Dopolnilo k naredbi ministrstva za narodno zdravje z dne 31. julija 1919., št. 602 Ur. l., glede zdravljenja dijakov v občnih javnih bolnišnicah.

Naredba ministrstva za narodno zdravje, s katero se dovoljuje dijakom državnih šol brezplačna oskrba, odnosno oskrba po znižani taksi v državnih bolnišnicah, se pravnoveljavno z dnem 1. februarja 1920. razširja tudi na samoupravne občne javne bolnišnice v Sloveniji, ki so pod vrhovno upravo zdravstvenega odseka za Slovenijo in Istro.

Brezplačna oskrba, oziroma oskrba po znižani pristojbini, se nanaša zgolj na najnižji oskrbni razred.

Pri sprejemu v višji razred morajo oskrbovani dijaki plačevati razliko med oskrbnino III. in višjega razreda, oziroma poleg tega še polovično oskrbnino III. razreda. To razliko mora oskrbovanec pri vstopu proti svoječasnemu obračunu naprej vplačati v tekoči desetdnevni izmeri.

Na podstavi uradnih poizvedb upraviteljstva se potem odloči, ali je oskrbovani dijak upravičen do brezplačne oskrbe ali pa samo do oskrbe po znižani pristojbini.

S to dopolnilno naredbo se izpreminjajo vse dosedanje naredbe, s katerimi so se dajale ugodnosti v zdravljenju dijakov posameznih posvetnih naprav.
