## SPARTAN DANCE DRAWS NEAR A THOUSAND

### Spartan Activities

#### POST-DANCE NEWS

The fascination of that alluring name "Nudist Dance," proved too much for a large crowd last Saturday, Sept. 8. Singly, in pairs, in groups, in dozens, in crowds they came—and continued to come. Seven hundred and fifty strong, they swayed and stepped to the dulcet tunes of Don Anthony and his lads.

The ever-present desire of youth for activity—for a good time—was the lodestone that drew them to the Spartan dance. Coming, as it did, at the beginning of the social season, the "Nudist Dance," by virtue of its being first, its unusual advertising, and its unique, curiosity-inspiring title combined to smash the attendance record for the lower hall in recent years.

Of such stuff are successful affairs made. Cooperation, plus a willing public, brought another successful social event into the Spartan fold. (And we didn't mind, not one little bit!)

From the sidelines, our news-hound, I. M. Nosey, reports that he saw:

Ken Williams and his new, pulchritudinous gal friend enjoying themselves... Jo Hostnik with a ravishing new coiffure, consisting of "itsy-bitsy" curls all over the back of her head... a gallant group of Spartan femmes working like Trojans behind the bar... the crowd forever "Marching Along" to the bar-room... Louise Hovevar almost getting bowled over by an over-enthusiastic tertiachorean... the smiles that greeted the amusing decorations... the beatific expression on Don Anthony's face toward the approach of twelve o'clock... that expression not resulting from the fact that his musical labors were nearing their end... Rudy Lisch flitting hither and thither and yon, one big, enveloping grin... which grin was matched by Frank Tomsic's as he came into the hall... Mirko Florjancic in a big white apron behind the bar, with wife Jane's watchful eye on him...

#### THAT AFFAIR AT FLAISHMAN'S

Now that we have so satisfactorily dispatched our dance, it behooves the Spartan lads and lassies to turn their attention to our coming meeting on the night of September 19.

No ordinary meeting, this. The business part of it will take about an hour's time, and will be held in hall number four of the old building. Remember that. Then we shall gayly trek across the street to Flaishman's beer garden, there to make merry until ????. Please turn out for this meeting, members, as important events shall be under discussion.

#### SHOW NOTES

##### REHEARSAL

There will be a rehearsal on Sept. 13 for the skits in "Marching Along." Due to non-response of the members, the roles have been selected by people connected with the show. The rehearsal which was held last week was a farce, in that no would-be actors or actresses put in an appearance. Participants have been selected with regard to their acting ability and general suitability to the various parts. Those chosen will be sent cards. Please be prompt. Rehearsal will begin at 8:00, and will be held at the home of Louis Hovevar, 1072 Addison Rd.

### DRASLER ENJOYS STAY IN CITY

Administrator of Vrtec number 1 of Forest City, Pa., was in Cleveland until last Tuesday night. Last week's Forum incorrectly stated his departure for Pennsy. He enjoyed Cleveland's atmosphere, its buildings, hospitality to the extent that he decided to stay a full week additional.

He is an ardent student of social life. His acquaintances in Cleveland interested him from characteristic point of

view. He left via bus, and we do hope he does not encounter the same situation as the boys from Chicago have experienced.

### Red Birds Notice

Our next regular meeting will be held on the 16th of this month at our regular place on 208 N. Horn St.

The meeting will be opened at 1 o'clock sharp.

All members are urged to be present because we have much important business to transact.

Any member that fails to attend one meeting in three months' time will be subject to a fine.

#### "TIED INTO A BUNDLE"

We are learning the lesson that the fortune of each of us is tied up with the welfare of all of us—that no man can count on success or on happiness for himself and for his family unless everybody can count on them—no man is the whole of himself, but that the rest of the world is the rest of him.

When we have learned the lesson, then we will be willing to ask ourselves, "What have I done today to help make things more nearly right than they are?"

#### Opportunity Nights

One of the many ways of breaking in an act was thru these opportunity contests or amateur nights which were staged in many theatres every week. These were worked mostly on a cash prize basis. One booking agent would probably have eight or ten houses and if you tied up with him he'd send you over the whole circuit. Changing your act over you could make a second round.

