idea that he was giving for some purely Yugoslav anti-fascist purpose, he would be, I believe, justified in requesting a refund of the money.

But I must emphasize that the cause of the Joint Anti-Fascist Refugee Committee is a good one and deserves the support of any anti-fascist.

Chicago AFU Liberty Bell Bowling League

Andrew Spolar—First Prize Winner!

On Friday, Mar. 24th, when the League held its "farewell" bowling session with "sweepstakes" it was Andrew Spolar who won first prize although he was in last place last week according to individual averages. A. Spolar toppled down 380 pins which was 73 pins more than his average for three games. The second award was won by Louis Dolmovich with 551, 57 pins over his average; third prize went to Max Bruckman with 508 and 46 pins over average; fourth award to Joseph Fajfar with 478 and 46 over; fifth place to Joseph Oblak with 400 and 32 over average. There, you can see that everyone had an equal opportunity to win a prize, both good and poor bowlers.

On Saturday evening, April 1st, we will hold a social gathering of all bowlers at Brother Anton Golenko's place, 2246 Blue Island Ave. A short meeting will be held during which awards will be presented and at 9:30 p. m. supper will be served free of charge and then dancing will follow. Therefore, do not forget to attend this social at Golenko's on the evening of April 1st.

In my last report my typewriter made a small error. Walter Jingle had the highest score in individual games with 169 pins not 144 as I reported.

With this I conclude my reports. If anyone was offended I beg his forgiveness. I always tried to be impartial and reported what really happened, and at the same time tried to insert some humor into my reports which probably didn't sound right to some but it was written with the best of intentions. I hope that for the coming season the League will have a better reporter.

With best wishes for future success I extend my best regards to all.

John Gottlieb,
present secretary.

THE WAR'S NOT OVER FOR HIM!

Three Long Fateful Years of Agony 1941-1944

"The sum total of the common sense of the common people is the greatest and soundest force on earth." — Thomas Jefferson.

Little by little this truth is being acknowledged—little by little its various facets are being brought into focus—little by little the soul-stirring drama of our people in Europe is being revealed.

When the Nazi-Fascists blitzkrieged into Yugoslavia on March 25th, 1941, it seemed just a routine matter to them, another country in which to exploit their powers of destruction to the hilt, a Slav country which had always been looked upon as quite a choice morsel by the Germanic master planners.

Two days later the Yugoslav government dramatically placed itself on the side of the United Nations—on March 27, 1941—astounding the world, as well as the Masters of Intuition, no end. But the people fully realized the vengeance that would be brought upon their heads, they had had a thousand years of experience.

We, Slovenes, are known as a rather mild and docile people, but if we look closely into our history, we will find quite a few individuals who belie that category. We will find crusaders, martyrs, sturdy fighters and independent thinkers. They battled the Turks fiercely; they fought in the numerous peasant uprisings; and our first writer, Primož Trubar, was in the vanguard of European independent thought. We have our counterparts of the French patriots and the American (Partisan) Minutemen.

The people were proud and happy at the stand their government had taken on March 27th, 1941—they knew well enough what was in store for them, and grimly they set themselves to face it. For three long years, day in and day out, they have faced disaster and destruction, cruelty and horror, they have seen the face of death around them, suffered untold agonies—yet fought on and on, courageously, relentlessly.

When they saw their menfolk forced into slavery, their young women sent off to worse than slavery, their children taken to Germany to be re-educated, their houses pillaged and burned, their villages levelled; when they saw hundreds of their own folk mercilessly murdered, they had an answer ready. They went into the woods and mountains to be able to fight back at their enemy, they found leaders who taught them to live the life of guerrilla fighters, they became Partisans. Their existence was precarious and dangerous—an existence possible only to those whose courage is of the strongest, whose faith and hope in the future is of the highest.

Božidar Jakac was one of these, the people of the Slovene School and National Home in Cleveland remember him well. His best friend, Milan Jarc, a picture of whom he left with us, was the victim of "hostage" murders. In Louis Adamic's book "My Native Land," Božha and Batch, as well as Milorad Stosich, were of these; and little "Yanezek" undoubtedly the target of a Nazi machine-gun.