If the agent took an interest in your work he would see that he'd not spot you right after an act that was too strong and your chances of winning a prize were greatly increased. Often times "dumb acts" were booked in with the amateurs and these were the targets for a lot of hecking from the crowd. Of course these acts were paid and not entered in the contest.

Many times during the course of these nights the performer felt so heart sick and discouraged because his or her act failed to "hit the spot" and many gave it up from then on. Others kept working in these shows and before long their agent found a date to book them in. Maybe it was a night club or some lodge entertain-

### Spartan Notice

The Spartan monthly meeting will be held next Wednesday, Sept. 19, 1934 at Slovenian National Home (old bldg. hall No. 4). After our business meeting we will all go to Flaishman's Beer Garden where there will be good music, a floor show, and of course refreshments.

Everyone is urgently requested to attend this meeting. Don't forget to bring along a new member since the S. S. P. Z. Membership Campaign has been extended until Dec. 31, 1934.

Take special notice to the fact that our monthly meetings are being held now on the third Wednesday of every month instead of the second at S. N. H. (old bldg. No. 4).

Here's hoping every Spartan will be present.

Anne Opeka

ment and their years of study were beginning to bear fruit.

Which brings to mind the case of a well-known jazz band leader who now commands a weekly salary that runs into the four figures. When he first began he was often thrown out of the theatre with his orchestra because of his bad music.

Which only goes to prove the old saying—"If you don't succeed the first time try and try again."

### Hundreds Turned Away

Frank Ilc, the versatile Spartan, can boastfully say "I told you so" when reference is made to the Nudist Dance held by the Spartans' lodge No. 198 of the SSPZ last Saturday at Slovenian National Home. He suggested the name and made every effort to see the name accepted despite opposition from a few members. The idea worked wonders with the cleverest publicity stunt ever produced by a local lodge. Elizabeth Hostnik, who was responsible for appearance of pictures and material published in Cleveland's daily newspapers, was also a real booster with signs, decorations and write-ups.

Close to 750 were crowded into the hall. Hundreds turned away realizing impossible dancing opportunity. Refreshment room was filled during the dance and overflowed between intermissions.

Years have passed since a large crowd as the one present at Spartans' Nudist Dance was witnessed.

Charles Koman and Rudy Lisch took charge and came through realizing a handsome profit for the lodge. Charley took excellent care of refreshment tickets and bar, with volunteer assistants consisting of Ann Dermotta, Mrs. Bencina, Joe Hovevar, Louise Hovevar, Emil Hinkel and Mirko Florjancich behind the bar and Josephine Selan, Francis Martinac, Celeste Centa and Caroline Ahcin selling refreshment tickets.

Ann Opeka, Spartan secretary and Stanley Bencina, Spartan treasurer, took care of the ticket office with Stanley helping behind the bar in his rest periods.

Adolph Candon worked most of the evening at the door collecting admission tickets, giving out kewpies of which there were altogether too few, and handing out dodgers for our coming "Marching Along" show. Rudy Lisch helped him along most of the evening.

Doors were kept clear of any possible chiselers by John Jurca and Lea Lisch.

Eddie Centa gave his aid at collecting admission tickets and keeping the floor clear of the torn down decorations and ropes on which they were held.

The committee wishes to thank all the above mentioned members and those who helped decorate the hall for their wonderful cooperation and support in making this affair one of the Spartans greatest.

Caroline Ahcin was the most active ticket seller, selling 35 tickets in advance. Thanks and congratulations, Caroline.

## The Hospital and the Patient

By Dr. F. J. Arch, Supreme Medical Examiner

The hospital, technically, has two classes of patients, the private and the ward patients. The private patient is professionally the patient of the doctor. The hospital acts as the intermediary to render its facilities available to the doctor to prescribe as he may elect. The hospital has not any part whatsoever in the decisions made by the physician concerning the private patient. The ward patient on the contrary, is the direct hospital's agent. However, whether the patient be installed in the best suite in the hospital or in the charity ward, the hospital's primary function is the care of the patient.

Attempts to compare the hospital with the hotel are never accurate. In the hotel, the guest usually spends but a few hours in his room other than those while resting. He is in good health and generally per-

vaded by a sense of well being.