Joseph Vidmar, a modern thinker and philosopher as well as a great leader, in one of his addresses to the people, says in part: "I have spoken of the logic and reason of the Liberation Front, but it does not consist only of reason and logic, it is not only a program, it is life's reality, it is life's maturity. It is our very life-blood, the essence of our feelings and emotions. It is suffering and inspiration, it is sacrifice and dy-

ing. It is creation, it is history. A nation which for a thousand years has shed its blood for foreign oppressors, a nation who seemed to others, and almost to itself, as though born for servitude only—this nation has, in its darkest hour, abandoned by its leaders, torn by three, armed-to-the-teeth invaders—this nation, single-handed, has dared to make a decisive stand to forcefully resist the aggressors. . . . And the greater miracle lies in the success of this struggle. . . . We accomplish this mad, heroic act—out of nothing, actually nothing,—but the faith of the people. We built, or rather created, our partisan army, the first in our history, in this, the most terrible moment of our national life. The first Slovene army after thirteen hundred years. Our army, which is battling for us, for our destiny, for our future liberty."

This startles us with the realization of how little we knew, how much has been obscure. When the JPO was organized in 1941 the need for direct relief was apparent and obvious. But when at the close of 1942, the Congress was called in Cleveland, and the Slovene National Council was organized, the majority of us did not realize how much our people had already done. Now the picture is being clarified steadily and day after day we find another article in a magazine or newspaper, another letter from one of our own soldiers in Europe confirming the realization that the leaders of our SANC were in the right. Much is being published now, and more I hope will be in the future—so that we may at last understand fully what the plight of our people has been.

Bogdan Raditza concludes his report on Yugoslavia and its government in the Nation of January 29th: "The old Yugoslavia disappeared on the battlefield, and a new one has arisen—a federation based on political, religious and social equality. . . . Against terrible odds and among the physical ruins of their country, the people have rebuilt their scattered armies and astonished the world with their spirit of unity, self-discipline and enormous courage. As one humble worker, I feel that my support belongs to them, because on their banners rest the hopes of my country."

Now let me quote just one more person, not a Slovene, not a Yugoslav even, but an Englishman, the top-ranking Englishman of today—Winston Churchill in his report to Parliament: "In Yugoslavia, in spite of the most ferocious and murderous cruelties and reprisals perpetrated by the Germans both against hostages and village populations, including women and children, the Partisan forces have the upper hand. The Germans hold the principal towns and try to keep the railways working. Then can march their columns hither and thither about the country, they own the ground they stand on, but nothing else; all the rest belongs to the valiant Partisans. German losses have been very heavy and as far as actual fighting is concerned have greatly exceeded the losses of the Partisans. But the killings of hostages and civilians in cold blood adds to the Germans' score—and it adds to our score against the Germans. . . ."

"Around and within these heroic forces (Tito's Partisans) a national and unifying movement has developed. Communist elements had the honor of the beginners, but as the movement has increased in strength and numbers, a modifying and unifying process has taken place and national conceptions have

World Maps Dictate Soldier's Clothes

Suppose a regiment is ordered to Timbuktu or Kamchatka or some other outlandish place, how can your supply officer be sure about the climate the troops will meet there?

A glance at the series of new monthly climatic maps of the world prepared by the Army Map Service will go far toward solving the problem. These maps show what kind of weather may be expected, on the average, each month in the year over all six of the world's continents. Each kind of climate is shown by a distinctive color, so all you need to do is find a matching color on the map of a known area and plan accordingly.

This newly developed monthly breakdown replaces the very general system of dividing the world into yearly regional climates. Presenting complete information on the rainfall, temperatures and humidity, the maps are an invaluable aid in the determination of types of clothing and equipment for our fighting forces stationed at distant and heretofore relatively unknown and uncharted regions.

Looking into the future, Major W. F. Heald of the Climatological Unit of the Quartermaster Corps predicts a very practical peacetime use of these maps when pleasure travel is again in order. A glance at the current map, and no guesswork at all will be necessary for planning what to pack into a suitcase on any trip, no matter where you are going.

persistence are necessary, a time of great concentrated effort in which we must brace the work that has been done and give impetus to the work which still must be accomplished in order to achieve our goal. We are, as it were, with both the SANC and JPO, at the peak of our effort, this year we must show our greatest drive, for in this year the fate of our people will be decided. We are giving them support in their greatest hour of need, we must continue to do so until their cause is won.