The patient in the hospital, however, occupies not only the room but is usually helpless in his bed for twenty-four hours of every day. While the hospital is the best place for him to receive the care essential to his recovery, the patient is frequently so incapacitated by his physical woes that he is unable to appreciate this fact. In unfamiliar surroundings and ill, he is obliged to give himself up to the ministrations of strangers for the most personal medications. The necessary medications seem to him but impersonal interferences when he is so troubled that everything annoys him, which is not at all surprising.

The sick patient is too submerged by his physical difficulties to appreciate the personal character of the work contributed by every member of the medical staff and by those in

the administrative and service groups. From the man who stokes the furnace to the chief of the staff, all are united by the common purpose of furthering the recovery of the patient. A sick and apprehensive patient, unfortunately, does not see behind the scenes. He cannot know the kinds of energy that are so co-ordinated for his best comfort that his recovery may be accomplished under the least handicap. A hospital is not so much a fine building as the hospital family that is united by a desire to consider the patient's interest first. Those who might disturb or take advantage of his inability to protect himself are rigidly excluded. Insofar as the hospital is capable, sanctuary is maintained for those who are helpless because of illness. In the hospital, both the just and the unjust, the humble and the great are but the sick.

### VRTEC NO. 1 MEETING SEPT. 16th

VANDLING, Pa. — Our regular meeting of Vrtec No. 1 will be held Sunday, September 16. Wishing all members will attend and bring a new member in.

August 26 we had a picnic at Konchar's Grove and all had a fine time.

On the following day, August 27, we went on a day's outing. The morning was beautiful. We started at 6 o'clock in the morning. I wish to thank our Administrator, Frank Drasler for his wonderful work and caring for us throughout the day. We had music, dancing, playing games and lunches served. We had a most wonderful time during our summer vacation. Now we are back to our hard work at school.

I wish to thank Mrs. Anton Zaitz, Mrs. Anthony Drasler, Jr., and Mrs. John Majdic for their help in serving us all through the day. Very much

appreciated indeed!

Svoj vrtec preljudi prav rada imam, ko jutro zbudi me, brž vanj se podam.

Tam rožice nežne prav krasno cveto, po drevju okoli mi ptice pojo.

Angelina Pevc, Secretary and Treasurer, Vrtec No. 1.

### VRTEC NO. 1, FOREST CITY, PA.

An outing was held by the Vrtec No. 1, August 27th near Curtis Valley. Everybody had a good time and music was furnished by David Telben and Louis Laurich. A picnic was held on Sunday, August 26th at Konchar's Grove, North St. at which Mr. Joseph Cebular gave a box of candy bars to the winners of games, in which of course everybody took part.

### F. Drasler Attends Vrtec No. 5 Meeting

Our last meeting was held on September 8, at 7 o'clock at the old building of Slovene Nat'l Home, Room 3. Our next meeting will be held on Saturday, September 22nd at 7 p. m. Six of the members offered to bring a book of plays from the Library. We are going to have a program sometime in January.

The administrator of Vrtec No. 1, of Forest City, Pa. came to our meeting and told us many interesting things they did this summer. So if you get busy and bring in some new members, we will have fun, too. You can't do anything with just a few members. If every member brings one new member, Miss Vidmar and Mrs. Lisch offered to give a party. Get busy, members.

Sophie Ponikvar

### Vrtec No. 5

Vrtec No. 5 had a very interesting meeting Saturday, September 8th. We planned to elect a committee of five or six members to plan an entertainment program for the fall and winter.

Mr. Frank Drasler, Administrator of "Vrtec" No. 1 in Forest City, Pa., told us that there were over 50 members in Vrtec No. 1. He also stated that we ought to have at least 100 members for a city as large as Cleveland.

We already had a hike to Brookside Zoo and one to Metropolitan Park. I hope that the young folks of the S. S. P. Z. will take more interest in "Vrtec" and join Vrtec No. 5 and then we can have more hikes, parties and more amusements.

Come on, boys and girls of S. S. P. Z.! Join Vrtec No. 5 and show Forest City that we can do as good as they can.

Andy Elersich

### Vrtec No. 1 And 5 Most Active

Up to date we have received the best response of activity from lodges. Vrtec number one of Forest City, Penn., and from Vrtec number five of Cleveland, Ohio. Other lodges must get into the same action. Administrators should outline activities and prepare them in conjunction with Vrtec members. Time is still here for hikes, picnics and other outdoor affairs. Now you can begin arranging for plays after meeting or to present to the public. Recitations and dialogues are interesting at all times. Plan your work in advance. Cooperate with one another. Have discipline as well as fun. Respect your fellow or sister member.