Just as we did for the Bond Drives, the Red Cross, the Russian War Relief, so let us do our bit for the JPO and SANC, both are greatly in need of our support.

In Cleveland, the JPO is having a performance of the play "Roxy" on April 2nd, at 3:30 in the afternoon. Be sure to attend. Slovenian National Home, 6417 St. Clair Avenue. Here is your opportunity!

More Copper Pennies:

The War Production Board has found the copper situation sufficiently improved to permit addition of enough virgin metal to restore the old copper-zinc ratio of 95 to 5. Production currently is at a 150,000-000 a month rate, with the year's output expected to equal if not exceed last year's billion-plus figure for the steel cent.

More Frozen Vegetables for Civilians:

Despite the fact that the armed services will get 74 million pounds of the frozen vegetables produced in this crop year (ends June 30) civilians will get 158 million pounds, 28 million more than last year. Snap beans, corn kernels, peas, spinach and broccoli will be plentiful, says the War Food Administration.

Sugar Stamp 30 Good Indefinitely:

The sugar stamp which was supposed to expire on March 31 (stamp 30 in War Ration Book 4) OPA has decided that it will be good for an indefinite period. But stamp 31 will become valid as scheduled on April 1 for five pounds of sugar and no expiration date is given for this stamp either. It will be worth your while to postpone using these stamps as long as possible because due to increased war demands for sugar and to wartime shipping conditions, supplies aren't in as good condition as they were. If buying is not postponed, there must have to be a reduction in sugar ration.

More Luggage to Be Made:

WPB is allowing luggage manufacturers to resume production of trunks! And not only that—iron and steel frames for civilian luggage are again permitted, which should mean sturdier pieces than those recently produced. But it should be clearly understood that lifting of restrictions on luggage manufacture doesn't mean that free and easy travel is to be encouraged. Conditions on trains and interurbans are just as bad as they have been and it's just as important as ever to stay home and leave available space for servicemen.

Tin Tubes for Salvage:

Have you turned in for salvage all the old toothpaste tubes you've been saving in case you needed them for extra supplies? The requirement of turning in an old tube in exchange for a new one expired on March 1 but WPB salvage division points out that the tin in these tubes is still urgently needed for war material. Tubes made a year or more ago provide a higher percentage of tin than those produced more recently.

WASHINGTON NEWS FLASHES

By Florence D. Startz

Washingtonians actually slid into Spring this year. As your reporter watched various people "struggle" on the icy streets that first day of Spring, it seemed they would have made better progress if they wore skates! Just a few days before we had been basking in an 80 degrees above temperature.

This Is Washington!

Yesterday as I was walking down a busy Washington street with a friend, I noticed a woman carry a box of Kleenex. Now, as this product is very scarce in Washington I stopped her and asked her as to where she obtained it. "You'll only be able to get a small box," she replied as she named the place. Upon my arrival at the store I learned things wouldn't be as easy as I had imagined. I had to go to the end of a line that was a block long. A little later when I was in a restaurant a waiter inquired, "Pardon me, ma'am, but where on earth did you get that Kleenex?" And as I was taking my precious cargo home a lady stopped and asked where I had purchased it. Lovely town—Washington, D. C.

A few months ago your reporter mentioned Arlington Farms in a column. If you remember it is a "girl's town" housing hundreds of government girls and is located just outside of Washington. Just recently I made the acquaintance of one of these girls, Lucee Putzel, through the AFU. When Miss Putzel introduced herself over the phone she gave me directions as how to reach the Farms. Getting there was comparatively easy. However, when I reached Lucee's dormitory the trouble began! Everyone said that nobody by that name lived there (this was attributed to the fact that your reporter had the name misspelled). I insisted there was such a name and person. At last the house director came by my assistance and

gave me Lucee's room number. Well, it seems that when I went to her room, Miss Putzel was in a recreation room—when I came down to the recreation room, Lucee was back in her room. I was at a loss—looking for a girl I had never seen and the place was swarming with girls. In the meantime Lucee was told that a girl in green was looking for her. The only green thing I had on was a hat and to make matters worse, I had taken it off. I kept wandering around. Suddenly a pretty girl appeared around a corner and exclaimed, "Were you looking for me?" I was glad to learn that Lucee knew many of my AFU friends. So here's an orchid to a grand organization for bringing me such a grand friend! But, I must add, I never had such a difficult time in finding a person before!