### VRTEC PAGE OCTOBER 3rd

In Wednesday's issue of October 3rd we expect to launch another attractive page for the Vrtec members of our organization. In order to make it a page worthwhile it is necessary to receive the cooperation of every Vrtec member. First we are asking for pictures, at least post card size, of your Vrtec lodge membership. Those Vrtec lodges who have not as yet sent in pictures of lodge officers please do so at your very earliest convenience. Executives who send in their pictures first will have the best chance of having them appear in the above mentioned issue.

All written material must be in the office of the Vrtec page, 6231 St. Clair Ave., Cleveland, Ohio, not later than September 22nd. We expect every administrator of Vrtec lodges to have a contribution. Presidents and secretaries are particularly

urged to have an article. The page will be as interesting as you will help make it. If it fails to appear you know it is because you have not given your support.

#### POSSIBLE VRTEC BULLETIN

We are trying to find it possible of publishing a Vrtec Bulletin. Our intentions are to have it printed once a month for Vrtec members. Expense involved is the only thing that is keeping us from making it effective at once. Appropriation as proportioned by the Supreme Board will not meet the requirement. We hope this matter will be straightened out soon. You will have to show your desire for a Bulletin of the nature mentioned by sending in more articles.

## STRABANE EVENTS CONCLUDED WITH GREATEST ORGANIZATION SUCCESS

### STAR PERFORMERS GIVE WAY TO LEADER—VRHOVNIK

With but one exception it becomes a very difficult problem to select star participants that gathered at Strabane, Pa. Michael Vrhovnik in cooperation with Challenger members and SSPZ Penn. Federation, had done remarkable work in preparation and handling of the affair.

Stewart of the Trail Blazers would receive the writer's vote as being one of the most valuable players to a team. His hurling for the champions was most impressive and successful.

John Yauch of the Challengers was the leading hitter with a percentage of 562. Zampman of the same lodge should receive honorable mention for his excellent work around third base.

Stanley Tome cannot be left out of the list of stars due to his sixth inning home run against the Spartans. His circuit swat was the deciding factor in winning the Baseball Championship for Trail Blazers. His inspiration was a Spartan member at that.

Charles Koman, one of the finest examples of fraternal sportsmanship, carried off the horse-shoe championship from among some 40 contestants. His winning smile and encouraging words made a real hit with the ladies and fellow brothers alike. V. Marinch, Tony Bolka and Rudy Oklessan displayed brilliancy in horse-shoe pitching and deserve honorable mentions.

Challengers' Lawn Bowling Team had a clever leader in John Pelan. He gave careful instructions with encouraging words and a winning smile.

### "THANK YOU PENNSYLVANIA"—FROM CHICAGO DELEGATION

Due to your efforts, the Slovene Progressive Society scored another success on September 1, 2, 3, 1934, when you staged the S. S. P. Z. National Softball Tournament.

The Trail Blazers were delightfully surprised at the manner in which the whole program was arranged and carried out. The tournament itself was splendid, and I must say that the team was more than pleased at the sportsmanship that prevailed. They were also delighted to find that no efforts were spared to make their stay in Pennsylvania as homelike as possible. To sum it up, they would say, the sparkling fluid was very good, the sleeping quarters wonderful, the music and entertainment splendid, the cats just like home, and the cooks and waitresses just gorgeous.

Therefore, it gives the Trail Blazers great pleasure to express the keen satisfaction, which they felt in the splendid service afforded them by the S. S. P. Z. members in Pennsylvania. It was both gratifying and a source of wonderment to discover the vast capabilities of the members in time of necessity when distant members gather for the contests. This tournament proved that contests do more than anything else to arouse the fraternal spirit and build a working morale within the organization. It also proved that the spirit of competition within the organization brings out the best effort of every member.

The contests as a whole, and the entertainment, which was furnished by you, were very amusing and of such interest that not a dull moment was experienced throughout the whole program. The Trail Blazers want to congratulate you and sincerely thank you for your efforts in making this softball tournament the greatest tournament in the history of our Society.

S. M. Tisol