It seems that a couple of ghosts were wandering around camp one night this week, trying to find some excitement.

Finally one ghost turned to the other and whispered, "Say, I thought I heard someone move."

The other snickered and said, "Silly. You don't believe in people, do you?"

A professor at medical school asked a student how much of a certain drug should be administered to a patient, and the young man replied, "Five grains." A minute later he raised his hand. "Professor, I would like to change my answer to that question."

The professor looked at his watch, and replied, "Never mind now, young man, your patient has been dead for four seconds."

DOPISI

(Nadaljevanje s 3. str.)

do častne završitve zgodovinske naloge Slovenskega ameriškega narodnega sveta. Tri leta že vzdihuje naš narod v težkih verigah nazifašizma. Trpi, umira in se junaško bojuje proti krutemu sovragu Slovanov, vztraja v nadčloveški borbi, v nadi, da bodo skoro premagane temne sile in bo tudi njemu zaslajala svoboda.

Ne pozabimo, da so naši bratje, naše sestre, ki trpe in umirajo kot največji junaki, in da je naša dolžnost pomagati, dokler je čas.

Prispevki v marcu:

Nabiralne pole: Frank Tehovnik, \$7.00; Mary Knez, \$13.00; Lia Menton, \$18.50; na seji nabrano \$28.00; skupno \$66.50.

V upravni urad v Chicago se je poslalo v marcu \$100.00. Kdor še ni v letu 1944 prispeval ničesar, naj ne pozabi, da je treba tudi gmotno pomoč, da dosežemo veliki cilj, ki ga imamo in izpolnimo obljubo dano našemu narodu na prvem slovenskem kongresu v Clevelandu.

Smo v času, ki zahteva jasne glave in velika srca, ki se ne strašijo truda, ne žrtve, in se vedno pripravljena blaziti bol in pomagati v nesreči.

Lia Menton, tajnica.

Euclid, O. — Vsi člani društva Napredek, št. 132 ABZ, so vabljeni, da prisostvujejo odkritju častne liste naših someščanov, ki služijo v vojni silah Zedinjenih držav. To odkritje se bo vršilo v nedeljo 2. aprila ob eni uri popoldne v Slovenskem društvenem domu na 20713 Reche Ave., Euclid, Ohio. Vsi člani našega društva, ki služijo v vojni silah Zedinjenih držav, bodo po imenih navedeni na omenjeni častni listi. Prireditve bo vsebovala tudi igro, nakar bo sledila plesna zabava. Za ples bo igral Peklajev orkester. Čisti dobiček prireditve je namenjen pomožnemu fondu za naše vojake, ko se vrnejo v civilno življenje. Na svidenje v nedeljo 2. aprila! — Za društvo Napredek, št. 132 ABZ:

Chicago, Ill. — Pri poslovljenem večeru (Sweepstakes) kegljaške lige društva Liberty Bell v petek 24. marca je dobil prvo nagrado Andrew Spolar, ki je na zadnjem mestu glede povprečnosti (Average). Podrl je 380 kegljev, kar je 73 več kot njegova povprečnost za tri igre. Drugo nagrado je dobil Louis Dolmovich s 551, 57 čez povprečnost, tretjo Max Bruckman s 508—X 46, četrto pa Joseph Oblak s 400—X 32. Tako, vidite, vsi smo imeli enako priliko dobiti nagrade, dobri in slabi kegljači.

V soboto 1. aprila zvečer bo prijateljski sestanek vseh kegljačev, in sicer pri sobratu Antonu Golenko, 2246 Blue Island Avenue. Imeli bomo kratko se-

jo, na kateri se bodo razdelile nagrade, ob 9.30 se bo servirala večerja, kar bo brezplačno, kakor tudi pijača, nakar se prične zabava s plesom. Torej ne pozabite na sestanek v soboto, 1. aprila zvečer, pri Golenko.

Pri mojem zadnjem poročilu je pisalni stroj napravil malo napako. Walter Jingle ima najvišje število v posamezni igri 169 kegljav, ne pa 144, kakor je bilo poročano, kar s tem popravljam.

S tem končam moja poročila. Ako se je kdo počutil užaljenega, naj mi to oprostijo. Jaz sem skušal biti vedno nepristranski in poročal sem, kakor se je vse vršilo, obenem pa vplesti tudi nekaj napol smešnega, kar morebiti enemu ali drugemu ni bilo všeč, toda napisano je bilo vse v najboljšem namenu. Upam, da bo za prihodnjo sezono imela liga boljše poročevalce.

Želeč najboljšega uspeha prihodnjič, vas vse bratsko in prijateljsko pozdravljam.

John Gottlieb,
dosedanji tajnik
kegljaške lige.

Indianapolis, Ind. — Tem potom naznanjam članstvu društva Sv. Jožefa, št. 45 ABZ, da je bilo na zadnji seji sklenjeno, da se bo redna seja v aprilu vršila TRETJO nedeljo v aprilu. Seja je bila preložena iz vzroka, ker je na drugo nedeljo velika noč. Člani so vabljeni, da se seje 16. aprila udeležijo v velikem številu. Letos se bo vršila konvencija in člani naj bi začeli že zdaj razmišljati o izboljšanju pravil. Vsak nasvet je dobrodošel. In skušajmo vpisati nekaj novih članov v tej kampanji. Bratski pozdrav! — Za društvo št. 45 ABZ:

Chicago, Ill. — Vabilo na sejo JPO-SS št. 8 in SANS št. 60, Chicago, Ill. — Prihodnja seja postojanke št. 8, Slovenske sekcije Jugoslovanskega pomožnega odbora in ob enem postojanke št. 60 SANS-a, se bo vršila v petek, 31. marca 1944. V Tomažinih dvorani, 1902 West Cermak Road. Pričetak točno ob osmih zvečer. Poleg zelo važnih točk, ki so na dnevnem redu, imamo za razdeliti nekaj zelo zanimivih tiskovin, ki so seveda brezplačne. Kdor prej pride, prej melje, torej bodite točni in udeležite se vsi zastopniki in vse zastopnice, in to brez osebnega vabila. Rodoljubni pozdrav!

John Gottlieb, tajnik.

Chisholm, Minn. — "Z vero v vstajenje." — Ker me dolžnost veže, se zahvalim rojaku in pisatelju Ivanu Jontezu za dovoljenje vpriporitve igre "Z vero v vstajenje," katero je on spisal. V isti je s koreninami vred predstavil narodu pobesnelo zver v podobi nemških nacijev, kateri danes nemorijo, požigajo, oskrunjuje in v tla teptajo vse, kar nam je bilo najsvetejše. Z vpriporitvijo te igre oziroma drame bomo skušali občinstvu predstaviti gorje, ki ga naš narod prenaša v stari domovini. Skušali bomo zasledovati igro tako, kot jo je spisal ta nadarjeni in priznanji vredni rojak. Igra bo vpriporjena dne 30. aprila v Junior High School Auditoriju, začetek točno ob pol osmi uri zvečer. Ker bo šel čisti dobiček za blag namen, to je za siromake v starem kraju ter pod pokroviteljstvom tukajšnje postojanke Jugoslovanskega pomožnega odbora, sem si vzel to breme, z igralci vred, na svoje rame, kar ni nič v primeri, z onim, kar naši ljudje trpijo (ako hočemo pripoznati). Na žalost pa se še dobijo rojaki (inje), ki pravijo, da so vstopnice predrage, in kaj je treba tega... ter še naprej, kar je najbolj podlo in nizko, namesto da bi molčali, ako ne mislijo pomagati, pa še druge hujšajo pro-

ti. Vsem tem naj veljajo besede iz slovenske himne: "Črna zemlja naj pogreznega tega, kdor odpada." Pomnite, da ne boste ustrašili s svojim natolcevanjem 18 igralcev, kateri se mučijo dan za dnem z vežbanjem, da vam prinesejo par ur užitka; niti tistih ne, ki bodo šli vstopnice prodajat. Zakaj sem to napisal? Zato, ker imam izkušnje, da NEHVALEZNOST je plačilo sveta. To je, kar boli. Da boli v dno duše; človek se vpraša: le zakaj se mučim? Ako ne bi bila večina dobra in zvesta svoji rodni materi, bi se izgubil in nikdar več slovensko izpregovoril. Ali... ne... "Slovenec sem, tako m'je mati d'jala." Pomni, da ako nisi dober Slovenec, nisi tudi dober Američan.

Sedaj pa k igri. Vloge so v dobrih rokah. Igra je godi sedanjosti, nekje v Sloveniji, v industrijalnem mestu. Prvo dejanje se vrši v Kremenčevih hišah, drugo v Gestapovski pisarni in tretje v gozdnem skrivališču, kamor se zatekajo resnično mnogi naši sorodniki, ki so danes tam... Gospodar Kremenec je vpriporjen po Franku Jenko (Dečman), kateri ima tudi glavno vlogo ob enem. Njegova žena, Ana Kremenka, je pa Mrs. Frank Sonchar; njuna hči Malka je Miss Frances Zurga, njen zaročenec Ivan Knez v osebi Uste Rupar. Delavca pri Mohorju, Gasper in Matija, prvi igran po Jerneju Laurichu, drugi pa po Edwardu A. Tekautzu. Kmet Tone Mohor je Frank Kne, st. Njegova žena Francka je pa Mrs. Jakob Mlakar; beračica Mrs. John Nosan; kmetica Mrs. Frank Laurich. Duhovnik je Anton Paznar ml.; učitelj Frank Laurich. Peter Grbec je tovarniški delavec John Oresek. Komisar Gestapa je John Pahule. Vodja Sturmarmej je Jakob Mlakar. Sturmarmej Hans in Fritz sta Anton Hren in Joe Bovitz. Kapitan je Sylvester Novak. Med dejanji bodo nastopali pevci fare sv. Jožefa in dobro znani elyški kvartet. Torej, užitek bo veliko. Pridno sežite po vstopnicah ter dajmo napolniti veliki in krasni avditorij do zadnjega kotička. Prostora bo dovolj, namreč se dežev imamo 1500 in so zelo komodni. Na vas je sedaj ležeče, mi smo pripravljeni.

Ne bilo bi prav, da se ne spomnim na enega izmed najboljših aglinih delavcev na narodnem polju, kateri se sedaj nahaja v bolnišnici nevarno bolan. Je namreč eden izmed igralcev in na njegovo vzpodbudo sem začel s to igro; to je Lojze Ambrozich. Eden dan pred operacijo (katero je varno prestal) ali nastala je komplikacija, in sedaj trpi, nam je rekel: "Danes teden bom prišel k vaju; saj to bo zdravnik samo izrezal in jo mahnem domov!" Lojze, želimo ti skorajšnjega okrevanja in skorajšnjega povratka domov.

Novice iz naselbine so bolj žalostne. Starši rojaka Lt. Louisa Samsa, ml., so dobili od vojnega departamenta pismo, da je njih sin pogrešan. Bil je namreč pilot bombnika. Upajmo, da ga izvemo kmalu, da je še živ. Lojze in Mary Samsasta fina rojaka in nekdanja igralca v dramati. Smrtna kosa ne miruje tudi na domači fronti. Umrl je namreč John Oresek član društva št. 30 ABZ. Tukaj zapuščajo, kot mi je znano, sina Johna, ženo in dva brata. Umrl je tudi znani večletni mesar Louis Gande, član št. 110 SNPJ; zapuščajo ženo in mislim da sorodnike v stari domovini. Stefan Stonich ne bo več kos prodajal. Umrl je namreč dobro znan po širni Ameriki kot prodajalec kos, motik, klepanja, srpov it.d., Stephen Stonich. Rojen je bil v Beli Kraljini, nekje pri Tančji gori. Zavas ne vem. Zapuščajo ženo, dva sina, ki sta v ameriški mornarici, in hčer; in kolikor mi je znano, tudi dva brata: Matija tukaj na Chisholmu, in Josepha na Elyu. Naj bo pokojnikom

rahla ameriška kruda in naj v miru počivajo; preostali pa moje iskreno sožalje. Danes me, jutri tebi, še drži. Zakaj grodo gledati eden drugega. Mrtvoud je zadel delno tudi dobro znanega rojaka, večletnega predelavca v tukajšnjih rudnikih, Joe Viranta st., mojega tasta. Zdravje se mu vrača hitro ter, kot pravijo zdravniki, bo kmalu popolnoma okrevaj, kar mu iz srca želim. Dne 27. marca je minulo pet let, odkar je slovenski narod tu v Minnesoti izgubil enega izmed najbolj aglinih delavcev za narod. Posebno ga pogreša Ameriško-Jugoslovanska Zveza, katere tajnik je bil mnogo let; to je John Movern. Bil mi je osebni prijatelj, zato ga ne morem pozabiti, niti prezreti. Naj ti bo lahka ameriška gruda ter v miru počivaj!

Frank L. Tekautz.

La Salle, Ill. — Na redni seji društva Danica, št. 124 ABZ smo razmotrivali o priporočilu glavnega odbora ABZ, da bi se 17. redna konvencija končala v štirih dneh. Po razmotrivanju smo prišli do zaključka, da se naše društvo ne strinja s tem priporočilom. Ne ve se vnaprej, kaj bo prišlo pred konvencijo, zato je nemogoče določiti dolgotrajno zborovanje vnaprej. Ni tudi priporočljivo, da bi se v naglici na konvenciji napravilo slabe zaključke in bi potem sledile iniciativne za iniciativo. Popravljati razne točke po konvenciji napravljajo slab vtis na članstvo in povzroča izredne stroške. Seveda, ako bo mogoče delo izvršiti v štirih dneh, bomo mi tudi zadovoljni, ako bo delo izvršeno dobro in pravilno. Mislimo tudi, da bodo delegati, katerim je organizacija pri srcu, delali na to, da bo konvencija končana kakor hitro mogoče, tudi v štirih dneh, ako bo mogoče delo dobro izvršiti v štirih dneh. Nismo pa zato, da bi zgradili hišo samo do polovice, potem pa se razšli. Vožnja delegacij na obe strani bo stala denar in ta denar pride od članstva. Ker imamo konvencijo samo na vsaka štiri leta, je treba, da konvencija takrat napravi dobre zaključke, da jih ne bo treba v medkonvenčnem času popravljati.

Glede vožnje delegatov domov ne vem, če je kaj razlike ali ne, če se vnaprej ve, kdaj se bo delegacija vračala. Delegati se bodo vračali na razne strani in bo težko za vse točno urediti v teh nenormalnih časih. Da bi pa železniške družbe imele vlake pripravljene na vse strani za kakih 170 do 180 ljudi, jaz dvomim. Naše društvo je mislenja, da ako ni mogoče napraviti kar najboljših zaključkov za članstvo na prihodnji konvenciji v nedoločenem času, 3, 4 ali 5 dneh, je boljše, da se sploh ne vrši. Zakaj bi potrošili toliko tisočakov članskega denarja za vožnjo, pa da bi šli v Rock Springs samo na uro gledat. V teh resnih časih je dela doma za vse dovolj in ni priporočljivo se voziti okoli za kratke čase ali na izlet po pelinovih deželi. Zdej je priporočljivo tudi, da bi oživele federacije in napravile kaka priporočila za konvencijo. Upam, da se brat podpredsednik Anton Kravenc in nadzornik Frank E. Vranichar zganeta in poskrbita, da bo naša illinoiška federacija imela vsaj eno sejo pred konvencijo.

Sedaj pa vljudno vabim članstvo našega društva na redno sejo, ki se bo vršila v nedeljo 16. aprila ob pol dveh popoldne v Slovenskem domu. Želeči je, da pridejo na sejo vsi člani in članice. Priporočljivo je tudi, da vsak skuša vpisati kakega novega člana v društvo, v odrasli ali mladinski oddelki. S tem bo koristilo društvu in organizaciji, obenem pa tudi nov vpisanemu članu ali članici. Na svidenje na seji 16. aprila! — Za društvo Danica, št. 124 ABZ:

Matt Vogrich, predsednik.
